TAFT'S OVERWHELMING MAJORITY GROWS MAUI AGAIN REPUBLICAN STRONGHOLD

Great Victory For Republicans On Maui

WAILUKU, Maui, Nov. 4.—The Republicans on Maui swept everything in their path on election day, Nov. 3, electing 19 candidates out of 25, or 76 per cent., the Democrats only returning six, or 24 per cent.—the two Democratic Supervisors, Messrs. T. B. Lyons of Wailuku and Geo. Kauli of Lahaina; the Democratic Representative, J. K. Hihio from Kananali; J. L. Coke, Attorney of Wailuku; and E. K. Devauchelle, Democratic Deputy Sheriff from Molokai. Coke, for County Attorney, polled 254 votes in Wailuku, or 154 ahead of J. W. Kalua. Let it be said that the Democrats who were elected owe their election to the knifing done by the discontented Republican leaders both in Lahaina and Wailuku, and without their moral support the five Democrats would have taken a back seat the same as they did in the elections of 1904 and 1905. The defeat of Kalua, Wadsworth, and Henning were foregone conclusions even before the election, but Campaign Manager S. E. Kalama was confident of electing

a majority of Republicans, and the success of the Maui County Republicans is due to his noble work for the cause and also that of Hon. H. P. Baldwin, whose policy has always been to vote for the straight ticket. Kalama was 107 votes behind Robinson, his running mate in Wailuku. This was due to a remark which he made in the convention which nominated Carley instead of Enos. Whether it was due to a poor knowledge of the English language on the part of a few of the Portuguese in Wailuku or not, suffice it to say that his remarks were twisted until it was made to appear that Kalama put the Portuguese in a class distinct from the white race, which Kalama never said nor intended to give that impression. But the defeated candidate and his friends were sore. Robinson obtained 224 in Wailuku, Raymond 198, White 162, while Kalama only received 117 votes. A large number of Wailuku Republicans voted for both Raymond and Coke, leaving out Kalama and Kalua. Republicans at

Defense In Wynne Case Rests After 1 Witness

When Frank Thompson, attorney for John Wynne, who is on trial for the murder of Engineer McKinnon, put one witness on the stand this morning and then announced that the defense rested its case, he created a little sensation, to say the very least. It was very generally thought that Thompson would spring something unusual in a line of defense, and this he certainly did when he rested his case so abruptly, after calling J. J. MacDonald, a member of the coroner's jury, on the stand. MacDonald's testimony was not over consequential, in so far as the defense was concerned. He stated at first that Wynne had the appearance of a man who was just getting over a big drunk when he appeared before the coroner's jury, and later, on cross-examination, said that Wynne's appearance might have been caused from nervousness from relating the details of the tragedy.

It was also thought that Attorney Thompson would use the insanity plea, but this, it seems, will only be used indirectly, the man's drunken condition being argued as a phase of

insanity. His big fight will be made on the question of jurisdiction. Tomorrow the attorneys for the prosecution and defense will argue the instructions before Judge Dole.

The jury has been excused until Monday morning. This was done on account of the fact that the argument of the instructions will take all day tomorrow and probably part of the next day, and, in case the jury had the case submitted to them, they would probably be locked up over Sunday. Thompson will ask for a directed verdict. Deputy U. S. Attorney Rawlins and Deputy Attorney General Whitney feel confident that they have made out a strong case against Wynne, but they do not expect a verdict of murder in the first degree on account of the fact that Wynne is alleged to have been under the influence of liquor when the deed was committed.

Nalua Kahapea, a sailor on board the steamer Mexican of the American-Hawaiian line, was arrested on a charge of assault and battery on William Ponia. The assault was committed on election day.

NAG. FERNANDEZ ANSWERS DWIGHT Claims He Could Not Have Caused Defeat Of Lane

"I see that Sam Dwight makes the statement that I made the statement at the County Clerk's office that he should 'go to a warm place.' I emphatically deny having said so. He also mentions, according to the paper report, that in consequence he knifed Lane in the Eleventh Precinct of the Fifth. I say that, if he had knifed Lane in that precinct then his influence did not effect the result of the election very much in favor of Fern. The result shows that Fern received 157 votes and Lane 70, showing a majority of 87. If Dwight claims that he gave this majority to Fern, then he must have given the same majority to McCandless, as McCandless received the same number of votes in that precinct. Look again at the number of votes received by Crabbe, a Democratic candidate not endorsed by any other party. He had 163 votes. Does Dwight claim again that he gave the 87 votes to Crabbe. If Dwight had his revenge, he had shown it in the Sixth of the Fourth, where Sam Johnson had control at the last election, and also in the Ninth, of the Fifth, where the Republicans had a good majority at the last election. These two precincts are controlled by the road and garbage departments."

"I further say that the Republican Club of the Eleventh of the Fifth is composed of straight and split ticket Republicans and Laborites. This shows that Dwight had no revenge at all, it had very little effect on this precinct."

The above statement was made this morning by Nagaran Fernandez, Lane's chief counsel and friend, in answer to the remarks made by Supervisor Dwight at the meeting of the Board of Supervisors last evening.

"They're saying that Tommy Cummins is responsible, in a measure, for the defeat of Lane and the election of Fern," said Supervisor Dwight last evening. "That result was not due to Tommy. My shoulders are broad, and I'll shoulder the responsibility. Look at the result in my precinct, Eleventh of the Fifth, and you'll see what kind of work I did for Fern. And why?"

"Well, Nagaran Fernandez goes to the County Clerk, and when my name is mentioned, Nagaran speaks of me in rather disparaging terms, and intimates that I could go to a warm place. Revenge is sweet. I did not work for Lane. They'll read me out of the Republican party? Oh, well, I'm out of politics now, anyhow."

"Tommy Cummins had nothing to do with it."

After the meeting was over, Dwight said further:

"I want to state right here now that Mr. Cummins was not responsible for the work in my district and especially my precinct. That was up to me. I've heard, Chair Hustace, they say you helped dump Mr. Lane. I will state right here that you did not, and had nothing to do with the boost Fern got."

ACHI BELIEVES HOME RULERS KNIFED HIM Accuses Other Parties Of Having Bought His Votes

"As long as the laborers are not given proper attention by either the Republican or Democratic parties, the Labor party will keep up its fight in politics."

W. C. Achi, leader of the Labor party, who was defeated in the election for Mayor, made the foregoing statement today in the presence of his supporters who assembled in his office at noon. Chas. Broad, S. K. Mahoe, and Abraham Kekai were in the conference.

Achi devoted his time to sifting up the returns from various precincts. He found from the figures that the Home Rulers had not voted for him. He was worried over this breach of faith.

With regard to the continuation of the Labor party, Achi said: "As long as the laborers are not given proper attention by either the Republican or Democratic parties, the Labor party will keep up its fight in politics. The strength of the Labor party today is over 1000. This is shown by the figures. Our defeat on election day was due to lack of funds. I am quite certain that some of our people were bought shortly before the election. I know that our followers were men without means, and when they found out that they could no longer stand against hunger, I believe they gave up."

"The fight will go on so long as the laboring men are not treated properly. Personally, I can get along with my profession."

"I believe my defeat was partly due to the action of the Home Rulers. They did not vote for me solidly. And, if necessary, I will carry on the fight of my party independently of the Home Rulers. But I would rather wait until I have consulted with the leaders of that party."

Taft's Plurality Still Is Growing

NEW YORK CITY, N. Y., Nov. 5.—It is now thought that Taft will have 319 electoral votes. Late returns make the situation appear even more promising than at first. Missouri has gone for Taft, though Bryan has probably carried Maryland. The Socialist, Independence League, and Prohibition candidates have polled but small votes.

Bryan Congratulates Taft On His Victory

CINCINNATI, Ohio, Nov. 5.—President-elect Taft today received the congratulations of William Jennings Bryan on his election to the Presidency. He at once replied, thanking Bryan for his good wishes.

Ruef Jury Completed

SAN FRANCISCO, Calif., Nov. 5.—After sixty-nine days of haggling the Ruef jury has been completed. Prosecutor Heney today made his opening statement.

MANILA, P. I., Nov. 5.—Cholera has not been stamped out as yet. There are, on an average, two cases of the dread disease daily.

BANKS MUST PAY YEARLY LICENSE

Judge De Bolt Rendered
Important Opinion
Today

Judge J. T. De Bolt this morning rendered an important opinion in the suit of the First American Savings & Trust Company of Hawaii, a Hawaiian corporation, versus A. J. Campbell, Treasurer of the Territory of Hawaii. The case was submitted on points of law involving the validity of an Act of the Legislature of

1907, providing that "The annual fee for a banking license for a business in Honolulu shall be \$750; in Hilo \$500; and in all other places \$250." The First American Savings and Trust Company paid their license under protest, contending that the Act was unconstitutional and void, and the suit was brought to recover the sum of \$765 for money received. Deputy Attorney General E. W. Sutton presented the case for the Territory and made an excellent showing, winning his case. Judge De Bolt took a common-sense view of the case, finding for the defendant, as will be seen from the following extract from his opinion:

"To require a banker on Molokai or Lanai to pay the same fee for a license that is required in Honolulu would clearly be a case wherein the lack of discrimination would be

Pacific Mail Must Have Ship Subsidy

SAN FRANCISCO, Calif., Oct. 24. Put out of commission, as effectually as if captured and held as prizes by a hostile navy, the merchantmen and liners of the Pacific Mail Steamship Company's fleet soon may find their trade gone and be condemned to ride idly at anchor, gathering seaweed in the harbor of Hongkong or accumulating barnacles in the bay of San Francisco. This is inevitable unless Congress comes to a realization that an American merchant marine cannot be maintained on the Pacific Ocean without a subsidy, such as is voted by the governments of Great Britain, Germany, France, Canada, and Japan.

Caught Between Grindstones
The Interstate Commerce Commission's new ruling, requiring transcontinental railroads to publish their proportionate rates on trans-Pacific freight as well as their transcontinental rates for similar freight, will go into effect on November 1st. The executive officers of the Pacific Mail assert that after that date their freight business will be crushed between the upper and nether grindstones of competition with subsidized rivals from foreign countries and prohibition at home against any further making of through tariffs, in conjunction with American railroads.

Has Nine Large Vessels
Nine large vessels comprise the Pacific Mail Steamship Company's fleet. They, with their net tonnage, are:

Manchuria 8750 tons
Mongolia 8750 tons
Siberia 5655 tons
Korea 5655 tons
China 3186 tons
Algon 4897 tons
Asia 2936 tons
Persia 2744 tons
Arctec 2298 tons

Of these, the big freighter Algon is laid up for lack of business, the smaller freighter Arctec has been taken off the coastwise trade to Central and South America for the same reason, while the Asia temporarily has been taken off the trans-Pacific run and is laid up at Hongkong subject to call. The other ships are still in commission, carrying passengers and freight to and from the Orient, and of late have been coming into port here with large cargoes billed to interior cities of the United States on the through rates that cannot prevail after Nov. 1st.

Will Continue Schedule
When asked what the company will do with its ships after that date R. P. Schwerin, its vice president and general manager, replied with a laugh:

"Anchor them out in the stream with the Oceanic Company's."

When asked whether he meant that literally, Mr. Schwerin explained that he used that as a figure of speech and that he hoped such a contingency would not arise, though he did not deny that time might bring about such a state of affairs unless some remedy for existing conditions can be found.

"We will continue on our schedule, and if the business is there we will handle it and fight for it," explained Mr. Schwerin. "If the freight is not to be had—if the ships go out empty—it then will be up to the board of directors to decide what course they will pursue."

Rivals Liberally Subsidized
That the Pacific Mail Steamship Company's two principal rivals on the Pacific ocean, the Canadian Pacific Steamship Company and the

Toyo Kisen Kaisha Company, are subsidized liberally by their respective governments has been known for some time, and by virtue of their subsidies they have cut deeply into the Pacific Mail's business.

By arranging with the great transcontinental railroads of this country a working basis for carrying Trans-Pacific freight either way on through rates the Pacific Mail has been able to compete for some share of the business.

A factor in this arrangement was that the initial shipper made the rate for both land and sea. On business going to the Orient the railroad made the rate and got the lion's share, according to the understanding of shippers. On business coming from the Orient the Pacific Mail Company made the through rate, of which it got a remunerative portion.

This arrangement, it is said, worked satisfactorily until the Interstate Commerce Commission insisted upon knowing exactly what proportionate parts of these rates the transcontinental railroads were getting, and how their share of such trans-Pacific rates compared with their domestic rates for carrying the same kind of freight the same distance on the same rails between points in the United States.

"The public at large has no idea of the amount of freight that goes from this country to the Orient by way of the Atlantic ocean and Suez canal," said Mr. Schwerin yesterday. "We always have been in competition with the Suez route, and practically all the freight going by that route is carried in foreign bottoms—mostly German and British vessels—and they all are subsidized."

"Owing to their subsidies they are able to allow the railroads bringing them freight from points in the interior, like Chicago and Pittsburgh, full interstate freight rates. As a consequence the Interstate Commerce Commission never has had any opportunity to interfere with through ratings from interior points to the Orient via the Atlantic and the Suez canal."

"Another thing, the crews of those ships are all Singapore and Koreans, and the low wages paid to them figure in the low rates. So our competition with the foreign vessels on the Atlantic seaboard, with their cheap crews and generous subsidies, always has been a hard proposition."

Fight for Every Cargo
On the Pacific ocean also we are in competition with two strong lines, both subsidized by their governments, and we had to fight for every bit of freight. As long as we could co-operate with our transcontinental railroads, on the basis of the initial shipper making the through rate, we have been able to get a share of the business. But the new rule of the Interstate Commerce Commission makes it impossible to continue on that basis."

"Suppose a hundred pounds of machinery is being shipped from Kansas City to Hongkong on a through rate. The Interstate Commerce Commission requires the railroad hauling that freight from Kansas City to this port to publish its share of that through rate, and at the same time requires the railroad to publish its domestic rate for hauling from Kansas City to San Francisco or nearby points another hundred pounds of the same kind of machinery."

"Naturally the railroads decline to do that. Anyone can see what the result ultimately would be. If the railroad's portion of a through rate to the Orient should be found to be less than the railroad's domestic rate on the same kind of freight, domestic shippers immediately would clamor for the railroad's lower figures on export business."

"It is no wonder that the railroads refuse, but we, as the trans-Pacific carriers, will be the sufferers. I cannot understand how it is that the Government at Washington can have so little comprehension of the situation as to enact such laws."

Adds to Canadian Line
VICTORIA, B. C., Oct. 23. — That the two palatial steamers now in the Canadian Pacific Atlantic trade, the Empress of Ireland and Empress of Britain, will be brought around to the Pacific before very long was the statement made by Sir Thomas

**Proof is inexhaustible that
Lydia E. Pinkham's Vegetable
Compound carries women safely
through the Change of Life.**

Read the letter Mrs. E. Hanson,
304 E. Long St., Columbus, Ohio,
writes to Mrs. Pinkham:

"I was passing through the Change
of Life, and suffered from nervous-
ness, headaches, and other annoying
symptoms. My doctor told me that
Lydia E. Pinkham's Vegetable Com-
pound was good for me, and since tak-
ing it I feel so much better, and I can
again do my own work. I never forget
to tell my friends what Lydia E. Pink-
ham's Vegetable Compound did for me
during this trying period."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pink-
ham's Vegetable Compound, made
from roots and herbs, has been the
standard remedy for female ills,
and has positively cured thousands of
women who have been troubled with
displacements, inflammation, ulceration,
fibroid tumors, irregularities,
periodic pains, backache, that bear-
ing-down feeling, flatulency, indiges-
tion, dizziness or nervous prostration.
Why don't you try it?

Mrs. Pinkham invites all sick
women to write her for advice.
She has guided thousands to
health. Address, Lynn, Mass.

Shaughnessy at a banquet given in
his honor by the local Board of Trade
at the New Empress Hotel last night.
Referring to the steamship service of
the company, Sir Thomas said:

"The establishment of our Atlantic
steamship line has demonstrated the
fact that no route between Europe
and America, between Great Britain
and this continent, at any rate, can
in any way compare or compete with
the Canadian Pacific Railroad's steam-
ship line. With the Empress of Brit-
ain, which arrived this afternoon at
Quebec at 3:45 o'clock, and whose
passengers will reach Chicago tomor-
row night at 10 o'clock, we have
beaten the record of any steamer
which has ever yet sailed from Liver-
pool to New York."

"I mention this most interesting
fact because the Empress of Britain
and Empress of Ireland will probably
be visitors in your waters at no very
distant date, and I want you to ap-
preciate them when they come."

The two Empresses which it is pro-
posed to add to the Pacific fleet are
each of 20,000 tons displacement and
18,000 horsepower, their length be-
ing 570 feet and having accommoda-
tions for 650 cabin passengers, be-
sides 1000 steerage. It is understood
that the Empresses of Ireland and
Britain will be put on the Victoria-
Yokohama run, while the Empresses
of China, India, and Japan will go
into the Australian service.

THURSDAY

NOVEMBER 5, 1908

The idiot who rooks the boat, after the damage is done, always wants to saddle the blame on some one else.

Every good citizen, irrespective of political ties, will wish God-speed to the successful candidates and a prosperous administration of our local affairs by them. The campaign is over and a quick return to normal conditions will best serve every useful purpose.

It is not too early for political managers to take up the question of changing the form of the local ballot. Six hundred spoiled ballots simply means that in some instances at least the will of the majority of the voters was nullified by the obscurity of the present ballot. How many voters, either haole or Hawaiian, looking over the long list of candidates for Supervisors, knew which were Republican and Democratic? In New York and Pennsylvania all the candidates for each party are placed under separate heads, and it is possible to make a cross within a circle at the head of the ballot that will vote the entire ticket straight; but if a man wants to split his ticket, he has intelligent direction afforded him by finding the names he wants grouped under their proper political heads. In the first local County election schools for voters were opened in some of the precincts and they undoubtedly accomplished good work in teaching the voter how best to register his choice. It should not be within the power of the ignorant voter to defeat the will of an intelligent majority.

A change of the election laws providing for the adoption of this plan of voting might well be supported by the legislators from both parties, as its practical effect would be to minimize the split tickets, which are a danger to both organizations.

INVESTIGATOR HARR CALLS ON GOVERNOR

Special Investigator W. R. Harr of the Department of Justice called on Governor Frear this morning. Mr. Harr has come down here to look into the charges brought against United States Attorney R. W. Breckons by Thwing. Mr. Harr said this morning that he had accomplished nothing as yet which he could give out for publication, but he is going ahead with the investigation as rapidly as possible. "I have seen Mr. Breckons, Thwing, and this morning had a talk with Governor Frear. In regard to the investigation, that, of course, is being conducted privately, but I will say that I have not had any witnesses before me as yet." Mr. Harr is a man of genial personality, and gives a very good impression. He stated that he did not expect to be here much more than two weeks.

An M. D. On Kidney Disease

Writing on kidney disease, the medical term for which is Nephritis, Dr. J. W. Chismond says in the "MEDICAL BUREAU": "In its incipency it is as curable as any malady that the system is heir to." "IN SECONDARY STAGES WE POSSESS NO SPECIFIC FOR ITS RAVAGES." Where does that leave the kidney medicines you have been taking? And just as we have said over and over, it doesn't make much difference what you call kidney trouble, if it fastens, physicians and druggists have had no successful treatment for it. True, it commonly gets well at first, but if it does not, it enters the second stage that was incurable up to the discovery of Fulton's Renal Compound, which is the first thing known to reduce inflammation in kidney tissues.

When does the second stage commence? Dr. Chismond says: "IT DEVELOPS SO UNCONSCIOUSLY IT IS AS A RULE FAR ADVANCED BEFORE IT IS DISCOVERED." In view of these acknowledged facts, people with kidney trouble should do some very serious thinking before taking futile kidney medicines under which the kidney deaths have risen to over 170 per day. Even if the inflammation is in the first stage, a course of futile medicine is delay that develops the very condition that Dr. Chismond says is "irreparable," and that was irreparable up to the date of Fulton's beneficent discovery.

If you have kidney trouble, either starting or settled, how can there be any question about your taking the only known specific for inflammation of the kidneys, which, incipient or chronic, is the real difficulty with kidney-troubled people? Literature mailed free.

WOOD REPORTS ON PROMOTION WORK

Hawaii Gets Publicity
In Many Parts Of
World

Secretary Wood has prepared the following weekly report which he will submit to the Promotion Committee at its meeting this afternoon:

We continue to hear from our map "The Cross Roads of the Pacific." The general agent of the "Washington-Sunset Route" writes under date of October 20th, acknowledging receipt of a copy of the map and offers to place a dozen more in the leading railway and steamship offices throughout the City of Washington. It is needless to assure you that the copies asked for were mailed without delay as were several extra copies to the ticket agent of the National Railway in the City of Mexico, who, in writing about the matter, said, "Copy of your map entitled 'The Cross Roads of the Pacific' has just come to hand and we hasten to thank you for the same. As the information so strikingly displayed on this map is of such great interest in a ticket office like ours, possibly the largest in any Spanish speaking country, we shall be glad if you can send us extra copies."

We are also in receipt of additional letters from agents of the Southern Pacific, Northern Pacific and Canadian Pacific Railways, thanking us for copies of the map and stating that they had given same a prominent place in their offices. A number of railway and steamship agents write, asking for copies of the map, stating that they have seen the same in other offices.

A few weeks since we renewed our supply of folders with the Raymond and Whitcomb agencies throughout the United States, preparatory for the coming winter travel. Acknowledgments are to hand from Boston, New York and Pittsburgh and other cities, assuring us that the matter sent will be distributed to the best possible advantage.

Dr. L. B. Sperry, the lecturer, writes from Milwaukee, under date of October 20th, "I am just finishing up a lecture engagement in the Northwest and have had the pleasure of showing Hawaiian views and talking about your beautiful islands to a great many people. I have just finished the preparation of a lecture on Hawaii, (100 views), for the Webster Company of Portland, Oregon, manufacturers of slides and renters of sets with lecture. The Hawaii lecture will doubtless be given a wide circulation throughout the Northwest by this enterprising firm. The twenty four pictures you sent me I have had made into beautiful slides."

Mr. J. Walter Scott, our agent at San Francisco, writes that, as directed, he is planning for a wide and effective distribution of the 1909 Floral Parade poster. In his letter Mr. Scott goes on to say, "At a theatre party a few evenings ago, I met Mr. Dunann, general passenger agent for the Pacific Coast Steamship Co., who took up with me the matter of an excursion from this Coast to Hilo and Honolulu. He is very enthusiastic over the idea and I might add that you have now struck the right party and when he starts the thing, it will not be a failure. I told him that it would be necessary for him to take one of his largest steamers, the 'President' or the 'Governor'."

A letter from Mrs. Frances K. Headlee, who now represents the Promotion Committee at Los Angeles, states that Rev. Dr. Wadman gave two lectures on Hawaii in the Chamber of Commerce auditorium while in Los Angeles, which were well attended. On the evening of October 22nd, Mrs. Headlee gave a talk on Hawaii before the Minnesota Society of Southern California, it being well received.

VICTORY ENJOYED ON BOARD LURLINE

S. S. Lurline, Nov. 5, 1908.
Kuhio and Cathart election received. Enthusiasm prevails on board the Lurline, and the passengers send their congratulations to the victorious candidates.

FARRINGTON.
The above message was received this morning by wireless from the Lurline, which is now hundreds of miles out at sea.

HOUSEHOLD HINTS

ADMIRATION DOESN'T UNSETTLE WOMAN

Personal admiration never turns a woman's head, as it does a man's. She is not naturally vain like a man, and compliments after a time become too much a matter of course to disturb her equanimity.

If she is pretty she is already aware of the fact without being told it; if she is not, she has sufficient imagination to believe that she is.

STEAM WILL SHRINK DARNING COTTON

Perhaps you have had trouble because the patch in the stockings you have so carefully darned has shrunk. Next time shrink the darning cotton before using. This can be easily done by holding the cord or ball of cotton over the spout of the boiling tea kettle; the steam from the kettle will soon moisten the cotton sufficient to shrink it.

TO MAKE MUTTON LIKE LAMB

Mutton chops can be made very tender, quite as much so as lamb, if before they are boiled or fried they are allowed to simmer in just a little water on the back of the stove. This also makes the flavor more delicate.

AGE HAS LITTLE TO DO WITH DRESS

The question of age governing dress is of less importance than it has been for a century or two.

Not long ago it was even a question among women of forty if they were too old to wear white frocks.

Nothing is prettier on an old lady than this snowy whiteness in soft materials.

She should never wear anything else in the house all the year round. It also does for all warm-weather outdoor wear.

As for the mooted question of black, there is much to be said for and against its general usage by old ladies.

It is well to have it as a background, but the well-dressed old ladies of today are going in for gray, for blue, for striped purple and white, and for striped black and white.

These are preferred to black for every occasion.

A silver gray costume is considered the correct one for a gala affair held in the day or evening.

In summer, muslins in gray white lavender and stripes are all used in place of the black silk, mull, grenadine and taffeta of other days.

Legal Notices.

IN THE CIRCUIT COURT OF THE Second Circuit, Territory of Hawaii, In Probate; at Chambers. In the Matter of the Estate of George Cockett, late of Kula, Maui, deceased. Before Kepoikali, J. Order of Notice of Petition for Allowance of Final Accounts and Discharge in this Estate.

On reading and filing the petition and accounts of Patrick Cockett, administrator of the estate of George Cockett, deceased, wherein he asks to be allowed \$754.63, and he charges himself with \$1824.65, and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such administrator, it is ordered that Monday, the 16th day of November, A. D. 1908, at 10 o'clock a. m. before the Judge of said court at the court room of the said court at Walluku, Island of Maui, be and the same hereby is appointed as the time and place for hearing said petition and accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this order, in the English language, be published in the Evening Bulletin, a daily newspaper printed and published in Honolulu, for three successive weeks, the last publication to be not less than two weeks previous to the time therein appointed for said hearing.

Dated at Walluku, Maui, this 14th day of October, 1908.
(Sd.) A. N. KEPOIKALI,
Judge of the Circuit Court of the 2nd Circuit.

Attest:
(Sd.) EDMUND H. HART,
Clerk of the Circuit Court of the 2nd Circuit.

TO THE

Holiday-Seeking Public

What spot in these Islands can exceed the great Waimea Plains in beauty, climate and diversity of scenery? City folk in want of rest and recreation will learn with pleasure that the Waimea Home of Mr. David Forbes, late Manager of Kukuiaale, is now in the hands of Mr. H. Akona, the well-known Chef.

The premises may be rented furnished by week or month on reasonable terms. Apply to H. AKONA, WAIMEA, HAWAII. P. O. Address, Kawaihae.

HOI FOR THE TRIP ON THE BRINY DEEP

ALL IS READY FOR YACHT CLUB INITIAL CRUISE

Lights and Food Will Be Provided at Waianae That Shippers May Be Relieved from Worry—Members Have Decided to Take Non-Members Along

Provision has been made at Waianae for lights, to assist the yachts in coming to anchor when they reach there Saturday night on the first cruise of the season of the Hawaii Yacht Club. Arrangements for meals have also been made, so the yachtsmen will not have to worry about the provision question when they reach land.

The original decision of the club, that none but members were to participate in the cruise, has been reconsidered and non-members who desire to make the trip will be welcomed if they communicate beforehand with Ray Rietow, room 207 Judd building.

There is every indication that the first cruise of the season will be a big success. Great interest is being manifested by the members, and the yachting year will doubtless be ushered in under the most favorable and promising conditions.

The yachts will probably return from Waianae some time Sunday afternoon, the time depending upon the wind which the navigators find. The start will be made from here about 1 o'clock Saturday afternoon.

Among the special guests of the club on the cruise there will be Ray Spaulding, commodore of the South Coast Yacht Club and one of the best known gentleman sportsmen in Southern California, and Lloyd Childs.

THE CHAMPIONSHIP IS POSTPONED

The tennis double championship will not be played this afternoon, owing to the indisposition of Mr. Warren. The date of the play will be announced later.

SPOTS BY THE SPORTING EDITOR

Now that the country has been saved and patriots can again turn their attention to something other than politics, it is likely that there will be a revival of interest in sports. There are several things in the air and it only remains for folks to get their wits drawn together and pull them down to a terrestrial foundation.

On Sunday week, the first game of the Kalaniana'ole League will be played at Aala Park. The game will mark the opening of a baseball season which will undoubtedly prove of more than passing interest to the lovers of the great American game. It is promised that every precaution will be taken to have the games conducted in a manner satisfactory to all.

On November 9, Mike Fisher and his Reach Club All-American aggregation will arrive here on the China. Just to visit the wharf and gaze upon the features of those giants of the flying sphere should be enough joy to hold the most ardent fan for one day.

Then we have the soccer season on in earnest. Already several practice games have been played, and there is ample evidence that this season's play will be of a quality sufficient to satisfy the most critical.

Intercollegiate ball will also be a decided feature of the season's sports program, and some very good play will be witnessed, to judge by the present outlook.

In the ring, arena it looks as though things might be pretty quiet. There is nothing definite in sight just now and how long it will be before things begin to shape up, no one can say.

Followers of the ring are hoping that Frankie Smith and Charlie Reilly may "make good" and come back before Christmas, as they promised. But there is no telling what may be offered them in the way of inducements on the Pacific Coast and it will hardly be wise to count on them until folks see them alighting from the Alameda.

But there will be enough doing to satisfy any but the most critical, and there will be no occasion for anyone to worry about having too much money weighing down his pockets.

In the Newspaper League, the Bulletin has played its entire schedule for the season and occupies an exalted position somewhere near the bottom. If the "Tiserites" want that medal business settled they will have to search out some competitor other than the Bulletin nine.

LAUDS THE SEA-WREN

Yachting Writer Gives Unstinted Praise to Handy Little Craft of Catboat Type

Regarding the Sea-Wrens, which members of the Hawaii Yacht Club are about to order, a writer in the "Round the Clubhouse Fire" department of the Rudder has the following to say:

"You will remember the plans of a 14-foot cat, called Sea-Wren, which we put forth, I think, in December. Several of these boats have been built and from all have come excellent reports. The one I have was built from a frame furnished by the American Gasoline Motor Company, and was planned and finished by Geo. Steltz, of College Point, and is an excellent job throughout. Lately I tried this boat out and have nothing but praise; she is fast, dry, and able."

"In a heavy, two-reed Southwester I beat her out over a bar and into a high sea, and was surprised to find what good weather she made of it. She points high and foots fast, despite the fact that the sail is a miserable production and is not made to plan. Her only fault is the fault of all cat rigs—she steers hard with boom squatted off. STORAGE BATTERIES AND TORCHES AT CARNIVAL

Outrigger Club Members Are Making Experiments With Illuminating Agents and Saturday's Program Promises To Be a Dazzling Success

The moonlight carnival and dances of the Outrigger Club at Waikiki have not been postponed, only the afternoon regatta. The Outriggerites are still experimenting with colored lights for night canoe events, and electric lights and torches on their surfboards.

W. A. Cottrell is the latest club member to divorce himself from the dance program and take to an illuminated canoe for the night of the 7th.

The canoes in the lagoon will also be illuminated with lanterns and fire effects. The tickets to the dances at the Seaside and Moana Hotels are good also on the canoes on the lagoon.

Arrangements are now being made to turn over the Halepele, which Allan Herbert has been building on the Outrigger grounds, to the ladies as a bath-house and to fence off with bamboo and coconut leaves this part of the property for their exclusive use until the permanent bath house for the ladies' auxiliary is built.

NOTICE

If secretaries or accredited representatives of athletic clubs and kindred organizations will make it a point to send a list of their proposed events to the Sporting Editor of the Bulletin, it will simplify matters greatly and will insure all legitimate sports news being made public. Where a representative of the Bulletin has not been seen at a game or other sports event, some representative of the organization or club conducting the event should communicate with the Bulletin, that there may be a full account and score published. Address communications to: The Sporting Editor, Evening Bulletin.

KUHIO WILL SOON TO GO WASHINGTON

Delegate Kuhio Kalaniana'ole called on Governor Frear this morning, and had a long talk with him. The Delegate stated that he would probably leave for Washington in the near future, either on the Mongolia, which leaves on the 14th, or on the boat leaving four days later. Kuhio also said that it did not materially matter which time he left, as there were few matters that could be attended to at such an early date. He expressed himself as being highly pleased with the result of the elections.

OFFICIALS STUCK IN BALKY AUTO

Lloyd Conkling and High Sheriff Henry made an automobile trip over to Waikane yesterday afternoon which they will remember for some time. They started out to get the election returns from that precinct. On the return trip, the automobile became a trifle balky, and the driver couldn't make it go. So the passengers, i. e., Lloyd and the High Sheriff, put their shoulders to the wheel, literally, and pushed the machine over a couple of long, steep hills, until they reached a telephone. Governor Carter's expert driver was sent for, and, when he arrived from town, but a few minutes were needed to fix the machine.

Suit in Circuit Court may reveal mysterious relations between W. E. Dargle and Oakland bankers.

Hollister greets visiting Foresters who assemble for annual meeting of high court.

the bar it was dead before, and she took the bit and nearly got away from me. I never had such a light before, but once mastered, the little dear went over the breakers like a lady and landed dry as a bone in the smooth water within. I couldn't help patting her combing and saying, "Well done, little one."

"She is a live-feeding little boat, and that is what I like to help,—something that moves under you like a galloping horse, all muscle and motion. If you are looking for a small one-design boat, I advise Sea-Wren. Also would advise the builders of small boats to take up this class of craft instead of turning out what they have in the past, low-sided, cranky things. My money is up that at least 100 Wrens will be built this winter."
