## BAR IN MEETING

Future Judiciary Engages Atten-  
tion of Attorneys.

### A NOTE FROM THE COMMISSION

Opinions on a Good System for  
Hawaii—Several Suggestions.  
Referred.

At a meeting of the Bar Association  
held in the office of the Attorney General  
yesterday afternoon the following mem-  
bers were present: Attorney General W.  
O. Smith, F. M. Hatch, L. A. Thurston,  
J. M. Davidson, Paul Neumann, Royal D.  
Mead, R. D. Silliman, W. A. Henshall,  
John D. Willard, P. L. Weaver, J. K.  
Kaulla, J. M. Vivas, W. H. Wright,  
Enoch Johnson, J. B. Early, J. L. Coke  
and A. L. C. Atkinson. W. O. Smith was  
elected chairman and Mr. Atkinson sec-  
retary.

Mr. Smith stated the objects of the  
meeting. It was desirable that the Bar  
to consider and, if necessary, present to  
the Commission any ideas relating to the  
Judiciary that might be found expedient.  
The following resolution, sent up from the  
Commission, was read:

"The members of the Bar are invited to  
express to this Commission in writing or  
otherwise their views on judicial matters."

Mr. Smith remarked that it had been  
suggested that three United States judges  
be appointed to take the place of the present  
supreme and circuit judges; another  
suggestion was the appointment of one  
Federal judge, the present courts to con-  
tinue. The following general suggestions  
were submitted by the Attorney General:

Resolved: That the Hawaiian Bar fully  
recommend to the Hawaiian Commission,  
the following judicial system:

1. That the Supreme Court of Hawaii be  
the court of last resort of all matters  
within its jurisdiction.
2. That a Federal Court be established  
with jurisdiction over all cases arising  
under Federal Courts in the several  
States, and with appeal to the Higher  
United States Courts in accordance with  
law.
3. That the present system of a purely  
appellate Supreme Court, with Circuit  
Judges for the various circuits and Dis-  
trict Magistrates be preserved.
4. That the Judges of Courts of record  
be appointed by the Governor of Hawaii  
by and with the advice and consent of  
the majority of the Senate of Hawaii.
5. That the term of the Justices of the  
Supreme Court be eight years, that of the  
Circuit Court six years, and District Mag-  
istrates two years.
6. That the distinction between Common  
Law and Equity Procedure be preserved.
7. That the present system of committing  
persons charged with crime, by Dis-  
trict Magistrates instead of the regular  
grand jury be continued so far as of-  
fenses against local laws are concerned.
8. That the present system of jury trial  
be continued under which a verdict in  
both civil and criminal cases may be ren-  
dered by nine or twelve jurors.
9. That the present system of requiring  
juries composed of native Hawaiians to  
try cases involving native Hawaiians be  
continued, and of foreign juries to try  
foreigners, be abolished.

Mr. Thurston said his ideas were in the  
line of exclusive and final jurisdiction in  
the courts here, except in cases involving  
Federal matters or questions of Consti-  
tutionality, which would necessarily go  
to the United States courts for adjudica-  
tion.

Judge J. B. Early, of Arizona, explained  
the details of court systems of his terri-  
tory. The courts there were not satis-  
factory. In New Mexico and Oklahoma  
the condition was the same. The speaker  
recommended that the Commission be  
asked for an independent appellate court;  
also that Circuit judges be elected.

Mr. Neumann understood it to be the  
sentiment of the Bar that the existing  
system of Hawaii continue as a part of a  
State government. He wanted to see the  
Hawaiian system preserved, with the  
Federal system applying in the regular  
line as in the States. Personally, too, he  
opposed limiting the tenure of judges of  
the Supreme Court.

Mr. Silliman remarked that the tenden-  
cy in the United States was to discoun-  
tenance any move on the part of Hawaii  
toward Statehood. He thought stress  
should be laid upon the matter of contin-  
uing the present judiciary, drawing no  
comparisons between it and the institu-  
tions of other Territories or States.

Mr. Smith urged that the system of  
commitment of persons charged with crime  
by District Magistrates in place of the  
grand jury system be continued.

Mr. Vivas moved to refer the whole  
matter to a committee of three, to con-  
sider the resolutions and report at 9  
o'clock Saturday morning. Carried.

The chairman appointed F. M. Hatch,  
Paul Neumann and S. M. Ballou on the  
committee.

### A Suicide.

It is learned that the Manila man  
who was found in the cane field at Ko-  
loa, Kauai, in a dying condition, com-  
mitted suicide by cutting his throat  
and abdomen. Despondency was the  
cause of the rash act.

### Sugar Advances.

By the arrival of the S. S. Australia  
this morning we are able to give you  
the following latest sugar news:  
Centrifugals were still quoted at 4

a telegram was received from our New

York agents advising of an advance  
to 3-8c.  
Beets are 9c. 6d. per cwt.  
CASTLE & COOKE, Ltd.

### The Commission.

The American-Hawaiian Commis-  
sion had another very long sitting yester-  
day. Recess was taken from 1 to 2  
p. m. and the session did not adjourn  
until nearly 5 o'clock.

### Claims.

WASHINGTON, D. C., Aug. 31.—The  
There are some claims outstanding  
against the late Government of Hawaii  
mainly on account of British subjects,  
and the adjustment of these will be a  
matter for future consideration.

### Steam Laundry.

The contract for building the new  
steam laundry at Iwilei was let at 2  
o'clock yesterday afternoon to William  
Wagner. Work will begin at once.  
Mr. Winston received a letter by the  
Australia yesterday that the machin-  
ery for the laundry was shipped on the  
W. G. Irwin, now on her way to Ho-  
nolulu.

### GEORGE IS WEALTHY.

Engineer Otterson Made a Klondike Stake of \$80,000.

SAN FRANCISCO, Aug. 31.—The richest  
man on board the last steamer from the  
Klondike and perhaps the most interest-  
ing was George W. Otterson, of Honolulu.  
On his arrival in Alaska he commenced  
speculating, and soon got hold of a good  
Michael he stood his ground. He worked  
the property to the fullest extent, and at  
the end of the working season this year had  
\$80,000.

Otterson had a presentiment that he  
was going to be robbed and took the  
greatest precautions to avoid it. He wait-  
ed to get under cover, so he shipped an  
assistant engineer on the river steamer  
Sovereign. All the long voyage to St.  
Michael he stood his watch and had his  
treasure constantly under his eye. He  
would have come down on the South Por-  
tland in the same capacity, but there was  
no room for him. The trip down the river  
on the steamer took twelve days, many  
of which were spent on sand bars.

Otterson was engineer here on the  
dredger and at the public laundry and his  
wife was a stenographer and a school  
teacher.

### CLERK HENRY SMITH.

Treatment for His Hearing Was  
Not a Success.

Henry Smith, chief clerk of the Su-  
preme Court, returned by the Australia  
yesterday from Philadelphia, where  
he went for treatment to his ears. The  
operation was not successful. The  
left ear was benefitted, but the right,  
which had always been good, was de-  
ranged by the operation. It was the  
opinion of the Philadelphia specialist,  
however, that the trouble with the  
right ear was of a temporary nature  
and that hearing in that side would  
likely be soon recovered. Mr. Smith  
has to use a trumpet at times now.

While abroad Mr. Smith visited a  
number of big cities, including New  
York and Washington. The latter im-  
pressed him as being the prettiest  
town in the United States. This was  
Mr. Smith's first trip to America.

### Onward Rapid Transit.

A meeting of the directors of the  
Rapid Transit Company was held yester-  
day. The manager was authorized to  
proceed at once with the survey  
work. For this business Mr. Ballou-  
type will engage Frank M. Dodge, who  
has been city surveyor a long time.  
Mr. Dodge will run the route lines and  
will fix the boundaries of lands that  
are to be secured under the eminent  
domain clause of the charter. A start  
will be made at once. All the work  
of the company is to be carried for-  
ward without delay.

### Stock Exchange.

A full meeting of the Honolulu  
Stock Exchange was held yesterday  
morning. Sales made were ten shares  
of Ewa at \$240 and ten shares Oahu  
assessable, \$125. The following sales  
between boards were posted: 50 shares  
Makaweli, \$175; 10 shares Olowalu,  
\$117.50; 20 shares Ookala, \$110; 15  
shares Oahu assessable, \$132.50. There  
were further bids for Ewa, Ookala and  
Kipahulu, but no sales.

During the session it was decided to  
meet every day in future, beginning  
with this morning.

### Wool—Harvey.

Dr. Hubert Wood, Government phy-  
sician, a brother of Professor Edgar  
Wood, of the High School, was mar-  
ried last Saturday afternoon to Miss  
Annie Harvey, of Newport, Nova Scot-  
ia, who arrived the day previous by  
the Aorangi, from Victoria. The cere-  
mony took place in St. Andrew's  
Cathedral. Rev. Alex. Mackintosh of-  
ficiated.

### LACES AND ORGANDIES.

Valencienne laces, 25c a dozen yards;  
fine French organdies, 5c a yard. The  
clearance sale will be continued one  
week longer and new goods, just re-  
ceived, per Warrimoo, will be added to  
the list of bargains. L. B. Kerr, Queen  
street.

## OF DREYFUS CASE

A Chief Witness Admits Forgery  
and Kills Himself.

### FRANCE IS AROUSED AGAIN

Col. Henry's Confession and Death  
Soon After—A Resignation—Esther-  
hazy—To Be Rehearing.

### FORGER AND SUICIDE.

NEW YORK, Aug. 31.—A Sun cable  
from Paris says: A day of anguish to  
the vast majority of Frenchmen, ended  
today in indescribable emotion, caused by  
the news that the author of the army's  
latest disgrace had committed suicide in  
the cell he occupied in the fort at Mont  
Valerien. Col. Henry, who was arrested  
yesterday on a charge of having forged  
a letter that had an important bearing on  
the Dreyfus case, was found lying in a  
pool of blood, having cut his throat with  
a razor he had taken to prison with him  
in a bag containing clothing. His con-  
fession of the forgery was immediately  
reported to Cavaignac, Minister of War.

It is a bare, terrible fact, that an of-  
ficer, holding one of the most responsible  
and most delicate positions in the French  
army, head of the department concerned  
in procuring secret information, should  
have stooped to forgery in the pursuit of  
an obscure, underhand plan, that fills  
Frenchmen with despair of whom to  
trust, whom to believe among all officers  
concerned in the trial of Dreyfus. For  
the moment, anti-Dreyfusites and Drey-  
fusites among the Parisian public main-  
tain their previous contentions more ve-  
hemently than ever. The former are now  
cursing both Col. Henry and Dreyfus, but  
in Government circles the former's resig-  
nations are working momentous changes.  
There is authority for stating that Ca-  
vaignac has decided to grant a revision  
of Dreyfus' sentence. True, he maintains  
that Col. Henry's forgery does not affect  
the proofs of Dreyfus' treason, but his  
speech in the Chamber of Deputies, which  
was rapidly applauded and placarded  
throughout France, in which he pro-  
claimed his possession of a letter that  
was a forgery, and as a result of trea-  
son, was based on Henry's forgery.

What Henry's motives were can only be  
guessed, yet his own explanation is be-  
lieved to have been that, being sure that  
Dreyfus' guilt and determined not to pub-  
lish secret documents that figured at the  
trial he invented his forged letter in or-  
der to secure a revision of the sentence  
of Dreyfus' sentence of life imprisonment.

### THE MOTIVE.

PARIS, August 31.—During the late Zola  
trial Col. Henry accused Col. Picquart  
of falsifying telegrams. A duel followed,  
in which Henry was wounded. The next  
scene occurred in the Chamber of De-  
puties, where Col. Picquart proclaimed the  
letter a forgery, and as a result was ar-  
rested, while Henry's villainy was re-  
warded by his being appointed Col. Pic-  
quart's successor in the intelligence de-  
partment.

It is now evident that Henry forged the  
letter with the express object of paralyz-  
ing Col. Picquart's efforts to expose Major  
Estherazy, and to get a revision of the  
Dreyfus case. The letter was written in  
hand French, a fact which first led it to be  
regarded as spurious.

### SUPERIOR RESIGNS.

PARIS, Aug. 31.—It is said that if the  
Cabinet decides upon a revision of the  
Dreyfus case, M. Cavaignac, Minister of  
War, will resign.

### DREYFUS REVISION INEVITABLE.

LONDON, Aug. 31.—All the newspaper  
commentators in London, Berlin, Vienna  
and elsewhere regard a revision of the Drey-  
fus case as now inevitable.

### NORTHWESTERN REFINERY.

Schemes for Puget Sound Return  
Cargoes.

SAN FRANCISCO, Aug. 31.—The steam-  
er City of Columbia left Tacoma on the  
27th for Honolulu. It is the intention of  
the promoters of this new enterprise to  
dispatch a steamer every twenty-five  
days. Referring to the departure of the  
above steamer the Tacoma News says:  
"She has about 2,000 tons of merchandise  
and seventy-five first class passengers.  
Many of them business men going over  
to the islands to look up business and es-  
tablish connections with business houses  
there. The question of return cargo for  
the ship is being quite generally dis-  
cussed, and it is reported that a strong  
effort will be made to establish a sugar  
refinery either at Tacoma or Seattle, mak-  
ing the Sound the distributing point for  
Hawaiian sugar. The managers of the  
line say the outward cargo will pay a  
good profit, independent of the return  
cargo." First class round trip tickets  
were sold for \$100. From San Francisco  
to Honolulu cabin passage is \$75, or round  
trip tickets \$125. As the trip is made in  
a week, a charge of \$20 for a round-trip  
ticket ought to pay the company well.  
Such a rate would stimulate travel.

### COFFEE.

Hawaiian—Better demand and mar-  
ket steady. We quote as follows:

Fancy Washed, 17 1/2 @ 18 1/2; Prime  
Washed, 16 @ 17; Good Washed, 15 @  
15 1/2; Good Current Quality, 14c.

### RICE.

Hawaiian—Market is very weak. Im-  
porters are asking 5 1/2c, 60 days, but  
would probably accept 5 1/2c.

### First Practice.

The Y. M. C. A. orchestra made an  
auspicious start last evening on the  
new year's work. About half the or-  
chestra attended the rehearsal in the  
Y. M. C. A. hall. Wray Taylor wielded  
the baton. The practice was kept  
up until 9:30.

### Camp Ground.

When Gen. Merriam returns to San  
Francisco he will find awaiting him  
there a proposition from Senator Geo.  
N. Wilcox for the free use of a large  
lot in the block Ewa of Independence  
Park for the temporary encampment  
for the troops remaining at San Fran-  
cisco.

### SAMOA'S KING DEAD.

Passing of Malietoa Will Force  
Partition Issue.

AUCKLAND, N. Z., Aug. 29.—Malietoa  
Lauepapa, King of Samoa, died on Monday,  
August 29, of typhoid fever.

MALIETOA.

WASHINGTON, Aug. 30.—The State De-  
partment has not yet been officially ad-  
vised of the reported death of King Ma-  
lietoa of Samoa, and in all likelihood  
will remain in official ignorance of the event  
for some time to come, owing to the slow  
means of communication at the disposal  
of the department.

It is the general impression here that  
the death of the King will result in a  
change in the present form of govern-  
ment of the islands, maintained, as it is,  
by the joint action of the United States,  
Great Britain and Germany.

**Aguinaldo Declares His Own Government.**

**Gen. Merritt Goes to Paris—Insurgents Still Battling—A Spanish Leader Proclaims.**

NEW YORK, Aug. 29.—A cable to the Sun from Manila says: Aguinaldo has issued a memorial addressed to all foreign powers rectifying the fact that the Philippines have formed a government under a constitution adopted on June 23. He adds that the Philippine forces have since carried on a campaign of liberty, taken forty provinces and have reduced Manila. They have 2,000 prisoners. General Merritt and Greene sailed on the transport China for Hongkong today. Merritt will leave Hongkong Saturday for Paris. He takes Majors Hale and Stromber and Capt. Mott as aids. Gen. Greene will go direct to Washington. Gen. Babbcock and Maj. Sturgis have also sailed for the United States with reports. Merritt is glad he is going to Paris. He declined to talk much concerning the work of the Commission. He said, however, that Spain would never again control these islands, nor would the Philippines if he could prevent it.

Maj. Gen. Otis is acting Governor of Manila.

LONDON, Aug. 31.—A dispatch to the Daily Telegraph from Manila, dated Aug. 27th, says: All the outskirts of Manila are in a state of complete anarchy. The insurgents are hunting and pillaging the Spaniards, while the natives generally are sacking villages, robbing vehicles and stealing horses.

The Manila correspondent of the Times says: Gen. Wesley Merritt's last official act before leaving was to sign a permission for the insurgents to send an emissary to represent them at the proceedings of the Paris Grand Commission. Gen. Aguinaldo has sent an agent to Hongkong to inform Felipe Agoncillo, the insurgent leader, of his appointment for this duty.

The Hongkong correspondent of the Daily Mail says: The relations between the Americans and the Philippines are much strained in consequence of the collision at Cavite last Wednesday. The insurgent general at Cavite has been ordered to evacuate the place and remove his troops two miles into the country in order to prevent further disturbances.

Hundreds of unarmed insurgents visited Manila yesterday.

Rear Admiral Dewey has declined to permit the coastwise steamers to resume running pending a settlement of the Philippine question.

Gen. Rios, the Spanish Governor of the Visayas Islands, is reported to have proclaimed himself General of the Spanish dominions in the Philippine Islands, and to have invited the adherents of Spain to rally at Iloilo.

THE PACIFIC  
Commercial Advertiser.

W. N. ARMSTRONG — EDITOR.

FRIDAY : : : SEPTEMBER 9.

STOCK GAMBLING.

The Advertiser is unreservedly in favor of a stock market, and general dealings in stocks.

Such dealings equalize values and make them firm. They make more reliable bases of credit, and foster the best commercial enterprises. Without quick facilities for exchanging stocks, or converting them into cash, a trading community is crippled.

Every community is, unfortunately, subject to crises or booms, ending invariably in disaster to many. The Advertiser desires, if possible, to reduce the number of "shorn lambs" and "jame ducks" that appear after a crisis.

The periods of reaction are distressing, and demoralizing to legitimate business. The reaction from the speculative fever in real estate on the Mainland which commenced in 1873, continued for five years. During this period legitimate business became so depressed that the increase in bankruptcies was frightful.

A happy medium in values is the ideal commercial condition, but at present it is not attainable.

It is a legitimate reward for shrewdness, forethought and study that even unusual profits be paid. But the mere gambling in stocks is as unwholesome as dealing in lottery tickets. This has been said a thousand times. The dividing line between "legitimate" operations in stocks, and mere gambling in stocks is not easily discovered. And because it is not readily discovered the public that insists on putting the che-fa players in jail, tolerates and even approves of the wildest stock gambling.

The very indefinite idea of what "values" are tends to promote speculation. The laws which govern values are little known, and are obscure.

Values are often temporary, and are simply what the community makes them. Here temperament, and the influence of the "crowd" are manifest. These values depend upon beliefs, and beliefs shift and change. Of course if all had the same knowledge of facts, there would be a general uniformity in beliefs, and therefore in prices.

Many speculators in stocks safely ignore real values. They speculate on the changing public mind. They read its tendencies, and know how it is influenced. The fact that the buying public believes that a stock has a certain value is just as reliable a fact, for speculative purposes, as the fact that it has actual value. It is the same intuitive knowledge that some poker players have of the conduct of men in that game.

The Advertiser deprecates the putting of the stock market here on the same footing as race betting, or lottery business. But while all dealing cannot be made strictly legitimate, every effort should be made to exclude the purely gambling element.

CORRECTING THE N. Y. SUN.

The N. Y. Sun publishes, in its correspondence from Honolulu, several statements regarding the incidents of President Dole's visit to Washington, that are not correct, and deceive its many thousands of readers.

It is not true that any considerable number of persons here believe that Mr. Dole has misused public moneys on his trip to Washington.

It is unfortunately true, that several persons possessed of a local organ called The Star resolved to end Mr. Dole's political career, and diligently sought through the records of his acts for five years to bring such indictments against him for high crimes and misdemeanors, that he would refuse through terror alone, to accept office in the future.

The result of many weeks of patient investigation, and the most searching inquiry was an indictment against Mr. Dole more severe in its charges, and more eloquent in its sweeping denunciations, than the superb historical indictment drawn by Burke against Warren Hastings. The adroit conspirators against Mr. Dole's political success, with a perfect knowledge of the art of arousing public indignation, artfully drew the indictment with two distinct counts, in one of which Mr. Dole was charged with "lengthening the sleeves of a coat at the public expense," while on his way to Washington, as the Sun's correspondent relates and in the other count he is also charged with feloniously "having his silk hat ironed at the public expense," before he entered the august presence of President McKinley.

The Sun and its readers will naturally be surprised at the masterly selection of these especially hideous "high crimes" by fervent patriots and their organ. Certainly no offenses

committed by rulers since the date of the Christian era are so damning as these, or so clearly expose the high offender to the terrific scorn of mankind.

The authors of this indictment, so ably presented by the Star, keenly felt that the usual liberality of a dry goods house towards its traveling drummers afforded no precedent for a like liberality on the part of the Republic in the expense account of the President. To have lengthened a sleeve at the public expense was a gross violation of the public confidence, and to burden the overtaxed revenues of the Republic with the expense of ironing a hat was a symptom of the deepest depravity in the opinion of men who believe that rat holes are sufficiently commodious for government offices. These sensitive and patriotic persons have the undoubted right to insist that President Dole should have stolen a ride, from San Francisco to Washington, on the trucks of a freight car. If discovered and put off, Mr. Dole could have followed the example of General Coxe, and entered Washington on foot and camped in Lafayette Square instead of entering in the Arlington hotel. They have the right to criticize Mr. Dole for not appearing before President McKinley with a coat the sleeves of which stopped at the elbows. They would have so appeared if detailed in his place. They have the right to complain because Mr. Dole entered the White House with a hat "ironed at the public expense," instead of a battered plug, washed ashore from some stranded vessel on the Koolau coast. They would have, as his substitutes, readily exhibited rimless hats as evidence of their financial integrity in public expense.

It is understood that if the popular verdict is not against Mr. Dole on the outstanding indictment, or if President McKinley does not change his grossly defiant attitude of keeping Mr. Dole at the front, a final indictment will be entered by the Organ, charging with all the frenzy of personal hate, that Mr. Dole on two occasions ordered tea to be sent to his private rooms in the Arlington, at an enormous extra expense.

This charge will finally put Mr. Dole in the Bulletin's political grave, which is now yawning day and night for the bodies of Republican apostates.

The Sun will kindly inform its readers that our political methods are quickly getting down "on all fours" with the most approved methods in the Mainland.

THE PASSING HOUR.

Everything will be in better working order now that the community's local steamer service has been restored.

It is likely that very early in the current day of the international chess game Aguinaldo will be informed that it is his move.

Many of the officers in the Manila service are very well known in Honolulu and the tidings of promotions will locally touch responsive hearts.

A restaurant here named for Admiral Dewey will have to keep an AI grade of sinkers to decently justify its use of the fame of the hero of Manila Bay.

A sharp thing now proposed by the trade manipulators is the organization of a needle trust. There is some point to this transaction, but the point will not be appreciated by the people.

Now the attorneys are going at it right. The bar here, with its strong membership of men identified with the Islands, should be able to furnish the commission some valuable direction or suggestion.

For about sixteen years the name of General Alger has come into every presidential nomination canvass, but he has always finished with the "and others." His political enemies and rivals seem to have settled it this time that he shall save even his registration fee.

People here have for some time been almost as eager for a nice dancing party as for a theatrical entertainment. The ladies of the Red Cross Society are certain to give a ball that will please, and besides the money to be made is needed for the work of the organization.

It was about time for Carnegie to get into the game somehow. The walk-

ing delegate seems to have delayed delivery of Mr. Carnegie's working card. Carnegie will be prominent with his utterances, if nothing else, from now on, for he is one of the warmest Anglo-Saxons that ever left Anglo-Saxony.

### WHAT IS IT?

A simple, compact, and durable machine, which successfully performs the work of the pen, with a tremendous saving of time and exertion.

### WHAT WILL IT DO?

It produces, with speed and certainty, in clearly legible printed characters, one or many copies of any kind of writing, excepting such as must be done in books.

### TO WHOM IS IT USEFUL?

To every one who has writing to do. In business circles its desirability is assured. Lawyers and journalists cannot do without it. Professional and scientific men realize its worth to them. The author and thinker find it invaluable. It conserves the most potent kind of energy—that of the brain—by reducing to a minimum the mechanical labor of writing, and distributing it among all the fingers of both hands. Writer's cramp disappears where it is used. It presents the printed appearance of the work to the mind at once.

### WHO CAN OPERATE IT?

Any one of ordinary intelligence. A very few trials enable any one to write upon it readily. Thereafter it is only a matter of practice.

"An Elegant Grocery!"

—That's what we've heard a thousand times during the past week and just what you will say when you call. Our establishment is strictly modern in every particular, is full to overflowing with fresh, new Goods—AND WE WANT YOUR TRADE.

### To The Ladies

We issue a special invitation to call and make purchases direct from our displays. The telephone is a faithful servant and we appreciate it fully, but, in confining yourself too closely to its use, in the matter of ordering household supplies, you are apt to miss many of "the good things of this life." In our store furnishings we have included every item that could possibly add to the comfort and convenience of lady patrons; and we feel assured that a half hour spent "shopping" with us will prove a real pleasure.

### Deliciously Fragrant Coffee

You will always find with us now as we have installed the most perfect coffee-roasting plant ever brought to the Islands. In this line we roast nothing but No. 1 "Kona" for our retail department. Try it once and you will use it always.

## ART IN Furniture —AND— Furniture Coverings.

Although the tendency nowadays is to have a variety of coloring in a room, the colors of each piece of furniture must be carefully studied out if you desire a pleasing effect. With taste and a little careful study you can get the same rich effect with half the money. In buying the most expensive goods you are generally sure of a rich and artistic effect, but if you use good judgment you can get the same effect at half the price.

In our semi-tropical climate a very essential point is to have your furniture covering harmonize with the surroundings—your room furnishings as well as the outside surroundings. Not only do these furniture coverings present a pleasing effect to the eye, but they also save your furniture.

## You don't have to work

for money you save. And the shrewd provider for the home will take advantage of every opportunity to save that which presents itself. That's why our portiere sales are such a success. Everybody who looks at the values—and the prices—sees the bargain and the bounty of quality and attractive patterns enormous.

Our repair department is run on the saving-to-you plan. We give you the best service for the least price.

## The Old Song—Shoes!

Set to the music of reasonable prices.

Music has charms, whereby the disposition of humanity is affected; the worries and troubles, the pleasures and joys of this life are influenced by melodious sounds.

To the buyer, the most pleasant sound is the song of quality, durability and price. With eager interest they listen, and if the tone is agreeable they accept the melody.

Our Shoes are such that a buyer will be satisfied on investigation. The makes are the best; the quality, none better, and the price cannot be equalled.

11-4 Inch Solid Rubber Tire, Full Size.

## SOLID RUBBER TIRES

are unequalled for resilience and durability. We utilize all the latest improvements, besides special devices of our own. Endless wires located within the rubber at high tension securely hold the rubber in the channel. Our Patent Braces, vulcanized into the rubber at frequent intervals, and through which the retaining wires pass, hold them firmly and prevent internal wear or cutting of the rubber. The rubber is compressed when on the wheels so that any cut or abrasion closes up at once and no material injury is inflicted.

## OUR CUSHION TIRES

are held in place securely by an endless wire located within the rim, completely encircling the wheel. They cannot get out or come off. They require no care, give absolutely no trouble. They are designed specially for the lighter vehicles. We cannot recommend them too highly when the weight including load does not exceed 1,000 pounds.
