

INTERESTING THEORY OF THE SEWALL'S LOSS

THE MISSING AMERICAN SHIP MAY HAVE COLLIDED WITH THE ADOLPH OBRIG, WHICH IS SUPPOSED TO HAVE BEEN KEEPING HER COMPANY—TWO VESSELS OF WHICH NO TRACE HAS BEEN REPORTED.

The theory is advanced by Mrs. Graham, wife of Captain Graham of the splendid American windjammer *Ers-kine M. Phelps* now at Kaunaloa that the American ship *Arthur Sewall*, Captain Gaffney, concerning which as many different versions of her presumed loss have been advanced, was lost in collision, in the neighborhood of the Horn, with the bark *Adolph Obrig*, Captain Ross.

The *Arthur Sewall* sailed from Philadelphia on April 3 for Seattle and has since not been definitely heard of, the silver bell of Lloyds having knelled her official death. The *Adolph Obrig* sailed from New York, seven days after the *Sewall* left the Quaker City, bound for San Francisco and has not since been reported.

It is not improbable that the *Sewall* and *Obrig* kept somewhat near to each other and in bad weather in the vicinity of the Horn they may have been in collision and sunk. It is peculiar that no definite report has been made of either. Neither has been spoken or

sighted, nor has wreckage from either been reported.

Several vessels have reported unidentified ships ashore in the region of the Cape and there have been more or less weird stories of ships ashore and resuscitated feasts, but in the event of a vessel going on the beach some tangible information would by this time have reached the news centers of the world.

The absolute disappearance of both the *Obrig* and the *Sewall*, and their sailing within seven days of each other, headed on the same course, sailing from neighboring ports and getting practically the same weather and being kept reasonably close, are facts that lend color to the theory of collision.

The *Sewall* had her name branded all over her, on spars, boats, gangways, taffrail, capstan bars, buckets, oars, life buoys and skylights, besides bearing her name on either side forward and on her stern. Had she been driven ashore and broken up, some piece of wreckage bearing her name would probably have been discovered.

REVENUE COLLECTOR HAS TO RUN DAIRY

THE NUUANU VALLEY OKOLEHAO RAID PUTS FEDERAL OFFICIALS IN POSSESSION OF A DAIRYING BUSINESS—THE GOVERNMENT PROPOSES TO SEIZE THE CATTLE AND THE APPARATUS AND LEASE AND CONFISCATE THEM ALL.

The Internal Revenue office has virtually gone into the dairying business. It has in its possession nine cows and five or six calves, besides buildings and paraphernalia for carrying on the work of supplying milk to customers besides a lease on pasture lands.

All this unusual property came into possession of the office through the raid on the illicit still in Nuuanu Valley on Saturday. Hashimoto, the Japanese who is charged with being the financier of the okolehao business, was the proprietor of a dairy, and it was under the mask of this industry that the illicit trade was carried on.

By the seizure of the still and contraband liquor, however, the government under the law comes into possession of all other property of the offender by confiscation; hence the reason that Collector Drake is running a dairy.

It is estimated that the cattle and apparatus will equal a sum of about \$1,000 and the lease which is from the Afoong estate will also be worth something. All this property will in due time be advertised and sold at auction.

Two more arrests were made yesterday in connection with the moonshining! Higaka and wife, Japanese servants on the dairy, are the parties, but

it is possible that they will be released as it is thought that although they may have been conversant with the illicit business they did not have any actual part in it.

Even Koga, who was the first Japanese arrested, is supposed to have been little more than a workman, though possibly a partner of Hashimoto, notwithstanding that he attempted to take all the blame on his own shoulders. He is the one who actually made the liquor, being an expert distiller, but it was Hashimoto who furnished the money, and who disposed of the product. Both have been held to answer before the April term of the U. S. Court.

None of the persons arrested have been servants or in any other way connected with the Afoong residence, as was incorrectly stated in some of the reports printed about the raid; but have been working on the dairy, which is on Afoong property under lease to Hashimoto.

CAMERON FOR ARTIST'S MODEL

Mate Cameron of the American ship *Elipse*, abandoned at sea on January 11, is suggested by waterfronters as a splendid subject for the model of "ye ancient mariner" some time ago sought by Artist Wilder.

PRIMARY IS CALLED

REPUBLICAN EXECUTIVE COMMITTEE MEETS AND CALLS PRIMARIES AND A CONVENTION.

The executive committee of the Republican Territorial Central committee held a meeting last night and decided to issue a call for primaries and a convention to elect delegates to the national convention.

It was decided to call primaries for March 28 Saturday, for the election of the delegates to the convention, which is to be held in Honolulu, April 13. There was no contest over the location for holding the convention.

The primaries are to be held throughout the Territory, and promise to result in some lively contests. There are only two delegates and two alternates to be chosen, and candidates are numerous. It appears to be understood that Governor Frear, who is likely to be in the east about the time of the convention, will be given a delegateship if he wants it, and Delegate Kuhio also wants one.

THE DESPATCH IN COMMISSION

THE NEW AMERICAN-HAWAIIAN STEAMER UNDAUNTED AND GOES TO KAUAI TONIGHT.

There is nothing wrong with the American-Hawaiian S. S. Co's steamship *Despatch* as the result of her hitting the sandspit at the Ewa turn of the channel on Sunday morning and this evening at 5 o'clock she sails for Makaweli and Eleale, Kauai, to discharge several hundred tons of freight from San Francisco and return with sugar. She will make two trips a week to Kauai for sugar, handling most of that island's output and delivering it to the big Sanila Cruz and San Francisco freighters of the American-Hawaiian.

Yesterday Captain C. M. Nichols of the S. S. Mexican and Captain G. B. Knight of the S. S. Nebraskan and a representative of Lloyds made a survey of the S. S. *Despatch* as she lay at the railroad wharf a diver taking part in the examination. A thorough inspection was made and the verdict was that the *Despatch* was making no water and was in no way damaged, the water having been smooth when she went on and she therefore suffered no pounding.

The Federal health officials sent a representative aboard on Sunday while the vessel was lying on the reef and found all well. It is not likely that she would have been fined for entering port, if she had entered instead of stopping a day on the reef, without a medical examination outside, for she was headed for quarantine wharf where it was the intention of Captain Kokeritz to moor for the night.

PACIFIC CLUB HAS ELECTION

The annual meeting of the Pacific Club was held last night, with election of officers. Ex-Governor Cleghorn was re-elected president as a matter of course and Senator Isenberg was chosen for vice-president. For treasurer A. W. T. Bottomley was elected and George Potter was made secretary. The new directors are George Davies, H. Foeke, L. E. Pinkham, H. M. Whitney and G. F. Wilder.

PORTUGAL'S NEW MONARCH

Manuel II, who has been proclaimed King of the Portuguese, is a younger brother of the prince who was assassinated with his father last Saturday. He was Duke of Beja and was born in 1889. His mother will be regent while he reigns as a minor.

This morning the Honolulu Portuguese paper *O Luso*, published an extra, telling of the tragedy and containing pictures of the royal family. In editorial comment it states that there is profound regret among Portuguese here and that the late King was liked by his people. *O Luso* says it is difficult to understand why the prince was killed too, as he was not identified with the government policies, and that the tragedy will probably have the effect of shutting up the enemies of the monarchy.

For Assassins' Victims

Memorial services in honor of the King and Crown Prince of Portugal will be held at the Roman Catholic Cathedral on Fort street Thursday morning at 10:30. The services will consist of a solemn high requiem mass for the repose of their Majesties' souls, after which the sacred rite of benediction will be said by Bishop Da Silva. The full choir of the Cathedral will sing for the mass. Bishop Da Silva will be celebrant at the mass, and the Assistant Priest, Deacon and Sub-Deacon will be announced tomorrow. The foreign consuls, Territorial officials, Federal officials and the Army and Navy have been invited to attend the services by Consul Canavarro, who has charge of the service.

BIG MORTGAGE IS NEGOTIATED

PACIFIC SUGAR MILL DOCUMENTS INVOLVING \$500,000 BOND ISSUE ARE FILED.

A mortgage of the entire property of the Pacific Sugar Mill in Hamakua, Hawaii, or elsewhere in the Territory, to the Bishop Trust Company, was entered for record this morning in the Bureau of Conveyances. The mortgage is to secure the issue of \$500,000 worth of bonds of the company, of which the Trust Company is trustee.

The bond issue was authorized by the stockholders of the Sugar Company at a meeting held October 30th, 1907, at which 3729 shares of stock were represented. The resolutions under which the bond is authorized recites that the purpose is to cancel outstanding obligations in shape of notes and open accounts to the amount of \$215,000.

BLIND PIG TRIAL IS ON

JUDGE LINDSAY AND THE JURY MAKE PERSONAL INSPECTION OF MRS. MIGUEL'S PREMISES.

Mrs. Antonio Miguel's trial for conducting a blind pig in Kakaako was begun yesterday, is still in progress and will probably take most of this afternoon. The trial was delayed this morning by the demand of Enos Vincent, attorney for the defense, insisting that the jury be allowed to visit the scene of the alleged violation of the law on the contention that the witnesses who had testified to having seen the transaction on which the prosecution is based, could not have done so from the position described.

Attorney J. W. Cathcart, prosecutor, objected to this and finally Judge Lindsay suspended the trial while he in person went with Vincent and examined the premises. Upon returning he then went to the scene with Attorney Cathcart and finally permitted the jury to go also and so a third pilgrimage was undertaken, this time with the whole court.

The liquor seized as evidence was not excessive in quantity and would not overstock any average sideboard in a private residence.

DOLLAR CASE WON

STEAMER STANLEY DOLLAR MUST PAY JAPANESE WHOM SHE FAILED TO TRANSPORT.

A cable was this morning received by Attorneys Charles F. Chillingworth and George Davis announcing a decision in their favor by the Ninth Circuit Court of Appeal, California, in the claim for damages of forty-seven Japanese who booked passage to Seattle aboard the S. S. *Stanley Dollar* and were then unable to go inasmuch as the *Dollar* had no license to carry passengers between American ports and it developed that the steamship people had intended landing the emigrants at Vancouver.

Attorneys Davis and Chillingworth took up the case for the forty-seven Japanese, who had been led to believe they would be transported to Seattle aboard the *Dollar* and sued for \$5,000 damages and costs. The matter was taken to the United States District Court here and was appealed to California.

The cablegram received this morning announces damages in the sum of fifty dollars per head for the Japanese, together with proctors' fees and costs.

DID NOT OFFER TREASURERSHIP

GOVERNOR FREAR DENIES A REPORT REGARDING THE POSITION HELD BY CAMPBELL.

Governor Frear this morning took occasion to deny very positively a published statement to the fact that at the time of his taking office he had offered the position of Treasurer to some person who declined to accept the job, and hence A. J. Campbell was continued in office.

"I wish to say," said the Governor, "that wherever the story came from, it is positively not so. I offered the position to no one, and never even entertained such an idea."

The report was published in connection with the story that Treasurer A. J. Campbell would probably not be a candidate to succeed himself when his term of office expires next April, owing to private business interests which demand his attention, though it is understood to have originated with a member of the Governor's official family.

SHIPPING NOTES

There would appear to be no doubt that the vessel sighted by the distressed seamen was the Fort George, though that vessel did not see the small boat.

Captain Larsen of the Falls of Clyde states that on Saturday, January 25, he sighted a four-master, either English or French, by her looks. The Clyde was heading west by south and the stranger was pointing south by west. It was also impossible that the stranger seen from the Clyde was anywhere near the men in the Eclipse's open boat.

Told of the Eclipse's sailors sighting a four-master about sunrise of January 25, Captain Larsen of the Falls of Clyde gave his position at that time as about 138:30 west and 21:20 north, hundreds of miles away from where the men in the open boat saw the Fort George. It was suggested on the waterfront that the vessel sighted by the men in the boat was the Falls of Clyde, but this is now shown to have been impossible.

AUTOMOBILE STUCK.

An automobile owned by R. M. Isberg and driven by his chauffeur, interrupted traffic for about 15 minutes yesterday on the corner of Fort and King streets. The engine seemed to be running all right as the car approached the corner, but without any warning stopped. All efforts to start it proved futile, and it required several men to get the machine off the car track so as to allow the Rapid Transit cars to go by. After several vain attempts to crank the engine, the chauffeur decided to look and see if the other parts were correctly adjusted, his investigation proved that they were not and after a few minutes more delay in fixing the cause of the trouble, the car started.

HAYASHI REPORTS IT.

TOKIO, February 4.—Minister Hayashi, in an interview, says that the emigration of Japanese to America is undesirable to the Japanese Government and that it has been decided to restrict the emigration of Japanese to Hawaii under the guise of laborers. He also states that it may be found necessary to prohibit altogether the emigration of Japanese to Hawaii and Mexico.

THIRTEEN DROWNED.

HALIFAX, Nova Scotia, February 4.—The British steamship St. Cathbert, bound from Antwerp for New York has been burned at sea. In taking to the boats, thirteen of her crew were drowned.

The S. S. St. Cathbert was a steamer of 3156 tons, plying regularly between New York and Antwerp. She was commanded by Captain Lewis.

STEAMERS TO DEPART.

From the northern part of the state, it would in all probability take the candidate for lieutenant governor from the southern part of the State. The State treasurer and other important officials would be distributed in like manner to other sections. In the same way the different classes and nationalities composing the party would be represented—the old soldiers, the German population the negroes and so on to the end would all have in so far as possible, a fair representation on the ticket.

"I never heard of anybody condemning such practices; but, on the contrary I supposed that all recognized their necessity. In other words, such an arrangement or agreement, or whatever you may see fit to call it, is in no sense a bargain or a deal between individuals, for it is not in any sense an individual or personal matter; but, on the contrary, something the party does on party responsibility and for the good of the party."

"It was for this reason that I announced publicly that a harmony proposition was proposed that, if such was the wish of the republicans of Ohio, so one would support Secretary Taft for the presidency more cordially than I. The Secretary answered that he would

FORAKER TO TAFT-ON PARTY MAN'S DUTY

THE SENATOR FROM OHIO GIVES OUT A STATEMENT OF HIS VIEWS

ON POLITICAL MANAGEMENT AND HINTS AT A MANNER IN WHICH PEACE MAY BE BROUGHT IN SECRETARY TAFT'S OWN STATE.

WASHINGTON, January 9.—The Taft-Foraker contest in Ohio has reached such a acute stage as to cause serious alarm to republican representatives, who fear the loss of some congressional districts in the next election. Senator Foraker is aware of the situation, but claims that it is not his fault. He gave out a statement last night outlining his attitude in the contest. The statement was elicited by the kindly reference which Secretary Taft made to Senator Foraker in a speech at a banquet last Monday night. The statement follows:

"I am not surprised to learn that Secretary Taft spoke kindly of me, for we have been friends for many years. I am surprised however, to learn that he alone is responsible for the failure of all the efforts that have been made by Senator Crane of Massachusetts, and others to bring about an adjustment of differences and restore harmony to the republicans of Ohio. A good many people will feel more kindly toward President Roosevelt than they have been feeling recently after having read the Secretary's statement.

"But as to the statement itself, I have always supposed it was the duty of one aspiring to the honors of a party, particularly its highest honors to help compose its differences, and thus add to its strength against the common enemy. I have never before heard of any one speaking of such action as a deal or a bargain of reprehensible character. Without meaning to criticize Secretary Taft, I feel that he either misapprehends the character and purpose of the suggestions that have been made to him or that for some reason he has impractical views on the subject.

"What Senator Crane and others sought to do was precisely what every other state convention does when it nominates a state ticket. Using Ohio for an illustration, if the convention should nominate a candidate for governor from the northern part of the state, it would in all probability take the candidate for lieutenant governor from the southern part of the State. The State treasurer and other important officials would be distributed in like manner to

Sugar Situation In United States

HAWAII, CUBA, PORTO RICO, THE REET MEN AND THE PHILIPPINES—THE BEST SUGAR IN THE WORLD IS PRODUCED IN HAWAII—WHAT THE ISLAND OF NEGROES ALONE COULD DO—

The American people are in a queer position in regard to the production of sugar.

Some twenty years ago it was not supposed that America could grow sugar to any great extent. Therefore our legislation was not specially devoted to an attempt to build up the sugar industry at home. Under the reciprocity feature of the McKinley bill Secretary Blaine traded sugar off to secure some advantage in other lines. For instance, he said to Cuba, "We will let your sugar in free if you will let flour and other American farm products into your country free." The trade was completed, and for a brief time the exchange of commodities worked well. Blaine traded off something which we did not expect to try to produce. He permitted a commodity to come in which at that time struck down no American industry. It is true some sugar was grown in Louisiana, but Louisiana was a Democratic State, and, in the partisan spirit of the times, Republicans said let the Democrats go. The Senators and members from Louisiana were constantly voting against the interest of their own people; therefore Republicans had some warrant for their action in neglecting sugar.

The Democrats repealed the reciprocity arrangement. Then the beet sugar scheme began to take form and sugar gave promise of being an American industry. Recognizing the new situation, the Dingley law enacted by the Republicans gave sugar a protective duty. Since that time the beet sugar industry in Michigan, Colorado, Nebraska and other States has grown to tremendous proportions, representing a capital and product of hundreds of millions of dollars. This being the case, legislation in regard to sugar is of the utmost importance.

We admit sugar free from Porto Rico and the Hawaiian Islands. The best sugar in the world is produced in Hawaii, but it is produced at the greatest cost for irrigation and fertilization. It is produced at a profit only by the introduction of the modern methods of economy in labor and in every other respect.

It is right that sugar should come in free from Porto Rico and Hawaii, because they are parts of our own country and they do not produce sugar in amount sufficient to destroy the American sugar industry.

But inasmuch as the beet sugar mills have all been erected with the understanding that there shall be a Protective Tariff on sugar, the question naturally arises, How much farther can we in honor go in removing duties? There is one island in the Philippine group, to wit: the Island of Negros, which can produce sugar without either irrigation or fertilization. Properly cultivated that island could produce more and cheaper sugar than any other spot of ground on the globe. Industry has never been well applied on the island of Negros. The natives are lazy. Native sugar growers, when they make a profit, use up the money in luxurious living instead of erecting sugar mills. No intelligent effort has been made toward developing sugar growing in Negros. From four to seven crops of sugar can be grown in Negros without replanting. This means that when the cane is cut down the new cane starts from the stock of the old hill. The profit of sugar growing in a measure depends upon the number of crops which can be produced without new planting. No other sugar growing country in this respect can compete with the Island of Negros.

Therefore, when the free admission of sugar from the Philippine Islands is discussed conditions must be remembered. The Hawaiian sugar planters say that in their view when Congress declares for the free admission of sugar from the Philippine Islands every sugar plantation in Hawaii will cease to be cultivated. The American grower of sugar beets makes the same assertion. The sugar grower in Porto Rico holds to the same belief.

These being facts, the question of the free admission of sugar from the Philippine Islands becomes of the utmost importance as respects justice and conscience. Can the American people now afford to change the entire plan upon which operations have been followed and throw the American market open for the free admission of sugar from the Philippines? The Committee of Ways and Means of the House of Congress has all the time believed that it would be an injustice to American sugar growers to change the entire policy of the Government at this time.

Hon. James Wilson, Secretary of Agriculture, has never been an enthusiastic supporter of the doctrine of free admission for Philippine sugar, though he has been of the hopeful belief that the beet sugar industry could be maintained under the new conditions, provided the fields were properly cultivated and made to yield to the fullest extent. He leans to the belief that in specially favored localities the beet sugar industry could be maintained.

The free admission of Philippine sugar is urged to benefit the Filipinos, but under present conditions the Filipinos are not producing sugar to any great extent. They have a market in China and Japan which they are neglecting. Both China and Japan desire to buy raw sugar. This would suit the Filipinos, for they have no refineries. We have always contended that what the Filipinos needed was more industry. They have markets for all they can produce. They are not increasing their productions. The talk of free admission of sugar into the United States has caused the Filipino to turn his attention to Congress in the true American way, asking favors and locating a grievance. The average Filipino will today tell you that he cannot prosper because American legislation is against him. He did not make the same complaint as against the same conditions under Spain.

The fact is that energy and industry would bring prosperity to the Philippine Islands without any change of present laws. And changes in our laws would not bring prosperity to the Philippine Islands unless industry and energy shall be made more emphatic than at the present time.

We do not deny that consistency shall finally require Free-Trade between the Philippine Islands and the mother country. We are disposed to advocate Free Trade with the islands as regards every product, just as a matter of consistency. But those who have millions invested in sugar beet plants are not prepared for such a radical change of policy on the part of our government.

Congress is not now considering Free Trade with the Philippines. The only proposition pending relates to a lowering of the duties. Secretary Taft advocates lowering the duties. He has in mind helping the Filipinos. He loves the people of the islands. He feels like a father to them. He takes only the sympathetic view. His constant battle for the Philippine Islands must excite our admiration, even though we may not altogether agree with him.—Des Moines "Capital."

WEEKLY WEATHER BULLETIN

For the week ended February 1, 1908. Honolulu, Feb. 2, 1908. 1908 reporting season according to the Hawaiian Standard.

GENERAL SUMMARY

The greatest amounts of rainfall were reported from the Puna, the central and southern portions of the Kailua and the southern portion of the Kailua districts of Hawaii, and ranged from 1.22 to 2.26 inches. In the remaining districts of Hawaii the amounts of rainfall varied in the Kailua from .30 to .36 inch, Hamakua, .39 to .38 inch, Kona, .31 to .31 inch, and in the northern portions of the Kailua and Kailua from .26 to .32 inch. On the windward side of Maui the amounts ranged from .29 to .79 inch—excepting 1.20 inches at Nahaiku, and .60 to .64 inch on the leeward side. On the remaining islands the amounts varied from .00 to .57 inch.

The rainfall was below the average for the week at all stations having a record of ten or more years, excepting excesses of .11 inch at Hilo and .22 inch at Kapaeha, Hawaii. The deficiencies in the several districts of Hawaii ranged from .43 inch to 1.04 inches in the Hamakua, 1.04 to 1.41 inches in the Kailua, .26 inch to 1.36 inches in the Kailua, and .40 to .61 inch in the Kailua and Kona, and .49 to .80 inch on Oahu and Kauai.

There was more rainfall than during the preceding week at all stations in the Kailua and Kailua districts of Hawaii, at practically all stations on Oahu, and at the majority of stations on Maui, and in the remaining districts of Hawaii. There were but three stations where the rainfall was less than during the preceding week. The mean daily barometer ranged from .97 to .11 inch above the normal, and 10 above the normal for the week.

ROOSEVELT'S TALK FOR FORTS

THE PRESIDENT'S ACTIVITY IN URGING IMMEDIATE STRONG FORTIFICATIONS HERE.

(Special Dispatch to Chicago News.)
WASHINGTON, D. C. January 18.—To officers of the Iowa national guard who called at the White House today President Roosevelt is reported to have said:
"We must fortify Hawaii and fortify it quick."

Some of the Iowans who are not acquainted with the intenseness of the president were inclined to tie the remark of the president to foreign newspaper reports which attach great mystery to the movements of the Japanese fleet. One of these reports had the Japanese fleet cruising off Hawaii only day before yesterday.

It is well known in Washington that the president has strenuously advocated the strongest kind of fortifications at Hawaii and that he is anxious this congress shall grant a liberal appropriation for this purpose. So far as known there is no other reason given in official circles at this time for activity in Hawaii.

Secretary Strauss of the department of commerce and labor has received a communication from Canada announcing that that government as a solution of the Japanese race problems, plans to restrict Japanese from Hawaii. The plan will mean that hereafter Canada will admit only those Japanese who of commerce and labor has received a come bearing proper passports showing their destination.

If this programme is carried out by Canada the action will be highly significant. It will indicate that Canada is following closely the United States in dealing with the subject. If this action shall prove to be the result of Minister Lemieux's recent visit to Japan and the programme outlined has been accepted by Japan, it will also indicate that Japan has little real official grievance against the United States for steps thus far taken to end the race troubles on the Pacific Coast. Furthermore the action of the Canadians will have the effect of cutting down the large number of Japanese who are now coming into the United States from that quarter.

ENTERTAINING THE FLEET.

Some of the Possible Features of Local Reception of the Prospective Thousands of Naval Visitors.

The entertainment of the American fleet here is a problem of no little difficulty. There will be twenty thousand or so of the visitors, and this number seems almost too great for Honolulu to undertake handling, at any specialized entertainments, except perhaps a banquet for the officers. A grand ball would also probably be appreciated. The Throneroom, enlarged as it was for the great inaugural ball of Governor Dole, with the Capitol illumined, would be suitable for such an occasion. The building is itself a place of great interest to visitors. For a banquet the bench is the place. As far as the men are concerned, the various religious organizations which have always looked after such visitors will do so again. The open house kept at Fort and Merchant streets when the Big Four were here might be repeated on a bigger scale at the old fishmarket.

In a general way, Honolulu can probably do more effective work by an elaborate decoration of the city than by any efforts to feed or entertain the great body of men. If the town is dressed up with plenty of American colors, and especially illumined at night and if there are "welcome" banners on main streets, Honolulu citizens will have expressed proper greeting which all every visitor will see and appreciate. Baseball games, theatrical and other entertainments will probably develop by private enterprise. The Hawaiian tableaux several times given here to meagre audiences would fill any building we have when the fleet is here.

The difficulty with any plan for feeding the visitors is their numbers. Ordinarily it is to be presumed that not more than about 4,000 men would be given shore leave at a time, which means that if all are to have leave, the fleet must stay here a considerable time. Any effort to get the men all together in one great entertainment would be rushing things and crowding our capacities almost beyond reason, and might shorten the fleet's visit. San Francisco is raising a great fund, \$100,000 is the sum talked of, with which to entertain, but under present conditions Honolulu merchants can scarcely do anything like this. As one feature of our welcome, however, Honolulu would do well to undertake the most elaborate decoration and illumination she can, it would be something every individual man among the visitors would be bound to see and appreciate.

BY HIS OWN PETARD.

Thaw's Case for Defense in Murder Trial May Doom Him When It Comes to Trying to Prove Sanity Now.

The trouble with getting Thaw out of the asylum on the ground that he has recovered his sanity is that the vigorous prosecution by District Attorney Jerome compelled the defense to pile up cumulative evidence that he had been insane from birth. Influenced by the first great consideration of saving his neck, the defense put in so much evidence to show constitutional, progressive insanity, culminating in the White murder and easily seen to be likely to culminate in another, that a recovery will be hard to establish. It is evident now that the defense in the first trial tried to avoid this and did not put in all its case.

The captain of the Despatch would certainly seem to be excusable for hitting a reef while steering by a lighthouse that had been moved without his knowledge.

Hayashi appears to lose no opportunity to repeat declarations that Japan intends to stop the immigration of her subjects to the United States, Hawaii and Mexico.

The eyes of the world are on the new King of Portugal. He is a fine looking lad, strikingly like the elder brother who has just been killed and, like the latter, very young looking for his age.

The Board of Health is out with the usual semi-monthly statement of deaths from contagious diseases in Honolulu. There were nine such deaths during the period covered, and all were from consumption.

When once Pearl Harbor improvements are well started, it is doubtful whether this port will ever be without some American war ships. It would not be surprising if the big fleet now coming left a vessel or two behind when it starts "home" via the Far East.

Sticking to schedule, the big fleet is supposed to leave Punta Arenas tomorrow, starting on the only dangerous part of the great voyage. A few hours after getting under way tomorrow, the fleet if all is well will pass through the narrow end of the straits named after the early circumnavigator of the globe, and pass into the Pacific ocean.

Uncle Sam is planning to take a new census, the census of 1910. Here is a chance for someone to get a job handling the work in Hawaii. Who wants it? Also there will be a lot of jobs for information-gatherers, and there will be a deadly crop of revived jokes about the census man. It cost \$150 per capita to take the last census of the United States.

The assassination of the King of Portugal and his son is an event to make heads that wear crowns remember and feel keenly how uneasy they ought to lie. Intervals between such events are not very long in the modern history of the occidental nations. Our own nation is no better off than the lands of autocracy, for the list of assassinations of American Presidents and Governors is a fearful one.

The settlement association plan, which Governor Frear recently criticized quite severely, seems to offer about the only scheme under which American settlers could be recruited to come here and work the idle lands upon which it is believed by many they could prosper to a very high degree. They cannot be expected to travel all the way

The Man and His Job

By HERBERT J. HAPGOOD.

As Leslie M. Shaw, ex-watch-dog of the Treasury, liked to put it, "there's a big difference between a man looking for a situation and one looking for work."

Too many young fellows start in and begin to talk salary, the first thing, before making the least attempt to "show" the old man, who is generally from Missouri, when it comes to handing out a job.

"When a man is out of work I think he shouldn't hesitate to spend his last dollar to make his personal appearance first-class in every way," is the conclusion of H. H. Vreeland, President of the New York City Street Railway Company, who knows by experience just how many times the laundry can be beaten with the aid of a rubber collar.

After all advice is cheap. The best advice is poor at the best. Some advise boldness in the applicant, some advise meekness, again others emphasize the importance of a man's appearance, his record, his actual knowledge of his job, or his versatility in adding side-lines to his enterprise, and so on *ad infinitum*.

Suggestions by example, and not advice in the abstract, is what the applicant needs, and will need. Take the case of a German chemist who had been having several interviews with a big industrial firm for a position worth \$2800. "He has got ability all right," the manager confided to me, "but I don't feel very strong about taking him on; he looks too much like a damned anarchist."

I rang up my German friend on the 'phone, and told him that that job was his if he would go to a barber shop, or a harvesting machine company, and let them reduce his beard and hair crops to human proportions.

The German obeyed and turned up like a new coin the next day. His cave-dweller's beard had been tamed down to a very sagacious Van Dyke, and his anarchist pompadour had been laid down like a field after a squall. He looked very smooth in comparison with his erstwhile appearance and he got the job.

Most men need little hints of this and other kinds, but the safest way is to prepare yourself—prime yourself in advance—for many question or subject that may come up when the boss starts on you.

Tales Worth Telling

THE LIMITED INN.

"Don't I get any sheet on my bed tonight?" demanded the irate drummer.

"I'm afraid not, pardner," yawned the proprietor of the One Horse inn. "One of them thar actor folks that is stopping here borrowed it."

"Borrowed it?"

"Yes, he is down to the opera house taking the part of the ghost in 'Hamlet.'"

WHERE PRICES RUN HIGH.

"The late H. O. Havemeyer," said a sugar jobber of New Orleans, "possessed in a marked degree the kindly virtue of charity."

"On my last visit to New York—it was some months before the panic—I spoke harshly of a millionaire who had been accused of double dealing in connection with a bank."

"Well, now," said Mr. Havemeyer, "let us not condemn this man unheard. Remember that his guilt has not yet been proved, nor has he yet told his own side of the story."

"Then Mr. Havemeyer laughed and said that in the most untoward conditions accused men were often able to clear themselves. He said a young girl a week or so after Christmas complained bitterly to her mother."

"Mamma, I doubt if I shall be happy with George. I fear he is deceptive and false."

"Why darling, what do you mean?" the mother asked.

"Well, mamma," said the young girl earnestly, "you know that coral pin ne gave me for Christmas? He swore to

me that he paid \$25 for it, but in Biffany's today I saw its exact counterpart for \$5."

"Ah, but, my child," said the mother with true charity, "you must remember how very religious George is. Undoubtedly he bought the pin at a church fair."

A QUAIN COMPLIMENT.

On Mark Twain's seventy-second birthday a Hartford clergyman said to him:

"No wonder he finds happiness in old age. All the aged would be happy if they were as sympathetic and as kind as he. He is continually going out of his way to please others, and the result is that he is continually pleasing himself."

"Listen, for instance, to the quaint complaint he paid me the last time he came to hear me preach. He waited for me at the church door at the service's end, an dshaking me by the hand said gravely:

"I mean no offence, but I feel obliged to tell you that the preaching this morning has been of a kind that I can spare. I go to church, sir, to pursue my own train of thought. But today I couldn't do it. You interfered with me. You forced me to attend to you, and lost me a full half hour. I beg that this may not occur again."

"Yes," said the miss who was writing a love letter "every time I write a word and am not sure it is spelled correctly I make a blot over it."

"But don't you think he will be suspicious of so many blots?" asked her chum.

"No, indeed. You see, I just draw a little heart around it and he thinks every blot is a kiss."

here on mere chances of getting lands, but under the settlement association plan it is apparently possible to give a definite company of such settlers assurances that each can secure a tract. It has been repeatedly stated for years that Americans could easily be secured for such lands in Hawaii. It would seem to be worth while for the Promotion Committee to undertake an investigation of this feature of Promotion work in connection with the snowy slopes and sunny skies, which are not good hard times assets.

MAY'S OLD KONA COFFEE

We've found a new process for getting the best roasted Coffee from the raw bean. The machine that does it is a wonderful new invention. It saves 25 per cent. more of the natural aroma than any other Coffee roaster. It means that May's famous Old Kona Coffee is 25 per cent. better than ever before. That sounds almost too good to be true, yet we now have the roaster in operation and the result is just as we say.

Come and see the new roaster. It is run by electricity, roasts the coffee beans to an absolutely even brown in ten minutes and removes all chaff in the process. It's the only roaster of the kind in the islands.

Most important of all—take home a package of the coffee and see how good it is. The price is still the same—25c the pound.

WORKING FOR IMPROVEMENTS

OAHU CENTRAL IMPROVEMENT ASSOCIATION HOLDS ANNUAL MEETING AND ELECTION.

The Oahu Central Improvement Committee held a well attended meeting yesterday afternoon, at which President Z. K. Myers made a report of the year's work, and new officers were elected. The proposal to start a down-town improvement club was not favored. The Kihuna Art League proposal to have the old fishmarket used for public assemblies was approved, pending a demand for the premises for commercial use or for the Robinson plan of general municipal improvement. An elaborate plan for improving the Judiciary building grounds was discussed.

The new officers are: Captain John Kidwell, president; Governor Frear, vice-president; C. H. Dickey, secretary; General Davis, treasurer, and L. A. Thurston, director.

BIG MORTGAGE IS NEGOTIATED.

and to furnish working capital for the concern.

The bonds are in \$1,000 denominations to draw 6 per cent interest payable semi-annually by coupons, and to run 25 years, with privilege of taking up and canceling after the term of ten years at option of the company.

The mortgage is signed by F. J. A. Schaefer, president for the Sugar Company, and by S. M. Damon and A. W. T. Bottomley, for the Bishop Trust Company.

CONFIRMATION CEREMONIES.

At 2 o'clock tomorrow afternoon in St. Augustine Chapel, Waikiki, Bishop da Silva of the Roman Catholic Church will administer in private, the sacred rite of confirmation to the three children of the Prince and Princess Kawananakoa, the infant son of Dr. and Mrs. Harvey Murray and the two children of the Walter Macfarlanes. Only the immediate relatives of the three families are expected at the ceremony.

NO OVERTIME.

Officers and men of the A-H. S. S. Despatch, when they were paid off before United States Shipping Commissioner H. N. Almy this morning, put in claims for seven hours overtime for work in the endeavor to get the Despatch off the channel reef on Sunday. The Commissioner informed them that they were entitled to no overtime, the law requiring that all hands give assistance in time of peril.

STEEL PLANT RESUMES WORK.

POTTSVILLE, Jan. 16.—The plant of the Eastern Steel Company at this place has resumed and the prospects indicate that it will be kept steadily in operation. A large contract was received today from the New York, New Haven and Hartford Railroad Company for tons of construction work. This will necessitate putting on a day and night shift at the large bridge works of the plant.

KONOHI OVER FINES BIGGER NOW

JUDGE ANDRADE RAISING THE LIMIT OF SENTENCES FOR GAMBLERS.

Gambling cases still continue to take up the majority of space on the daily calendar at police court. Fourteen Chinese lovers of chance were on the docket this morning, and the territorial fund was increased by the sum of \$128.

The ten gamblers who were caught last night in a house on Kinau street were fined \$9 and costs each as they are old offenders.

Four others were caught last night near the Chinese Consulate on Sheridan street. Three were fined \$5 and costs while one saw fit to forfeit his \$10 bail.

Robert Kahumani a native who lives up in Manoa Valley was given four months on the reef for beating up a fellow countryman last week.

Two drunks were fined \$5 and \$4 respectively. The other case of drunkenness on the calendar was still under the weather this morning, and his case was continued until tomorrow morning.

The change in the program may mean a delay in the schedule after leaving Punta Arenas. The original plan was to go from there to Callao, Peru. The fleet was met at Punta Arenas by Chilean envoys, who welcomed it to Chilean waters, and it may be as a result of this courtesy that a call at Calvario has been decided upon.

DAMAGE CASE STARTS.

The trial of the case of Kalvi vs. James Cullen for \$5000 damages for alienation of his wife's affections, was begun in Judge Dole's court this morning, and promises to consume considerable time. W. C. Achi is attorney for the plaintiff, while C. W. Ashford is attorney for the defense.

The following jury is trying the case: W. P. Lemon, A. G. Cannegiesser, Guy Owens, Frank J. Dutra C. W. Macfarlane, W. Gilman, G. H. Greene, Wm. Buckle, John J. Alberts, John Mitchell, J. E. O'Connor and E. O. White.

MARINES ON CROOK.

A force of two hundred marines will be sent to the Philippines in the Army transport Crook which is scheduled to sail from San Francisco on February 20, via Honolulu. Upon the arrival of this force in the Philippines some, if not all of the marines there who have completed tours of duty in the tripe, will be returned home. By the Crook there may also be some marines to swell the command at this post.

DEMURRER FILED.

In the case of John Ellinger vs. Marion C. Crook, doing business as the Hawaii Photo & Art Co., the defendant has filed a demurrer through her attorneys Thompson & Clemons against the bill of complaint on various technical grounds. The suit is one in which the claims of several creditors claiming to have been assigned to the plaintiff are made cause of action for debt.

KAUAI COUNTERFEITER.

Deputy Marshal Harry Bruns will leave this evening for Kauai to take charge of the Japanese held there on charge of passing counterfeit gold coins. The accused will be brought here and held for trial in the United States Court.

PLAN FOR THE FLEET

MERCHANTS' ASSOCIATION APPOINTS A SPECIAL COMMITTEE TO TAKE MATTER UP.

The Honolulu Merchants' Association at its annual meeting appointed a special committee on the entertainment of the coming battleship fleet, consisting of the following:

F. L. Waldron, G. J. Waller, Charles Bolina, W. T. Lucas, W. Bray, W. H. Smith, J. O. Lott, J. M. Levey.

At the annual meeting of the association held last week the following officers directors and committees were appointed for the ensuing year:

Trade and Finance—J. Wakefield, F. Hustace, R. Lange.

Publicity and Promotion—G. Fred Bush, J. H. Soper, A. Garter.

Public Affairs—F. J. King, E. Berndt, R. J. Buckley.

The new officers of the association are:

George W. Smith, president, Benson Smith & Co., Ltd.; F. L. Waldron, vice-president; Edwin H. Paris, secretary, E. O. Hall & Son, Ltd.; T. H. Petrie, treasurer, Castle & Cooke, Ltd.; F. W. Macfarlane, director, Union Feed Co., Ltd.; G. J. Bush, director, Honolulu Iron Works Co., Ltd.; Robert Catton, director, Catton, Neph & Co., Ltd.; T. J. King, director, California Feed Co., Ltd.; James W. Wakefield, director, T. H. Davies & Co., Ltd.

A CORRECTION.

Editor HAWAIIAN STAR.—An error appeared in the report of the sub-committee of the Central Improvement Committee yesterday on the matter of the rearrangement of the grounds of the Judiciary Building. It stated that the widening of King Street was recommended to a width of 89 feet between Millian and Queen Streets. It should have read "between Millian and Punchbowl Streets."

JAPANESE CERTIFICATES.

Nine certificates of Hawaiian birth were issued this morning by Secretary Mott-Smith to Japanese children. This is a rather unusual number for Japanese, as the Chinese have heretofore in a measure monopolized this handy means of proving their identity for the future. Whether or not the reported restrictions which it is said will be imposed hereafter on emigration from Japan has anything to do with the matter is not known.

AT THE ORPHEUM

The performances of "Other People's Money" are to continue tonight, tomorrow night and tomorrow afternoon at the Orpheum theater. The play made a big hit last night, thoroughly satisfying one of the biggest audiences that has been in the Orpheum this year. The program is an especially strong one, the main play being preceded by a sketch entitled "A Tip on the Races." Miss Maize Martell and Thomas Lane are rendering between-act specialties.

Manager Cooley announces that every lady attending the matinee tomorrow afternoon will be presented with a souvenir photograph of Miss Gladys Kingsbury.

Thursday night the first performance of "The Great Conspiracy" is to be given. The play concerns a conspiracy to tap the Atlantic cable in order to affect the New York stock market with false reports. It is a drama of unusual strength.

Next Monday night is to witness the first production of "The Squaw Man," which it is promised will be the big dramatic treat of the season.

THE MUSICIANS' GREAT EVENING

One of the finest numbers to be played by the Honolulu Symphony Orchestra in their concert next Thursday evening will be the Beethoven Symphony No. 2. While this is one of the finest compositions of the great master it is a selection that has never failed to please an audience, no matter how little the hearers understood classical music, because of its wonderful variety of melody and exquisite combinations of harmony. While the most pretentious piece that the orchestra will perform it will probably be the most enjoyed. On this one number the orchestra has been practicing for months and have, under the able direction of Mr. Bode, mastered every detail of expression and execution.

The chorus of mixed voices will also be a feature of the program that will be extremely pleasing. The entire program will be published tomorrow.

Reserved seats for the concert are now selling at Wall, Nichols Co. Price \$1.00 each.

IS NOW UP TO FREAR

THE TAX OFFICE INVESTIGATION COMPLETED AND REFERRED TO THE GOVERNOR.

The Tax Office matter has not yet been closed by the Governor, although it is possible that it will be this week. The evidence of all parties concerned has been transcribed and placed in the Governor's hands, and his verdict will doubtless close the matter.

A feature of some significance in the case came to light this morning when an examination of the salary payroll in the Auditor's office disclosed the fact that the second deputy in the Tax office receives a higher salary than that of the first deputy. The first deputy is Capt. A. W. Neely, who gets \$175 per month, while Charles F. Wilder, the second deputy in the office, gets \$200.

Neely's office is one provided for by law specifically and his salary is fixed by the Legislature. Wilder comes under the general class of clerks and assistants in the office, and his salary is supposed to be fixed by the Collector as well as the salaries of the other members of the force, and is paid from a lump appropriation.

The matter was the subject of conversation among a group at one of the clubs last night because of its bearing on the Tax office trouble in general. This morning Collector Holt, when asked about the matter, had nothing to say, except that in such matters he followed instructions of his superior. Treasurer Campbell declined to discuss the Tax office matter at all.

HOCHS IN SORENSON SLIP

French ship Hochs, Captain Le Maître, shifted to the Sorensen slip this morning. She expects to sail Thursday for the Sound.

WARRANT FOR TURNER

A federal warrant was issued this morning by District Attorney Hookson for Frank Turner on charge of forgery, under the provision of the Edmunds Act. Turner is said to have been living with a woman not his wife, for the past three or four years. Recently he beat the woman very badly because she begged him for money to buy food for a two year old girl said to be his child. He served a sentence in jail rather than pay a \$10 fine for his offense, and has since treated the woman and child with great cruelty. Turner has been working as a timekeeper for the Mutual Telephone Company, and has been living on Emma street.

SPORTS

ATHLETIC CLUB DEFEATS ALLIANCE

LIVELY BASEBALL GAME PLAYED YESTERDAY AFTERNOON AT AALA PARK.

Before a holiday crowd of at least two thousand people the Chinese A. C. defeated the team from the Chinese Students' Alliance yesterday afternoon at Aala Park by the score of 7-4. The grounds were not in as good condition as they might have been, but that fact did not prevent the crack C. A. C. team from winning. En Sue played part of the game for the C. A. C. and his batting and fielding was as good as it ever was in the big games.

Two Kim and Ah Loy kept the crowd laughing throughout the entire game by their coaching from the side lines. One spectator in a moment of excitement threw a pack of fire crackers on the field between the batter and catcher, and for a moment it looked as if the fun would be resented by flats on the part of the catcher, but he considered that it had been done in a joke and let it pass.

The work of John Lo in the box for his team was not up to his usual standard, but his batting made up for what he lacked in speed.

At times it looked as if the C. S. A. would win, but, whenever they tied the score, the C. A. C.'s would get in and send another man across the plate.

The officers of the Chinese Athletic Club thoughtfully provided chairs for the spectators and during the entire game they were well filled. One shower of rain in the seventh inning nearly brought the game to an end, but Old Sol shone forth with even brighter warmth and the game continued until the last man was out in the ninth inning.

The following is the line-up and score by innings:

C. A. C.—W. Ayan cf.; En Gee ss.; C. Atkins p.; Chi Bul c.; Apau 2b-f.; Mark 3b.; En Sue 1b-2b.; Akong rf.; En Sang 1b.

Alliance—Sing Chong ss.-p.; J. Lo p.-rf.; Hong Chack 2b.; Tai Chan 1b.; Mon Yin, 2b.-cf.; K. Y. Ching cf.-2b.; Lo Hon 1b.-c.; Chan Yan rf.; E. S. Kong c.-3b.

FLORAL PARADE PLANS PROGRESS

COMMITTEE IS ENTHUSIASTIC OVER THE PROSPECT FOR THE BIG SHOW.

The following parade committee yesterday gave out the following statement:

The floral parade this year promises to be far more complete and perfect in every way than previous parades have been and the great regret of the committee is that there are not a large number of strangers in the city to get the benefit of this unique festivity. It is quite true that parades of like character are not novelties in many parts of the world. The carnivals of Nice, the "Veiled Prophet" of St. Louis, the Mardi Gras of New Orleans and the floral parades of Los Angeles and Pasadena are known the world over. It should be the desire of all to have our parade in time none the less famous. We have the climate, and the natural setting for a grand spectacle, and in no other place can such graceful and daring riders be found in such numbers among the women. This makes the parade a unique and vital part of the parade, alone worth a journey from the coast to see. The Princess section, inaugurated last year, was entered into with great enthusiasm and proved a great success. This year it will be even more brilliant and there is the keenest rivalry between the different islands to see who will carry off the laurels. Princesses for the islands of Oahu, Hawaii and Kauai have already been chosen, but the names are not to be given out at present. Sufficient to say that each is a beauty of note and will be superbly mounted. Mr. Albert Wilcox, Mr. Chas. A. Rice and Mr. W. H. Rice have charge of the arrangements for the island of Kauai.

Mr. Eben Low for the island of Hawaii, Mr. Lovekin, Mr. Lindsay and Mr. Alken for Maui and Mr. Christian Conradt will see that Molokai is not entirely eclipsed.

Great interest is being shown in the All Nation division, nearly all of the consuls having signified their desire to have their country fittingly represented. Mr. Geo. R. Carter will be back from Hialewa tomorrow and will at once begin work on his division.

There will be a meeting of the committee at the office of Mr. A. Gartley at 4 o'clock Tuesday afternoon, when the heads of the different committees

will report fully the progress made by their different sections.

SPORT NOTES

The Kailua Athletic Club will hold a meeting this evening at the regular hour and place. Business of importance will be discussed. All members are requested to be present.

Annual meeting of the Honolulu Golf Club tonight at eight o'clock in the Thiala Club rooms.

Monthly meeting of the Diamond Head Athletic Club tonight in Odd Fellows Hall at seven thirty.

Soccer foot ball game this afternoon at Punahou field between Kamehameha and Punahou.

Regular monthly meeting of the Palama A. C. tonight at seven thirty at the regular place. All members are requested to be on hand.

In the last mail from the coast Jess Woods received the following letter from two ball players in Chicago who would like to be enrolled as members of some team in the Honolulu League: January, 17, 1908/

Manager Woods.

My Dear Friend:—Two good young semi-professional players would like to get some position on some team in Honolulu as we hear that Honolulu is a very good base ball town now and would be very glad to play ball in Honolulu. We are both very fast ball players. We are fast on bases, batted over the 300 mark, fielded very cleverly and are but 20 years of age. So if we could earn our living out there and if you could send us transportation, why we will come out there as soon as possible. We will sign with any team you want us to. We are free to sign with any team. Write to Frank Lewis, 36 Homer Street, Chicago, Ill., U. S. A., as soon as possible.

Frank Lewis is a first baseman or an all round fielder and batter.

George Ross is a third baseman and also can play all round baseball. We have traveling expenses.

Yours truly, FRANK LEWIS.

Only one game of baseball was played on Sunday afternoon in the Riverside Junior League at Aala Park, the Oriental A. C. team failing to put in appearance, forfeiting their game to the Sweet Violets.

The game between the Chinese Aloha Juniors and the Asahi A. C. resulted in victory for the former by the score of 12-2.

Wiona who was in the box for the victors pitched one of the best games of his life. The following is the score and line up.

From the following despatch from Hilo the Wild West Show which was held at Hilo on February 1 under the management of Eben Low must have been a great success:

(By Wireless Telegraph.)

HILO, February 3.—The Wild West show had good weather. There were large crowds and no accidents in roping. There were seventeen entries and only three men tied their steers under two minutes. The steers were too fast for the horses. Makai tied his steer in one minute and six seconds and Eben Low gave an exhibition of one-arm roping in one minute and twelve seconds.

BUCKLAND.

Somewhere within the Territory of Hawaii there is concealed a mighty wrestler who at one time had the pleasure of meeting such men as Jenkins Hackenschmidt and other knights of the mat, but who gave up the catch as catch-can game for the more strenuous game of jiu jitsu sometime ago.

He heard before he left for Hawaii that Hichayama the champion of Japan would probably come here some time in the near future, and expressed his intention of getting in trim again, and challenge him when he arrives.

The man who intends to lower the colors of the Japanese is a man about thirty-five years old and tips the scales at 180.

BASEBALL STOPPED.

Punahou Park was closed Sunday to baseball players by order of High Sheriff Henry who had an officer stationed there all day. The crowd in the park on Sundays has for a long time been the cause of complaints from residents in the neighborhood, on account of the loud and obscene language indulged in by the players. In commenting upon the matter, the High Sheriff remarked that the same trouble was not found at

16-YEAR-OLD RUN OFF TO WED

APPEAL TO POLICE IN LOUISVILLE FOR AID TO GET NUPITAL KNOT TIED.

LOUISVILLE, January 18.—That Louisville is a "false alarm" city was the verdict reached by sixteen-year-old May Myrtle and Will Mapley, who had journeyed from Indianapolis to Louisville for the express purpose of becoming man and wife.

They had been informed in their native city that Louisville was "the" city in which any knot might be tied with entire satisfaction to all parties concerned. They saw it a bit different after making a survey of the city yesterday afternoon.

Never were elopers more bold than this young pair, who marched to the City Hall to secure information regarding the identity and the whereabouts of the individual who might compass that which they had desired two years. Being unable to locate the official who could "write the papers" they wandered into the County Jail.

CHINESE BUY GUNS.

PARIS, Jan. 17.—China has placed an urgent order for quick-firing guns in Paris. In view of the acute relations between China and Japan and the internal troubles in China the purpose of the purchase is the subject of much conjecture.

ISLES MISSING OFF YUCATAN

DISAPPEAR FOLLOWING A SERIES OF VIOLENT DISTURBANCES IN OCEAN'S DEPTHS.

MEXICO CITY, Jan. 22.—The meteorological bureau of the government has been advised that the cosmic disturbances which took place recently off the coast of Yucatan have caused three islands to disappear. These islands were called Obispo Norte, Obispo Sur and Cayo Nuevo. They were of considerable size and were well known to navigators of that part of the Mexican coast.

So far as known there was no permanent habitation upon any of the islands, but at last accounts there were several guano camps upon two of them. Whether the sudden disappearance of the islands caused any loss of life is not stated in the report to the government. The waters of the gulf adjacent to Yucatan and Campeche have been disturbed by a series of phenomenal submarine demonstrations for several months. In places the shore line has been completely changed. The harbor at Progreso has had its depth greatly decreased by a general bulging of the earth's surface at that point.

The masters and crews of vessels recently arrived at Vera Cruz report having passed through a shower of ashes while crossing the gulf of Campeche. This phenomena leads to the conclusion that a volcano is in eruption somewhere in that region.

CLOSE LEGISLATURE FOR PRIZE FIGHT

NEVADA STATESMEN GO TO RENO IN SPECIAL TRAIN AND HOWL WITH DELIGHT.

RENO, Nev., Jan. 22.—The legislators at Carson took an adjournment today and in a special car came to Reno tonight to attend a series of prize fights.

Mild protests on the part of those who are anxious to complete the work of the special session did not prevail during the brief session of the senate and assembly. "Let us get down and work," was the demand of the minority, but the side favoring "take in the fight at Reno" prevailed, and both President Dickerson of the senate and Speaker Skaggs of the house were compelled to put the motions to adjourn.

With the exception of about half a dozen, the entire crowd of legislators came to Reno tonight, and special seats were reserved for them at the ringside. Their train is now in waiting, and it is believed that most of them will return on it to the capital in order to be present when the roll is called tomorrow.

The fight program tonight was one of the special events of the Wheelmen's club. There were five four round bouts. In each of four of these events one of the participants was carried from the ring.

Senators Martin, Douglass and others of the upper house; Obryen, Cole and several of the Washoe county delegation, occupied front seats and helped

FLEET MOVEMENT NO SECRET. TOKIO, Jan. 17.—Japan's distribution of its fleet is no secret, according to the Government authorities, who are disinclined to take seriously a dispatch from Washington saying that America has been disturbed by sensational reports from Europe about the movement of the warships.

The Foreign Office declares that all the powers are acquainted with the disposition of the fleet through their naval attaches here. Admiral Saito, Minister of Marine, said today that he was willing to make a full statement if it would in any way allay excitement, but he considered the rumors from Europe hardly worth attention.

THREE SCHOOLHOUSES.

Bids for building three schoolhouses on Molokai were opened at the Public Works Office yesterday. Mr. Tolleson, as the lowest bidder in each case, gets all the contracts. The tenders follows: Kamalo schoolhouse—De Fries, \$1,059; Trask, \$1280; Youngs, \$950; Oss, \$940; J. H. Wilson, \$1198; Evensen, \$1213; Tolleson, \$738.50.

Kalahe schoolhouse—De Fries, \$1007; Trask, \$1450; Oss, 995; Wilson, \$1340; Evensen, \$1263; Tolleson, \$894.

Kaunakakai schoolhouse—De Fries, \$1238; Trask, \$1470; Oss, \$1166; Wilson, \$1440; Evensen, \$1563; Tolleson, \$1159.

ed in the cheering as the pugilists pounded each other, in some instances until the gore flowed.

The exhibition detracted much from the attendance of a religious revival meeting now in progress here and it is understood that the ministers will hold a meeting tomorrow with a view of protesting, not so much against the sport, but against the spectacle of legislators of the state adjourning in the midst of a special session and coming in a special train to attend a prize fight.

PAINTING THE YACHT "HAWAII"

COMMITTEE IN CHARGE WOULD LIKE TO SECURE SOME KOA FOR FINISHINGS.

The painting of the "Hawaii's" hull started today, and the work of planking over her deck is about three-quarters completed. The caulking of her hull was completed last week, and it will be only a short time now before she is ready to take her initial dip.

The cradle in which she will rest in when she is launched will be started within a few days, and it is hoped that she will be ready for launching not later than Washington's birthday.

Next week the actual work on her interior will be started, the one thing standing in the way now is the lack of koa which will be used entirely.

The committee are very anxious to secure a quantity of koa, about 1000 feet will be necessary, and if any one has any the committee will consider it a great favor if they will communicate with them at once, as they are anxious to have the work go right on.

The steel masts which were ordered from Boston will arrive here probably next month, and the work of stepping them will be commenced as soon as they arrive.

Donations are still coming in slowly but the committee are in hopes that the three benefits that are planned this month for the yacht fund will bring the total sum nearly up to the amount needed.

NEW DIRECTORY IS OUT TO-DAY

THE LIST FOR 1908 IS THE MOST COMPLETE YET PUBLISHED IN THE ISLANDS.

Husted's Hawaiian directory for 1908 is out, and it is the biggest one yet issued. Great care has been taken in compiling the work, and in their introductory the publishers say: "This directory is presented to the public with the assurance that it is excelled by no similar work in America. It embraces all the features found in the largest metropolitan directories and many valuable features that are lost sight of in the larger cities."

The directory, as before, embraces all the islands. Mrs. F. M. Husted, widow of the late publisher, has associated with her the National Directory Publishing house of R. L. Polk & Company, and the business will hereafter be conducted under the name of the Polk-Husted Directory Company. This brings to the local field one of the strongest directory publishing houses in the country, and insures the greatest possible accuracy.

SIX DAYS' MAIL.

P. M. S. S. Mongolia is expected off port from San Francisco tomorrow morning. She sailed from the coast on Thursday last, January 30 and will make the trip in less than six days, the seven day period recently required by quarantine regulations having been abolished as reported. The Mongolia brings six days later mail and will probably sail for the Orient late in the afternoon.

WANTS TO HAVE RIGHTS RESTORED

HAWAIIAN WHO WAS CONVICTED MANY YEARS AGO CALLED ON THE GOVERNOR.

Kahalekula, an old gray-haired Hawaiian, with venerable white whiskers, called upon Governor Frear yesterday to ask to have restored to him his civil rights, of which he was deprived away back in the time of Kamehameha V. The old man told his story through an interpreter and said he wanted to be able to vote. He had been disfranchised, he said, as a result of conviction of placing his brand upon a cow owned by his brother-in-law. He served a year's imprisonment and paid a fine, but never has been restored to citizenship. He said that there was even extenuating circumstances in the matter of branding another man's animal, and that a wahine was at the bottom of the trouble.

Governor Frear asked him to bring in some persons who know him, and it is possible that his wish may be granted. The old man lives up Manoa valley.

AORANGI COMING.

C. A. S. S. Aorangi is expected tomorrow from the Colonies and will probably sail for Vancouver and Victoria in the afternoon. She was reported from Suva as on time.

C. A. S. S. Mlowera is due on Saturday from Canadian ports, to sail for the Colonies in the evening of that day. This is her last trip through here as she goes into the Australian coastal service on arrival in those waters. She left Victoria on time, according to cable received by agents, Theo. Davies & Co.

THE GIRL DEAD

Tamano the little Japanese girl who was run over by Powers' hack Sunday afternoon near Peterson Lane died this morning at 2:30 in the Japanese Hospital. Powers was not called in Police Court this morning to answer to the charge of heedless and reckless driving, as the Coroner will hold an inquest tonight at seven thirty.

KAPAA LANDS

Governor Frear this morning appointed appraisers to place a valuation on the Kapaa lands of the Territory which recently reverted to the government from the Makee Sugar Co., by the expiration of long time leases. The appraisers are George F. Renton, manager of Ewa Plantation; W. L. Hopper, a business man who has had considerable experience in rice and sugar culture in the Territory, and J. H. Moragne, county engineer of Kauai. The Governor stated that he hopes to go over the maps of the lands in question with the appraisers this afternoon and tomorrow, and that they will probably start for Kauai on Thursday to take up their work. This will take an indefinite time, as it will have to be done in much detail.

DISTRICT COURT REVERSED.

The Supreme Court this morning gave a decision in the case of H. Hackfeld & Co., vs. J. Coeper, which was an appeal from the district court of Honolulu in a promissory note case. After the service of the summons in the case the district court refused to allow an amendment of the summons by inserting the magistrate's name. The Supreme court holds that the insertion should have been allowed and the order denying an amendment is reversed and the case remanded for further proceedings.

CREW PAID OFF.

The crews of the American-Hawaiian steamships Mexican and Nebraskan were paid off today before Commissioner Almy, the Nebraskan being paid this morning and the Mexican at 1 o'clock this afternoon.

ROLLING MILL SUSPENDS.

POTTSVILLE, Jan. 16.—The Schuykill Haven Rolling Mill Company today closed down its plant. This is the first suspension since the mills were enlarged. The reason for the closing down is the lack of orders. One hundred hands are thrown out of work. The company's officials say that the shut-down is for an indefinite period.
