

BIG BANK COMBINE IS GIVEN UP MOSQUITO WAR TO BE RESUMED NEGRO WORLD'S FAIR PLANNED BANKS' MERGER IS OFF

A stronger mosquito campaign than that of several years ago, which had excellent results, is about to be waged in Honolulu.

Acting Governor E. A. Mott-Smith in his regular capacity of President of the Board of Health, has been in conference with Dr. Hobdy of the U. S. Marine Hospital Service, and Richard Ivers and E. E. Paxton, representing the shippers' wharf committee, planning the war on the pest.

"The shippers' wharf committee," Mr. Mott-Smith said this morning, "carried on the rat and mosquito campaigns up to the time of the meeting of the Legislature in regular session. An appropriation was made by the Legislature only for the rat campaign being \$10,000 for Honolulu alone.

"Plans are being formulated for a fairly satisfactory mosquito campaign. There will probably be funds available for a more efficient campaign than the former one, which had but \$125 a month to carry it on.

"More or less work has been done in the meantime by the sanitary inspectors but of a rather desultory nature. They carry tins of oil about, treating catch basins and stagnant pools here and there.

"If these plans are carried out as it is hoped they may be, judging from the good results in the former campaign with limited funds, there is a very good prospect going a long way toward the extermination of the mosquito."

Mr. Mott-Smith went on to talk about other branches of public health and sanitation work in which the shippers' wharf committee had become interested.

WASHINGTON, D. C., November 17.—Booker T. Washington, heading a committee, has called on President Taft with a view to soliciting his aid for an exposition, to be held in the year 1913, in commemoration and celebration of the semi-centennial of the emancipation of the negro.

LIPTON WANTS THE YACHT CUP

(Associated Press Cable to The Star.)

NEW YORK, November 17.—Sir Thomas Lipton, the famous English tea merchant and yachtsman-millionaire, has issued a challenge to the New York Yacht Club to engage in an international yacht race in the year 1911 for the cup which has been so long held by America in the races between the United States and England.

GENERAL GRANT ESCAPES FLAMES

(Associated Press Cable to The Star.)

CHICAGO, Ill., November 17.—General Frederick Grant today had a narrow escape for his life in a fire that occurred in his home.

PARSON DIES BY HANGING

(Associated Press Cable to The Star.)

MARYVILLE, Mo., November 17.—The Reverend Mr. Hathaway, rector of St. Paul's Protestant Episcopal Church of this city, has taken his life, his body being this morning discovered hanging.

U. S. WEIGHERS OF SUGAR CAUGHT

(Associated Press Cable to The Star.)

NEW YORK, November 17.—It is reported here today that several of the men employed by the United States government as weighers of sugar to keep check on importations of the American Sugar Refining and other companies, will be indicted for fraud, being implicated in the swindles to avoid the payment of customs duties.

NEW YORK, November 17.—The Postal Telegraph Company is the largest single stockholder in the American Telephone and Telegraph Company which yesterday secured control of the Western Union Telegraph Company with a view to establishing a billion dollar merger of the interests mentioned.

WASHINGTON, D. C., November 17.—The Nicaraguan rebels have seized the Bluefields Company's steamship Dictator.

BILLION MERGER MAY BE ILLEGAL

(Special Cable to The Star by the United Press.)

NEW YORK, November 17.—It is reliably reported here that the United States government authorities at Washington may institute investigation proceedings in regard to the billion dollar merger which is planned to follow the securing of the control of the Western Union Telegraph Company by the American Telephone and Telegraph Company, on the ground of the possibility of such merger being a violation of the anti-trust law.

WILDER TO RESIGN

Associate Justice Arthur Wilder of the Supreme Court has announced his intention to resign from the bench at the end of the year, to resume private practice. Governor Frear, who left for Washington this morning, is said to favor A. Lewis for the vacancy.

The proposed big merger of banks, whereby the First National Bank and the Bank of Hawaii were to be combined, is off. At a meeting of the directors of the Bank of Hawaii this morning, it was decided to give up the proposition, and the two banks will therefore continue as before, as independent and rival institutions.

This morning's meeting of the directors of the Bank of Hawaii was the first one at which the proposition came up before a full board. The result of the discussion was a resolution which ends the negotiations to combine the two banks.

The plan to combine the banks had almost been decided upon, though without a formal discussion of the matter by the directors. But this morning's meeting of the directors of the Bank of Hawaii brought forth a different decision.

"It was decided," said Mr. Clarence H. Cooke, head of the Bank of Hawaii, "that it was for the best interest of the community and of the bank, that the merger be not made. The meeting today was our first discussion of the matter with a complete representation on the board of directors. It was the opinion of the directors of the bank that the merger would not be for the interests of the community. We thought it better to continue as a separate institution."

TODAY'S SESSION OF PLANTERS

It was something of a 10 o'clock this morning when the chairman of the Sugar Planters' Association rapped for order.

Secretary W. O. Smith read a letter from President John W. Gilmore, of the College of Hawaii, inviting the Association to visit that institution and to use its laboratory for any purpose required. Mr. Smith called attention to the fact that the Association would visit the Hawaiian Experiment Station at 2 o'clock this afternoon and recommended that a call be made upon Dr. Gilmore at 4:30. So decided.

Mr. F. M. Swanzy read the report of the committee on experiment station as follows:

This committee, as originally appointed, included Mr. W. M. Giffard, who resigned in favor of Mr. E. F. Paxton, so that its members during the past year have been Messrs. E. E. Paxton, J. W. Waldron, George F. Davies, T. H. Petries, F. Klamp and G. H. Robertson, with the chairman, F. M. Swanzy.

During the eleven months to October 31st this committee held 14 meetings at which the affairs of the Experiment Station were discussed and adjustment made of all matters brought forward for consideration.

For many reasons a change has been made in the administration of the Station. Heretofore the staff has been made up of three divisions, the Agricultural and Chemical, the Pathological,

Drunkenness And Crime Less Now On Kauai

"The Grand Jury having requested an opinion from the County Sheriff, County Attorney and District Magistrate as to the general condition of affairs on the Island of Kauai, as regards their respective departments, are pleased to state that these several officers report a steady diminution of crime and petty violations of the law during the year last past. The continued activity of our police department seems to have eradicated the professional gambler on this Island. Drunkenness is decidedly on the decrease, and we feel that the general moral tone of the community has greatly improved.

"The Grand Jury begs to thank your Honor for the able and interesting charge which it received.

Respectfully submitted,

WILLIAM FISHER, Foreman.
H. L. HJORTH, Clerk."

OUR PRESENT LIQUOR LAW.

(From the Garden Island.)

We are printing, below, the editorial of the "Star" of November 4th, which gives the independent and public-spirited stand that our contemporary is taking in the liquor question.

The papers, and the people themselves, are the influences that are responsible for whatever harm is being done by the sale of intoxicating

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m. which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

U. S. A. transport will leave San Francisco and Manila, and will arrive from some ports at irregular intervals.

TO USE TREE COTTON.
BERLIN—Owing to the high price of cotton the German textile experts have been turning their attention to other fibers which might be used as a substitute for it. A spinning company at Chemnitz has succeeded recently in using the fiber contained in the seeds of the kapok, or silk cotton tree of the tropics. In its natural state this fiber cannot be spun, owing to the extreme brittleness, but Professor Goldberg of Chemnitz has found a method of treating it to make it spinnable, and the yarn is described as having a peculiarly soft, silky feeling.

TOBACCO ON LURLINE

The Lurline, sailing this morning, took the large shipment of wrapper tobacco from Kona, of which mention was made some days ago. This lot goes direct to manufacturers in the east, and is probably the first of a number of shipments to go forward in the very near future.

OF AGREEMENT WITH
TELEPHONE COMPANY**AN ATTEMPT TO BLOCK ANY FURTHER NEGOTIATION IS DEFEATED
IN THE BOARD OF SUPERVISORS—AYLETT AND COX JOIN IN EF-
FORT AT SOLUTION OF DIFFICULTIES—MONEY FOR MORE ELEC-
TRIC LIGHTS IS VOTED.A little advance toward a settlement
between the City and County and the
Mutual Telephone Company was made
at the meeting of the Board of Super-
visors last night, notwithstanding a
determined effort of Mayor Fern and
Supervisor McClellan, aided by Super-
visors Ahia and Kane, to end all nego-
tiations and leave the whole matter in
the air.There was a report presented by the
special committee consisting of the
Mayor and the five Supervisors who
had rejected the draft of agreement
formerly submitted. This, after re-
lating the utter failure of the commit-
tee to make terms with the com-
pany, concluded with a recommendation
that there should be no further
negotiations with the company.Logan and Quinn objected to such a
summary disposal of the matter, the
former exhibiting a paper which he
stated was a form of agreement that
he would submit at the proper stage
of business. It had been drafted at his
request by the attorney of the tele-
phone company, after the newspapers
had reported that the committee had
thrown up its hands, in terms to meet
most of the objections to the former
draft. In brief its main purpose from
the city's viewpoint, was to obtain
place in the company's conduits for the
city's wires along the routes where
they are now carried on the company's
poles but where the company is about
putting its own wires underground.
The price is the same as in the old
agreement, 15 cents a lineal duct foot,
and in consideration of obtaining this,
the actual cost, figure the city will re-
lease the company from all inspection
fees for one year. All reference to
future extensions of the conduits is
eliminated, and the forfeiture clause is
modified so that cause of forfeiture
must be determined by a court of com-
petent jurisdiction.A motion was made to lay the re-
port on the table to be considered with
the new proposition when submitted.
This was in amendment to McClellan's
motion to adopt the report.McClellan contended that the city
could still keep its wires strung on the
discarded poles of the company, and
that as the conduits were already con-
structed the company would not be
molested. He did not say what was
to be done with the ordinance now
in force which subjects the company to
penalties for disturbing the streets
without a permit and to fees for inspec-
tion of such work.Mayor Fern told the Board it was
wasting time and charged the company
with having obstructed all proposals
for months. A letter sent by the spe-
cial committee to the company last
Friday had not been answered. The
company had no right to treat with
an individual Supervisor when a com-
mittee had been appointed to negotiate
with it.Logan suggested that the company
or its directors had to hold a meetingbefore it could act on the matter and
might not have been able to do so in
the past three days. He informed the
Mayor that he took the responsibility
for submitting the proposed agreement,
the object of which was to find accom-
modation for the police and fire alarm
wires when the poles came down at a
cost less than the city could do. As a
member of the board he had a right
to introduce any measure he saw fit,
and he objected to the attempt to gag
the Board or any of its members,
which was particularly discourteous
from the fact that the special commit-
tee was given its powers through his
changing his vote at a former meeting
so as to give it a free hand. The Ma-
yor should allow the Board to transact
its business without his dictation, and
the speaker declined to be browbeaten
or bulldozed by Hia Honor.In the meantime Aylett and Cox had
read the proposed agreement after
they signed the report, and thinking
favorably of it were now desirous of
having it duly considered. So the motion
to table the report carried on the
following vote:Ayes—Aylett, Cox, Logan, Quinn—4.
Noes—Ahia, Kane, McClellan.By the same vote later the draft of
agreement was referred to Deputy At-
torney Milverton to report on its legal
phraseology at next meeting, with di-
rections to confer with Attorney Le-
wis of the telephone company with re-
gard to any amendment he deemed ad-
visable.Much other business was done at the
meeting.A resolution appropriating \$700 for
installing lights at Alewa Heights, Pa-
loalo and Kaimuki, submitted by Kane
for the light committee, passed to pub-
lication.Complaints about offensive storm
sewer manholes in various parts of the
town were referred to the roads com-
mittee.Reports from the health committee
on various references to it were adopt-
ed. Among them was one censuring
Fish Inspector Lane for indiscriminate
condemnation of fish on an occasion
complained of by Chinese fish dealers,
but stating that the dealers furnished
provocation by the practice of smug-
gling stale fish into lots of fresh. It
was recommended that fresh fish be
separated from fresh with screens to
be provided by the dealers at their
own expense. Quinn, in this connec-
tion, suggested that all meats and
fish in the markets should be screened
from flies and dust and that an ordi-
nance should be passed to that effect.Treasurer Trent's report showed a
balance in the general fund the last of
October of \$35,600.79. The expendi-
tures last month were over \$57,000.A letter from Senator McCarthy ad-
vocating the erection of a schoolhouse
at Watertown, Pearl Harbor naval sta-
tion, was referred to the ways and
means committee.**MAKING SEARCH
FOR NEW BEAST**An expedition organized in celebra-
tion of the British Ornithological
Union's jubilee left England last
month for the hitherto unexplored in-
terior of Dutch New Guinea. A zoolo-
gical exploration of the interior of
the island will be the chief object of
the expedition, and, judging from the

peditions, it is hoped that at least
one quadruped, hitherto unknown tothe pages of natural history books,
will be discovered. The footprints of
some large and unidentified animal
have already been discovered; one
who claims actually to have seen it
describes it as a large striped black
and white beast, with a nose like a
tapir, and by the reports of the natives
it has a face like their own

yield several more furred and feather-
ed wonders, more particularly new

HARDWARE DEPARTMENT

The Hawaiian Star

DAILY AND SEMI-WEEKLY.

Published every afternoon (except Sunday) by the HAWAIIAN STAR
*NEWSPAPER ASSOCIATION.

THE STAR ACCEPTS NO LIQUOR ADVERTISEMENTS.

SUBSCRIPTION RATES:

Local, per annum\$ 8.00
Foreign, per annum..... 12.00
Payable in Advance.

Entered at Post Office at Honolulu, Hawaii, as second class mail matter.

Subscribers who do not get their papers regularly will confer a favor by notifying the Star Office; Telephone 365.

The Supreme Court of the Territory of Hawaii has declared both THE HAWAIIAN STAR (Daily) and THE SEMI-WEEKLY STAR newspapers of general circulation throughout the Territory of Hawaii, (suitable for advertising proceedings, orders, judgments and decrees entered or rendered in the Courts of the Territory of Hawaii.)

Letters to THE HAWAIIAN STAR should not be addressed to any individual connected with the office, but simply to THE HAWAIIAN STAR, or to the Editorial or Business Departments, according to tenor or purpose.

GEORGE F. HENSHALL.....EDITOR.

WEDNESDAY.....NOVEMBER 17, 1909.

HOW ABOUT THIS?

Probably very few citizens of Hawaii are simple-minded enough to be fooled by the hints that favoring suspension of the coastwise regulations involves opposition to a subsidy. Hawaii supports the subsidy proposition unanimously. But everyone knows that it would take a year or two for a subsidy to have any effect. By the way, are not those who oppose suspension on the ground that there is no congestion asserting too much for their own subsidy cause? If there is no congestion,—if there are enough steamers,—then there is no need of a subsidy. How about this?

The Star today publishes most of the text of the decision of the court in the case of Gompers et al. affirming the sentence of the leaders of the American Federation of Labor to a term of imprisonment. It is a decision full of ringing sentences, and is likely to take a large place in current American history.

A STRIKE THAT IS SIMPLE REBELLION.

If organized labor in the United States, as represented by the American Federation of Labor, undertakes to bring about a general strike because of the imprisonment of Gompers, Mitchell and Morrison, for contempt of court, an issue will be made which involves a momentous test of the strength of American institutions. The issue is not, at all clouded: An order of court prohibited Gompers and associates from publishing the names of the Buck Stove and Range Company, in a boycott list in the official organ of the Federation. The order was disobeyed, and on being adjudged accordingly guilty of contempt Gompers was sentenced to twelve months imprisonment, Morrison to nine and Mitchell to six months.

A strike planned as a protest against these sentences is simple rebellion against the law of the land. Whatever may be the opinion as to the justice of the sentences, there can be no question as to the complete legality of all the proceedings, and there cannot be any two opinions as to the necessity of respecting the orders and decisions of the courts. If the American Federation of Labor makes an issue of this sort, the result will probably be the end of the federation as at present constituted.

Incidentally, the labor leaders who advocate a strike are closing the door against pardon. The opinion of the court which affirmed the sentence of Gompers and associates, contained a suggestion that certain arguments of counsel, while not such as the court could consider, might appeal to a pardoning power. But there can be no pardons that would look like yielding to threats.

If Taft's smile doesn't come off during the next six months, it may be regarded as a fixture.

Why doesn't Peary climb Mount McKinley and get Cook's other tube?

Kauai's Grand Jury reports a lessening in drunkenness and petty crimes and a general improvement of the moral tone of the community. The local tight little island has been saloonless for quite a while now, and the results are showing.

UNCLE SAM FENCING OFF HAWAII.

If more evidence is needed of the lack of transportation facilities from San Francisco here, it can be furnished by a prominent Seattle business man now in Honolulu,—though the case is complete without his evidence. This gentleman, when he decided to come to Honolulu, wrote to San Francisco for a booking. He got the usual reply,—no chance to get accommodations,—and he went to Vancouver and took passage on the British Marama. In the light of the plain facts, with the Pacific Mail company consistently discouraging bookings to Hawaii, this community should voice an emphatic demand for relief. Let the Merchants' Association and Chamber of Commerce appoint committees to collect and marshal the evidence of the constant wrong being done to Hawaii, and present the same through Delegate Kuhio to Congress. We believe it can be shown beyond argument that there are hundreds of tourists who would be in Hawaii today if they could have secured proper travelling accommodations. Their presence here means the difference between good times and dull times in all lines of ordinary mercantile activity here. No other wide awake community under the American flag would submit unprotestingly to such injustice.

It is perfectly natural for the Pacific Mail Steamship Company to turn away Honolulu bookings as much as possible. The matter is simply one of plain business common sense. If a steamer's staterooms can be sold through to the Orient, the company would show poor business judgment in giving cabins to persons wanting to travel only a third of the way.

RELIABILITY OF NEWS PUBLISHED.

We commend to the many people who "never believe what they see in the papers," the following bits of common sense from the San Francisco Chronicle:

"Those who study the news in the papers, comparing its accuracy with that which goes from mouth to mouth before the papers take it up, must be struck with the fact that the printed news is the only kind to swear by. The idea that the press is unreliable by nature is a superstition which quarrelsome rival editors of the long ago handed down. The truth of the matter is that the press is far above the public in the verity of its news stories, and that such faults of uncertainty as it has are chiefly owing to irresponsible habits of talk outside. Indeed, one of the first duties of the press is to sift the tangible fact, if there is any, from the town gossip; and it often happens that the task is like Graciano's, who sought all day for three gains of chaff in a bushel of wheat, and when he found them learned that they were not worth the search.

"But for the press the average news of the day, local as well as gen-

eral, would give new cues to Ananias and Sapphira. One has but to recall the street news in San Francisco for a short time after the fire to see the point. The papers were mere makeshifts. Their telegraphic service was uncertain; their printing facilities small. Then the public, which says so much about the "unreliability" of the papers, had a chance by itself; hence a Chicago shaken to pieces, a Los Angeles wrecked, a Honolulu sliding into the sea and even a New York in the throes of seismic calamity. There was not a vestige nor a semblance of truth in all this, but it was a fair sample of the legal tender issued from the flutter-mill of popular gossip when the sound mintage of the press is lacking.

"Quite lately there was a local example of how easily the public deceives itself and how well for truth it is to have a press to undeceive it. Soon after Portola week word went about that the young woman who represented America in the parade had been poisoned by the gold paint that covered her face and arms, and that the other young woman whose charms embodied those of California in the street pageant had succumbed to pneumonia. As this story passed from mouth to mouth, clubs could hardly be kept from passing resolutions against carnivals and gold paint and the exposure of oversensitive chests. The parents of the two victims of the parade—who, by the way, were never in better health and had neither painted for the Portola occasion nor even caught cold—were kept busy at the telephones repelling condolences until in sheer self-defense they had to issue a general public denial of the story. A word in the press settled the matter.

"The public in affairs like these has and accepts no responsibility. But the press must take heed of what it is saying if it wants to stay in business and to keep free of the courts and to preserve its own self-respect. Its trade is to print the actual news. If misled, its prestige suffers, and prestige is an asset. The facts are the only things sought in a newspaper story, while with the gossippers the object is merely to tell a good yarn and pass it along."

WHERE GOVERNMENT OWNERSHIP FAILS.

Government ownership of public utilities is not a doctrine to conjure with, if the results of the actual thing shown by the government telephone systems of Europe are a criterion. In all Europe, with a population of 400,000,000, there existed at the beginning of 1909 about 2,300,000 telephones. In the United States, with a population of 80,000,000, there were about 7,000,000 telephones, or fifteen times as many to population as in Europe. France has only 194,159 telephones, while the city of New York employs 334,186. Austria uses only 80,975. Chicago alone, with 184,992 instruments, is a close rival to France. In Great Britain the number is less than the aggregate of New York, Chicago and Boston, whose aggregate population scarcely equals that of London and immediate suburbs.

"One of the chief reasons for these differences," a New York correspondent says, "is that in Europe telephone service is almost uniformly under government control. There is no competition, and complaint is subjected to the same sort of routine as complaints in this country of the postal service. The necessity with a private corporation for providing the highest technical efficiency, to meet reasonable demands, makes only a vague and academic appeal to the ordinary bureaucrat.

"Somewhat better results would perhaps be attained, even under government control, if telephone service were distinct from other branches, but it is in nearly all cases tested as a mere adjunct of the postal service. The law of politics, not the law of competition, makes appointments and determines methods.

"Of course telephone competition is expensive, confusing and inconvenient. Real competition exists, however, even with exclusive service, because of the necessity of meeting demands of business community, extending service and earning dividends under the exacting demands of American business life. In Europe such demands reach the men responsible about as effectively as a demand for a new rural delivery route in Dublin. N. H., might reach President Taft."

Commercial News

BY L. D. TIMMONS

Waialua edged up a little today, and there has been a lively demand for it on the streets, with little or no stock in sight at anything like prevailing figures. Between boards 30 shares sold at \$117.50, which was the Exchange basis of yesterday. On top of that transaction, however, 35 shares sold at \$118. On 'Change this morning \$118.25 was offered for the stock, but not a man could be found with Waialua to sell. Finally there was an offer of a few shares at \$119.50, at which the session closed.

McBryde seemed also to get a wiggle on, as the saying goes; 125 shares selling on 'Change at \$4.375, from which the price advanced and 50 shares changed hands on the boards this morning at \$4.50. At the close of the session \$4.75 was bid and \$4.85 for the stock.

Apparently in sympathy with McBryde, Olaa also looked up. Between boards 50 and 50 shares sold at \$5.375 followed by 65, 100, 50 and 70 shares at \$5.50. On the boards this morning 20 shares sold for the same. This afternoon the same is offered for the stock, while holders are demanding \$5.75.

Three sales of Pioneer were reported—10, 5 and 5 shares—at \$155.

OIL BOOM ON COAST.

A San Francisco paper of November 9 has the following interesting statements concerning the oil boom over there, and comments respecting Hawaiian sugar stocks:

This morning's session of the Stock and Bond Exchange was one of the wildest held since the fire. Associated Oil was the magnet and there was a mad scramble to buy that stock. After opening with sales at \$44, which was \$1.50 higher than Saturday's closing bid, the Oil stock ran up by leaps and bounds until \$48 was reached. From that point there was a nat-

ural setback and the closing sales were at \$47.25.

There seems to be no official news on Associated Oil outside of the talk around the street that the company is in excellent condition and will soon show a substantial increase in its earnings.

Other listed stocks were moderately active, with sales of Hawaiian Commercial at \$34.50, Hutchinson at \$17.37 1/2, City Electric at \$41.50 and Spring Valley at \$36 at 36 1/2 1/2.

Bonds were dull with sales in Key Route 5s at 109. Associated Oil 6s were 95 bid.

The collection of duties at the Custom House in this district during the past week amounted to \$157,848.59, as compared with \$175,761.46 for the previous week.

Bar silver commenced the new week with a small advance. The New York price today was 50 3/4c per ounce, against 50 5/8 on Saturday. The London price was 23 3/8d—a gain of 1-16d.

AFTERNOON SESSION.

YOUNG MILLIONAIRE INCOGNITO ABOARD OIL TANK IN PORT

HERE TO STUDY SHIPPING AND PLANTATION CONDITIONS AND FULL OF ENTHUSIASM OVER HONOLULU PEOPLE'S APPARENT SPIRIT OF PROGRESSIVE ENTHUSIASM—FATHER INTERESTED IN MATSON S. S. CO.—MAY BE A MANAGER SOME DAY.

Travelling incognito, there is, as a member of the crew aboard the Union Oil Company's steamship Santa Rita, which arrived yesterday afternoon, a young millionaire who is making a trip to Hawaii with a view to studying conditions from a commercial standpoint and, incidentally, to get better acquainted with shipping interests of which someday he may be manager.

Henry W. Ohlandt is the name of the young millionaire. He is charmed with Hawaii generally and particularly delighted with the spirit of the people, declaring that there seems to be that in the atmosphere here which strongly makes for success in whatever is undertaken with any degree of sincerity, in that the people seem to work together for the good of the town and all have apparently such a love of the land they live in that "helps some when it comes to promotion and progress."

Mr. Ohlandt is the son of a part owner in large shipping interests, which interests include the Matson Navigation Company and, also, he is here to study plantation business. He is to be shown over the Honolulu plantation by a local business leader.

Though possessed of more money than he knows what to do with, the energetic young man is not unwilling to be signed on as a member of the crew of an oil tank, for he believes in getting right down close to the workings of the various branches of industry in which he finds an interest.

BIG SEND OFF FOR FREAR

High out of the water, the Matson Navigation S. S. Lurline, Captain Weeden, left at 10 o'clock this morning for San Francisco. Her departure was attended by the Hawaiian band in full force, which played everything from the wedding march to the Star Spangled Banner and "Oh, you kid."

Hundreds of people were on the wharf at the foot of Nuuanu street, stylish equipages being lined up outside, in the way of autos and carriages. To be sure the Governor was going away and his departure somewhat explained the large concourse.

Frear stood on the hurricane deck and waved his executive hand, as well as he could for the burden of flower wreaths, or leis, which bedecked his figure. He wore a dicer, which was wrapped around in leis of a crimson hue. Perhaps His Excellency was somewhat moved at the demonstration accorded him, for he brushed his brow once or twice between waves of the hand. He had a good excuse if such was the case, for the music of the band was moving and there was certainly an ovation given the departing Chief Executive.

There were some thirty-nine good people aboard the Lurline besides the Governor and anybody would imagine the Lurline was a floating palace of a steamship instead of a big freighter with middling passenger accommodations, so great was the enthusiasm at her get-away.

When the Matson tug Intrepid took hold of the Lurline, after she had backed into the stream, she swung heavily with a list to port with the sudden strain on the great hawser attached to the high bows of the Frisco ferry, catching the Lurline immediately; as pretty a handling of a steamship in turning her nose for the channel as could be imagined, and reflecting great credit on the master of the tug.

Old S. S. Australia days were brought to mind with the leaving of the Lurline, for such was the crowd and the music and the flowers, and the happy remarks, and the tears at parting.

Everybody wondered for whom was the wedding march played, but it was probably for a recently married couple in compliment to their honeymoon.

LAUNDRIES MUST
PAY LICENSE FEES

By a majority opinion of the Supreme Court written by Chief Justice Hartwell, in which Justice Perry joins, the law providing a license fee for laundries is sustained. This is in the case of Territory of Hawaii vs. Sing High, in which Judge De Bolt reserved the question of whether the demurrer should be sustained. Justice Wilder renders a dissenting opinion. F. W. Milverton, Deputy City and County Attorney, appeared for the defendant. The syllabus of opinion reads thus:

It is not clear that Sec. 14181 of Act 96 S. L. 1907, relating to laundry licenses, gives power to the treasurer to impose conditions for granting such license, but if it does the remainder of the act is not invalid provided it properly requires a certificate by the Board of Health.

"The act is not unconstitutional in its requirement of a certificate by the Board of Health that the proposed location for a laundry is suitable."

In its conclusion the opinion says: "We see no reason why the Legislature could not properly regard a laundry as liable to be harmful to the public health and not in the same category as a lodging house, nor why the suitability of its location is not appropriately left for the Board of Health to determine. If at any time the Board in determining such matters should go outside of its legitimate functions in caring for the public health and act arbitrarily it could be required to grant the certificate."

The annual license fee for a laundry is \$1.25 and the decision will considerably benefit the municipal revenue.

POLICE COMMITTEE
TO SWEAT LEAL

Temporarily Suspended Chief of Detectives Joe Leal haunts the police station, waiting for an investigation of the alleged charges of alleged graft preferred against him during his absence on the coast for his health. Innocent or guilty, whichever he may be, the man wants a quick hearing.

No official or regular charge has been made. A multitude of hints and allegations have piled up on the desk of the Sheriff during Leal's absence, each and every one declaring that Leal is everything except an honest officer, though not one is definite. Jarrett doesn't know what to make of them. He hopes that they are not true, and he has, as is required by the proper procedure, passed the matter up to the police committee of the Board of Supervisors of which Andrew Cox is chairman.

The grand jury meets tomorrow, but there is nothing in decent enough shape to present before that body. The police committee of the Board of Supervisors will make the first investigation.

If Leal is guilty he will take his medicine, though he enthusiastically declares his innocence.

If he is adjudged guilty he will not get hysterical and bring in names of others whom gossip alleges to be more guilty than he is alleged to be. "But," says Leal, "I know nothing of any graft, either as far as I am concerned or in regard to others. If there are any higher up than I am who are guilty of graft, they are sicker than I gave them credit for; for I know nothing of it and I pride myself that I know most everything that has to do with criminality in Honolulu."

There was circulated the report that A. P. Taylor of the Advertiser was trying to get Leal's job, but this rumor is knocked in the head by the statement of the Sheriff this morning that he, Jarrett, offered Taylor the job before he offered it to Leal, and Taylor refused it, saying he could not be induced to again take the position.

DAMAGE SUIT
IS DISCONTINUED

William E. Paikuli's suit for \$5,000 damages against Curtis P. Iaukea and A. P. Taylor, as former sheriff and a deputy sheriff respectively, for assault and false imprisonment, alleged to have been committed by Taylor, has been discontinued.

Manuel Ferreira and Frank Marks, pleaded guilty to stealing a red heifer from S. M. Damon. Judge De Bolt sentenced Marks to six months in jail, costs being remitted, and suspended sentence for thirteen months in the case of Ferreira.

Judge Robinson granted a divorce to Kane Sakata against Tekijiro Sakata for non-support. For the same cause he relieved Meleana H. Lum Young from union with Lum Young, giving the mother the custody of their child.

COMMERCIAL NEWS

(Continued from page four.)

cussion of reports. W. W. Goodale's able treatise on the manufacture of sugar was first taken up and discussed in its various bearings, from which the discussion drifted into the subject of the manufacture of alcohol from refuse products on the plantations.

Secretary Smith read a paper by Mr. E. K. Bull on the subject of warehouses for the storage of sugar, after which Forester Hosmer presented his report, which was the feature of the afternoon. In this report the expert gave details of the work as it has been carried on on all the islands, discussing at length the subject of tree planting, with particular reference to experiments with eucalyptus. Speaking to the points raised by Mr. Hosmer, several planters from the other islands reported progress with the eucalyptus and other trees, and plans of consider-

able extent for three planting in future.

The papers received during the afternoon were ordered printed. At 4 o'clock adjournment was taken to ten o'clock this morning.

COURT DOINGS

Judge Whitney rendered a decision for plaintiff in the action on promissory note brought by Joe Yoo against Chang Hook. He finds that no duress had been employed, also that there was legal consideration. The note was for \$100.

Plaintiff's bill of exceptions in the damage suit of Edward Campbell vs. H. Hackfeld & Co., Ltd., was allowed by Judge Whitney this morning, thus advancing it to the Supreme Court.

Mary Borges petitions for letters of administration on the estate of her late husband, Mariano J. Borges, to be issued to William Savidge. The estate is valued at \$1750.

Judge Robinson granted a divorce to Mary Silva against Joe Silva for non-support.

Judge Robinson appointed Joe Kahopili as administrator of the estate of Emela Kahopili, also as guardian of Joseph Kahopili Jr., a minor.

PLANTERS VISIT
MAIN STATIONS

This afternoon nearly all of the planters in attendance upon the annual convention of the Association

have gone to the Hawaiian Experiment station as the guests of Prof. Gilmore, the heads of the station and the staff of the College of Hawaii. The Federal section of experimental work will be inspected at 4:30 and the features of both Territorial and Federal effort will come in for attention.

In the convention of the planters, of which this is the third day, the managers from the other islands have had the privilege of hearing a great deal on paper concerning the work of the different agricultural institutions, and are this afternoon given a chance to inspect for themselves.

MERCHANTS
AND HEALTH

Besides the new mosquito campaign into which the shippers' wharf committee has entered, that body has taken into consideration other matters of public health and sanitation. Among other things is the providing of an automobile ambulance.

President Mott-Smith of the Board of Health regards the possession of a power ambulance as almost a necessity. He refers to the success of delivery auto-trucks with merchants who have adopted them, in the saving both of time and of horseflesh. An ambulance is a heavy vehicle and in such long trips as that to the Leahi Home at Kaimuki a heart-breaking load for a team.

While the tuberculosis campaign has been discussed with the committee, it will not likely take a specially active part in that matter. Other organizations have that in hand. The Hawaiian branch of the Red Cross Society headed by Judge Dole, Superintendent Rath of the Palama Settlement, the College Club and its expert, Mrs. Moses, are all working on the subject, while the Territory has a fund of \$18,000 on which to draw for support. In its plans now being formulated the Red Cross has invited the Board of Health to send a delegate to the councils. At its last meeting the Board appointed Dr. Pratt as its delegate.

ARRIVED.

Wednesday, November 17.
Br. S. S. Kilchattan, from Newport News, p. m.

W. R. Ryan, an expert on the subject, will address the Hawaiian Engineering Association at 7:30 tomorrow evening on reinforced concrete as a building material. The association has changed its headquarters to the College of Hawaii.

METROPOLITAN MEAT CO., LTD

NOTICE TO STOCKHOLDERS.

NOTICE IS HEREBY GIVEN that the undersigned will make a partial distribution of the assets of the Metropolitan Meat Company, Limited, an Hawaiian corporation, to the extent of \$30.00 per share, at the office of the Audit Company of Hawaii, Limited, on Bethel Street, Honolulu, Territory of Hawaii, at any time on or after the 19th day of November, 1909. Stock certificates must be produced.

Honolulu, T. H., November 17, 1909.
A. W. T. BOTTOMLEY,
Trustees of Metropolitan Meat Company, Limited.

RESOLUTION 210.

Honolulu, T. H., Nov. 16, 1909.
RESOLVED, by the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, that the sum of FIFTEEN HUNDRED DOLLARS (\$1500.00) be and the same is hereby appropriated from the Road Tax Special Deposit against the district of Ewa and Waianae for the purchase of Mules and Harness.
Presented by Supervisor J. C. QUINN.

The foregoing Resolution was, at a Regular Meeting of the Board of Supervisors of the City and County of Honolulu, held on Tuesday, November 16, 1909, ordered pass to prime on the following vote of the said Board:

Ayes: Ahia, Aynett, Cox, Kane, Logan, McCallan, Quinn. Total, 7.
Noes: None.

D. KALAUOKALANI, JR.,
Clerk, City and County of Honolulu.
5th—Nov. 17, 18, 19, 20, 22.

THANKSGIVING PROCLAMATION.

The President of the United States having designated Thursday, the 25th day of November, 1909, as a day of thanksgiving and prayer, I recommend that the people of this Territory observe the day appropriately. Let them manifest their gratitude for countless blessings by assembling at their places of worship or in their homes for praise, thanksgiving and prayer, holding family reunions, entertaining strangers, ceasing from labor as far as practicable, and bestowing charity.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the Territory to be affixed.

Done at the Capitol in Honolulu this 17th day of November, A. D. 1909.
BY THE GOVERNOR

(SEAL) W. F. FREAR,
Secretary of Hawaii.

HALEIWA GOLF.

There is to be golf galore at Haleiwa on Thanksgiving day and unusual preparations are being made for the dinner to be served that day. It is said a number of owners of automobiles will motor out to the hotel and come in during the evening in the moonlight, for the moon will be doing business that night. The drive to Haleiwa is becoming more popular every day and the hotel is visited by tourists who pronounce it one of the leading attractions of the island. Guests will find the boating and fishing attractive pastime and the drives around the surrounding country are particularly inviting.

SPORTS

THE HEALANI BOAT CLUB'S ANNUAL

The annual meeting of the Healani Yacht & Boat Club for the election of officers will be held at the boat house at 7:30 this evening.

This affair has been kept quiet but it will probably be a warm one. For a long time it has been felt that the club required a hustling up, and the live ones in it are determined to carry out just such a program. Last night a caucus was held in a downtown office at which the whole ground was gone over, and before the meeting opens tonight the plans of the "boomers" will be pretty well cut and dried.

It is the intention of the live ones to bring new blood to the front and to set things moving all along the line.

FORTUNES SPENT FOR BALL TALENT

NEW YORK, Nov. 8.—The National and American Leagues have purchased \$363,000 worth of talent from the smaller leagues for next season, according to the records of the National Commission. The American League clubs have spent more money for new material than the National clubs. Charles M. Miskiey, owner of the Chicago American League Club, has spent more than any other club, his purchases amounting to \$55,650.

Blackburn, the Providence shortstop, cost Miskiey \$8,000, he being the highest priced captured from the minors. The Washington club has spent only \$2,500 for fresh material. Garry Herrmann of Cincinnati has spent \$36,800 for talent.

BUICK'S SHOWING IN DESERT RACE

PHOENIX, Ariz., November 8.—The Buick car, driven by J. K. Nikrent, won the great 480-mile desert race from Los Angeles to Phoenix, which ended here today.

The Columbia, with Harold Stone driving, was second and the Studebaker, Bert Latham driver, third. The official time announced is: Buick, 19:13; Columbia, 23:35:20; Studebaker, 24:56:40. The Kisselcar arrived at 4:10, and its running time is given as 26:04:23. The Isotta had trouble at Quartzite, which prevented it from possibly winning second place. The car was repaired, however, and continued to within a mile and a quarter of the fair grounds, where the race ended, when its motor died and the car was towed in. Its running time was 22:36:06, including the towing.

The Elmore and Pennsylvania have not been heard from since they left Ehrenburg.

The time made by the Buick is remarkable, considering the condition of the roads. The time made in last year's race was 30:36, and while it was anticipated that this time would be cut down materially this year, no driver of any of the contestants was bold enough to prophesy before the race started that less than 23 hours would be made.

OFFERS \$80,000 FOR GREAT FIGHT

OGDEN, Nov. 8.—"Jimmie" Dunn, on behalf of a local syndicate, has sent telegrams to James J. Jeffries and Jack Johnson offering a purse of \$80,000 for the fight in this city during the National Wool Growers' Association and Live Stock Show to be held January 4, 5, 6, 7, and 8, 1940.

ST. YVES TAKES ANOTHER PRIZE

SPOKANE, November 8.—On wet grass, with a fine drizzle falling steadily throughout, Henri St. Yves winner of the New York Marathon Derby, defeated a field of four in a twenty-mile race here yesterday. His time was 1:54:32.25. He led for the first two miles, and from the twelfth mile to the finish. He had a lap and a half, or 500 yards, to spare over his nearest competitor, John Marsh, who took second place from John J. Hayes, the London Olympic winner. J. F. Fitzgerald, the Canadian five-mile star, led for ten miles in brilliant fashion, but weakened after two more miles of the terrific pace.

JEFF GET BLACK EYE FROM BERGER

NEW YORK, November 8.—Sam Berger and Jim Jeffries boxed together again today after a three months' layoff and Sam gave Jeff a black eye. Jeff and Sam appeared in their sketch at the Plaza Musical Hall, which includes a three-round bout. Jeff felt so frisky that he crowded Berger a little too hard and Sam thought it would be a bright plan to paste Jeff a good one and run. He did. His left glove landed with a thud under Jeff's right eye and a "mouse" immediately appeared on the scene. Berger retreated to the dressing-room and Jeff had to coax for twenty minutes before Berger summoned up enough courage to let the old grizzly of the ring enter.

At the conclusion of Jeffries' turn with Berger he made a short speech, saying:

"Johnson has been hounding me all over the country for a fight. When I told the American public that I intended to take up this matter I meant just what I said. I have no doubt that the championship will remain with the great white race."

Jeff romped back and forth behind the scenes as though he enjoyed it. He was pleased at the improvement in his breathing, the result of several operations to remove the foreign growth in his nose.

"It has worked wonders in my condition," went on Jeff. "I felt as strong as a bull and the lungs got a square deal. Berger seemed like a little baby in my arms today. I was wishing it was Johnson. Just a few more weeks, boys and I'll be prime. A little less about the waist and I will be all right."

Punahou will meet the College of Hawaii in the intercollegiate football series next Saturday afternoon.

A meeting of the Honolulu Yacht Club will be held at the residence of A. Lyle this evening.

TOWN FOOTBALL TEAM PRACTICE

There was a full turnout of the Town football team at Makiki late yesterday for practice. The signals were gone over and the men put in some hard work. After the practice general satisfaction was expressed with the showing of the team, and it is confidently predicted that the bunch will give a good account of themselves in the coming contest. The team will have another practice at the old baseball grounds in Makiki this afternoon. Team men are requested to arrive there as near after 5 o'clock as possible.

TRY TO MAKE DENVER DRY.
DENVER, November 8.—Denver preachers today began a campaign to make Denver dry and to put woman suffrage to the test. Eighty preachers met to discuss the formation of an organization which will conduct the campaign proceeding next spring's election. Another and larger meeting will be held this week. Preachers at the meeting today said the election would be made the final test of woman's power at the polls in Colorado.

Dr. N. B. Emerson's work "Unwritten Literature of Hawaii," on which he has been engaged for many years, has been published by the Smithsonian Institution, Washington.

DO IT NOW.

Now is the time to get rid of your rheumatism. You can do so by applying Chamberlain's Pain Balm. Nine cases out of ten are simply muscular rheumatism due to cold or chronic rheumatism, and yield to the vigorous application of this liniment. Try it. You are certain to be delighted with the quick relief which it affords. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

"PRATT THE LAND MAN"

Has the choicest selections of lands in the Territory to offer to those wise people who want to "get in on the ground floor" and invest before prices rise all along the line.

In a very short time, when you meet a friend, and commence to discuss land transactions (as you naturally will), you will be saying, "I could have bought that place in '09 for less than half that price but—" Don't be "asleep at the switch," but get a "move on" right now and buy one (or more) of the following properties:

1. Seaside properties, frontages to suit; the best investments in the Hawaiian Islands today.
2. Residence properties on the Makiki and Punahou foothills, the "Nob Hills" of Honolulu.
3. Some of the choicest properties on the Makiki Plains; house, lots, locations and prices to suit your taste and bank account.
4. Highest grade agricultural land on Oahu, Maui and other islands; size, location, prices and terms to suit.
5. Several leaseholds covering summer (and "its" always summer in Hawaii) homes and revenue-producing small farms, in the valleys near Honolulu.
6. Nuuanu Valley villa sites; and
7. Other properties too numerous to mention.

For detailed information, prices, etc., apply to

DRUNKENNESS AND CRIME LESS NOW ON KAUAI

(Continued from Page One.)

liquor. The residents of our County are the ones who will decide as to how far the traffic on Kauai shall go. We believe ourselves that strict prohibition of intoxicating liquors as a beverage, is the rule that will most benefit the country, having seen how well it works in places where it has been tried. But still we cannot close our eyes to the fact that the majority of the citizens of this County are not ready for such a step as yet, and under these circumstances we most heartily advocate the limitation of the bad effects of the traffic, so far as is possible, by placing it in the hands of a few honest, reliable dealers who will see to it that the law is not evaded and the business is conducted on legitimate lines.

Under the circumstances, we most assuredly favor the continuation of the law which is at present in force on the island, allowing liquor to be sold only in wholesale quantities (though we think that this might be very much improved by making it a genuine wholesale law). This County is fortunate in having such a law, even so far as it goes, and it has certainly made a great improvement over conditions as they were several years ago. And this makes all the more reason why the police should be more strict than ever about keeping watch of any illicit selling or other evasion of the law.

Under the present ordinance our residents are able to get liquor in any quantity, for home consumption, if they so desire. Therefore there is no possible excuse for the making or selling, illegally, of intoxicating beverages, and any infraction of the law should receive immediate and severe punishment.

Even the present law, however, might be improved very much, by making it a genuine wholesale law, as was the law in the 90s, under the Provisional Government when the right was given, under the licenses granted, to sell Ardent Spirits in quantities of not less than one gallon, and Wines, Ales and other liquors containing alcohol, in quantities of not less than one dozen bottles. This is a law that is what it purports to be, and is a contrast to the present excuse for a wholesale dispensing law, which gives the right to sell one small bottle on the premises, containing hardly more than enough for one good drink.

Another very necessary provision which the old law contains and which is absent from the present license issued, is the denial of the right, to a license, to carry on any other business than liquor selling upon the premises for which the license is granted. At present a saloon may be conducted in the same room where groceries and dry goods are sold, and this, especially in oriental stores, gives more encouragement to the licensee to evade the law as to Sunday selling to minors, and in other ways, than if nothing was sold on the premises besides liquor.

We could go back a decade in the provisions of our liquor law and have a law which would be much more to the County's best interest than the present ordinance.

PINCHOT CALLS FOR DECISION

Suggestion from Federation of Labor of General Strike if Gompers Be Imprisoned.

NEW YORKERS UNFAVORABLE.

Philanthropist Criticism is Dead. Prince Yamagata Presides in Council.

(Associated Press Morning Service.)

WASHINGTON, November 17.—Gifford Pinchot, chief of the United States forest service, is not content to let matters stand as they are between him and the Secretary of the Interior, R. A. Ballinger. It is reported around Washington that Mr. Pinchot has written the President demanding that he declare himself one way or the other.

GENERAL STRIKE SUGGESTED.

NEW YORK, November 17.—The imprisonment of Samuel Gompers, president of the American Federation of Labor, is to be the signal for a strike approaching almost to the limits of a labor revolution, if the proposal of the members of the central federation at Philadelphia is adopted. This body has made the suggestion that the closing of the prison door on Gompers be made the signal for a strike of all the members of the federation.

The New York leaders have taken the suggestion under advisement, the only expressions of opinion made upon it by them so far being those of disapproval.

RICH PHILANTHROPIST DEAD.

SAN FRANCISCO, November 17.—Charles N. Crittenton, the millionaire, who founded seventy-three rescue homes throughout the country, named the Florence Crittenton Homes, after his daughter, died here yesterday of pneumonia. He was seventy-six years old.

YAMAGATA SUCCEEDS ITO.

TOKIO, November 17.—Prince Yamagata was yesterday nominated by the Emperor as the president of the privy council, in succession to the late Prince Ito.

ASKES TO HILO

SAN FRANCISCO, November 9.—Funeral services over the body of Miss Mabel E. Wise, who died Friday last in the Roosevelt Hospital from the effects of swallowing a vial of bichloride of mercury during a fit of melancholia, were held in the Ladies Parlor of the First Presbyterian Church in Berkeley yesterday afternoon. There was special music by the choir, followed by prayer by the Rev. Lapsley A. McAfee. The body was later cremated and the ashes will be taken to Hilo, 25 cents. Never sold in bulk.

AT THE THEATERS

A fine colored film entitled "Poor Little Kiddies" will be put on as a feature at the Park theater this evening. This will be followed by a sketch entitled "A Good Birthday Present." In addition to these there will be enough of comedy to make the program set well. The Big Four Quartet terminated their engagement last night and for the remainder of the week the little Melnoette sisters will be the stars in the musical line.

ALOHA PARK
The big double program at Aloha park continues to draw the crowd. It is a big show for little money.

THE WAYERLEY DANCE.
There may be pleasant ways of spending the break in the motion picture show programs but they have not been made public. There is generally a tiresome wait during the evening and it may as well be spent dancing in the Wayerley Club as elsewhere. The music is decidedly the best in the city and the arrangements of the dances most satisfactory. There is always someone in the hall willing to dance with a stranger and a thorough home-like feeling prevails among the patrons of the place.

BAND AT PEOPLE'S PARK.

The program arranged by Captain Beeger for the Aala Park band concert this evening will be:
March—The Yankee Navy.....Souza
Fantasia—Mountain Dreams..Labitzky
Intermezzo—Kisses.....Hubbell
Selection—Bohemian Girl.....Balfie
Vocal—Hawaiian Songs..ar, by Berger
Selection—Glowworm.....Linke
Waltz—Return of Spring...Waldteufel
Finale—Popular Airs.....Berger
Star Spangled Banner.

Hawaiian Islands, where the father of the dead girl is a prosperous attorney.

Miss Wise had been an invalid for some years suffering from melancholia and suicidal mania. According to Dr. Frank R. Woolsey, who attended her, she had made previous efforts to kill herself in the past four years.

Miss Wise came to Berkeley from the Hawaiian Islands in July in the hope of benefiting her health.

After taking the poison she refused to swallow antidotes and seemed determined to die, although two weeks elapsed before the effects of the drug got beyond the control of the doctors. Miss Wise was 22 years old.

NEURALGIA

Is an affliction of the nerves, and therefore yields readily to the soothing influence of Dr. Miles' Anti-Pain Pills. They are absolutely harmless and drive out the pain by relieving the irritated condition of the nerves. Guaranteed to benefit or money refunded. 25 doses 25 cents. Never sold in bulk.

CROUP QUICKLY CURED.

A few doses of Chamberlain's Cough Remedy brings surprising results when a child shows symptom of croup. There is no cause for alarm when this medicine is in the house, as it rarely takes more than three or four doses to bring about a complete cure. It has never failed even in the most severe and dangerous cases. For sale by all dealers. Benson Smith & Co., agents for Hawaii.

WE HAVE for sale a fine home in the Punahou District. House has seven rooms (three bedrooms) and is in the finest kind of condition. Large lot 100x150 ft. Terms or cash. WE also have other properties in the best residence districts of Honolulu.
Come in and let us show you.

NEWS IN A NUTSHELL

Paragraphs That Give Condensed News of the Day.

Miss Lottie L. Tillotson recently delivered a lecture on Hawaii at Wollaston, Massachusetts.

A case of Mrs. Kearns' Gold Medal preserves makes a fine Christmas gift. Order early.

Resolution No. 210 of the Board of Supervisors is published in this issue. One of Governor Frear's last acts before leaving was to issue a Thanksgiving Day proclamation for the Territory.

Large, cool dining room, free from dust and the noise of the main street corners—that is Nolite's.

Sentence of a Japanese offender has been deferred in the Federal court on account of his being afflicted with tuberculosis.

Notices have been sent out for the opening of the winter campaign of the Men's League by a dinner at the parish house of Central Union Church on Monday evening.

Nolite's is the one place in Honolulu where a business man may obtain a standard meal at a moderate price without losing a lot of valuable time in the bargain.

The regular quarterly meeting of the members of the Merchants' Association of Honolulu will be held Friday, November 19, 1909, at four o'clock, p. m. Important business.

Meats, vegetables, dairy specialties, etc., served at Nolite's are home products. Only the best sent to the table.

The democrats of the first precinct of the fourth district held a meeting Monday night at the home of Solomon Meheula in Palolo Valley. Mayor Fern was present and the general needs of Palolo Valley were set before him.

A number of the boys of the Kamehameha Schools have been expelled because they objected to the food served last Saturday. They refused to eat it and raised such a fuss that they were asked to withdraw from the scene. They are now at home spreading bad reports about the school.

Mrs. A. D. Larnach was thrown out of her carriage at Fort and Queen streets yesterday and stunned by the fall, having hit her head on the pavement. The accident was caused by the horse's slipping and falling upon the freshly oiled roadway.

The Royal Hawaiian Garage, George S. Wells, manager, is noted for the excellence of its gears and all other parts of automobiles made in its shop. This shop, by the way, is the most up-to-date and complete in Honolulu. There is also connected with this garage the finest cars—Locomobiles and Ramblers—to be had for hire, all of them new and stylish.

G. J. Waller and James L. McLean, jury commissioners of the First Circuit, have filed their lists from which grand and trial jurors will be drawn for next year. The lists include a much larger proportion of the business element than those of many years past. There is also a marked elimination of native Hawaiians, those appearing being of the best educated and most prominent in private and political affairs.

The Christmas lines of fans and leather goods on display at Ehlers suggest many things to send to mainland friends as Christmas remembrance.

Bishop Trust Company handle real estate and rentals. You should see them first.

The best financial possession for the young couple is a savings account in a sound and conservatively managed bank. With one dollar you can open such an account at the Bank of Hawaii, Ltd., where interest will be paid you at four and one-half per cent.

The wear and tear on ones clothes when washed and ironed by machinery is very great. All the work at the French Laundry, 253 Beretania St., is done by hand and one trial will convince you of the great saving.

Sachs Dry Goods Co. will hold a remarkable sale Friday and Saturday of ladies' white linen suits. The prices will be cut to one-third of the regular prices. To get some idea of the amazing reductions see ad in this issue.

The governor's Thanksgiving Proclamation is published in this issue.

MAN CRUSHED BY A HEAVY CASTING

Alex. Morrison, a moulder in the shop of Catton, Neill Company, South street, met with an accident this morning from the effects of which he will die.

He was engaged with others in moving a heavy casting when the gearing accidentally gave way and the piece rolled on the moulder. His head was badly mangled and he sustained bodily injuries, either of which are sufficient to cause death in time.

The injured man was removed to the Queen's Hospital where he is receiving every possible attention.

Morrison is a kamaaina in Honolulu, having lived here from boyhood. He is about 38 years of age and has no family.

TODAY'S SESSION
(Continued from Page One.)

and the Entomological, each Division having its own director. The separate directorships have now been done away with and one general director has been appointed.

With the termination of the office of director of pathology has come the necessity of dispensing with the valuable services of Mr. L. Lewton-Brain. During the period of this gentleman's engagement he has shown himself to be a pathologist of great attainments and his services to the association have been of much value and very highly appreciated.

There have been no other changes of moment in the staff, which is re-arranged is constituted as follows:

C. F. Eckart, General Director; R. C. L. Perkins, Entomologist; A. Koebele, Consulting Entomologist; G. W. Kirkaldy, F. W. Terry, O. H. Swezey, Assistant Entomologists; Noel Deerr, Sugar Technologist; S. S. Peck, Chemist; R. S. Norris, F. R. Worthmueller, A. E. Jordan, Assistant Chemists; H. L. Lyon, Pathologist; L. D. Larsen, Assistant Pathologist; E. G. Clark, Agriculturist; D. B. Broderick, Field Foreman; J. H. Wale, Sub-Station Assistant; W. R. R. Porter, Illustrator; J. F. Melanphy, Fertilizer Sampler; G. H. Tuttle, Cashier; A. Warren, Clerk.

In the agricultural and chemical and Technological divisions there has been some excellent work done in fertilization experiments, raising of new cane varieties, wax extraction from bagasse, investigation into sugar manufacturing methods, etc.

In the Pathological Division much attention has been given to the cause of decay of forests, especially on Maui, while the study of fungoid disease of cane is continued.

The Entomological Division has followed up its good work in studying the insect pests of cane and their enemies and in this connection special mention must be made of the work of Mr. F. Muir in Borneo, Celebes, New Guinea and other equatorial islands in search of an enemy for our cane borer. Mr. Muir has most cheerfully faced the risks to health which his work in these countries involved and has been rewarded by the discovery of a natural enemy of the borer. Most unfortunately an attack of fever rendered it impossible for him to travel by the steamer which brought his discovered insects to Honolulu and they, not having received the care he would have given them and died before their arrival. Mr. Muir will, however, try again, and it is hoped his coming efforts will be crowned with success.

The need of a Magazine for the exclusive use of our planting community has been filled by the publication by the Experiment Station Staff of "The Record," the first number of which appeared in July. This Magazine is for local circulation only and it is hoped that plantation managers, chemists, engineers and all those closely identified with the sugar industry will avail themselves of it to ventilate any theories they have or give publicity to the results of any practical experiments they may have made. The editorial staff will supply articles on the results of its investigations as well as those made in other countries.

"The Planters' Monthly" is no longer published under the auspices of the Hawaiian Sugar Planters' Association, but has been taken over by the Gazette Company and is being edited by Mr. L. A. Thurston to whom permission is given to use certain selected articles from the Record at his discretion.

The re-arrangement of the administration of the Experiment Station would seem to render unnecessary an Experiment Station committee of so large a number as six—2 for each Division and a chairman. It is thought that an Experiment Station Committee consisting of say three members of the Association to periodically consult with the General Director and settle all matters not needing the action of the trustees, would be sufficient and meet all the requirements of the case.

F. M. SWANZY,
Chairman.

Mr. C. F. Eckart, station chemist, read his report on agriculture and chemistry of the experiment station. The question of whether the different reports from the station should be taken up and discussed separately or

DECISION SENDING GOMPERS TO JAIL FOR TERM OF YEAR

FUNDAMENTAL ISSUE INVOLVED.

"Individual interests dwindle into insignificance when compared with the higher principle involved in this cause. The fundamental issue is whether the constitutional agencies of government shall be obeyed or defied. The mere fact that the defendants are the officers of organized labor in America lends importance to the cause and adds to the gravity of the situation, but it should not be permitted to influence the result. If an organization of citizens, however large, may disobey the mandates of the courts, the same reasoning would render them subject to individual defiance. The one has no greater rights in the eyes of the law than the other. Both are subject to the law, and neither is above it.

"The inherent power of the court to preserve an orderly administration of its affairs and to enforce its decrees and decrees has always been recognized. In many instances, as in the case at bar, punishment for contempt is the only means by which the court can enforce its lawful decrees. With a proper exercise of this power the purpose of its creation and organization is made effective; without it it would become an impotent and a useless adjunct of government. If a citizen, though he may honestly believe that his rights have been invaded, may elect when and to what extent he will obey the mandates of the court and the requirements of the law as interpreted by the court, instead of pursuing the orderly course of appeal, not only the courts, but government itself would become powerless and society would soon be reduced to a state of anarchy.

"The judgment is affirmed with costs, and it is so ordered."

Writing the opinion of the court in the Gompers-Mitchell-Morrison case, after reciting the charges made against the labor leaders Justice Van Orsdel says: "It was found by the court below to be a fact, not only that these statements were made as charged, but that they were made with the intent of inciting the membership of the American Federation of Labor and their friends to continue the boycott against the business of the Bucks Stove and Range Company in defiance of the decree of the court. The defendants having been found guilty of the offenses above charged, in the absence of the evidence from the record, the sole question left for us to consider is whether, under the circumstances, they constitute contempt of court.

"It must be remembered that the injunction affected, directly and indirectly, several millions of the people of the United States. The decree did not run alone against these defendants, but against about 2,000,000 members of the American Federation of Labor throughout the country. Hence it is proper to consider the effect of the acts of the defendants upon this membership and the persons who had formerly been prevented by the boycott from patronizing the complainant. While these acts, if they had affected only the conduct of the defendants, or if the injunction had been against them alone, might not have amounted to more than a comment or criticism of the action of the court, yet if the remarks, when published and uttered, were such as to tend to inflame their followers into a feeling of resentment to the decree of the court and lead to disobedience of its commands, the defendants would be chargeable with contempt for producing this result. Contempt may be committed by innuendo and insinuation. It may consist in maliciously saying or doing anything that will have a tendency to induce others to disregard the authority of the court.

"While the publications and utterances before us may not, when literally interpreted, constitute a technical contempt, yet if the manifest intent of the defendants was not only to disobey the order of the court themselves, but also to inspire their followers to do likewise, it may be regarded as a punishable contempt. We think it is this sort of an offense of which the defendants are here guilty.

"The boycott waged by the American Federation of Labor against the business of complainant had become so acute and extensive that the terms 'boycott,' 'unfair' and 'we don't patronize,' when used in connection with complainant's name, had acquired such a significance to organization and its friends that the mere printing or uttering of the name in that connection was a signal to the membership and their friends not to deal with the complainant or persons having business relations with it. As Mr. Justice Robb said in the opinion of this court in the former case (33 App. D. C., 84), referring to the 'unfair' or 'we don't patronize' list 'The court below found, and in this finding we concur, that this list in this case constitutes a talismanic symbol indicating to the membership of the federation that a boycott is on and should be observed.' The mere mention of complainant's name by these leaders in the columns of the Federationist, or on the public platform, in connection with the expressions 'boycott,' 'unfair' or 'we don't patronize,' might tend to influence many to disregard the decree of the court, and thus become as effective notice to their followers as it had formerly been when published in the 'unfair' or 'we don't patronize' list. We are convinced that the acts charged, were committed by the defendants for the express purpose of nullifying the order of the court, in the belief that they were technically avoiding the charge of contempt. The acts of these defendants, taken as a whole, can produce in the mind of any reasonable person but one impression, a concerted, well planned effort to encourage the membership of the American Federation of Labor and their friends to disregard and disobey the orders of the court, and to create among their followers and their sympathizers a lack of respect for the authority and dignity of the court.

"In paragraph 18 of the petition the defendant John Mitchell is charged with presiding over and taking part in the deliberations of a convention of the Union Mine Workers of America the 25th of January, 1908, at which a resolution was adopted placing the product of the complainant on the 'unfair' list and fining any member of the organization \$5 for purchasing a stove manufactured by complainant; providing that for non-payment of the fine expulsion from the order should be imposed as a penalty. The defendant in his answer admits that he was present and presided over the convention, but disclaims any knowledge of either the consideration or passage of the resolution until his attention was called to it by the filing of the petition herein. Upon this important issue of fact, owing to the absence of the evidence from the record, we must accept the conclusion of the trial justice as to the truth of these charges and the guilt of the defendant.

"The adoption of this resolution could accomplish but one end—the perpetuation and continuation of the boycott. A labor organization can conduct an unlawful boycott as effectually by compelling its own

ADMINISTRATOR'S NOTICE TO CREDITORS.

The undersigned hereby gives notice to all persons having claims against the Estate of Makaiwi Pala, late of Puhiwa, Honolulu, Oahu, deceased, to present their claims to the undersigned at said Puhiwa, or to Henry Smith, in his office, Judiciary building, Honolulu, within six months from date, or they will be forever barred. All persons indebted to said estate will please make immediate settlement with the undersigned.

Honolulu, November 1, 1909.
JOHN MAKAIWI PALA,
Administrator Estate Makaiwi Pala, Deceased.

HIGH SHERIFF'S SALE NOTICE.

Under and by virtue of a certain writ of Execution issued by Hon. Alfred S. Hartwell, Chief Justice of the Supreme Court at Honolulu, Territory of Hawaii, on the 5th day of October, A. D. 1909, in the matter of M. Tanaka, Plaintiff, vs. M. K. Akio, Defendant, for the sum of Eighty-nine and 20/100 (\$89.20) Dollars, I did, in Hilo, County of Hawaii, Territory of Hawaii, on the 26th day of October, A. D. 1909, levy upon and shall offer and expose for sale and sell at public auction, to the highest bidder, at the City Auction Rooms, Merchant street, Honolulu, City and County of Honolulu, Territory of Hawaii, at 12 o'clock noon of Saturday, the 27th day of November, A. D. 1909, all the right, title and interest of the said M. K. Akio in and to the following described property, unless the sum due under said respective writ of Execution together with interest, costs and my fee and expenses are previously paid.

PROPERTY TO BE SOLD.

All the right, title and interest in the undivided half interest of said Mele Kalewe Akio alias M. K. Akio, Defendant, in that certain piece or parcel of land situate at Kahua, Hilo, Island of Hawaii, and more particularly described as Apana 1 in Grant Number 816 to Kale, containing an area of 13.75 acres, except a portion of said premises conveyed by said Mele Akio alias M. K. Akio and her husband to Toshio Kuritani by deed dated February 8th, 1909, and recorded in Liber 311, page 374.

Terms Cash.
Dated at Hilo, County of Hawaii, this 26th day of October, A. D. 1909.
WM. HENRY,
High Sheriff, Territory of Hawaii.

NOTICE OF SALE OF GENERAL LEASES OF AGRICULTURAL LANDS, AT NORTH KOHALA, HAWAII.

At 12 o'clock noon, Monday, Dec. 13, 1909, at the front entrance to the Capitol, Honolulu, there will be sold at public auction under provisions of Part V. Land Act 185, Section 278-285 inclusive, Revised Laws of Hawaii, General Leases of the following described lands:—

- (1) Land of Kahel (mauka), containing an area of 248 acres, more or less, being classed as agricultural land. Upset rental \$744.00 per annum. Payable semi-annually in advance. Term of lease 15 years from December 13th, 1909.
- (2) Land of Kahel (makai), containing an area of 86 acres, more or less, being classed as agricultural land.

members to refrain from dealing with the party boycotted as by coercing others into similar action. The willful participation of the defendant being established, the act charged constituted a separate and complete offense, committed in open and brazen disobedience of the express commands of the court.

Continuing, Justice Van Orsdel says:

"With great eloquence, counsel urged at bar the high character of the defendants and the distinguished position which they have attained among their fellow-men as matters to be considered by us in reviewing the judgment of the court below. Such an argument might with propriety be addressed to the pardoning power, but the court should not be biased by such considerations.

"We have a deep sense of the far-reaching importance of this case. Three distinguished citizens, leaders in a great cause for the improvement and uplift of their fellow-men, with a larger following, probably than was ever marshaled under single leadership in any philanthropic movement, are at the bar of justice to answer the charge of disobedience of an order of a court of the United States. We are not unmindful of the high position which the defendants have attained, but their intelligence forbids any inference or conclusion that the acts charged were committed by them in ignorance of their duty to the courts of

Upset rental \$268.00 per annum. Payable semi-annually in advance. Term of lease 15 years from December 13th, 1909.

(3) Land of Hualua, containing an area of 274 acres, more or less, being classed as agricultural land. Upset rental \$685.00 per annum. Payable semi-annually in advance. Term of lease 15 years from December 13th, 1909.

(4) The mauka portion of the land of Hukia-Opihi, containing an area of 216 acres, more or less, being

classed as agricultural land. Upset rental \$432.00 per annum. Payable semi-annually in advance. Term of lease 15 years from December 13th, 1909.

(5) Makai portion of the land of Hukia-Opihi, containing an area of 692 acres, more or less, being classed as pastoral land. Upset rental \$504.00 per annum. Payable semi-annually in advance. Term of lease 15 years from December 13th, 1909.

Object Lessons

ARTISTIC PRINTING is our occupation. If you are preparing a catalogue or booklet, circular or announcement, or any other matter designed to make your business increase, our services will be of value to you. The utmost care is taken that all leaflets, folders, booklets, catalogues, etc., executed by us, may be an eloquent and truthful Object Lesson in the art of type arrangement. : : : : : : :

THE HAWAIIAN STAR
NEWSPAPER ASSOCIATION, LTD.

their country; hence that excuse cannot be advanced with convincing force.

"The courts are the agencies appointed by the Constitution for dispensing justice and for the orderly adjudication of controversies arising from conflicting interests. There all must stand upon exact equality. The law knows no distinction. The rich and the poor, the intelligent and the ignorant, irrespective of race or color, are entitled to equal protection, and the scales of justice should be balanced without favor or prejudice. Government, in its most liberal form, is harsh; law is restrictive; but organized government must exist for the preservation of society. Hence, whether just or unjust, correct or incorrect, the mandates of its appointed agencies cannot be subjected to individual disrespect and disobedience. The sole question before us is the guilt or innocence of the defendants. The high distinction which they have attained, the fairness or unfairness of the Bucks Stove and Range Company and the larger organization to which it belongs, the National Manufacturers' Association, are not matters to be here considered. Neither are we, as a court of review, permitted to modify or extenuate the extreme penalty imposed. These matters, as we have suggested, may be presented properly to the officer vested with authority to commute or pardon."

Two Great Press Associations Cable News to "The Star"

The Star, Retaining Membership In The Associated Press, Greatest Newsgathering Organization In The World, Has Also Joined The United Press, Its Great American Rival. ✻ The Star Now Gets Cable Service Every Day From Both ✻ ✻ ✻ ✻

Uptonow Honolulu's newspapers have been served almost exclusively by the Associated Press. ✻ Splendid as that service has been, and still is, we believe that a supplemental and independent report from its rival association will be of great value. ✻ In harmony with the progress Honolulu is making as a community, The Star has improved its telegraph service by adding the service of the United Press Associations. ✻ In the reporting of great events, it will at times be of the deepest interest to compare the two reports of these great newsgathering organizations.

Can't be Beat

THERE can be none better than the BEST. The best printing is STAR printing. Don't think for a minute that your stationery is good enough. Keep abreast of the times and have THE BEST. . . . The STAR has up-to-date type, up-to-date presses, and up-to-date workmen, who design and construct MODERN PRINTING.

Make Denatured Alcohol for 8c a Gallon

The navies of the world have adopted tax-free commercial alcohol for smokeless motive power for ships. It saves boiler room, coal room, handling of fuel and is a little cheaper than steam power. Just think! 80 per cent. of water is the principal part converted into alcohol by chemical action in contact with fermented vegetable waste matter and oxidized saw-dust, wood syrup and lime or any carbohydrate. Combining with 94 per cent. oxygen or atmospheric air when used for motive power, heat or other light purposes. The real denatured alcohol opens an absolutely new market for the use of saw mill waste, pulp, paper and chemical fibre mill waste product, and for millions of tons of farm products that even the world's greatest monopoly cannot touch. Our denaturizing distilling apparatus is constructed of steel plate galvanized and the highest grade seamless copper tubing, tested to 300 pounds pressure. Its conductivity makes possible the instantaneous hot steam alcohol distilling. A very simple but serviceable still and doubler, that will produce tax-free denatured alcohol daily for 8 cents a gallon. That what is the most difficult to secure is that which we prize the most. No government supervisory, no speculative futures, the market demands the product. The motor boats, the automobiles and the navies of the world use it. Unquestionable references. We are ready to negotiate with responsible individuals on very liberal terms.

This wood waste alcohol distilling apparatus is of untold benefit to farmers, lumbermen, varnish makers, paint manufacturers, soap makers, paper pulp and chemical fibre mills, etc., for the utilization of wood waste by distillation, which puts real denatured alcohol beyond competition with gasoline or kerosene.

Address today:
The Wood Waste Distilleries Co., Inc., Cleveland, Ohio, U. S. A., desires to establish western and far eastern agencies, they have a very flattering proposition to offer.

PROMOTION COMMITTEE

The regular weekly meeting of the Promotion Committee will be held at 3:30 tomorrow afternoon. Nothing of great importance is now in sight, although a large amount of routine will have to be adjusted.

THE CLEVELAND PARTY.

A meeting was held at Central Union church night before last to plan for the entertainment of Dr. Clark, head of the Christian Endeavor Society, and party of about fifty officers of the Y. P. S. C. E., due to arrive here by the steamer Cleveland on January 23. The local Christian Endeavorers and Dr. Clark are trying to arrange an international convention of the society at Honolulu for 1913, and that is where the Promotion Committee comes in. The committee will do all in its power to bring the proposed convention to Honolulu.

PAPERS FILED.

Goo Wan Hay, tenement, Liliha street. Won Loui & Co., plumber.
Sam Parker, residence, 1144 King St. E. W. Quinn, plumber.
R. E. Bond, two story dwelling, Manoa. Chee Hoon Kee, plumber.

Be Not Deceived

There is only one cleanable Refrigerator and therefore GERM PROOF, and that is the Gurney Refrigerator handled by us:

No other make has ever stood the test and by means of the removable ice chamber as well as removable shelves, drain pipes, traps, etc., we have solved the problem.

Assail us where you will you cannot help but admit our claim. All other makes fail when it comes to keeping the ice chamber pure, sweet, clean and germ proof, but

THE GURNEY

Listen to idle talk and arguments put forth in favor of cleanable provision compartment. All refrigerators have this feature. You cannot deny that unless ALL COMPARTMENTS can be kept absolutely pure and wholesome that a refrigerator is germ-proof. Go from the provision chamber to the receptacle for the ice and it is here where all other makes fail. There's the weakness that cannot be overcome by them.

The Gurney with its removal Ice Chamber feature has supplied the great want and therefore.

Is the Only Cleanable

Come in and bring forth your arguments and if we fail to convince you we are ready to take your decision. A full line always on hand. They are used in almost every household. Do you possess one? If not why not, it costs no more than other makes.
