LATE CABLE GRAMS.

Blizzards Sweep the Entire Mississippi Valley.

Chicago, Jan. 11.—Extreme cold is reported throughout the Mississippi Valley. In Minnesota lakes and streams are deeply frozen and much suffering has ensued.

New York, Jan. 11. Sharper winter weather accents the need of fuel. But little coal is reaching the city and this is being doled out in small quantities. Hotels and all public buildings where heat is free are thronged with people who have no other business there except to keep warm.

Philadelphia, Jan. 11.—It is stated that, owing to the scarcity of coal, several of the largest iron mills and factories will be run on half time.

Hermosillo, Mex., Jan. 11.—Two deaths have occurred here from bubonic plague. The disease was brought by Chinese from the coast on their way north. It is spreading in the interior along lines of travel. Coast ports have quarantined Mazatlan where the situation is worse.

Hermosillo, the capital of Sonora, is a city of 15,000 people. A railroad connects with Guaymas, a port on the Gulf of California, north of Mazatlan. The Sonora railway, which runs through Hermosillo, connects with the Southern Pacific system.

Manila, Jan. 11.—Governor Taft is being strongly urged to remain in the Philippines. At a great popular demonstration the Governor assured the people that, if he left, no change in the policy of the insular government would ensue. Governor Taft's administration has greatly strengthened popular respect for the United States.

London, Jan. 11.—All Europeans have now left the city of Fez. The Sultan is preparing to attack the rebels.

Denver, Jan. 11.—Freight trains collided near here in a snow-storm. One man was killed and two injured.

Philadelphia, Jan. 11. Edward Powers, a merchant of this city, has been killed by a highwayman.

MESSAGES ACROSS CONTINENT.

Marconi to Put New System Into Operation in Canada.

Winnipeg (Man.), Jan. 1.—Marconi is preparing to install a wireless transcontinental service through Canada. Two of his experts passed through here yesterday on their way west to arrange for a series of tests in the Rockies. It is expected by the inventor that the diverse electrical currents in the rarefied atmosphere of the high altitudes may interfere with the successful sending of his messages and it is to satisfy himself that the tests are made in the winter, when the conditions would be most unfavorable.

Winnipeg is to be the half-way house of the system. It is understood that the station will be located at Stony mountain, an eminence twelve miles from Winnipeg. It will receive messages from Mount Royal, at Montreal, and it is the work of these experts to locate the next Western station in the Rockies.

Boston, Jan. 1.—Earl Roberts will be the guest of the Ancient and Honorable Artillery Company of Boston next September. This announcement was made by Captain Olys, the commander, tonight. He also says that Prince of Wales and his uncle, the Duke of Connaught, may come, accompanied by the Earl of Denbigh, Lieutenant-Colonel of the Honorable Artillery Company of London.

MOROCCO REBELS.

Sultan Sends Troops to Meet the Enemy.

New York, Jan. 1.—A cable to the Sun from Tangier says: "The Government has not communicated with officials here since the disaster on December 23d. A courier arrived today bringing a letter, dated December 26th, to a banking firm, stating that the pretender was four hours distant from Fez. All available troops had left Fez to meet him. This is the latest authentic news received here."

A cable to the Sun from Madrid says: "It is said here that the Sultan of Morocco has summoned the Sheriffs and notables to Fez and made a bid for their loyalty, offering to abjure his European predilections, to break his relations with the Christians and to maintain Islamism. It is asserted that the immediate dismissal of European officials is consequently impending, accompanied by a reactionary policy."

"It is said that the pretender sent to the Sultan at Fez a token of approval in the form of a number of salted heads of imperial soldiers who were slain in the recent battle."

Madrid, Jan. 1.—News has reached here that the European inhabitants of Tetuan, Morocco, have quitted that post, fearing that the rebels will attack the place.

Dispatches received here from Tangier report that several provision convoys have entered Fez. The Sultan's troops intended marching out from Fez December 27th to attack the rebels. The Sultan has summoned his brother, Mulai Mohammed, to Fez in order to disprove the claim of the pretender to the throne that Mulai Mohammed had fomented the present rebellion.

EDWARD EMPEROR OF INDIA.

An Immense Crowd Is Present at Durbar.

New York, Jan. 1.—A cable to the Tribune from London says: The morning journals are filled with details of Oriental pageantry and magnificence at Delhi. The Durbar was, perhaps, a less picturesque function than the state entry into Delhi, with its long double file of richly caparisoned elephants, but there was a larger representation of Indian princes and a greater display of military forces. Accounts of the procession of elephants and vassal princes read like a new chapter of "the Arabian Nights." Details of the proclamation of the King and Emperor from the throne with golden lions formed a sequel to the Oriental romance of British dominion, of which a statesman with Hebraic imagination was the author. Lord Curzon has brought out a new edition de luxe in the ancient Mogul capital.

Curzon's genius as a stage manager, with his unique knowledge of Oriental character, is also recognized, and there is a conviction that he will enact a greater part in imperial politics after his return from India.

Delhi (India), Jan. 1.—Tens of thousands of people from the city of Delhi and from villages far and near began gathering at daybreak this morning on the great plain outside the city. There they waited patiently for the supreme announcement of the durbar that King Edward was Emperor of India.

Bret Harte's Small Estate.

New York, Jan. 2.—A cable to the Sun from London says: Letters of administration on the estate of Bret Harte, the American author, who died in May last, have been granted to his son Francis, the widow having renounced administration. The value of the estate caused surprise, it being placed at only £360, 6s, 9d (about \$1800).

AGAINST LEPER SCHEME.

Territorial Republican Committee Takes Prompt Action.

A strong appeal has been forwarded to Hon. M. A. Hanna by the Republican Territorial Central Committee, urging him to use his influence against the recommendation of the Senatorial Commission that Molokai be turned into a national leper lazaretto. The letter calls especial attention to the fact that it was the opposition of the Republicans of Hawaii to this policy which defeated Wilcox and elected Prince Kuhio in the November election. The letter is as follows:

Honolulu, T. H., Jan. 10, 1903.
Hon. M. A. Hanna, Chairman Republican National Committee, Washington, D. C.

Dear Sir:—The statement has been cabled here from Washington that those United States Senators who recently visited the Territory of Hawaii as a Commission to investigate, and report to the Senate upon affairs and conditions in these islands, have recommended that all the lepers now on the island of Molokai should be placed under control of the Federal Treasury Department, also that all lepers now on the Mainland of the United States should be transported to Molokai for treatment, under the control, with the lepers of Hawaii. So strongly did we feel upon this subject that our secretary was directed to send you the following cablegram on the 8th inst.:

"Honolulu, Jan. 8, 1903.

"Hon. M. A. Hanna, Washington, D. C.

"Republican organizations protest against Federal supervision, and transfer of lepers from Mainland.

"We insist on caring for our own afflicted. It is our privilege and duty.

"Republican party's pledge to this policy won last election.

"(Signed) ATKINSON, Secretary."

BET SUGAR SATISFIED.

Will Withdraw Opposition to Cuba Reciprocity Treaty.

Washington, Jan. 8.—The American Beet Sugar Association has passed resolutions withdrawing its opposition to Cuban reciprocity but recommending that the treaty be amended so that, during the period of five years covered by that instrument no sugar exported from Cuba shall be admitted to the United States at a reduced duty greater than twenty per cent of the rates of duty thereon as provided by the tariff act of 1897. The Association also adopted resolutions protesting against unnecessary stimulation of the sugar and tobacco industries of the Philippines by further tariff reductions.

Caracas, Jan. 8.—United States Minister Bowen has received orders to leave Venezuela for Washington to present the Venezuelan case to the British and German Commission.

London, Jan. 8.—King Edward today appointed as Archbishop of Canterbury, Dr. Randall Thomas Davidson, who has been Bishop of Winchester since 1895.

Chilean Volcanoes in Action.

New York, Jan. 2.—A cablegram to the Herald from Valparaiso, Chile, says: Reports received here from the province of Languihue say that five volcanoes there are in active eruption, but no damage has yet been reported.

Pope Opposes Dueling.

Rome, Jan. 2.—The Pope is about to issue an encyclical against the practice of dueling. He will appeal to all Christian governments to suppress the practice, which is described as a survival of the Middle Ages.

ANTI-TRUST BILL.

Publicly Provided for Individuals Held Responsible.

Washington, January 2.—Senator Hoar has completed, and today made public the anti-trust bill, which he asked leave before the Senate adjourned for the holidays to introduce. The bill goes to the Committee on Judiciary, of which Senator Hoar is chairman. The first section of the measure declares that the act shall not repeal or limit anti-trust laws now on the statute books.

Section 3 provides: "That from and after the 30th day of June, 1904, no corporation, joint stock company or other association whose stockholders are not personally liable for their debts, created by any State or Territory, shall engage in commerce with foreign nations or among the several States, or continue to carry on such commerce unless it shall comply with the following conditions:

"First—It shall file a statement in the office of the Interstate Commerce Commission on or before September 15, 1904, and shall on or before September 15th in each year thereafter file a statement for the year showing:

"Second—The amount of its capital stock.

"Third—The market value of the same.

"Fourth—How much of the same has been in full in cash, or, if the same has not been paid in full in cash, what has been received by said corporation, joint stock company or other association in lieu thereof and the value of whatever shall have been so received by it.

"Fifth—The names of all the officers and directors and all agents trusted with the management of its affairs.

"Sixth—The amount it has paid in dividends during the year, the rate of percentage of such dividends and times of paying the same.

"Seventh—A statement of all the stock owned by it of any other corporation, joint stock company or other association, specifying the other corporation, and the number and value of shares in each; the amount of its own stock held by other corporations and the value thereof, and the amount of stock in other corporations held in trust for it, or in which it has any interest of any sort, directly or indirectly, specifying the corporations.

"Eighth—An undertaking signed by its officers, general manager and directors that they will comply with the provisions of this and all other laws of the United States in the management of the affairs of said corporations, joint stock companies or other associations; and that they accept the provisions and liabilities of this act and the obligations by it imposed so long as they shall continue to hold or exercise said offices or authority."

Senatorial Discussion of Burton's Hawaii Amendment

Mr. Burton—Is it not the pur-
pose of the amendment—

Mr. Foraker—Will the Senator
allow me a moment's interruption?

Mr. Burton—Certainly.

Mr. Foraker—It has been stated
here two or three times that no one
has read this amendment except
only the Senator who offered it.
No one has had any opportunity to
study its language. A great many
questions have been asked, and one,
a very important one, just now by
the Senator from Massachusetts
(Mr. Hoar). I think we would all
feel better satisfied in our consider-
ation of it if we could now suspend
the further consideration of the bill
and let it all go over until tomor-
row.

Mr. Hoar—I should like to ask
one more question of the Senator
from Kansas.

Mr. Foraker—Then the amend-
ment can be printed and we can
have it before us.

Mr. Hoar—With the leave of the
Senator from Ohio, I should like to
put a question to the Senator from
Kansas before he drops the subject
for today, if he has no objection.

Mr. Lodge—I think the commit-
tee on immigration, in charge of
the bill, would like to say some-
thing before this movement is car-
ried through.

Mr. Foraker—I have the floor,
and I yielded to the Senator from
Massachusetts to ask a question.

Mr. Hoar—It will take only a
moment.

Mr. Foraker—Very well.

Mr. Hoar—I want to ask the
Senator from Kansas whether if
these precise conditions at any time
should be found to exist in any
part of the United States, namely,
that there is an agricultural or other
business depression, caused by a
scarcity of labor, and the price of
laborers who can be got is so great
that you can not manufacture or
carry on your farm at a profit, and
the community want it, would he
be in favor of admitting Chinese
labor to any part of this country?

Mr. Burton—No.

Mr. Hoar—Very well. Then
are you doing to Hawaii as you
would be done by?

Mr. Burton—Yes. I will answer
the Senator. The white man will
labor on the Mainland and he will
not in Hawaii.

Mr. Hoar—Put him in a case
where he will not.

Mr. Burton—I understood the
Senator to ask whether if we had a
scarcity of labor on the Mainland I
would favor Chinese immigration
for agricultural purposes.

Mr. Hoar—In Louisiana for in-
stance.

Mr. Burton—No; because the
labor can be supplied by Anglo-
Saxon or other white men. But it
can not be so supplied in Hawaii.
The labor in the fields in Hawaii
can never be supplied by the native
Hawaiian or by the white man. It
will be performed either by Chinese
or Japanese. It will be performed
by Orientals. Notwithstanding
that the Hawaiian is a native there;
notwithstanding that he makes the
finest kind of a laborer in many
directions, such as longshoreman,
and is a splendid worker in the
mills, and as a fisherman, and per-
forms labor in many other fields, he
will not go out and work in the sun
in the cane field and on the farm.
So the question is whether, if they
are to have labor of this kind there
at all, it shall be performed by
Chinese or Japanese. That is the
practical question. It matters not
what legislation you enact or
whether you enact any legislation
at all or not, the work of the plan-
tation will either be performed by
Chinese or Japanese.

Mr. Bailey—What does the Sen-
ator say to a proposition which de-
clares that a human being may
come to a certain country and re-
main there as long as he pursues
the cheapest labor, but the moment
he aspires to rise to a condition
higher than that of the cheapest
labor, he must be expelled as unfit
to reside there? It occurs to me

that that is a strange kind of doc-
trine in this age, where every ten-
dency is to uplift the laborer, to
make the unskilled laborer's child
of today the skilled laborer of to-
morrow. That is my theory of
dealing with the labor question;
and I will never consent to vote
that a man can stay in this country
as long as he pursues but the
cheapest and least skilled of em-
ployments, and that the moment he
aspires to become a skilled laborer
he must be deported under the pro-
visions of a law like this.

Mr. Burton—That is because the
political policies of the distinguished
Senator are provincial. It is be-
cause he did not favor the acqui-
sition of Hawaii. He did not favor
the acquisition of the Philippines.
He does not favor the acquisition
of any tropical country.

Mr. Tillman—He does not favor
slavery.

Mr. Burton—Therefore he is in
favor of a certain rule that is ap-
plicable only to people who live in
a temperate zone. Now, if the
Senator can show me that the Chin-
aman who would be permitted to
come there to perform agricultural
labor is injured in any way instead
of being benefited; if he can show
me that skilled labor is injured in
any way by his coming, and if he
can show me that labor in any way
is injured by the Chinaman being
permitted to come there for that
purpose, then I shall be ready to
withdraw this amendment. But
until he can do that I think a fair
investigation will force the con-
clusion upon everybody that it is to
the benefit of the Chinaman who is
allowed to come, and who wants to
go away after staying a limited
number of years, and it is to the
benefit of the men who are building
houses, who are building manufac-
tories, who are building mills, and
who are trading, and who are grow-
ing cane, and who are growing or
want to grow coffee, pineapples,
rice, and other products. It is to
the benefit of everybody and to the
injury of no one except that it
comes in conflict with a precon-
ceived political theory; that is all.

Now, Mr. President, I have said
very much more than I expected to
say. Indeed, I did not expect to
say anything on the subject at this
time.

Mr. Bailey—One more question,
if the Senator will permit me.

I have an idea that the early
settlers of New England and the
later settlers of some of the South-
ern States did the African a distinct
good when they caught him in the
jungles of his native country and
brought him to this country and
put him in slavery, but I hardly
think the Senator from Kansas or
any other Senator in this Chamber
would argue that in extenuation of
slavery today. I have no doubt
that a Chinaman in the less thickly
settled Islands of Hawaii would be
somewhat better off than he would
be in the densely settled Kingdom
of China.

I am not one of those who have
always professed friendship for
labor. I have not always been able
to support the demand of the advo-
cates of labor. I have never been
able to support the eight-hour law,
which denies a citizen of the United
States the right to contract for his
personal services, and I never will.
But I do think that I as sincere a
friend of labor as any good citizen
can conscientiously be, though I
may not be such a good friend as
some profess to be.

However, what I object to is the
moral, or rather the immoral, fea-
ture—the writing in a statute book
book of this country a law that
condemns an unskilled laborer to be
unskilled forever, which says to
them as long as they will work for
a cheap wage and at a vocation so
laborious and so burdensome that
the people who are native in that
country will not, as the Senator
admits, pursue it so long as these
people brought there will pursue
that vocation which none others

will take up, they can remain; but the moment they lift their eyes to a higher plane of labor that moment they must be banished under a deportation law. I never will consent to write that kind of a law against the labor employed in any part of this country.

Mr. Burton—The comparison the Senator makes is a complete answer to his argument. In the first place, we did go to the jungles of Africa and we bound some and brought them to this land. We are not going to China to bind anybody to bring here. So the comparison is not a comparison, but a contrast.

Under this amendment the Chinaman would come here of his own free will, and he would come permitted to do only a certain kind of work. The African came here because he was captured and forced to come and was then put into slavery. What comparison could anyone except the learned Senator from Texas make between the existing condition of things in the old regime and this proposed amendment? Now, Mr. President, as I said before, answer this question: Does not the Chinaman get a distinct benefit if you allow him to come? He does not want to stay. He will not stay. He wants to come and engage in a certain kind of work for a term of years and go back. He of his own volition contracts to come and to do certain work, just as much as any laborer is employed to do any specific kind of work. The only difference is that we say he shall not come unless he will contract to do only that specific work.

Now, he can stay in China if he wants or he can come, and he will come, as he wants to come, because it is a benefit to him to come and a great blessing to allow him to come. It is an improvement to the Chinaman. He carries back to his country something of a knowledge of our wise laws and our better civilization, and the employer, instead of being mean to the Chinaman, instead of being small with him, wants to keep him, because he is commercially honest. He wants to keep him because he does keep his contract. He wants to keep him because it is beneficial both to the employer and to the employed.

Now, Mr. President, I ask the chairman of the committee if he is not willing that this bill shall go over, so that this amendment may be considered in connection with the bill? We can not hope to get this kind of legislation enacted during the present session unless we can have it considered in connection with the pending bill. Since that is true, and since it is perfectly apparent that the bill which is being considered will pass—I do not mean my amendment, but I mean the bill generally—and since it does not endanger its passage, I ask the chairman if he is not willing that the bill shall go over until such time as the Committee on Pacific Islands and Porto Rico can consider it and report, so that we may have a better consideration of this amendment?

I know all Senators will acquit me of any purpose to suddenly inject this amendment into the bill or to take any snap judgment on anybody. I am earnestly in favor of this legislation. I believe it is necessary for one of our American Territories, and I see that this is the only practical way to get it during the present session.

Mr. Penrose—Mr. President, as chairman of the Committee on Immigration, I could not favorably consider the request of the Senator from Kansas a moment, nor do I think any member of that committee would do so, because in my opinion this amendment does not belong in the bill. Whether it is theoretically germane or not I will not attempt to argue; but, as a matter of fact, Chinese legislation has always been kept separate and distinct from other general immigration legislation. It does not belong here and it is evidently premature. I would suggest—

Mr. Burton—May I ask the Senator from Pennsylvania a question? Mr. Penrose—Certainly.

Mr. Burton—The Senator speaks of general Chinese legislation.

This is not general Chinese legislation. It relates only to one Territory of the United States.

Mr. Penrose—It should come in the form of an amendment to the Chinese exclusion law, which was passed at the last session of the present Congress. It does not belong in this bill, which is general immigration legislation, and to attempt to put it in is to depart from the universal practice of Congress, which is not to mix up the two kinds of legislation.

The amendment is evidently premature. The committee has not reported it. The committee is apparently divided upon it.

When the Committee on Immigration had this question up in reference to the restricted admission of Chinamen in the Philippine Islands and in the Hawaiian Islands they decided not to let down the bars. As late as last spring, in the opinion of the Committee on Immigration of the Senate, it was thought better to delay the development of the Philippine Islands and the Hawaiian Islands rather than to let down the bars for the admission of Chinamen even under restriction. As far as that committee is concerned, therefore, it has already taken a position against such an amendment, and no evidence has been submitted to it to alter its opinion.

I move, Mr. President, that this amendment be laid upon the table, so that when the Senator's committee is ready to report he can bring it up or introduce an amendment to the Chinese exclusion act to carry out the purpose he has in mind. I therefore make the motion.

The President pro tempore—The Senator from Pennsylvania moves to lay on the table the amendment proposed by the Senator from Kansas. (Putting the question). By the sound the ayes have it. The ayes have it. The amendment is laid on the table.

Raleigh's Burial Place.

The question of Sir Walter Raleigh's burial place has lately been revived in England. Three churches claim both the head and body of the gallant courtier. Immediately after execution, which took place in Tothill street, Westminster, on October 29, 1618, his wife placed the head in a red bag and rode off with it in a mourning coach. This treasure she kept for twenty-five years. The body was buried in St. Margaret's Church, but shortly after the execution Lady Raleigh wrote to her brother, Sir Nicholas Carew, asking permission to bury her husband's body in his church at Beddington, where she desired also to be buried. History is silent from that time on. It is known, however, that her son treasured the head as his mother had, and, according to the London Daily Chronicle, tradition says it was finally buried with him at West Horsley, Surrey. Dr. Brushfield, who has made a thorough study of Raleigh history, is of the belief that when investigation is made the three bodies—father, mother and son—will be found buried together. He has suggested to the British Archaeological Society to inscribe the stone under which his body is supposed to be buried in St. Margaret's, London, with his name and coat of arms. No English memorial to this "universal genius" exists. The west windows in St. Margaret's, dedicated to his memory through the enterprise of Dr. Farrar, were the gift of this country.

American Corn Yield.

The yield of American corn per acre in 1902 was 26.8 bushels, as compared with an average of 16.7 bushels in 1901, with 25.3 bushels in 1900 and 1899, and a ten-years average of 23.4 bushels. This indicates a yield of 2,550,000,000 bushels.

From Canada's Dairies.

The reports of cheese and butter from Canada in 1902 made a new record. When the season closed the value of the products shipped to Scotland and England and abroad was \$30,000,000. Ten years ago the total was only \$10,000,000.

PROGRESS ON RIGHT LINES.

Within the past few months Hilo has given herself an object lesson in methods of furthering the welfare of city and Island, which if followed without variation will accomplish wonders for our material prosperity. It has been proved that no longer will a cry from Hilo be disregarded.

When the Senatorial commission was at Honolulu, Hilo men, by proper presentations, impressed upon them the necessity of visiting this city and this Island. Against the protests of wisacres at Honolulu, the commission came. They were shown what Congress should do for the general welfare of our own baliwick. Hilo citizens and practical men from the outer districts went before the Senators and made forcible and convincing statements. As a result, the men who appeared before the commission at its sittings on this Island may claim credit for securing recommendations in the United States Senate which in the aggregate sound the death knell of centralized government in Hawaii.

The showing made by such authorities as A. B. Loebenstein and T. J. Ryan of necessity must have been largely instrumental in inducing the Sub-committee to recommend Federal Control of the Hawaiian public domain. The allegation that Mr. Loebenstein used words to conceal rather than to express thought will not lie, since the returns are in. For the recommendations of Federal control of light houses, much is owing to what was shown the Senators on this Island, where past neglect had left the coast practically beaconless.

The recommendations for a break-water for Hilo bay comes from the Senators' own inspection of the bay coupled with the unconflicting testimony of every Hiloite who discussed the proposition before them. The four-cent bounty on sugar can be traced to the able expositions made before the Commission in Hilo by A. L. Louisson and Albert Horner.

The critical comment on the condition of Territorial laws and upon the methods of both civil and criminal administration might well have been founded upon the convincing revelations made in Hilo. Although upon this point it must be admitted, a journey outside of Honolulu was not necessary to a full conception of the need of change.

The recommendation of immediate organization of County and Municipal government finds no sounder reasons for being in the commission's report than those advanced by the people of this Island and by an inspection of a rich Island, hitherto in provincial vassalage both politically and administratively.

Outside of the above speedy results from an unanimous effort made at the right time, there are other evidences which point the way to a new and independent progress for Hilo and Hawaii. We settled the Federal Building matter, with expedition and unanimity. Through the initiation of Senator Woods, we are organizing in a way that will compel attention to our needs by the Legislature at its coming session. All of these things signify the beginning of a new era in the progress of Hilo and this Island. This progress to reach its full and natural measure must be on independent lines to a large degree yet common with all parts of the Territory in the main.

GOVERNOR DOLE, while on the Island of Hawaii gathered a great many facts relating to existing land leases which will influence his message to the coming legislature. What effect the recommendations of the United States Senators will have upon the recommendations to be made by the Governor remains to be seen.

THE meeting of citizens last Friday night, called to enable the citizens of Hilo to confer with the Senatorial delegation was successful from the point of view of attendance. The immediate expression of views upon matters for the legislature to consider, was blocked by too much discussion of trivialities. The end sought, will be reached however, through the medium of committees appointed at the meeting.

It is up to Prof. Carvalho now to compose a "Hilo Breakwater March," and a "Four Cent Coffee Bounty Two-Step."

WHEN A. L. Louisson heard of the headway made in behalf of a four-cent coffee bounty there was a pleasant breeze.

THERE is a time for everything. The time for Hilo to establish a park is now.

BIG BATCH OF INDICTMENTS.

Grand Jury Turns Out Work For Court and Trial Jury.

The Grand Jury reported last Friday the following indictments. Watanabe Masagi and Funakoshi Tatsuzoro, murder in first degree. Kane Funakoshi Seo and Ichitaro and Ushigima, Matsutaro, conspiracy first degree. Joe Akau, larceny second degree.

No bills were found against E. L. Scoville, charged with embezzlement in the first degree, and Benito Garmendez, murder in the first degree.

On January 12 the Grand Jury reported the following indictments: Nakata Tokutaro and Kasho, murder in first degree.

To Reclaim Child.

An interesting case before Judge Little just now is that of an application for a writ of habeas corpus, made by a Japanese man and wife to recover possession of their eight year old child. The application is filed by Smith & Parsons. The return by Wise & Ross sets forth that the child in its infancy was given to the present custodians and states that it has been well cared for and is now being educated in the Hilo Boarding School. The return denies the right of the real parents to take back the child, claiming that the welfare of the child and not its parentage should govern the Court in deciding the case.

A Smooth Voyage.

E. Peck, who went to the Coast by the last Enterprise writes back a high class testimonial as to the comforts of ocean travel on board the Matson steamer. "I am in the habit of being seasick when traveling by steamer," said Mr. Peck, "and consequently dreaded the long trip. However the Enterprise made the journey across the Pacific as though it were a river or a quiet pond. It was the most comfortable ocean trip of my life; and Captain Miller is the king of captains."

CHANGE OF VENUE.

Brown-Spreckels' Suit Will Not be Tried Here.

Following is the affidavit of C. C. Kennedy in support of the motion for change of venue:

On motion of defendants, Judge Little granted a change of venue yesterday in the suit of Chas. A. Brown vs. J. D. Spreckels and Adolph B. Spreckels. J. A. Magoon and Smith & Parsons for plaintiff; Kinney, Ballou & McClanahan for defendants.

C. C. Kennedy, being duly sworn, deposes and says, that he is, and has been for the last twenty-three years, a resident of the District of South Hilo, Island of Hawaii, within the Territory of Hawaii, his residence for the twenty-three years last passed having been at Waiakae, one of the suburbs of the city of Hilo; that during said residence, except when temporarily absent from said District of South Hilo, affiant has been in the habit of visiting and doing business in the business center of said city of Hilo almost daily, where he has come in contact with all classes among the residents of said city and has had opportunity to keep in touch with, and as a fact has kept in touch with public sentiment on local as well as on general public topics; that during said twenty-three years as aforesaid affiant has been manager of the Waiakae Mill Company's plantation, adjoining said city, that as such manager he has carried on in the aggregate a very large amount of business with the business residents of said city thereby giving this affiant opportunity for learning, and this affiant has in fact learned and knows the general feeling of business men of said city upon matters affecting the growth and development of said city and its future prospect; that John D. Spreckels and Adolph B. Spreckels, two of the defendants and the main defendants in the above entitled action, are and have been for some years past owners of large and valuable tracts of land located in the business and residence part of said city and elsewhere in the said District of Hilo; that as a result of affiant's close and continuous connection with the business and other interests of said city this affiant knows and so alleges that the residents and business men of said city and District of Hilo both individually and collectively have an enthusiastic hope and belief in the future growth and development of said city both as a shipping center for the Island of Hawaii and as a center for the tourists trade and otherwise; that the business community of said city are bending their energies to the development of said city chiefly along these lines and believe fully that the present time is and the next few years will be of great importance in determining the future of said city; that there is a well nigh universal sentiment among the residents of said city that the growth of said city as aforesaid has been and will continue to be promoted chiefly through the public and systematic development and control of the waterfront and maintenance of good hotels for the reception of tourists and the encouragement of that trade; that nowhere in this Territory in affiant's opinion is there such a public and general interest in the development of the business and commercial interests of a given locality and district as exists among the residents of Hilo for that city, nor is there elsewhere in said Territory such well organized and aggressive efforts made to advance local public interests in the way of meetings, memorial and otherwise.

That by reason of the premises and of the active and unusual interest taken by the residents of Hilo in the development of their business and commercial interests it has come to pass that no where in the Territory is there more personal gratification over matters tending to advance the public interest of their city than in Hilo, and nowhere is there a keener disappointment at the failure of efforts made in this direction. That said John D. Spreckels and Adolph B. Spreckels are in possession of and claim to own a considerable portion of the waterfront of said city, including premises involved in this suit and located directly in the heart of said city; that said last named defendants also own the only hotel proper in said city, known as the Hilo Hotel; that for many years past it has been the desire of the residents of Hilo that the waterfront aforesaid including the premises in dispute should be under public ownership and control; that during the legislative session of the year 1896 at the special instance and request of the citizens of Hilo an act was passed by the Island Legislature for the condemning and parking of said waterfront including the premises now in dispute, the proposition not being then carried through by reason of the failure to appropriate funds therefor. At the time said proposition was under discussion certain citizens owning portions of the waterfront agreed to contribute their holdings voluntarily for the aforesaid park and that the defendants aforesaid did not do so was then and there commented on and aroused unfavorable sentiment towards the said defendants generally among the residents of said city; that hereafter the question of building a railroad along said waterfront arose and some delay was caused before the right of way was obtained therefore from defendants aforesaid, and such delay also aroused unfavorable comment as to the defendants; and this affiant says that the belief is general among the citizens of

Hilo from whom the jurors are likely to be drawn that the continued ownership of the land in dispute by the defendants aforesaid is not for the public good and that defendants have not been in their control and management of the lands in dispute in the past and are not likely to be in the future just and public spirited, and that any change in the ownership would be likely to be for the best interests of the public; that for the past five or six months the hotel of said defendants, known as the Hilo Hotel, has been closed and unoccupied, and the city has been left without proper hotel accommodations for the reception of tourists and other guests, to the manifest detriment and discredit of Hilo; that this condition of things has been and now is felt very keenly by all classes in said city of Hilo, and in said District, including those qualified and likely to be called to serve as jurors in this Court; affiant, without himself entering into the merits of said controversy as to who is at fault in the closing of said hotel, or whether anyone is, says as a matter of fact said defendants are well nigh universally condemned for said happening by the residents of Hilo and said District, and the belief being general among said residents that defendants are selfishly indifferent to the welfare of the city of Hilo and are unreasonably narrow in their attitude toward said city in matters of public concessions, and by reason of this the hotel was closed and now remains in that condition; that the unfavorable attitude of the community aforesaid towards said defendants and their irritation with them in reference to matters concerning the waterfront, as hereinabove set forth, have been materially intensified by reason of the matters relating to the closing of said hotel to such an extent that today affiant is convinced beyond a doubt and on oath affirms that said defendants cannot secure a fair and impartial trial in the above entitled cause in this circuit, and that the interests of justice demand that the trial of said cause be removed to elsewhere.

Further affiant saith not.
C. C. KENNEDY.
Subscribed and sworn to before me this 14th day of January, A. D. 1903.
J. E. RAY,
Notary Public.

Non Suit Granted.

Yesterday forenoon Judge Little granted a non suit on motion of defendant's counsel in the case of Milton V. Holmes vs. Manoel F. Mello. The suit was to recover on account of moneys advanced to an association of planters of which plaintiff was a member. Smith & Parsons for plaintiff. Humphreys, Thompson & Watson for defendant.

Hakalau Land Titles.

In the suit of the Hakalau Plantation Co. vs. W. Z. Kahuna, an action to quiet title, judgment was rendered for the plaintiff last Saturday by Judge Little. Wise & Ross for plaintiff; Smith & Parsons for defendant.

BERGER AND THE BAND.

Where the Concerts Will Be Given in Hilo.

Captain Berger and his company of 32 musicians, comprising the Honolulu Band, arrived by the Kinau Wednesday and will spend the next week in the city. Yesterday morning at 8 o'clock the band played its first concert at the Court House. Last evening at 7:30 a concert was given at the hotel grounds.

The program for the balance of the week has been arranged as follows:

Friday—Union School, 1 p. m.
Company D Drill, 7 p. m.

Saturday—Court House, 9 a. m.
Fish Market, 3 p. m.
Hotel Grounds, 7:30 p. m.

Sunday—Combination Concert, Hotel Grounds, 3 p. m.

For next week no iron-clad plans have been made so far, but Captain Berger says the following will, perhaps, be the musicians' itinerary: Monday afternoon, Hilo Boarding School; Monday evening, Waialeale, near Depot; Tuesday afternoon, Catholic Schools; Tuesday evening, concert at Olua, band going by special train. Wednesday the band will play in Hilo again and on Thursday will probably go to Puna.

Captain Berger says that the arrival of the cable in Honolulu was an event that called the band into action with a vengeance. "We played cable music for three days," said the Captain. "We played when the Silvertown buoyed the cable outside; we played all day when the shore end was landed, and we played on celebration day proper. My 'Cable March' seems to have struck a popular chord in Honolulu, as all the boys now whistle it on the streets."

SHAKESPERIAN PLAY.

Teachers' Reading Circle Produce Drama of "Caesar."

The Teachers' Reading Circle gave a presentation of Shakespeare's "Caesar" at the home of Mr. and Mrs. L. C. Lyman last Tuesday night to a company of thirty or forty spectators. The parlor and dining room were used for auditorium and stage, the arch between making a suitable proscenium. The rear of the stage was tastefully decorated with potted plants and on the walls hung pictures depicting scenes and characters of the Caesarian epoch in Rome.

The entertainment was more an improvisation than an attempt to seriously stage one of the most difficult plays of the great dramatist. The time devoted to preparation was very short and the piece was given without a single rehearsal. The entertainment, with these explanations, was a pronounced success. Mrs. A. G. Curtis had the matter in charge and has been asked to repeat the performance in a hall that will accommodate the public. In the play the best portrayal of characters was by W. C. Cooke and Mrs. Curtis, who enacted the roles of Cassius and Portia respectively. Wm. McClusky made a first-class Brutus and J. Castle Ridgway gave a faithful delineation of Marc Antony. Franklin Howland appeared as Decius. The characters of Caesar and Calphurnia were represented by L. W. Haworth and Mrs. R. H. Reid.

Accused of vile proceedings, such as, daring to object

To the high-falutin notions of out Senators elect.

Accused of interference where he had no right to vote!

Accused of being "Chirpy" when he couldn't sing a note!

Accused of snoring "youngsters" newly wedded to the bar,

And bawling bold defiance to an Auto-crate Tzar!

Party at Lindsay's.

A very pleasant party was given by Mr. and Mrs. Adam Lindsay last Friday evening at their home on Church street in honor of Mr. Lindsay's brothers, B. Lindsay of Honokaa and Alexander Lindsay, Jr., of Honolulu. There were between thirty and forty guests present. The evening was passed at cards and dancing. Refreshments were served during the evening.

"BURNSANIA."

Hilo Burns Club Plans Celebration of Anniversary.

"A Scotsman's love for" the wimplin' rills, the broomie knave's and heather hills, and songs o' love wha's sweetness thrills the hearts o' men and maids, is never more in evidence than during the progress of a "Burns Anniversary" celebration.

The martial strains of "Scots wha hae!" may bring the fighting flash into his eye, but the tender, melting notes of "Afton Water" or "Braw Braw lads" bring back to his memory the sweetness of "Auld Lang Syne" when "Behind you hills where sugar flows," he whispered words of endearment into the ears of his "Bonnie Lassie," who blushed with pleasure to find that her lad "was nae the gawk she had thought him."

The spirit of sterling independence, and brotherly love which breathes through every line of "A man's man for a' that" enables him, on occasions of this character, to take the hand of friend and foe alike, and modestly to confess that "We're a' Jock Tamson's bairns the nicht."

The Scotsmen of this district are not to be outdone in the way of homage to the wondrous genius, and a due reverence to the spirit which animated Robert Burns, for we are given to understand that, the members of the "Hilo Burns Club" are actively engaged in preparing a fitting celebration of the 144th anniversary of the birth of "Scotland's Bard"—which on this occasion will be in the form of a grand "Burns Concert," to be followed by a dance, at Spreckels' Hall, on the evening of Saturday, Jan. 24th. An excellent program, consisting of vocal solos, duets, violin solos, recitations and an exhibition of Highland dancing will be rendered by the following ladies and gentlemen:

Sopranos—Mrs. Paul Bartels, Mrs. Homer Ross.

Contraltos—Mrs. W. I. Madiera, Miss Iola A. Wight.

Tenor—W. C. Cook.

Bass—Otis English.

Violinist—Miss M. G. Farquhar.

Elocutionist—Mrs. A. G. Curtis.

Highland dancing—Kenneth Cameron.

Orator—Hon. Gilbert F. Little.

Musical Director—Mrs. J. T. Lewis.

Reserved seats, \$1.50; general admission (including dance), \$1.

Tickets at the "Owl" and Hilo Drug Stores and John D. Kennedy's.

RESOLUTIONS.

Francis Council No. 573, Y. M. I.—In Memoriam.

When the hand of Divine Providence removed from the scene of his labors the late Rt. Rev. Gulstan Francis Roper, Bishop of Panapolis, Damien Council No. 563, Young Men's Institute, lost a most worthy Chaplain, and the Catholic Church of Hawaii, their most zealous shepherd and lover of his flock.

And Francis Council, No. 573, Y. M. I., of Hilo, after whom it takes its name, and to whose energy it owes its existence, has lost a self-sacrificing and faithful friend. Therefore be it

Resolved, That we members of Francis Council in meeting assembled this 12th day of January, 1903, extend our heartfelt regrets and sympathy to Damien Council No. 563, Y. M. I., of Honolulu, Oahu, in this their hour of deep affliction.

Resolved, That we as members of the Catholic Church of Hawaii also extend our most sincere condolence and tribute of affection to the Fathers and Laity in this their hour of grief.

Resolved, That these resolutions be spread on the minutes of our Council, and copies thereof be sent to Damien Council No. 563, Y. M. I., and the Catholic Mission, and a copy be sent to the Institute Journal for publication.

Internal-Revenue Examination.

The United States Civil Service Commission announces that on January 31, 1903 an examination will be held at Honolulu for positions in the Internal-Revenue District of Hawaii.

Information relative to the subjects and scope of this examination may be found in the Manual of Examinations or on application at Custom House at Hilo and Honolulu.

Age limit, 21 years or over.

From the eligibles resulting from this examination it is expected that appointments will be made to the position of store-keeper-gauger in the Internal-Revenue District of Hawaii, and to other similar vacancies as they may occur at that place.

This examination is open to all citizens of the United States who comply with the requirements. Competitors will be rated without regard to any consideration other than the qualifications shown in their examination papers, and eligibles will be certified strictly in accordance with the civil service law and rules.

Persons who desire to compete should at once apply to the secretary of the local board of examiners at the custom-house at Hilo or Honolulu, for a copy of the Manual of Examinations and application blank. The application should be properly executed and filed with the secretary of the board at Honolulu prior to the hours of closing business on January 28.

Criminals Sentenced.

Yesterday Judge Little sentenced such prisoners as pleaded guilty. Derogasia Mathero, for assault and battery with a deadly weapon was sentenced to pay, a fine of \$25.00. Mrs. Juana Maria, bigamy; sentence suspended for 13 months; Watanabe Saikichi, larceny second degree, two years at hard labor; Joe Akau, larceny first degree, one year at hard labor; Narciso Rosa, burglary first degree, five years, and one year to follow this term, for larceny in second degree.

The trials of the murder cases are set for hearing Monday.

REPORT OF GRAND JURY.

Hilo Police Department upheld and Commended for Zeal.

On Wednesday afternoon at 2 o'clock, the Grand Jury appeared in Court to make a final report. The report was read by Foreman, C. C. Kennedy and follows in full:

January 14th, 1903.

To the Honorable Gilbert F. Little, Judge of the Fourth Circuit Court Hilo, Hawaii.

We the Grand Jurors for the January, 1903, term of the Fourth Circuit Court herewith beg to submit our report:

We have had presented for our consideration thirty Calendar Cases out of which we have found indictments against twenty-five, in the balance of cases we did not find sufficient evidence to substantiate the charges.

In the taking of evidence in the several cases coming before us several side issues have arisen which have been thoroughly investigated and are herein reported on.

It is to be deplored that there seems to be a growing tendency for the committing of crime on this island, and that a large proportion of the same is committed by Porto-Ricans.

In passing it may be observed that there was a case brought before the Grand Jury which involved a most dastardly and heinous crime. It appears that a young Porto-Rican wife, an orphan, without any known relative, was found murdered, the primary cause of death being cerebral hemorrhage, but upon examination of the body, the child was found to be horribly lacerated in the pubic region, proving that she had, prior to death been subjected to rape and afterward beaten to death. When the police authorities were notified of this crime, occurring practically within our midst, they used every endeavor to seek and find the perpetrator of the horrible deed, but unfortunately, owing to the mendacity and secretiveness of the person suspected by the authorities of being cognizant of the matter their efforts were abortive, through, however no lack of energy or investigation.

The Grand Jury further reports that there has been some degree of adverse criticism concerning the police department in its efforts and zeal to get at the truth of the matter and bring the culprit to justice which he richly deserves. We would say in this behalf that our population is now most cosmopolitan, and unfortunately we are burdened and infested with a very undesirable class of people, a people which is a constant source of anxiety to the decent and law abiding citizens of this Territory.

It must be remembered that the police department is here for the protection and safeguard of every citizen, poor or rich, on this island and that there are times when in order to discover and ferret out crime and for the protection of life and property that they are sometimes called to employ extraordinary measures for the protection of same. In some instances the end justifies the means, and we believe, after a full and thorough examination and investigation, that the case which has been brought to the attention of the Grand Jury is one of those that may well be classed in this category.

The work which has been presented shows that there has been during the past six months an unusually great amount of high crime, and we are of the opinion that the Hilo Police Force is entitled to commendation for the energy and intelligence shown in bringing criminals to justice.

Several cases before the Grand Jury for investigation led to the inquiry as to the system of issuing marriage licenses, and we find that many such licenses have been issued allowing the marriage of children under age without the consent of either parents or guardian. We would recommend that all marriage licenses be issued only from the office of the Clerk of the Circuit Court, or one responsible deputy appointed for each district by the Circuit Judge, and that the commissions of all other Marriage License Agents be cancelled.

The Garbage System as introduced some time ago under the supervision of the Sanitary Officer with aid of prison labor and private subscription has provided for the removal of the most of the filth and is much improved over former conditions. The question of sewerage is now a more serious problem and should be given no small amount of attention. We have visited various locations of the City and we report as follows:

With relation of the locality on the south side of Front Street between Ponahawai and Furneaux Streets we find houses in which numbers of Asiatics are living built over stagnant water with very little ventilation under the buildings. We suggest for the welfare of the community and as a safeguard against spread of disease that laws relative to the regulating of sanitary conditions be more strictly enforced. That property holders in this locality be required to comply with the same. The sewer for domestic purposes has in many cases for its outlet a neighbors yard, or seeks its level under the dwelling houses, being charged with all kinds of organic matter is a breeding place for disease germs and a menace to public health.

The Territory has already been placed at great expense as a result of similar conditions in Honolulu, and we would urge the need of the above mentioned improvements.

We have visited the Jail and from a sanitary standpoint have found it in good condition and reflects credit on those in charge, but we find the jail building to be small and ill arranged for the needs of this island, and would recommend that the legislature provide for its improvement.

We desire to call the Courts attention to the matter of Antonio G. Serrao, where the Board of Health burned his store, Stock of Merchandise, Dwelling house, and Furniture, all of which were burned by order of Dr. Wood, President of the Board of Health, and the same was (before being burned) appraised, said appraised amounting \$300.00 which the Grand Jury did not find in excess of the true value of said property.

A bill for the above amount was sent to the proper authorities but the Board of Claims allowed only \$184.25. We are of the opinion justice was not done the said Antonio G. Serrao, and we earnestly recommend that the balance of this claim be paid by the Government. In conclusion we wish to record the thanks of the Jurymen for the able and efficient manner in which Mr. Douthitt the Deputy Attorney General has presented the cases to us. All of which is very respectfully submitted.

A Bad Skin

Prick your skin with a needle. You will see it is full of blood, full all the time. But what kind of blood? Rich and pure? Or thin and impure? Pure blood makes the skin clear, smooth, healthy. Impure blood covers the skin with pimples, sores, boils, eczema, eruptions, tetter, salt-rheum.

Mr. Frank Hewett, of Kailua, W. A., sends his photograph and tells what cured him. "When a boy my skin broke out in bad sores about my hands. After trying a great many remedies in vain, I took Ayer's Sarsaparilla and was quickly cured. Recently I was troubled again with severe boils, but one bottle of the same old remedy completely cured me. It's the greatest blood-purifying medicine in the world."

HILO MEETS SENATORS.

Action Taken at Mass Meeting to Present Hilo's Needs to Legislature

The meeting called last Friday night to give the citizens of Hilo a chance to meet Senators Wood and Brown for the purpose of presenting the needs of Hilo resulted in the coming together of Hilo's representative men. The hall over the Fire Department was packed, all classes being represented. The purpose of the meeting was to present the Senators with crystalized views and opinions on needed legislation. This was not done as clearly and definitely as had been wished, but the machinery was set in motion, whereby Hilo's needs will be brought to the attention of the legislature in a forcible manner. Committees were appointed to prepare data and submit recommendations upon a variety of subjects.

The meeting was called to order by Sheriff Andrews. The call for nominations for presiding officer and secretary, resulted in the unanimous choice of A. B. Loebenstein chairman and W. H. Smith Secretary. Before proceeding with the business of the evening, Senator Woods and Brown and Representative Lewis were called to the front of the hall where they were given seats at the right of the presiding officer.

The first matter presented to the attention of the Senators was that of a Public Park for Hilo. Mr. P. Peck, in a brief speech outlined the arguments in favor of immediate action on this matter. Mr. Peck suggested as a favorable site, a stretch of land along the Waiakea beach from Hoolulu Park toward Seaconnet point. He said that action by the coming legislature was imperative, in order to get the business under proper headway. He called attention to the fact that Hilo is without a driveway of any kind and that no public resort for recreation purposes exists anywhere. The importance of early action was emphasized in order that the land might be procured before values get beyond the reach of the tax payers. Mr. Peck believed that an act by the Legislature setting aside certain Waiakea tracts of not less than 500 acres would meet the approval of the present lessees. He also stated that with the coming of County and Municipal government, the County or city would be prepared to take over the park and maintain it. The park idea was not opposed except as to location, Geo. Duncker speaking in behalf of a site near town.

J. C. Ridgway proposed the subject of an appropriation for the Hilo band. Since Honolulu has a band sustained by appropriations drawn from taxes gathered from all parts of the Islands, it was the belief of all present that Hilo is entitled to a similar appropriation.

Sheriff Andrews then submitted a number of matters to which the attention of this Island's delegation should be called. The subjects were County and Municipal Government, Court house, Jail, Wharves, Roads and Bridges, Fire Department, Band, Streets and Sewerage. Upon motion the chairman was instructed to appoint committees to act under each head and present to the legislature, data and arguments in support of Hilo's views upon each subject. The committees appointed are as follows: County and Municipal Government: C. C. Kennedy, chairman; L. W. Haworth, H. L. Ross, Geo. S. McKenzie, J. T. Stacker, John T. Baker, S. L. Desha. Hilo Streets and Sewerage: E. E. Richards, E. D. Baldwin, J. Vierra. Hilo Water Works: J. W. Mason, chairman, Robert Hawxhurst Jr., M. J. Gouvea. Hilo Wharf: J. A. Scott, chairman, L. M. Whitehouse, J. Fitzgerald. Hilo Fire Department: B. F. Schoen, chairman, Wm. Todd, Manu. Hilo Hospital: A. W. McKenney, chairman, Dr. C. L. Stow, L. Turner. Hilo Park and Boulevard: Philip Peck, chairman, L. A. Andrews, E. N. Holmes, T. C. Ridgway, T. E. Cook. Hilo Band: G. F. Affonso, chairman, W. H. Beers, J. K. Paahao. Hilo Court House and Jail: J. C. Ridgway, chairman, Ben H. Brown and J. Maka.

RACING AT WAIKAE.

New Years Day Calls Out Big Crowd Including Governor Dole.

Waimea, Jan. 8.—On New Year's day the Waimea Race Course on Parker's Ranch attracted nearly all the inhabitants of the surrounding country. The day was perfect and the track was in splendid condition. The turf lovers of the Waimea countryside had planned a good program for the first day of the year, and everything worked in harmony for a successful days sport.

There were ten good races. Records were smashed and remashed and the betting was brisk all day long. The meeting was in the hands of competent men and everything was carried out to the satisfaction of horsemen and spectators.

Among the spectators was Governor Dole, who always has taken a lively interest in all kinds of good sport.

The Judges of the races were H. T. Broderick, Sam Parker Jr. and S. Pua.

The starters were R. W. Jones and Wm. Hookuanui. Time keeper C. H. Judd; Clerk of Course F. W. Carter.

The purses were not heavy but were big enough to cause all races to fill and the side bets served to stimulate the efforts of mounts and jockeys to their utmost.

Following is a brief summary of the races:

The first was a one half mile dash. The horses were: Lindsay's b. g. "Carry the News," Kawai's Buckskin g. Leihulu, S. M. Spencer's bay g. President. "Carry the News" came in winner by 1 1/2 lengths in 57 seconds; Buckskin second. The second race was a match between two old rivals, Lindsay's grey gelding, Surprise and Ekua Purdy's Uwekahuna. The distance one-fourth of a mile was covered by Surprise in 26 1/4. These horses will not be satisfied until they try conclusions again.

Third race, one-fourth mile dash, Bonnie Judd, bay g. Bum; Lindsay's brown g., "Carry the News"; Sam Purdy's brown g., "Kamakani Lera o Kekaha." The unbeaten "Carry the News" was beaten by the horse with the short name, time 26. This was a large surprise to the wise ones. In the fourth race Waterloo, owned by F. W. Carter; Prince, owned by Adam Lindsay, and Honey, owned by Kawai were entered. The distance was one half mile. Waterloo came into the race to "fill," which he did to the satisfaction of his owner, winning the race and lowering the track record from 57 seconds to 56.

In the fifth race, one fourth mile dash, the following horses entered: S. M. Spencer's bay g. Pony, Sam Purdy's r. g. Papalanahi, Lindsay's bay g. Reindeer, Geo. Lindsay's brown g. Poni Moi. Pony won pulled up 26 seconds.

In the sixth race, one fourth mile dash, W. Lindsay's g. g. Prince won in 26 1/2 seconds. The trailers were G. Lindsay's bay, Panawea, Purdy's Buckskin and Frank Spencer's sorrel, Lakelaulii.

In the seventh, a half mile dash, John Chesboro's brown gelding, Kaleimaele won in 56 1/4 against Bonnie Judd's "Bum" and Lindsay's Lekeona.

In the eighth race, one fourth mile, the starters were Carnation, owned by W. Lindsay; President, owned by Spencer; Kilaueta Hou, owned by S. Purdy and Bonnie, a roan, owned by Geo. Lindsay. The bunch acted badly at the start and consumed nearly an hour in getting off. Carnation won in 29 seconds.

The ninth race, a half mile dash was for the half mile winners. Kaleimaele and Waterloo entered. The race was a good one, the track record being broken again, Chesboro's horse winning in 55 1/4.

In the tenth, the one fourth mile winners came in for a finish. Sam Spencer's "Poney" and W. Lindsay's Surprise were a good match before this race. This however was a surprise to "Surprise," Poney won without whip or spur in 25 3/4 breaking the track record for 1/4 mile and beating out the favorite.

"A friend in need is a friend indeed." This is an old proverb, but as true as it is old. Here is just such a friend. Never be without it. Keep it close at hand all the time.

Ayer's Cherry Pectoral

It will prove a good friend when you have a fresh cold, bringing immediate relief. You will find it equally true in old colds, bronchitis, whooping-cough, asthma.

And you will declare it "the best friend in the world" if you will use it for an irritable throat or weak lungs. It acts as a strong tonic, clearing up the throat, giving tone to the relaxed tissues, and greatly strengthening the lungs.

There are many substitutes and imitations. Beware of them! Be sure you get Ayer's Cherry Pectoral.

The only desirable means of reaching the Volcano. Connections at Mountain View with stages daily—morning trains going; afternoon trains returning. Fare from Hilo for the round trip \$8. This route is through Olao plantation, the largest in Hawaii, virgin forests of kon and wild ferns, and through many coffee farms.

The natural wonders of Puna make that district the most interesting spot in Hawaii. One can spend a most delightful day exploring the underground caves, swimming in the famous Hot Springs and resting on the cool shores of Green Lake.

Excursion tickets between all points are sold on Saturdays and Sundays, good returning, until the following Monday noon.

Commutation tickets, good for twenty-five rides between any two points, and thousand mile tickets are sold at very low rates.

SHERIFF ANDREWS FLUKES.

Amuses Lawyers and Citizens by an Inexplicable Arrest.

The sensation in the Courts last week was not up stairs as might have been expected from the array of divorce, civil and criminal causes on the calendar, the presence of two Circuit Judges and an army of legal talent. The sensational case was down-stairs before Judge Hapai. The defendant was George Duncker one of Hilo's best known hail and well met fellows. The prosecuting witness and prosecuting attorney were one and the same—our well known and amiable Sheriff—Sheriff L. A. Andrews. The charge was one that astonished all who were present at the political meeting at Fireman's hall last Friday evening. The charge was that Mr. Duncker was present at the aforesaid meeting in an intoxicated condition and that he did disturb said public meeting.

Mr. Duncker, who took a lively and patriotic interest in the proceedings of the meeting before the Senators Friday evening, took issue with the Sheriff's allegations. When the case was called in police court, the legal talent along side of Mr. Duncker, consisted practically of all the lawyers in Hilo, H. L. Ross of Wise & Ross, conducted the defense, H. L. Williams, the new attorney from Puna, was a close counselor during the proceedings. Both members of the firm of Ridgway & Ridgway were at defendant's table. W. H. Smith of LeBlond & Smith was within an arms reach and Carl S. Smith of Smith & Parsons was near at hand.

In the audience, were Senators, representatives and nearly all of the visiting members of the Honolulu bar.

Behind the Sheriff's red beard, could be seen a set face, betokening a determination to win the day, with himself as a flying wedge, ala the game of foot-ball on an interstate grid-iron.

The defendant sat in the midst of counsel, serene, smiling, buoyant. Not a line on his face betrayed emotion.

The Sheriff was the sole witness for the State.

Mr. Ross for the defense first called Senator Brown to the stand. Witness stated that he was present at the meeting the night before, saw and heard defendant and that he did not disturb the meeting and that he was not drunk.

Senator Woods was next called. He testified to the same set of facts.

A. B. Loebenstein, chairman of the mass meeting, was called. He testified that Mr. Duncker's conduct at the meeting was exemplary and that he did not annoy the chair except in a parliamentary way. L. M. Whitehouse was also a witness for the defense. It was his opinion that the defendant created less disturbance than the Sheriff did. This bit of testimony brought down the house and spurred the Sheriff to more frantic efforts to win the Court. He asked the witness if he could say on oath that defendant was sober at the meeting.

This question brought a vigorous objection from defendant's counsel on the ground that it was the duty of the prosecution to prove the defendant guilty and not the defendant's duty to prove his innocence.

The Sheriff almost fainted at this view of the law and loudly declared to the Court that it was a new thing to him, this theory that the prosecution must make out a case against a defendant. Even the Japs in the audience tittered when they heard this new exposition of the law by the Sheriff.

Defendant's counsel answered the Sheriff with the statement that if the Sheriff or any lawyer could produce one line or word in all the law books, in support of the contention that a defendant must prove his innocence, he would instruct the defendant in the case to plead guilty.

The next witness was Captain Harris, who sat by the defendant at the mass meeting. He testified that the witness was sober and that he did not disturb the meeting.

Judge Hapai listened to short arguments by both sides and acquitted the defendant without hesitation.

The inquiry on all sides was, "What on earth was the Sheriff trying to do." So far no one has been able to answer the query.

ANOTHER PRODUCT.

Hawaiian Bamboo is a Profitable Export.

The increasing importation of bamboo seem to indicate that Americans are beginning to appreciate the exceeding utility of the remarkable plant. In the Orient it fills so large a place that it may be compared with iron and steel in the Occident. When dried and cut into slivers it makes nails which never rust. These bamboo nails have recently appeared in a Broadway shop as souvenirs. When a portion of the surface is removed, steamed or heated in a fire it becomes pliable, and may be bent into various angles. These two properties enable the Eastern cabinet maker to manufacture it into stools, chairs, tables screens etageres, trunks, and armoires.

In the United States bamboo and rattan are made into ornamental furniture on a small and delicate scale, but the use of the large sized bamboo for massive and durable furniture has not yet been attempted. Builders in the cities on the eastern coast of Asia use the bamboo for masts, poles, ladders, scaffolds, painters' stagings, and other purposes where both strength and rigidity are demanded. With equal weights bamboo is five times as strong as wood, and with equal strength is but one-third as heavy. The joints in the stems enable a workman to lash two poles together without any possibility of slipping, which is not the case with ordinary timber poles. This does away with the necessity of scaffolding indefinitely. Every bamboo is practically a series of air chambers. A boat hook whose shaft is one of these stems is a life-preserver which will support one or two persons; while a bamboo gaff or boom will keep a dozen persons afloat. In household furnishing and decoration the Eastern reed offers unlimited variety. Thus far it has been employed in this country for picture frames, easels, fancy chairs, and curtain poles. In the Orient the large sizes, are sawed in lengths and used for card receivers, sugar bowls, cigar boxes, hand trays spoon holders, umbrella stands, drinking utensils, and jewel boxes. The large ones are cut through and sawed with scroll saws into various patterns, which are utilized as jardiniere or the holders of pewter boxes, incense cases, and mantel ornaments.

When softened by hot water and split into thin strips these can be woven with cord into veranda and window shades, door mats and hall matings. When split still finer the strips can be braided into table mats, chair seats and backs, dado wall covers and a flood covering which is almost indestructible.

DEATH OF A STATESMAN.

Sketch of the Life of Ex-Speaker
Thomas B. Reed.

Ex-Speaker Thomas B. Reed is dead. Acute Bright's disease ended his career after a few days' illness, at Washington Sunday morning, Dec. 7th. For twenty-two years Thomas B. Reed was a central figure in American politics, and as a parliamentarian, he was probably without an equal in the world. It is doubtful if any other man during a ten year's speakership of the House, could have instituted and carried through to a successful completion, those measures and reforms which are attributed to Thomas B. Reed. The act which marked him as a great political celebrity was known as "counting a quorum." Previous to his rule in the House, the custom was to ascertain a member's presence by calling his name. If the member answered, he was present, and if he did not answer, he was not present, though he might be at the time sitting on the floor of the House. Speaker Reed believed that this custom was averse to honest parliamentary principles, and despite all opposition, enforced his ruling on the point by counting a man present when he was on the floor. For one in his position, this act was without a precedent in the history of politics.

Thomas B. Reed was born in Portland, Maine, in 1839, within a few rods of the birthplace of Longfellow. His early education was begun in the schools of his native town and supplemented by a course at Bowdoin. After completing his college course, he began the study of law and was admitted to the bar of Maine when he was twenty-eight. He was elected to the Lower House of the state legislature, and ten years later, in fulfillment of his ambitions, he was elected by the republicans to the national House of representatives. Thomas B. Reed had long ago displayed his wonderful talent as a lawyer, yet it was not until he made his maiden speech, four months after taking his seat in Congress, that his fellow statesmen got a glimpse of his true brilliance and realized his great power and ability as a law maker. The great culminating point of his career came when, in December, 1889, he was made speaker of the House over such formidable rivals as Wm. McKinley and Cannon, of Illinois. Thomas B. Reed closed his public career as statesman in 1899 when he refused to again become his party's candidate for speaker. Of late years he has been practicing law in New York City, where he was one of the leaders in the profession. He leaves a wife and a grown daughter.

ANTLERS FOR HILO LODGE.

A. B. Loebenstein Presents B. P. O.
E. With a Rare Trophy.

Hilo Lodge, B. P. O. E., No. 759, has been presented with a pair of mounted elk's antlers, the gift of A. B. Loebenstein. The antlers are elegantly mounted on a shield of koa. This work was done by George Mumby. They have been placed on the wall above the station of the Exalted Ruler and are an object of pride to every member.

These antlers have an interesting history. They were brought to Honolulu in the year 1830 by traders in the Hudson Bay Company, which at that time had a trading post at Honolulu for the transshipment of furs, gathered in the Northwest, to Europe and China. These antlers went into the possession of Kamehameha II, then monarch of these Islands. Subsequently they have passed down through various representatives of the Hawaiian royal family. Coming into Mr. Loebenstein's hands, he fulfilled a promise made at the founding of the Hilo lodge last spring.

Albany, N. Y., Jan. 11. The forest sections of New York State are being denuded and many picturesque places ruined in the effort to provide wood fuel for large towns and cities. Thousands of cords of wood are shipped from here to New York daily.

COMMISSIONER'S REPORT.

Radical Changes Recommended Upon
Many Matters.

Washington, D. C., Jan. 6.—Senators Mitchell, Foster and Burton, the sub-committee of the Senate Committee on Pacific Islands and Porto Rico, who visited Hawaii last summer, rendered their report today. The document goes thoroughly into the situation in the Islands and is accompanied by a mass of detailed testimony and memorials presented to the Commission by the people of the Islands. The general sentiment of the report is towards doing away with the present centralized authority in the Territorial Government.

In dealing with the much-discussed land question of the Islands the committee favors Federal control of all public lands with two general land offices; one at Honolulu and one at Hilo. The immediate suspension of the present system of leasing public lands is recommended; also a thorough investigation of land and forestry questions. The Kohala Ditch Bill, which was before the Senate at the last session, is approved.

The report favors Federal control of lighthouse and extensive harbor improvements throughout the Territory. The construction of a breakwater for Hilo harbor is approved.

The petition of Portuguese residents on the Punchbowl lands of the Kapiolani Estate is favored with a recommendation that the lands be sold to the sub-lessees at the expiration of the Kapiolani lease.

Somewhat critical comment is made on the condition of Territorial laws and a new codification recommended.

Control of lepers at Molokai and throughout the Mainland by the Marine Hospital Service of the Treasury Department is approved.

The Commission urges a four-cent bounty for Hawaiian-grown coffee and is strongly in favor of immediate organization of county and municipal governments. Payment of the fire claims as embodied in the bill recently passed by the Senate is urged.

JUNIOR LEAGUE SERVICE.

Interesting Exercises Sunday evening at Haili Church.

The program given at the Haili Church Sunday night by the members of the Junior League of Christian Endeavor was one of unusual merit. The exercises by the children were given under the direction of Mrs. F. L. Nash and consisted of the ordinary work done in the League Class room, with variations in the way of songs and recitations. Miss Sarah Lyman presided at the organ.

The program entire was as follows:

Invocation.....Rev. F. L. Nash
Hymn.....Congregation
Prayer.....Rev. F. L. Nash
Hymn—"I Love to Tell the Story."

About Pearls.

I was talking a few days ago with one of the largest dealers in pearls, says a writer in London Truth. He showed me a necklace which cost £28,000, and the pearls did not seem to me to be large, and another which cost £3,000, the pearls of which were small. He contended that it was a good speculation to buy pearls and keep them, because they were sure to go up in price. I questioned this. The higher the price the smaller the number of people who can afford to buy. Those who can afford to buy a necklace of small pearls will not do so long, for they will feel that they are cut out by their friends with big pearls. As it is, nine-tenths of the pearls that these ladies displayed on their persons in necklaces and ropes are sham. No one without touching them can tell the difference between real and false, and even then it requires somewhat of an expert to decide.

MAKE STRICTER LAWS.

Knox Asks Congress to Fight the
Trusts.

Washington, D. C., Jan. 6.—Attorney-General Knox has made his first move for legislation to control the trusts. He has dispatched identical letters to Senator Hoar and Representative Littlefield, chairmen of the Senate and House Committees on Judiciary respectively, suggesting legislation against corporations giving or receiving advantages which enable discriminatory prices to be made. He especially urges such action against the common carriers. He thinks present laws insufficient but urges caution in the development of legislation that will correct the trust abuses.

Mr. Knox holds strong views on the trust question. He believes that trusts should be regulated by law and that those which furnish products consisting of the necessities of life should be forced to regularly and reasonably supply the public needs.

In a speech recently he stated that he considered that the chief evils of the trust were: "Over-capitalization, lack of publicity of operation, discrimination in prices to destroy competition, insufficient personal responsibility of officers, for corporate management, tendency to monopoly, and lack of appreciation in their management of their relations to the people, for whose benefit they are permitted to exist."

Senator Cullom introduced a bill on Dec. 2nd to amend the Sherman anti-trust law, the amendment providing that interstate commerce in articles produced by trusts be prohibited, the penalty for violations being a fine of from \$500 to \$5,000.

Language of the Umbrella.

There is a language of umbrellas, as of flowers. For instance, place your umbrella in a rack, says the New York Dial, and it will indicate that it will change owners. To open it quickly in the street means that somebody's eye is going to be put out, to shut it, that a hat or two is to be knocked off. An umbrella carried over a woman, the man getting nothing but the drippings of the rain, signifies courting. When a man has the umbrella, and the woman the drippings it indicates marriage. To punch your umbrella into a person and then open it means "I dislike you." To swing your umbrella over your head signifies "I am making a nuisance of myself." To trail your umbrella along the foot-path means that the man behind you is thirsting for your blood. To carry it at right angles under your arm signifies that an eye is to be lost by the man that follows you. To open an umbrella quickly, it is said, will frighten a mad bull. To put a cotton umbrella by the side of a silk one signifies "Exchange is no robbery." To purchase an umbrella means, "I am not smart but honest." To lend an umbrella indicates "I am a fool." To return an umbrella means well, nobody ever does that. To turn an umbrella in a gust of wind presages profanity. To give a friend half of your umbrella means that both of you will get wet. To carry it from home in the morning means that "it will clear off."

Dog That Husks Corn.

A corn husking dog is the latest novelty on the banks of the Wabash, says the Chicago Tribune. This industrious and intelligent canine is the property of Jacob Duffenbaugh, who lives on the Stephens farm, near Andrews. It is a nine-months-old pup, and watched Mr. Duffenbaugh husk corn one day last week, and then went in on his own hook, tearing the husk from the ears with more celerity than the average farmhand. He wasn't careful in piling the corn and the husks, but he stripped the husks clean. The next day he followed Duffenbaugh and his man to the field and did several hours of efficient work. The dog apparently was delighted with its work.

SCOTCH INVENTOR.

Marconi Acknowledges That James
Lindsay Preceded Him.

New York, December 27.—When Mr. Marconi lectured at Dundee, says the London correspondent of the Tribune, he gave full credit to the Scotch inventor, James Bowman Lindsay, for being the first man who thoroughly believed in the possibility and utility of long distance wireless telegraphy, fifty years ago. He contended that Lindsay's system was not considered practicable on account of the enormous electric energy required, even for the most moderate distances, and the necessity of placing immersed plates at a considerable distance apart, but he admitted that the inventor would have done much more if he had lived in the present time.

Lindsay's biographer has delivered lectures on these early experiments in wireless telegraphy and has exhibited the original apparatus and diagrams. The biography, which will be published shortly, will contain many of Lindsay's letters on the subject, which prove the originality and feasibility of his experimental work. It is not generally known that Lindsay took out a patent for his method of wireless telegraphy. He began experimenting in the ponds around Dundee in 1844 and resumed in 1853 at Portsmouth and across the bay.

Decrease in State Debts.

Remarkably healthy and creditable is the showing made by the states in their general reduction of the debts incurred for public purposes.

The forty-five states have collectively a bonded debt of \$200,000,000, and although other debts, municipal and county, have been increasing largely of late years, state debts have in most cases fallen off.

The state which has the largest debt—contracted through obligations entailed by the Civil War—is Virginia, which owes \$24,363,000 in bonded debt. Twelve years ago its debt was \$31,000,000, and it has reduced the amount by \$7,000,000.

The financial credit of Massachusetts is so high that it has, since 1890, been pledged to sundry towns for local liabilities, the payment of the bonds issued for which is provided for by direct taxation. The actual state debt, which was \$28,000,000 in 1890, is now \$12,400,000, a reduction of \$15,600,000. The debt Tennessee, which, next to Virginia, suffered most from the Civil war, is now \$16,200,000. Twelve years ago it was \$16,600,000, \$400,000 more. During this period the population of the State has increased a quarter of a million. Louisiana has a State debt of \$10,800,000. Twelve years ago it was \$11,800,000, a reduction of \$1,000,000.

New York's present debt, insignificant when compared with its manifold assets, is \$10,000,000, an increase of \$3,500,000 compared with what it was twelve years ago. This increase is due almost exclusively to the canal debt, now \$8,500,000, authorized in 1895, and of what remains of the increase \$675,000 is for the acquisition of Adirondack park lands.

The debt of Alabama is \$9,500,000; of Pennsylvania, \$7,800,000, a decrease of \$1,000,000 in twelve years; of South Carolina, \$6,800,000; of Georgia, \$7,600,000, a reduction since 1890 of \$2,400,000, and of Mississippi, \$2,800,000.

Texas has reduced its State debt in the same period from \$4,200,000 to \$715,000; Arkansas from \$2,000,000 to \$1,200,000; North Carolina from \$7,700,000 to \$6,200,000, and Maryland from \$10,000,000 to \$2,600,000, partly by disposing of its railroad investment.
