SAN FRANCISCO NEEDS THE MONEY

THE CHAMBER OF COMMERCE THIS MORNING RECEIVED A CABLEGRAM FROM THE RELIEF COMMITTEE IN SAN FRANCISCO—HAS PLANNED USE OF ALL OUTSTANDING FUNDS—WILL GRATEFULLY RECEIVE THE SAME.

The following cablegram was received by the Chamber of Commerce this morning relating to the inquiry sent by that body to James D. Phelan in San Francisco asking if a portion of the Relief fund still in the hands of the Relief Committee here could be spared by the Committee there.

San Francisco, November 12. Chamber of Commerce, Honolulu, T. H. Have written to Morgan, Honolulu. Committee has planned use of all outstanding funds for benefit of sufferers of disaster. Will gratefully receive of your balance. If you desire specific use of part, advise us.

(Signed) JAMES D. PHELAN.

The receipt of the foregoing cablegram puts a close to the argument that any portion of the Relief fund could be used to bring the band home as the Relief Committee here decided that should the money be needed in San Francisco that it was beyond their power to divert any portion of it.

It is now up to the people of this city to raise the money with which to pay the home passage of the Hawaiian Band if it is shown that they are actually in need.

There will probably be another meeting of the Merchants' Association and of the Trustees of the Chamber of Commerce to talk over other plans for the relief of the band.

James F. Morgan has been communicated with and asked to ascertain the situation the band is in at present. The following cable was received from him this morning by L. Tenney Peck in answer to the one forwarded to him yesterday.

San Francisco, 6:30 p. m. L. Tenney Peck, Honolulu.

The Relief Committee has cabled to the Chamber of Commerce. I am getting particulars of band situation.

(Signed) JAMES F. MORGAN.

Aside from the cablegram to Mr. Morgan, Mr. Peck forwarded the following letter on board of the S. S. America Maru:

Personally I am in favor of a new subscription and an immediate one to bring back the band if it is found necessary. I am also in favor of having the War Department furnish transportation to the band on one of its transports. The band is an integral part of the First Regiment of the National Guard which is subject to call to the national defense.

"I have not been able to see Captain Heide, the local quartermaster, but will take the matter up with him immediately. It may be found that the band is not in extreme 'plikka.' It may be that it will earn good money when it returns to San Francisco but I trust that you will have fully posted me on these matters before this letter reaches you. Yours very truly,

(Signed) L. T. PECK, Of Committee Chamber of Commerce.

TERRIBLE MIXUP WITH A NAME

DORA LANCASTER ON TRIAL BEFORE JUDGE DOLE TODAY ON A CHARGE OF BIGAMY.

Dora Lancaster was on trial before U. S. Judge Dole this morning in a charge of bigamy. Dora is a notorious frill. She is defended by L. Noar and Charles A. Long. U. S. Attorney Breckons is prosecuting. The case is being tried before a jury.

The girl is charged with having married one J. Zoch on May 26, 1903 and to have married Max Puders on July 22, 1905 with the formality of a divorce or the death of her first husband.

There is a confusion of the name of the first alleged husband in the marriage license, marriage certificate and record of marriage, the man's name appearing as Julius Zoch, then Julius York then Julius Yock. The case is being contested with frequent technicalities. A recess until 2 o'clock this afternoon was taken this morning.

MAUI PREPARING FOR LEGISLATURE

COMMITTEES OF CITIZENS OF WAILUKU TO MAP OUT WISHES AND NEEDS OF ISLAND.

Senator-elect W. J. Coelho of Maui is well satisfied with the outlook for his island in the next legislature. There is a movement on foot in Wailuku and elsewhere on Maui to appoint committees from among prominent Maui citizens for the purpose of preparing matters for legislation.

Several important matters are under discussion and Wailukans have in mind the submission of ideas which will benefit the whole Territory as well as Maui.

Pending the appointment of these committees and the consequent expression of the will of the Maui people the Honorable W. J. Coelho is not discussing the things which will be required by Maui.

MARINE BARRACKS CERTAINLY NEEDED

MAJOR RUSSELL SAYS MARINES MUST WAIT UNTIL SITE OF NAVAL STATION IS DETERMINED.

Major Russell, in charge of the United States Marines whose barracks are at the naval station in this city, was seen this morning in reference to the following report of General Elliott, commandant of marines, which report has just been issued in Washington:

"The marines are quartered in an old building at this (Honolulu) station known as the 'Coal Shed,' which has been equipped as far as possible for temporary occupancy. If the department decides to maintain this naval station a modern barracks should be provided, the estimates being withheld until a definite conclusion on the subject of the site of the naval station in the Hawaiian Islands is decided by the Navy Department."

"We certainly need barracks," said the Major, "but there can be nothing done toward the erection of proper barracks until it is decided whether the naval station is to be established here or at Pearl Harbor. This same report was made two years ago when we first went into these barracks in the coal shed."

WHERE IS JOE?

Up to 1:30 p. m. today no reply had been received by Governor Carter from Joe Cohen. Evidently the cable company is having trouble in locating the band or else Cohen is figuring how he stands. Or some thing else has prevented his replying. But he will probably reply as soon as he can.

A FREAK VESSEL ARRIVES

EVERETT C. GRIGGS WAS FORMERLY A BARK—UNDER TWO FLAGS—FIERY CROSS ARRIVES.

Sails are beginning to show in the harbor again and the steamships have it not entirely to themselves. This forenoon the Norwegian bark Fiery Cross, Captain Clanssen, was reported, 78 days from Newcastle with coal and by 12:30 this afternoon she was docked.

Yesterday evening the great six-masted barkentine Everett C. Griggs, Britisher, arrived, 66 days from Newcastle. Both vessels experienced heavy seas and head winds. The Griggs was formerly the Lord Welsely, a four-masted bark. This is her first trip here under barkentine rig. The Griggs was built 24 years ago by Harland & Wolff, Belfast. For about 15 years she was under a British flag, when she was dismantled in a storm and sold as a hulk to a German house. She flew the German flag about five years and then went back under the British colors. Captain Clanssen commands her.

ATTACKING THAT BAND INDEMNITY

COL. JONES MARSHALS PHALANX OF TERRITORY TO CAPTURE 3000 PLUNKS OF INDEMNITY.

The Territorial Government is charging like a Macedonian phalanx on the redoubts of the security company and the backers of Cohen and the band to recover on that \$3,000 bond. Colonel Jones is leading the charge and the gallant militia officer proposes to capture the reserve chest of the ill-starred expedition.

The demand for the indemnity bond was made yesterday. The security company sent a hurried cable to ascertain what the dickens was the matter and what it all meant.

But Colonel Jones in the role of the Great Grant, before Fort Donaldson, declares it is to be a case of "unconditional surrender." The backers of that bond are probably howling like the other American immortal, Lawrence, "don't give up the dough."

But Colonel Jones declares, and he has Attorney General Peters back of him, that the dough or the musical instruments loaned the band, must be produced. It appears that the musical instruments taken by the band belonged to the United States Government and were loaned to the band as a part of the militia. Before he would consent to the band taking the instruments, Jones insisted that a bond of indemnity to insure the safe return of the instruments by September 30 be given. This was done, six men including Cohen going on the surety.

The indemnity bond is a stiff enough proposition. It was so drawn up by Attorney General Peters. The instruments have not been returned on September 30, the limit, and now the militia authorities have demanded the fulfillment of the bond.

It is more than probable that the backers of the indemnity bond will try to get an extension and

NEVADAN SIGHTED SHERIDAN

MAKING 150 MILES A DAY UNDER TOW OF BUFORD AND SLOCUM. DYNAMITE ON NEVADAN.

Something over three hundred miles on her voyage to San Francisco out of this port the U. S. A. transport Sheridan, towed by the transport Buford and the army tug Slocum, was sighted at 4 o'clock last Sunday afternoon in longitude 24:12 north and latitude 153:25 west by the American-Hawaiian S. S. Nevada which arrived here from San Francisco last evening.

First Officer B. Jones of the Nevada stated today that the Sheridan was going along at a fair rate of speed, towed by the Buford and the Slocum, the latter boat leading. Everything appeared to be all right. The Nevada did not speak the fleet, not passing close enough. The Sheridan's flag was flying and there was no indication of anything wrong.

The Sheridan left for San Francisco about 4 o'clock in the afternoon of Friday the 9th instant, so she had been out about two days when she and the vessels towing her were sighted by the Nevada. She had up to that time, been getting along at a rate of about 6 knots an hour. This means about 15 days for the entire trip and the fleet may expect to reach San Francisco on the 24th instant.

The trip of the Nevada to this port was very pleasant. Included in her general cargo are 22 tons of dynamite 15 tons for Honolulu and 7 tons for Hilo. While loading the explosive at San Francisco one of the cases of dynamite was dropped down the hatch, but there was no explosion.

A couple of fine Scotch coolies were brought down for Hackett & Co. Mate Jones' splendid bull terrier pup, which was the pet of the ship, jumped overboard after the vessel was a day or two out of the Golden Gate, not that he was afraid of the dynamite aboard but that he was considerably worried by the constant squealing of the three hundred hogs brought down on deck.

There is one other feature of the case that makes the situation interesting. The instruments are U. S. Government property. Failing to produce such government property upon demand is, according to a reading of the statutes, equivalent to an admission of being guilty of embezzlement.

BUSINESS MEN FROM OREGON

EXCURSION PLANNED FOR BUSINESS MEN TO COME HERE FROM OREGON—SPECIAL STEAMER.

PORTLAND, Ore., November 3.—Portland business men, fully 150 of them, will make a voyage to Hawaii next January in a specially chartered steamer to get an idea of the prospects for themselves. H. P. Wood, secretary of the Hawaii Promotion Committee, was in Portland yesterday and after interviewing a dozen or more prominent business men on the question of an excursion, cabled to Honolulu that the trip of the Portland party was assured. Everyone with whom he talked became highly enthusiastic when the subject was broached and it did not take him long to become convinced that Portland will be strongly represented in the islands this winter.

It is planned to have the excursion conducted under the auspices of the Oregon Development League and a special effort will be made to induce business men from all the important cities in the state to participate in the jaunt.

Tom Richardson, manager of the Commercial Club, is interested in organizing the excursion, as he believes that it will prove of material benefit to the merchants of Portland in the way of fostering trade relations, and the preliminary arrangements will devolve upon him.

Mr. Wood and others who yesterday discussed the matter believe that a special steamer should be chartered for about 30 days. If 150 persons can be secured for the trip the total expense for each person will not exceed \$200. It is planned to visit several of the different islands and all the principal points of interest. By chartering a special steamer many places may be visited which otherwise the party would be compelled to omit from their itinerary.

SETTLED CASE OUT OF COURT

RAPID TRANSIT CO. SETTLES
WITH JOHN KINGHAM FOR \$2500
AND JUDGMENT ENTERED.

The Kingham damage suit against the Rapid Transit & Land Co., Ltd., came to an abrupt close in Judge Robinson's court yesterday. The case had been compromised out of court and the defendant company, through its attorneys, J. J. Dunne and D. L. Withington, gave formal notice of such disposition. When Withington moved that the jury be waived and that a stipulation be filed whereby it had been agreed by both parties that plaintiff be awarded \$2500 and each side to pay its share of the costs of the suit.

This case has caused considerable interest here and it was the second time that the case had been in court on trial. John Kingham, the plaintiff, alleged that while riding on a car of defendant company from the Melrose station on King street on May 7, 1935, he had been forcibly ejected from the car by the defendant's employee and sustained serious injuries including a broken rib and other hurts. The plaintiff further claimed that he had been attacked with a fit of asthma immediately after boarding the car and while suffering from such attack and while endeavoring to pay his fare, he had been put off the car while it was in motion near Thomas square. Damages of \$10,252.25 were claimed. A verdict for \$5,000 in favor of the plaintiff was awarded on the first trial. In Judge De Bolt's court, but on an appeal to the Supreme Court the case was remanded for a new trial. It was the present trial that ended yesterday in the stipulation of judgment being entered.

FUNERAL OF MRS. E. WEBSTER.

Funeral services for Mrs. Emily Webster, widow of William Webster, of Honolulu, and daughter of the late Henry N. and Priscilla L. Hopper, took place this afternoon at the First Unitarian Church, West Newton. Rev. Julian C. Jaynes, minister of the church, officiated, and a male quartet sang three selections—"Abide With Me," "Crossing the Bar" and "Passing Out of the Shadow." The body was taken to Mt. Auburn Cemetery for burial. Mrs. Webster was in her seventy-first year and had resided in Newton twenty-seven years.—Chronicle.

JUDGE HATCH AND THE JAPANESE

SAYS THAT IT IS INTERESTING TO
SPECULATE ON WHAT WOULD
HAPPEN IF WAR BROKE OUT.

Judge F. M. Hatch is quoted in the Washington Post in regard to the Japanese question as follows:

"It is interesting to speculate on what would happen in the Pacific immediately following a rupture between the United States and Japan. For instance there are 50,000 Japs now at work in the islands, one-third of the entire population. Two-thirds of them are in the reserve of the Japanese army, and, therefore, trained soldiers. It would be an easy matter for them to overthrow the government and assume control, especially when it is remembered there are but 10,000 Americans there.

"In the event of war between this country and Japan, it would take us a long time to send adequate fleets around the Horn, while Japan in the meantime could capture the Philippines and the Hawaiian Islands, destroy every vestige of our trade on the Pacific, and even bombard San Francisco, Portland, and Seattle. After that she could send her fleets through the Suez and around the Horn, leaving no doubt as to their movements. For a year or two we should be at a great disadvantage, but because of our resources of men and wealth we should win eventually. Victory would cost us billions in treasure and many, many thousands of lives.

"The element of jealousy in the character of the people of Japan may finally bring a conflict, but it should not come now. The sand-lot orators and small statesmen of San Francisco are very short-sighted in their discrimination against the Japs there. If we are to have any unpleasantness let it be in a cause that is right. The San Francisco people are wrong in this matter, and we are wrong in killing Jap poachers off the Alaskan coast, simply because they are poachers. We are big enough and ought to be broad enough to pay indemnity. Japan is right in not tolerating discrimination against her people."

DIES OF LOCK-JAW SOON AFTER ARREST

KOREAN ARRESTED FOR ASSAULT
HAS SPELL IN CELL AND PASSES
AWAY IN QUEEN'S HOSPITAL.

Choy Lun Bin, Korean, got into a row with a Korean hotelkeeper Saturday evening and at 11 p. m. was arrested for assault. He walked to jail in apparent good health and was assigned to a cell.

In the cell Choy underwent a change of condition. He had a fit of some kind. Dr. Emerson, the prison surgeon, was called to examine the man. He declared it a case of lock-jaw. So serious appeared the condition of Choy that he was conveyed to the Queen's Hospital where, at 4 o'clock Sunday morning, he died.

Dr. Macdonald conducted a post mortem examination, finding that death was due to natural causes and not to any blow or violence.

EDUCATIONAL MATTERS SETTLED

BOARD HELD A MEETING YESTERDAY AND APPROVED THE
RAISING OF SOME SALARIES.

A meeting of the board of education was held yesterday afternoon. The resignation of Mr. Sprague the instructor of science at the High School was accepted, to take effect at the end of the term unless he desires to leave earlier. It appears that Sprague suspended a boy member of his classes for having set off an alarm clock during recitation. Sprague's action was not sustained by the principal of the school so the teacher resigned.

A letter was received from Miss Mary Elsie Fleming of Hawaii explaining the reason for her allowing several Porto Rican children to remain absent from school. The children had to help their families at home, the father having deserted the mother in one instance and the mother deserting the children in the other.

A letter from Miss Ticer who had been removed from the Kilauea school was read. She severely criticized Inspector Baldwin. It was decided by the board to give her a position in another school on Kauai.

Professor M. M. Scott, J. F. Brown, Dr. W. T. Brigham, Mrs. Nina D. L. Fraser and Miss Rhoda Green were, on suggestion of Superintendent Babbitt, appointed a committee to go over the manuscripts of the geographies proposed by Mr. Baldwin and Mr. Cope land, for the purpose of determining which is better for the use of the local schools. Mrs. J. M. Dowsett was made chairman of the committee, to represent the board.

The request of Miss Jordan of the Hanalei school, Kauai for the use of the school building at night to teach Japanese was granted. She agreed to take out fire insurance for the government.

The Lahaina school is to begin planting taro soon. It is thought that the contest over the water rights has about been settled. Superintendent Babbitt has been busy with the settlement of this dispute.

There will be no vaccination at the Honokohau school, west Maui, as there is no government physician in that section.

An exchange of lands at Waianae is to be undertaken, in order that the school grounds can be enlarged or the school building moved to a larger piece of land.

It was stated that there has not been a large attendance of members of the board of education only Mrs. Dowsett, W. R. Farrington and Mr. Al having very high averages of attendance.

The action of the teachers committee in recommending the raises of salaries of the following teachers Mrs. Mary Gunn, Miss Stewart, Miss Monsarrat, Miss Kluegel, Miss Soper, Mrs. Bridgewater, Miss Cooke, Mrs. Kinney, Mr. Nahiwa and Mrs. J. N. Bell, was approved.

The board decided to meet in future at 2:30 p. m. every other Monday.

Why Throw Down Our Friends?

The attempt to create a war scare out of the action of the San Francisco Board of Education in regard to Japanese school children, is both unwise and without adequate foundation. There can be no doubt that it is the duty of the American people to deal fairly with the Japanese, and to accord them all the rights they are entitled to as subjects of a friendly power and by treaties with their government. But the effort to scare the people of San Francisco and California, or any other part of the American Republic into doing what they ought, by picturing alleged possibilities to the Pacific Coast, are not very complimentary to American courage, and entirely lose sight of vital facts.

There need be no fear of war with Japan. Japan is an exhausted country. The war with Russia, which she looked on as one vital to her national existence, left her with a load of debt under which she staggers. Taxation has been piled on the Japanese people to meet the obligations of that war, and the military establishment which it believes necessary to keep up, until it seems as if they could endure no more. The economic changes which have come about in Japan as an inevitable concomitant of her adoption of western civilization, have greatly increased the cost of living there. They make impossible the simple plane of life heretofore prevailing, which enabled the government to maintain its establishment at an expense marvellously less than a similar establishment would cost any other country, and the people to give service and revenue to the government in a proportion impossible elsewhere.

The results of these economic changes are being felt everywhere in an increase in relative poverty, and in increasing bitterness in the struggle for existence. These conditions will, in constantly accelerating degree, make impossible the almost universal individual sacrifices for the common good, which have given to Japan an effective substitute for incalculable material resources in the past, besides that which is in some aspects worth infinitely more than material resources—a sublime individual patriotism. These personal sacrifices for the common good so general as to include practically every individual were possible under the old order. They are not possible under the new.

Japan, therefore, in her ability and likelihood of making war, must be judged more and more by the sufficiency of her material resources. Judged on that basis Japan cannot now make war, nor will she be able to for many years. Unless something almost as serious as national existence were at stake, Japan would not now be justified in waging war with any power.

But simply because Japan is exhausted and not in a position to make war is no more reason why her treaty rights should not be respected than any ability she might have to inflict damage is a reason why they should. But there are other means of securing the treaty rights of her subjects than by war or the threat of war. It is to be feared that Judge Hatch will not greatly advance the interests of Hawaii in general, or those who employ him, in particular, by the expression of such sentiments as he is quoted as uttering by a Washington paper. His suggestion that the 50,000 Japanese of these Islands could instantly and without difficulty seize these Islands as against the 10,000 whites is puerile. In the first place, the Japanese would not be opposed by merely the 10,000 whites, but by the whole body of the American population, that is to say by whites, including Portuguese, by Hawaiians, and part-Hawaiians and by all others of European descent, Porto Ricans and others, and in all probability by the Koreans and Chinese as well. So that in the mere matter of numbers, there would be nothing like the disparity that Judge Hatch suggests. But more important than mere numbers is organization and the possession of arms and the means of meeting emergencies and crises. The militia, the police force, the old Citizens' Guard, the sense and habit of organization that has been developed in meeting and combating the plague and other epidemics, are all agencies which the American population of the Islands would have at hand to meet and check any uprising of the Japanese population of the Islands. An insurrection of the kind Judge Hatch is credited with suggesting, is a mere wild alarm.

But deeper than any mere question of whether Japanese school children in San Francisco are to be provided with schools separate from those provided for children of other nationalities, or not, is the question of the right of every sovereign nation to order its own internal affairs so as best to serve the social and economic conditions of its own people. No nation goes farther than Japan in so ordering its internal affairs. And though it may be able to do it in large measure through the temperament, traditions and civilization of its people—by extra-legal means,—the American people will not less certainly insist on their right to take the measures they may deem best to protect their social and economic as well as their political condition.

Japan will not make war on the United States. Neither, in the event of such a war, would Hawaii be at the mercy of the Japanese in her territory. The people of California have been the best friends Hawaii has had in the American Union. It seems unnecessary to apply opprobrious phrases, "sand-lot orators," and "small statesmen" to the Board of Education of San Francisco for action taken within the sphere of its duty, when there is nothing as yet to show that they have done anything contrary to law or sound judgment.

Democrats On Probation

The real difficulties of the Democratic party are to come. So far as County affairs are concerned the party has won a victory. Now it will have to prove that it is capable of deserving victory. The responsibility of the affairs of Oahu County are upon the party. Unless the party is able to show honest and efficient administration, it may rest assured the people will not continue it in power. The party is on probation.

In making appointments, both the sheriff and other administrative officers, and the Board of Supervisors must make good appointments. Public opinion will demand, if anything, a higher standard of appointments than it would have required of the Republican party, had it been successful. The public turned to the Democrats to remedy evils and abuses. It expects that some evidence of intention to do this will be shown in the quality and character of the men appointed.

There is a good deal of talk which purports to emanate from members elect of the Board of Supervisors which is not altogether reassuring. In connection with the position of road supervisor and some other important positions there are names mentioned with the explanation that though they are Republicans, they are Hawaiians, or that because they are Republicans they may be chosen as a compromise.

even appoint some man of transcen-

of those mentioned in this connection
in the present instance are of such

TOURISTS ARE COMING.

It is stated that seventy-five per cent of the tourists arriving here during the season spend on an average two nights and two days at Haleiwa and the other twenty-five per cent remain there from one to three weeks. This speaks well for the management and for the attractions of the place. One can go there for a week and return to town, not broke, financially, and improved in health and spirits. There is no place in the islands that does so much for the broken down constitution, no place where nature has been so liberal with her charms. St. Clair Bldgood, manager.

TRYING TO COLLECT ON BAND BOND

COL. JONES CAUSES SERVICE TO
BE MADE ON LOCAL AGENTS
OF THE SURETY COMPANY.

Col. Jones of the National Guard apparently a ver complete record of his time to the knowledge of the police, engaged in the business and had that Dabner has come before them, but charge of the repair work which was Simpson has a record. In the spring of 1902 he was arrested for the theft in this work he became acquainted with of several musical instruments from and won the confidence of the Von the Hawaiian band, which was play-Hoffen family.

When the band left here last spring the instruments were simply loaned them, for the instruments are the property of the National Guard, and Col. Jones is responsible for them. Before the instruments were allowed to be taken however, a bond of \$3000 was demanded in order to insure their return by September 30. That date has long since passed and no instruments have been returned. Now Col. Jones is going to try and collect on the bond.

Last night the following service was made on The Henry Waterhouse Trust Co., Ltd., as local representatives of the surety company: Joel C. Cohen and the U. S. Fidelity and Guarantee Co., Honolulu. H. T. Demand is hereby made on you as principal and surety respectively, under and by virtue of that certain bond executed to the undersigned as obligee of the date of the 22nd day of May, A. D. 1906, and in the penal sum of three thousand dollars (\$3000) for the return of those certain instruments delivered by said obligee to the said J. C. Cohen on heretofore, to wit, the said 22nd day of May.

Respectfully yours,
J. W. JONES,
Col. First Regiment, N. G. H.

RACE FOR A BRIDE ACROSS CONTINENT

CAPTAIN JEWELL WENT TO NEW
YORK FOR A WIFE WHILE THE
TRANSPORT STOPPED AT FRISCO

Captain Jewell of the Quartermaster's Department, military commander of the U. S. A. T. Logan which arrived last evening from San Francisco en route to Guam and the Philippines, is accompanied by his bride, for whom he hastened to New York upon the arrival of the Logan in San Francisco on the last trip.

The Logan reached San Francisco on the last trip on the 18th of October and Captain Jewell had to race East to catch the transport which was to sail again for Honolulu, Guam and the Philippines on the 5th instant. He lost no time in getting away from San Francisco and on the 24th of October he was in New York. Here he had time to spend three or four days honeymoon, after which bride and groom scooted back to San Francisco, arriving just a little before the transport sailed for this port.

Captain Jewell's wife was a Miss Mosby of New York city. This is her first trip to the Pacific and the journey from New York to Manila will prove quite an extensive honeymoon. The young and handsome couple are very popular on the Logan and, naturally, lead the social set aboard. Captain Jewell has been two years in the transport service and this is his third trip on the Logan. He was formerly aboard the transport Buford.

SIEMSEN'S COAST RECORD

THE RENEGADE HAWAIIAN STOLE INSTRUMENTS FROM HIS COMPATRIOTS AT THE SAN FRANCISCO ORPHEUM FOR WHICH HE SERVED TIME—APPARENTLY HE SEEMS TO HAVE TAKEN TO HOLD-UPS AND MURDER ON A LARGE SCALE.

John Siemsen, the part-Hawaiian, that year was sentenced for five years who is in custody in San Francisco the penitentiary at Folsom, by charged with participating in the murder of Judge Dunne. The prison record shows that he in his store, 1333 Steiner street Saturday was known as John Simpson, alias J. evening November 3, and who is be-E. H. Siemsen and that he was released to have been one of those who were on December 15, 1905. Simpson, robbed the Japanese bank and killed as is known, is a Hawaiian, and when the manager some time ago, was on the band was appearing in this city gaged to a young woman, Hilda Vonmader, the acquaintance of William Hofen.

The San Francisco Chronicle has very much to say about the man, but his criminal career and of his life for the month or so preceding his arrest, and ransacking several of their most the three men who are held by the police and whom it is believed are guilty of a number of hold-ups and murders are Louis Dabner, John Siemsen or John Simpson as he was known by his fiance and her family and at the place where he roomed, and a third man known as Harry. Siemsen of Simpson had a number of aliases, and appears to be a desperate as well as an accomplished criminal.

The Chronicle of November 5 says of him: This appears to have been the first time to the knowledge of the police, engaged in the business and had that Dabner has come before them, but charge of the repair work which was Simpson has a record. In the spring of 1902 he was arrested for the theft in this work he became acquainted with of several musical instruments from and won the confidence of the Von the Hawaiian band, which was play-Hoffen family.

He was convicted and on May 23d of him: as he is known, learned the bricklaying, and shortly after the first time to the knowledge of the police, engaged in the business and had that Dabner has come before them, but charge of the repair work which was Simpson has a record. In the spring of 1902 he was arrested for the theft in this work he became acquainted with of several musical instruments from and won the confidence of the Von the Hawaiian band, which was play-Hoffen family.

New Kalihi Sewers

SYSTEM IS TO BE BUILT SEAWARD
ON KALIHU ROAD FROM THE
KAMEHAMEHA SCHOOLS.

A new sewer system is to be constructed in Kalihi. The tenders have been asked and the bids are to be opened at the office of the board of public works on November 15.

The new system has been under consideration by the government covering a period of over three years and it is now to be finally settled. The system as contemplated runs down Kalihi road from a point makai of King street near the Kamehameha boys school grounds, into the sea. The length of the system is to be 7,450 feet. The pipe which will be supplied by the government will start as an 8 inch main and increase to 10 inch, 12 inch, 16 inch with a 24 inch outlet. There is a fall of 50 feet. Of the length of pipe 1,200 feet are to run into Kalihi bay.

There will be no pumping station erected for Superintendent Holloway is of the belief that there will be a sufficient fall to carry the sewerage far enough off shore as not to cause any disagreeable conditions along that section of the shore. The proposed system will carry the sewerage from the Kamehameha school and will also tap a considerable area along its route. It will be possible to extend the system as far Ewa as Kamehameha IV Road but such extension is not contemplated at present.

The estimate of the new Kalihi system is \$23,000. Of this amount the Bishop Estate has agreed to subscribe \$10,000. The remainder of the money will be secured from a balance of the loan appropriation fund. The offer of the Bishop Estate was regarded as such an excellent opportunity to install the system at a low cost that Governor Carter promptly authorized Superintendent Holloway to proceed with the work.

How Cohen Received His Start

TEN MEN PUT UP THE MONEY TO
START TOUR OF BAND—NO OBLIGATION TO BRING IT BACK.

Before the Hawaiian Band left for the Coast, Joe Cohen formed a hui of ten young business men of this town for the purpose of financing the band. Each of the men put up \$500 and this money was given to Joe Cohen to finance the undertaking. There was absolutely no obligation on their part to furnish any further money provided the venture proved to be a failure.

Those investing in the venture was James F. Morgan, F. H. Lewis, Cushman Carter, Clinton J. Hutchins, William Love, Harry Armitage, A. N. Campbell, G. L. Bigelow, Henry Roth and M. Brash.

The money was given to R. W. Shingle as trustee and he advanced the money to Cohen. A portion of the \$5000 was given to Cohen before and the remainder while he was still in San Francisco. This was the arrangement made before sailing.

One of the agreements made by Cohen before he sailed was that he would write to Shingle and advise him of the band's progress. He has failed to do this and Shingle has not heard from the band since Cohen left Berkeley early in July.

"The parties putting money into the venture," said Mr. Shingle this morning, "are under no obligation whatever to see that it is returned, either morally or financially. I supposed that the County would look out for that."

"The men who put the money into the deal did so more to advertise the country than they did to make any gain out of it. They thought it a good chance to do some promotion work so they made it possible for Cohen to take the band away."

"A Surety Company is on Cohen's bond which he gave to Colonel Jones to secure the return of the band instruments."

AN OBJECT LESSON ON KEEPING A COW

INTERESTING LIST OF LIABILITIES FILED IN BANKRUPTCY EXHIBIT IN U. S. COURT.

Edzel Markle was adjudged a bankrupt yesterday. Edzel filed a list of assets, that was a fright. It consisted of one item, to wit \$29.90 due as wages. Otherwise Edzel has nothing but his debts. His debts amount to \$737.45.

To those who sneer at the expense of keeping a cow when milk is so cheap the list of Edzel's liabilities will prove an object lesson. In 1904 Edzel bought a cow for \$52, yet the same year according to his statement milk cost him \$177. Possibly he included under this item the cost of hay and other feed and care for the cow. Or possibly the cow was a cannibal and drank her own milk and her owner had to buy more.

Edzel appears to have consumed considerable pork in 1905, for his indebtedness for that article of diet was \$50.

FATHER SYLVESTER DIED THIS MORNING

CATHOLIC MISSION INFORMED BY
WIRELESS OF THE FATHER'S
DEATH.

Early this morning the Catholic Mission was informed by wireless of the death of Reverend Father Sylvester at Wailuku where he had sojourned for a few years on account of his poor health. His many friends will be grieved over the death although it was feared for weeks that he would not survive this illness.

Reverend Father Sylvester was born at Turnhout in Belgium and entered the congregation of the Sacred Hearts when quite young. He commenced his priestly studies in Louvain and was sent by his superiors to this mission in 1870 and arrived here with Bishop Maigret when the latter returned from Rome on October 14 of the same year. Father Mathias is the only survivor of this band of missionaries. On December 23 of the following year Father Sylvester was ordained priest in the cathedral by Bishop Maigret and was sent at once to Kaula where he labored for many years. After a few years at Ahulmann he was appointed the chaplain of the new St. Louis College where he remained until 1895 when he accompanied the late Bishop Gulistan to Rome. On his return and on account of poor health he was sent once more to Kaula, his favorite place but his health broke down and he went to Wailuku where he entered the hospital under the good care of the sisters. Since that time he accompanied again the newly elected Bishop Libert for his consecration in San Francisco. For many years Father Sylvester was obliged on account of poor health to give up all active work and has been lingering up to the time of his death. He was nearly 60 years old when he died this morning. May his soul rest in peace.

Blue And Gold Waved O'er The Blue And White

THE PUNAHOU BOYS DEFEATED THE KAMEHAMEHA FOOTBALL
AGGREGATION YESTERDAY BY A WELL-PLAYED PLACE KICK—
THE GAME WAS FOUGHT EVENLY AND WAS THE BEST OF THE
SEASON—MANYPLAYERS SHOW UP WELL.

The blue and gold waved supreme
yesterday!
In the first real football game of the
season the Punahou first team yester-
day defeated the Kamehameha team by a
score of 4 to 0. It was a game which
was fought stubbornly and well by both
teams and Punahou may bow before
the shrine of Luck and thank the
chance which gave them their four
points. A place kick from the field by
Punahou gave the only score of the
game.

Long before the gladiators of the
gridiron appeared the two bunches of
rival rooters lined up on opposite sides
of the field and began their good na-
tured banter and jollying of each other
across the field. Both schools were
sure of victory and neither were at all
backward in saying so. Alois Soong
led the Punahou rooters and when he
was not leading a yell he was spurring
the collegians on to greater efforts.

Kamehameha had her school chorus
out in force and instead of doing the
rooting on her side of the field she
sang her football songs and right sweetly
they rolled out over the campus.
The Kamehameha eleven appeared
first on the field, and were greeted with
a shout from the Kamehameha con-
tingent which rent the heavens. They
lined up quickly and went through
some snappy signal practice.

Suddenly a small boy shouted "Here
comes our team" and then for a mo-
ment the Punahou rooters went through
the same throes of feeling which had
so lately shook the Kams. The Punahou
bunch trotted out and did a few
stunts to limber themselves up.

Principal Percy L. Horne was on
hand to look out for the interests of his
boys and Professor Reed attended to
the Punahou end of the argument.

After a few moments of parleying
the teams lined up and the game was
on.
Oliver for Kamehameha played the
star game for his team. He punted
well and he was into every play. He
did some clever back field work also
and his 40 yard run was a feature of
the game. Lots at right half for the
Kams was a tower of strength to his
team. Time and time again he would
double up the interference and get his
man. He is extremely clever on his
feet.

The Kam ends were weak and it was
here that Punahou made the most
showing. The halves practically did
two men's work. And Kamehameha
had her four best men, forced to re-
main at Kamehameha. In the game,
Punahou would have been forced to
play on the defensive almost entirely.
They will be in the next game and al-
ready odds are being laid on their win-
ning.

Lowery made more actual gain for
his team yesterday than any of the
others. He would go into the line and
the Kams did not seem to be able to
stop him at all. His handling of the
place kick which gave Punahou her
score was a feature. He was dubbed
"that red devil" by the Kam backs.

McDougall was there with the goods.
Mac is a little slow in running and
appeared more so on account of Punahou
trying to work a delayed pass. A fast
man can seldom make it as the
distance is too great to cover. Mac
did his best but he would be caught
every time. In punting for Punahou
Mac did effective work. He seldom
failed to make good distance. His
straightarm, which he used on a fake
kick, was timed to the second and as-
sisted him materially.

Lyman was another star. His end
runs were splendidly well made. Then
there was White, Heen, Desha and
Lydgate all being good constant players.

The teams and officials were as fol-
lows:
Kams—Punol, re.; Bray le.; Mahoe

20,000 LABORERS FOR HAWAII

Captain Mizuno of the Japanese S.
S. Chiusa Maru, which last week
brought 900 Japanese laborers here and
which sails today for Japan, says the
immigration companies of Japan are
prepared to send twenty thousand la-
borers to Hawaii as fast as ships can
be found to carry them. In Yokohama
alone are between five and six thou-
sand young men ready to leave for Ha-
waii and the transportation companies
operating the regular lines between
here and Japan can not handle the
number to be accommodated. By June
next at least 20,000 new laborers for
the plantations will be landed.

DEMOCRATS RATIFIED AT AALA LAST NIGHT

LARGE CROWD ATTENDS THE JOLLIFICATION OF THE SUCCESSFUL COUNTY TICKET.

The Democratic ratification at Aala Park last night was, in some respects, an exceptional gathering. The crowd was, if any thing, larger than any other gathering that was held at Aala Park during the campaign. There was the utmost enthusiasm manifested during the speech making. Herbert J. Mossman the chairman of the Democratic County Committee, presided. Ernest Kaai's orchestra and Mrs. Alapai and Miss Kaai rendered the music. The singing of the campaign songs by Kaai made a big hit as usual.

Among those present on the platform were E. B. McClanahan, Col. C. P. Lauke, Frank Harvey, R. H. Trent, Senator-elect Charles McCarthy, Joseph Fern, M. J. Silva, Edward Ingham, H. T. Moore, E. Like, S. Palmer, Jesse Uluhi, Iola Kikahi, Dan Kamahu, Charles Broad, G. J. Waller, E. Williams, registered County Attorney of Hawaii; Fred Wied, Charles Rose, S. K. Hul, J. W. Bipi Kane and others.

Edward Ingham who was one of the unsuccessful candidates for the legislature read an original and very clever poem entitled "The Closing Scenes." The poem is as follows:

Amid this moribund throng of henchmen stout,
The wall of anguish smote the atmosphere

Like some besotted loafer's lusty shout
When lubricious with campaign booze and beer.

All dives were silent and all games subdued,
The drunks seemed further and the thugs lay low,

As with sad eyes the slinking plunderers viewed
The passing of the graft-prolific show.

The inflated cops that erstwhile copped the gold
Their palms well oiled by thugs of every hue,

Now stood aghast and mutely did behold
Iaukea and his wearers of the blue.

On steam-spined wings the gambler tried his flight
To ply his trade without the law's restraint,

And, like the tall of some high-soaring kite,
The illiterate calf-beats seemed to pale and faint.

The Democratic rooster loudly crew—
Crew long and loud, though Davis fiercely swore—

Swore till the scene assumed a virulent blue,
Relieved anon by streaks of reddest gore.

Where every bird of nocturnal pursuit
Shook the rich plunder from its plumage at morn

To animate the fledglings of the roost,
All now was thugless, empty and forlorn.

Amid all this, the center of the scene,
The white-haired road-boss, with intuitive dread,

Piled his slick spell, and with his jobless mien,
Reflected on the lopping of his head.

Long, but not loud, the endless chain had run
Serenely over wheels with well-greased gears;

Long, but not loud, the memory of the gone
Well from his eyes a flood of "phony" tears.

At last the chain was snapped—his job was paid;
The new road-boss soon had things on the jump;

The gang got busy and the "has-been" now
Is slumbering peacefully on the garbage dump.

Charles J. McCarthy senator-elect, said that he would introduce a measure simplifying the ballot so that there would not be any chance for a cry of recount.

R. H. Trent said that the Democratic party would not stand for Iaukea building up a police machine but Iaukea was not going to do such a thing.

E. B. McClanahan seconded the idea advanced by Trent.

Frank Harvey one of the supervisors elect, said that he thought the present Republican supervisors were trying to clean out the county treasury so as to embarrass the new supervisors.

Harvey said that the new board which was composed practically of Hawaiians proposed to do well by every body.

Col. C. P. Lauke asked the people to lay aside the prejudices of the campaign and work together for the good of the community, drawing no color line. He had no personal feelings against the present Sheriff and he could only promise the people that he would do his full duty when he assumed office.

The Sheriff-elect was loudly cheered as he concluded his modest speech, the cheering continuing for some minutes.

For the Deputy Sheriff-elect, W. P. Jarrett, who was absent, the chairman tendered his thanks to the people for the big majority they had given him.

W. A. Kinney addressed the crowd in Hawaiian and in English. He said that the rebuke that the Hawaiians had administered to Brown for his ill-will speech should be a wholesome lesson to plundering politicians. The speaker predicted that within ten years there would be an Hawaiian governor and a white delegate, because they would be the best men for the position and the old race feeling would be obliterated.

A number of other speakers were heard.

SIEMSEN'S COAST RECORD

(Continued from page five)

The third man in the attempted murder of A. Behrend is named Harry. He had dinner with Simpson and Dabner at the home of Joseph Lercara on Friday night, stayed with them all night, and ate breakfast there next morning. He was seen with them at Octavia and Union streets at 1 o'clock Saturday, by Mrs. Von Hofen. He was tall, of light complexion, with blue eyes, and very rough in appearance.

The members of the Von Hofen family are nearly prostrated over the notoriety which has come to them through their unwitting association with the thugs.

Joseph Lercara of 1784 Union street for five months was the landlady of Simpson and Dabner and became very intimate with both, regarding them as model youths. On Friday afternoon Simpson took a friend named Harry home with him and invited him to dine at Lercara's home. This friend stayed with the two that night and breakfasted with them on Saturday morning.

About 10 o'clock they left the house, but stopped at Lercara's shoe store, at 1808 Union street, for a few moments. Simpson introduced his friend to Lercara, who says that he does not remember any other name than Harry.

"I am all broken up over this affair," said Lercara yesterday. "I esteemed those young men as members of my own family, and always considered them model youths. They came to my place shortly after the fire, and engaged a room. They were always orderly and polite, and paid their bills promptly. Therefore, I had little to do with them, and no reason to suspect them. When they first came, they were apparently working. They used to leave the house early, in their working clothes, and did not return until late. They dressed at that time like men who were doing hard manual labor."

"About six weeks ago they ceased to leave early in the morning and began to dress very well. They were in and out during the day, and were evidently not working. They explained this by saying that they had worked hard for six months and were taking a little vacation. They always had money, and therefore I did not meddle with their business. I just thought they were lucky that they did not have to work all the time."

"Dabner was an unusually quiet fellow. Simpson was very different. He did all the talking, and could converse on any subject. At all times he was polished and showed marks of good breeding. He was orderly and quiet, and I remarked to my wife that, if I could find two more such good lodgers, I would be willing to fit up my front parlor for them. In fact, I tried to make them feel perfectly at home in my place, and they spent many evenings with myself and my wife, playing cards or talking. They talked freely on general subjects, but never discussed their private affairs. I never saw them appear at all nervous or excited, and we never found any blood-stained articles about their room. The detectives searched the room and took away everything, but found nothing of that sort."

"I understand that they had several contracts to rebuild chimneys in the neighborhood, but I do not know of anybody who employed them."

WOMAN DESCRIBES HARRY.

Mrs. Albert von Hofen, mother of the girl who was engaged to marry Simpson, saw the mysterious Harry at 1 o'clock on Saturday at the corner of Union and Octavia streets. She was introduced to him, but, like Lercara, does not remember his last name. She noticed the rough appearance of the stranger and spoke to her daughter about it.

Later in the day, and before the arrest of Simpson, Miss Von Hofen asked Simpson where and why he had picked up with such a rough-looking customer. He replied that the man was one of the foremen in his employ and not so bad as he looked.

"We always had the greatest respect for Simpson," said Mrs. Von Hofen. "He was at all times a gentleman in appearance, and he told a good story of his business and of his family. He seemed very prosperous, but he said that his business was good. Among other jobs he mentioned having secured the contract to repair the Presidio General Hospital. I did not for a minute dream that he was a crook, or he would not have been tolerated in my house. We greatly deplore the notoriety which this affair has brought upon us, and I am ashamed to walk on the street after the publicity we have gained through our unfortunate acquaintance with this smooth rogue. We are glad that it is no worse, however, and that our daughter escaped in time."

"If we had only known what he was!" cried the sister of Hilda Von Hofen last evening. "We thought he was a gentleman, but now we have found him out to be a rogue. We are sorry we ever knew him. I would like to see him hang, and I would put the halter about his neck. We have been sheltering a dog in our house, and we did not know it. This is a terrible ordeal for my sister, and in fact for every member of the family."

SPOKE OF MRS. DREYER.

"Tomorrow my sister was to have gone to Sacramento with him, and visited her sister for a couple of weeks," continued Miss Von Hofen. She went with him once before, but his sister was out of town, and they came back. He claimed to have received a telegram from his sister in Pasadena yesterday, telling him to meet her in Sacramento. He talked a great deal about the wealth of Mrs. Dreyer, his sister.

"Simpson always had plenty of

money, and spent it prodigally. He paid \$60 for his outfit, and threw his money around with utter disregard. My sister had a narrow escape."

"Dabner was the quietest kind of a boy. He called a few times, but scarcely spoke a word. He seemed to feel embarrassed, and I tried to make him feel more comfortable, but he would not talk. They say still water runs deep. Simpson told me that he found Dabner rag-picking in Pasadena, took him up and made a man of him. He said he supported him, and bought all Dabner's clothes."

THOUGHT JACK A GENTLEMAN.

"I never dreamed that Jack was anything but a gentleman until last night," said Hilda Von Hofen yesterday. "He spent lots of money, but said he earned it. He came to me last night at the manicure parlors where I work and told me he was going to the 'Chronicle' with my picture. As he was leaving he showed me his cut finger, and said that he had been held up. Earlier he showed me a roll of bills, and said that he had drawn \$1000 from the bank. He had safe deposit box at the Western National Bank. He went to a drug store, where he was found by Police-headquarters. He did not go there voluntarily to report the hold-up. He claimed to be faint from pain."

"I met him at Post street and Van Ness avenue at 1 o'clock on the day of the Japanese bank robbery. He seemed perfectly natural. Some boys were selling extra papers on the street, and I bought one. I showed him the headlines, and said, 'What do you think of that?' He replied, 'I think all of these Japs ought to be killed off.' He seemed in no way nervous. Several times, I have talked with him about these dreadful hold-ups, but he has never displayed the slightest excitement."

CALLS AT "CHRONICLE" OFFICE.

Simpson did not go to the "Chronicle" office Saturday afternoon with the picture, as he had already taken it there, with the request that it be run in the society columns, on Thursday afternoon. At that time he represented himself as the brother of Miss von Hofen.

Albert von Hofen corroborates his wife's statements regarding the good appearance of Simpson, but says that he did not know him personally more than a month. Every night Simpson called at a store on the corner of Union and Octavia streets, to buy cigars. He seldom had Dabner with him, and was never accompanied by anybody else. None of the shopkeepers or residents on the street remember having seen Simpson with the mysterious "Henry."

MRS. ASHTON IS WEDDED ONCE MORE

SAN FRANCISCO SOCIETY SET A GAG BY THE MARRIAGE OF MRS. FRANK ASHTON.

SAN FRANCISCO, Oct. 9.—The marriage on September 29 in San Rafael of Mrs. Frank Ashton, a former society belle of Honolulu, and Augustus Munro of Berkeley has set society agog when they recalled the times that Mrs. Ashton has been the center of a romance.

She was Miss Mary Coney of one of the most aristocratic families to be found in the Hawaiian Islands. Frank Ashton, a capitalist from the United States, courted and won the fair Miss Coney. They lived happily for two years, when Mrs. Ashton came into public notice by a sensational divorce suit. It was shown in the evidence that she had been in correspondence with Rear Admiral Merry of the United States navy. The letters written by the naval officer to Mrs. Ashton caused some of the sensations of the trial.

A divorce was granted, but Ashton would not be parted from his little daughter, Leonine, whom the court awarded to Mrs. Ashton, and one night about two years ago took her and ran away with her. The sensational kidnapping of the child, coupled with the fact that Mrs. Ashton pursued her former husband and daughter through Mexico and all along the coast and finally overtook them at Seattle, occupied public attention at the time.

Finally the reconciliation between herself and her former husband, Ashton, resulting in their remarriage at Redwood City, brought the Honolulu woman again into public notice.

The next chapter in the life of Mrs. Ashton took place last winter, when Ashton was drowned near the Alameda mole.

Means that you are losing control of your w't power; it is difficult to concentrate your thoughts; you are forgetful, languid, nervous, irritable. JUDGE GEAR, ATTORNEY FOR
SHERIFF BROWN, SAYS HE IS
CERTAIN CLIENT WAS ELECTED

"There is to be a petition for a re-
count in the interests of A. M. Brown
for County Sheriff," said Judge George
D. Gear this morning.

"You can make that announcement
officially," he continued, "I have been
busy examining the evidence in the re-
cent election for sheriff, and I am sat-
isfied that Laukea will never take the
office. I am positive that Brown will
retain the office, if we get anything
like a square deal. It is my opinion
that Brown received more ballots in
the recent election than Laukea and
that Brown was elected. We expect to
show this at the recount."

"I will prepare the papers this week
and file the petition within a few days.
No, I do not care to state the exact
grounds on which the recount is asked.
The papers will make that feature
clear. This recount is in the interest
of Brown."

**MONROE CHARGED

DARKY WHO IS ACCUSER OF BE-
ING THE CONSORT OF DORA
LANCASTER TAKEN INTO TOLLS.

William Monroe a darky, was ar-
rested this afternoon on a charge of
adultery with Dora Lancaster or what-
ever her name is. Monroe who is an
insolent "coon" had been waiting
about the court room during the day
expecting to appear as a witness in
the case against Dora. His arrest was
quite a surprise to the darky. He was
disposed to be quite "fresh" until U. S.
Marshal Hendry told him to keep silent.
The negro was sent to the Oahu prison.
The woman will be arrested on a simi-
lar charge as she leaves the U. S. court
this afternoon.

Her sister Minnie, is likely to be
prosecuted for abusive language to-
ward a respectable woman living in
Kakaako.

**OAHU SUGAR CUTS
DOWN PAR VALUE**

PERMISSION GRANTED TO AMEND
ITS CHARTER CUTTING STOCK
FROM \$100 TO \$20 A SHARE.

Permission has been granted the
Oahu Sugar Company by Governor Car-
ter and Treasurer Campbell to change
its charter, so as to increase the num-
ber of shares of the corporation from
36,000 of the par value of \$100 each,
to 180,000 shares of the par value of \$20
each. There is no increase in the cap-
italization of the company, which still
remains at \$3,600,000.

The change in the denomination of
the shares has been under discussion
for some weeks past and was decided
upon at a meeting of the stockholders
on October 26. The petition and the
approval of the government authorities
was placed on file November 8 with
the Territorial treasurer.

NEVADAN BRINGS LIVE STOCK.

The American-Hawaiian steamship
Nevadan, Captain Greene, anchored off
port about 9:30 o'clock last night from
San Francisco. Early this morning she
entered the harbor and docked at the
railway wharf. She brought a general
cargo and considerable live stock, the
latter on deck. There were 17 mules
for Schuman, 10 head of horses and
cows for the Club Stables and 300 hogs
for the Metropolitan Meat Company.
The live stock was examined this
morning and passed as in good condi-
tion. None were lost on the way down.

**RICHARD H. TRENT
ON DIVIDENDS'**

NOON-DAY MEETING WAS WELL
ATTENDED TODAY—TRENT URG-
ED ALL TO BE CHEERFUL.

A goodly number attended the noon-
day meeting being held this week un-
der the auspices of the Y. M. C. A.
Richard H. Trent spoke taking for his
subject "Dividends."

Mr. Trent spoke of the habit of be-
ing cheerily and always pleasant. This
would pay more dividends in this world
than almost anything else. He said
that a part of a Christian's duty lie in
being ever cheerily. There are plenty
of things about one in this world to
make one pleasant if one will only look
for them. When one solves the prob-
lem of being always happy he will get
the most out of life.
Tomorrow T. Clive Davies will speak.

AVOIDING MUD-HOLES.

Charles K. Nottley, leader of the
Home Road party, was asked today
with what party he would favor amal-
gamation in the event of it being decid-
ed to sink the Home Road party as a
party.

"If I should answer that question,"
said Nottley, "I would be putting my
foot in a bigger mud-hole than I could
ever fill. It is not for me to say what
the people will do, it is rather for them
to say what I will do."

STIPULATION IN CIVIL CASE.

A stipulation in the case of James H.
Love vs. A. D. Scroggy, whereby the
testimony of W. A. Love shall be taken
in New York before Charles Edgar
Mills, was filed today in Judge De Bolts
