Board Holds Meeting

Supervisors Transact Much
Needed Business.

Pursuant to a call issued by all of the members of the board of Supervisors the entire board met in the office of the County Clerk Saturday morning for the purpose of appointing road overseers and the transaction of other needed business.

Supervisor W. P. Haia moved the suspension of the rules and that the matter of appointing the road overseers be taken up. This motion was seconded by T. T. Meyer and carried.

Haia moved the appointment of F. Witrock as road overseer for Hana. The motion was seconded by Meyer and carried.

Haia moved the appointment of F. Somerfeld as road overseer for Wailuku. The motion was seconded by Meyer. T. B. Lyons moved the appointment of Thomas Clark as road overseer which motion was seconded by Kauli. The vote was strictly a party vote and was decided by the chair in favor of Somerfeld.

Haia nominated Decoto for Lahaina which nomination was seconded by Meyer. Kauli nominated Philip Pali which nomination was seconded by Lyons. The chair voted with Haia and Meyer and Decoto was appointed.

T. T. Meyer nominated J. H. Mahoe as road overseer for Molokai. This nomination was seconded by Haia. Lyons nominated Paia Naki which nomination was seconded by Kauli. The chair decided in favor of the Republican instead of Naki.

When the matter of the bonds for the various officers came up for consideration Chairman W. F. Pogue gave notice that he would not serve under resolution number 82 which made each supervisor responsible with the road overseer of his district. He said that the road work should be in the hands of the road overseer and that that officer should be responsible to the Board for his acts but that the individual supervisors should not butt in on work of that kind.

The bonds of Keliinoi and Groves, were received and accepted.

A communication from County Attorney J. L. Coke was read and he was excused from attendance at the special meeting of the board.

A resolution was introduced by Haia requiring each road overseer to file his bond and oath of office with the County Clerk not later than the next regular meeting of the board.

At this point Supervisor Lyons registered a kick because of the receipt of a written opinion from the County Attorney. He objected to the reading of the opinion. Chairman Pogue stated that he had not seen the opinion nor knew any thing of its nature. He said that he, as an officer had requested an opinion from the County Attorney and that he had a right to request an opinion. Lyons said that he objected to any member requesting an opinion. He said that any opinion requested should be done by the board and not by a single member. At this novel statement there was a general smile. The opinion was gotten rid of in a most unusual way. After a part of the communication was read the whole thing was filed and it is more than probable that none of the members of the board know to this day the nature of at least a part of the communication.

board by the County Attorney were as follows:
Wailuku, Maui, T. H., Feb. 26, 1909.

To the Honorable Board of Supervisors of the County of Maui, Territory of Hawaii, Wailuku, Maui.

Gentlemen:—
In response to your verbal request for an opinion from me as to the legality of the special meeting proposed to be held by you upon this date, I beg to say that assuming the facts to be that this meeting was called by the Chairman of your Board, and not by a majority of the Board, and further assuming it to be that neither the County Clerk of the County of Maui, nor any deputy County Clerk is at present within the County of Maui, I am of the opinion that such meeting is not legally called, and that the transaction of any business by your Board at such meeting would be null and void.

Section 66 of the County Act provides inter alia as follows:

"The Board shall hold regular meetings.....and it shall call such special meetings as may be necessary for the public welfare."

It clearly appears that this does not confer authority upon any one member of the Board the right to call a special meeting. All special meetings must be called by the Board, and as I take it meaning a majority of the Board. The call for the meeting not being conformable to the provisions of the section just cited, no business can be legally transacted at said meeting.

The absence of the Clerk or any deputy, in my opinion, also would invalidate the proceedings of the meeting.

By Section 74 of the County Act the County Clerk is made ex-officio clerk of the Board of Supervisors, and as such, among other things, shall "Record all proceedings of the Board. Make full entries of all their resolutions and decisions on all ques-

Death Claims Dr. Beckwith

Was Loved by All Who
Knew Him.

Rev. Dr. Edward Griffin Beckwith of Hamakua who died at Paia hospital during the early morning of the 3rd was universally beloved for his good works, his high character, his purity of mind, his nobility of soul.

He loved his fellowmen and they loved him whether as teacher, preacher, or citizen.

As a citizen he loved his country much, was intensely patriotic. He was always desirous to exercise the right of suffrage esteeming it not only a duty but a pleasure.

No one of his congregation can ever forget the eloquence of his Thanksgiving sermons in praise of his native land; nor can any of his auditors fail to remember his patriotic address delivered at Paia church at the public reception to Senator Cullom and Congressman Hitt.

As a teacher he was unexcelled. He was the second president of Oahu College and did much in educating and training many of the prominent men of the Territory.

Hon. H. P. Baldwin and his contemporaries in Hawaii and the children of the Hawaiian mission, were educated by Dr. Beckwith at Punahou.

He was the minister of a church in the Mission District of San Francisco of the Central Union church of Honolulu, and of the Makawao Union church. As a preacher as well as a speaker he was most eloquent. He was simple and direct in his theology and in his methods of thought. He was not an exponent of the higher criticism and had little liking for advanced philosophical thought as applied to theology.

In his beliefs he was orthodox but not bigoted. He was a fine type of the New England Puritan which he was by birth and training. His tenderness, his sympathy, his charity for the weakness of human nature were predominating traits of character. "With malice toward none and charity for all" especially applied to Dr. Beckwith.

In his social life he exhibited the courtesy of the old time gentleman. He was slow to anger and long suffering. One of his most conspicuous qualities was his spirituality,—his unshaken belief in the immortality of the soul—and all Christian teachings. His more than four score years have been well spent.

Dr. Beckwith was born at Great Barrington, Mass, Nov. 16th, 1826. He had two brothers and one sister: Daniel, Morris and Martha. Daniel, the older brother is still living in the old home village at the age of 85 as is also the sister.

Morris lived for many years in the Hawaiian Islands, teaching during the early years at the Royal School, in Honolulu, with his brother, Edward.

Dr. Beckwith graduated from Williams College, after which he taught a year at Westfield, Mass.

Then came the call to the Sandwich Islands, to teach in the Royal School. For ten years he taught in Honolulu, 1850-1860. In 1853 he married Caroline P. Armstrong, a gifted daughter of one of the early missionaries, Richard Armstrong. She was a sister of the famous General Armstrong. About 1860 Dr. Beckwith left Honolulu to as-

R. E. Peplowski Has Resigned

Was Head Overseer for Wai-
luku Sugar Company.

Robert E. Peplowski, for many years the head overseer of the Wailuku Sugar Company has tendered his resignation and retired from the service of the Company as a result of serious illness that has extended over a number of years.

Mr. Peplowski was a tireless worker for the interests of the company and stuck to his post for many months after he had been advised by his friends that he should retire.

Mr. Peplowski has been constantly in the employ of the Wailuku Sugar Company since 1896.

George W. Wilbur is the new head overseer and has assumed his duties. Mr. Wilbur is a plantation man of many years experience and is considered one of the best here.

Mr. Wilbur and family will make their permanent home in Wailuku.

sume the pastorate of a Congregational Church at Sacramento. Here he served for five years.

In 1865 he organized and built the Third Congregational Church in San Francisco. During these years he also preached in the Plymouth Church.

Dr. Beckwith then became Principal of the Oakland College School for Boys. In 1868 Mrs. Beckwith's health failed and Dr. Beckwith went east and took charge of the Congregational Church in Waterbury, Conn. For ten years he served most acceptably this large and influential Church.

In 1878 the Beckwiths returned once more to California and went back to the old Third Congregational church. Here he built a new church and dedicated it free of debt. He served his church for nine years, coming to Honolulu in 1887. At this time Bethel church and the old Fort Street church wanted to unite. Dr. Beckwith was unanimously called as Pastor. It was Dr. Beckwith who built the present Central Union Church and though it cost more than \$125,000 he dedicated it free of debt. Every man, woman and child in the congregation, had a hand in raising the money.

Dr. Beckwith feeling the burden too great for him during these years, came to Maui in 1894 and for eleven years he endeared himself to all on Maui as the Pastor of the Makawao Union Church. Messrs. Bazata and Turner have since followed Dr. Beckwith as pastors of this church.

Dr. Beckwith was universally beloved by all who knew him and his friends were legion among every nationality. His death removes one of the land marks of our Islands.

Rev. Edward Griffin Beckwith, D. D. died Wednesday morning March 3rd, shortly after midnight. He had been in failing health for some months, although his death was wholly unexpected.

Ten days previous to his death, he was taken to the Paia Hospital where he had every care and attention. While Dr. Beckwith had for some years had a weak heart his death was due to other complications. His passing was peaceful just as was fitting such a beautiful character. Mrs. M. B. Hair, his only daughter was at his side when he passed away. The funeral services were held Wednesday after-

HONOLULU, March 5.—The jury declared that Dr. Atcherley is not insane.

The Anti saloon men are up in arms against an amended liquor bill.

WASHINGTON, March 5.—A blizzard, the worst in years, compelled the committees to have the inaugural ceremonies held in the senate chambers. All out side affairs were abandoned except the review of the troops.

Taft declared he would carry out Roosevelt's reforms. He urged speed in the revision of the tariff, wants a more elastic currency, precaution to promote peace, among them a greater navy. He believes the treaty rights between Japan and the United States should be respected and wants mail subsidy for ocean steamers.

Roosevelt left immediately after the inauguration for Oyster Bay. Taft Cabinet is: Knox Secretary of State, McVeigh Secretary of the Treasury, J. M. Dickenson Secretary of War, Meyer Secretary of the Navy, Ballinger Secretary of the Interior, Wilson Secretary of Agriculture, Nagel Secretary of Commerce and Labor, Wickersham Attorney General, and Hitchcock Postmaster General.

TOKIO, March 5.—Taft and Roosevelt are eulogized by the press for their inaugural address sentiments.

CITY OF MEXICO, March 5.—An earthquake on the isthmus Saturday did great damage.

NEW YORK, March 5.—Von Hamm of the World and Press Publishing Company has been indicted for Panama libel.

WASHINGTON, March 4.—Taft and wife are at the White House. Roosevelt gave a dinner to the retiring and incoming families. His last act was to sign the proclamation creating a national forest of nearly 500,000 acres.

MANILA, March 4.—Rev. Ramora and a thousand followers have withdrawn from the Methodist church and started the Evangelical Methodist church of the Philippines.

Street car men here have gone on a strike.

WASHINGTON, March 4.—Admiral Barge has assumed the command of the second squadron of the Pacific.

Congress has awarded Wright brothers a gold medal for their achievement in aerial navigation.

Fairbanks was presented with a magnificent silver service by the Senate.

HONOLULU, March 3.—The Supervisors concede some power to the Mayor but will not stand for Wilson.

The legislature proposes to tax all land 10 cents per acre above all other taxes.

HONOLULU, March 3.—The bill against prison road work has been tabled.

Honolulu is to have another theatre.

The senate honors President elect but McCarthy refrains from voting.

WASHINGTON, March 3.—Winthrop will be the assistant Secretary of the Navy. Herick declined the Ambassadorship.

The cabinet sent in resignations to take effect tomorrow.

LONDON, March 3.—Servia has withdrawn her demand for compensation from Austria.

HONOLULU, March 3.—The Supervisors adjourned their meeting yesterday in order to balk the appointments of Mayor Fern. Business men strongly oppose an increased tax rate. There is talk of an enabling act to enable laborers in the employ of the City and County of Oahu to obtain their pay.

It is rumored that the Alden Bessie will go to Christmas Island to save the wrecked steamer Aeon.

HARRISBURG, March 3.—George Oliver has been elected to succeed Knox.

noon at 1:30 o'clock in the Makawao Union church. The services were in charge of the several ministers of the district: Messrs. Dodge, Waltrip, Santos, Fukuda and Turner. The choir rendered the anthem—"Peace, perfect Peace," the other music, being a hymn by the congregation, "How firm a foundation," and a song by the Seminary girls—"Rest in the Lord."

The pall bearers were: H. A. Baldwin, F. F. Baldwin, D. C. Lindsay, W. S. Nicoll, W. O. Aiken, S. E. Taylor.

The body was conveyed to the Makawao Semetary, there being a long line of carriages in the procession. Here Dr. Beckwith was laid away to rest by the side of his wife who died about four years ago. Many beautiful flowers, roses, violets, asters were strewn over his grave by many loving hands who now realized that the old friend and loving and faithful pastor was to rest in that quiet spot thro the years to come. "He being dead, yet speaketh."

An Important Measure. One of the most important measures now before the Legislature is the bill introduced by Representative E. B. Carley for the relief of the drouth stricken district of Kula. Kula is the district of independent homes. A district where many residents own their own lands and till the same and in former years succeeded in making a comfortable living for themselves and their families. Here is the nucleus of a large number of independent homes occupied by families whose interests in the community are fixed and permanent. Here were conditions that are held up by the press as ideal. The politicians have advocated the assistance by the government of various communities in the hope of bringing about such conditions and even the ministers look to this class for better citizenship.

In the course of time it is found that there is not sufficient water for the people in that community. The Republican party of the whole county goes on record as favoring the building of a pipe line for the relief of the community. The Supervisors of the County appropriated sufficient funds for the purpose of having the line surveyed and the matter was then presented to the Legislature. If there is any apathy shown on the part of any member from the County of Maui after the needs of the residents of that stricken district have been thoroughly explained such a member from either branch need never attempt to run for office again in the County.

The editor of this paper was on official business in Kula a year ago this month. He knows that at that time the people refused to sell a bucket of water there for fifty cents per gallon for the horses that were used in making the trip to that stricken district. As time went on conditions became worse and hundreds of people were compelled to leave the district and their homes and seek employment on the plantations.

If there is any sincerity in the cry for small farmers then let every advocate of the principle be consistent and lend a hand to help this measure through.

If it costs a hundred thousand dollars appropriate that sum. If that isn't enough then appropriate more.

We need more sincerity in vogue and less hypocrisy. Let us have that pipe line no matter what it may cost.

Would Change the Liquor Laws. A bill has been introduced in the legislature that in effect would make the liquor traffic of the territory a wide open proposition.

Under its provisions any one could conduct a saloon any place for a period of a year without danger of being molested. It is simply a scheme to make the traffic a wide open one and should be opposed by all decent citizens.

The present liquor law gives to the commissioners discretionary power and by this means any one who is not thought to be a person of good character or one who will not conduct an orderly place of business is refused a license. It is possible that this discretionary power may be abused in which case the governor should be appealed to and he under his oath of office should remove the offending commissioners and appoint men of firm but broad views on the liquor question.

No adverse criticisms of the board of commissioners of this county has come to our knowledge and we believe that a great majority of the better element here upholds the present liquor law.

The Wailuku District Improvement Association and the Lahaina District Improvement Association has each gone on record as opposing any change in the present liquor laws.

We would strongly advise making no change in the liquor laws. The laws as they now stand are good. The men here who administer the laws are perfectly satisfactory. There are no criminal liquor dealers in the county nor do we want any of such a class.

It will be observed that Long's proposed bill will particularly affect the thousands of unmarried Japanese laborers on the sugar plantations. Some twenty or thirty thousand Japanese plantation laborers are unmarried.

Numerous Representatives have been interviewed in the matter and they express approval of the proposed bill.

It is entertaining to note that the man who suggested the idea of such a bill to Representative Long is also a bachelor (he also has hopes) and he is none other than Manager Deior of the Union Grill, and he got the idea in the recent report in a Greek newspaper of just such a measure being proposed as a good law in Greece.

Improvement Association

Has Well Attended Meeting
Thursday Night.

The Improvement Association held its monthly meeting Thursday evening with a good number of representatives present.

President J. N. K. Keola presided and Secretary D. H. Case recorded the acts of the association.

After the reading of the minutes and their approval J. J. Walsh, S. Decker, Alfred Martensen, and Deputy County Attorney Enos Vincent were elected to membership.

Mr. Case reported that the executive committee had met twice since the regular meeting of the association. At the first meeting the Committee had called on the Sheriff and had secured his co-operation in the matter of putting a stop to the open adulterous relations existing between persons residing in Wailuku. The Sheriff has sent out notices to certain notorious offenders and the results are being watched with interest.

Mr. Copeland's resolution was received asking the members of the legislature to hasten in all ways possible the settlement of the water suit.

Mr. Garcia moved to adopt the rules of procedure and Roberts Rules of Order as recommended by the executive committee. Mr. Ault pointed out that there was no provision for the election of membership an amendment was made and then carried.

Mr. Case and Mr. H. M. Coke spoke in the highest terms of the excellent work being done by the juvenile military company. Mr. Case was appointed a committee of one to interview Captain Bal and ascertain the needs of the new company and raise funds by subscription for the new company.

Mr. Garcia called attention to the fact that there was danger of the people losing the play grounds they had occupied in the past.

Mr. Wilcox pointed out that there is in Waihe'e a tract of seventy five acres that is now under lease to the plantation here and that possibly an exchange could be effected that would be agreeable to all concerned.

Mr. Case spoke in favor of a suitable playground for the town. Dr. Raymond moved the appointment of a committee to wait on the manager and ascertain whether he would entertain a proposition to exchange and if so to take the matter up with the proper authorities in Honolulu. Mr. Dodge called attention to the fact that the grounds are now too small and that there is no entrance to the same.

Mr. Wadsworth said he knew the present manager is with the citizens of Wailuku to improve the town. This statement was received with a wild outburst of applause.

A public park committee was then voted for and the chair appointed Charles Wilcox, J. Garcia and Rev. W. Ault.

The matter of petitioning the legislature to leave the present liquor law strictly alone was then taken up. After much discussion, which seemed to all be one sided a motion was made to that effect an unanimously carried.

Death of Lucky Baldwin the Millionaire Sport.

Los Angeles, March 1.—"Lucky" Baldwin died here today at the age of 81. It is estimated that his fortune amounts to twenty-five millions of dollars.

No man has been better known to the racing game throughout the length and breadth of the country than E. J. (Lucky) Baldwin. More than 80 years of age, the man who has bred many famous horses, and the originator of the Santa Anita track near Los Angeles, has followed the racing game practically all of his life, and has been one of the most picturesque and notable characters of the turf.

Baldwin was born on a farm six miles outside of Hamilton, Illinois, where his father's interests were such that the young Baldwin had plenty of opportunity to indulge in his taste for fine horses. Finally the Baldwin family moved into Indiana. In Racine, Wisconsin, which was the next home of Baldwin, he was engaged in the merchandise business, but in 1853 it was that he landed in San Francisco.

His first start, with what money he had saved up, was in the hotel business. After two weeks he sold out for \$5000 and then engaged in all sorts of enterprises. With more money came his desire to embark in the racing game, and Baldwin soon had a stable that was noted over the United States.

It was after watching races in Saratoga that he finally decided to have a strong stable. He bought an auction pool on a horse named Grinstead and when Grinstead won Baldwin bought him, and did the same with another speedster named Rutherford.

Baldwin won the American Derby four times with Emperor of Norfolk, Silver Cloud, Volante and Rey el Santa Anita. In Saratoga one year he annexed fifteen stakes out of twenty-five in which he raced, and after that the East had a new idea of the worth of the western owner.

He was at times a sensational bettor and a big one, his biggest harvest being \$63,000 at long odds on a mare named Molly. Baldwin was famous also for having in his employ Isaac Murphy, considered one of the best jockeys in the country.

He bought the Santa Anita ranch near Los Angeles for \$200,000 and two years ago took up the project of opening a race track there, a proposition that has been successfully accomplished. Outside of his racing interests, he was engaged in various business enterprises. He was owner of the Baldwin Theater and the Baldwin Hotel and was also largely interested in mining properties in Nevada, at the same time with the late Senator Stanford, out of which he made a vast fortune.

Baldwin was owner of Tallac, a summer resort on Lake Tahoe, on the Nevada side.

To Abolish Elective Deputy Sheriffships.

Honolulu, March 2.—It has been intimated that one of the bills to be introduced into the House this week will be one to do away with the election of deputy sheriffs, making them appointees of the Sheriff of each county. It is contended that as long as the deputy sheriffs are to be subordinate to and responsible to the Sheriff they should be nominated by him and so appointed that he may remove them for cause without having to secure an impeachment before the Board of Supervisors.

If this bill passes it will mean the throwing out of the present bill to create confusion in police affairs by giving the deputy sheriffs the right to appoint the police officers serving under them, the men to be approved of by the Sheriff, or, if his approval is withheld, by the Board of Supervisors. This bill would extend petty politics still further into the police forces of the counties and under such conditions as prevail at present in Oahu would thoroughly disorganize the country police force.

The tendency of the present Legislature seems to be to give the Sheriffs more extended powers and limit the powers of the deputies. Under the bills introduced into the House yesterday, the Sheriffs are made wardens of the county jails and placed in charge of all convicted persons not committed to the Territorial penitentiary.

To Tax Unmarried Men

The Bill will Chiefly Affect
Japanese Laborers.

Honolulu, February 27.—Representative E. A. C. Long proposes introducing a bill in the House which will provide that all bachelors over twenty-three years of age must pay a special tax, a tax on bachelors, of two dollars per annum, the money thus realized to go to the support of the home for the non-leprous children of leprous parents and similar institutions.

Representative Long is himself an unmarried man. He is not even engaged, tho, he has hopes. In fact, last year, which was Leap Year, recorded to his credit no less than six proposals of marriage made from the lips of five or six women, one proposing twice, thus making six proposals from five proposers.

So Long is absolutely unprejudiced in the matter of his intended introduction of the bill mentioned. When the matter

comes to vote in the House, it is likely to pass, say Long and his friends. The bachelors in the House are away in the small minority—Castro and Long being most of the unmarried Representatives.

Long is serious in the contemplation of his measure and, if it pass, it will certainly be a revenue.

"President Roosevelt, the married Legislators, all engaged men and all married men will favor the measure," says Long. "The tax is small, only two dollars a year, and it will not drive anybody to marriage for the mere sake of avoiding a payment of two dollars a year. Of course the law will go into effect as soon as passed. You can watch the marriage records after the law goes into effect and see if there is any sudden increase in marriages."

"What is your idea in stipulating married men over twenty-three?" asked the reporter.

"Why not have it at the voting age, twenty-one?"

"Because," said Long "I believe that after a man is old enough to vote he should have a couple of years grace in which to look around and let some girl pick him out. Besides twenty-three is young enough for a man to marry."

EASY WORK.

"I'm sorry I learned to carry bricks," said the man with the hoe, as he sighed and sat down on a sack of cement to watch his friend, the man with the hoe, mix and stir his mortar. "It's a poor trade." The man with the hoe looked at him sympathetically as he continued to work. A writer in the Chicago News tells the rest of the conversation.

"It's hard on the hands," explained the man with the hoe. "Handling bricks roughens 'em and spoils 'em and raises calluses on 'em. I've got lumps on my shoulders, too, and I'm getting to walk one-sided."

"That's too bad," said the other. "I never thought of that. You've got the back of your neck sunburned, too. You ought to get some cucumber lotion and rub it on every night before you go to bed. I saw in the ladies' page of the paper that if you wear gloves all night it will help your hands some. Ever sleep with gloves on?"

"I've sleep with my shoes on more'n once," retorted the man with the hoe. "I never found it helped my feet. That's a soft job you got there."

"The mud's soft," said the man with the hoe, dropping it into the mortar.

"That's all there is to it," said the other. "You just let her drop, and then lean back. Draw pay for it every week. Here's me hoe-carrying."

"Here's you sitting round and smoking your pipe, you mean," said the man with the hoe.

"Bowing my legs with forty-pound weight up a thirty-foot ladder eight hours a day, and no sooner up than I'm starting down again, and no sooner down than I'm up again."

"There's Mike Halloran sitting all day like a gentleman, and doing nothing but stitch on a coat or a pair of pants or the like, and an elegant view out of the window. Why didn't I learn the tailor's trade?"

"If you had, you'd have wanted something where you could lie on the flat of your back and make a living," said his friend.

"Then there's soldiering," suggested the other. "Three meals a day, swell uniform, and just step round a little when the band plays and stick out your chest. There's a picnic for you!"

"There's better than that," said the man with the hoe. "There's being alderman in your ward. President of a bank is a good trade, too. I'd about as soon let out money at five per cent. a month as do what I'm doing, as far as the work of it is concerned. That ain't hard to learn, either. The only thing you need is a little ready money to start you, and a roll-top desk and a pair of long shears to cut coupons with."

"Well, I guess it might suit me," said the man with the hoe. "I s'pose I could hire a cheap clerk to do the cutting while I smoked my pipe and gave directions if it got too hard for me."

Mrs. Frank Silva of Lahaina died at Lahaina on Monday of this week. Mrs. Silva was a great beauty in her younger days and was prominent in social circles.

The Womans Guild of the Church of the Good Shepherd will hold its regular social meeting at the home of Mrs. D. H. Davis Wailuku, on Tuesday March 9, 1909 at 2:30 p. m.

Company I returned from its annual encampment on Oahu, Saturday the boys are all well pleased with the encampment. Good reports are to be heard of the excellent work done by the boys from Maui.

Captain McAllister of the U. S. Army and Mrs. McAllister have been visiting Mrs. McAllister's brother Mr. C. C. Kumbahar of Hamakua for the past fortnight. They left on the Claudine for Honolulu Wednesday.

The Hygeia Soda and Ice Works and the Maui Soda and Ice Works have consolidated and the new concern is now under the management of Mr. R. A. Wadsworth, the former manager of the Maui Soda and Ice Works.

Mr. W. G. Scott and family, of Paia have returned from a very pleasant visit to their rubber plantation in Nahu. Mr. Scott is as enthusiastic as ever over rubber and is proving his faith by putting out new lands in rubber.

One of the best family buggy horses on Maui is for sale together with a first class buggy and harness. The horse is guaranteed to be perfectly kind and gentle and can be driven by any lady or a child with perfect safety. Enquire at this office.

Mr. Dow of the extensively advertised 'Mayflower mine (?) was a passenger to Honolulu this week. It is reported that the Dows have decided to go to the coast after a very profitable fishing expedition in Hawaii. The nature of their catch was not mentioned.

Judge and Mrs. Kingsbury came up on the Claudine Saturday and will make their home in one of the new residences recently erected by Mr. E. H. Bailey. Judge Kingsbury and Mrs. Kingsbury are very pleasant people and will doubtless make many warm personal friends here.

Judge Selden B. Kingsbury has had his law library shipped up from Honolulu and placed in the Court library of the Second Circuit Court. The library will be found to be of great service to the practicing attorneys of Wailuku. It is said that there are over twelve hundred volumes in the library.

The little boys of Wailuku have formed two squads and are drilling under the leadership of Archie Bal. Owing to the miniature size of the boys they have been called Company Z but their work is a credit to them and it will be well for the old company to look to their laurels or the kids will out do them.

Mr. C. D. Lufkin of Wailuku, Maui, sells the Inner Player Piano, now so extensively advertised in the magazines. If you want a piano of any style or price it will be to your interest to consult him. When in the East last Spring Mr. Lufkin renewed business relations with piano manufacturers with whom he had done business before coming to these islands. It will be to your interest to ring up Mr. Lufkin if you contemplate purchasing a piano. The Inner Player can be seen in Wailuku by calling on Mr. Lufkin.

T. M. Church was in Wailuku this week on a business trip to the mercantile interests of Alexander and Baldwin. Mr. Church is held in the highest esteem by the many who know him well.

Cards have been received announcing the marriage of Miss Laura Wells, a former resident of Wailuku to Mr. W. H. B. Fowler of the editorial staff of the Chronicle of San Francisco. The young couple are both former students at Stanford. The wedding took place at Bethlehem Pennsylvania. Mr. and Mrs. Fowler will accompany Mr. and Mrs. C. B. Wells on a three year visit to Egypt.

Mortgagee's Notice Of Intention To Foreclose, and of Sale.

Notice is hereby given that, under power of sale contained in Mortgage dated August 10, 1905, from Mary and William Feuerpeil to C. D. Lufkin, recorded in Liber 275, pages 220-222, the present owner and holder thereof intends to foreclose same, and sell the mortgaged property because of non-payment of principal and interest due on promissory note secured thereby.

The above mortgage was given to secure payment of a promissory note for six hundred dollars, of even date therewith, payable one year from date, executed by said Mary and William Feuerpeil to C. D. Lufkin. On September 13, 1905, for value, said note, together with said mortgage, was sold and assigned by said Lufkin to J. Garcia, Trustee, the present holder and owner thereof.

NOTICE IS LIKEWISE GIVEN that, after the expiration of three weeks from date of first publication of this notice, to-wit, on Monday, March 22, 1909, at twelve o'clock noon of said day, said mortgaged property, for the reasons above stated, will be sold at public auction at the front entrance to the Court-house, in Wailuku, County of Maui, Territory of Hawaii.

Terms of sale Cash, and deeds at expense of purchaser.

For further particulars apply to J. Garcia, or D. H. Case, Wailuku.

J. GARCIA, Trustee, Assignee of mortgage. Dated at Wailuku, Maui, this 6th day of March, 1909.

Description of Property to be sold: "All of those certain premises situate in Aki Nui, Lahaina, Island of Maui, Territory of Hawaii, described in Royal Patent number 1176, L. C. A. number 487, to Kailua, containing an area of 45-100 of an acre; being the same premises conveyed on April 6, 1903, by L. B. Jones to Mary Feuerpeil, of record in Liber 248, pages 382-383." Talk of Appointments

Ballou the Choice of the Governor.

Honolulu, March 2.—Governor Frear is about to make his recommendations to the President for the second United States District Judgeship.

Yesterday afternoon His Excellency called a meeting of leading attorneys in the Executive building and the matter was discussed, according to reports about the Capitol this morning.

Associate Justice Sydney M. Ballou of the Territorial Supreme Court is almost certainly the choice of the Governor for second Federal judge, his attitude yesterday clearly indicating this fact.

To succeed Ballou, when he goes down stairs in the judiciary building to take a Federal judgeship, there were considered in the meeting with the Governor the names of Circuit Court Judge John T. De Bolt and Attorney Abe Lewis.

Those of the attorneys present with the Governor, or most of them, were inclined to the opinion that De Bolt was the man to succeed Ballou if Ballou took the Federal judgeship, but it appears that Governor Frear leans more to Attorney Lewis. If Lewis is recommended and appointed, to succeed Ballou on the Supreme bench of the Territory there would be no need of a new appointment in the Circuit Court, but in the event of De Bolt being placed on the Supreme Bench according to the report, Judge Andrade or W. T. Rawlins would stand a good chance to get De Bolt's position.

Another part of the programme is to change circuit judge Mathewman from his present Kailua circuit to Honolulu, having him take the place of Judge De Bolt if the latter becomes associate justice.

Supervisors Defy Decision.

Honolulu, March 2.—The Board of Supervisors are determined to exercise the appointing power, notwithstanding the Supreme Court decided yesterday, in so many words, that they did not have any. Upon the decision of the Supreme Court yesterday morning that the Mayor had the power, under the municipal act, to appoint heads of departments, John H. Wilson, whom the Mayor appointed head of the road department, made demand on T. P. Cummins, the appointee of the road committee, for the road department property. Cummins refused to give up possession or to yield anything to Wilson, saying he had been instructed by the members of the road committee to remain where he was, holding possession of the road department and its property.

Wilson asked him whether these orders were given before the decision of the Supreme Court was rendered or afterwards. He replied that it was afterwards, and gave the name of Supervisor Ahia as one of those who had given him these instructions.

Wilson suggested to him that he had better consider such action pretty carefully, as it might be contempt of court, and said that he would make another demand this morning.

According to what the Supervisors say, their plan is to keep their appointees in possession of the road department, and to rush through the Legislature an amendment to the municipal act legalizing their action. Already there has been much talk of an enabling act to enable them to pay their appointees, whom the Supreme Court said they had no right to appoint and who had no legal claim for salaries. It is also planned to have the enabling act include salaries for these, after the decision by the Supreme Court, as well as before it.

SEALED TENDERS.

Sealed Tenders will be received by the Board of Supervisors of the County of Maui up to 2 p. m. on Thursday, March 11th, 1909, and then opened, for the improvement of the Kawela Road, Molokai. Specifications can be obtained of the undersigned at his office in Wailuku, Maui, upon application.

No tender will be entertained unless made upon the blanks and enclosed in the envelopes, sealed, furnished upon application to the undersigned.

The Board reserves the right to reject any and all tenders.

Vicious Bill Introduced

Will Seriously Injure Laborers in County Employ.

There is now before the Senate a bill introduced by Representative M. P. Waiwaiole of Wailuku, that is being most bitterly denounced by some of the leading citizens of Maui as being most detrimental to the welfare of the laboring men of the county. This is bill number 44. No possible good can come from the enactment of the bill for the simple reason that in no case can the laborers get their pay more frequently nor in a shorter period of time under the proposed law than they do under the present law.

The bad feature of the law is that the date set for the board meetings is such that it will be an impossibility to get the pay rolls and bills in time for the board meetings under the proposed law and as a consequence there will be no pay for the laborers for the outer districts such as Hana and Molokai at such times as the first Wednesday falls on or near the first of the month.

Maui County is composed of several islands and is not so situated in respect to roads and other means of conveyance as are the other counties. For this reason there was a special request by the last Board of Supervisors for the enactment of the law as it now stands. This request was a unanimous request by the whole board and through their efforts a bill that was fathered by Coelho was killed and the present law was enacted.

Just why Waiwaiole came to lend his name to such a vicious scheme is hard to see. It is not thought here that Representative Waiwaiole either drew up or fathered the bill as one of his own measures but that it is more likely that he has introduced the bill at the request of some one whom he believed to be a friend when as a matter of fact it is a case of the hand of Esau but the voice of Jacob.

At the April meeting of the Board of Supervisors in 1907 the following resolution was unanimously passed that is as true to day as it was then.

Whereas, a meeting of the Board of Supervisors of the County of Maui was held on the 15th day of December, 1906, for the purpose of discussing and adopting recommendations for appropriate legislation to be submitted to the Legislative Session, at which, by invitation of the Board all heads of County Departments and many of the prominent citizens of the County of Maui were present; and

Whereas, at said meeting, among others, the following item, by unanimous vote of all present, was inserted in said list of recommendations to the Legislature, to-wit: That the County Act be so amended that regular sessions of the Board of Supervisors be held on the first Wednesday after the 5th day of each month; and

Whereas, a meeting of the Republican County Central Committee of the County of Maui was held at the Republican Headquarters at Wailuku, County of Maui, on the 10th day of January, 1907, for a like purpose, at which were present by invitation members of the Board of Supervisors and Heads of Departments of the County of Maui and other prominent citizens, at which meeting the Hon. W. J. Coelho acted as Secretary; and

Whereas, at said meeting, a resolution of the same tenor as that above mentioned, to-wit: That the County Act be so amended that regular sessions of the Board of Supervisors be held on the first Wednesday after the 5th day of each month; was passed with the unanimous support of all precincts represented; and

Whereas, it appears from the act recently passed by the Legislature now in session that the honorable members thereof have not been properly informed of the nature of said recommendations, from the fact that the said act so passed utterly fails to attain the object intended by the recommendations; and

Whereas, the main object desired in said recommendations was to provide sufficient time between the closing day of each month and the date of the subsequent meeting to enable the officials in the various outlying districts, some of them residing on separate islands, properly to prepare reports of work and expenditures, and to make out and have signed payrolls and bills, and

Whereas, under the present act this is absolutely impossible when the date of the meetings of the Board of Supervisors falls, as it now frequently does, and hereafter will, on the first, second, third, fourth or fifth day of the month, owing to the great distance to be overcome, with uncertain modes of travel, and infrequent mail service for the outlying districts; and

Whereas Wednesday is the most convenient day of the week for said meetings, on account of the time of the regular steamers from the outlying districts; and

Whereas, it is impracticable for the Board of Supervisors of the County of Maui to meet oftener than once in each month for the reason that then, in such event, the Supervisors from the Districts of Molokai and Hana would be required practically to maintain their residences at the County seat, contrary to the provisions of section 17, Chapter 7, of Act 39 Session Laws of 1905; and

Whereas, the temporary expedient adopted by the Board of Supervisors of the County of Maui of closing the fiscal month on the 25th day of each month, while imperative under the present Act, is not satisfactory in that it leads to much confusion in preparing reports, payrolls, and bills and results in much dissatisfaction among laborers, as well as annoyance to those supplying materials to the County.

Now Therefore, Be it resolved by the Board of Supervisors of the County of Maui, in regular session assembled, that the Honorable members of the Senate and the House of Representatives and His Excellency the Governor of the Territory of Hawaii be and they hereby are respectfully petitioned to prepare, pass and sign, respectively such an Act or an amendment to an Act that will fix the date of regular meetings of the Board of Supervisors of the County of Maui at either (1) The first Wednesday after the 5th day of each month, which would fall not earlier than the 6th nor later than the 12th of each month; or (2) The second Wednesday of each month, which would fall not earlier than the 8th nor later than the 15th of each month; and

Be It Further Resolved, that a copy of this resolution be forwarded by the first mail to the members of the Senate and House of Representatives from the County of Maui, the President of the Senate, the Speaker of the House of Representatives, and to the Governor of the Territory of Hawaii

tions concerning the raising of money for an allowance of accounts against the County. Record the vote of each member on any question upon which there is a division, or at the request of any member present."

The Board of Supervisors have no authority to appoint a deputy clerk or a clerk in place of the regularly elected officer, unless he be first removed from office. A deputy clerk may be appointed, but his appointment must be by the Clerk, subject to the approval of the Board.

There being no County Clerk pre-

sent and no deputy clerk, and no authority upon the part of the Board to appoint a temporary officer in place of the absent official, it therefore follows that there could be no one present to legally record the proceedings of the Board as required to be done by the County Act. This alone, in my opinion would render illegal the contemplated special session of the Board.

Yours very respectfully,
JAS. L. COKE,
County Attorney.

Wailuku, Maui, T. H., Feb. 26, 1909.

To the Honorable Board of Supervisors of the County of Maui, Territory of Hawaii, Wailuku, Maui.

Gentlemen:—

Your Chairman has requested an opinion from me relative to the following questions.

Can a Supervisor legally act as Road Overseer under the provisions of Resolution No. 82 passed at the last meeting of your Board, either in the District of Makawao where a Road Overseer has been appointed or in the several Districts wherein a road-overseer has not been appointed? I would answer all these questions in the negative, and I take it that the District of Makawao is in the same position that the other Districts are at the present time, by reason of the fact that although a road overseer was appointed, such overseer could not up to the present time assume the duties of his office on account of the fact that said resolution No. 82 provides, that before entering the duties of his office, each official shall give bond to the County, the sufficiency of which shall be approved by the Board of Supervisors. No such bond having been given and approved by the Board to the present date, the overseer appointed for the District of Makawao could not legally act as such under the law. It then follows that no road overseer is qualified to act within the County of Maui, and that this state of affairs has existed since the adoption of said Resolution No. 82. And the office of Road Overseer created by said Resolution is vacant throughout the County.

This would leave no one in charge of a very important department of this County if the Supervisors by the general authority conferred upon them by the County Act and by the further authority conferred by the resolution above referred to do not give them the right to carry on the maintenance of the roads during said period.

It seems to me that it would be a very serious and peculiar condition of affairs if no one would have the authority to act during a contingency of this nature.

Could it be contended that in a case where a road absolutely necessary to public travel become washed out or impassable in some other manner that no one could turn a hand to repair this road and put the same in condition to be used by the public.

I do not believe that this is the case and I am of the opinion that the Supervisors of their respective districts have authority to carry on the road work, not as road overseer, but as Supervisor of the County, until road overseers are appointed and qualified.

I would suggest that the clause in Resolution No. 82 providing that the bonds of the officials be approved by the Board of Supervisors be changed, and that such bonds be made approvable by some other county official for the reason that the Board might not be in session when these bonds are submitted and the office then would have to remain vacant until another meeting of the Board, which might greatly delay the road overseers in taking office.

I am,
Yours very respectfully,
JAS. L. COKE,
County Attorney.

Road overseer Groves reported that but two laborers under him wanted their pay oftener than once a month.

The sanding of the road in the Makawao district was authorized. A telephone was ordered put in

for the road overseer's foreman in the Makawao district and one in the Hana district.

The matter of a county telephone system for the island of Molokai was discussed. The question of installing a line from Kaunakakai to Wailuku for the exclusive use of the county officials is what is desired. The distance that the line will have to be built is about twenty miles. The County Engineer was instructed to prepare specifications for the next meeting.

A communication from the Governor stating that it is practically impossible to allow any prisoners here at this time for use on the public roads was received. The Governor stated however that in about six months from now, on completion of the volcano road, that it would probably be possible to grant the request.

The board authorized the leasing of the offices over the bank for the use of the County Engineer and the road clerk. The offices formerly used by the County Engineer will be used by the County Attorney.

The meeting adjourned in ample time for the supervisors for a distance to get to their respective steamers.

Rains Brings Prosperity

Lahaina Rejoices as Rain Pours.

The late rains have done wonders for Lahaina district. The reservoirs, ditches and streams of Pioneer plantation are still full of water. Hundreds of dollars are saved now which in a dry season would have been spent in pumping. Tons and tons of cane are rushed down the flumes for long distances by the force of water. The plantation never looked better.

Beyond this plantation the two cattle ranches show signs of a revival of living beef and bone. The big Honolua ranch is green again and the three thousand head of cattle are getting in good condition. On account of abundance of water, care and the extent of the ranch, very few cattle suffered in Honolua during the past dry season.

Mr. R. C. Searle manager of the Honolua ranch is now taking off his coffee crop. High wages and cheap coffee have ruined many plantations in Hawaii but Mr. Searle is not the man to throw up an industry that may yet pay handsomely. He has one hundred and twelve acres now red with beautiful large berries. His mill is one of the most modern in the islands. He aims at producing first class coffee which he ships direct to San Francisco and gets the highest market price.

Mr. Searle took charge of this ranch twenty years ago when it was nothing but a waste of land. Now it is one of the best equipped ranches in the islands. His house is a model county residence, large, airy, with every modern convenience. Princes and peasants for twenty years have been welcome there and there they have rested and enjoyed the good things of his table.
