#### ACTION ORDERED ON "ULTIMATUM" TO GERMAN SHIPS

LEAD ACTION ORDERED—  
Hackfeld's Rejects Proposal to Remove Officers and Crews; Harbor Board Orders Pomern Outside and Sets Tied Up, All in 12 Hours; Charge of Double-Dealing is Made Against Agency

#### HARBOR BOARD'S "ULTIMATUM" MEETS A FLAT REJECTION

Honolulu, T. H., March 16, 1917.  
Board of Harbor Commissioners of the Territory of Hawaii.  
Honolulu, T. H.  
Gentlemen: In reply to your communication of the 15th inst., enclosing a resolution of your board to the effect that we be notified at once that the steamship Pomern and the steamship Setos may remain at their respective berths at Piers 7 and 16, provided that the masters, officers, crews and other persons now aboard said ships be immediately withdrawn from said ships and said ships placed in care of watchmen provided by and under the control of your board, we beg to advise you that such action would be an abandonment of the ships by the owners and inconsistent with the rights and privileges granted to the vessels by the United States government, and for these reasons, we cannot consent to the proposal.

We would state that we are willing now, as we have been at all times since the ships have been in the harbor of Honolulu, to cooperate with your board, and with the other authorities, in any reasonable plan that may be suggested whereby the ships in question will be afforded safe anchorage during the time they have the status of refugee vessels.

Very truly yours,  
H. HACKFELD & CO., LTD.  
By F. W. KLEBAHN.

This reply was received after the board took action this morning to move the Pomern out of side.

#### Charter Fight To Capitol In Massed March

Committee of One Hundred Summoned By Ten Whistles For Visit to Senate; House Rules Delay Appearance There

Ten blasts of the Hawaiian Electric Company's deep-throated whistle, at two minutes after one today, let all Honolulu know that the Chamber of Commerce's committee of one hundred was "on the job."

This morning there were various rumors that the chamber had decided not to sound the whistle as the signal for its big committee to gather and begin its march to the legislature, but the rumors did not materialize. The whistle sounded and immediately the businessmen began to gather.

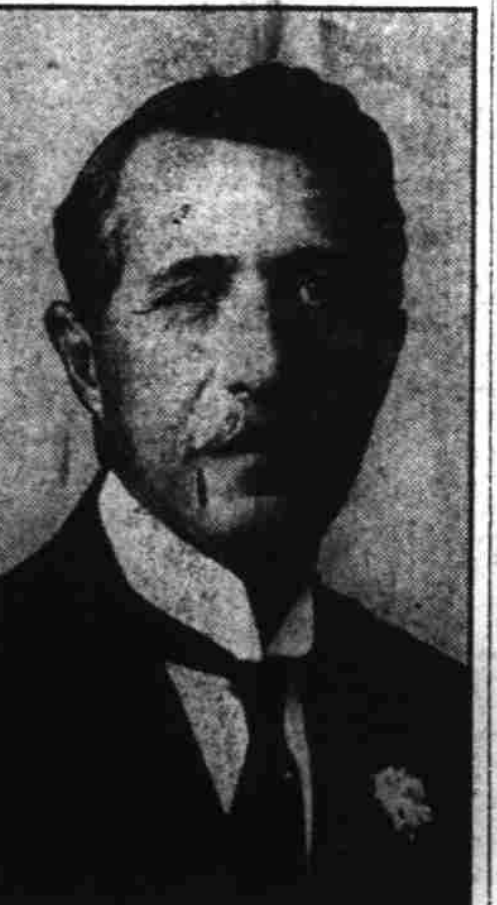

At 2 o'clock they were to go in a body to the senate, where opportunity was offered for them to place before the senators the "declaration of views" on the city charter.

This declaration of views, as printed in the Star-Bulletin yesterday, was accompanied by a letter to Senator Chillingworth, president of the senate, explaining why the committee appeared before it.

This letter declared the chamber's move to be dictated by an earnest desire

#### RAILROADS FACING STRIKE TOMORROW

Wilson May Hold Key to Solution But Outlook Now is More Ominous

(Associated Press by Federal Wireless)  
NEW YORK, N. Y., March 16.—One of the first steps by the railroads to deal with the menace of nation-wide disorganization caused by the threatened strike was taken yesterday when the national conference committee of managers notified the individual lines that an immediate embargo against the moving of perishable freight is advisable.

Both sides expressed willingness to hold further joint conferences, although the situation is devoid of suggestion of a compromise which might be reached to avert the tie-up.

Indications are that both sides are awaiting possible action by President Wilson and that each group is prepared to respond to overtures by the other.

"Progressive Strike" is Plan  
NEW YORK, March 16.—With the nation-wide railroad strike set to start at 6 o'clock, central time, tomorrow night, orders were issued last night by the leaders of the four brotherhoods calling out the men in a progressive series of walkouts that will tie up every main artery of travel and transportation in the country within five days.

Saturday night engineers, firemen, conductors and trainmen of the four brotherhoods will quit work on certain designated Eastern railroads. Sunday train employees on another group of lines are called to follow.

It is estimated that by Sunday night 40,000 railroad employees will be on strike.

Then, day by day, line after line will be crippled by the strike order, the passenger trainmen on all roads being called to join the freight trainmen in the strike Wednesday.

Some Men Loyal  
Railroad managers throughout the country expect that enough loyal employees will disregard the strike order to permit maintenance of a skeleton service. But none of the managers hold out hope of being able to operate enough trains to alleviate the threatened food shortage that is expected to develop at once in the centers of large population. The movement of freight, already congested, probably will be brought to a complete standstill including mails, munitions, foodstuffs and manufacture supplies.

"Should President Wilson appeal for a halt in the strike plan, his appeal will be considered, but there is no bluff about this strike," said W. S. Stone, chief of the brotherhood of locomotive engineers.

Employees on the New York Central, Nickel Plate, Baltimore & Ohio, and the Big Four railways are designated to leave their posts of duty Saturday night.

They are to be followed Sunday, according to orders, by employees on the Southern Railway, Norfolk & Western, Virginia, Chesapeake & Ohio and Great Northwestern lines. No outline of the progressive steps of the strike for the following days has been made public, but it is believed that the train employees on the other main railroads of the country will be called out at intervals of from 12 to 24 hours.

The climax of the strike is to be reached in the calling out of passenger train employees Wednesday if the railroads show no sign of surrender.

The strike has the full moral support of the American Federation of Labor, though it is stated that no plans have been made for a sympathetic walkout to include employees in other industries.

#### CZAR'S ABDICATION SURE BUT REGENCY NOT YET CARRIED OUT

Socialist is New Minister of Justice--Freedom of Speech Guaranteed For Long Persecuted People

(Associated Press Service by Federal Wireless)  
LONDON, Eng., March 16.—Grand Duke Nicolaievitch, former commander-in-chief of the army, is reported today to have reached Petrograd. He will probably take full command of the troops, says a Reuter's despatch.

PETROGRAD, Russia, March 16.—The Council of Nobility has held special meetings in 15 provinces of Russia since the outbreak of the revolution and has endorsed the revolutionary government. The old regime of conservatives has been definitely supplanted by the liberals.

The new minister of Justice, Kerenskys, is a Socialist. He accepted the portfolio with the stipulation that Russia be given absolute freedom of speech, plus full amnesty for all charged with political offenses.

The cabinet has been chosen exclusively from present and past members of the Duma. An executive committee of the Duma has been named in conjunction with deputies and representatives of the workmen and soldiers.

Dr. Paul Mihukoff, the new foreign minister, informed the Associated Press today that the new regime has absolutely the elimination of Czar Nicholas and upon the regency of Grand Duke Michael. The cabinet contains men enjoying the full confidence of the country.

#### Czar Expected at Petrograd Soon

LONDON, Eng., March 16.—The abdication of Czar Nicholas and the appointment of Grand Duke Michael as regent has not yet been formally carried out, though decided upon by the executive power of the new Russian government, according to announcement today by Bonar Law in the house of commons.

The czar is expected to arrive at the Palace soon and several regiments are hastening there, says a Reuter's despatch.

concluding a separate peace with the Central Powers.

It has been assumed here that the czar, influenced by his German wife and by the circle of pro-Teutonic advisers which surrounded him, has been giving only lukewarm support to the Allies.

Nicholas May Remain  
It is also assumed in official circles that Nicholas will continue to be the nominal head of the reorganized government, but with vastly lessened powers. The reports that he has abdicated in favor of his young son and that the Grand Duke Michael will be regent are discounted. The czar is personally popular in Russia and, when stripped of the German influence, is believed to be acceptable to the Russian people.

It is learned that the Grand Duke Michael is a bitter, personal antagonist of his brother, the Emperor.

The reports that have reached the state department indicate that the revolution was practically bloodless, that perfect order has been assumed and maintained and that the government is in the hands of the liberals.

Not for Separate Peace  
LONDON, Eng., March 16.—In announcing the news of the abdication of the czar before the house of commons yesterday, Bonar Law, chancellor of the exchequer and member of the war council, said that it is comforting to the British government "to know that the movement is not directed towards the securing of a separate peace by Russia."

Early despatches from Petrograd yesterday, announcing the success of the revolution, announced likewise the formal abdication of the czar in favor of his only son, the Grand Duke Alexis, 13 years old, under the regency of the Grand Duke Michael Alexandrovitch, Czar Nicholas' only brother, now 39 years old.

Until the birth of the czarvitch, Grand Duke Michael was the heir to the Russian throne. When the czarvitch was born, the grand duke was designated as regent in the event of the death of Nicholas before the heir apparent came of age, but he was deprived of his office and of many of his other honors four years ago, when he displaced the czar by marrying Madame Shermemetevskaya, a divorced woman. He was deprived of his command of the Imperial Guards and his estate was taken from his own supervision and placed under that of a government official.

Accepted as Anti-German Victory  
WASHINGTON, March 16.—The news of the overthrow of the Russian autocratic government is accepted in official and diplomatic circles here as a complete victory for the anti-German sentiment throughout the Russian Empire and as virtually removing every chance there might have been of Russia being drawn away from the Entente Allies and being persuaded into

#### Mine Sinks Destroyer

(Associated Press by Federal Wireless)  
LONDON, Eng., March 16.—Official announcement: It was made today that a destroyer of the old type struck a mine in the English Channel and was sunk. One man was killed and 23 are missing, presumed to be drowned.

#### Bonar Law Raps Irish

(Associated Press by Federal Wireless)  
LONDON, Eng., March 16.—Discussing the "Irish question" in the house of commons, Chancellor of the Exchequer Law declared that the attitude of the Irish Nationalists might compel an appeal to the country on the ground that they are unwilling to permit the government to pursue the war.

#### SCHOOL FUNDS BY DISTRICTS IS COMMITTEE PLAN

Plans whereby the territorial school budget may be made more elastic, thereby overriding any friction that might arise in expending money for school purposes, were adopted at a meeting on Thursday of the finance committee of the house of representatives, of which Clarence H. Cooke is chairman.

It was decided to amend the method of the school budget by appropriating the funds by districts, instead of to individual schools, whereby the money would be available for use by any school in a district.

In other words, instead of appropriating separate amounts to a number of schools in a certain district, as has been the custom in the past, the finance committee intends to lump the sum and place it at the disposal of the district for use where it sees fit. By this plan the committee believes there would be an elimination of the small balances that now arise through individual appropriations.

The finance committee of the house has settled down to wading through the school budget. Chairman Cooke announced today that the work is proceeding smoothly and that no radical alterations or deletions have been made.

BOISSE, Idaho.—Following the introduction of the anti-alien land bill in the Idaho senate, a bill was introduced to prohibit the marriage of "white persons and Mongolians." Application of a Japanese for a license to marry a white woman at Twin Falls caused the introduction of the bill. The county clerk refused to issue the license, holding that the Japanese was a mulatto.

#### JOINT PROBE OF PIER AFFAIRS IS LATEST PROGRAM

To save expense and duplication, a joint investigation of Piers 8, 9 and 10 by the committees of both the house and the senate of the legislature is the substance of a plan which has been decided upon by the house.

Representative Norman K. Lyman, chairman of the public lands committee, introduced in the house today a concurrent resolution requesting the senate to appoint a committee to work jointly with the public lands committee of the house in the completion of the investigation.

The house committee already has done preliminary work on the investigation. The meat of the situation is to determine the causes of the trouble which arose out of the construction of the piers in question.

"We want to make this investigation a single job," says Lyman. "The house committee anticipated that the senate might appoint a committee to conduct a similar investigation, and for that reason the concurrent resolution was introduced today to avoid having two separate bodies conducting separate investigations toward a common end."

Lyman adds that a joint investigation will save considerable expense, time and duplication. It is understood that at least two local engineers have been retained by the committee to assist it in its work, and it is further reported that certain U. S. engineers have been consulted.

The house committee probably will await the senate's action on the concurrent resolution before proceeding further with the investigation.

#### TIDE OF BATTLE SWAYING ON BLOODY SOMME FRONT

(Associated Press by Federal Wireless)  
LONDON, Eng., March 16.—With the Germans falling back before the attacks of the British on the whole of the Buquoy line on the Somme front the official war office communique last night announced that the British had battered their way deep into the German lines along a front of two and one-half miles south of Bois St. Pierre Vaast, and north of the village of Saillies.

#### SANTA FE WILL BUY \$10,000,000 IN RAILS

CHICAGO, Ill.—Orders for equipment with steel rails valued at more than \$10,000,000 are to be given out immediately by the Atchafalpa, Topeka & Santa Fe railroad, it was announced here recently. Early delivery will be specified for the following: Twenty-five passenger, mail, baggage and express coaches, fifty locomotives, 1,000 stock cars, 500 tank cars and 100,000 tons of rails.

Tests of various kinds of concretes and cement-mortars now under way in Germany will extend over a period of 30 years.

The fruit cultivation of this country is largely engaged in by women. California has a number of successful growers.

Hastings MacAdam of Missouri, new Honolulu postmaster.

(Special Star-Bulletin Cable)  
WASHINGTON, D. C., March 16.—The senate this afternoon confirmed the nomination of Col. Curtis P. Laukea of Honolulu to be secretary of the territory, of Hastings MacAdam of Missouri to be Honolulu postmaster, of Joseph B. Poindexter of Montana to be federal judge, and of William Miner of Honolulu to be postmaster at Wai-pahu.

The nomination of William H. Heen has not been acted upon and will not be for several weeks. The nomination of Mr. Heen for circuit judge has not been reported to the judiciary committee and was not before the senate for action. The senate today adjourned its special session sine die, but the nomination remains alive and continues before the judiciary committee when congress reconvenes in the extra session on April 15.

C. S. ALBERT.

#### BILL WOULD PROTECT EQUITIES IN REALTY

Senator M. C. Pacheco proposes to introduce next week a bill "to establish equity for the protection of purchasers of real estate."

Pacheco's plan is to provide that purchasers of property who have made a certain portion of their payments to real estate companies shall have some sort of possession to the land.

At the present time, he says, a purchaser may have got land on the installment plan and made nearly all of his payments thereon and yet be ousted from it if, toward the close, he may be unable to make payments. Pacheco feels that some law to protect the home buyer to a certain extent at least should be made and the bill which he plans to introduce next week will look toward this.

#### RECOUNT FAVORS BONDS PASSING

The work of recounting the water and sewer bond election ballots was begun this morning in the supreme court by County Clerk David Kalanika and Deputy City Attorney A. M. Cristy and at noon today only four precincts had been counted. They are the first, second, third and fourth of the fourth district.

According to Cristy, the recount so far is showing a slight gain in favor of the issue and also revealing several strange mixups made by the inspectors. For instance, in one precinct they placed the ballots, marked "yes" instead of with a cross, in the "yes" column; in another they placed them in the "no" column and in still another they divided them fifty-fifty. In one precinct also the inspectors did not copy correctly from the tally sheet to the return sheet.

While the gain for the bonds is only two or three votes so far, if it continues throughout the other precincts it may mean that the bond issue will carry after all.

Exports of general merchandise at the port of New York on Feb. 17 totaled \$6,682,888.

#### CAPT. BLODGETT OPENS OFFICE IN HONOLULU

Captain Harry H. Blodgett of the Medical Corps will open an office in Honolulu some time next week for the practice of his profession. He has tendered his resignation, which has been accepted, and will take effect March 29. Captain Blodgett has secured offices in the Kaula building.

Captain Blodgett graduated from Rush Medical College of Chicago in 1907 and was an honor graduate of the Army Medical School in 1912. He entered the army as a first lieutenant of the Medical Reserve Corps in 1911, and was promoted to the Medical Corps in 1912. He was promoted to captain in 1915.

Captain and Mrs. Blodgett, with their son, Harry, have taken a residence at 2213 Manoa road. During the time Captain Blodgett was stationed at Fort Shafter he made his home in Manoa and has many friends in civilian and army circles.

# Fight For Progressive Charter Carried to Legislative Halls

## BUSINESSMEN IN COMMITTEE OF 100 GATHER FOR MARCH TO THE SENATE

(Continued from page one)

sire on the part of the businessmen to express themselves as citizens and taxpayers on a subject of extreme public importance.

Before the committee gathered to march to the capitol several developments had come in the charter campaign.

Briefly, they were these: The house, under interpretation of the rules, had virtually declined to receive the committee of 100, holding that the charter subject is in committee and not before the whole house.

## House Rule, Raised by Speaker, is Delay to Visit of 100 Businessmen

Interpretation of the house rules by Speaker Holstein this morning delayed presentation to the house of the Chamber of Commerce's declaration of views on the new city charter.

Speaker Holstein, conferring with Secretary Brown of the chamber, held that the charter is still in the hands of a special committee—the Oahu delegation—and therefore is not before the whole house. Hence, he maintained, the house cannot at this time receive the Committee of One Hundred.

Following this interpretation, when the chamber's letter, asking opportunity for the committee to come before the house, was read, it was received and placed on file, without any specific action to arrange to meet the committee.

When the letter from the chamber, requesting that the house hear the "declaration" at 2 o'clock this afternoon was placed on file, Speaker Holstein announced that the house would not hear the "declaration."

Strong opposition to the house considering the chamber's request was expressed on the floor. No statement was made in defense of the request. Andrews calls it "premature."

"This is premature," declared representative Lorrin Andrews. "The Oahu delegation has never refused to give a hearing on the charter bill. One has been held already. There is nothing now before the house pertaining to the matter brought up by the chamber's letter. The charter bill is before a committee. We are perfectly willing to have another public hearing."

Referring to the request for a 2 o'clock hearing, Speaker Holstein said:

"The house usually concludes its business before 1 o'clock. It would have to be mere courtesy to receive this delegation, not a matter of right. But it's up to the house if it desires an afternoon session."

The speaker added he thought that such a matter should be brought before the house by a member of the house in a petition or resolution, and not by the Chamber of Commerce or any other organization.

"In the opinion of the chair," the speaker added, "this delegation desires to be heard. It can only be done if the house is in a committee of the whole."

There was no motion that the house go into a committee of the whole to hear the chamber delegation.

## Another Public Meeting on Charter; Change in Plan For Early Report

The Oahu delegation in the house will hold a public meeting next Monday night on the city charter, according to announcement today.

Apparently the well-defined plan to report the charter out today with the "convention plan" virtually adopted has been changed since the Chamber of Commerce began to show its opposition.

Early this week the speaker of the house was informed that he might expect the report on Thursday.

No meeting has been held on the charter for several days and there was some doubt whether one would be held this afternoon. Members of the delegation say it may be a week or even longer before the report on the charter bill will be made to the house.

As announced recently in the Star-Bulletin, the city charter bill, with one or two exceptions, practically has been passed by the entire delegation of the house.

It has been agreed, members say, to have six supervisors elected, three

from the fourth and three from the fifth district.

The mayor is to be elected at large and the heads of government departments will be elected by the people as they now are, instead of being appointed by the supervisors, as was suggested in amendments proposed by the Chamber of Commerce.

It has further been agreed that the mayor shall, with the approval of the supervisors, appoint a superintendent of city works.

One question still undecided and one which must be agreed on one way or the other before the delegation can report to the house, pertains to a chief of police. The problem is whether to have the mayor appoint a chief of police who shall have jurisdiction in all districts of the county, or to do away with this proposed office and leave the powers with the sheriff.

As one member of the delegation recently said, the Chamber of Commerce amendments have been adopted wherever possible and feasible.

Lyman Moved to Place on File Representative Lyman moved that the letter be placed on file and such a time as the charter bill is properly before the house.

"The bill is now before a committee," Lyman added, "and the house cannot act on it until the committee reports back."

Representative Andrews said, in part: "This is against the rules of the house. It is overriding the committee's work. Is the house going to sit here and listen to arguments from any association? Why can't the chamber come in its order? It has had one hearing. Is the house going to discuss something it knows nothing about? Is this to intimidate the committee into making a report?"

The letter was placed on file. "Do I understand," asked Representative C. H. Cooke, "that there is nothing in the rules against a member of the house presenting a petition if he so desires, but no outsider while the house is in session?"

"That is the ruling of the chair," replied Speaker Holstein.

Willing to Present Petition Asked by a Star-Bulletin representative if he would present a petition or resolution on behalf of the chamber, Representative Cooke replied:

"I am perfectly willing to present a Chamber of Commerce petition, or petition from any other citizen for or against the city charter bill in order that a full hearing can be had."

Representatives Cooke, Andrews and Wilder; R. C. Brown, Harry E. Murray and John Wise held an informal discussion this morning and agreed that the Oahu delegation at 7:30 o'clock next Monday hold a public hearing on the charter bill in order that both sides might have an opportunity to express their views on the charter bill as it now stands.

Hear Both Sides Representative Cooke suggested that petitions by the chambers or by other citizens, either for or against the charter, might be presented in the house either before or after the meeting.

"It is only fair that both sides be heard," Cooke declared.

Murray and Wise openly opposed the action of the chamber in bringing the committee of 100 before the house. "We are objecting to petitions, saying, 'it is only fair that both sides have a chance to express themselves.'"

"It is only fair that both sides be heard," Cooke declared.

Murray and Wise openly opposed the action of the chamber in bringing the committee of 100 before the house.

## CAUTIONS HOUSE TO GO EASY IN EXPENDITURE OF APPROPRIATION

### Bills Rush in Before Law-Makers; Several Affect School Teachers

Territorial Secretary Wade Warren Thayer today informed the house of representatives that it will have to cut down expenses because, if it does not, the appropriation now in hand will be depleted before the session is closed, judging from the present rate of expenditures. He adds that the same caution applies to the senate.

Shows Where Cash Goes Thayer points out that the house now is employing labor at the rate of \$1000 a week, and the senate at the rate of \$820. Representative C. H. Cooke, chairman of the house finance committee, reported that an agreement had been reached whereby the house would receive \$100,000 and the senate \$110,000 of the \$300,000 federal expense appropriation. Speaker Holstein warned committee chairmen to exercise every action in the expenditure of money.

Routine business took up the greater part of the time in the house this morning. The governor submitted a report by the mayor containing a financial statement of the counties of Oahu, Maui, Kauai and Hawaii for 1915 and 1916.

Abatement Bill Received The bill relating to the abatement of commercialized vice by injunction was received from the senate and passed first reading by title. It was then laid on the table to await the transmission of printed copies. Speaker Holstein probably will refer it to the judiciary committee tomorrow.

Representative Lyman introduced a resolution directing the superintendent of public instruction and the commissioner of public lands to secure from the Honolulu Sugar Co., by purchase or otherwise, two acres of land adjoining the school ground at Honolulu as additional ground for the institution. Another resolution by Lyman asks the land commissioner for a list of all persons who have applied for preference rights to lands to whom no patents have been issued, and the reasons for the delay in issuing the patents.

Magistrate Bill Passed The bill providing for the creating of the office of magistrate for Honolulu, to handle all juvenile cases and civil cases now handled in police court, passed third reading in the house and will go to the senate. Representative Andrews explained that the bill was largely for the purpose of taking juvenile cases out of police court so as not to hamper the judges there. Another bill that passed third reading was the senate measure providing for agricultural and mechanical fairs for the territory. House resolution 4, providing that contract employers employ labor on wharves give the preference to citizens has been referred to the judiciary committee.

House Bill 283 Creating the territorial board of accountancy and outlining its powers and duties.—Murray.

House Bill 285 Appropriating \$12,100 for the erection and furnishing of a public hospital, Moloai, and the payment of a nurse's salary.—Brown.

House Bill 286 Providing that citizens of the territory applying for positions as teachers be given preference.—Brown.

House Bill 287 Relating to hours of labor on government work and payment.—Lyman.

House Bill 288 Fixing the minimum pay for public school teachers at \$50 a month.—Kelelelo.

House Bill 289 Providing for two monthly payments for territorial and county officers and employees.—Kelelelo.

House Bill 290 Prohibiting children under 16 from loitering in the streets between 8 o'clock at night and 4 o'clock in the morning.—Kelelelo.

House Bill 291 Appropriating \$150,000 for the construction of a concrete road.—Mossman.

House Bill 292 Appropriating \$50,000 for the construction of a road from the Ewa station to the beach.—Mossman.

Representative Bernard Kelelelo introduced his weekly batch of bills, one of which provides that the minimum wage of school teachers shall be \$50 a month. Another provides that all officials and employees of the territory who are employed by the month shall be paid on the 15th and last day of every month. His third measure makes it unlawful for parents to allow any child under 16 years old to loiter in the streets between 8 o'clock in the evening and 4 o'clock in the morning.

New Board Created A bill creating a territorial board of accountancy was introduced by Representative Lyman. It calls for the appointment of five persons by the governor, the chairman ex officio to be the president of the college of Hawaii. It shall be the duty of the board to examine all persons desiring certificates to designate them certified public accountants.

Representative Lyman introduced a bill authorizing the governor and land commissioner to set aside 182.52 acres of land at Waikaeo, Hawaii, to be known as Kamaoiaha park and Honolulu drill grounds.

Teachers Cared For A bill introduced by Representative Brown provides that the department of public instruction, in appointing teachers, give the preference to men and women who are citizens of the territory. The house has adjourned until 1 o'clock tomorrow morning.

The following bills were introduced today: House Bill 283 Creating the territorial board of accountancy and outlining its powers and duties.—Murray.

House Bill 285 Appropriating \$12,100 for the erection and furnishing of a public hospital, Moloai, and the payment of a nurse's salary.—Brown.

House Bill 286 Providing that citizens of the territory applying for positions as teachers be given preference.—Brown.

House Bill 287 Relating to hours of labor on government work and payment.—Lyman.

House Bill 288 Fixing the minimum pay for public school teachers at \$50 a month.—Kelelelo.

House Bill 289 Providing for two monthly payments for territorial and county officers and employees.—Kelelelo.

## GOVERNOR HAS SENATE FRIENDS TO GRANT FUND

Senator R. H. Makekani of Hawaii, one of the few Democrats in the upper house, heartily opposes the resolution introduced by Speaker Holstein in the lower house yesterday proposing to delete entirely Gov. Pinkham's \$150,000 contingent fund.

Other senators today also expressed disfavor with the resolution of yesterday, and one voiced the feeling that it was not in keeping with the responsibility legislators hold. Makekani comes out flat-footed against it.

"I do not think it is right to cut out this fund, as proposed by Speaker Holstein," said Makekani today. "Contingent funds have always been provided for governors since the government was organized."

"If it be true, as is claimed, that Gov. Pinkham has not spent the fund judiciously in the past that is no reason to throw out the fund entirely. The governor's office is a responsible one," continues the Hawaiian senator, "and certainly deserving of some money for the entertainment of distinguished guests from the mainland."

"This legislature" has appropriated \$400,000 for the proposed visit of congressmen and other distinguished people, but why should we let the governor go without any fund whatever to entertain them. It would be entirely proper for him to show them the due amount of respect from his office by receptions and in other ways."

"It is rumored that Secretary Daniels of the navy department, and Secretary Baker of the war department will visit these islands before a great while. If they come are we going to leave the governor powerless to show them the customary proper courtesies that one high official would show another?"

Reports of a counter demonstration to that proposed by the Chamber of Commerce were current this morning. It was said that a delegation of Hawaiians and other friends of the proposed convention charter, expected to number 500, was being organized by John Wise and was to march to the capitol and appear before the legislators at the same time that the Chamber of Commerce committee appeared.

Harry Murray was seen this morning and asked what he knew relative to such an organized movement. He replied that he had heard of some such plan and had advised that nothing of the kind be done. Murray was selected as sole representative of a Kakaako meeting Wednesday night to favor the convention charter and oppose all amendments.

The Federal fisheries bureau reported that the total catch of fish landed at New England ports in January amounted to 12,483,973 pounds, valued at \$705,023.

House Bill 138 and 64, the only two handed down by the senate judiciary committee today, were given favorable mention in the report of that body.

So many bills have been tabled so far by this committee that one senator remarked under his breath as the report was read this afternoon, "Somebody must have had a superstition against tabling bills on Friday."

Be that as it may, however, these two which relate respectively to attachment and to a time limit when executions shall be returnable found favor in the eyes of the committee.

Rumor has it that not less than half a dozen bills are slated for the ax next Monday.

Would Protect Sheriff On the former bill the report points out that under the present law a bond is required but this bond makes no provision for a case where a defendant is declared a bankrupt. It frequently happens that attachment is taken out and the defendant goes promptly into bankruptcy with the result that the

sheriff is without his proper costs and charges. The committee finds it reasonable to allow the sheriff protection through the plaintiffs' bond.

Reporting on the second bill, the committee states that under the present law, although there is a time limit in which executions from the district court are returnable, there is none for the circuit court. It recommends that the proposed bill making a limit of 60 days be accepted.

COMMITTEE FROM HOUSE INSPECTS RESTAURANTS About a dozen local restaurants were inspected at the noon hour yesterday by the house committee on health, police and military, and, according to members, conditions were found to be generally poor.

"We visited some places that evidently have been overlooked by the board of health," says Chairman Evan da Silva. "Many of the places were dirty, others filthy."

The committee may make a report to the house on the inspection tour within a few days.

Two additional cases of smallpox were reported to the state board of health from Waterbury.

Exports from the United States during the month of January amounted to \$613,441,020.

## Identical Letters to Senate and House on Behalf of Committee of 100

Identical in form are the letters sent by the Chamber of Commerce to the senate and house with request that the committee of one hundred be heard in advocacy of a progressive city charter.

The letters, one addressed to the senate president, the other to the speaker of the house, are as follows: "Honolulu, T. H., March 16, 1917. "R. C. BROWN, Secretary."

"In the name of the Chamber of Commerce of Honolulu I beg hereby to request that an opportunity may be given a committee of 100 members

of the chamber to present your honorable body a declaration of our views on a charter for the city and county of Honolulu which is now under consideration by the legislature of the territory."

"May I suggest, if the time is convenient to you, 2 o'clock p. m. in this date as the hour for the presentation."

"This was the letter placed on file by the house on the ruling that the charter is in committee, not before the whole house."

Judge Robert M. Douglas, son of Stephen A. Douglas, died at his home at Greenisford, N. C., aged 68.

The total tax assessment of taxable property in Greenwich, Conn., is \$12,822,607.

Merchandise entered for warehouse at the port of New York for the week ended January 26 totaled \$415,704.

Exports of specie from the port of New York from February 5 to February 19 were valued at \$4,389,508.

Merchandise entered for warehouse at the port of New York for the week ended January 26 totaled \$415,704.

Exports of specie from the port of New York from February 5 to February 19 were valued at \$4,389,508.

ONE of the most interesting features in the printing situation is the type of firms and men who use Star-Bulletin Printing.

The list of Star-Bulletin Printing users shows an exceptional average as to substantial rating and strong position in affairs.

The typical user is a successful man who thinks for himself, and who owes his place in the world to his habit of getting the facts and using his own judgment. His whole habit of life has taught him to seek efficiency.

## SENATE PASSES VICE-ABATEMENT BILL IN WARM AFTERNOON SESSION

The "vice abatement" bill passed the senate yesterday afternoon by a vote of 11 to 4, as told in the late editions of the Star-Bulletin.

The vote on the measure—Senate Bill 10—was as follows: For—Baldwin, Castle, Correa, Cooke, Desha, Hind, Kamaoiaha, Pacheco, Shingle, Coney, Chillingworth.

Against—Makekani, Mikaele, Quinn, Robinson.

Hot verbal fighting preceded the final vote, stimulated to a high pitch when Senator R. H. Makekani, declaring that the measure had lost all its teeth, moved to table it.

"I call for a vote of ayes and noes on that," shouted Senator George Cooke, rising. Cooke's motion was granted, the vote which followed showing Senators Coney, Kamaoiaha, Makekani, Mikaele, Quinn and Robinson in favor of tabling the bill and Senators Baldwin, Castle, Cooke, Desha, Hind, Pacheco, Shingle, Correa and Chillingworth against tabling.

Coney of Kanai started the fireworks immediately after Castle had moved that the bill pass third reading. Coney proposed to amend the bill by striking out "any person owning property within 1000 feet," thus leaving in the bill the words "the attorney general's office alone."

"It seems to me this is too much of a distance," Coney explained. "By passing the bill as amended by the Oahu committee yesterday we go on record as setting aside a place for prostitution."

Castle rose to move that Coney's amendment be tabled. He pointed out that the practice of prostitution is against the laws of the United States and restricted districts can exist only through public opinion.

"The present laws provide against prostitution," he said. "I maintain that any property owner has a right to go into court to try and abate a nuisance next door or near to him. I move we table the amendment."

Coney and one or two others voted against tabling. Coney then moved to amend by requiring a bond of persons bringing suit. This amendment Castle also opposed, moving to table. Makekani, Coney, Robinson and Quinn voted against the motion. This time Makekani then made his final speech against the bill and the vote was taken to pass.

Recommendation to table House Bill 78, settling aside certain lands in South Hilo district for botanical gardens, was made by the senate lands committee this afternoon in its report to the other members.

The bill came to the senate only after a close vote in the house, taken after considerable debate on the matter.

According to the report filed this afternoon there are too many original leases on the proposed district to make such a change feasible. The city of Hilo has also recently erected a \$1000 rock crusher on the land, it is said. It was felt that adequate ground for the high school there is already provided.

House Bill 8, providing for disposition of house lots in Waiolu of Pihonua, South Hilo, by lottery

## HARBOR BOARD MAY MOOR GERMAN SHIPS IN PILE-GUARDED BERTHS

(Continued from page one)

said Commissioner James Wakefield, "as his statements are a fact. I do not think H. Hackfeld & Company has dealt with the board fairly or squarely. Kiehn charged United States Inspector of Boilers Heene with false statements about the Pommern's condition, but the board's investigating committee proved Inspector Heene's statements absolutely correct in every way. We are dealing with unscrupulous and resourceful men and in view of what has happened to German steamers on the mainland it would be folly to consider any further concessions. We should order the Pommern and Setos to outside anchorage immediately."

Commissioner C. J. McCarthy said he only differed from Commissioner Wakefield so far as the place where the steamers should be put. "I want them by all means removed from the territorial wharves they now occupy," he said. "I am in favor of applying to the United States engineer's office for permission to moor them in 'Rotten Row.'"

After a general discussion of the situation, in which it developed that the board's plan is to anchor the Pommern at the outer anchorage far enough away from the harbor entrance to keep her from blocking it in case her officers and crew should raise anchor and let the ship drift, opening the sea-cock when she was directly across the channel, the board got down to business and passed the resolution ordering her out. It is the board's intention to tow her in again and tie her up with the Setos in Rotten Row after the "dolphins," or mooring piles, have been driven.

The cost of the dolphins will be between \$4000 and \$5000, the cost of which the board plans to pay by means of a special mooring charge. To legalize it a new ruling is to be made, probably on the same basis as the present Kahului mooring rates. There is now no mooring charge at this port as all vessels use territorial piers and pay the regular wharfage rates.

All three motions to move the Pommern out, secure the Setos at her berth, and get permission to drive dolphins were unanimously passed by the board. The resolution ordering

the Pommern outside was drafted jointly by Forbes, Wakefield and Church, the latter commissioner presenting it.

**Must Move Tomorrow Morning**

Although Harbormaster William R. Foster could not be located by telephone early this afternoon it is expected he will not serve notice on Capt. H. Minssen of the Pommern to have his steamer towed outside before 6 o'clock tonight. In that event the big freighter would have to begin to move out by 6 o'clock tomorrow morning. Taking provisions aboard would not require more than two or three hours, Assistant Harbormaster W. H. Curtis said at 12:30 this afternoon. If Capt. Minssen refuses to go outside the harbormaster is authorized to hire tugs and have the boat towed out.

The Pommern is the largest of the eight refugee German merchant vessels in the port of Honolulu. She came here seeking refuge on August 19, 1914, fleeing from Sydney, which port she was about to enter when her wireless caught news of warnings, causing her to turn back to Honolulu. The Pommern is of 4086 net tons. She has a captain, six officers and 18 men in her crew.

**Governor Urges Extreme Caution**  
At 10:45 this morning, immediately after the board had adjourned, the commissioners were requested by Secretary Will Wayne to meet with Governor Lucius E. Pinkham in the executive chamber.

The board at once conferred with the governor. It was learned that the executive had a letter he had written against taking any action relative to the German refugee merchant steamers which might be construed by the imperial German government as an act of war, or which might result in any diplomatic complications. He asked that the board, in effect, keep the territory's skirts clear of any international complications, whatever is done by Germany.

Members of the board interpret the governor's attitude as opposed to taking the ships or any of them outside the harbor for anchorage. However, they did not change the course already decided upon. They withdrew from the gubernatorial chamber and went ahead with their plans.

## Action Decided by Harbor Board Outlined in Series of Resolutions

A series of resolutions passed by the harbor board this morning outlines exactly the action the board proposes to take with the German refugee ships Pommern and Setos.

**Action On the Pommern**  
The board's resolution directing Harbormaster Foster to order the captain of the Pommern to move his steamer outside and if he refuses, to have the boat towed to the outer anchorage at once, reads as follows:

"Whereas, in the opinion of the Board of Harbor Commissioners, it is advisable and necessary in order to properly accommodate the commerce in the port of Honolulu, and  
"Whereas, removal of the S. S. Pommern to a safe anchorage outside the harbor will at this time relieve the situation materially, and  
"Whereas, it also appears advisable to safeguard the interests and property of the Territory of Hawaii,

"Therefore be it resolved, that the harbor master be instructed to order the master of the S. S. Pommern to remove said S. S. Pommern from her present berth to an anchorage outside the harbor of Honolulu within 12 hours from receipt of notice, said anchorage's position to be designated by the harbormaster, failing a prompt compliance with this order on the part of the master of said S. S. Pommern, the harbormaster is hereby instructed to immediately secure the necessary tugs and assistance to tow said S. S. Pommern outside the harbor and safely anchor her."

This was moved by Church, seconded by Wakefield.

**Action On the Setos**  
To prevent the Setos from leaving her berth in case the crew should repair the engines, get up steam and try to sink the vessel across the channel in the event of war, the board passed the following resolution:

"Moved that, inasmuch as the S. S.

Setos is only partially damaged and has one boiler intact and it is possible for her to get up steam and get under way within a few hours, in which case it would be possible for her to move her moorings and sink the said S. S. Setos in the path of navigation, which would be a menace to the commerce of Honolulu,

"Be it resolved that the S. S. Setos remain where she is for the time being and the harbormaster be instructed to take such additional precautionary methods as he may deem necessary to moor the S. S. Setos to prevent her leaving her berth without first applying for and securing the necessary permit for so doing."

This was moved by Church and seconded by Wakefield.

**Plan to Seclude Vessels**  
The resolution requesting permission from the U. S. army engineer's office to drive "dolphins," which are a bunch of posts driven on the beach for mooring vessels, so that the Pommern can be brought inside again and tied up with the Setos in "Rotten Row," where they will not be a menace to territorial piers or shipping, reads as follows:

"Moved that the district engineer be immediately communicated with and permission asked to drive dolphins at a place indicated on drawing file No. 411.57, approved by R. R. Raymond, major, Corps of Engineers, U. S. A., for the purpose of mooring such refugee vessels under the authority of the Board of Harbor Commissioners, as the place indicated will accommodate, and that the chairman of the board report back to the Board of Harbor Commissioners as early as possible with all data as received from the district engineer and the cost of performing the work as aforesaid stated."

This was moved by Church and seconded by McCarthy.

## Deputy Smith Calls on Hatch For Explanation of "Grand Jury" Hint

Heartily approval of a letter prepared this morning by Deputy Attorney General Arthur G. Smith in answer to an attack made by Supervisor F. M. Hatch Thursday on the \$500,000 indemnity bond which H. Hackfeld & Company refused to sign, was given by the board of harbor commissioners at its meeting today. The letter was mailed to Hatch by Smith.

The board voted to approve Smith's reply, place a copy in the minutes and give out a copy for publication. Commissioner James Wakefield made a pertinent comment on a phrase of Hatch's attack in which the supervisor is quoted as referring to "certain overheated aliens," when he said:

"It looks to me as though Supervisor Hatch is suffering from overheated as well as the 'overheated aliens' to which he refers." Wakefield's remark drew smiles from all the commissioners.

The deputy attorney general's letter of reply reads as follows:  
"F. M. Hatch, Esq.,  
Honolulu, T. H.  
"Dear sir: On page 10, column 3, of this morning's Advertiser (March 16, 1917), I note the following statement, purporting to be a portion of an interview attributed to you by the Advertiser:

"As to the unspeakable bond, what gratitude we owe to Messrs. H. Hackfeld & Co., Ltd., for not signing it. A law officer of the government drafts a bond to compound a felony; to provide in advance a maximum money penalty to cover liability for damage in case certain over-heated aliens conclude to commit the contemplated felonies (including murder). I say contemplated felonies; that is, those specified in the condition of the bond. It might be appropriate for some grand jury to give its views on this proceeding."

"Inasmuch as I drew up the bond for the harbor board, I trust you will not deem it amiss if I request an explanation, particularly of your suggestion that a grand jury investigation of the 'proceeding' might be appropriate. I can assure you that neither the harbor board nor myself, at the time the bond was drawn and approved, realized for an instant that it could be open to the criticism of an attempt to compound a felony, any more than is your bond as supervisor, as provided for by Sections 1670-1677, R. L., 1915, and which is intended, among other things, to protect the public against certain felonious acts of those from

## "Ultimatum" Sent Hackfeld & Co. by Harbor Board on German Ship Action

March 15, 1917.

Messrs. H. Hackfeld & Co., Ltd.

Gentlemen: We hand you herewith a Resolution adopted by the Board of Harbor Commissioners on this date and we respectfully request that you reply as per the terms of the Resolution.

Very truly yours,  
BOARD OF HARBOR COMMISSIONERS,  
By Its Chairman,  
CHARLES R. FORBES.

"Moved, seconded and carried, that the Chairman be authorized to notify H. Hackfeld & Company at once, that the S. S. Pommern and the S. S. Setos may remain at their respective berths at Piers No. 7 and No. 16, provided that the masters, officers, crews and other persons now aboard said ships be immediately withdrawn from said ships and said ships placed in care of watchmen provided by and under the control of the Board of Harbor Commissioners. It must be understood that the Board of Harbor Commissioners, in no wise intend to waive its right to require the removal of said vessels whenever, in its opinion, the same may be necessary."

It being further understood that, in case the Board decides upon such removal, sufficient notice will be given to the Agent in order to allow the officers and crews to return aboard said ships.

"An answer to the foregoing resolution is requested before 5 p. m. today, and, in case such reply is not received by 5 p. m., the Board will understand that the proposal is rejected."

Action amounting to a demand that the masters, officers and crews of the German refugee ships Pommern and Setos be removed from the vessels, under penalty of the vessels being taken to anchorage outside Honolulu harbor, was the result of a meeting of the harbor board yesterday.

The board passed a motion which is published herewith and immediately sent a communication and a copy of the motion to Hackfeld & Company, agency for the vessels.

The agency was given until 5 o'clock for reply. Failure to reply, the board definitely stated, would be equivalent to a rejection.

At 4:15 Chairman Forbes of the harbor board was informed that the communication had been referred to the company's attorneys, Thompson, Milverton & Cathcart. A member of the firm said that an answer would be immediately forthcoming.

Members of the harbor board were notified to be ready for a meeting at 5 o'clock to decide on action in the event of a refusal by the agency to take off the officers and crews.

At 5:15 the harbor board received a letter from Hackfeld & Company, signed by F. W. Kiehn, head of the shipping department, declaring it "absolutely impossible to give the answer you require before 5 p. m. today," stating that the board's letter had been transmitted to its attorneys and the company would reply as soon as possible after receiving the advice of the attorneys.

On receipt of this reply, Chairman Forbes called a meeting of the board for 9 this morning.

whom the bond is required.

"I trust you can see your way clear to make the explanation to which, I believe you will agree, those responsible for the bond are entitled, and that you will state specifically where, in this bond, which was not intended to deprive and which would not have deprived any proper authorities of their right to punish any criminal actions in an appropriate manner is so reprehensible as to require, in your opinion, a grand jury investigation."

Very truly yours,

"ARTHUR G. SMITH."

## LOCAL AND GENERAL

Polynesia Encampment, I. O. O. F. meets tonight.

Honolulu Lodge No. 616, B. P. O. E., has meeting this evening.

The defendant's bill of exceptions in the case of Tokino Yoshiura vs. M. Saranaka has been allowed in circuit court.

The local longshoremen's union will hold a special meeting this evening at Noddy hall to discuss the abatement act. The meeting is called for 7:30 o'clock.

Henry Ahrens, a sailor on the ship Daisy Mathews, sustained a fractured rib Wednesday afternoon when a horse which he was driving near Fort Shafter ran away and threw him from the vehicle.

The friends who have so liberally helped Mrs. Sara L. Newcomb in her work at the Ranch on Andrews court will be glad to see the Noah's ark which was made here by one of the men and is on exhibition in Jordan's window on Fort street.

B. G. Rivenburgh, land commissioner has notified the board of supervisors that the start will be made at once to secure a 30-foot right of way from Mrs. Nannie R. Rice for the Kalia road from the Waimanalo road to Kalia beach.

About 20 prominent Japanese women were guests at a tea yesterday afternoon given by Mrs. I. Moroi, wife of Dr. Moroi, president of the Japanese Young Men's Christian Association. Mrs. K. Mural, wife of the new Japanese consul, was among those present.

Senator A. L. Castle introduced a bill yesterday afternoon giving to the supervisors of various counties the right to regulate the putting of electric wires, pipes, ditches or railroad tracks across public highways. At the present time no one has the right to regulate such construction work.

## WILY JAPANESE BORROWED MONEY UNDER NAME OF ANOTHER, IT IS CHARGED

F. Honda, a Japanese, was arraigned in the district court this morning on eight charges of gross cheat. He will be heard March 21.

He is accused by J. Sueda of having obtained nearly \$200 under false pretense by representing himself to be an agent to Sueda from H. Okamoto. He is out on bonds.

The Japanese is said to have borrowed eight different times the amount running from \$250 to \$50, from Sueda, claiming he was speaking for Okamoto.

RILEY H. ALLEN EDITOR  
FRIDAY MARCH 16, 1917.

## Russia In The Hands of The Liberals

Before the myriad voice of a mighty people, one of the world's greatest dynasties has fallen. The Romanoffs; perhaps the proudest of the blue-bloods of Europe, certainly most entrenched in imperial tradition, are at the mercy of professors, shopkeepers, lawyers and peasants.

Autocracy has been defeated in Russia and democracy sits in power. The bureaucrat has been de-throned, the constitutionalist reigns in his stead.

The news which reached the world yesterday from Petrograd is the most momentous since that day two and one-half years ago when Europe flamed into war. Nothing since the outbreak of this gigantic conflict has such significant bearing on the events of today and on the probabilities of tomorrow as the successful revolution against the Czar's dynasty, with its surroundings of hidden influence, of terrorism, of corruption, of exploitation, with its atmosphere of medieval superstition, of plots, of treachery and persecution of the common people.

A few weeks ago in these columns was told what the world then knew of the constitutional struggle going forward in the Czar's huge, unwieldy empire—the age-long struggle of the people against their exploiters. In spite of the iron-handed police, in spite of fomented pogroms, in spite of "Black Hundreds," Russia has moved for a decade past steadily toward more representative government.

Lead by a daring group in the Duma, including that brilliant radical, Paul Milukoff (a former college professor in Chicago, by the way) the forces demanding constitutional government have grown in power. In influence, in ability and in political adroitness.

Until the war broke out, they could do little but protest. The bloody reactionaries were in the saddle, and the people, falling into a truly terrible national vice of drink, could not be awakened and knit into a fighting force. And when the war did break out, the inevitable internal struggle was delayed because radical and reactionary alike joined to meet the common foe.

For awhile the radical wing of the Duma was almost silent. The Duma itself was hardly allowed to meet. Russia was absorbed in the campaigns against Germany—campaigns in which the semi-religious, semi-mystical patriotism of the Slavs asserted itself and gave to millions of men a dim, obscure idea of dying for their country and for Greek Catholicism.

The world has never seen greater exhibitions of patriotism than that of these millions of Russians who at the word of their leaders flung their lives away at the Magyar lakes, at Riga, in the Carpathians, in Galicia, at Warsaw—in all that long and terrible retreat before the battering of von Hindenburg, von Mackensen and von Linsingen.

And while the Russian millions were dying for their country, in Petrograd and Moscow corruption and inefficiency lolled at ease. At a time when Russian peasants were opposing their bare, torn hands to German bayonets, when whole battalions of the Slavs hid only clubs and knives with which to meet machine-guns, the bureaucrats, the glittering officers, the princelings and grand dukes were reveling with their mistresses in the cities. Not all, of course, for Russia has produced military leaders stern of discipline and moved by true patriotism, like that monolithic figure, Grand Duke Nicholas Nicolaievitch. Not all—but far too many.

Only one result could come of this—the Russian organization formed to meet the war broke down. Dimly the world has heard of the disgrace of generals and of ministers, of cabinet changes, of imprisonments and of executions.

These have been the symptoms of the Russian disorder—the clash of bureaucracy and of patriotism. Editorially about a month ago the Star-Bulletin told how Premier Sturmer, virtually convicted by revelations in the Duma of planning a separate peace with Germany, was forced into retirement. Next came Trepoff, whose rule was that of a few weeks only. Next was Golitzin, and his appointment inflamed the liberals. He was regarded as one of the worst of the reactionaries, and when at the outset of his premiership he announced "Everything for victory" and said that the liberalization of government must wait, he sealed the doom of the Romanoffs.

The breakdown in the Russian transport service, which not only disorganized the movement of troops to and from the front but cut off food from the people, was the climax to a long series of inefficiencies. Courageous men in and out of the Duma saw that Russia could not continue with the incompetents and the corruptionists in the saddle.

And so they rose, these liberals and their followers, in a revolution which will go down in history with the French revolution as a tremendous, splendid, stirring assertion of the rights of humanity.

Thanks to circumstances, the Russian revolution has been virtually bloodless. The army, which has always been loyal to Russia but not to the bureaucrats, gladly joined the march of a nation to freedom of the soul. Garrisonians lent their strength. Men who for years have faced death to advance the liberal program needed no lessons in self-control now in organization of a new military-civil government. Thus the revolution was accomplished.

What the developments will be it is impossible to say, but constitutional government in Russia has leaped ahead. It may swing part-way back but it will never stay back.

In the Reichstag yesterday von Bethmann-Hollweg announced that after the war there will be a reorganization to give the people a greater share in government. This is not only prophetic, it is significant. The Russian revolt unquestionably will have a profound influence in every monarchy, constitutional or autocratic. Germans, too, are restless as they see their mammoth sacrifices apparently made in vain. It is probable that the shrewd chancellor, already knowing of the Russian revolt, took this means to give the Germans a pledge of more liberal government for themselves.

Free peoples everywhere may well rejoice that autocracy has been overthrown in Russia. It is a milestone in the world's march.

## What The Businessmen Propose

What has moved the Chamber of Commerce to form a "fighting phalanx" for a new city charter is the attitude of some members of the Oahu delegation in the house.

Members of the chamber have said that in working out a new charter they are looking to "the wishes of the people, the voters."

What the chamber proposes to do is to show that people, voters, are backing the amendments which the chamber urges.

The backing is to be shown in a graphic form—through a committee of one hundred, and the committee has asked that an opportunity may be presented to place its declaration of views before the legislature. The presentation is to take the graphic form of a visit to the Capitol by the entire one hundred.

A few nights ago a public hearing was held at the Capitol upon the new charter. Seventy-five per cent of those present were businessmen favoring the chamber's attitude. All of the speakers but one backed the chamber's views.

Yet certain members of the Oahu delegation have continually referred to "the people, the voters" as though there were some vast, definite body which had spoken in favor of the "convention charter" and against the chamber's amendments.

At the only public hearing, the chamber was strongly represented, and its amendments were

backed by the great majority of speakers. But this, evidently, is not enough.

So the chamber proposes even more graphically, even more forcefully, to show that it represents votes and that it is in earnest in demanding a charter based on principles of sound business administration.

Of course attempts are made to distort the purpose of the visit, to accuse the businessmen of "coercion" and all that sort of rot. Of course cold water is thrown on the project.

That is to be expected. It remains to be seen whether misrepresentation and the slurs are going to take all the fight out of the business community or put more fight into it. The men who can't stand the gaff ought to quit early, because this is no child's play, no tiddledywinks. It is a real fight and the politicians on the other side are clever, resourceful—and on the job day and night.

The Romanoffs have fallen; Hapsburgians are tottering; perhaps the Hohenzollerns are next.

"The Czar of all the Russias" is today infinitely worse off than most of his peasants.

Not much brotherly love shown by the brotherhoods!

This king business is in a bad slump.

probation officer's job. "I haven't said much about it," said Pierce this morning, "but you may say that I am in the ring."

Neither Pierce nor the judge himself expect the new judge will handle juvenile court matters so the appointment will probably not rest with Judge Kemp. It is predicted that William H. Heen will probably have this duty if his nomination as circuit judge is confirmed.

Chief Justice Robertson of the supreme court names the juvenile judge after the various circuit judges have expressed their preference of work.

Circuit Judge Ashford said this morning he did not know who would be juvenile judge.

CHINESE SYMPATHY ESTRANGED

CANTON, China. — Governor Chu Ching-shan has instructed the Canton police to prevent the further recruiting of Chinese laborers for France. Many thousands of Cantonese have already been sent from Hongkong to assist the French in agricultural work, and in trench digging and building of roads behind the fighting line in France. The forcible seizure by the French of an addition to its concession in Tientsin has estranged Chinese sympathy, and is responsible for the order in this city against the recruiting of further Chinese labor for France.

## YOUNG PEOPLE'S CHRISTIAN UNION WILL HOLD CONFERENCE TOMORROW

That the convention of the Oahu Young People's Christian Union, which will be held at Mills school tomorrow, will be successful is evident to all acquainted with the program and the enthusiasm with which it has been taken up by the 21 local societies of Christian Endeavor and Epworth represented in the union. Everybody is welcome to all of the sessions. The complete program follows:

3 p. m.—Officers' conference. Opening prayer, Rev. Wong Tso Teng. Presidents and vice-presidents, Robert E. Stone, leader. Secretaries, Mrs. A. G. Sermons, leader. Intermediate superintendents, Miss Grace Channon, leader. Junior superintendents, Miss Florence Yarrow, leader.

3:40 p. m.—Address to all officers. Rev. Akako Akana.

4 p. m.—Committee conferences: Music led by George A. Andrus; Bible reading and remarks, Rev. Akako Akana; prayer, Rev. A. V. Soares; lookout committee conference, Miss Helga Wikander, leader; prayer meeting committee conference, Rev. Henry P. Judd, leader; social committee conference, Miss E. Vogel, leader; missionary committee and tenth legion conference, Rev. Norman C. Schenck and Rev. W. C. Kerr, leaders; quiet hour committee conference, Miss Annetta Dieckmann, leader; citizenship committee conference, Lloyd R. Killam, leader; press committee conference, George T. Bettin, leader; music committee conference, George A. Andrus, leader.

5:45 p. m.—Recreation: An opportunity to look over Mills school.

6:15 p. m.—Supper served by Mills school to the 200 who have made reservation, presided over by Principal John F. Nelson, and a varied program furnished by Harold H. Vost, H. Milnor Blowers and L. L. Lynch; songs and cheers from the various societies in competition.

7 p. m.—Song service led by Stanley Livingston; Bible reading and remarks by Dr. R. D. Williams, and prayer by Rev. U. Okumura.

7:30 p. m.—Announcements, and collection; thanks offered by Rev. J. H. Song, announcement of Easter sunrise meeting, John Martin.

7:40 p. m.—"The Place of the County Union," Woods Peters.

7:45 p. m.—Address, "The Young People and the Community," U. S. Dist. Atty. S. C. Huber.

8:15 p. m.—Song and announcement of the society winning the banner.

8:20 p. m.—Address, "The Young People for Christ and the Church," Bishop A. W. Leonard.

8:50 p. m.—Closing prayer, Dr. J. H. Williams.

## LETTERS

### THE BURDEN OF THE POOR

Editor Honolulu Star-Bulletin.

Sir: Among the poorer classes of people here in Honolulu should U. S. is at war against any nation and the cost of living is steadily increased and the scale of wages is the same, what should these people do?

Trouble would threaten, I guess, especially those who have families to support and it is no longer the dream of olden times comes true, that Christian and Christian would fight for the sake of their beloved young. And now, now the time comes that people who hold a high position such as emperors, kings, presidents, governor and store managers should realize that the poor are fighting for their own sake not because they love their own country. And it is for these highly employed men for rich men who own factories, such as canneries, to think that those said poor are fighting for their wealth.

Now at this time all stores within the city had double increased the cost of living that are needed mostly by the poor, such as onions at first cost 5 cents a pound and now cost 15 cents. How could we cheap laborers who got a little pay, live? We must then suffer hardship any longer and working only for the rich.

I thank you for your kindness, dear Mr. Editor, should my letter be printed on your editorial page.

I remain,

A. D. SORIANO.

P. S.: And why there are robbers, thieves, etc., and more, I could not deny because those who think such criminal deeds are not well pleased for their pay which their employe had given them.

A. D. S.

### WANT THE IMPROVEMENT

Honolulu, March 15, 1917.

Editor Honolulu Star-Bulletin.

Sir: I would like to correct a statement that appeared in your issue of March 14, wherein you state that it has developed that a majority of the signers of the Alewa street improvement district petition did not realize what they were signing and that they thought the petition was for temporary repairs only.

This statement is a falsification of the parties who have been fighting against the good roads movement right along.

A majority of the signers have never said what they are quoted as saying, but are still determined to put through the improvement as soon as possible.

Since I was the father of this petition I am compelled to make this explanation.

Yours truly,

H. WINSLEY.

### GAINS RAPID PROMOTION

LONDON, Eng. — Colonel E. Hilliam, who has been promoted to be brigadier general of the Canadian forces, has risen from a private. He joined the British army in 1883, and saw active service in the Boer war, during which he was wounded three times. He secured his captaincy, and after serving in the Cape Mounted Police went to Canada, where he settled down to farming.

At the outbreak of the war he joined

## VITAL STATISTICS

BRIGHT—In Honolulu, March 15, 1917, infant child of Mr. and Mrs. Thomas Bright of Lanailo Tract, aged 5 months, 15 days.

## PERSONALITIES

MR. and MRS. GEORGE O'REILLY of Seattle, who have been visiting in Honolulu for the last three months, left on the Great Northern today for the mainland. O'Reilly is a retired merchant of the Washington city, and says both he and his wife have become so delighted with Honolulu that they will return next fall for a six months' stay. "It is like leaving home to go away from home," he said this morning. "We have been royally entertained and have made many friends. You can look for us both to return again in the fall for a longer stay."

MR. and MRS. FRANK BOUTIN of Minneapolis, Miss Meta Boutin and Mr. and Mrs. Francis C. Boutin of Spokane, Wash., have been visiting Honolulu for four weeks and returned home today on the Great Northern. Mr. Boutin is a wealthy lumber and mining operator, formerly of Wisconsin and now making his home in Minneapolis. The son, Francis, is manager of a large mining company with offices in Spokane. He is a graduate of the University of Wisconsin, and while there knew Mr. Kim Tong Ha of this city, who has looked after the Boutin party while here. It is the hope and plan of the Boutins to return next year.

ed the Canadian contingent, and became captain, rising thence through the various grades.

The Rt. Rev. Samuel C. Edsall, bishop of the Episcopal diocese of Minnesota, died at Rochester, Minn.

## LITTLE INTERVIEWS

A. M. BROWN, city attorney: Great progress is being made in Judge Ashford's court and a few weeks will see a big hole in the calendar.

L. W. DE VRIES-NORTON: This is a splendid time to go over to the Volcano. The heavy rush of visitors is about over and there is plenty of room at the hotels; the lake is rising steadily and becoming more and more

spectacular every day. To my idea, it is more deeply impressive at the present time than it was in January when it was only 45 feet below the rim. It is about twice that much now, but as there are many new crags and islands in the lake there is much more furious activity than there was two months ago. The Mauna Kea is back on the run and I look for a nice party of enthusiasts on Saturday for my next trip.

Exports of the port of New York for January amounted to \$301,939,548.

Want to live at the Beach this summer?

There's plenty of room right now, at

## JUDGE KEMP IS NOT LIKELY TO HANDLE JUVENILE CASES

Confirmation of Assistant United States District Attorney S. B. Kemp's nomination by the president as circuit judge yesterday has brought up some interesting questions about the judiciary and federal court buildings.

One of these is who will be the next probation officer to succeed Joseph Loni, the present incumbent, whose resignation as a Republican is expected when the Democratic nominee steps in. James Pierce, recently appointed bailiff in federal court, would like the

probation officer's job. "I haven't said much about it," said Pierce this morning, "but you may say that I am in the ring."

Neither Pierce nor the judge himself expect the new judge will handle juvenile court matters so the appointment will probably not rest with Judge Kemp. It is predicted that William H. Heen will probably have this duty if his nomination as circuit judge is confirmed.

Chief Justice Robertson of the supreme court names the juvenile judge after the various circuit judges have expressed their preference of work. Circuit Judge Ashford said this morning he did not know who would be juvenile judge.

### MEAT CAUSE OF KIDNEY TROUBLE

Take a Glass of Salts if Your Back Hurts or Bladder Bothers; Meat Forms Uric Acid

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

Jewelry valued at about \$500 was stolen while Mr. and Mrs. Almon C. Judd were at dinner at Hotel Elton, Waterbury, N. Y.

Patrick Cox, 70, was found unconscious from gas poisoning at his boarding house at New Haven and died later at a hospital. Death is believed to have been accidental.

### Whooping Cough

SPASMODIC CROUP ASTHMA COUGHS BRONCHITIS CATARRH COLIC

### Vapo-Cresolene

A simple, safe and effective treatment for bronchial troubles, avoiding drugs. Vapo-Cresolene stops the spasms of Whooping Cough and relieves Spasmodic Croup at once. It is a boon to sufferers from Asthma. The air rendered strongly antiseptic, inspired with every breath, makes breathing easy; soothes the sore throat and stops the cough, clearing the throat. It is invaluable to mothers with young children. Cresolene relieves the bronchial complications of Scarlet Fever and is a valuable aid in the treatment of Diphtheria. Cresolene's best recommendation is its 30 years of successful use. Sold by Chemists. Vapo-Cresolene Co. 225 N. 1st St., N.Y.C.

### Is It? We Shall See Saturday

"The Pen is Mightier Than the Sword," say the members of the University Club and the Oahu Country Club, but the officers of the army are confident that this statement is an error. This will be settled when the army officers meet the club men in a baseball game at Athletic Park on Saturday afternoon at 3:30. The game will be played for the benefit of the army relief fund, and it is expected that there will be a record crowd out for the annual game.

The army team will lineup as follows: Lyman, c.; Hanna, p.; Andrus, 1b.; Schneider, 2b.; Britton, 3b.; Devers, ss.; McKain, rf.; Riley, cf.; Lehman, lf.; Halloran, Philson, Beard and Loomis, utility. Club men: Henshaw, c.; Brown, p.; Newell, 1b.; Warren, 2b.; W. Hoogs, 3b.; C. Hoogs, ss.; Lowrey, lf.; Spalding, cf.; von Holt, rf.; Kennedy, Steere, Dole and Visson, utility.

### PAPE'S DIAPEPSIN FOR INDIGESTION OR BAD STOMACH

Relieves Sourness, Gas, Heartburn, Dyspepsia in Five Minutes

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia: when the food you eat ferments into gases and stubborn lumps, your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually. Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.—Adv.

An embargo on carload shipments of all but perishable goods and coal to the East was announced by the Atchafalaya, Topeka & Santa Fe Railroad, and Chicago, Burlington & Quincy Railroad.

The Postoffice Department announced that the net increase in postal savings for January, 1917, was \$3,600,000.

### THIS WOMAN TOLD TO CHOOSE

Between Operation and Death. Cured by Lydia E. Pinkham's Vegetable Compound.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctors said I could not live one year without an operation. My husband objected to the operation and got me to try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better and am now well and able to do my own housework. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. BLANCHETTE JEFFERSON 703 Lyon St., Des Moines.

This famous remedy, the medicinal ingredients of which are derived from highly prized roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

### WAS KOREA MARU AFFAIR PART OF RUSSIAN REVOLT?

It has occurred to those who were conversant with the mysterious Russian plot which developed while the Korea Maru was in Honolulu about two weeks ago that the affair might have been connected in some way with the startling turn of affairs in Russia which the Star-Bulletin first brought to light here yesterday.

At that time two passengers aboard the Korea claiming to be Russian secret service officers from Petrograd induced Capt. Kamah of the local police department to place in irons three other Russians on board the same boat on a charge of stealing over three million dollars from the Russian government.

It is now suggested that the Russians who sought to have the others arrested and detained here were connected with the revolutionists and desired to prevent or delay the arrival of the alleged consular officers in the mainland of the United States.

Later Deputy Sheriff Asch ordered their release and was then requested by a bona-fide Russian diplomat on board to place under arrest the couple who had caused the detention of the other three. This he also declined to do. This morning he threw up his hands when asked what he thinks about it.

Dr. Augustus Marques, Russian consul in Honolulu, has heard nothing of the revolution or of the story that an investigation of detaining two consular officers here had been demanded by the Russian government. Some one has hazarded the guess that the two so-called secret service men were German spies.

### CANON USBORNE HAS STROKE BUT IS RECOVERING

Suffering from a paralytic stroke which has affected his articulation, Rev. Canon John Usborne, is now reported somewhat improved. His physician, Dr. George Herbert, thinks he will recover. The aged clergyman is at his home adjoining the chapel on Wilder avenue. He was stricken Wednesday afternoon.

### HOLLAND ADDS TO REVENUES

[By Associated Press] THE HAGUE, Netherlands.—A sum of \$79,467,500 flowed into the Netherlands treasury from taxes in 1916, as compared with only \$67,845,444 in the year 1915, an increase of \$11,622,056 and a surplus over the estimate of nearly \$6,400,000. Further, the special taxes devoted to the service of the war loans, and the extraordinary war levies, yielded \$13,240,000 while receipts from posts and telegraphs increased by nearly \$1,200,000. These amounts, and a great more, have been quickly swallowed up in the country's present vast expenditure: they are nevertheless regarded as a very satisfactory sign in view of general conditions in Europe.

### GREAT NORTHERN RUMORS DENIED

Taking a grand total of 694 passengers in all classes the Hill turbine Great Northern, Capt. A. Ahman, steamed from Pier 16 for San Francisco at 10 o'clock this morning.

Passengers leaving on the big liner were 494 first cabin, 95 second and 195 steerage. Freight out was much larger than last time. It totaled 1916 tons. On her last homeward trip the liner took out 705 passengers. This time she could have taken a few more than she did.

The local agency, Fred L. Waldron, Ltd., denied absolutely the report in circulation last night that several men had been found aboard the liner planting bombs in the hold, the infernal machines timed to explode when the boat was two days out. President Waldron of the agency heard the rumor and investigated. He found it to be baseless.

Several weird rumors about the Great Northern have spread about the city in the last two weeks. They included the boilers blowing up, a leak in the holds, the vessel turning back to Honolulu, and last Sunday night a report that she had turned back to San Francisco because of trouble. All proved to be fabricated out of whole cloth.

You can state that if we find out who is starting these rumors we will institute criminal action against the person or persons," said Robert B. Booth, treasurer of Fred L. Waldron, Ltd., this afternoon. "We will prosecute the case to the full extent of the law. There is a severe penalty, providing for imprisonment, for an offense of this kind."

### DE RUSSY DANCE

The Ft. De Russy dance will be held tonight and will be invitational.—Adv.

Nine women and three men were arrested at the opening of a strike of the International Ladies' Garment Workers' Union at Chicago while distributing handbills giving notice that the strike had been ordered.

The railroads of the United States have informed President Wilson that the resources of their organization are at the disposal of the government in the event of war.

### An Under-Sea Wonderland

is the marine garden at Haleiwa. Clearly and comfortably seen from the twin-engine, glass bottom boat "Santa Catalina," at Haleiwa Hotel. Everyone enthusiastic who sees it. Also bathing, boating, golf and tennis.

## GARDEN FIESTA IS MUCH ENJOINED

Several hundred guests, tourists, and local society folk enjoyed the garden fiesta at the Moana Hotel last evening. The large garden between the hotel and the sea was a picture from fairyland, with the light of hundreds of colored lanterns shedding a soft radiance over the abundant tropical verdure of the park-like place. Cars parked two and three deep for the space of several hundred feet in front of the hotel showed the popularity of the well-planned entertainment arranged by Manager Moroni.

"The Buzzard's Shadow" won hearty applause for its stirring dramatic scenes, with the military atmosphere running through it all. The orchestral and vocal features of the program were no less appreciated. After the program numbers Mr. and Mrs. Monjo gave several demonstrations of modern dance steps on the broad lawn to the garden. A Hawaiian orchestra of stringed instruments furnished music of the right sort for dancing during the rest of the evening. Several similar affairs are planned by Manager Moroni for the near future.

## MUSICAL PROGRAM TO BE FEATURE OF NEXT Y. M. LADIES' NIGHT

What promises to be something different from the customary "open houses" and "ladies' nights" of the Y. M. C. A. has been announced for a week from tonight, March 23. The program will be entirely music and will feature the Apollo Club in what is said to be its last appearance before a spring concert which is planned for sometime in April.

The Apollo Club, which is a distinct organization for singing glee club music, appeared the night of January 1 at the Y. M. C. A. and made a fine impression. Since then weeks of work under the direction of George Andrus, the club leader, have resulted in even better work.

The program will include several other numbers, among them being three by the Y. M. C. A. orchestra, which is led by Capt. Henri Berger, for so long the leader of the Royal Hawaiian Band.

As is customary on these "ladies' nights" at the "Y," the cafeteria will be open to both men and women from 5:30 until 7:30. Hawaiian music will be played during the dinner hour. To complete the interval between the time that a great many usually finish dinner and 8 o'clock, when the program of music commences, movies will be shown in the gymnasium.

## ROUND THE ISLAND TOURS

Around the island, \$1.75, Sunday Tickets at Benson, Smith & Co., Fort street. Phone 1356.—Adv.

Samuel Hershenstein, an assistant United States district attorney, tendered his resignation to United States Attorney H. Snowden Marshall.

SCOTT'S IS PURE AND RICH AND FREE FROM ALCOHOL.

Scott & Bowne, Bloomfield, N. J. 16-24

## FRIENDS OF FORD SURPRISE HIM

Friends of Alexander Hume Ford are insisting that he shall take a vacation. It is not a permanent vacation which they desire that the human dynamo shall take. Such a wish is farthest from the thoughts of many of them. They want him to restock the storage batteries of energy and vitality and come back to work again primed for even greater efforts in the future, if that be possible, than those which he has exerted in the past.

A letter containing a substantial check was received by Alexander Hume Ford yesterday from his friends. The letter read that his friends were appreciative of his indefatigable efforts to put and keep Hawaii on the map and cognizant of his need of a real vacation after the strain of Carnival week. The check was for the holiday that he needs.

Ford was overcome both by the receipt of the check and the expression of his friends' appreciation. He admits that he is tired out and will go some place soon for a real rest. The letter to Ford was written by John Guild and in answer Ford expressed through Guild his heart-felt thanks to his known and unknown friends who had been so generous and considerate.

## ST. PATRICK'S EVE PLANS COMPLETE FOR Y. M. INTERMEDIATES

All plans are complete for the St. Patrick's Eve social of the intermediate clubs at the Y. M. C. A. The ladies have all been invited, the program is in fine shape and decorations in Cooke hall are under way.

The social will begin at 7:45. A. E. Larimer will be at the piano to keep things lively. Wm. H. Nutton will give readings and Irish songs. Percy Bull and George Perry will entertain the guests with "A Bachelor's Life," and the Knights of Kamehameha quartet is ready with plenty of comedy. William Ho will sing, "Somewhere a Voice is Calling."

After the entertainment the guests will divide into groups and social games will be played. There will be contests for the young ladies, and a prize is to be awarded for the winner of the games. Refreshments will be served.

Cooke hall is to be decorated in the colors of Erin. Green streamers with shamrocks will be hung between the lights. Irish flags and harps and plenty of good cheer and pep promise to make the evening the biggest intermediate social of the year.

## NOTE IS FOUND IN FLOATING BOTTLE; WILL BE FORWARDED

A stained and discolored bit of paper torn from a note-book is in possession of Representative John Brown, Jr., who will forward it to a town in Oregon and see what happens.

Brown found the note enclosed in a bottle floating off Kahoolawe last month. It reads as follows:

"We have a bet with Jamison and Page, Bandon, Oregon, U. S. A. Notify the above and receive reward."

"GEO. L. COBURN."

"CHAS. E. SEXTON."

What it is all about Brown says he does not know. But he is going to forward the note to Oregon and find out.

## GOES TO MAINLAND TO BRING HOME HIS BRIDE

To claim a bride H. B. Weller, district sales manager of the Union Oil Company, sailed today on the Great Northern. He will marry Miss Julia Heeburn of Pasadena, Cal., the ceremony taking place at the Presbyterian church, Pasadena, Saturday, March 24.

Miss Julia Heeburn, the bride-to-be, was here with her parents some two months ago. They occupied the Bunchy place at Waikiki. Following a honeymoon trip the happy couple will reside in Honolulu.

## WITH OUR VISITORS

Two popular Honolulu visitors who have been at the Hawaiian hotel for about three months and left on the Great Northern are Mr. and Mrs. J. C. Wright. Near Los Angeles they are interested in extensive orchards.

Mrs. W. C. Brown, sister of Judge Vaughan of the district court, who has been visiting here for the winter, expects to leave for home in the Wilhelmina. She has been at Halekulani hotel. Her home is at Stamps, Arkansas.

Mr. and Mrs. J. C. Switzer and Mrs. Hall, all of Helena, Montana, left for home on the Great Northern. They have been at the Hawaiian hotel for several weeks. Switzer is an owner of several business blocks in the Northwest.

A party of Great Falls, Montana, people who left for home on the Great Northern today include Mr. and Mrs. Bower and their daughter, Miss Hazel Bower, Roy Pilling and Chris Hendrickson. The Bowers have been here for over two months at the Romagosa hotel on Makiki street. Pilling and Hendrickson have been on a shorter trip of two weeks, staying at the Pierpoint, Waikiki.

## POLICE PENSION BILL DEFENDED BY THIS OFFICER

"Get rid of every bit of favoritism and put it on the merit system," declares a police officer, referring to the police department of Honolulu, in a letter to the speaker and members of the house of representatives in which he boosts the bill providing a pension system for police officers.

The letter, which was handed the Star-Bulletin for publication by Speaker H. L. Holstein, is as follows:

"Honolulu, T. H. March 12, 1917.

"To the Honorable Members of the House of Representatives.

"May it please your Honorable Body:

"I beg to state that I read in the local papers that some real live Representative with more than ordinary sense has introduced a bill to pension police officers.

"To the foregoing proposition, please allow me to state: To you honorable gentlemen and more particularly to the Representative who introduced the bill in favor of the policemen, I have this much to say:

"I, as a police officer who has been on the Honolulu police department more than 10 years, am in a position to state that every police officer is more than glad to hear the news. Since you honorable gentlemen are taking into consideration the fact that there should be some attention paid to policemen, I have the honor to request you to listen to the following:

"I respectfully request you to put the police department purely on a civil service basis if it is to be maintained. What I mean is to get rid of every bit of favoritism, and put it on the merit system. As it is today, a police officer who has been on the force more than 30 years is drawing less salary than the man who has just come on the force, when that new man knows no more about police work than an unborn baby and is absolutely unqualified. How would a man who has been on the force 30 years feel, when he sees a new man get more pay and have more show and he has to be steered by a greenhorn? Will you gentlemen consider this justice and civil service? Is not the present system of civil service a huge joke? This is no lie, because if you will look in the police pay roll of the Honolulu police department you will not doubt find that the longer the policeman stays on the force the less pay he gets. As it is today, whoever makes the better sucker, he is the best officer whether he makes any arrests or not or whether he gets suspended about a half dozen times a year for bad behavior.

"As to the police department of Honolulu today you cannot find a better police department in the whole world, but the whole failure is that head officers do not give the inferior officers a square deal and favoritism always rules. As it is today, it does not matter how faithfully one may work or how long one may have been on the force—he will always get less salary and always be turned down unless he is a good sucker. Will you consider all these as justice and 'civil service'? Will you honorable gentlemen give us a fair and square deal? Whether pension or no pension, we are all good if you put the police force purely on the civil service basis like the federal government. And I want to call to your attention that it is not the politics, but the suckerism that always works.

"For the foregoing reasons, a uniformed officer or a detective will not appear in court in the morning to prosecute the arrests he made the night before because he feels that he does not gain anything by the conviction of his prisoner or his discharge. If you do not believe this statement please ask Senator Chillingworth and he will vouch for my statement because he has been a prosecuting officer long enough. Many a time that prosecuting officer has had to send a special officer to call the arresting officer to come and testify against his prisoner. Who loses by this farce but our government?

"You honorable gentlemen, I respectfully request that the foregoing facts may be taken into consideration and give us our square deal and see that the older men receive more pay than the new.

"I respectfully beg to remain,

"A POLICE OFFICER.

"P. S.—I am afraid to sign my name, because if they find out who I am they will either fire me out immediately or they will make me so miserable that I shall have to get out."

## NAVAL ACADEMY WILL GROW FAST UNDER NEW PLAN

## ENCOURAGE ART OF BALLOONING AMONG CITIZENS

ANNAPOLIS. — Officials estimate there will be about 1300 midshipmen at the Naval Academy at the beginning of the next academic year. Should the proposed law providing for an additional appointment for each United States senator and representative become a law, the number will not be less than 1750.

There was something more than 1200 midshipmen here at the beginning of the present term, which was by far the largest number ever in the institution. For the half dozen years just preceding the average number was between 800 and 900, and up to 20 years ago the normal number was about 300.

The actual number of midshipmen now in the academy is 1149, after the 72 who have just resigned are deducted. There are 183 in the first class, which will graduate in June unless the regular order is disturbed. Officials estimate the new fourth class will contain about 450 members, if assembled under the present law, or 850 if the additional appointments are allowed. The present fourth class had a little more than 600 members when it began the academic year, and was by far the largest class which had ever entered the institution.

It is probable the authorities can make some temporary provisions to house the increased number of midshipmen if it does not reach above 1350, but it is certain some temporary quarters must be provided if the number is increased through the means of new legislation. An item in the new bill calls for an appropriation of \$1,200,000 to construct additions to Bancroft Hall, the quarters of the midshipmen. It is intended that this work shall be speeded up as much as possible, and it is hoped that it will not be necessary to erect temporary quarters for the midshipmen, as was done during the period when the new academy structures were being built.

If there is no slip in the plan to place the naval laboratory here, construction to cost approximately \$4,000,000 will begin here as early as practicable this spring.

### ARMY ORDERS

Pvt. Archie Ross, Machine Gun Company, 1st Infantry, is transferred to Company C, 2d Infantry, and will proceed to Fort Shafter, reporting on arrival to the commanding officer for duty with the organization to which transferred.

The following transfers of enlisted men are ordered:  
Pvt. 1st Class Ruby S. Bagley, Medical Department, as a private to Coast Artillery Corps, 1st Company, Fort De Russy.

Pvt. John M. Conannon, Company D, 3d Engineers, to Company M, 2d Infantry, Fort Shafter.

Pvt. Charles E. Ackerson, Troop G, 4th Cavalry, to Coast Artillery Corps, 4th Company, Fort Kamehameha.

Maj. D. B. Wise, 25th Infantry, has been detailed to the Quartermaster's Corps to fill a vacancy.

Capt. Dennis H. Currie, 1st Field Artillery, and Merrill E. Spalding, 25th Infantry, have been detailed as members of the court martial appointed to meet at Schofield Barracks vice Capt. C. W. Van Way and R. R. Love, 4th Cavalry.

Quartermaster Sergt. (senior grade) Hawthorne C. Gray, Quartermaster Corps, having reported at these headquarters in compliance with paragraph 13, Special Orders, No. 48, war department, current series, will report to the Depot Quartermaster, Honolulu, for duty as engineer of motor transport.

Privates John L. Brooks and Fred Wagner, Coast Artillery Corps, 2d Company, Fort Ruger, are transferred as second class privates to the Ordnance Department, and will proceed to Fort Kamehameha reporting on arrival to the commanding officer.

### NATIONAL GUARD ORDERS

Lieut.-Col. Gustave Rose, 1st Regt. Hawaiian Inf., is appointed range officer and will report to the commanding officer, 1st Regt. Hawaiian Inf., for instructions.

Lieut.-Col. Gustave Rose, 1st Regt. Hawaiian Inf., in addition to his other duties, will command the 1st Battalion during the temporary absence of Maj. Merle M. Johnson.

Maj. Charles M. Coster, 1st Regt. Hawaiian Inf., is appointed assistant to the range officer, and will report to the range officer for instructions.

The following named officers are appointed summary court for the trial of cases arising in the organizations set after their names, viz.:

Lieut.-Col. Gustave Rose, Hq. Co., M. G. Co., Supply Co. and 1st Battalion.

Maj. Arthur W. Neely, 5d Battalion.

Maj. Charles M. Coster, 2d Battalion.

The following board of officers is appointed, in compliance with paragraph 1431, A. R., to convene on the first regular drill night of the 1st Battalion, or as soon thereafter as practicable, to examine such cases as may be brought before it:

Capt. Wm. J. Hampton, 1st Regt. Hawaiian Inf., president; Capt. Harry R. McKellar, Medical Corps; 1st Lieut. Lewis E. Haeblin, recorder.

The findings of the board will be reported to these headquarters.

Memorandum, March 3, 1917, these headquarters, is revoked. Beginning with March 19, 1917, officers' school will be held on Monday nights at 7:30 p. m., for all officers of the regiment. Uniform not required.

As a step toward supplying the 73 forts of our coast artillery system and the 45 batteries of field artillery with observation balloons, a committee of prominent men and women have undertaken to start a training camp for balloon operators on the order of the Plattsmouth training camp, says The New York Times. This camp is to be established on Governors' island, under the auspices and direction of Gen. Leonard Wood, in charge of the Eastern Department of the Army.

The present national emergency has found this country entirely unprepared in the matter of operators for observation balloons for coast and field artillery, mine planting, and submarine spotting, and this unpreparedness undermines our already weak defenses. The importance of these balloons is undisputed. In France they are called "the eyes of the artillery."

The army and navy have only two balloon operators each. These, on account of the shortage of personnel, must perform other duties, and therefore have not been able to train other operators. As a result, the 73 forts of our coast artillery system and the 45 batteries of field artillery, which should have two balloons each, 236 in all, have not one, and are blind, as it were, so that the territory which they should protect would be at the mercy of the long-range guns of vessels lying beyond the point of vision of the artillery observers stationed in the forts. There are hundreds of millions of dollars invested in the coast artillery and field artillery which would be ineffective without the aerial auxiliary.

The balloon to be presented has been exhibited at the Aeronautic Exhibition at the Grand Central Palace recently. It is 80 feet long and has a hydrogen capacity of 25,000 cubic feet. It is of the type approved by the army and navy. The cost of establishing this school is only \$10,000, while the adding of even a dozen balloon operators, to train others, will be a most valuable contribution toward the defense of our country.

It is a fact, acknowledged by the military authorities of the warring nations, that no single factor is so powerful in war as the effective combination of artillery aided by airplanes and kite balloons. The daily reports of the military authorities contain brief mention of the extraordinary work done by artillery aided by aircraft, and the one aim of both sides at present is to attempt to destroy the aerial auxiliaries of the enemy's artillery.

## DANCE INVITATIONAL

The regular Saturday evening dance at the National Guard armory is strictly invitational.

These dances are given for those who wish to enjoy a pleasant evening on the best floor in the city and dance to the music of the best glee club. Admission 50 cents. Ladies free, with invitations.—Adv.

## RESERVE MEDICAL CORPS CALLED ACTIVE SERVICE

By an order just issued at Washington 21 men recently commissioned to the officers' medical reserve corps have been ordered to active service for a course of instruction. This is the first time that reserve officers of the medical corps have been called out. The instruction will take place in Washington and will be the same as given the medical corps of the regular army.

A centennial exposition is to be held in Gulfport, Miss., in December, 1917.

## Simple Laxative Remedy Best For Constipation

**Dr. Caldwell's Syrup Pepsin Gave Satisfaction When Nothing Else Would**

Nearly every one, at one time or another, suffers from constipation, or inactive bowels, and one of the few conclusions upon which the doctors agree is that regularity of the bowels is an essential to good health.

In the family medicine chest of most well-ordered households will be found one or more of the various remedies recommended for the relief of constipation. In the majority of homes today the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin is recognized as the standard laxative. Druggists everywhere report a constantly increasing demand for this splendid remedy which is sold for fifty cents a bottle.

Mr. James Ash, 102 Green St., Cumberland, Md., wrote to Dr. Caldwell that he found Dr. Caldwell's Syrup Pepsin the most effective remedy for constipation he had ever used and that he always keeps a bottle of it on hand for use when necessary.

Dr. Caldwell's Syrup Pepsin is a mild laxative, and does not gripe or strain, but acts gently and brings relief in an easy, natural manner. It

## TARGET PRACTISE BEGINS SUNDAY

The time when each of the three battalions of the 1st Inf. National Guard, will go to the Punchbowl range for target practise is stated and the following order issued by Col. Riley.

The 1st Battalion, Lieut.-Col. Gustave Rose, commanding, will conduct target practise on the Punchbowl rifle range, Sunday, March 18, 1917, and thereafter every third Sunday until further orders.

The 2nd Battalion, Maj. Charles M. Coster, commanding, will conduct target practise on the Punchbowl rifle range, Sunday, March 25, and thereafter every third Sunday until further orders.

Headquarters Company, Machine Gun Company and Supply Company, 1st Regiment, Hawaiian Infantry, are assigned to the 2nd Battalion for target practise.

The 3rd Battalion, 1st Regt. Hawaiian Inf., Maj. Arthur W. Neely, commanding, will conduct target practise on the Punchbowl rifle range, Sunday, April 1, and thereafter every third Sunday until further orders.

The regular army course will be fired. A hot meal will be furnished at noon.

The commanding officer, Supply Co., will furnish the necessary subsistence and transportation for same for furnishing the hot meal mentioned in paragraph 5, this order, commencing Sunday, March 18, 1917, until further orders.

The respective battalion commanders will make requisition each week for the number of rations required for their battalions for the following Sunday.

The Machine Gun Company, Capt. Lawrence M. Judd, commanding, will proceed by marching, Saturday, March 24, 1917, at 1:30 p. m., to the Punchbowl military reservation for overnight camp. The C. O., Supply Co., will furnish the necessary subsistence and transportation.

## ARE YOU BEING SLOWLY POISONED?

The most eminent physicians recognize that uric acid stored up in the system is the cause of gout and rheumatism, that this uric acid poison is deposited in the joints, muscles, or nerve sheath. By experimenting and analysis at the Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called Anuric, which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain Anuric (double strength) at any drug store and get relief from the pains and ills brought about by uric acid.

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous uric acid, which settles in the tissues of the feet, ankles, wrists or back as uric salts; or under the eyes in bag-like formations.

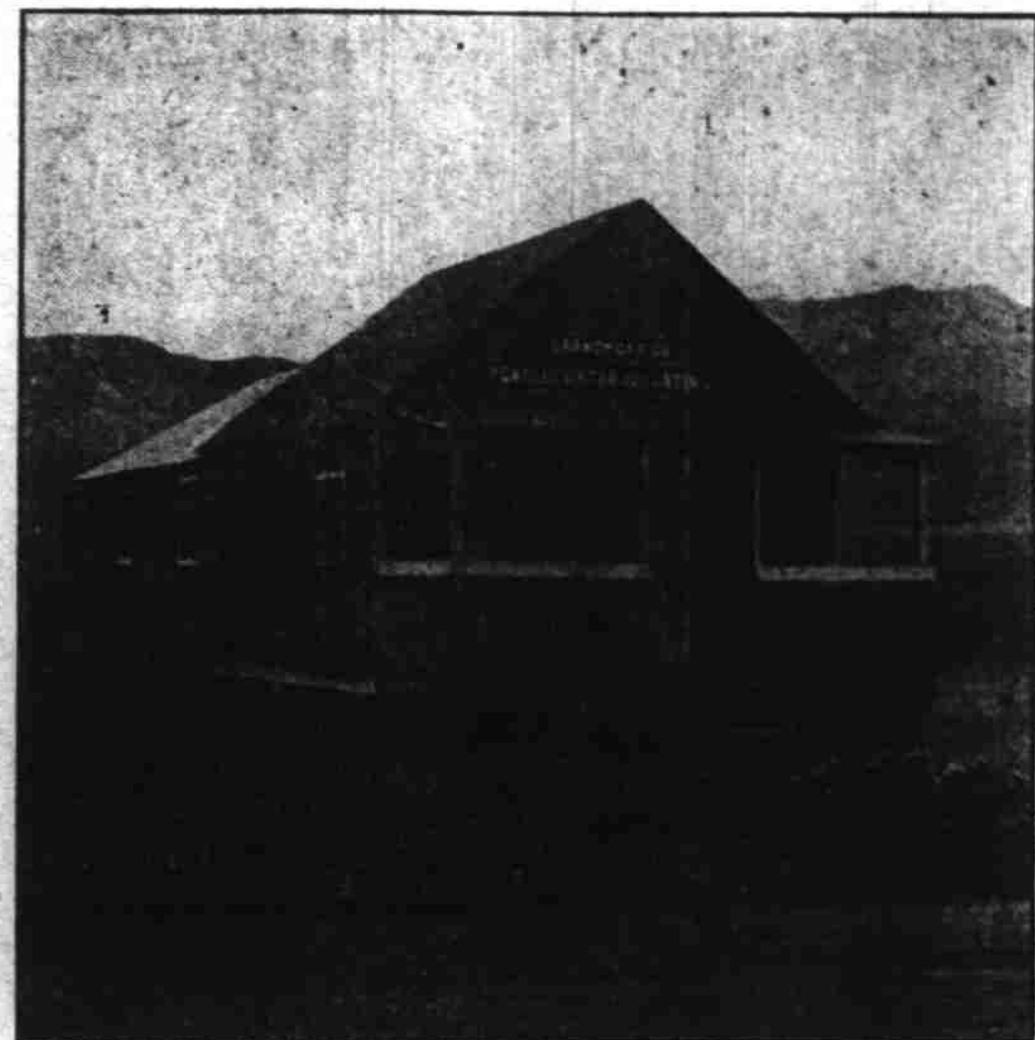

It is just as necessary to keep the kidneys acting properly as to keep the bowels active to rid the body of poisons.

The very best possible way to take care of yourself is to take a glass of hot water before meals and an Anuric tablet. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a cleansing and tonic effect.

Step into the drug store and ask for a 50-cent package of Anuric, or send Dr. Pierce 10c, for trial pkg. Anuric—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.

—Adv.

## SUGAR MARKET IS HIGHLY ERRATIC ON VARYING NEWS

Raws Are Influenced By Cuban and War News and Strikes Affect Refined Price

(Special Correspondence News & Callaghan, 99 Wall Street.)

NEW YORK, N. Y., March 2.—An uncertain and erratic market has ruled during this week and although conflicting influences have entered into consideration to sway sentiment favorable and adversely from time to time, still the general feeling has been sufficiently firm to force an upward trend of prices. Sales of Cubas for March shipment at the close of this week at 4 1/2c c.i.f. and of Porto Ricos, also for March shipment, at 5 1/4c basis 96 deg. c.i.f., show advances of 3-16c for Cubas and 12c for Porto Ricos as compared with prices paid at the close of last week for like sugars in these positions. On account of an accumulation of sugars in nearby positions and the inability of refiners to handle same because of strikes, some pressure to sell developed early in the week, resulting in moderate sales of Cubas in port, afloat and for prompt shipment at 4 1/2c basis 96 deg. c.i.f., and of Porto Ricos at 4.96c and 5.02c basis 96 deg. c.i.f. Holders then further advanced their ideas and business ensued from day to day to refiners and operators at 4 1/2c basis 96 deg. c.i.f. for Cubas and at 5 1/4c basis 96 deg. c.i.f. for Porto Ricos, all for prompt and March shipment. The Cuban political situation has had a direct bearing on the tendency of the market which grows firm and then wavers as alternate reports are received, advising better or poorer prospects of a prompt termination of the uprising. At the close the market is steady at last prices. During the week, sales aggregating over 20,000 tons of Cubas were made at 4 1/2c basis 96 deg. c.i.f. Cuba for March loading to an operator for foreign account, presumably to be shipped to England.

Rather abnormal conditions have prevailed in the refined market, refiners' quotations ranging from 7c to 8c less 2 1/2c for granulated. The inability of refiners to make prompt deliveries, on account of the accumulation of previous orders on their books due to strikes, makes it difficult to do business. Although distributors and manufacturers are generally bare of stocks of refined and are anxious to obtain immediate supplies, still refiners are not in a position to guarantee very prompt shipment, and in consequence the trade, who are already covered with contracts, are not disposed to do further buying at the prevailing prices without assurance as to when they will receive the sugar. Strike conditions are understood to be improving with refiners now affected, all refineries that were tied up now being in operation with reduced capacities. Refiners are not in a position to accept export business in refined for prompt shipment, but some export refined business is being done from second hands at 5.90c to 6c net cash f.o.b.

As stated in the Star-Bulletin Wednesday to be the intention of Attorney Lyner, he late that afternoon filed two more damage suit cases against the Honolulu Rapid Transit & Land Company in connection with the auto and street car smash at the corner of Merchant and Fort streets several days ago.

Miss Florence Vollins and Mrs. H. D. Collins, both of whom were hurt in the accident, the latter quite severely, each ask for \$3750 damages.

The total now asked for Jack Frazier (Frazier) and the two women passengers is \$12,000.

## \$12,000 ASKED RAPID TRANSIT

As stated in the Star-Bulletin Wednesday to be the intention of Attorney Lyner, he late that afternoon filed two more damage suit cases against the Honolulu Rapid Transit & Land Company in connection with the auto and street car smash at the corner of Merchant and Fort streets several days ago.

Miss Florence Vollins and Mrs. H. D. Collins, both of whom were hurt in the accident, the latter quite severely, each ask for \$3750 damages.

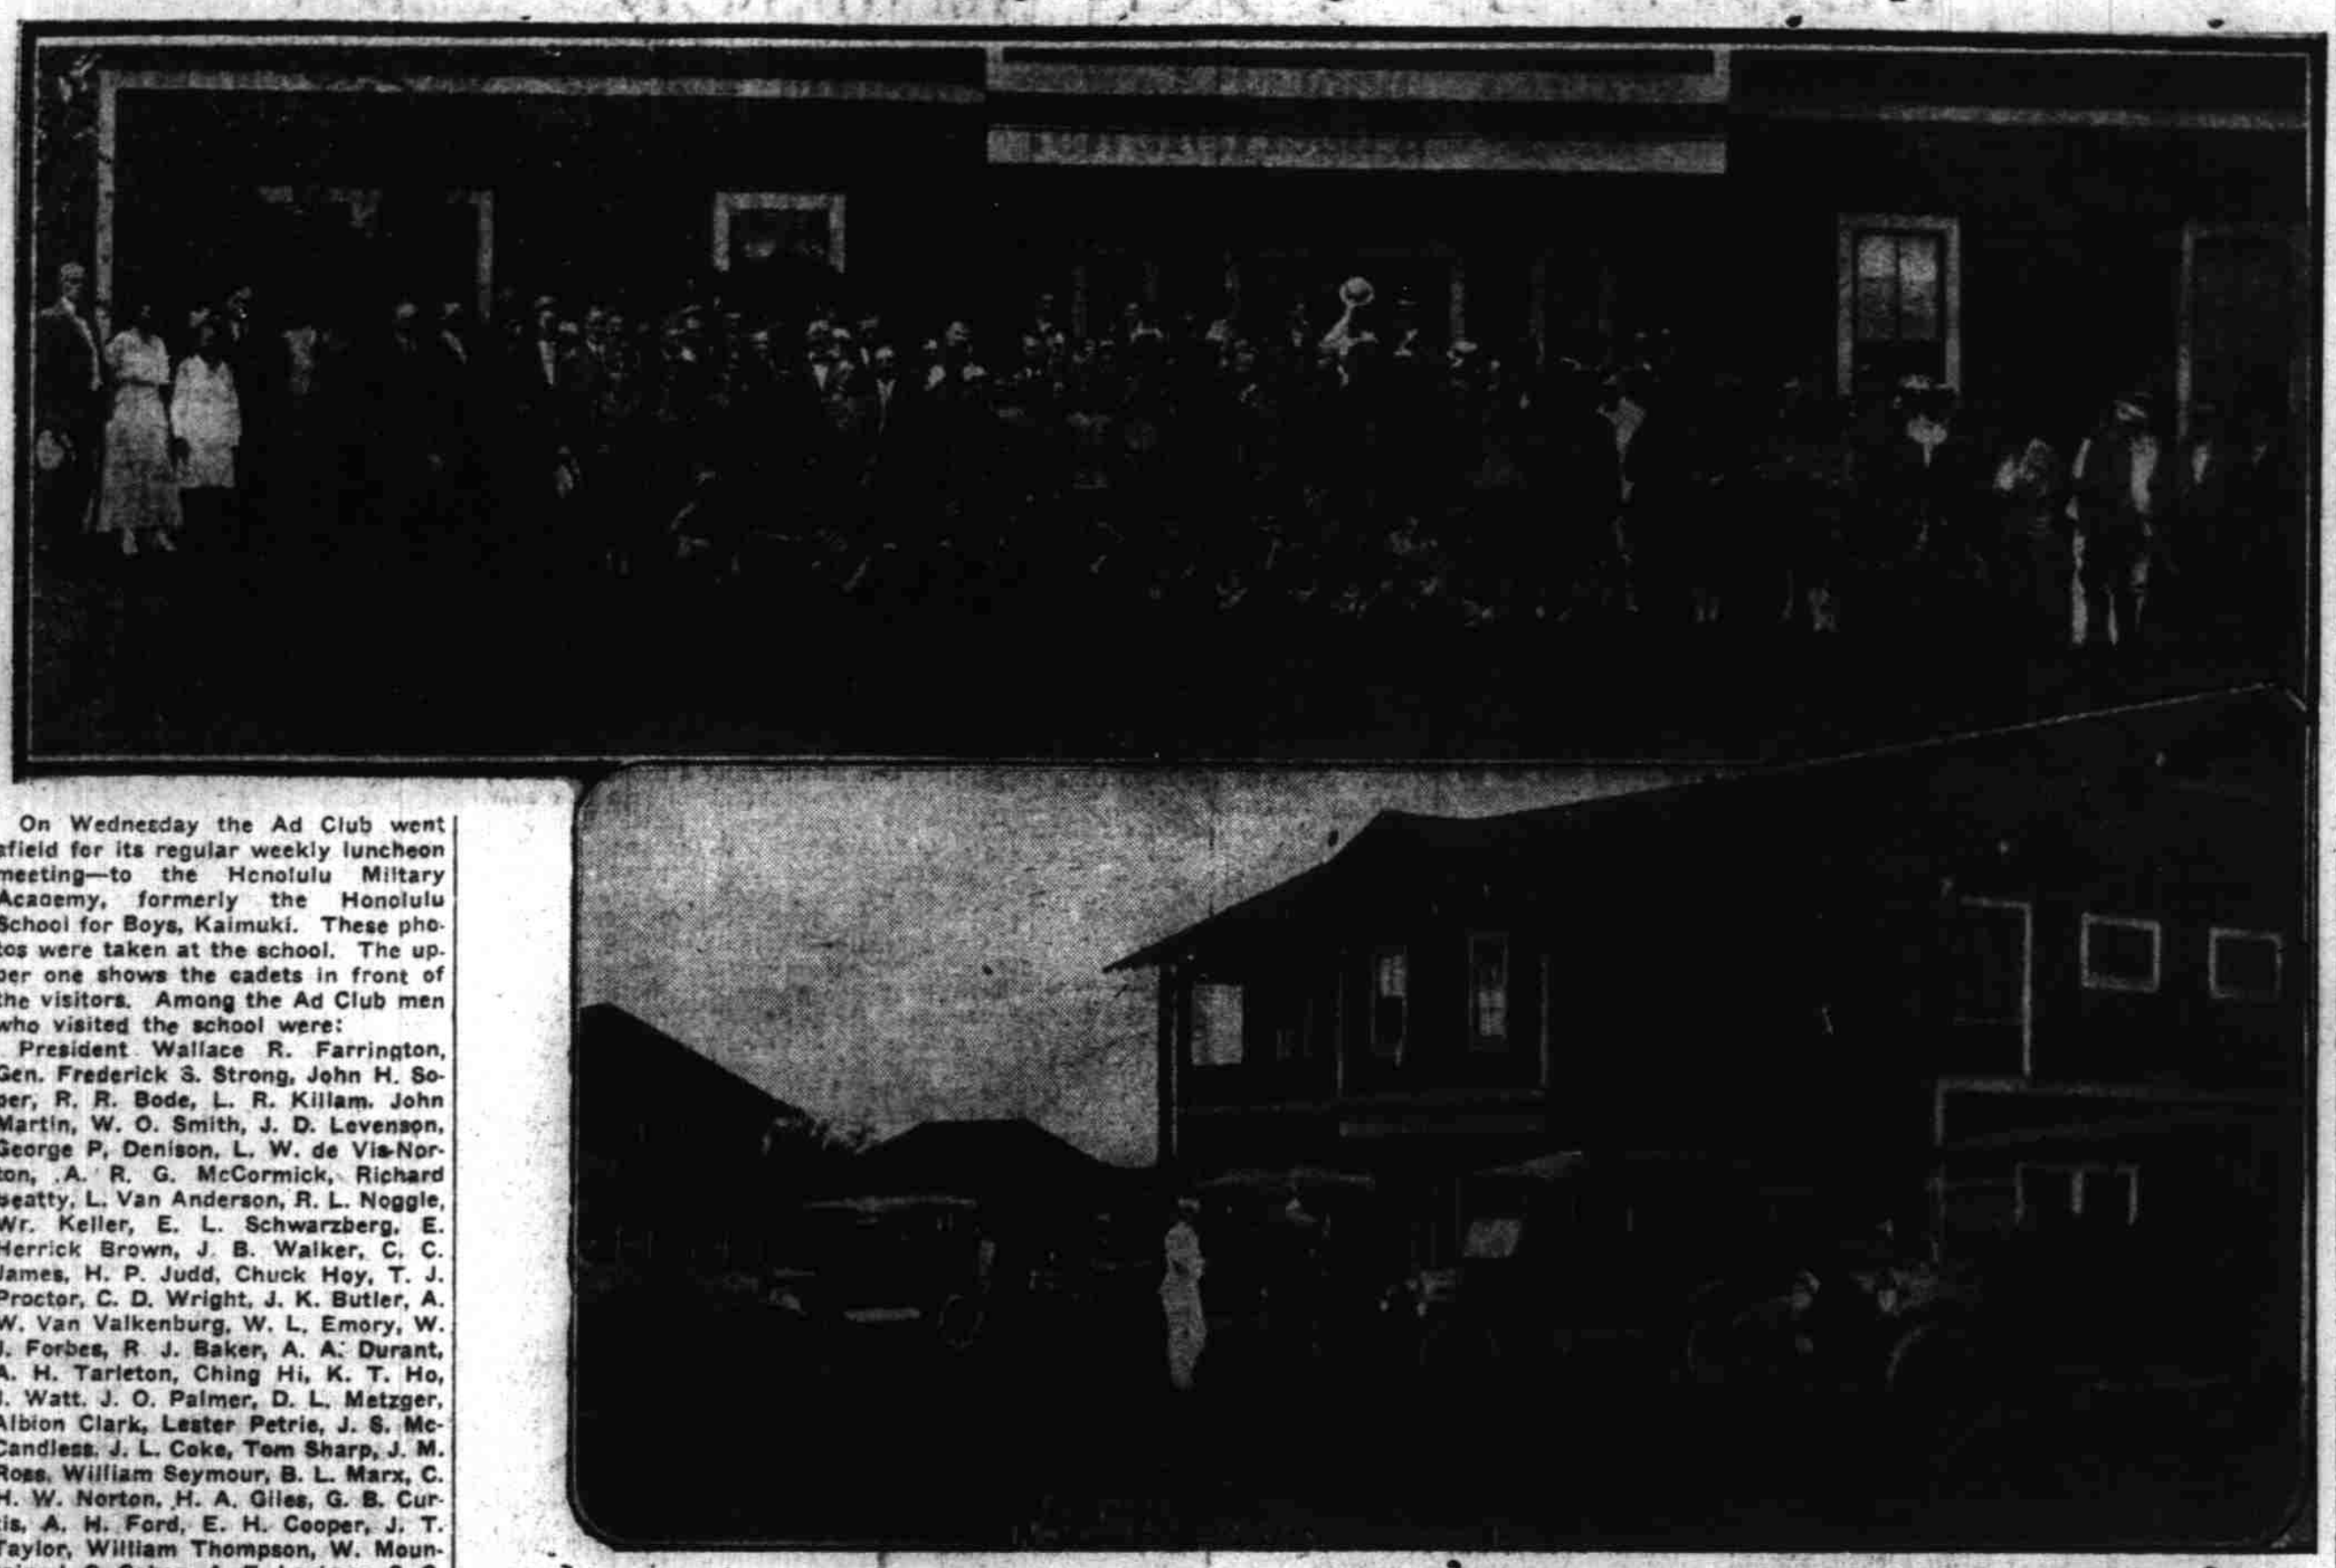

## FORMER NAVY MAN SAYS WAR ON PACIFIC OCEAN WOULD NOT BE NOTICED

Possibility of war with Germany is very remote is the belief of Com. W. S. Harshman, retired, U. S. Navy, who left yesterday on the transport with Mrs. Harshman for Manila; at least he thinks that a state of war with Germany would be little more than a form of war in the Pacific and that the people of this section of the world would scarcely feel it.

Harshman was connected with the navy department for 35 years, being retired for disability. He has been a naval instructor and for years was with the nautical almanac which is published in Washington, D. C., for the navy department.

In event of war Harshman would be called back into service. The visitors have been at the Hawaiian Hotel.

## Ad Club Visits Honolulu Military Academy, Sees Well-Disciplined Cadets

On Wednesday the Ad Club went afield for its regular weekly luncheon meeting—to the Honolulu Military Academy, formerly the Honolulu School for Boys, Kaimuki. These photos were taken at the school. The upper one shows the cadets in front of the visitors. Among the Ad Club men who visited the school were:

President Wallace R. Farrington, Gen. Frederick S. Strong, John H. Soper, R. R. Bode, L. R. Killam, John Martin, W. O. Smith, J. D. Levenson, George P. Denison, L. W. de Vis-Norton, A. R. G. McCormick, Richard Beatty, L. Van Anderson, R. L. Noggle, W. R. Keller, E. L. Schwartzberg, E. Herrick Brown, J. B. Walker, C. C. James, H. P. Judd, Chuck Hoy, T. J. Proctor, C. D. Wright, J. K. Butler, A. W. Van Valkenburg, W. L. Emory, W. J. Forbes, R. J. Baker, A. A. Durant, A. M. Tarleton, Ching Hi, K. T. Ho, J. Watt, J. O. Palmer, D. L. Metzger, Albion Clark, Lester Petrie, J. S. McCandless, J. L. Coke, Tom Sharp, J. M. Ross, William Seymour, B. L. Marx, C. H. W. Norton, H. A. Giles, G. B. Curtis, A. H. Ford, E. H. Cooper, J. T. Taylor, William Thompson, W. Mountain, J. C. Cohen, A. E. Larimer, S. C. Huber, H. L. Kerr, A. F. Wall, Ed Towse, J. O. Young, C. S. Mettler, H. W. Vaughan, J. Lewis, W. D. Adams, W. S. Williams, Jr., H. B. Bailey, Robert Horner, E. H. Lewis.

## Fashions Are Now "Made In U.S.A."

(By Associated Press.)  
CHICAGO, Ill., March 16.—The founding of fashions in women's garments which could be regarded as truly American, distinctive and sane and yet flexible enough to give play to individual ideas is the purpose of a movement backed by various women's organizations which will find expression in the semi-annual convention and fashion show of the Fashion Art League of America, which opened here this week.

The movement toward simplicity and sanity and the avoidance of freak styles has the backing of the General Federation of Women's Clubs of America and of the Art Institute of Chicago, both organizations having endorsed the basic theories.

Membership in the Fashion Art League includes dressmakers in towns from Manitoba to Texas and from Salem, Mass., to Salem, Ore., whose ideals are to create styles in harmony with the lives and aims of American women.

Success in the attempt of the league would transfer the style creators for American women from Paris to America.

The delegates will be addressed by noted speakers. Open competitions will be held for the display of designs and sartorial creations and a public style show has been arranged where models of various garments will be displayed.

## W. H. HUTTON NEW INSPECTOR

W. H. Hutton is the new liquor license inspector. At a meeting of the liquor license commissioners Wednesday afternoon he was unanimously selected to fill the vacancy made by the death of W. F. Fennell.

The new inspector has been in Honolulu about three years, spending most of that time with the police department as secretary to Capt. McDuffie of the detectives. For a short time he was probation officer, resigning a position which he handled successfully, for family reasons. He is also one of the most prominent and active scoutmasters in the Boy Scouts of Hawaii.

Hutton has announced no assistant but it is understood that he will retain the present incumbent, Jack Roberts, who was appointed by Fennell shortly before the latter's death.

Although McDuffie is sorry to lose Hutton's service he is glad that Hutton got the better position and promises the hearty cooperation of his department in the new work.

Richard Sack of Richmond, S. I., who was convicted two weeks ago of complicity in the automobile insurance frauds, was sentenced to Sing prison for one year.

## ANSWER MAILED IN BROWN CASE

Attorney General I. M. Stainback yesterday forwarded to the fifth judicial circuit, Kunal, the return of respondents in the mandamus proceeding instituted by Henry C. Brown, discharged Walama school teacher, against Henry W. Kinney of the department of public instruction, and members of the school commission.

It will be recalled that Judge Lyle Dickey of Kaula recently overruled the demurrer filed by the territory in the case, and ordered it to show further cause why a writ of mandamus should not issue.

In the document filed yesterday the respondents deny that Henry C. Brown, petitioner, is now principal of the Walama school or principal or teacher of any school in the territory, or entitled to teach in the same.

Admitting that they have refused since August, 1916, to allow the petitioner to teach in the territory, the respondents deny that his refusal is unlawful or wrongful. They deny there is any lawful contract between the department and Brown to keep him in the service.

Following various admissions and denials of like tenor, they declare in closing that Brown's contract expired on August 31, 1916, and that "for the good of the department the said petitioner was not reemployed or reappointed as a teacher in the public schools of the territory of Hawaii."

The respondents ask in concluding that the alternative writ of mandamus be discharged and they be dismissed with their costs.

## TO TELL CONVENTION OF WORK IN HAWAII FOR CHINESE YOUTH

At the afternoon session of the Honolulu Young Peoples' Convention, Rev. Norman C. Schenck will deliver an address on "The Young People and the Ideals of Their Organizations." Rev. Schenck is in charge of the Chinese work of the Hawaiian board and through his work among the Chinese young people of this territory and his previous service on the mainland has had experience which will make his address especially valuable. Pastor D. C. Peters will also speak at the afternoon session and the chief speakers of the evening will be Hon. S. C. Huber and Bishop Leonard.

## TO SELL PEANUTS AT LOS ANGELES BEACHES

To operate peanut stands at the various beaches near Los Angeles, where he will sell the Japanese variety under the name of the "Royal Hawaiian Peanuts," E. B. Webster, financial genius, is booked to sail on the Wilhelmina next Wednesday. He has shipped a half-ton of the peanuts and expects to make a good thing out of them, he says.

Mirrors hanging outside of the Dutch houses enable the residents seated inside to see the doings of the street in front.

## ADDITIONAL TELEGRAPH NEWS

TEXAS GOVERNOR CLEARED; NO CAUSE FOR IMPEACHMENT

(Associated Press by Federal Wireless.)  
AUSTIN, Texas, March 16.—The Over-see Agency made public last night what is claimed to be despatches from the commander of the Black Sea fleet. The reports are said to have come via Vienna and assert that the Teutons and their Turkish and Bulgarian allies have been successful in their recent attacks upon the Russians in port at Sebastopol and Trebizond, the last Armenian port the Russians under the Grand Duke Nicholas captured from the Turks. The despatches claim that during the week four Russian transports loaded with troops for the Armenian campaign were sunk in the harbor, either by mines or torpedoes.

(Special Cablegram to Hawaii Shiping)  
TOKIO, Japan, March 16.—Wuog Dai Kwei, minister of education, who has been sent here by President Li as the special envoy of the Chinese republic, arrived yesterday with a message from the president and the highest decoration of China, which will be presented to Emperor Yoshihito of Japan. He will be invited to the imperial palace as a national guest.

(Special Cablegram to Hawaii Shiping)  
TOKIO, Japan, March 16.—Lieutenant Commander T. Isobe, retired, of the Japanese navy, who was engaged in the battle of Yerdan as a lieutenant of the French aviation corps, has been honored with one of the highest decorations by President Poincare. Isobe was badly injured by a fall when his machine was fired on by a German troop while he was on an important mission.

(Associated Press by Federal Wireless.)  
SHANGHAI, China, March 16.—The Chinese naval authorities yesterday seized German ships tied up in the Whang Poo river. The German vessels taken are the Albenza, the Deike, Richmora, Meidach, Meirer and Sikiang. The seizure was accomplished with no incident.

## CHINA SEIZES HALF DOZEN GERMAN REFUGEE SHIPS

(Associated Press by Federal Wireless.)  
TOKIO, Japan, March 16.—The Chinese naval authorities yesterday seized German ships tied up in the Whang Poo river. The German vessels taken are the Albenza, the Deike, Richmora, Meidach, Meirer and Sikiang. The seizure was accomplished with no incident.

## AUTO DEALERS PROTEST BILL

Local automobile dealers and their representatives appeared before the senate committee in a hearing yesterday to voice their protests against a bill, said to have been drafted by Judge C. W. Ashford, providing for attachment of automobiles or other vehicles as damages by persons injured in collisions.

Having listened to the arguments against the bill, the committee finally decided to await action until Judge Ashford had been invited to express his views on it.

Two bills were tabled by the committee yesterday. House Bill 116 and Senate Bill 49. The former provided that the time of issuing election proclamations should be 20 instead of 30 days before election. The latter sought to change the required sum in certified checks for contract bids from 10 per cent to 5 per cent of the bid.

Senate Bill 64, which provided for the correction of an evident typographical error, was passed as proposed.

Proposed increased freight rates on grain and flour from Minnesota and other parts of the north to gulf ports for export were suspended by the Interstate Commerce Commission until June 15 for investigation.

Gross earnings of the Boston Elevated in January show an increase of \$122,000 over January last year.

## 'STEVE' BRODIE TAKES A CHANCE

"Steve Brodie took a chance." That phrase has gone down in history and Honolulu had a real interpretation of the affair Wednesday evening at Heinie's Tavern. Todd Cook was host to a party of friends and "Steve" Brodie, noted sportsman, was among those present.

After the guests had been seated, Brodie made a number of remarks about satisfying the inner man, and after a few minutes four orders of ham and eggs were placed at his plate. This was not sufficient, and the sportsman cried: "My kingdom for a chicken." Manager McBride, desirous of filling the wants of his guest, departed.

A few minutes later the waiter brought in a large covered platter, and when Brodie lifted the cover he found a real live chicken. Four minutes later an officer entered the tavern and laid the hand of the law upon Brodie. "I want the man who took a chicken from a neighboring roost," said the officer, and Brodie denied that he had anything to do with the affair, but the officer refused to allow any excuses and Brodie was led from the table. "Daddy" Silverwood and J. Morton Riggs said that they would stand sponsor for the alleged chicken lifter, and furthermore offered to go his bail. Brodie was released, and he is now looking for the person who was responsible for the affair.

## FRENCH DECORATION WON BY JAPANESE AVIATOR

(Special Cablegram to Hawaii Shiping)  
TOKIO, Japan, March 16.—Lieutenant Commander T. Isobe, retired, of the Japanese navy, who was engaged in the battle of Yerdan as a lieutenant of the French aviation corps, has been honored with one of the highest decorations by President Poincare. Isobe was badly injured by a fall when his machine was fired on by a German troop while he was on an important mission.

## MANY NEW ROADS OPEN TO PUBLIC

Road construction in Honolulu is progressing at a rapid rate and several roads have been opened to traffic.

On Kalaikaua avenue the makai side is open to the Moana hotel so that automobiles can drive directly into the grounds. Further road work, however, has been delayed for a time to permit the Rapid Transit to get ahead with the installing of its tracks. The company is working as fast as possible but it will be two or three weeks before construction on the mauka side can begin.

In the Beach Walk improvement district all of the streets have been opened to traffic except the connecting strips where the roads touch Kalaikaua avenue. This does not stop traffic, however, as boards have been placed across the concrete.

## BILL FIXES RATE OF INHERITANCE TAXES

Following out recommendations by the tax commission, a bill has been introduced in the house fixing the following rates of inheritance tax:

One and one-half per cent on amounts between \$5000 and \$20,000; two per cent between \$20,000 and \$50,000; two and one-half per cent between \$50,000 and \$250,000; four and one-half per cent over \$250,000. This does not apply to aliens.

## VILLISTAS TAKE PARRAL; PANCHO AGAIN IN RING

Reports Say Bandit Leader is Heading Army En Route For Chihuahua

(Associated Press by Federal Wireless.)  
EL PASO, Tex., March 16.—Reports that Villistas are again on the war path and have recaptured Parral, after a hot fight with the de facto government forces reached here yesterday afternoon. It is also reported that Villa himself is now marching toward the City of Chihuahua, from Mazatlan, which he entered the first of this month, and where he is reported to have killed two Americans. The capture of Parral took place Saturday, and his men immediately afterwards began their march toward Chihuahua. United States troops will be sent to Elephant Butte dam to protect the extensive irrigation works dependent upon that reservoir for supply. It is said that secret service men have reported to the government that they are watching foreigners, and it is feared that a plot is afoot to dynamite the dam.

## PRICE OF ONIONS DROPS FOR ARMY

Proposals for substance supplies for the United States army during April were opened Thursday morning at the United States quartermaster's department. There were 15 different articles bid on. Most of the bids ranged close to the usual price but a bid of 3.1 cents per pound for onions was several cents lower than last month's offer and also than the other bids for onions.

The bids awarded are as follows:

Dried codfish, 360 pounds, 12.99 cents per pound, Theo H. Davies & Co.; rice, 15,000 pounds, 4.94 cents, Fred Waldron; fresh potatoes, 250,000 pounds, 4.2 cents, California Food Company; fresh onions, 30,000 pounds, 3.1 cents, Fred Waldron; R. & R. coffee, 28,500 pounds, 21 cents, H. Hackfeld & Co.; roasted coffee, 350 pounds, 21 cents, H. Hackfeld & Co.; sugar, 113,000 pounds, 7.24 cents, H. Hackfeld & Co.; bacon, 2400 pounds, 28.4 cents, Henry May & Co.; full cream cheese, 3600 pounds, 23.2 cents, H. Hackfeld & Co.; ginger crackers, 144 cartons, 7.5 cents, and soda crackers, 312 cartons, 7.5 cents, all to Lovell's Bakery; flour, 10,192 pounds, 4.375 cents, Union Feed Company; gelatin, 384 packages, 12.25 cents, H. Hackfeld & Co.; ham, 5000 pounds, 24.2 cents, Henry May & Co.; macaroni, 6000 packages, 6.1 cents, H. E. Hoffman; tomato catsup, 600 bottles, 18.25 cents, H. Hackfeld & Co.

Monday night will mark the close of the exhibition of Charles W. Bartlett's watercolors and wood-block prints at the home of Mrs. C. M. Cooke at Berea and Kapiolani streets. A large number of visitors have called daily since the opening of this interesting collection to public view and a number of the pictures and prints have been sold. Some will remain here as the ornaments of numerous private homes in the territory and some will be taken away by visitors to Hawaii who have fallen under the spell of Bartlett's colorful delineations of the life of the Far East. None will be removed from the Cooke home until after the close of the exhibition.

The exhibition of Bartlett's works is entirely due to the efforts of A. R. Gurrey, Jr., to whom credit must be given for affording to Honolulu people a rare opportunity to enjoy artistry of such high order as the English painter's. The rooms will be open to the public until 6 o'clock today, Saturday and Monday from 10 to 5 o'clock. Sunday afternoon from 2 to 5 and Saturday and Monday evenings, Miss Jessie Shaw and Miss Mae Fraser are in charge.

## PALAMA SETTLEMENT CAMP AT WAIALUA IS ENLARGED FOR THIS SUMMER'S WORK

Palama Settlement's summer camp near Waialua is being enlarged so that its accommodations will be increased about 20 per cent. Last year for 10 weeks an average of 50 persons in need of a vacation in the country air was maintained, but with the addition now of a nurse and caretaker's cottage there will be room this year for 60. Headworker James A. Rath, who returned recently from a supervision of the work, says the buildings are nearly finished. He also reports the shrubs about the place growing rapidly.

## NEW YORK BOYS WILL GET MILITARY TRAINING

(Associated Press by Federal Wireless.)  
ALBANY, N. Y., March 16.—Governor Whitman yesterday signed a bill providing for military training for all boys in the state of New York between the ages of 14 and 19 years. The instruction is to be compulsory in future.

## PORTLAND WINS TWICE AT BALL YARD THURSDAY

### Crumpler and Penner Prove to Be Real Stars for Day; Two Pitchers Go Route

In the Alcha battle at Athletic Park yesterday afternoon, the almost All-Chinese came within an ace of sending the Portland Huskies back to the mainland with the Patti game a defeat. And it was due to great work on the part of "Lefty" Crumpler that Portland was held down to five hits.

Portland was outlasted yesterday afternoon two to one, and had it not been for a rather weird decision by Henry Chillingworth at first, the local team might have scored a victory. Crumpler turned in one of his best performances in one inning was responsible for three runs, coupled with a homer by Stump, after Chillingworth had given a life to Williams. Even the Portland representatives admitted that Henry pulled a lose one on that play.

Portland scored in the second inning when Williams was called safe, and then Stump hit a ball over the left field wall, which would have been an out in any other park. Crumpler then hit Walter and Penner and walked Bigbee, and Walter scored on an infield out. Williams tripled in the fifth and two errors gave Portland another run. From that time on the Fort Kamehameha twirler had the heavens at his mercy, and his sharp hooks sent the Beavers back to the bench. Hollocher, Williams and Stump were the only Portlanders who did not retire by the strikeout route.

**Bigbee Outpitched**

Bigbee, who heaved for Portland, was outpitched throughout, and had the locals taken advantage of opportunities would have won out. Two hits by Yen Chin and En Sue, with a walk to Kai Luke, gave the Chinese a run in the third. An error and hits by Ayau and Kai Luke gave them another in the fourth, and Moriama, Swan and Ayau singled in the fifth which gave them one run, but with three men on bases Kan Yen hit into a double play.

The Chinese had men on bases in every other inning, but could not score. Three men on in the eighth and two in the ninth failed to produce a run.

Crumpler showed enough to entitle him to a heap of credit, and when it was suggested in the Star-Bulletin that Crumpler would help the Chinese many were doubtful about the outcome. The Portland men were asking all kinds of questions about the south-side heaver after he had pitched a few innings. Crumpler is going to be a star some day, but he will have to learn how to pitch with men on bases. He gave about the best exhibition of pitching that has been seen here in some time.

**Penner Stars**

Kenneth Penner pitched great ball for Portland against the Wreckers and held them to two hits throughout. Swinick and Johnson were the only Schottfield players to secure a hit. Morgan was hit rather hard and loose play combined to give the visitors a total of nine runs.

Penner and Bigbee are the first pitchers in a training camp to pitch a full game, according to the Portland men, and McCredie believes that this climate has been responsible for it. Penner is expected to be one of the regular staff men when the club begins the season.

It has been rumored that Henry Chillingworth will be recommended to Bob Blewett or Allan Baum. Judge McCredie thinks that the local arbiter is one of the best men that he has seen in a training camp and when he goes to the coast will tell Baum where he can find a real umpire. One of the Portland boys has already recommended the local arbiter to the president of the Northwestern League.

**DEMOCRATIC SPIRIT OF  
PRINCE OF WALES SHOWN**

(By Associated Press)

LONDON, Eng. — The prince of Wales, who was in London on leave recently was walking with a brother officer when he found the woman driver of an official car in difficulty owing to a breakdown.

The two young officers came forward to help her, and the prince of Wales spent nearly twenty minutes in one-sided efforts, which happily ended in the engine again running smoothly.

As she was thanking her unknown assistants, the prince looked at his wrist-watch and remarked: "Heavens! I shall be late." So the young woman said: "Jump in, and I'll take you anywhere you like. It's the least I can do after the trouble you've pulled me out of. Where do you want to go?"

"Thanks awfully," was the reply. "Home please."

"Where's home?" she inquired, smiling at the way he had naively imagined his address would be known.

It was only when he replied: "Buckingham palace," that she realized that her principal mechanic had been the heir apparent.

**STRIKE AGAINST WOMEN**

(By Associated Press)

ROME, Italy. — In an effort to prevent the employment of women the male conductors and motor men of the municipal street cars of Rome recently went on strike. It has also been stated that the strikers hoped by the elimination of the women to insure their freedom from military service. Previous to striking, the secretary of the Roman section of the Socialist party called on the president of the street car system and demanded that the school for women conductors and motormen be discontinued. The demand was refused, the strike was called, but put down within a day by the military authorities.

## Y. M. ATHLETES STAR IN GAMES

Nineteen thousand eight hundred twenty-six points, the result of two weeks' work on the part of 195 of the Y. M. C. A. boys, is the record which was mailed to New York on the Great Northern this morning as the mark made by the local Y. M. C. A. in its annual track contest against the Y. M. C. A. of the world.

Ever since March 1 the boys have been after another taken the six events and vied with each other in attempting to get "on the list"—meaning among the best eight in each weight class. The boys are divided into weight classes so that the little fellow has the same chance as the overgrown youth since his efforts count for proportionately more.

Abraham Kalekau is the star of the whole meet and he is to be given a gold medal as a reward for his efforts. Abraham won 607 points, thereby averaging better than the perfect 100 for his six events. He weighs just under 110 and was in the "intermediate" weight class. And yet he holds the highest record not only in points, but in actual height made in the high jump and distance, covered in the fence snap. He jumped 4 ft. 9 in. and excelled 195 boys in this event.

His nearest competitor is little James Whittle, who won 603 points and came within five points of tying up Kalekau. It was a great race between the two. Whittle is a "midget" and weighs under 80 pounds. He is built splendidly for all-round competition and being in the smallest weight class his records received much greater pointage than Kalekau's.

Last year the Honolulu association boys' department sent in a total of but 17,400 points and received seventh place. With 2440 points increase the local boys are hoping high for the first gold and the bronze plaque.

The highest number of points made in any single event was 160, won by James Whittle for broad jumping, 7 ft. 10 in., a record many larger people would have difficulty in equaling.

The big sheet which carried the final results to New York had on it 15 records. These are the best eight records made in six events for each of five weight classes. In all, over 1000 different records were taken on the boards from which these 140 were selected, and the physical department staff of the association is glad the order is over.

The next international event is the swimming pentathlon, which occurs the first two weeks in April. This is Honolulu's easiest sailing and a repeat of last year's first place is looked for.

**Jerome Travers BELIEVES MEDAL PLAY BEST TEST**

\*\*\*\*\*

**FORMER CHAMPION GIVES ADVICE**

Jerome Travers, former open golf champion, offers five suggestions in compact, concrete form to those who desire a change for the better in golfing steadiness or unsteadiness.

1. Practise concentration — keeping your mind as well as your eye on the ball.
2. Make up your mind to accept a bad lie or some bad luck as part of the game and to be expected.
3. Play each shot as it comes, without regret over past mistakes or worry over future troubles.
4. Practise the short game, shots around the green, at every possible chance. It is here that scores are reduced.
5. Practise with the brain, as well as with the arms and legs. Cultivate brain control over muscle.

\*\*\*\*\*

Which is the fairer championship test at golf—match play or medal play? If there is one golfer in this unprepared commonwealth of ours who should know, it is Jerome Dunstan Travers. Travers has won the amateur championship at match play on four occasions. He has won the open championship at medal play once. He has been over both routes. He knows the comparative value of each.

"There is no argument here at all," said Jerry. "The fairer, surer test is over the medal route. That is why I believe our amateur championship should be settled by 27 holes of medal play, rather than by the match play system, which is entirely too complicated, which takes entirely too long and which isn't nearly as fair a test."

"The golfer who finished first in a 72-hole test would be playing better golf than any one else. He could get there in no other way. But in our present system of match it is easily possible for a man to win the championship and play only one or two rounds of high-grade golf. It is as much a matter of luck as it is a matter of golfing skill."

**Draw Element of Luck**

"Entirely too much depends upon the draw. One man may have an easy road ahead and the other have a star to beat every day. In Detroit Chick Evans shot a 75 his first round, and was still beaten the first day. On the second day I had a 75 and was dropped out. Yet Sherrill Sherman went to the semi-finals without playing a round under 80."

"I have talked to leading golfers from the East, the West and the South," continued Travers, "and with an exception they all favor having the amateur title decided over the medal route. There are two reasons for this—one that medal play is the better test. The other is that the tournament will then last only four days instead of a week."

"Why is a medal round the fairer display? Because practically all luck has been eliminated, and each man's ranking depends upon his ability to score, stroke by stroke. This has been proved well enough in England."

**British Use Medal Play**

"The world's three greatest golfers are Vardon, Braid and Taylor. No one disputes this statement. And among them by the medal play system they have won something like 16 of the last 20 championships of Great Britain."

"Do you know how many amateur champions America has had in 20 years? Exactly 12. Not because we have so many fine players, but because by match play the element of luck plays too big a part."

Travers takes his stand for medal play in spite of the fact that he is considered better and has always done better under match play conditions. His victory in the open tournament at Paltusrol was about his only medal play achievement, whereas he has won four amateur titles where match play was the test.

**PROSPECTS NOT TOO BRIGHT AT SUPERBA CAMP**

The Brooklyn club of the National League, champion of the circuit presided over by John K. Tener, approaches the difficulties of a new season in a very wobbly and uncertain condition. Unless Charles H. Ebbets or some of his ball players weaken the Dodgers will present a strange front when they take the field on the opening day.

The Dodgers are far from championship timber this year, compared with the array of talent that will be thrown into the field by other clubs. They would have a hard time keeping the pace against Giants, Phillies and Braves, even with their full strength, out in the open. The punch that carried them into the stretch last year is lacking this spring, for it doesn't carry sufficient power.

**Daubert at First**

On first base the Dodgers will have Jake Daubert, unless the Dodger star shows up in such bad health that he can't play ball. His contract, forced from Ebbets during the troublous days of the Federal League, has another year to run at a substantial figure, and he has little to worry about for the future. His health has been decidedly bad of late, however, and Fred Merkle may have a first base assignment.

George Cutshaw, demon second baseman who jumbled up the world's series for the Dodgers, probably will keep his station if he decides to sign a contract. At last reports he was holding out and had decided to quit the game. Fred Merkle is to be tried out at shortstop. He has done well in nearly every other position and may supplant Ivan Olson and the various other shortstoppers who have been given chances.

Third base isn't so much of a problem, for the veteran Mike Mowrey did a good job last year and probably will keep right on doing it.

**Johnston Ready**

Jimmy Johnston right now is the only outfielder definitely known to be ready to start the trip to Hot Springs. Hi Myers, Buck Wheat and Casey Stengel, the bulwark of attack and defense last summer, have been rewarded with slashes in their salaries. Naturally they are peeved and have announced there will be no signing by them until the original figures are put back. Ebbets has declared he will make another slash if they don't ship in the signed documents.

Otto Miller has the brunt of catching thrown upon him this year through the lack of a good running mate. Chief Myers is rapidly approaching the final bump in the decline. Zack Wheat, a good-looking youngster and a brother of the famous Buck, is going to take a shot at it, and may stick this time.

Ed Pfeffer is another Dodger whose salary has been nicked by Ebbets. He was one of the most consistent winners in the National League early in the season. He has refused to sign. Sherrill Smith is another.

Larry Cheney, Jack Combs, Rube Marquard and Wheeler Dell are expected to be on hand this year.

**CORNS PEEL RIGHT OFF WITH "GETS-IT"**

Two Drops, and the Corn is a "Goner!"

When you've got to walk on the sides of your shoe to get away from those awful corn-pains, there's only one common-sense thing to do. Put 2 or 3 drops of "Gets-It" on the corn right away. Pain and inflammation will disappear, the corn will begin to shrivel from that instant—then it loosens and falls right off.

There's no other corn-remover in the world that acts like "Gets-It." No new discovery has been made in corn-removers since "Gets-It" was born. Don't forget that fact. "Gets-It" does away forever with the use of salves that irritate, bandages that make a bundle of your toe, plasters that half do the work, knives and scissors that draw blood. Use "Gets-It"—no more digging or cutting.

"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Honolulu and recommended as the world's best corn remedy by Hollister Drug Co., and Benson, Smith and Company, Adv.

**SPRING TIME IS BEST FOR BUSH PLAYERS—HALL**

This ill yarn may be entitled, "How to Break in the Youngsters," and the gent who has the floor is Charles Hall, pitcher by trade, and a speaker by nature. Charles is with the Angels; he's no youngster, but has seen a lot of youngsters break in. He talks on the subject as follows:

"The spring is the only time to give the young ball player a trial. This stuff of bringing the youngster into last company during the last months of the season is all wrong, yes, all wrong."

"One of the chief difficulties of the young player breaking into last company is getting confidence. Say a lad is breaking in with the Angels. For a year or two he has been reading about Jack Ryan, about what a great pitcher Jack is. Well, naturally the lad wonders if he'll be able to touch Ryan."

"The team starts out in the spring. Ryan doesn't work hard for the first week for he doesn't have to. He takes it easy, not putting much on the ball. The lad bats against Ryan and hits the ball hard, as a result he feels more confidence in himself. As he goes along he feels more sure of himself, and the first thing you know the boy makes the team. He turns out to be a star, just because he got off at a good start."

"But, on the other hand, say that a young player gets a trial during the

## SPRING TIME IS BEST FOR BUSH PLAYERS—HALL

This ill yarn may be entitled, "How to Break in the Youngsters," and the gent who has the floor is Charles Hall, pitcher by trade, and a speaker by nature. Charles is with the Angels; he's no youngster, but has seen a lot of youngsters break in. He talks on the subject as follows:

"The spring is the only time to give the young ball player a trial. This stuff of bringing the youngster into last company during the last months of the season is all wrong, yes, all wrong."

"One of the chief difficulties of the young player breaking into last company is getting confidence. Say a lad is breaking in with the Angels. For a year or two he has been reading about Jack Ryan, about what a great pitcher Jack is. Well, naturally the lad wonders if he'll be able to touch Ryan."

"The team starts out in the spring. Ryan doesn't work hard for the first week for he doesn't have to. He takes it easy, not putting much on the ball. The lad bats against Ryan and hits the ball hard, as a result he feels more confidence in himself. As he goes along he feels more sure of himself, and the first thing you know the boy makes the team. He turns out to be a star, just because he got off at a good start."

"But, on the other hand, say that a young player gets a trial during the

last couple of weeks of the season. He is sent in to play the last few innings of a game. He goes to bat, and the pitcher puts all he has on the ball and the lad generally gets away at a bad start and loses confidence in himself. This generally causes the lad's downfall.

"The majority of the young players breaking in are good fielders, but it is the hitting that they are weak in. As far as fielders go, a good many of the semi-pros around the Southland can stick in the Coast League if all they had to do was field."

"My advice to a young player breaking into last company is to be in good shape when he hits the camp for he will be able to get the jump on the old timers and have a good chance of sticking."

Not a bad tip after all.

### RAILROADS CUT SERVICE

(By Associated Press)

MILAN, Italy. — The freight car famine is being made a subject of protest and investigation by the Milan Chamber of Commerce, as much of Italy's merchandise freight originates in this section. Because of the lack of coal and in order to accommodate military needs, the state railway is refusing such freight, has reduced its passenger traffic by half or to 72,000 miles, and has further discontinued free passes or reduced rate tickets except to commercial travelers. While the state railway possesses 103,000 freight cars, it has ordered 8,000 new ones to fill the gap made by the lack of Austrian freight cars. Formerly, in the heavy freight season, when extra cars were needed to transport the grape crop from the south to the north of Italy, for the purpose of making wine, additional cars were borrowed from Austria.

## CHINESE MEET OAHUS TONIGHT

Tonight's "Y" bowling—Oahu vs. All-Chinese.

With a record of 18 victories and only two defeats each, the Oahus and All-Chinese meet on the Y. M. C. A. alleys this evening to settle the championship of the first series. The match will begin at 8 o'clock. E. B. Keefe will be official scorer and the foul line will be carefully guarded.

Both of these two leading teams dropped a game each to the Hawaiians. The All-Chinese lost one to the Hawaiians while the Mid-Pacific took a game from the Oahus last week. This leaves the series sewed up with a dead tie that must be settled this evening.

Captain Soares will start Edgar Methven or George Cornes in the lead-off position. J. W. Canario will be anchor man and Carl Wikander No. 4. If Cornes starts, Methven will be No. 2 and Soares No. 3. Otherwise, Elisha Andrews will probably start at No. 3 with Captain Soares No. 2.

J. T. Young has announced the lineup of the All-Chinese as follows: Young, Lieut. Ho, Henry Yap and Francis Sing, Jacob Ching, K. T. Pong. There will be benches for spectators and it is expected that a number of bowling fans will watch these two crack teams settle their differences tonight.

The Certain-Teed Products Corp. of Baltimore was incorporated with a capital of \$25,000,000.

**—don't be content with taste alone**

You had to be—up to lately. But not any more.

Because this new Chesterfield Cigarette not only pleases the taste but, in addition, gives smokers a new kind of cigarette enjoyment—

Chesterfields let you know you are smoking—they "SATISFY!"

And yet, they're mild!

**GERMAN DESTROYER BATTERED IN FIGHT PREPARES FOR SEA**  
LONDON, Eng.--A despatch to Reuters' Telegram company from Ymuden, Holland, says preparations are being made aboard the German torpedo boat destroyer V-59, and that the indications are the vessel intends to make speedy departure. The destroyer was badly battered in a battle with British destroyers in the North sea late in January.

## FOR RENT

## AUCTION BULLETIN

We want to buy: Dressers, Chiffoniers, Buffets, Extension Dining Tables, Chairs, Rockers, Kitchen Safes and Tables, Gas Stoves, small; Oil Stoves, Wood Stoves, Rugs, Carpets, Mats, Roll Top Desks, Office Chairs, OFFICE SAFES, Filing Cabinets, VICTROLAS and records, Iron Bedsteads, Steel Springs, China and Crockery, White Enameled Furniture, KOA Furniture, Tables, Chairs, Rockers made of KOA are in demand.

While the market is not as good as before the carnival, yet we sell all the good articles without trouble, and only the wormy junk sticks.

The more up-to-date the articles, the better it sells. Our friends are quite as discriminating as the rest, and appreciate a good piece in the proper way by paying its value at the Honolulu Auction Rooms. J. S. Bailey.

Shase Barber, 75, one of the country's most expert engravers and for half a century with the Philadelphia mint, died at his home at Philadelphia.

The Philadelphia Electric Co. applied to the Pennsylvania Public Service Commission for authority to increase its capital from \$25,000,000 to \$50,000,000.

**INVENTOR OF AIRCRAFT THINKS FLYING STILL IN ITS INFANCY**

"The region of the air is greater than that of land and water combined, and when the flying machine of the future has arrived to the perfection now attained by ocean steamers, it will excel to the same degree all other modes of transportation on sea and land."

This is the prediction of John W. Broughton of Philadelphia, inventor of many types of aircraft, given in an interview during the Pan-American Aeronautic Exposition which was held recently at the Grand Central Palace, New York.

"There will not be near as much danger of collision in the air as on land and water, as on the latter all objects move in the same plane, while in the air the machines can go above or below, as well as on either side," he continued.

Three Kinds of Aeroplanes  
"There are three kinds of heavier than air flying machines: First, aeroplanes in the various styles with which the public is familiar. In starting them it requires a considerable clear space to run after the propellers are in motion before they can leave the ground, and taking as much room or more to land. Then the helicopter, which has a vertical shaft with a propeller at the top in order to rise directly from the ground, and the ornithopter with flapping wings moved by the arms."

"Aviation has made the most wonderful advancement since the Wright brothers made their first famous flight on the sands of North Carolina. But with all of the improvements, since the science of aviation as compared with the navigation of the water is only in the sailing stage, and, comparatively speaking, I doubt if it has yet gotten ships' that before the age of steam carried the American flag over all seas and to all lands."

"To reach the highest development aviation must get to the machinery stage, and when it shall have arrived at the perfection now attained by the ocean steamers it will outrank all other modes of transportation in the same degree that the air is greater in size

than both land and water combined. Makes Some Predictions  
"I venture to suggest what the flying machine of the future is likely to be. It will be able to use its own power to get off or on the ground. Its frame and wings will all be made of metal, and in case of accident will bend and not break; it will not be affected by the weather and can be kept on a roof or yard without covering."

"It will have a double engine, so that if one part stops the other half will continue to run."

"It will have a comfortable cabin, warmed by the engine, and be able to carry both passengers and freight."

"It will be operated by an engineer, who will control all of its movements by a few levers, as with automobiles now."

"Its speed will be limited by the power of the engine only, and not by the endurance of the operator."

"It will be able to carry enough fuel for a long journey and easily travel at the rate of 100 miles or more an hour. And in this connection let me suggest also what the aerial dreadnought of the future will be."

"An airship with a frame of steel or aluminum alloy, with wings of aluminum or other metal; a long cabin for the crew, guns, ammunition and explosives; large engines in front and rear running four propellers each, two on each side of the cabin, the propellers made of the finest steel and the cabin bullet proof."

"The full power of the engines being used to raise the ship directly from the ground—on an angle—and the ability to move very slowly so as to almost hover over a given spot, or to fly 100 miles or more an hour."

"Aeroplanes as now constructed are of great use in the army for scouting and making observations, and will work a revolution in modern warfare. But when flying machines are perfected, as I have suggested, there will be little use for armies, as they could soon be annihilated from the air without any mode of self-defense, and about the only sure bombproof shelter would be of no use."

"We Americans go it too hard. We overdo, overeat and neglect our sleep and exercise, and so we are fast becoming a nation of kidney sufferers. 72% more deaths from kidney diseases than in 1890, is the story told by the 1910 census."

If annoyed by a bad back, nervous troubles and irregular kidneys or bladder action, modify the bad habits and use Doan's Backache Kidney Pills. Thousands recommend them.

"When Your Back is Lame—Remember the Name." DOAN'S BACKACHE KIDNEY PILLS. Sold by all druggists at 50c a box (six boxes \$2.50), or mailed on receipt of price by the Hollister Drug Co., or Benson-Smith & Co., agents for the Hawaiian Islands.

Exports from Spain to the United States for 1916 were valued at \$35,458,377.

**ELECTION OF OFFICERS**  
**THE PACIFIC GUANO & FERTILIZER COMPANY**  
At the adjourned annual meeting of the stockholders of the Pacific Guano & Fertilizer Company, held at the office of the Company, Hackfeld building, Honolulu, T. H., on Thursday, March 15, 1917, at 10 o'clock a. m., the following directors and auditors were elected to serve for the ensuing year:
