POLITICAL AFFILIATION
& PARTICIPATION:

Registered Democrat

REMARKS:

1966 election, for the first time since Jack Burns ran for office he backed up Burns and Brown ticket. Up to this election, Abe never spoke or campaigned for Jack Burns. Because of his present position, he went all out for Burns and Brown so that he'd be appointed Supreme Court Justice. All I can say is he's one of the smartest politicians I know because he know how to play and gets what he wants even on somebody elses expenses.

REMARKS:

Bobby Fujimoto is considered a republican because he served in the capacity of an campaign manager for Bill Quinn for Governor. I feel that Bobby is just a Bill Quinn republican since he does not participate in any party work and after his "Boss" lost the election to Burns, he stayed out of politices entirely. During the Quinn administration, he was the board member of the State Land Board from this island/. Even with the above background, he has contributed cash to our past
Page campaigns since 1959. He has lots of Aloha for us.

Because of his private practice being neglected during the Legislative session, Ben pulled out from seeking re-election for the year 1966. Ben made most of the rally speeches for Jack Burns and Kenneth Brown. If he is not seeking any office next year, I hope to have him in our camp.
