PAUOA WATER BILL IS PASSED BY THE HOUSE

SAN DOMINGO REBELS STILL HOLD CAPITAL

Sixteen Votes Are Marshalled for the MRS. WILLIAM M'KINLEY Measure and Ten Stand Out Against Action Without Further Light Upon the Deal.

Kumalae Fails to Answer Questions Put to Him By Members of His Party and Home Rulers Vote Closure---Senate Kills Depository Bill---County Bill Will be Passed Immediately.

Without analysis of conditions, having failed to press investigation sufficiently to enable members of the committee to answer the questions fired at them by anxious fellow legislators, the men responsible for the Pauoa water bill forced it through the House with barely sufficient votes yesterday afternoon.

The exhibition of disregard of the interests of all the people was complete and the efforts of Harris, Andrade, Long and Vida to arouse some deeper sentiment, to compel the giving of some argument based on fact, were unavailing and the sixteen votes were marshalled for the

After the Pauoa water fight the lower body settled down to business and began the third reading of the Senate County bill as it has been amended by the Mouse Committee. This reading was still in progress when the House adjourned at five o'clock, at which time about one-sixth If the bill, in fact 79 of 412 type-written pages, had been read. At this rate, the reading of the bill will occupy the entire time of today's session, at least until four in the afternoon.

"The county bill will be passed before we eat our suppers tomorrow," said one of the members of the House yesterday, after the adjournment, "and sent at once to conference. It has been agreed among the members that the reading in Hawaiian will be disposed with, an members are familiar with the amendments and practically agreed upon the passage of the bill as it has been reported. At the rate the reading has gone on, we figure that it will be finished by four o'clock. Then there will be no delay in putting the bill through."

number of bills on second reading, and giving several unimportant ones ised reforms. The situation in the Balkans is extremely critical and third reading. The afternoon was taken up with a consideration of the larger forces have been sent forward to strengthen the Turkish lines. depository and liquor bills. The Brown bill which made the bank that The carrying out of the reforms and the pacification of Macedonia will bought the fire claims bonds the government depository, was killed, and test the strength of the Porte. the substitute offered by the ways and means committee passed second reading after a long debate.

Adjournment was taken before the completion of the general liquor bill on third reading. The bill was changed back to its original form in several particulars, Senator Crabbe bringing this about. An effort by Dickey to get the majority property owners clause in the bill failed though in a somewhat questionable manner. Senator Kalauokalani was charged by several senators with voting in favor of the amendment, though he denied this and the clerk reported him as voting "no."

United States Marines Landed to Protect the Consulate Which Shelters Government Ministers and Many Prominent People.

French Fighting With Tribesmen in Algiers. Roosevelt Received in Chicago---Emperor William Visits Copenhagen and His Mission May be to Effect an Alliance Between Two Royal Houses.

(ASSOCIATED PRESS CABLEGRAM

CAPE HAYTIEN, April 2.—The situation in Santo Domingo is exceedingly critical. There has been constant fighting there since March 23rd, when the rebels took possession of the city after hard fight-

United States marines have been landed to defend the consulate and refugees and are now on guard about the consulate. The rebels still hold this port though the government forces under President Vasquez, who was absent when the revolution broke out, are pressing them hard upon every opportunity.

In a battle which took place today between the forces 150 were killed and wounded, the rebels holding their own and the government forces being compelled to retire.

Foreign Minister Sanchez and other members of the government have taken refuge in the United States Consulate. Stores are closed and business is at a standstill.

Assistant Governor Echnique and the commander of the government forces, General Pena, have been killed.

General Wos Gil has assumed command of the revolutionary forces. General Peppin led the revolutionists in the attack on the fort, and a number were killed on both sides before the fort defending the city was

When the political prisoners were released from the fort they joined the revolutionists and marched with them into the city, where the fighting was continued by small detachments of government troops. Some of these, however, joined the rebels after fighting a short time.

General Peppin, head of the present revolution, was a friend of Heureaux, the President who was assassinated in 1899. He is an old enemy of Vasquez, the present head of the government, who was one of those accused of being implicated in the death of Heureaux.

Algerian Tribesmen In Revolt.

ALGIERS, April 2.—Revolting tribesmen and the French soldiers have met in battle along the border and the French lost nine killed and thirteen wounded.

Sixty years ago the French first made serious attempts to colonize and govern Algeria and they have been working hard ever since. The main portion of Algeria is now completely under the sway of France, constituting a rich domain for that country, but the Sahara tribesmen have made frequent raids along the borders of the French settlements causing a great deal of trouble but no serious fighting.

Recently France has had but little trouble in Algeria and the country has advanced wonderfully in a commercial way. At the Faris exposition the finest colonial exhibit was that from Algeria. Almost everything can be and is grown there and the country produces some of the finest of hard woods.

German Emperor at Copenhagen.

COPENHAGEN, Denmark, April 2.- Emperor William of Germany has arrived here for a visit, and to meet his aunt, Queen Alexandra of England.

The visit of the German Emperor to Copenhagen has considerable political significance in Europe, as it wipes out the last of a deep rooted enmity that has existed for years between the two countries, and may possibly lead to the engagement of the German Crown Prince to Princess Thyra of Denmark. The Emperor is anxious that the latter family connection be made. The coldness between Germany and Denmark dates back to 1864 when the Germans, at war with Denmark, stormed the Dueppler breastworks. The Danish Crown Prince Frederick a few months ago paid a visit to Emperor William.

Roosevelt Cheered at Chicago.

CHICAGO, Ill., April 2.-President Roosevelt and party were given a monster reception here today. The crowds which gathered to welcome the chief executive when his special train arrived were tremendous. The committee under Mayor Harrison had arranged a splendid series of events for his entertainment and the party enjoyed them thor-

King Edward at Lisbon.

LISBON, April 2.-King Edward VII of England arrived here today and was received with distinguished ceremonies.

ASSOCIATED PRESS MAIL SPECIAL.)

LONDON, March 27 .- The text of the Irish land purchase bill, which was introduced in the House of Commons by the Irish Secretary, Mr. Wyndham, on Wednesday last, was given out today. It occupies thirty-nine papers of a parliamentary paper and bristles with technicalities. The full wording reveals many important features which were not mentioned in Mr. Wyndham's speech when the bill was introduced.

All arrears of rent due at the time of the purchase of land are recoverable by the land commission and not the arrears for a year only as previously cabled. The land commissioners, however, are given power, in special cases, to remit part or all of the arrears.

The commissioners are not permitted to purchase estates which are not mainly agricultural or pastoral. Thus Killarney is exempt under this clause. In cases of untenanted estates purchased by the commissioners, they are empowered to execute the necessary works of improvement, which tremendously enlarges the scope of the commission's expenditure. The commission is empowered to declare sub-tenants to be the tenants of any holding by them, which will vastly benefit hundreds.

Fishing, shooting and mineral rights, which are among the most controversial, will be vested in the commissioners when an estate is purchased, and can be disposed of as the commissioners decide. The commissioners are also empowered to determine boundary and other disputes between the proprietors of holdings under the bill.

The commission has the first claim to purchase bankrupt estates and can re-sell them to tenants, or use portions of them for the repatriation of evicted tenants. The latter point is being regarded as being one of the most vital features of the bill.

AFTERNOON DISPATCHES FROM ASSOCIATED PRESS

SAN FRANCISCO, Cal., April 2.—The Oceanic steamship Ventura sailed for Honolulu at 10 o'clock this morning.

NEW YORK, N. Y., April 2.—The cut in refined sugar made yesterday was met this morning by the Arbuckles, who placed their price at

SAN FRANCISCO, Cal., April 2.-Former Queen Liliuokalani, with her attendants, sailed for Honolulu in the Ventura, which left at 10 c'clock this morning.

ROME, Italy, April 2.—It is announced here today that King Edward, after visting President Loubet of France, will extend his tour to Rome. It is probable that he will visit the Pope.

MONTEREY, Mexico, April 2.- A mob attacked the Governor's residence here today. The police were prompt in rendering assistance and finally succeeded in quelling the riot. Seven men were killed and many wounded.

CHICAGO, Ill., April 2.-President Roosevelt's train arrived here on time today. A splendid reception was given him at the station and throughout the events of the day arranged by the special committee under direction of Mayor Harrison.

EX-QUEEN STILL CHERISHES HOPE

The San Francisco Chronicle of March 26 has this:

Liliuokalani, former Queen of Hawall, arrived from the East on the belated overland limited last night and s a guest at the California Hotel. The former monarch is attended by a modshe sat in her hotel at Washington watching the deliberations of Congress throughout the session recently brought to a close. Nearly every year since the overturning of the monarchy Liliuokalani has journeyed over the seas and across the continent on the eve of the assembling of Congress to urge the Administration and the lawgivers at Washington to consider, her claims

against the Government. At the close of each session she has found that Congress preferred to regard the affairs of the republic as more pressing than the needs of royalty, and she has returned somewhat crestfallen to her island home, only to take up the fight with renewed hopes upon the assembling of another Congress. Her experience at Washington during the Congressional session just closed has geen very much the same as in previous years, and she is now on her way back to Hawaii, still hopeful, however. that Congress at its next session will enact some acceptable measure for her benefit and relief.

During the recent session a Senate committee recommended the appropriation of \$200,000 as a settlement of Liliuokalani's claims for damages on account of the loss of her throne, the valuable crown lands of Hawaii and all of the revenues thereof. The bill did not get through Congress, on account of the crush of other business, but Liliuokalani expressed the hope and belief last night that it would pass at the next session. She said the settlenent would be acceptable to her.

Liliuokalani has aged greatly, in years and appearance, since she first across the continent, in the enjoyment convenes in December.

THE MAKAWELI **CONTROLS NOW**

at the annual meeting of the Makawell Sugar Company yesterday President S. T. Alexander called particular attention to the Olokele ditch, waich would not cost over \$225,000, and it had been demonstrated that it would carry 70,000,000 gallons of water a day. In relation to the authorized bond issue of \$700,000, President Alexander said that bonds to the amount of \$150,000 had been sold, which would completely pay for the work done on the new ditch to

It was stated to be the unanimous opinion of the board of directors, which was re-elected, that it was to the best interests of the Makaweli Sugar Company that the payment of dividends should be deferred until there should be a considerable surplus on hand. It was reported that 3,555 additional shares of the capital stock of the Hawalian Sugar Company had been acquired by exchange for an equal number of shares of treasury stock of the Makawell Sugar Company, that the last named corporation now owned 48,435 shares of the Hawailan and that when the purchase was completed the Makaweli would hold 50,880 shares of the Hawaiian-or more than the controlling interest of that company. The financial statement showed that the disbursements of the year had amounted to \$1,461.63, and that \$6,575.63 cash remained on hand on December 31 last. The trial balance on that date was as fol-

It Is Not Every Man PAUDA WATER BIL

(Continued from page 1.)

of the renewal of the franchise of the to be considered with the bill.

AFTER THE BOARD OF HEALTH. The public lands committee reported in favor of granting the franchise

asked for by the Standard Telephone Company. Adopted. Vida introduced a resolution to pay Hackfeld & Co. \$100,000, money expend-

ed by that firm in making certain im-

provements on the waterfront of Honolulu. Adopted. After that the House took up the order of the day, which was the third day's Advertiser. reading of the leprosy commission bill, the peculiar point of which measure is Health. The bill was discussed, in a

AFTERNOON SESSION.

Board of Health, until the noon recess,

to be amended in many ways.

The House went on with the order of the day at the afternoon session, passing to third reading, peacefully enough, divers Senate bills. This continued until House Bill 157, which is the bill to provide for the purchase of Pauca springs, and carrying an appropriation of \$237,000 for the purpose, was reached. There is a provision in the bill that the springs shall be purchased subject to existing leases. Harris asked, after the passage of the measure had been moved, what these leases were. Kumalae said that they were eases for water, and in response to a further question, said they ran from ne to seven years.

Harris thought there should be speeific information as to this before the bill is passed. The Superintendent of Public Works is ordered, by the terms of the bill, to buy the springs. Suppose that the government, in this purchase, were buying endless litigation? Then, was it shown on the tax books that these springs are worth \$250,000? That much is expended.

KUMALAE SQUIRMS.

Kumalae tried to answer these questions, not with a great deal of success, and Harris arose again to ask how much of the flow of the springs was taken under existing leases. Kumalae squirmed, said he didn't know what proportion of the water was taken. Finally, being urged by Harris, he said the flow of the water was measured in hours,

"Well, then," said Harris, "if there are 148 hours of water, how many hours would the committee say is covered by existing leases?"

"All the committee knows," said Kumalae, "Is that the lessees have the

right to 140 hours of the flow." "Then," said Harris, "of 148 hours flow of water, the government is asked to pay \$250,000 for eight hours, flow.

That is what I wanted the proportion taken under these leases to which the purchase is made subject." Fernandez spoke briefly in support of the bill, and Andrade began putting some searching questions to the committee as to the title to the land and

water. Kupihea objected to Andrade's questions and the previous question was moved as a means of shutting him off, but it didn't work out that way.

Then Kumalae said the committee had been told the title was clear. "What," asked Andrade, "Is the basis

of your information?" ANDRADE ASKS QUESTIONS. "We have met all who are interested

in those lands," replied Kumalae, "and they have told us their titles were clear and their interests not mortgaged." "Is your information such," pursued Andrade, "that you would advise a man to invest a quarter of a million of

dollars in the land?" "Our information is such," answered Kumalae, "that we advise the government to buy this water. If the committee owned it, such is our information,

that we would not sell it for half a million dollars. These parties have offered to sell it for half that, which is half what it is worth, and the advice of the committee is to buy." Then the vote recurred on the passage

of the bill, the previous question having been moved, despite an effort on the part of Long to have it recommitted for further investigation. The Speaker told Long that his motion had been made too late.

VOTE ON THE BILL. The vote on the passage of the bill

resulted as follows:

Ayes - Aylett, Damien, Fernandez, Haia, Kaili, Kalama, Kaniho, Kealawaa, Keliinoi, Kumalae, Kupihea, Lewis, Nakaleka, Paele, Pulaa, Purdy -16.

Nays-Andrade, Chillingworth, Gandall, Greenwell, Harris, Jaeger, Knudsen, Long, Vida, Mr. Speaker-10, Absent and not voting-Kou, Pali, Wright-3.

Keliinoi called back to his committ for further consideration the Senate ed to permit of other amendments, bill for the importation of bugs to kill

printing committee, reported that the The same committee reported in favor county bill was at last ready to be presented to the House. And the third Hawaiian Electrical Company. Tabled, reading of that measure was a long afternoon's work.

In fact, it was more than that. The reading of the bill began at 3 p. m., and when the House at 5 o'clock adjourned until 9:30 this morning, but 79 of 412 type-written pages had been

IN THE SENATE.

Secretary Carter communicated the bills signed on Wednesday by the Governor, which were published in yester-

THE KALAKAUA PLATE.

The House resolution for the presenthat it takes the whole subject of lep- tation to Princes David and Kuhio of rosy out of the hands of the Board of the crown silver was referred to the committee on public expenditures.

Senator C. Brown made a statement spirit of more or less hostility to the regarding the silver, he having been a just before which it was recommitted member of the commission which passed upon the ownership of crown property. "After the death of the late King Kalakaua," said Senator Brown, "Dr. Trousseau was appointed executor under the will. When Liliuokalani became Queen a dispute arose over property claimed by Kapiolani situated in this house, Kapiolani being the sole devisee. Before the overthrow, Dr. Trousseau could get nothing from Liliuokalani and was driven out of the Palace grounds when he came to make a demand for it. He was met with ab- 1071 BISHOP ST. solute refusal.

Territory. It was never claimed by Kalakaua."

SEWER RATES.

Senator McCandless presented a written report on the Isenberg resolution relating to sewer rates to the effect that there was no law providing for these charges, and also recommending the free use of the sewers.

INCREASE LOAN BILLS.

Senator Achi, for the special committee to consider the item of \$134,700 for school houses on Oahu in the loan bill recommended an increase of the amount to \$155,400, which is \$1,500 more than the estimate of the Board of Education; to be considered with the bill.

Senator Baldwin, for the committee on Maui items in the loan bill, reported, ecommending that the item of \$10,000 for a road to the Nahiku homesteads be cut to \$2,500. The item of \$5,000 for a road from Nahiku to Kailua was recommended to be increased to \$50,000. The report stated that the road at present is impassable, and was through the most picturesque country in the world. The road would open up a beautiful rigion for tourists, and also give an outlet for farmers to get their produce to market; to be taken up with the loan bill.

Senate Bill No. 53, relating to divorce and separation, was reported back to the Senate as passed by the House.

UNFINISHED BUSINESS. Senate Bill 118, relating to partnerships: No. 121, for publication of the United States Court reports; No. 140, amending the law relating to quarantine of animals, and No. 142, giving the Superintendent of Public Works supervision of kerosene, all passed second reading; to be read a third time today. Senate Bill No. 147, relating to vaccination, was referred to the health com-

Senate Bill 149, relating to insurance, was referred to the ways and means

Senate bills relating to the Hilo fire department and repealing the law relating to importation of foreign goods passed second reading; to be read a third time today.

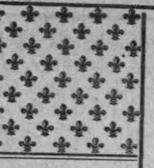

The bill for a Wailuku volunteer fire department was referred to the public lands committee.

The House hackmen's bill went to the committee on ways and means. Senate Bill 152, amenting the law for

the protection of birds, passed second reading; to be read a third time today. INSURANCE BILL KILLED. Senate Bill 65, relating to insurance

policies, was laid on the table on motion of Senator C. Brown, the introducer. He said that with section 1 stricken out, as recommended by the committee, the bill didn't amount to a "row of pins." Action on Senate Bill 138, giving the Assessor power to collect personal taxes by service upon any one owing money to the delinquent taxpayer, was deferr-

Senate Bill 130, relating to insurance

Senate Bill No. 144, substituting fifteen.

The same vote was recorded on No.

be read the third time on Monday. AFTERNOON SESSION.

the consideration of the Brown depository bill which had been adversely reported by the Ways and Means Committee with a substitute. Senator Brown contended in favor of his bill saying that unless his bill passed the Territory would have to pay a premium on the fire claims bonds. To pass the bill would save \$17,000 to the Territory; but it must become a law before April 20 when the bids for bonds are to be opened. He said further that the only objection to the bill was that the bank might become bankrupt, but he argued that the Territory would be secured by the bonds. At present, he argued, large amounts are tied up in the treasury vaults to the injury of the people. He proposed also that if need be the deposit could be limited to eighty or ninety per cent of the government funds and the remainder left in the Treasury. If the bill failed the bonds could be sold only by the payment of a premium, for the purchaser would lose two

to four per cent, interest. Senator Baldwin replied favoring the committee bill, saying that the Brown bill tied the government down to making deposits in one bank for fifteen years-the life of the bonds. Bids already had been received for the bonds from the East and it was not known what the saving would be; the bids might be at par or very close to it. The committee bill he said had been drawn on the lines of the national depository law and does not bind the goyernment; it may change its deposit if a bank is thought to be shaky. The government deposits often amounted to a million dollars, while the bonds were for but \$320,000. The committee bill provided for a division of the money among the banks.

President Crabbe inquired what would happen if two banks bid the same. Senator Brown replied that there would be no money in it for two

CLAIMANTS WANT BONDS.

Senator Achi sald the Brown bill was in violation of the Congressional fire claims act, and Senator Brown replied that amendments were ready to make it conform with the law. Another objection offered by Achi was that one bank in Honolulu would be given the government deposits, while he favored allowing county deposits in Hilo, Wailuku and Kona banks.

Under the rules made by Secretary Hitchcock the government would lose nothing, for if the bonds are not sold at par the claimants would have to take them. Senator Achi said he knew and the ayes and noes were then callone Chinese claim of \$40,000 which could ed. The vote resulted: Ayes-Achi, be satisfied with bonds. The bonds could Baldwin, Crabbe, Dickey, Kalauokabe discounted for three or four per lani, McCandless, Paris and Wilcox, 8. lantana, and then Fernandez, from the Senate Bill 119, making immaterial cent. while not long ago the claimants

per cent.

Senator Brown replied that he had amendments ready which made Achi's argument nothing but wind, if the Sen-Senate Bill No. 143, amending the nul- ate wished to consider his bill. He the depository to five years instead of

M'CANDLESS OPPOSED.

Senator McCandless opposed the Brown bill as unfair to the bidders in is a large amount of money. It should claimed by Liliuokalani or Kapiolani 145, substituting "Board of Health" for the States. These bidders might unbe shown to be a good buy before so and was conceded to the provisional "Minister of the Interior" in the health der the depository law come here and start a bank so as to receive the gov-Senate Bill 135, defining the sanitary ernment deposits. He favored the idea district of Honolulu and fixing plumb- of a depository however and did not ing rules, passed second reading on the believe in tying money up in the Treasadoption of the committee's report; to ury. If a bait was to be thrown out he favored that it be not done with a \$300,000 bond issue but that it should be with the \$2,500,000 loan bond issue. The morning session ended during The \$300,000 issue might jeopardize the loan bonds. He argued against the money being placed in one bank and favored distributing it among different

> The motion of Senator Brown that the committee bill be deferred and his bill taken up was then put and lostonly Brown, Kalauokalani and Kaohi

The committee bill, No. 71, then passed second reading-to be read the third

time on Monday.

THE LIQUOR BILL

Senate Bill No. 21, being the general liquor license bill, was then taken up on third reading. Senator Dickey proposed an amendment requiring the consent of the majority of property owners within 200 yards of a saloon. He said the provision was needed particularly in the residence districts as a protection to women and children. Senator Dickey presented a petition signed by prominent citizens who were characterized as "missionary" by some other Senators. Senator Crabbe favored the amenament if applied only outside the present \$1000 district and omftting the hotels. Senator Dickey changed the amendment to meet Crabbe's views but it was lost, seven to six

Senator Crabbe said that even with wide open town there would be no more saloons, as charged by the missionaries. Three \$1,000 saloons had been closed within the past week

Senator Achi offered an amendment making the consent of property owners within a radius of 150 feet necessary, Senator Crabbe objected unless the down town district was Senator Dickey sald there was no rea son why the down town property owners should not be protected. manded a call of ayes and noes on the amendment to which Crabbe objected and said only Dickey and Baldwin favored the amendment. Dickey replied that he wanted the Senate to go on record in this matter. Senator Baidwin said there was no need of quarreling over it; the request of property owners should have some weight; and the amendment was a reasonable one.

HOW DID KALAUOKALANI VOTE? Senator Brown said not more than ten per cent, of the signers owned property in Honolulu, though he admitted they were all merchants. Dickey replied that they at least owned an immense majority of the property in the

The amendment was changed to exempt the down town district and hotels

WORK FOR TOURISTS.

It is with satisfaction that the people of Honolulu will note that the joint committee of the Chamber of Commerce and the Merchants' Association has pushed along its organization so that it is now ready to take up in earnest the advertising of Hawaii as the place for the tourist and the settler alike. While there has been no heralding of the work that was being done, Chair man Smith has been active in getting his lines out and now is at the stage where he can report progress to the business bodies and ask for the means to carry on the work.

As to the success which must follow the earnest and careful development of a plan for the making known to the people of the United States the advantages of the Islands there can be no doubt. It has attended similar enterprises elsewhere, where the advantages re not so marked as here, and it will follow in our case if there is given to the task which confronts the people energy and thought, support and assistance, not by some of the people, but by all. It is no hard task to see how the success of the plans of the tourist committee will help every individual and will wealthy people be attracted here but the inevitable result will be the coming in of men anxious to make building up of the country. They will furnish the skilled labor, the families from which will be recruited all branches of mechanics and industry. They will furnish the steady yeomanry of the Territory, and the interests of all will be conserved by the filling up of the waste and unpeopled lands with the hardworking men of the mainland.

winter homes here and add to the wealth of the city and the Islands. This is shown by the fact that one visitor recently bought, through a broker, a neat little list of stocks and announced that he would be back to here are looking into the various es- above that elevation. tates with the aim of making investments. Every man so interested will be a friend when he returns to his ma'nland home, and when Hawaii has such friends scattered all over the country there will be no question of tion, for there will be men in Congres who will be looking out for us as well. Support is wanted, and it should comungrudgingly.

SUGAR TRUST INVESTMENT.

What the sugar trust is doing to keep down opposition is a question which seems to keep guessing every one supply, at an elevation nearly twice as great. who attempts to follow its movements. There are many figures shown in connection with the business of this aggregation of capital, but perhaps the most interesting statement is that in the last year its investments in the stocks of other corporations increased by 36,158,894. That this went into the stock of beet sugar companies is deemed certain by the San Francisco Chronicle and in commenting on the fact that

"The way to deal with the sugar trust is to keep it buying beet sugar beet sugar can be so produced, because it is sustained by a stiff protective trust is to get all possible reductions of the tariff on raw sugar while retaining full protection on refined. Its financiers evidently estimate that, with even the proposed reduction of 20 per cent on Cuban sugar, it will be unprofitable to build new beet sugar factories and that, since ownership of a bare majority of stock will enable the trust to close down the factories now in existence-as it has already closed the Crockett factories in this State-it will pay to buy this stock, close the factories, collect the price of the stock by an increased price of sugar, and continue to hold the public at its mercy. And its annual statement shows that it is proceeding on this line.

Details of the plan for bringing peace to Ireland show the breadth with which the government has planned the repatriation of the tenantry of the island. The scope of the measure shows a tendency to make the land commission paramount in the rehabilitation of the estates. Granting that the measure will pass, there will open for Ireland a new era of prosperity, and the Emerald Isle will become the home of a happy, presperous and contented people.

FACTS ABOUT THE PAUDA WATER GRAB.

The Advertiser is reliably informed:

1. That during a large portion of the year the average daily flow of water in the springs at Pauoa is not more than 500,000 gallons. This statement is made on the authority of Charles B. Wilson, who for a number of years was superintendent of the Honolulu Water Works, and made a special study of the possible sources of water supply, including cles also.

2. That the present flow is much larger than usual, by reason of the rainy year last past, which has largely increased the flow of all tha streams and springs in the Honolulu District.

3. That the major portion of the water sought to be sold by Mr. Booth does not rise at an elevation of 500 feet, but at an elevation of approximately 270 feet, at a point below the residences of a large number of people, so that it cannot with safety be used for drinking water without condemning and taking all the land lying above it, as all the cesspool | Beld." Miss ADA DOTY, Sidney, Iowa. drainage of the inhabitants of the upper half of the valley is on the watershed, directly above the spring in question.

4. That the payment of the \$250,000 asked does not include any land in Pauoa, but is for the water alone.

5. That all of the water in question is appurtenant to lands in Pauoa Valley and the watershed lying makai thereof, which lands are mostly under lease, with leases running for various terms of years.

6. That the \$250,000 dollars asked is for the fee of the water alone and does not include compensation to the lessees of the several lands entitled to the water. The rights of each and every one of these lessees will have to be condemned and paid for, before the Government can get one drop of the water for which it will have paid \$250,000.

7. That the Government will have to condemn and pay for every foot of land which it needs for reservoirs for storage of the water in

8. That the sale price of \$250,000 does not even include a right of way for pipes with which to get the water out of the Valley. The only road into the Valley is a crooked winding lane, utterly unfit for a pipe location. Such right of way will therefore also have to be condended! and paid for.

9. That the estimated cost of pumping the quantity of water, claimed to be available in Pauoa, said to have been made by Engineer Kluegel, was based upon erroneous data furnished to him as to the cost of pumping water at the Government Pumping Station on Beretania street.

That as a matter of fact the cost pumping the amount claimed to be available in Pauoa to that elevation would be only about \$12,000, based upon the cost of pumping water at the Beretania street 1'un:ping

That the cost of pumping water to an elevation of 500 feet should have nothing to do with determining the value of the Pauoa springs, for the reason that nine-tenths of the consumption of water in Honolulu is at under an elevation of 75 feet, and there is ample water look over his investments. Others now from Nuuanu and Makiki reservoirs to supply all of the territory lying

10. That instead of the Pauoa springs being capable of development to ten times the capacity at present claimed for it, there is no probability that the flow can be increased at all, as the sole possible watershed furnishing water to these springs is the small bowl at the head of hard fighting against inimical legisla- Pauoa Valley. The springs are at a much higher elevation than Nutianu Valley on one side and Manoa Valley on the other, each of which drains its own watershed, so that no water can be obtained from either of those watersheds by tunnelling in Pauoa.

II. That as a matter of fact the sum of money proposed to be paid for the Pauoa springs, if expended for a reservoir and tunneling in Nuuanu Valley, would produce ten times as much water as the entire Pauoa

12. That a reservoir and pipes to connect up the Pauoa spring with the city system would cost not less than \$100,000.

13. And lastly, that Mr. C. W. Booth has made the direct statement that the reason why he is applying to the Legislature to buy the springs is because he thinks he can get more money that way than if the water is taken by condemnation and appraisement by a Board of Commissioners under the general law for condemnation of water for the Honolulu Water Works.

Marvelous Escape from Death!

PAINE'S CELERY COMPOUND

Does a Wondrous Work for a Lady Who Was Almost Crazed with

Pain and Suffering.

It is well known that terrible rheumatism, sciatica, and neuralgia cause more helplessness, acute suffering, and agony, than any of the other diseases that afflict humanity. The great medicinal virtues of Paine's Celery Compound make it the only trustworthy specific for the cure of all forms of rheumatism and for the cure of all forms of rheumatism and neuralgia. Thousands of strong testimonial letters from the most prominent people of the land, prove that Paine's Celery Compound has banished these terribly fatal troubles when all other treatment has failed. Mrs. Margaret Bethel, of Brainerd, Minn., after thirty years of agonizing tortures had a desire to end her life, if it was the will of Heaven; she almost prayed for the time to lay it down. Heaven-directed, she made use of Paine's Celery Compound, and is enjoying true life once more. She says:—

"For thirty years I have been a great suf-ferer from neuralgfa in the head, and also with rheumatism in the whole body. I began taking Paine's Celery Compound and soon found I was much better. Before taking the Compound, my life was such a burden that I almost prayed to lay it down. I was bedfast every two weeks with horrible pain in the head, back, and neck, until I was almost crazed. I am able to do harder work and more of it today than for twenty-five years. I am really enjoying life again, thanks to Paine's Celery Compound. I am satisfied that my life has been prolonged many years

Rheumatism suffering

Thousands and thousands of people are suffering from rheumatism.

With some the pain is in the back—with others it is in the legs, and then again in the shoulders and arms, the joints are stiff and ache with constant pain.

Some doctors say it is in the blood; others don't know. In fact, you who suffer don't care what causes it-what you want is a cure, a positive, quick cure and speedy relief from your terrible pains, your ceaseless aches, your dreadful nights and torturing days. You want to get well, and Halpruner's will cure rheumatism, get it out of your systern-stop the pain-give you rest and peace.

Many people are well and happy to-day, cured of their rheumatism, and they praise and thank Halpruner's for it. They know Halpruner's cured them because they know how they suffered and they know they took Halpruner's and their suffering ceased. These happy people don't care whether rheumatism is the result of uric acid in the blood or inflammation in the muscles; they know they had rheumatism and now they are well because they took Halpruner's and took it as it ought to be taken.

If you suffer go or send to your nearest druggist and get a large bottle of Halpruner's Wonderful Medicine and take a teaspoonful in a glass of milk or water every hour-also rub the medicine on the painful parts-rub it in with vim and vigor, and if you have not the strength get some one else to do it for you. Do this now and soon you will be well.

The Bishop Estate Donation Is In Question.

Rapid Transit Line to Kaimuki Must Wait.

Courts Will Determine Whether the Trustees May Pay Over Cash or Give Lands.

Work is temporarily suspended on he extension of the Rapid Transit road from McCully street to the crest of the Kaimuki hill, and the reason therefor | O means more than the simple delaying of the labor of the putting down of the line of rails, and the speedy inauguration of electric transit to the districts along the Walalae road.

Upon the return of Henry Holmes, the counsel for the Trustees of the Bishop Estate, the question of the bonus agreed to be paid to the Rapid Transit Company in consideration of the extension was brought before him. After looking into the question he decided that it was without the jurisdiction of the Trustees of the estate to offer or pay any sum as a bonus to the company, either in cash or lands, to bring about such a result as the building of the railroad line.

While the majority of the trustees do not agree with him on the question, it was recognized that this was a matter of too great moment to permit any difference of opinion, and consequently it was decided that there should be submitted to the courts a stated case, to ascertain the judicial interpretation of the terms of the trust. This will be done at once so that if the decision of the court recognizes the prerogative of the trustees, there may be as little delay in getting down to work as possi-

Meanwhile the Rapid Transit Company is rushing along its line so that there will be within the coming week a connection between the present terminus and the Mollilli road, where the line of King street joins Beretania street. This is an extension of a half mile beyond the present terminus and it is the intention to operate the section as soon as it is ready. The new line will place the rails past the Mc-Kinley park and the proposed baseball park. It is the hope of those interested in the immediate extension of the line that there will offer some way in which to cover the donation if the courts hold that the \$10,000 at first proposed to be given cannot thus be paid

NO NEW TRIAL FOR B. H. WRIGHT

Judge De Bolt yesterday overruled a second motion for a new trial in the case of B. H. Wright, sentenced to three years imprisonment for embezzlement. The motion was based on affidavits that J. H. Black, one of the jurors, was related to Chas. Clark who was mixed up in the Public Works irregularities. Judge De Bolt after argument denied the motion and a second appeal was taken to the Supreme Court. J. W. Cathcart appeared for the Territory and J. J. Dunne for the

A discontinuance was filed yesterday in the case of Kapiolani Estate vs tice Perry will be dismissed. Judge Edings has heard the matter complained of, which it was alleged he had refused to consider.

An amended complaint has been filed in the case of Territory vs. L. B. Kerr, asking that he be enjoined from building on the sea shore at Walkiki.

Col. Fitch has asked for an amendment to the decree in the Becky Panee case to show that the court found no conspiracy existed.

ALSO PROTEST

brought forth some hot interchange of the inevitable. The "measure" then protesting against the proposed Hackmen's license bill as passed in the flung about to a shameful extent. The cause of this warm "debate" (?) arose a Douglas Patent closet—we wouldn't Japanese associations and from hackfrom the fact that an opinion expressed have all this trouble?" men protesting against the bill as unby one of the parties was promptly And the vanquished saw Bath, the just discrimination. America Maru Carries are becoming scarce, a Hindoo Circus Aggregation.

Dwarfs, Hindoos, elephants, lions, tigers, horses, parrots and paroquete formed an interesting part of the cargo of the steamship America Maru which arrived in port last evening at 37:10 o'clock from San Francisco en route to the Orient. This aggregation forms a portion of the Indian Circus which has been exhibiting all through the United India. There are sixty-three Hindoos and their agent on board, all of whom are expert entertainers in Indian tricks and jugglery. The elephants are not large but are just the size for ring performances, the lions, tigers, and a panther all being trained for the ring. The company had not thought of stopping over in Honolulu but the agent last evening ascertained that Honolulu a good show town for a circus, and cabled to the Jap line agents in San Francisco last night requesting the privilege of a lay-over until the next steamer. If a favorable reply is received this morning the troupe will disembark and give a series of perform-

Among the passengers aboard are: Adolph and H. C. Cheek, well known in Honolulu, who go to Siam to look up the estate of their father and to engage in business in the land of the sacred white elephant. Mrs. M. E. Doyle, mother of Japanese Interpreter Chester Doyle, and Walter Doyle, is a passenger for Shanghai where she goes to attend to some property. Miss Grace E. Sperry, is a well known California girl, and a sister of Princess

The America Maru encountered head winds and disagreeable weather nearly all the way across.

SAILOR'S HOME TO BE CONTINUED

The Sailors' Home will round fifty years of existence next year, the trustees of the institution voting at the adjourned annual meeting held yesterday morning to make the effort to keep the Home going for at least another twelve months. The report of Captain Bray, superintendent of the Home, set Art. Agent /forth that the fact that there were so few salling vessels now coming to this port, the number of inmates in the Home was very small. He stated that the utmost economy was necessary to meet the running expenses. There were no funds in his hands for repairs, improvements, or for expenses except those absolutely necessary to keep the Home going.

> The trustees discussed the matter at some length but all agreed that the Home was a necessary feature of the port and it was voted unanimously that the Home be continued for at least another year, in the hope that public subscriptions would be raised to meet expenses where necessary. -

The election of officers for the ensuing year resulted as follows: Col. W. E. Allen, president; E. D. Tenney, vice-president; F. A. Schaefer, secretary; E. F. Bishop, treasurer. Exec-

house.

In the year 1854 the Sailors' Home was established and has in past years met a necessary want in the community owing to the large number of sailing vessels visiting here. The employment of steam in freight carrying vessels has usurped the place of the windjammer to such an extent that sailors

Remarking Buoys.

The buoys and piles marking the harbor entrance are being changed to conform to the United States standard for markings. The mid-channel buoy will be painted black and red in vertical stripes. The buoys on the Walkiki side will be painted red, as at present, but will also be numbered in white figures. The smallest even number will be at the outside and will range inward, as 2-4-6-8. The piles along the reef and at the outer channel entrance are to be painted black and the buoys and piles marked with odd numbers.

SMALL POX CASE ON SATURN

The yellow flag flew at the foremasthead of the United States Naval Collier Saturn yesterday morning when that vessel entered the harbor and anchored in Naval Row. When Dr. Sinclair of the United States Marine Hospital Service boarded the vessel outside early in the morning he discovered a member of the crew suffering from small-

The man, who is a sailor, boarded the vessel at Hongkong just prior to her departure for San Francisco on March 5. Two days later his malady broke out and he has been sick ever since. The sufferer is in a bad state. He was immediately removed to the Quarantine Island and Dr. Cofer prepared to fumigate the vessel in the stream.

The remainder of the ship's complement of officers and crew has been free from ailment. The vessel arrived here with only-150 tons of coal. Her slow About 250 tons of coal will be taken on at the Naval dock.

By order of John F. Colburn, executor of the Will of Antone Rosa, labe deceased, acting under order of the Probate Court of the First Judicial Circuit, I shall, at 12 o'clock noon,

ON SATURDAY, THE 4th DAY OF APRIL, 1903,

At my auction room in Honolulu, Island of Oahu, offer for sale at Public Auction to the highest bidder, all of the right, title and interest of the said Antone Rosa, and his estate in and to that certain Real Estate situate at Kaalawai beyond Diamond Head, and being Lot 4 of the Kaalawai Lots, formerly owned by said Antone Rosa, deceased, and being a portion of L. C. A. 8559B, Apana 22, to W. C. Lunalile, This lot has a frontage of 100 feet with an average depth of 260 feet, has a commodious dwelling house and stable thereon and Government water is laid on. There is growing on this lot an old and valuable shade tree

known as the "Hau" which for shade and coolness is unsurpassed. This lot can be reached from either the Beach Road or that leading around Diamond Head, and is one of the rare opportunities offered for securing one of the finest seaside residences of our

limited beach. Terms of the sale is cash in U. S. Gold Coin, and deed at expense of purchaser. The sale is subject to the esnfirmation of the Court.

For further information and partieulars, inquire of the Executor who will submit a map and accompany intending purchasers to the lot to view same if desired.

JAS. F. MORGAN. Honolulu, March 18, 1903.

The above sale has been postponed until Saturday, April 18th, at same time and place. JOHN F. COLBURN.

CHANGE OF MANAGEMENT.

THE EUROPEAN RESTAURANT No. 1135 Fort street, opposite the Club Stables, has just been purchased by Chock Sing, the popular restaurant keeper, who will take charge on Saturday, April 4th. He will conduct a first class establishment. Twenty-one meal tickets will be sold for \$4.50. 6444

Committee Will Push Work Along.

Provide Funds for Labors.

Chairman Smith Wants Chamber of Commerce and Merchants Association to Move Next.

"The Joint Tourist Committee, after two months of waiting for information as to the intentions of the Shippers Wharf Committee in regard to assistance with funds, has reached a point where active work can be taken up immediately upon the Chamber of Commerce and the Merchants' Association providing the money for the work."

Chairman F. C. Smith of the joint committee, who has been indefatigable in his labors for the success of the efforts toward tourist advertising, thus outlined the status of the propaganda yesterday. Continuing, Mr. Smith said:

"The committee has organized, pre pared its plans for advertising gener- LUA RUNS AFOUL ally, has almost reached a determination as to its local quarters, and is generally in a position to press its work forward as soon as the funds are pro-

"As to the matter of revenues, the joint committee was led to believe that a portion of the tonnage tax would be placed at the disposal of this committee, according to what we believed the understanding of the Chamber of Commerce and the Merchants' Association. It has taken two months to discover Detective Kaapa was certain John Lua ligion and the Spaniards tried to civilthat the shippers' wharf committee was the offender. The doctor was lying ize them by seizing and baptizing some portion of its revenue to the purposes If they want the tourist propaganda inaugurated and pushed, in the words of John Henry, 'It's up to them.' "

The board of directors of the Merchants' Association held a long meeting yesterday to consider many matters in preparation for the quarterly meeting, which will be held next week.

PAUOA WATER BILL IS PASSED.

(Continued from Page 3.)

Noes-C. Brown, J. T. Brown, Isenberg, Kaiue, Nakapaahu, Kaohi, 6. The chairman, Isenberg, announced 7 to 7-

OF THE MULTITUDES .

who have used it, or are now using it, we have never heard of any one who has been disappointed in it. No claims are made for it except those which are amply justified by experience. In commending it to the afflicted we simply point to its record. It has done great things, and it is certain to continue the excellent work. There is-we may honestly affirm-no medicine which can be used with greater and more reasonable faith and confidence. It nourishes and keeps up the strength during those periods when the appetite fails and food cannot be digested. To avoid imitations and substitutions, this "trade mark" is put on every

bottle of "Wampole's Preparation," and without it none is genuine. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypo-phosphites and the Extracts of Malt and Wild Cherry. Taken before meals it creates an appetite, aids digestion, renews vital power, drives out disease germs, makes the blood rich, red and full of constructive elements and gives back to the pleasures and labours of the world many who had abandoned hope. Dr. S. H. McCoy, of Canada, says: "I testify with pleasure to its unlimited usefulness as a tissue builder.". Its curative powers can always be relied upon. It makes a new era in medicine and represents the best medical advice of the twentieth century. Effective the amendment was lost. Dickey investigated the clerk's record and found Kalauokalani recorded as voting "no" instead of "yes." Senator Dickey called the attention of the Senate to the discrepancy, and Kalauokalani said in a rather uncertain way that he had voted "no."

Senator Baldwin insisted that he had heard Kalauokalani vote "yes" and he didn't care what the clerk said. Dickey and McCandless said they had also heard the vote as "yes" but the Home Ruler now insisted that he had voted "no." Senator C. Brown confirmed him in this. The vote remained seven to seven and the amendment was lost.

Senator Crabbe moved an amendment permitting dealers to sell not less than a gallon instead of a bottle of wine, Business Bodies Must which carried. The old bill was restored in this particular.

The amendment previously passed prohibiting hotels from having bars was stricken out and the second passed as in the original bill, limiting licenses to hotels with twenty rooms.

NOT LIMITED TO CITIZENS. Senator Crabbe moved the insertion again of the old section limiting the issuance of licenses to American citizens. He said the section was meant to keep out Orientals. Senator Mc-Candless feared that the discrimination against foreigners might cause trouble with Uncle Sam who had certain treaty rights which must be obeyed.

Senator C. Brown also favored the old clause saying Japanese and Chinese had the same rights as any one else and the law might be invalidated as being class legislation.

Senator Crabbe replied that there was no violation of the "favored nation clause" in this section as it referred to all foreign nations. The amendment was lost and the old bill carried requiring five years' residence.

The Senate adjourned for the day at 4:20 o'clock.

OF THE POLICE

Detective Kaapa yesterday brought John Lua, a young Hawaiian, to the jail and held him for investigation pending inquiry as to the disappearance of Dr. Katsunuma's fine gold

From the description given by Dr. ma referred him to Dr. Mori and as the Hawaiian turned to go away he had disappeared.

watch and said he had sold it to a Japanese for \$5. The Japanese is a watchmaker, named Kakuda, and he was arrested on a charge of receiving stolen

SEN. THURSTON'S DAUGHTER WEDS

Jean Mellen Thurston, the seventeen year-old daughter of former Senator John M. Thurston, Commissioner of the St. Louis Exposition, eloped on March 16 with Ernest Hall Coolidge, a real estate solicitor of Washington, D. C. The Coolidges come of an old Boston family. Young Coolidge had received permission to escort her to a theater for a matinee performance. The young couple went to the Teacup Inn where they were met by mutual friends and then went to Rockville, Md., and were married by the Rev. S. H. White, The marriage was kept a secret for a week when Senator Thurston received the news through a reporter. Young Coolidge met his wife about three years

SENATE WATER COMMITTEE MEETS

The special Senate Committee appointed to consider the Pauoa water scheme held a meeting yesterday afternoon. The reports of Supt. Cooper and of Supt. Brown on the resolution of Senator McCandless in regard to the Honolulu water supply were received and Mr. Brown also had a hearing before the committee. Neither one of the officials are said to favor the scheme. Supt. Cooper reported recommending the Nuuanu Valley plan of increasing the water supply. The committee decided to make a tour of inspection of the Pauoa and Nuuanu Valley sites on Saturday.

SPLIT, BRITTLE, DULL HAIR. All Come from Dandruff, which is

Caused by a Germ. Split hair, harsh hair, lusterless hair, brittle hair, falling hair, all owe their origin to dandruff, which is caused by a measly little microbe that burrows into the scalp, throwing up the cuticle into dandruff scales and sapping the vitality of the hair at the root, causing the several diseased conditions of the hair till it finally falls out. Modern science has discovered a remedy to destroy the dandruff microbe, which is

Tribesmen Make Good Friends Then.

Will Follow In Course of Their Education.

Island is a Prosperous One and With Reasonable Government There May be Advance.

[Associated Press Mail Special.] WASHINGTON, March 27.-Captain John J. Pershing, Fifteenth Infantry, who has been in command in the Moro country, has written a letter under date of Camp Vickers, January 28th, to a personal friend in the War Department in which he gives in detail many interesting facts in connection with the disturbances in Mindanao. Captain Pershing says that after he was placed ings. in charge of Moro affairs by General Davis, because he apparently could get along with them, he worked on the theory that it is necessary to establish mutual confidence between the Moros and the United States, "if we are to govern them without a lot of trou-

He endeavored to demonstrate to them that the United States is their friend, having no desire to carry them off into slavery or to take anything belonging to them without paying for it. This, he writes, is all contrary to what they have been accustomed to in the past. The Spaniards and the Moros Katsunuma to the police as to a visitor | could not get along together well. The at his office on Wednesday afternoon, Moros were very jealous of their reon his sofa when a Hawaiian came in of them. There were atrocities comand said his wife was ill. Dr. Katsunu- mitted on both sides as a result of

Captain Pershing says that the Modozed off in sleep. When he awoke he ros do not realize any other kind of discovered that his \$150 gold watch a government than a one-man power. He says he has been able to keep all Lua confessed to having stolen the the promises he has made, which has enabled him to be more successful in command of that district. They regard him as representing the President of America and are somewhat uneasy as to what his successor will do. The question of slavery is intimately connected with their religion and is something of a vassalage or serfdom, and not slavery known in this country. He thinks it is a subject that should remain untouched until it is understood better. The Moros, he writes, should have a government which they can understand and it should be the policy of the United States to let it alone, but to make each Sultan and Dato responsible for the acts of his people.

"We cannot afford," he says, "to tear down their established form of government without giving them something better and I fear it will be a long time before this can be done."

The Maciu campaigns have had a convincing effect as to the impossibility of any natives escaping punishment when they commit depredations. Captain Pershing says the Moros have some admirable traits of character.

"Once a friend, they all go to the limit for you," they are industrious and have splendid rice fields and other agricultural crops. The country is capable of great things from an agricultural standpoint. The country is somewhat like Mohawk Valley and the whole distrist can be compared to that about Lake George.

Captain Pershing says that he believes the troops could march around the lake now and be received in a secret service Moros and they inform him of the conditions and feeling among their countrymen.

He says there are about 75,000 people that live in that region and they are in a fair way to become real friends. He says this is an achievement he would be proud of and is almost ready to promise it, adding "though we may encounter some old hard-headed savage to whom we shall have to administer a severe lesson in order to teach him, and others, what'we can do." Captain Pershing, in conclusion, says

it is the most interesting work he has yet had in the army and he hopes to remain and be permitted to work out the problem.

HILO RAILWAY **EXTENSION WORK**

[Special to Advertiser by Wireless Telegraph.]

HILO, Hawaii, April 2.—Iron is being laid on the track of the Hilo Railroad extension from Walakea into the city. The passenger and freight depots are now under construction. Trains will be running inside of ten days,

LITTLE BREEZE IN ART CIRCLES spector of the Board of Health.

The "Call" of March 23 says:

attracted much interest in society dur- ton on Bates street, ing the winter, both for her personal beauty and miniatures, created something of a sensation at the Hopkins art exhibition last week on opening day by an evidence of true American independence. Mrs. Bird astonished the natives by plucking two of her miniatures from the wall, putting them in her pocket and walking homeward, being aggrieved at the action of the judges in rejecting others which she

had submitted. "Upon seeing the choice of the jury Mrs. Bird, in supreme contempt, took them down with that alacity born of twentieth century athletics and feminine spunk that told too well of her opinion of the jury's judgment."

And until further notice the Important Reasons

Why Herring-Hall-Marvin Safe Co. Safes and Locks are the Best.

The concrete filling makes these safes absolutely fire proof and positively damp proof. The solid angle corners add greatly to their security in time of Fire and form the only solid corners made. The patent Bolt Work is superior to any in use and does not require the constant oiling, cleaning and rep that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been teste by some of most disastrous conflagrations in the United States, there is not a single instance on record wherein one of them ver failed to preserve its contents perfectly. They make safes for county tressurers, county recorders, county clerks, jewelers, hotels, residences, churches and corporations. We have a large a sortment of safes on hand and will be pleased to show same.

Only Blood Kin of 1550 F. 243, p 72. Dated Feb 24, 1903 S C Dwight & wf to Helen M Smit Lepers Need Apply.

sire to Make the Trip.

Thirty-Five Applications in Hand, of Speaker of the

House.

It has been decided that the legislative committee to visit the leper settlement on Molokai will leave Honolulu at ten o'clock on Saturday night, going by the steamer Kinau, and returning on Sunday night. Of course the hour of the return will depend, largely, upon the state of the weather. If the seas are rough and landing at the settlement is difficult, the return of the steamer may be delayed materially.

In the party will be the committees of the two houses of the Legislature, of course, and the representatives of the press who have been invited to accompany them. In addition, a number of the blood relatives of the unfortunates at the settlement have made application for permission to go on the steamer and see their kindred whom misfortune has cut off from the world for all time. Thirty-five applications for permission to visit the settlement had been made to Speaker Beckley of the House yesterday, and there were five applications in the hands of the President of

No applications will be considered by either house save those from blood relatives of the lepers, and none will be considered from any one at all later than noon today. It is necessary that the names of all those who are to be of the party should be known not later than noon, so that arrangements can be made for securing passes.
