SHINGLE TO WASHINGTON IN A HURRY

Off on Steamer Korea to Take Up Federal Building Site with Treasury Officials

FOR MAHUKA FIRST, THEN SPRECKELS SITE

Will Learn Attitude of Department and Congress and Refer Facts for Decision

Rushing to Washington to take up with the treasury department officials and others at the capital the matter of Honolulu's federal building site, Robert W. Shingle, president of the Henry Waterhouse Trust Company, left for the mainland on the Korea this morning. He is accompanied by Mrs. Shingle and they expect to reach the capital within 12 or 13 days.

Mr. Shingle goes to urge upon administration officials the necessity for speedy action to give Honolulu the long-needed and long-discussed federal building.

He will advocate first the Mahuka site and if he finds that there is no chance for this site he will then advocate the Spreckels site. He goes to Washington with the Spreckels site "in his pocket," so to speak, in such a form that it amounts practically to an option. The figure, it may be stated on good authority, is far below what the Mahuka site will cost.

What Mr. Shingle learns in Washington, the attitude of the department officials and Congress, and the probabilities and possibilities, will be placed before the community, interested parties and the commercial bodies.

Shingle was booked for the Ventura, leaving here next Friday, but by speeding up his arrangements was able to take the Korea. News of his mission became public yesterday afternoon and furnished the theme for much discussion. Before sailing this morning, he confirmed the report that he is going on Mahuka site business. To Meet Spreckels.

In San Francisco he will meet Rudolph Spreckels, an appointment having been made by cable, and talk over matters with him. He does not expect to stay in the coast city more than two days. Negotiations with the Spreckels interests have been under way for some time and it is not expected that there will be much more discussion needed to close up the Spreckels site proposition in such form that it can be presented to Washington as a concrete program in case the Mahuka site proves unavailable.

At the Waterhouse Trust Company this morning the matter was discussed frankly. F. E. Steere, head of the real estate department and who has been prominent in the various negotiations, said that the entire community is interested and will know just what Mr. Shingle is able to accomplish.

"We believe we should stick by the Mahuka site, we have always been for it and are still," he said. "At the same time, with the recent developments, and in view of the attitude taken toward the condemnation awards, there is a prospect of delay

BEST TARGET RECORD FOR COAST ARTILLERY MADE AT KAMEHAMEHA

Of the 170 companies of coast artillery in the United States army, the 68th and 143rd, stationed at Fort Kamehameha, have been found the most proficient in the target practice of 1913, and to them has been awarded the Knox coast artillery trophy, given each year to the companies manning the battery that makes the best record. The 68th company is commanded by Capt. G. A. Taylor, and the 143rd at the time of firing by Capt. H. J. Hatch. Major Frank Cox was fire commander when the record was made.

The splendid work done by Battery Hasbrouck, the battery of quick-loading mortars at the Pearl Harbor artillery post, was the subject of much local commendation at the time, and it was thought that the battery had a good chance of being first when the percentages were computed. The other coast defense guns and mortars of Oahu also did well, according to the official figures. Battery Hasbrouck's record was 10 hits out of a possible 20 for the first practice, and 14 out of 20 for the second, at about 10,000 yards range.

The Knox trophy is the gift of the society of the Sons of the Revolution in Massachusetts. It consists of two shields, mounted on a frame 2 feet 11 inches by 2 feet 3 inches, the whole weighing 25 pounds. One medallion is a relief portrait of Henry Knox, father of American artillery, and the other depicts Ticonderoga.

MARSHALL TRIAL TO BE FINISHED WITHIN WEEK

Madam Puahi and Hula Girls Give Testimony Regarding Fatal Shooting

DETAILS OF AFFAIR RECITED FOR JURY

Thompson Objects to Questions—Claims Effort at Impeachment

The murder trial of John William Marshall, held for the fatal shooting of Charles R. Guertler at Madam Puahi's hula house August 10 last, may be finished this week. The taking of testimony progressed rapidly today and it is now thought that at the present rate the case may be concluded in three or four days more.

pled the witness stand today in Circuit Judge Robinson's court, the mistress holding the stand for more than an hour on cross and redirect examination, and the girls giving their entire testimony in the remaining time to 12:30 o'clock, when court adjourned for the day.

Questions piled by City and County Attorney Cathcart, representing the prosecution, to Madam Puahi and Mary Lai, one of the hula girls, were

FRIEDMANN NOT A HUMBUG, INSISTS DR. J. SAUTNER

Prominent Biologist and Scientist Visiting Honolulu Upholds German Physician

"The Doctor Friedmann serum treatment for tuberculosis is not all a humbug. I believe it has the elements of a very great and important discovery, but it was announced too prematurely—it has not yet been fully worked out."

This statement was made this morning by Dr. J. Sautner, a biologist of some prominence in the scientific world, who is connected with the Pasteur Institute of Paris, and who is a stopover passenger in Honolulu en route to Japan. Doctor Sautner comes direct from the Rockefeller Institute, New York, where for 14 months past he has been engaged in biological work, and it was while in New York that he came in touch with the German scientist and worked for some time in close association with him. He is strongly inclined to believe that something of much value will yet come from Doctor Friedmann's discovery.

Dr. Sautner arrived yesterday by the Sonoma, and stopped off to get a glimpse of the islands pending the arrival of the Shinyo Maru on the 27th. He is en route to join the Pasteur Institute sub-station at Nikko, Japan, where he will spend about six months and then return to France. He is a specialist in the diseases, cholera, typhus and syphilis.

Dr. Sautner was a fellow passenger from San Francisco of Miss Fay Milburn of Washington, who yesterday afternoon became the bride of Lieut. Roland L. Gaugler, of the 4th Cavalry, stationed at Schofield Barracks, and acted as best man at the ceremony.

CARNIVAL WILL BREAK EVEN ON 1914 EXPENSES

No Assessment To Be Made on Stock, According to Statement of Treas. Lowrey

ACCOUNTS ALMOST ALL CHECKED—MANY PAID

Small Surplus Expected After All Expenses of 1914 Event Are Cleared

No assessment of the stock of the Mid-Pacific Carnival will be necessary to meet the expenses of the last Carnival. According to statements made this morning by Treasurer S. M. Lowrey, the company will just about break even when the last of the bills are paid. There will be but little surplus, if any, but it is pretty certain now that there will not be a deficit.

"The accounts against the Carnival," said Mr. Lowrey, "have been very carefully gone over—and there were a lot of them—and most have already been paid. There are still a few that need further investigation, and a number that cannot be paid until approved by Director-general Dougherty, who is now on the Coast, and will not be back until the latter part of the month."

"We still have to collect from several of the other islands for the outlay in connection with their prizes, and it has only just been possible to get the bills in shape to present. But we are in position to see daylight ahead now, and I do not think it will be necessary to call for further assessment this year."

The annual meeting of the shareholders of the Carnival company is held in April, and the meeting will be called as early in the month as it is possible to complete the financial statement.

The second trial of "Bert" Bower on a statutory charge will begin Wednesday. The federal district court will meet tomorrow morning at 9 o'clock to order a special venire, returnable Wednesday morning. The attorneys in the case state that they are ready to go to trial Wednesday.

ASSOCIATED CHARITIES ADOPTS NEW CHARTER AND BY-LAWS AND WILL BE INCORPORATED—CAPITAL \$500,000

Following are the objects of the Associated Charities of Hawaii as outlined in the new charter of the organization:

1. To secure concurrent and harmonious action of the different charitable and benevolent societies of Hawaii.
2. To prevent children from growing up as paupers.
3. To encourage thrift, self-dependence and industry through friendly intercourse, advice and sympathy, and to help the poor to help themselves.
4. To raise the needy above the need of relief, and to prevent begging.
5. To provide that the case of every application for relief shall be thoroughly investigated.
6. To place the results of each investigation at the disposal of charitable societies, and agencies locally organized.
7. To provide employment.
8. To ascertain causes and remedies for conditions calling for assistance or relief.
9. To suggest legislation.
10. To stimulate charitable activities.

A new charter and by-laws, the former setting forth the foregoing objects, were accepted yesterday afternoon at a meeting of the members of the Associated Charities. As a result, the organization will become a corporation with a capital not to exceed \$500,000, and when its project is completed, will be known as the Associated Charities of Hawaii.

The action of the members of the charities in voting to incorporate is, perhaps, a direct outgrowth of the business of the last annual meeting, at which time a resolution was introduced and accepted providing for an extensive enlargement of the policy of the Associated Charities. At a recent meeting of the members of the organization the matter of a new charter and by-laws was taken up, and, after some discussion, was referred to the directors for their consideration. The directors, in turn, referred the matter to the executive committee.

The executive committee appointed a committee to draft a charter and by-laws consisting of Sanford B. Dole, chairman; Mrs. F. W. Macfarlane and Bishop H. B. Restarick. A. Lewis, president, and W. S. Bowen, manager,

SITE SELECTED FOR HAWAII FAIR BUILDING—WOOD

Cablegram from Chairman Says Structural Arrangements Also Made

NEWS FROM H. P. WOOD WELL RECEIVED HERE

Gov. Pinkham Pleased with the Work for Panama-Pacific Exposition Display

Site now selected. Building arranged for.

Site No. 1 selected. Building arranged for. Leave by Manoa.

The foregoing cablegrams, the first to the governor and the second to the Hawaii fair commission, received this morning from Chairman H. P. Wood of the commission, have caused satisfaction in various quarters.

The site selected, according to arrangements made before Chairman Wood left for the coast two weeks ago, is site No. 1 in a series of three discussed by the commission. No. 1, as shown on a ground sketch of the exposition grounds, is a particularly fine position. It is the first building site on the right of the great Fine Arts building. It is just between the Fine Arts building and the California building. On the lower side are the Food Products and the Education palaces, and there is a large plaza between this and the Fine Arts building.

The Hawaii building will occupy a much more advantageous site than that of any of the states whose lots have been picked. It is almost in the center of the series of sites and in such a position that it can not but attract the attention of all visitors.

Sidney Jordan, acting secretary of the Promotion Committee, called on Governor Pinkham this morning to show him the site selected.

The governor expressed himself as much pleased with the new site.

In view of the cablegram it is presumed that the building will be on such a scale that the entire display of the territory will cost no more than the \$100,000 appropriation limit.

pro tem, of the association, worked in cooperation with the committee in its work. A new charter and by-laws were drawn up and, following a revision by the executive committee, were presented in complete form at the meeting yesterday. The members voted in favor of both, and, by another vote, recommended that the organization incorporate under the new articles. Steps are to be taken at once to carry out the project of incorporation.

The new by-laws were completed only after exhaustive comparison and consideration by the committee. They form a combination of sections of the former by-laws, and of sections of the charter of the Cleveland, Ohio, Associated Charities. One or two new clauses have been added, one stating that there shall be three classes of

CENTENARY OF THE THIRD KAMEHAMEHA FOR THIS AFTERNOON

Promptly at 4 o'clock this afternoon, the ceremonies in observance of the 100th anniversary of the birth of Kamehameha III, including the unveiling of a handsome Hawaiian lava tablet to his memory, will be conducted at the Kawaiahao church under the auspices of the Daughters of Hawaii. Prior to the ceremonies, the Hawaiian band will give a concert, commencing at 3:30 o'clock. The program, which has been prepared with the utmost care, will be as follows:

1. Hymn, "How Firm a Foundation."
2. Invocation—The Rev. Henry K. Poepe.
3. Kolihoua, genealogical chants.
4. Unveiling of the Tablet—Her Majesty Queen Liliuokalani and High-Chiefess Elizabeth Ke kaunui Pratt.
5. Kolihoua, ancestral chant.
6. Address in Hawaiian—Judge A. Mahaulu; in English, Rev. Wm. B. Oleson.
7. Kamehameha and Pauahi songs—Kamehameha Schools.
8. Hawaii Poni.
9. Benediction—Rev. Henry Parker.

CHINESE BALL TEAM HELD UP ON THE COAST

A. P. Taylor, Backed by Delegate Kuhio, Gets Busy and Aids Sam Hop et al

AGGREGATION ORDERED OVER TO ANGEL ISLAND

Four Members Had Been Affiliated with Natl. Guard—But One Was Ever in China

[Special Star-Bulletin Correspondence]

SAN FRANCISCO, Cal., Mar. 11.—Put for the intercession of A. P. Taylor, director of the Hawaii Promotion Committee at San Francisco, the entire aggregation of members of the Chinese baseball team which arrived today on the Honolulu would have been subjected to the indignity of an enforced exile of 24 hours on Angel Island, the United States immigration depot. When the Honolulu entered the harbor it was not boarded by a Chinese immigration inspector. The leading officer of the department said he had no authority to pass on the players.

When the boat arrived alongside the Matson dock, the ball players were in anything but a cheerful mood, inasmuch as on the two former occasions of their visits to the United States mainland they had been passed immediately.

Instructions were sent ashore and the Matson officials secured a launch in which the young men were to be sent across the bay to Angel Island, detention port for coolies.

Mr. Taylor was on the dock to meet the steamer, and to him Sam Hop and the players appealed to aid them out of their predicament.

Taylor immediately telephoned to Angel Island, but was informed that none of the officials had arrived from the city. He told the man at the end of the telephone that it was very important that he be put into instant touch with some official. He was thereupon switched to the San Francisco office. Taylor explained that an outrage was about to be committed upon American citizens, voters and members of the national guard of Hawaii, and that he proposed to hold the men on the dock until some official "higher-up" was appealed to.

He also stated that Delegate Kalaniano'le, the delegate to Congress from Hawaii, was on the wharf and that if necessary a telegram would be sent to the treasury department at Washington inquiring why, with the force of immigration inspectors in San Francisco, none boarded the Honolulu, or why the boarding officer shook all responsibility by ordering the ball players to Angel Island. Delegate Kuhio was communicated with and waited on the wharf for the development of proceedings. Then the official at the office stated that the Chinese inspector would be sent to the wharf, and asked Taylor to detain the officer in charge of the Chinese

LIEUT. F. M. ANDREWS WEDS IN WASHINGTON

Lieut. F. M. Andrews

Lieut. Frank M. Andrews, 2nd Cavalry, and Miss Jeanette Allen, daughter of Lieut.-Col. Henry T. Allen, of the general staff, were married in Washington yesterday. This news reached General Macomb this morning in a cable from Lieutenant Andrews.

For two years and a half Lieutenant Andrews was aide to General Macomb in this city and during that time he made many friends who will be glad to learn of his recent good fortune. Last summer the young officer became a "Manchu," and joined the 2nd Cavalry on the Mexican border, into which regiment he was promoted as 1st Lieutenant in November, 1912. Lieutenant Andrews is a native of Tennessee. He graduated from West Point in 1906, and was appointed to the 8th Cavalry.

SENSATION AND SCANDAL IN FRENCH OFFICIALDOM LEADS TO CABINET REORGANIZATION

Publisher of Figaro, Shot by Wife of Minister of Finance, Is Thought to Have Intended Publishing Woman's Letters to Caillaux While She Was Wife of Another—Fall of Government Was Feared and One Resignation Already Result—Paris Excited and Curious as to Hidden Facts

[Associated Press Cable]
PARIS, France, March 17.—Sensation after sensation was caused in official circles in Paris today, as aftermaths to the shooting of Gaston Calmette. A young woman singer assaulted Victor Augagneur, vice-president of the chamber of deputies, when he was about to open the chamber formally. The girl was arrested but later released by the police. The motive for her act is unknown.

M. Augagneur presided calmly, though the session was threatened with storm because of the disorder in the affairs of the ministry. Calmette, who has been minister of finance, appeared at his office and disposed of his personal affairs, after which he resigned, weeping. The remainder of the ministry has accepted reorganized portfolios as announced today.

The private papers of Gaston Calmette, the publisher of the Figaro, who was shot by Madame Caillaux, were seized by the police today, following Calmette's death last night. These papers include the letters of Madame Caillaux to Caillaux while she was the wife of Leo Claretie.

It is understood that Calmette intended publishing these letters and that, as a result of the revelations of scandal, the fall of the government was feared.

Not only in official circles, but all Paris, there is intense excitement and curiosity as to the now unknown facts which can only be guessed at.

Wellesley College Girls, Cool and Disciplined, Avert Death at Disastrous Dormitory Fire

[Associated Press Cable]
WELLESLEY, Mass., Mar. 17.—Coolness, self-control and discipline on the part of 300 girl students of Wellesley College averted what might have been a fire of terrific fatality early this morning when Wellesley College hall was burned. The girls fled to safety by means of fire escapes. The loss is set at \$1,500,000 and is disastrous to the entire college. Because of the conflagration college has been suspended. The fire originated on the top floor, and is supposed to be of spontaneous origin. The girls did not lose their heads. Miss Charlotte Donnell sounded the alarm and Miss Virginia Moffett pounded upon the doors of the bedrooms, awakening the sleepers one by one. A volunteer fire brigade was formed and so carefully was all the work done that it has been assured that none of the girls was overlooked.

Villa Marches to Take Torreon

[Associated Press Cable]
CHIHUAHUA, Mex., Mar. 17.—It is understood here that Gen. Pancho Villa left Chihuahua at dawn to proceed with his forces against Torreon.

FORT WORTH, Tex., Mar. 17.—Writs of habeas corpus have been granted by the federal court to 5000 Mexican federal soldiers and their camp-followers and relatives, who have been held at Fort Bliss. They were arrested after the battles of Ojinaga, when they crossed the river to American soil and were taken for technical violation of the neutrality laws.

IRELAND WILL WIN, SAYS AD CLUB SPEAKER

"Irishmen will never cease fighting until they have won their goal, home rule, and in the end they will win. They are giving to the world a spectacle to be admired," declared John Hughes today in the course of a strikingly eloquent address that was the feature of the St. Patrick's day Ad Club luncheon.

The weekly luncheon was nearly all of an emerald hue today, for the spirit of the occasion was abroad and most of the program centered around the name of the patron saint and the observance of the day all over the world. Mr. Hughes spoke briefly but with convincing sincerity and many Ad Club members declared his address one of the best ever given at club meetings. He dwelt on the history of Ireland for the last 600 years and particularly on the services of Ireland and Irishmen to the young republic of the United States. He referred to the statesmen and patriots that Ireland has sent forth and touched upon the present Home Rule question long enough to show his followers that he follows it closely.

"Ulster will not fight unless Ulster secures outside aid and encouragement," he declared, "and it is not forthcoming the Ulstermen will unite with their fellow-Irishmen in the pursuit of peace and progress."

He spoke in appreciation of the spirit of religious freedom and tolerance in the new world, declaring that he wished John Redmond and Henry Asquith could see him, an Irish-Catholic, "grasp the hand of your president, W. R. Farrington, an Eastern Puritan!"

Henry Giles for the Kaui trip committee reported that 62 out of 72 places have been taken and announced that Ad Club members must reserve their places by next Saturday noon.

J. M. Riggs for the membership committee reported that there were 494 members.

THIELEN GIVEN AMPLE CHANCE, CLAIMS M'CARN

"I gave Mr. Thielen every opportunity to have his wife examined as to her sanity," declared Jeff McCarn, U. S. district attorney, who is representing Mrs. George Thielen in her action against her husband for divorce, "but he did not take advantage of it. I put off filing the action until yesterday, and only filed it then, so as to bring the situation to a point where he would have to do something, either prove that she was not mentally competent or fight the case."

"He called on me here with Dr. George Herbert. The physician stated that he did not believe the woman was quite sane, but I do not understand that he made an examination of her. Thielen himself told me he didn't know whether she was sane or insane. Whatever the case may be, I feel that it was best to file the suit. If she is insane, they can go before the commission and show it, and make some allowance for her support. She can't be thrown out in the streets to starve, just because she doesn't happen to be mentally well balanced. She told me her husband had cut off her grocery supply, and I am told that a notice was published in a newspaper warning persons that he was not responsible for her debts. If he thinks she is insane that is not the way to treat her. And that is what I told him."

"I have tried to make this case as unhampered as possible for Thielen. But I don't think he has acted with diligence in having his wife's mental condition established. If he believes she is insane, for so far as I know he has made no effort to satisfy himself on his wife's sanity."

Eight new names for election, bringing the membership up to 502. George B. Curtis, who leaves this evening on a business trip to the mainland, including New York, given a hearty send-off as a working and valuable member responded with a neat speech in which he said he is certainly coming to be with the Ad Club again.

MORE CHANGES IN ISLAND PORTS MATSON LINE OFFICIALS

As the time draws near for the sailing of the new Matson Navigation liner Manoa on a maiden voyage from San Francisco to Honolulu and Kailua, Maui, more changes in the personnel of the staff of officers are mooted.

James A. Corrigan, a purser in the steamer Honolulu, and who has been visiting the islands in that vessel for the past 12 months, is slated for a better berth in the new Manoa, according to the report that reached this city today with the arrival of the Wilhelmina. Corrigan, through his display of uniform courtesy, has won a host of friends with shippers as well as the traveling public.

Phil H. Levey, who two years ago was identified with the Lurline and later with the Wilhelmina in the capacity of purser, has hearkened to the call of the sea, and it is given out that Levey will be found in the office of the Honolulu with the transfer of Corrigan to the Manoa.

Captain Henry Weeden, better known in local maritime circles as "Midnight Weeden," will be found on the bridge when the vessel makes its initial appearance here on March 24. The Wilhelmina, in command of Capt. A. L. Soule, proved an agreeable surprise to many of his friends at the port. Captain Soule has risen rapidly in the ranks of Matson officers since he took over the duties of a chief officer in the Wilhelmina about one year ago.

He is to transfer to the Lurline, sailing for San Francisco at 6 o'clock this evening. Capt. M. A. Madsen of the Lurline having been assigned to the Wilhelmina.

The Matson steamer is reported to have been favored with fine weather on the voyage from San Francisco, and completed before 7:30 this morning when the liner came to a berth at Pier 15.

To be discharged of 830 tons of general cargo the steamer will be dispatched for Hilo on Thursday evening. While here 2536 tons of general cargo will be left. The Wilhelmina brought 73 cabin and eight stowage passengers. A late coast mail amounting to 130 sacks were received. One notable shipment in this vessel was 24 automobiles, eight of the machines being intended for the island of Hawaii.

JACK YOUNG WILL GO TO COAST FOR FLAGSHIP

Jack Young of Young Brothers, Ltd., will leave for the coast on the Wilhelmina next week, for the purpose of getting plans and specifications prepared for a new power boat, which is to be the flagship of eight vessels which now comprise the Young Brothers' fleet. The new boat, Mr. Young says, will be the very latest thing in its class, and is to be used in large part for the large volume of towing business which the company is now doing in Pearl Harbor. It will be about 64 feet long, and will be equipped with a 150 to 200 horse power gasoline engine of latest pattern.

The boat may be built in Honolulu, or on the coast—this point not having yet been decided. It is to be fitted up with pilot house, fire fighting apparatus, self-starting device, and many other features not known at present in the islands. The cost of the vessel will be about \$15,000.

Mr. Young will be accompanied to San Francisco by his wife and child, who expect to spend some time with relatives on the coast.

Sparks From the Wireless.

The following wireless message has been received by the agents from the Oceanic S. S. Co.'s Ventura, bound from Sydney and way ports for Honolulu, T. H.: 7 cabin, 2 second class passengers, 19 sacks mail, 193 tons general cargo, 40 tons frozen meat for Honolulu. Will arrive off port at 7 a. m. Friday morning, March 20th, and depart for San Francisco, Cal., at 5 o'clock Friday afternoon. Docks at Pier 10, foot of Fort St.

Much Sugar on Hawaii

Sugar accumulated on the island of Hawaii, reported as awaiting shipment by officers in the steamer Mauna Kea, includes the following consignments: Olua 2000, Wailauea 10,000, Hawaii Mill 1500, Hilo Sugar Co. 11,500, Onomea 10,000, Pepeekeo 14,000, Honoum 4500, Hakalau 3000, Lanipahoehoe 8200, Kailua 3064, Kulaia 2350, Hamakua Mill 1675, Paauhau 2,000, Honokaa 3000, Punaluu 4501, Honoua 5138 sacks.

Kona Sugar Report.

Sugar awaiting shipment from ports along the Kona and Kau coast of Hawaii continues to make a respectable showing. The list brought to Honolulu by officers in the steamer Mauna Kea includes the following: Punaluu 4500, Honoua 5138, Honokaa 3060, Paauhau 2000, Kailua 3000.

VENTURA CARGO MARSHALL TRIAL INCLUDES MUCH FROZEN MEAT TO BE FINISHED WITHIN WEEK

(Continued from page one)

While the Oceanic liner Ventura remains at Honolulu for several hours Friday, much of the cargo to be left here will consist of refrigerated meat. Predictions made through wireless and received at the agency of C. Brewer & Company today announce the arrival of the Ventura from Australian ports at an early hour on Friday morning.

The vessel sailed from Sydney, N. S. W. with 7 cabin and 2 second class passengers for Honolulu. In addition to 40 tons of meat, the steamer will be discharged of 193 tons of general merchandise.

Australian mail for Honolulu to the amount of 19 sacks are reported on board the vessel.

It is to present intention to dispatch the liner for San Francisco at 5 o'clock in the afternoon. The number of passengers booked for the coast from this port will total about 100. The Ventura will berth at Pier 10.

The names of the eight women candidates for aldermanic nomination will appear on the ballots to be voted at the primary election to be held in San Francisco shortly. It will be the women's first chance to express themselves at the polls since the legislature granted them the rights of suffrage.

POLICE SITTINGS

New officers of the University Club will be elected this evening at the annual meeting of the members of that club. C. R. Hemenway will retire as president, it is said, and his place at the head of the club is likely to be taken by Senator Albert Judd. The meeting will be preceded by a club dinner at 6:30 o'clock.

John Bright is an inmate of Queen's hospital suffering from the effects of an electrical shock, received late yesterday afternoon while he was engaged in making repairs to the wiring of a telephone pole near the corner of Judd and Nuuanu streets. A broken but highly charged wire fell upon Bright, who was saved from more serious injuries through the prompt aid of fellow workmen.

Automobile number 1516 driven by George Ah Keko, and a back owned by a Chinese were today reported to the police as having been damaged through a collision near the junction of King and Beretania streets. Keko asserts that the Chinese jehu attempted to cross his path while he was driving on the right hand side of the thoroughfare. The matter may be adjusted out of court.

Frank Miller, local hackman, was sentenced to pay a fine of \$25 and costs yesterday when brought before District Magistrate Monsarrat, charged with having displayed carelessness in crossing the intersection of King and Fort streets last Saturday, at which time he is alleged to have run down an aged woman, who, while suffering no serious injuries, was removed to her home.

Declaring that a colored enlisted man drew a large knife and in wielding the same, inflicted a deep cut on the hand, Otto Engebretsen, a sailor in the United States revenue cutter Thetis, filed complaint with the police department yesterday. The sailor states that as he was leaving a saloon, the colored soldier accosted him and demanded the price of a drink. The refusal from Engebretsen was followed by an encounter in which the weapon was used with painful results.

"Mr. Lane called again this morning, sir," said the new office boy as Mr. Stuart entered the office. "Did you tell him I'd gone to Europe, as I told you to, Edward?" asked Mr. Stuart. "Yes, sir," answered the boy. "I told him you started this morning."

"That's a good boy," said Stuart. "And what did he say?" "He wanted to know when you'd be back," replied Edward, "and I told him 'after lunch, sir.'—Harper's Monthly.

NEW BRITISH CONSUL ARRIVES; IS RATED AS KEEN SPORTSMAN

To take over the duties as consular representative for Great Britain in Honolulu, E. S. Gordon, for years a resident of the Far East and lately identified with the British legation at Yokohama and other treaty ports along the coast of Japan and China, arrived in Honolulu yesterday as a passenger in the Pacific Mail liner Korea, and is at the Royal Hawaiian Hotel.

"I expect to take charge of the office within a week," stated Mr. Gordon yesterday afternoon.

He will succeed J. B. Rentiers, who, coming here from the Orient, will leave a large following of friends in departing for the mainland.

Mr. Gordon is rated as a keen sportsman and an enthusiast in polo, cricket and golf. He will be hailed as a welcome addition to the ranks of devotees of outdoor sports and games.

The announcement was made today that no immediate change in the personnel at the local consulate was contemplated.

HEAVY RAINS FAIL TO RELIEVE STRINGENCY ON WATER SITUATION

While men have been patting each other on the back this morning, saying that after the rain of yesterday afternoon and last night Honolulu would be able to use all the water needed for irrigation, or even grudging, in some cases, the water department comes now with a statement through its superintendent, Joe Little, that the rain hasn't helped the water shortage to any appreciable extent.

"It rained only 1.16 inches," said Little today, "and that has not put much water in the reservoirs. We are as bad off now and need as much as before."

HUMPHREY MAY GET PAY FOR VACATION

F. W. L. Humphrey, engineer formerly connected with the engineering department of the city and county, may receive two weeks' pay from the municipality for the time he was on a "vacation." When Humphrey's resignation was submitted to the supervisors it had this string to it: that he was to be given an additional two weeks' pay in lieu of a vacation he didn't take. The supervisors objected, but the matter was referred to the city and county attorney's office. P. L. Weaver of that department has prepared an opinion sustaining Humphrey's request. This opinion will be read this evening at the meeting of the board.

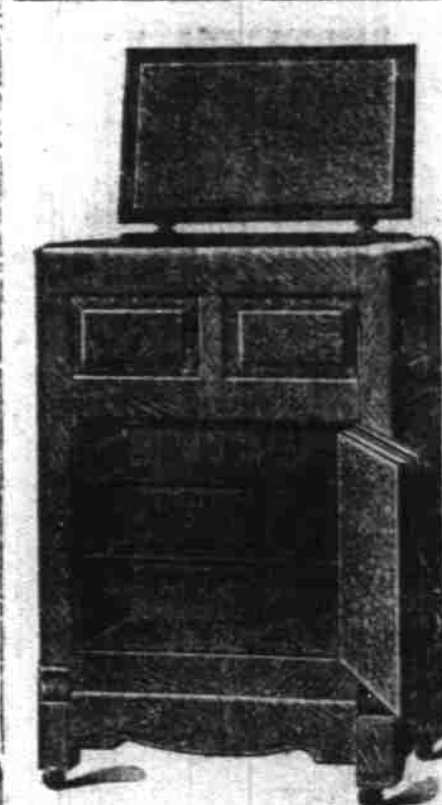

SEVERAL THOUSAND TRY TO RUIN RUG

In twelve hours (up to noon today) 4335 people have walked across a rug spread on the sidewalk in front of Hopp's, on King street, to test the wearing qualities of the fabric under undue strain and stress of weather and hard usage.

During the business hours yesterday some 3600 people, during rain or sun, left their muddy footprints on it or at least let the rug's soft pile bear their weight. Today, being sunny, less mud will be deposited on it, but more people will probably step on it.

Anyway, no matter what the weather, the rug will remain on the sidewalk for the rest of the week during ordinary business hours, and many thousands of people will have used it—thus subjecting it to a hundredfold more wear than it could get under ordinary home conditions.

Construction of the scenic railway on the concessions district of the exposition is progressing rapidly. This concession is being constructed by the L. A. Thompson Pacific Coast Company. The latter concern expects to finish the scenic railway in 30 days and to operate it during the pre-exposition period.

POLO FIELD LOCATED IN KAPIOLANI PARK UP TO SUPERVISORS

A proposition of improving the polo field at Kapiolani park, and developing the sport of polo playing here by bringing in fast mainland teams, will be laid before the board of supervisors this evening through a communication from Robert W. Shingle, J. L. Fleming and John S. Grace.

They ask that the board allow them to make use of the field and give polo tournaments, to erect bleachers and charge a small admission fee. By allowing them to do this, they say, they will be able to bring in mainland teams, and make polo one of the leading sports of the territory.

Since B.G. Rivenburgh's appointment as superintendent of the park, many improvements have been made there. The polo field has been put in better shape, as well as the baseball grounds. Those interested in the development of the sport say that by allowing them the use of the field they will be able to make it into ideal polo grounds, and that at a future time will dig an artesian well to solve the water problem for the park.

MANUEL OLSEN IS PROMOTER OF MEETING TO OPPOSE GOVERNOR

Former Detective Refuses to Make Known Names of Democrats Interested

Manuel Olsen, a former detective of the police department, whose repudiated affidavits in the John R. Kellett hearing got him into more trouble than he bargained or cared for, is stepping forward again into the limelight, this time as the leader of a disgruntled Democratic faction which, he says, is after the resignation of Governor Pinkham.

Olsen is preparing the way for a mass meeting for next Saturday evening at Ala park to "protest against the intrigues and hypocrisy" of Governor Pinkham. He was arranging for placards to be printed today setting forth the place, time and nature of the mass meeting. The placard is to state that the governor is guilty of intriguing, of hypocrisy, and that a petition will be circulated for signatures that the governor should be removed. This petition, says the placard, will be sent to Washington.

The former detective would not state who is behind him in the movement. "There are some Democrats here who feel it is time to do something," said he, "and we are going to hold a mass meeting. I won't say who they are."

LOCAL AND GENERAL

The territorial grand jury will convene at the Judiciary building at 2 o'clock tomorrow afternoon.

A meeting of the members of William McKinley Lodge, K. of P., has been called for 7:30 o'clock this evening in the Pythian hall, Fort and Beretania streets. Visiting brothers are cordially invited to attend.

DR. J. M. TAYLOR, NOTED EDUCATOR, LOCAL VISITOR

President of Vassar College, with Wife and Daughter, to Tour the Islands

To remain in the balmy climate of Hawaii for a number of weeks, escaping the rigors of a northern New York winter, Dr. James Monroe Taylor, professor of ethics and since 1896 president of Vassar College at Poughkeepsie, N. Y., one of the foremost educational institutions for young ladies in the United States, is arriving in the Matson steamer, Wilhelmina today, accompanied by Mrs. Taylor and daughter, Miss Mary Taylor.

The energetic campaign inaugurated by the Hawaii Promotion Committee in the general circulation of literature at the various universities, colleges and higher institutions of learning throughout the United States bore fruit in awakening the interest of Dr. Taylor and his family in behalf of the islands.

They expect to include many points of interest in their tour of the islands. Dr. Taylor has figured prominently as an able educator in the United States. He graduated from Rochester Theological seminary in 1871 and from that date his rise has been rapid. He was ordained a Baptist minister in 1871, following which he spent a year in Europe. He was pastor of a South Norwalk, Conn., church from 1876 to 1882, going from there to Providence, R. I., where he remained until 1886, when he was offered a professorship and the presidency of Vassar.

Dr. Taylor has been the recipient of many important degrees. He is prominently identified with the leading clubs and fraternities. As an author his works include a treatise on psychology, "The New Work and Old Gospel," "Practical or Ideal," and other literary productions.

CHICAGO DETECTIVES HERE TO TAKE BACK FIELDING BROTHERS

That J. C. and A. E. Fielding, brothers of Montreal, Canada, now inmates of the city and county jail, facing a charge of forgery involving a sum totalling \$5800, preferred by financial institutions at Chicago, Ill., and Montreal, succeeded in catching a substantial amount, is the opinion held by Detective Sergeant William L. Bush and Thomas F. McFarland of the Chicago bureau, who reached the city this morning as passengers in the Matson liner Wilhelmina for the purpose of taking the young men into custody and accompanying them to stand trial at the Illinois metropolis.

About \$1200 was recovered when the Fieldings were placed under arrest by Captain of Detectives McDuffie. While they were supplied with new wearing apparel, and possessed considerable jewelry and several suit cases filled with belongings and trinkets, it is now believed that these articles do not represent a valuation of more than \$800.

What became of the remainder of the money alleged to have been fraudulently obtained from the Continental and Commercial National bank of Chicago is a matter that today is puzzling the sleuths from the lakeside city.

Bush and McFarland stated this morning that they were properly equipped with extradition papers from Gov. Edward P. Dunne of Illinois for the return of the Fieldings. J. C. Fielding was a junior of the Royal Bank of St. Lambert, a suburb of Montreal. A. L. Fielding is said to have been a trusted employee of a Montreal insurance company, the officials of which institution allege that with the disappearance of the young man they noted the loss of several blank drafts. A general warning failed to prevent the payment of \$4000 to William Butler, a description of the man fitting A. L. Fielding in every particular.

The Chicago officers state that the boys were the sole support of a widowed mother living in Canada. It is also claimed that the younger, barely 19 years of age, was greatly influenced by his elder brother.

Messrs. Bush and McFarland are much enamored of Honolulu. "We would like to remain here for some weeks, but I do not see how we are going to do it," declared McFarland. "I believe that we will return to the coast in the Ventura or the Siberia."

The story hour for children at the Library of Hawaii, will, beginning March 20, be changed from Saturday morning to Friday afternoon at 3 o'clock. This feature has come to be one of the most popular in the library's routine, and all children who like stories are invited to attend on these days.

boys. The news was communicated to the members of the baseball team, who smiled and smiled for the first time that morning.

The inspector finally arrived and went over their certificates, passing them at once, and the boys, singing, boarded a bus and went to the Hotel Hale, their headquarters.

It was learned by Taylor that all the boys were born in the islands, nine of them are voters, four have belonged to the national guard of Hawaii, and only one had ever been in China.

"I wonder whether the immigration officials would try to send the Chinese national guard company of Captain Redington over to Angel island, should it ever be sent from Honolulu to the mainland," inquired Sam Hlop.

The boys will play the University of California Thursday afternoon, March 12, and go to Bakersfield the same night to play on Friday.

TRAFFIC REGULATIONS ORDERED DISTRIBUTED BY THE HARBOR BOARD

The board of harbor commissioners at its meeting this morning authorized the clerk to send to various wharfingers, sugar and other companies copies of the rules and regulations governing traffic and the handling of cargoes on territorial wharves known as Class B, as prepared by a special committee consisting of Commissioners James Wakefield and T. M. Church. The rules cover automobile regulation, the storage and handling of gasoline, distillate and benzine, time limit of removal of cargoes, team regulations, notice to consignors and consignees of cargoes, notice to wharfingers, and smoking regulations.

Harbormaster W. R. Foster was instructed to take up with the engineer the matter of providing for the several wharves of Honolulu containers to be used for holding sand for fire-fighting purposes. He was further instructed to use every possible effort to enforce the ordinance prohibiting smoking on the wharves, and to employ such assistants as he may require in carrying out these instructions.

Engineer R. B. Park reported that plans for a warehouse at Kawaihae have been submitted, and that such a project is estimated to cost \$1000. He further reported that \$951 will be necessary to repair the paving on Pier 14, and \$920 for repairs on Pier 15.

SHINGLE TO WASHINGTON IN A HURRY

(Continued from page one)

In getting the thing we are all after—the federal building.

The Plan.
"Mr. Shingle's plan briefly is this: 'He will find out if the enlarged Mahuka site can be acquired, that is, if the additional money made necessary by the size of the awards can be secured.'

"If the enlarged site can not be secured, he will advocate the original Mahuka site.
"In case, after consultation with the supervising architect and other officials, it is found that the plans of the building can not be changed so that the original site is practicable, and in case it is definitely decided that the Mahuka site is unavailable, he will present the Spreckels site proposition. While we are not at liberty to make public the figure for this site, it is very reasonable. The Spreckels site is a much better proposition than either the Irwin or the Allen sites.

"He will refer what he learns to the commercial bodies and the community so that a decision can be reached in full view of everybody and with all interested parties and the people able to know just what the situation is."

McCarran Urges Settlement.
Regarding the postoffice site, Jeff McCarran stated this morning that he had just received word of Mr. Shingle's departure, and that he was writing a letter to Washington urging that some definite decision be reached on the site.

"I am not recommending any site," he said. "I am pointing out in the letter that something should be done at once, and urging that no more time be lost. I am not saying that I favor the Mahuka site more than the Spreckels' site, or any other probable one. My interest is merely that they settle the matter one way or the other—decide on one site."

"I have not received any new information or instructions from Washington."

ASSOCIATE SECRETARY OF Y.M.C.A. OF CHINA WILL ARRIVE MONDAY

C. W. Harvey, associate secretary of the Young Men's Christian Association of China and assistant to Fletcher S. Brockman, will arrive in Honolulu from the Orient Monday on the Siberia for a two weeks' visit in the islands, enroute to the mainland on a vacation.

During the past few years the national committee of the Y. M. C. A. of North America has come to have a high regard for the Hawaiian islands as a place for secretaries in the Orient to recuperate, before leaving for the mainland on furlough. Mr. Harvey is one of the more experienced secretaries in the Far East and did an excellent work in forwarding the work of the association during the recent revolution in China.

GEORGE E. MARSHALL OFF TO MAINLAND; MAY BE AFTER BIG HILO JOB

With a view, it is believed, to endeavor to secure for his company the contract for the Hilo breakwater, George E. Marshall, of the contracting firm of Marshall Brothers, left for the mainland in the Korea this morning, enroute to New York City. Mr. Marshall and his brother, J. J. Marshall, recently visited the Crescent City, at which time they were looked upon as possible bidders for the job.

According to recent advices from Hilo, the Marshall brothers confirmed a report that they intended trying to secure the breakwater contract by their actions soon after arriving in that city. It is said that they were prompt in securing data regarding the breakwater structure, and made an investigation of the project so far as completed.

Honolulu Star-Bulletin

RILEY H. ALLEN

EDITOR

TUESDAY MARCH 17, 1914

What man is there who does not laboriously, though all unconsciously, himself fashion the sorrow that is to be the pivot of his life?—Maelinck.

MUST APPEAL TO REASON

Brass-band methods of fighting against free sugar will not win anything for Hawaii but the disfavor of the national administration.

If Hawaii is to secure protection for sugar, it must be on the basis of definite proof laid before President Wilson through authorized and recognized spokesmen for the people that this territory is reaping disaster instead of prosperity from the free-sugar program. Jingo statements, alarmist statements, won't do.

As the Star-Bulletin said yesterday, the talk of "compensating concessions" is indefinite, particularly as to cheaper labor. Not only indefinite but likely to be unwelcome. We don't know just exactly what Judge A. A. Wilder was told in Washington, but though his mood upon return is optimistic, it cannot be expected that President Wilson will off-hand reverse his attitude on the sugar tariff a year after the new bill has gone into effect. Judge Wilder's news sounds too good to be true!

OUTRAGEOUS TREATMENT

Further evidence of the intolerant attitude toward Oriental immigration encouraged by the department of labor by the policy of Secretary Wilson is shown in the treatment of the All-Chinese baseball team when it reached San Francisco. But for the timely intervention of A. P. Taylor, the San Francisco representative of the Promotion Committee, the members of the team, all born in Hawaii and entitled to citizenship, several voters and members of the national guard, would have been subjected to procedure which in their case is nothing but impertinent indignity.

The outrageous treatment was all the more uncalled for since most of the team had been on the mainland previously and before under taking the present trip the manager had consulted the federal immigration officials in Honolulu and had been assured as to the status of all of his men.

Such treatment of American citizens of any state of the Union would evoke at once a protest in Congress that would reach the department of labor in short order. Unhappily, Hawaii has no voice in Congress that rises above an ineffective whisper.

FREE SUGAR RESULTS

FREE SUGAR

An editorial in the latest issue of The Outlook indicates that this influential journal is half-convinced that the free sugar provision of the new tariff law is a mistake. It refers to Porto Rico, but some of the references are applicable to the situation threatened in Hawaii. The editorial is worth reproducing in full:

Porto Rico is one of the wards of the United States. For its welfare this country is responsible as a trustee or guardian is responsible for a minor child. There is distress in Porto Rico, and Americans ought to know about it. Not only is the government of Porto Rico in financial straits, but many of the people of Porto Rico are in want.

From Miss Margaret Leitch, who, with her sister, was long a missionary in Ceylon and is now a resident of Porto Rico, we have received word about the sufferings of the Porto Ricans. She informs us that in consequence of the new tariff law, which will admit foreign sugar free of duty to the United States, the sugar industry of Porto Rico has suffered seriously. The small sugar-planters are unable to borrow money for the carrying on of their plantations. As a consequence, many of the laborers, or peons, are without work. These people have no resources, and are hungry. Those who have food every day are counted rich. This is in consequence of the action of the United States government. If these were American citizens, it might be said that they ought to take their fortune along with the rest of the country; but they are not American citizens; they are a dependent people. As trustee the United States has no right to take such action as it has with regard to the tariff without doing something to en-

able its wards to bear the consequences. It has been suggested that the government might undertake some work for the improvement of the island on which these unemployed Porto Ricans could be employed. The administration ought to have been prepared for this state of things because it was warned in advance. Certainly the matter ought to interest Americans. There is a request, moreover, for an interdenominational relief committee.

But this is not all. The finances of Porto Rico are in a bad state. Last year the insular legislature created new forms of taxation, with the expectation of increasing the revenues from four and a half millions to somewhat more than six millions, and then the legislature made appropriations amounting to over seven millions. As if this were not bad enough, the new taxes will result in only about a third as much additional revenue as was expected. Altogether, according to the new governor of the island, Mr. Yager, the expenditures, if carried out on the basis upon which they were started, will exceed those of last year by two and a half million dollars, while the increase of income will be only about three hundred thousand.

Thus the revenue system of Porto Rico, which was devised and put into operation by Dr. Hollander, of the Johns Hopkins University, the first insular treasurer, and which has been regarded as a model system, has been permitted to degenerate into a condition that means not only embarrassment to the new governor, but must mean additional difficulty for the people.

Now is the time for the United States to turn its attention to this island. The United States has been too generous in dealing out to its dependent peoples forms of self-government, and is in danger of regarding that as a proper substitute for insuring to them efficient and just government.

Hawaii's revenues from taxes are certain to drop tremendously because of the blow to the sugar industry and consequent reductions in plantation incomes. The meeting of the tax equalization board last week emphasized the enormous fall in assessments, the assessments on this year being almost certainly twenty-five millions and possibly ten or fifteen millions less than for last year. The most serious problem before Governor Pinkham today is that of stretching territorial income to meet the bare necessities of expenditure, and this can only be done at the sacrifice of a number of public improvements authorized by the last legislature and very badly needed. When it is found necessary to cut down expenditures for the educating of Hawaii's children, for such good morals work as the rescue home for erring youth, the extent of the sacrifice may be realized.

Porto Rico is not the only sufferer. No, indeed.

The Congressional Record of February 19 carries the news that resolutions have been adopted by the board of directors of the San Francisco Chamber of Commerce, favoring an appropriation of \$250,000 for the construction of a breakwater at Kahului harbor, Maui. The resolutions were introduced in the house by Representative Knowland and referred to the committee on territories.

Gen. Villa has passed responsibility for the benton killing on to Major Fierro. The major will probably pass it on to captain, and so down the line to some poor devil of a peon conscript, who will be taken out and shot at sunrise. Such a war, gallant war.

If Washington considered Judge Wilder "too rank," what will the capital say when "Soapbox" Barron comes down Pennsylvania avenue?

The best solution of the Mexican problem has been suggested by the mutiny of an "army" in Morelos and the killing of a general or two.

members to the local organization—life, annual and honorary. The capital of the corporation shall not at any time exceed \$500,000.

Following the adoption of the charter and by-laws, Manager Spencer Bowen made a statement regarding what has been done in the work of the charities since the annexation. He told of the difficulty experienced by the office in securing em-

ployment for persons, and pointed out that there now is a considerable financial strain due to feeding so many people. As the result of an investigation, he said, it has been found that there is a marked over-supply of labor. The manager also reported that on March 1 the office of the charities will be moved to the more commodious quarters on Alakea street formerly occupied by Dr. W. C. Hobdy. He pointed out that this change will enable the office to handle cases individually instead of collectively.

Mr. Bowen also spoke of the enlarged work which will be made possible under the new charter and by-laws. The charities should be able to bring about a greater co-operation, he said, and the unity and impact of the social forces of the community. On problems which the organization now has to face.

President Lewis questioned Mr. Bowen to some extent concerning his remarks and then outlined the proposition concerning the unemployed which the charities recently put before the supervisors. He suggested that the association continue its present policy of relief work until an opinion is received from Governor Pinkham, in whose hands the matter has been placed. A definite policy, he said in conclusion, should be formulated within two weeks.

Letters OF TIMELY TOPICS

LET THE MISCREANT SPEAK

Editor Honolulu Star-Bulletin.

Sir:—Why do some of our people make so much fuss about the so-called "Mysterious Letter," which our city papers have made comments on and are anxious to locate the author, and so far have mixed up in the story of some \$60-per-month man or clerk in the road department? Why not have the letter published, if a copy of it is to be had, so that the public would know what it is all about? And for the life of me I cannot understand why such men as R. W. Cathcart, Geo. K. Lowe and ————, as the names of these gentlemen have been published as having some knowledge of the author, or for the author, if he is still under cover, do not boldly come out of its shell and face the music for he must surely know, if he knows anything at all, that it is not violating any laws of the government of the United States of America to correspond with the president or any official of such government, or any of those of the states and territories under it. If what has been written to the authorities at Washington, D. C., which has caused no little excitement and much comment by our local papers, is all truth and facts, and if the author by his letter to the officials at Washington has laid bare any or some hidden scheme of corruption, graft or some other corrupt doings in the administration of the government of this territory, I see no good and sufficient reason for the author of the so-called "Mysterious Letter" to fear of his identity, but should have the heart to stand by the courage of his convictions and declare himself by saying, "I've committed no crime, and what can you do about it?" and, instead of being pointed out with scorn, ridicule, and condemnation by the people he should be credited with the honor of having the courage of furnishing important information, correctly, to the powers that be, which, may perhaps, would lead to bettering the now doubtful present and future conditions, that most of the people

here believe which Hawaii nei now is facing, will be true.

Why should he not come out and take his medicine like a man, than to be scared into keeping under cover, just because our local press, in their every-day course of business, pounced upon some tangible leak in something, in the nature of a public matter, in which the public may be interested, perhaps, intended to be kept a secret until the proper time for giving it out to the public was ripe. If any extra efforts have been made by the press reporters to get at the facts and give a truthful account of the matter for publication, and a scoop for his paper as news, for the benefit and information of its many anxious and interested readers, I consider it nothing more than what should be expected of the press—that's what the press is for. It is their duty to the public; its legitimate business.

So far, not anything has yet been published by the press here, to cause or justify any excitement other than curiosity, for the letter writer to be alarmed or fear the vengeance of the press or of any bodily harm through violence, be feared from any over-excited citizen.

But, if the author of the so-called "Mysterious Letter" has by it furnished some bare-faced, wilful, malicious and injurious untruths, falsified information to official heads of the home government at Washington, D. C., of matters, if given credence, be detrimental to the vital interests, and future prospects of the territory, its government and people, or of any resident thereof, then I would state that there may be no form of punishment in our written laws severe enough to serve the ends of justice in an instance of this nature, for damage done, or might have been done by the doings of some meddlesome trouble maker, who could be guilty of such cowardly and treacherous act; not even the application of a coat of tar and feathers publicly done, ridden on a rail, escorted down Fort Street by Herr von Berger's Band playing the Rag's March and the culprit dumped into the harbor at the foot of the street, and not be allowed to set foot again on our once peaceful shores. This may be stretching it, and be considered barbarous, but it is far better that one should be made to pay the penalty for his own villainous misdeeds towards a confiding people than that thousands of innocent ones suffer. Let the people be the judges.

CHAS. B. WILSON.

Personal Mention

JAMES D. DOUGHERTY will arrive on the Manoa after a business trip to the Coast.

MR. and MRS. BERTRAM VON DAMM departed for the coast and Europe in the Korea today.

DR. E. S. GOODHUE and little daughter are expected to return on the new Matson liner Manoa, arriving March 24.

GEORGE F. WELLS is planning a trip to the mainland, to sail for San Francisco March 20 in the Oceanic liner Ventura.

MR. and MRS. R. W. SHINGLE were numbered among the passengers who sailed for the mainland today in the Pacific Mail liner Korea.

ATTORNEY W. C. M'KEAN, assisting in the defense of John W. Marshall, is booked for return to the coast in the Oceanic liner Ventura.

MR. and MRS. J. S. M'CAULESS intend to make a prolonged stay on the mainland. They departed for San Francisco in the Korea this morning.

J. B. PINKHAM, advertising manager for the San Francisco Examiner, now visiting the islands, expects to return to the coast in the Oceanic liner Ventura.

W. W. THAYER, attorney-general, left yesterday for Maui, where he expects to finish several old fisheries cases that have been pending a number of years. He probably will return Thursday.

CHARLES A. LEMP, son of a prominent St. Louis brewer, is a member of a party of several wealthy tourists who arrived at Honolulu in the Matson Navigation steamer Wilhelmina and will remain in this city until the sailing of the Toyo Kisen Kaisha liner Hongkong Maru for Japan and China. Mr. Lemp is on a leisurely tour of the world.

LITTLE INTERVIEWS

—J. W. CALDWELL: The rains of the last two days should help to relieve the water situation in Honolulu temporarily.

—E. A. MOTT-SMITH: It is quite a relief to be relieved of the duties of secretary of the territory. I intend devoting my entire time to the Public Utilities Commission.

—SPENCER BOWEN: The office of the Associated Charities will be moved to more commodious quarters the first of the month. More working space will be afforded and, incidentally, we will be able to do more work.

CAPT. A. L. SOULE: I would venture to state that 90 per cent of the passengers arriving here in the Wilhelmina this morning are strangers, many making their first visit to the islands.

WILLIAM L. BUSH (Chicago detective bureau): It is a matter of regret that business will compel me to return to Illinois before making an extended tour of the islands. I wish that it might be otherwise.

HARBOR OFFICER CARTER: I hear that I have fallen heir to \$100. It's all news to me. There is a fee paid by the military authorities for the return of enlisted deserters but it does not total any such sum.

—W. C. M'KEAN (attorney from Pennsylvania): I have traveled in Europe and throughout the eastern states, and I find the fascination of Hawaii's climate a greater attraction than I have ever encountered in all my other journeys.

—SIDNEY R. JORDAN: An increased demand for literature descriptive of these islands has been noticeable during the past two weeks. Many large mail orders now are being filled. The Promotion Committee has on hand a list of more than 1000 names of persons who intend visiting the Panama-Pacific Exposition.

Perhaps, after all, it's better to be a poor man's wife and the "whole thing" than a rich man's wife and only a part of the drawing-room furniture.

CASTORIA

for Infants and Children.

Physicians Prescribe Castoria.

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: 1st, The indisputable evidence that it is harmless; 2nd, That it not only allays stomach pains and quiets the nerves, but assimilates the food; 3rd, It is an agreeable and perfect substitute for castor oil. It is absolutely safe. It does not contain any opium, morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrup, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a medical journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—*Hall's Journal of Health.*

The signature of *Dr. H. H. Fletcher* guarantees genuine Castoria.

"Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so liked the place."
WILLIAM BELMONT, M. D.,
Cleveland, Ohio.

"I have used your Castoria in the case of my own baby and find it pleasant to take, and have obtained excellent results from its use."
S. A. BUCHANAN, M. D.,
Philadelphia, Pa.

"I take pleasure in recommending your Castoria, having recommended its use in many instances, and consider it the best laxative that could be used, especially for children."
NATHANIEL K. KING, M. D.,
St. Louis, Mo.

"I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."
H. J. TAPP, M. D.,

Old Ireland's banner—the gold harp on the green field—grandly waves over Ye Liberty theater today. As it unfurled to the early morning breeze, and fluttered under the warming rays of the rising sun, it seemed an omen—an omen of good luck.

And it really was a pleasant omen, for it proclaimed to the loyal sons and daughters of Erin, and also to the Young Erin Society's many friends, that everything was ready for the monster entertainment tonight in honor of the patron saint of Ireland.

The members of the Y. E. S., the members of the Spaulding company, all the professional and amateur talent that has kindly offered its valuable services—all these are letter-perfect in their respective parts, and all are anxious to put their best foot forward in making tonight's show one long to be remembered.

Jack D. Cleary, the impresario, has secured more than 30 artists and these will present a program of about 20 numbers—making a long show that will last from 7:45 until long after 11, it is expected. Even the two or three moving pictures have an Irish flavor, while the songs, dances, stories, tableaux and sketches will all be linked in some way with the thought of St. Patrick's day.

Tickets are on sale during the day at the Bijou box office. Tonight the balance of them will be sold at the box office of Ye Liberty theater, where the entertainment takes place.

EXHIBITION DANCE

The management of the Young and Moana hotels has secured the services of Mr. William L. Thode, master of dancing, who arrived recently from the Hotel Virginia, Long Beach, California, to give exhibitions of the latest dances at the regular Thursday evening dance.

At next Thursday's dance, which will take place at the Young Hotel, Mr. Thode will demonstrate the "Parisian Tango"—advertisement.

The members of the Chinese Students Alliance of Hawaii are planning to give a benefit concert in the near future which will be taken part in by those of the organization who are musically inclined. This decision was reached at the recent quarterly meeting of the alliance. The proceeds of the concert will be devoted to the fund of the society.

What is more rare than a day in June? Why, a place where a better meal, of home-produced, home-raised fixins can be cooked and served than at Hotel Aubrey, on the other side of the island. Hotel Aubrey at Hauula is not only one of the best "meal" places in Oahu, but it is surrounded by all beauties of nature, of land and sea.

No one knows how great a proportion of the world's trouble is caused by headache. If everyone would keep "Shac" constantly on hand, and use it whenever needed, there's no doubt everyone would be far better off. "Shac" really cures. Insist on "Shac"—advertisement.

PAAUHAU SUGAR CO.
MEETS ON COAST AND NAMES DIRECTORATE

[By Latest Mail]
SAN FRANCISCO.—At the annual meeting of the stockholders of the Paaubau Sugar Plantation Company, held March 7, 85,502 1/3 of a total of 100,000 shares of the outstanding stock were represented, and the following officers were elected:

President, William Matson; first vice-president, Henry St. Goar; second vice-president, A. F. Morrison; secretary-treasurer, H. W. Thomas. The directors elected were William Matson, Henry St. Goar, A. F. Morrison, Charles Templeton Crocker, John A. Buck, R. R. Strange and Charles P. Hanlon.

The situation, as explained to the stockholders, was contained in a statement that sugar sold in New York on Friday on a basis of 3.01 for 96 degree centrifugal, which would net the company \$48.70 per ton, less than the cost of production.

The report states that the production for the year 1913 was satisfactory, but that the price, netting \$57.37 per ton, was altogether disappointing. The price received in 1912 was \$71.65 per ton, and in consequence the company reported a net loss of \$23,446, the first in its 15 years of operation. Vice-president St. Goar's report states that the prospect of a remunerative price for the 1914 crop is not good; that the estimated world's production is the largest ever made and that there must be expected the 25 per cent tariff cut.

The report of Alexander Smith showed that 2769 acres in 1913 yielded an average of 2.5957 tons per acre and estimated the 1914 crop at 10,000 tons from 2607 acres. The 1915 crop looks promising and a heavier rainfall is expected.

The financial report was in part as follows:
Funds on hand December 31, 1912 \$12,705.36
Net proceeds from 9905 tons of sugar at \$58.37 per ton 578,144.00
Total receipts 744,642.21

Disbursements
Crop and other expenses, including renewals 497,387.12
Borrowings 45,263.50
Dividends paid 20,000.00
Total disbursements 562,650.62
Funds on hand December 31, 1913 57,072.06

Credits
Profits from sugar 40,151.60
Total credits 47,854.73
Debits
Water purchased, but not used 23,559.52
Depreciation charged against 1913 crop 41,451.58
Net loss, charged against profit and loss 23,446.93

Total assets \$1,956,553.07
Deficit 43,446.93
Total liabilities, capital stock \$2,000,000.00

Prizes have been offered for the best inventions by nurses shown at the Panama-Pacific International Exposition. The contest will be in connection with the convention of nurses' associations in June and may be entered by nurses of any of the 15 nations represented in the international association of nurses. The invention of any hospital appliance or mechanism for the simplification of procedure in nursing may be entered provided that the inventor is a nurse.

SHERWIN-WILLIAMS

Brighten Up Finishes

PRACTICALLY everything in and about the home can be made to look bright and new and clean with the right paint, varnish stain or enamel. The housewife and the householder can do much of this work with very little expense and a great deal of pleasure. There is, however, one important thing to remember: use a finish that is made expressly for the work you want to do. Do not buy a product that is made for a variety of uses or surfaces.

Sherwin-Williams Brighten Up Finishes are made for finishing tables, chairs, walls, floors, pipes, picture frames, shelving and hundreds of other articles and surfaces in and about the house. Each is a specialty—made for a particular purpose. Each contains the essential qualities that insure good results.

All you need to remember is "Brighten Up Finishes." Come in and we will be glad to give you the particular paint or varnish made expressly for the article or surface you wish to finish. Ask us about Brighten Up Finishes—what they will do and how to use them. Get a Brighten Up booklet.

Your chance to brighten up your lawn furniture for the coming Summer is at hand. Special stock-taking sale of Porch and Lawn Furniture Enamel now on.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

GOOD IRISH AND TRUE MEET AT ST. PATRICK'S EVE BANQUET

Ancient Order of Hibernians and Guests Toast Emerald Isle and Its Traditions

St. Patrick and the never-dying spirit of Ireland were toasted and praised last night at a very enjoyable banquet given in the top-floor dining room of the Alexander Young hotel by Division No. 1 Ancient Order of Hibernians. More than half a hundred Irishmen and ladies and their invited guests met around the banquet-board, and in spite of inclement weather, the occasion was marked by much informal fun and jollity and plenty of serious appreciation of the event and the elements that have gone toward the making of Irish character and Irish tradition.

The green of the ould sod was reflected in the decorations of the table. Little green baskets with the traditional harp being given as dinner favors. James J. Sullivan, toastmaster, Rev. Father Valentin and F. D. Creedon, one of the veterans of the A. O. H. in Hawaii, received the guests in the mauka pavilion of the hotel previous to the dinner. Governor Pinkham was an invited guest and after the dinner stood at the head of an informal reception line and met those present. The governor was seated at the left of the toastmaster during the banquet with the Rt. Rev. Bishop Libert on the right.

Much informality marked the program, which was also largely impromptu. The responses to toasts were brief and there were no set speeches. Toasts were drunk to the president and to the governor. Jack Lucas propounding the latter, after a talk in which he praised Governor Pinkham and urged that the people of Hawaii give the executive stanch support.

A letter was received from Brother Dutton of Molokai, conveying his best wishes on the occasion and for the success of the order.

Governor Pinkham, who spoke briefly on the toast, "The President," talked somewhat about national administration affairs, dwelling on the grave problems that confront President Wilson and declaring that all good citizens should help hold up the president's hands and give him stanch backing. He also spoke of Joseph P. Tumulty, the good Irishman who is the president's secretary.

Other talks were made by F. D. Creedon, Dr. James J. Carey, Jack Lucas, Chester Doyle, Father Valentin, H. E. Henderson, Father Maximin, Jack D. Cleary, Dr. J. H. Farrell, Riley H. Allen, John James Armstrong, John D. Drury, with the engineers, Fort Shafter, and Bishop Libert. Con-

F. Dempsey recited a humorous poem entitled "An Irishman's Dream," and Father Valentin sang a song, "My Dear Old Irish Mother" that was heartily cheered. Kaal's orchestra furnished the music for the evening.

One of the features was an earnest talk given by Toastmaster Sullivan in which he emphasized the fact that the A. O. H. stands for spiritual as well as civil strength, usefulness and cooperation.

It might be added that Jack Lucas also gave a St. Patrick's day toast in Hawaiian and Chester Doyle obliged with a rendition of "The Wearing of the Green" sung in Japanese with a Greek accent imported from his usual cafe haunt.

Among those present were: Governor Pinkham, Rt. Rev. Bishop Libert, Father Maximin, Father Valentin, Mrs. E. M. Wood, H. F. Davidson, Miss Estelle Healy, Miss Jane White, Miss Elizabeth McMenamin, Gladys Thomas, W. E. Greene, Amy O'Connor, Samuel F. Chillingworth, Jr., James J. Carey, E. W. Burgess, C. F. Dempsey, Mrs. M. Cleary, Jack D. Cleary, Elizabeth Gosling, Mary Gouvetta, James J. Cashman, Jeremiah O'Sullivan, Mrs. J. O'Sullivan, Alfred J. Thevenin, James Armstrong, Frank G. J. Murray, John F. Bowes, John D. Drury, John Sheehan, Chester A. Doyle, Riley H. Allen, W. C. Bergin, Mrs. J. J. Sullivan, A. T. Henderson, Mrs. E. J. Lord, Mr. and Mrs. F. D. Creedon, J. Lucas, Mrs. John Dugan, Mrs. Cervus, Dr. J. F. Farrell, John H. Farrell, Lillian H. Ranien, Clara A. Rhodes, William C. McCov, Mr. and Mrs. T. J. Fitzpatrick, J. Macaulay, Mr. and Mrs. J. Maxam and E. M. Wood.

GRAVES OF HAWAIIAN CHIEFS ROBBED IS CHARGE MADE TO POLICE

Vandals are charged with desecrating the final resting places of several early Hawaiian chiefs and nobles, whose remains have for years been held in sacred caves at the upper end of Palolo valley.

The police department today has a list of names of a number of enlisted men and civilians, who are charged with having visited these graves within the past week, rifling the tombs and removing articles of value.

The matter was brought to the attention of Sheriff Jarrett, who has detailed an officer to make an investigation. Testimony adduced from a number of persons residing in the immediate neighborhood implicates several who are to become subjects for a searching investigation. A fine of not less than \$100 or imprisonment of

SUPERVISORS ARE GIVING TIME TO WATER PROBLEMS

From now until the water and sewer systems are actually transferred from the territory to the city and county, the board of supervisors will spend a good part of its time in planning for the acquisition.

To bring both systems up to a paying basis, to arrange some scheme for the discharge of the bonded and current indebtednesses of the systems, and also a scale of rates to be charged for the service, are the intentions of the board.

A special committee of the board is studying the problems involved in the transfer. Supervisor Petrie, a member of this committee, has reported that the superintendent of public works has all the figures and general information germane to the transfer, ready, which he will turn over to the board at any time desired. Special meetings of the committee will be held soon to work on this data and outline the ordinances necessary to pass to take the place of the territorial statutes relating to the water and sewer systems which go out of effect with the transfer.

GIRLS! GIRLS! TRY IT. BEAUTIFY YOUR HAIR

Make it thick, glossy, wavy, luxuriant and remove dandruff—Real surprise for you.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it, through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually get new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it—advertisement.

OAHU NOT IMPREGNABLE, DECISION OF BOY SCOUTS AFTER MANEUVERS

Oahu is not impregnable, according to the Boy Scouts' tests which were made last Saturday night in an exciting little game of strategy in which several hundred scouts took part. An aeroplane was supposed to have landed back of the city for a fresh supply of gasoline, and this was to be furnished by men carrying cans of the fuel from the beach where it had been landed from a vessel. The position of the aviator and of the landing place on the waterfront were only determined by the scouts through the sending up of rockets announcing the beginning of the game. And the invaders won.

FAIR COMMISSIONER OF PHILIPPINES HAS PLANS FOR ELABORATE EXHIBIT

Backed by an appropriation of \$250,000, the Philippine islands are planning an elaborate and extensive exhibit at the Panama-Pacific exposition in 1915, according to F. W. Taylor, formerly commissioner of agriculture of the Philippines and now director of the Filipino exhibit, who spent a few hours in Honolulu yesterday before departing for San Francisco in the Korea.

The Philippine building will cost in the neighborhood of \$40,000, and the plans, recently complete at Manila, are now in Mr. Taylor's hands to be put by him before the commission officials in the coast city. Mr. Taylor is a close friend of H. P. Wood, chairman of the Hawaii fair commission, and he anticipates meeting the local representative in San Francisco. The Philippines plan to make extensive exhibits of such subjects as education, agriculture and forestry, and industrial science, and manual training work is to be shown in actual operation, says Mr. Taylor. The commissioner laid special stress on the fact that the Philippines had no trouble in securing sufficient funds with which to carry out its fair exhibit plans. The first appropriation made was \$150,000. This was not considered sufficient, and another appropriation of \$50,000 was made, and, shortly after, another of the same amount.

RAIN IS CREDITED WITH KEEPING KEWALO FOLKS AWAY FROM MEETING

The announced meeting of Kewalo property owners to take action in connection looking to the stopping of the reclamation work which is being carried on in the Kewalo and Kakaako districts under direction of the board of health, turned out a fizzle. The meeting was to have been held at the office of J. Alfred Magoon, but aside from the owner and some of his clerks no one put in an appearance. The exceedingly rainy night is credited with the remissness of the Kewaloites. The injunction proceedings of Magoon et al. against the Lord-Young Engineering Company and the Superintendent of Public Works, in connection with this matter, was up in Judge Robinson's court yesterday afternoon, but didn't get very far, the proceedings consisting of reading and filing of various answers and replies by the attorneys.

Frontage tax, road, sidewalks and matters of general improvement will come up for discussion at the meeting of the Kaimuki Improvement Club, which has been called for 7:30 o'clock this evening in the Liliuokalani school, Kaimuki.

Mr. Taylor plans to spend some months in San Francisco, and will be a visitor in Honolulu on his return home.

DIRECT PRIMARY LAW UPHeld BY THE DEMOCRATS

Members of the Democratic territorial central committee in meeting last night reached an important decision in their deliberations over the revision of party rules and regulations, a decision which they say is in perfect harmony with the spirit of the direct primary law.

By the change agreed upon in the rules and regulations, all candidates for election to a committee, whether a county committee or the territorial central committee, and candidates for the delegateship to the national convention, will be elected through direct primaries. This was the unanimous decision of the eight members of the territorial central committee present at the meeting.

The job of revising completely the rules to bring them up to the new conditions, conditions occurring with the enactment of the primary law, has not been completed by the committee, and it is likely that a month or more will pass before the revision is finished.

But the decision reached last night is the one they say is of the most importance, and one of the biggest departures from the old order of things. The Democrats, said Chairman M. C. Pacheco, showed that they are in sympathy with the primary law and anxious to put the party in a position where it can work with it in harmony.

Incidentally, Pacheco branched as true an account of the meeting given publication this morning. According to this account the committeemen spent their time last evening grieving over lost or unattained recognition, and decided to send John A. Wilson to Washington at once with the demand that the administration recognize the territorial central committee.

"We discussed nothing about recognition, nor did we consider sending Wilson to Washington," said Pacheco. The whole account is a fabrication. At the meeting we only considered the revision of the party's rules. You may be assured Wilson is not going to Washington; he leaves today, I understand, for his home on Maui.

"We have decided to have all committeemen and delegates elected by direct primary. This will do away with any feeling that party leaders are putting their friends in such offices, and furthermore we regard it as the implied intention of the direct primary law to have committeemen and delegates elected in this way."

WATER SURVEY OF MOLOKAI IS SHOWN VALUABLE

Important hydrographic surveys of the island of Molokai have recently been made by the local water resources branch of the U. S. geological survey, Engineer G. K. Harrison, in charge of the district, heading the work.

Engineer Harrison and C. T. Bailey, engineer of the Maui section, made a reconnaissance of Molokai's surface water resources from February 11 to 18. They found four good-sized streams worthy of investigation—the Waikolu, Pelekulu, Wailau and Halawa streams. The Waikolu supplies the leper settlement. The settlement is now feeling a shortage of water and it is planned to increase the supply by taking all of the water of Waikolu. Out of the Pelekulu and Wailau streams there is a low water run-off of about 15,000,000 gallons per day being wasted.

On these four streams the hydrographic survey will install automatic clock register gauging stations in the near future.

CHAMPIONS OF TENNIS DIFFER OVER SERVICE

Anthony Wilding, King of the
World in Singles, Favors
One Service Stroke

By WALTER CAMP.

There is a great difference between the views of Anthony Wilding, the world's lawn tennis champion, and Maurice McLoughlin, America's champion, on the matter of the proposed amendment to the rules regarding service.

Wilding has made a suggestion that only one service stroke be permitted for each play, and claims that this would make the game faster and better. McLoughlin holds to the contrary, and his argument seems to be sound, for in it he claims that holding the server to one chance would reduce very materially his speed, as well as his placement work.

The only gain in the matter of time would be less time taken for each set, but in the speed of the play there would be a diminution. McLoughlin calls attention to the fact that quite often the most powerful servers strike wildly, intending to score by pace alone, and on the other hand, he instances Norman Brooke of Australia, whose service is admittedly one of the most successful in the world, and is meant to throw his opponent on the defensive merely by skillful placement.

His final conclusion is that a player would have to come down quite a bit in his pace and sacrifice taking a chance at placement, in order to devote himself to safety, and hence it would really slow up and not speed the game.

The truth of the matter is that every one nowadays seems obsessed to alter rules—to make over everything in sight, not because it needs alteration, but for the mere sake of change.

Parte Davis of Princeton offers the following two suggestions for the purification of amateurism, with a possibility of expulsion.

He states that has intercollegiate athletics have great honors to bestow, a demand in return for the exclusive service of the recipient of those honors for three summers is not too much to ask:

1. I certify upon my honor that I have never directly or indirectly participated in any branch of sport for pay; that I have never received any valuable thing in lieu of money, except medals and prizes regularly offered, and that I have never participated in any branch of sport under an assumed name.

2. No student shall be eligible for membership upon any competitive team, who, after matriculation, participates in any sport at which an admission fee is charged, except as a member of one of the college's competitive teams, or who receives directly or indirectly any compensation, remuneration, reimbursement, or payment of his expenses for participating in any sport at which an admission fee is not charged.

It would appear that whether intentionally or not, this would bar any college student, even though a member of his own home club, from participating in this sport or that club during July, August and September.

Change Soccer Rules.

Once more the American has taken up a game from the Englishman and has found occasion to alter the rules in material fashion. This time it is "soccer football." Much has been said that will be remembered in columns of papers about the advantage of the sportsmanlike rule. "There shall be no substitutes."

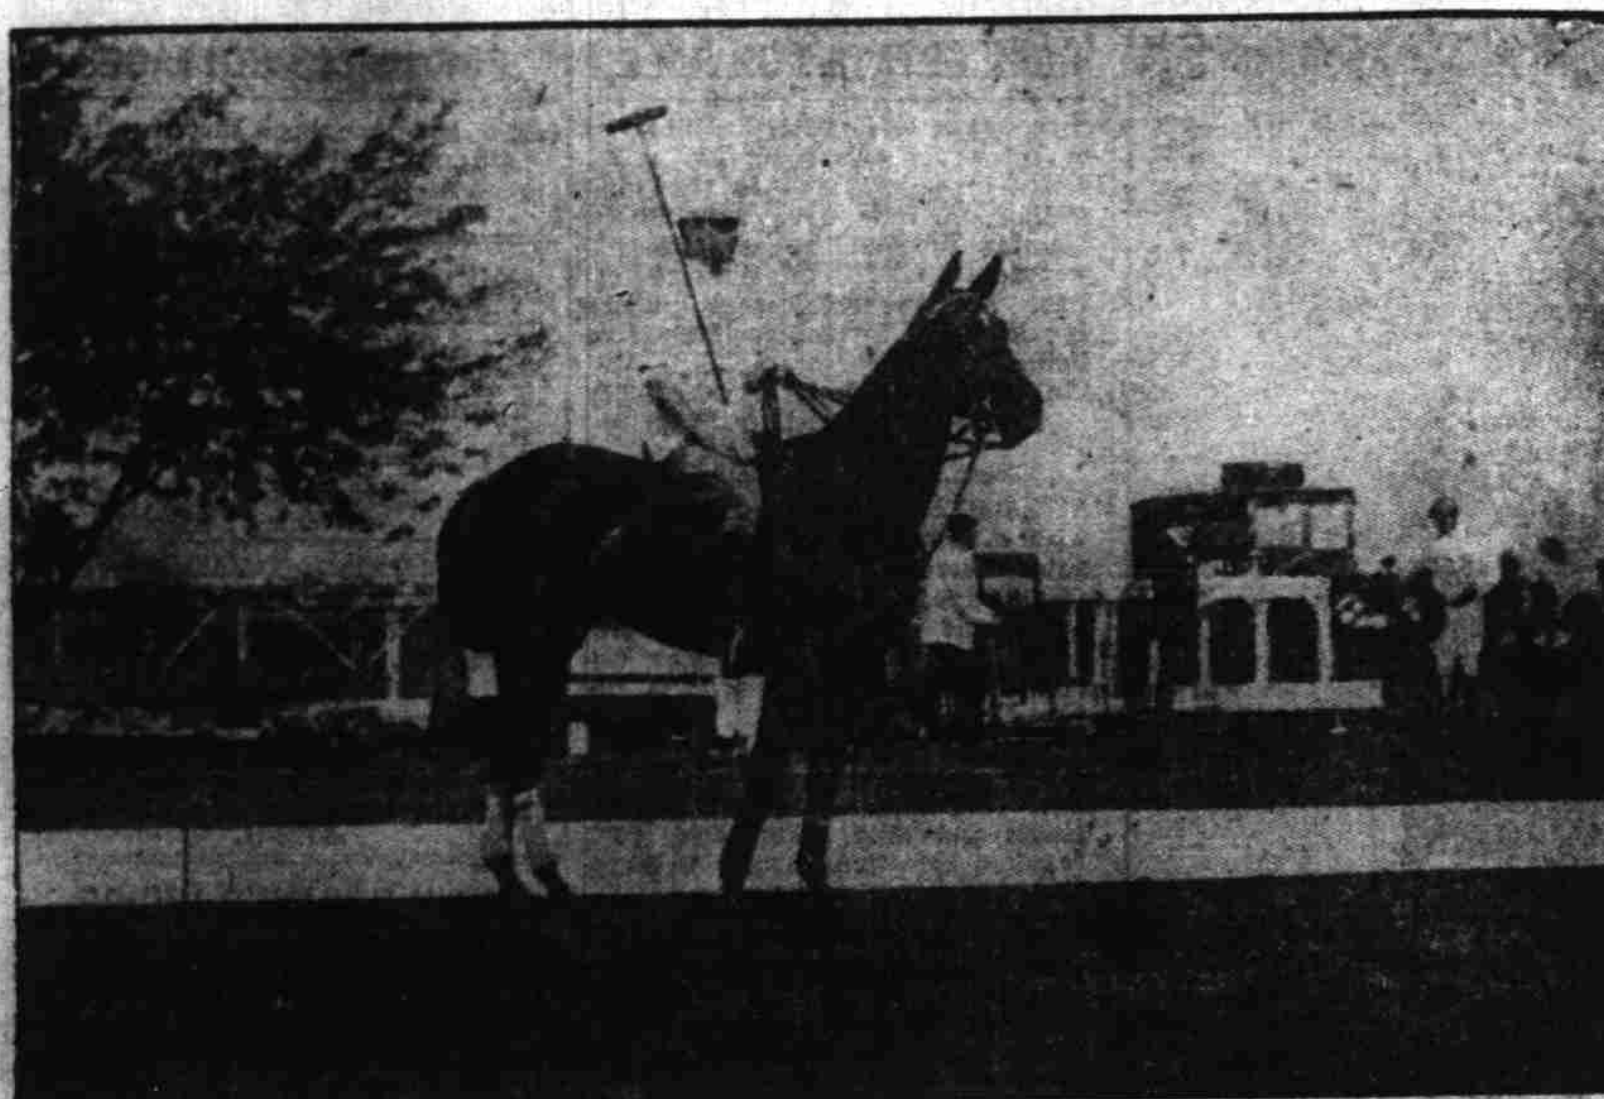

The possible substitutes are two in number, one a regular reserve, and another, who is to be allowed in the game only in case of injury to any member of the regular team. Another excellent provision was added that the game may be prolonged by periods of 10 minutes in case of a tie, at the discretion of the captains.

"Soccer" is growing in this country not very much in the matter of interest, for spectators are few, but in real amusement for the players themselves, and there is no reason why it would not come to fill a place alongside our other sports without in any way trespassing or creating a rivalry.

"INSIDE BASEBALL" AS PRACTICED BY UMPIRES

By CHRISTY MATHEWSON.

Many articles have been written about "inside" baseball in the big leagues, and the added effectiveness given a team by a thorough system of signals, but I never saw an article on the "inside" game that the umpires work. Of course, the umpires have practically no opponents on the ball field except 18 active players, two managers, the substitutes, and several thousand fans. Therefore, the umpires naturally do their level best to keep from getting themselves in bad.

Klem Won't Co-Operate.

I recall overhearing a little conversation before the first game of the post-season series between the Giants and the Yankees in 1910, that illustrates this dislike on Klem's part. "Billy" Evans and Klem were the umpires in that series and the National league official was scheduled to work the first game behind the plate. As soon as Evans saw Ford, the New York Americans' pitcher, warming up, he stopped a minute at the plate to talk to Klem before going down to his place as the field umpire near first base. As I passed on the way to the box I heard Evans saying to Klem:

"You've got to watch this fellow Ford closely so as not to miss any on him. His spitter has got the funniest break I ever saw, and it is bothersome if you've never worked from behind. I might be able to tip you off the best way to work."

"I guess we've got as good spittball pitcher in our league as he is," said Klem. "I don't need any tips about calling them."

The Klem decision which came up in the Philadelphia game I mentioned received a good deal of publicity. The Giants were playing a close game with the Quakers and, with the score tied, McGraw sent McCormick to the bat as a pinch hitter. He made a clean hit that brought the run over the plate which should have won the game for the Giants. But Klem had forgotten to announce McCormick. As Alexander started to wind up Klem, recalling his slip, turned and faced the stand to tell the crowd of the change, so that he did not see McCormick's hit, since he had his back to the batter. To have saved himself, it would only have been necessary for Klem to have looked at the field umpire and get some sign from him in order to make sure that the hit was all right. Then he would have let himself out of a lot of publicity and criticism. But Klem would not do that.

Evans Talks of Throwdown.

"Billy" Evans has always claimed Klem threw him down on a decision that came up in the series between Pittsburgh and Detroit for the world's championship in 1909, and that decision and the confusion which resulted from the difficulty in making it forced the national commission to assign four umpires to the world's series after 1909, two to stand on the foul lines in the outfield.

Some temporary stands had been constructed for the accommodation of the overflow crowd on the foul lines in both right and left fields. Beyond these stands, in fair territory, were the regular bleachers. There was a ground rule made for the series that, if a hit landed in fair ground and the ball then bounded out of the field and into the temporary stands, it was to be good for only two bases; but, of course, if the ball landed in the field and then bounded into the regular stands, the hit was to stand for a home run, as in the season.

It seems that Evans and Klem, who were the two umpires working this series, arranged some signs so that the man in charge of the game would not get in bad on this decision and give any two base hits as home runs

or home runs as two base hits. It was up to the umpire behind the plate to decide, and it was clearly evident that sometimes it would be difficult for him to see into which stand the ball had bounded, while the base umpire would nearly always be in a position to tell. If the ball went into the stands on fair ground, the field umpire was to tip his partner off to that fact by pulling at the peak of his cap. If it bounded into the temporary stand after landing in fair territory, the field umpire was to give the sign by putting his hand on his hip.

When Klem Wasn't Looking.

In a crucial game of the series, which, as will be recalled, swung out to seven contests Detroit got away to a big lead, but the Pittsburgh slugs broke loose and got a lot of men on the bases and a run or two over. It looked like the "break" of the game. Jake Miller hit one to right field and the ball pounded into the stand. The crowd all stood up and leaned out, so that it blocked the umpire's view. Evans was working behind the plate and it was up to him to make the decision. He looked at Klem for the sign agreed upon, but got none. He walked down to Klem at first base before making his judgment known, with both Clarke and Jennings, the two managers, after him.

"How about that, Bill?" Evans asked Klem. "Did that ball bounce into the two base stand or the home run stand?"

"Gee, Bill, I was watching for a play on another base and didn't see it," replied Klem.

Evans Appeals to the Fans.

In the meantime Miller, of course, had taken it for granted that the hit was a home run and had trotted around the bases. It was then that Evans took his big chance and went out to right field and asked the fans where the ball had stopped. One of them in the two base bleachers showed him the ball and Evans ruled a two base hit. Of course, the spectators did not know about this ground rule when they tipped it off, because all in this section were Pittsburgh rooters.

"But I have always thought that Klem threw me down on that one," I heard Evans say once. "I was depending on him."

FIELDER JONES TURNS DOWN FEDERAL OFFER

[By Latest Mail]

CHICAGO — The federal league is reported to be negotiating with Fielder Jones, head of the northwest baseball league and former manager of the Chicago White Sox.

President Gilmore was said to have wired to John R. Ward, head of the Brooklyn club in the new league, asking permission to sign Jones for manager of the Brooklyn club, should the negotiations be successful.

PORTLAND, Or. — Fielder Jones, president of the northwestern baseball league, said here that he had received an offer from the federal league, but that he had refused to accept it. He refused to state what the offer had been. Jones said the offer had not come from President Gilmore. He refused to state what would be his attitude in case the federal league made further overtures to him.

As an experiment, the supervisor of the Beaverhead national forest is stripping the bark from the trunks of a number of lodgepole pine trees at various periods before they are cut for telephone poles. This girdling causes the trees to exude resin, and it is desired to find what effect this may have as a preservative treatment for the poles.

TWO PUBLICITY AGENTS LEAVE FOR THE COAST

Will Assist in Settling International Questions in New York State

Two publicity agents who will spread the fame of Hawaii abroad sailed on the Korea this morning. Their names do not appear on the passengers list, but they are not traveling incognito either, for their arrival on the mainland is likely to be much heralded. They are four-footed boosters, answering to the names of Carry-the-News and Helen C., and they are going across the Pacific and the American continent to help the United States defend the international polo trophy, and incidentally to again focus the eyes of the sporting world on Hawaii as a polo center, and on Hawaii polo players as true sportsmen.

Harry Payne Whitney's representative, J. Cashell, was successful in his mission, which was to come to Hawaii, explain the needs of the American polo team to Honolulu players, and secure the loan of the two crack ponies, which last year proved the sensation of the international matches. Although the ponies are needed here for tournament play, Cashell's arguments prevailed, and with the assurance of special care and personal watching on the way across, the ponies were allowed to depart. They will not return to Hawaii until next spring, as the local team expects to play in California in 1915, and will have the ponies kept on the Coast until that time.

Carry-the-News belongs to Dr. Will Baldwin, and Helen C. is the property of Walter F. Dillingham.

It is the belief of Cashell that the famous Meadowbrook four will again defend the cup, in spite of Whitney's announcement that he would retire from international competition.

"Mr. Whitney is keeping in training and practice, and so are the Wa-

RAIN ENDS SCHOOL MEET: WILL BE RESUMED TODAY

When a rain came up from the south that went clean through the umbrellas on the field, referee Cross, in charge of the Grammar school track meet, decided that the best thing to do was to postpone the races. For a time it looked as though it would clear up, but just as the crowd was emerging from its various shelters, the water came down in torrents and in a few minutes had flooded the field.

The trial heats had been run off in the 100 and 50 yard dashes, but the only final that was pulled off was the 440-yard dash, which was won by Wright, of Kamehameha, with A. Smith second, J. Lewis third and Roy Graham fourth. Whether these races will be run over or not will be decided before the meet is resumed this afternoon.

BASEBALL FOR CHINA

[By Latest Mail]

CHICAGO — Baseball is destined to become China's national game, according to Joe Benz, first of the world tourists to reach Chicago. Japan is already a nation of baseball fans, he said. Benz brought home good tidings of Catcher Daly, the Sox recruit, and said Jim Thorpe, the Indian athlete, had improved greatly and would be of great assistance to the Giants this year.

LEGAL NOTICES.

IN THE CIRCUIT COURT OF THE First Judicial Circuit, Territory of Hawaii.—At Chambers. A. J. Cooper, Libellant, vs. Ida Cooper, Libellee, divorce. Order for Service by Publication.

Upon the reading and filing of the affidavit of A. J. Cooper, the above-named Libellant, and it satisfactorily appearing therefrom that the Libellee herein, Ida Cooper, resides out of this Territory and can not, after due diligence, be found therein, and that the residence of said Libellee is not known to said Libellant and cannot be by him ascertained though he has made diligent, reasonable and due search and inquiry; and it further appearing that a Summons issued out of this Court in this action and that more than six months has elapsed since the issuing thereof, and that personal service of the same cannot be made upon the said Libellee for the reasons hereinbefore contained and by the said affidavit made to appear; now, on motion of H. G. Middleditch, attorney for said Libellant.

It is Ordered that the service of the summons in this action be made upon the said Libellee, Ida Cooper, by publication thereof in Honolulu Star-Bulletin, a newspaper suitable for the advertisement of notices of judicial proceedings, published at Honolulu, Territory of Hawaii, at least once a week for six successive weeks, and the case set for hearing in the Courtroom of the Second Judge of the First Circuit in Honolulu, on Monday, the 27th day of April, 1914, at 9 o'clock A. M. of said day.

Dated Honolulu, February 9, 1914. WM. L. WHITNEY, Second Judge, Circuit Court First Judicial Circuit, Territory of Hawaii. 5775—Feb. 10, 17, 24, March 3, 10, 17.

DEMAND FOR TROOPS TO PATROL BORDER

SAN DIEGO, Cal.—Citizens of Te-
cate and other settlements along the
Mexican border within 10 miles of
the little border town where Mexi-
can bandits crossed the line Sunday,
burned the United States postoffice
and customs office and killed Post-
master Frank V. Johnson, yesterday
held a mass meeting at Tecate and
adopted resolutions demanding that
United States troops patrol the border
between California and Lower Cali-
fornia for at least six months.
Every man in attendance upon the
meeting was heavily armed, and the
feeling against Mexicans is bitter.
Maj. William C. Davis, commandant
of Fort Rosecrans, with several other
officers and a platoon of men from
the coast artillery post, reached Te-
cate yesterday to conduct an investi-
gation and prevent further trouble
between Americans and Mexicans, and
while there has been no proclama-
tion issued, martial law is practically
in effect.

District Attorney Harry S. Utley
has asked Gov. Hiram W. Johnson to
make a formal demand upon Governor Vas-
quez of Lower California for the de-
livery to San Diego county authorities
of the Mexicans suspected of killing
Johnson and destroying the govern-
ment property.

INSPECTORS DISAGREE IN PLACING ACCIDENT BLAME

PHILADELPHIA, Pa.—Two United
States inspectors of steam vessels,
who are investigating the disaster of
January 30, in which the steamship
Nantucket rammed the steamship
Monroe, off the Virginia coast in a
heavy fog, causing the loss of 41
lives, have rendered divided opinions
as to the blame for the disaster.

One of the inspectors has charged
the captain of the Nantucket with be-
ing guilty of negligence, while the
other charges the commander of the
Monroe with responsibility for the ac-
cident.

It is believed that the supervising
inspector will consult with the depart-
ment of commerce at Washington be-
fore making a further move.

REBELS SHOWING ANTI-CARRANZA FEELING

NOGALES, Tex.—On account of al-
laged lack of sympathy with General
Carranza for personal reasons, Ricar-
do Gayon, constitutionalist consul here
was summarily dismissed today by the
directing head of the constitutionalist
party. This is the latest development
in the anti-Carranza feeling which is
said to be growing rapidly through-
out the parts of northern Mexico un-
der control of the rebels. That only
close and trusted friends of Carranza
will be allowed to hold office is a
report which has gained wide circu-
lation.

SAILORS ESCAPE ASPHYXIATION.

SAN FRANCISCO.—Six members of
the crew of the United States navy
collier Jupiter lying in the Mare Isl-
and yard were nearly asphyxiated yester-
day when they went below to se-
cure a supply of coal for the gallery.
All six of the men had become un-
conscious from the fumes of coal gas
when their predicament was discov-
ered but prompt assistance from their
mates saved them. All will recover.
