

SISTER TERESA DEAD

TAUGHT FOR OVER FORTY YEARS HERE.

Arrived in Convent of the Sacred Heart in 1859 and Died This Morning, Aged 69.

After forty years of active service in Honolulu, Sister Teresa, after her first profession of the faith, Sister Teresa of the Convent of the Sacred Heart in Honolulu died this morning in the Fort street convent.

Sister Teresa one of the many gentle women who have adorned the pleasure and things of this world and devoted their lives and deeds to the service of their church, was born on the sunny plains of France in 1832 on January 3, and took the vows in 1857 when the romance of most girls' lives culminates or has already ripened, at the age of twenty-four.

Whether there was any romance buried beneath the veil in Sister Teresa's case or whether she professed from infancy is long ago forgotten. In May 4, 1859, Sister Teresa landed in Honolulu where between the walls of the convent she has seen but little of the progress of the town to which she came, a missionary of love and education to the dark skinned races far away from France.

Until July 1 of last year she devoted herself to the care of the children taught in the convent, who, in return, both loved and respected her, speaking of her among themselves as Mother rather than Sister Teresa. Many kindnesses and natives of the last generation remembered her gentle but firm administration and the motherly anxiety and care that she bestowed on her charges.

Living quietly, devoted to duty and undisturbed by the strenuous life of the outer world, Sister Teresa was nearing three score and ten when she died this morning aged 69 years after forty-two years work to her credit.

A requiem mass will be said tomorrow morning at 7 o'clock and the remains of the gentle nun will be laid to rest in the plot of land devoted to the teachers of the Catholic church. A simple wooden cross with "Sister Teresa" inscribed upon it will take its place in the double row of similar emblems marking the graves of her sister teachers. The funeral will take place at 1 o'clock and many who knew and loved her will follow the simple coffin to the Catholic cemetery.

SMASHED THE IWALANI

VESSEL SUSTAINS DAMAGE IN CHANNEL.

Stanchion Broken and Bulwarks Stove In—Where is the Alice Kimball? Rough Weather on Kauai.

The steamer Iwalani arrived this morning after a terrible trip across the channel from Kauai. She was from Koloa and the south side of Kauai. The weather is very rough Captain Tulett reports and all vessels are weather bound. The steamer Ke Au Hou is at Koloa and the steamers Nihaue and Kauai at Hanalei. They can not load sugar as it is impossible to do any thing on account of the heavy sea.

The schooner Twilight is weather bound at Eleele, arriving there from Waimea with her foremast head carried away in the storm. Nothing was reported of the gasoline schooner Malolo which sailed from here last week for Hanalei and Kaula. Captain Tulett is inclined to think she has put into Oahu harbor for shelter for he does not think it possible for her to have made Kauai in the weather which is prevailing.

A terrible alarm is beginning to be felt for the schooner Alice Kimball. The schooner left Waimea last Monday for Honolulu. She ought to have come down in quick time but nothing was seen of her by the Iwalani.

The Iwalani suffered considerably from the heavy seas last night. In addition to the gale, there were heavy cross seas running in the channel. The seas were constantly breaking over the vessel. One big wave smashed off a stanchion, broke in a door and carried away part of the forward bulwarks.

HAWAII WILL

QUIT BUSINESS

THE PLANTATION WILL ABANDON ITS LAND AND DISINCORPORATE.

WILL BE NEARLY A TOTAL LOSS TO STOCKHOLDERS.

Hard Natural Conditions, High Rises in Rent and Low Price of Sugar Kill the Plantations.

Hamao plantation, on the island of Maui, is going out of business and the investment is a dead loss. The present crop and the machinery and other property of the corporation will be sold, and then the company will disincorporate, with little for the stockholders. It is a close corporation, with practically all of the stock in the hands of several large investors, so that there will be no general losses.

Hamao plantation never paid even with sugar at 1 1/2 cents a pound. The heavy fall in the price of sugar, a still heavier rise in the rent demanded by the government for the lands leased by the plantation, labor troubles and natural conditions that make it impossible to work the plantation by machinery combined to make it apparent to the managers that Hamao would never pay, and they have decided to abandon the proposition altogether. Out of the plantation of several thousand acres only about 700 could be planted in cane and the 700 acres are in patches, some of which it was even necessary to work with a pick. The land is rocky and the soil weedy, and it was found impossible to work it successfully.

Hamao plantation was incorporated with a capital stock of \$175,000, in 179 shares. All but 110 shares are held by C. Brewer and Company, H. P. Baldwin, George N. Wilcox and A. S. Wilcox, of Hawaii, and Welch and Company of San Francisco. They have tried to run the plantation for over five years, and have come to the conclusion that it is too small, too unfavorably located and too rocky land, to ever be a successful sugar plantation. At present prices for sugar the plantation runs behind over \$25,000 a year and the agents have hopes of a rise. George H. Robertson, manager of Brewer and Company, expresses the opinion that sugar will not be worth over 3/4 or 3/8 cents for some years.

One of Hamao's government land leases has already expired and others are about to expire. The government has asked four or five times the former price for a renewal and this was too much for an already unsuccessful concern. The stockholders, it is stated, will get less than ten cents on the dollar.

"Under present circumstances it is impossible to conduct the plantation successfully," said Manager Robertson this morning. "The natural conditions are such that the land is not fit for a plantation. It is very rocky and I never saw any other land with so many weeds. The workable land is in patches here and there, and much of it cannot be worked with a plow. We have to employ men with a pick and shovel, and this is too expensive a business."

"The company never has made any money. We have fought for five or six years now, to make it a success, and have come to the conclusion that under present conditions it is no use trying any longer. Even when sugar was high the concern did not pay. The stock has never been offered in the open market and the loss falls upon a few investors."

"We do not expect to see sugar selling for over 3/4 or 3/8 cents a pound for some years, and there is certainly no chance for Hamao at such prices. We produce about 1,700 tons of sugar in 1899. At \$25 a ton we get \$42,500. The cost of running the plantation is at least \$120,000 a year, so that there is no chance for us to make any money."

"We are advertising our machinery, etc., for sale, and when everything is closed up, the company will disincorporate."

The land at Hamao, says Robertson, is splendid land for homesteading, and he thinks it would be a good idea for the government to open it. "I have traveled over the Islands pretty thoroughly," said Robertson, "and I don't think there is better climate anywhere in the group than at Hamao. It is simply splendid. These patches of good land could be successfully worked by small holders, and might be as good as the diversified industries we hear so much of. Since we decided to leave the place I have been thinking of suggesting to the Governor that the land be opened to homesteaders. They would have an ideal place there, but a sugar plantation is under insuperable difficulties. This land might be opened for small farmers without interfering with the interests of any plantation, while other tracts so offered might be a desirable part of sugar plantation."

"There is a good government road, and Hamao landing, one of the best in the Islands and these conditions, with the splendid climate, make Hamao the very place for homesteaders."

Hamao is at the extreme eastern end of Maui.

PEARL HARBOR LAND

DEPUTY ASSESSOR ARCHER ON VALUES.

Amount of the Verdict in the Bishop Estate Case is Made Known to the Jury.

The Honolulu Plantation Company's Pearl harbor case before Judge Estee is as full of technical points this time as before, and so far there are more lawyer's arguments and objections in the record than there is testimony. Dunne and Silliman are at one another constantly and sometimes the judge himself gets a bit irritable. Altogether the record that is being made up will be quite interesting reading if the verbal storms continue.

Deputy Assessor Archer of Ewa district was on the stand this morning. He was called by the government. He estimated the land to be worth \$100,000, in reply to a question by Silliman of cross-examination. This high estimate was something of a surprise, and Dunne went after the witness on re-direct examination. Archer didn't get a chance to answer more than one question about every fifteen minutes, for the lawyers and the court had to straighten out so many objections that they took up all the time.

Judge Estee ruled out questions as to buildings and improvements on the land, on the ground that the improvements, by the terms of the plantation company's lease, are the property of the land owner of the land. In the discussion of this ruling, the fact that the title in fee to the land had been awarded to the government for \$25,000 got before the jury, which probably a protest from Silliman. The court stated, in ruling that the title had already been awarded, naming the price awarded by the jury, and that as the lease gave the buildings to the owner in fee, their value was not to be considered in determining the value of the lease.

In many of the questions of law involved in the case came up and were ruled upon in the former trial, the present trial will probably be shorter than the last one was, many questions not being argued this time for the jury asked to his rulings. The jury will be taken to see the land, however, and there will be a lot of testimony.

M'CARTHY GOES FREE

NO MAYHEM IN HAWAIIAN STATUTES.

The Crimp is Released on a Technicality After the Jury Finds Him Guilty.

Crimp McCarthy, found guilty of a most brutal case of mayhem yesterday by a jury, went free this morning, because the word mayhem is not used in the Hawaiian statute under which he was prosecuted. The statute sets forth the offense of which McCarthy was found guilty, but does not call it mayhem, except in the index, and Judge Gear therefore granted a motion in arrest of judgment.

McCarthy appeared for sentence this morning and his attorneys, Davis and Bittling, first made a motion for a new trial, which was overruled without argument. The motion in arrest of judgment was then successfully made, after a lively argument with assistant Attorney General Donnelly.

The Hawaiian statute, section 57, states the offense as follows:

"Whoever with malicious intent to maim or disfigure, or mutilate, shall cut out or maim the tongue, put out or destroy any eye, cut or tear off an ear, cut or slit or mutilate the nose or lip, or destroy or disable any limb, member or bodily organ of another, shall be punished by a fine not exceeding one thousand dollars, and imprisonment at hard labor not exceeding ten years."

The indictment against McCarthy, after setting forth how he bit the ear of the complaining witness, states that he "did then and there commit the crime of mayhem, contrary to the statute," etc. The jury very quickly found him guilty, but the court held that there is no such crime as mayhem under the statute. McCarthy had done what the statute said should be punished, all right, but the statute didn't say it was mayhem, and the jury found him guilty of mayhem.

There have been several convictions for mayhem under the Hawaiian statute in question, but the point brought up this morning has not been raised before. Under Gear's ruling these convictions were illegal, and if there is anyone in jail now serving a sentence for mayhem, there is a chance to get him out.

McCarthy looked very happy when he was told that he was free, and he lost no time in leaving the courtroom.

MAY GO TO EDINGS

KONA SUGAR COMPANY AND TIME RECEIVERSHIP.

Present Suit May be Withdrawn and Effort Made to Have Edings Appoint Damon Receiver.

Nothing has yet been done in the matter of the Kona Sugar Company, though the necessity of immediate action of some kind is recognized by all parties interested. Receiver Wundenberg has done all there is for him to do as he views the matter, and the next move will have to come from some of the others.

The next action likely to be taken, it is stated, will be to withdraw the suit now pending, under which Wundenberg was made receiver in order to bring a new action and have S. M. Damon appointed. The action likely to be withdrawn is the petition for a receiver, brought by McChesney and Sons. If it is withdrawn, the action ceases and the receivership ends. Then new proceedings may be started in Judge Edings' court on Hawaii.

It is claimed that the money needed for the plantation will be forthcoming if Judge Edings will take up the case and appoint S. M. Damon receiver, but that Damon will not put up the cash if he is not made receiver. According to the plan which is now reported to have the approval of some of those most heavily interested, it is proposed to simply quit proceedings in Honolulu and take the case to Edings.

The island steamers leaving this afternoon do not take any satisfactory advice to Manager Cowan at Kona, and he is in a difficult position until a move is made here. For this reason all parties desire immediate action, as every day's delay adds to the expense and endangers the big sugar crop now on the plantation.

PLANTERS, REFINERS

NEW REFINERY AT CROCKETT OWNED HERE.

Plantations Have Subscribed for Stock as an Anchor to Windward and Protection From the Trust.

The California and Hawaiian Sugar Refinery at Crockett, which was to have begun operations a week ago last Monday, is largely owned in Hawaii. A large proportion of the sugar plantations here own stock in it. Practically every one of the Castle & Cooke, Brewer & Co., and Alexander & Baldwin plantations are stock owners.

The new refinery was not promoted for the purpose of attacking the trust but as an anchor to windward and protection from the trust.

The stock of the new refinery was subscribed by the plantations on the basis of their crop production and the proposition that the profits of refining and the protection to their interests as sellers of raw sugar was equivalent to \$5 a ton on their product. The stock, it is understood, was to be paid for by the plantations in installments, one of which was due in 1901. Accordingly in the annual reports just published there is an item in the financial statement of those which have subscribed, showing the amount of the installment paid.

It is the opinion of the planters generally that the interest of the plantations in this refinery enabled them to get better terms for their raw sugar from the trust than they otherwise would have been able to do, when the sale contracts were renewed some months ago.

BOATS WILL NOT SAIL

Owing to the storm still continuing this afternoon the Kinau, Claudine and Lehua which were posted to sail at 5 p. m. on their regular runs today will not sail. The condition of the weather tomorrow will determine what time they will leave then.

THE WEATHER.

Weather Bureau, Honolulu, 1 p. m. Wind north east gale; weather thick and squally. No signs of letting up. Morning minimum temperature 60; midday maximum temperature 73; barometer, 9 a. m., 30.01 irregular (corrected for gravity); rainfall, 24 hours ending 9 a. m., 1.60; dew point 9 a. m., 57; humidity 9 a. m., 93 per cent.

CURTIS J. LYONS, Observer.

MANY NEGROES.

There are 15 cities which contain more than 20,000 negroes. Five exceed 60,000 each.

BURNED THE MORTGAGE.

The ceremony of "burning the mortgage" took place at the Methodist church last evening signifying that the mortgage debt of \$9000 on the church property had been paid and that the church is entirely out of debt. The money to pay the debt had been raised within the past fifteen months, and mostly in this territory.

At the service last evening the ceremony of burning the mortgage was performed by Miss Ripley, Treasurer of the church. Congratulatory addresses were made by W. A. Bowen of Central Union church; E. S. Muckley, pastor of the Christian church and Rev. George L. Pearson, pastor of the Methodist church who has led with his enthusiasm and effort, his people to this satisfactory consummation.

CABLE SURVEY COMING

"NEW YORK, February 26.—To take soundings in the Pacific Ocean from near San Francisco to the Hawaiian Islands, thence to Ladrones and from there to the Philippines for the projected Pacific cable the Titas, a 120-ton seagoing tug, will leave New York within a few days."

MODELED KALAKAUA

SCULPTOR HUTCHINSON PASSENGER ON VENTURA.

Made Many Portraits of Prominent People in Honolulu—Returns From Five Years in Australasia.

Allan Hutchinson the sculptor, well known in Honolulu, where he resided for several years with his wife and daughters is a passenger on the Ventura on his way back to San Francisco after having spent some five years in the Colonies.

While here Mr. Hutchinson achieved considerable success with his work, and made many busts and reliefs of prominent people. Charles Reed Bishop with his wife, Bernice Pauahi, were both subjects for the artist's skill, a bust of Mrs. Bishop being now in the Bishop Museum. Replicas of his relief work are frequently met with in Honolulu and the subjects being drawn from well known public personages, quaint characters and native types.

The work with which the public is perhaps most familiar is the life size bust of King Kalakaua paid for by public subscription. The original intention had been to erect a statue to memorialize the monarch but the public did not come forward with the liberality that was expected and the first thought was pruned down to a bust owing to the languishing of popular enthusiasm in the scheme. The funds run to the sculptor's price for a bust and he was given the commission. For want of a more suitable place the result, which proved most satisfactory was finally relegated to the rooms of the Kiloahana Art League where it remains at present.

A number of replicas in plaster and some in metal were made and purchased by individuals and members of the late king's court and family. The portrait represents the king in all the bravery of military attire and adornments, and is considered a good likeness.

The Central park authorities in New York have bought a number of bushels of peanuts that are to be fed to the scores of squirrels that live in the park trees.

M'GOVERN-SULLIVAN.

LOUISVILLE, (Ky.), February 22.—Terry McGovern defeated Dave Sullivan tonight in the arena of the Southern Athletic Club in fifteen rounds of as desperate fighting as was ever seen.

From the first tap of the gong until the end it was slap-bang, hammer and tongue, nearly every second, both men working away with all the energy they possessed.

McGovern knowing that the fight meant his position in the front ranks as a fighter, was after his man every second. In a majority of the rounds he was on the aggressive, and Sullivan was forced to do far more defensive work than his opponent. He put up a wonderful fight, and was game to the core, and lost the night more through a blunder of his own than because he was knocked out. When the finish came however, he was groggy and going fast. The chances are that he would not have lasted many more rounds, even had he been to his feet before Fitzsimmons called ten.

HAVING A RUN ON CHAMBERLAIN'S COUGH REMEDY.

Between the hours of eleven o'clock a. m. and closing time at night on Jan. 25th, 1901, A. F. Clark, druggist, Glade Springs, Va., U. S. A. sold twelve bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This Remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by all dealers. Beware of cheap imitations. Agents, Hawaiian Islands.

WRESTLER IS COMING.

The barkentine Wrestler bound from Newcastle to Kahului, had to put into Sydney in distress November 22. She resumed her passage December 24. She is now out 71 days.

AMY TURNER'S ROUGH TRIP.

The bark Amy Turner had a very rough passage from Hilo to San Francisco last month. She arrived at her destination February 19 but not until she had lost a sailor and been badly flooded about the cabin. When eleven days out from Hilo a heavy gale was encountered. The vessel was then in lat. 33° 27' N and long. 141° 21' W. The order was given to shorten sail and one sailor called Jim fell off the main upper topsail yard to the sea and was killed. He was buried at sea. The next day the bark ran into another heavy sea, which carried her bulwarks and flooded the cabins, fore-castle and galley.

THE SOLACE.

SAN FRANCISCO, February 25.—According to a scientific instrument on board, the Navy hospital transport Solace rolled to an angle of 45 degrees during her trip from Honolulu to this port. Part of the time the main deck rail was under water and all hands had an uncomfortable time of it. The instrument did not record what the angle would have been had the Solace not been provided with bilge keels.

NOTHING OF ALBION.

Wm. G. Irwin and company the local agents of the John D. Spreckels line of vessels, state that they have received no advices regarding the reported entrance of the steamer Albion into the inter-island trade. She was recently bought by Rudolf Spreckels for \$24,000 and is said to be intended for the trade about the Hawaiian Islands.

VENTURA WAS LATE.

Made Port This Morning From the Colonies.

The Ventura arrived this morning shortly after 5 o'clock a day late from Pago Pago, Auckland and Sydney. She was delayed on account of heavy weather the last four days. Fine weather was experienced throughout the trip until March 1, when the vessel struck the present storm and had to buck heavy winds and seas to port. She left Sydney February 18 and Auckland, 22. For this port she has 113 tons of freight, consisting of onions, potatoes, whiskey, merchandise and galvanized roofing.

Among the through passengers aboard are Mr. and Mrs. A. Hutchinson and Miss Hutchinson. He is the well known sculptor who made the bust of King Kalakaua.

The Ventura is scheduled to leave this afternoon at 3 o'clock for San Francisco.

KING LEOPOLD SICK.

BRUSSELS, February 17.—King Leopold is confined to his apartments with throat trouble.

ence known through headaches,
dizziness, inability to sleep, loss of
appetite and a general run-down con-
dition of the system. These signs
are sometimes accompanied by neu-
ralgia, hysteria, rheumatism or nerv-
ous prostration in some other form.
To remove these troubles, cure the
nerves. They need feeding, strength-
ening and building up, and nothing
will do this so quickly and so surely
as Dr. Miles' Nervine. This truly
remarkable medicine is gaining hun-
dreds of new friends every day. Here
is a surveyor from Decatur, Ind.,
Mr. G. E. McKean, who writes:
"A chronic stomach trouble, which
my physician was unable to over-
come, so wore on my nervous system
that I broke down with nervous pros-
tration. I could not sleep day or
night except in fitful naps; could
scarcely eat any kind of food and
wasted away to a mere shadow.
After spending over \$500.00 in a vain
search for relief, I was prevailed
upon to try Dr. Miles' Nervine. Re-
lief came immediately. I took six
bottles and today am a well man."
Dr. Miles' Nervine is sold at all
druggists on a positive guarantee.

WASHINGTON.German Potentate Greeted by a Presi-
dent—Embassies and Legislature
Visited.Prince Henry of Prussia and suit, ac-
companied by the welcoming delega-
tions from Baltimore and the German
Embassy, arrived in Washington at
10:20 a. m. on the morning of February
24, promptly on schedule time. The
trip from Baltimore to Washington was
without incident. In the outlying dis-
tricts of Baltimore crowds gathered to
greet and cheer the Prince as he passed.
No stops were made until Wash-
ington was reached. The train being closely
guarded by the secret service men.The Prince occupied the time during
the run from Baltimore to Washington
talking freely with those about him as
they discussed the country and the de-
tails of his visit. He told the Presi-
dent's delegate that he wished to see
as clearly as possible the places
through which he was to travel, and
that as there would be some interest of
the public in seeing him as well, he
thought it would be best to use open
carriages in the driving portion of the
itinerary everywhere. The delegates
told him they would arrange this to
please him.At the Baltimore and Potomac Rail-
road station the Secretary of State met
the Prince's train and with the officials
of the District government escorted him
to the White House to make the first
formal call on the President. At the
White House, after exchanging greet-
ings with the Chief Executive, Prince
Henry had the opportunity of meeting
the members of the Cabinet, with their
families and numerous other Govern-
ment officials of all ranks.Installed at the German Embassy, he
received the President's return call, and
after leaving cards at the various em-
bassies here, he returned to meet and
welcome the members of the foreign
diplomatic corps.After the ceremony the following
statement was made by Secretary
Pearce: "The conversation between
the President and Prince was of a pure-
ly formal nature, and had no political
significance further than that con-
tained in the usual general expressions
of international amity and good will."The Prince's first call was at the
British Embassy, Lord Bessborough be-
ing the head of the diplomatic corps.The Prince did not enter the embassy,
simply leaving his card. Calls were
then made on the French, Russian, Ital-
ian and the Mexican Embassies, at
each place cards being left.Returning to the German Embassy,
Prince Henry and his party took lunch
with the German Ambassador and the
members of his staff.One of the most brilliant functions of
the day was at 2 p. m. when Prince
Henry received at the German Em-
bassy the members of the diplomatic corps,
including the Embassadors and Ministers
accompanied by their staffs of govern-
ment, naval and civil attaches, all in
full uniform.Prince Henry remained in the draw-
ing-room while the Embassadors were
being received, meeting them separately
and alone.Late in the afternoon a visit was
made to the Capitol and to the Library
of Congress. The Prince reached the
Capitol at the very height of one of the
most exciting legislative sessions the
Senate has seen for many years, and he
must have gathered some vivid impres-
sions of the strenuousness of American
parliamentary life.The ceremonies of the day concluded
with a royal state dinner that
has been held in the White House.
The first was that at which Albert Ed-
ward, now King of Great Britain was
the guest of honor.About midnight the Prince and party
started on the return trip to New York
to witness the launch of the Emperor's
yacht Meteor III.The special train bearing the presi-
dent and party left Washington short-
ly before midnight passing through
Philadelphia at three thirty, following
J. Pierpont's special from Washington
to New York which passed through at
three twelve. The last despatches from
Philadelphia announce that Prince
Henry's special which was following
the President's train, ran on schedule
and having broken down at
Magnolia, Maryland, about eighteen
miles north of Baltimore.In New York the finishing touches on
the Emperor of Germany's new yacht
were given on February 24, everything
being in readiness for the launching by
night. The time set for the ceremony
is ten o'clock on the morning of Feb-
ruary 25. Two thousand policemen in
uniform and citizens' clothing will be
in service early in the morning to look
after the comfort and safety of Prince
Henry and his party with the other
distinguished guests of the city.OFFERED THE POSITION.
WASHINGTON, February 24.—Harry
S. New has been offered the position of
First Assistant Postmaster-General to
succeed William Johnson of New Jersey.
Mr. New has not yet given his final
answer. He is a member of the Repub-
lican Committee from Indiana, and is
the editor of the Indianapolis Journal.
The change will occur within the next
two months.CAMPBELL IN OAKLAND.
OAKLAND, February 22.—Marston
Campbell, who for a number of years
was Deputy City Engineer of this city,
but who for the past two years has been
residing in Honolulu, arrived in Oak-
land today. Mr. Campbell first went to
the islands in the employ of Cotton
Brothers who had large contracts there
but had been there only a short time
when he was made the Government
road superintendent of the Honolulu
district. Since that time he has re-
ceived a number of promotions and is now
assistant to the chief of the Depart-
ment of Public Works. He is much in
love with the islands, and will return
there after spending his vacation here.FIRE IN PORTLAND.
PORTLAND, (Or.), February 23.—
Fire which started at 11:20 this morning
destroyed every building except two on
between Front and Madison streets and
Madison streets and the Willamette
river. The docks facing the river be-
tween Main and Madison streets, were
also burned.A PRINTER GREATLY SURPRISED.
"I never was so much surprised in my
life, as I was with the results of using
Chamberlain's Pain Balm," says Henry
T. Crook, pressman of the Asheville (N.
C., U. S. A.) Gazette. "I contracted a
severe case of rheumatism, early last
winter by getting my feet wet. I tried
several things for it without benefit.
One day while looking over the Gazette,
I noticed that Pain Balm was positively
guaranteed to cure rheumatism, so
I bought a bottle of it and before using
two thirds of it my rheumatism had
taken its flight and I have not had a
recurrence since." Sold by all
druggists. Reason, Smith & Co., gen'l
agents, Hawaiian Islands.**FOURTH ANNUAL STATEMENT.****THE****BANK OF HAWAII**

Latest Spring
Fabrics...

We have just received our new "Spring Fabrics." The designs and patterns besides being the latest are particularly pleasing, and are varied enough to suit every taste. Some are especially good designs on the Persian order, many with applique effects. Strong adjectives may sell goods but as a rule we prefer to have you see the materials. We have them all plainly marked and on display.

The new arrivals include a full assortment of LAWNS, BATISTES, ORGANDIES, DIMITIES, SWISSES, GINGHAMS, Etc.

Also a large assortment of Wash Braids.

Special Sale of Men's Half Hose.

A window full of men's half hose and more inside at 10 cents per pair. We have been selling these at 3 pairs for 50 cents.

BIG REFINERY BATTLE

CALIFORNIA AND HAWAIIAN TO
START.Statements That the Western Refinery
Will Not Let It Cut in Without a
Severe Struggle.

The San Francisco Examiner of February 23, publishes the following relevant to the beginning of operations by the California and Hawaiian refinery at Crockett of which R. P. Rithet is president.

Since January 1st the sugar trust has been holding out the promise of heavy rebates on dry granulated sugar in order to corral all the trade of the jobbers. As the independent refineries are about to begin operations, and will meet every cut made by the trust, the prospects of a fight for trade are favorable. The consumer is likely to get the benefit, as he has been doing for some time past.

There is every promise of a brisk and interesting fight in the next few weeks between the trust and the new refineries and those outside the trust, of which there are several well fortified financially.

For weeks, even months, there have been rumors of a big battle to come, and as far back as last July the millions in the sugar business were arrayed against one another. Then the fight was over raw sugar between the trust and the Oxnards and Arbucks. Now it is the refined product over which the fight seems imminent between local refineries and those outside the trust, of which there are several well fortified financially.

The jobbers themselves are not at peace and for weeks past have been wrangling over the rebates given, or rather promised by the trust, the results of which have been going to the retailers owing to the inability of the jobbers to agree and consequent cutting to get business.

The immediate cause of a struggle between the refineries is the fact that since January 1st the Western Sugar Refinery that is to say, the local offshoot of the American Sugar Company commonly called the Sugar Trust, has been holding out to the jobbers of this Coast a tempting bait to induce them to buy their dry granulated sugar solely from the refinery at the Port.

Prior to January 1st the card price of dry granulated was 4.65 cents, with 25 cents rebate, or 4.40 cents net. Since that time, though the new rebate has not yet been paid, the refinery has undertaken to pay a further rebate of 25 cents, conditional on all the jobbers buying all their dry granulated from the trust. In other words if the trust can control the trade in this Coast then the jobbers will get their sugar at 4.15 cents net, and if it cannot control, it will keep up the old rate and fight any one. The rate in Washington and Oregon is now the same as in this state, elsewhere the jobbers are paying only 4.15, that is to say, the lowest net rate.

Up to date the Western Sugar Refinery has had matters all its own way and the fact that there has been no competition probably explains the non-payment to the jobbers of the promised second rebate, so that the man who does not stand by the trust from now on may expect to whistle for the rebate he has been hoping to obtain ever since January 1st.

The time has come when the loyalty of the jobbers to the trust will be put to the test for tomorrow the California and Hawaiian refinery at Crockett will begin operations for the season. This concern has R. P. Rithet for president and among its financial backers are George W. McNear, Louis Sloss Sr., and others. It goes without saying that the purpose of the refinery is to control the market by the offering of its refined product and when the attempt is made to sell the fight will be on.

When questioned yesterday Mr. Rithet said:

"I have heard for some time past about this rebate made by the Western Sugar Refinery, but I cannot say whether it is a fact or not. I am under the impression that the card price is 4.65 and the net price 4.40 and it may be that there is still another rebate, but I am not sure.

"We shall see our sugar and meet the prices of the Western Sugar Refinery, whatever they may be. The present card prices are not bad at all, and there is no fear of any great loss at ruling rates. Our plant at Crockett will start rolling on Monday.

"I am informed that the jobbers are having some trouble among themselves and that the benefits of the rebates so far have, owing to this trouble, been going to the dealers.

"T. J. Barkeley, of Parkley, Station A, Honolulu, the second largest refining house in Los Angeles, says that he is giving a 25 cent rebate on the 4.65 card price of dry granulated sugar and the refinery at Crockett will be able to meet this rebate.

"The refinery at Crockett will be able to meet this rebate.

ARE WEATHER BOUND

ISLAND STEAMERS STILL IN
PORT.Mauna Loa Will Not Get Away Before
Tomorrow—People Feared to
Leave on Ventura.

This has been another severe day along the water front. With the exception of the Ventura from the Colonies and the tug Kaena from Pearl Harbor there were no arrivals this morning.

The Mauna Loa was to have sailed at 10 a. m. today while the Kinau and Claudine were to have gone at 9 a. m. The sailing of these vessels was postponed. The Mauna Loa is on the berth to sail at 9 a. m. tomorrow while the Kinau and Claudine are posted to get away at 4 p. m. today. The Ventura is also scheduled to leave then. It is very doubtful if any of these vessels get away today however as the agents of the Wilder Steamship Company say that the boats will not be sent out unless the weather permits. There seems no signs of the storm abating however this afternoon and it would not be surprising if all of these boats did not get away until tomorrow or even later.

The Mikahala and Waiakala were to have sailed at 5 p. m. today for Kauai but they will not leave until 5 p. m. tomorrow, owing to the bad weather.

The schooners Lady and Mokihana are tied up tight in port and will not be risked during the present rough weather.

The gasoline schooner Eclipse arrived late yesterday afternoon from her usual Maui and Kona run. Owing to rough weather she could not make Kilauea. Captain Townsend reports having towed the schooner Moa Wahine to shelter along the Kona coast so that the weather is very nasty in the channel.

The tug Kaena arrived this morning from Pearl Harbor after a nasty, rough trip. She made the trip down this morning.

None of the sailing fleet will venture out during the present heavy weather for the reason that they would have to tack against heavy gales from north and the weather is generally too rough to warrant starting.

The Ventura got away some time after 3 p. m. today for San Francisco. While she had a good sized list of passengers, the departing crowd would have been much larger from Honolulu had the present storm not frightened many into cancelling their bookings. A number of people refused to leave on the vessel owing to the fear that she would experience terrific weather after leaving Honolulu. She will certainly have very bad weather and will be delayed still more in making San Francisco.

CIGARS ARE HELD UP

THE CUSTOMS PEOPLE DEMAND
REVENUE STAMPS.Which It Is Very Likely Brown and
Kenake are Going to Find Difficult
to Get.

Those 1,000 Manila cigars which Louis Kenake and C. H. Brown secured from a passenger on the Naval transport Solace and which Collector Stackhouse was advised by Acting United States Attorney J. J. Dunne to release to Brown, are still reposing in the care of the Customs House. In fact, the matter is carried to the Treasury department at Washington, the cigars have every prospect of drying out their existence at the customs house.

The only way in which cigars seized by the customs authorities can be released, is after the proper internal revenue stamps have been affixed or else by some special order through the Treasury department. As soon as the stamps will have been affixed to the cigars seized, they will be released. Ordinarily, such proceeding would seem to be easily effected but it is not.

In order to get those stamps from the collector of internal revenue authorities, the case of the stamps.

In view of the way in which the local customs authorities are inclined to regard the cigars in question, it is likely that such an order will be issued.

The reason for this is that a regular Manila cigar has to be filed in the customs house, and the collector of the customs must see to it that the cigars are properly stored and protected from moisture.

In the case of the cigars seized, the collector of the customs must see to it that the cigars are properly stored and protected from moisture.

In the case of the cigars seized, the collector of the customs must see to it that the cigars are properly stored and protected from moisture.

NEW ADVERTISEMENTS

ELECTION OF OFFICERS.

At the annual meeting of the stockholders of the Pioneer Mill Co., Ltd., held at the office of H. Hackfeld & Company Ltd., Honolulu, on Tuesday March 4, 1932, the following officers and directors were duly elected to serve during the ensuing year:

President.....Paul Isenberg
Vice-President.....H. A. Isenberg

BY AUTHORITY

IN THE MATTER OF DISSOLUTION
AND REINCORPORATION OF
THE PEOPLE'S ICE AND
REFRIGERATING CO.,
LIMITED.

To All to Whom These Presents Shall
Come:

I, William H. Wright, Treasurer of
the Territory of Hawaii, send Greeting:

Whereas, on the 4th day of January 1932, the PEOPLE'S ICE AND REFRIGERATING COMPANY, LTD., a corporation existing under the laws of the Territory of Hawaii, presented to William H. Wright, Treasurer of the Territory of Hawaii, a Petition together with a certificate setting forth that at a meeting of its stockholders called for that purpose, and at which meeting 1313-2-3 shares or more than three-quarters of the shares of the Capital stock were represented, it was decided by a unanimous vote to dissolve and reincorporate the said Corporation which said Certificate was signed by J. A. McCandless, President, and Wm. O. Atwater Secretary, the presiding officer and secretary respectively of said meeting, which said petition and certificate were entered of record in the office of the Treasurer, and

Whereas, notice was hereafter caused to be published in the English and Hawaiian language sixty days in the "Hawaiian Gazette" and the "Kauai" published in the City of Honolulu, Island of Oahu, that is to say, on the 7th, 14th, 21st and 28th day of January 1932, and the 4th, 11th, 18th, 25th and 31st day of February 1932, and on the 5th day of March 1932 in the Hawaiian language on the 11th, 18th, 25th and 31st day of January 1932 and the 7th, 14th, 21st and 28th day of February 1932, and on the 5th day of March 1932 in the Hawaiian language on the 11th, 18th, 25th and 31st day of January 1932 and the 7th, 14th, 21st and 28th day of February 1932, and on the 5th day of March 1932 in the Hawaiian language on the 11th, 18th, 25th and 31st day of January 1932 and the 7th, 14th, 21st and 28th day of February 1932, and on the 5th day of March 1932 in

A Summer Proposition.

Well, now there's the
ICE QUESTION!
You know you'll need ice; you know
it's a necessity in hot weather. We
believe you are anxious to get that ice
which will give you satisfaction, and
we'd like to supply you. Order from
THE OAHU ICE & ELECTRIC CO.,

Honolulu H. L.

The morning of life is the time of
abundance, perfection, strength, vigor,
growth. When the sun begins to sink,
when the midday of life is past, then
the hair begins to fade and the silvery
gray tells of approaching age.

Sunrise or sunset? Which shall
your mirror say? If the former, then
it is rich and dark hair, long and heavy
hair; if the latter, it is short and fall-
ing hair, thin and gray hair.

The choice is yours, — for

Ayer's Hair Vigor

always restores color to gray hair,
stops falling of the hair, and makes
the hair grow long and heavy.

This is something you have been
looking for, isn't it? And it is some-
thing you can have confidence in, for
it is no experiment; people have been
using it for half a century. We do not
claim it will do everything, but we do
claim it is the best hair preparation
ever made.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

ALIENS AND VOTES.
The preponderance of aliens in East
side districts in New York city is
shown by the fact that in the 8th as-
sembly district, in which the total popu-
lation as returned by the federal cen-
sus was 72,125, there were only 4,745
votes cast in November.

McLAURIN - TILLMAN

THEIR PUNISHMENT IS AS YET
UNDETERMINED.

Will Probably be Thirty Days Suspend-
tion from the Privilege of Voting or
Speaking—They Say Nothing.

WASHINGTON, February 23.—The
topic of chief interest in Senatorial cir-
cles today—in fact, everywhere in offi-
cial Washington—was the fight in the
Senate yesterday between Senators
Tillman and McLauren of South Caro-
lina. There have been a number of con-
ferences among Senators as to what
should be done to preserve the dignity
of the Senate and to maintain the sen-
timent with reference to the two Sen-
ators who violated its traditions. While
no plan of procedure has been agreed
upon, it is learned that there will be
very deliberate action, and it is said to
be more than likely that it will be not
less than thirty days before the South
Carolina Senators are restored to their
full power as Senators, this deliberation
in their case being in the nature of a
punishment, since they will not be al-
lowed to address the Senate or vote un-
til no longer in contempt of the Senate.
Senator Burrows is chairman of the
Committee on Privileges and Elections,
and tonight he said that in advance of
and meeting of the committee he could
not say what would be done, but he ad-
ded that the matter is of such serious
importance that it must receive careful
consideration. It will be a day or two
before the committee meets to take up the
resolution referred to it by the Senate.

It is understood the conferees
among the Senators have shown "con-
sideration" of a considerable sentiment
that the apologies made by the South
Carolina Senators are not deemed suf-
ficient, and that the committee will re-
quire other and more ample apologies to
be submitted to it in writing with the
assurance that such apologies will be
made to the Senate before a report will
be made to the effect that the Sen-
ators have sufficiently purged them-
selves of the contempt of which the
Senate has adjudged them guilty.

The whole matter, as stated in the
Senate debate yesterday, is without
precedent, and the Senate is now to
make a precedent in the matter of pun-
ishment and in requiring sufficient
apology. The conferees today de-
veloped the fact that the Senators re-
garded the matter with all the seriousness
with which they dealt with it yesterday,
and that they intend to take such ac-
tion as will prevent, if possible, similar
episodes occurring in the future.

Neither Senator Tillman nor McLa-
uren were disposed to enter into any dis-
cussion today regarding the happen-
ings in the Senate yesterday. Senator
Tillman, however, did say, in reply to
questions as to whether there had been
any developments in the case, that
nothing had occurred. "So far as my
own purposes are concerned, I am sim-
ply waiting for developments, and will act
in accordance with my judgment as
they unfold themselves."

McLauren declined to make any statement
however.

PIONEER'S LAST YEAR

ANNUAL REPORT OF THE LA-
HAINA PLANTATION.

Three Quarters of a Million Wanted for
Improvements and Expenses During
The Coming Year.

The annual meeting of the Pioneer
Mill Company, Limited, was held yester-
day at the offices of H. Hackfeld and
Company. Officers were elected and the
reports of vice-president H. A.
Isenberg and Manager L. Barkhausen were
received. The vice-president's re-
port showed the necessity of raising a
large sum of money to carry on the
plantation during the coming year and
complete extensive improvements re-
commended. The crop this year was a
small one, but the reports indicated a
bigger one coming, and showed that the
labor troubles have been got rid of by
Manager Barkhausen. Isenberg's re-
port contained the following:

"Owing to the large number of perma-
nent improvements which were abso-
lutely necessary for the plantation,
and the cost of which has greatly ex-
ceeded expectations, and to the fact
that a small crop has been harvested,
falling much below former estimates,
and in addition realizing lower prices
for sugar than has been expected for
many years, the financial condition of
the company has been very unsatisfac-
tory during the last year, it having be-
come necessary to accept large ad-
vances from the agents of the Com-
pany to carry on the necessary improve-
ments and work on the plantation."

Here follows a financial statement af-
ter which the report continues:
"You will readily see from the above
that it is absolutely necessary for the
wellfare of the corporation, that a sum
of \$1,000,000 be raised during the coming
year, and your Board of Di-
rectors, co-operating with the Agents,
will endeavor to devise plans how to
solve this financial problem in a man-
ner least burdensome and most ad-
vantageous to you as stockholders.
When this has been accomplished, you
may consider the trouble and difficulties
encountered as settled and of the past,
and the time should follow soon when
dividends will reward us for our pa-
tience and efforts."

"Your Directors have just concluded
an agreement with Lin. H. P. Baldwin
by which the Company will acquire an
additional amount of eight to twelve
million gallons of mountain water per
day from the Honokahau Gulch; this
water has been brought over to Kauna-
pali, the operation of which is now es-
timated at 800 horse power at least.
There is therefore a very good prospect
that the heavy expense for coal required
to run the steam pumps can be done
away with almost entirely, at some
future time.

"Concerning the condition of your
plantation, it gives me great pleasure
to state that the same is excellent in
every respect, thanks to the men who
are faithfully working for the best in-
terest of the Company, particularly the
new manager, Mr. L. Barkhausen. Only
those who saw the plantation when it
last manager left it, can realize the
amount of good work done during the
past year. To give a few examples: I
will say the following:
"Neglected and weedy fields have
been taken off and replanted, present-
ing now a most pleasing aspect. Right
new reservoirs have been constructed.
Night irrigation is an evil of the past.
Twenty miles of railroad have been
constructed. The average yield per
acre has increased and will increase

further. The two large pumps, imported
from Germany, have been erected
and are in splendid working order.
These pumps throw more water than
was contracted for.

"What used to be a severe menace to
the development of the plantation, viz:
the attitude and disposition of Japa-
nese laborers, can now be considered a
valuable asset, as the camps and labor-
ers' houses have been cleared of bad
elements. Peace and order rule, where
formerly, corrupters of morals and
ringleaders used to have full sway.
"The usefulness of improvements
made at the Kaunapali landing has
been clearly demonstrated on February
1st, a. c., on which day the S. S. Ha-
waiian of the American-Hawaiian S. S.
Co., New York, was furnished 600 tons
of sugar and it is safe to say that under
more favorable conditions, 1,000 tons
per day can be delivered to the large
steamers of the aforementioned com-
pany."

The officers elected are as follows:
Paul Isenberg, president; H. A. Isen-
berg vice-president; W. Pfothbauer,
treasurer; F. Klamp, secretary; A. L.
Hansberg, auditor.

OFFICERS EMERITUS.
Calumet's list of instructors includes
10 emeritus officers.

A GOOD THING.
There's one good thing when they feel
dry.
That business men cannot pass by,
For far and wide it's same you hear,
They stop to drink of "Rainier" beer
On draught or in bottle at Criterion.

Democratic Meeting.

All Democrats of the city and par-
ticularly those of the 4th District are
requested to meet at Democratic head-
quarters, Kaunamann Street, on Wed-
nesday evening, March 5, 1932, at 8
o'clock P. M., for the purpose of dis-
cussing the best interests of the party
and to nominate a candidate for the
office of Representative, if the meeting
so decides.

HILLO ELECTRIC WIRES

W. F. C. Hassen, the Government Electrical Inspector has made the following report to the Superintendent of Public Works regarding the electric wire systems in Hilo.

"In accordance with your instructions I have inspected the electrical construction on public roads and highways in the town of Hilo, Hawaii and have to report as follows:

"During the past year the overhead telephone streets have been entirely removed. Lines on main streets are carried on thirty-five foot poles, and on side streets on thirty foot poles. Poles are well spaced, cross-arms well secured, and construction is neat and substantial.

"Poles and cross-arms are painted with two coats of white paint. Wires are carried in cables from central station as far as circumstances will allow. Insulators are all glass.

"With few exceptions, metallic circuits are used. Subscribers have no complaint of service rendered.

"Construction in general meets all requirements with the exception that wires are not provided with protective devices where entering buildings. Where street and curb lines are defined, the Hilo Electric Light Co., Ltd., has removed its lines. Poles on main streets are forty-five foot poles, and those on other streets are forty and thirty-five foot poles.

"All poles and cross-arms are painted white. Construction is neat and substantial and not open to criticism. The existing electric light lines on Front street are in bad condition. New construction here is delayed by the irregularity of the property lines on the mauka side of the street and the uncertainty of the street line on the makai side.

"The proposed curb line on the mauka side would bring the poles so far into the street as to present a serious obstacle. If the proposed opening of Bridge street is carried out the Electric Light Company will carry a main line along this street and supply Front street by branch lines.

"A further obstacle to the new construction proposed by the Electric Light Company is on Pitman street, opposite Hilo Hotel. The property of minors, Mrs. Spencer guardian, Mr. Wise lessee, extends into street. Street line has been established but amount of compensation has not been determined. Lessee refuses to consider any proposition to allow construction across his property until amount of compensation is settled.

"I have advised delay in further construction on these streets awaiting your instructions in the matter.

"In view of the manner in which the Telephone and Electric Light Companies are carrying out the work, I am of the opinion that matters may safely be left in the hands of their respective superintendents for the time being.

"Electric light rates: 1 1/4 candle power lamp 30 cents per month; 2 1/2, 60 cents per month; 10 to 15, 50 cents per month; 20 and over, 50 cents per month. Government street lights: 15, 30 cents; 20, 40 cents; 25, 50 cents; 30, 60 cents; 35, 70 cents; 40, 80 cents; 45, 90 cents; 50, 100 cents. All night, every night \$1.20 per month. Lamps and sockets furnished by Government. Lamp with fittings cost 8. Renewals cost Government \$1.50 Life of lamp about 600 hours."

PIONEER DEAD.
SAN FRANCISCO, February 25.—Henry Lee Dodge of the firm of Dodge Sweeney & Company died at 6 o'clock yesterday morning at his home, 2015 Franklin street. The immediate cause of death was heart failure, due to a general breakdown of the system, after a year's illness.

Mr. Dodge had been active in the public life of San Francisco for fifty-three years. He was born in Montpelier, Vt., January 21, 1825, and received his education there, graduating from the University of Vermont, after which he entered a law office. He came to California in 1849.

BILLY EMERSON DEAD.
BOSTON, February 23.—William Emerson Redmond, better known as "Billy" Emerson widely known as a minstrel, died in destitute circumstances at Dian's Hotel, on Elliot street, about 8 o'clock Saturday night. Consumption was the cause.

TOLSTOI BETTER.
YALTA (Crimea), February 23.—Count Tolstoy is revived today as a result of his sound sleep of last night.

"LUCKY" BALDWIN.
LOS ANGELES, February 22.—E. J. Baldwin is reported seriously ill at his Santa Anita ranch. He had an attack of the grip about two weeks ago, which later developed into pneumonia. As he is 74 years old, his chances for recovery are regarded as poor. Baldwin has been broken in health ever since he returned from Alaska, and his system was much debilitated when the present sickness overtook him.

MINISTERIAL UNION.
The officers of the Ministerial Union elected at the last meeting, for the ensuing six months are: President, Rev. O. H. Gulick, secretary and treasurer, Rev. J. B. Waldron, program committee Rev. J. B. Erdman and Rev. John Leasingham.

MADAME BISHOP

Madame Geneva Johnstone-Bishop, who is to sing at the opera house on Monday night next, has had experience in many parts of the world. Besides having sung in all the important cities in the United States, she has traveled throughout Canada on concert tours and has been in many parts of Europe. She was the leading soprano at the World's Fair in Chicago and on Mexican Day, sang to the accompaniment of the Mexican band and before thousands of people from all over the world.

In Europe, Madame Bishop sang "Kiljah" in St. James' Hall, London, and on the same tour, sang with the big orchestra of the Crystal Palace. She was for years the soloist at the Worcester festival. Madame Bishop has sung with such great singers as Edward Lloyd, the greatest tenor England has ever produced, William Lundig, the German basso, Pankett Green, the baritone, Emil Fischer, the famous basso and Madame Pety, the greatest English contralto of her day.

The sale of seats for the concert to be given Monday night began at the Wall, Nichols Co. this morning.

GIFT OF BOOKS.
Mrs. Mary Hendricks, of Kaimuki, has presented the Young Men's Christian Association library with fifty or sixty books, some of them being early editions of poetical works, with fine steel engravings. Among them are Moore's "Lycidas" and "Temple's works" dating back from half a century to seventy years ago. There is also a fine edition of books relating to the great London exhibition of 1851, containing some handsome steel engravings. The books are very acceptable, and will soon be listed and put on the library shelves.

TIFFANY DEAD.
NEW YORK, February 18.—Charles L. Tiffany, senior member of the jewelry firm of Tiffany & Co., died today at his home in this city of pneumonia. He was 59 years old. He had been ill only a few days but had been kept confined to his bed for some time as the result of a fall on October 6, when he was seriously injured.

SANITARIUM BURNED.
BATTLE CREEK (Mich.), February 18.—Early today the large Adventist sanitarium and hospital, which was located here were destroyed by fire, causing a loss of about \$500,000 with only \$100,000 insurance, besides great personal loss to 300 patients who were in the main building and who had only time to escape in their night clothes. One life is supposed to have been lost. Abner Case, aged 81 years, of Bath, N. Y., is missing.

MISS MORTON MARRIED.
NEW YORK, February 18.—Miss Alice Morton, fourth daughter of former Vice-President Morton, and Winthrop Rutherford were married today in Grace Episcopal church.

RECEPTION POSTPONED.
The reception of the Princess Kawananakoa, announced for yesterday afternoon, was practically postponed on account of the high gales. Several Waikiki friends made calls despite the weather and stayed at a pot supper which was served on the big lanai. No preparations had been made for the reception on account of the storm and the supper was an informal one. The reception will be announced later, after March has settled down to the lull phase of its existence.

JOB FOR GAGE.
NEW YORK, February 18.—At a special meeting today of the trustees of the United States Trust Company, John A. Stewart tendered his resignation of the office of president, and recommended that Lyman J. Gage, former Secretary of the Treasury, be chosen as his successor. It was understood that Mr. Gage would accept.

YOUNG ROOSEVELT BETTER.
WASHINGTON, February 23.—The condition of young Theodore Roosevelt Jr., continues to improve and he is progressing steadily toward complete restoration to health.

BORN.
AEA—The Maternity Home, March 3, 1902, to the wife of John Aea, a son.

THE NEW YORK SUN.
NEW YORK, February 21.—News-paper row has a sensation. Paul Dana has handed over the reins of government to William M. Laffan. Under "The Sun" and over the date line on the editorial page of the morning edition appeared, this morning, the name of William F. Laffan. Dana was about the office as usual, but the bewildered staff did not gallow up to him in a body and ask him what it all meant. He is a "clubby" individual, and they feared a rebuff. Laffan volunteered no information, but the general understanding was that he controlled the destinies of the young men who make the newspaper which Dana the elder built up. It is thought Paul Dana is content with being a millionaire, and it is expected that he will travel, although no one

HAWAIIAN Engineering & Construction Co.

Rooms 508, 509, 510 Stangenwald Building.

All classes of Engineering work solicited. Examinations, Surveys and Reports made for any class of Waterworks, Steam and Electrical Construction. Plans and Specifications and Estimates prepared, and Construction Superintended in all branches of Engineering Work. SPECIAL ATTENTION given to Examinations, Valuations, and Reports of properties for investment purposes.

FREDERICK J. AMWEG, M. Am. Soc. C. E.,
Engineer and Manager.

W. R. CASTLE, JR., Secretary and Treasurer.

along Newspaper Row had any definite information to that effect.

Guessing among Sun men yesterday was of a ruin-working order. Laffan long has owned considerable Sun stock. The Evening Sun was founded at his suggestion, and he has been a figure of weight in the conduct of both the morning and evening editions for many years. "If you see it in the Sun it's so" therefore it is thought Laffan's name was not used without his consent. Some of the men at whom he has looked askance in the past feel their heads rocking uneasily on their shoulders today.

DIED.

NEAL—In Pope Valley, Napa Co., Cal., February 11, 1902, after a long and painful illness, Nicholas Neal, formerly an old resident of Honolulu, passed away at the home of his daughter, Mrs. George Switzer; aged eighty-three years.

NEWS IN A NUTSHELL

Paragraphs That Give Condensed
News of the Day.

Auction sale of horses and mules on
Saturday at Morgan's. The Pioneer-
Mill Company held its
annual meeting yesterday.

J. Hopp & Company have something
to say about extension dining table
their ad.

A dissolution and disincorporation
notice of the Pioneer Ice and Refrig-
erating Company appears on page 5.

John Waldron of the Boy's Brigade
will give a "Twenty Minute Talk" on
John Brown at 5 o'clock tomorrow af-
ternoon at the Y. W. C. A.

Fifty-five varieties of potatoes are on
their way to the director of the United
States experiment station. They will
be sent to Kula to be tried.

People who use electrical power for
machinery are high in its praise. Call
at Hawaiian Electric Company if you
contemplate any kind of power.

Prof. C. Thompson and Miss Barnard
of the Kamehameha schools gave some
interesting experiments before the Na-
ture Study club at the High School
last evening.

Louis Prang the well known Boston
publisher of art works in colors, it is
said will soon visit Hawaii. He is 75
years of age. He will be accompanied
by his niece Mrs. Joseph H. Dorsey.

The Mothers' and Teachers' club will
meet Friday at 2 p. m. in Panahou
Preparatory School, subject "Psychol-
ogical Value of Collections" by Mrs.
Edgar Wood; "Social Work" Miss Alice
M. Felker.

Frederick O'Brien formerly of the
Advertiser staff is now an associate
editor of the New York Commercial,
resident in San Francisco and having
charge of the daily Pacific coast page
of the Commercial.

The soldiers at Camp McKinley were
paid on Monday. The money was
brought here by the Warren. It is said
it was carried away by the same vessel
when she sailed last Friday for Manila,
but when the vessel was obliged to put
back the money was brought ashore
and is now in circulation.

The Board of Education has received
from Frank Nelson, States Superintendent
of Public Instruction for Kansas
a most illustrated paper entitled "Edu-
cational Kansas." Contrasting pic-
tures of a pioneer school house of 1851
and a present day school house of 1902
are shown with tersely put statistical
information of the public school sys-
tem of that state.

Rapid Transit passengers were de-
layed in their customary ride down
town this morning on the electric cars
and performer patronized the mules
owing to the blowing down of a monkey
pole on the military reservation back
of the capitol building, which was torn
up by the roots early this morning and
tossed by the wind athwart the track,
tearing down the trolley wire as it fell.

The wind swept last night, and is
sweeping this morning, with consid-
erable force across the drill shed grounds
and the wonder is that all the tents
were not transported bodily into the
palace yard instead of the tree falling.
The soldiers are congratulating them-
selves also that the tree fell the other
way and not across the dog tents erect-
ed at its base.

The constant force of several days
gale probably combined to break down
the tree's resistance. There is another
tree still standing some 100 feet away
from the one that fell that has had
its boughs blown away but still seems
sturdily planted. The damage was dis-
covered before traffic began so that
there was no danger from a live wire
and by seven o'clock the sawyers were
at work and the bulk dragged to one
side. Repairs were soon fixed up the trol-
ley wire, finishing their work soon after
eight o'clock when traffic was imme-
diately resumed.

Despite falling trees no great damage
seems to have occurred during the
gale. The telephones have been some-
what interfered with but in view of the un-
usual force of the wind and length of the
gale it is somewhat remarkable that no
actual casualties have occurred. In
Kapiolani Park some hundred or so
trees have been laid low and there is
hardly a garden that has not been de-
pooled of some of its shade.

DEMOCRATS MEET.

There will be a meeting of the Demo-
cratic Committee of the Fourth Rep-
resentative District at headquarters
Kaahumanu street at 8 o'clock this
evening. All Democrats of the district
and of the city are invited to meet with
the committee and discuss the advan-
tages of making a nomination for rep-
resentative to succeed the late A. F.
Gillilan.

IN THE COURTS.

The trial of Charles Williams on a
charge of burglary was begun in Judge
Gear's court before the following jury:
Charles Spencer, E. B. Lake, Fred
Gouldie, J. M. Horner, M. H. Hough-
taling, W. R. Castle, Jr., W. F. Jones,
E. T. Tannant, J. Merseberg, H. E.
Gares, D. B. Renear, W. Dusenberry.

ONE OBJECTION.

President Roosevelt will have only
one objection to Prince Henry. The
latter did not get his job through a
civil-service examination.—Chicago
News.

THE BEST

Family Cough
Remedy

Every day we are asked by custom-
ers what Cough Remedy is best to
take. Now, we want to sell you just
what you want to buy. We also want
to sell you what you will be satisfied
with, so that you will buy it of us
again.

It would be short-sighted and foolish
for us to advise you to take one cough
remedy in preference to others if that
one had not proven itself to be trust-
worthy and satisfactory. Therefore,
when we tell you that we consider

Putnam's Cherry Cough
Remedy

the best family cough remedy, we do
so advisedly. We know that it will
stand the test.

SORETHROAT

is a thing that easily runs into Bron-
chitis and Tonsillitis, if it is not taken
care of. It is due to inflammation of
the mucous lining of the throat and
larynx. If this inflammation is not
checked, it can do three things. It can
attack the tonsils, whereupon it is called
"Tonsillitis." It can attack the
bronchial tubes, whereupon it is called
"Bronchitis." If inside the tubes and
"Asthma" or "Catarrhal Asthma" if
outside the tubes. Or it can work down
into the lungs and give you a con-
sumption "severe" (which may turn out
to be real consumption).

Putnam's Cherry Cough
Comfort

draws out the inflammation in Sore-
throat, Hoarseness and early stages of
Tonsillitis and Bronchitis. It is quick,
gentle, thorough and entirely natural.
