Captains of Sampans Refuse to Go Out to Sea but Give No Definite Reason for Action

BECAUSE of the refusal of the Japanese captains of six aku, or tuna, fishing sampans to go to sea, the real cause for their action having not yet been ascertained, the Hawaii Tuna Packing Co. has been forced to close down temporarily and the business of other local fishing companies, it was reported today, is being materially affected.

The captains of the aku sampans have refused to go to sea for the last week or more, but it is announced by a representative of one of the large fishing companies that the difficulty may be settled this afternoon and that fishing may be resumed tomorrow morning.

The larger fishing companies, while having no specific knowledge of it, believe that the captains of the aku boats have gotten together and formed an association, or union, this action being caused primarily by the demand for aku both at the canneries and at the public markets, the fish being one largely eaten by Japanese and Hawaiians.

Only six aku boats may operate, the limit being set because of the fact that it is impossible to get bait for more vessels.

"If I could get bait I would build 100 boats, because I could sell all the aku I could get," said Charles Chillingworth today. "These six aku captains may be trying to 'get us,' as there are no other aku boats, and some of these captains own interests in the sampans as well as in the fishing companies."

According to Mr. Chillingworth, five of the sampans captains have given no reason for their "strike." The sixth captain's reason is that he is not allowed to get bait by the owners of the bait grounds.

Walter Macfarlane, head of the Hawaii Tuna Packing Co., has been endeavoring during the last two days to ascertain the reason for the "strike," but thus far has been unsuccessful, it was reported today.

"It does not appear to be a matter of money or wages," says a representative of the company. "They simply will not go out and that is all we have been able to learn."

One report is that there has been a mix-up in the affairs of the fishermen's union. Another is that the aku fishermen want higher prices for their catch on the ground that prices of fish in the public markets have advanced generally during the last few months.

SCHOFIELD BOYS
TAKE \$500,000
LIBERTY BONDS

The Liberty Loan drive which was started at Schofield Barracks Monday had netted the workers \$500,000 at noon today but it is presumed the majority of the men have pledged themselves. The figures reached the million mark early this morning.

TROOPS AND LABORERS
CLASH AT HONDURAS

(Associated Press by U. S. Naval Wireless.)
GULFPORT, Miss., Oct. 18.—Arrivals at this port bring news of serious rioting among the dock laborers at Honduras ports. So threatening did the situation become that the troops were called out and after strenuous measures succeeded in quelling the riot.

A rumor, unconfirmed, declared that the natives near Cuero had attacked and killed six Americans.

Circuit Judge Ashford's trial jurors have been excused until 9 o'clock Monday morning.

HEAVY GUNS ARE POUNDING
IN FLANDERS BATTLE AREA

The heavy black line indicates the battle line after the first offensive at Ypres, the British gaining the edge of the low line of ridges dominating the Menin Road, while the lighter shaded line shows the advance made in the latest drive which brought the British to within 1000 yards of the Passchendaele ridge which commands the Ypres-Roulers railway. 1, 2, 3, 4 are where the British rested after the brilliant advance in September. They then pushed forward from Zonnebeke, south to Zwinvoorde, and again last week drove ahead farther north at Broedseinde and Gravenstafel.

(Associated Press by U. S. Naval Wireless.)
LONDON, Eng., Oct. 18.—Big artillery duels are in progress between the Germans and British forces along the Ypres-Comines canal.

BERLIN, Germany, Oct. 18.—Intense artillery fire is now in progress in Flanders, the brighter weather allowing the airplanes to direct the fire of the big guns. Naval airplanes have bombarded the Russia port of Pernau.

PARIS, France, Oct. 18.—Eleven German airplanes were downed by the French airmen in yesterday's raiding activities.

Thirty German planes conducted a raid on Nancy in the course of which civilians were killed.

German Aliens May Not Write Friends Abroad

U. S. Communication Bureau, Headed by W. R. Castle, Jr., Done Away With

Alien Germans resident in Hawaii will not, for the time being, at least, have an opportunity to send letters and other mail to relatives and friends in Europe, as the bureau of communications, recently established in Washington, D. C., has been abolished for military reasons.

This information has been received by Attorney A. L. Castle, whose brother, W. R. Castle, Jr., was in charge of the bureau established by the department of state. Mr. Castle, Jr., however, remains in charge of the bureau of information and casualties at Washington.

"My information does not say for how long the bureau's work will be suspended," says Mr. Castle, "but until it is resumed, German aliens will be unable to communicate with relatives and friends in Europe, that is, unless they communicate illegally."

Refreshments To be Tabu at College Club

Money Will Be Devoted to the Adoption of a French or Belgian Child Orphaned by War

Wheatless and meatless days have come to Honolulu, and now the "refreshmentless day" has been inaugurated by the College Club.

At a recent meeting of the club in the Christian church, the only refreshment in sight was a large pitcher of water, flanked by several glasses. The presiding officer announced that the club members had decided to eliminate refreshments at their monthly meetings and that the money usually spent on refreshments would be devoted to a fund for the adoption of a French or Belgian girl orphaned by the war.

A member of the club said today that the organization spends about \$50 a year on refreshments. It has not been decided whether refreshments shall be eliminated for the period of the war or just for a year.

LIBERTY LOAN COMMITTEE BULLETIN

"My Objection to Carnegie Libraries"

Says Vice-President Thomas R. Marshall, "is not directed at Carnegie nor at libraries; it springs from a deep-rooted feeling that we do not take real interest in anything for which we do not make some sacrifice."

"I do not, therefore, want this war to be financed by those who are easily able to do so financially. I want every man, woman and child in America, who has been waving the flag, singing the Star-Spangled Banner, and bragging about the glories of Democracy, to prove now by their works that they have a genuine faith in the American Republic. That proof demands of us all that we take enough of the War Bonds of this Government to make us feel some sort of sacrifice for the cause in which each one of us professes to believe and does believe."

AUSTRIANS
AND U-BOAT
CREWS FIGHT

German Sailors at Ostend Refuse to Board Submarines and Throw Officer Overboard; Pola Scene of Clash Between Teutons and Austrians

(Associated Press by U. S. Naval Wireless.)
AMSTERDAM, Oct. 18.—Another mutiny has broken out among German naval forces. Reports received here today bring the news that German sailors at Ostend refused to board their submarines and threw their commanding officer overboard.

Thirty mutineers were brought in handcuffs to Bruges after the rebellious men had been subdued by troops and destroyers.

WASHINGTON, Oct. 18.—Despatches received in government circles today revealed that several mutinous outbreaks have occurred among Austrian sailors.

It is also reported that a serious clash took place between Austrian sailors and crews of German submarines at the Austrian naval base at Pola. Officers in each faction were killed.

Following the disturbance it was decided to change the submarine base. The outbreak was due, it is said, to bad food and the overbearing attitude of the German submariners toward the Austrian sailors.

U. S. TO HIT
HARD AT MEN
FIGHTING LOAN

(Associated Press by U. S. Naval Wireless.)
WASHINGTON, Oct. 18.—The treasury department in an announcement today indicates its intention to take vigorous measures to repress enemy agents who are conducting an insidious campaign to induce popular feeling against the second Liberty Loan through the dissemination of a well defined propaganda to induce suspicion among the middle classes as to the ability of the government to redeem its pledges.

The campaign launched by pro-Germans in the middle west has spread to the capital, and pro-German hostility to the government has been evidenced during the past two weeks in a nation-wide effort to defeat the Liberty Bond issue. Public announcement of the knowledge of the government of this campaign was made yesterday at a meeting of representatives of the national life insurance companies with representatives of the administration. The spokesman for the government in this instance was Colonel Herbert M. Lord, of the quartermaster general's department.

The greatest activity, declared Colonel Lord, has been shown in the dissemination of reports concerning the loyalty of the men of the national army. According to these tales, the drafted men now entering the third week of their intensive training are showing a mutinous spirit under discipline and are not taking their training seriously.

Another method of securing the hoped for failure of the bond issue has been to bring financial pressure upon certain of the banks of various sections, intimating to the bankers that the handling of the Liberty Bonds will result in the withdrawal of accounts and the transfer of business to rival institutions.

GERMAN WEEKLY RATION OF FOODSTUFFS IS FAR BELOW REQUIREMENTS

WASHINGTON, D. C., Oct. 18.—The food administration in a statement issued today declares its reports show that the German weekly rations of foodstuffs per capita is far below requirements. This shortage, the report says, is likely to have serious and permanent results.

CHEMISTS IN RUSSIA GO OUT ON STRIKE

PETROGRAD, Russia, Oct. 18.—Another labor disorder has erupted. This is a strike by government chemists.

Engineer Stevens, the American transportation wizard, will tomorrow go to general headquarters at Mohilev to study the railroad problem at the front.

ONE SAILOR IS KILLED AND
FIVE WOUNDED BY EXPLOSIONFIRST VICTIMS
OF SEA FIGHT

KILLED.
Osmond Kelly Ingram, gunner's mate, blown overboard by explosion. Body unrecovered. Mother, Mrs. Betty Ingram, lives at Pratt City, Alabama.

WOUNDED.
Herman H. Pankratz, St. Louis, gunner's mate.
William E. Merritt, New York City, seaman.
Frank W. Krause, Toledo, Ohio, fireman.
Patrick Rutledge, New York City, oiler.
William Seimer, Dunas, Minnesota, fireman.
None of the five wounded are in serious condition.

WASHINGTON, Oct. 17 (delayed).—The United States has suffered her first naval casualties since she entered the war, as a direct result of a sea encounter with the enemy. While steaming along slowly in the submarine zone yesterday, an American destroyer engaged in patrol duty was suddenly attacked by a submerged U-boat.

The explosion following the contact of the enemy's torpedo killed one sailor and wounded five.

The destroyer made search for the enemy submarine without locating her and it is assumed by the naval authorities that the U-boat escaped. The destroyer then turned her nose toward port and made refuge although badly damaged. These are all the details Admiral Sims has forwarded to Washington at present. The name of the damaged destroyer and the location of the encounter are not known.

The U-boat launched a torpedo at the destroyer without exposing herself to gunfire from the American warship.

Naval authorities are unable to account for the destroyer steaming at slow speed. They say that had she been going full speed she would have been almost unhittable.

This is the first American warship damaged by enemy fire although armed merchantmen with naval gun crews aboard have previously suffered loss.

One American naval officer and 13 men are now prisoners at German prison camps, while the total naval losses since the war are one officer and 16 men including two naval fliers at the front.

GERMANS TAKE
10,000 RUSS
IN RIGA FIGHT

(Associated Press by U. S. Naval Wireless.)
BERLIN, Germany, Oct. 18.—Reports from the commander of the Gulf of Riga expedition are that the Germans have won important successes at Oesel. Ten thousand prisoners and fifty guns have been taken. Russian naval forces were reported as trapped in the gulf. The Germans have penetrated to the eastern part of Kassar bay and north of Oesel and are bearing westward.

PETROGRAD, Oct. 18.—In a naval battle in the Gulf of Riga the Russian battleship, Slava, has been sunk. Nearly all the crew were saved. The Germans were repulsed at Moon-sound.

COPENHAGEN, Oct. 18.—A combined naval and military expedition is now expected to be launched by the Germans against Aland in the Gulf of Bothnia following the success at Oesel.

\$2,114,650 IS
TOTAL TO DATE
OF BOND SALES

Workers Planning to Make Liberty Loan Day, Oct. 24, One of Great Activity

At noon today the subscriptions to the second Liberty loan reached \$2,114,650. This is an official gain of \$214,050 over yesterday. The official report of the boy scout campaign shows that this organization has collected \$21,100. The reports from the army total \$762,950, making a grand total of \$2,898,700.

With great leaps and bounds the total for the Liberty loan campaign reached \$2,898,700 at noon today. The three million mark should be reached by this time tomorrow. The army totals are expected to reach \$1,000,000 before the campaign is ended. The boy scout reports far exceed all expectations, turning in \$21,100 from 187 subscribers.

October 24, which has been set aside as Liberty loan day by Gov. Pinkham, will be a day of great activity among the Liberty bond salesmen. The Hawaiian band will serenade the public during the noon hour at Bishop square. Prominent local business men will address the public, urging them to subscribe to Liberty bonds.

German Warship Reported Lost

COPENHAGEN, Oct. 18.—The loss of a German warship in the narrow strait between Denmark and Sweden is reported but not confirmed. The bodies of two marines and a sailor were washed ashore at Elsinore, Denmark.

MAIL TO BRITAIN
TO COST 3 CENTS

(Associated Press by U. S. Naval Wireless.)
WASHINGTON, D. C., Oct. 18.—As a result of strong representation made by the U. S. postal authorities, Great Britain has agreed to modify its postal treaty with the United States, and from November 2 all letters from America to foreign countries will be required to have three cents postage affixed thereto.

The present treaty calls for a two-cent rate between Great Britain and Ireland, Newfoundland, the Bahamas, Barbados, British Guiana, British Honduras, Dutch West Indies and the Leeward Islands, but postage to these destinations will now have to bear part of the burden of the new American war taxation.

NO MORE COMMISSIONS FOR CIVILIAN OFFICERS

(Associated Press by U. S. Naval Wireless.)
WASHINGTON, D. C., Oct. 18.—Maj. Gen. Tasker H. Bliss, chief of staff, has announced that he will cease granting commissions as staff officers from among those in civilian life until the actual needs of the army are met.

Enemy Submarine Launches Missile While Submerged and Makes Escape Before Destroyer is Able to Ascertain Location; Warship Reaches Port in Badly Damaged Condition; First Naval Loss of War

(Associated Press by U. S. Naval Wireless.)
WASHINGTON, Oct. 17 (delayed).—The United States has suffered her first naval casualties since she entered the war, as a direct result of a sea encounter with the enemy. While steaming along slowly in the submarine zone yesterday, an American destroyer engaged in patrol duty was suddenly attacked by a submerged U-boat.

The explosion following the contact of the enemy's torpedo killed one sailor and wounded five.

The destroyer made search for the enemy submarine without locating her and it is assumed by the naval authorities that the U-boat escaped. The destroyer then turned her nose toward port and made refuge although badly damaged. These are all the details Admiral Sims has forwarded to Washington at present. The name of the damaged destroyer and the location of the encounter are not known.

The U-boat launched a torpedo at the destroyer without exposing herself to gunfire from the American warship.

Naval authorities are unable to account for the destroyer steaming at slow speed. They say that had she been going full speed she would have been almost unhittable.

This is the first American warship damaged by enemy fire although armed merchantmen with naval gun crews aboard have previously suffered loss.

One American naval officer and 13 men are now prisoners at German prison camps, while the total naval losses since the war are one officer and 16 men including two naval fliers at the front.

AMERICAN MADE PRISONER BY
MOEWE ESCAPES FROM GERMANY

WASHINGTON, D. C., Oct. 18.—A consular despatch to the state department today announces the safe arrival in neutral territory of Charles Smith of Norwalk, Conn., who escaped from an internment camp at Kiel, in Germany.

Smith, who was a horse tender on board the British steamer Esmeralda, sunk by the raider Moewe, and made prisoner, says that American prisoners in Germany would starve to death if it were not for the ministrations of the Red Cross and Y. M. C. A., which institutions are supplying the necessities of life which are being refused Americans in the intern camps.

German Warship Reported Lost

COPENHAGEN, Oct. 18.—The loss of a German warship in the narrow strait between Denmark and Sweden is reported but not confirmed. The bodies of two marines and a sailor were washed ashore at Elsinore, Denmark.

MANILA CONGRESS
BEGINS SESSIONS

(Associated Press by U. S. Naval Wireless.)
MANILA, P. I., Oct. 18.—At the opening session of the insular congress today, that body took occasion to affirm its adherence to the United States in its war policies, and Representative Govenor urged that food legislation be immediately considered by the congress.

Postponement of any changes contemplated in the tariff schedule was also urged owing to the changes brought about by the entry of the United States into the war against the Central Powers. The reduction of the intrinsic value of the silver coinage, the cost of the metal having risen phenomenally recently, was debated, and a solution proposed by the issuance of bills of the value of a peso. The creation of a mint was also advocated.

U. S. MINTS RUSHED TO TURN OUT SILVER

(Associated Press by U. S. Naval Wireless.)
WASHINGTON, D. C., Oct. 18.—In order to supply the heavy demand for silver coins, the U. S. mints are urged to turn out silver coins as fast as possible.

U. S. MINTS RUSHED TO TURN OUT SILVER

WASHINGTON, D. C., Oct. 18.—In order to supply the heavy demand for silver coins, the U. S. mints are urged to turn out silver coins as fast as possible.

3 MILLION BONDS OVERSUBSCRIBED WIRES GOVERNOR

"If Hawaii's quota is \$2,000,000 for the present liberty loan it is oversubscribed already."

This is part of the message forwarded yesterday afternoon by Governor Pinkham to the secretary of the interior in answer to a lengthy cable message from that department urging every effort in this territory to secure subscriptions. And the campaign is continuing, adds the governor. His cable follows:

"October 17, 1917.
"Secretary Interior, Washington.
D. C."

"Proclamation half holiday October 24 issued. Public meetings and scout drives already held and will continue. Endire business community soliciting. Hawaii's quota of loan not yet indicated by Reserve Bank. If \$3,000,000 it is over-subscribed already. Campaign continuing. Please inform secretary of treasury."

"PINKHAM, Governor."
The following message came from the interior department:
"To Hon. Lucius E. Pinkham, Governor of Hawaii, Honolulu:

"At the instance of the secretary of the treasury I have to invite your attention to the following copy of a telegram proclaiming Liberty Day which has been sent by him to the governors of all the states in the union. I have to request that you will carry into effect as far as practicable the suggestions of Secretary McAdoo."

"The President by proclamation has designated Wednesday, October 24, as Liberty Day and has made the afternoon of that day a holiday for all federal employees throughout the country whose services can be spared. The success of the Liberty Loan is so vital to the nation that it is the first duty of every citizen to support to the utmost the financial measures essential to the effective and successful prosecution of the war. The observance of Liberty Day by the people of each state in the union will immeasurably stimulate the sale of United States Liberty Bonds, the subscriptions to which will close on October 27, 1917."

"The cooperation of the governors of the various states of the union is indispensable to the proper observance of Liberty Day and to the successful completion of the second Liberty Loan."

"May I not beg that you will by proclamation designate October 24 as Liberty Day within your state and to make the afternoon of that day a legal holiday if it is in your power to do so? If it cannot be made a legal holiday will you not urge that stores and all public places be closed on the afternoon of that day and that the people in their cities, towns and country districts join in appropriate ceremonies?"

"I have requested the organizations cooperating in the Liberty Loan campaign to do everything in their power to encourage patriotic demonstrations on that day and to promote the success of the Liberty Loan. May I not also suggest that in your proclamation you request the mayors and other local governing authorities to make it a special point to cooperate in their several localities to celebrate Liberty Day?"

Mrs. John F. Soper has received a letter of thanks from Mrs. Greta Gould of New York for the first shipment of old gold and silver articles from Honolulu's trinket treasure box. The letter went on to say that valuable trinkets were being sent in from all over the land, and a special room to hold them, and wired for police protection, had been provided. The articles are melted down to bullion. Twenty-eight pounds of gold and silver were sent by Mrs. Soper from the women of Honolulu.

COLDS CAUSE HEADACHES

LAKATIVE BROMO QUININE removes the cause. Used the world over to cure a cold in one day. The signature of E. W. GROVE is on each box. Manufactured by the PARIS MEDICINE CO., St. Louis, U. S. A.

SCHOOLS MADE GAMBLING DENS

The board of supervisors will meet at 7:30 this evening when a public hearing will be given to complaints and suggestions from property owners along Laimi, Park and Puawa roads, near the end of the car line in Nuuanu valley.

Other routine matters will be brought up, and it is quite possible that some discussion will be made of the wrongful use of school houses. A complaint has been entered by A. K. Vierra, superintendent of parks and playgrounds, that the lanais of Maemae and Pohukaina school houses, particularly, are being used on Saturdays and Sundays for gambling purposes. Passerby at almost any hour of the day named may stop and enjoy, as witness, of course, a lively game of craps in which boys and men are increasing and decreasing their supply of pocket money. Some arrests have been made at the Pohukaina school house, but the police claim they have not had sufficient evidence for convictions. This school house has no fence, and there is nothing to keep trespassers off the grounds.

Maemae school house has a good fence, but in spite of this the gambling goes on, and exciting games of ball, played at the peril of windows and other breakable things, are played when there is no proper person near to supervise such games. It is Mr. Vierra's belief that these ball games should be stopped, or some supervision made of the property while they are in progress. It is also his opinion that the use of the lanais for gambling purposes, or for friendly games of chance in which grown-ups engage, should be prohibited by law.

MANOA PROBE IS STILL IN THE AIR

So far nothing further has been done in the probe of the Manoa roads matter. The taxpayers charge that an attempt to defraud them has been made, particularly with regard to the amount of asphalt used on this project. The contract called for two and a quarter gallons of asphalt to the square yard, and there has been put down, according to the computations made, only 1.88 gallons to the square yard, practically 20 per cent less than the contract called for. The contractor's report shows that he has put down 2.29 gallons to the square yard, which would be, of course, a little more than the specifications, but the facts brought out by the Mahoea probe in their investigation contradict the engineer's statement.

A barrel of asphalt weighs, on an average, 500 pounds, and this weight is shown on the barrels used for this work. In spite of this the contractor has estimated the amount of asphalt used on the Manoa roads on a basis of 600 pounds to the barrel. As 2447 barrels were used, there has been an over-estimate on the part of the contractor of approximately 120 tons of asphalt. In other words, Manoa road has still 120 tons of asphalt coming to it, according to the specifications.

ARE YOU SELLING LOAN BONDS? THEN YOU MAY BE EXCUSSED FROM JURY

"If there are any members of this jury who think they can sell Liberty Bonds, they may be excused for the day," said Circuit Judge C. W. Ashford after court had opened this morning. Not one of the jurors moved.

"Let's proceed," said the court. After a little preliminary consultation of his calendar, City Attorney Arthur M. Brown had a case nolle prossed and announced that there was nothing needing attention until next Monday.

"All right, gentlemen," said the court, addressing the jury again, "you may all go out and try to sell Liberty Bonds. But be back here Monday morning."

HAWAII OUGHT TO SEND NURSE UNIT TO FRONT

That a unit of Honolulu Red Cross nurses may soon be sent "somewhere in France" was the opinion expressed today by a woman now in the employ of the territory who has been a Red Cross nurse for years. She believes that the first unit will consist of 10 women, and that other units will be sent as they are needed.

A large number of local nurses have taken physical examinations here and otherwise prepared themselves for the call to do their bit in aiding the wounded. Many of the nurses have forwarded their records and other data to the proper officials in Washington, D. C., and have expressed their willingness to serve back of the battlefront if needed.

One of those who recently sent in their records was Miss Agnes E. Maynard, girls' probation officer with the juvenile court, who has been an active member of the Red Cross and a Red Cross nurse for several years.

\$7800 WORTH OF RED CROSS SUPPLIES SHIPPED SINCE OCT. 3

Twenty-two cases of Red Cross supplies, consisting of surgical and hospital dressings, have been shipped to the Eastern depots by the local Honolulu chapter since October 3. The valuation placed upon the shipments amounts to \$7883.50, according to the figures compiled by Mrs. Henry F. Damon this morning. Seven cases of supplies will go by next week's steamer. Last week 334 workers registered for duty at the throne room, and 45 cutters were at work in the other office of the chapter on Beretania street.

The Hilo unit sent three cases to the local headquarters last week. The Big Island workers have been steadily supplying headquarters with a great array of surgical and hospital garments. This shipment last week was made up of 2773 gauze bandages, 178 abdominal bandages, 36 T bandages, 143 wash cloths, 59 pairs pajamas, 40 pairs bed shoes, 36 flannellette drawers, and 21 knitted garments.

Instructions were received from Washington recently, informing the local workers that no more bandages would be accepted from units. Hereafter all bandages will be made in factories, as the work can be done quicker. This means that the local chapter will abolish the making of bandages of all descriptions.

A Red Cross unit has been organized on Molokai by Mrs. George P. Cooke. The Molokai workers will make bed shirts and send them to the local headquarters for transshipment. Among the various organizations which were represented at the throne room this week were the Women's Aid Society of the Korean Methodist church, the Daughters of Hawaii, the Kaahumanu Society and the Kakaako unit.

MRS. IAUKEA'S COUSIN DIES IN SAN FRANCISCO

Mrs. Harry Morton, aged 49, a former Honolulu woman, who was known here before her marriage as Edith Auld, died in San Francisco of apoplexy, according to a message received this morning by Colonel Curtis P. Iaukea. It is presumed that death occurred last night or early this morning though the time is not stated in the message.

Mrs. Morton was a cousin of Mrs. Iaukea. She had lived in San Francisco for some years, being here last about three years ago. Mr. Morton was an official at the custom house for some years. They have two young daughters, who are now in San Francisco. Mrs. Morton is also survived by a sister, Mrs. Maud Pfleger.

WOULD BUY BONDS

The Bishop Estate has made a proposition to buy fifty of the Pauoa and Atkinson Park bonds. The bonds are now selling at 98.04. The offer will have to be approved by the governor before it can be accepted.

LOCAL AND GENERAL

The annual meeting of the stockholders of the Manoa Club will be held at 8 o'clock tonight at the tennis court clubhouse.

The Kauai Red Cross workers recently sent down four cases of hospital dressings and knitted articles to Honolulu, for shipment to New York.

As a token of their appreciation for aid given them in their recent recruiting work for the British army the British Club of Honolulu yesterday presented Mayor Fern with a beautiful calabash bearing the Hawaiian coat-of-arms.

For lack of a quorum a meeting of the Chamber of Commerce which was to have been held yesterday afternoon, was postponed until next Wednesday afternoon. A legislative report regarding the admission of Chinese to the United States was to have been read, but was held over until next week.

The following freight was brought from Maui by the Claudine: 399 bags of sugar, 100 bags of taro, 107 bags of bottles, 134 bags of corn, 25 hogs, one lot scrap iron, one automobile, one roller, four pieces machinery, three crates of chickens, three crates of pigs, 10 barrels of wine and 241 packages of sundries.

Although the Hua Pauahi of Punaohu, one of the Red Cross units, has had but four meetings so far the workers have turned in a hundred pairs of bed room socks, a hundred cheesecloth handkerchiefs and fifty washcloths. The work is being done by the girl students of the academy under the supervision of Miss Charlotte Dodge and Miss Victoria Pick.

The first faculty musicale of the Punaohu school of music will be held in Charles R. Bishop hall at 8:15 o'clock tomorrow evening. A very attractive program has been arranged by Miss Hall, pianist, and Mr. Ideler, violinist. Mrs. Ideler will accompany Mr. Ideler. The second faculty musicale will be November 23rd, instead of October 23rd, as formerly announced.

President Griffiths of Oahu College, who has been absent on the mainland for the last year, will address a meeting of the Punaohu Mothers' Association on "The Future of Punaohu's Educational Plans" next Monday in Bishop hall on the Punaohu campus, at 3 o'clock in the afternoon. As matters of importance to all the members will be taken up at this meeting a full attendance is anticipated.

Local artists and designers make a most creditable showing in the collection of bookplates now being exhibited on the second floor of the library, under the direction of Miss Helen J. Stearns, who knows all about bookplates. Plates designed by H. Nelson Poole, Jessie Slay and May Frazer are attracting a great deal of praise. The exhibit has many beautiful plates collected from all over the world. It will be open until Saturday afternoon.

Kalakaua avenue, its broad curves and windings now satisfactorily paved for automobiles, will soon be a joy to those who walk as well as to those who ride, for at last the sidewalks are being paved. So far only the Waikiki end of John Ena road is revealing attention, but the work is going ahead with an energy that speaks well for a speedy finish. There are still several property owners along this avenue who have not paid their assessments for sidewalk improvement.

The Inter-Island steamer Kilauea came in this morning with the following freight: 31 bags of sugar, 192 1/2 bags of coffee, four bags of awa, 10 bags sand, six bags of ginger, 84 bunches of bananas, eight crates of tomatoes, 12 bags pears, seven bags of oranges, 20 boxes of honey, one barrel tallow, 25 pieces of ohia lumber, three barrels of pears, six barrels of oranges, 25 head of cattle, one cow, one calf, one horse, seven loose pigs, 38 crates of chickens, eight crates of pigs, 16 crates of beef, four halves of veal, four empty drums, two empty presto tanks, two empty oil barrels, one bundle of goat skins, three bundles of sheepskin, 122 hides and 106 packages of sundries.

EWA PLANTATION MAY PAY OUT \$500,000 AS EXCESS PROFITS TAX

Ewa plantation will have to pay approximately a half million dollars to the federal government as excess profit taxes, according to estimates which have been made since the new revenue bill was received here. However, this estimate is not a definite and general one, which cannot be made until more information regarding the law, as applied to Hawaii plantations, is secured.

At present, for example, there is a lack of information as to whether the excess profits will be estimated upon the invested capital of the different companies, or upon an appraised value.

At a meeting of the directors this morning it was decided to declare an extra dividend of one per cent, payable at the end of this month.

PLACE BANANA MATTER BEFORE SHIP COMPANIES

Two Concerns Refer Matter of Sending Fruit in Foreign Bottoms to S. F.

A. J. Campbell, who is heavily interested in banana shipping, has taken up with the local Toyo Kisen Kaisha, Pacific Mail and Nederland Royal Mail and Rotterdam Lloyd steamship companies the matter of shipping bananas from Hawaii to the mainland in the vessels of these lines when American bottoms are not available. Two of the companies, the Pacific Mail and the Toyo Kisen Kaisha, have already referred Mr. Campbell's communications to their San Francisco offices.

As announced recently in the Star-Bulletin, the national food administration in Washington, D. C., has given local banana shippers permission to ship their fruit to the coast in foreign bottoms, but only in instances where American bottoms are not available. The instructions say that all lines imposed for the use of foreign bottoms will be remitted by the government. It is largely on the question of the imposition and remitting of these fines that Mr. Campbell has written the local agencies of the foreign steamship companies.

"I believe the entire matter now hinges on the question of cargo space, and the amount the foreign steamers can allow local banana shippers," says Mr. Campbell. He adds that no bananas have yet been shipped under the new ruling.

MANILA SUGAR PARTY WILL DEPART SOON

In order to determine if it is advisable to erect a central sugar mill in the Philippine Islands, Frank Atherton, A. Gartley, John T. Moir and William Searby will leave for Manila by an Oriental liner soon. If the Hawaii sugar men decide that another central would be a good investment the location will also be decided upon.

The party as constituted will have a sugar plantation manager, Mr. Moir of the Onomea Sugar Co., two sugar mill engineers, Mr. Searby, superintendent of the Puunene mill, and Mr.

Gartley, the Brewer plantation engineer, and a sugar agency representative, Mr. Atherton. The party of Hawaii sugar men will be away until January 8.

Charged with selling a bottle of gin to soldiers, a Filipino was arrested at Waiakua by Police Officer Jose Matsugoro yesterday and later turned over to the federal authorities.

PROCLAMATION

In pursuance of the authority vested in me by Chapter Sixteen, Revised Laws, Territory of Hawaii, 1915, and the request of the President of the United States and the Secretary of the Treasury, who are responsible for the financing of the Great War, I set aside the latter half of the Twenty-fourth Day of October, Nineteen Hundred and Seventeen as a half holiday, to be devoted to the purposes of securing subscriptions to the Second Liberty Loan as indicated by the words made a part hereof.

PROCLAMATION BY THE PRESIDENT

This Liberty Loan gives the people of our Country their opportunity to sustain the Government and its might and power which has been mobilized for the conduct of the great war upon which we are now embarked. Through it the whole Country joins in the mobilization and is able to strike a mortal blow against Prussian autocracy and in defense of our outraged American rights, our own liberty and the liberty of the world.

Every subscriber to these Liberty Bonds, whether he or she has only one Bond or takes more, lends the weight of that contribution the weight of that support to the force behind that vital blow. He or she puts that amount to the patriotic service of the Country.

October 24 is hereby designated and appointed Liberty Day. On that day let all the people of every community of the Country assemble and pledge the fullest financial support within their ability to the cause. Let there be patriotic meetings held everywhere. Let us make the result of this campaign for the Second Liberty Loan Bond issue so impressive and so emphatic that it will echo to and in the enemy empire and be clear to all the world as an index of the intentions of America.

On that day all Federal offices will be closed at noon and all Federal employees shall be free from all duties other than the patriotic observance of the day.

WOODROW WILSON.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the Territory of Hawaii to be affixed.

(Seal)
DONE at the Capitol in Honolulu, this 17th day of October, A. D. 1917.

(Sgd.) LUCIUS E. PINKHAM,
Governor of Hawaii.
By the Governor:
(Sgd.) CURTIS P. IAUKEA,
Secretary of Hawaii.

FIFTEEN 'Y' MEN CALL HERE ON WAY TO RUSSIA

Hope to Aid in Small Way Towards Inducing the Russian Army to Hold Present Lines—Local Man in Squad

Hope is held by the Y. M. C. A. men who passed through Honolulu today on their way to Russia that they will be able to aid in some small way toward inducing the Russian army to hold its present lines against the Germans, says W. R. Humphries of the squad, who, until a month ago, was with the Palama Settlement.

When he left here to go to New York to enter Y. M. C. A. war work he did not know he would be sent to Russia, and he back in Honolulu soon. He has been granted a year's absence from the Palama Settlement, Jacks of All Trades.

Men from all walks in life are included in the party of 15 Y. M. C. A. workers. One of them is even a former newspaper writer. This is H. D. Hadley who until recently was a reporter on the New York Tribune. His experience in Y. M. C. A. work was gained at the Plattsburg camp.

T. P. Martin is a former professor of history at the Harvard university. Rev. E. M. Anderson, Rev. W. Y. Duncan, Rev. S. C. West, Rev. N. P. Noyes and Rev. J. W. Cahill and other members of the party, are all young theological students.

Other members of the party are Harold Alpin, W. W. Banton, J. B. Bunker, E. H. Christy, R. B. Dennis, J. Elder and H. E. Merrill.

Dr. Mott's Hope
"It is the hope of Dr. John R. Mott, head of the International Y. M. C. A., who went to Russia with the Red Cross, that the war workers of the organization in Russia will be able to induce the Russian army to hold steadfast against the Germans," says Mr. Humphries.

None of the members of this Y. M. C. A. party are accompanied by their wives as they are to be detailed to the "hut canteens" on the eastern front.

Several of the Y. M. C. A. secretaries who passed through Honolulu a few weeks ago had their wives with them, but women are to be discouraged from going to Russia from now on. It is said, partly due to the shortage of food, and partly because of war danger.

Mrs. Humphries, wife of the Palama Settlement man, is in Honolulu and will remain here with her parents.

YALE GOES ON MILITARY BASIS

Yale university is on a war basis, and the students are enrolled in the government military service, according to letters received by J. R. Galt from his son, Carter Galt, a student at the big Connecticut institution. Young Galt writes that the entire university has been placed on a military footing, and the students are subject to the call of the war department for duty in France. Yale is the only university in the United States that has an organized field artillery regiment. This regiment was in training at the field artillery camp at Tobyhanna, Pa., last year.

Galt writes that two Canadian officers and one French army officer, all of whom have seen active service in the trenches, are at Yale drilling the student soldiers. The French government, it is understood, has also sent the Yale artillerymen of the famous 15th that stopped the Germans on their way to Paris. These are the only French guns in America, and the Yale men are being put through a course of training with them that will aid materially when they have to work them in France. Young Galt writes that while the normal attendance at Yale is generally 3000 students, only 2000 are now enrolled.

FEELS BETTER NOW THAN FOR 30 YEARS

DANIEL J. PELLER

Fruitola and Traxo are compounded in the Pinus laboratories at Monticello, Ill., and can be purchased of Benson, Smith & Co., wholesale distributors; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant, disintegrating the hardened particles that cause so much suffering and discharging the accumulated waste, to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alternative that is most effective to restore and rebuild the weakened, run-down system. A booklet of special interest to those who suffer with stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

MCKINLEY TURNS AWAY PUPILS OF OTHER ISLANDS

With an enrolment of 506 students, an increase of 105 over the same period last year, McKinley high school is filled to overflowing. Despite the large number of pupils admitted to the institution when it opened last month, the teachers say they are experiencing no difficulty in carrying on the work. Contrary to frequent reports only a half dozen pupils from the other islands applied for admission to the local hall of learning, and were turned down.

It was stated at the high school this morning that McKinley is accommodating all eligible pupils. Students from the other islands are not considered eligible for admission, and consequently are turned away. An increase of 50 per cent in enrolment for the commercial course has been noted this term. The college entrance course has also received a large number of new pupils. Three additional teachers have been taken in at the high school, and the equipment has been increased considerably. No hardships in the way of handling the pupils have so far been experienced, say the teachers.

Fort Shafter Notes

(Special Star-Bulletin Correspondence.)

FORT SHAFTER, Oct. 17.—The amount of Liberty Bonds, taken by the soldiers of Fort Shafter, now aggregate \$14,600.50, with Company B, 2nd Infantry, in the lead, this company having subscribed \$10,600. Company M, 2nd Infantry, is pushing them close, with a total of \$10,550. The list of the officers' subscriptions has not been completed yet.

The order requiring all officers to report at headquarters at 11:30 a. m. has been revoked and in the future should any officer's attendance be needed, notice will be given him.

At a meeting of the board of managers of the 2nd Infantry mess, held on Sunday, the following officers were appointed to serve until the next regular meeting of the mess: Major Frank C. Bolles, president; Captain Robert H. Peck, vice president; Captain Robert M. Lyon, and Captain Ralph C. Holliday, members of the board of managers.

The books of the secretary were audited, and a new secretary-treasurer, Lieutenant Charles A. McGarrigle, was appointed to succeed Captain Edward F. Witsell, who was relieved owing to the fact that Captain Witsell has been ordered on duty with the National Guard of Hawaii.

HONOLULU BOYS OFF TO JOIN AMBULANCE CORPS

In answer to the recent call sent out by the National Tennis Players' Association, Bob Purvis and Ned Steel, local young men, left yesterday for the states, where they will join the ambulance corps being recruited by the athletic organization. A cable received by A. L. Castle Friday asked for more volunteers to drive ambulances in France, and Steel and Purvis responded. They will probably join the contingent of Honolulu men now at the American training camp at Allentown, Pa.

Recent advices from Ernest Podmore, who is training at Allentown, seemed to indicate that the tennis association had abandoned their ambulance units. If this is the case, Purvis will proceed directly to Allentown and join one of the regular army units and Steel will probably go to Washington, D. C., and join the camouflage company of which Twigg Smith is a member.

TEMPORARY APPOINTMENT FOR GENERAL REICHMANN

Brigadier General Carl Reichmann is mentioned in army orders from Washington as transferred from the 171st Infantry brigade to the 161st Depot brigade. The announcement is taken to mean that the officer is serving under a temporary appointment, as press despatches received here on the adjournment of congress stated that no action had been taken toward confirming him as a brigadier. The appointment had been held up pending charges that the officer had made pro-German statements.

A Maru boat due tomorrow will not be off port until 10 o'clock.

PROMOTION FOR COL. REICHMANN GOES ON TABLE

WASHINGTON, D. C., Oct. 5.—Senate action in the nomination of Colonel Carl Reichmann, of the regular infantry to be brigadier general, is being held up since his nomination August 15 because of charges that he is pro-German in sympathy. He will wait until the December session of congress. Efforts to dispose of the nomination before adjournment failed today in a three-hour executive session of the senate.

Opponents to confirmation forced action over after wide discussion behind closed doors. Senators Chamberlain and Fletcher of the senate military committee, and others strongly urged immediate and favorable action. Leading the opposition were Senators Poindeux of Washington, Myers of Montana and Pomerene of Ohio.

After extensive hearings, a military affairs sub-committee voted 9 to 2 to confirm the promotion, Senators Myers and Frelinghuysen opposing. The committee's action is said to have followed negotiations for an informal understanding with the war department, that in event of confirmation the officer would not be assigned to duty outside of the United States or its possessions.

Colonel Reichmann has served in the army more than a score of years. His service was praised by many high army officers in the investigation, including Brigadier General McIntyre, former chief of the bureau of insular affairs.

The colonel was born in Germany and received much of his education there.

ARMY ORDERS

The following transfers of enlisted men are ordered: Pvt. Ray Cripp, Battery A, 9th Field Artillery, to Troop C, 4th Cavalry, Schofield Barracks, H. A.; Pvt. David Pressman, Troop C, 4th Cavalry, to Battery A, 9th Field Artillery.

A general court martial is appointed to meet at the call of the president thereof, at Schofield Barracks, H. T., for the trial of such persons as may be properly brought before it. Detail for the court: Capt. George C. Keleher, 32nd Infantry; Capt. Leopold J. H. Herwig, 4th Cavalry; Capt. William B. McLaurin, 4th Cavalry; Captain Peter Sorensen, Infantry, O. R. C.; Capt. Bishop K. Shackelford, Infantry, O. R. C.; First Lieut. Charles E. McCartney, Infantry, O. R. C.; First Lieut. John H. Williams, Infantry, O. R. C.; First Lieut. Stanley H. Black, Infantry, O. R. C.; Temporary Second Lieut. Charles W. Latimer, Cavalry; First Lieut. Hawthorne C. Gray, 32nd Infantry, judge advocate. A greater number of officers cannot be assembled without manifest injury to the service. The employment of a stenographic reporter is authorized.

Cpl. Alfred Berg, Battery F, 9th Field Artillery, is transferred as private to Coast Artillery Corps, 8th Company, Oahu, and will proceed to Fort Armstrong.

Capt. John E. Richardson, 32nd Infantry, is detailed as a member of the board of officers, appointed to meet at Schofield Barracks, H. T., by paragraph 7, special orders, No. 179, these headquarters, current series, vice Capt. Charles F. Leonard, Infantry, relieved.

So much of paragraph 7, special orders, No. 188, as relates to Pvt. Harry Newton, Company D, 25th Infantry, is revoked.

The following named enlisted men of the Coast Artillery corps are transferred as privates to Co. E, 3rd Telegraph Battalion, signal corps, and will proceed to Fort Shafter, reporting on arrival to the post commander for duty with the organization to which transferred: Mechanic Fay E. Durr and Pvt. Harry L. Joyce, 12th Co., Oahu, and Cpl. Andrew P. Stephenson, 13th Co., Oahu.

Bugler Wilbur F. Brown, Troop K, 4th Cavalry, is detailed as attendants to accompany the authorized mounts of Capt. Harold M. Rayner, Cavalry, and will proceed by the first available transportation to San Francisco, Cal., where he will report to the depot quartermaster for transportation to West Point, N. Y., and upon arrival will be reported by Capt. Rayner to the adjutant general of the army for transfer and assignment.

Sgt. David E. Whelan, Co. I, 2nd Infantry, is transferred as private to Co. E, 3rd Telegraph Battalion, signal corps, at Fort Shafter.

Capt. Edward F. Witsell, 2nd Infantry, is detailed as inspector-instructor with the national guard of Hawaii, and will proceed to this city and take station, reporting upon arrival to the governor of Hawaii, and by letter to the chief of the militia bureau.

A board of officers is appointed to meet at the call of the president thereof at Schofield Barracks, H. T., for the examination of such officers of the infantry officers' reserve corps, as may be ordered before the board, to determine their fitness for promotion. Detail of the board: Maj. Herbert C. Gibner, medical corps; Capt. Corbit S. Hoffman, 32nd Infantry; Capt. John W. Simons, Jr., 1st Infantry; Capt. Norman E. Williamson, medical reserve corps; First Lieut. Corday W. Cutchin, 1st Infantry. The junior member of the board will act as recorder.

Quartermaster Sergeant, Senior grade, Elmer B. Ackisson, quartermaster corps, permanent school detachment, school for bakers and cooks, Fort Shafter, H. T., is transferred as a private to the quartermaster corps at that post.

First Lieut. Carlyle L. Halfnes, medical reserve corps, having reported at the headquarters in compliance with instructions from the war department, is assigned to Fort Shafter.

The following transfers of enlisted men are ordered: Pvt. Leo Berman, medical department, post hospital, Schofield Barracks, H. T., to Co. L, 32nd Infantry, at that post. Pvt. Adrian J. Lintreux, Battery B, 1st Field Artillery, Schofield Barracks, H. T., to Battery B, 9th Field Artillery, at that post.

HUN AIR RAIDS AROUSE HATRED OF WOMENFOLK

"Vicious" is the word used to describe the feelings of the women of England toward the Germans as a result of the air raids on London and other English cities, says F. W. Collins, a rubber man, who is aboard an Oriental vessel in port today.

There is now a unanimous determination in England to press the war to victory and to punish the murderers of women and children. The air raids have, instead of terrorizing the people of England, aroused their anger and hate. The women, especially, are vindictive—really vicious—in their hatred of the Germans. You hear no talk of peace in England now," he declared.

This bitter feeling has come within the past three months, he explains, and he ascribes it to the German air raids. Six months ago, he admits, there was some depression in England, but says that this has given way to the present determination to punish the Germans.

Speaking of America's entry into the war, he avers that while victory would eventually have been wrested from the Huns by the British and French, it was a great encouragement to have the support of the big republic. He thinks America will hasten the end for the Germans.

Mr. Collins is the general manager of the Malacca Rubber Co. in the Straits Settlement and has been in England for 10 months. He left London only three weeks ago, stopping only one night in New York and three nights in San Francisco on his trip across the American continent.

The submarine menace is growing less and less, he maintains, citing his own experience on the White Star liner Baltic as proof. "After leaving Liverpool we took a zigzag course to the Irish coast, then a direct one to New York. We had no convoy, although there was a gun crew on the Baltic," he adds.

SCHOFIELD ROOKIES AGAIN IN TRENCHES

Owing to the fact that the trenches were not quite completed at Schofield Barracks training camp earlier this week, the company in training there did not go into them until yesterday. This was a change in the original plan to go in Monday morning and out this evening. The trenches will now be occupied until Friday evening.

Society Suffers in Summer

Possibly there is nothing more annoying to a refined woman than offensive perspiration or body odors. These abominable social pests have been well exemplified in the experience of Dr. M. K. Charlier, Faculte de Paris, France. Dr. Charlier uses a sponge bath made of 1 oz. Tyree's Antiseptic Powder in one gallon of water as preventive and cure. He says he finds the powder to be a deodorizer and stimulant of the skin and an alleviator of pain. Two teaspoonfuls of the pure powder in a pint of water gave him excellent results in a case of Poison Oak after all other remedies had failed. Similar happy effects were obtained from the use of the same strength solution in eczema.

The tender skin of a child is exceptionally sensitive to heat. Tyree's Antiseptic Powder used either dry, mixed with lard, or in solution as a sponge bath gives the little one comfort from all such painful affections. The doctor further suggests to social patrons the use of Tyree's Powder instead of poisonous talcums, carbolio acid, peroxide, etc., as it is in every way more agreeable and the results accompanying its use are much to be preferred to the dangerous and disagreeable agents now in use.

It is sold in packages at 25c and \$1.00 by the manufacturer, J. S. Tyree, Chemist, Inc., Washington, D. C.

:: Business And Financial News ::**FREIGHT CHARGES
WILL BE BOOSTED
BY WAR TAXATION****Steamship Companies Acting
as Collectors Will Need
More Clerical Help**

Steamship officials maintain that in adding the federal war tax to the cost of passenger tickets and freight charges they are simply acting as collectors for the United States government. This contention is indicated in a formal notice, posted under date of October 15 by the Inter-Island, which states that it will "charge and collect on behalf of the United States" the tax required.

This notice, which is signed by O. C. Scott, the treasurer of the company, reads as follows:

"Notice to intending shippers and passengers. Internal revenue tax. On and after November 1, 1917, under the provisions of the war tax law, this company will charge and collect on behalf of the United States three per cent of all the sum charged for freight and eight per cent of all the sum charged for passenger carriage."

The officials contend that their "bit" for the country will come in the expense and trouble of collecting the tax.

Additional clerical help will have to be employed and a separate account maintained for all the taxes collected. "It will cause considerable trouble and expense," declared Norman Gedde, vice-president of the Inter-Island, when discussing the new taxes this morning.

"Where the tax percentage will require odd cents and parts of cents is what will cause the most trouble, he thinks, as the amounts have to be absolutely correct to a fraction for the government."

She—How long will they be raw recruits?
He—Until the veterans finish slaughtering them!—Puck.**LETTER ASKING
WATER AID ON
WAY TO CAPITAL**

So that the Chamber of Commerce may receive quick action on the proposition of securing water experts from the United States geological survey bureau, Prof. Herbert Gregory, the eminent Yale geologist and federal scientist, is carrying a letter from the committee to the director of the bureau at Washington. At a meeting Tuesday of the Chamber of Commerce, Prof. Gregory urged that the local men secure the services of federal experts to examine the Honolulu water supply. J. R. Galt, A. L. Castle and J. T. Taylor were appointed a committee to try to secure the services of the scientists.

Prof. Gregory left yesterday for the mainland, and is going direct to Washington. He is in close touch with officials there, and has done a great deal of work for the government at the request of the geological survey. So he will personally take the matter up with the heads of the bureau. The committee will hear from him on the matter within the next few weeks, it is expected.

**VIERRA TO STAY
PRESENT OUTLOOK**

That A. K. Vierra as superintendent of parks and playgrounds will not be replaced by John Markham seems to be pretty generally agreed upon by the supervisors. Whether or not he will be removed at all is still undecided.

As to Valentine Holt being put in, "but not to replace Mr. Vierra altogether," Ben Hollinger said that was news to him. If Holt should be put in as anything but superintendent of the parks and playgrounds, he would have to be put in by the superintendent himself, so it would be up to Superintendent Vierra to install him. The supervisors make it a rule to allow the heads of the various departments to choose their own employees. Holt could be placed by the supervisors only as superintendent, and this could not be done, according to Mr. Hollinger, without removing the incumbent of the position.

It is not likely that any new appointments will be made, if at all, until after the return of Commissioner Bellina, who left yesterday for the coast. However, as the vote now stands, the reappointment of Vierra could be made during Mr. Bellina's absence.

**ARMY TO BUILD BIG
COLD STORAGE PLANT**

A refrigerating plant to cost approximately \$350,000 will be constructed by the army at the quartermaster site on Allen street where a number of storehouses are now building. This was announced yesterday by Lieutenant Colonel R. M. McA. Schofield, constructing quartermaster. A large plant will also be constructed at Schofield Barracks. The two will take care of meat and perishable goods for the army.

The transfer of stores now in the old army building on Hotel street to the new storehouse will begin in a short time. The new buildings will be large enough to hold supplies from three to six months for the entire island's military population.

SOCIETY FINDS
LABOR OPPOSING**

At a meeting of prominent Japanese Wednesday at Lanika garden, it was decided that a new organization called "The Central Japanese Association of Hawaii" be formed. The new association will have as its members prominent Japanese of Hawaii, according to those who were present. And it was on this account that the labor elements objected to the assembly.

The meeting was attended by Consul-General R. Mori and representatives of the Japanese Chamber of Commerce, Japanese Medical Society, Japanese Educators' Association, Japanese Bankers' Club, Japanese Newspaper Association and Oahu Japanese American Citizenship Association. Besides these, prominent Japanese who are not members of any of these associations were present.

In order to keep everything of importance from the public, it was unanimously decided that nothing will be given out for publication unless by resolution. In this way, said one of the members, this morning, expressions of the members, if any, during the meeting will not be reported to the newspapers for publication.

The purpose of this new association is to discuss such problems and questions of importance which will involve the interests and welfare of the Japanese residents in Hawaii.

The Hawaii Hochi, owned by Fred K. Makino, takes the stand that the organization of this association by prominent Japanese is rather discriminatory to the labor elements. One of the members of the new organization is K. Ishida, who is secretary of the Japanese Association of Hawaii.

The fact that Ishida has headed the new association is not pleasing to members of the old association, of which he is secretary. Already there is a plan on foot to have Ishida expelled from the Japanese Association of Hawaii. The matter will be taken up at a special meeting to be held shortly.

Among the small Japanese associations which are known to the public are those of the Japanese Contractors' Association, the Restaurants' Association, the Expressmen's Association, the Hackmen's Association, the Automobile Men's Association, the Fishermen's Association, the Flowermen's Association, the Retail Merchants' Association, the "Lomilomi" Women's Association, the Barbers' Association, the Small Farmers' Association, the Plumbers' Association, the Painters' Association, the Shipbuilders' Association, the Drymen's Association, the Junkmen's Association, the Bakers' Association, and others.

**ARMY QUARTERMASTER
BUILDING GUARD CAMP**

Water and sewer lines for the big brigade camp of national guardsmen to begin at Schofield Barracks on November 9 are now being laid by a force of men from the office of the constructing quartermaster.

These lines will be in a semi-permanent system for they are to be left in the ground for future camps, while the above surface structures will be removed when the camp is finished.

One of the big features of the camp will be the arrangement of shower baths and lavatories by battalions instead of individual companies. Each bathhouse will have facilities for 20 or 30 men at a time. It is estimated that the camp outlay will cost about \$3250.

PERSONALITIES

KIRK B. PORTER, secretary to the board of health, has gone on a 10-day vacation to the island of Molokai. He will be the guest of John D. McVeigh.

Two life members and 330 annual members have resulted from the big Y. W. C. A. drive for membership which was started yesterday, and there are still many reports to come in. It will be late this evening, Miss Channon thinks, before the final count can be made. Mrs. L. A. Conney and Mrs. George Castle are the two life members who joined yesterday.

IN THE CIRCUIT COURT OF THE
First Judicial Circuit, Territory of
Hawaii—At Chambers—in Probate.

In the matter of the Estate of Harmon Ellsworth Hendrick, Deceased.

Notice to Creditors.

Notice is hereby given that the last Will and Testament of Harmon Ellsworth Hendrick, late of Honolulu, Territory of Hawaii, deceased, has been admitted to probate by the above Court and Letters Testamentary granted to the undersigned, Elizabeth Brown Hendrick, the Executrix named in the said Will. All creditors of the deceased or of his Estate are hereby notified to present their claims, with proper vouchers or duly authenticated copies thereof, even though the said claims may be secured by mortgage upon real estate, to Elizabeth Brown Hendrick, at her residence at No. 408 Beretania Street, Honolulu, T. H., within six (6) months from the date hereof (which is the date of the first publication of this notice); otherwise such claims, if any, shall be forever barred.

And all persons indebted to the said estate are hereby notified to make payment to the said Elizabeth Brown Hendrick at the above address.

Dated at Honolulu, T. H., October 18, 1917.
ELIZABETH BROWN HENDRICK,
Executrix of the Will of Harmon Ellsworth Hendrick, Deceased.
6920—Oct. 18, 25, Nov. 1, 8, 15**STOCK MARKET
IS AFFECTED BY
LIBERTY LOAN**

The Liberty Loan, calling for its subscribers from every walk of life, is being felt a bit by the local stock market, according to Mr. Charles G. Heiser, treasurer of Trent Trust Company. Mr. Heiser considers this a good thing for investors. Too much money, he says, has been put into purely speculative propositions.

Clarence H. Cook, president of the Bank of Hawaii, Ltd., speaking of mainland conditions, said: "Financial reports show considerable depression in railway stocks, rails being five points lower than the lowest level reached in the panic of 1907, and lower than they reached at any time in 1914. Industrial securities are about half way between the highest point reached in 1916 and the lowest point reached in 1914. High class securities have suffered out of all proportion to what those bearing high rates of interest have suffered, because they must, of course, come in direct competition with the Liberty Bonds."

July exports are said to have been the lowest since 1916, and imports have declined about \$80,000,000, when the prices are the highest ever known. This of course is partly accounted for by the embargo on the trade with neutrals. Rates of interest have increased on the mainland since the second Liberty Loan, calling for its three billions of dollars at four per cent interest has made such a splendid start, more than half of the amount required having been subscribed. This has affected high class securities, such as railway stocks and bonds, out of all proportion to the effect it has had upon securities bearing a higher rate of interest.

None of these things can really affect financial conditions here. The embargo on imports and exports won't touch us, because we, with our one commodity, are not governed by world conditions. Money is not tight in Honolulu, and things financial are running along in a normal and cheerful way."

With the BOY SCOUTS OF HAWAII

TROOP I
A regular meeting of the troop was
held Friday, October 12. There were
present ten scouts and one official.
A knot-tying contest was held, in
which Wilder and Foster did the best
work. These scouts and three others
will represent the troop at the next
monthly joint meeting.
The resignations of Brown, Single-
hurst and Waterhouse were accepted.
Troop I made a fairly good showing
at the scout parade on Saturday and
in the selling of Liberty Bonds, Sam-
son and Wilder selling the most among
the members.

All scouts are urged to be present
at the monthly joint meeting.
RICHARD SIMONSON, Scribe.
Program Arranged for Joint Meeting
At the next joint meeting the scouts
will fall in at the Palace grounds and
the scouts will be put through a drill,
and then they will march over to the
Army and Navy Y. M. C. A., where
the knot-tying contest will be held,
and the scouts will be shown a new
scout song.

Here is the latest scout song:
OVER HERE.
Johnny, get the mon', get the mon',
get the mon';
Help to down the Hun, down the
Hun, down the Hun;
Money talks, let money shout,
Turn your pockets inside out!
Hurry, buy a bond, buy a bond, buy
a bond;
Help them over yond', over yond',
over yond';
Let your gold flow in a stream,
Let them hear the Eagle's scream!
(REFRAIN)
Over here! Give a cheer!
Tell the lads over there not to fear,
That the ranks are swelling, and the
scouts are yelling,
And the bonds are selling, over here,
Never fear, never fear,
We are all on the job over here;
Tell the Kaiser he'll be wiser
When he meets the troops we're rais-
ing for him here!

Johnny, dig the dough, dig the dough,
dig the dough;
Let the dollars go, don't be slow, let
them go;
Help to give the Teutons fits,
Put the Kaiser on the frits,
Make the Teutons roar, then some
more, then some more!
Help to win the war, win the war, win
the war;
Do your bit the bond to float,
Help to get the Kaiser's goat!
(REFRAIN)
Over here, etc.
Scouts, Attention!
Cut this song out and bring it with
you to the big joint meeting.

TROOP VI. COOLS OFF IN Y TANK.
Our meeting was called to order at
7:30 p. m. at the Y. M. C. A. by Scout
Master Thomas. Scout Commissioner
Burnham and R. H. Trent made a
short visit to the troop to explain to
the boys the manner in which they
would take part in the Liberty Bond
campaign. After the visitors left we
had roll call. There were seventeen
scouts present and three absent.
Two scouts transferred, one to
Troop IX, and the other to Troop VII.
Scout Master Thomas ordered the boys
to turn out at the armory for the cam-
paign. The meeting adjourned at 8:30
after which the scouts took a refresh-
ing swim in the Y tank.

SCRIBE, Troop VI.
MORE BONDS SOLD
Up to 4 o'clock Wednesday after-
noon 34 scouts have gotten 178 more
different subscriptions to the Liberty
loan, bringing the grand total to the
amount of \$21,100. Scout E. Crane
has sold 34 bonds.

Richard H. Trent and Scout Execu-
tive Roger N. Burnham visited the fol-
lowing troops: IV, VI, VII, VIII, XIV,
XVIII, XX and XXI, explaining to the
scouts the way and manner in which
they were to sell the bonds.

WHAT LIBERTY LOAN OFFERS
The Liberty Loan offers an oppor-
tunity for men and women who cannot
enlist as soldiers and nurses to furnish
the sinews of war to the men who
must do the fighting.
The desire of the officers of our
government is that the loan shall be
floats, in so far as possible, from
among the citizens that are not rated
as capitalists. We want every one to
back the government. Most of the
business houses are supplying their
employees with blanks with which to

buy Liberty bonds with on the install-
ment plan. These blanks set forth the
plan by which it is possible to buy one
of the Liberty Bonds without causing
the purchaser serious inconvenience
by advancing whatever amount he
may feel able to invest.

One dollar a week for fifty weeks
will buy you a Liberty Bond. Two
dollars a week will buy two. The re-
turn on the investment is the same as
obtained from a savings bank and you
are at the same time doing your "bit"
toward the war.

Subscribe through the Boy Scouts
and order your bond today.

NOTICE

All scouts attend, in full uniform,
the next joint meeting which takes
place Friday evening in the Palace
grounds at 7:30.

TROOP XVIII

The new assistant scoutmaster of
Troop XVIII gave the boys a demon-
stration in first-aid work. The resuc-
ing of the drowning was his chief
topic. The troop held its meeting
at the Christian church.

TROOP XX DRILLS

Richard H. Trent of the Trent
Trust Co. gave the boy instructions
for the selling of Liberty bonds for
the drive which took place last Sat-
urday and after the visitor departed
the scouts were put through a drill.
Their meeting was attended by 13
scouts.

This energetic troop is going to
give an illustrated lecture on Novem-
ber the 16th. The money will be
put toward the building of the troop's
own scout house. The site for the
building has not been definitely de-
cided. All scouts who are members
of this troop must show up at the
next meeting on Friday evening.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You
Have Been Eating Too
Much Meat

When you wake up with backache
and dull misery in the kidney region
it generally means you have been eat-
ing too much meat, says a well-known
authority. Meat forms uric acid which
overworks the kidneys in their effort
to filter it from the blood and they be-
come sort of paralyzed and logy.
When your kidneys are sluggish and
clor you must relieve them, like you
relieve your bowels; removing all the
body's urinous waste, else you have
backache, sick headache, dizzy spells;
your stomach sour, tongue is coated,
and when the weather is bad you have
rheumatic twinges. The urine is
cloudy, full of sediment, channels of-
ten get sore, water scalds and you are
obliged to seek relief two or three
times during the night.

Either consult a good reliable physi-
cian at once or get from your phar-
macist about four ounces of Jad Salts;
take a tablespoonful in a glass of
water before breakfast for a few days
and your kidneys will then act fine.
This famous salt is made from the
acid of grapes and lemon juice, com-
bined with lithia, and has been used
for generations to clean and stimu-
late sluggish kidneys, also to neutral-
ize acids in the urine so it no longer
irritates, thus ending bladder weak-
ness.

Jad Salts is a life saver for regular
meat eaters. It is inexpensive, cannot
injure and makes a delightful, effe-
rescent lithia-water drink.—J. d. v.

Visitor—And do you find people
come in here during the week for
peace and meditation?
Sexton—Aye sir, that they do;
why, I caught two of 'em in 'ere only
last week.—Saturday Journal.

SEASIDE BREEZES COMING TONIGHT

Seaside comedy with its bright
breezy atmosphere will provide an in-
teresting change for Bijou patrons
when the Carter company inaugurates
its new bill this evening, presenting
"Izzy at the Seaside." It's not the
Waikiki brand, however, but will re-
veal glimpses of maidens fair as they
romp and prance on the board walk.
It's comedy of the brand calculated to
please one and all and will uphold the
reputation of the Carter players as
versatile artists who fit into any role
with the eclat of tried and experi-
enced thespians.

No need to say that Monte Carter as
"Izzy" will be there with his laughing
gas attacks while all the funny things
they do at Coney Island will be made
funnier yet by "Izzy's" interpretation.
There are several new features in-
corporated into tonight's show, among
them being a duet by Ethel Davis and
Lou Davis. Bob Sandberg will essay a
new character role, a rube sheriff, out
of which he is bound to get heaps of
fun for himself and the audience, too,
and a typical character song will be
his contribution in a musical line.
Miss Betty Buttrick is billed for popu-
lar favorite "My Hero" and the
prancing chicks will prance just as
gaily and as lively as at any time dur-
ing the engagement with new ballet
effects and attractive bathing cos-
tumes, new even to Waikiki, may
cause a few gasps. New laughter-
making features will likewise be un-
corked.

MOROSCO FILM AT THE LIBERTY

"The Highway of Hope," Willard
Mack's latest contribution to the sil-
ent drama, comes to the Liberty thea-
ter, this evening for the balance of
the week. Kathlyn Williams and
House Peters are the featured stars
and the production is from the flim-
mill of Oliver Morosco. Here is pre-
sented a combination that should
prove a sure winner.

Willard Mack has laid his scenes
in the Far West in the early days of
the rush for gold. Oliver Morosco
had his scouts on the hunt for scenes
and settings to fit the scenario and
there were discovered sufficient
abandoned mining camps in Death
valley to satisfy the most exacting
producer—and that is Morosco.

Kathlyn Williams is cast as Lonely
Lou, drudge of the mining town on
"The Highway of Hope." The open-
ing scene finds her with a pail of
water and scrubbing brush carrying
out the offices of drudge. Then there
is a change and Lou becomes a
wealthy mine owner. From thence
forward Miss Williams displays some
of those beautiful gowns for which
she is rightly famous. That there is
a strong thread of romance running
through this Mack offering can be
depended on. Also, there are heavy
dramatic moments such as the finish-
ed artist alone can produce.

PUPIL CONQUERS TEACHER'S HEART

William Fox is becoming a strict
disciple of accuracy in the film drama,
according to all reports. "A Child of
the Wild," from the pen of John G.
Adolf, has the Sunny South for a set-
ting and it is stated that Fox invaded
the southland with the entire cast in
the making of this film. The Hawaii
theater is now showing the picture
and those who know the South will
be the best judges of the truth of
this claim.

Honolulu theater-goers know full
well that false claims are often made
relative to the location in which cer-
tain film scenes have been photo-
graphed. Hawaii has been the reputed
stamping ground of a number of pic-
tures recently shown here—claims
which have proven bogus. The proof
is in the picture itself and there is
little doubt but that "A Child of the
Wild" had its origin South of the
Mason and Dixon line.
The story deals with a wild young
miss of the mountains who has an
abhorrence of school, until a teacher
happens along from the North who
wins her heart. Then she becomes
the best student in the school and
also wins the teacher's heart. Then
comes a rift in the lute and there are
storm clouds on the horizon but, as
always is the case in a story that
deals in love, the finale is just what
has been expected right along.

SALVATION ARMY WORK SHOWS SPLENDID GAIN

Crowds attending outdoor meetings
of the Salvation Army in this city
are five times greater at present than
they were seven months ago, accord-
ing to a statement made last night
by Lieut.-Col. Robert Dublin. The
officer also asserted that the number
of converts in this time have been
128.

The statement was made during the
course of a banquet given by Adj.
J. C. West at the Salvation Army
headquarters in honor of the 31st an-
niversary of his entrance into the
work. About 45 persons were pre-
sent at the gathering and music and
speeches made an interesting pro-
gram.

Ensign George Peterson spoke on
social work in the city. Capt. George
Marshall on boys' home and Com-
mandant C. Sabine on the girls' home.
Mrs. Adj. West's talk was on
"Christian Duties." The program
closed with a talk by Adj. West
thanking his helpers for their service
and urging them to even greater zeal
for the future.

He—It is hard to ask for bread and
get a stone.
She—It is worse to ask for a stone
and get paste.—London Answers.

THURSDAY, OCTOBER 18, 1917.

The First Loss

The first loss to the navy in this war comes more as a jolting reminder that we are in the midst of a great war, rather than a surprising incident.

We could not expect to go through the war without a loss. The fight is a fight to the finish, and to destroy the enemy is the purpose for which the ships of the warring forces are patrolling the seas.

Up to the present time our men have completely outwitted and outfought the pirate Prussians. This has been done by a consistent policy of aggression under which the enemy is hunted down before he is able to strike his special prey, the defenseless.

Now the pirate happens to have put one of our naval ships out of action.

The only thought and the only possible answer is, to renew the energy, force the fighting, drive the enemy from every foothold, strike him down whenever and wherever found.

That answer is to be made not only by the boys on the ships. We know what they will do.

The thought is addressed especially to the men and the women, the boys and girls, every natural born American right here in Honolulu and through the Territory of Hawaii.

Be sure that you respond to this loss on the Atlantic by doing your share in fighting the enemy as you find him here at home and about you.

If we have any among us who are giving aid to the enemy by act, or suggestion, or sneer, or cowardly undermining of the support that should be given our country, see to it that they are dealt with as an enemy should be dealt with. See that they are stricken down so far as concerns their ability to do further harm.

This is a fight, fellow citizens. It may take losses to make you believe it. But it is a fight, and the person who is not for the United States of America as against the Prussian at home and abroad is an enemy, a piratical, murderous enemy.

Can you do less than the boys at the front in putting that enemy out of action?

RAISING MONEY FOR ROADS.

A system of state roads in Illinois, embracing 1,000 miles, and all hard-surfaced, is to be built exclusively by the proceeds of taxation on automobiles, according to a project to be submitted to the voters of that state next November. In a word, let the automobile provide its highways.

The proposal, which will be of interest to automobile owners everywhere, is advocated by the American Highway Association in the following:

"The planning of these roads, so as to be of unquestionable benefit to the entire state and therefore a justifiable object upon which to spend state money, received long, careful study. It was necessary to afford the greatest good to the greatest number of people, to give careful attention to the cost of competitive routes, and to distribute the expenditure over the state in such a way that no section could claim with fairness that it was treated inequitably. The network of state roads passes through every county in the state and connects all of the leading towns. It is not merely a matter of a few north and south roads intersected by a few east and west roads; it was laid out to meet the traffic needs of the state rather than to conform with the points of the compass.

"The most interesting feature of the project is the method of raising the money for the work. It is proposed to issue bonds which will be paid off from the proceeds of automobile taxation exclusively. Prolonged study of the use of improved roads has convinced the state officials that such a state-wide system of highways will be used so extensively by automobiles and trucks that the cost of the improvements should be borne by the owners of such vehicles. At present the license fee for cars ranges from \$3 for ten horsepower or less to \$10 for fifty horsepower. Next year the taxes will be increased so that the limits will be \$4.50 to \$20, and in 1920 they will be increased to \$6 and \$25. The present motorcycle fee of \$2 will be increased to \$3 in 1918 and \$4 in 1920. The fee for electric vehicles up to twenty tons capacity is now \$5; this will be increased to \$10 next year and \$12 in 1920. Electric vehicles of over two tons pay double these fees except in 1920, when the license will be \$25.

"It is proposed to begin issuing bonds in 1920, putting out \$10,000,000 in that year, and to make a similar issue annually until the total bonded indebtedness is \$60,000,000. It is proposed to let the first contract in 1920. In that year it is estimated that the license fees will amount to \$4,800,000. The state officials estimate that in 1944 the fees will amount to \$6,000,000, and both principal and interest will have been paid. The interest rate which is proposed for the bonds is 3 1/2 per cent."

The California anti-trust law, under which Los Angeles is opposing a seemingly arbitrary raise in the prices of bread, is something that might be called to the attention of the next Hawaiian legislature with a view to having a similar measure enacted for this territory. There is little doubt that, not only in the matter of foodstuffs but with regard to other articles of general consumption, prices are sometimes marked up here without justification of increased cost to the dealers. Advantage is simply taken of a psychological condition in which the "high cost of living" is accepted by the people as reason for any assault on their pockets.

Surely nobody since America entered the war imagined anything but that the Teutons would attempt a submarine blockade against the United States if, and as soon as, they were able

Hawaiians and the Band

This contest over the leadership of the band means more to the people of Hawaiian blood than many of them seem to realize.

It is generally accepted by at least those who have been mixed up in political campaigns that the Hawaiians are very jealous of their ability to do all that can be done by any others, do it as well and perhaps better.

No one will argue that point. But the Hawaiians should bear in mind that in this band controversy the issue is brought into bold relief.

The Hawaiian band is one of the institutions of Hawaii. It was built up, developed and made famous throughout the country by a haole. The years of work done by this man have resulted in the establishment of Hawaiian music in permanent form and it has also served to bring out the natural musical talent of the native race. There have been variations, help from other directions, but the Hawaiian band and Capt. Berger are at the bottom of it all, the foundations so to speak.

Now the whole government, in so far as it relates to the band, is in the hands of and under the management of Hawaiians. The bandsmen are appointed by Hawaiians, the salaries are controlled by Hawaiians, the musical programs, the work, the new material to provide the band with players, the discipline, the practice, everything in fact that will make or break the Hawaiian band is in the hands of and under the control of Hawaiians.

What are they going to do about it?

Here is the chosen field of our citizens of the native race. Here is the opportunity for further development into the greatest musical organization the country has ever known, or by petty factional, political and personal bickering to allow the band of today, which is the product of years of hard work, pass into disrepute, lack of discipline, lack of music, lack of progress, lack of everything that gives strength and character.

So far as the general public is able to make out the Hawaiian band is headed toward a general wreck. Music is forgotten and politics is the chief object of the organization.

It is time for the Hawaiians to wake up, show their capacity for management as well as music, save the band and at the same time the reputation of the Hawaiians as a people.

If the don't, there is only one result—failure and discredit.

That the United States government is straining every resource to meet the demands of the war is evident from the fact that even the impertinence of Viscount Ishii does not avail to relax the embargoes on gold and steel to relieve Japan's extremity. It is to be wondered why Japan does not try to help herself in this emergency by securing concessions in China for developing gold and iron resources in that country. Such enterprises would be a boon to China at the present time, and her acquiescence therein be an earnest of her good faith in aligning herself with the league of democracy.

Segregating industrial from military timber in the draft must be done with greatest discretion, lest the process be made an occasion for favoritism. It should be remembered that the industrial requirements of the country have reservoirs of material to draw from, not only in the able-bodied male classes five years under and thirty years over the selective draft zone, but also in millions of women eager to enlist in the army of industry for the cause of liberty.

Munition dealers are officially stated to be seven and a half million dollars shy on excess profit dues. They had better look out or the government, with the people backing it, will commandeer the whole works and save all the profits.

That the Hawaiian climate does not hurt stamina is evident from the large number of islanders passing for the aviation service. No branch of modern warfare requires finer grades of nerve and muscle than the flying corps.

Belittling of America's entry into the war by German military oracles will only make the blows from Uncle Sam's big stick more stunning once they begin to be delivered.

Missouri miners or any other bunch will not be allowed to hold up the country's plans for carrying on the war. Neither capital nor labor is quite as big as the nation.

Pro-German knocking of the Liberty Loan ought to have a strong boosting influence—and this will be in proportion to the extent the traitorous machinations become known.

Satan must wear a broad grin to see the two biggest murderers of the innocent known to history swapping honors in the world's vilest capital.

Chancellor Michaelis is reported to be encouraging a military dictatorship for Germany. Can't he think of something new?

The husband of the woman that shed beer from her eyes ought to capitalize her for a filtration plant.

Mutual interest in the cause of world liberty has taken the chill out of Chili-Peru relations.

There seems to be war to the teeth among the dentists.

Go easy on the sugar, folks, and help democracy.

U.S.—"THANKS, OLD MAN—IF YOU DIDN'T COME ACROSS—I COULDN'T GO ACROSS!"

—From the Denver Post

SUMMER COMPLAINT

With apologies to K. C. B. of the Hearst papers.

DEAR EDITOR

THE APPELLANT in

SATURDAYS

STAR-BULLETIN

WHOEVER HE may be

IS A

STRANGER TO me

AND I have done all

I COULD for him

ALREADY AND wrote

JOE FERN about

HIGH PRICED fish and

BUMPS AND

HOLES

IN THE streets

AND YOU can

LEAD A horse to water

BUT CAN'T make him do

STREET REPAIR work

BUT IF

APPELLANT

WILL BUY a regular

AUTOMOBILE

INSTEAD OF a

FORD

MAYBE HE can teach

IT TO

HURDLE AND

JUMP

THAT DITCH or if he

DRIVES OVER it

ENOUGH AND loses

GLASSES AND hairpins

IN IT

FOR AWHILE longer

IT WILL FILL up

BY ITSELF and

IT WON'T cost the city

ANYTHING

AND IF this don't suit

TELL HIM to walk

LIKE I do

AND HE could save

MONEY BY not buying

GASOLINE AND

TIRES AND

AIR AND

THINGS NOT on

FORDS

AND HE could buy

HIS WIFE

DRESSES

HAIRPINS AND

FISH AND

EVERYTHING

IF HE still loves her

TODAY

AS MUCH as when she

MARRIED HIM

ANYHOW

ITS NOT good form

TO TELL me

HIS WIFE's hair don't

LOOK NICE or

SIGN MY name

TO HIS articles.

I thank you

Fish.

PERSONALITIES

MRS. H. S. GESNER of Walluku, Maui, is spending a week in Honolulu. M. A. FRANKLIN, collector of customs, is expected to return to Honolulu about November 20.

MISS MARGARET TEHAYAY has been named secretary to the Honolulu Exemption Board, District No. 2, with headquarters in the armory.

J. KANIAU EVANS, who will soon be married to a Pennsylvania girl, left yesterday on the Matsonia for the mainland. After marriage, he will enlist in the navy.

W. F. STOREY, night customs inspector, has been promoted to the day force to fill the vacancy caused by the assignment of W. V. Kolb to Hilo as the deputy collector of that port.

JAPANESE GIRLS HEAR OF LIFE IN AMERICAN HOME

Series of Afternoons for Nipponese Maids Resumed by Local Y. W. C. A.

The Japanese afternoons given by the Y. W. C. A. last year for Japanese school girls will be resumed this year, beginning the last Saturday in this month. The first meeting will be held at the home of Miss Charlotte Hall in Manoa, Saturday, October 27, at 2:30 o'clock.

At the request of eminent Japanese of the city the course this year will be on American home life, and it is because the first subject takes up "The Idea of American Home Life," showing the American at home, that the afternoon will be spent in a home instead of in the Y. W. C. A. rooms. Mrs. Simpson will address the young girls, and Miss Hall will assist her in illustrating the American manner of living at home, showing how an American house is kept and an American home made.

Following the same basic idea the next Japanese afternoon, which will cover the subject of "The American Girl at Play," will be held in one of the public playgrounds.

Other subjects to be discussed are: "Health, the American Woman's Aid to Happiness," "How the American Girl Expresses Herself in Dress," "The Meal Hour in the American Home," "The American Girl in Her Social Life," "The Place of Music in the American Home," "The American Larger Home—The Community."

Each one of these subjects will be handled by some one thoroughly able to interest and instruct the young girls. Except for the first two meetings, the first having to do with the idea of home life and the other with the idea of play, the meetings will be held in the Y. W. C. A. rooms. Names of the lecturers or afternoon leaders will be given out from time to time, as the time of each meeting draws near.

Last year the greatest interest was manifested by the young Japanese school girls in these afternoons, when, at every meeting, from 80 to 100 would attend. This year even more are expected, and the program promises an interesting study for the whole winter.

The Investment side of a Liberty Bond

Buying a Liberty Bond is not solely a patriotic duty. It is a financially wise investment. It is such an investment as every man or woman of small means would make, for it returns a good interest and is ABSOLUTELY SAFE.

To Corporations

The New Revenue Law and the Second Liberty Bond Issue

The new law contains the following: "The tax imposed . . . shall not apply to that portion of such undisturbed net income which is actually invested . . . or is invested in obligations of the United States issued after September 1, 1917."

This includes the new Liberty Bonds, relieving them for taxation.

OAHU FOOTBALL LEAGUE COMPLETES ALL ARRANGEMENTS FOR BIG YEAR

Schedule Drawn Up and Officials Chosen for Gridiron Battles—Opening Games Will Be Played on November 3—Cavalry and First Infantry Lay Off for Initial Date

FINAL arrangements for the 1917 football series of the Oahu Football League were completed at a meeting at Schofield Barracks last night. Representatives from the 4th Cavalry, the Town Team, the 32nd Infantry, the 1st Infantry, Fort Kamehameha and the Y. M. C. A. drew up the schedule, completed all financial arrangements for the games, approved a list of officials and settled other matters vital to the success of the league.

Just as the football in the training camps in the States will eclipse all civilian football it looks as though the Oahu league would surpass anything ever seen here in local football. Old college stars, veteran teams, experienced coaching and good playing dates all combine to give the league a big start.

OPENING GAMES
The opening games will be played on November 3, Saturday, at Honolulu and Schofield barracks. Two teams, the cavalry and the 1st Infantry, lay off the opening date. From November 3 to Thanksgiving Day the Town Team will be unable to compete, due to the National Guard encampment. The Y. M. C. A. team will lose Von Holt and probably one or two other men through the same cause, but will play their games just the same.

Games have been arranged for Thanksgiving Day, Christmas and New Year's. On New Year's day, except in case of a tie for second place, the big game will be played between the team leading in the league and the runner up. One game is scheduled for Christmas day, a mix between the Town Team and the 32nd.

Arrangements have been made so that games can be played at Mollili field, Fort Kamehameha, and Schofield. Other arrangements may be made later to use other fields.

PRACTICES UNDER WAY
All the teams except the Y. M. C. A. team have started practice. The Y. M. C. A. team held a meeting last Tuesday night and will commence practice at 5 o'clock tomorrow night. The practice hour may be moved up earlier to suit the convenience of the majority of the men, but that matter will be decided later.

The Town Team has started its workouts with a fine showing. Scotty Schuman, former Punahou star and well-known athletic organizer, has organized a fine squad. They are going after the pigskin in a manner that promises ill for their opponents. The 32nd and Fort Kamehameha have the jump on the rest of the teams in the league in the matter of practice, both teams having been worked out for some time.

ADMISSION FEES.
Admission to the league games will be 25 cents, except in the case of double-headers, when the tax will be raised proportionately. The games will be played on both Saturdays and Sundays. Some of the military teams are not able to arrange their military duties to conform to an all-Saturday schedule and at the posts the afternoon on Sunday makes a good time for a game.

OFFICIALS
Officials who were approved by the league and who will be asked to officiate include Capt. Britton, Capt. Arnold, Lieut. Daly, Capt. Myers, Lieut. Ross, Lieut. Ladd, Capt. Carr, Mr. Blowers and Atherton Gilman. Other names probably will be added to the list later. A standard rate of pay for officials was agreed on. The pay of the umpire was made the same as that of the referee. Where real money is paid for officiating there has always been a slight difference in the compensation of the referee and the umpire, but in the local league, where receipts do not justify paying all that the job is worth, it was felt that a difference was unnecessary.

The officials of the league so far are Dick Whitcomb, chairman, and Scotty Schuman, secretary. The local men were selected on account of their central location. Those present at last night's meeting were: 32nd Infantry, Lieut. Bracken; 1st Infantry, Lieut. Hanna; 4th Cavalry, Lieut. Monarrett; Fort Kamehameha, Lieut. Tobin; Town Team, Scotty Schuman, and Y. M. C. A., Dick Whitcomb.

SCHEDULE
The schedule is as follows:
Saturday, Nov. 3—32nd Infantry vs. Y. M. C. A. at Schofield; Town Team vs. Fort Kamehameha, at Honolulu.

Sunday, Nov. 11—1st Infantry vs. 4th Cavalry, at Schofield; 32nd vs. Fort Kamehameha, at Fort Kamehameha.

Saturday, Nov. 17—Y. M. C. A. vs. Town Team, at Honolulu.

Champions of Kauai Baseball League

McBRYDE DIAMOND NINE

Three pennants in a row is the record of the McBryde baseball team, champions of the Kauai baseball league. In the last race the team won by eight straight games. The pitcher, N. Ohama, is only seventeen years old, and made his debut this season. The players are: From left to right, standing: J. C. Moura, manager; D. Takeuchi, ss. and captain; Nobuto Ohama, p.; J. Perreira (Spalding), 2 b.; D. Doi, 1 b.; Y. Doi, utility; E. Watase, c. f.; sitting: A. Perreira, 1 b.; Joe Costa, r. f.; Nobu Ohama, c.; G. Gabriel, utility; M. Perreira, r. f.; C. Moura, mascot. K. Watase, 3 b., not in picture.

INTERMEDIATES BATTLE CHAMPS

The All-Intermediates team chosen from the five clubs playing in the intermediate league will brush up against the Reds, senior champions last year, in the opening game of the Senior Basketball league at the Y. M. C. A. tomorrow night. During the last few years the intermediate league has been showing considerable class and some of the fans are picking the middies to trim the Reds in the mix tomorrow eve. The Reds, however, are a pretty strong combination and only top notch work will make them bite the dust. Albrecht of Nebraska university will lead the Reds and behind him will be men from Ames, Kansas Aggies and other Missouri aggregations. Fritsch will boss the middies and he will be ably assisted by Keppeler, who played with the senior All-Stars last year.

First Game
The first game will start at 7:30 p. m., sharp. The games will all be played in four quarters, of ten minutes each, with one minute between quarters and ten minutes between halves. The second game will start ten minutes after the first is over and will be between the Goodyears and the Navy. The Alert team may have to drop out of the league, and if it does the strongest contender for the championship will be eliminated. Their place will be taken by another team from the naval station. The Goodyears have J. P. Morgan, Bill Bibbe, Herman von Holt, Dick Whitcomb, E. E. Black, Percy Nottage and a few others in their lineup and are weakest at goal throwing and practice. Last season this outfit went under the name of All Stars.

All games will be played in the Y. M. C. A. games' hall and admission will be free. Women are invited to attend and they will be more than welcome.

PUNAHOU BOYS' GLEE CLUB MAKES DEBUT

For the first time of the 1917-18 season, the Punahou Boys' Glee Club appeared yesterday morning during the chapel program in Punahou hall. They scored a complete success in their seasonal debut.

The boys sang "The Song of Prince Ruprecht's Men," by Otto Thayer, and "Mammy's Little Boy," by Parks. They rendered these songs with a splendid volume and assurance that was altogether lacking in the Glee Club of last year.

The clubs are directed by Miss Jane Winne. Under her able and inspiring instruction there is no doubt of a fine year. The clubs are rehearsing twice a week in preparation for their annual winter term program.

PREPARING FOR SERIES.

Both the St. Andrew's Priory quintette and the McKinley High School girls are hard at work preparing for the title series to be staged, starting November 9. The first game will be at the Priory and the second at the McKinley school a week later. No date has been set for the deciding game.

MANOA TENNIS CLUB

The annual meeting of the Manoa Tennis Club will be held tonight in the club house. The business of bringing the bylaws up-to-date, reports of officers and the election of officers for the ensuing year will be the principal matters to be taken up at the gathering.

ENTRIES CLOSE SATURDAY

The entry lists for the coming women's swimming meet at the Y. M. C. A. tank will close at 1 o'clock Saturday afternoon. The blanks must be filled in and filed with Miss Marjorie Capps in the Hawaiian News Co.'s office in the Young building before that time.

Mike Jay's Labs

Ralph Restever says:
If you don't stand up for your rights you're a Weakling. And if you do stand up for 'em you're sure to run into Somebody's Rights and Maybe Somebody's Lefts, too. So, What's the Use?

And now the Gotham sport scribes admit that the White Sox had the advantage over the New Yorkers in the first two games. Yep, the Giants were batting against strange umpires.

JOE FARRINGTON.

Star-Bulletin sport and feature writer and an island boy, Joe Farrington left yesterday for the coast to complete his journalistic course at the University of Wisconsin. He will probably be away for two years. During his stay on the mainland he will contribute special articles, which will be published exclusively in the Star-Bulletin. Watch for his stuff!

By abandoning their big yearly game Yale and Harvard are in danger of being sued by the ticket speculators.

Somebody was telling us about a wrestling tournament to be held here soon but haven't noticed the odor of Camembert yet?

Fashion Hint—Wear White Sox. It's the thing!

New Football Rule—Spikes may be worn on the shoes but not on the face of an opponent. A foul shall be de-

PRINTERS PLAY PINES TONIGHT

The Pineapple Factors face a hard bowling battle tonight at the Y. M. C. A. alleys when they go up against the Printers' quintet. The typesetters have been bowling in great shape during the last few weeks and appear to be favorites. The Pines have already lost one fray this week but will endeavor to do a "come-back" tonight. The fun will start at 7:30 o'clock.

Auto Factors Win
Last night at the "Y" alleys the Auto Factors took three games and the total pinfall from the Sugar Factor aggregation. All of the winners' games were over 800 and this team showed good form throughout, while the losers were not quite so strong on the spares as were their opponents.

J. W. Canario was high man with a total of 535, while J. Ho was not far behind with a total of 511. Woolaway was high man of the Sugar Factors with a total of 497, while Gomes came next with 481.

The Scores
Sugar Factors
Name 1st 2nd 3rd Tl.
1—Gomes 127 159 195 481
2—Keefe 143 184 142 469
3—Atherton 140 122 135 397
4—Woolaway 142 177 178 497

Totals 845 835 802 2482

ROYALS TO PLAY SUNDAY

The Royal Hawaiian Garage baseball team will tackle the Company 1, 25th Infantry, team Sunday afternoon at Atkinson Park. "Cowboy" Johnson's Makiki Giants will meet C. N. team of the 25th Infantry Sunday morning.

clared when one contestant refuses to take his ear from between the teeth of an opposing player.

The army enlistment posters ask "Which is the quickest way to see Europe?" but a friend the other day told us a quicker way. He said, "When you get up in the morning look in the mirror and see you're up." Officer, call a cop!

LAST GRID GO OF INTERSCHOLASTIC FIRST SERIES TO BE A WHIRLWIND

Kamehamehas and Punahou Expected to Put Up a Humdinger of a Fight—Big Crowd of Fans Should Be on Hand to Witness the Mix—McKinley Plays the College of Hawaii Saturday

THE big grid battle of the season so far will be staged by Punahou and Kamehameha next Saturday. These two old-time rivals will clash on the Kam field at 3:30 p. m. All football fans are anxiously awaiting this contest for it is the last game of the first half of the interscholastic League series. Punahou has tied the College of Hawaii and beaten McKinley; Kam has beaten McKinley and just barely lost by one point—a missed easy goal—to College of Hawaii. According to all dope Kam has a great team. Those who have watched them play, say that Kam's line is a wonder this year. From the progress made by both teams it looks as if they were very good for so early in the season, and very evenly matched.

Big Crowd

The game is sure to draw big crowds. Kam has been steadily improving this season, and like Punahou, Kam had a bunch of old-timers to use on its squad—10 old men back and a big bunch of last year's second team stuff.

Punahou put up a better quality of play last Saturday than when they played College of Hawaii. In the game with the college the Punahou men were overconfident, slow, and had no fight or drive. But a week later the Buff and Blue showed that it could play football if sufficiently shamed into it.

Practice Held

Yesterday the Punahou varsity went

against the scrubs. The practice wasn't much. The men showed the ill effects of laying off since Saturday, for the heavy rains had made good practice impracticable. This hot weather, too, got next to the players in a hurry. It is to be hoped that there will be a tang in the air by Saturday.

"Sleepy" Baldwin and Herman Alexander have both sprained ankles. "Alex" had to drop out during the last half of the McKinley game.

Capt. "Dud" Pratt's hand is slowly healing up, and the other injuries are more or less passing. If the team gets by safely in its scrimmage with Honolulu Military academy this afternoon, it ought to be able to put up a good scrap against Kam on Saturday.

Yell Leaders Well

The cheering and singing sections are working every day to get ready a genuine competition against the Kam rosters. Valentine Kane, student, who comes to Punahou from Kam, is now added to the cheer leading staff, others of which are Gordon Scott, cheer leader; Paul Fassoth and Rob Mott-Smith, Malle Vickers and Elizabeth Hobdy, assistants.

The Other Game

While the interest of the fans is centered on the Kam-Pun game the McKinley vs. College of Hawaii grid should also prove a thriller. The majority of fans pick the rah rah boys to walk home with the bacon, but the McKinley supporters are not so sure about it.

YALE STILL UNDECIDED ON VITAL QUESTION OF INTERCOLLEGIATE PLAY

NEW HAVEN, Conn., Oct. 1.—Although it may be a couple of weeks before Yale decides whether to hold any intercollegiate athletic contests this fall, two large squads of athletes have already begun training. Since the fall term of the university began a large number of freshman football and rowing aspirants have been put to work. The gridiron men are under the general direction of Tad Jones, the head football coach, and of Dr. Arthur Bridges, his line coach, and the oarsmen under the direction of Professor Matthew Abbott, who has been assistant crew coach for two seasons.

The views and wishes of the new military instructor, Captain Winfield Overton, will be regarded as strict law by the athletic board of control of the university, and he stated upon his arrival that much rowing was not desirable because it occupied too much time. Football he regarded more favorably because the gridiron season lasted only a few weeks. He has proposed tentatively, that the military drill of the undergraduates be given on Mondays, Wednesdays and Fridays, and that the afternoons of Tuesday, Thursday and Saturday be allotted for athletics for the present. He also asserted that all athletic activity should be regarded as under the strict control of the military work and conditions, and that, if any athletic contests are arranged, they should be ready for instant cancellation in case the military situation called for such radical action.

THREE EVENTS SCHEDULED.

Three events are scheduled at Mollili field Sunday. At 1:30 o'clock the St. Louis and Braves will play, to be followed by a battle between the Wreckers and the 1st 32nd team. In the evening a wrestling tournament will be pulled off.

GOLFERS PLAY SUNDAY

Sixteen of the twenty golfers who played at the Oahu Country Club last Sunday and qualified will make the 36 holes this Sunday. Some low scores are expected.

WINTER LEAGUE OPENS ITS SEASON IN LIHUE ON SUNDAY AFTERNOON

(Special Star-Bulletin Correspondence)
LIHUE, Kauai, Oct. 17.—With five teams, the Lihue district mid-winter baseball league will start its schedule on Sunday, October 21. The teams are the Hawaiis, Germans, Japanese, Filipinos and Hanamaulus. The split schedule will operate, the first series starting Sunday and the second on November 25. The schedules follow:

First Series
Oct. 21—D. S. C. vs. Hanamaulus; J. A. C. vs. F. A. C.
Oct. 28—F. A. C. vs. D. S. C.; Hawaiis vs. J. A. C.
Nov. 4—Hanamaulus vs. Hawaiis; D. S. C. vs. F. A. C.
Nov. 11—F. A. C. vs. Hanamaulus; D. S. C. vs. Hawaiis.
Nov. 18—F. A. C. vs. Hawaiis; J. A. C. vs. Hanamaulus.

Second Series
Nov. 25—D. S. C. vs. Hanamaulus; J. A. C. vs. F. A. C.
Dec. 2—F. A. C. vs. D. S. C.; Hawaiis vs. J. A. C.
Dec. 9—Hanamaulus vs. Hawaiis; D. S. C. vs. J. A. C.
Dec. 16—F. A. C. vs. Hanamaulus; D. S. C. vs. Hawaiis.
Dec. 23—F. A. C. vs. Hawaiis; J. A. C. vs. Hanamaulus.

COLONEL ROOSEVELT IN THE RING ONCE AGAIN

CHICAGO, Oct. 1.—Colonel Theodore Roosevelt referred two boxing matches between jacks when he visited the Great Lakes naval training station recently. The colonel had gone to the gymnasium simply as a spectator while a number of two-round bouts were being staged, but as soon as he was recognized his services as referee were commandeered.

A cook and a gunner's mate were announced as the principals in the first bout, and when the two rounds were over the colonel promptly gave a decision in favor of the gunner.

Two more contestants were brought out, and after boxing two rattling rounds, Colonel Roosevelt declared the bout a draw.

"Like Buying a Liberty Bond!"

It's a patriotic investment—getting an individually-tailored suit of a fabric and fit that will carry you right through the period of this war—even if the war should last two or three years. Many Honolulu men already realize it; that's why their clothes are made by

ADDITIONAL TELEGRAPH NEWS

FEW ENTENTE SHIPS SUNK DURING LAST WEEK

(Associated Press by U. S. Naval Wireless.)
LONDON, Eng., Oct. 18.—Admiralty reports of submarine losses for the week ending October 12 show a further dwindling of German success, the totals being among the smallest yet recorded since the submarine campaign of ruthlessness opened in March.

Twelve vessels of 1600 tons and over were sunk, the report states, and six vessels of smaller tonnage, with one fishing boat.
Italian losses last week were above the average, four steamers of 1600 tons and over being successfully attacked by submarines.

GUARDSMEN KILLED IN STREET CAR SMASH

SPARTANBURG, Oct. 18.—Five soldiers, members of the New York National Guard stationed for training at Camp Wadsworth, were killed near here yesterday in a head-on collision between electric cars. A number of other guardsmen were injured in the crash.

U. S. ARMY MEDICO WOUNDED AT FRONT

WASHINGTON, D. C., Oct. 18.—Lieutenant Graham, Medical Corps of the American army, has been wounded in action and is in a British base hospital suffering from gunshot wounds, according to a report from General Pershing yesterday. Lieutenant Graham has been attached to the British medical forces and it is assumed here that he has been at the front with the British.

NORSE STEAMER SUNK IN THE MEDITERRANEAN

COPENHAGEN, Denmark, Oct. 18.—The Norwegian steamer Themis is reported to have been sunk in the Mediterranean by Teuton submarines. The crew is missing.

JAPAN TO BUILD 30 SUBMARINES NEXT YEAR

TOKIO, Japan, Oct. 18.—Announcement has been made that Japan will build thirty submarine boats next year. The navy's personnel will be increased to meet the new demand.

COAL MINERS STRIKE

SPRINGFIELD, Mo., Oct. 18.—Despite the warning issued on Tuesday by Fuel Controller Garfield, which informed the operators and miners of Missouri that there must be no cessation in coal mining activities, the men in one-third of the mines walked out yesterday, resulting in the shutting down of the properties.

DIAMONDS LOST WITH LUSITANIA RECOVERED BY IRISH FISHERMAN

BANGOR, Me.—When the Lusitania was torpedoed by a German submarine off the coast of Ireland, with the loss of 1100 lives, it carried with it, among other rich freight, a consignment of diamonds in transit from New York to London, upon which the Union Insurance Company of Bangor carried a risk of \$13,000. The company promptly paid the claim and entered the \$13,000 in its loss account. But, it now appears, long after the great disaster the insurance company received a London draft for the full amount of its risk, with the information that the diamonds had been recovered. An Irish fisherman, upon hauling his trawl, found that he had hooked the most valuable fish of his career—a small package which bore plainly enough the address of a firm of London jewelers and which, upon examination, was found to contain diamonds—the gems upon which the Bangor insurance company, among others, carried risks. The fisherman got his due amount of salvage and the diamond merchants were glad to return the insurance money.

The puzzle is: Having presumably been locked in the purser's safe, how did the diamond packet get loose so that it came up on the fisherman's trawl?

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, not only can you tell, because it does so naturally, so evenly. You can dampen a sponge or soft brush with it and draw this through your hair, making one small strand at a time, or morning all gray hairs have appeared, and after another application your hair becomes beautiful, dark, glossy, soft and luxuriant.

This preparation is a perfect toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.

NEUTRALS OFFICIALLY INFORMED OF BLOCKADE

(Associated Press by U. S. Naval Wireless.)
WASHINGTON, D. C., Oct. 18.—Announcement was made last night that the final steps towards tightening up the blockade against the Central Powers have been decided upon.

The neutral nations have been formally notified of the determination of the Allies and the United States and have now official information of the embargo which has been determined upon against them unless they in turn place an embargo upon all exports to Germany not sanctioned by the representatives of the Entente in the various neutral countries.

KAISER AND SULTAN EXCHANGE BAUBLES

(Associated Press by U. S. Naval Wireless.)
AMSTERDAM, Netherlands, Oct. 18.—Honors, the highest in the power of the sultan to bestow, and an order among the highest in the gift of the kaiser, were mutually given and received by the two rulers yesterday, despatches from Constantinople announce.

At their meeting today the sultan conferred upon Wilhelm the order of Medjidie, which ranks first of all the honors in Turkey.

On his part the kaiser conferred upon the sultan the order of Hohenzollern.

AUSTRIA CALLS OUT LANDSTURM FOR DUTY

(Associated Press by U. S. Naval Wireless.)
WASHINGTON, D. C., Oct. 18.—Despatches from Berne to the state department announce the calling out by Austria of the members of the landsturm for active duty as first line troops. The landsturm men are harvesters who have passed through the "common army" and the landwehr services and are under 43 years of age.

PERU AND CHILI AGREE TO BURY THE HATCHET

(Associated Press by U. S. Naval Wireless.)
LIMA, Peru, Oct. 18.—Arrangements for the reestablishment of a legation here by Chile and Peru at Santiago, the Chilean capital, were reported last night to have been practically completed and there is evidence that the long severed diplomatic relations between the two nations are about to be satisfactorily resumed.

HIGH PRICE OF SILVER OPENS OLD MINES

(Associated Press by U. S. Naval Wireless.)
SILVER CITY, N. M., Oct. 18.—The high price of silver has caused a number of the old silver workings in Southern New Mexico to be resumed as marginal producers. The Kingston, Lake Valley and Hillsboro mines have been reopened and have been operating at a profit because of the high silver price.

GERMANY TO TAKE STOCK OF ANIMALS IN COUNTRY

(Associated Press by U. S. Naval Wireless.)
AMSTERDAM, Netherlands, Oct. 18.—A census of all animals whose flesh can be used as food, is to be taken shortly throughout the German empire. Horses, goats, pigeons and rabbits are included in the list.

MEXICO TO STUDY I. C. C.

(Associated Press by U. S. Naval Wireless.)
MEXICO CITY, Mexico, Oct. 18.—The secretary of communications has commissioned Augustin Artekas, a civil engineer, to go to the United States and make a special study of the workings of the interstate commerce commission.

BOND SUBSCRIPTIONS REACH BILLION AND HALF

(Associated Press by U. S. Naval Wireless.)
WASHINGTON, D. C., Oct. 18.—Subscriptions to the second Liberty Loan were announced at the treasury department last night to have reached half of the minimum amount, to have passed a billion and a half dollars in the totals as received and tabulated.

IN THE CIRCUIT COURT, FIRST

Circuit, Territory of Hawaii—In Probate—At Chambers.

In the matter of the Estate of James Louzada McLean, deceased—P. No. 5173.

Notice of Petition for Allowance of Accounting, Determining Trust and Distributing the Estate.

The petition and accounts of Trent Trust Co., Limited, and Jennie K. McLean, administratrix and administratrix with the will annexed of the estate above mentioned, wherein petitioners ask to be allowed \$29,420.63 and charged with \$50,014.20, and ask that the same be examined and approved, and that a final order be made of distribution of the remaining property to the persons thereto entitled and discharging petitioner and sureties from all further responsibility herein having this day been filed.

It is ordered, that Friday, the 23rd day of November, A. D. 1917, at 2 o'clock p. m. before the Judge presiding at Chambers of said Court at his Court Room in the Judiciary Building, in Honolulu, City and County of Hawaii, be and the same shall be appointed the time and place for hearing said petition and accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and that they be allowed to be heard by the court.

Dated the 16th day of October, 1917.
By the Court: H. A. WILDER, Clerk.

W. J. ROBINSON, Esq.,
Attorney for Petitioner.

HILO KNIGHTS ON PILGRIMAGE INTO HONOKAA

(Special Star-Bulletin Correspondence.)

HILO, Oct. 15.—There is going to be one real good time at Honokaa on Saturday, October 20, when the Knights of Pythias visit the country village and partake of the delights of a banquet, the cost of which will be defrayed by the losers in a certain competition that has been going on for some months past. In addition to the regular banquet there will be a session of Hilo Lodge No. 7 held at Honokaa when a candidate will be very duly and sincerely advanced a stage on the road to Knighthood. That candidate is now in cold storage so that he may be hard and frozen enough for the occasion.

The Maile lodge, with headquarters at Honokaa, has prepared a wonderful program for the edification of the Hilo Knights and it is whispered that stunts will be pulled off that will astound even the most placid Knights.

The Hilo lodge members will leave for Honokaa on the afternoon of Saturday, October 20, and should arrive in the capital of the Hamakua about 6 o'clock at night. Then will come the special business, the banquet and the troubles of a certain gentleman who cannot be named at present. The victim is well-known and as he has just passed a very rigid medical examination that shows there is no chance of heart failure, he will get all that is coming to him.

The excursion to Honokaa promises to be one of the best events in the annals of the Knights of Pythias and everybody is looking forward to it. The return journey will be made by the aid of train, automobile—and ambulance.

BY AUTHORITY RESOLUTION NO. 97.

Be it resolved by the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, that the sum of Five Hundred Dollars and Twenty-Seven Cents (\$500.27), be, and the same is hereby appropriated out of all moneys in the Permanent Improvement Fund of the Treasury of said City and County for an account to be known as Extras, Sea View Frontage Improvement Number Three Contract.

Introduced by CHAS. N. ARNOLD, Supervisor.
Date of Introduction: Honolulu, Hawaii, October 16, 1917.

To be obliged to beg our daily happiness from others bespeaks a more lamentable poverty than that of him who begs daily bread.—Colton.

Honolulu Star-Bulletin

The four cornerstones of success are self-control, a reasonably good education, industry and ambition.—Theodore H. Price.

TWELVE

HONOLULU STAR-BULLETIN, THURSDAY, OCTOBER 18, 1917.

TOG TALKS by Janet Walker

SEPARATE SKIRTS.

Separate skirts will be more popular than ever this coming season, and merchants are showing splendid styles in bewildering assortments of materials and colors. Silk skirts seem to lead by a big majority, skirts of serge and gabardine holding second place. That only the silks will "shine" seems to be generally accepted.

Silk manufacturers seem to be developing into wizards so marvelous are some of their productions; we look at their offerings in simple wonderment. Chief among these beautiful patterns is a crepe with a heavy rippling weave, called Roshanara. It has literally taken the fashion world by storm, as has the famous dancer for whom the silk was named. This silk is offered in every conceivable shade and is adaptable for use both in making street gowns and evening dresses. A stunning separate skirt of this fabric was shown at a recent opening. It was made of taupe colored Roshanara. The new apron effect tunic hung loose over the skirt and came only to the hips. It was cut away about three inches below the top of the belt in a narrow ellipse about nine inches long, allowing the skirt to show through. The wide belt was cut in one with the tunic and buttoned in the back. The skirt proper was plain in front under the tunic, and pleated in the back. A bias cuff of the material was turned over the pleats above the belt, from the line of the tunic across the belt closing.

Pussy willow silk is being offered in beautiful printed effects, as well as in the new Pussy Willow satin, which is extremely lightweight. This satin, together with other lightweight satins, such as Satin Patria, Satin Militaire and Moon-Glo Satin—all fabrics of exquisite weave and texture, and soft, lustrous finish—is used in modeling dressy skirts. They follow straight lines mostly, although some of the tunics and skirts are finely machine plaited; others are broken by low draperies on the side, and a few showing the latest innovation, "the bustle silhouette," of almost three decades ago.

The smart street skirt of figured "pussy willow" (left) should attract much attention. It is the beautiful pattern of the silk, as well as the rich simplicity of the cut, that makes this skirt so appealing. The background of beige is brightened by deep violet stripes, with delightfully quaint alternating stripes that suggest the famous "Paisley shawls." The capacious pockets are quite a feature of this chic affair.

Another interesting silk for street wear is Kashmiri Kloth, a wonderfully soft satin with a cloth-like finish. This fabric is one of the newcomers, and as it is exhibited in eighty different shades one need not worry about having trouble in securing desired shades.

Among the fashionable cloths are Featherweight, Nanken, Glove Skin and Reindeer and Serge. This last named fabric should really be put in quotation marks, for though the American woman has often signified her weariness with the reappearance of this familiar cloth, upon finding the Paris indorsement she has become reconciled to its prolonged vogue. Probably for this reason we find the treacherous of serge just as popular now as when the season first opened. Serge is best expressed in tailored effects, although as a rule they are supposed to be in more plain and severe models, designers have found a way to make them more attractive to the average woman who has been more or less spoiled by the frocks-and-frills

DESCRIPTION OF CUT

Skirt of figure Pussy Willow taffeta. The straight, simple lines are enhanced by the chevron diagonal pockets. The skirt should prove to be one of the best sellers as utility for all occasions is unquestioned. This very dressy black velvet hat has a fan of aigrette type feathers—a band of huge grosgrain ribbon lends a striking touch of color to the white.

Ideas so prevalent during the last few seasons. Wool skirts are frequently trimmed with worsted embroideries, and among the lighter colors patterns are being stippled on the hem and pockets, also on the belt. Featherweight cloth seems particularly suitable for wear here in Hawaii, as it is all that its name implies. Fur has been used to good advantage as a trimming for this fabric, although bands of satin are equally popular. This material is so soft that it can be used for almost as many occasions as silk fabrics. In fact one of the very new "bustle skirts" (right) is made of this textile. In very clever combination of an apron front. The tunic and bustle are cut in one. The material is divided on the side, and draped under the apron, which is finished at the bottom with fur. The skirt has a plait on each side to allow freedom in walking, although it is really very narrow.

Miss Antiqua—I had to be a bit rude to him in order to make myself plain. Miss Kostique—That wasn't necessary.—Widow.

"TOG TALKS"

This article is number 14 of a series of papers on practical dressmaking and millinery subjects, with special hints on profitable buying for wear in Hawaii. This new department is being conducted by Janet Walker, who, with several years of experience in dressmaking and with a wide knowledge of materials, patterns and values, brings to the work an unusually thorough equipment. All materials described in these papers may be purchased at the Honolulu shops and the aim is to furnish hints in an attractive, readable form for the women and girls of the city whether they make their own clothes in whole or in part, or buy at the tailors, the milliners, the dressmakers or the shops.

HILO MAKING ITS PLANS TO GREET SOLONS

A meeting of the local committee for the entertainment of the congressional party which is due to arrive here on November 11, was held recently in the chambers of Judge Quinn, where definite plans were made, says the Hawaii Post. The committee decided to ask for an appropriation of \$8,000 to defray the expense which would be necessary in connection with the entertainment. Judge Clem K. Quinn was elected chairman of the reception committee, and G. H. Vickers, president of the Hilo Board of Trade, will act as secretary. Frank Woods, Samuel Kauhane and Evangeline da Silva are the other members of the committee.

The committee is making arrangements for the party to disembark Sunday morning at Napoosnap and they will travel from there through the Kona district investigating the commercial interests and viewing the scenic points of interest, being entertained at luncheon by the Kona residents. At 5 o'clock in the evening the party will arrive at the Volcano House for dinner, after which they will be escorted to the crater.

Monday the party will make a tour of the Puna district taking lunch at Kapoho, and will arrive in Hilo that afternoon. A reception will be held at the armory and it has been arranged to have a dance in connection with this, to which the public is cordially invited. Tuesday it is planned for the party to tour the Hamakua district, going to Paia by rail, and having luncheon in that vicinity. During this trip the senators and party will be shown through one of the large sugar mills in that district.

Tuesday night a special dinner will be given to the distinguished guests, at which only a few will be invited. This will be given at the Hilo hotel. Hilo and vicinity will be the points for inspection on Wednesday, and it is planned to point out all of the important places of interest, also visiting the federal building and other public offices, and give the Hilo people an opportunity to converse with them upon the topics of national interest.

The most of Thursday is arranged that the party may do as they wish and rest, but a farewell banquet will be tendered Thursday evening, at which the public will be invited. The party will leave for Maui by the Mauna Kea Friday morning, November 16.

SKAPPY NOTES ABOUT HAWAIIAN PUBLICITY

At the All-Pacific Conference held in San Francisco September 26 and 27, following the reading of a paper by Fred J. Halton entitled "Hawaii the Clearing House of the Pacific," Harry N. Burhans of Denver moved that Mr. Halton be congratulated on this paper, and the conference expressed regret that he was not able to be present, wishing him every success in his new field of labor in Hawaii. The conference sincerely pledged its earnest cooperation.

The Prizma, reporting on Mr. Gilmore's Hawaiian negatives, says that his films of Kilauea Volcano, which have been developed and projected, are really wonderful, and, in the opinion of experts, the most realistic, impressive and marvelous pictures of such a subject ever shown. These will be released shortly and scattered broadcast throughout the world.

The Monthly Bulletin, issued by the passenger traffic department of the Union Pacific system, contains a splendid article on the climate of Hawaii.

George W. Waux, general passenger agent of the Union Pacific system in Chicago, writes that they are doing all they can to secure travel to Hawaii.

Gerrit P. Fort, passenger traffic manager, Union Pacific system, has circularized all their agents regarding travel to Hawaii.

A. C. Odenbaugh, general agent of the Northern Pacific Railway in Chicago, writes that Hawaiian travel promises to be good this winter.

Raymond Whitcomb Company of Boston have made the matter of the reorganization of the Hawaii Promotion Committee a subject of a general letter to their various offices and agents, and will do all they can to promote travel to the islands.

REAPING THE HARVEST

BUREAU TO ENCOURAGE HAWAIIANS TO WORK, PROVIDE FOR THEMSELVES

Indiscriminate Charity for the Natives Opposed by the Daughters of Warriors

That deserving Hawaiians in need may be provided for and Hawaiian men out of work may find employment, a bureau has been established by the Sons and Daughters of Hawaiian Warriors, with headquarters at the home of Mrs. Walter Macfarlane, president of the society. While the object of this bureau is charity, only those known to be actually in need will be given money or its equivalent, and where a man is able to work will be found for him so that he may provide for himself and his family.

A charge of 25 cents will be made for membership. This is to go into the charity fund to provide clothing and shoes for Hawaiian children to keep them in school, and for food and care where needed.

District heads, women members of the society, will look after Hawaiians in all parts of the city, and whenever any case is reported to the president its right to charity will be investigated and immediately acted upon by the bureau.

"Hawaiians have been given too much indiscriminate charity," said Mrs. Walter Macfarlane this morning while she was busy sponsoring members of the Kawaiahae Alumni Society for the surgical work of the Red Cross in the throne room. "They have grown to think they can do nothing for themselves. We Daughters of Hawaiian Warriors want them to realize that they can and must provide for themselves. Some of them, it is true, not only provide for themselves, but demand charity at the same time, and big-hearted Americans and others who like to give wherever giving is asked help such people to keep up this practice. I know of one case here where a Hawaiian man was being paid a salary of \$101 a month and at the same time was having his rent paid, his children clothed and most of the plain food for his table provided by two well known charitable white women of this city. This man had wine on his table, unless he expected a visit from his benefactresses, and loved to go out joy-riding in the evening with some of his joy-loving friends. This is by no means an isolated case.

"We Daughters of Hawaiian Warriors expect through this bureau to put a stop to this sort of misplaced charity. We should like the people of Honolulu, of whatever race or creed, who feel disposed to give to any Hawaiians first to notify us so that our district head may see whether or not the Hawaiian is really in need. We do not want our people any further weakened in character by being made objects of charity when they don't need charity. We shall be glad always for any help

that may be given where there is a true call for it, but we believe that Hawaiians should take care of Hawaiians whenever it is possible. It is our right as well as our duty." The Daughters of Hawaii, with its various societies, go three mornings a week to do Red Cross work in the throne room.

The society through which this bureau has been established meets at the Macfarlane home in Pensacola street the twelfth of every month. Request is made that all cases of charity, or of men out of employment, be promptly telephoned to Mrs. Macfarlane for investigation by the district heads.

SEASIDE DANCE

Saturday night. Music by Henry Bishaw's wonderful orchestra. Refreshments will be served if desired. Dancing until midnight.—Adv.

IGNORANCE OF LAW IS EXCUSE GIVEN BY MAN WHO DISPENSED BOOZE

"Mister, just tell the judge that if he sends me to jail for this offense, of which I'm guilty, it will be just like sending an animal, who doesn't know the laws, to jail."

Thus spoke Milan, a Porto Rican, through Probation Officer Joseph Leal, in circuit court yesterday before he was sentenced on a charge of selling liquor without a license. He didn't go to jail, however, but was given a fine of \$125 and ordered to pay costs. He was formerly tried in police court and fined \$100, but appealed.

The defendant also explained that he could neither read nor write Spanish or English, and therefore did not know anything about the laws of the territory.

With Robert Stone of Mills College presiding, a committee of the Young People's Society of Oahu met Tuesday evening at dinner in the Sweet Shop and decided to have the annual Young People's rally November 2, at one of the local churches. About 200 young people from the different Christian Endeavor Societies and Epworth Leagues are expected to attend this rally, where prominent speakers will be heard. Later another rally is scheduled for missionary work.

PEEVED BECAUSE HUBBY GOES TO WORK, WOMAN JUMPS OUT OF WINDOW

(Special Star-Bulletin Correspondence.) HILO, Oct. 15.—Angered because her husband persisted in going to work against her will, Mrs. Miriam Hopke, a Hawaiian woman, jumped from the landing on the second story of her residence in Hilo yesterday afternoon, and is now lying in the local hospital hovering between life and death.

The landing from which the unfortunate woman jumped was 60 feet high, and had it not been for a cluster of vines, her fall would undoubtedly have been fatal. As it was, a guava stick pierced the woman's leg, and although this made a gaping wound of a severe nature, it, nevertheless, saved her life.—Tribune.
