HONOLULU, HAWAII TERRITORY, TUESDAY, AUGUST 22, 1905.

PRICE FIVE CENTS.

HONOLULU IS LOVELIER FAR THAN DREAMS

E. H. Harriman and Party Enjoy Best Day of Their Lives and Will Return Here to Stay Longer.

President E. H. Harriman of the many "Harriman" railroad lines and R. P. Schwerin of the Pacific Mail Steamship Company drove the big ocean liner *Siberia* from San Francisco to Honolulu in record time. Then, meeting with true Hawaiian hospitality, they delayed the same racer four hours yesterday the better to enjoy what was offered.

Both President Harriman and Manager Schwerin denied yesterday that their trip was for business. "Mostly pleasure," was the way they expressed it.

"We must get away tonight in order to get an extra day in Japan," said Mr. Harriman regretfully last night. "But we're coming back on the *Siberia* and seeing she's pretty speedy we'll get an extra day here on the return."

Mr. Harriman was accompanied by Mrs. Harriman, their children, and Mr. and Mrs. Robert Goellet and others.

And from the time the steamer landed them into four automobiles at 9 o'clock in the morning until the *Siberia* backed out twelve hours later the visitors, from what they joyfully chorused on leaving, had the time of their lives.

By cable order of Mr. Schwerin there were four automobiles at the pier when the steamer made fast after a record run of four days and nineteen hours. Into these the party were comfortably stowed away and Colonel G. W. Macfarlane took charge and led the way with Mrs. Harriman to the Pali.

Here a short stop was made while the ladies and gentlemen admired the wonderful scenery under a perfect sky. The visitors went into raptures over the view and it was only the nearness of luncheon that turned them back. The drive was then made to the Hawaiian Hotel Annex, where an order had been sent for canoes.

At one o'clock the whole party went into the surf and apparently no one enjoyed it more than Mr. Harriman, who took a lead in the sport.

After the bath Mr. Harriman and Mr. Schwerin drove in to Young's Hotel, where an elaborate luncheon was set to 36 guests invited by William F. Pfeiffer to meet the transportation king.

At luncheon President Harriman brought up the fact that in 1859 his uncle, Henry A. Nelson, secretary to King Kamehameha IV, had met his death at the hands of that monarch. "Since then," said Mr. Harriman, "the name Henry in our family has been thought unlucky. But in that it connects us with these lovely islands and gives us a place in their history, perhaps it was after all a very lucky name."

During this time Colonel Macfarlane entertained Mr. and Mrs. Goellet, Mrs. Harriman and the rest of the party at a luncheon at the Annex in the lanai. The Hawaiian quintet furnished the music of the hour.

Mr. Harriman returned accompanied by Acting Governor Atkinson and Mr. Schwerin and the whole party visited the Aquarium. Here they were joined by ex-Governor Cleghorn and went to his place and inspected the tropical fruits and flowers of the islands.

After this all agreed that another surf bath and swim was too good to lose and when Colonel Macfarlane also asked them to taste Hawaiian delicacies at dinner Mr. Harriman did not hesitate an instant. "Instead of sailing at 5 o'clock we'll sail at 9," he said, and orders to this effect were telephoned in. So, after tea at ex-Governor Cleghorn's, all went back to the Annex and Acting Governor Atkinson took them in for another bout with the surf.

At 6:30 p. m. the start back from Waikiki was made and at 7 o'clock they came down to dinner at the Royal Hawai-

ian Hotel with Colonel Macfarlane as host.

Among the delicacies particularly appreciated by the guests were the mullet dressed with ti leaves, the alligator pears, the Hawaiian lobster and the Hawaiian mushrooms, the last specially pleasing Mrs. Harriman.

At this dinner the following guests were present:

E. H. Harriman, Mrs. E. H. Harriman, Miss Harriman, Miss Carol Harriman, Miss Cordelia Harriman, R. P. Schwerin, Dr. W. G. Lyle, W. G. Irwin, A. L. C. Atkinson, A. S. Cleghorn, Alexander Gartley.

At 8:30 o'clock the start was made for the steamer, where the Hawaiian quintet again received them with music. The last goodbyes were said, the gang-plank was cast off and to the strains of "Aloha Oe" the big liner forward and waved farewell. "We're coming back soon!" they cried.

Manager R. P. Schwerin denied yesterday that the Pacific Mail Company contemplates any changes in either its schedule or tariffs. "They are both satisfactory," he said.

President Harriman, while genially expressing his delight at his first visit to Hawaii, was absolutely non-committal as to his plans, except to say that his trip had very little business significance. "I will say that I am not concerned particularly about the boycott and I am not looking after railroad contracts in China."

"We shall return here on the *Siberia* and maybe spend a longer time here. We certainly hope to, for our day has been one of the most pleasant we have ever spent."

Mr. Harriman made the statement after his surf experience that in all of his travels he had become acquainted with no summer resort which matched Honolulu and that while he thought every boy dreamed of the Hawaiian Islands, they had exceeded his boyish dreams.

OTHERS OF THE PARTY.

In the party with President Harriman and Manager R. P. Schwerin are Mrs. Harriman, Miss Mary Harriman, Miss Cornelia Harriman, Miss Carol Harriman, Master Averill Harriman, Master Roland Harriman, Mr. and Mrs. Robert Goellet, Octavius Bates, tutor to the Harriman children, and Mr. Harriman's two secretaries, Dr. W. G. Lyle, H. Neill and G. C. McKnight.

Mr. Goellet is a brother of the Duchess of Roxburghe. Mr. Goellet is accompanied by his bride of a few months. Their marriage in Philadelphia about a year ago was a society event of the first importance. Mrs. Goellet was a Miss Elsie Whelan of the Quaker City, and she and her husband are numbered among the chosen set of Newport and Gotham.

The Goellet family is an old and socially prominent one of New York, (Continued on Page 2.)

BANK DEAL CONFIRMED

New Coast Representative for First National Bank.

James B. Castle, who arrived from San Francisco by the *Siberia* yesterday, confirmed the report that he and the S. N. Castle estate have taken over and will control sixty per cent. of the First National Bank stock.

Seen at his Waikiki residence yesterday afternoon, Mr. Castle said:

"In conjunction with others I have bought the Kunst and Cooper holdings in the First National Bank, but it is nonsense to say that I have purchased control of the bank. The purchase end of the deal involves Mr. Kunst's and Mr. Cooper's interests alone."

"Yes, I would have liked to secure the Coast holdings and placed them here, but the holders declined to part with their stock. They are of the opinion that the stock is good to hold and their good estimate of it would seem to have been enhanced by the transaction in question. Between 500 and 1000 shares are held at the Coast. The amount involved is something less than \$150,000."

In connection with and forming part of the transaction, Mr. Castle made arrangements for the Commercial Bank of Canada to represent the local bank in San Francisco in place of the First National Bank of San Francisco.

"The transfer," explained Mr. Castle, "was effected because for years past I have had extensive business dealings with the Commercial Bank of Canada, and wished to intertwine interests. The relations between the local bank and the First National Bank of San Francisco have always been eminently satisfactory."

Cashier Cooper, whose health has been poor for some time past, has been making efforts to reach the Coast before winter sets in and the bank deal has been speedily consummated in order that Mr. Cooper's desire may be realized. It is probable that L. Tenney Peck will succeed him as cashier.

Mr. Castle made a flying trip, departing and returning on the *Siberia*.

AMERICA MARU TO COME.

The Examiner of August 14 says: The liner *America Maru*, of the Toyo Kisen Kaisha Company, is to leave Yokohama about the middle of September for this city, resuming business with the Orient. The *Nippon Maru* and *Hongkong Maru*, sister ships, are to follow as soon as they can be made ready for service. The *America Maru*, though taking a prominent part in the war between Japan and Russia, was not altered so much as her sister ships, and is therefore more ready to return to the line connecting with this city. It is presumed that Captain Philip Goring will be in command. The return of the three fine liners to this port will be heartily welcomed, and in view of the fact that the Russian war ships have been eliminated from the situation on the Asiatic coast there is little prospect that the liners will again be impressed into the service of the country during the war.

MR. SWANZY IN JAPAN.

F. M. Swanzy, President of the Planters' Association, is apparently enjoying himself quietly in Japan, but is not accomplishing much. He has only had one interview, it is reported, with the Vice-Minister of Foreign Affairs, with whom he desired to discuss certain matters. The Foreign Office is a busy place just now, and Mr. Swanzy cannot receive the attention he might otherwise have. It is reported that he represents the Territorial Board of Immigration of Hawaii. —Shinpo.

Acting Governor Atkinson yesterday denied that F. M. Swanzy was representing the Hawaiian Territorial Board of Immigration in the Orient. Swanzy is president of the Planters' Association and was reported to be acting officially on the Orient.

The *Siberia* is to stop at Midway, where Mr. Harriman wished to look for cablegrams. This being the case a mail was sent to the Midway colony.

AGENCY FOR HONOLULU

Secret Service to Be Established in This City.

(Mail Special to the Advertiser.)

WASHINGTON, D. C., August 5.—The branch of the United States Secret Service being planned for Hawaii will be established about September 1. Chief John E. Wilkie, who visited Honolulu in May, has just returned here from a long trip in the Orient, over which much mystery is made. He said today that by the end of August he would probably be able to say who would be placed in charge of this branch.

"The duties of the Secret Service Agent in Hawaii," said Mr. Wilkie, "will be of the same general nature as the duties of the Secret Service officials here in Washington. Our object is to relieve the United States District Attorney and Marshal from much of the work they now do for us. Both those officials in Hawaii are very good men and have served us splendidly."

Mr. Wilkie added that his stay in Honolulu was very brief, but nevertheless enjoyable. He alluded to the objects of interest he saw about the city and vicinity and said he would have liked to remain in the city much longer than he was able to do.

SARGENT LIKES US.

Commissioner General of Immigration F. P. Sargent has also just arrived here, after his trip to Honolulu and to points on the Pacific Coast. He is emphatic in his praise of the Hawaiian people and of their hospitality to him. "I had a delightful time," said Mr. Sargent, "when I was in Hawaii two years ago. I made a lot of friends, whose faces I was glad to see again on my return here. But I also became acquainted with many more people on my recent trip. I was never more pleasantly entertained. The courtesy and cordiality of the islands are famous. On my last trip I had a better opportunity of seeing what the territory of Hawaii is, for I visited the islands of Hawaii and Maui and gained a more definite idea of the extent of the territory."

"It is very certain," added Mr. Sargent, when the migration of Japanese to the mainland was mentioned, "that we have no power to prevent them going from Hawaii to the Coast as freely as they choose. The islands are a part of the United States and it is not for the authorities to say that people in one part of the United States shall not go to another part of the United States. These Japanese are now coming to the Coast very generally. There are agents among them on the plantations who advise them to do so. I am sure such migration on the part of these Japanese is very unwise for them, all things considered, but as I have said, we are powerless to prevent it."

"Did you gather any new ideas about Chinese labor?"

"No," Mr. Sargent replied. "I do not believe it at all likely that Congress is going to authorize the admission of more Chinese to Hawaii, and I frankly told the people of Hawaii so when I visited there. Public sentiment is still too strongly against the Chinese to permit of such legislation and then there is the difficulty of confining the Chinese to Hawaii, because it is not easy to enact constitutional laws, applying to one part of a country and not to another part."

Mr. Sargent mentioned his conferences with the Territorial Immigration Commission and expressed the view that that commission is progressing splendidly with its work. He added, what is already well understood in Hawaii, that the federal government will interpose no objection to the territory advertising for immigrants from foreign countries. He also mentioned his satisfaction with the new immigrant station at Honolulu.

THE QUARANTINE WHARF.

It was stated at the office of the Supervising Architect of the Treasury today that nothing new has developed in the matter of bids for constructing the Quarantine wharf. "We (Continued on Page 2.)

BENNINGTON BLAME FIXED

Ensign Wade Held to Have Been Negligent of Duty and Will Be Court-Martialed.

(Associated Press Cablegrams.)

WASHINGTON, August 22.—The findings of the Bennington Commission are that Ensign Wade was negligent of his duty. A court-martial is recommended.

SOME OPTIMISM BUT PEACE OUTLOOK DARK

OYSTER BAY, August 22.—The President is hopeful of peace. The powers are exerting pressure on the Czar to stop the war.

ST. PETERSBURG, August 22.—Envoy de Witte has been instructed not to concede Saghalien island or an indemnity.

PORTSMOUTH, August 22.—The powers are pessimistic and unyielding.

EARL OF ROMNEY DEAD.

LONDON, August 22.—The Earl of Romney is dead.

Charles Marsham, 4th Earl of Romney, was born at Boxley House March 7th, 1841, the son of the third Earl of Romney and Margaret, daughter of the 4th Duke of Buccleugh. He succeeded to the title in 1874. He was a large land owner and noted for his interest in scientific subjects.

SULTAN OF JOLO WANTS TO MARRY ALICE ROOSEVELT

JOLO, August 22.—Secretary Taft's party was elaborately entertained here. The Sultan offered himself in marriage to Miss Roosevelt.

DEATH OF AN AUTHORESS.

NEW YORK, August 22.—Mary Mapes Dodge, the authoress, is dead.

Mary Mapes Dodge was the editor of *St. Nicholas* from its first number in 1873 and many of her best known stories and verses appeared in its pages. She was born in New York City and was 70 years of age at her death. Among some of her most popular work were *Hans Bunker*, *Donald* and *Dorothy*, the *Land of Pluck* and others.

AFTERNOON REPORT.

LONDON, August 21.—The British Foreign Office does not believe that Japan will modify its terms.

SAN FRANCISCO, August 21.—Governor Carter of Hawaii is here and will sail for Honolulu on the Mongolia Saturday, to resume his duties.

SAN FRANCISCO, August 21.—The old Oceanic liner *Australia*, which was captured yesterday by the Japanese, left San Francisco May 24th with contraband goods for the Russians.

WARSAW, August 21.—A general strike has been proclaimed in Poland as a protest against the disregard of the alleged rights of the Poles in the national assembly scheme.

MINUTE'S DELAY SAVED CAPTAIN ROLF'S LIFE

An eye-witness to the Bennington tragedy, and one who narrowly escaped being a participant in the disaster, passed through Honolulu yesterday, in the person of Captain Rolf, U. S. A.

Captain Rolf, accompanied by the surgeon of Fort Rosecrans, near San Diego, was in a launch en route to the warship. The captain was going aboard to say goodbye to some of the officers, but luckily was a little late in starting from shore.

"I had told my wife that I was going aboard the *Bennington*," said Captain Rolf yesterday, "and with the doctor accompanying me, we were on the way when I saw the disaster. We were perhaps, half a mile from the vessel. I was looking directly at the boat at the time. The decks seemed to be lifted out bodily, and the air was rent with the noise of the blast. Steam, debris, bodies and smoke filled the space above the vessel in an instant."

"We put on full speed and on reaching the side of the stricken vessel, we went aboard. The sight which met my eyes I shall never forget. The decks and the whole ship, in fact, seemed to be covered with mud. Everything was blackened. Men, dead and wounded were lying about, many of the wounded being in a pitiable state. Some of them stumbled about with the flesh literally hanging from their faces, necks, arms and hands, in shreds. They looked as if they had been cooked alive."

"It was probably ten or twelve minutes before Captain Young came aboard, he having been ashore at the moment of the explosion."

**FIRST AMERICAN SAVING AND
TRUST CO. OF HAWAII, LTD.**

**THE NAHIKU
RUBBER CO.**

**Holds a Special Meeting
for Purposes of In-
formation.**

An informal meeting of the Nahiku Rubber Company was held at Republic headquarters last night.

Mr. Anderson, manager of the company's plantation, attended and answered questions about the conditions of things there. W. W. Hall presided and a score of people were present.

Asked how soon he would have the 800 acres of the estate planted, Mr. Anderson said he hoped to have that work completed next year, though the prospectus gave three years.

From 720 seedlings planted after the first of January this year 450 trees were growing. Three hundred were permanently set out. In height the young trees ranged from 6 feet to 9 feet 9 inches. Eighty-five thousand seeds were planted in beds in May, of which 2525 came up owing to bad seed. Just before leaving Nahiku on his present visit to town Mr. Anderson had planted 13,000 seeds and there were 15,000 on hand still to be planted.

He explained that seeds obtained from a highly reputed house in Paris had turned out badly. Director Jared G. Smith of the U. S. Experiment Station had told him there was no doubt the house would make good. Louis Toussaint caused smiles by his questioning the wisdom of buying rubber seeds in Paris. "I am a Frenchman," he remarked, "but France does not grow rubber."

Returning to his account of planting, Mr. Anderson told of 17,000 seeds, the greater portion Nevea, planted in June. They had put in between 22,000 and 23,000 trees, of which 95 per cent. were growing.

Mr. Hall said that, according to the prospectus, they were to have 60,000 trees planted this year, but now they hoped to have 80,000. They had 50,000 seeds from two houses in Ceylon, in equal portions. Some time ago 10,000 stumps were cabled for, and they had just cabled for 50,000 more.

Mr. Anderson explained the culture from stumps. They come like bundles of dried sticks and when planted the tops die away, the living growth being derived from a sprout that germinates at the root. Sometimes the sprout will run laterally several inches under ground before poking its head above the surface. All the plants, so far as germinated, were doing well. Some had come from Ceylon roughly packed in kerosene oil tins, and though seemingly of low vitality came up in three weeks.

Five plants of the Castillon from Mexico received from the Government about the middle of May all lived and are now 2-3 feet high.

The soil at Nahiku was about the same as that of the Mexican plantations. It was better than that of Ceylon and nearly as good as the soil at the mouth of the Amazon. Mr. Shaw remarked that on part of the land he had raised 42 tons of sugar cane to the acre without fertilizing.

There are 23 men now employed on the plantation, divided between Portuguese and Japanese. When the tapping season comes, about 80 men will be required.

The manager has a contract out for clearing 50 acres at a cost of about \$10 an acre, but when it comes to lantana clearing the expense will be \$2 or \$3 greater.

The plantation is situated six to eight miles from Hana landing, to which a road leads.

A rubber tree planted at Nahiku in 1898 now measures 48 inches in girth. At the meeting a sample of rubber made from this tree was handed around for inspection. It is calculated that about a pound and a half of rubber a season will be the average yield of a tree.

Mention was made of a cacao culture experiment as a side issue on the plan-

tation. Seeds sent up by Mr. Hall were planted in February, but never grew. Mr. Hall had received 200 seeds from Mrs. Foster's garden which would be tried. Mr. Anderson made it clear that there was little risk in trying cacao as an auxiliary product, because it did not take the ground area. It is only a shrub and had room enough to grow between the rubber trees. If it thrived, which was uncertain, it would be very profitable.

Finally, Dr. Waterhouse read an account of his travels in the Far East, besides answering all manner of questions.

All of the stock of the Nahiku Rubber Co. has been issued.

**EIDAM'S DEATH
WAS ACCIDENTAL**

A verdict of death by accident was rendered by the jury in the case of Ole Eidam, the Norwegian sailor, who plunged to his death over the side of the bark James Nesmith about 3:30 a. m. Sunday. The inquest was held last evening at police headquarters, Deputy Sheriff Kalakela conducting the investigation. The jury found nothing whatever incriminating William Olonski, the Russian nightwatchman on the James Nesmith, he having merely acted in consonance with his duty, by ordering the deceased off the vessel, aboard of which he had gone by mistake, thinking it was the Carradale.

Olonski's story of the affair convinced the jury that Eidam had brought on his death through his own carelessness, and owing largely to the fact that he had been very drunk all night. Olonski made a very favorable impression on the jury, and his story corroborated that of First Mate Timms. Olonski had been detained at the police station since the tragedy, and had had no opportunity whatever to compare notes with anyone. Dr. McDonald testified as to the injuries received by the deceased, the worst being complete fractures of the frontal bone and the upper maxillary bone, and a smashed nose.

**HONOLULU IS LOVELIER
FAR THAN DREAMS**

(Continued from Page 1.)

and is generally credited with wealth aggregating a million a hundred times over. The mother, Mrs. Robert Golet, moves in the select circles of London and Berlin, and within the past twelve months has in foreign waters entertained on her steam yacht, the Nahma, Emperor William of Germany and fifteen of his suite. It was her daughter, the sister of the Palace guest, who married the Duke of Roxburgh.

Young Golet chose the law as his profession, but has not seriously followed in the footsteps of Blackstone. With his wife he is a devotee of the automobile, and has been so reckless as his own chauffeur as to have been arrested on several occasions in Philadelphia and New York. About a year and a half ago James Abell's impersonation of Golet caused the latter and his family no end of annoyance and notoriety.

At the luncheon given Mr. Harriman and Mr. Schwerin, at the Young Hotel, the following were present quite informally:

E. H. Harriman, R. P. Schwerin, Capt. Humphreys, Acting Gov. Atkinson, E. R. Stackable, L. E. Cofer, F. J. Lowrey, G. W. Smith, Wm. C. Lyons, W. O. Smith, J. A. Kennedy, A. A. Young, E. M. Boyd, Capt. Smith, F. W. Bechtel, R. H. Chamberlain, J. K. Brown, E. D. Tenney, W. G. Irwin, F. F. Klamp, F. W. Klebahn, C. A. Cooke, F. P. Baldwin, Geo. M. Rolph, E. E. Paxton, G. Davies, H. Focke, Robt. Breckons, Wm. Pfotenauer, M. Saito, Capt. Fuller, Jos. J. Pratt, C. S. Holloway, Richard Ivers.

A CRUEL HOAX.

There is positively no foundation for the rumor published by an evening paper yesterday, that a cablegram had been received from Midway to the effect that the schooner Charles Levi Woodbury was safe with all hands at Laysan. Superintendent J. D. Gaines of the cable office, in contradicting the rumor to an Advertiser reporter last night, remarked that it was cruel to buoy up the relatives of the vessel's crew with false reports.

AGENCY FOR HONOLULU

(Continued from Page 1.)

have instructed Mr. Roberts, our agent at San Francisco," said Mr. Charles E. Kemper, the executive officer, "to collect these new bids, both those from bidders on the Pacific Coast and those from Hawaii, and as soon as he receives all these bids he will forward them here to be opened. We can not tell yet just how soon that will be or how soon the award will be made."

The representatives of the Territory, who come here this winter seeking appropriations for various purposes, will have to bear in mind that a great determination for economy prevails. Economy was the cry long before Congress met last December. It was difficult to secure appropriations last winter because of efforts to keep down expenses. But now, from all appearances, those efforts are to be redoubled. The slogan was sounded by Speaker Cannon, when in town a few days ago. Mr. Cannon is a standpatter of pronounced type. He was one of the leaders who, last year, fought the tariff revision advocates, including the President, to a standstill. But now Mr. Cannon is going a step farther. He not only wants no tariff revision, but he wants no revenue legislation for the purpose of making up the deficit. Mr. Cannon said when here that the country could stand two or three more deficits of \$25,000,000 without being seriously embarrassed. He scouted the idea that there would be any warrant for stirring up the business of the country by any kind of revenue legislation. On the other hand he talked the necessity of cutting down appropriations all along the line. He is determined to inaugurate a vigorous crusade against lump appropriations. He proposes to discipline the extravagant department chiefs, who, in the piping times since the Spanish war, have gotten a taste of lump appropriations with wide authority in disbursement. It is also plain that Mr. Cannon intends to assert the will of the House more emphatically than it has been asserted since the days of the indomitable Reed. He will be on his second term and, of course, a little more firmly established than ever in his place. Last year he did something towards conquering the Senate and bringing its leaders into accord with his policy for retrenchment and economy. Now he proposes to tackle the departments. It is altogether probable, under all the circumstances, that Mr. Cannon will succeed to a degree. The prevalence of scandals in the departments and a general sentiment that the government is spending far too much money will aid Mr. Cannon in his economy campaign.

NOT MUCH FOR HAWAII.

Therefore it is that the Hawaiian interests, as well as other interests seeking money for public improvements will have to calculate upon this feature of the Washington situation. The economy cry will be backed by the standpat tariff crowd, than which there is no more influential contingent just at present within the Republican party. While with them, as a rule, the total of government expenditures is a secondary consideration, they will fight to keep the deficit down lest any attempt at revenue legislation disturb the precious tariff schedules and alarm the captains of industry.

At the Supervising Architects Office today an inquiry was made as to the probability of completing the work on public buildings already authorized so that further authorizations by Congress this coming winter could be taken up promptly. The reply was that the numerous public buildings now under way were progressing sufficiently so that the Supervising Architect's office could handle some new business, but that it would probably be only the authorizations of buildings on sites already acquired by the government. Speaker Cannon will undoubtedly restrict the public building bill to the very smallest possible amount, but it looks as though there would be some warrant for inaugurating efforts in behalf of Honolulu public building projects.

The real legislative work of the next session of Congress, or of the next two sessions, will not begin till after January 1, 1906. Even if there be an extra session in November it will last but three weeks and Speaker Cannon told me, when here, that he had little idea the House would accomplish anything at the extra session more than to organize.

DEPARTMENT SCANDALS.

Departmental scandals have been rearing their heads more and more prominently as the summer weeks pass. The Department of Agriculture has been shown to be honeycombed with irregularities and graft. At first, when Edwin S. Holmes, Jr., associate statistician, was dismissed for selling information about cotton crop reports to New York brokers, it was declared that the department had been purged and that no further dismissals were in prospect. But organizations and newspapers all over the country have been pounding away at Secretary Wilson. The result has been that several other employees have been let out and the end does not seem to be yet. The Bureau of Animal Industry is now under fire, in connection with the contracts for an ingenious and very useful little meat label, built on a gelatine foundation and lettered in indelible ink, used to stamp carcasses to show that United States Inspectors have passed them. It is not unlikely that Dr. D. E. Salmon, the chief of the Bureau, will have to resign. He is already embarrassed by the disclosures of petty irregularities.

The Geological Survey has also been under fire, because of its connection with the Mining World, of Chicago, a magazine calculated, among other things, to enable the officials of the survey to meet criticisms of the survey or its work. The charges in that connection have various ramifications, tending to involve government scientists in selling information to magazines in advance of its publication in regular government reports. The local papers have been full of these and other scandals, the disclosures being even more general than in the days of the airing of the Postoffice scandals.

THE FUNDAMENTAL LAW OF HAWAII CONTAINS:

1. The first Constitution of Kamehameha III, 1840, including the previously issued Bill of Rights.
2. The first laws of Hawaii, enacted under Kamehameha III, (1833-1842), published together in 1842.
3. The law creating and principles guiding the Land Commission.
4. The second Constitution of Kamehameha III, 1852.
5. The Constitution of Kamehameha V, 1864.
6. The Constitution of Kalakaua, 1887.
7. The Proclamation and orders incident to the establishment of the Provisional Government, 1893.
8. The Constitution of the Republic of Hawaii, 1894.
9. The treaty annexing Hawaii to the United States, 1897.
10. The Resolution of the Hawaiian Senate ratifying the annexation treaty, 1897.
11. The Joint Resolution of Congress annexing Hawaii, 1898.
12. The documents and procedure incident to the transfer of the sovereignty and possession of Hawaii to the United States, 1898; and the executive orders of President McKinley, relating to the government of Hawaii, issued during the transition period between the date of annexation and the passage of the Organic Act, 1898-1900.
13. The Act of Congress organizing Hawaii into a Territory, 1900.

THE GAME WAS SOLD

Finding of Investigating Committee in Base- ball Scandal.

The Committee appointed by the Winter Baseball League to investigate the charge of Mr. Bento, that the game between the Aala Baseball Club and the Honolulu Iron Works Baseball Club, played on August 13, was sold, sustains the charge and is of the unanimous opinion that Anderson of the Aalas bet money on the opposing team and recommend that he be expelled from the league.

We find that the evidence against Eddie Ayau is insufficient and therefore would recommend that he be exonerated.

The last chapter of the Winter League's diverting story of frenzied baseball finance was reached last night at a meeting held in the Young Hotel, when remaining evidence was taken and Investigating Committeemen Falk, Moore and Williams found as above.

C. R. Rowe was put on the rack and he testified that he had heard Anderson of the Aalas state that he had been pitching for glory long enough and was tired of it and saw fit to make a little money on the Aalas-Iron Works game. He was out of a job and needed money and said that if he wanted glory he could get all he wanted by playing in the big league. He further said that when the gang made \$50 on his pitching no one ever had the grace to step up and give him a dollar.

Charles "Billy Bounce" Osborn deposed that right-field Walker of the Aalas told him he would quit the team unless he got his "divvy."

L. H. Linanda, J. S. de Souza and F. Luning contributed immaterial evidence and the hearing closed.

The finding of the investigation committee will be acted on at its regular meeting on Thursday.

So terminates the incident, unsavory itself and bound to exert a harmful influence on local baseball. Anderson has placed blue water between himself and Honolulu and with him goes all the blame and the shame.

The committee's finding was in accordance with the evidence adduced, but it behooves the management of the league to keep stricter tab upon the speculation of the players in future and to deal with offenders summarily.

Otherwise the Winter League, as far as public interest is concerned, is a gone con.

Tests Patience

The Most Patient Honolulu Citizen Must Show Annoyance at Times. Nothing spoils a good disposition. Nothing taxes a man's patience. Like any itchinness of the skin.

Itching Piles almost drive you crazy. All day it makes you miserable. All night it keeps you awake. Itch! Itch! Itch! with no relief. Just the same with Eczema. Can hardly keep from scratching it. You would do so but you know it makes it worse. Such miseries are daily decreasing. People are learning they can be cured. Learning the merit of Doan's Ointment.

Plenty of proof that Doan's Ointment will cure Piles, Eczema or any Itchinness of the skin.

Frank Leibly of 326 S. Main st., Wilkesbarre, Pa., U. S., says: "It is with much pleasure that I testify to the merits of Doan's Ointment in cases of itching piles. I suffered from that tormenting affliction for the past year. I tried nearly everything that was recommended to me and what I saw advertised, but I could get no relief. Finally I procured Doan's Ointment. After a few applications I was much relieved, and, continuing the treatment, I was soon completely cured. I have felt no signs of that intolerable itching since, and it is four months ago since I used Doan's Ointment. To say that I was delighted is only half expressing my enthusiasm. I recommend this remedy whenever the opportunity is presented. You may publish my statement at any time and I can always be found at 326 S. Main street, and will vouch for the same."

Doan's Ointment for sale by all dealers; price 50 cents. Mailed by The Hollister Drug Co., agents for the Hawaiian Islands.

Remember the name DOAN'S, and take no substitute.

RAPID TRANSIT OFFICIAL LEAVES

Daniel Nicholson, assistant superintendent of transportation, with the H. R. T. & L. Co., having resigned his position to accept a similar one in Washington, C. S. Stephens has been promoted to succeed him.

Both these gentlemen have been in the service of the company since its organization and are held in deservedly

high esteem both by the officials and the employees. Mr. Stephens is especially well fitted for his new duties, having acted at various times in practically every capacity as an employee, both on the road and in the office.

Last evening in the company's clubhouse Mr. Nicholson was presented by the employees with a 32-degree Masonic ring set with a large solitaire diamond, as an evidence of the esteem in which he is held by all. In the presentation address many tributes were paid to Mr. Nicholson for his particular qualities of head and heart, and for his ceaseless vigilance in seeking to promote the best interest, not only of the company, but also of the men. During the entire period of his service he has maintained a uniformly courteous and agreeable manner, thereby making good discipline easy to enforce and service cheerful and prompt.

Much regret is expressed at his leaving and he carries with him, to his new duties, the very best wishes of his associates and friends.

CAME FROM TORONTO TO BECOME BRIDE

From Toronto to Honolulu came a bride-to-be yesterday on the steamship Siberia, and in the afternoon a pretty wedding in St. Andrews' Episcopal Cathedral was the happy ending of the long journey. Miss Claire E. H. Borron was the bride, and Mr. Thorvald Brant of Waimea, Kauai, was the groom. The couple were united in marriage by Bishop Restarick.

In the evening a delightful wedding supper was served in the private dining room of the Hawaiian Hotel, covers being laid for eleven guests. The guests ate at a circular table. From the chandelier overhead festoons of malle drooped to the edges of the table and in the center was a bowl of roses. Mr. and Mrs. Brant will leave for their future home on Kauai on the steamer leaving this afternoon.

FUN AT THE ZOO WEDNESDAY NIGHT

An entire change of bill will be seen in the theater at the Zoo this week, and one full of variety and fun. Mr. Geo. Kunkel is back again after a siege of illness, and has stored away a bunch of fun with topical local verses on a popular new song, and it is to laugh to see and hear him.

Mr. Oskar, the German Hercules, who has had his challenge of strength in the papers, but as yet has met with no opposition, has been engaged for Wednesday night at the Zoo, and he will do all kinds of strong acts in lifting, carrying, etc.

The tight rope walker has been arranging his wires, paraphernalia, etc., for his act and promises something new and interesting in the mid-air line. An excellent young zither player, who handles the instrument like an artist, is on the program for selections, accompanied by Mr. E. Kaal also on the zither.

So the program is full of mirth, music and entertainment, and Wednesday night the night.

UNCLAIMED LETTER LIST

LANGSTON'S DEPARTURE

His Partner McDonald Objects to Being Implicated.

A. P. McDonald of the firm of McDonald & Langston, speaking last night to an Advertiser reporter about the departure of his partner in the China last week, objected to the implied "slur" on himself in an evening paper.

"I have always carried on business here upon the square," Mr. McDonald said. "When I started the job on Mr. Douthitt's house," he continued, "my intentions were to complete it without any incumbrance or any lien upon it. I hope to be able to make arrangements for completing the contract without involving the owner in any loss."

"My work throughout the islands ought to be proof of my fair dealing. The Cooke villa in Nuuanu and the Industrial School buildings at Waialea speak for themselves among other examples."

"As to Mr. Langston's sudden leaving, there is no evidence that he took any of the funds of the firm. It is but a surmise so far, as I have not gone to the bottom of our affairs. The first I knew that my partner had gone was when I saw it in a paper as I was riding out to Waialea on Friday evening. "I intend to keep on the contract business after the affairs of McDonald & Langston have been straightened up," Mr. McDonald concluded.

In the Sunday Advertiser the news was given of a lien for \$1215.34 having been put on Mr. Douthitt's new house at Waialea by Lewers & Cooke, service being on McDonald & Langston and the owner.

WHAT IT WILL DO.

A woman buys a sewing machine for what it will do; not as an article of furniture. A man carries a watch to tell him the time; not as an investment of surplus capital. The same principle when one is ill. We want the medicine or the treatment which will relieve and cure. The friend in need must be a friend indeed, something, or somebody, with a reputation. There should be no guesswork in treating disease. People have the right to know what a medicine is, and what it will do, before they take it. It must have behind it an open record of benefit to others for the same diseases, a series of cures that proves its merit and inspires confidence. It is because it has such a record that WAMPOLE'S PREPARATION is bought and used without hesitation or doubt. Its Good Name is the solid basis for the faith the people have in it; and a good name has to be earned by good deeds. It does what you have a right to expect it to do. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. In Scrofula, Anemia, Nervous and General Debility, Influenza and Wasting Complaints, it is to be thoroughly relied upon. Doctor J. L. Carrick says: "I have had remarkable success with it in the treatment of Consumption, Chronic Bronchitis, Catarrh and Scrofulous Affections. It is of special value in nervous prostration and depraved nutrition; it stimulates the appetite and the digestion, promotes assimilation, and enters directly into the circulation with the food. I consider it a marvelous success in medicine." Every dose effective. "You cannot be disappointed in it." Sold by chemists throughout the world.

THE NEW FRENCH REMEDY, THERAPION.

This successful and popular remedy, used in the Continental Hospitals by Ricord, Bostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed.

THERAPION NO. 1 maintains its world-renowned and well-merited reputation for derangements of the kidneys, pains in the back, and kindred ailments, affording prompt relief where other well-tried remedies have been powerless.

THERAPION NO. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of joints, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, etc., to the destruction of sufferer's teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION NO. 3 for exhaustion, sleeplessness, and all distressing consequences of dissipation, worry, overwork, etc. It possesses surprising power in restoring strength and vigor to those suffering from the enervating influences of long residence in hot, unhealthy climates.

THERAPION is sold by the principal Chemists and Merchants throughout the world. Price in England, 2s. 6d. and 4s. 6d. In order to state which number is required, and observe that the word "Therapion" appears on the British Government Stamp (in white letters on a red ground) affixed to every genuine package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

WALTER G. SMITH : : : : : EDITOR.

TUESDAY AUGUST 22.

THE NEW GERMAN TARIFF.

The recent action of the German Reichstag in ratifying the new commercial treaties with Russia, Austria-Hungary, Italy, Switzerland, Belgium, Roumania, and Servia completes the work of preparation of a new German tariff on which the Imperial Government has been engaged since 1898. The new tariff law will go into effect March 1, 1906, and will remain in force at least until the end of 1917.

Under the old tariff imports from the United States have been subject to the lower or "conventional" set of duties, at first under the so-called "Saratoga convention" of 1892, now no longer in force, and later by virtue of the commercial agreement between the United States and Germany of July 10, 1900. By the terms of that agreement this country was granted the conventional rates of duty fixed by the commercial treaties of 1891-1894 between Germany and the seven countries mentioned above, in consideration of the reduction of duties on imports into the United States from Germany of argols, brandies, wines, paintings, and statuary, authorized by section 3 of the Dingley Act of 1897. This agreement may be terminated by either country at any time upon giving three months' previous notice. There is, moreover, a "most-favored-nation" treaty between the United States and Prussia, concluded in 1828; this treaty may be terminated upon one year's notice.

The importance of the United States to German foreign commerce is seen from the fact that during the calendar year 1903 this country held first rank among the nations from which Germany receives its imports and third rank among countries of destination of German exports, while in the foreign commerce of the United States Germany was outranked only by Great Britain both in our exports and imports.

The total exports of Germany to foreign countries increased from 756 million dollars in 1891, the years of the adoption of commercial treaties, to 1,243 million in the year 1904, an increase of about 65 per cent. During the same period the imports of the United States from Germany increased from 97 million in the fiscal year 1891 to 109 million dollars in 1904, or only about 12 per cent. The exports from this country to Germany increased in the same years from 93 million to 215 million dollars, or more than 131 per cent.

The principal exports from the United States to Germany during the fiscal year 1904, according to latest accounts of the Bureau of Statistics, were: Unmanufactured cotton, 109 million dollars; breadstuffs, over 16 million dollars; provisions about 211.2 million dollars; manufactures of copper, 111.3 millions; mineral oils, 9 millions; iron and steel manufactures, about 5 millions; unmanufactured tobacco about 5 millions; wood and manufactures, about 41.2 millions; oil cake and meal, about 4 millions; fertilizers, about 21.2 millions; and agricultural implements, about 11.2 million dollars.

The leading imports into the United States from Germany during the fiscal year 1904 were: Chemicals, over 16 million dollars; cotton manufactures, over 14 millions; iron and steel manufactures, about 61.2 millions; manufactures of silk, about 6 millions; toys, 41.2 millions; earthen and china ware, 43.4 millions; manufactures of wool, about 31.3 millions, and various articles too numerous to mention in a brief discussion.

AN OCEAN YACHT RACE.

The proposal to institute a yacht race or a series of races from San Francisco to Honolulu is a good one and deserves to be fostered into results.

As a sporting feature the event should arouse tremendous interest among mainland Corinthians and the public generally and the promotion results accruing from such a contest would be inestimable.

America is a nation of yachtsmen and the races for the America's cup and the prestige achieved by American craft therein have given the sport of yachting an impetus which should be instrumental in quickly launching the proposed cruise from the Coast to Hawaii, into the realm of probabilities. The same may be said of the recent Trans-Atlantic race for the Emperor's cup.

The effect on local yachting could not but be beneficial. Considering the ideal conditions existing here for cruising, interest in the sport is not what it should be. The island fleet of white wings is a surprisingly small one and its calibre leaves immense room for improvement. Such a race as projected would stimulate interest in the sport locally, as nothing else could, and would, besides, bring Hawaiian yachtsmen in touch with mainland yachting ideas which would certainly be reflected in the future history of our mosquito fleet.

An Hawaiian cup of value, to be competed for annually, or under the challenging conditions governing the America's Cup contests, might be worked up to assume an international aspect and even to arouse world-wide interest. Certain it is that the Californian yachtsmen would enter heartily into the venture and this alone would be of vast benefit to Hawaii from a promotion standpoint.

What better sport could be devised for the wealthy Coast boat owners than a race across the blue Pacific with fame for a guerdon and Hawaii for a goal. Such a race would test speed qualities and seaworthiness to the limit and the winner would have accomplished a feat, the memory of which would not easily fade away.

If the proposition be seriously taken in hand it must be done well. The idea of expending the niggardly amount of \$150 for an Hawaiian cup to be given for such a race is ridiculous. A thousand-dollar perpetual trophy would not be too valuable to be hung up at the end of a 2100 miles trip, necessitating a return journey. If the thing is to be done at all it must be done well.

Such a race would attract the attention of mainlanders to this country in an unique and effective manner. It would bring people here who would benefit the place financially and it would send winner and losers home, resolved to try their luck again and firmly established in the belief that whatever the fortunes of the contest, the rich, peculiar rewards of beautiful, bounteous Hawaii would ever await them.

The trouble between ex-Viceroy Curzon and Lord Kitchener in India, which led to Curzon's resignation, was over the control of the Indian army and defenses. Lord Kitchener believed that Russia, after having been eliminated from China and Korea, would invade India and that, under the present antiquated system of army organization there, the King's army would be defeated. He wanted to have entire control of military matters so as to adjust them in a new way. The Viceroy, being by virtue of his rank, the head of the army, as well as of the State, did not care to relinquish any part of his power nor did he share Lord Kitchener's extreme apprehensions, about Russia. An impasse developed which has been bridged by the Viceroy's resignation.

The arbitration proposal must be somewhat embarrassing to Russia in view of the leading part taken by the Czar in establishing the tribunal of The Hague. Universal peace so enlisted all the Czar's sympathies a few years ago that he found much fault with nations which, like Germany, did not meet him half way. Now he has a chance, which he may not relish, to take his own medicine.

Tammany has concluded to drop Mr. Hearst and not let him run for Congress again. Mr. Hearst has determined to run anyway and as a campaign starter he has sent a coupon ticket for Coney island to every family in his district. It is going to be a merry war with the chances very much against Hearst.

It will be remembered in connection with the Harriman pleasure jaunt that Colonel W. H. Holabird and a business companion passed through here several weeks ago en route to the Philippines to look up railroad investments for him in that archipelago. At least that is what they said.

Will there be any Hawaiians here 999 years from now to occupy those inalienable homes up the Palolo valley? Will there be any 99 years hence?

Mr. Harriman is said to be looking for his uncle. We did not suppose it had come to that.

Perhaps the Korea will get Diamondfield Jack and cut the record some more.

PRE-NUPTIAL DINKER FOR LOUIS A. PERRY

A complimentary dinner was tendered last evening at the Union Grill to Mr. Louis A. Perry by about twenty of his Portuguese friends, it being the eve of his departure for Wailuku, Maui, where he is to be married. One of Lycurgus' choice dinners was spread and a jolly evening was spent. M. C. Pacheco was toastmaster. The souvenir dinner card bore the following form of toasts:

TESTIMONY FOR THE PROSECUTION.

A Few Fatherly Words, M. C. Pacheco.
The Blessed Kids, Louis R. Medeiros, Grocery Bills, M. A. Silva, House Rent, Abel S. Nascimento, Doctors' Bills, A. O. Rosa, The Ice Bill, A. W. Seabury.
The Influence of the Moon on the "Block," A. K. Vierra.
Why I Remain Single, A. D. Castro, Mothers-in-Law, W. T. Raposo.
The Defendant, Louis A. Perry, will endeavor to explain how it happened.
The Jury: A. L. Perry, John P. Dias, Gaspar Silva, J. J. Garrido, M. R. Medeiros, Antone Fraga, M. D. Freitas, M. Machado, A. A. Araujo, M. C. Lindo, J. P. Rego, J. G. Correia.
Verdict: Hopeless disagreement.

DO YOU WANT A BOOK FREE?

August 21, 1905.

Editor Advertiser: May I call attention through your columns to the fact that the delegate to congress, Hon. J. K. Kalaniana'ole, has caused to be sent to the Board of Agriculture and Forestry for distribution his quota of the year book of the U. S. Department of Agriculture for 1903.

The year book is an illustrated bound volume of over seven hundred pages, containing articles describing the work of the various bureaus and divisions of the department, which show how the investigations of the specialists of the department are of practical value to the people of the country. The volume is a very suggestive and helpful one and should be in the hands of every person who has to do with agriculture in this Territory.

While the supply lasts copies of the 1903 year book may be obtained free by addressing a request to Year Book Clerk, Board of Agriculture and Forestry, Box 331, Honolulu, Hawaii.

Very truly yours,
RALPH S. HOSMER,
Superintendent of Forestry.

GILLMORE HERE AGAIN.

Commander J. C. Gillmore, U. S. N., passed through Honolulu yesterday en route to Manila where he will be assigned to duty with the Asiatic fleet. Commander Gillmore is well known here, and his capture by the Filipinos, who held him as hostage, and almost starved him to death before he was rescued, made his name familiar to every American. This incident in his career, occurred soon after the Spanish-American war began.

WASHINGTON, August 13.—The Navy Department has decided to place the gunboat Concord on the active list of the navy. She will take the place of the Bennington on the Pacific station, that vessel going out of commission on account of the explosion at San Diego.

School Ribbons!

School will open shortly, and with school days comes a greatly increased demand for ribbons.

Ribbons for the hair, ribbons for the neck and ribbons for the belt, satin ribbons, moire ribbons and taffeta ribbons.

Anticipating this demand, we will place on sale Monday, Aug. 21st, at 8 a. m., a great lot of satin moire and taffeta ribbons, at greatly reduced prices.

One lot light blue and white baby ribbon, per bolt, 10c.
One lot white taffeta and moire ribbons, nos. 2 and 3, yds. for 5c.
One lot green satin ribbons, nos. 3 and 5, 2 yds. for 5c.
One lot taffeta and moire ribbons, colors assorted, no. 5, 3 yds. for 10c.
One lot light green satin ribbons, nos. 7 and 9, per yard, 5c.
One lot taffeta and moire ribbons, colors assorted, no. 7, per yard, 5c.
One lot satin ribbons, assorted greens and browns, nos. 12 and 16, per yard 10c.
One lot taffeta and moire ribbons, assorted colors, nos. 9, 12 and 16, per yard, 10c.
One lot taffeta and moire ribbons, assorted colors, nos. 22 and 30, per yard, 15c.
One lot satin ribbons, assorted browns, no. 22, per yard, 15c.
One lot taffeta and moire ribbons, assorted colors, no. 40, per yard 20c.

At the same time as above, we will place on sale a limited quantity of LADIES' BLACK KID DRIVING GLOVES.

These gloves are of fine kid leather, have the popular soft gauntlet, and are guaranteed to be in perfect condition. All sizes.

Sale price, per pair, \$1.25.
EHLERS
GOOD GOODS.

While thin hair and baldness are undesirable for men, they are vastly more so for women. Nothing adds more to the adornment of women than rich, heavy, flowing tresses. The hair is too valuable to allow it to suffer from neglect. So just as soon as you notice that your hair is coming out you should use

Ayer's Hair Vigor

It checks falling of the hair promptly. This feature of Ayer's Hair Vigor is now recognized as most marred, and has brought to this preparation a world-wide reputation.

You cannot possibly have a splendid head of hair when the scalp is covered with dandruff. We urge upon all who are in any way troubled with dandruff to begin the use of Ayer's Hair Vigor at once. Do not be deceived by cheap imitations which will only disappoint you. Make sure you get AYER'S Hair Vigor.

Competent Help

For Busy People!

OUR EMPLOYMENT DEPARTMENT is recognized the country over as the standard institution for placing Stenographers and Bookkeepers in good positions. We have placed eleven Stenographers in good positions in the last three months, seven of whom were graduates from the Public Schools of Honolulu.

The reason for selecting the Remington for instruction purposes is not alone because we believe it to be the best, but because most business houses use Remingtons, have always used Remingtons, and demand operators of the Remington machine.

It will save you lots of trouble if you will let us know when you need a good Stenographer or Bookkeeper. You won't have to waste any time with incompetents. The sorting out is all done by us. All you have to do is to tell us what your needs are, the machine you use, the character of your work, the hours, and the pay offered, and we will send an operator to suit. We charge nothing for this service to either employer or employee. Stenographers and Bookkeepers needing position are requested to fill out a Remington Employment blank at our office.

PETITIONS COMING

Wailukans Stirred Up Over Copeland-Harry Case.

The little spat between Principal Copeland of Wailuku School and Mrs. Harry, a teacher in the same institution, would seem to be sizzling merrily at the Maui metropolis.

When the Board of Education convened yesterday afternoon to resume its hearing of the tutorial squabble, its members were confronted by the following wireless messages, which came to hand yesterday morning:

To Supt. Davis from E. C. Lufkin: Petition to retain Copeland as principal already signed by forty citizens, down by Mauna Loa. Please defer action till Tuesday.

To H. P. Baldwin from N. Kepoikai: See Board of Education and have Copeland kept as Principal of Wailuku school. Petition from Wailuku citizens by Mauna Loa tonight to board.

Present at the meeting were Superintendent Davis, Mrs. Wilcox, Mrs. E. W. Jordan, Messrs. Farrington and A. H. P. Baldwin appeared shortly after the meeting opened.

After the above-mentioned messages had been read the matter went to discussion.

It appears that there are no reflections on President Copeland's abilities as a teacher, although the question of his tactfulness has been raised. The petition derogatory to him, got up by Mr. Harry, is said to have been signed mainly by Portuguese and to contain the names of no leading citizens of Wailuku or patrons of the school. A little spite work is alleged to be behind the petition.

H. P. Baldwin asked the board to wait for the petitions on the Mauna Loa, which he said would probably contain influential signatures. This, he said, would be only fair to Mr. Copeland.

"Is there anything against Mr. Copeland?" queried Baldwin.

"Only absence of tact enough to control the situation," replied Davis.

"My opinion of Copeland has been formed by his own attitude in this matter," said Farrington. "I think he has been his own worst advocate. It appears to me that either an entire change is necessary in the school or that all should be retained as at present."

It was finally decided to adjourn the meeting until 3:30 p. m. tomorrow.

The opinion of the majority of the board seems to be that if the community wants Copeland and he is discovered to be able to manage the school, he should be retained.

INCREASING BUSINESS.

Owing to the increasing demands on our real estate and rental department, we have engaged Mr. Irwin H. Beadle to give especial attention to this branch of our business. Mr. Beadle will give prompt and careful attention to the letting and renting of houses for clients, and to the purchase and sale of real estate, assisted in all needful ways by our Mr. Trent.

We now have a choice list of houses for rent, and a steadily growing clientele enables us to handle more of this line of business, and we shall be pleased to have the general public make use of our facilities. Just now we have for sale three homes in different parts of the city, each a bargain

of its kind. Purchasers may have the privilege of paying part cash, and the balance in monthly installments, if desired.

WHEN THE BENNINGTON GOT THE CHOLERA HERE IN 1895

The Kansas City Journal says: "The Bennington was never what you could call a lucky ship," said a man who used to be in the navy, "and the explosion of her boilers was the climax of a rather checkered history. I made one cruise aboard her, on the Pacific station, too, and that cruise doesn't stick in my mind with any pleasant recollections worth mentioning.

"That was the cruise when she took the Asiatic cholera on board down at Honolulu, back in 1895. That was a mean business. Not that the ship was swept by the cholera, for she wasn't. But the plugging around in quarantine that she had to do—all hands in sight of land for three months, and not a chance to get ashore—was a job that I wouldn't go through again for quadruple sea pay.

"Only one hand died of the disease, an apprentice; but the authorities of Hawaii and all the ships that drifted in and out of Honolulu and all the rest of the Hawaiian ports made a leper of us, all the same, on account of that one boy's death, and we all felt as if we might just as well be on the island of Molokai where they put the Kanaka lepers.

"The cholera got on board the Bennington that time in a peculiar way. It all came about through the shipment of a cargo of Chinese coolies for the Hawaiian sugar plantations to Honolulu on the steamer Belgic.

"On the way down to Honolulu cholera broke out among them, but the deaths were put down to pneumonia and nothing was said about cholera. The coolies were landed at Honolulu and were all huddled in the Chinese quarter.

"Through that quarter runs a creek. The Chinks washed their clothes in that creek, and it was the creek that carried the Asiatic plague on board the Bennington. The way it happened was this:

"The ship was anchored not very far from the mouth of the creek. The weather was pretty hot, and the men for'ard of the Bennington were permitted to swim after knock off every evening. They went in one evening after the cholera had broken out in Honolulu, and that all hands swim picked up the cholera for us.

"It was a boy named Willie Goebel, from Georgetown, D. C., who swallowed the microbe, or maybe a bunch of microbes, that flowed into the harbor water from the Chinese creek. That evening while he was on watch he began to grab at his middle. They found him with a ghastly look on his face and pretty nigh all gone, and carried him aft to the sick bay. He lived until about midnight, when he passed out, dead from as bad a case of Asiatic thing as ever climbed over the side of a ship.

"It was mighty curious to watch the effect of that news upon the men for'ard. It gave us a fine chance to mark a dead line of cleavage between the game, or, rather, the self-contained men, and the natural born cowards.

"When all hands were piped—the men who were there with what you might call the nerve turned out same as usual, lashed and stowed their hammocks, and turned to without any chaw among themselves or any casting of glances aft. The boy was dead, and of the Asiatic cholera. Well, what of it?

"The cholera had a swell chance to sweep the ship and make her a charnal. Sure. But what of that, either?

"That was the way the decent, self-controlled men of the crew, for'ard, viewed the matter, from their demeanor. So they did their early stunts, and ate their breakfasts, and lit their pipes when the smoking lamp was aglow, and smoked in silence. Talking wasn't going to help anybody or anything, and they knew it.

"But the lily-livers of the crew for'ard—I am bound to say that there were few Americans among them—took it in another way. They turned out shaking and muttering and exchanging looks with each other, and blamed if some of them didn't appear

to be almost afraid to go as far aft as the hammock nettings on the main deck to stow their sleeping bags, they were in such an inward panic.

"Well, the skipper of the ship—Commander Pigman he was, and no better one ever ate in a one-handed mess—had the crew called to quarters a bit ahead of time that morning, and he made us a little talk. He didn't try to minimize the wickedness of cholera, but he said there wasn't any danger. He described the preliminary symptoms of cholera, and said that if any of the men felt any of those symptoms during the day they should immediately report aft to the sick bay, and have the surgeon look them over. Then he dismissed the men from quarters.

"I give you my word that quarters hadn't been over five minutes before a lot of the cowards were feeling of their stomachs and edging aft towards the sick bay. There wasn't any more the matter with them than there is with me at the present minute of talking, but their imaginations had them finked.

"And right here, I want to put in a word about a thing that has been often called a sailor's superstition—about the sharks hanging around about a ship when there is death on board.

"There are plenty of sharks in Honolulu harbor, and you can see their wicked fins shooting along almost any time you raise your eyes from the deck. But they don't group themselves in schools in that harbor, and up to the time that our boy Goebel had cashed in never more than one or two at the outside had crept around the Bennington.

"Now, I don't profess to explain it, and I am only stating a fact, but that morning, while young Goebel's body was on board—he was carried ashore and buried about noon—the sharks around the Bennington literally swarmed. They hung around quiet like, as if waiting, and they didn't sheer off till the body went ashore in the steam cutter.

"I am not one of the old navy flat-foot, and I haven't got any superstitions in me worth speaking of, but what I am telling you is the strict fact. "Well, after the boy's body was put away in the Honolulu ground the Bennington was told to sheer off. She was put under indefinite quarantine, the yellow flag flying.

"From then on we had to go slouching around all sorts of Hawaiian ports, looking for a bit of comfort or cheer, and getting none anywhere. First we dropped into the roads in front of Lahaina, on the island of Maui. Being badly in need of some fresh provisions, the steam cutter was sent ashore one morning with the stewards with the idea of dicker with the Lahainaites from a distance.

"The steam cutter hadn't got within yelling distance of the Lahaina landing place before a whole bunch of Kanakas, led by a few whites, were seen lined up there with shotguns in their hands. Our ship was a blooming leper in their sight, you see, and they weren't going to let any steam cutter of ours get within megaphoning distance of the Lahaina dock.

"We got no provisions at Lahaina, nor anywhere else. We loitered around there for a long time, eating junk and cracker hash and pretty blue, and then we slunk up to the rough waters in front of Hanalei, on the island of Lanai, where we rolled and tossed for a space.

"After that we crawled down to Hilo, the town on the main island of Hawaii, where, after watching us and inspecting us and feeling of us suspiciously for a long time they finally said that we were all right and could land. That was the end of the miserable experience.

"The crew for'ard got their longed for beach liberty in watches, the starboard watch first. Now, there isn't any need to condone, for it was only natural, seeing that the crew had been cooped up on board ship so long, but I want to go on record as saying that the shore liberty in Hilo of those two watches of the Bennington's crew that time constituted the most whopping bluejacket drunk that I've seen in any quarter of the world, and I've seen some powerful and amazing bluejacket drunks, up and down the earth, in my time.

"The Hilo authorities swore in slews

and slathers of Kanaka deputies with the idea of curbing the situation, but the relaxed and joyous Bennington crew just chased those Kanakas half way up to the top of the volcano of Mauna Loa, which is about 16,000 feet high, and up there they stayed till all hands of the Bennington crew were yanked off to the ship by the marine guard and the ship pulled back to Honolulu.

"But it was a bad piece of a cruise, and the Bennington was a natural born sad one. At that, the little old hooker deserved something better than to be tossed up by a set of punk boilers, and it kind of hurt to hear about her going that way."

Make More Money

Wisdom demands of the possessors of money or property that their capital be made to earn more money. Men are often too much occupied with official, social, professional and business duties to find time to give to the most advantageous management of their property. A Trust Co. invests money, manages property and saves time and money for the busy man.

WEEKLY CROP BULLETIN.

For the Week Ending August 19, 1905.

Honolulu, T. H., August 21, 1905.

GENERAL SUMMARY.

Warm weather and strong trade winds have continued throughout the past week. Good showers have fallen over all portions of the group except the lower levels of the Kau district of Hawaii and the leeward districts of Maui and Oahu.

On the whole, the weather has been very favorable for all agricultural interests. No damage to cane by high winds was reported, and conditions otherwise were quite favorable for rapid growth, although considerable hoeing has been necessary to keep down the weeds during the past two weeks. The preparation of cane lands and planting for the 1907 crop continue, and the grinding of 1905 cane is still in progress at a few of the mills. The original estimate of the summer crop of pineapples will be exceeded in central Maui, and harvesting in the Wahiawa district of Oahu will be practically completed during the next ten days. Coffee is doing nicely in all sections, and sisal is reported as in good condition. Young rice is growing well, although a few small patches in the Hanalei district of Kauai were washed out during the night of the 15th by an overflow of the river due to the exceptionally heavy rains. Pastures generally have been much benefited by the recent showers, but still need rain in some leeward localities.

REMARKS BY CORRESPONDENTS.

ISLAND OF HAWAII.

Kaunakakai—The present sultry and showery weather is excellent for growing crops and pastures; weeds growing rapidly; weeding and harvesting cane.—J. E. Gamalielson.

Papaikou—Weather very warm, with lots of rain; crops all doing well; fertilizing, weeding, stripping and cultivating cane.—John T. Mohr.

Pepee—Weather still showery; crops continue to do well; weeding, hoeing and fertilizing young cane.—James Webster.

Honolulu—Weather continues most favorable with plenty of moisture and heat; crops growing well; cultivating, hoeing and fertilizing cane.—W. K. Andrews.

Hakalau—Weather continues favorable for growing crops; harvesting and planting cane.—Geo. Ross.

Laupahoehoe—Weather very warm, with light showers and light winds.—E. W. Barnard.

Ookala—Weather warmer, but with much less rain than during preceding week; fertilizing cane.—W. G. Walker.

Pauahau—Warm and dry, with heavy northeast winds; crops growing well; cultivating and fertilizing cane.—James Gibb.

Honokaa—Weather very warm; growing cane doing well.—C. H. Bragg.

Niihau—Weather warm, with light showers; conditions favorable for killing weeds with hoes, plows, scrapers and cultivators; wind has been too strong for best growth of cane; hoeing, cultivating, plowing and fertilizing ratoon.—Robt. Hall.

Kohala—Light showers, with high winds during week; more rain would be beneficial; planting, hoeing and cultivating cane.—W. O. Taylor.

Kohala Mission—Weather conditions, except high winds, have been favorable for growing crops.—Dr. B. D. Bond.

Puakea Ranch—Pastures have been much benefited by the recent rains; stock is in good condition.—A. Mason.

Puuhoe—Very strong trade winds, with light showers; stock and pastures in fair condition; cattle have gone to the lower lands for shelter.—S. Woods.

Kamuela—Moderate temperatures and light showers.—Mrs. E. W. Hay.

Kealahou—Weather cloudy and warm, with showers every day.—Rev. S. H. Davis.

Kealahou—Cloudy weather, with light rain every day during week; coffee is looking well.—Robt. Wallace.

Kau—Warm weather, with northerly winds and light showers; stock and

crops doing well.—F. H. Hayselden.

Naalehu—Crops have improved since the heavy rain of the 9th instant; weather during the past week has been dry and quite warm.—G. G. Kinney.

Pahala—Crops have done quite well during the past week; a little more rain now would be beneficial.—H. D. Harrison.

Kapoho—Warm weather, with abundant moisture; conditions very favorable for the growth of all crops.—H. J. Lyman.

ISLAND OF MAUI.

Kipahulu—2.37 inches of rain this week; weather warm, with light winds; 1906 crop of cane growing rapidly now, and 1907 seed crop coming up finely.—Andrew Gross.

Hana—Warm weather during the past week, with frequent showers, young cane doing well; planting, cultivating and weeding cane.—N. Omsted.

Nahiku—Rainy and disagreeable weather all week, with the exception of one day; work of all kinds delayed.—C. O. Jacobs.

Huelo—Showery weather during almost the entire week; plenty of water in this section, and plantation irrigation ditches running full; stock of all kinds looking well; mountain apples ripening.—W. F. Pogue.

Peahi—Rainy and windy, but weather warm and fine for cane and stock.—Geo. Groves.

Haiku—Weather warm and rainy, but with a fair degree of sunshine; ripening of pineapples not retarded, and the summer crop is exceeding the estimates first made; pastures and grazing stock in good condition.—D. D. Baldwin.

Pala—Warm weather, with light showers; conditions favorable for growing crops.—J. J. Jones.

Makawao—Fore part of week very warm; heavy rain on night of 15th, and rest of week cooler with misty weather; pastures and stock in good condition; very dry weather still prevails in the Kula section, where water is very scarce.—E. H. Bailey.

Kahului—Vegetation has advanced rapidly since heavy rain of the 8th; northeast winds.—R. W. Filler.

Wailuku—Fine, steady weather, with light trades; showers during nights, and water supply ample; rice growing well; pastures in good condition.—Bro. Frank.

Kihikihi—Weather continues warm and dry, with moderate trade winds; growing cane in good condition; plowing and preparing land.—Wm. A. Sparkes.

Olowalu—Weather continues warm,

FREE TO MEN!

A BOOK FULL OF FACTS ABOUT

DR. McLAUGHLIN'S ELECTRIC BELT FOR WEAK MEN

I KNOW THAT NO MAN REMAINS A WEAKLING BECAUSE HE WANTS TO; I am sure that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow, and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe it, and I want you to have my book, in which I describe how I learned to restore it; also I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks and are now among the finest specimens of physical manhood.

I want you to read this book and learn the truth about my arguments. If you are not as vigorous as you would like to be, if you have rheumatic pains, weak kidneys, loss of vitality, prostatic troubles, nervous spells or any ailment of that kind that unmans you, it would assure you future happiness if you would look into this method of mine. Don't delay it, your best days are slipping by. If you want this book I send it closely sealed, free, if you send this ad.

DR. M. G. McLAUGHLIN, 906 MARKET ST., Above Ellis, SAN FRANCISCO, CAL.

with strong northeast winds; plowing land, hoeing and fertilizing cane.—George Gibb.

Kaanapali—Cloudy weather with strong winds during week; all growing cane looking well, but pastures in need of more rain.—Wm. Robb.

ISLAND OF OAHU.

Ahuimanu—Remarkably wet weather, with 2.26 inches of rain during week, but all crops progressing well.—E. Knust.

Maunawili—Warm and showery weather; pastures in fair condition; coffee doing well.—John Herd.

Waimanalo—Warm weather, with occasional light showers.—A. Irvine.

Sisal—Weather fair, with a few light showers; sisal looking well.—Wm. Wehrich, Jr.

Waianae—The weather in the Waianae district during the past week has been hot, with no rain; all growing crops making good progress.—F. Meyer.

Wahiawa—Warm days and cool, showery nights; the remainder of the summer crop of pineapples will be harvested during the next two weeks; pineapple plants in good condition, and cultivated ground in nice order; pastures are in better condition than they have been at any previous time this summer, although makai pastures would be benefited by more rain.—B. O. Clark.

Kahuku—Weather continues warm and cloudy, with light showers every night, which have been beneficial to pastures and young crops; high trade winds have prevailed throughout the entire week; the harvesting and milling of 1905 cane continues; preparing land and planting for crop of 1907.—R. T. Christensen.

ISLAND OF KAUAI.

Makaweli—Weather partly cloudy and warm, with light showers amounting in all to .49 inch; plowing land and grinding cane steadily; thunderstorm in mountains during early morning of 16th.—Hawaiian Sugar Co.

Eleele—Beneficial showers in all parts of the plantation during the week; heavy rains have fallen in the mountains, in consequence of which we have received a few good freshets; strong winds; weather continues warm and very favorable for growing crops.—McBryde Sugar Co.

Koloa—Good growing weather, with light showers amounting to 2.85 inches during week; cane crops are in good condition.—P. McLane.

Kealia—The rainfall this week equalled the total for the month of July, being mostly night showers; this, with warm days, has made fine growing weather.—W. Jarvis.

Kilauea—Exceptionally fine rains during the past week, amounting to 4.51 inches; conditions very favorable for growing cane.—L. B. Borelko.

Hanalei—Heavy rain and thunderstorm on night of 15th, and a few small patches of rice washed out by overflow of river; pastures in good condition; young rice doing well.—E. G. K. Dev-erill.

A. McC. ASHLEY,
Section Director.

HOMESTEADS GO TO HAWAIIANS

Thirteen out of the fourteen 999-year homesteads offered by the government in Palolo valley were allotted this morning. No. 13 was not allotted, there being no applicant for it on account of lack of a place to build a house. The homesteads, each including kula and taro land, were assigned as follows: Lot 1, area 1.31 acres, Kaaoahema; lot 2, area 1.288 acres, Ahoy Pouli; lot 3, area 1.25 acres, Oio; lot 4, area 1.11 acres, Priscilla Luualalei; lot 5, area 1.54 acres, Laika Hau; lot 6, area 0.815 acre, Kamela Kamali; lot 7, area 0.907 acre, J. Daniel; lot 8, area 1.086 acres, David Kakalia; lot 9, area 1.34 acres, Moike Pualele; lot 10, area 1.06 acres, Hau Naeole; lot 11, area 1.18, Kahaku-haalani Kohlanana; lot 12, area 0.728 acres, Lemona Kapihenui; lot 14, area 1.270 acres, Waiamaau.

Ewa Plantation Co. gives notice of monthly dividend No. 98 of one per cent., due and payable August 31.

HAWAIIAN BAND IN SAN FRANCISCO

The Hawaiian band made itself prominent during the trip on the Mongolia from Honolulu to San Francisco, for Captain Berger gave complimentary concerts on board afternoon and evening. The Chronicle of August 16, has the following to say about the arrival of the band and its arrangements to give concerts in San Francisco:

"The steamship Mongolia, which arrived from the Orient and the Hawaiian islands yesterday, brought to this city the Royal Hawaiian Band, which is en route to the Portland Exposition to give a number of concerts.

"The band, which numbers thirty-five soloists, is under the direction of the veteran bandmaster, Captain H. Berger, who is dear to the hearts of all residents of the Hawaiian islands—native and American.

"The band is unique in every way, and was established by the late King Kamehameha V. Captain Berger was selected by the late King as bandmaster, and the sleepy, dreamy melodies he composed are today recognized as typical of the Hawaiian island.

"When the United States annexed the islands it was feared the support given by the island government to the band would be stopped, but the people of Hawaii demanded that their pet musical organization should be maintained, no matter what country governed the settlements. And so it is, that the Royal Hawaiian Band is kept up by Uncle Sam and no one begrudges the appropriation.

"The organization will leave for Portland next week, but will give six afternoon and evening concerts at the Alhambra Theater this Thursday, Friday and Saturday afternoons, under the direction of Belasco, Mayer and Price of the Alcazar and Central theaters. J. C. Cohen of Honolulu is the prime factor in bringing the band to this country. Seats for the concerts at the Alhambra Theater are now on sale at Sherman, Clay & Co.'s, and as the prices are but 25 and 50 cents, every one will be able to enjoy the charming native music of the Hawaiians. The Royal Hawaiian Glee Club and Miss Nani Alapai, a noted mezzo-soprano of Honolulu, will appear at each of the concerts to be given by the Hawaiian Band at the Alhambra."

CAMP M'KINLEY MEN FOR JOSEPH SMITH

Camp McKinley, H. T., August 21, 1905.

Editor Advertiser: I notice in your paper of this date, that Jos. Smith has been charged by some one with stealing clothes from soldiers at Camp McKinley.

Knowing Smith as I do, and having been associated with him for the last five years, although he has been dependant on the boys of this company, I am sure he would not take a thing that did not belong to him. No one in this company has lost anything. Mr. Smith has not been seen by any member of the Camp for the past three weeks. When he left, he went of his own accord, and at the time was in very poor health.

The men of this company express their heartfelt sympathy for him, and hope he will be of good cheer, and remember the fact that he has many friends at Camp McKinley.

Hoping you will give this your attention, I am sir,

Yours respectfully,
T. H. SCHIELDS,
Mus'n. Co. M., 10th U. S. Infantry.

BEST REMEDY FOR DIARRHOEA.

Mohan Lal, Manager N. W. Ry. Co. op. Stores, Lahore, India, says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is without question the best medicine made for the relief and cure of diarrhoea, dysentery and all bowel complaints. Strong, Calm, Cheerful"

"I Feel All Right as Soon as I Take a Little of the Great Remedy—It Cured Me in a Few Days."

GALESBURG, ILL.

"PAINE'S CEREAL COMPOUND

It Gives Almost Instant Effect.

"As soon as I take a little of Paine's Cereal Compound I FEEL ALL RIGHT—calm, strong and cheerful. I have told many a friend how it cured me in less than a week when I had a constant sickness and weakness, and was totally unfit for active work. The first day I took Paine's Cereal Compound the great improvement began."—G. W. Berry, Galesburg, Ill.

Paine's Cereal Compound, the celebrated Nerve Vitalizer and Tonic, cures quickly—braces and invigorates at once. No other remedy in the world is like it. All doctors know its famous formula, discovered by the great scientist of Dartmouth University, Professor Edward E. Phelps. No other remedy has stood so firmly the searching test of time. No other remedy can point to so many and such marvelous cures.

MR. G. W. BERRY.

KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a brick-dust sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case."

Mrs. Emma Sawyer, Conyers, Ga.

LORD & BELSER'S BIG DREDGER "GOVERNOR" AT WORK ON THE NEW ALAKEA STREET SLIP.

—Advertiser Photo.

After long years of peaceful service on the San Francisco-Honolulu run, the old and once-popular Oceanic liner Australia has fallen a captive into the hands of the Japanese. The Australia dared to run the blockade of Japanese warships, and left San Francisco for Petropavlosk on May 25, arriving there June 11, where her cargo for Russian consignees was discharged. That the Australia, with Captain Rennie on the bridge, was able to slip through then is undoubtedly due to the fact that at that time Togo with nearly all the Japanese warships was watching for Rojevsky near the Korean straits. The Australia seems to have been utilized since her arrival on the Siberian coast as a transport for Russian troops, and while thus engaged was captured by the watchful Japs. The Australia formerly had the run now held by the Alameda, and was a popular boat for island folk.

Breaking the San Francisco-Honolulu steamer record is what the P. M. S. S. Siberia accomplished on the run which began shortly after 1 p. m. last week Wednesday and ended here about 8 o'clock yesterday morning. The Siberia beat the record of her sister ship, the Korea, by about three hours, making the trip in four days, nineteen hours and 21 minutes. That is the official time given by Captain Smith of the Siberia. This lowers the record two hours and fifty-four minutes.

"And it will be a long time before the Siberia's record is again equalled," said one of the Siberia's officers yesterday.

The record-breaking trip was due to the presence on board of E. H. Harriman, head of the great "Harriman System," and R. P. Schwerin, General Manager of the Pacific Mail Steamship Co. Manager Schwerin wanted to see what the vessel could do, and is satisfied that she has it in her to do big things. The Siberia's time from San Francisco to the lighthouse was four days, ten hours and twenty-one minutes. One day's run registered 455 knots.

Captain Smith is well pleased with the steamship's performance, but the credit is due to the men down in the engine and stoke rooms where Chief Engineer Hamilton presides. He stated that the machinery stood the strain perfectly.

The Siberia carries a big crowd of passengers. Among the local passengers were James B. Castle, who went to San Francisco to close the First National Bank deal; George W. Macfarlane, of the same bank, who had the pleasure of conducting the Harriman party about town; P. L. Horne, principal of the Kamehameha schools; W. C. McGonagle of Benson, Smith & Co., who returns from a vacation trip; Jos. Schwartz, the manufacturer's agent; Mrs. A. L. Soule, wife of Captain Soule, and two children; Mrs. F. R. Day, wife of Dr. Day.

Among the through passengers were Prof. P. B. Brown of Boston University, bound for Yokohama; H. P. Roach, a prominent business man of the Coast, with his family; and Mrs. B. C. Howard and Miss Gladys Howard, wife and daughter of the Pacific Mail agent in Japan. Twenty-five government employees bound for the Philippines are also aboard. Captain R. N. Rolf, U. S. A., is an army quartermaster bound for Nagasaki.

The steamer carries 16,000 tons of through freight for the Orient, indicating that the boycott has not yet hurt the Pacific Mail's business so far. There were four tons of freight for Honolulu, and 208 bags of mail.

There was walling and gnashing of teeth in the business section of town yesterday, for very little mail was brought. In some unaccountable manner, there was a fluke at the San Francisco postoffice in getting the mail aboard. The vessel did not leave the Coast dock until after 1 o'clock and then went out to the stream, where she waited until the P. M. tug came out,

with the information that there was no mail. Business houses generally were kicking hard all day about the non-receipt of badly-wanted mail.

The steward's department took on a great quantity of green stuff for the steerage passengers, while a couple of wagon loads of pineapples were sent aboard for the first cabin. Steward Johnson is also using Mrs. Kern's Hawaiian mango chutney. "It's fine for cold meats," he said.

SHIPPING NOTES.

The American bark James Nesmith may leave today in ballast for Port Townsend for orders.

The Mongolia arrived at San Francisco a day behind time, owing to extremely rough seas and a strong head wind.

The Canadian-Australian S. S. Aorangi may arrive this evening from the Colonies, en route to Victoria and Vancouver.

Headlines in the Chronicle concerning the leak on the schooner Marston, set forth that the vessel was "Almost Sunk by Marine Monster." The "monster" was a collection of sandworms.

The ship Dirigo is said to have been chartered to bring coal from the Atlantic coast to the Honolulu Naval Station. She may start before the end of the present month.

The Nebraska and Arizonan leave on Wednesday, the former for Kahului and the latter for Kaunapali, Maui, to take in sugar. The Nevada leaves San Francisco for Honolulu on August 26. The Californian leaves New York for San Francisco and Honolulu on September 5.

It is claimed by Captain Flynn of the ship Spartan which went on a reef off Spreckelsville, Maui, last Saturday morning, that the steamer Maui failed to answer her signals of distress. He states that the Maui was passing on her way to Kahului, before the vessel struck. The captain of the Maui is said to have signaled Flynn that he would stand by on his return from Kahului.

Another vessel which encountered the same gale near Tahiti which damaged the ship Henry Villard, arrived in port yesterday from Newcastle. This is the British bark Criffel, Captain Bille, with 2018 tons of coal for the Inter-Island Company. The fore topmast and fore topgallant mast were sprung and the fore topgallant yard was carried away. The storm lasted thirty minutes.

A fleet of sugar packets made port today. The schooner Defender, with 12,617 bags of sugar, was twenty days from Puako, and the barkentine Archer, 24,156 bags of sugar, took twenty-six days to make the trip from Honolulu. The barkentine Coronado and the bark Charming made port from Honolulu after being out twenty-eight days and twenty-two days respectively.—Examiner, August 13.

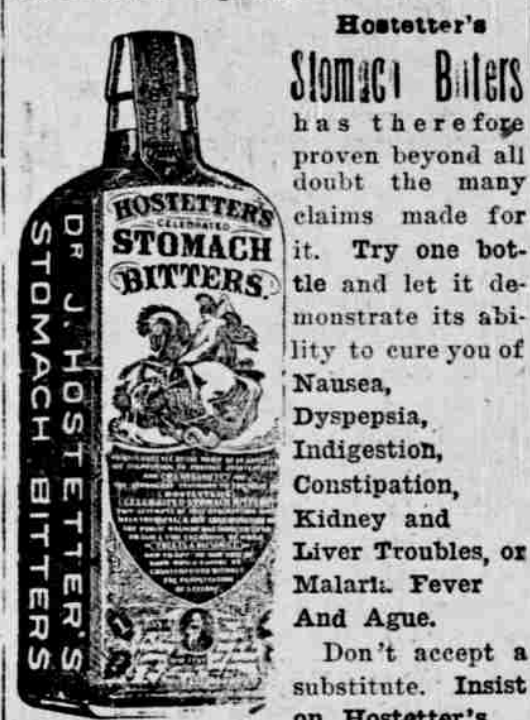

Another one of the old clipper line which plied between this coast and New York before the days of steamers has been destroyed. Today advices were received from London that the American ship Roanoke was burned to the waters edge. She was bound for Delaware Breakwater and was partly loaded. The Roanoke, which was owned by A. Seawall & Co., was built thirteen years ago. She was a vessel of 3347 net tonnage. Her length was 211.2 feet; breadth, 49.2 feet, and her depth of hold 29.2 feet.—Examiner, August 12.

James Rudden, long connected with the Pacific Mail Company's Panama liners, lately in the capacity of chief officer of the City of Panama, has been

appointed chief officer of the liner Siberia, and will sail tomorrow for the Orient. He was lately granted leave of absence, and was to have been married in about two weeks to Miss McCord, daughter of Alexander McCord, of 2910 Bush street. His assignment to the Siberia has caused an earlier date to be set for the wedding, the ceremony taking place tonight. Mr. Rudden is a capable and popular officer in the Mail Company.—Examiner, August 15.

MANY REASONS.

There are many reasons why you should take Hostetter's Stomach Bitters in preference to all other remedies, but the main one is because it has never failed to cure any case of Stomach, Liver or Bowel Complaint in its 50 years' experience.

FOR SALE

IN THE CIRCUIT COURT OF THE FIRST CIRCUIT, TERRITORY OF HAWAII, AT CHAMBERS—IN PROBATE.

In the Matter of the Estate of Michael S. Levy of Honolulu, Oahu, Deceased.

Order of Notice of Hearing Petition for Administration.

On reading and filing the petition of Samuel Ehrlich, brother-in-law of said intestate alleging that Michael S. Levy of Honolulu, Oahu, died intestate at Honolulu, Oahu, on the 13th day of August, A. D. 1905, leaving property in the Hawaiian Islands necessary to be administered under will, and praying that letters of administration issue to Samuel Ehrlich.

It is ordered that Monday, the 25th day of September, A. D. 1905, at 10 o'clock a. m., be and hereby is appointed for hearing said petition in the court room of this Court at Honolulu, at which time and place all persons concerned may appear and show cause, if any they have, why said petition should not be granted, and that notice of this order be published in the English language once a week for three successive weeks in the Pacific Commercial Advertiser, newspaper in Honolulu.

Dated at Honolulu August 19, 1905.

W. J. ROBINSON, Third Judge of the Circuit Court of the First Circuit.

Attest: M. T. SIMONTON, Clerk of the Circuit Court of the First Circuit. Aug. 21, 28, Sept. 4, 11, 1905. 7187

IN THE CIRCUIT COURT OF THE FIRST CIRCUIT, TERRITORY OF HAWAII—IN PROBATE—AT CHAMBERS.

In the matter of the estate of Lam Hong, deceased. Before Hon. W. J. Robinson, Third Judge.

Order of Notice of Petition for Allowance of Final Accounts and Discharge in This Estate.

On reading and filing the petition and accounts of Lam Chang See, administratrix of the Estate of Lam Hong deceased, wherein she asks to be allowed \$441.00 and she charges herself with \$758.51, and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in her hands to the persons thereto entitled, and discharging her and her sureties from all further responsibility as such administratrix;

It is ordered that Monday, the 18th day of Sept., A. D. 1905, at 10 o'clock a. m. before the Judge of said Court at the Court Room of the said Court at Honolulu, Islands of Oahu, be and the same hereby is appointed as the time and place for hearing said petition and accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this order, in the English language, be published in the Pacific Commercial Advertiser, a newspaper printed and published in Honolulu, once a week, for three successive weeks, the last publication to be not less than two weeks previous to the time therein appointed for said hearing.

Dated Honolulu, T. H., this 31st day of July, 1905.

W. J. ROBINSON, Third Judge of the Circuit Court of the First Circuit.

Attest: M. T. SIMONTON, Clerk of the Circuit Court of the First Circuit. 7170—Aug. 1, 8, 15, 22.

NOTICE.

We, the undersigned Hotel keepers of Honolulu, desire to state to the public and plantation managers in particular that we did not send runners out from our hotels to influence our countrymen in any way to leave the plantations, to go to the Pacific coast by the "Stanley Dollar" or any other steamer. We never have done so and never will interfere with employers or their men, notwithstanding, we were arrested and charged with violating Act 57 of the Revised Statutes. The charge against us was nolle prossed, there being no evidence to warrant a conviction.

M. YAMASHIRO, Yamashiro Hotel.
M. KOMETA, Komeya Hotel.
T. HARAMOTO, Haramoto Hotel.

WILL FILEDMany Estate Matters
Heard in the Court
Yesterday.The will of the late Louis Busnell
was filed for probate yesterday by
Alexander Lyle, who is named therein
as executor to serve without bond. It
leaves to the testator's wife all that
she inherits by law, together with a
bequest of one dollar. All the rest of
his estate, after payment of just debts
and funeral expenses, is given to his
remaining seven children after pay-
ment of one dollar to his eldest daughter,
Jennie McGuire, residing in Cali-
fornia. His estate is thus described in
the will: 1. Home at 979 Spencer street,
under mortgage; 2. Four lots on the
slopes of Diamond Head, unincumbered;
3. Life insurance policy for \$1000 in
the New York Life; 4. Household and
personal effects. The will was executed
on July 15, 1905, in presence of Charles
Crozier and James Lyle. The petition
gives the value of the realty at \$2200
and of the personalty at 1200.

OTHER PROBATE MATTERS.

Judge Robinson approved the ac-
counts and granted the discharge of
Henry E. Cooper, executor of the will
of L. Bilman. There is \$326.64 for the
father and mother of decedent, who are
living on the mainland, besides \$1500
already remitted to them.The final account of Henry Holmes,
administrator with the will annexed of
the estate of Elizabeth Wright, who
died in England, was approved by
Judge Robinson. Lyle A. Dickey was
appointed a special referee in con-
nection with distribution of the assets to
the legatees. The estate was appraised
at \$3883.75.George M. Taia petitions that he be
appointed administrator of the estate
of his mother, Kahookanohano, late of
Waialua. He states the value of the
estate as \$650, of which \$500 represents
debts owing to the decedent and the
rest leaseholds.The fifth annual account of Cecil
Brown, guardian of Mary Alice Porter,
a minor, was approved by Judge Rob-
inson, with confirmation of the report
of M. T. Simonton, master, thereon.
Receipts were \$2785.47 and payments
\$1245, leaving a balance of \$1540.47.
An addition of \$300 from income to principal
was made.M. T. Simonton, P. H. Burnette and
J. H. Schnack, appraisers, value the
property of the Phillips minors at
\$1200, agreeing with the inventory of
William Savidge, guardian. It consists
of three pieces of land at Kahului,
Koolau, containing an area of 5.97
acres.A motion by plaintiff to set demurrer
for hearing has been filed in Y. Ahin's
suit for admeasurement of dower against
Opole (w).In the Campbell will construction case
it is stipulated that Alice K. Macfarlane
shall have twenty days from the 19th inst.
to plead.LANDS INVOLVED
OF \$50,000 VALUEIn the equity suit to cancel and set
aside a written instrument, brought by
Elizabeth K. Meyer against Jesse Ma-
kainai, Judge Robinson overruled the
demurrer with leave to defendant to
answer within ten days. The instru-
ment in question was an agreement
made by Mary Auld, aunt of complain-
ant, and her husband, William Auld,
to sell lands at Kalihi to respondent
for \$50,000, which was to be paid to the
Aulds within two years from the ex-
piration of the last lease on the prem-
ises.A condition of the agreement was
that Makainai should pay Mary Auld
\$500 a year until expiration of the
lease. He carried out the conditions
during 1900, 1901 and 1902, but it is
alleged, the following two years utterly

FIFTY CENTS

In some conditions the
gain from the use
of Scott's Emulsion is
very rapid. For this
reason we put up a
fifty-cent size, which is
enough for an ordinary
cough or cold or useful
as a trial for babies
and children. In other
conditions the gain is
slower—health cannot
be built up in a day.
In such cases Scott's
Emulsion must be taken
as nourishment; a food
rather than a medicine.
It's a food for tired and
weak digestions.

Send for free sample

Scott & Bowne, 409-415 Pearl St.
Chemists New York
50c. and \$1.00. All druggistsfailed to do so. The property was con-
veyed to complainant by Mary Auld on
September 3, 1903.Complainant has always been willing
to carry out the agreement, but has
made no tender of moneys paid by re-
spondent because he expressly waived
such in the agreement. She prays that
respondent be required to set up any
interest he may have in the property
and to surrender the agreement for
cancellation.

LAND SALE DECREED.

Judge Robinson signed the Bush
foreclosure decree yesterday. The mort-
gage debt is \$5879.11 and the prop-
erty consists of two pieces of land at
Paukua, Honolulu, abutting on Punch-
bowl and Fort streets respectively and
containing 1,705 acres together. W.
R. Sims, commissioner, is to sell the
property after three weeks' notice.ALOHA AND HIS
FREE MORNING PAPER

City, Aug. 20, 1905.

Editor Advertiser: Since reading
Aloha's letter in the Sunday issue I
know now why I couldn't get my fa-
vorite seat in the "doughnut joint." Your
correspondent was sitting there
dallying with the dregs of his coffee,
waiting for the man he calls "a hog"
to get through with the morning paper.
The man read on, "Aloha" waited for
him and I waited for my old seat.
Newsboys came and went, but Aloha
begrudged a nickel and didn't buy. He
simply sat there and wouldn't budge.
Finally I got so late that I went with-
out my breakfast altogether. And there
y'are. BEESWAX.

Honolulu, T. H., Aug. 20, 1905.

Editor Advertiser: I beg permission
to make a few remarks in regard to an
article appearing in this morning's pa-
per over the signature of "Aloha."The morning paper has called regu-
larly for years, at my "doughnut"
meal, and can say, with no hesitancy,
that it leads all other papers in the
city. But to distinguish any difference
whatever between a "hog" of the sort
referred to by "Aloha," and another
who seeks a chop house with a free
and easy reading room, and who ad-
mits his disappointment to the paper
which he is too grouchy to buy, is sim-
ply inconceivable. If your paper can't
put Aloha right, perhaps the newsboys
can.

OLD SUBSCRIBER.

KOHALA DITCH WATER
BEFORE JUNE FIRSTWork on the Kohala ditch is half
completed and water will be delivered
to the plantation before June 1, 1906.
Samuel Parker and J. F. McCrossen
have returned from a trip of inspection
and are fully satisfied."Everything is progressing just as
well as could be expected," said Mr.
McCrossen yesterday. "We are meet-
ing no difficulties and by June 1st of
next year we will have the water ready
to deliver to the plantation."It has been found advisable to do
more tunnelling than was at first pro-
posed and to do this gangs are at work
the whole of the 24 hours. This in-
creases the expense somewhat, but also
obviates the drawbacks of an open
ditch through rugged country.Some 700 men are now at work on
the ditch and the promoters express
themselves as fully satisfied with the
amount they accomplish. The ditch is
being sealed throughout its length to
prevent seepage and it is estimated
that the total loss from evaporation
will be less than 2 per cent.GAY & ROBINSON'S
ASSESSMENTSDeputy Attorney General W. S.
Fleming has returned from Kauai and
announces that the Territory has won
against Gay & Robinson, who protested
assessments on their properties on
Nihau of \$150,000, and at Makaweli of
\$400,000. The company returned the
Island of Nihau at \$31,170 and their
holdings at Makaweli at \$275,485. The
Board of Equalization raised the Nihau
returns to \$150,000 and those at
Makaweli to \$400,000. These assess-
ments have been confirmed.Treasurer A. L. Campbell stated yes-
terday that these are the only protests
made outside of Honolulu and that the
only appeal now is to the Supreme
Court.

FIRST JUDGE'S PROGRAM.

Judge De Bolt has had a notice
posted that, during the September
term, he will hear ex parte motions
and other short matters each day
from 9 to 10 a. m., notice to opposite
parties having been given, and hold
jury trials from 10 a. m. to 4 p. m.
with the usual noon recess from
11:55 to 2 p. m. The trial jurors will
appear before the First Judge on Mon-
day, September 11.Mrs. Louis Busnell and children
wish to thank their friends for their
kindly help and beautiful flower offer-
ings given on the occasion of their sad
bereavement.THIS DAY!

EPISCOPAL SCHOOLS GET NEW TEACHERS

Bishop Restarick has secured a number of new teachers for his schools. Two of these lately arrived from California on the Korea. They are Miss Louisa Lucas and Miss G. E. Blair, both of whom have been teachers in the Irving Institute, San Francisco. They will teach at St. Andrew's Priory.

Miss Alice E. Shipman is expected soon from California to teach music at the Priory.

Mr. and Mrs. J. B. Morgan are coming to Iolani School, where Mr. Morgan will be the head master. This gentleman has been the principal of a high school in Colorado, and his wife, who will have charge of the household at Iolani, is a specialist in certain industrial methods.

The Rev. A. L. Hall, who is at present in California, will return to teach at Iolani.

Miss Pearl Wills is coming from Oregon to take charge of St. Peter's day school.

Both the Priory and Iolani have had many applications from students for admission, and with the corps of teachers now assured, the schools will be ready to do excellent work.

Got that Monday morning feeling?

Drop into the CRITERION and get outside one of their choice pick-me-ups and you will feel that rare sense of exhilaration which follows immediately after Saturday's paying-off function.

A choice assortment of all wines kept constantly on hand. Telephone in your orders, Main 28. We deliver to your door either single bottle or case orders.

CARTOONIST YARDLEY.

Ralph Yardley is now an artist for the New York Globe and Commercial Advertiser, and in the issue of August 5, had a front page picture of the meeting of the peace envoys. The Commercial Advertiser, which is in its 108th year, is the journal upon which the late H. M. Whitney, 49 years ago last month, modeled the Pacific Commercial Advertiser. Yardley bids fairly to have made a reputation on both.

JUDGE FREAR INJURED.

Chief Justice Frear severely injured himself while lifting a log at his Tantalus residence on Saturday. Dr. J. R. Judd, called from town, found that a cartilage joining one of the lower ribs to the spine had been torn apart. The chief justice is resting in bandages, as easily as could be expected, and will not be able to resume his judicial duties for perhaps some weeks.

TRAMPING PARTIES.

Tramping parties around the island have been quite popular among the schoolboys during the summer. The record trip has been made by T. J. Dexter Fraser and F. De Witt Gibson, two Punahou boys, in fifty three hours.

I. O. O. F. READING ROOM.

An adjourned meeting will be held this evening at Excelsior Hall lodge room to consider and act upon by-laws and reports concerning the hall, etc.

LOCAL BREVITIES.

O. R. & L. Co. stock went up \$2.50 to \$87.50 yesterday.

Typhoid fever is reported as prevalent in Waipio valley, Hawaii.

J. Lightfoot has applied for membership in the Hawaiian Bar Association.

Excelsior Lodge No. 1, I. O. O. F., meets this evening at Odd Fellows' Hall.

Honokaa mill is being improved and its capacity will be increased to 75 tons of sugar a day.

Mr. and Mrs. John Ena departed on the Siberia last evening for Japan to spend a few weeks.

Court Camoes No. 8110, A. O. F., meets this evening at San Antonio Hall, Vineyard street.

W. L. Howard leaves today in the Kinai for Hawaii to spend a couple of weeks at the Volcano.

Judge Dole did not come into town yesterday owing to the illness of Mrs. Dole at their Diamond Head residence.

There will be a special meeting of Pacific Lodge to-night at the Masonic Temple. Work in the second degree.

Lieut. Behr, A. C., U. S. A., who was at one time stationed at Camp McKinley, has been ordered to Fort Monroe.

Geo. P. Thielens has received a cablegram from San Francisco quoting Hawaiian Commercial at \$87 and Honokaa at \$17.

L. G. Martin was a through passenger on the Siberia en route to Shanghai. He is to look after conduits for cable ends at Shanghai and Manila.

Ralph Turner, who underwent an operation about a month ago, had to undergo a second one on Saturday at the Queen's hospital, where he is now staying.

Mr. Lee Pat, son of Mr. Yuen Chung, the wealthy sugar planter of Pahala, Hawaii, departed last evening on the Siberia for China, where he will remain for about a year.

J. S. Brown, brother of "Tientsin" Brown, the mammoth gambler, is a passenger to Shanghai by the Siberia. He goes to assume the management of the Alhambra, Shanghai's palace of pleasure.

An alarm was turned in yesterday afternoon from Beretania and Punch-bowl streets for a small fire in the house of John Mitchell, Aloha Lane. A small boy upset a charcoal iron with much smoke resulting, but no damage.

L. O. Kellogg, standing six feet five and one-half inches in his stocking feet, was a through passenger on the Siberia yesterday. Mr. Kellogg is a one-time partner in business with Will F. Fisher in San Francisco, under the firm name of Tevis & Fisher.

Superintendent Pratt of the Rapid Transit Company gave a farewell party last evening at his Emma street residence in honor of Mr. Nicholson, the retiring assistant superintendent, who leaves today in the Aorangi for Victoria, en route to Washington. About forty guests were present.

There will be a full chorus and principal rehearsal for the "Serenade" to-night in the Makai ball room of the Young Hotel. Manager Gray kindly offered the use of that part of the hotel to the Healan Boat Club for their rehearsals and a big attendance is solicited for the rehearsal to-night.

Ladies wishing to aid the Kona Orphanage in the way of a little sewing are requested to call at Mrs. Hopper's, at the corner of Keeaumoku and Dominis streets. The orphanage is in need of more plain garments for the use of the children, and any assistance given at this time will be much appreciated.

Among the through passengers on the steamship Siberia yesterday was Miss Maud H. Miller of Chicago, a pretty bride-to-be, who is traveling to Manila to become the wife of Colonel Wallace Taylor, U. S. A. This officer almost lost his life a year ago in a fight with Jolo natives. The romance dates back to the school days of both.

Notaries William Savidge and Frank F. Fernandez yesterday charged R. R. Reedford, note teller of Bishop & Co.'s bank, with unprofessional conduct in that he tried to convince all the bank's customers that he was in charge of all notarial business for the bank. Attorney General Andrews held that Reedford's conduct did not make him liable to have his license suspended.

STORE SYSTEMS.

Flower Holders

IN

Glass and Pottery

Long and narrow, short and broad—for lilies or roses, for pansies or violets. Yes, to suit any and all of the beauties of the floral kingdom that bloom in Hawaii all the year round.

The prices for simple styles begin as low as twenty-five cents—and you will be surprised to see what this small sum will buy.

More money buys larger sizes and more elaborateness. The variety also widens.

We'd be mighty glad to show you.

Pickle Paragraphs

There's a world of difference in pickles.
A few brands are good, many are indifferent, some are bad.
The good kind are an abiding delight.
The bad are injurious and should be shunned.
HEINZ pickles are good pickles.
We are selling them in bulk—that is the Sweet, Sour and Mixed varieties.
If you try some of them you'll want more.
That is, if you're a judge of pickle merit.
