New Goods received by every packet from Eastern States and Europe. Fresh California Produce by every steamer. All orders faithfully attended to and Goods delivered to any part of the city free of charge. Island orders solicited. Satisfaction guaranteed. 1-91

## AMERICAN LETTER.

A NEW TELEPHONE.

E. J. Baldwin always was the luckiest man in Frisco, and the nickname has clung to him until he is hardly known by any other name than "Lucky" Baldwin. He has just secured an interest in a telephone recently invented by Jas. A. Christy, a California miner, aged 71. The new instrument is said to be capable of transmitting words with perfect clearness thousands of miles, and an accompanying device does away with the central office. The person using it can make his own connections and talk to friends at any distance. If it is all that is claimed for it, it behooves Edison to look out for Lucky and forty-niner.

SAN FRANCISCO POST OFFICE.  
One of the leading queries of the times has been answered, and San Franciscans can once more take up the political situation in America and the war element in Europe and Central America, the famine in Russia, etc., for daily thought and conversation. The post office site has been selected at last. The location in many respects is not a good one, it being the corner of 7th and Mission streets, and is on a quagmire. The price paid was \$1,040,000, and it will cost another million to lay the foundation.

ITEMS OF INTEREST.

Three hundred firms organized a Tin-Plate Consumers' Association in New York the 8th of this month.

The statistics show some very important figures for the United States last month. The interest bearing debt was brought below \$600,000,000 for the first time since the early part of 1863, and the reduction in September alone was over \$25,000,000. St. Paul, Minn., and Kansas City report the first snows of the season which occurred Oct. 6. Old weather sages state that the indications are favorable for an early and very severe winter.

England has been allotted six acres of space at the World's Fair, Germany nine acres and Denmark one.

The new tariff for Mexico is to go into operation the first of November. Ruth Cleveland is the name of ex-President Cleveland's baby daughter. She is named for her great-grand mother on her mother's side.

New Orleans was the scene of much surprise and indignation on Oct. 8th, when the news was circulated that the case against Detective O'Malley was not pressed. O'Malley was indicted on the charge of bribing the jury which acquitted the Italians accused of assassinating Chief of Police Hennessy. When the case came up for trial the State was unable to offer admissible evidence and the accused was set at liberty. Much indignation is felt by the people. POLLY LARKIN.

UNNECESSARY SUFFERING.

There is little doubt but that many persons suffer for years with ailments that could easily be cured by the use of some simple remedy. The following incident is an illustration of this fact: My wife was troubled with a pain in her side the greater part of the time for three years, until cured by Chamberlain's Pain Balm. It has, I think, permanently cured her. We also have used Chamberlain's Cough Remedy whenever needed and believe it to be the best in the world. P. M. BOSTON, Pennville, Sullivan Co., Missouri. For sale by all dealers. Benson, Smith & Co., agents.

## IMPORTANT ANNOUNCEMENT.

Splendid Chance to Get Good Harness Cheap.

On account of extreme ill health and having to take a long vacation, I therefore have to sell out my large stock of ready-made harness at a sacrifice to keep my help busy while I am away.

I have nearly a hundred sets of harness in hand of all kinds, Genuine Rubber Trimmed, Imitation Rubber and Genuine Nickel, single and double; Cart, Heavy Draught, Concord and Plow Harness, also some Mexican Saddles, Hawaiian and California Trees.

With fourteen years' steady business in Honolulu, and with a steady increase each year, I feel sure that I have satisfied my customers.

I have no sewing machines and sell no factory work, but everything is made by well-paid labor, and all my work is stamped before leaving the shop.

I will now give to all my customers a large benefit through my misfortune of being sick.

The people of the other islands can write to me and receive the same benefit of reduction as those who come and select harness themselves. All my old customers have the benefit of the quarterly account, but with strings cash is preferred.

## Daily Bulletin

Pledged to neither Sect nor Party,  
But established for the benefit of all.

TUESDAY, OCT. 27, 1891.

### PLANTERS IN COUNCIL.

Continuation of First Day's Proceedings.

MONDAY, Oct. 26.

AFTERNOON SESSION.

President Young called the company to order at 2:20. Messrs. J. O. Carter, W. W. Hall and C. Bolte were present in addition to those noted at the morning session.

Secretary Smith from the Board of Trustees reported the following election of officers: Mr. A. Young, President; Hon. J. B. Atherton, Vice-President; Mr. F. M. Swanzy, Treasurer; Mr. W. O. Smith, Secretary; Hon. J. O. Carter, Auditor.

THE LABOR QUESTION.

Mr. T. R. Walker renewed his suggestion that some deliverance should be made on the matter of Mr. Marsden's report. For some years past he had been strongly impressed with the desirability of trying to procure East India coolie labor. In answer to a question from the chair, as to how long they should have to wait for that labor, the speaker thought it would take a considerable number of months. He understood, however, that the trustees themselves had investigated that question. At all events, if they were going to do anything in that direction, they should not delay beginning action.

Mr. W. R. Castle moved that Mr. Marsden's report be referred to the trustees for such action as to them seemed fitting and proper. Mr. Austin seconded the motion, which carried.

Mr. W. O. Smith moved a vote of thanks to Mr. Marsden for the faithfulness, diligence and intelligence with which he had carried out his commission. Carried.

Hon. H. P. Baldwin moved that the whole labor question be referred to the trustees, with authority to take such action as may seem to them best, for procuring an increased and cheaper supply of labor as soon as possible.

Hon. J. M. Horner supported the motion. They had only a few minutes to spare to one subject in this meeting, while the trustees could take as much time as was needed.

Mr. W. O. Smith, commenting on the remark of the previous speaker, urged the responsibility of members in the way of furnishing statistics and committee reports.

Mr. Schaefer also advocated statistical information being made as complete and full as possible. Statistics from only a part of the planters were not satisfactory as a means of estimating the situation of the whole.

The motion carried.

REUNAWAY JAPANESE.

Hon. W. G. Irwin introduced what he deemed a very important matter, namely, the prevalence of desertions of Japanese laborers. On one of his firm's plantations no less than 40 Japs deserted lately, and on another 25 or 30. Something should be done, such as garnishing their wages.

Mr. F. A. Schaefer read a communication from Hon. W. H. Rickard on the same subject, proposing a form of agreement for mutual protection among planters.

Hon. J. M. Horner reported a plan they had adopted in Hanalei, which was a standing reward of \$10 to policemen for apprehending deserters.

Mr. Baldwin gave instances of desertions from Hawaii to Maui plantations, in which the police played double between the planters and deserters. He thought some form of agreement between planters would be best, and moved the matter be referred to the trustees.

Mr. Irwin said the trustees had been working on it for months without reaching a satisfactory remedy.

Mr. Kynerley gave his experience and views on the subject.

Mr. Smith supported the motion. He had not much faith in the mutual agreement plan, as it had been tried without great success. Most of the desertions were from Hilo and Hanalei plantations. Perhaps the conditions were different now so that the agreement might work.

Mr. Baldwin would change the form of his motion, adding that the trustees have the form of agreement printed and sent to plantation agents. Other districts than those on Hawaii had suffered from the employment of Japanese policemen had not proved satisfactory.

Mr. Horner said the Japanese police had worked admirably in Hanalei. The trouble had been almost stopped here they heard that it was decided when to do away with the police.

Mr. Irwin said they worked well at first, but at length they began making exorbitant charges for expenses, etc.

Mr. Smith related how the police were adopted when Mr. Thurston was Minister of the Interior, the Japanese authorities selecting them and the planters' Company paying them. They gave much satisfaction the first eighteen months.

Mr. Lowrey thought some way should be found to collect the \$10 reward for deserters. The deserters were men who would not work unless compelled, preferring to work in the prison gang in Honolulu for their grub, rather than do their contract duties.

The motion carried.

MACHINERY REPORT.

The Secretary read the report of the committee on machinery, forwarded by Mr. H. Morrison, manager of the Makaweli plantation. There was now so much similarity of crushing machinery in all the mills using that method, about the only question remaining was as between crushing and diffusion. The report gave results of crushing with and without maceration. Referring to diffusion, the greatest objection noted was the day and night business, as skilled labor for the night shift came high. Another objection was the less value of the trash for fuel than that from crushing. The proportion of purity was higher in the diffusion juice. Diffusion as a system was at present popular, with a majority in its favor. The report dealt with other branches of manufacture, suggesting the importance of preserving statistics on every point for general information.

Ordered received and published in the Planters' Monthly.

OTHER COMMITTEES.

Reports from the committees on legislation and reciprocity were excused till later.

Mr. Horner said the report of the committee on transportation really contained nothing new, and he thought it better not to load their records with repetitions of what had been formerly presented.

The Secretary didn't like that. There might be nothing new to a hoary planter like Mr. Horner, but it might be valuable to younger planters.

Mr. Walker suggested that before long Hanalei might yield some information about electric motors for cane transportation.

Mr. Austin moved, it was seconded and passed, that Mr. Horner present his "worthless" report to-morrow morning.

Mr. Hall was excused from presenting the report on forestry till to-morrow morning.

REPORT ON FERTILIZERS.

The Secretary read the report of the committee on fertilizers, giving comparative statements of the effects of different fertilizers. It said a good fertilizer did not necessarily require to have a strong odor. There was no commercial value to a big stink. (Laughter.) The report was signed by W. W. Goodale, Mr. Colville, of the committee, sent another report, which was read. Also, a report was read from Mr. Scott of the Hilo Sugar Co.

Ordered received and published.

Mr. Baldwin had found great advantage in flooding their fertilizers by the limes into the cane. This would only work where irrigation was required. To get the full benefit it was best to dig little trenches along the rows, but this was rather expensive these times. They had sluiced a bed of decayed matter from near the mill to the fields with manifest advantage to the crop.

Mr. Walker remarked that the application of fertilizers was a scientific matter, and the old rule of thumb would no longer serve. The suggestion of Mr. Goodale that the services of an analyst should be employed ought to be discussed by the company.

Mr. Smith told of a visit he had paid to the Kipahulu plantation, where Mr. Oscar Unna was manager. He had seen no plantation superior in height of cultivation anywhere. Mr. Unna said he was only experimenting, didn't know whether he was doing right or not.

Mr. Hall thought it an excellent idea that a scientific analyst should be employed to travel among the plantations. It was a case where knowledge might be the means of gaining thousands of dollars.

The Secretary said this very matter was referred to the trustees nine years ago, but nothing had ever been done.

The President told of his urging on Mr. Theo. H. Davies the advisability of having an expert to superintend the fertilizing of his many plantations. In Louisiana everything in mill and field was done under scientific guidance. He should vote for a chemist in every district. It would pay agencies like Castle & Cooke and H. Hackfeld & Co. each to have a chemist.

Mr. Marsden thought the trustees should ascertain what it would cost to get an expert chemist from Germany or elsewhere to go round among the plantations.

The Secretary said something did come from the action of 1882, in the Government engaging to pay the salary of a chemist at Oahu College, who examines soils free of charge. Still, this professor had not the opportunity of knowing all the conditions, therefore his services were not very valuable to plantations.

Mr. Lowrey informed the meeting that the Ewa Plantation Co. had the promise of Dr. Stubbs of Louisiana to send them a chemical expert, whom they expected within a few months.

The motion carried.

At 1:05 the company adjourned till 10:30 Tuesday.

SECOND DAY.

TUESDAY, Oct. 28.

The Planters' Company met at 10:40, President Alex. Young in the chair. Secretary W. O. Smith read minutes of the previous day. He also presented a report of the meeting of trustees this morning. It recommended an assessment of 5 cents a ton on the sugar crop of 1891 to pay expenses of the company. Moved by J. M. Horner, seconded by W. W. Hall, the adoption of the report was carried unanimously.

REPORT ON TRANSPORTATION.

Mr. Horner read a report of the committee on transportation. It recommended a combination of different means into a system of transportation. An instance was given where Mr. Lidgate of Laupahoehoe saved \$20,000 to the plantation by

such a combination. This showed the superiority of brain over brawn. Accepted and ordered published in the Planters' Monthly.

REPORT ON FORESTRY.

Mr. W. W. Hall read the report of the committee on forestry. It referred to the International Forestry Congress composed of delegates from the United States and Canada, one of the results of which was the institution of Arbor Day, a sort of holiday on which old and young turned out to plant trees. Mention was made of the effort of this company four years ago to establish an Arbor Day, acknowledging the valuable services in that matter, as well as in tree culture generally, of Mr. A. Jaeger and H. A. S. Cleghorn. The committee recommended legislation for the institution of a sub-bureau of forestry, under a commission somewhat like the one which lately regulated the importation of trees and plants from foreign countries. Road boards might also be enlisted in the work, planting trees along the highways under their control. The committee referred to the beautiful results at Ulupalaka from the enterprise of the late Capt. James Makee in tree-planting.

Allusion was made to the gratifying change that had been wrought in the environs of Honolulu, transforming arid slopes and a miniature Sahara into blooming gardens, forests and parks. The cultivation of various valuable trees was suggested as advisable. Mention was made of the tree blight that threatened devastation last year, and of the successful efforts instituted by Mr. A. Jaeger for destroying the pest. The services of that gentleman ought to be recognized by the Company.

Moved, seconded and carried, that the excellent report be accepted and published, and that it be referred also to the trustees for consideration of its suggestions.

Mr. Walker suggested some tangible recognition of the services of Mr. Jaeger, whose plan of action in the case of the blight had been declared perfect by a California expert. It was thereupon unanimously resolved to present Mr. Jaeger with a microscope.

COFFEE AND TEA.

Mr. Schaefer read the report of the committee on coffee and tea, which comprised letters from Messrs. J. M. Monsarrat, R. Reipert and A. Suter, giving their experience in coffee cultivation, and offering suggestions as to other products the writers thought might be raised on the islands. Mr. Suter said two acres of coffee would yield a native family \$500 or \$600, besides other products they could raise for their sustenance. Before receiving the report prepared by Mr. C. Koelling, chairman of committee, Mr. Schaefer had prepared one himself so as to be certain against default. In this he submitted a letter of Mr. Chas. D. Miller, manager of the Hawaiian Tea and Coffee Company, dealing with the comparative adaptability of different elevations for coffee-raising, also with the question of "shade or open" for the plants. He favored high elevations and cultivation in the open. Directions were given for the starting of coffee nurseries.

Mr. Miller spoke of the white and black blights, which he considered not difficult to eradicate. Mr. Schaefer also read a letter on the question of tea cultivation from Mr. Wm. G. Bates. It told of a costly but futile attempt to introduce tea cultivation in Ceylon when coffee met evil days, and of the triumphant success that crowned later efforts in the same country—Ceylon tea of some brands bringing fabulous prices. The letter gave instructions in methods of tea-growing. There are many places in these islands, especially on the treeless side of Hawaii, where tea could be profitably raised. The great desideratum was suitable cheap labor. That could be got from India. To the objection as to the conditions imposed on Indian emigration, Mr. Bates said they carried with them the guarantee of their Government that every man would do a fair day's work for his pay.

The reports took the usual course. Judge Dole, Capt. Mist, Dr. Rodgers and Mr. John H. Paty were present this morning, in addition to those mentioned in yesterday's report, most of whom again attended. Recess was taken from 12 to 1:30.

ORGAN RECITAL.

Below is the program of the organ recital in Kaunakapili Church this evening at a quarter to 8:

Overture in F..... Morandi  
Andante Pastorale..... J. H. Lewis  
Mr. Wray Taylor.

## SHIPPING NOTES.

Capt Campbell of the Mikahala will  
take a two weeks' vacation on Kauai.  
Capt Macaulay will take the Mikahala  
down this evening with Capt Campbell  
as a passenger.  
The bark Ceylon and the barkentine  
Discovery leave for San Francisco to-  
morrow.  
Two of the Salvation Army's men were  
holding a meeting on the wharf this  
morning.  
Numerous anglers were along the  
water-front this morning.  
The barkentine W H Dimond left at  
noon to-day with a cargo of general  
merchandise, a mail and two passengers.  
Four whalers are now on the way from  
New Bedford for this port en route to  
the Arctic.

## UNNECESSARY SUFFERING.

There is little doubt but that many  
persons suffer for years with ailments  
that could easily be cured by the  
use of some simple remedy. The  
following incident is an illustration of  
this fact: My wife was troubled with  
a pain in her side the greater part of  
the time for three years, until cured  
by Chamberlain's Pain Balm. It has,  
I think, permanently cured her. We  
also have used Chamberlain's  
Cough Remedy whenever needed and  
believe it to be the best in the world.  
P. M. Boston, Pennville, Sullivan  
Co., Missouri. For sale by all deal-  
ers. Benson, Smith & Co., agents.

## LOCAL AND GENERAL NEWS.

The S. S. Australia will leave San  
Francisco for this port October 31.

Six fines for drunkenness were re-  
corded in the criminal Police calendar  
to-day.

In a contest with the elements yester-  
day evening the Royal Hawaiian  
Military Band retired in short order.

The barkentine W. H. Dimond  
sailed at noon to-day carrying the  
following mail: 773 letters and 513  
papers.

The annual meeting of the Hono-  
kua Sugar Co. will be held to-morrow  
at 10 o'clock, at the office of F. A.  
Schaefer & Co.

Mr. Wray Taylor will give the  
second of his series of organ recitals  
at Kaunakapili Church this evening  
at 7:45 o'clock.

The barkentine Discovery will  
leave to-morrow for San Francisco.  
Captain McNeill will try to overtake  
the Dimond before the latter enters  
the Golden Gate.

The departure of the steamer W. G.  
Hall was quite interesting this morn-  
ing. The Salvation Army had an  
opposition party in a late Justice of  
the Peace for Hanalei, Kauai.

Mr. J. J. Williams, the photo-  
grapher, took passage on the steamer  
W. G. Hall this morning for the Vol-  
cano. He intends taking panoramic  
views of Madame Pele for transmis-  
sion abroad, returning on the same  
steamer.

To LAY unruly hands on a politi-  
cian is a very costly undertaking as  
instanced by a fine of \$25 and costs  
imposed on J. McVeigh in the Police  
Court this morning for "laying out"  
the vice-president of the Mechanics'  
Union, Mr. Dan McKenzie.

A LARGE party will leave for Kauai  
on the steamer Mikahala this after-  
noon to attend the marriage ceremony  
and reception of Hon. P. Isenberg  
and Miss McBryde, of that place.  
The Hawaiian Quintet Club, includ-  
ing several band boys, accompanied  
the party.

The Onomea Sugar Co. elected the  
following officers for the ensuing term  
at their annual meeting held to-day:  
Hon. J. B. Atherton, President; Hon.  
J. O. Carter, Vice-President; Mr. Geo.  
P. Castle, Secretary; Mr. G. H.  
Robertson, Treasurer; Mr. W. A.  
Bowen, Auditor.

The stockholders of the Waianae  
Sugar Co. elected the following offi-  
cers at the annual meeting held yester-  
day: Hon. H. A. Widemann, Presi-  
dent; Hon. G. N. Wilcox, Vice-Presi-  
dent; Mr. A. Jaeger, Treasurer;  
Hon. C. O. Berger, Secretary; Mr. J.  
M. Dowsett, Auditor.

A CHINESE hay wagon broke down  
yesterday afternoon near the Govern-  
ment building, at least the horse did.  
The animal lay on the ground some  
time, across the track, greatly in-  
conveniencing passing vehicles. The  
horse was finally dragged to one side  
of the street, where he lay for some  
time.

ABOUT fifty persons were in attend-  
ance at the Y. M. C. A. hall last eve-  
ning, at the first of the series of studies  
in the book of Romans, conducted by  
Mr. G. B. Starr, of Chicago. Con-  
sidering that this was the first even-  
ing and that a number of other meet-  
ings were in session, in other parts of  
the city, this was not a bad beginning;  
a larger attendance may be expected  
this evening. The singing was led by  
Miss Beckwith and Mrs. Damon, and  
a number of ladies were in attend-  
ance. The study to-night covers  
chapters three and four. Meeting  
opens at 7:30 continuing one hour.  
All are cordially invited to attend.

columns of interesting reading  
matters. Mailed to foreign countries,  
95; Islands, 85.

## THE BRITISH CLUB.

Opening of the Handsome New  
Building.

The British Club has taken off the  
hands of the contractor, Mr. E. B.  
Thomas, its new building situated  
between Alakea and Union streets,  
near Beretania street and opposite  
the Hawaiian Hotel. Luncheon was  
served to members for the first time  
in the new building at noon to-day,  
by Steward Mariano, whose abilities  
as a caterer set the standard for  
Honolulu.

The main building is 64 feet 6  
inches by 47 feet on the ground  
plan. It is a combination of the  
Eastlake and Queen Anne styles of  
architecture. Mr. I. A. Palmer was  
the architect. The entire cost of  
building and new furniture will be  
about \$10,000.

The club lot fronts 100 feet on  
Alakea, and about the same on Union  
street. As previously recorded in  
this paper, by an exchange of "jogs"  
of ground with Mr. A. J. Cartwright  
the club was able, before building,  
to square its site. The new building  
is a rather imposing structure of  
wood two stories high. Inviting-  
looking verandas, on both flats, 60  
feet long and 12 feet wide, cover the  
breadth of the main front on Alakea  
street. Pillars and arches of verandas  
are ornate without any ginger-  
bread appearance. From a wide  
front door a hall 10 feet wide runs to  
the back door. In this hall near the  
servants' stations is an electric bell  
indicator, by which calls can be made  
from any of the rooms by pressing a  
button. While on electricity it  
should be noted that the building is  
being fitted throughout with electric  
lights by the Hawaiian Electric Com-  
pany.

Entering from Alakea to the right  
you are ushered into the billiard  
room, a wainscoted apartment 26  
feet by 46 feet. It contains two  
tables, another to be added. There  
are snug lockers on the inner side for  
the use of members. Across the  
hall is a smoking and lounging room,  
26 feet by 26 feet, fitted with side-  
board and lockers. All the rooms  
above and below are 14 feet high.

A dressing room with lavatory is  
in rear of the smoking room. It is  
12ft.x15ft., and flanked by a com-  
modious bathroom. Then across a  
small hall are the sanitary require-  
ments with modern appliances. An  
ice chest is placed under the stairs  
at the far end of the main hall. On  
the lower floor of a wing facing  
Union street are the servants' and  
store rooms, from which a stairway  
leads to kitchen and pantry upstairs.

The main stairway springs from  
near the middle of the hall, facing  
the front entrance, and has one turn  
at right angles from a rest midway.  
On the left-hand side, front, looking  
toward Alakea street, is the reading  
room, 24ft.x40ft. Rear of that are  
two private card rooms, each 14ft.  
square, connected with large swing-  
ing doors on rollers, whereby they  
may be thrown into one apartment.  
Either singly or doubly they are  
designed for private dinner parties  
when so required. A hall from front  
to rear divides the three rooms just  
mentioned from the dining room.  
This is spacious, being 24 feet by  
46. A long table extends length-  
wise of the room, surrounded with  
very comfortable chairs.

The British Club has survived  
several national clubs in Honolulu,  
which flourished for a time and then  
went under. Having a cosmopolitan  
constitution it admits gentlemen of  
other nationalities than that its name  
indicates. With such a handsome  
new home as the one now sketchily  
described, the British Club has ap-  
parently entered a fresh career of  
prosperity. The new building makes  
a conspicuous enhancement of ap-  
pearances in that part of the town  
where it is situated. With Mr.  
Cartwright's remodeled residence ad-  
jacent, and the imposing Hawaiian  
Hotel, Honolulu Library, Y. M. C. A.  
building and Mr. T. C. Porter's  
graceful new cottage all within sight  
of the new Club, owners of property  
in that locality will be stimulated to  
arise and build fabrics in keeping  
with such a respectable environment.

## SUPREME COURT—OCTOBER TERM.

BEFORE BICKERTON, J.

TUESDAY, OCT. 27.

The Queen vs. Ataka, Alo and  
Awa. Maintaining lottery. Laid  
over until next term. Peterson for  
defendants.

The Queen vs. Wong Wai, assault  
and battery. On the defendant  
making no appearance his bond was  
declared forfeited.

The Queen vs. Ah Tong, receiving  
stolen goods. Defendant entered a  
plea of guilty and was sentenced to  
one year's imprisonment at hard  
labor, and to pay a fine of \$25.

The Queen vs. Mark Boni and  
Rosa Barboza, adultery. J. Barboza,  
principal witness for the prosecution,  
was called but failed to appear. J.  
L. Kaulakou for defendants then re-  
quested the Court to instruct the  
jury to return a verdict of not guilty,  
as no proofs of marriage had been  
given, which was accordingly done.  
Cases 63, 74 and 75 will be heard  
to-morrow.

In the case of Theo. H. Davies &  
Co. vs. Wilder's Steamship Co., for  
damages in the burning of the Kahu-  
lui warehouse, the jury has returned  
a verdict for plaintiffs, two jurors dis-  
senting.

## CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHÆA REMEDY

Is famous throughout the United  
States for its prompt cures of diar-  
rhœa, dysentery, colic and cholera  
morbus. It is pleasant to take and  
can always be depended upon both  
for children and adults. 25 and 50  
cent bottles for sale by all dealers.  
Benson, Smith & Co., agents.

## THE THISTLE CLUB.

At its meeting last night the Scot-  
tish Thistle Club forwarded arrange-  
ments, for its Halowe'en ball to be  
given Friday evening. This promises  
fair to be an exceedingly interesting  
and enjoyable event. Two members  
will dance the sword dance in cos-  
tume at intermission. Prof. Berger  
will furnish an orchestra. The Elite  
Ice Cream Parlors will supply re-  
freshments. After business the club  
was visited by Hon. John Phillips,  
Captains McNeill, Arey and Camp-  
bell, and Mr. Gregory, who were  
welcomed with songs and music of  
piano and several other instruments.  
Mr. R. N. Webster presented the club  
with a framed photograph of a  
party of Highlanders dancing in  
costume on the heather, for which a  
hearty vote of thanks was passed to  
him.

## FALL OPENING OF MILLINERY.

Mr. N. S. Sachs of the Popular  
Millinery House, announces to-mor-  
row and balance of the week, as  
opening days; at which time, a fine  
display of choice millinery goods  
will be on exhibition. Mr. Sachs has  
already established a reputation for  
having the latest style and finest  
goods in millinery on these islands.  
The ladies of Honolulu are invited to  
call and see the feast of pretty bon-  
nets, toques, hats and millinery  
trimmings, that will be exhibited this  
week.

## Preliminary Announcement.

## IMPORTANT SALE!

ON account of Captain Morisseau's  
departure by the next outgoing  
steamer, and to close partnership ac-  
counts Dr. Trousseau offers for sale the  
Hawaiian Ostrich & Egg Farm,  
Kapiolani Park.

Comprising the Freehold of the Prop-  
erty. Furniture, Agricultural Imple-  
ments, Windmills, Pumps, Steam En-  
gine, etc., etc.

2 Pair of Breeding Ostriches,  
35 more or less Young Ostriches,  
From a day to 8 months old;

1 Horse and Brake, 1 Express Wagon, 1  
Cart, a large number of purebred Brown  
Leghorn Fowls and others.

The Property will be sold as a  
whole or everything separately to suit  
purchasers.

There are on the Farm over 200 Navel  
Oranges, Adriatic Fig, and Olive Trees,  
and over 1000 Imported Pineapple Plants  
of the best sorts.

The whole of the land is laid out for  
complete irrigation, the water being sup-  
plied from an inexhaustible surface well  
of very sweet water.

Dr. Trousseau assumes all liabilities  
of the Ostrich Farm and would like all  
accounts, if any, to be sent to him by  
October 31st.

Inspection invited. Captain Moris-  
seau will give every possible informa-  
tion.

For price and other particulars,  
apply to

Tuesday last. 242 u

# "August Flower"

For two years I suffered terribly  
with stomach trouble, and was for  
all that time under treatment by a  
physician. He finally, after trying  
everything, said stomach was about  
worn out, and that I would have to  
cease eating solid food for a time at  
least. I was so weak that I could  
not work. Finally on the recom-  
mendation of a friend who had used  
your preparations

A worn-out with beneficial re-  
sults, I procured a  
bottle of August  
Stomach Flower, and com-  
menced using it. It seemed to do  
me good at once. I gained in  
strength and flesh rapidly; my ap-  
petite became good, and I suffered  
no bad effects from what I ate. I  
feel now like a new man, and con-  
sider that August Flower has en-  
tirely cured me of Dyspepsia in its  
worst form. JAMES E. DEDERICK,  
Saugerties, New York.

W. B. Utsey, St. George's, S. C.,  
writes: I have used your August  
Flower for Dyspepsia and find it an  
excellent remedy.

### An Investment Worth Knowing About!

Before assuring your life, or investing your money, examine the Twenty-Year Tontine Policies of The Equitable Life Assurance Society of the U. S. Policies maturing in 1891 realize cash returns to the owners, of amounts varying from 120 to 176 per cent. of the money paid in, besides the advantage of the Assurance during the whole period of twenty years.

The following is one of many actual cases maturing this year:

Endowment Policy No. 64,925.	Amount, \$5,000.
Issued in 1871, at age 27.	Total Premiums Paid, \$4,798.

### RESULTS

at End of Tontine Period in 1891:

Cash Surrender Value, \$8,449.45

(Equal to \$176.10 for each \$100 paid in premiums, which is equivalent to a return of all premiums paid, with interest at 7 1/2 per cent. per annum.)

Or, in lieu of cash,

A Paid-up Life Policy for \$19,470

(Equal to \$405.80 for each \$100 paid in premiums.)

Or,

A Life Annuity of \$633.55.

BEFORE BICKERTON, J.

Theo. H. Davies & Co. vs. Wilder Steamship Co. Action on the case. Hartwell for plaintiffs; Hatch for defendant. This is one of the Kaulukou fire cases.

### ANSWER TO MRS. KINGSLEY.

EDITOR BULLETIN:—  
If Mrs. Kingsley will read Matt. 19:20, she will find that the young man who came to Christ and enquired, "What good thing shall I do that I may inherit eternal life?" kept all the commandments, but was unsaved. Like many others, he thought he could do something, and thus save himself. Christ by his reply gave him to understand that there was nothing in the commandments by which he could be saved. He must leave all and follow Jesus. Everything that is required in the Decalogue is repeated in the New Testament, wherein is found all that is required of the followers of the Lord Jesus. In the New Testament alone are the commandments of Christ.

Mrs. Kingsley is correct in saying that "the Apostles were the heads of the church," if she means thereby that they were the ambassadors or representatives of the Lord Jesus Christ, sent out by him to proclaim to the world the terms of salvation. This they have done, no other ambassador is required. Every follower of the Lord Jesus Christ is now, or should be a faithful minister, to carry the message given by these ambassadors to their fellow-men.

In reply to Mrs. Kingsley's last question, viz.: "Will Dr. Hammond acknowledge that the church had the power to so change God's ordinance?" I reply emphatically, "No!" The Apostles were to speak in accordance with God's ordinances. The Holy Spirit was given them to guide them into all truth (see John 16:13). In reference to "tradition" being "a rag of popery," it is high time to drop all such "rags." God has made all the families of the earth out of one blood to dwell together in peace and harmony. And as soon as men will cease following creeds, culled out of the Bible, and be guided by the Bible alone, then and not till then, will men cease their jarring, fighting and quarreling with each other, and say with the Apostle John, "We know we have passed from death unto life because we love the brethren." WILLIAM HAMMOND.

### NEMO CORRECTS HIMSELF.

EDITOR BULLETIN:—  
I wish to make a correction in my article in the BULLETIN of Oct. 17, where it reads thus: "And the next day sends a barrel of money to Nebraska to bribe honest voters," etc., as I find in the columns of the South-West, Feb. 8, 1890, the following version of the affair: "The prohibitionists are pouring money into the offices of their organs for extra copies to be sent into rural districts of Nebraska from now until after the election next fall. The Voice acknowledges contributions to the amount of several thousands of dollars, as also does the Chicago Lever. These papers, filled with ultra temperance sophistries, will be mailed free to the farmers of the State, making public sentiment. The basis is a false one, but the prejudices are created just the same." NEMO.

### "A SIDE BREEZE."

EDITOR BULLETIN:—  
In your yesterday's issue a letter appears under the above heading and signed "Enquirer." When I read it, I thought of two little Honolulu girls who found a pair of gloves and ran with them to their mother, shouting out, "Mother, mother, I do like the smell of these gloves so much, they do smell just like a baby." "Enquirer's" letter smells so much of infidelity that I was not surprised to find him hiding like "A." If "Enquirer" is an honest man and seeking for truth, let him come out like a man, ask his question, or state his point of difference, sign his name to his production and I promise him that, to the best of my ability, I will answer him.

WILLIAM HAMMOND.

### AGREES TO DIFFER.

EDITOR BULLETIN:—  
After an agreeable and explanatory talk with Elder Haws and some of his people, I find that the Book of Mormon is the only obstacle of difference between us. If they discard their belief in the Divine inspiration of that book and take the Bible alone for their guide, I see no reason why I and all followers of the Lord Jesus Christ should not unite with them in fellowship and labors. Their ground or position, on faith in Christ, repentance and baptism cannot be disputed by any of the faithful followers of the Lord Jesus Christ.

WILLIAM HAMMOND.

THE BULLETIN has double the circulation of any English daily newspaper published in the Kingdom.
