# GOVERNOR DOLE'S ADMINISTRATION SUSTAINED BY THE CHIEF EXECUTIVE AT WASHINGTON

## HAWAIIANS AT FEDERAL CAPITAL

(Special to The Advertiser.)

WASHINGTON, D. C., April 19.—Governor Sanford B. Dole and Mr. W. N. Armstrong, of Honolulu, arrived here this morning from San Francisco by way of the Southern Pacific Railroad, and took up quarters at the Albany Hotel, on the corner of H and Seventeenth streets. Mr. Lorrin A. Thurston, who came by the northern route, preceded them by one day, and registered last evening at the Ebbitt.

Governor Dole was delayed one day by an unexpected delay in Los Angeles. He and Mr. Armstrong left the train there for a little stroll and got too far away, so that the train left them behind and they had to wait in Los Angeles for twenty-four hours. The Governor preferred the Southern route to avoid some of the disagreeable climatic conditions of the long journey by rail over the mountains.

"I am feeling well," said the Governor a little while after he arrived this morning. "I had a pleasant journey here from Honolulu and am in good health."

Mr. Cortelyou, the President's secretary, has been notified of the Governor's arrival and readiness for a conference with the President at his convenience. He replied that a meeting would be arranged at an early day.

At present President Roosevelt is in South Carolina visiting the Charleston Exposition. He went there early this week and this afternoon started on the return trip, expecting to arrive here tomorrow morning. As tomorrow is Cabinet day it is pretty certain that Governor Dole will have no opportunity to talk with the President before tomorrow afternoon or evening and possibly not before next week. However, if the President follows his usual program in such matters Governor Dole will be invited soon to the White House to dinner and the dinner will be followed by a talk. Nothing can be said definitely as to the President's absence, but it would not be surprising if Governor Dole had an invitation to dine at the White House tomorrow evening. It is not believed that the President will keep Governor Dole waiting long for an audience, at least a preliminary audience.

Mr. George R. Carter came here this morning from Rochester, N. Y., accompanied by Mrs. Carter, and registered at the Gordon Hotel on Sixteenth street. It was President Roosevelt's request that he should be here when Governor Dole came. It is supposed that the President may invite Governor Dole and Mr. Carter to be at the White House at the same time, when Hawaiian matters are again discussed.

Probably Governor Dole will be busy during most of his stay here, as it was stated today that the Senate committee on Pacific Islands and Porto Rico would also want to hear him on Hawaiian matters. I told in my last letter how the House committee was planning to give him a hearing on certain of the bills introduced by Delegate Wilcox, not because there is any prospect of the committee taking up those bills and passing favorably on them, but because this seems to be a favorite opportunity for the committee to get information about the islands at first hand. The Senate committee has a similar desire.

Land Commissioner Boyd, who has been awaiting Governor Dole's arrival, called at the Albany this morning and the two had a little conversation together. Mr. Boyd wished to bring to the Governor's attention something of the work he has been doing since he came here, much of which has already been told in my letters. He wishes Governor Dole to make a formal request of the Secretary of the Interior for a hydrographer to go to the islands. The Governor will take those matters up as he has time. It is Mr. Boyd's intention to leave here for Honolulu in a few days.

(Continued on Page 3.)

WASHINGTON, April 14.—The following official statement was made at the White House to-day: "The President, after most careful investigation and hearing as many men as possible, and hearing from others, has come to the conclusion that Governor Dole's course has been such as to warrant his continuance as Governor of Hawaii and entitle him to the respect and hearty support of the Administration."

The Governor was a caller at the White House to-day and said he would go to Boston for a short visit and in about two weeks would sail for home.

WASHINGTON, April 14.—The Senate Committee on Pacific Islands and Porto Rico today heard Governor Dole and other Hawaiians on two bills pending before the committee. Governor Dole and State Senator George R. Carter spoke in favor of the bill for the appointment of Senators in Hawaii and Delegate Wilcox and Edgar Cayless opposed it. Governor Dole also spoke against the bill granting right of way to the Hawaiian Ditch Company, saying the legislation was unnecessary.

## PEACE MAY BE AT HAND

NEW YORK, April 19.—A cable to the Sun from London says: The Finance and Bullionist, a stock brokers' morning newspaper, issued a second edition at 4 o'clock this (Thursday) morning, containing the following:

PRETORIA, Thursday.—I am informed that, after prolonged negotiations, the British and Boer representatives have at last agreed on terms of peace. The actual terms are still withheld, but I understand that the British Government has no given any concessions to the enemy. The terms have been cabled to the Boer agents at Amsterdam and other Continental centers.

EDINBURGH, April 12.—The Evening News, whose editor is in close touch with Kruger, says: It can be stated on authority that the Boers are prepared to accept the following conditions:

They will not make absolute independence a cardinal feature if they can come to a satisfactory agreement as to future internal government.

The banishment and confiscation of property proclamation must be canceled and confiscated property must be restored to its owners with remuneration for private stock and property destroyed or taken by the British.

Full recognition of state debts contracted before and after hostilities and up to the date of the annexation proclamation, published by Lord Roberts.

Amnesty for the Cape rebels.

The release of all political prisoners.

A date to be fixed when all prisoners of war will be returned to South Africa.

The offer of one or two friendly powers to be accepted to superintend the carrying out of the terms of peace.

THE HAGUE, April 14.—From those close in touch with the Boer leaders here it appears that the peace proposals now under discussion at Pretoria closely follow the summary given on Saturday last by the Evening News at Edinburgh, with the following additional details:

The Boers to accept a British Lord Commissioner, with a Boer executive, both to be resident at Pretoria.

The country to be divided into districts, with British district officers and a Boer committee chosen by polling by the burghers. The veto right is to be reserved to the British Government.

The majority of the British officers must be conversant with the Dutch language.

Johannesburg is to be conceded to the British, with complete British civil government.

A war indemnity of 10,000,000 pounds, to be distributed by mixed committees.

Disarmament to occur when the first batch of Boer prisoners is sent back to South Africa.

No war tax to be levied.

Both languages to be recognized in the schools and courts and in official documents.

The expense of the garrisons in South Africa to be borne by Great Britain.

The present Boer leaders to be retained in office so far as possible.

LONDON, April 15.—The government leader, A. J. Balfour, announced that there was nothing to be given out concerning peace negotiations, but that a message had been received from Boer leaders to which a reply had been sent.

It is said the investigation of the camp at Chalmers, La., where the supplies are collected for the British South African forces, shows it is contrary to neutrality laws.

## G O V E R N O R

DOLE

WASHINGTON, D. C., April 15, 1902.—The Pacific Commercial Advertiser, Honolulu, Hawaiian Islands, Care steamer Hongkong Maru from San Francisco.

President Roosevelt's announcement, retaining Dole and giving him the administration's hearty endorsement, causes great rejoicing here. Governor Dole was at the White House Sunday night for his first interview. Judge Little's candidacy collapsed after the President met Little. Mr. Haywood gives Governor Dole a grand dinner Monday next. Many notables are to attend.

ERNEST G. WALKER.

## COMPROMISE IS APPROVED

United States Attorney Breckons received advice by the Maru's mail from the Attorney General indicating that the compromise in the Pearl Harbor cases as made by Admiral Merry had been accepted by the Navy Department. The letter referred only to the Ford Island compromise, in which the John H. Estate and the Honolulu Plantation Company deeded a strip around the island to the government. The indications are that the Honolulu Plantation Company agreement will also be approved. Mr. Breckons is instructed to look up the title to the Ford Island land.

### To Sell Transports.

WASHINGTON, April 19.—The Secretary of War has directed the sale of the transports Egbert and Rosecrans, now at San Francisco, to the highest bidder, in order to reduce transportation expenses.

The Methodist church at Fresno has been burned to the ground.

## DOCTOR FRENCH SUCCEEDS OLIVER

Dr. French has been commissioned by the Board of Health as temporary medical superintendent at the Molokai leper settlement, to succeed Dr. Oliver. He left last night on the Lehua for the settlement, in company with Jack McVeigh, the new superintendent who takes Mr. Reynolds' place.

Dr. French is not very well known in Honolulu, having been practicing on Kauai. The appointment is for one month, until the Board of Health can secure a medical expert from the East. The University of Michigan is desirous of taking up the study of leprosy, having written here to that effect, and the opportunity will probably be offered that institution to send a graduate from its medical department, Surgeon General Wyman, of the United States Marine Hospital Service, has been also communicated with and his advice will be followed in choosing a permanent successor to Dr. Oliver, as it is now desired that the Molokai settlement may be of some assistance to science in the study of leprosy.

## CUBA'S LEADER DEPARTS

NEW YORK, April 15.—Tomas Estrada Palma, President-elect of Cuba, took leave today of his friends of Central Valley, N. Y., among whom he has lived during eighteen years of exile from his country. A large crowd gathered at his old home early and escorted him to the station, where another large crowd had assembled. The local volunteer firemen and school children, headed by the village band, paraded and nearly everyone carried either an American or a Cuban flag. Farewell addresses in behalf of the citizens were made by the Rev. F. C. Harding and Irving Washburn, and Mr. Palma made a brief response. He said that he left the Central Valley with regret, for it had been a haven to him when he was driven from his own country. The people had always treated him with great kindness, he added, and he would always remember it with feelings of deep gratefulness.

President Underwood of the Erie Railroad gave President-elect Palma the use of his private car for the trip to New York. It was decorated with Cuban flags, bunting and ferns. Mr. Palma appeared on the rear platform as the train left the depot and there was a final cheer louder than all the rest. At Arden the children of the village school gathered to greet the Cuban leader, and although the train did not stop there was a friendly demonstration. It was 1:40 when the train reached New York.

Mr. Palma will remain in New York until tomorrow, when he starts south for Cuba. He will land at Gibara and will go from there to Bayamo. It was at Bayamo twenty-five years ago that he was driven into the jungle by Spanish soldiers, died of exposure, and his first duty in Cuba will be to seek out her neglected grave. From Bayamo he will go to Manzanillo, then to Santiago and last to Havana, which he plans to reach on May 9, the day before the Cuban Congress convenes.

### CONDITIONS IN HAWAII.

Gov. Dole Talks About the Decrease of the Revenues.

WASHINGTON, April 19.—Governor Dole of Hawaii arrived here today to confer with the President at the latter's request regarding conditions in Hawaii, pending legislation affecting the Territory and other matters. The Governor Dole said today: "There is some complaint among business men of Hawaii on account of the tightness of the money market. There are no failures or assignments of importance. The enterprises, however, are too large for the available capital. The Hawaiian Government is limited by the revenues, which are inadequate for carrying on necessary public improvements. The current revenues will be sufficient only to carry out the administration expenses. The last Legislature failed to enact legislation for needed loans. The country lost a large part of the revenues at the organization of the Territory by the transfer of the customs revenues, amounting to about \$1,200,000, to the Federal Government. But we are getting along. The Territorial Government is doing something in the way of public improvements, but not nearly so much as ought to have been done."

The bill providing for an additional judge for the Ninth Circuit has been favorably reported.

## WIRELESS SERVICE PLANNED

(Special to The Advertiser.)

SAN FRANCISCO, April 15.—Hawaii is to have a wireless telegraph communication with San Francisco in all probability in the near future. J. Pierpont Morgan and other distinguished financiers closely identified with him are backing the great enterprise which will connect the United States with Hawaii, the Philippines, Cuba, Porto Rico, Danish West Indies, Alaska, the Aleutian Islands and other distant lands.

The company is known as the Wireless Telegraph Company of America, and has been incorporated under the laws of New Jersey. Contracts to control the American rights will soon be signed by it, and the parent company formed by Marconi in London. The capitalization of the Wireless Telegraph Company of America is to be \$6,150,000.

The company has been financed by E. Rollins Morse. It will begin operations in June, and stations are now being built at Cape Cod, Cape Breton, and Tampa, Florida. The stations on the Pacific Coast are to be built very soon, and by means of these communications will be opened with the Philippines, the Orient and Russia, by way of Hawaii and Guam. The cost of stations is estimated at about \$1,000,000.

In addition to its land stations the Wireless Telegraph Company of America will control the rights on all vessels sailing under the American flag. These vessels will have to purchase their wireless apparatus from the American company.

Marconi is to receive \$250,000 cash, and 55 per cent of the stock of the company, for his deeding them the American rights on his inventions.

E. Rollins Morse is a member of the firm of Morse Brothers, brokers of New York and Boston, and is closely identified with J. Pierpont Morgan in many financial affairs.

According to statements made by those close to the heads of the company, Hawaii may expect wireless messages before the cable to Honolulu is in working order.

### THE MACKAY CABLE.

A landing place near the Cliff House has been selected for the cable which John W. Mackay's Commercial Cable Company will lay between here and Hawaii. George W. Ward, general manager for Mackay, has decided that the best place to land the cable will be close to the life-saving station, just north of Golden Gate Park. Fulton street, if extended, would strike the beach at this point.

The Commercial Cable Company's offices in the Hobart Building, on Market street, near Montgomery, will be the terminus of the cable here. The great rope will be buried in a trench or conduit between the Hobart Building and the beach landing place, and the city authorities will shortly be asked for permission to lay this underground cable. Its route will be from the point on the beach mentioned, east to Fort-seventh avenue, north to Cliff avenue, thence east to Forty-second avenue, thence east along Point Lobos avenue and Geary street to Market.

The route from San Francisco to Honolulu will be about southwesterly, and the total length of the cable will be about 2100 miles. The cable is now being made at the mills at the rate of twenty miles a day, or over 600 miles a month, and a steamship is already being gotten ready to lay it. The actual work will begin some time next October.

The cable will be brought around Cape Horn from the factories in Great Britain on the same vessel which will lay it. It is expected that the line will be completed by Thanksgiving day, as it can be put upon the bottom of the sea at the rate of about five or six miles an hour.

General Manager Ward says: "The company does not expect the San Francisco-Honolulu cable to pay interest on the investment. It will continue the cable across the Pacific by way of Midway Island and Guam to Manila and Japan. We are now waiting for the report of the Government steamship Nero's soundings between Honolulu and the Far East."

## HAWAIIANS AT FEDERAL CAPITAL

(Continued from page 1.)

### HAWAIIAN LAND BILL

There is nothing new to say about the Hawaiian land bill. I might reiterate what I have said before that there is no prospect of any action on it by either branch of Congress. There has been some informal talk about sending an official to the Territory this summer to look over the ground. This talk has been chiefly on the Senate side of the Capitol, but has taken no definite shape as yet. There seems to be some promise that a man will be sent in that capacity, and the most natural selection would be Commissioner Hermann. Governor Dole received an invitation this forenoon, soon after he arrived, to be the dinner guest this evening of ex-Secretary of State and Mrs. Foster. He accepted the invitation. Several prominent officials have been invited, and among those who have accepted is Senator Lodge, probably President Roosevelt's closest friend in public life.

### KOHALA DITCH BILL

The decision of Assistant Attorney General Van Deventer, reversing the former decision of Assistant Secretary Ryan, as to the right of the Governor of the Territory to grant a license for the construction of ditches across public lands and the disposition of public waters, has been made public, the purpose of which decision was carried in my last letter. The text of the decision has been forwarded to Senator Foraker, chairman of the Senate committee before which the Hawaiian ditch bill is pending, and with this decision went a letter from Secretary Hitchcock strongly urging that the Hawaiian ditch bill be defeated. The secretary wrote that there was ample power under the law for the Governor to act in such cases and stated it as his opinion that it would be unwise to pass such legislation at this time. This letter of the Secretary's was written in answer to a request from the Senate committee for his recommendation on the pending bill. In his letter the Secretary included a recent letter from Governor Dole declaring his belief that the legislation would be unwise.

From all appearances this kills the Hawaiian ditch bill. The Senate committee held a brief meeting last Monday, at which Mr. G. T. McCrosson appeared in behalf of the bill. As several members of the committee were late in appearing, Mr. McCrosson had hardly fifteen minutes to present his side of the case and then the committee adjourned. Another meeting will be held next Monday, but unless there is some change of program on the part of Chairman Foraker, the committee will pigeon hole the bill.

Mr. McCrosson, however, is hopeful. He said today that he thought the recommendation of the Secretary of the Interior would have little weight, as he had already decided both ways. "That, to my mind, makes our case all the stronger," said Mr. McCrosson. "Capital will not invest in such an undertaking as long as there is doubt about the law, and the best lawyers in the Senate declare their opinion that the law is not fully determined by reason of the Secretary's decision. You see the condition would be that as soon as anybody made a move to construct an irrigation ditch, somebody would take him into the courts and then all that has been decided by the Department of the Interior might be reversed. Capital does not enter into projects on such uncertainties."

### LITTLE ALIAS SMITH.

Judge Little is still at the Metropolitan Hotel, waiting for something to turn up in the gubernatorial situation. As President Roosevelt has been away all this week, Judge Little has simply been waiting, and that is all he could do. The President invited him to submit his views on the Hawaiian situation, as he has invited all Hawaiian visitors here of any prominence. The Judge has been much at the Capitol, generally visiting daily the committee rooms of Senators Clark and Warren of Wyoming. He has been seeking additional endorsements for the governorship on every hand, all of which, of course, are duly filed at the White House for the President's inspection. It is understood that Senator Quay of Pennsylvania is, at least passively, supporting him, as Judge Little is a native Pennsylvanian. The Judge, however, is quite as non-committal publicly regarding his candidacy as could be expected.

"I am here on private business," said he today at the Capitol.  
"You would not have the Governorship?"  
"Well," replied the Judge, warily, "I am well satisfied with my salary as a Territorial Judge, but I would not be averse to a salary of \$5000, such as is paid the governor. If any one in authority should press the gubernatorial salary upon me, I should, of course, be willing to accept it."

And everybody in Honolulu and Hilo knows that the Judge would be more than willing; he would be eager to get on the pay rolls as Governor of the Territory for the increased salary.

### MISCELLANEOUS.

Delegate Wilcox is now able to be at the House almost daily. He has been looking around for some help to get the \$3,000,000 bill, to reimburse people of Honolulu for the loss of houses by fire during the plague. He will not succeed in that. The Marine Hospital officials, with whom he has consulted, have given him no encouragement. Pretty full knowledge of the general matters before Congress, in which Hawaiian people are interested, has gone before to the press despatches to San Francisco papers. A very extreme exclusion bill passed the House, the California delegation having complete control of the measure in that body. There was occasional mention of the conditions in Hawaii during the debate, but this was only casual as to labor conditions there. No prospects appeared of an amendment, allowing Chinese laborers to come into the Islands, and would not have stood a ghost of a show to pass. The Senate is dealing with the measure this week and it now seems

as though a milder measure will be passed there, perhaps before this letter leaves the mainland. It is pretty safe to predict that the measure as it becomes a law will be little more than a re-enactment of the present law.

The House is debating this week on the Cuban reciprocity bill. Republicans and Democrats have both divided on their attitude towards the bill, but the test vote the first day on going into committee of the whole made it plain that the bill will pass there by a large majority, probably some time next week, as the debate promises to be prolonged. The chief interest now is whether any successful combination can be made to take the differential on refined sugar off. However, that is of little import finally, except if the House should pass such a provision and stick to it the bill could not become a law. The Senate in all probability would never consent to it. There is a parliamentary difficulty to be overcome, as it looks as though the chairman in committee of the whole would rule out all amendments for the removal of the differential. He will certainly do so if he can find precedents to warrant him in doing so, and there are always many convenient precedents on parliamentary law.

### AGE NO BAR.

It Does Not Enter Into the Question You may have it and not know it. You may be young; you may be old. Symptoms the same in both.

A babe with weak kidneys has backache.

A man of 60 or 80 with weak kidneys has backache.

That's the way it talks with all ages. Doan's Backache Kidney Pills cure the babe and the man.

That's the way they do in all ages. No wonder, though, they're made for it.

They couldn't cure a simple case of colic.

But they cure bad cases of kidney trouble.

If your back aches, try them.

Writing under date January 10th, 1899, Jurgen Waiter of this city tells us as follows: "My age is 79—well past the ordinary span of life, and I am the parent of eight children. Being so far advanced in years, I regard the relief obtained from Doan's Backache Kidney Pills.

I suffered from a lame back for years, but after taking some of the pills (procured at Hollister's drug store) was greatly benefited, and I am satisfied the pills did me much good."

Doan's Backache Kidney Pills are becoming popular in Honolulu because they are always endorsed by Honolulu people.

Our kidneys filter our blood. They work night and day. When healthy they remove about 500 grains of impure matter daily; when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disordered eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Doan's Backache Kidney Pills are sold by all chemists and storekeepers at 50 cents per box, or will be mailed on receipt of price by the Hollister Drug Co., wholesale agents for the Hawaiian Islands.

## Tailored Skirts For Women

Three seasons ago we began to believe that we could please women, by procuring for them, ready made summer skirts, which would have all of the chicness, all the style, all the fit and all of the quality, of skirts which were made by expensive dressmakers, and the making of which cost almost as much as the making of cloth or silk dress skirts.

That we were right is proven by the way our skirt business has grown. Every season, more women have bought our skirts.

What's the result? Just this: With every season we make increased efforts to provide choicer styles and an ampler stock and in buying largely we buy well. Quantity is a large factor in the reducing of prices.

The skirt which we show this week are of a higher grade than any we have ever before offered. They were gathered from the salesrooms of New York's foremost makers—only a few from each—hence while the styles are all sure to be right beyond a doubt, they are all different, and you are sure of not meeting other skirts just like your's on every corner. ## WORK FOR YOUNG MEN

**Report of Thirty  
Three Years  
Endeavor.**

The thirty-third anniversary of the founding of the Honolulu Y. M. C. A. was celebrated yesterday evening in the association hall, and the splendid work accomplished in the past was retold, and bright future was prophesied by all the speakers. On the platform were Bishop W. F. Nichols, D. D., bishop in charge of the Episcopal Missionary district of Honolulu; J. B. Atherton, the new president of the Y. M. C. A.; T. Clive Davies, its retiring president; General Secretary H. C. Brown, and Physical Director Fred Young. A pleasing feature of the celebration was the playing of the Amateur Orchestra, under the leadership of Wray Taylor. The exercises were interspersed with singing, followed by an inspection of the Jubilee exhibit and the Junior Boys' room and the playing of a basketball exhibition in the gymnasium.

Mr. Davies reported that the following gentlemen had been elected to office: President, J. B. Atherton; vice-president, J. P. Cooke; secretary, R. H. Trent; treasurer, C. H. Atherton.

General Secretary Brown's report dealt with the figures of membership and accounts, concluding as follows:

"We are convinced that the most hopeful part of our work is among the boys, and trust that the opening of the Junior room is only the beginning of a thoroughly planned campaign for our boys. When economy is the watchword a new building must not be thought of. We see great reason for encouragement if only the committees and active members co-operate to do their best work for the saving and upbuilding of young men."

Physical Director Young's report dealt largely with the matters connected with the gymnasium since he took charge last October, and everything pointed to a clean, wholesome body-building department which was expanding.

Professor Edgar Wood, for the Educational committee, reported most encouragingly of the work done in that department, saying that an effort had been made to adapt all the educational work more closely to the needs of the pupil. This task, on account of the many nationalities and varied demands of each, is becoming each year more difficult.

Miss Edith Rogers sang very sweetly "A Rose in Heaven," and was warmly applauded.

Bishop Nichols was introduced by Mr. Davies as the Y. M. C. A.'s most recent honorary member. The bishop said that one of the greatest questions of the twentieth century and the new Pacific that is looming up with all its intensity at present, is, what kind of young men is the Pacific going to produce? All ought to think about it every day.

Mr. Davies, in his farewell speech, asked for the support of the community for his successor, Mr. Atherton. The latter told of the struggles of the association which began in 1869, and said he would work hard for the association in the coming year. The Y. M. C. A. was a dollars and cents proposition to the business men and they ought to support it.

The basketball game which followed the exercises was won by the L. I. S. quintette, the score being 15 to 11.

## MISSIONARY WORK AMONG JAPANESE

Rev. Dr. Alexander, a missionary whose work has been largely in Japan, was the principal speaker yesterday morning before the Ministerial Union, his subject being "Missionary Problems in Japan." Those present at the meeting were Rev. Hiram Bingham, Rev. O. H. Gulick, Rev. J. P. Erdman, Prof. Alexander, Rev. E. S. Muckley, Major Woods, Dr. S. E. Bishop, Rev. W. H. Rice, Rev. G. W. Pearson, H. C. Brown, John Waldron, Rev. Mr. Lead-ingham.

Rev. Mr. Alexander spoke of the difficulties which lay in the way of the missionary in Japan, for first of all he has to acquaint himself with the language. The language is not easily learned. The missions there have regular two year courses through which the beginners must pass, concluding with a rigid examination. The beginner puts in his entire time learning the language during these two years, and he is then assigned to the task of preaching the gospel in that tongue. He also has to acquaint himself with the manner of thought of the Japanese, so that he can properly unfold the gospel in a way which will insure its being readily understood. He said that the majority of Christians in Japan were the old vassals and military class which were quite destitute when Christianity was first promulgated in the empire. They took up Christianity eagerly, and their descendants now are practically at the head of all things religious.

As to Buddhism and the statements made that it is also making progress there, Dr. Alexander said that was but natural, as even in the United States where theosophy and other teachings were being disseminated, it mitigated against the spreading of the gospel. He said that Buddhism as a rule adapts itself very much to the existing circumstances, and that it often grafts itself onto the prevailing religion. He did not believe that Buddhism could offer enough to satisfy the souls of men. The new missionary had to be careful as to how he handled Buddhism and was more successful when he did not condemn or antagonize it. The only deplorable feature of missionary life was the fact that the various missionary workers were not always in harmony with each other.

Governor Dole is not only vindicated, but his administration will stand hereafter for the political ideas of the Republican President. All in all the conspiracy to remove the governor has been a most fortunate incident, seeing what friends it has made at Washington for him and for the cause of good government in these islands.

SCROFULA.

To cure Scrofula take Scott's Emulsion.

Scrofula may be described as "scattered consumption."

It is consumption of the small glands under the skin, and these break out into the sores. Scott's Emulsion heals these sores.

But there's more to the story. The loss of flesh and great weakness that comes with Scrofula is a regular part of the disease—the same as in consumption of the lungs. For this as for the sores, Scott's Emulsion is just the remedy.

Flesh and strength are gained by the use of Scott's Emulsion quicker than in any other way.

Scrofulous children improve in every way on Scott's Emulsion.

## THE BIG ROW IN BRUSSELS

BRUSSELS, April 15.—In consequence of the disorders the pupils of several common schools have been dismissed and the premises utilized as barracks for the troops.

All the factories and mines at Morlanwelz, Valare and Mabilie have been closed.

Socialist disturbances occurred last night at Namur. A mob stoned the police, who charged with drawn swords. Subsequently a force of gendarmes scattered the rioters.

The strike is steadily extending in both this city and its suburbs, especially at Molenbeek, where a number of large factories have stopped work.

The burgomaster has refused the Socialists' request to be allowed to follow their own devices in burying the Socialists killed during Saturday's riots.

Orders have been issued for the procession to be held at 6 o'clock in the morning, without bands or funeral emblems. Otherwise, the interment must be carried out at night.

It is estimated that the strikers in the Charleroi district now number 50,000. There are frequent parades there, but the town is generally peaceful, in accordance with the advice of the strike leaders.

Attorney Knox is expected to proceed against the beef trust.

## Pains in the Back

Are symptoms of a weak, torpid or stagnant condition of the kidneys or liver, and are a warning it is extremely hazardous to neglect, so important is a healthy action of these organs.

They are commonly attended by loss of energy, lack of courage, and sometimes by gloomy foreboding and despondency.

"I had pains in my back, could not sleep and when I got up in the morning felt worse than the night before. I began taking Hood's Sarsaparilla and now I can sleep and get up feeling rested and able to do my work. I attribute my cure entirely to Hood's Sarsaparilla." Mrs. J. N. PERRY, care H. S. ## D.DISTRICT WORK WILL BE PUSHED

The Fourth district Republican committee last evening closed up its work for the special election and put on foot the plans for the work which is to be done looking to the carrying of the district in the fall. The first business, however, was of a different nature, for the committee certified to the executive committee of the Territorial committee for endorsement the names of Charles Phillips and P. J. Jarrett, as men suitable for appointment, it is understood, to places in the tax office.

Vacancies in the executive committee were first filled. A. L. C. Atkinson was chosen to take the place in the committee for the Third precinct, and A. V. Gear for the Seventh precinct place. W. C. King, chairman of the canvassing committee, suggested a plan for listing all unknown voters in the district. The plan contemplates the sending of a circular and card to the voters whose politics are unknown, with instructions in case the voter is Republican that he send his name and address to the committee, while if he is to affiliate with another party he of course will not return the card. The plan was approved and a motion was passed providing for the appointment of a committee which shall have charge of the canvassing of the district and watching of the registration. The committee as named consists of W. C. King, Charles Wilcox and L. H. Wolf.

Treasurer Brown reported that he had paid bills for the special election amounting to \$438.15, and had collected \$271. He wanted an audit of his accounts, and the committee, which had two vacancies, was reconstituted as follows: Charles Wilcox, Dr. Burgess and J. W. W. Jones.

A special meeting of the district executive committee, which it was provided will have charge of all nominations, was called for 5 p. m. today.

## EXCLUSION BILL MAY NOT PASS

WASHINGTON, April 14.—One of two things is likely to happen to the Mitchell-Kahn exclusion bill from the present outlook. It will either be amended to conform to the present laws and be passed, or will be sidetracked for the Flat amendment. It is likely that it will be amended and passed, although a poll taken of the Senate today, according to the Senator who took it, revealed a vote of forty-five against the bill. But he spoke of the bill as it stands, while everybody admits that it must be amended to stand any chance at all.

## CABLE MEASURES SHELVED. Mackay Renders a Government Line a Superfluity.

WASHINGTON, April 11.—There is almost no talk nowadays of Pacific cable bills, and it appears to be generally conceded that nothing will be done by Congress this session. The construction of a cable to Honolulu by John W. Mackay's company, which, it is reported, will be completed by November, seems to have satisfied the majority of the members of Congress that a Government cable would be a superfluity. Mackay has filed a guarantee with the Department of Justice concerning rates, and agrees to submit to regulations imposed in case of war, including censorship, right of way of Government messages, etc. "What more do we want?" asked a Pacific Coast Senator today. "We're getting a Pacific Coast cable as it is. Why should Congress bother about it?"

## PLAYED IN HONOLULU. Ben Howard, Here With the Neills, Attempts Suicide in Utah.

SALT LAKE, Utah, April 11.—Benjamin Howard, leading man of the Daniel Frawley company, now playing at the Salt Lake Theater, made an unsuccessful attempt at suicide in his room at the Knutsford Hotel last night. He swallowed two ounces of laudanum and slashed his left wrist with a razor. Howard comes from Montpelier, and was with James Neill last season. He is about thirty years of age.

[Howard was in Honolulu with the Neills during their first engagement.]

## TUG OF WAR.

There will be a meeting this evening of the captains of the tug-of-war teams, at which the names of teams and substitutes must be handed in. The Unbleached Americans have dropped out of the tournament and it is probable that the All Americans will withdraw also. The withdrawal of the Africans will necessitate the making of a new schedule.

## Cuban Reciprocity Bill.

WASHINGTON, April 14.—Interest in the Cuban reciprocity bill is waning and the Republican opponents of it are determined to prolong the struggle as much as possible by refusing to allow speeches to be printed in the Record. Robinson of Indiana opposed Cuban annexation on the ground that it would threaten the welfare of the American wage-earner. McCall said the objection that reciprocity would kill the beet sugar industry had no solid foundation. Stevens of Minnesota opposed the bill. The men who had gone to Cuba and were pressing Congress to give relief were men who went there to amass fortunes. They were sugar barons, not Cubans. Stevens described the threat of annexation as a "bogey man."

## Dole's Opinion Desired.

WASHINGTON, April 11.—Representative Robinson today introduced a bill restricting the leases, sales, etc., of the public lands of Hawaii until Congress otherwise directs. The bill grows out of a recent decision of the Interior Department that the governor of Hawaii had the right to lease the lands and that Governor Dole might grant extension of present leases. Robinson has secured the adoption of a resolution inviting Governor Dole, who is now here, to appear before the House committee.

The United States Supreme Court has before it the case of the State of Washington to prevent the merging of the Great Northern and Northern Pacific railroad companies.

### RESPECT PAID TO DEAD ATTORNEY

Supreme and District Courts Ad-  
journ—Funeral Services  
N xt Sunday.

Both the Supreme and District Courts  
adjourned yesterday morning out of re-  
spect to the memory of the late J. K.  
Kaulia. In the District Court, Judge  
Wilcox, prior to the adjournment.

THE LATE J. K. KAULIA.

eulogized deceased, whom he character-  
ized as a true friend of the Ha-  
waiian people.

The interment will take place next  
Sunday afternoon. The committee hav-  
ing charge of the interment of the re-  
mains are: John Emmeluth, chairman;  
John S. Wise, Prince Cupid, George  
Kaia and Fred W. Beckley.

The pallbearers will represent the ex-  
ecutive committee of the Home Rule  
party, the police force, the longshore-  
men and relatives of the deceased.

Yesterday morning the remains were  
taken to the undertaking parlors of H.  
H. Williams and on Sunday morning  
the body will be removed to Kaunakapu  
church. There will be services in the  
church in the morning and after-  
noon, conducted by the Rev. Mr. Lono.  
Nuuanu cemetery will be the place of  
interment.

Resolutions of condolence will be  
drafted at the meeting of the executive  
committee of the Home Rule party,  
next Thursday night.

### SAILOR CASE BEFORE ESTEE

The trial of Charles Richardson,  
charged with assault upon the high  
seas, was begun yesterday afternoon  
before Judge Estee, and continued at  
an evening session. Richardson was  
a negro sailor aboard the Diamond.

The jury hearing the case is compos-  
ed of J. Emmeluth, E. Hammer, C. J.  
Fisher, J. W. Chapman, S. Ehrlich, H.  
Kruger, C. T. Wilder, M. P. Roth,  
Chas. Phillips, W. A. Hardy, Felix  
Brughe and George Campbell.

John Emmeluth and George Camp-  
bell, who were absent when the jury  
was called in the morning, were each  
fined \$3.51, the cost of serving the at-  
tachment.

In the morning the regular venire be-  
ing insufficient, eleven jurors were spe-  
cially summoned as follows: T. R.  
Mossman, C. J. Fisher, Frank J. Wood-  
bridge, H. Kruger, Charles Phillips, C.  
T. Wilder, A. R. Hatfield, W. A. Har-  
dy, E. Hanner, W. P. Roth.

Lewis & Turk pleaded guilty to  
boarding the Sewall before she had  
been passed by the customs officials.  
They will be sentenced this morning.  
William Young, who pleaded guilty,  
was fined twenty dollars.

CIRCUIT COURT.  
In the Silva divorce case Judge Rob-  
inson allowed temporary alimony in the  
amount of forty dollars a month, to the  
wife, and an attorney's fee of fifty dol-  
lars. The injunction restraining Silva  
from disposing of his property is dis-  
solved.

## LOCAL BREVITIES.

John Ema, president of the Inter-Island Steam Navigation Company, has been compelled to forego his trip to the coast by the Alameda on account of pressure of business.

Major Wilson and the boys of the Kamehameha Schools went out on their annual week's camping trip yesterday. Their camp equipment consists of property belonging to the National Guard.

Complaints are being made about the bad condition of Kukui street on the Ewa side of the stream. A gentleman who resides on that thoroughfare states that his three children are sick on account of the insanitary conditions there.

The "stone wall" on Hotel street, which has been an annoyance to the community since the Rapid Transit tracks were laid, is to be removed shortly. An agreement has been reached whereby the Coney estate is to receive in exchange for the property taken over by the government for street purposes, a strip of land on Miller street.

The road jury which was appointed for the purpose of investigating the Waikiki road widening proposition convened yesterday morning in the high sheriff's office. It is understood that the jury is in favor of widening the thoroughfare, according to the lines already run through the property on the mauka side of the road. The jury's report will probably be turned in today.

James Neill writes to Honolulu that he now wishes he had made his entry into the Elks through the Honolulu Lodge, "where the climatic languor might have modified the ardor of the initiatory team." He says he has retracted the "jagged" things he said in his unrighteous wrath when he was hit with a bladder, and he was not surprised that the roar he emitted was heard in the South Seas. He says he will not come to Honolulu until next year.

## Faust Finds Favor.

"Faust" was played to a large and attentive audience last evening by the Eliford. Fanning, as Mephisto, painted the moral that adorned the tale, his characterization modeled on the lines of Lewis Morris as to action and intonation, making a very effective devil.

There have been many worse Fausts than Scott, who infused a deal of manliness into the role. Miss Powers was a sympathetic and lovable Marguerite, Doree Martha being portrayed by Miss Cummings at her best. Watson jumped from comedy to tragedy and played a forcible Valentine. The specialties between acts and in the broken scene were good and the electrical effects worked without a hitch. It was a very creditable performance.

## LOCAL BREVITIES.

Gerritt Wilder will return to Honolulu in the China next week.

A birthday party will be given on Friday for Master Donald Lewis.

Mrs. Albert E. Nichols leaves shortly for the coast to remain a year in Los Angeles.

Horace Craft leaves on the Alameda next week for the mainland. He will go as far as Ohio.

A meeting of the women of St. Clement's church is called for this afternoon at 3 o'clock at the rectory.

Dr. and Mrs. F. R. Day expected to leave Europe for the United States just about this time and will probably be in Chicago by the middle of May.

Persons wishing to turn in a fire alarm should remember that after the key is inserted and the door opened the inside hook must be pulled down.

The exhibition of paintings by Wores which has been the feature of the art room of the Pacific Hardware Company, will close in a few days with an auction sale.

The reception to Bishop Nichols by the Hawaiians of the Episcopal church will take place this evening at 8 o'clock in the Sunday school room, adjoining St. Andrew's cathedral.

Philip Friedman, a clerk, filed a petition in bankruptcy yesterday. His liabilities amount to \$550 and he has no assets excepting three suits of clothes and necessary underwear.

The Ladies' Aid Society of the Church of Christ will meet this afternoon at the home of Mrs. William Hall, Makiki street, near Wilder avenue. All women cordially invited.

W. E. Rowell's record runaway horse made another dash for liberty yesterday on Merchant street, but failed to free himself from the buggy or do any damage to other rigs on the street.

Mr. and Mrs. William Irwin will go to Honolulu the middle of May, and have as their guest Miss Charlotte Wilson. Miss Elita Redding expects shortly to leave for the East.—S. E. Exchange.

It is said that a meeting of Catholics will be called this week to take action in the Father Wendelin matter, in connection with the Board of Health's action in asking for his removal from the bishop's seat.

The Kamehameha School boys went yesterday for their camp at Waiwae. The boys are in charge of Major Wilson and expect to remain in camp until May 10th. The tents used by the campers were obtained from the National Guard.

"Dickens and His Earlier Works" was the subject of a reading last evening in the Y. W. C. A. rooms by Mrs. Rogers. The lecture was listened to attentively and was a most entertaining collection of data, given in a very interesting way.

A Japanese workman known as "76," employed at the Young building, fell through an opening in the floor of the ground floor, to the basement below. His chin was cut and he received several gashes on his head, besides spraining one of his wrists. He was taken to the Queen's Hospital.

S. Kellin, Normal Inspector for the Department of Education on Maui, has resigned the office and his successor is Charles King of the Kamehameha Schools. Mr. Kellin resigned ostensibly to go into business, but it is thought the resignation came because of troubles with the board.

"A Few Weeks Spent in Greece" will furnish the subject for a talk by Mrs. Oliver P. Emerson at the at home of the Kiloheana Art League, to be given Tuesday evening, April 29th. It is expected that a small art collection of Greek casts and photographs will be lent to add interest to the lecture.

Mrs. A. H. Otis will sing at the Thursday noon song service at the Y. W. C. A. At 5 o'clock on the afternoon of the same day Miss De Lartigue will lecture in the rooms on "Attractiveness of Person and How to Keep It." This will be a practical lecture replete with hints for the care of one's health. This lecture is free to any ladies who desire to come and listen.

Among the passengers on board the Grant was Lieutenant Colonel Arthur Wagner, who was acting as adjutant general in the Philippines. He is a well known author, also, having written quite a number of military textbooks. Among them are "The Sense of Security and Information," "The Campaign of the Koniggratz," and "Organization and Tactics."

Any member of the Independent Order of Odd Fellows who has not received an invitation to the entertainment and dance to be given in Progress Hall next Saturday can obtain same by calling on Mr. A. F. Clark at Hueston & Co., Mr. James Bicknell at W. C. Peacock & Co., and Mr. A. Arndt, of the Hawaiian Hardware Co. This entertainment is given in commemoration of the 83rd anniversary of the Order. There will be dancing after the exercises.

# DEATH OF TALMAGE

The Great Preacher Succumbs to Disease.

## INFLAMMATION OF THE BRAIN

All His Family at the Bedside When the Tabernacle Pastor Passed Away.

WASHINGTON, April 12.—Rev. T. De Witt Talmage, the noted Presbyterian clergyman, died at 5 o'clock tonight at his residence in this city. It had been evident for some

days that there was no hope of recovery, and the attending physicians so informed the family. The patient gradually grew weaker, until his life went out so quietly that even the members of the family, all of whom were watching at his bedside, hardly knew that he had gone. The immediate cause of death was inflammation of the brain. Dr. Talmage was in poor health when he started away from Washington for Mexico for a vacation and rest six weeks ago. He was then suffering from influenza and serious catarrhal conditions. Since his return to Washington some time ago he had been quite ill.

Until Thursday, however, fears of his death were not entertained. The last rational words uttered by Dr. Talmage were on the day preceding the marriage of his daughter, when he said: "Of course I know you, Maud." Since then he had been unconscious. At Dr. Talmage's bedside, besides his wife, were these members of his family: Rev. Frank De Witt Talmage, Chicago; Mrs. Warren G. Smith, Brooklyn; Mrs. Daniel Mangum, Brooklyn; Mrs. Allen E. Donnan, Richmond; Mrs. Clara Wickoff and Miss Talmage, Washington. While arrangements for the funeral have not been finally completed, the family has about decided to have the remains taken to the Church of the Covenant here on Tuesday, where services will be held. The body will then be conveyed to Brooklyn, where interment will be made in the family plot in Greenwood cemetery, probably on Wednesday.

### WADE HAMPTON DEAD.

Famous Confederate Leader Succumbs to Heart Disease.

COLUMBIA, S. C., April 11.—General Wade Hampton died this morning at 11 o'clock from valvular disease of the heart, after having been unconscious for several hours. The General had just passed his eighty-fourth birthday. Twice this winter he had sustained attacks that had greatly weakened him, but he rallied wonderfully. He was out driving a week ago, but it was evident his strength was deserting him. No arrangements have been made for the funeral, except that it will be, at the General's expressed wish, without pomp of any sort, and will take place Sunday afternoon. The family of General Hampton objected to a state funeral. Bells were tolled today in all towns of the State when the news was received and many schools were closed. Governor McSwain issued a proclamation ordering official mourning and reciting General Hampton's virtues.

## IS COMING TO HONOLULU

P. E. Labouchere-Hillyer, Nephew of Henry Labouchere to Visit Us.

(Special to The Advertiser.)

SAN FRANCISCO, April 15.—P. E. Labouchere-Hillyer, a nephew of Henry Labouchere, the leader of the pro-Boer party in the British Parliament, will sail for Honolulu in a few days on a hurried business trip.

Hillyer is in California looking after the interests of the Hillyer estate. He came to California first some months ago, but has just returned after a quick trip to England. He expects to stay in Honolulu only a few days and to be in London for the coronation of King Edward. He is a distinguished Englishman, and has traveled widely.

Hillyer says that the expense of the Boer war is beginning to be severely felt among all the people of the British realm. He says:

"The income tax is especially heavy, as we now have to pay two shillings three pence per pound, which is over ten per cent. The average Briton would be willing to pay even fifty per cent, rather than have the war end without the complete submission of the Boers, now that it has been carried as far as it has, but there are a few men who are withdrawing their capital and making investments in other places."

"Two years ago I used to stand in line for half an hour to get a chance to transact business at the Bank of England, but just before leaving a couple of weeks ago I was down at the bank and only five persons were there. This is a fair example of what the war is doing for the country. If the question had been submitted to the people there would have been no war, but the supremacy of Great Britain must be upheld, in the opinion of the people, and, as I said before, they would be willing to submit to a taxation of fifty per cent rather than have the war end without submission of the Boers. The same idea of the British supremacy prevails in trade. The business man cannot, or rather will not, see that the American enterprise and the American 'go to it' spirit is rapidly crowding the British from the markets which they have regarded as their own during the past century."

In speaking of the will of the late Cecil Rhodes, Mr. Hillyer said: "I was well acquainted with Cecil Rhodes, and it is my opinion that he has made a mistake in leaving the endowed scholarships at Oxford and Cambridge. The university life there is more of a social finishing touch to the education than of higher study. It is the intention, when a man enters Cambridge or Oxford, that he shall form the acquaintance of men with whom he is to associate the remainder of his life, and the endowment which Cecil Rhodes has left would be only enough to cover the incidental expenses of the average students at either university. Necessarily, those who can avail themselves of the scholarships are the sons of wealthy men in the United States and in the provinces, and this class could afford to and would rather pay their own expenses than accept what might seem beneficence from a British subject."

"If it was Mr. Rhodes' intention," continued Mr. Hillyer, "to bring together the representative young men of the States, the provinces and the British islands to promote a spirit of good feeling between them, it is unnecessary, as I have found during my travels, as that spirit already exists, and at the English universities many American students are putting the finishing touches on their education."

FREDERICK O'BRIEN.

# VOLCANO MARSHALL GOES TO JAIL CHARGED WITH SEDITION

(Special to The Advertiser.)

SAN FRANCISCO, April 15.—There is no doubt but that "Volcano" Marshall will soon be as well known in the Philippines as he was in Hawaii. According to the latest advices he is now in jail in Manila, charged with treason. Marshall has been hitting away at the officials and judiciary of Manila, and his methods are objected to by these people. The dispatches from Manila tell of the arrest of the editors of the Volcano, but do not mention any names.

The reason of this is that the dispatches are censored by the United States Government, and that permission was refused to send names as the publication of these in the United States might stir up unnecessary sympathy for the incarcerated editors.

The San Francisco Chronicle, however, gives Marshall full credit for his arrest, and follows the dispatch from Manila printed in the Chronicle, with a local statement of Marshall's identity, as follows:

"MANILA, April 10.—Excitement prevails here on account of the arrest of the editor and proprietor of Freedom, a local publication, who is charged with sedition in publishing recently an article from an American periodical to which the editor of Freedom agreed. He also added remarks of his own, censuring the United States Commission's rule, and saying that when it started in July last every paper in the city up held it, since which they had all dropped by the wayside, as they would not support arbitrary government, especially when evidences of carpet-bagging and rumors of 'graft' were too thick to be pleasant."

"The main charges made are that in many cases the Filipino office-holders are rascals and that the Commission has exalted to the highest positions Filipinos who are notoriously corrupt."

"The editors of the Volcano also have been arrested on a suit of the Government for demanding the removal of the Judge who recently tried Senor Valdez (the editor of a local Spanish paper, who was fined 4000 pesetas for libeling two Filipino members of the Commission), and who is now trying the editor of Freedom under the sedition law."

"These proceedings have aroused the entire press of Manila and its representatives met today and resolved to send a committee to the Commissioners to argue against the injustice of the proceedings. The meeting also determined to send a cable message to President Roosevelt, urging him to take steps to prevent the Commission from using the sedition law in such cases, to prove less majestic against editors. The meeting, which was enthusiastic, was also largely attended by lawyers, doctors and others."

"William H. Marshall, the principal editor of the Manila Volcano, is known throughout California as an erratic but brilliant editor. He was for a number of years the editorial writer of the Sacramento Bee, and has occupied similar positions in many California towns. He went to the Philippines a few months ago from Honolulu, where he had been a resident for nearly three years. Part of this time he spent in jail for libeling the Chief Justice of the Republic of Hawaii."

"Marshall's case is famous in the annals of jurisprudence, as in it the question was first raised in the annexed territory whether the Constitution of the United States followed the flag. Marshall's lawyers contended that it did."

and that their client not having been indicted by a grand jury, had been illegally convicted. The case was appealed to the United States District Court of Hawaii, but Judge Morris M. Estes refused to release Marshall, and he broke rock on the streets of Honolulu until pardoned by Governor Dole.

"Curiously enough Marshall's offense for which he was sentenced in Hawaii was committed in the columns of the Volcano. This was a political weekly, which he started to oppose the Dole government. He attacked the Supreme Court of Hawaii in the boldest manner and announced weekly that the Volcano would never cease to belch its sulphurous fumes until it had 'driven Chief Justice Judd over the fall.' The Fall is the great precipice near Honolulu over which Kamehameha I, the unifier of Hawaii, drove thousands of his enemies to death below."

"When Marshall doffed the stripes he rekindled the Volcano, which had been extinct during his incarceration, but, although backed by Judge Humphreys and the anti-missionaries of Honolulu, he could not make it a success. He slipped off to Manila at the invitation of Editor C. O. Ziegenfuss of the Manila American, and began publishing the Manila Volcano. He has bitterly assailed many of the officials, both American and Filipino."

"Marshall is a master of invective. He has much the style of the editors of a generation and a half ago, and almost all his editorials end with an apostrophe to the flag. But he is a man of courage, with few ambitions, except to agitate for his principles, and with a burning desire to fall a martyr to the convictions for which he has toiled many years. 'Americanism' is his war cry, and his interpretation of this word is, according to Marshall's friends, sure to bring him the enmity of Government officials in the Philippines, and to ultimately cause his exile from the islands. If Marshall can bring about this, his life will have received its crowning glory."

The newspapers of all the towns of California in which Marshall has wielded a journalistic pen, have made characteristic comments on his arrest at Manila. An editorial writer in the

Fresno Republican, whose style is colloquial, says:

"Well, dog my cats, if 'Ole Bill' Marshall isn't fuller of luck than a flea dog is of fleas. Only last Sunday, I was saying how his new planting of 'Volcano' seed had begun to shoot up the tender sprout on March 8th in Manila, after having been transported thither from Honolulu, and transplanted in the teeming and turbulent soil of the Philippine Islands, and pictured William on the highway to fame and fortune in his effort to girdle the world with volcanoes of his own private make. And now comes a cable dispatch—that the Volcano, with its eruptive and superabundant flow of super-heated lava, got to be so infernally hot that it had to be quenched by the courts. 'Ole Bill' is now the happiest man in Manila—gets free lodging in a burglar-proof—three rectangular equilaterals a day, and sure of the same tomorrow—gets his paper advertised for nothing—is safe from the duns of creditors and stands a chance to be deported as a disturbing element and thereafter to pose as a martyr in the cause of the liberty of a dethroned press. Bill's in jail. Perhaps he will have to go to China where they cast type with a hand-saw—set 'em up with chop-sticks and lock up the forms by nailing the type fast to a board. If so, the next issue of the 'Volcano' may be in blast at Hong Kong, with a motto line from Confucius, or Claus Spreckels, done in scholarly Chinese text, championing the cause of race fusion."

Perhaps the editor of the Sacramento Bee is really responsible for Marshall's writing and publishing the article which got him into jail. If one believes in mental telegraphy, there is considerable foundation for this, as in an editorial in the Bee, Marshall's attention is called to an incident, for commenting on which a few days later, he is now in the bastille.

The Bee says:

"William H. Marshall, for some years on the Bee's staff, has inaugurated the Volcano at Manila. Marshall is a bright and forcible writer, a man of convictions and of conscience. He is intensely American, so much so in fact that he sometimes forgets those things which are at his very doors. For instance he refers to his country as 'A land which recognizes individual sovereignty, according to every man the right to worship God according to the dictates of his conscience, fosters free schools, holds inviolate free speech, and is the sponsor of a free press.'"

"That may be all right here, Marshall, but this Government is not spreading those blessings where you are."

"Among the laws now in force in the Philippine Islands, 'enacted by the Philippine Commission,' and 'by authority of the President of the United States' is a statute providing that any person who shall belong to any secret society having for its object the promulgation of any political opinion or policy, shall be fined \$100 and imprisoned one year. There is also another statute in those laws that 'any person who advocates, orally or in writing, or printing, or by like methods, the independence of the Philippine Islands, whether by peaceable or forcible means, shall be fined \$2000 and imprisoned one year.'"

"This dispatch came over the wires only the other day:

"MANILA, April 4.—Senor Valdez, the editor of a Spanish weekly paper, who has been convicted of libeling two Filipino members of the Philippine Commission, Benito Lagarda and Dr. Pardo de Tavera, former President of the Liberal party, has been fined 4000 pesetas. The Judge said that the offer to prove the truth of the assertions only aggravated the original offense."

"That is a free press with a vengeance, is it not, Marshall?"

"If a Tweed regime were inaugurated in the Philippines, and you were to expose it, you would undoubtedly find yourself in jail. And if you had fortified yourself with proofs of the guilt of the scoundrels and offered to establish that guilt in open court, you would probably invite an addition to your sentence, for you would thereby have 'only aggravated the original offense.'"

"You should be proud of your country, Marshall."

"At the same time, there are some things being done in the Philippines under the sanction of this Government which should bring the blush of shame to the cheek of every American citizen."

## Sore Throat and Lung Trouble

Don't you take any chances with a sore throat, it is too big to risk. A lot of ailments come under the head of "sore throat." For instance, tonsillitis, bronchitis, trachitis—all of them in a different form but each one curable by the same remedy. Halpruner's Pain Remover will cure a sore throat in less time than any other known remedy. In fact, it is the best medicine made for sore throat. First, rub the throat thoroughly with the Pain Remover and saturate a piece of flannel with it and bind it around the neck. Ditate one tablespoonful in a wine glass of water and spray or gargle the throat—also take it internally in milk or water. Before the big hand on your clock makes one complete circle you will notice the difference. You will be very much better, and continued applications will cure you permanently.

### THE TIVOLI PRIMA DONNA

A Sore Throat Nearly Prevented a Popular Performance.

The following experience of an opera singer is interesting to all persons who must depend upon their voice. It is the experience of Signorita Ida Valerga, the famous prima donna of ten years ago.

Madam Valerga was singing in the opera "Theodora" at the Tivoli and was the talk of San Francisco, and the theatre was crowded nightly. Signorita Valerga had a severe attack of sore throat. In fact, it was so severe it seemed almost impossible for her to go on with the role, and the management was greatly perplexed because it was impossible for him to get any one to take her place.

Signorita Valerga was induced to try Dr. Halpruner's Wonderful Medicine, which gave her immediate relief. The following letter from the Signorita explains how she used the medicine:

SAN FRANCISCO, Oct. 1, 1899.  
To the Public: I suffered with a severe sore throat four days after the opera of "Theodora" at the Tivoli Opera House. I used Dr. Halpruner's Pain Remover as a gargle and to bathe my neck, and found instant relief; in fact I was almost immediately cured and was able to continue with my role in the opera.

Collector Stackable Fines Captain  
and Mate of Bark  
Nuuanu.

On Saturday Collector of Customs  
Stackable imposed a fine of \$100 each  
on Captain Josselyn of the bark Nu-  
uanu and his mate for failing to hang  
their framed licenses in a conspicuous  
place.

The case is covered by section 4445  
of the Revised Statutes of the United  
States, which reads as follows:

"Every master, mate, engineer and  
pilot who shall receive a license, shall,  
when employed upon any vessel, place  
his certificate of license, which shall  
be framed under glass, in some con-  
spicuous place in said vessel, where it  
can be seen by passengers and others  
at all times; and for every neglect to  
comply with this provision by any such  
master, mate, engineer and pilot, he  
shall be subjected to a fine of \$100, or  
the revocation of his license."

**HONGKONG MARU  
FROM THE COAST**

The S. S. Hongkong Maru arrived  
from San Francisco about 3 p. m. yes-  
terday. She left San Francisco on  
April 15, and had a very fine trip. The  
vessel brought 184 bags of mail and  
newspaper files from the 11th to the  
15th inclusive. The passenger list,  
which was an unusually small one,  
contained the following names:

For Yokohama—Rev. W. L. Curtis,  
Mrs. W. L. Curtis and child, Miss E.  
Fox-Strangways, Dr. Mary A. Hol-  
brook and servant, O. H. P. Noyes. For  
Kobe—A. C. Bryer, A. S. Chesebrough,  
Miss C. E. Stirling. For Nagasaki—G.  
H. Stork. For Shanghai—Mrs. E. L.  
Douglas, Mrs. T. Emerson, Tao Yu C.  
Sun. For Hongkong—G. W. Beecher,  
Fritz J. Frank, P. Kraft, Arthur Lew-  
is, Captain Carlos A. B. de Vasconcel-  
los, Mrs. Carlos A. B. de Vasconcel-  
los, J. S. Mallory.

The Hongkong Maru, which is lying  
at the Pacific Mail wharf, sails for the  
Orient today at 11 o'clock a. m. She  
will take the following passengers from  
here: B. A. Gould, J. I. Jacob, L. E.  
Phipps, A. H. Rosengarten, Mrs. A. H.  
Rosengarten, H. C. Smith, W. Schell-  
hass.

**Tampico's Good Work.**

The Globe Navigation Company's  
steamer Tampico which sailed last  
week from Kahului for San Francisco,  
made a record for quick work on Kau-  
ai. Arriving at Makawell on the 2nd,  
900 tons of freight were discharged,  
after which the vessel proceeded to  
Eleele, where 1200 tons of sugar were  
loaded in three days, 7000 bags being  
taken aboard in one day, a local re-  
cord. Proceeding to Kahului, 15,000 bags  
of bran and 1000 bags of flour were dis-  
charged and 16,950 bags of sugar load-  
ed in a little less than two days.

**A Nice Point.**

Captain Halcrow of the bark Louisi-  
ana was surprised yesterday. It ap-  
pears that one of his crew signed with  
Captain Rodman for service aboard the  
tug Iroquois. As soon as details had  
been settled, Captain Rodman sent his  
new acquisition with a note to Captain  
Halcrow, requesting that he be dis-  
charged from the bark. The captain  
of the Louisiana refused to do any  
such thing, and wants to know wheth-  
er the navy protects the merchant ser-  
vice or vice versa.

**May Burn Powder.**

Captain Rodman of the U. S. tug Iro-  
quois is contemplating taking his ves-  
sel to Molokini, a small island off Maui,  
for the purpose of target practice.  
Whitewashed rocks on the island will  
be used for targets. On her recent  
cruise to Kauai the intended practice  
at marks was abandoned.

**Family With Him.**

Captain Curtis of the ship Tillie E.  
Starbuck, which arrived Sunday, is ac-  
companied on this voyage by his wife  
and daughter. His son Libbie is one  
of the officers on the new steamer  
Alaskan, which will soon be here from  
San Francisco.

**Shipping Notes.**

The Mauna Loa is due from Kona  
and Kau ports this morning.

The bark S. C. Allen will probably  
sail for San Francisco this morning.

The transport Sherman should ar-  
rive from San Francisco tomorrow with  
one day's later news.

The ship Edward Sewall may sail for  
New York this morning. She has 90,000  
bags of sugar aboard.

In a mix-up at the railway wharf  
yesterday between the steamers Clau-  
dine and Hyades, the former had a life-  
boat smashed.

The steamer Hyades sailed for Ka-  
hului about 6:30 last night. She will  
load sugar for San Francisco and will  
probably leave Kahului next Saturday.

The steamer Kinau returned yester-  
day morning from a special trip to  
Laupahoehoe and Hilo. She will go  
out on her regular trip today as usual.

**THE MATE AND  
THE IRISHMAN**

Officer of the Louisiana Cultivates  
Trouble With One  
Macnamara.

Mate Rogers of the bark Louisiana is  
in trouble, and one Macnamara is  
nursing a broken head, in the same  
connection.

Yesterday morning Macnamara vis-  
ited the police station and wanted Rog-  
ers arrested on a charge of murderous  
assault. A warrant was issued and in  
due time Rogers was locked up.

At the station the mate of the Louisi-  
ana stated that on Sunday while he  
was asleep in his cabin, Macnamara  
entered and went through his clothes,  
extracting therefrom \$2 in silver. Rog-  
ers, awakening suddenly, made a grab  
at Macnamara and severely pummeled  
him, toppling off the chastening with a  
belaying pin, when the man with the  
Hibernian appellation refused to leave  
the vessel. Bail was fixed at \$100  
which was furnished and the case will  
come up in the District Court this  
morning.

Rogers created a good deal of amuse-  
ment at the police station by the way  
he told his story. Said he:

"Yes, I struck him, and though I'm  
but a little man, when I hit, something  
has to go; a lip, or an eye, or an ear,  
or a nose or something else. Oh! but  
I'm a hitter; look at the corns on my  
knuckles."

"I've been coming to Honolulu off  
and on since '89, and this is the first  
time I have been in the police station.  
But what could I do? I suppose I  
should have said: 'Here's another dol-  
lar you've overlooked,' or 'Let's go  
ashore and have a drink.'"

Macnamara, the complainant in the  
case, has interviewed Judge Wilcox  
several times on the liquor question.  
He always introduces himself as fol-  
lows: "Me name's Macnamara, and  
I'm a typical Irishman, I am."

Mate Rogers is a navy pensioner, be-  
ing a pastmaster in the United States  
service, though a Castilian by birth.  
He has captained several vessels and  
is well known in most of the ports of  
the Pacific.

Without the benefit of a single day's  
schooling he has become familiar with  
eight different languages and can  
speak them all.

**HERPICIDE**

**A Luxuriant  
Growth  
of Hair,**

the chief adjunct  
of beauty, is now  
placed within the  
reach of everyone  
by means of Newbro's Herpicide, a  
by scientific discovery that effec-  
tually destroys the microbes respon-  
sible for all scalp diseases.  
It not only makes dandruff and fall-  
ing hair things of the past, but invig-  
orates the hair roots, causing a soft,  
thick growth to supplant the old thin  
and brittle one. Here is what one  
happy woman says:—

PHILADELPHIA, Most., Nov. 23, '92.  
My hair was coming out very rapidly and  
in places was entirely bald; and calling on  
my physician he strongly recommended  
Herpicide to me, and after three or four ap-  
plications my hair stopped falling, and is  
coming in again quite thick. I used to be  
troubled with dandruff, of which I am cured,  
so you see I have cause to praise Newbro's  
Herpicide. MRS. MARY GREGOVICH.

# FOOTPADS DRIVEN OFF Native Rancher Is Too Much for Robbers.

A telephone message from the book-keeper of Waimanalo Plantation states that five Porto Ricans attempted to hold up Ananu, a Waimanalo ranchman, about four miles up the Pali road Sunday night, but were put to flight by the unarmed Hawaiian. Three of them he knocked down and the others took to their heels and got away into the brush. But for the fact that Ananu wanted to get home, he would have pursued and chastised the fleeing would-be robbers.

It was about 11 o'clock when Ananu started to his Waimanalo home after a day spent in the city. He was riding horseback, and made excellent time along the road. He encountered no travelers until he was close to a mile and a half from the top of the Pali, about the Luakaha region. The clouds had come up from the East and the moon was almost completely shut out by them, there being only an occasional space when the shadows were lightened. It was in the half light when Ananu was suddenly stopped by a man springing from the roadside and catching his horse by the bridle.

The others approached on either side of the horse, which was quieted down by the rider, as he settled himself and demanded what the men wanted. He could see that they were not laborers of any nationality with which he was well acquainted, and it was not until the answer to his question came that he knew he was in the hands of Porto Ricans. The men on his right attempted to grasp him as they demanded that he give them his money. Ananu seemingly acquiesced, and told the men he would dismount and give them all he had. The men stepped back and Ananu got off his horse. As soon as he touched the ground he went at his work like the tank-show hero. He was unarmed, but his fists were just what were needed for the gang which he was up against.

With his back to his horse, which stood as a trained cow pony does when there is a battle on, Ananu knocked down three of the Porto Ricans with as many blows. He went for the others, but they had seen enough, and broke into a gallop into the bushes and got away. Ananu chased them until they had completely disappeared and then gave it up and returned to his horse. In the meantime the three who had felt the weight of Ananu's fist had managed to crawl out of the way and get into the bushes as well, so that there was nothing for the doughty Hawaiian to do but resume his journey over the Pali. He was not interfered with again, and completed the trip in the ordinary time for the journey, none the worse for his experiences with the footpads.

## WHAT IS PAIN BALM?

Chamberlain's Pain Balm is a liniment, and while adapted to all the ordinary uses of a liniment, has qualities which distinguish it from other remedies of this class. Pain Balm is especially beneficial for rheumatism. Thousands of cases can be cited in which this remedy has effected a cure when the sufferer had previously tried the best medical service without securing relief. Pain Balm is positively guaranteed to give relief in the most severe cases of chronic or acute rheumatism. Pain Balm heals bruises, burns and scalds in less time than any other treatment. It is "antiseptic," that is, it prevents putrefaction, and by so doing generally prevents an unsightly scar remaining after the injury is healed. For lame back, lumbago, and neuralgia, Pain Balm has no equal. It has the quality of "getting to the right spot." No sufferer from these distressing affections should defer a trial of this remedy. One application gives relief. Try it. Benson, Smith & Co., Ltd., wholesale agents, sell it.

**MEN! DO YOU?**

Do you want to be strong? Do you want to feel the vim, the snap and fire of vigor? Do you want courage, energy and ambition to support you in your cares and troubles?

I have devoted my life to the development of manly and womanly vigor. I've made a great success. My methods are approved by the greatest doctors and copied.

I have proven that electricity is the basis of all animal life and that "weak men," dyspeptics, rheumatics, sufferers from lost energy, weak kidneys, pains in the back, head, chest and shoulders, from vertigo, and its allied weaknesses, etc., are weak in electricity. My Electric Belt restores this life in a few weeks and cures every time. If it fails I ask no pay.

Describe your case to me and if I say I can cure you I will guarantee to do so.

Drugs won't restore your strength. They only stimulate. If you have to take a stimulant take whisky. Taken in moderation it does less harm than the others.

"Every sign of pain and weakness has disappeared. I appreciate what your Belt has done for me," writes J. Schwarz, Coleridge, Trinity county, Cal.

I will gladly send you my book on this subject. It has 82 pages of meat to people who want more "fire." Sealed, free. I take imitations of my Belt in trade, just to show how much better mine is. Consultation free.

## AMENDMENT IS OFFERED

Smith Contempt  
Case Before  
Court.

DAVIS THREATENS  
TO QUASH WRIT

Election Expense Case Heard by  
Supreme Court—Kamalo Case  
May be Thrown Out.

The Smith contempt case was definitely set for this morning at 10 o'clock by the Supreme Court yesterday. At that time if George Davis carries out the intention he expressed yesterday, he will move to have the writ of habeas corpus quashed on the ground that it is illegal and void on its face. An amendment is to be offered also by the petitioner bringing up several points not mentioned in the original petition.

When the matter was called up yesterday morning in its regular order Mr. Lewis stated that the petitioner was present, and the advice of the court was desired as to further procedure.

Attorney General Dole said that he had not been notified that he was to appear in the matter. "It seems to me that the proper way would be to have the case represented in Supreme Court as it was in Circuit Court," said he. "I doubt if I could argue this case candidly, and believe it would be in better propriety and fairer for the Circuit Judges to have them represented by private counsel."

George Davis expressed his perfect willingness to appear in the case, and there being no objection he was entered as counsel for the respondent. Mr. Lewis asked that the case be presented in its regular order, as it was an important question, involving the construction of the statutes, and likely to be a precedent. Mr. Davis insisted that it should be taken up immediately, and the Supreme Court finally set the hearing for this morning at 10 o'clock.

When motions were called up Mr. Andrews presented an amendment to the petition for a writ of habeas corpus.

The amendment which petitioner asked leave to make gives the following additional clauses:

"That the record of proceedings shows that said proceedings were illegal and irregular in this, to wit: that your petitioner was tried by a court which does not exist, to wit, the First Circuit Court sitting in Banco, not by the judge concerning whom the contempt was alleged to have been committed or by the judge issuing the writ.

"That the order to show cause commanding your petitioner to appear was signed by one judge of the First Circuit Court, to wit, the Honorable A. S. Humphreys, and that the trial was not held before that judge; that the mittimus herein was signed by another judge of the First Circuit Court, to wit, the Honorable G. D. Gear, all of which more fully appears from the pleadings and proceedings filed herein."

Mr. Davis objected to the consideration of an amendment, and said that it was improper to amend a petition on habeas corpus. Mr. Andrews replied that an amendment could be offered at any time.

"The writ is void on the face of it," retorted Davis angrily. "I'll move to quash it altogether, if you want to force this amendment."

It was finally ruled by Chief Justice Frear that the proffered amendment go over until morning, when it will be taken up prior to the hearing of the petition. Davis read from the statute that "the Circuit Court shall be composed of two judges," but the argument was not allowed.

HITCH IN KAMALO CASE.

When the Kamalo case came on in its order. Mr. Davis stated that the case was further down on the calendar than it should have been, and he asked that it be taken up as soon as possible. Mr. Magoon stated that a motion would be made to strike the appeal from the calendar altogether, on the ground that the transcript of evidence had not been filed within the ten day limit required under the new

rules of the Supreme Court. The court ruled that the motion must be made in writing and consequently it was not taken up yesterday.

### ELECTION CONTROVERSY.

Arguments were made also in the agreed submission between Secretary Cooper and Auditor Austin as to the pay of election officials in Hilo, who were drawing a salary of \$1200 per annum. The auditor contends that the four officials who are government employees can draw only the \$1200 under the provisions of the Hawaiian law.

Secretary Cooper appeared in his own behalf and argued that the provision quoted by the auditor was simply a part of Act 3, governing the salary appropriations, and was not a general law. The election expenditures are made by virtue of Act 4 which contains no such provision. He contended also that the organic act established the pay of election inspectors, and they were paid ten dollars per day from the election appropriation. He argued further that the school teachers were not officials of the government within the meaning of the law, as the act applied only to those appointed by the governor. It was absurd he said to say that the governor could appoint all the school teachers.

Mr. Dole in reply said that the law was plain and specific; no government employee receiving a salary of \$1200 could be paid any more than that amount from any other government source. He argued that teachers were government employees as well as election inspectors, deputy sheriffs, etc., and that the law providing for drawing but one salary was an old one, and not reenacted every session as contended by the secretary.

The court took the matter under advisement.

### COURT NOTES.

Upon motion of Judge Kaulukou, seconded by Attorney General Dole, the Supreme Court adjourned at noon yesterday for the day out of respect to the memory of the late James K. Kaula, who for a long time had been a member of the bar.

In the case of Hackfeld vs. Hilo Railroad Co. Chief Justice Frear is disqualified, and Judge Robinson will probably be called to sit as the third member of the court.

The Smith contempt case is to be followed today by the case of Honolulu Investment Co. vs. H. Rowland et al. and T. R. Mossman vs. S. B. Dole et al.

When the Supreme Court adjourns it will be to Monday, June 9th. Chief Justice Frear stated that the session would continue for the remainder of the week at least.

### A FOOLISH OLD IDEA.

It was once thought that a medicine was all the more beneficial for having a nasty taste and smell. We now know that such an idea is perfect nonsense. There is no more reason why medicine should offend the senses than why food should do so. Therefore, one of the greatest chemical victories of the past few years is what we may call the redemption of cod liver oil. Everybody knows what a vile taste and smell this drug has in its natural state. No wonder most people declare they would rather suffer from disease than take cod liver oil, and the emulsions are quite as foul and abominable as the plain oil, no matter what may be alleged to the contrary. Now it is one of nature's laws that a medicine which disgusts the nose and the palate, and also sickens the stomach, can have no good effect as a medicine, because the system cries out to be delivered from it. In WAMPOLE'S PREPARATION

the desired miracle is wrought, and we have the valuable part of the oil, without the other. This effective modern remedy is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. The palate accepts it as it does sugar, confectionary or cream. Taken before meals it goes to the very secret stronghold of digestive disorders: prevents and cures Nervous Dyspepsia, Scrofula, Throat and Lung Troubles and all diseases due to impurity of the blood. Dr. G. C. Shannon, of Canada, says: "I shall continue its use with, I am sure, great advantage to my patients and satisfaction to myself." Has all the virtues of cod liver oil; none of its faults. Effective from the first dose. Sold by all chemists.
