Vol. XIII. No. 2441

HONOLULU, TERRITORY OF HAWAII, MONDAY, APRIL 27, 1903

PRICE 5 CENTS

Governor Dole Vetoes For Many Reasons General Municipal Bill

Governor Dole sent a message to the Legislature today announcing his veto of the General Municipal Bill. The Governor says:

I am unable to approve of a bill entitled "An Act to provide for the incorporation and government of cities within the Territory of Hawaii," received from the Legislature on April 15th at 1:45 o'clock p. m., and return the same herewith without my signature.

My objections to this bill are as follows: Section 35 provides that "any police justice . . . shall have all the power and authority now exercised by district magistrates."

Section 43 provides that "Cases in the police court for violation of . . . Territorial laws shall be tried and determined by the police justice without the intervention of a jury."

It is further provided that fines and costs collected in such courts, arising from a breach of the laws of the Territory, shall be paid to the City Treasurer, and that persons sentenced to imprisonment for violation of Territorial laws, or who may be committed for non-payment of fines and costs for violation of such laws, shall be put to work for the benefit of the city.

It is not easy to forecast the confusion and conflict of authority that would be likely to arise from such legislation. With district magistrates as county and Territorial officers, still exercising their authority, and county police acting under the county law, the unseemly competition between the county and city officials that would inevitably arise, for arresting and trying offenders against Territorial laws and turning the fines and costs into the respective treasuries from which such officers are paid and for controlling the labor of prisoners, is something that is not pleasant to contemplate.

Moreover, the provision of section 43 that such cases shall be tried by police justices "without the intervention of a jury" affects in certain classes of such cases the rights of parties to a trial by jury to the extent of depriving them of such right except upon appeal.

Section 57, division 12, gives cities the right of eminent domain under which it is provided that they may take private property for public use "within or without the city."

As this provision gives a city the power and right to enter the domain of any county or any other city in the Territory, and condemn and take possession of private property therein for any authorized public purpose, which would include water for drinking purposes and for the development of power, land for water works and for power houses as well as the objects mentioned in the bill, the provision is against public policy as one that would lead to conflicts of the interests between separate cities and between cities and counties, and as tending to prejudice private interests; it being a self-evident proposition that private interests would not receive the same consideration and protection from the authorities of an adjacent city as they would receive from their own county or city authorities.

One of the public purposes mentioned in the bill for which private property may be condemned outside of the

city limits is the establishing of cemeteries, for which object this extraordinary power would be perhaps more likely to be exercised than in the case of the other purposes mentioned in the bill. Such an exercise of power has but to be suggested to raise doubts in the minds of thinking men of its impropriety.

The extension of this power to property outside of city limits is, in my opinion, dangerous, mischievous and unnecessary.

Section 56 requires that the Territorial authorities transfer the control of such wharves and docks as may be in their possession within the limits of any city, to the authorities thereof.

This is contrary to the provisions of section 59 of the Organic Act, which provides that wharves and landings constructed or controlled by the Republic of Hawaii "shall remain under the control of the Government of the Territory of Hawaii, which shall receive and enjoy all revenues derived therefrom."

Section 66 gives the City Council power by a two-thirds vote to "order the Mayor to borrow a sufficient sum to provide for the expense necessary to be incurred in making any repairs or restoration of improvements," the necessity of which has arisen after the last annual appropriations.

The provision of the Organic Act in relation to the borrowing powers of the several Territorial Governments is contained in section 55 and is in part as follows: "Nor shall any debt be authorized to be contracted by or on behalf of the Territory, or any political or municipal corporation or subdivision thereof except to pay the interest upon the existing indebtedness, to suppress insurrection or to provide for the common defense, except that in addition to any indebtedness created for such purposes, the Legislature may authorize loans by the Territory or any subdivision thereof for the erection of public improvements, subject to the limitation of one per cent. of the assessed value of taxable property in the Territory or subdivision thereof, for annual loans and the three per cent. limitation for the aggregate indebtedness by such subdivisions; and further subject to the approval of the President."

There seems to be no valid reason for construing this provision to mean that while the Territory is limited in its borrowing powers, the Legislature may authorize loans by a city without limit except as provided in the Organic Act.

Section 74 gives a city the power to lease and grant for any term of years to any person or persons, company or corporation, "the exclusive right to construct and maintain a system of water works to supply said city with water."

It is a serious matter to give a city the power to grant rights of this character without limit as to time, but when such rights are exclusive as well as unlimited as to time, the provision is most alarming.

Under this power the Supervisors might deliver their city to be bound hand and foot by a water monopoly which could be secured in its priv-

HOUSE UPHOLDS VETO OF PUBLIC ADMINISTRATOR BILL ISENBERG'S BAND RESOLUTION REPORTED AND ADOPTED

Cummins \$5000 Resolve
Reported Unfavorable
To Senate.

BISHOP MUSEUM FAVORED
AS ROYAL SILVER DEPOSITORY

FLOOD OF BILLS AND RESOLUTIONS FROM HOUSE—PUBLIC ADMINISTRATOR VETO. BILLS SIGNED.

SENATE.

Fifty-ninth Day.

The first matter after reading of the minutes this morning was a message from the Governor, vetoing the Public Administrator bill.

The Governor's Veto.

The Governor's objections to the Bill are as follows: "Section 12 provides that public administrators shall take charge of the estates of persons dying in his district, in the following cases: estate for which no administrators are appointed and which in consequence 'are being wasted, uncared for or lost'; 'estates of decedents who have no known heirs'; 'estates ordered into his hands by the Court'; and 'estates upon which letters of administrators have been issued to him by the Court.'"

"The two latter provisions give the Court undue power to take possession of estates and pass them into the hands of the public administrator, whether it is for the interest of the heirs to have such proceedings taken or not; and when it is considered that the Clerk of the Circuit Court, the appointee of the Circuit Judge, is to be ex-officio the Public Administrator, and that he is not required to give any further bond other than his official bond as clerk, except when real estate is to be sold, the danger of these provisions and the opportunity they afford to corrupt officials, may be in some measure understood."

"In some parts of the Mainland the powers given to public administrators by the laws afford them opportunities to fleece the estates in their charge, which are made the most of. Under cover of ostensible legal charges for commissions and fees, estates are robbed to an extent that has caused the services of public administrators to be regarded as a calamity to be avoided rather than a benefit."

"Under the present law the persons having the right to administer the estates of deceased persons are as follows, with priority in the order named: husband of a deceased wife; wife of a deceased husband; children of age; brothers and sisters; cousins german; bona fide creditors. The Judge may disregard this order for good reasons."

"This reasonable and just law would be to this extent changed by the Bill in question. A corrupt Judge under this Bill could in any case of a person dying in his county, whether testate or intestate, order his clerk to take immediate possession and issue letters to him as Public Administrator upon some reason easy to put forth, or for no reason at all. And then when letters testamentary or of administration should be regularly issued to the proper executor or administrator, a few weeks later, an ostensible basis would have been laid upon which such Public Administrator could make his charges for commissions and other fees, to be passed upon by the Judge, and the whole proceeding would have a very respectable appearance."

"No law with such easy opportunities for legal corruption, should be allowed on the statute books. Women and children who are especially helpless in times of bereavement, should be protected from all possibility of financial injury by such loop holes in the statutes."

"The Bill is illegal in that it empowers two subjects, to-wit: 1st, the grant of certain powers to representatives of estates of deceased persons; 2nd, provision for the creation of a Public Administrator, and both subjects are set forth in the title. (Section 45 Organic Act.)"

On motion of Senator J. T. Brown consideration of the Governor's veto was set for this afternoon.

Bills Signed.

Secretary G. R. Carter notified the Senate by letter to President Crabbe that the Governor on the 25th inst. signed the following bills:

Act 38, providing for the drawing and empanelling of grand and trial jurors.

Act 39, relating to criminal practice and procedure.

Act 40, to regulate the practice of dental surgery.

Act 41, to amend section 1 of Chapter 37 of the Penal Code as amended by Act 36 of the Session Laws of 1896.

Act 42, to provide for public loans.

Act 43, to authorize H. M. von Holt and associates to construct, maintain and operate a railroad on the island of Kauai.

Act 44, to provide for the encouragement and protection of agriculture, horticulture and forestry.

Act 45, to authorize the appointment of a commission to compile the statute laws of the Territory of Hawaii.

Act 46, to authorize district magistrates to issue commissions to take depositions of witnesses in certain cases.

Act 47, to provide for the publication of the decisions of the United States District Court.

House Gives Business.

Communications from the House transmitted a deluge of joint resolutions and bills which that body had passed.

On motion of Senator Cecil Brown the resolutions were made the order of the day for tomorrow.

The bills all passed first reading by title.

The House further announced its passage of the Senate Joint Resolutions: to petition Congress for appropriations to deepen Honolulu harbor and build a breakwater at Hilo, and to grant protection to the coffee industry.

Waikuku Petitions.

Under the head of petitions, resolutions of a mass meeting held at Waikuku on the 24th inst., together with a petition from citizens, urging the passage of the Wireless Telegraph Bill, were read. Senators Hale and Kaine and Dickey from Maui were particularly requested to support the bill.

Senator Isenberg said that as the bill had passed third reading and the Senators from Maui had saved their scraps by voting for it, he would move the petitions be laid on the table. Carried.

The Cummings Fine.

Senator Baldwin presented the following report of the Ways and Means Committee on the resolution for reimbursing John Cummings for the \$5000 fine paid the Republic for the alleged crime of misprision of treason. After reciting the resolution the committee says:

"The Resolution, as worded, is somewhat severe on the proceedings of the Republic of Hawaii after the uprising in 1895, when the country was under martial law, and to support the Resolution would be, in a way, a condemnation of the acts of the Government at that time."

"Your committee understand that the Resolution was introduced on the ground that J. A. Cummings was the only one out of a large number sentenced by the court martial, who paid the fine imposed, and for that reason it is but right he should be refunded. We find on examining the records that there were 190 sentenced, of which 25 only were sentenced to both fines and imprisonment, while J. A. Cummings was the sole person who was sentenced to only a fine, and who paid the same."

"If it is right and just that J. A. Cummings should be reimbursed, then all who were imprisoned under sentence by the court martial have just claims for damages for having been imprisoned."

"It is not necessary that we should go into the details of the trials by court martial in 1895. It is recent history, and all are familiar with the facts."

"Your committee do not favor the proposition of reimbursing those who were sentenced by said Court Martial. We would say to those in the Senate who might favor the proposition of reimbursing J. A. Cummings, that the Resolution is not in proper shape for appropriating money. It is a Resolution addressed only to the Senate, who have no power to appropriate money."

GENERAL MUNICIPAL VETO
IS SET FOR TOMORROW

COFFEE'S UNPAID BILL—REPRESENTATIVES PHOTOGRAPH-LIGHTHOUSE RESOLUTION.

HOUSE.

Fifty-ninth Day.

After the reading of the minutes, a recess was taken in order that the members of the House, all of whom were present, might have their picture taken in a group.

Veto Sustained.

The Governor's veto of the public administrator Act was read. The veto was sustained by a unanimous vote of 29 to 0, on motion of Mr. Paole.

Matter from Senate.

A communication was received from the Senate transmitting a copy of the joint resolution relating to harbors and lighthouses. The resolution was adopted by a vote of 28 to 2, Messrs. Paole and Kupheew voting no.

Another communication was received from the Senate, transmitting Senate Bill 191, "An Act appropriating salaries and pay of employees of the Territory for the eighteen months beginning January 1, 1904, and ending June 30, 1905." The bill passed first reading by title.

In re Unpaid Bill.

The following communication from the Public Works Department was referred to the Committee on Public Expenditures:

I am directed by the Superintendent of Public Works to submit herewith for your consideration, bill of A. J. Coffee Co., January 28, 1903, for private police bank box, stationed in the hall of the Executive building, for \$150, which is properly chargeable to appropriation "Repairs, furniture and additions to Government buildings," now practically exhausted.

The reason for this late presentation of the bill to your honorable body is that it was erroneously made out to the Attorney General's Department, and we have just received it.

The Department has asked for an Emergency Appropriation for the above fund and if this is granted, as the bill lies within this period, no further notice need be taken of this special item.

In any event, it is left to your wisdom to provide for payment of this amount, as the box is of incalculable value to all the bureaus in the Executive building.

The original bills rendered to the Attorney General's Department are also enclosed in confirmation of my statement.

C. M. WHITE,

Chief Clerk.

Report on the Band.

The Military Committee turned in a long report on the Senate joint resolution relating to the members of the

China Officially Refuses Harsh Russian Demand

[Associated Press Special Cable.]

LONDON, England, April 27.—It was officially announced today that China had refused the demands of Russia for practical control of Manchuria. The Japanese Government has expressed its displeasure over the demands in very strong terms.

Miles Makes Sensational Charge

[Associated Press Special Cable.]

WASHINGTON, D. C., April 27.—General Miles has sprung a sensation in his report on conditions in the Philippines discovered during his recent trip to the islands.

General Miles reports that wholesale shooting, horrifying tortures and robbery are practiced by the Filipinos with the connivance of the American officers.

United States Protest Filed

[Associated Press Special Cable.]

PEKING, China, April 27.—United States Minister Conger has transmitted a note to Prince Ching protesting against Russia's move to secure a stronger hold on Manchuria. The note represents the plan of Russia as antagonistic to American interests.

KILLED IN TRAIN WRECK.

[Associated Press Special Cable.]

BUFFALO, Kan., April 27.—A train wreck on the Missouri Pacific occurred today. Eleven passengers were killed and twenty-five injured.

MINIMIZES HER DEMANDS.

[Associated Press Special Cable.]

ST. PETERSBURG, Russia, April 27.—The Russian Foreign Office endeavors to minimize the importance of her demands upon China.

MISS THAW MARRIES HER EARL.

PITTSBURG, Pa., April 27.—The wedding of the Earl of Yarmouth to Miss Alice Thaw took place today.

KING EDWARD IN ROME.

ROME, Italy, April 27.—King Edward was received here today by the King of Italy. A most imposing and enthusiastic ovation was given the British ruler in his tour through the city.

Judge Wilcox's DECISION To Judge Dickey

At the opening of the Police Court at 9:30 o'clock this morning, Judge Wilcox gave his decision in the case of Judge Lyle Dickey vs. the Honolulu Rapid Transit Company, deciding the case in favor of the plaintiff, Judge Wilcox.

In giving the decision, Judge Wilcox, in giving the decision, stated that on carefully thinking over the matter, he was of the opinion that the King street and the Punahou lines were connecting lines at the McCully tract junction in spite of the fact that the rails of the two did not actually run together. That they connected, could be seen from the fact that transfers were given from and to the Punahou to the King street line to passengers traveling to and from Waikiki. If the lines connected in one direction, they must also connect in the other. The argument had been advanced by counsel for the defense that if the decision in this case was given to plaintiff, it would be equal to giving one

the right to obtain transfers from the King street to the Punahou line at their junctions in both directions, so that people could take advantage of this and ride the whole day on a payment of only one 5-cent fare.

With regard to this, the judge stated that he was giving a decision in the case of Judge Dickey and had nothing to do with what other people might or might not do.

The court trusted, however, that the Rapid Transit people might be able to find some remedy to prevent such a thing taking place.

In giving the decision to Judge Dickey, Judge Wilcox imposed the statutory penalty of \$100 to be paid to plaintiff in each case of an over-charge made by the company.

It may be of interest to note that passengers on the King street line can obtain transfers to cars of the Punahou line going in the opposite direction and vice versa. While the conductors do not call out transfers to these points such transfers are obtained by applying to the conductors.

David Dayton's accounts as administrator, respectively, of the estates of George McNinis and Olaf Bergstrom have been approved by Judge Robinson.

The dredging of the channel at Pearl Harbor has been nearly completed. On Saturday night the entire channel between the loch and the sea had been dredged to a width of 200 feet. All that remains to be done now is to clear away certain lumps in the bottom of the channel.

Russo-Chinese Situation.
Washington, D. C., April 26.—The stand taken by the United States with relation to the Russo-Chinese situation is the engrossing topic just now. Russia is not disposed to see the United States join with England and Japan against the czar and it is reported that all kinds of concessions are to be offered. Secretary of State John Hay and Count Cassini, the Russian Ambassador had a conference for more than an hour today, during which time all the phases of the question were reviewed.

The arguments for the Russian contention were gone over at length and in addition some new features were introduced.

The most important feature brought into the matter as yet was the proposal of the Russian Ambassador that the United States be granted trade concessions in Manchuria, amounting practically to the open door. Should a treaty based on these lines be drawn up it is believed by many that it would have the assent of the Senate as there is a strong feeling here that all that the United States will ever ask in Asia is the most favorable trade conditions.

Now Russia is enforcing a customs duty which is proving onerous to American trade.

Yokohama, April 26.—All the moderate newspapers join in the expression that there must be no backing down in the face of the Russian demands. The Government is urged to stand firm in opposing any concessions by China to Russia in Manchuria.

A Messenger Strike.
Butte, Mont., April 25.—The Western Union Telegraph Company has closed its offices here owing to the messenger strike.

Christianity Removed.
Washington, April 25.—The papers belonging to the Postoffice Department, which were abstracted from the safe of Assistant Postmaster General Tyner by his wife, have been returned. George A. C. Christianity, chief of the staff of attorneys, who served under Judge Tyner, has also been removed.

A Temple of Peace.
Washington, April 25.—Andrew Carnegie has given a million and a half of dollars to establish a Temple of Peace at The Hague. He will build it on a site which formerly belonged to the grand ducal family of Saxe-Weimar.

The Smallpox Germ.
Boston, April 26.—Dr. Counsellman, after making many experiments claims to have discovered the smallpox germ.

Edward's Reception Warm.
Paris, France, April 26.—King Edward has received a great reception throughout Italy, and dispatches from Rome state that a particularly affectionate meeting took place between his Majesty and King Victor Emanuel.

Big Battle in Somaliland.
London, April 26.—There has been another big battle in Somaliland in which a small English force were attacked by a large number of the Mad Mullah's followers. Major Gough and a detachment of two hundred men were out on a scouting expedition when a large number of the enemy suddenly appeared. In spite of a tremendous rifle fire the Somali spearmen rushed at the British. In the encounter that ensued fifteen of the British were killed and thirty-two were wounded, while the rifle fire of the Briton had been deadly as 200 of the native spearmen met death during the mad rush against the small British force.

Illinois Race Riot.
Thebes, Ill., April 26.—A race riot was precipitated here last night by the lynching of a negro and as a result a large number of his supporters were badly wounded. Later in the night a drunken negro roustabout attacked a white man and killed him with a knife. The police arrested the negro after a fight and placed him in the town lockup. Soon after a mob of white men took out the negro and lynched him. The levee negroes heard of the mob's action and made an attempt to prevent the lynching but failed, the mob turning its attention to the rioters and a general street fight resulted. The negroes were driven back to their section of the town, several of the wounded being left in the street.

Fierce Fighting in San Carlos.
San Domingo, April 26.—Fierce fighting took place in the streets of the small village of San Carlos, a few miles from the city, today, and as a result the Government troops have been forced to abandon the place. The rebels have been fighting around San Carlos for weeks, and made a fierce stand in the town once before, but on that occasion the troops of President Vasquez beat them off. The withdrawal from the place today gives the rebels control of all the small villages near the capital. The revolution has been so far successful that a Provisional Government has been formed by the rebels. They have elected General Woa Gil president. Woa Gil has been the brains of the revolution and has led in the fighting. He is an old enemy of Vasquez and was one of those who accused Vasquez of being interested in the death of President Heureaux. The rebels have secured from the outside an ample supply of food and ammunition, but there is great misery in San Domingo. The hospitals are full of rebels who have been wounded in the recent battles around the city.

The hospitals are full of rebels who have been wounded in the recent battles around the city.

Russo-Chinese Situation.
Washington, D. C., April 26.—The stand taken by the United States with relation to the Russo-Chinese situation is the engrossing topic just now. Russia is not disposed to see the United States join with England and Japan against the czar and it is reported that all kinds of concessions are to be offered. Secretary of State John Hay and Count Cassini, the Russian Ambassador had a conference for more than an hour today, during which time all the phases of the question were reviewed.

The arguments for the Russian contention were gone over at length and in addition some new features were introduced.

The most important feature brought into the matter as yet was the proposal of the Russian Ambassador that the United States be granted trade concessions in Manchuria, amounting practically to the open door. Should a treaty based on these lines be drawn up it is believed by many that it would have the assent of the Senate as there is a strong feeling here that all that the United States will ever ask in Asia is the most favorable trade conditions.

Now Russia is enforcing a customs duty which is proving onerous to American trade.

Yokohama, April 26.—All the moderate newspapers join in the expression that there must be no backing down in the face of the Russian demands. The Government is urged to stand firm in opposing any concessions by China to Russia in Manchuria.

A Messenger Strike.
Butte, Mont., April 25.—The Western Union Telegraph Company has closed its offices here owing to the messenger strike.

SENATORS COMPLETE APPROPRIATION BILL HOUSE PASSES AMENDED SUNDAY BASEBALL

SENATE.

Fifty-eighth Day.

Afternoon Session.

Senator Dickey moved to defer the Honolulu Municipal bill from further consideration on third reading until Monday morning. Senator McCandless moved to amend to 2:30 this afternoon. Carried.

St. Louis Exposition.
President Crabbe reminded Chairman Baldwin of the Ways and Means Committee that the House Joint Resolution providing for the appointment of a Commission to the St. Louis Exposition was awaited for report from that committee.

Senator Baldwin was not aware of it, but a search of his desk caused him to acknowledge the fact.

Wireless Telegraph Subsidy.
Senator Paris moved to take up the bill providing a subsidy for the Inter-Island Telegraph Co. Carried.

Clerk Savidge read memorials in favor of the bill from all over the islands. There were a petition from 67 citizens of Hilo, a resolution of a Wailuku meeting attended by nearly 200 people and a petition of 28 business men of Honolulu. Another paper was a wireless dispatch from E. E. Richards, the leading telephone man of Hawaii Island, to Senator Woods urging his support of the bill and saying everybody on that island was in favor of it. Two other petitions from Honolulu were signed by 20 and by 11 persons respectively.

The bill was read a third time. It requires communication to be opened up with Kauai within four months in addition to Maui and Hawaii already existing. The rates for messages are limited to 10 cents a word and a minimum of \$1 a message. Government messages are to be free. The subsidy is \$12,000 a year.

Senator Baldwin said: "I move the passage of the Act. The wireless telegraph has got to be a necessity. When this company started it lost money and the service was discontinued for a time owing to lack of funds, and the business men of the islands got together and said it ought to be continued. They subscribed money for that purpose. The rates are the same as those charged from east to west across the continent. If the Government have their messages free we can pass this bill. I understand that improvements the company purpose to make will cost as much as this subsidy. Better service is also to be given."

Senator Kalanokalani said the bill would be a precedent for other companies to be asking for subsidies. This company had started independently and not having succeeded they now appealed to the Government for a subsidy. They might next have the Rapid Transit Co. asking for money. He had no objection to the company. It opened up communication between the islands and was important. While the outer districts were asking for more schools, he did not think it was right to grant this subsidy to a private company.

Senator Dickey was opposed to subsidies as a general thing, but in this case he believed it was necessary. He thought the Government ought to own the wireless telegraph, but it was too late in the session now to provide for its purchase. It was of great importance to the country that they should have this telegraphic system, and he saw no way to have it but by passing this bill.

The bill passed on the following vote:
Ayes—Achi, Baldwin, Brown, J. T., Dickey, Kalua, McCandless, Nakapahu, Paris, Wilcox—9.
Noes—Brown, C., Kalanokalani, Woods—3.

Eighteen Months' Salaries.
The bill appropriating salaries and payrolls for the eighteen months ending June 30, 1905, came up for third reading. It had passed second reading by title.

When the reading had progressed but a little way an error in figuring out the necessary three-fourths of the amounts in the original bill, owing to the abstraction of a separate bill providing for the six months' prior to the inauguration of county government, occasioned a general uproar.

President Crabbe and others metaphorically jumped on Senators Dickey and Achi for having brought in a new bill without notice and all that sort of thing.

Senator Dickey after a while was allowed to explain that the committee had struck out or reduced, as might have seemed better, items for services to the Territory taken away or diminished by the County Act, and for the rest reduced the original appropriations for the biennial period to three-fourths. The Senate had accepted their bill without referring it to any committee for review, and with the exception of a few errors in computation the bill was in shape for consideration.

Lighthouses, Etc.
The reading then progressed rapidly. Senator McCandless moved to strike out the pay of lighthouse keepers.

"If you put out the lights one night, the Honolulu merchants and the San Francisco merchants will be crying out to Washington," the speaker said. The Federal Government had an appropriation for lighthouses and if the Territory would stop paying it would be up to the Government at Washington. The Senate thought best to retain the items.

Senator McCandless also moved to strike out the salary for the president of the Board of Health, but the Senate declined to recede from its action on the six months' bill.

Government Physicians.

Senator Paris moved to restore the item for Government physicians to the proportion of the original bill. Senator Baldwin strongly supported the motion.

Senator McCandless talked against it. He maintained two doctors at \$100 a month each should take care of Hawaii or any of the other islands. The doctors were paid to attend the poor but did not do it.

President Crabbe urged that the bacteriologist and pathologist should have his pay increased to \$200 a month. Senator Dickey had been told by a member of the Board of Health that the president would perform the duties of this officer if paid a salary. The item was declared so amended, but on a rising vote the raise was refused.

Pay of Government physicians carried at \$30,420, being the original rate.

Senator McCandless tried to have the salary of president of Board of Health reconsidered, but nobody who voted in the majority would make the motion for him.

Senator Brown moved an amendment providing for the transfer of any of the items to the control of the Board of Public Institutions which might legally come under its jurisdiction. Carried.

The bill passed, Senators Achi and McCandless voting against it.

Memorial to Washington.

Senator Woods introduced the following joint resolution, which was adopted:

"Whereas, an Act of the Fifty-sixth Congress of the United States of America, approved April 30, 1900, provided for the Government of the Territory of Hawaii, to take effect June 14, 1900; and

"Whereas, by that Act the Federal Government has received the entire revenue from the customs and tariffs collected at this port, paid largely by the people of this Territory; and

"Whereas, no appropriation has yet been made by any Congress for the improvement of our harbors, nor for the care and maintenance of the light houses, which protect equally the commerce of all nations and safe-guard the lives of all those who cross the Pacific by this route; and

"Whereas, since the 14th day of June, 1900, notwithstanding the depleted revenues, our people have expended to date for light houses the sum of Sixteen thousand, nine hundred ninety-two and 65-100 (\$16,992.65) dollars; and

"Whereas, during the same period the interests of our commerce have absolutely required the expenditure of seventy-two thousand four hundred sixty-one and 46-100 (\$72,461.45) dollars for the improvement of harbors;

"Now, therefore, be it resolved by the Legislature of the Territory of Hawaii, in second regular session assembled, that the Fifty-eighth Congress be requested, in the name of the people of this Territory and in the interests of the great and growing commerce of the Pacific, to maintain the light houses already built by the people of these islands, and to provide such new and modern lights as are by it deemed wise;

"And further, that in whatever appropriation is made by Congress, a sum be provided to reimburse the Territory for all of its expenditures for these purposes.

"And be it further resolved, that certified copies of this resolution be sent by the Governor of the Territory to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of the United States, and to the Delegate of the Territory of Hawaii to Congress.

"PALMER P. WOODS,
"Senator 1st District."

Message from Governor.

The following message from the Governor was received and read, after which, at 3:45, the Senate adjourned: "A message to the Legislature of the Territory of Hawaii.

"I have approved the Bill entitled 'an Act providing for the drawing, summoning and empanelling of grand and trial jurors.'

"There are however features of the Bill which, in my opinion, are against public policy. I refer to the provisions for the selection of jury lists and drawing of juries. These in brief, place the appointment of the two Jury Commissioners for each Circuit in the direction of the Circuit Judges or Judge for such Circuit. The duty of such Commissioners is to make a list of eligible persons in each Circuit who in their judgment are suitable for jury duty. A clerk of the Circuit Court at the discretion and in the presence of the Circuit Judge is to draw from a box containing the names of such persons on separate slips of paper: the names of fifty persons which are to be deposited in another box to be called the Grand Jury Box, and the names of fifty persons which are to be deposited in a third box to be called the Trial Jury Box. From these two boxes the clerk is to draw, at the direction and in the presence of the Judge, names of persons to serve as members of the Grand Jury and of the Trial Jury panel respectively.

"It will be seen from this program that in the other Circuits than the First, the whole matter of selecting the lists of persons to be called upon for jury duty, the matter of drawing the jury lists and finally the members of the Grand and Trial Juries, may be largely controlled by the Circuit Judge, should he wish to do so. That is, he appoints the clerk of his Court, he selects the Jury Commissioners, and he superintends the drawing of the jury lists and of the members of the Grand and Trial Juries, with no one else to check him.

Important Reasons WHY HERRING-HALL-MARVIN SAFE CO.'S SAFES AND LOCKS ARE THE BEST

The concrete filling makes these safes absolutely Fire-Proof and positively Damp-Proof. The solid angle corners add greatly to their security in time of fire, and form the only solid corners made. The patent BOLT-WORK is superior to any in use, and does not require constant oiling, cleaning and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, there is not a single instance on record wherein one of them ever failed to preserve its contents perfectly. They make safes for County Treasurers, County Recorders, County Clerks, Jewelers, Hotels, Residences, Churches and Corporations. We have a Large Assortment of Safes on hand and will be pleased to show same.

MONDAY, APRIL 27, 1903.

Is the Bar Association responsible for the Public Administrator Bill the Governor vetoed?

An extension of the legislative session means the advancement of public business without adding to the expense. The Governor's course is clear.

Judging from the Governor's comments in his latest veto, he stands in great fear of the President appointing a gang of plunderers and thieves to the Circuit Bench of Hawaii.

Sunday baseball after 1 p. m. merely means that the law is to be changed to meet a condition which custom has established. It is the amendment of a blue law to apply to the spirit of the times.

If John Cummins could have foreseen how the misprision of treason fraud was to come out, it would have paid him well to have accepted life at government expense for a while to save \$5000.

The announcement of W. N. Armstrong's departure will not be complete until Mr. Armstrong states in an interview whether his resignation has any connection with his Elkin controversy on missionaries and lands.

Few better mediums can be found for the advancement of practical agriculture than the papers and discussions of the Farmers' Institute. It is a peculiarly American institution and when backed up by American administration of our lands, there will be more than a baker's dozen of farmers to join in the study of conditions which the small agriculturist has to meet in these islands.

L. G. Kellogg, a practical Wahluwa farmer, said in an address before the Farmers' Institute, "I am convinced that the gross returns from the production of such staple commodities as onions, potatoes, celery, corn, beans, turnips, peas, rhubarb and many other crops too numerous to mention, will not equal the expenditure for the necessary fertilizer required to produce them." If this isn't small farming here, the morning press should explain why. Yet it is the conclusion of experience.

A harsh demand to obtain a favorable compromise. This sizing up of Russia's attitude in a London cable dispatch undoubtedly hits the Manchurian nail on the head. Russia moves by long-headed stances steadily advancing to the goal set though it takes centuries. There is no danger of war with any country except Japan, and unless by mistake the match is touched to the Oriental powder magazine, Russia will probably recede from her demand without having gained all that is sought, but with a much stronger grip on the prize.

The following from the Maui News makes it clear that the country districts believe in an extension of the legislative session: "The legislators have worked hard this session, and have accomplished about all so far that should be expected of them, all things being considered. It is quite evident however that they will need more time to properly finish their work, and under the circumstances, Governor Dole should, if necessary, extend the session, in order that many important measures now pending should be passed. Of course he wisely refused to call an extra session two years ago, but conditions are quite different now, and time should be given the present Legislature to finish its work properly."

One of Volcano Marshall's first editorials in the Shanghai Times starts off like this: "It is regrettable, it is deplorable that a contemporary in the folly of its sensibility should seek in over a column article entitled 'Cui Bono' (for whose benefit is it?) to cast aspersions on the Chinese. The article is a masterpiece of composition, is mildly say the least, extremely unfelicitous, being harmful to the friendly relations now existing between Europeans, Americans and the Chinese; hurtful to business relations rapidly cementing foreigners and Chinese in an indissoluble commercial union." And this is the closing paragraph: "Let the spark of race prejudice ignited by our reckless contemporary be smothered now, right now!" Former readers of Marshall's Volcano could be no more surprised at Marshall's displacing his wild brimmed hat and flowing locks with the Chinese cap and queue than to witness how he dips his pen in the

ink of conservative business interest and with a seraphic smile adorning his expressive countenance writes a plea for peace with Chinese. Surely Volcano Marshall has been hypnotized by the Dragon flag and Morgan's interests that provide the fuel for the Times.

J. B. ATHERTON'S WILL IN PROBATE

The will of the late Joseph Ballard Atherton was filed for probate this afternoon. There is no valuation of the estate entered in the blanks for that purpose in the form of petition. The will was executed on December 5, 1896, in presence of E. D. Tenney, Wm. A. Bowen and Wm. R. Castle. After the payment of his just debts and funeral expenses, the testator bequeaths to his sons, Charles Henry and Alexander Montague, and to his eldest daughter, Mary Atherton Richards, twenty thousand dollars each in cash or in good securities; to his sister Sarah Atherton Gilman, ten thousand dollars in cash or in good securities, and to his wife, Juliette Montague Atherton, all the rest, residue and remainder of his property of whatsoever nature or kind, "and," the testator goes on to say:

"I intrust to her, in such manner as her love and discretion may dictate, but absolutely, in and of her free will, the care, education and maintenance of our children, Frank Cooke and Kate Mayon Atherton, as she may deem necessary; also the bestowing of such gifts as she may deem fitting and proper to relatives, friends, and for religious, charitable and educational purposes, referring her for guidance as to my wishes to our conversations on the subject."

He nominates his wife as executrix of the will to serve without bond, and saves the obligation of her filing an inventory or account at any time. The receipts of the devisees shall be a complete discharge to her of their claims.

A codicil was executed on October 22, 1901, in presence of Wm. R. Castle and Wm. A. Bowen, directing that in case of his wife's prior death all of his property, excepting the bequest to his sister, should be divided share and share alike between his children.

KLUEGEL ON PAUOA WATER

Honolulu, April 1, 1903.
Hon. D. P. R. Isenberg, Chairman of Special Committee on Purchase of Pauoa Water Rights.
Dear Sir:—In response to your request I beg leave to submit the following:

The water of the upper Pauoa springs, flowing at an elevation of 590 feet, may be delivered into a distributing reservoir conveniently located and at least 600 feet above the artesian supply for pumping. For the lower springs the reservoir may be located 250 feet above the artesian supply.

Based on an estimate of running expense for pumping on reports of expense at the Bereania Street Pumping Station, referring to the Superintendent's Report of 1900, page 60, and to the present cost of coal; the cost of pumping 1,600,000 gallons 500 feet will be \$18.40 for coal alone. Cost of attendance would depend on location of the pump whether adjoining or at a distance from another pump.

The amount of water flowing per day from the Pauoa springs, as measured by Mr. Richardson, is, from the upper spring elevation 590 feet, 859,920 gallons; from the lower spring elevation 280 feet, 253,700 gallons.

To pump these same amounts of water into two reservoirs situated respectively 500 and 250 feet above the supply in the wells, will cost for running expense per year:

To the upper reservoir, 859,920 gallons daily,	\$12,000
To the lower reservoir, 253,700 gallons daily	2,000

Total running expense per year, \$14,000. At five per cent interest this is equivalent to a capitalized value of \$280,000.

This value is over and above the first cost and all renewals of a pumping plant. For a high lift pump the Superintendent of the Water Works asks the Legislature for an appropriation of \$45,000 because "this pump is an actual necessity." This gives a total value of \$325,000, to which may be added the cost of renewals in a pumping plant.

This value represents only the amount of water actually measured. In all probability the amount can be at small expense be much increased with corresponding increase of value.

The Superintendent repeats the recommendation that an appropriation of \$60,000 be made for a filter plant. The Pauoa water requires no filter plant. Filtration at best is only a partial purification of water.

Respectfully submitted,
C. H. KLUEGAL,
Civil Engineer.

"Blue Jeans" at the Orpheum tonight should draw a big house. It is a comedy of the rippling, sparkling order, but upon a lowly plane. It has some pathetic and on tragic passage, but for greater part it keeps the audience in a roar of laughter. Every person cast in it has a genuine character to do; a character with a single exception overflowing with humor and provocative of heartiest laughter. It would be difficult to say which of these character works leads.

In the third act a planing mill is set upon the stage with a circular saw in operation. The hero is cast, after being beaten into insensibility by the villain, upon the bed of the machine moving toward the saw, and—but that is another story, best enjoyed when not foretold.

HONOLULU WINS 184 TO 83

The cricket game played on the Makiki grounds last Saturday afternoon between the Amphitrite team and the Honolulu eleven was in all respects a fitting inauguration of the coming season.

R. Anderson, accompanied by Veteran R. A. Jordan, went to the wickets first. Anderson batted well, as usual, leading the list with 63 runs. This score was made by nine boundary hits, counting four each, one three, four twos and the rest ones. He should have been out early in the innings when he skied a ball, but was not caught.

"Stonewall" Jordan batted carefully and steadily for his eleven, and it seemed that the diametrically opposite characteristics of the two first players upset the Amphitrite team's calculations somewhat.

Beardmore played carefully for his 51, although like Anderson he gave a chance for a catch which was not accepted.

D. W. Anderson did not remain long at the bat. Miles, McGill and Harvey went to their posts only to find that they were up against it. Catton, Picker, Irish and Cockburn whipped in but were all non-plussed with the exception of Irish, who made 12.

Having 184 to get the Amphitrites commenced their task well.

Howard did not remain long, as he was cleverly caught by Miles. Irwin, a clever young man with a very clean style, gave the Honolulu considerable trouble, was finally stumped.

Davenport knocked up 7 and returned one softly into the bowler's hands. Smyth secured a couple more than his predecessor and then fell a victim to McGill's bowling.

De Paris gave considerable trouble until finally McGill broke through his defense, his 17 being obtained by good, clean hitting.

Meaden made 8 and was then cleverly stumped. Beamish, Gregory, Wahab, Stevenson and Elliott fell victims to McGill's deadly bowling, with the exception of Stevenson, not out. Beamish, Gregory, Elliott and Stevenson batted ducks. The Amphitrites scored 83.

HOUSE.

(Continued from Page 1.)

Territorial hand, in regard to their pay whenever sick and to the length of time for playing at the departure of inter-island steamers.

The report recommends the adoption of the resolution by Mr. Isenberg of the Senate and both report and resolution were adopted.

Municipal Bill Veto.
The next matter for consideration was the veto of the Governor to the General Municipal Bill, which is published elsewhere.

Mr. Paole moved to postpone consideration until this afternoon but on Mr. Chillingworth moving to amend to postpone consideration until tomorrow morning, the former withdrew his motion and the latter's went through without any objection whatever. The members seemed to feel that they should have time to consider the matter, the bill objected to by the Governor or being one of the most vital of those of the present session.

At 12 m., the House took a recess until 2 o'clock.

GOVERNOR DOLE VETOES

(Continued from Page 1.)

leges by law, for a thousand years or more, were it not for the provision of the Organic Act (section 55) forbidding the grant of any "exclusive privilege, immunity, or franchise without the approval of Congress." Even the remoteness of the possibility that Congress might approve of such legislation does not remove its dangerous quality.

With these important defects, I do not see how the bill in question can be of any value as a law, for the incorporation of cities, but fear that it would be a fruitful source of judicial conflict, litigation and unnecessary increase of the cost of living to citizens.

S. B. DOLE,
Governor.

The usual weekly choir practice of the choir of St. Andrew's Cathedral will be held tomorrow evening, Tuesday, at 8 o'clock, instead of Wednesday. A full attendance is requested.

FORT STREET ART ROOMS.

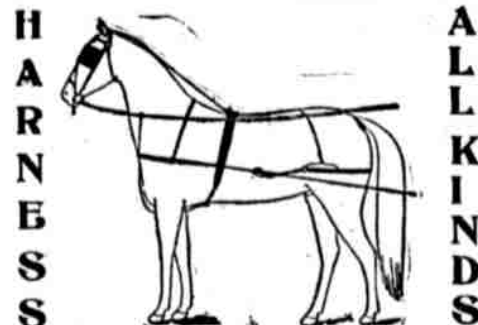

OWN YOUR OWN CARRIAGE

Car and Carriage hire counts up in the course of a year. Own your own carriage. It will soon pay for itself, and give you a certain satisfaction all the time. We have on view at our NEW REPOSITORY, YOUNG BUILDING, a line of VEHICLES and HARNESS which leaves little to be desired.

SUR-REYS PHAE-TONS

Their room is better than their company, and we therefore propose to part with them for as little as we can—and live.

THIS IS YOUR OPPORTUNITY.

Pretty nearly everything that you can think of in the harness line is included in our big display. EVERY HARNESS we sell is a bargain, and we have all kinds from LIGHT TRACK and ROAD to HEAVY COACH and TEAM HARNESS. From no one else can you get the harness value we give you. NOW IS THE TIME TO BUY!

G. Schuman, Ltd.

YOUNG BUILDING.

It Doesn't Require

an artist to appreciate a well-decorated room. True art is simply harmony, and everyone appreciates that; everyone knows almost the moment they enter a room whether the effect of the decorations is good or bad, and just so surely as an ill-designed, ill-colored, odd-matched wall paper is used, so surely the beauty of the room is spoiled, no matter how choice the furniture and other decorations may be. We can assist you in color schemes and decorative suggestions.

S. STEPHENSON, Decorative Shop, King Street.

THE BRIDE'S DREAM.

A Honolulu bride has written to her friend as follows:

Dear Elsie:—In your last letter you wanted to know where we spent the honeymoon and whether we went to the coast? No indeed we never left the islands. We went to Hilo for a few days and had a lovely time, but I was glad to get back to dear old Honolulu. We have had the cottage all fixed up and you wouldn't know it. You remember that southeast room, where the sun poured in all day; you know we called it the oven on account of it being so hot; well you should see it, it's simply a dream and too lovely for anything, so cool and restful. The ceiling is done in a cloud effect, and the walls papered with the cutest blue and silver paper you ever saw, and a dodo of darker blue burlap with a conventional design picked out in silver. When we went away we just left the cottage in the hands of Messrs. Sharp

Wise, the painters. Harold calls them the Wizards of the Paint Brush, and their charges are so reasonable too. Mother has just called, so I'll post this and write you later on and tell you all the news.

Your dear friend,

MRS. HAROLD DELMA.

Maui Citizens In Mass Meeting
SUPPORT TELEGRAPH SUBSIDY AND
Request Kahului Wharf Action

Waikuku, April 25.—A large and enthusiastic mass meeting was held in the Waikuku court house last Friday evening for the purpose of passing resolutions favoring the passage of House Bill 182, re Wireless Subsidy Bill, pending in the Senate, and also to take steps towards asking sufficient appropriations for construction of public wharf and warehouse at Kahului and to make it in fact as well as in name a free port of entry.

Dr. J. H. Raymond called the meeting to order a little before 8 p. m. He explained to those present, numbering about two hundred of the best people and leading citizens of Waikuku and Kahului, the dual objects of the meeting. On motion of Judge Kalua, Editor Robertson of the Maui News was called to the chair, while Attorney Case was made secretary of the meeting. Col. John Richardson was appointed interpreter.

As soon as the meeting was fully organized, Mr. Keola introduced the following resolution:

* Resolved, That it is the sense of this mass meeting that the honorable members of the Territorial Senate, and more especially Honorable H. P. Baldwin, S. E. Kaine and C. H. Dickey, members of the Second Senatorial District, be respectfully requested to vote in favor of the passage of House Bill 182, re Wireless Subsidy Bill, now being considered in the Territorial Senate; and to be it further

* Resolved, That this mass meeting respectfully request Hon. S. B. Dole, Governor of the Territory, to sign the said Wireless Subsidy Bill after it passes the Territorial Legislature.

The resolution passed without a dissenting voice, all present being most heartily in accord and in full sympathy with the provisions of the bill. On motion of Judge Kalua the following twenty-five influential citizens of Waikuku were appointed by the Chair as a committee of twenty-five to sign the resolution, and the secretary ordered to forward same to the President of the Senate and also Governor of the Territory: C. D. Lufkin, Jas. N. K. Keola, C. H. Wells, T. B. Lyons, Rev. J. Nua, John Kinney, David Crowell, John W. Kalua, Geo. Weight, W. A. McKay, Dr. John Weddick, Frank Summerfield, T. P. Du Bose, P. E. Lamar, A. Enos, J. H. Raymond, R. W. Filler, H. B. Weller, J. P. Sylva, J. K. Kahookole, A. J. Rodriguez, M. P. Walwaiole, A. G. Dickins, L. M. Baldwin, Wm. Saffery.

At 9 p. m. a wireless message was received from Manager Cross announcing the passage of the bill on second reading in the Senate without opposition, and the announcement was received with applause by the large assembly present.

The following resolution was next introduced. Both Judge Kalua and Dr. J. H. Raymond spoke most eloquently in favor of the adoption of the measure:

* Resolved, That a committee of five citizens be appointed by the chairman of the meeting with authority to draft resolutions and take action looking to free wharf and warehouse facilities at Kahului; That the committee request the Hawaiian Senate and House to appropriate such an amount as may be required to construct a public wharf and warehouse at Kahului; That, in the event the said Senate and House, or committees appointed thereby, may find such legislation inconsistent with their duties in the premises, or with the laws of the Territory, they then proceed to pass resolutions to be forwarded to the President of the United States, with the request that the Federal Government appropriate such sum as may be necessary to construct said wharf and warehouse; the Government, Territorial or Federal, as the case may be, to condemn such land as may by them be selected for wharf and warehouse purposes; and, further, that copies of the resolution be prepared by the committee to be forwarded by them to the Governor of this Territory and to our Delegate in Congress, with the request that the Governor support such action as the Legislature may take, and that our Delegate use his influence in this matter in behalf of Maui, and if necessary, that the Delegate proceed with the matter at Washington, making it an issue of first consideration.

The resolution passed by a unanimous vote and in accordance with its terms, the chairman appointed the following named gentlemen to act as

such committee: Hon. John W. Kalua, Judge W. A. McKay, W. H. Cornwell Jr., Jas. N. K. Keola, and P. E. Lamar.

In the letter of transmission to President Crabbe the committee says: "This committee most respectfully requests that you bring this matter to the attention of the Honorable Senate of the Territory of Hawaii, and pray that that honorable body pass such laws as will insure immediate relief to the citizens of this district."

"The committee, upon careful consideration and investigation, has found that the port of Kahului is practically closed; the land is in the possession of private parties, corporations, and individuals; the wharfage of said port is likewise in the hands of corporations and private individuals, and the people are at their mercy."

"This committee further finds that their only relief is from the construction and ownership of a wharf and warehouse, owned and controlled by the Government for the benefit of the people, and we pray that your honorable body may pass such laws instructing the Superintendent of Public Works to immediately institute such proceedings as will insure the people in their rights."

The meeting also carried a motion approving the action of the Superintendent of Public Works regarding McGregor's landing, and recommending the immediate abandonment by the Government of Maalaea wharf.

The meeting adjourned at 10 p. m.

SENATE.

(Continued from Page 3.)

present but the clerk—his own appointment.

"It is against public policy for such an opportunity to exist, as an unprincipled Judge, should any of the outer Circuits ever be so unfortunate as to be under the jurisdiction of such an officer, would have thereby an opportunity to corrupt the administration of justice to the serious prejudice of the public."

"I recommend that the provisions referred to be amended so that the Jury Commissioners shall be appointed by a majority of the Justice of the Supreme Court, and that in all drawings of jury lists and Grand and Trial Jurors, the Sheriff of the County or other executive officer shall be required to be present."

"S. B. DOLE,"

"Governor."
"Executive Chamber, Territory of Hawaii, April 25th, 1903."

HOUSE.

Fifty-eighth Day.

Afternoon Session.

At the afternoon session of the House Saturday the veto of the House bill relating to lights on bicycles and other vehicles, was read. The objection of the Governor was on the ground that the bill made reference to Chapter 26 of the Session Laws, when it should have been Section 28. The veto was sustained by a unanimous vote.

A message from the Senate announced the passage in third reading of the Hawaiian Electric franchise bill without amendment.

The Senate's concurrent resolution on the coffee industry, petitioning Congress for a duty or bounty, was adopted without a dissenting vote.

The special committee on Kalihii camp, recommended that the site of the buildings be secured, either by purchase or by condemnation and that \$25,000 be appropriated for that purpose. The report was tabled for consideration with the House Bill on the subject.

The special committee on the Cummins indemnity bill reported that in its opinion, the collecting by the government of a fine while others were allowed to go free, was unfair. The report was laid aside, the general indemnity bill having been passed.

A joint resolution by Mr. Harris, directing the Government to accept from C. S. Desky a deed to Queen street, from South, Kawalahao, Hualae, Cooke, Ward, Cummins and Lanikai streets, was adopted.

House Bill 187, relating to fiduciary companies, passed third reading by a vote of 19 to 9.

The bill providing for the division of the islands into districts for the various district magistrates was indefinitely postponed.

The Sunday baseball bill passed third reading by a narrow margin of 16 to 9, with an amendment by Mr. Vida, making it a provision that no sport or amusement mentioned in the bill be indulged in previous to 1 p. m. The ayes and noes on the bill were as follows:

Ayes—Aylett, Chillingworth, Damlan, Gandall, Greenwell, Hala, Harris, Jaeger, Kealawa, Knudsen, Kupihea, Lewis, Long, Vida, Wright, and the Speaker—16.

Noes—Kalihi, Kaniho, Kumalea, Nakaleka, Oili, Paele, Pali, Pulaa and Purdy—9.

The bill providing for hospitals for the treatment of leprosy and the examination of lepers, passed third reading.

The Gear Electric franchise bill came up on final passage with the amendment that the term be made 35 years. It was passed by a vote of 20 to 7.

The parole law was killed by 15 to 13.

The Brown banking law was taken up, on a motion to reconsider the tabling, and the bill passed second reading.

The House, finding that the Senate had adjourned without waiting for any of its bills up on third reading, adjourned.

P. M. S. S. CHINA.

The San Francisco Chronicle of April 17 contains the following item concerning the laying up of the Pacific Mail steamship China:

The liner China of the Pacific Mail fleet is not expected to reach port from the Orient before next Wednesday, although scheduled for Tuesday. She left Honolulu last Thursday evening. The usual large number of passengers are reported to be on the China, among whom are many persons en route to England from the Durbar in India.

Upon her arrival, the China is to be laid up for an extensive overhauling, and will be in port several months, the Peking taking her place on the Hongkong route, sailing April 30th. Since the China was launched, in 1889, at Glasgow, and has been in the Pacific Mail service, she has needed comparatively little attention, having proved herself one of the best as well as one of the fastest of all the steamships on the Pacific. Although possessed of only one propeller, the big China has upon more than one occasion shown her superiority in speed over the more pretentious twin-screw liners running to the Orient, particularly when she beat one of the Empress steamers in a 24 hours' spurt on the Asiatic coast, at which time she attained a speed of about eighteen knots an hour.

CAPT. SEARLE'S VACATION.

Among the passengers who are booked to depart for San Francisco in the steamship Sonoma tomorrow is Captain Searle, the well known master of the steamer John Cummins, who, accompanied by his wife and daughter, will go to his old home in Margate, Kent, England, where his mother and a sister are living. Captain Searle has not visited his old home in the "Garden of England" for seventeen years. He will enjoy a vacation of six months, certainly a well deserved one, the gallant captain having sailed in the John Cummins first as mate and then as master, for thirteen years without losing an hour.

During Captain Searle's absence William Bennett, who until now acted as first officer of the steamer Maui, will command the John Cummins.

TRANSPORT SUMMER.

According to the following from the San Francisco Chronicle of April 15 the transport Summer ought now to be on her way to this port:

The transport Summer, Captain Lathrop, to sail April 20th for Manila and New York, has come out of the dry dock at Hunter's point and will be fitted up at Folsom street wharf for the trip. Many passengers have been booked for Manila, but there have been numerous applications for passage clear through to New York on the handsome troopship. She is to call at Honolulu on the way across the Pacific, and at Manila will take on a regiment of troops and a number of Army officers for the trip through the Suez canal to New York.

CANDIDATES ON MAUI.

Waikuku, April 25.—D. K. Kunukuan a young Hawaiian of Ulupalakua, will most likely obtain the appointment for District Magistrate of Honouua, as there are no other available candidates. Messrs. J. K. Kahookole, M. P. Walwaiole and W. S. Malle are applicants for the Second Judgeship of Waikuku. Sheriff Baldwin does not deem it a wise move the separation of Honouua into a new judicial district for various obvious reasons, principally extra expense for police, court house and jail.

Do You Suffer from lumbago, rheumatism or swollen muscles? If so, procure at once a bottle of PAIN-KILLER and follow the printed directions. The relief is instantaneous as well as lasting. No necessity to suffer when a remedy as rich as PAIN-KILLER is to be had. Sixty years of success speaks for itself. Avoid substitutes, there is but one PAIN-KILLER, Perry Davis'. Price 25c, and 50c.

E. O. HALL & SON, Ltd.

May 9, 1903, at 12 M.

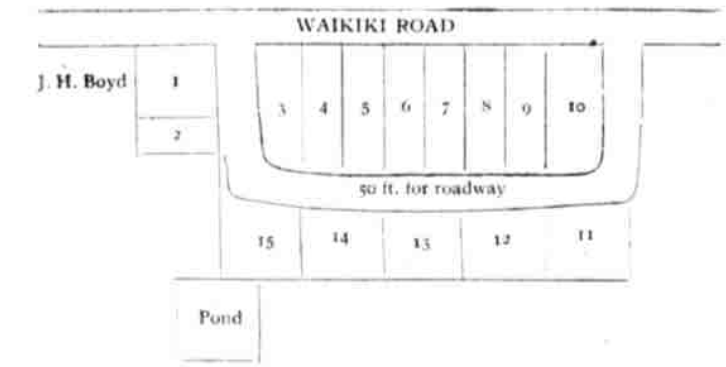

Commissioner's Sale of Real Estate

By order of the Honorable W. J. Robinson, Third Judge, First Circuit Court, Territory of Hawaii, Dated April 23, 1903, in the cause of partition between Harriet Bailey, et al., plaintiffs, and Elizabeth Cushingham, et al., defendants, the undersigned, William Austin Whiting, Commissioner, will SELL at PUBLIC AUCTION at the FRONT (mauka) ENTRANCE TO THE JUDICIARY BUILDING, known as Aliolani Hale, in Honolulu, Oahu, AT 12 O'CLOCK NOON ON SATURDAY, MAY 9, 1903, the following real estate, belonging to the heirs of the Estate of the late James L. Lewis and others:

That valuable piece of land situated at the South-East corner of KING AND BETHEL STREETS in Honolulu, having a frontage on King Street 45.3 feet and about 129 feet on Bethel Street, area 6,960 square feet, more or less, being a portion of R. P. 702, L. C. A. 163, to M. Kekunua, and R. P. (Grant) 1618 to Castle & Cooke. Upset price, \$28,000.

SECOND.

All that real estate at KALIA, WAIKIKI, OAHU, on the Waikiki Road, nearly opposite "SUNNY SOUTH" and adjoining the premises of J. H. Boyd to the Eastward. This property consisting of about 11 acres, has been surveyed and plotted into 15 lots, with a 50-foot common right-of-way through them.

- Lot 1—With house, 75.3 feet on Waikiki Road and 199.3 feet deep along New Roadway; Area 17,712 sq. ft., more or less. Upset price, \$2,200.
- Lot 2—With house, Makai of Lot 1. About 62 ft. x 163.5 ft. Area 10,260 sq. ft., more or less. Upset price, \$1,800.
- Lot 3—On Waikiki Road; 80 ft. on New Road, 196 ft. Area, 18,504 sq. ft., more or less. Upset price, \$700.
- Lot 4—On Waikiki Road; 80 ft. x 200 ft. (about). Area, 18,180 sq. ft., more or less. Upset price, \$600.
- Lot 5—On Waikiki Road; 100 ft. x 200 ft. Area, 20,000 sq. ft., more or less. Upset price, \$600.
- Lot 6—On Waikiki Road; 100 ft. x 200 ft. Area, 20,000 square ft. more or less. Upset price, \$500.
- Lot 7—On Waikiki Road; 100 ft. x 200 ft. Area, 20,000 sq. ft., more or less. Upset price, \$500.
- Lot 8—On Waikiki Road; 100 ft. x 200 ft. Area, 20,000 sq. ft., more or less. Upset price, \$450.
- Lot 9—On Waikiki Road; 100 ft. x 200 ft. Area, 20,000 sq. ft., more or less. Upset price, \$450.
- Lot 10—On Waikiki Road; 74 ft. Area, 20,376 sq. ft., more or less. Upset price, \$450.

The following lots do not abut on Waikiki Road, but on the new 50-foot way:—

- Lot 11—160 ft. x 272 ft. Area, 43,720 sq. ft., more or less. Upset price, \$350.
- Lot 12—160 ft. x 266 ft. Area, 42,972 sq. ft., more or less. Upset price, \$350.
- Lot 13—130 ft. x 266 ft. Area, 34,584 sq. ft., more or less. Upset price, \$350.
- Lot 14—130 ft. x 284 ft. Area, 35,217 sq. ft., more or less. Upset price, \$350.
- Lot 15—192 ft. x 284 ft. Area, 72,468 sq. ft., more or less. Upset price, \$500.

Plan and descriptions at Commissioner's office, 408 Judd Building, Honolulu. Information also furnished by J. F. Brown, Surveyor, 204 Judd Building; and James F. Morgan, Auctioneer, Queen Street, who will escort persons interested in the sale to the property.

Terms of Sale—Each and all sales are subject to the approval of the Court; all moneys to be paid into Court; deed at expense of purchaser; ten (10%) per cent. of purchase price to be paid on fall of the hammer.

Honolulu, April 24, 1903.

SENATE.

(Continued from Page 1.)

without the joint action of the House and Governor.

"We recommend that the Resolution be laid on the table."

Senator Baldwin stated that the principal reason for recommending that the resolution be laid on the table was that it was not in form whereby money could be appropriated.

The report was adopted.

Photographing the Senate.

President Crabbe asked the Senate to take a recess for a few minutes to be photographed.

Senator Dickey wanted to have the County Bill photographed.

The Senate retired to face the camera.

Gathering Plants.

Senator Dickey presented a report of the Miscellaneous Petitions Committee on the bill to allow citizens to gather ferns, vines, etc., in the mountain forests. They recommended that

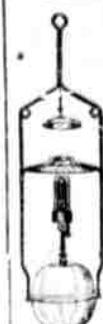

the bill be laid on the table, as it would not be advisable to allow denudation of forest undergrowth, which would injure the water supply. Signed by Dickey and Isenberg, with Kalua not concurring. Laid on the table to be considered with the bill.

Royal Plate.

Senator Paris presented a report of the Public Expenditures Committee on the House Joint Resolution to deliver to Prince David Kawanakoa, as representative of the Kapiolani Estate, a silver service now held by the Government of the Territory. They recommended that the Senate do not concur in the resolution, for reasons given of a historical nature. The facts have been fully discussed in the newspapers both in connection with a recent sale of relics and with this joint resolution. A letter from Curtis P. Iaukea was attached to the report. It was suggested by the committee that the plate in question ought to be placed on public view, permanently, in the Bishop Museum.

On motion of Senator Baldwin the

report was laid on the table to be considered with the bill. Its reading in both languages took the greater part of an hour.

Recess from 12 to 2 p. m.

PRISONER ESCAPES.

Manuel Vasconcellos, a prisoner serving time, having been convicted on charges of assault and battery and malicious injury, escaped from the prison gang with which he was working in the Makiki quarry at about 12:30 this afternoon. Lieut. Sam Leslie and two mounted patrolmen are at present engaged in a search for the prisoner. Vasconcellos had about fifty days more to serve.

TENNIS ON ALL COURTS

Strong, accurate, high-class tennis was the rule throughout the final match in the ladies' invitation tournament on the courts of the Beretania Tennis Club last Saturday. The match was between Mrs. C. A. Elston and Miss Ethel Horner, the latter winning by the following score: 8-6, 6-2, 6-1.

The large number of ladies and gentlemen present was ample evidence of the great interest taken in the first contest between the two best lady players in the islands.

In the Pacific Tennis Club matches in the Alexander Cup tournament Saturday afternoon, the following was the result:

Derby won from Brock, 6-3, 6-3.

Roth won from Fuller, 6-3, 6-2.

Derby and Roth play for the cup this afternoon at 4 o'clock at the Pacific Tennis Club courts.

The place to get pure Kona coffee is at C. J. Day's grocery, 25c per lb. *
