## W. R. CASTLE IS CONFIRMED.

Council of State Members Not

## SECOND READING CURRENCY ACT.

Senate Confirms Other Appointments  
Made by the President—Appropriation  
Bill Introduced—Action of  
House on Joint Rules—Special Orders

## ELEVENTH DAY—JUNE 26TH.

The Senate devoted the most of its  
time Wednesday to an executive ses-  
sion in which the report of the special  
committee on the confirmation of W.  
R. Castle as Minister to Washington  
was considered. The executive ses-  
sion lasted about an hour and when  
the doors were opened it was an-

HON. WILLIAM R. CASTLE.

Confirmed by the Senate as Envoy Extra-  
ordinary and Minister Plenipotentiary  
to the United States.

nounced that Mr. Castle's appoint-  
ment had been confirmed. The fol-  
lowing appointments sent to the  
Senate by the President at the open-  
ing of the morning session were also  
confirmed: Consul at Newcastle, N.  
S. W., W. J. Gillan; at Glasgow,  
Peter Denniston; Deputy Attorney-  
General, George W. Carter.

Directly open session was declared  
Senator Wright stated that if he was  
in order he would move that the re-  
port of the special committee on the  
Castle appointment be made public.  
President Wilder promptly ruled that  
the Senate was out of order and the  
motion could not be entertained.

The Printing committee reported  
the bill relating to an electric fran-  
chise for an electric plant at Hilo and  
the report of the special committee on  
the Land bill. Minister Damon in-  
troduced the appropriation bill for  
\$33,500 previously presented in the  
House. This measure took the regular  
course. No other business coming  
up the Senate adjourned to the usual  
hour Thursday.

Various rumors were afloat regard-  
ing the vote on the Castle appoint-  
ment, it being variously estimated  
from 8 to 7, to 10 to 4.

## House of Representatives.

The morning session was opened with  
usual prayer by the chaplain, roll call  
and reading of minutes.

Rep. Kamaoaha presented a report  
from Committee on Joint Rules.  
Tabled and made special order of the  
day.

The following joint resolution was  
introduced by Rep. Robertson:  
"Whereas the system of land trans-  
fer and registry of deeds now in  
vogue in this country is unsatisfac-  
tory, and fails to accomplish the object  
intended; and whereas the great un-  
certainty in many of the titles to  
land tends to hinder and obstruct the  
development and progress of the  
country;

Be it resolved by the Senate and  
House of Representatives that the  
President of the Republic be requested  
to appoint a commission, consisting  
of three suitable persons, to consider  
the different systems of land transfer  
existing in other countries, and make a  
report thereon to the next session of  
the Legislature, with such recom-  
mendations as to them shall seem  
proper."

Under suspension of the rules, Act  
2A, appropriating \$12,000 for expenses  
of special session of the Legislature,  
previously passed, was reconsidered  
and referred back to Finance Com-  
mittee.

The Minister of Finance desired to  
withdraw appropriation bills 2B and  
2C.

Report of Committee on Joint Rules  
was considered. These were adopted,  
except a few unimportant changes,  
which were referred back. The Sec-  
retary was instructed to inform the  
Senate of changes made in the rules.  
At noon the House took a recess till  
1:30 p. m.

## AFTERNOON SESSION.

The Speaker announced that the

order of the day was the first business

for consideration.

Rep. Richards moved that Act 5 be  
taken up and considered section by  
section. Replying to a question the  
member stated that the bill had been  
read by title only in the Senate. The  
Clerk explained that the bill had been  
sent to the Senate. Action deferred.

A motion to adjourn by Rep. Ka-  
maoaha brought Rep. Richards to his  
feet. He saw no reason why the  
House should adjourn; nothing was  
being accomplished.

Rep. Kamaoaha thought if the  
House went along with work on bills  
now before the Senate time would be  
thrown away.

Rep. Rycroft moved Act 4, to Regu-  
late the Currency, be considered sec-  
tion by section. Carried.

The bill passed second reading with-  
out amendment or argument. Rep.  
Kamaoaha stated that under Section  
3 certificates of \$5 denomination  
would prove of great benefit and con-  
venience to residents in the country  
districts.

The bill was ordered engrossed and  
third reading set for Thursday.  
Attorney General Smith stated it  
had been learned since action by the  
House that two of the members  
named for the Council of State were  
disqualified. These were John Ena  
and George W. Smith. The former  
was a member of both the Board of  
Health and Forestry Commission.  
The latter was one of the Fire Com-  
missioners. He moved that election  
of two new members be referred to  
same committee as acted previously  
and report to the House. Carried.

At 2 p. m. the House adjourned un-  
til 10 o'clock Thursday morning.

## ABOUT FORMER RESIDENTS

Sexton Wanted Pay for Services  
Rendered at Kalakaua's Funeral.

The following additional inter-  
esting news notes concerning Wray  
Taylor's recent visit to the Coast  
were kindly furnished by that gen-  
tleman yesterday:

Bicycle riding is all the rage in San  
Francisco at the present time. On  
Sundays particularly thousands of  
both sexes may be seen on wheels at  
the Golden Gate park and other parts  
of the city where the roads are good.  
The ladies wear bloomer costumes,  
which are very becoming (perhaps not  
in all instances), while the gentlemen  
wear knickerbockers and heavy  
sweaters of various colors. They have  
many ways of advertising the differ-  
ent makes of bicycles, but the most  
novel to my mind was that to be seen  
in a Market street store. In the win-  
dow a young woman dressed in a  
dainty navy-blue, bloomer costume  
sits all day on a bicycle slowly work-  
ing the pedals. Crowds of people  
(the majority young men) stand on  
the sidewalk watching her and making  
all kinds of remarks. It makes very  
little difference to the young woman;  
she is well paid for the exhibition,  
and it is the coin she is after.

Myron H. Jones, at one time organ-  
ist of Fort Street church, is now bur-  
sar at the Tamalpais Military Acad-  
emy, San Rafael. Myron is looking  
exceedingly well. I had a long chat  
with him.

Captain William Davies got work  
on the steamer Hosmer as second  
mate, but on the arrival of that vessel  
in port two days before I left I learned  
that Davies had been discharged.

Rev. J. A. Cruzan, formerly of Hono-  
lulu, is now pastor of the Third  
Congregational church in San Fran-  
cisco. He is looking well.

A. F. Hopke, for many years in  
charge of the Kahului store, is now to  
be found in the office of J. D. Spreckels  
& Brothers, Market street.

A Mr. Wilzen, who keeps a drug  
store corner of Castro and Market  
streets, and who visited the islands a  
few months ago, has in his store win-  
dow a nice collection of specimens of  
lava which he collected at the volcano.

It is very probable that next sum-  
mer Honolulu will be visited by Mrs.  
Carmichael Carr (pianist), Sigmund  
Beel (violinist), and Louis Heine (cel-  
list). All three are fine musicians,  
and would come to spend their vaca-  
tion, giving one concert a week.

W. H. Dailey has charge of a com-  
pany playing at the Alcazar. Some  
of the members were in Honolulu last  
year with him.

Coming out of Trinity Church one  
Sunday morning, Mr. Sexton, who  
had heard I was from Honolulu, came  
up and astonished me by asking if he  
would be able to collect his bill for  
services rendered at King Kalakaua's  
funeral.

## TO FORMER STUDENTS.

Legal Friends Entertained by Judge

A. S. Hartwell.

Hon. A. S. Hartwell gave a din-  
ner at his residence last evening to  
the members of the Honolulu bar  
who began their legal career under  
his tutelage. It was a notable  
gathering including as it did lead-  
ers of the legal profession and men  
prominent in the political history  
of the country. Beside former  
students there were several with  
whom Mr. Hartwell has been inti-  
mately associated in legal work.

Those present were: President  
Dole, Minister Hatch, W. R. Castle,  
W. O. Smith, L. A. Thurston, J.  
M. Monsarrat, Judge Whiting,  
Judge Frear, Judge Perry, Cecil  
Brown, W. T. Brigham and W. L.  
Stanley.

## PERSONNEL OF THE REPUBLIC.

Former Pastor of Central Union  
Writes of Hawaiian Cabinet.

## MEN WHO HAVE STOOD THE TEST.

Happy Solution of a Difficult Problem  
Showing Statesmanship of the High-  
est Order—Few Marked Differences  
from American Methods, Etc.

The following article is from the  
pen of Rev. J. A. Cruzan, a former  
pastor of Central Union Church.  
It was published recently in a reli-  
gious publication in the States:

In January, 1893, Liliuokalani (pro-  
nounced Le-lee-wo-ka-la-nee), who  
had succeeded her brother, Kalakaua  
(Ka-la-kau-a), as sovereign of Hawaii,  
threw off the mask that she had  
worn for two years. By her alliance  
with the opium and lottery rings, and  
by the laws enacted by her sanction,  
which virtually gave those infamous  
control of the nation, she showed her  
utter unfitness to rule. In her insane  
attempt to overthrow the liberal Con-  
stitution, which she had solemnly  
sworn to uphold, and to substitute for  
it another which clothed her with  
almost absolute power, she was guilty  
of treason and virtually abdicated.

When the people resumed the power  
that they had entrusted to one who  
had proved herself so unworthy, they  
faced a very difficult problem, namely,  
What form of government could be  
successfully substituted for monarchy?  
As for half a century American states-  
men, including such men as Webster  
and Blaine, had held that this repub-  
lic must control Hawaii, and as this  
policy had crystallized in 1876 in the  
Reciprocity treaty, which virtually  
made the islands an American com-  
mercial colony, "our kin beyond the  
sea" were led to seek, as the most  
natural solution of the problem con-  
fronting them, annexation to the  
United States. This being denied  
them, the Hawaiian statesmen at  
once set themselves to find the best  
form of self-government. Hawaii has  
less than 100,000 people. The pure and  
mixed Hawaiians—easy-going, laugh-  
ter-loving, unreliable children grown  
to manhood's stature—number 43,500;  
the Chinese, 14,500; the Japanese,  
about 20,000; and the Portuguese,  
mostly ignorant Catholics, unable to  
read any language, 8,300. Of intelli-  
gent, English-speaking foreigners  
there are about 12,000. In this great  
preponderance of ignorance over in-  
telligence lay the difficulty of self-  
government. A republic like our own  
would meet inevitable wreck.

To the solution of this difficult prob-  
lem the best brain and heart of Haw-  
aii gave itself. On July 4, 1894, a  
significant day, a constitution for the  
Republic of Hawaii was proclaimed.  
It is admirably adapted to Hawaii's  
peculiar situation, and shows state-  
manship of the highest order. Closely  
modeled upon our own constitution,  
it differs from it in many things, and  
introduces many reforms that have  
been advocated by prominent states-  
men.

Note a few marked differences from  
American methods. The president is  
chosen for a term of six years (a sec-  
ond consecutive term is prohibited) by  
the two houses of the Legislature, in  
joint session. The successful candi-  
date must have a majority of all the  
Senators and of the Legislature. The  
president has power to veto specific  
items in appropriation bills, prevent-  
ing our system of "riders." The  
members of the cabinet have seats in  
both houses of the Legislature, with  
all the privileges except voting. All  
appropriation bills must be introduced  
by the cabinet.

The Legislature consists of two  
houses of fifteen members each. All  
the representatives and five senators  
are chosen at biennial elections held  
in September

president and his cabinet advice and assistance.

In the matter of suffrage there is the greatest difference between the Hawaiian methods and our own. "Letters of denization" may be obtained by foreigners residing in Hawaii, which give them all the rights of citizenship, without requiring them to renounce allegiance to their home governments. All male citizens, twenty years of age, "who can fluently speak, read, and write the English or Hawaiian language, are entitled to vote for representatives." Voters for senators must in addition to this educational qualification, have a money income of \$600, or possess real estate in Hawaii worth \$1500, or personal property worth \$3000. The provisions regarding naturalization are very stringent, and will prevent the citizenship of any large number of Orientals. The rights of voters are admirably guarded, and a fair election and an honest count are guaranteed.

Pre-eminent among those that bore honorable part in laying the foundations of this latest and most unique of republics is Sanford B. Dole, a native of Hawaii, whose parents were honored missionaries. As he was a Christian gentleman, against whose integrity no word has ever been spoken, an eminent lawyer, an associate justice of the supreme court, when the monarchy fell, by common consent of the people placed the destinies of the nation in Mr. Dole's strong hands. He has nobly vindicated their confidence. As president of the provisional government Mr. Dole has shown statesmanship of a high order. The new constitution provides that Mr. Dole shall be the first president of the republic, his term expiring at the end of the year 1900.

Next to President Dole, perhaps the man who has had the most influence in shaping the destinies of the little republic is Hon. Lorrin Thurston, Hawaiian by birth, and grandson of the pioneer missionary of that name. Mr. Thurston was a leader in the revolution of 1893, helped frame the constitution that Liliuokalani tried to abrogate, and was premier in the reform cabinet during the last years of Kalaupapa's reign. He is an able lawyer, and as Hawaiian minister resident at Washington since the overthrow of the monarchy has shown rare ability as a diplomat. In President Dole's cabinet are two more sons of missionaries, Hon. Samuel M. Damon, minister of finance, and Hon. W. O. Smith, attorney-general, both born in Hawaii. Both are men of marked ability and earnest, zealous Christians. Mr. Smith was president of the first Christian Endeavor society organized outside of America. Hon. F. M. Hatch, minister of foreign affairs, is an American, and Hon. J. A. King, minister of the interior, is an Englishman.

At the head of the judiciary is Chief Justice Judd, son of the celebrated missionary physician, Dr. G. P. Judd, whose influence was so powerful in changing the Kamehameha autocracy into a constitutional government. Chief Justice Judd was born in Honolulu and educated at Yale, which institution gave him the degree of LL. D. He is president of the Hawaiian Board of Missions, and his son Albert is president of the Y. P. S. C. E. of the Union (foreign) church, Honolulu.

Other leading men of the Republic are Hon. H. P. Baldwin, manager of four great sugar plantations, and the leading Christian worker on the island of Maui, and Hon. William R. Castle, a Christian lawyer, who for years has been a self-denying worker in the Kawaiahae (native) church, Honolulu. Hon. W. N. Armstrong, brother of General Armstrong, who gave his life to the Hampton school, is editor of the leading newspaper in the Republic. All of these are sons of missionaries and born in Hawaii. Hon. Charles L. Carter, who lost his life in the recent attempt to restore the monarchy, was a grand-son of a missionary, and formerly president of the Union Church Y. P. S. C. E., Honolulu.

It is such men as these, Hawaiians by birth, but inheriting a love of liberty from sturdy New England missionary ancestors, who have laid the foundations of the Republic. He waited during the past two years these brave men and their work have been tried "as by fire." But they have stood the test. It is such men as these, also, that a certain class of American newspapers has delighted in stigmatizing as "unscrupulous alien adventurers."

#### POPULAR OFFICIAL HONORED.

Testimonial and Purse Presented to Chief Officer Lawless.

A few hours before the departure of the steamer Australia for San Francisco on Tuesday last, a number of well known people, representing several hundred thousands of dollars in the business interests of this community, paid a visit, officially, to genial "Bob" Lawless, chief officer of the Australia, and for favors given and duly appreciated James Dodd, as spokesman, presented to him a suitable testimonial and \$110 in gold. The contributors to the fund, Messrs. S. I. Shaw, James Dodd, E. C. Macfarlane, H. E. McIntyre, T. May, Criterion, Sam C. Dwight, Lewis & Co., California Fruit Market, P. G. Camarinos, all receivers of icehouse goods, were present and participated in the presentation which was a most thorough surprise to the recipient.

#### Artist and Photographer.

G. F. Jessett will open a studio at the corner of Beretania and Punchbowl streets on next Tuesday, July 2d. He will be prepared to take portraits in the best style of the art; views may be obtained of Honolulu. Lessons in water color and Indian ink drawing. Specimens of Mr. Jessett's work can be seen in the windows of Pacific Hardware Co.

#### PUNAHOU NOTES.

Movements and Locations of Teachers—Work at the College.

Students have all returned to their homes, leaving Punahou rather lonely.

Work on Pauahi hall is progressing rapidly. The finishing stone work is being put up.

#### Commissioner's Sale of Real Property.

BY VIRTUE OF AN ORDER MADE by the Hon. H. E. Cooper, Circuit Judge, filed in the Circuit Court of the First Circuit, in the matter of the equity suit between Elizabeth K. Nabalolu and husband, plainiffs, and Kaahua (w) and others, defendants, the underigned, duly empowered so to do, will offer for sale at Public Auction on FRIDAY, July 5, 1895, at 12:15 P. M., at the front entrance of the Judiciary Building, all that land situate at Kamaunui, Honolulu, maku of Smith's Bridge and on the Waikiki side of the river, the same being APANA 4 OF ROYAL PATENT No. 1985, containing one acre and 704-10-0 of an acre (ess 824 square feet of the same sold to S. K. Kahala).

This property being centrally located in the heart of the town, offers special inducements to capitalists desiring to invest.

In the event of a good road running through the land the property will be enhanced in value, as there are now several vacant lots on the land.

The lot of land known as the Chinese Joss House, now occupied by Lai Say (Ch) as described in deed from Kaahua to Lai Say, of record in Liber 94, page 220, will be sold separately, and the remainder of the apana will be put up as one lot.

This sale to include all the improvements now upon said Apana 4, and the same to be subject to confirmation by the Court.

Terms are cash and deeds to be at the expense of the purchasers.

For plan of the land and other particulars enquire of the undersigned at his office in the Judiciary Building.

HENRY SMITH,  
Commissioner.

Regular Weekly Session of the Board of Health Yesterday.

Routine Matters at Leper Settlement. Affidavits Against Dr. Armitage. Reports of Dr. Monsarrat.

The regular weekly meeting of the Health Board was held yesterday, President Smith in the chair. Present with him were Drs. Wood, Myers, Day, Howard, Emerson, Members Lansing and Waterhouse and Executive Officer Reynolds.

Reports of Dr. Monsarrat were read and filed.

Routine matters at the leper settlement were reported in communications from Agent Meyers. In one of these certain members of the colony desired to use Dr. Goto's medicines and take baths as formerly prescribed by him. Dr. Wood spoke plainly about this matter. He claimed ordinary hot baths as recommended by the leprosy board equally as efficient as those given by Dr. Goto. It is not a question what the lepers want, but that which the Board and medical men recommended. Quarters should be provided at the settlement for experiments and of such proportions sufficient to accommodate a number of patients. Until this was done and the results made plain there would be continued suggestions from lepers as to what they desired.

A recommendation for renewal of a coffee saloon license at the settlement was favorably considered. Sheriff Williams wrote from Hilo that a Japanese physician, Dr. Yamamoto, was violating regulations of the Board by allowing an assistant twelve miles away to furnish medicines as telephoned by him. Referred to Attorney General for action.

A communication was read from Dr. Armitage, stating that Dr. Marawa was leaving Wailuku and the islands. The doctor had rendered valuable assistance to Malulani Hospital. He asked that some official recognition of Dr. Marawa's services be made by the Board.

Five affidavits of charges against Dr. Armitage, Government physician at Wailuku were received. Four of them were in native. Ordered translated in time for next meeting.

Bills for furnishing supplies to the leper settlement were awarded as follows:

Lumber, Wilder & Co.; iron cut nails and boiled oil, H. Hackfeld & Co.; turpentine, E. O. Hall & Son; white lead, Castle & Cooke; cement, Lewers & Cooke; lime, H. Hackfeld & Co.; galvanized iron pipe, different sizes, Honolulu Iron Works; No. 1 rice, Hopper & Co.; medium bread, Love's Bakery; flour, Castle & Cooke; No. 1 sugar, H. Hackfeld & Co.; salmon, best red, May & Co.; brown soap, H. Hackfeld; long card matches, J. T. Waterhouse; coarse salt, E. O. Hall & Son; kerosene oil, Castle & Cooke; Australian coal, Wilder & Co.; wheat, hay and bran, Union Feed Co.; oats, California Feed Co.

Those for Insane Asylum were: Meat, Metropolitan Meat Market; medium and fresh bread, Love's Bakery; brooms, J. T. Waterhouse (only bid); beans, H. May & Co.; green Kona coffee, H. May & Co. (by ballot three bids same price); flour, Lewis & Co.; long card matches, J. T. Waterhouse; oatmeal, H. May & Co. (by ballot three bids same price); kerosene oil, J. T. Waterhouse; onions, McChesney & Sons; potatoes, McChesney & Sons; corned pork, dried prunes, dried apples and raisins, Lewis & Co.; No. 1 Hawaiian rice, Hopper & Co.; No. 1 sugar, H. Hackfeld & Co.; coarse Hawaiian salt, H. May & Co.; red salmon, H. May & Co.; tea, McChesney & Sons; canned tomatoes, Lewis & Co.; algeroba wood (only bid), Paul Isenberg, middlings, bran, oats, McChesney & Sons; tobacco (only bid), Hollister & Co.

Metropolitan Meat Market will purchase green hides from the Board at five cents per pound. McChesney & Sons tallow at four cents.

The leprosy committee reported satisfactory progress of matters at Kalihiki Receiving Station, with the exception of scarcity of water.

At 5 p.m. the Board adjourned.

## ANNUAL CLASS DINNER.

Kamehameha Boys and Girls Made Merry Last Evening.

The annual class dinner at Kamehameha school was held Wednesday evening in the large dining hall of the boys' school. The gathering included pupils from all departments of the school, teachers, members of the alumni and trustees of the school.

The hall was beautifully decorated for the occasion with festoons of maile and cut flowers. On the walls near the head tables were the banners of the classes of '91 and '95 draped with the class colors. The graduating class occupied a special table on which was a beautiful centerpiece of magnolias, and about the plates were red and purple flowers typical of the class colors.

The discussion of edibles had not progressed far when members of the alumni started class songs and class yells which were heartily echoed by the graduates. The literary exercises were carried out under the able direction of Fred Beckley, president of the alumni association, and included interesting remarks by members of the alumni and songs by the glee club and members of the girls' school. It was a merry gathering and decidedly interesting and gratifying to the guests and teachers. The exercises closed with a rousing cheer for Kamehameha, past, present and future.

Did you ever hear of anything so cheap? Never did, and never will.

But what's that got to do with my business?

Simply this:—We want you to understand that when we sell you an article, there's just about as much in it for us, as when a grocer sells you sugar at his proverbial close price.

In spite of the fact that YOU MAY THINK we are high, we sell our goods at closer figures than any house we know of.

Did you ever stop to consider how much more our goods cost us landed here, then they do where produced; and with all that, do you think you could buy one of our solid copper chafing dishes cheaper than \$6.50 (our price) even in New York, or one of our \$4.50 tea kettles and stands for less than that, even on the third floor of the factory where built. THESE ARE NOT BAITS EITHER, but honest goods at honest prices, as is every article in the store, from the two-bit silver pin to the \$200 article.

DON'T THINK that because some one offers you a few trinkets at less than cost, that he is selling everything else in the store at the same rate. Don't your intelligence convince you that he is going to make that less up on the very next article he sells you.

OUR STOCK IS ALWAYS RIGHT, AND OUR PRICES ARE A BLANK SIGHT RIGHTER.

WALLACE R. FARRINGTON, EDITOR.

THURSDAY, JUNE 27, 1895.

JUDGE HARTWELL might well be styled the father of the legal profession in Hawaii. The reunion of his pupils last evening was a notable gathering from a legal and political point of view. He might well feel gratified in whose hands rested the early professional training of so many leaders in the public life of a nation.

WHEN Lecturer Joseph Cook was in San Francisco he was credited with the remark that he would remain abroad until a new president had been elected in the United States. His first greeting on landing in this country was a hearty "Long live the Republic," and we believe it is safe to predict that the eminent lecturer will depart with a greeting none the less cordial for having become acquainted with the chief executive and general system of government of this little republic of the Pacific.

No ONE can witness the closing exercises of the school year at Kamehameha without becoming impressed anew with the rich legacy bestowed upon the country by Mrs. Bishop. Commencement week with all its pleasures, is the time of all others when teachers, and more particularly the public, draw up the balance sheet of general results and determine within themselves whether or no the educational investment has been a good one. Members of the alumni, return to pay tribute to their alma mater, and the business eye of the world, their former teachers and the undergraduates is turned to them noting the standard of excellence that has been maintained as a result of their early instruction. The graduating class for the time being is measured by their record in the classroom, but in the alumni is demonstrated the measure of sound principle gained in their school days. In elevating the standard of true manhood and womanhood among the native Hawaiians, Kamehameha School has done and is doing a splendid work that is bound to be a power for good in the future history of the nation.

## CONFIRMATION OF MR. CASTLE.

In confirming the appointment of W. R. Castle members of the Senate showed themselves true to their trust as representatives of the people in the Republic of Hawaii. It would certainly be a matter of surprise had they done otherwise. It was perfectly proper in consequence of the opposition expressed that the matter should be held in abeyance until every man and organization with an idea proper or con should have opportunity to express their opinions before the select committee.

The final vote of the Senate is proof positive of the position taken by this paper, that in all the opposition to Mr. Castle nothing has been brought out that would recommend itself to unbiased, sober judgment as sufficient grounds to disqualify the gentleman named by the Executive as the representative of Hawaii at the all-important post of our diplomatic corps.

It cannot be denied that Mr. Castle's opponents left few stones unturned in their attempt to defeat him, but so far as known their action was honest and above board, and no ill-will is harbored because their efforts were not successful. In a political sense, it was a fair fight in which the best man won. With what wisdom their action was attended remains to be demonstrated in the official action of Mr. Castle, which we believe will be convincing evidence that the supporters of the Executive and friends of Mr. Castle knew whereof they spoke.

All the objection that can be offered

is that the Senators should see fit to clothe their action with secrecy. What possible advantage is to be gained by secret sessions of a body of legislators elected to do the bidding of the people is a hard question to answer. What is not proper for the people to hear and know is not proper to be spoken. Executive sessions are farcical, and do not savor of true republicanism. Though members are sworn to secrecy it is a well known fact that sooner or later the proceedings come to the public ear, and become public property. Notwithstanding the custom is in vogue in the United States, the principle is the same.

We would heartily endorse Senator Wright's plea to have the report of the special committee made public. We would go farther and advocate that all the proceedings be made public and the Senate be forever opened to the public when matters pertaining to local men and affairs are under consideration.

## Timely Topics

June 22, 1895.

Some fifty thousand shoe operatives are idle in England, in consequence of a lockout brought on by disputes with their employers. The development of the trouble between employers and workmen forms a chapter in the history of the irresistible home, subject to all the ills of the sweating system. The United States with its extraordinary development of machinery, has long since been ready to enter into international competition with England in this profitable trade, and American manufacturers have easily seized upon the opportunity to introduce their wares into regions heretofore monopolized by the British. Meanwhile employers and employees throw the blame of the dispute on each others shoulders, while outsiders deplore that neither party seems to be able to fully recognize the force of circumstances. Meanwhile during the disorganization caused by the present lockout, an admirable opportunity is offered for the American manufacturer to enter Colonial markets.

This is the age of improvement and invention. At no time in the history of a nation has there been such rapid strides made in the number and class of inventions as has been made in the last few years, and the wonder of the Nineteenth Century is the Monarch Bicycle.

Healthy out door exercise creates a love for the beautiful in nature, a love for the beautiful develops lovable men and women. Lovable men and women make happy homes; happy homes create a wealthy nation; a wealthy nation composed of the happy homes of lovable men and women is greater than any monarchy, for every citizen is a monarch and should ride a Monarch wheel. Among high grade bicycles the Monarch is Monarch. The frame is the most important part of a bicycle. In riding the greatest strain is on the frame and to withstand the strain the frame must be exceedingly strong and rigid. The frame of the Monarch is made of the best quality of specially drawn Mannesmann Steel Tubing, and is put together with such appliances that it is perfectly true and accurate. Brazing is one of the most important operations and has to be done very delicately by expert workmen. So successful is this process, that in all the years the Monarch has been on the market there has never yet been a break on a Monarch Bicycle at a brazing from any cause.

There are no castings used in any part of the construction of the Monarch Bicycle. Nothing but steel drop forgings and selected sheet steel stampings. As regards tires we give you your choice of six makes, namely: Morgan & Wright, New York, Hartford Single Tube, Gormully & Jeffery, Dunlop & Palmer, any one of these will be fitted without extra charge to the purchaser.

All we ask is that you give the Monarch a chance and it will establish itself.

## BRITISH RULE AT SINGAPORE.

Judge Hart Discusses Points Presented by Prof. Alexander.

ONE BLOOD IN ALL NATIONS.

Powers Holding the Reins are Helping to Build a Civilized State—Chinese Accept European Ideas—Attend English Schools and Sit in Legislatures.

MR. EDITOR:—Professor Alexander addressing the last meeting of the Social Science Club, on the subject of immigration, after alluding to the "Wise policy of the British Government" in the island of Singapore said, "These islands have not yet become a Singapore, at we have gone dangerously far in that direction." Professor Alexander also said that, the island, Singapore, was formerly "Occupied chiefly by tigers," but "miraculously," under British rule and guidance, a thriving city of over 200,000 souls has been evolved to gether "With a great port of call for shipping." The "Motley congregation of human beings" of which the professor speaks rather disparagingly, may it not be a partial realization of possibilities suggested in the idea of which I have somewhere read that, one blood runs through all nations of men? However this may be, the conditions of life at Singapore are not probably, ethically or esthetically, on a par with those of Boston or Paris, but there is, possibly, a question of how far we should be traveling "dangerously" were all our affairs guided with the discretion that rules in that "British crown colony of a despotic type."

I will, with your permission, presently show how certain advantages of no mean order have accrued to Singapore from efforts "to extract from it its latent wealth," and in this respect probably Professor Alexander is wrong in suggesting a comparison between Venice and Holland, and Singapore, as showing the outcome of two processes that he looks upon as very different, if not antagonistic, but which history shows, play necessary, and almost inseparable, parts in the evolution of mankind to higher levels. The conditions that obtained in Venice and Holland, and those recognized in Singapore are so absolutely unlike, that inferences drawn from such comparisons, for our own guidance, might very easily be worse than useless.

Moreover, it can be shown that the power holding the reins at Singapore, working together with those that are seeking to extract from the country its "latent wealth" are, together, helping to build up a "civilized state" in the best way the local conditions permit. What more did Venice or Holland? What more has any country ever done?

Touching Singapore, a recent writer says, "The Malay natives being hopelessly indolent, and the climate being quite unsuited for European laborers, no industrial progress would have been possible without the Chinese, who have ultimately become next to ourselves the most important element of the population, and in 1891 numbered 184,000 males and 43,000 women. These figures include 34,700 born in the colony, of whom 16,300 were males and 18,400 were women. \* \* \* Among the Chinese born in the Straits Settlements the traditional antipathy of their nation to European institutions is much modified. They no longer have any desire to visit China, and they permit their daughters to learn the English language in the Colonial girls' schools, which are open to all nationalities. The young men and boys have acquired a taste for English outdoor sports, such as bicycling, cricket and football and have become so proficient that, European clubs do not despise them as antagonists. The Chinese have seats in the legislative council and on municipal boards, and are admitted to the colonial bar. In these various ways the barriers so long maintained between the Europeans and the Chinese are being gradually reduced and an identity of interests is being recognized."

As many of your readers will say with me, "Homo sum: nihil humani a me alienum est." Therefore I ask space for this communication. Yours obediently, CHARLES F. HART.

Saturday's game of baseball between the Fort Street and Royal school teams will be the last in the junior series.

# Consumption

and its Cure

To the Editor:—I have an absolute remedy for Consumption and Lung Troubles. By its timely use thousands of hopeless cases have been already permanently cured. So proof-positive am I of its power that I consider it my duty to send two bottles free to those of your readers who have Consumption or any Lung Trouble if they will write me their express and post-office address. T. A. STODOL, M.D., 133 Pearl Street, New York.

The Editorial and Business Management of this Paper guarantee the genuineness of the above Proposition.

## If women only knew

the relief from pain, the immediate benefit, the lasting improvement, and the renewed health that comes like magic from taking Brown's Iron Bitters! Thousands tell of actual cures from the suffering of years—years of misery, the only relief from which seemed to be death.

Suffering women be advised! You can get immediate and wonderful benefit from this great remedy. There is no such thing as experimenting with Brown's Iron Bitters—it does cure. One bottle will convince any woman—from the first she will improve. Every druggist has it. *It does not stain the teeth or cause constipation.*

## OF SOME PIANOS

Is only "case deep." It is much easier to make a handsome case than it is to put music into it. A tolerable mechanic can do the one—the other requires the best thought of a musical artist.

## The Kroeger Pianos

All have handsome, tasteful, durable cases; but in their factory constant, careful, studious attention is given to the production of a perfect and lasting tone. The beauty and honesty of a Kroeger begins with the varnish on the case, and goes straight through to the iron plate that holds the strings. We'd like to show you the inside of a Kroeger.

## AMATEUR ACTORS IN DRAMA.

Successful Entertainment at St. Louis College Last Night.

Personation by James Thompson Arouses Enthusiasm of the Audience. Farce of "Model Tenants."

St. Louis College is certainly to be congratulated on the success of last evening's entertainment in connection with exercises of the closing week. Good training was made manifest in both the musical and literary parts of the program.

The large hall in which the program was rendered, was filled to overflowing with friends of the college, who thoroughly enjoyed themselves, especially over the drama and farce entitled "The Proscribed Heir" and "Model Tenants" respectively.

In "The Proscribed Heir" the audience was kept in a state of laughter through the whole play by the very funny remarks of Blaise, played by Jas. A. Thompson. The other parts were well taken, but Mr. Thompson's personation brought forth free and full enthusiasm of the audience.

"Gentile Zittella," by P. Gleason and "Carnival of Venice," after the first and second acts respectively, were very much enjoyed.

In the farce a young painter takes lodging in a tenement house where nothing but bachelors live. His main object is to paint an emblematic picture representing liberty, the army and navy. In the lodging house is a sailor, a soldier and a tinker. He gets these three to pose for him; the tinker dresses as "Goddess of Liberty." His father hears that his son has formed a tender attachment. He thinks that it is with some fair maiden, but it is with the picture which he is painting. The father arrives, hires a room in the same house as his son, and induces him to explain the meaning of his tender attachment. This is explained satisfactorily and the father is content. As the painter is about to start on his group, the tinker gets a sudden itching sensation which causes him to leap down from his position of "Goddess of Liberty" and make a serious disturbance, breaking up the painter's scheme.

The attraction of the play comes in when the different lodgers recite their characteristic parts.

## PROGRAM FOR SATURDAY.

Mr. Marquardt Will Play a Solo on One String.

The reserved seat sale for the Marquardt concert opened with a rush yesterday, and before night the house for the first concert was nearly sold out. There are a few seats left, however. Seats for Saturday night sold well also. The program for the final concert appears below. John and Madame

PROFESSOR JOHN MARQUARDT.

Marquardt both contribute solos; the former plays an air on the G string. Miss Axtell will sing "Ave Maria," with violin, harp and organ accompaniment. The effect is said to be grand.

## PROGRAM FOR SATURDAY NIGHT.

4. Song—(a) "Still as the Night"; (b) "Bedouin Love Song"..... Pinsuti Miss Jessie L. Axtell.
5. Largo for Violin, Organ and Harp..... Haendel (By special request).
6. Violin Solo—(a) "Romanze" (Viouxtemp); (b) "Air and Variations from Moses," on one string, (Paganini)..... Mr. John Marquardt.
7. Song—"Ave Maria"..... Gounod (Harp, organ and violin accompaniment.) Miss Jessie Axtell.
8. Harp Solo—"Grand Mazurka de Concert"..... Schuecker Madame Breitschuck Marquardt.

## THE PLANTERS' MONTHLY.

Editor Favors Larger Subsidy to Cable Than Heretofore Made.

The June issue of this periodical is received. Among the leading articles is one on the commerce of the Republic of Hawaii, referring to the more important topics in the report of the Collector General of Customs, showing the exports and imports for 1894, which combined amounted to \$14,853,977.99. The total number of passengers arriving at these islands, including those which simply touched here and passed on are given as having been 14,235, for the year 1894, which must have an important bearing on the business which a cable enterprise would find at this port. From the following paragraph, it would appear that the editor favors offering a larger subsidy to a cable company than has been heretofore made:

Some years ago the Legislature voted a subsidy of \$25,000 a year to a company represented by Sir Audley Cooze, provided a cable was laid between the coast of California and these islands within a limited period. That offer has not proved a sufficient inducement to undertake the work. The question now arises, will it not be wise for the Government to increase its offer to \$50,000 a year, on certain conditions, among them that the grant shall cease or decrease whenever the receipts from cable messages show a surplus over the current working expenses, as they unquestionably will within a very few years. This subsidy will be equal to two per cent. interest on the estimated cost of the cable laid between Monterey bay and Honolulu.

## Must Annex Hawaii.

Major Pearce, who has reached San Francisco on his way home to St. Louis after a tour around the world, spoke for an hour on the "Natural and Industrial Resources of the Orient," before the San Francisco Chamber of Commerce yesterday afternoon, says the Examiner of June 5th. Among other things the Major said: "The Hawaiian Islands, that little continent whose destiny is linked with our own, should belong and must belong to our country."

## Excursion on the Fourth.

With usual commendable enterprise, the Oahu Railway will run an excursion from Honolulu over its entire line, including the new extension to Waianae—distant 33 miles. Cheap rates will be offered, and many are sure to take advantage of a trip over this popular route.

## WHARF AND WAVE.

DIAMOND HEAD—June 26, 10 P.M.

—Weather, cloudy; wind, light N.E.

Several island steamers will arrive during the day with sugar.

But few passengers are leaving port on sailing vessels nowadays.

The barkentine S. G. Wilder will leave for San Francisco on Saturday at noon.

The Australia will remain in San Francisco nine days this trip.

She will be due here on July 15th.

The bark C. D. Bryant left for San Francisco yesterday with a light cargo of sugar. She took one passenger.

Six sailors deserted from the ship Manuel Llaguno on Tuesday night. One of the men was caught yesterday.

The Morning Star leaves port this morning about 9 o'clock.

The farewell service will be held on the new wharf at the foot of Nuuanu street.

The Oceanic dock warehouse contains no sugar at present. What remained after the Starbuck was loaded was placed on board of the Llaguno.

The dredger will commence work in naval row today. The idea is to deepen the harbor in that vicinity in order to accommodate a vessel of the Olympia's size.

The schooner Kaulilua has been overhauled and cleaned. She will leave for Fanning Island with a cargo of provisions. She will return with a cargo of guano.

In order to reach San Francisco on the 3d of July to discharge perishable freight, the Alameda will remain in port but two hours on her arrival. This announcement was made yesterday by the agents of the steamer.

The schooner W. F. Witzman, Captain Olsen, arrived yesterday, 16 1/2 days from Gray's Harbor with a cargo of lumber for Allen &amp; Robinson. Her trip was uneventful.

The O. M. Kellogg was loading for this port when the Witzman set sail.

The American line steamship St. Louis sailed from New York June 4 on her maiden passage across the Atlantic. Her carrying capacity was taxed to the utmost, as she took over 350 cabin passengers, the full limit of her accommodations.

The schooner Vine recently arrived at San Francisco from San Marcos Islands with a cargo of gypsum. When this vessel left San Francisco some months ago, it was said that she left in search of treasure that was supposed to be located on an island.

The impression prevails in railroad circles that James J. Hill, president of the Great Northern, intends to establish a line of steamers to the Orient at no distant date, and that his present Western trip is to look into the feasibility of the undertaking and determine the point at which to put on the line.

Circulars will be issued by the Navy Department inviting bids for the construction of three torpedo boats authorized by the last Congress. The plans for the boats have been completed. They provide for the construction of the fleetest craft that will be borne on the naval lists. The minimum speed must be not less than twenty-six knots per hour.

The general officers of the Pacific Mail Steamship Company at San Francisco are awaiting the conclusion of the investigation by the local inspectors into the Colima disaster. While they have not as yet received notice that any of the survivors of heirs of those who were lost propose to begin damage suits, they believe that L. R. Brewer, the millionaire coffee planter, whose wife and children were drowned, is not the only one who will proceed against the company in the courts.

## Extraordinary Diving Feat.

Tommy Burns, the noted swimmer and diver, performed the extraordinary feat of diving from a moving train. Disguising his identity he took, along with two friends, seats in a first-class carriage of the electric overhead railway from the Liverpool pier-head. Once seated in the train, Burns divested himself of his overcoat, and, aided by his two companions, sprang from the carriage roof and from his elevated position took a header just as the train was making for Nelson Dock Station. His leap was 100 feet. Successfully clearing a steamer that was at anchor in the dock, he came to the surface all right—Bradford (Eng.) Observer.

## A Foolhardy Mariner.

New York, June 13.—Robert McCallum, the daring young Scotchman who will make an attempt to cross the Atlantic in a twenty-two-foot sloop, has begun his perilous journey. His only companion is his black Scotch terrier Jack. The start was made at 11:25 a.m. If he had completed the journey, which he expects to do, in forty-five days, he will receive \$5000 and a gold medal.

The HAWAIIAN GAZETTE is issued on Tuesdays and Fridays.

## FITS CURED

(From U. S. Journal of Medicine.)

Prof. W. H. PEEKE, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of 20 years' standing cured by him. He publishes a valuable work on this disease which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P.O. and Express address. We advise anyone wishing a cure to address, Prof. W. H. PEEKE, P. O. 4 Cedar St., New York.
