THREE ATTEMPT DEATH

A MOTHER AND TWO CHILDREN
TAKE POISON.

Overcome by the Struggle for Bread
They Fly to Fate—Mother May Re-
cover—Children Dead.

Tired of battling for bread, a wid-
owed Chinese woman and her two
children decided to give up the un-
equal struggle for existence and last
night deliberately planned to end
their lives.

Opium, the curse of the Orient, was
the means employed to commit the
awful deed, and the result is that this
morning the boy, aged 10, and the girl
aged 12 years, are lying cold in death,
while the mother is still in a danger-
ous condition.

At 1:30 this morning Dr. Cooper
and Dr. Howard were called up by tel-
ephone and informed that a boy was
dying at the residence of Ah Swan
on Nuuanu street. They hurried to
the house, and found the boy already
dead, and the woman and girl uncon-
scious and apparently dying. The
police were immediately notified.

Deputy Marshal Chillingworth hur-
ried to the scene and took charge of
the case. The doctors in the mean-
time were working hard over the
mother and daughter, but it was al-
most a forlorn hope, as the deadly
drug must have had a considerable
time to work.

At 7 o'clock the girl was a corpse
beside the body of her brother, but
the condition of the mother had im-
proved. She had come to conscious-
ness, and told those about her that
she wanted to die and join her chil-
dren.

Deputy Marshal Chillingworth dis-
covered on a table in the room a cup
of dark looking stuff, which upon in-
vestigation proved to be opium. Noth-
ing else that would point to the cause
of the sad case was found.

A coroner's jury viewed the body of
the boy at 7:30 this morning and ad-
journed until 2 p. m. tomorrow. A
second coroner's jury was called in
the case of the girl, which also ad-
journed until tomorrow afternoon.

Ah Swan, at whose house the sui-
cides occurred, was an uncle of the
deceased children. Their father died
about ten years ago.

The case has caused great excite-
ment in the Chinese quarter, and
much sympathy is felt for the poor
woman, who will probably recover.

OAHU PLANTATION STRIKE.
Lunas Object to Dietary Regulations
and Quit Work.

There was a strike of lunas on the
new Oahu plantation yesterday after-
noon, as a result of which there are
four or five men in town today with
grievances and in search of new jobs.

Their names are Patten, Strout, Fish-
er, and last, but not least, Fred Rich-
erton, son of the late Justice of the
Supreme Court.

The kick of the men was the class
of food served by the salaried chefs
at Honouliuli. And they have what is
indeed a sad tale to tell. In their
own words the fare was not fit to eat.

It was served by Chinese, according
to Chinese ideas. Nearly everything
was burned to a crisp. When a com-
plaint was made the Chinese merely
shrugged their shoulders and said:
"Spouse you no like, you go back to
Honolulu; all right."

On Sunday night the men went over
to a private residence and engaged
board. When Manager Ahrens heard
of this he ordered them to return or,
as an alternative, leave the plantation.

The above is the side of the men.
From the plantation it is learned that
the striking lunas simply could not
be pleased, though special efforts had
been made to insure their comfort.

They complained of everything and
everybody until finally they simply
kicked themselves out.

This is the first trouble Manager
Ahrens has had with white men in his
employ. In fact he has the reputation
of getting along with his employees of
all classes.

M'VEIGH GETS HIS MAN

A CHINESE WHO OWNED A FALSE
BOTTOMED TRUNK.

Kau Ku's Strong Appetite for the
Drug Caused His Detection—Clever
Capture This Morning.

A Chinese opium smuggler was very
neatly caught this morning by Jack
McVeigh, superintendent of the quar-
antine station.

While examining a huge pile of mis-
cellaneous baggage he discovered a
trunk that looked to his practiced eye
a trifle suspicious, and upon a close
inspection found that it was made
with a false bottom, which contained
two pans of prepared opium, about
ten pounds in all.

Thus far it was all smooth sailing,
but who the owner of the trunk was
puzzled McVeigh.

There was no name on it, or other
marks of identification, and to in-
quire among the Chinese for the own-
er would only result in putting the
smuggler on his guard.

McVeigh telephoned about the case
to Port Surveyor George Stratemeyer,
who suggested that the trunk be put
back in its original position, a secret
watch put on it, and the wily Oriental
apprehended when he came for
some of the drug.

This plan worked to perfection, and
this morning Kau Ku, a smart look-
ing Chinese, was caught red handed.
He is a return permit man, and is
now cooling his heels in a dungeon
cell at the police station.

LIGHT PUNISHMENT.
This morning in the police court a
native woman, named Lipeka, who
stole a quantity of wearing apparel
from Mrs. Rose, was sentenced to one
month in jail at hard labor.

"IT'S AN ILL WIND."
Where the Irrepressible Small Boy
Got in His Work.

There was a "sweet" time in front
of the First Congregational church
last evening. That is to say the
horse of a dairy wagon becoming
frightened, ran away and dashed into
Miller's candy wagon. Very little was
left of the wagon, while the stock of
candy was scattered all over the
street. Even before Miller had regain-
ed his composure, a dozen small boys
were industriously eating candy as
fast as their jaws could work. They
seemed to spring up out of the very
earth, from nowhere. Miller made a
gallant attempt to save his stock, but
the boys were eating candy faster
than he could pick it up. The dairy
man will pay for the damage.

SUBSTITUTE OPIUM BILL.
The Senate committee having in
charge Senator Brown's opium bill, is
in conference with members of the
Cabinet and President Smith of the
Board of Health, at 2 o'clock this af-
ternoon, on the details of a substitute
measure, dealing with the sub-
ject, which it is proposed to submit
to the Senate tomorrow. It is un-
derstood that the new bill, in its general
aspect meets the approval of several
officials who were opposed to the original.

KAMEHAMEHA IN FICTION.
In "An Island God," Gordon Mum-
ford has taken the history and times
of the great Kamehameha as the set-
ting for an interesting piece of his-
torical fiction. The author has sought
to reproduce the conditions, social,
political and industrial, which existed
then, with what fidelity only a few,
who have given the subject study, are
able thoroughly to appreciate.

The volume is a handsome exhibit
of the book makers' art. It is from
the University Press and is for sale
exclusively by Wall, Nichols & Co.

An historical appendix is from the
pen of R. F. Woodward, one of the
teachers at the Kamehameha school,
the citations being taken from the
histories of Fornander and Alexander.
Mr. Woodward is in error when he re-
fers the poem upon Kapiolani to
Longfellow. The well known poem
upon the Island Queen was penned by
Tennyson and can be found in the lat-
est editions of his work.

WHOOPIING COUGH.
I had a little boy who was nearly
dead from an attack of whooping
cough. My neighbors recommended
Chamberlain's Cough Remedy. I did
not think that any medicine would
help him, but after giving him a few
doses of that remedy I noticed an im-
provement, and one bottle cured him
entirely. It is the best cough medi-
cine I ever had in the house.—J. L.

MUST ATTEND TO BUSINESS

LEAVES OF ABSENCE IN THE
HOUSE CUT OFF.

Representative Kaal Calls His Col-
leagues to Time With a Stringent
Resolution on the Subject.

Senate Bill No. 34, to authorize the
Government to acquire and preserve
ancient heiaus and Puhonua, or the
sites or remains thereof, and Senate
Bill No. 35, appropriations, passed a
final reading this morning.

House Bill No. 72, relating to the
erection of barb wire fences, came up
on third reading.

Senator Hooking objected to the
bill on the principle that a man had
the right to use any fences or other
improvements he saw fit on his own
land. If his cattle were injured by
the barb wire, it was his own lookout;
on the outside it would prevent tres-
pass.

Senators Wright and Waterhouse
favored the bill. Senator Baldwin de-
sired a little more light on it and he
moved to postpone for one week. So
ordered.

House amendments to Senate Bill
No. 19, Ala park, were taken up. All
the changes in names were concurred
in, but the bill went to the Revision
Committee on account of an ambigu-
ous clause in the last section.

Minister Cooper reported a list of
heiaus in the country as prepared by
Professor Alexander a few years ago.

The same Minister reported answers
to questions of Senator Holstein, with
vouchers of the various items of ex-
pense of the President's trip to Wash-
ington. Referred without reading to
the Judiciary Committee.

At 10:45 the Senate adjourned.

IN THE HOUSE.
Minister Cooper replied to the ques-
tions propounded by Representative
Gear yesterday in relation to the wa-
ter supply at Kalihi. He said that the
mains are too small to answer the
purpose and that the pressure during
irrigation hours is not sufficient to
force the water through the small
pipes now in use when the large sup-
ply is needed for irrigation. He fur-
ther reported that the Legislature has
been asked for an appropriation of
\$55,000 to increase the size of the wa-
ter mains, and that when this is done
the difficulty will be entirely over-
come.

Representative Robertson reported
for the Judiciary Committee recom-
mending that House Bill No. 35, re-
lating to claims against deceased per-
sons, pass. Report adopted.

Representative Loebenstein, for the
Committee on Public Lands and In-
ternal Improvements, reported that
they recommend the indefinite post-
ponement of House Bill No. 75, which
amends the existing laws with refer-
ence to promoting the construction
of railways. Report laid on the ta-
ble, to be considered with bill.

As resolution was introduced by
Representative Kaal to the effect that
Tuesdays and Fridays of each week,
beginning May 10th, be set apart for
the consideration of the Appropria-
tion Bill and that this bill be made
the special order of business for these
respective days.

In support of his resolution he made
a most vigorous speech in which he
took occasion to roundly scold the
practice of certain members of the
House to go home on private business.
He stated that two or three members
have been granted leaves of absence
five or six times, and that whenever
an important matter came on for the
consideration of the House, that some
member would move to postpone con-
sideration of it until the return of
one or the other of the members who
were then absent. In this way the
time of the Legislature was being
wasted, and that he believed that the
Legislature would not finish the busi-
ness for which it had convened with-
in the ninety days allotted to it.

The resolution was then adopted
unanimously.

House Bill No. 73, relating to de-
scend of property of deceased persons,
passed third reading.

House Bill No. 80, to prohibit the
sprinkling of clothes by ejecting wa-
ter or other fluid through the mouth,
also passed third reading, notwith-
standing a strong petition from the
owners of the Chinese laundries in
the city, who insisted that the pas-
sage of the bill would work a great
hardship to their business.

The Rapid Transit Bill, known as
House Bill No. 55, passed second read-
ing in its amended form. Consider-
able changes have been made in this
bill, relative to the method of con-
structing the proposed new line, and
regulations for the management of
the new company. Third reading May
10th.

Substitute for Senate Bill No. 28,
being an act to authorize licenses for
the retail of wines, beers and ales of
low alcoholic strength, passed first
reading, and was referred to the Fi-
nance Committee.

Do you know that Part III of the
American Navy, Cuba and Hawaiian
series, now being published through
The Star, is devoted entirely to the
loss of the Maine and the story of her
doings before that time?

THEY WERE OVER ZEALOUS

BRITISH RESIDENTS HOLD A
LIVELY MEETING.

England's Grand Old Queen Will Nev-
ertheless be Honored on Twenty-
fourth of May.

Had Victoria, the great, the good,
Queen of England, Ireland, Scotland
and Wales, and Empress of India, and
Queen and Empress of many other
places too numerous to mention, at-
tended the meeting of British citizens
at the Pacific club last night, called
for the purpose of arranging a cele-
bration of her 79th birthday, on the
24th day of May, she would certainly
have been pleased, and probably as-
tonished.

England's grand old lady would
have been pleased at the amount of
enthusiasm displayed by her loyal
subjects, and she might have been as-
tonished at the three-cornered contro-
versy which took place as to whether
the Sons of St. George, the Scottish
Thistle club or the members of the
British colony not connected with
either of these world famed organiza-
tions, would have the honor of con-
ducting the affair.

There was a large, distinguished
and inspiring representation of Brit-
ish gentlemen present when the meet-
ing was called to order. W. J. Ken-
ny, the British Commissioner, was in
the chair.

A number of patriotic and stirring
speeches were made, outlining the
policy that the birthday of England's
Queen must be celebrated on this
dainty little isle in the middle of the
blue Pacific as befitting the great oc-
casion.

When the meeting settled down to
business, the trouble, if what happen-
ed may be called by that harsh name,
commenced. Someone suggested that
a committee of arrangements be ap-
pointed to manage the celebration and
appoint sub-committees as might seem
advisable. Mr. Mackintosh, the
president of the Sons of St. George,
was almost immediately mentioned as
one of the committee.

Mr. Mackintosh arose and stated
that the Sons of St. George had already
spoken for the best dance hall in
Honolulu, and that as the organization
of which he was the head had already
decided on a program, that he must
decline to serve. In brief, at least,
this was the statement of Mr. Mack-
intosh. Another gentleman was also
named, who belonged to the Scottish
Thistle club. For similar reasons he
declined to officiate on the committee.

The Britishers present who were not
associated with either order were be-
coming anxious by this time, and
were in the position of the man who
fell from the roof of a sixteen story
building, and when reaching the
ground asked: "Where am I at?" Mr.
Mackintosh explained that for five
years the Sons of St. George and the
Scottish Thistle club had managed the
celebration, and that both orders had
already gone to work preparing for
the celebration.

Then someone wanted to know why
the British residents of Honolulu had
been called upon by a notice published
in the press to assemble in mass
meeting for the purpose of arranging
a fitting celebration for the 24th of
May, if both the Sons of St. George
and the Scottish Thistle club had the
matter already in hand.

It was plain to see that some one
had blundered, but it was not a case
of "there's not to make reply," as
everyone demanded at once that some
one make an explanation. After a
heated discussion it was discovered
that Messrs. Robert Catton and J. Lu-
cas had been delegated by the Sons
of St. George and the Scottish club to
feel the pulse of the British commu-
nity on the question of celebrating
England's great day. Before report-
ing back to their respective clubs they
advised Mr. Kenny, the British com-
missioner, to call a meeting of Brit-
ishers, which he did, and the interest-
ing results already related followed.

For a time it was a question wheth-
er the Sons of St. George, the Scottish
Thistle club or the British colony of
Honolulu as a whole would conduct
the celebration. Once or twice it look-
ed as if there would be three celebra-
tions instead of one, but the silver
lining at last appeared in the shape
of a motion to form one large com-
mittee of the three factions, and from
this committee to select sub-commit-
tees to do the active work.

There is no doubt but that the cele-
bration this year will be the grand-
est ever seen in Honolulu, and a fit-
ting tribute to the noble Queen of
Great Britain.

PATHETIC AND TRAGIC

PICTURE STORY OF THE LOSS OF
THE MAINE.

Third Book of the American Navy Se-
ries Out Tomorrow—Destruction of
the Battle Ship at Havana.

There is a surprise, pathetic, but
most interesting, in Part III of the
American Navy, Cuba and Hawaiian
Portfolio, which will be ready for dis-
tribution tomorrow. It contains a
picture of the ill-fated Maine and the
entire book is given over to the trag-
ic story. There was not an intima-
tion of what this number was to con-
tain until today.

The first picture is a reproduction
of a photograph of the proud ship as
she steamed into the death anchor-
age in Havana harbor. It has a frame
of flags at half mast and the story of
her destruction and the findings of the
court of inquiry are in the accompa-
nying text.

Then one picture after another tells
of the home life of the officers and
men of this great boat. You may see
how they gathered for hours of relax-
ation aboard. You may see the brave
sailors, many of whom are now coffin-
ed under the tons of iron plate and
machinery, how they were taught the
"wigwag system" of signaling, how
they had revolver practice, how well
they looked at sword drill, and still
again, how they guarded the torped-
o tubes. There are reproductions of
the messes of the officers, and the
men, and at last one of poor puss, the
mascot of the ship, who, at the won-
der of all, survived the explosion.

This book costs, as the others, but a
dime and a coupon, and may be

This company will not be responsible for money or valuables of passengers unless placed in the care of pursers.

Passengers are requested to purchase tickets before embarking. Those failing to do so will be subject to an additional charge of twenty-five per cent.

Packages containing personal effects whether shipped as baggage or freight, if the contents thereof exceed \$100 in value, must have the value thereof plainly stated and marked, and the company will not hold itself liable for any loss or damage in excess of this sum, except the goods be shipped under a special contract.

All employees of the company are forbidden to receive freight without delivering a shipping receipt therefor in the form prescribed by the company and which may be seen by shippers upon application to the pursers of the company's steamers. Shippers are notified that if freight is shipped without such receipt it will be solely at the risk of the shipper.

OF SAN FRANCISCO, CAL.

WHAT SAILOR MEN TALK OF

HAD "NO USE" FOR AN AMERICAN SEAMAN.

A Dull Morning On the Water Front. The Movements of Vessels In the Harbor.

The Mauna Loa sails at 10 a. m., tomorrow.
The Kaena will get away at 3 o'clock this afternoon for Waialua ports.

The Kinan will arrive here Saturday. This is a little out of her regular schedule.

The C. D. Bryant is taking on 6500 bags of sugar at the Wilder Steamship Company's wharf. Captain Colby hopes to get away Tuesday.

These are busy days on the war ship Bennington. Uncle Sam's boys are being constantly trained, and everything on board is in shape for active service.

The Jap resort, which sometimes made night hideous in the vicinity of the Fish Market wharf, is being torn down, to give more working room for the new wharf.

The Albert moved to the fish market wharf this morning and will finish unloading her cargo today. Captain Griffith says he will be ready for sugar tomorrow morning.

The S. N. Castle is taking on the last of her cargo of sugar from the Helene. She will receive 7500 bags today and tomorrow, and will sail on Saturday, after the mail steamer arrives from the Coast.

The Jane L. Stanford was moved from the stream to the Oceanic dock this morning to take on 1,000 bags of sugar from the government warehouse. When the Mikahala gets in she will receive the remainder of her cargo, and will be ready for sea by Saturday.

The American ship A. J. Fuller will get away by the end of the month. She is the only clipper now in port, and will probably load very quickly, when a start is once made. Captain Nichols has discharged all of the Fuller's cargo that he safely can, and is now awaiting sugar stiffening.

There is a dearth of American seamen in port at the present time, although most of the vessels are flying the American flag. There is not a single American seaman on the Defiance, and not more than one on the Jane L. Stanford. Captain Clark of the Oceanic Steamship Company was telling a story this morning which sounds anything but encouraging for the popularity of the American Jack Tar. One day last week an American sailor called upon the captain of a certain vessel in the harbor which was flying the American flag, and requested a job. The captain asked him where he was born, and upon receiving the information that he had first seen the light of day in the state of Maine, answered: "I have no use for anyone from that country."

DEPARTURES.

THE AMERICAN NAVY.

Do you want to see a picture of the Montgomery, which was selected to take the place of the ill-fated Maine? You will find it among the sixteen beautiful reproductions which are in part one of the American Navy portfolio, now ready for distribution. Send a dime and one coupon to The Star office.

Ceylon Tea

is advertised to be cleaner than Japan tea.

That's right, but not cleaner than Schilling's Best Japan, which is roasted same way as Ceylon.

By the way, Schilling's Best Ceylon tea is fresher than ordinary Ceylon tea, because it is roasted in San Francisco.

Ready today—Part III, Portfolios of the American Navy; sixteen pictures of the battle ship Maine, her officers and crew. Price, 10 cents and one coupon.

SCHOOL BOYS WILL SMOKE.

It has now become the fashion in Japan, says the Nichi Nichi, for persons of all ranks, even school boys, to take to smoking tobacco. According to investigations made by experts, supposing that all persons above the age of 20 smoke, no fewer than 15,617,898 kwamme, or 129,316,196 pounds of the weed is consumed in one year.

AND THIS IN JAPAN.

The sale of four pictures of the nude published by a photographer at Yamaguchi, has been prohibited by the home minister and the remaining copies and engravings seized.

HANDSOME PORTFOLIOS.

Have you any idea how artistic in every sense of the word are the books of the American Navy portfolio? The reproduction of the photographs are finer than the originals, the paper is the best and the type of the descriptive text is large and clear. Three of the series are now ready, and cost, through The Star, but a dime each and a coupon.

"Name of Bicycle"
The "SHIRK" received 17,489 ballots against 12,377, the next highest. When it is known that all the leading makes of wheels in the United States were on exhibition at this show the above speaks for itself. The Honolulu Bicycle Company have secured the agency for this elegant high grade wheel. It will interest you to call and see it.

CUBAN INDEPENDENCE.

A Poet's View of the Real Cause of
War.

Thomas Numan better known among
a wide circle of acquaintances as
"Tommy" Numan, is one of the bright
young versifiers of the San Francisco
press. He has the following very
thoughtful verse in the Examiner of
a late date, under the title "Cuban In-
dependence—1898:"

Oh, not for vengeance, not in wrath,
Let freemen go to war!
Seek but the common good of man;
Then sure the triumphs are.

The Stars and Stripes must ever wave
For all the rights we claim;
Else in this Western Hemisphere
Is Freedom but a name.

The Spaniard is a worthy foe.
The sons of Old Castile
Are qualified by heritage
The Yankee might to feel;

Yet not for vengeance, not in wrath,
The Spanish legions meet!
Uphold the free Americas;
Our fathers' work repeat.

We have no cowards that would live
To see their nation fall—
To see Old Glory ever mean
But liberty for all.

Fear not, oh men of this broad land,
Though nations join the foe!
'Tis better that the tyrants, all,
Should freedom's valor know.

Remember not the Maine, alone,
Remember we are right;
Remember famine blackened homes;
Remember how we fight.

No, not for vengeance, not in wrath,
Be noble, true men still!
Our flag went down at Cuba's gate,
And raise it there we will.

BUSH-HOPKINS WEDDING.

Miss Lola K. Bush was married last
evening to Charles A. K. Hopkins at
the residence of her mother on Emma
street. Only the relatives and im-
mediate friends were present. Rev.
H. H. Parker of Kawaiaha church of-
ficiated. The newly married couple
went to the home of William Hunt, at
Waihupe, where they will remain a
week or ten days.

CABLE BILL DEFERRED.

Work of the Senate Yesterday After-

noon.

At the afternoon session of the
Senate the President's land bill was
passed second reading with slight
amendments. The purpose of the bill
is to enlarge the present policy of
disposing of public lands for small
homesteads.

In accordance with the report of
the special committee made some time
ago the bills relating to beach lots at
Kapiolani park were laid on the table.

Further consideration of the cable
bill was deferred until Monday at the
request of Minister Cooper.

The House opium bill was referred
to the special committee having the
Senate opium bill in charge.

Do you know that Part III of the
American Navy, Cuba and Hawaiian
series, now being published through
The Star, is devoted entirely to the
loss of the Maine and the story of her
doings before that time?

Further consideration of the cable
bill was deferred until Monday at the
request of Minister Cooper.

THE RAILROAD BILL.

The report of the Senate Committee upon the bill entitled "An Act to provide the Oahu Railway and Land Company with land for wharves in Honolulu harbor," is a very carefully reasoned and conservative document, and reflects the greatest credit upon the gentlemen who drew it up. The controversy between the Railway Company and the Government is one of those where, like the knights of old, each party sees only its own side of the shield. To the Railroad people the shield is all gold, to the Government, who in this matter very thoroughly represents the whole people as against a class, the shield is entirely of silver.

The case between the Railway Company and the Government is pending before the Courts. It would seem to a layman a very improper thing for a legislative body to go to work and pass a law authorizing the Railway Company to do something which the Courts may refuse to allow the Railway Company under the existing law to do. It savors very much of having a couple of very strong strings to the bow. It seems to mix up matters in such a way that in the presence of the Legislature, were this act to pass now, no one would ever be able to know what his rights before a court were, and it would be difficult for a court to decide what its judgment should be, for what is black today may be pure immaculate white tomorrow.

The more one looks into the matter, and the more carefully one reads the report, it looks as if this bill was an attempt to gild refined gold and to paint the lily. The Railway Company has distinct laws which it relies on. Besides its own charter there is the general railroad act which it can fall back upon. The Senate committee is sound when it says that in its opinion "the construction of these laws should be left to the courts to decide." If the legislative body is to enact the law and then to interpret the law, there is no very great step for it to proceed to enforce the law, and then we may as well do away with judiciary and executive and carry matters on in a way peculiar to ourselves.

Mankind has labored very hard and brought some of his best thought to the problem of government. His best efforts have resulted in deciding that government, is best carried on in three branches, the legislative, the judiciary and the executive; that is the makers of the law, the interpreters of the law and those whose duty it is to carry out the law. By this means, it is decided, we get the best form of government and the people have the best chance of enjoying liberty. Under a despotism, however, it is otherwise. Theoretically, the three branches exist, but practically they do not. In Russia, for instance, the sovereign or autocrat can make the law, he can interpret it to please himself and he can execute it by killing the prisoner with his own hand should he be so disposed, and though against ordinary custom, no one could say him nay, nor would any one have the right to criticize him.

It might therefore be as well for here to keep the executive, judiciary and legislative functions clearly apart. We do not wish to fall either under the despotism of the one or the others. Each has an immense idea of its own importance, and each likes to grasp at further powers if it can get them. It is a good thing that we have cool headed men, who, in a matter of this kind, point out to the Legislature the safe path to follow, and it should be followed scrupulously.

VARIOUS VIEWS.

The Canadian press, as a rule, shows considerable jealousy of the United States, and is apt to carp at matters in the Great Republic, but it is very significant that as the crisis drew on towards war with Spain, the Canadians have begun to fall into line. The Toronto Globe says: "It should be said for the executive and the people of the United States that they have shown their best side, the real greatness and calmness of a democracy when put on trial. The nation has nothing to gain, nothing to look for, in a war, except the satisfaction of defeating oppression and giving a neighboring people the same measure

of freedom that its own people enjoy. In such an enterprise Canadians will not withhold their wishes for the immediate and triumphant success of the arm that sets the bondman free."

There is a pleasant ring to these words. As there is also in the London Daily Chronicle, which says "the United States is abundantly capable of meeting any situation that may arise. She will have our friendly sympathy upon the Cuban question, and at this moment it is difficult for us to offer more. It is quite certain that England would never allow the United States to be crushed by a combination of European powers."

From the Anglo-Saxon race these views can be taken as typical. The changes are run on similar texts, but the Continental papers are almost a unit in favor of Spain and against the United States. The German papers are very bitter upon what they call the arrogance of the United States. The Hamburg Nachrichten says: "The United States offends all Europe. It is the first time that a trans-Oceanic power thus boldly arises against a member of the European society of States. And to think that this power is the United States, which owes to Europe its very existence and its civilization."

The Pope is reported as saying: "Spain is clearly right, and she has made so many sacrifices that no terms can be suggested to her. It would be unjust to demand further concessions from her."

Von Schellendorf, Prussian ex-Minister of War, is reported as expressing himself as follows: "In German army circles the fighting ability of the United States is not valued very highly."

It is pretty clear how the European world is divided. The Latin races are a unit behind Spain. The races dominated by militarism wish to despise and belittle the United States because they would hate to see their theories knocked to pieces by a citizen soldiery. And yet it was a citizen soldiery that in the early years of this century saved German independence and helped to knock the military theory into a cocked hat.

The present struggle is more than the mere question of Spain retaining Cuba; it is but a development of the struggle between freedom loving peoples, and those whose minds are attuned to despotic measures, or as was stated in these columns the other day: It is liberty loving people against the old dominant families. As the embodiment of freedom the United States has a glorious opportunity.

HER MOTHER'S GIRL.

A bright, handsome girl on the borderland between childhood and womanhood, is at once a source of pride and anxiety to her mother. But she has grown fast and is still growing. Nature makes stern demands upon the slender body. The skin is dull, the eyes lustreless, the cheeks and neck are sunken, the appetite is capricious, and the movements languid. The trouble is impurity and sluggishness of the blood. It needs the life giving elements from which alone the body derives its vigor and health. The remedy is

WAMPOLE'S

PREPARATION,

of the nutritive properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with Syrup of Hypophosphites, Extracts of Malt and Wild Cherry Bark, has saved many such girls. It contains all the flesh-forming and strengthening qualities of the oil without its loathsome taste. The most sensitive and feeble can take it, as they take syrup, and digest it perfectly. Taken before meals it creates an appetite, stops the emaciating process, puts flesh on the thin and bony body, and ruddy cheeks soon tell the story of pure blood, good digestion and recovered health. Girls and women gain weight and vigor by the use of it. To give it a trial is to believe in it always thereafter. It is food and medicine combined. Genuine only gives results from the first dose. Sold by all chemists.

Timely Topics.

May 4, 1898.

With so much rain a month ago, it seems strange that the cry for more moisture should be heard so soon.

It generally follows that after a long period of wet weather, a dry spell follows. The ground will not stand the drouth near as well, after being soaked with rain for weeks, and the greatest attention should be given all growing crops, as well as your ferns and lawns.

By giving us a call we can overcome the difficulty of a short water supply with our different sized

Aermotors,

which will furnish any amount of water up to ten thousand gallons per hour, and at an astonishingly small expense. They are in general use all over the islands, and their success is a sufficient recommendation. We simply wish to remind you that we have them for sale and that you really need them to furnish an ample supply of water.

Thorough tests at various times and under all conditions have made the Aermotor the Standard.

DEAR SIR: The Secretary Disc Plow I purchased from you is giving us satisfaction. We are using it to plow under a crop of lupins. They are three feet high and very thick. Your plow turns them completely under, at the same time plowing the land fourteen inches deep.

I feel satisfied that with this plow the draft for the same quantity and depth of work is as six to eight. That is, with the old plow, to do the same work, it takes eight good mules; with your plow it takes only six, and they are less tired at night.

Please send me another plow by the first schooner leaving for this.

You are at liberty to use this in any way you may see fit.

Yours truly,

QUEEN'S HOSPITAL PLANS

TRUSTEES ASK FOR GOVERNMENT CO-OPERATION.

The Proposed Consumptive Ward is Only for Natives Now Entitled to Admission to the Institution.

The Executive now has before it the plans of the Queen's Hospital trustees for the asked for co-operation in the foundation and maintenance of a consumptive ward. A committee from the trustees consisting of F. A. Schaeffer, J. B. Atherton and John T. Eckardt, had a conference with the Cabinet yesterday afternoon. The trustees offer to erect the necessary building or buildings and assume the responsibilities of administration, but ask the government to allow \$5,000 a year for maintenance. The proposed ward is for natives only and is made absolutely necessary by the fact that under the charter the hospital is obliged to receive natives suffering from consumption, as well as other diseases, and has some such patients now. But it is not desirable nor in accord with modern medical or sanitary science that they should be in the same wards or even the same building with other patients.

The proposal made to the government is based on a plan for a building on the present hospital grounds, a separate institution located elsewhere involving entirely separate administration not being within the purview of the proposed plans. The present plans are strictly for the more efficient carrying out of the duties already laid upon the hospital and not for an addition to its scope.

If a hospital for consumptives irrespective of their birthplace, shall be determined upon, the question of location will then be open to discussion. But in the view of many of the trustees, as voiced by J. B. Atherton, such a project should be very carefully considered before it is undertaken. For if it is not, it might make these islands the dumping ground for the consumptives of the world. But as the obligation to care for natives who have consumption is already upon the hospital, the present movement is simply to do it in the best manner consistent with the conditions and resources of the institution.

THE DEAL IS CLOSED.

Wilson & Whitehouse Purchase Carriage Manufactory.

The papers whereby the business of the Hawaiian Carriage Manufacturing Company becomes the property of a hui headed by John Wilson and M. L. Whitehouse, were signed in the office of the Pacific Hardware Company yesterday afternoon. B. F. Dillingham represented and signed for the Company. The price paid for the concern was \$15,000. Possession was given at once.

Associated with Wilson & Whitehouse in the new enterprise are O. Sorenson, W. Savidge and others. Mr. Savidge will become book-keeper for the concern. In all probability C. B. Wilson will be made general manager. George Dillingham will leave the business in the course of a few days. He has not yet decided what he will go into.

TWO MEN INJURED.

Two Portuguese came within an inch of losing their lives opposite Phillips' shop on Hotel street, at 1:30 this afternoon, in a very peculiar manner. They were driving one of Lucas Brothers' wagons, loaded with lumber, and attempted to turn around when the wheel of the vehicle locked under the body and dumped the entire outfit in the road.

The men fell between the shafts, under the prostrate horse. A big crowd of men hurried to the rescue, and succeeded in getting them out before they were mashed to pieces. Aside from a few severe bruises they were unhurt. The wagon wheels and the shafts were badly broken.

MAINE MEMORIAL.

Americans sympathizers will have ample opportunity today to show their feelings. There are two benefits for the Maine Memorial Fund. The boys of the Bennington and those from Kamehameha school will play at the Makiki grounds. In the evening Willson's circus will give a performance for the same benefit under very distinguished patronage.

BIG DEFICIT STILL.

The Hawaiian Board needs about \$4,000 to make its receipts and expenditures balance for the current fiscal year. The treasurer, W. W. Hall, earnestly hopes that the friends of the work of the Board will respond promptly and liberally, so that the work for the coming year may go on unhampered.

Facts About Health

It is Easy to Keep Well If We Know How

Some of the Conditions Necessary to Perfect Health.

The importance of maintaining good health is easily understood, and it is really a simple matter if we take a correct view of the conditions required. In perfect health the stomach promptly digests food, and thus prepares nourishment. The blood is employed to carry this nourishment to the organs, nerves, muscles and tissues which need it. The first great essential for good health, therefore, is pure, rich blood. Now it is certainly a fact that no medicine has such

A Record of Cures

as Hood's Sarsaparilla. It is literally true that there are hundreds of people alive and well today who would have been in their graves had they not taken Hood's Sarsaparilla. It is depended upon as a family medicine and general regulator of the system by tens of thousands of people. This is because Hood's Sarsaparilla makes the blood pure. This is the secret of its great success. Keep your system in good health by keeping your blood pure with Hood's Sarsaparilla, which absolutely cures when other medicines fail.

"I had pimples on my face and a large boil on one hand. I began taking Hood's Sarsaparilla and after using three bottles I was cured." J. W. JOHNSON, 3 South Broderick St., San Francisco, Cal.

TWO SPANISH ARMADAS

WILL THERE BE AN HISTORICAL PARALLEL?

Fate of the Brave Fleet That Set Out Three Hundred Years Ago to Fight the Anglo-Saxon.

The armada; such has been not inappropriately called the fleet of torpedo boats that Spain is now sending to these shores. That other armada of Spain, preserved in song, history and fiction, was a different matter.

This armada of 1898 is constituted of 15 vessels. That armada of 1588 was constituted of 130 vessels. By the best authorities it is said to have had 65 galleons and great ships, 25,000 and 700 ton boats, 19 tenders, 13 frigates, 4 galleasses and 4 galleys. It had a tonnage of 75,868 tons. It was armed with 2,435 guns, 125,000 rounds of shot and more than 5,000 hundred weight of powder. Of sailors, there were 8,450 and of soldiers 20,000. The church was represented by 200 fathers and monks.

Right bravely did Spain's power set sail from Lisbon on May 29, 1588. It returned to Spain five months later with 54 ships battered and bruised, and a handful of men that were so emaciated as to be scarcely able to go ashore.

When Philip began to get his armada together England had 30 ships. By the time the armada sailed this number had been materially increased, chiefly by merchant ships converted into cruisers. This fleet was manned by 17,000 good and indifferent sailors, but the commanders were the bravest, boldest and most skilled mariners of the world. Lord Howard of Effingham was the head of the navy and under him were such noted sailors and fighters as Sir Francis Drake, Hawkins, Frobisher, and some others.

Howard waited until he was warned that the armada was in sight and would soon pass Plymouth. The ships were deployed in the shape of a crescent seven miles long and their number was now 150. They were in command of the Duke of Medina Sidonia. That night Howard sailed out of Plymouth Sound, and when day came the Spaniards saw the enemy in full fig. The duke ordered the ships to close in and begin a general engagement. This was attempted but it failed. Howard had mapped out a plan in advance. The English ships were maneuvered with such consummate skill that never could the Spanish guns tell on them. On the other hand the Britons fed the galleons with shot.

Heart sick at this failure, the armada turned and sailed up the channel, with Drake and Howard at their very heels. For six days, driven by English shot, the armada retreated. Not once did the action take on the dignity of a battle.

Have you any idea how artistic in every sense of the word are the books of the American Navy Portfolio? The reproduction of the photographs are finer than the originals, the paper is the best and the type of the descriptive text is large and clear. Three of the series are now ready, and cost, through The Star, but a dime each and a coupon.

IN THE COURTS.

In the suit of Hattie K. P. Vivachas against F. J. Testa to quiet her title to about a quarter of an acre of land at Palama, Judge Stanley today rendered a decision in favor of the plaintiff. The main question in issue was whether the deed under which the plaintiff claimed had actually been delivered to her by her father during his life time. Judge Stanley finds from the evidence that it was and confirms her title.

In the suit involving the John K. Sumner estate, W. R. Castle and P. L. Weaver withdrew their appearance for Mrs. Ninio Sumner, and A. S. Hartwell, it is understood, will be substituted.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. George S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack recently," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for a dozen bottles." Mr. Anderson wanted it both for his own use, and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by Benson, Smith & Co., wholesale agents. All druggists and dealers.

Men Who Wear Clothes

Might as well buy garments that fit and wear well as to buy garments that don't fit and don't wear long, either. It's just as easy and cheap to make Clothes that fit as to make Clothes that don't. It's only a question of "know how."

Did you ever

Count the cost of getting back and forth from your home to your place of business? What you spend in this way you would pay for a good bicycle sooner than you would imagine. The working man, the office man, the teacher, the school boy or girl, all find the bicycle the ideal means of locomotion. You will find it so, and will be surprised to find that you cannot get along without it after you have had it a month. We have wheels for everybody beginning with Chainless Columbias at \$135.00 and ending with second-hand wheels at \$30.00. The 1898 "Ideals" are full sized ladies and gents wheels that you should see to appreciate, and any one can have a wheel when they can get one made by the Rambler people for \$30.00, the price of the "Ideal." 1897 Ramblers at \$60.00, the 1898 at \$70.00, 1898 Stearns at \$70.00 and the 1898 chain Columbias at \$85.00, make up as fine a list as one would want to pick from. Drop in and see our wheels even if you are not ready to get one; we will make you welcome and interest you.

Merit Wins.

One of the most attractive displays at the Mechanics' Fair this year was the one made by HILBERT BROS., Pacific Coast Agents for the Saint Louis A. B. C. Bohemian Beer. This beer was awarded FIRST PRIZE, notwithstanding it having had to compete with some of the best known brands whose names are household words. Pale and Sparkling with an excellent Hop Aroma, and renowned for its purity it makes an Ideal Family Beer. The beer is brewed from the finest growths of Bohemian Hops and the Choicest Selections of Barley by the American Brewing Company, St. Louis, Mo., whose brewing plant is conceded to be the model brewing plant of the world. The Saint Louis A. B. C. Bohemian Beer is bottled exclusively at the Brewery from stock not less than eight months old. (The above clipping is from the San Francisco Chronicle of late date.)

THE PARTITION OF CHINALONDON DAILY NEWS PROPOSES
A CONFERENCE.Says the Celestial Empire is the "Sick
Man" of the Far East and Needs
Surgery.

When the partition of China first
commenced we ventured to suggest
that the powers should map out China
as they mapped out Africa, delimit-
ing their spheres of influence and
avoiding war by convening a conference.
The suggestion evoked an indignant homi-
ly from a paper that is pleased with
the British acquisition of Wei-hai-wei.
We now note that the idea is being
discussed in London. The Daily News
thus decants upon the subject: Why
should not the powers interested in
the affairs of China confer together in
the same manner that they have often
conferred together on the affairs of
Turkey and Africa? Like the Sultan
in the Near East, the Emperor of China
is the sick man in the Far East.
Like Africa, only more so, China is
a market for European commerce, a
field for European civilization. The
aim of sagacious statesmanship in the
present crisis should be to arrive at
a general understanding among the
nations concerned upon certain broad
principles of action. The peace of
the world requires conferences, and
concert in the Far East no less than
in the Near East. We publish two
communications from Russian sources
—one in the form of an interview with
a Russian expert on the Chinese ques-
tion, the other an extract from the
Novoe Vremya. It is significant that
both communications suggest the
same idea—the desirability of an in-
ternational understanding in the Far
East.

I have been a sufferer from chronic
diarrhoea ever since the war and
have used all kinds of medicines for it.
At last I found one remedy that has
been a success as a cure, and that is
Chamberlain's Colic, Cholera and Diar-
rhoea Remedy.—P. E. Grisham,

TYPE HIGH

is a common expression in the ordinary printing shop, but just at present

HIGH ART

is a more often used expression about our

PRINTING OFFICE, as with new type, presses, and increased facilities, we are turning out the best class of

Commercial and Society Printing.

The above department of our business is now under the personal management of Mr. Geo. S. Evans, just from New York City. Our motto is good work, low prices and prompt service.

We have the largest and best equipped Rubber Stamp Manufactory in the Islands.

TAROENA

will fulfill every requirement where a food is wanted for Infants or persons with weak stomachs. It is easily assimilated, highly concentrated and ready for immediate use. Taroena is a vegetable, not cereal, and feeds the whole body.

St. Joseph, Mich.

Though unsolicited I wish to speak a few words in praise of Taroena food. Our little 9 month's old daughter, has been living on condensed milk the last two months. She was troubled with sour stomach, and could not retain her milk. We are using Taroena which immediately relieved her difficulty and she has not been troubled since.
