A PREMIUM IS PUT UPON VICE

Reform School Makes Life Too Easy for Bad Boys.

Through the excellence of the Waialeale Industrial School a premium is put upon vice. Such is an abstract of the opinion of President Perley L. Horne, of the Kamehameha Schools, given in a discussion of a paper read by him before the members of the Mothers and Teachers' Club at their meeting yesterday afternoon in the Central Union Church.

There was no desire on the part of Professor Horne nor of the ladies who concurred in the opinion to criticize the workings of that institution nor to minimize the good work it is doing for the boys attending it, but the fact that there the younger transgressors against the law are afforded opportunities of learning a trade, are assured of three good meals a day, are attended to in sickness and given congenial work and kind treatment at all times and that these advantages are not given to the boys of the poorer classes who have not brought themselves into opposition to the authorities is an incentive to some to commit a crime and serve a term at Waialeale. This is a state of affairs vouched for by the speaker. Within the past few days one of the school officials was asked by a parent as to what steps should be taken by him to have his son sent down for a term by way of securing some higher training. There is no feeling of shame at the idea of serving time in this industrial school, thus presenting a problem for solution. Philanthropists in America are seeking a solution similar, regarding the vagrants who commit minor crimes to secure short jail sentences during the winter months.

What is wanted are industrial schools for the boys before they have gone astray, shelters for the girls before they have fallen, institutions to carry out the truth of the adage that "Prevention is better than cure."

"Constructive Philanthropy" was the subject of the paper read, which dealt in a thorough way with some of the phases of the philanthropic work being carried on at the mainland, particularly in the New England states. The maintenance of the public school was a work of constructive philanthropy, although we have outgrown the philanthropic feature and see only the necessity.

"Every child in the state is a sacred thing to the state, no matter whose that child may be," said the speaker. "No matter whether the child of the richest citizen or the child of the ignorant woman of the slums. Her child may be the most capable in the state. Some of our greatest men are those whose fathers are unknown. On the state and on the city or town rests the responsibility of the training of the children of all."

"Education, half heartedly supported, dallied with, poorly done, is a burden to all. How people talk about it, how appropriations are cut down, how often the school appropriation is tithed to death! Many do not believe in the schools, at least after their children cease to attend. Many more wish they did not have to and tolerate it only because they must. The everlasting school question, ever a chance for a town meeting wrangle or a quarrel in the city council. Some communities support their schools grudgingly as a burden. Others realize that the schools have made the community. The wisest expenditure any town or city can make is the money spent upon education. Cutting down appropriations and curtailing the work of the schools, I believe to be the poorest economy any place can practise."

"But it is schools along the line of the Kamehameha school that are wanted most now. Any boy sufficiently criminal can secure a trade training in a reformatory and the other kind of a boy should have the same chance to learn; the girls should be able to secure sewing and cooking lessons outside a school for correction. The establishment of such schools would save much of the money now spent on home missions in our cities."

In the discussion which followed the paper, all present took part. The gathering of a regular crowd of young boys on Vineyard street to smoke and gamble was reported, the speaker saying that there was no room for them in the schools and "they were not bad enough to go to Waialeale."

At the opening of the meeting a violin solo was rendered by Miss North Sturgeon, beautifully and sympathetically played, Miss Hopper accompanying.

POLITICS AT VERY LONG RANGE

Lane's Good Young Men Are Driven From Cover.

It is said that Senator John Lane is to lead his good young men under the banner of Kuhio. And what will Alex. Robertson do then, poor thing?

Now, as a matter of fact, it will be well to watch this Lane leadership, because it really is going to do some picturesque things. That prophecy was made yesterday morning. It has already borne fruit. The Lane leadership did a couple of picturesque things yesterday, on the very first day that the mask was taken off it. It proclaimed itself for Kuhio and it got behind the Sheriff of Oahu and drove him into the open. There is some reason to believe, by the way, that the Lane Sunday school class was not quite ready to come out into the open itself yesterday, the members of the class being good young men of a timid and retiring disposition, more accustomed to burrow underground and hide their blushing modesty up dark alleys; but fate and the trade wind betrayed them by whispering their secrets into the ears of some people whose business it is not to keep things out of newspapers. And so they got blown upon somewhat prematurely.

Also, there was the wicked Mr. Achi, who had to be swatted, and the noise of whose swatting got into print. So the Lane leadership had to make the announcement that it was a leadership in the direction of Kuhio, as well as away from Achi.

Now, everybody in town, save the political writers for some afternoon papers, knows that Kuhio is a candidate for reelection and has been for months. Kuhio knows a good thing when he gets it—and is possessed of the perfectly human desire to hold onto it. And, promise or no promise, Kuhio is going to try to stay. In passing, it may be noted that Kuhio will be a pretty hard man to beat. You see, it was a most terrible thing for Achi to bolt the straight ticket—but there can not be the least harm in the world to Kuhio making a promise to stand aside, and then not standing aside. Not in the eyes of Mr. Lane's virtuous young men. Kuhio might have forgotten the promise. No doubt he has. Senator Lane forgot some things himself, so Lorrin Andrews used to say. He even forgot them after he had been reminded of them. The quality of political forgetting is one of the highest attributes of cultured statescraft. The fellow who can do it the best is the best statesman—but he must see to it that the other fellow does not forget, too. That is the unpardonable sin, in the other fellow.

All the same, if Delegate Kuhio has any friends in town—any sure enough friends—they will do well to keep an eye upon Mr. Lane's good young men. Because, the Sage of Kaneohe has not been heard from officially on this matter—and there will be no calculations safe on the race for Delegate to Congress that leave McCandless out of the reckoning. Not while the sun shines and the water runs in Kooiaulou and Kooiaupoko! If you think that Charley Clarke and the other little Lane fellows are going to get away with the works without knowing that they have been in a fight, ask Jack Lucas. He will have something to say, when it comes to the long last—and will say it with force and effect.

Moreover, it is an old game in politics to put a man up a long time in advance and so kill him the more effectively, and while John Lane is not long, as has been said aforetime, it has also been said by a political wise man that he turns with an easy facility astonishing in a gentleman of his learning and dignity. And so, while it is entirely possible that the Lane leadership is in the interest of Kuhio today, Kuhio is in a long way off and a trade wind from Kaneohe may come whistling across the Pail tomorrow and whisk Lane entirely around. Because, that McCandless partnership in the Senate was a very real thing.

Beyond that, there is the possibility that Alex. Robertson may have a deep hand in the Lane movement—although Alex. is not saying anything. He never does say anything. But he looks as wise right now as he ever has looked—and he may have come to the conclusion that when the turn comes it will come his way.

The Sheriff of Oahu is in the turning class, too, it appears, and so has come rising up to the bait thrown him to announce that he is a candidate for reelection. He had previously announced that he would not be, both in print and to his friends, who would really like to see him step aside, for reasons. But the Sheriff is a fish that rises to the fly very easily. Most likely he will say today that he will not be a candidate, because the Advertiser, taking him at his word, hereby says that he will be all of which implies a state of mind that must be uncomfortable to the Sheriff—albeit amusing to the rest of us.

TAFT IS NOW SLATED TO SUCCEED BROWN ON THE SUPREME COURT BENCH

(Associated Press Cablegrams.)

WASHINGTON, March 10.—It is stated that the President will appoint Secretary of War Taft to the bench of the United States Supreme Court in place of Justice Brown, retired.

SECRETARY OF WAR TAFT.

Long ago, when Secretary Taft resigned from the United States Circuit Court bench at the solicitation of President McKinley to take the helm for the administration in the Philippines, it was stated in the newspapers that the preference of the Judge was to stay where he was, but that he would do what he deemed his public duty. In return, while there was probably never a definite promise, the understanding was conveyed that Taft would be given the first vacancy on the Supreme Court bench. That was the step that he wanted, the rounding out of his real ambition.

The distinguished public service that Judge Taft has given to the country since then is too well known to need recapitulation. He has been an administrator, a diplomat, a pacifier, and in all lines he has met with marked success.

WILLIAM WALDORF ASTOR WINS HIMSELF A BRIDE

LONDON, March 10.—The engagement of William Waldorf Astor to Nannie Langhorne Shaw is announced.

William Waldorf Astor is the scion of the rich New York family who some years ago expatriated himself and took up his permanent residence in England. It has been announced, at various times since then, that he was to be raised to peerage of Great Britain, and to be received as one of the elect of the elect of the mighty empire, but neither of these things has so far come to pass. He has a beautiful home at Cliveden, but perhaps the one thing that has made it better known than anything else was the blunder that Astor made, some years ago, when he gave a concert at which he discovered that Sir Archibald Milne, chief of one of the oldest families in Scotland, was present without his invitation, and asked him to withdraw. Sir Archibald had been asked by a lady, who was invited, to accompany her. The affair was the sensation of the London smart set at the moment.

TEACHERS PAY ORDERED RAISED BY LEGISLATURE

Why Command Was Not Obeyed by Board of Education, and What Was Really Done.

CONCURRENT RESOLUTION.

Be it Resolved by the House of Representatives of the Territory of Hawaii, the Senate concurring, that it is the desire of the Legislature in increasing the appropriation for support of schools, that the Board of Education increase the salaries of teachers at present receiving Seventy-five Dollars per month or less.

FRED T. P. WATERHOUSE, Representative, 5th District. Honolulu, T. H., May 25, 1905.

That concurrent resolution was passed at the last session of the legislature, without opposition practically, although it was amended when it went to the Senate so that copies of it should be sent to the officials concerned. It was a good bit of politics, too, because the Republicans in their platform had declared in favor of the restoration of the salaries of teachers. But the generosity of the legislature went no farther than words, and the platform pledge was kept only in the

bestowal of this empty indication of the desire of the statesman.

NO MONEY PROVIDED.

In making its appropriation for the support of the schools for the biennial period, the legislature did not provide the money that was needed for raising the salaries of teachers as had been recommended in the resolution introduced into the House by that talented young statesman who has been called the "Mark Hanna of island politics."

Nevertheless, the Board of Education did raise a few salaries of teachers after the passage of the Waterhouse resolution, as the payrolls of the Department of Education will show. Doubtless the Board of Education had good reasons for the advance in those cases in which advance was made, but it is nevertheless a fact that the Board did not raise the salaries of teachers receiving "seventy-five dollars a month or less."

STORM CRATER FULL OF MOROS

Story of a Desperate Battle in the Philippines, Which Country General Corbin Said Was Pacified

(Associated Press Cablegrams.)

MANILA, March 10.—A force of Moros, entrenched in a crater at the summit of Mount Dajo, 2100 feet high, near Jolo, was attacked on March 8, and 9 by a force of sailors and marines, aided by the Moro constabulary, and beaten after desperate fighting. The last one hundred feet of the cone, up which the American forces clambered, dragging their field pieces with them, was at an angle of sixty degrees, and the Americans used ropes to haul their guns into position. The Moro constabulary force did excellent work, sustaining seventeen casualties in the engagement. The American losses were eighteen killed and fifty-two wounded.

The force of hostile Moros, amounting to six hundred men, was exterminated.

Some of the details of this battle in General Corbin's peaceful land were given in the afternoon cables, and another cable received in the afternoon from Washington stated that "the Moro trouble reported by cable from Manila is considered in official circles as merely a fanatical outbreak."

It will be remembered that General Corbin, who has just laid down the military command in the Philippines, and who passed through Honolulu some days ago on his way home, said that the islands were entirely pacified. In a speech at Manila, delivered in handing over his command to General Leonard Wood, General Corbin said:

"That an era of peace and prosperity for the islands is at hand is clear to all. This is a source of profound satisfaction to citizens and soldiers alike. The work of Colonel Baker, of the Constabulary, and Major Sibley, of the regular Cavalry, in the destruction of Felizardo and other active ladrone leaders in the provinces of Cavite and Batangas, deserves more than passing mention, the result being the disappearance of organized ladoronism in those important provinces. With a continuance of military support of the civil authorities this hateful condition has passed forever. Now there is peace and plenty there, and the people are busy in building homes and providing for their families, and no longer living in fear and dread of the thieving bands that have for so many years robbed them of the fruits of their labor. Your own efficient work in the Moro country has eliminated from the islands of the Sulu Archipelago all that was most mischievous."

SAN DOMINGO REBELS VIOLATE TRUCE FLAG

MONTE CRISTI, San Domingo, March 10.—While negotiating with the government troops for a surrender, the insurgents violated the truce and killed the government commander, General Cepin, and eight of his men.

Monte Cristi is a little town on the northern coast of San Domingo. The San Domingo situation acquires additional interest from the fact that the United States is a kind of policeman in that peppery little land, and has taken in hand the matter of keeping its people in order. This violation of a flag of truce by the rebels would indicate that the job will be no sinecure.

ARCHBISHOP O'BRIEN OF HALIFAX IS DEAD

HALIFAX, March 10.—Archbishop O'Brien is dead.

Most Rev. Cornelius O'Brien, Archbishop of Halifax, was born at New Glasgow, Prince Edwards Island, on May 4, 1843. He was educated at St. Dunstan's College, Charlottetown, Prince Edwards Island, and received the degrees of D. D. and Ph. D. from the college of the Propaganda at Rome. He then became a professor in St. Dunstan's College, and rector of St. Dunstan's Cathedral. He was made Archbishop of Halifax in 1882. He was widely known as a writer on church topics, and of magazine articles and poems.

SAN FRANCISCO FIRE IN DOWNTOWN DISTRICT

SAN FRANCISCO, March 10.—Fire last night destroyed the printing house of Cunningham, Curtis & Welch, the establishment of the Union Lithograph Company, and the printing office and bindery of Louis Roesch. The loss is \$750,000.

These places were in the heart of the San Francisco downtown business district, on Sansome street between Sacramento and Halleck, and were all among the oldest in the city.

FIGHT WITH BERBER TRIBESMEN.

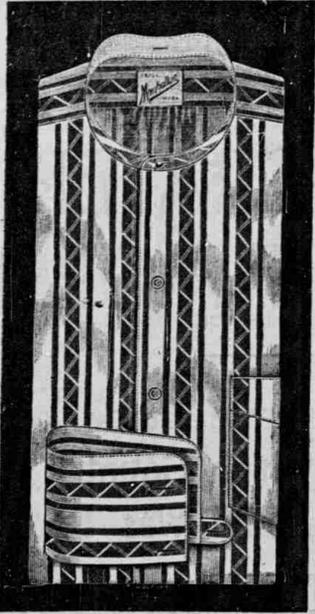

TANGIER, March 10.—In a fight with the Raisuli Anjera tribesmen, ten were killed and sixty wounded.

STATEHOOD BILL AMENDED.

BOARD OF EDUCATION DROPS NEGOTIATIONS

Will Not Reply to County Supervisors--Truant Officers Designated--Details of Teachers--Kalihiwaena School Plot.

At a meeting of the Board of Commissioners of Public Instruction yesterday afternoon, it was decided to drop for the present the appeal to the Board of Supervisors of the County of Oahu for financial assistance. Most of the other proceedings related to dealings with teachers.

Those present were Superintendent W. H. Babbitt, Mrs. E. W. Jordan, Mrs. H. H. Wilcox and W. R. Farrington, commissioners, and Miss Daisy Smith, secretary.

DETAILS OF TEACHERS.

Recommendations of the teachers' committee were adopted as follows:

"That Miss Rose Gibson be appointed assistant in the Girls' Industrial School, in place of Miss Kauli, who declines appointment, from April 1.

"That the resignation of Miss Florence N. Carter, assistant at Maemae school, be accepted.

"That Mrs. Edwards be appointed to Aiea as assistant at a salary of \$35.

"That Mrs. Edgar Wood be granted leave of absence from April 16 to June 15."

Correspondence with Inspector H. M. Wells on Maui, relative to changes made necessary by the death of Mr. Kaiwalea, a veteran teacher, was submitted by Mr. Babbitt. It concluded with a wireless message the Superintendent sent that day, after consultation with Mr. Farrington, directing the following details:

Miss Ena Anderson appointed principal at Haou, and Miss Inez Anderson as assistant.

Rev. Mr. Kamelwa, principal at Uliana, and Mrs. Kaiwalea assistant at Hana.

Approval was voted.

Misses Myra and Jean Angus both applied for leave of absence at the end of the term, on account of the illness of their mother, which compelled her to go away for a change. As there would be ample time to procure substitutes, the requests were granted.

Mrs. Ida Horner Knight was, on her application by letter, appointed substitute at Maemae school for Miss Jordan, under leave of absence.

TIRED OF PHILIPPINES.

A letter was read from Henry S. Townsend, formerly head of the Hawaiian educational department as Inspector General of Schools. He stated that it was his intention to leave two of his children here, that he regarded Honolulu as his home and dreaded returning to the Philippines, whither he had gone four years ago, being now in the United States on furlough. Therefore, he placed himself at the disposal of the board for any position it might have suited to him. His letter was placed on the application file.

THE JANITOR QUESTION.

At the previous meeting a letter from the Board of Supervisors of Oahu, replying to this board's appeal for funds to pay janitors and thus enable it to employ needed additional teachers with its balance of appropriations, was deferred in consideration.

The letter was a denial of the requested aid. Now, on motion of Mr. Farrington, who thought nothing could be presently done about it, consideration of the matter was postponed indefinitely.

Principal Copeland of Wailuku high school wrote concerning the janitor question at that institution. It has had no janitor since February 1. The teaching staff had done the best it could in the circumstances, and Mr. Copeland had no complaint if assured that there was no discrimination.

It was voted to instruct Mr. Copeland to employ a janitor.

THE CALIFORNIA TRIP.

Mr. Babbitt reported the already published letter of Quartermaster Humphrey conveying the refusal of the War Department to give transportation in army transports to teachers desiring to attend summer schools in California. He had applied to the Pacific Mail Steamship Co.'s agency for special rates to teachers, and Mr. Klebahn having forwarded the application to San Francisco a reply was awaited.

HEALTH MATTERS.

Inspector Baldwin wrote from Kaula with reference to an outbreak of diphtheria. There were two deaths of children at Makaweli, both from the main camp there. Dr. Sandow had advised that it was not necessary to close the school, but white parents protested and the teacher refused to teach. Now the school had been reopened with Mrs. Lennox in charge.

Kalaheo school on McBryde plantation was still closed awaiting fumigation by the Board of Health.

A letter was received from Mr. Tolleson referring to a man on Molokai who declined to have his grandchildren attending school vaccinated. He had written in reply, quoting the law. Since then he had learned that the children were coming to town to be vaccinated.

FLORAL PARADE AFTERMATH.

Frank Andrade, chairman of committee on pa-u riders in the Floral Parade, wrote asking if Miss Bernice Cooke could not have her salary paid in full while laid aside with a sprained ankle, sustained by a fall from her horse just as the parade was starting. The argument for the desired concession was that Miss Cooke was assist-

ing at an event of general public benefit.

While the members expressed sympathy with the unfortunate situation of the teacher, they could see no way of complying with the request while the salary had to be paid to a substitute. It was concluded that it might form an awkward precedent to comply with the request. Therefore the letter was tabled.

A letter signed by all the teachers of Kaahumanu school was read, expressing appreciation of the Board's letter commending their assistance at the Floral Parade.

THE JUVENILE COURT.

Mr. Babbitt reported on the conference with probationary officers of the Juvenile Court held last week. In following up the conclusions then reached he had seen County Sheriff Brown, who undertook to issue truant officers' commissions and badges to probationary officers recommended by the Board.

The following list had been furnished to the sheriff for the purpose mentioned, two of whom—Messrs. Boyd and Rath—were previously equipped as truant officers: Father Stephen Alencastre, Rev. E. B. Turner, Rev. J. A. Rath, Lyle A. Dickey, C. H. Dickey, C. B. Emenway, P. H. Ryder and Jas. H. Boyd.

Mr. Babbitt submitted a printed form of petition for principals to use in connection with the juvenile probation system, recommending that a thousand copies be distributed among the principals. Adopted.

VARIOUS ITEMS.

A form of program for patriotic exercises was submitted by Mr. Babbitt, which was adopted with the understanding that individual schools had liberty of modifying it to suit their respective conditions.

In answer to an inquiry by Edgar Henriques it was stated that June 11 would be observed as a holiday.

Mr. Babbitt showed a colored drawing of a front elevation of the proposed new school at Kalihiwaena, showing a plan of the grounds with driveway, paths, trees, etc. A floral sundial occupied a central position in the foreground. Mr. Robinson, the park expert, had been consulted about the decorative scheme. Mr. Babbitt was opposed to the position of the sundial and suggested a change in the location of the building.

MARITAL MUDDLE AND A MAID'S MISTAKE

The second performance of "Confessions of a Wife" by Richard Buhler and his justly popular company at the Orpheum theater brought out a large crowd last evening, and the greatest enthusiasm prevailed throughout. Such a play as "Confessions of a Wife," teeming, as it is, with appealing incidents and thrilling situations, could easily draw good houses in a city of this size for a couple of weeks. No wonder, then, when the play runs but half a week, that Honolulu theatergoers are anxious to seize the opportunity of enjoying it while they may.

This afternoon it will be repeated at the matinee and there is certain to be a great army of children to take it in. It is a play that will surely please the little folks, for there is a little one on the stage in the pretty person of Sadie Grove. Sadie plays the child of the dramatic story in a very clever manner, being perfect in her lines and quite at home in her performance. Tonight, also, "Confessions of a Wife" will be the attraction.

The story of the play is based on the youthful mistake of an unsophisticated country girl. Later she is loved and loves one whom she marries and to whom she finally confesses that she years ago married a man whom she afterwards found was already married. The child of the illegal marriage is to a great extent the central figure in the play. There are a score of highly moving situations in the piece and a rollicking vein of humor runs through it all.

HONOLULU MIGHT GO TO SEE HAWAII

The Hilo Tribune prescribes an excursion to Hawaii for the ones in Honolulu who have not heretofore visited that island and are numbered among those who "knock" the tourist travel in that direction. Editorially the Tribune says:

"The repeated statements of tourists, that they are advised in Honolulu against making the trip, establishes the fact beyond reasonable doubt that individuals answering this description are to be found in Honolulu. Honolulu papers are not among the number, for they have intelligence; they are not the tourists who have been here. The influences that are working against the Hilo trip are ignorance and special interests. The islands have many attractions for the tourist, and every resident of Honolulu should know that the volcano of Kilauea is the chief, and is to be at least kept upon the list."

A Practical Proposition on Life Insurance

Suppose you were offered by a bank or any one you knew to be absolutely safe and reliable, a farm, which you knew was, and would, always be worth \$1000, on these terms:

1st. That you could have ten years to pay for it.

2d. That you would only have to pay \$57.72 once a year for ten years, making the total cost of the thousand dollar farm amount to \$577.20, at which time it would be yours, and with a further guarantee that it would increase in value each year after the tenth.

3. That if you were to die after making the first payment the farm would at once become the property of your family.

4th. That if you made three payments and were unable to pay more the bank that sold it to you would protect you for eleven years without another payment, or would give you a smaller farm worth \$300, or would loan you each payment after the third to make your other seven payments with a five per cent. interest.

You would come very near taking that farm, wouldn't you?

These are the terms THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK offer you on their new ten-year policy, with the exception that its guarantees are made in money instead of land.

It is the best policy written by any company in the world. It is offered by the largest, oldest and best company in the United States.

You never before have had an opportunity to get a life insurance contract like this, and it will pay you to look up the agent at once and get it while you can.

Everybody, from the wealthiest banker to the humblest worker, is buying it, and remember the poorest man can get it at the same price as the millionaire.

In the words of the great evangelist, Sam Jones, "This is God's providence to you in making a way for you to provide for your family if you die and for yourself if you live long."

JOY, MUSIC, AND MURDER
Tragic Sequel to Farewell Dinner of Two Artists.

Halemanu, a young Hawaiian musician, is confined at the police station charged with the murder of Ching Keng. The latter met his death, it is said, by a blow of a fist delivered by Halemanu, in the premises of the Chinaman at Kalih, shortly after 2 o'clock yesterday morning.
The tragedy came as the end of a night's entertainment and farewell to Charles Sarka, the well known magazine illustrator, who has been in the islands for the past six months, and G. O. Hart, a fellow artist, both of whom were to have sailed for the Coast yesterday in the barkentine Irmgard.
A party went aboard the Irmgard on Friday evening where they met with Messrs. Sarka and Hart. The evening was a jolly one, and music was furnished by some natives, Halemanu being of the number.
About midnight it was decided to go out to Kalih to pay a farewell call upon E. J. McCandless. All hands walked the distance. While in Palama near the Lloyd premises Halemanu said he was going into a house which the crowd was then passing, as some friends of his lived there. Halemanu had been drinking and was feeling a little gay at the time. He said that some Hawaiians resided in the house. He went into the yard. During this time some of the party continued their walk. One or two remained near the premises, awaiting Halemanu's return.

It was not long before Halemanu reappeared. He was followed by a Chinaman, named Ching Keng, who seemed to be very angry. It is said that when Halemanu entered the house he asked for a drink, and then realized that he had either gotten into the wrong house or the Hawaiians he had known to be living there had moved away and the Chinaman was living there instead. He left the house at once followed by the Chinaman. Some words followed at the gate. None of the members of the party save Mr. McCandless appears to have been near or to have witnessed what followed. Halemanu is said to have finally struck the Chinaman a blow behind one ear. McCandless says he saw Halemanu's arm in the air but did not see any blow struck.
Halemanu walked on and joined his companions, and upon his telling them how the Chinaman had fallen to the ground and rolled over, they all laughed, thinking that in some way the man had merely stumbled. Halemanu's story was somewhat humorous. The crowd went to McCandless' house. Later on all returned to the city and the artists went aboard their vessel.

In the meantime a tragedy had been enacted at Ching Keng's home. The Chinaman was found unconscious. Friends carried him into the house. He did not recover his senses and died during the night. It was the ending of a honeymoon, for Ching Keng had been married only a few days and was just finishing up the wedding celebration. Within a week his bride had become a widow.
The police were notified and the body was removed to the morgue where Dr. McDonald performed an autopsy. The examination disclosed the fact that the deceased had been in a perfectly healthy condition and death was caused by a profuse hemorrhage of the brain. There were no extensive contusions or abrasions on the man's head.

Yesterday morning the Irmgard was about to sail when a hack drove upon the wharf. In it were Deputy Sheriff Vida and two policemen. They went aboard the barkentine and notified Messrs. Sarka and Hart that they were required as witnesses before the coroner's jury. They left the vessel and went to the police station. There was considerable delay about getting to jury together. Captain Schmidt delayed sailing his vessel until 10 o'clock, but as the jury had not yet begun its session and a breeze springing up he decided to put to sea. He did so and the would-be passengers and their luggage were left behind. After their depositions were taken it was decided that they should be put aboard. The barkentine was then drifting idly in the vicinity of Diamond Head and a launch was requisitioned to chase her and place the passengers aboard. Finally it was decided that the barkentine could not be caught up with, and the plan was abandoned. Both Sarka and Hart proved that they had been walking some distance ahead of Halemanu and knew nothing whatever of the tragedy. They took passage on the Olympia yesterday afternoon and departed on that vessel last evening. The inquest will be held at 1:30 p. m. today.

FAKE FIRE ALARMIST IS CAPTURED AFTER A CHASE

Twenty-Year Old Hawaiian Says He Was Practicing Prize-Fighting Before Alarm Box.

"I'm training to fight with Nelson and just as I came up to that fire alarm box I made a motion with my right to give a knock-out blow, that was all."

This is the explanation of M. Makekau, a twenty-year-old Hawaiian, who attempted to turn in a false alarm of fire last evening from box 24, on Alakea street below the telephone office.

About 6:30 o'clock Major-Camara was standing near the door of his place on Alakea street. At the telephone building, one of the linemen, known as "Tom," was standing near the telephone company's office. A Hawaiian ran up the street and when opposite the fire alarm box, stopped suddenly, reached up and turned the knob, then pulled the door open and fled up Alakea street. Camara yelled to "Tom" to chase the man. "Tom" mounted his bicycle and sped up the street in pursuit, overtaking the Hawaiian near Hotel street. He called for a policeman and the young man was turned over to the custody of the officer and sent to the police station.

Box 24 is one of the kind which has a nickel-plated handle in the door. In order to turn in an alarm the handle has to be turned which opens the door. Inside is a hook and when this is pulled down an alarm is sent in automatically and simultaneously the fire whistle and gongs are sounded all over the city. In this instance, the Hawaiian failed to pull down the hook, thereby saving the fire department the trouble of responding to a call.

At the police station Makekau endeavored to explain how he came to be near the fire alarm box. He said he was training to enter the prize ring and had picked Young Nelson as his antagonist. He became so imbued with the whole idea of fighting that he got into the habit of squaring off before posts of all sorts and going through the motions of delivering the punch that would put his opponent out of business. He "just happened" to square off before the fire alarm box and in making the motion he unfortunately touched the handle and the door flew open. He said he was so startled that he immediately fled from the spot.

The capture of Makekau in the act of turning in a false alarm is important. Many alarms have been turned in from various parts of the city, but in only one instance has any one been caught. This was a U. S. marine, who was captured a few weeks ago. It is a grave offense to turn in a false alarm of fire, and Makekau stands a chance of receiving the full penalty of the law.

TO AWAKEN INTEREST

L. E. Pinkham's Scheme of Reclamation in Pamphlet Form.

The daring plan for creating a marvelously beautiful, unique district, a Venice in the midst of the Pacific, through the dredging of a great lagoon in the low-lying lands of Waikiki, as conceived by the President of the Board of Health, L. E. Pinkham, is explained and elaborated in a booklet just issued with the approval of the Board of Health and entitled, "Reclamation of the Waikiki District."
The elaborate report, prepared by Mr. Pinkham, for presentation to the Legislature, through the Board of Health, is given in full, accompanied by six half-tone illustrations of sections of the district proposed to be reclaimed, showing duck ponds and banana and rice fields, with their necessarily accompanying decaying vegetable matter. Maps of the district as it now is and as it is proposed to plot it accompany the report, together with profiles of soundings, showing the available filling material to be used, and plans for artistic bridges to span the lagoon.

The stated object of the reclamation is to make of Honolulu a city as beautiful in character as nature has endowed it in scenery, climate and location.
The report is based upon the results of months of study and investigation of the Waikiki district, which is proven to be at the present time deleterious to the public health and incapable of effectual drainage or reclamation by any expenditure within the means of the private owners. In the course of time, too, unless the lands are otherwise controlled, the present conditions will be aggravated through the crowding upon them of residents of the class usually forced to undesirable locations.

The booklet is issued to arouse public interest in the reclamation scheme and to present in a clear and comprehensive manner the great advantages to be reaped through its consummation. It is not intended that the matter of the reclamation should be hurried, but if public attention is drawn to it and the proposition should commend itself to the ratepayers, the acquisition of the entire area under government control could be made.
Full details of the amounts of materials required for filling, of concrete and expanded metal for streets, sidewalks, conduits and landings, the estimates for labor and work connected with the scheme are given. The pamphlet is from the presses of the Gazette Company.

WHOOPIING COUGH IN JAMAICA.

During the epidemic of whooping cough which was prevalent in Jamaica, Chamberlain's Cough Remedy was freely used. Mr. J. Riley Bennett, Chemist at Brown's Town, Jamaica, says of it: "I cannot speak too highly of this remedy. It has never failed in a case where I have recommended it and grateful mothers are daily thanking me for advising them to use it." For sale by Benson, Smith & Co., Ltd., Agents for Hawaii.

The three sampans which left Ala on Wednesday and were thought to be lost, arrived safely yesterday afternoon at Kahuku.

NO REBATES ON SUGAR

Makes Good for Factors' New Refinery at Crockett.

The cablegram printed yesterday relative to the institution of legal proceedings by the President against the mainland railroad companies because of rebates granted to the Sugar Trust, may put an end to a condition whose existence would militate very seriously against the success of the Sugar Factors' new refinery at Crockett. If the trust has not advantage from rebates, the new refinery will have at least as much chance as the big combination in putting its product on the market.

It will be remembered that the rebate system was in full force and effect at the time that Claus Spreckels instituted his big refinery at Philadelphia, and made his successful war on the Sugar Trust. Also, there was bitter opposition at that time between the Pennsylvania railroad and its great rival, the Baltimore and Ohio. "The Penny road was in with the trust at that time," said an old-timer in the sugar business yesterday, "and Spreckels could do nothing with it. But the Baltimore & Ohio was not on the inside, and it wanted business. Of course nobody knows what rates or arrangements were made, but the Baltimore & Ohio put a side track to the new refinery, and handled the Spreckels product. And the fight of the old man against the trust was won. All that is history. It could not have been won if the Havemeyers had had any the best of the railroad business. Once, during that fight, sugar could be shipped from San Francisco to Chicago cheaper than it could be shipped from New York."

It is said that the Sugar Factors, by the way, will put salesmen on the road to sell sugar by sample, making an active campaign to corral the market as far East as the Missouri river.

FOREST RESERVES ARE SET ASIDE

Yesterday Acting Governor Atkinson signed the proclamations setting aside the forest reserves asked for by the Board of Agriculture and Forestry on the Islands of Kauai and Oahu. The reservation on Kauai is known as the Kealia reservation and comprises 9935 acres, made up of parts of the lands of Kapaa, Anahola and Kamamamalo.
The Oahu reservation is on the Koolau range of mountains, and embraces 28,550 acres. It begins practically on the lower edge of the Koolau forest, and is bounded on the northeast by the crest of the Koolau range of mountains, on the east by the land of Alawa, and on the west by the lands of Wahiawa. This preserves a most important watershed, as does the reservation on Kauai likewise.

ARREST ASSAILANTS.

Ung Cheong, Hau Yee, Lum Sai and Tung Pin were arrested yesterday and charged with complicity in the assault made upon Tam Pong, the elderly Chinese rice planter of Waikiki. The assault took place at Moiliili, where Tam Pong had gone to look over some water rights. He was badly beaten by half a dozen Chinese and had to be sent to the hospital for treatment.

PESTILENT IMMIGRATION.

Not only Congress, but the whole Union, is exercised about the question of immigration, which involves the question of naturalization.

It has been repeatedly asserted that, in Chicago, aliens predominate over citizens in number and that fully 80,000 of the voters in that city have been fraudulently naturalized.

But the only sure antidote to a civic epidemic in the United States is the closed door. It is not sufficient to exclude the insane, imbeciles and incapables.

Asiatic exclusion rests on some peculiar grounds, which are well understood. European exclusion, to the extent indicated, is equally essential.

The Acting Governor of Hawaii, in fact the whole territorial government, with Governor Carter at the head, are ranged among the national exponents of American policy in reference to acquisitions of population.

KNOCKING THE VOLCANO.

Complaint is still made about the habit of certain Honolulu people of warning tourists against the volcano trip.

The general interests of Hawaii as a resort have suffered much from this libel, not only because it has shortened the stay of tourists in the Territory, but because it has deprived this class of people of one of their strongest incentives to recommend the islands to others after they return home.

The stories about rough sea and land trips are based, where pure inventiveness is not the foundation, upon hardships that have been abated.

AS TO BROWN.

Sheriff Brown has stereotyped the phrase "the statement in the Advertiser is incorrect" and uses it whenever he is interviewed by the job-work organs.

the recent gambling exposures have not been thrown away. No man needs a machine and a well-manned one more than the branded Brown.

For a country that is so absolutely peaceful that General Corbin could saunter all over it with one man and not have so much as a pea-shooter turned on him, the Philippines are doing very well.

The Oregon girls have incidentally advertised their own state as a place worth going to for wholesome American society.

The amended statehood bill leaves New Mexico and Arizona out of the nuptials. Neither would promise to love, honor or obey, so the wedding bells will ring for Oklahoma and Indian Territory alone.

Can the supervisors turn out for Brown in the canvass after applying that famous brand?

GOVERNOR CLEGBORN ON PARK MUDDLE

"Supposing the courts decide that the Supervisors have not the right to appropriate money for the maintenance and improvement of Kapiolani Park, what are we to do with the park?"

"Kapiolani Park is one of the greatest tourist attractions we have and should be one of the most beautiful breathing spots in the neighborhood, but it can not be kept up without funds.

"It is a shame that a muddle of this kind should be able to happen. The Legislature should have someone to look into the measures before them and be sure that they will not water before being passed into law.

"We seem to be always running up against some snag in the matter of our appropriations and if the court decision is against the park commissioners what will be done?"

"The regular meeting of the park commissioners, which should have been held today, was postponed until judgment is rendered in the test case."

"The Republic made a terrible blunder when they allowed the title to these lots to get out of the hands of the Government. The Monarchy, which had leased them, never contemplated selling them for a moment."

AMERICAN FATHERS PROUD OF THEIR BABIES.

"American fathers are the most affectionate in the world," said a traveled Englishman the other day.

"This morning I saw one of the pleasantest sights imaginable. I was riding in a street car. Opposite to me sat a young couple with a baby.

YACHT RACE IS ASSURED

Enough Money Is Collected to Guarantee Pacific Contest.

F. C. Smith of the Promotion Committee and R. W. Shingle representing the Hawaii Yacht Club, who were appointed a committee to canvass the city for funds, have been successful in raising sufficient money among the merchants and business men of Honolulu to assure the success of the trans-Pacific yacht race.

There was not much difficulty experienced in securing the money, the donors readily recognizing the value of the yacht race from a promotion standpoint and realizing the immense amount of advertising the islands would obtain from it.

Clarence Macfarlane put the La Paloma on the ways yesterday and Hawaii's representative yacht will receive a thorough overhauling on the marine railway.

The La Paloma will leave for San Francisco on April 7 and should arrive at the Coast in anywhere from fifteen to twenty days, which will give her ample time before the race starts. It is a pleasure that the fact of the La Paloma going up will help to swell the list of entries. It not only shows sportsmanship on the part of the island yachtsmen but it will prove that the trip up is not such an undertaking as it is supposed by many yachtsmen to be.

After the yachts arrive, according to present plans, there will be a series of local races. One will be round Oahu, another from Honolulu to Lahaina and a third from Lahaina to Hilo, where a departure will be taken to the mainland.

The guests will be elaborately entertained during their stay here. No details have been arranged as yet but it is certain that a water carnival on an immense scale will be held during the yachtsmen's visit.

There is little doubt that in two or three years the trans-Pacific yacht race will take on international features. Entries may reasonably be looked for from Australia and Canada, as well as the United States.

Coast builders are likely to build boats especially for this race which can easily assume proportions, second only to the trans-Atlantic and America's cup contests.

Hawaii has turned out fast boats in the past and a hull might be formed to build a good yacht here with which to strive for the trophy.

CRUISE TO BE MONSTER ONE

Among the visitors to Pearl Harbor on Sunday will be a number of the officers of the cable ship Restorer, who will go down in a launch.

The Oregon belles, who are the guests of honor of the occasion, will be assigned to various yachts of the fleet.

The county band will be in attendance and will play in the evening, beneath the full moon.

The cruise will commence from the clubhouse at the Peninsula at 2:30 p. m. The yachts will be led by the Gladys, from which Commodore Cooper's flag will be flown. After the cruise there will be a launch trip to Ford's Island, where a bath in C. A. Brown's large tank will be indulged in.

The yacht club chowder will be served in the pavilion at 6 p. m.

The cruise will be under the direction of Vice Commodore J. A. Lyle, O. Sorenson is attending to the assignment to different yachts of guests and non-yacht-owning members of the club, while Jas. Jaeger and Albert Waterhouse will have charge of the chowder. C. W. Macfarlane and T. W. Hobron will superintend the decorating of the pavilion.

Mrs. George Herbert and Mrs. C. W. Macfarlane have consented to officiate as chaperons for the club.

The guests will be assigned as follows:

Yacht Hawaii (Vice Commodore J. A. Lyle)—Mrs. Weathered, Miss Sullivan, Miss Courtmanche, Miss King, Governor Atkinson.

Yacht Gladys (Capt. T. W. Hobron)—Miss Crossen, Miss Heaven, Mr. H. P. Woods, Mr. Dekum, Mr. Dowsett, Commodore Cooper.

Yacht Spray (Capt. H. E. Picker)—Miss Nash, Miss Brown, Miss Phillips, Mr. Cannon, Mr. Spalding.

Yacht Kapolee (Mr. George Renter)—Miss Parsley, Miss Proebstel, Mr. Downing.

Over 150 members of the club and guests are expected to participate in the cruise.

"MEET ME AT THE RINK."

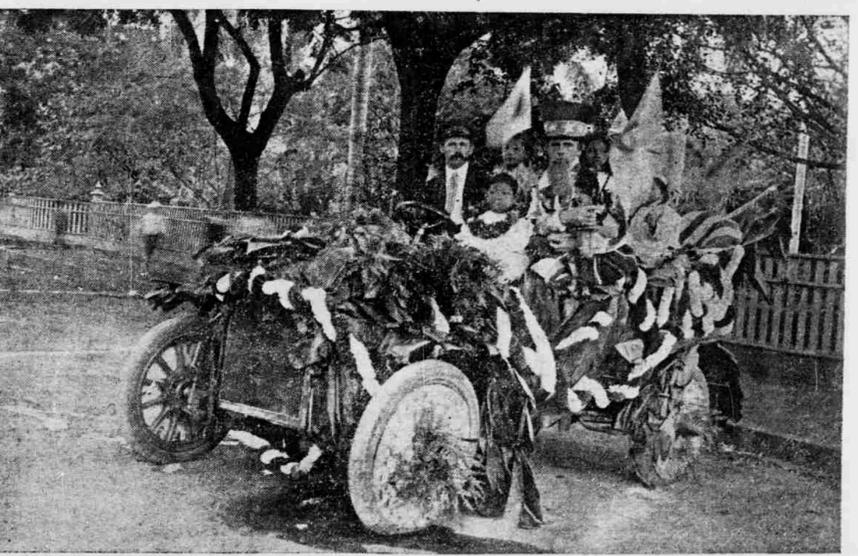

This will be a big day at the rink. Many ladies will take advantage of the morning hours. Children will also be admitted Saturday mornings. The afternoons are always popular, many of the men enjoying skating after business hours, for the fine exercise it affords. It is noticeable that the grand attendance is increasing, as it is a fascination to watch the skaters and the pillkias of the beginners are amusing. Music tonight. Seats free.

SOME OF THE JUVENILE RIDERS IN THE FLORAL PARADE.

THE FREE KINDERGARTEN AUTO OF NATIONS IN THE FLORAL PARADE

SMALLER BOATS FOR BIG RACE

Sir Thomas Lipton, according to reports from London, wishes to try conclusions with the New York Yacht Club with a 70 footer instead of a 90 footer. The Yachting World, the authority for this, has been in close touch with Sir Thomas, and what it prints is inspired. The issue of January 25, which reached here yesterday, says:

"We are enabled to state that Sir Thomas Lipton is once more taking seriously into consideration the question of issuing another challenge for the America Cup. Matters as yet are quite in the preliminary stage, but that Shamrock IV, will be seen in American waters in 1907 may be taken for granted."

Commenting on this the New York Sun says:

"Sir Thomas will have to send his challenge through some yacht club, and it is presumed that it will be the Royal Ulster Yacht Club again. If the report is true that he wishes to race with a 70 footer, then some negotiations will have to be conducted between the challenging and defending clubs. It is assumed that if Sir Thomas wants to build a 70 footer he also wants a guarantee from the New York Yacht Club that his boat will be met with one of similar size. To agree to this would of course bar the Reliance from the contests, and those who are interested in that boat do not want that. It is possible, though, that Sir Thomas and his advisers have figured out that under the new rule of the New York Yacht Club and with the new scale of time allowance, which is now 70 per cent. instead of 60 per cent., the smaller boat has an advantage."

"There are many members of the New York Yacht Club who would like to see a challenge for a race between 70 footers accepted. The 90 footer is a costly racing machine, and only millionaires can build one, but if the race is to be between 70 footers it is more likely that three or four boats would be built here for the defence of the cup, and that other designers than Herreshoff would have a chance to see what they could do. Yachtsmen here are now anxious to find out just what Sir Thomas's propositions are, and until he is heard from through his club no one here can give any idea of what is going to happen. It is expected that a letter will be received by the New York Yacht Club shortly, and then the club will have to decide what it will do."

A BIG BLOW AT PENINSULA

The kona which swept over the Peninsula on Wednesday afternoon played havoc with the small craft of the Hawaii Yacht Club lying off the promontory.

The Hawaii was blown ashore and Messrs. Sorenson and Lyle went down at midnight and managed to get her floated by the light of the moon.

The Mary L. was piled up and at last reports was still high and dry. She is likely to be grounded for a considerable time, for her lead keel and the fact that she draws a lot of water make it quite an undertaking to float her.

The Kapolei dragged her moorings, but stayed where she was. A similar experience happened to the Irish.

The Spray dragged her anchor and ran into the railway wharf, suffering but minor damage, however. Ex-Commodore Picker went down to the Peninsula on Thursday and got his craft off. The Spray has been repaired and put in shape for the big cruise which is to take place on Sunday.

A number of large trees were uprooted at Pearl Harbor during the gale.

ENTRY IS A LARGE ONE

Tomorrow will see the second playing for the White Rock Golf Cup. The Maioa links will be the scene of the contest and the following large number of entries have been received: Dr. Murray, M. Phillips, E. F. Bishop, J. D. McInerney, F. Armstrong, C. Falk, Jess Woods, Q. H. Berrey, I. Spalding, O. E. Wall, C. Weight, J. O. Young, C. J. Hutchins, Wm. Williamson, P. Lishman, W. W. Thayer, Geo. Angus, C. B. High, Dr. Rossiter, H. B. Giffard, J. Cullen, Sr., John Cullen, Jr., H. H. Walker, John Evans, E. M. Campbell, E. O. White, D. M. Ross, Frank Halstead, F. W. Klebahn, Fred Smith, W. Woon, W. C. Wilder, H. Wilder, Paul Schmidt, J. Rothwell, J. D. Yost, R. A. Jordan, Thos. Treadway, E. M. Brown, R. A. Woods, H. B. Sinclair, St. Clair Blagood, A. S. Mahaulu, J. S. Orme, H. Johnson.

Drawings will take place at the club at 9 a. m. and 1:30 p. m.

It is understood that in the event of the Maioa links being given up by the Maioa Golf Club will move to Kapolei Park and a clubhouse be secured on the beach.

Work on the Kapolei Park links has been started.

We repair, paint and build carriages, drays and wagons, and guarantee first-class work at moderate cost. Schuman Carriage Co.; carriage repair department, Queen street.

THE SEASON ENDS TODAY

The "socker" season comes to a close this afternoon, with games between the Diamond Heads and Y. M. C. A. and Iolani and Punahou. The Diamond Heads-Y. M. C. A. game will commence at 2:30 p. m.

There will be no charge for admission this afternoon, and this last chance to see how the game of Association football is played should be largely availed of.

The Iolani team will be much changed, several of the college boys being included in order to give them a chance to see what a real game is like. The eleven will be as follows:

Goal, Carter; backs, Morse, Harrison; halves, E. Mahaulu, Mon Yin, E. Kellett; forwards, J. Anderson, L. G. Blackman, J. Wo, Macfarlane, E. Kea.

The band will be in attendance.

The season has been a most successful one, the league having a credit balance of \$80, the first season that anything but a deficit has been recorded. The outlook for next season is bright, for most of the old players will be seen in harness again and already a big crop of recruits to the game is in sight.

The fight this afternoon is for second place, the Mailes having annexed the championship by their victory last Saturday.

The standing of the league teams to date is as follows:

	P.	W.	L.	D.	For	Against
Iolani	7	4	3	0	13	14
Males	8	5	0	3	18	4
Punahou	7	2	2	3	11	10
Y. M. C. A.	7	0	6	1	5	19
D. Heads	7	3	3	1	11	11

Points—Iolani, 8; Males, 12; Punahou, 7; Y. M. C. A., 1; D. Heads, 7.

CHINESE GUN CLUB FORMED

Honolulu is to have another gun club. It will be known as the Oahu Gun Club and a meeting for the purpose of organization has already been held.

The club will instal traps on a piece of land in Palolo Valley, which has been leased for the purpose.

The officers of the new club are: M. C. Amasa, president; Enloy Chang, vice president; H. Sing Fook, secretary; C. M. Tai, treasurer, and S. L. Wong, auditor. W. Crawford, C. M. Tai and U. Lai Chang have been appointed a committee on rules and by-laws.

There are at present 26 members in the club. It is stated on good authority that the shooting will be done with shotguns and not with crap dice.

A HAWAIIAN HERO SAVES LIVES OF TWO JAPANESE

Daring Wrestle With the Waves During the Kona Storm--How a Native Swimmer Rescued Shipwrecked Fishermen.

LAHAINA, March 8.—On the morning of the seventh a raging storm struck Lahaina and the Jap fishing fleet were in great danger of being swamped outside of the harbor.

Before noon several of the boats made the moorings, but one of the sampans still remained outside, being in pretty bad shape, and the storm still raging.

A saving crew of Japs at last went to the rescue of the disabled boat. Some fifteen or more able-bodied men went out and transferred six men to the crew already on board and then made her way back in safety. The disabled boat then tried to come in and while riding a big comb she was struck amidships and turned turtle, throwing the nine or more occupants into the surf. Five reached shore and four poor fellows were still floating outside too weak to battle with the

elements, holding on as best they could to some of the wreckage.

At this time a brave lad, Kekuewa by name, and an Hawaiian, jumped from the wharf into the breakers and swam out to the endangered men's assistance. He managed to get one man and brought him back in safety. He went out the second time and had to swim a mile and a quarter, but with untiring zeal he managed to bring back a second man.

He then made a third attempt, but came just in time to see that the third man had already been picked up by a boat manned by a native crew.

The fourth man was never found. This is not the first time that Kekuewa has performed such acts of bravery. Some two years ago, when the Kinau was on her way to Hawaii, a boat was swamped outside and he did gallant service in saving lives.

Something will be done to have him rewarded by the authorities at Washington.

NEWS NOTES FROM THE BIG ISLAND

HILO, March 6.—A dozen Japanese and native gamblers were arrested on Sunday by Deputy Sheriff Fetter, all of them forfeiting bonds when called for trial.

Rev. Mr. Haguchi, recently transferred from the Island of Maui, was ordained as minister of the Japanese church here on Sunday by a committee from the Hawaiian Association. Dr. Scudder, Dr. Baker and Rev. O. H. Gulick were a committee of examination.

Henry Beckley, accompanied by his mother and a trained nurse, is at the Volcano House recuperating from a fever with which he was attacked in Honolulu several weeks ago.

An entertainment under the auspices of the Hilo Board of Trade will be given in the Army in the latter end of April. The proceeds are to go to the liquidation of the indebtedness of the Moohau pavilion.

John U. Smith has been chosen as editor of the Hawaii Herald, J. T. Stacker having retired from that position with the last issue of that journal. Sub-Land Agent Williams returned from Honolulu Friday, from a consultation with the land commissioners, relative to applications for right of purchase lease on 150 acres of the upper Paunilo lands, Hamakua district, suitable for production of tobacco. The lands are now being advertised; meanwhile the applicants, Messrs. Kretschmar and Douglas, tobacco experts from the mainland, have gone to Hamakua to arrange for starting tobacco seed beds. These men have had wide experience with the plant in various tobacco countries and pronounce that raised at Hamakua equal to the best grown anywhere.—Tribune.

ORDER OF FORESTERS.

HILO, March 6.—Sixteen new members were initiated by Court Mauna Kea, 8554, Order of Foresters, at their hall Monday evening. After the initiation ceremonies all adjourned to the banquet table where the following toasts were responded to, Chief Ranger, W. H. Beers, presiding as toastmaster: "Ancient Order of Forestry," B. F. Schoen, P. C.; "Our New Members," R. A. Lyman, Jr.; song by Kamehameha quintet; "Court Camoes," J. A. M. Osoyio; "Court of Volcano," J. U. Smith; music; "Advice to Officers," G. F. Alfonso; "The Acting Governor," N. W. Aluli; song by quartet; "The President," W. A. Pettey; "Fraternal Societies," Dr. Hayes; music. Others responded with impromptu remarks and songs. About seventy-five members were present.

SELF CURE NO FICTION!

MARVEL UPON MARVEL! NO SUFFERER NEED NOW DESPAIR, but without running a doctor's bill or falling into the deep ditch of quackery, may safely, speedily, and economically cure himself without the knowledge of a second party. By the introduction of the New French Remedy, THERAPION, a complete revolution has been wrought in the department of medical science, whilst thousands have been restored to health and happiness who for years previously had been merely dragging out a miserable existence.

THERAPION No. 1 in a remarkably short time, often a few days only, effects a cure, superseding injections, the use of which does irreparable harm by laying the foundation of arthritis and other serious diseases.

THERAPION No. 2, for impurity of the blood, scurvy, pimples, spots, blotches, pains and swellings of the joints, gout, rheumatism, secondary symptoms, etc. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION No. 3, for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of dissipation, worry, nervousness, etc. It possesses surprising power in restoring strength and vigor to the debilitated.

THERAPION

readers should see that the word "Therapion" appears on British Government Standard, as sold by the principal Chemists throughout the world. Price in England, 2/6 and 4/6. Purely scientific and of real benefit, offered to every sick and suffering person, without any charge by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

"OLD PLANTATION" IN SONG AND VERSE

"The Old Plantation" (Kuu Home), one of the most popular of the new songs of Hawaii, has just been published by the Paradise of the Pacific in an attractive form, the front page showing a scene in the grounds of the coconut grove of the Ward home on King street. The words are by Mrs. A. A. Montano and the music was set by David Nape, one of Hawaii's foremost composers. The song is having a great run, both here and on the Coast, where it has been presented by John Ellis, the Hawaiian tenor. The free English translation is as follows:

Often I love to think Of a corner sweet and dear, Of water cold as crystal Drawn softly by the old wind-mill; 'Tis there I love to ponder Where my heart yearns ever to be.

Chorus: Old plantation, beautiful art thou, Home warmed by love, Dwelling 'neath the shades of the coconuts; In the heart of fragrance, Gently permeates the fragrance of flowers, Sent forth by the falling dew; Happily the birds with their love notes Make love to the plumes of the coconut trees; Tenderly droop the silvery-leaved ferns on the terrace; In the shades of the old plantation.

POINTING OUT A DISTINCTION.

The following anecdote recently brought to Richmond by a Georgia woman is a true story. A Boston couple were recreating near Augusta and met an old negro woman to whom they took a fancy. They invited her to pay them a visit and the black woman accepted, especially as her expenses were paid. In due time she arrived in Boston and was installed in the house of the white folks. She occupied one of the best rooms and ate at the same table with her host and hostess. At one of the meals the hostess said: "Mrs. Jones, you were a slave, weren't you?" "Yes, marm," replied Mrs. Jones, "I belonged to Mar's Robert Howell." "I suppose he never invited you to eat at his table," remarked the Boston woman.

"No, honey, dat he ain't," replied Mrs. Jones. "My master was a gentleman. He ain't never let no nigger set at de table 'long er him."

And in making this speech she meant no disrespect to her hostess. She meant merely to point out a natural distinction.—Baltimore Sun.

NEW LACE BRACELETS.

Bracelets of the finest laces are now the fashion. They vary in width. Some measure only one inch and a half across, exclusive of the tiny edge of pleated lace that finishes the band, and the widest, two inches and a quarter, are suitable for a robust wrist.

The bracelets are sold in pairs, and with them may be bought a throatlet to match, which encircles the neck closely and looks very pretty both in the evening with a full dress toilet, and in the daytime with a velvet or cloth robe of ceremony.

Bracelets made of velvet are also smart now. Black velvet marks the refinement and symmetry of a marble white arm better than any color does, but colored bracelets are seen, and are very charming when edged with tiny rouleaux of fur.

A slight deviation from the severely simple velvet band, with its old paste or diamond buckle, is a bracelet that glitters with fine spangles of steel, gold or silver.—London Daily Mail.

The splendid flavor and the unvarying quality of Crystal Springs butter are its chief recommendations. Metropolitan Meat Co.

THE CLOSING EVENING OF THE ELKS' MINSTREL SHOW

MR. HUGO HERZER, HONOLULU'S POPULAR BARITONE AT THE ELKS' MINSTRELS.

The success of the Elks' Minstrels on Thursday evening will no doubt be repeated tonight at the Hawaiian Opera House. After the first night's performance the boys will be entirely at ease, and the few delays of the earlier performance will not be repeated. The end men are on their mettle.

Following is a list of the principal artists of the Elks' Minstrels:

- Song: Hugo Herzer—"Great is song, used to great ends."—Tennyson
- Wit: Guy Livingston—"A prince most potent, of an excellent and unmatched wit and judgment."—Shakespeare
- Humor: J. Hastings Howland—"It is my part to invent and that of the people to humor that invention."—Dryden
- Pun: J. Walter Doyle—"A pun can be no more engraved than it can be translated."—Addison
- Frolic: R. W. White—"Here he is once more, at his frolic again."—Roscommon
- Jest: J. C. Johnston—"He jests at scars that never felt a wound."—Shakespeare
- Joke: Al. H. Moore—"With gentle dullness he ever loves a joke."—Pope

PLAQUE OF THE NIGHT.

Keeps Thousands of People in Honolulu Awake.

Keeps you awake; can't sleep a wink. Breeds misery by day, prostrates by night. Know what it is? Itching Piles. Itch, itch, itch. Nearly drives you crazy. Itching away in any position, any time.

Doan's Ointment cures Piles, Eczema and all itching skin diseases. Read what a local citizen says: William Preston has been a resident of Victoria, Australia, for over half a century and is at present residing at No. 68 Argyle St., St. Kilda. He says: "For some considerable time I have been troubled with Eczema on my legs. The irritation at times was very great especially at night, and it caused me considerable annoyance. I obtained a pot of Doan's Ointment and I must say that it allayed the irritation almost immediately. Doan's Ointment is a good remedy and I can highly recommend it for Eczema."

Doan's Ointment is splendid in all diseases of the skin, eczema, piles, hives, insect bites, sores, chibblains, etc. It is perfectly safe and very effective.

Doan's Ointment is sold by all chemists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hoilister Drug Co., Agents for the Hawaiian Islands.

UP A SHOT TOWER.

"It was a strange experience," said the huntsman. "As I ascended the spiral stairs of the tower I saw shot falling, like rain, around me.

"The shot tower was 200 feet high. At its base there was a tank of water for the shot to drop into. If it fell on the earth, you know, it would be flat instead of round.

"On top of the tower was a huge boiler filled with molten lead. The manager led the lead into a percolator, a kind of strainer, and thence it fell into the cistern of cold water 200 feet below. It took it three seconds to fall.

"They made different sizes of shot on the tower by using different percolators—big holes for big shot, small holes for fine shot, and so on.

"The water in the cistern had to be changed every little while. It would have become so hot otherwise, that it would have kept the shot soft."—New Orleans Times-Democrat.

OLYMPIA OFF TO SEATTLE.

The Northwestern Steamship Olympia departed at 5:40 p. m. yesterday for Seattle, via Kahului, with about 400 Japanese aboard as steerage passengers. In the cabin were about six passengers, including Messrs. Sarka and Hart, the artists, who have been in the islands for the past year.

The Olympia took on a big load of scrap iron. The departure of the vessel was without incident. The Japanese gave three banzais as the vessel swung out from the slip and started for the channel.

Should the experiment prove successful the Olympia may make other visits here.

COMING ON COPTIC.

The O. & O. S. S. Coptic is due here Monday from the Orient, and will probably sail the same day for San Francisco. The Coptic is making one of her last trips on the Pacific run. After one more voyage she will be laid up at Hongkong and eventually returned to Liverpool. Among the passengers coming from Manila are the following: Mr. and Mrs. C. H. Fullaway, Mr. and Mrs. M. Creagh, G. A. Smith, Mrs. Smith, Miss Smith, Thos. Carey, J. S. Leech, G. Brockman, A. M. Tinker, C. A. Graham, Mrs. Pinner, Mrs. Brogden, Miss Brogden, Mrs. E. A. S. Bush, S. Smith, J. K. Knowles and Colonel Knight.

NEBRASKAN IS LATE.

The American-Hawaiian steamer Nebraskan, due yesterday, from San Francisco was not sighted up to a late hour last night. The gale on Wednesday no doubt hampered her progress to this port. She will probably arrive this morning. She brings two days' later mail. She loads sugar both here and at Kahului for San Francisco. The Arizonan, now in the harbor, may not be despatched to New York via Hilo until after the Nebraskan departs.

HILLO SHIPPING.

J. A. Kennedy has advertised for bids in San Francisco for the new 15-knot boat to displace the Kinau on the Hilo-Honolulu run. The new steamer is to be an exceptionally fine vessel, with ample passenger accommodations, and enjoying in some respects the passenger arrangements of some of the ocean-going liners calling at this port. The new vessel is to have a saloon, piano, library, hardwood dining tables etc. Especial attention is to be given to the state-rooms. The new boat may burn oil for fuel and she may be ready to go into commission at the end of the present year.

The big freighter Texan arrived Friday morning from Kahului and Honolulu. She took on about 1800 tons of sugar and some awa root, completing her cargo, and sailed for the Atlantic coast Saturday evening, her whistles

sounding a farewell which was answered by the steamers in harbor.

The schooner Marston, Captain Gove, expects to leave the last of the week. She takes 200 tons of sugar from Honoum and a like amount from Pepeecko at this port, and will complete her cargo at Honolulu.

The schooner Eya left for Honoum with a cargo of general merchandise from Hilo, on Saturday morning.

The schooner W. H. Marston, arrived on the evening of last Monday week, 23 days from San Francisco. She brought as passengers: Mrs. James and two children, Mrs. Junkins and Miss Hutchins.

The Roderick Dhu will leave the latter part of the week for San Francisco, her last trip, as she is to be converted into an oil carrier.

The bark Annie Johnson is due from San Francisco; also the John Ena from Cape Town, South Africa.

SHIPPING NOTES.

The schooner Alice Cooke will be ready shortly to return to the Coast. The Canadian-Australian steamer Aorangi is due from Victoria this morning.

The barkentine Irmgard sailed yesterday morning for San Francisco with a full load of sugar.

The schooners Lavinia and the auxiliary sloop Mokolii are being overhauled on the Marine Railway.

Nearly all the big sailing vessels which are carrying sugar around the Horn have been ordered to Philadelphia.

The officers of the cable ship Restorer are giving a reception aboard this evening. Launches will leave the boat landing at 7:45 and after.

The submerged hulks in Rotten Row are being removed. In a couple of weeks the tow will be cleared so that the dredger Pacific may go in and clean up that part of the harbor.

The ship Edward Sewall sails this morning for New York with 5523 tons of sugar. Captain Quick will be accompanied by Mrs. Quick and child, and Miss Albright of San Francisco.

Kailua was the only landing which the Mauna Loa could make on her recent trip owing to high waves and heavy winds. The Nezeopon passengers were landed at Kailua, the old landing in Kealahou Bay, which has not been used for years.

The Mauna Loa, when entering the channel yesterday morning, endeavored to pass the dredger on the Ewa side which ran her almost on the same reef where the schooner Mary E. Foster grounded early in the week. The Mauna Loa's officers say that they waited for the dredger to move off and give additional room for some time and then steamed in with the above result.

TEACHERS PAY

raised, however, is interesting. The first name upon it is that of Miss Helen Robertson, whose pay has been increased from forty-eight to sixty dollars a month, and in whose case this note appears: "Promoted vice Maroni." Mrs. L. C. Bickford, who is on the record "transferred from Kauai, September, 1906," is raised from \$42.50 to \$48. Mrs. F. L. Winter is raised from forty-two fifty to fifty dollars.

On the other hand, Mrs. L. C. Frahn, who was transferred from Wahiawa to the Normal and then to her present position, is reduced from sixty to fifty-two dollars per month. Miss Lulu Cameron, who had been receiving fifty-two dollars a month, was promoted on February 11 and her salary increased to eighty dollars. The salary of M. M. Scott was increased from \$180 to \$200, there being no note attached. Miss Clara Cameron was increased on the first of January from sixty to seventy dollars a month. It will be understood, in fact, that the monthly salary is referred to in every case.

Miss Hazel Hoffman resigned in June, 1904, and was reappointed, her salary being increased from \$42.50 to sixty dollars. Miss M. M. Yoder resigned in December, 1904, and was reappointed, her salary being increased from sixty to seventy dollars.

MOVED FROM HILO.

Miss Wilhelmina Schmidt, who was transferred from Hilo to take the place of Mrs. Cate Phillips, had her salary increased from forty-four to fifty dollars. Edger Wood's salary was increased from \$150 to \$200, and there is no explanatory note. The salary of W. T. Pope is raised from \$100 to \$120, "in accordance with a resolution passed by the Board." Miss Ida G. MacDonald was transferred from Kapaau to the Normal in September, when her salary was raised from \$42.50 to \$50, and in November it was raised again to eighty dollars.

Miss Florence Hill, who received \$15, was transferred to the Normal, at \$25, and in January her salary was raised to \$50. Miss Lizzie Ayau was transferred from Hana in September, and was reduced from \$44 to \$42.50. Miss Iwalani K. Davten was raised from \$42.50 to \$44, without explanation on the roll. Mrs. Clara Mckumald passed an examination, and was raised from thirty dollars to thirty-seven fifty. Miss Clara Claypool was promoted from a principalship, and raised from \$48 to \$70. Miss Anna Danford was raised from \$44 to \$48. Mrs. M. Churchill had her school increased, and her salary was raised accordingly from \$66.50 to \$80. Mrs. L. M. Smith was made assistant to principal, and increased from forty to sixty dollars.

VERY SMALL PAY.

The salary of F. A. Richmond was increased from \$120 to \$175, the teacher being an assistant to a principal. Miss Harriet Hapai was raised from thirty-five to forty dollars, and Miss Louisa Hapai received the same treatment. Miss Trinidad Marcos, assist-

OREGON GIRLS KEPT BUSY SEEING SIGHTS OF HONOLULU

"We're having the time of our lives," is the composite result of all the good that the Oregon girls say of their stay in Honolulu. They're busy every day, too, with engagements of various kinds. Yesterday a number of them were escorted through many of the public schools by Mr. Cox of the Department of Education. They inspected in detail the High and Normal schools, and were greatly interested in the conglomerate attendance which they found in all the schools.

Last evening the entire Oregon delegation were guests of the management of the Orpheum Theater, occupying a special section. They were greatly pleased at the courtesy thus shown them.

This morning will be devoted to shopping and in the afternoon a visit will be made to the Bishop Museum and Mr. Damon's estate at Moanalua. Returning to the city they will be entertained late in the afternoon at a chowder party to be given by Mr. and Mrs. J. A. McCandless at their Waikiki Beach home. In the evening they will attend the Elks' Minstrels, occupying two boxes which were placed at their disposal by Mr. Gartley of the Promotion Committee.

On Sunday the party will be guests of the Hawaiian Yacht Club at Pearl Harbor, a cruise of the boats in the yachts to be a feature, concluding with a chowder at the clubhouse.

On Monday evening Mrs. Weathered, the chaperon, and the ten young ladies comprising the Portland Journal's party, will hold a reception at the Royal Hawaiian Hotel to Oregon and Washington folk and other friends, and this will be followed by a little dance given by Manager Bews.

A deluge of presents has been received by the Oregon girls from various people and stores both here and at Hilo. One firm sent each of the girls a copy of the book of Hawaiian songs. A curio store sent each a choice collection of shells. Another store sent souvenir books containing views, and so on. Princess Emma De Fries yesterday presented each with a small pol-gourid mounted on a koa base.

On Tuesday the party leaves on the Sierra for home.

ant to principal, was raised from \$37.50 to \$40. Henry Komomua was raised from twenty-five to thirty dollars. Miss Alice Laing obtained a certificate, and was raised from \$25 to \$37.50. Miss Aoe Akina was raised from \$37.50 to \$40 on the same ground. Jos. de Silva was made assistant to principal, and was raised from forty-eight to fifty-five dollars.

Mrs. C. H. Swain was raised from \$25 to \$35, and Mrs. V. A. Carvalho from \$25 to \$30. Mrs. L. M. Carpenter was made assistant to principal, and given forty-four dollars instead of \$42.50. Archibald Dods was raised from sixty to eighty dollars. Mrs. E. L. Austin was made assistant to principal, and raised from \$66.50 to \$70. P. P. Rosecrans was raised from \$66.50 to \$83.33. J. Vincente was raised from sixty to sixty-five. Mrs. P. K. Hofgaard was raised from \$48 to \$55, and Miss Caroline Scholtz and Miss Millie Morris from \$42.50 to \$48. Miss Belva Buchanan was raised from \$42.50 to \$44. Sam Kawahara was raised from twenty-five to thirty dollars. Miss Florence Deverill was raised from \$50 to \$55. Miss M. J. Teer was made assistant principal and raised from \$48 to \$70. Miss O. A. Mumford was raised from \$66.50 to \$75. Miss Ella Christian was raised from \$42.50 to \$48. John Bush was raised from eighty to one hundred dollars. Miss Omstead was raised from thirty to forty dollars, and Miss C. Tinkler from forty to forty-four. Miss H. Sheldon was raised from twenty-five to thirty dollars. Jos. Cypriana was raised from \$15 to \$20.

ALL PAY TOO LOW.

Now, there is not the least disposition to criticize the Board of Education in the matter of increasing the pay of teachers, in cases where has been an increase. The Board doubtless has reason in every case for the raise that was made. There are too many low salaried teachers in the department, and it is even safe to say that with the increases that have been made the salaries are all too low, yet good pay alone will get and hold good teachers—and there should be good teachers in the public schools. But the object of the Waterhouse resolution, which seems to have been to raise the pay of the lowly paid, has not been met. The Board has doubtless done the best that it could, but it has not had the money.

There are in the Department of Education, now, seventy-one teachers whose pay is thirty dollars a month, or less, and one who teaches for the pittance of ten dollars a month. And that is too little even for the poorest kind of a teacher.

Warm, Debilitating Weather

Many people, after a long spell of oppressive heat, suffer from lassitude, loss of spirits, and a general "run down" feeling.

They need a course of Ayer's Sarsaparilla, a medicine which has revived and restored to active life and health thousands of such sufferers. A lady who recently returned to England from South Africa writes concerning this "wonderful medicine": "While in Cape Town the past summer I suffered greatly from the long-continued heat. I was completely worn out; my blood seemed to become as thin as water, and I lost all energy and interest in life. My friends recommended

Ayer's Sarsaparilla

and a course of this wonderful medicine restored my health and spirits. My husband suffered in the same way as I did, and he also was greatly benefited from the use of Ayer's Sarsaparilla."

There are many imitation Sarsaparillas. Be sure you get "AYER'S."

**Wife's Alleged Cruelty
--Habeas Corpus
Matter.**

Return of summons as duly served has been made by J. K. Kekaula, deputy sheriff of Kauai, in the divorce suit of Frank Gouveia vs. Elizabeth Gouveia. By the same mail comes this sworn letter from the woman:
"J. A. Thompson, Esq., Clerk.
"Sir: I received the divorce summons from Deputy Sheriff of Kauai, County and Territory of Hawaii, and I agree to be divorced from my husband Frank Gouveia, if he pays all my expenses and my boarding from October 19, 1905, to March 1, 1906, per 20.00 dollars for each month. Yours truly,
"ELIZABETH GOUEVIA.
"Subscribed and sworn to before me this 5th day of March, A. D. 1906.
"J. H. WAIPULANI,
Notary Public."

Summons was issued on February 20, Heen & Kaulukou being attorneys for libelant. Libelant says that he and libelee were married at Honolulu on October 8, 1904, and that about six months after marriage libelee without provocation frequently and repeatedly abused, maltreated and assaulted libelant, and applied foul and profane epithets to him. And more particularly in August, 1905, that she attempted to poison him and, "being foiled in her attempt, libelee did then and there rush upon libelant and attempted to beat, bruise, cut and stab him with a knife and fork; and that on the fifteenth day of October, A. D. 1905, libelee did, without cause, excuse or provocation, and with great force and violence, hurl a rock at libelant, which struck him on the right hand, causing him intense pain.

And libelant avers that the conduct and actions of libelee, as above set forth, did cause him loss of sleep and appetite; did undermine his health, disturb his peace of mind and unstrung his nerves, and that by reason thereof, on divers occasions, he became ill and had to remain in bed and away from his work."

DEFECTIVE PAPERS.
Judge Lindsay dismissed the writ of habeas corpus sued out by Koichi Shimizu against Masutaro Sasabara for obtaining the custody of respondent's daughter, alleged to have been adopted in Japan by petitioner and his wife. This was after argument by R. W. Breckons for the writ and Geo. D. Gear against it.

The writ was dismissed on the technical question that it was issued by the "Circuit Court" instead of the "Circuit Judge at chambers." A bench warrant for the respondent's arrest for contempt in disobeying the writ was dismissed on the same ground. New proceedings in both matters were immediately taken by Mr. Breckons, so that the case is still to be tried. As a matter of fact, the warrant was not served, but Sasabara came into court with the girl in dispute.

COURT NOTES.
Henry Hogan applied for ball for Shimatsu, indicted for assault with a dangerous weapon, and Judge Lindsay fixed the bond at \$500.
C. W. Ashford has filed a motion for a new trial in each of the tax assessor's suits against John F. Colburn and Wong Kweat respectively.
Judge Dole continued the trial of Tsunkich's libel against the schooner Concord, for injuries by negligent collision with complainant's fishing sloop, until Monday on account of the absence from port of the libeled vessel. The evidence of the Concord's officers and crew is required by the defense.

CONGREGATIONAL ASSOCIATION

HILO, March 6.— semi-annual meeting of the Hawaii Congregational Association was held at Kalapana, Puna, from Thursday to Sunday of the past week.

Rev. Dr. Scudder, superintendent of mission, and others from a distance were present. A resolution was adopted approving the policy of the union of contiguous smaller churches in the support of a minister. The matter of systematic benevolence was discussed and enthusiasm prevailed for the support of the Hawaiian Board of Home Missions and the American Board of Foreign Missions.

Mrs. Ruth B. Baker, mother of Dr. Baker of Kona, was licensed to preach. The suggestion to limit calls to pastors to 5 years was approved.

Rev. O. H. Gulick delivered an address on the subject: "Workers together with God."
Rev. Kamakawioole, also delivered a remarkable address.

Mr. John Martin, agent of the Hawaii Anti-Saloon League, was present and addressed the association.

Rev. S. L. Desha was prominent for his able interpretations.
Visitors attending expressed appreciation of the helpfulness of Deputy Sheriff Haaheo, and of the hospitality of the people of the place. Kalapana has the distinction of being known as the town where no signatures can be obtained to a petition for a saloon.

On Sunday the visiting clergymen held a union service at the Hail church, Hilo.

The services were conducted by Rev. Mr. Hill. A short address was made by Mr. Martin, head of the anti-saloon league of Honolulu; and other addresses were delivered by Dr. Baker of North Kona, and by Dr. Scudder, Supt. of Missions in the Islands. Rev. Mr. Gulick, of Honolulu led in prayer. The Foreign Church choir, under the direction of Mrs. Jarrett T. Lewis lead the singing, a ladies chorus rendering the anthem.—Hilo Tribune.

**PEACOCK
WINS A POINT**

**Temporary Injunction is
Denied--A Garvie
Meeting.**

W. C. Peacock scored the advantage in the legal contest over the management of the liquor house bearing his name yesterday. After presiding over a forensic contest most of the day, Judge Lindsay denied the petition of John G. Rothwell for a temporary injunction against Peacock's assumption of the management.

SUBSTITUTION NOT ALLOWED.
An attempt to make the corporation a party plaintiff, so as to save the case, failed. One of the points most strongly urged by Peacock's attorneys was that the corporation was not a party. Minutes of a meeting held the same afternoon were presented late in the hearing to show the corporation's authority and part in the proceedings. Judge Lindsay, however, ruled that the insertion of the company's name would not be an addition but a substitution, hence not an amendment of the petition which could be allowed.

THE PROCEEDINGS.
S. M. Ballou, R. B. Anderson and E. A. Mott-Smith appeared for complainant, and C. W. Ashford, Samuel Noar and R. W. Breckons for respondent.

Mr. Mott-Smith read the bill, and Mr. Noar the return.
Mr. Ballou asked that a temporary injunction issue. An answer was immaterial at that stage. He referred to the merits of the case and argued until the noon recess.

Mr. Ashford replied on behalf of the respondent in the afternoon. He quoted authorities to show that John G. Rothwell, petitioner, had no standing in equity, any more than he would have in law, with reference to the damage to the corporation alleged. The return he said was partly by way of demurrer and partly by way of answer on the merits, and in both regards the effort of the respondent was to show the court that the writ should not issue.

Mr. Breckons followed with an argument on different phases of the controversy from those handled by his colleagues. Much emphasis was laid by both attorneys on the contention that Rothwell should have exhausted all remedies within the corporation, and these failing in the redress he sought, then the corporation should be made a party to any litigation. In this case the injury alleged was to the corporation.

Mr. Ballou announced that a meeting of the directors had authorized their attorneys to join the company as party plaintiff with Rothwell, in evidence of which action he presented minutes of the meeting. He moved for leave to amend the petition by adding W. C. Peacock & Co., Ltd., as a party plaintiff.

Mr. Ashford opposed the motion on various grounds, including the previous judicial recognition of Peacock as the lawful president of the company.

Judge Lindsay confirmed his ruling to the objection that the proposed amendment would be a substitution. This he held to be well taken and denied the motion.

GARVIE DIRECTORS MEET.
While the hearing was in progress before Judge Lindsay, a meeting of the directors of the corporation, as claiming to exist under the presidency of Alex. Garvie, was held under the following undated call:

"You are hereby notified that a meeting of the directors of W. C. Peacock & Co., Ltd., will be held at the office of the company, Merchant street, Honolulu, on Friday, March 3, 1906, at 2:30 o'clock p. m.
"By order of the president,
"C. S. WEIGHT,
"Secretary W. C. Peacock & Co., Ltd."

"Approved:
"ALEX. GARVIE,
"Pres. W. C. Peacock & Co., Ltd."

The notice was thus acknowledged: "Received the above notice:
"ALEX. GARVIE,
"JAS. L. COCKBURN,
"J. G. ROTHWELL,
"C. S. WEIGHT,
(Countersigned) "ALFRED T. BROCK,
Notary Public."

Minutes of the meeting later presented in court, signed by C. S. Weight, secretary, approved by Alex. Garvie, president, and certified as correct under oath by the secretary, give the proceedings as follows:

"Those present were: Alexander Garvie, president; J. L. Cockburn, vice president; Chas. S. Weight, secretary, and J. G. Rothwell, treasurer.

"The secretary stated that he had served notice upon all of the directors of the company, by personally notifying them or leaving a copy of the call at their respective places of business.

"The president then stated that Mr. W. C. Peacock on the morning of March 6, 1906, had entered the premises of the company and was maintaining himself there by force and interfering with the management of the present manager, Mr. J. G. Rothwell; that by reason of such interference by W. C. Peacock the company's business was being injured.

"The following resolution was moved by J. L. Cockburn, seconded by C. S. Weight, to wit: On account of the interference by W. C. Peacock with the management of the business of J. G. Rothwell and of the damage being done to the business of the company by reason of such interference it is hereby resolved that Ballou & Marx and Atkinson, Judd & Mott-Smith, attorneys at law, be and they are hereby authorized to take all legal steps that may be necessary to prevent any interference by W. C. Peacock in the management of the company's business by J. G. Rothwell, present manager, either by joining this company as party plaintiff with J. G. Rothwell

**CORPORATION
TEST CASE**

**Complaint to Be Made
and Basis of
Appeal.**

An agreed case for testing the corporation exhibit law has been prepared by E. C. Peters, Attorney General, for the Territory and R. W. Breckons for the respondent, Benson, Smith & Company, Limited, the well known drug house, backed by action of the Honolulu Merchants' Association, has entered the breach as respondent to fight the law. It has in fact struck the first blow by refusing to file an exhibit of its affairs for the year 1905 when directed in writing by the Treasurer of the Territory so to do.

Suit will be brought in the District Court of Honolulu against Benson, Smith & Co., Ltd., to recover the penalty for misdemeanor in doing business as a corporation without having complied with the provisions of law. This penalty is a fine not to exceed five thousand dollars, but, notwithstanding the maximum amount, special jurisdiction in such cases is given by law to district magistrates.

Mr. Peters will present a sworn complaint, alleging the following facts, here much condensed from the legal phraseology:

DECLARED FACTS.
That Benson, Smith & Co., Ltd., was on Dec. 29, 1905, and now is a corporation existing under the laws of the Territory of Hawaii, and was established and is existing for purposes other than eleemosynary, religious, literary or educational, its articles of association being annexed and made part of the complaint.

That on Dec. 29, 1905, A. J. Campbell was the duly qualified and acting Treasurer of the Territory of Hawaii, and on that date in writing directed Benson, Smith & Co., Ltd., to present to him, on or before the 31st day of January, A. D. 1906, a full and accurate annual exhibit of the state of affairs of said corporation as of and on December 31, A. D. 1905, such exhibit to be made in accordance with and upon a blank form of exhibit annexed and made a part of the complaint. The form of written direction to the corporation is quoted, including this excerpt from the Revised Laws of Hawaii:

"Section 2566. Annual Exhibits. Every corporation not eleemosynary, religious, literary or educational, shall annually present a full and accurate exhibit of the state of its affairs to the Treasurer at such times as the Treasurer shall direct."

For the rest the direction required Benson, Smith & Co., Ltd., to comply with the "provisions of law" as quoted by presenting to the Treasurer a full and accurate exhibit of its affairs as previously mentioned.

THE OFFENSE ALLEGED.
It is further to be presented by defendant that George W. Smith, Samuel L. Rumsey, Alexis Jean Gignoux, James C. McGill, W. C. McGonagie and James A. Kennedy, all of Honolulu, etc., at Honolulu and within the jurisdiction of the District Court of Honolulu, on the first day of February, A. D. 1906, unlawfully did do business as a corporation under the said name of Benson, Smith & Company, Limited, and did hold themselves out to be a corporation under the said name of Benson, Smith & Co., Ltd., without having complied with the provisions of law in this, that they and each and all of them, on said 31st day of January, A. D. 1906, did fail and neglect and refuse to present to the Treasurer of the Territory of Hawaii, as by law prescribed and required, and as so directed by said Treasurer as aforesaid, a full and accurate annual exhibit of the state of affairs of the said Benson, Smith & Company, Limited."

BASIS OF APPEAL.
Respondents will reply at the outset by demurring to the complaint, and if this be overruled by Judge Whitney the respondents will appeal directly to the Supreme Court on the following points of law:

"First. That the said District Court erred in overruling the defendants' demurrer to the said complaint.

"Second. Because, under the facts established in said cause, the said District Court should have held and determined that the said defendants were not guilty of any crime under the laws of the Territory of Hawaii.

"Third. Because the penalty prescribed by Section 2566 of the Revised Laws of the Territory of Hawaii, has no application whatever to a failure on the part of any corporation, or any officer thereof, to file the exhibit required by Section 2566 of said laws; and that no penalty, as prescribed by Section 2566, can be inflicted for such failure.

"Fourth. Because Section 2565 of the Revised Laws of the Territory of Hawaii, as shown by the records, of which the court should and will take judicial notice, is not a law of the Territory of Hawaii, never having been passed in a legal manner by the Legislature of the Territory of Hawaii.

"Fifth. Because the penalty prescribed by Section 2565 of the Revised Laws of the Territory of Hawaii has application only to acts required preliminary to the issuance of a charter of incorporation, and not to acts required of a corporation, or any officer thereof, subsequently to the legal issue of a charter."

In the matter now pending before the Circuit Court of the First Circuit, to wit: bill for injunction; or by taking such other steps as in the discretion of said attorneys may be advisable. "Carried unanimously."

FLORAL PARADE SOUVENIRS.

The Hawaiian Gazette is issuing a handsome souvenir of Hawaii's mid-winter floral parade on Washington's birthday, the same to be on sale on Monday. The souvenir is in the form of a booklet, with green covers and lettered in gold. The booklet is printed from half-tone plates, which have appeared in the Advertiser since the parade, and is therefore a very complete souvenir, pictorially, of the occasion. One page is devoted to describing the parade, which appeared in the Advertiser on February 23. All the prize-winning autos and vehicles are shown, as well as the pa-u riders. Besides nearly every auto and vehicle is shown either singly or in a panoramic group. The souvenir is just the thing to send East to your friends.

The CRITERION mixed drinks are unsurpassed for excellence of concoction and that indefinable something about them which hits the spot. Other places in town profess to serve mixed drinks but compared with the CRITERION's they are as cream soda to Ex ra Dry.
