## RALLY TO PROTECT SCHOOLS

### NO LUMBER TRUST, SAYS COURT

#### STRANGER LEFT HONOLULU IN HURRY

Smooth Gentleman Denounced As Swindler By Michigan Professor.

TAKEN AS SUSPECT TO POLICE STATION

A well-groomed, distinguished looking young man left Honolulu yesterday on the Sierra leaving behind him a string of bad debts and the story of a record that is expected to land him behind the bars when he reached the coast. He left in the midst of a violent denunciation delivered on the dock and on the steamer's deck by Dr. J. N. Martin, former University of Michigan professor, now in Honolulu on a trip around the world to recuperate.

The story is a small edition of J. Rufus Wallingford, according to those who have heard it. Part of it has been enacted at the Royal Hawaiian Hotel, where both men have been guests for the past week.

Was Investigated Here.

The well-groomed man has been passing as "Dr." A. W. Waters, of Detroit, but he was searched by the police last Sunday under the name of Green or Breen. His record here is mixed up with bad oil and mining stock, pawned diamonds and a lot of petty trickery on everybody from ring-store people to bell boys, not forgetting huckmen, says Dr. Martin.

The story of the diamonds, as Dr. Martin learned it, is that Waters, somehow became acquainted with two women on the Coast. In Oakland, it is believed, secured from them by fraud some valuable stones, spent the money in a few days and then hurried to Honolulu, to escape, it is said, the San Francisco and state authorities. Simultaneously the two women also came to Honolulu and are still here, and last Sunday had Dr. Waters arrested.

Dr. Martin became acquainted with Waters in a peculiar way. Waters approached him here in Honolulu, introduced himself as the friend of an old friend, and proceeded to get friendly himself.

"I believed him when he told me he was the friend of Dr. A. N. Collins, of Detroit," said Dr. Martin today, "and we were together quite often for a while. Then I became suspicious he tried to sell me bad stock of various kinds. He tried to swindle me into buying into a bogus cobalt mine, by forging a cablegram. I ascertained that the cablegram was false and that he had written it himself.

A Petty Swindler.

"He swindled petty sums out of everybody he could get the money from. That is the reason I followed him to the dock yesterday when the Sierra left and denounced him before the crowd. He ran below and escaped, but I informed the officers and steward of his character and I have informed the hotel people also."

Waters was in Honolulu for several weeks before he came to the Hawaiian hotel to register. That was on March 24. He took a room far from the front and conducted himself, says Dr. Martin, altogether suspiciously.

At police headquarters it is stated that Waters was brought before Chief McDuffie and questioned closely, but was turned loose, and it is unofficially reported that he was told to get out of town.

#### To Vote Again On School Bill

Senate Will Take Action Tomorrow—Hewitt and Makekau Explain

The school bill reappeared in lively belief, despite the tie vote, and promising fashion in the Territorial Senate this morning, and there is now every indication that it will finally receive a majority vote of the upper House tomorrow morning. Those who led the opposition yesterday let it be known that they were not actually opposed to the bill for school progress, but resented an attempt to hurry the bill before it had received more consideration by themselves.

Upon the convening of the Senate, Senator Cecil Brown took the floor. "I move to reconsider the action taken yesterday by the Senate on Senate Bill 18," said the Oahu Senator.

Senator Makekau, who voted against the bill yesterday, stated that there was no necessity for a reconsideration of the vote.

"The bill is on the table," assented Makekau. "No motion to reconsider is needed. I am in favor of this bill, although the members of this Senate have been abused in the press for the action taken yesterday. We did not intend to kill the bill. It simply failed to pass and is now on the table to be considered at any time."

Senator Brown replied that he made his motion to clear up any doubt on the status of the bill, stating that he

#### SCHOOL BILL IN HOUSE AND FRIENDS TO FIGHT FOR IT IF SENATE MEASURE FAILS

THIRTY-SEVENTH DAY.

Friends of the school children of Hawaii, ready to fight all the harder for them after the reverse in the Senate yesterday, when the school bill failed to pass, yesterday afternoon, last night and this morning kept up their work and this morning the school bill was introduced as a House measure.

Hon. G. F. Affonso of Hilo introduced the measure, which goes in as H. B. 219, and its introduction created a lot of interest among those of the legislators who did not know that the battle for the Territory's schools was to be carried so soon into the lower house.

Affonso made a short and snappy speech in introducing the bill, saying, "I am introducing the bill this morning because it is a matter of such importance that it deserves the earliest consideration of this body."

The bill in the House is identical in form with that in the Senate.

The Judiciary committee reported favorably this morning on Senator Baker's bill amending the present laws relating to licensing dealers in second-hand goods. Some amendments are incorporated in the report, the only important one being a provision requiring dealers going out of business to return his license and notify the treasurer of his action.

This committee also recommended Makekau's bill prohibiting government officials from holding more than one office, amending the monthly salary restriction to make it \$75 instead of \$50 to be classed as an office.

Sheldon of Kauai and Cooke of Molokai indulged in a warm debate over Cooke's bill to repeal the law provid-

#### No Lumber Trust Is Dole's Decision

U. S. Judge Holds Price Uniformity Due To Natural Causes

No lumber trust exists in Hawaii, according to the decision handed down by United States Judge Dole this morning in the case of the United States of America against Allen & Robinson, Ltd., et al.

The bill for an injunction asked for by the government to restrain local dealers from combining to maintain high prices is dismissed for failure of proof and with costs to the defendants.

The findings of Judge Dole in the case, which has been pending in the District Court for years, are summarized in the syllabus as follows:

"Monopolies—Combinations, contracts in restraint of trade—Bill for injunction to restrain dealers in lumber from combining to arbitrarily maintain high and oppressive prices in violation of 26 Stats. L. 209 (Sherman Act), dismissed for failure of proof.

"Same—Where an equilibrium of prices is reached by suspicious watchfulness of each other's dealings on the part of competing merchants, or by a friendly exchange of information and views as to the state of the market, with an expectation, more or less definite, that all will approximate to the same standards, there is no violation

(Continued on Page 4)

#### M'BRYDE STOCKHOLDERS MAKE MILLION-DOLLAR INCREASE IN COMPANY'S CAPITAL STOCK

McBryde Sugar Company stockholders held their annual meeting this morning at Alexander & Baldwin's and ratified by vote the plan to increase the company's capitalization by one million dollars, and thus wipe out the indebtedness and ultimately place the company on a dividend-paying basis.

This is the deal reported by the Bulletin as pending several weeks ago, and which caused the immediate flurry in McBryde stock, sending it up from less than 5 to better than 7 at one time.

W. A. Kinney's statement is: It is proposed to authorize an issue of 50,000 shares of preferred stock of the par value of \$20 each, such stock to be entitled to a preferred dividend of 7 per cent. per annum, the same to be cumulative and said stock to have the right to vote on an equal footing with the common stock, but to have no right to participate in any other profits or dividends whatever, its dividend being fixed at 7 per cent. per annum and the balance of dividends to go to the common stock whatever the amount, 40,000 shares of preferred stock to be sold as soon as possible to liquidate and pay off the floating indebtedness of the McBryde Sugar Company, which, on the first day of December last, amounted to about seven hundred and twenty-five thousand dollars due the agents, Alexander & Baldwin, Ltd., and seventy-five thousand dollars due the First National Bank. This will leave McBryde Sugar Company free to apply her earnings in excess of her operating expenses and the dividend due on the preferred stock to any purpose or object that the stockholders of the company see fit to devote the same, including dividends on the common stock.

The McBryde Sugar Company, it is

#### RAMUS REFUSES SERVING OF WARRANTS

200 Filipinos In Quarantine Cannot Be Reached As Witnesses.

EXPECT TO SECURE THEM ON SHIPBOARD

Sheriff William Jarrett might have had nearly two hundred additional Filipinos in his custody this morning had it not been for an objection raised by Dr. Carl Ramus, chief quarantine officer for the Territory of Hawaii who failed to accede to the request for admittance to the Federal quarantine station by the local officers who appeared there armed with a sheaf of bench warrants.

The Filipinos are among nearly three hundred people who have been serving a five-days detention at quarantine island preparatory to taking passage for San Francisco by the Pacific Mail steamer Korea, which is expected to sail for the coast tomorrow.

Sheriff William Jarrett, Special City and County Officer Harry Lake and several members of the police department went to the Federal quarantine station this morning. At the portals they were met by Dr. James, who is in charge of the station. The officers stated their desire to enter the quarantine, and there serve their bunch of summons. Dr. James refused to permit the serving of the papers but referred the officials to Dr. Ramus, chief of the service.

In his refusal to comply with the request of the Sheriff and his party Dr. Ramus takes the stand that the people over at the station are in the custody of the United States. He contends that the only official who might have the authority to gain admission to the immigrants before the period of quarantine had been served would be a United States marshal or his deputies.

Dr. Ramus explained to the local officers that the men would be turned over to the Pacific Mail representatives at such time tomorrow as would be convenient for their being placed on board the Korea.

"If I permit the interference with people now in quarantine before the allotted period is expired, I will lay the steamship open to being held up by the Federal quarantine authorities at San Francisco inasmuch as 'I will not be able to issue a correct bill of health,' so stated Dr. Ramus this morning.

The purpose of detaining the Filipinos is claimed that their presence is desired as witnesses in a case in which one De Gussman is charged with soliciting immigrants without having taken out a license to carry on such business.

#### LEGISLATURE TAKES ACTION

Both the Territorial Senate and the House of Representatives had the special emigrant measures up for consideration this morning, the only suggestion of opposition being in the Senate when David K. Baker of Hawaii voted against the passage of the licensing bill on second reading and insisted that the measures should be referred to the committee of the whole.

The Senate Judiciary committee will report on the bills tomorrow morning, and the House Judiciary committee, it is expected, will also report its conclusions at the same time.

To scorn anything is not showing the world that we are superior; rather that we do not understand.

Furnish mail lists to the Bulletin, and People and Places of Hawaii will be mailed to your friends for twenty cents a copy.

JAMES K. KULA, of Koloa, Kauai, will leave in the steamer W. G. Hall this afternoon. He arrived yesterday to attend to important matters in which he is interested.

GEORGE O. COOPER, political "Governor" of Hana, Maui, who arrived yesterday in the Claudine, will leave for his home tomorrow afternoon at 5 o'clock. He came down on business.

W. C. ACHI appeared before the Health Committee of the Senate this afternoon at 2 o'clock, and argued against the action of the Board of Health for prolonging the period of pol restrictions. He said that the Hawaiians are greatly inconvenienced by the Board.

Sheriff Jarrett received from Laila yesterday afternoon the details of the finding there of a stranger who had apparently committed suicide. The body was found last Sunday, but it was only yesterday that the results of the post-mortem reached Honolulu.

The following facts have been sent to the Bulletin by the Laila plantation, in the hope that the body may be identified:

**HOLDS TRUSTEE DELINQUENT**  
Judge Dole Declares Sales of Palolo Company Stock Illegal.

Two bankruptcy decisions were handed down by Judge Dole this morning. One decision holds that the trustee administering the assets of M. D. Monsarrat, bankrupt, sold at private sale and contrary to law one hundred shares of the Palolo Land and Improvement Company. The stock was bought by A. P. Cooke without appraisal, and in the course of the decision the court says:

"The trustee was Theodore Lansing. The second decision overrules the appeal of Mary Atcherley to the claims of J. A. Magoon in the Atcherley bankruptcy case.

"The trustee was Theodore Lansing. The second decision overrules the appeal of Mary Atcherley to the claims of J. A. Magoon in the Atcherley bankruptcy case.

**MAHUKA PLANS TO BE RUSHED**

Court proceedings toward acquiring the Mahuka site for a Federal building are to be rushed, according to latest developments. This morning U. S. District Attorney Breckons received a cablegram from Attorney-General Wickersham, as follows:

"In re condemnation public building Honolulu, expedite case. (Signed) Wickersham."

Mr. Breckons said after receiving this message that he will try to get the case heard in the month of May. The legal preliminaries including the publication of notice preceding the hearing of the suit, will be concluded next week, and the defendants have twenty days thereafter to take what action they see fit.

## TO VOTE AGAIN ON SCHOOL BILL

(Continued from Page 1)  
duction of a bill and read it first time by title.

As soon as the title was read, "An Act to amend Section 26 of Act 119 of the Session Laws of 1909, entitled 'An Act to regulate the sale of intoxicating liquors, repealing Act 67 of the Session Laws of 1905,' Senator Brown was on his feet.

"I ask that the bill be read throughout," said Brown. "I want to know what it is now—the title reads as though it might be against the provisions of the Republican platform."

Senator Chillingworth moved that the bill take the usual course and pass first reading by title. "It ought to be treated with ordinary courtesy," he said.

"I demand to have that bill read throughout," said Brown. "It is my right, and I ask that right as Senator from Oahu. It is nothing but courtesy."

President Knudsen ordered the bill read, and it was then found that it simply complied with a plank in the Republican platform in turning over the home receipts to the counties.

Senator Brown was the first to move passage on first reading.

## SURVEYORS FIND JAMES JOHNSON COMPLAINTS WITHOUT FOUNDATION

Vessel In First Class Condition and But Few Minor Repairs Needed to Make Her Ready For Sea—Island Steamers Bring Sugar—Sierra Shoving Along—Korea Here This Afternoon.

A special board of surveyors including Captain T. K. Clark, Port Captain of the Inter-Island Steam Navigation Company and Alex. Lyle, well known in local shipping circles and recently the owner of the local ship-building yards and marine railway have completed their inspection of the barkentine James Johnson, now lying in the stream, at the request of insurance underwriters.

Their report is now ready, having been completed this morning, and give the lie direct to a number of sensational as well as foolish statements and allegations made against the ship in the columns of a morning paper.

The surveyors state that the barkentine is in good and seaworthy condition with the completion of some minor repairs to her jibboom and the addition of three new sails that have been ordered from the coast.

The charge that "the running gear is rotten and that the masts may crack off in the very next blow," the local surveyors absolutely ignore in their report.

Captain Clark stated this morning that he found the barkentine in very good shape. As a board, they paid especial attention to the conditions found in the fore-castle. The whole ship presented a clean appearance. As far as quantities of water finding its way into the vessel the board state that no more water is going into the vessel than would be found in any other craft that is perfectly seaworthy.

With the repairs or the substitution of a new jibboom and the bending of three new sails, the vessel will be ready to continue the voyage to San Francisco with the shipment of about two thousand tons of Australian coal.

The allegations concerning the unseaworthy condition of the ship possibly emanated from disgruntled members of a crew that had been kept out to sea for over three months.

The finding of the board will be forwarded to the underwriters and the agents at San Francisco.

**Korea Here at Three This Afternoon.**  
The Pacific Mail steamship Korea has been heard from through a wireless message received at the agency of H. Hackfeld & Co. The vessel is due to arrive off the port at 3 o'clock this afternoon. The Pacific Mail liner is bringing fifteen hundred tons of Oriental freight from Manila, China and Japanese ports. The vessel has room for ninety cabin passengers, and this number has booked at the office of the local representatives. The Korea is expected to carry nearly three hundred Filipinos, Porto Ricans and other immigrants who desire to proceed to the Coast to take up work with the Alaska canneries.

**Mabel Rickmers Goes to Newcastle.**  
Captain Schultz, master of the German ship Mabel Rickmers, received cable orders today to proceed to Newcastle, N. S. W., there to take on coal for a destination not disclosed. The Mabel Rickmers has been at Honolulu since March 7, at which time the vessel arrived with a shipment of European merchandise from Hamburg. The Rickmers will be towed to sea by

## QUEEN'S PENSION IS APPROVED

Governor Fear has signed the bill appropriating \$1,250 per month for payment to Queen Liliuokalani during the remainder of her life. The law takes effect on July 1, 1911.

The Governor has also signed the bill making the expenses of the District Magistrates payable by the Counties.

## STOCKHOLDERS MAKE INCREASE

(Continued from Page 1)

debt against McBryde Sugar Company, Limited, except its obligation upon bonds.

The stock will not be sold for less than par, and no discounts or commissions will figure in the transaction, so that the McBryde Sugar Company will realize par value of every share of preferred stock issued under the foregoing plan. No stockholder will, of course, be compelled to take the preferred stock, it being merely a matter of election on his or her part whether they shall do so or not.

The preferred stock can be exchanged for common stock at any time at the election of the individual holder thereof, but the exchange once made becomes irrevocable.

**Report for Year.**  
The report of the company for the past year was also made public. Manager Wm. Stoddart says:

Crop 1910: This crop fell short of the estimate and turned out 10,434.56 tons.

Crop 1911: This crop, now being harvested, which at the start experienced several months of dry weather, had full and regular irrigations during the following twelve months. The yields of cane from the fields already harvested have so far come up to my expectations, and this crop bids fair to yield in the neighborhood of 14,000 tons.

Crop 1912: This crop consists of 1,597.88 acres of plant cane, 967.01 acres of long ratoons, and 119.39 acres of short ratoons, or a total of 2,675.19 acres. The planting of this crop commenced in February with top seed, and ended August 31st, 1910. The ratoons were also all killed up in good season, so that with favorable weather conditions it ought to give a good return.

Stoddart's report takes up in detail the progress of the company toward securing permanent water supply, including the installation of an eight-million gallon pump, the total expenditure for the year for water development being \$56,130.93. The new Wahiawa power house has been completed at a cost of \$59,821.89.

He continues:  
Three years experience of the Kamoolea Ditch, which brings storm water from the mountains back of Lihue, has emphasized the need of further storage capacity, for the Koloa end of the plantation.

The usefulness of this ditch has been very much handicapped by the inadequate reservoir capacity for storing the water, and to meet this need, four new reservoirs have been constructed in the Aepo Valley, with a combined storage capacity of 250 million gallons.

Advantage is taken of one of these dams to lay the East Lawai branch of the railway across it, thus obviating the necessity of an expensive bridge. We have spent for the construction of these reservoirs up to Dec. 31st, 1910, \$42,159.38.

**Wahiawa Mountain Reservoir.**  
The preliminary work in connection with this reservoir, such as making the supply ditches and tunnels from the Wahiawa stream to the site, and also making the necessary trails to facilitate the transporting of material, etc., has been finished. It is expected that the building of the dam and all other necessary work in connection with it ready to store water will be completed early this summer. The amount spent up to Dec. 31st, 1910, under this head was \$6,271.70, or a total expenditure of \$48,431.08 for reservoir construction during the year.

J. P. Cooke's statement as treasurer shows an agency account with Alexander & Baldwin, the agents, of \$723,352.57. It is to wipe out this debt that the new stock issue was determined upon. On the profit and loss account \$545,287.66 is charged up. The total debts of all kinds, exclusive of the bonded debt is close to a million dollars. The net deficit carried down on the 1910 account is \$28,249.32.

Officers and directors were elected as follows:

Officers—H. P. Baldwin, president; B. F. Dillingham, 1st vice president; D. P. R. Isenberg, 2nd vice president; J. P. Cooke, treasurer; E. E. Paxton, secretary; D. B. Murrell, auditor.

Directors—H. P. Baldwin, B. F. Dillingham, D. P. R. Isenberg, W. A. Kinney, J. P. Cooke, E. E. Paxton, John Guild.

## BRINGS MEASLES AND MILITIA

There was a time when the now old and somewhat decrepit United States army transport Crook would have sailed in circles around the present record made by that vessel in her trip down from San Francisco. When the Crook plied the seas years before the first outbreak of the Spanish American war and was then known as the steamship Romania and proudly flew the British colors from her masthead, she would have done much better than an eight and a half day trip from San Francisco to Honolulu. The Crook is slowly but surely aging. She has been stationed in Philippine waters and when not used in conveying parties of junketing militia men to the picturesque spots in the far away islands, she has been accumulating barnacles from the bay of Manila.

It was in 1882 that the vessel that has now settled down to the routine of a common ordinary troopship, left the ways at Dumbarton, Scotland, and made her maiden plunge in the briny as a smart British freighter.

The yellow flag of quarantine was prominently displayed from the Crook upon her arrival at the port last evening. Among the youthful progeny of the officers of the famous Second Infantry, there broke out an incipient epidemic of measles. The malady spread until by the time that the slow old troopship showed up off Diamond Head, eleven militant passengers had succumbed.

It was a long trip as well as a monotonous one for the 821 officers and men on board the vessel.

The enlisted men aboard are divided as follows: Second Infantry, 488 men; for the field artillery there are thirteen recruits; for the coast artillery, thirty-five recruits; for the Fifth Cavalry, 141 recruits; for the Twentieth Infantry, twenty-two recruits.

The Crook has gone to the railway wharf where some hundred thousand feet of lumber and a quantity of camp equipment will be discharged to waiting railway cars which will convey the same to the army posts now in building. The transport was also well laden with refrigerated cargo and had a large shipment of cement.

The well known Second Infantry band attempted to add to the merriment by an impromptu program of melodies as the transport was being shifted to her berth. Measles was the cause of a partial quarantine being observed for a time last evening. The Crook is to remain at the port but a few days before being returned to the coast. The prediction is made that the old-timer will then go out of commission.

## SIERRA REPORTS

The following wireless message has been received by the agents from the S. S. Sierra, bound for San Francisco: "S. S. Sierra, at sea, 8 p. m., March 29, 1911—142 miles out; fine, clear weather; light SWS. breezes, westerly swell; barometer 30, air 73."

## IMMIGRATION BILL PASSED

The new immigration law giving the Board of Immigration wide powers, was passed by the Senate this morning without a dissenting vote from the thirteen members of the upper house present. The bill goes to the House of Representatives in substantially the same form in which it was introduced and provides a number of methods of the adoption of which will lead to increased efficiency upon the part of the Board of Immigration.

Senate Bill No. 70, providing for the examination of weights and measures passed third reading as did House Bill 17, relating to the using of firearms; House Bill 35, relating to the College of Hawaii, and House Bill 177, relating to fees for registration.

## HILO FRANCHISE IS FAVORABLY REPORTED

With only minor changes in wording, the Senate bill granting a franchise for a street railway in Hilo to L. S. Connors, W. H. Johnson and their associates, was favorably recommended to the House this morning by the House Committee on Public Lands. Several of the members, headed by Correa of Oahu and Sheldon of Kauai, voted to defer action on the report until Monday, but a majority favored adopting the report immediately, and this was done. The bill will be up for third reading tomorrow and there seems no opposition to its passage, although it may be slightly deferred.

## INSURGENTS EXPECT PEACE CONFERENCE

(Associated Press Cable.)  
EL PASO, Tex., Mar. 30.—The insurgents are concentrating near Chihuahua with a view to the expected peace conference.

## HONOLULU REPORTS

The following wireless message has been received by the agents from the S. S. Honolulu, bound for Honolulu: "S. S. Honolulu, at sea, March 29, 7:30 p. m.—781 miles from Honolulu. Fine weather, smooth sea; 1900 tons cargo for Honolulu; 31 passengers for Honolulu; 216 bags mail and Wells Fargo express matter; 355 tons cargo for Kahului. Will arrive Saturday morning. All well."

Advices received at the office of the Inter-Island Steam Navigation Company are to the effect that the steamer Maui, from Papeete, with 11,500 sacks of sugar, will arrive at Honolulu this evening.

## CLUB DECLARES FOR FRANCHISE

**Improvement Committee Re-  
considers Earlier Action;  
Demands Amendments.**

Attorney C. W. Ashford and B. von Damm furnished the feature of a long meeting of the Central Improvement Club over the Rapid Transit franchise and for a while it looked as if there was going to be something stronger than verbal personalities. Von Damm started a big scrap of words by saying, in opening some remarks, that he hoped they would be received in a fair-minded way and without prejudice.

Ashford took umbrage at his words, jumped to his feet and shaking his finger in von Damm's nose, shouted:

"If you intend, young fellow, to cast any imputations upon me, I'll be damned if you don't regret it."

Von Damm declared that he had the floor and added, "If Mr. Ashford thinks he can bulldoze me, he is very much mistaken."

"Go to the devil!" shouted Ashford, and finally, after being ordered to take his seat four times by President Berndt, he sat down muttering ferociously.

**Meeting a Reversal.**

The meeting turned out to be along the lines forecast in the Bulletin yesterday afternoon. Von Damm and several others were prepared to call for a reconsideration of the club's action last week in declaring against the granting of a new franchise by the present Legislature and asking the Legislature to appoint a commission to investigate and report before next session. Yesterday F. D. Creedon moved a reconsideration of the action and his motion carried nine to six, although Ashford and H. T. Mills protested against it.

Then followed more than two hours of talking that accomplished little. The members present were divided into opposing camps, the Ashford faction trying to stop any movement that looked toward granting a franchise now, and the other side talking with little purpose. Von Damm made a speech in which he told of a conference held with President Peck of the Rapid Transit company over various concessions, it appearing that Mr. Peck declared the company is willing to make all of the concessions it is legally and financially able to do. This was confirmed when Mr. Peck himself arrived later, but Mr. Peck also refused to give definite answers to requests for concessions, stating that all will have to be referred to the directors and shareholders. He however declared vigorously that the Rapid Transit company already contemplates many improvements along the lines wished by the club, mentioning the ten-minute service on all lines, which he added is not settled however, in spite of the statement made in an afternoon paper.

**Close Vote On Action.**

After mulling the matter over until nearly 7 o'clock last night, the improvement club, by a vote of 8 to 7, reversed its attitude of last week and declared itself in favor of the franchise, with certain amendments, the exact details of which are to be worked out later. Then the weary delegates adjourned. Col. McCarthy, chairman of the legislative committee, declined to attend the night meeting of the House Committee on Public Lands, on the grounds that the club has no clear-cut ideas of the amendments it wishes to be incorporated in the franchise bill.

## WOULD TAKE HIS LUNCH WITH HIM

"It's more than two jumps from here to San Francisco, Your Honor, and I wanted to take a lunch with me to stay the pangs of a depleted stomach," explained Patrick Brady in giving his version of a little affair which finally landed him within the folds of an alert police department.

Brady had been trying to decamp. It is said that he cast longing eyes at the fleet of coast-bound steamers as they rode at their moorings yesterday morning.

"I will beat it, if given the opportunity," sighed Brady. "I presume that I was hungry and tried to gather a light lunch before starting out on a trip across the peaceful Pacific."

Brady was informed that at least two avenues of escape were now closed. He acknowledged that the bridal suite in the Korea was not for him but said that he would ship before the mast in the American bark Foohing Suey, if he were permitted to do so.

"Mr. Brady will remain in the custody of the police until the sailing of the ship," pronounced the court. "The police will kindly assist Mr. Brady to his berth in the Foohing Suey," also ordered Judge Lymer in disposing of the case.

BORN.

## OIL GUSHER IS UNCOVERED

Fuel oil has been discovered on the Island of Oahu. For nearly one week the unflinching signs that point to it have been making their presence manifest to a most encouraging extent within a limited area, right in the business district of Honolulu.

Captain Campbell, Captain Hyde and a few other well-known waterfronters have been quietly prospecting, and a flow of fuel oil of no mean proportion has rewarded their combined efforts at prospecting.

Despite the utmost secrecy displayed by the prospectors and the endeavors of James Fox to keep the news of the discovery from the general public, a decided slump in oil shares reported this morning led to the unearthing of a conspiracy which might have assumed greater dimensions had the plot to corner the oil market remained undisturbed.

Fuel oil has been finding its way into the waters of Honolulu in perceptible quantities for some time past. It has been a source of much concern to Territorial as well as commercial and shipping interests.

The Inter-Island and Matson Navigation people objected to the constant flow of oil in that section of the harbor where their vessels were moored because of the stain that was left on craft flying their flag.

The Territory was interested in checking the flow and "Jimmy" Fox was set to discover the leak.

The Associated Oil Company was more vitally concerned in the matter, as the seepage of oil meant a constant drain on their reservoirs. The leak was found this morning, at the foot of Nuanuan street, where a joint has been made in a large six-inch iron main that conducts fuel oil from the fuel tanks to the plant of the Hawaiian Electric Company.

Diving into Mother Earth to a depth of about two feet, the workmen at the "well" found a sordid mass of oil and earth. Pools of the liquid fuel were opened. The pipe line is being repaired, and thus heretofore mysterious trenches that have disfigured the park-like waterfront will be filled in, while no odious greasy stains will adorn the placid surface of the harbor.

## FILIPINOS ARE IN CONTEMPT

Twelve Filipinos, who were persuaded to forgo a little trip to San Francisco in the Oceanic steamship Sierra sailing for the coast yesterday morning, are in contempt of court according to a complaint to which they were arraigned before District Magistrate Lymer this morning.

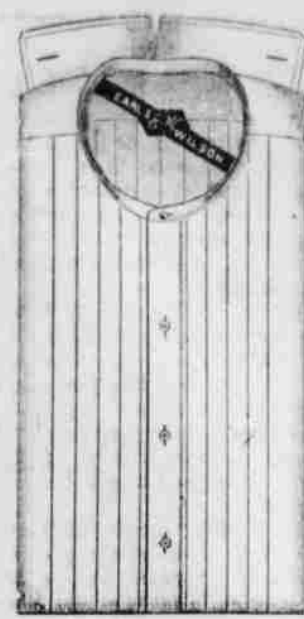

An even dozen little brown brothers were lined up before His Honor after having spent twenty-four hours as guests of Sheriff Jarrett. Through an interpreter, the complaint was read in which it is alleged that they attempted to evade a summons to appear as witnesses in a case wherein one E. de Gussman is charged with having solicited laborers for coast companies without first having secured a license to do the same.

The Filipinos upon arraignment this morning admitted that special City and County officer Harry Lake had visited them while at quarantine and read the summons.

They did not state whether they understood the order but pled guilty.

Four days' jail sentence or detention was ordered in each instance. The men are said to be held by the authorities until the case against de Gussman can be given a preliminary hearing. The de Gussman matter will probably receive attention in the lower court on next Monday. Should the Filipinos then be released, they will be unable to take passage on any steamer until the sailing of the Honolulu which is expected to leave here on April 11th.

Weekly Bulletin \$1 per year.

## FRANCHISE ONLY WHEN AMENDED

### Public Sentiment Heard at Meeting of House Commit- tee On Transit Grant.

Public sentiment on the new franchise asked by the Honolulu Rapid Transit & Land Co. was expressed clearly last night before the House committee on public lands, and expressed in favor of a franchise if guarded by amendments as well as concessions on the part of the street-railway company.

The hearing was held in the hall of representatives and brought out a large gathering of prominent citizens, although the number of speakers was comparatively few. The keenest interest was displayed in the various arguments, and once or twice there was faint applause.

Most of the speakers, several of whom represented organizations, declared that the franchise bill needs a number of important amendments before the legislature should pass it. One of the features of the evening was that several of the speakers expressed the belief that a public service commission should be established to regulate the Rapid Transit and perhaps other public service corporations.

**One On Ex-Governor Carter.**  
Another feature was the raking over of old coals when President Peck of the company told of his early experiences in trying to put the road on its feet financially.

"I wanted to borrow fifty cents on the dollar for some bonds," he said, "and I went to the large financial institution of which Mr. Carter was at that time head, as manager, and tried to get fifty cents on the dollar for those bonds. He said to me 'Are you willing to promise that your company will not go into the lighting business against the Hawaiian Electric Company?' I told him I didn't know anything about that. I couldn't say at that time. And he said to me 'Unless you are willing to promise that, I haven't time to talk to you any longer.' And I went from place to place trying to borrow money until William G. Irwin, God bless him, made us a loan!"

Among those at the hearing were the members of the public lands committee, as well as a number of other legislators, W. R. Castle, President L. T. Peck and Manager C. G. Ballentyne of the Rapid Transit Co., former Governor George R. Carter, A. Lewis, Jr., Richard Ivers, George W. Smith, J. D. McInerney, G. Fred Bush, W. R. Farrington, Col. J. H. Soper, C. R. Hemenway, attorney representing the Chamber of Commerce and the Merchants' Association, L. L. McCandless, and a number of members of the Central Improvement Club, including C. C. James, H. T. Mills, R. S. Hosmer and F. D. Creedon.

**Opponents Speak.**  
Chairman Alfonso of the House committee called first upon opponents of the franchise in its present form to speak, and L. L. McCandless immediately spoke. His talk dwelt largely upon the financial aspects of the case. He repeated the charge made at an improvement club meeting that in 1902 the company had sold its preferred stock at 80 instead of par, as is now claimed. He charged that \$150,000 of the present capitalization is watered stock, and that by its issuance the company can evade and has evaded paying the Territory its percentage of the profits.

"That watered stock is practically a stock dividend," he declared, "of which one-half over eight per cent belongs by right to the Territory. The company is offering far too little for the franchise. They are offering a bonus that amounts to about \$229,000, and if today you'd say, 'We'll give you the franchise for two and one-half per cent of the gross receipts and \$1,000,000 additional they'd take it in a minute. Let this franchise alone now, gentlemen, it is a matter for your children to settle.'"

Former Governor George R. Carter next spoke, also in opposition to the franchise, unless amended. "I am here as one of a committee from the Country Club," he declared, "to oppose the franchise, the others being Mr. Lewis and Mr. J. D. McInerney. I want to give you a little experience of ours with the company." He told of attempts made to get the company to extend its line to the Country Club, which he declared had been unsuccessful, and charged that the Country Club had been treated with faint courtesy. From this he argued that the company has given concessions only grudgingly.

"We feel," he concluded, "from our experience in the matter, we have a right to appeal to the legislature. We oppose the franchise unless provisions are put in whereby such questions may be adjudicated. It seems to me that the solution is in the appointment of a public service commission. It isn't sufficient to leave this to the governor, who has the authority to regulate the line. This public service commission ought to have the final authority."

**Mortgaging Future.**  
H. T. Mills followed Mr. Carter opposing the granting the franchise at

this time. "If this franchise is granted," he said, "you will be mortgaging the future of your children. During the past year the people of Hawaii had occasion to vote on a very important public matter—the sale of alcoholic drink—and the plebiscite showed clearly the will of the people, and it seems to me provision should be made to put this franchise before the people." He also attacked the freight carrying of the company, saying that it is against the spirit of the present franchise.

John Hughes declared in favor of granting the franchise. "The Rapid Transit has increased the value of property wherever it has gone, and if this city is to continue progressive the street railway must play its part." He praised the management of the company, paying particular tribute to Manager Ballentyne.

A. F. Clark of the Central Improvement Club told of the meeting of the club yesterday afternoon and its action in declaring in favor of the franchise with certain amendments. He mentioned among them the use of internal combustion engines only from midnight to 6 a. m., the continuance of the plan to divide profits over 8 per cent with the government, the right of the Territory to repeal the franchise and acquire the railway system, a ten-minute service, maximum fare of five cents, a commission to regulate the system and its operation, and regulation of freight-charges.

Mr. Carter spoke again, this time, he said, individually. "Call a spade a spade," he said, "it seems plain that the present franchise is a bad bargain; why continue it?"

"If my memory serves me correctly there was a change made in the original draft, a new clause which allows them to charge of not only their operating expenses and their sinking fund but also their capital, before the division of profits becomes operative. Ivers in Favor."

Richard Ivers, confessing he is a stockholder in the Rapid Transit Co., said: "It has been pointed out to-night that this was a bad bargain. Well, Honolulu was a pretty small town in 1898. If it had been a valuable concession, they would have had no trouble in getting outside capital interested. But they didn't. The original backers had to dig into their own pockets for about \$400,000 before they got a cent of outside capital." He also spoke of the need of getting a new franchise now and making its financial future safe.

George W. Smith reviewed briefly the history of the Rapid Transit's establishment. "The Rapid Transit has increased practically all the taxable property of the city," he declared. "The men who invested their money ought to receive consideration at the hands of the legislature. If the corporation has not lived up to the terms of its franchise, it is the fault of the people entrusted with the oversight of the execution of the franchise."

C. R. Hemenway spoke as the representative of the Merchants' Association and the Chamber of Commerce. "Up to the present time it has been impossible for the committees of these bodies to come to any agreement or definite idea of their attitude on the franchise and therefore they have instructed me to ask your committee for a further opportunity to be here and present our views."

W. R. Castle spoke briefly merely stating that as there was to be a further hearing he would not speak at this time.

**Why Not Airbrakes?**  
Mr. Carter spoke again to ask for some expression of opinion from the Rapid Transit people, stating that he would particularly like to hear why air-brakes had not been installed.

L. Tenney Peck, president of the road, rose and declared that the Rapid Transit Co. is answering all questions. Then he spoke in answer to Ex-Governor Carter's criticism of failure to extend the line to the Country Club.

"There have been two extensions decided upon lately," he said, "one of them was up Nuuanu Valley for a certain distance and the other was the extension and connection of the Emma and Liliha streets service. This latter was on the company's own initiative." He explained the Nuuanu extension by saying that the line must be built to allow the cars to run every ten minutes, and that it is not yet known exactly where it will go.

Manager C. G. Ballentyne touched upon the operation of the road, emphasizing the depreciation of the physical part of the system. "We have come to the point now where the depreciation has become very evident," he said. "The replacing of the equipment will be a source of great expense. Another matter is the part of the street paving we have to do. The maintenance expense is one of the reasons why we want to provide for ourselves by getting the new franchise, thus spreading our sinking fund over a much longer period and allowing more now for improvement."

Senator Cecil Brown spoke briefly in favor of granting the franchise."

**PILES CURED IN 6 TO 14 DAYS.**  
PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded.—Made by PARIS MEDICINE CO., Saint Louis, U. S. of A.

## PERSONALITIES

EDWARD DEKUM returned from Kauai yesterday, after a pleasant vacation on the Garden Island.

MRS. LULU PATTEN and Clem Quinn were married yesterday at the Catholic Cathedral by Father Matthias.

J. A. RATH has postponed his proposed vacation trip on account of the serious illness of Mrs. Rath.

CAPTAIN C. C. CARTER, who has been assigned as adjutant of this district, was an arrival on the Crook. He is accompanied by his wife and sister-in-law, Miss Gamble.

CAPTAIN FRANK B. EDWARDS, who arrived on the Crook last evening to supervise the construction of barracks at Fort Ruger, is accompanied by his wife and daughter. They are staying at the Young.

## FOR BUILDING AT FORT RUGER

### Captain Edwards Arrives With Material To Construct Barracks.

Captain Frank B. Edwards, quartermaster general's office, Washington, arrived on the transport Crook last evening and will have charge of the work of building the new barracks at Fort Ruger to house the full complement of coast artillery corps which is destined for that post within the next few months.

On the Crook is a large quantity of lumber and cement to be used in the construction, the buildings to be mainly of reinforced concrete and built on a plan now used by the department of running cement into a flat mould for the walls and then lifting the wall into position.

Captain Edwards will have direct charge of this work of construction, and he will be assisted by Civil Engineer L. H. Bigelow, Q. E. Sanderson, foreman and inspector, and A. S. Hill, clerk.

Work will commence in the near future and the entire officers' quarters and barracks will be completed in record time.

Captain C. C. Carter, coast artillery corps, arrived on the Crook and will be adjutant of this district.

The enlisted men aboard are divided as follows: Second Infantry, 488 men; for the field artillery there are thirteen recruits; for the coast artillery, thirty-five recruits; for the Fifth Cavalry, 141 recruits; for the Twentieth Infantry, twenty-two recruits. Altogether in the first class there are 821 officers and men, including members of families of officers and enlisted men.

## DIVORCE BILL RECOMMENDED

Representative Towse's bill aimed at divorce evils was given a favorable recommendation this morning to the House by the judiciary committee, with one amendment. The original bill provides that the decree of divorce shall not become effective until six months from the date it is issued. The amendment shortens this term to three months, and also states that the decree must become effective in six months, instead of a year, as in the original. The report says:

Your Judiciary Committee, to which was referred House Bill No. 158, introduced by Hon. Edward Towse, entitled "An Act to Amend Sections 2230 and 2235 of the Revised Laws of Hawaii, Relating to Divorce," begs leave to report as follows:

The purpose of this Act is to prevent hasty divorces. The provision that in case of a decree dissolving the bonds of matrimony a certain amount of time shall elapse before the decree becomes final, has worked very successfully in other parts of the United States, and is in line with modern legislation. Your Committee does not believe that the provisions of the present law, relating to time for appearance after service of summons should be changed. Your Committee recommends the following amendment to the bill:

Amend Section 2 by striking out the words "six months" and "one year" and inserting in lieu thereof the words "three months" and "six months" respectively.

### BAND CONCERT.

### "Lame Leg Well"

"I wish to say that I have used Sloan's Liniment on a lame leg that has given me much trouble for six months. It was so bad that I couldn't walk sometimes for a week. I tried doctors' medicine and had a rubber bandage for my leg, and bought everything that I heard of, but they all did me no good, until at last I was persuaded to try Sloan's Liniment. The first application helped it, and in two weeks my leg was well."—A. L. HUNTER, of Hunter, Ala.

### Good for Athletes.

Mr. K. GILMAN, instructor of athletics, 417 Warren St., Roxbury, Mass., says:—"I have used

### SUPPLEMENTARY PRIZE FOR STUDENT CONTESTANTS

#### Candidate Who Heads the List on Wednesday, April 19, to Secure Jewelry Order.

Prize premiums are to be given to the contest leaders on Wednesday, April 19th. Mercantile and jewelry orders to the sum of fifty dollars are to be divided among the men, women, boys and girls' contestants with a special supplementary prize for the student contestants.

The contest ballots will be counted on Wednesday, April 19th and the leaders at this count will be the recipients of the prizes.

The contest candidate who has the highest number of votes at this count will receive a jewelry order for \$25.00. The man or boy with a vote standing nearest the leader will re-

ceive a mercantile order for \$10.00. The woman or girl candidate with standing nearest the leader will also be given a \$10 mercantile order.

The student contestant (when not qualifying for one of these first prizes) who has more votes than any other student candidate will be given a mercantile order for \$5.00. This is a supplementary prize as one of the student candidates may qualify for one of the larger prizes. No candidate can secure more than one of the prizes.

The count of ballots on Wednesday, April 19th may or may not be the first count of ballots made in this contest.

These special prizes should be of value in interesting your friends in giving you a good start which by that date will be of great advantage. Start

## \$50.00 Reward For Leaders

On Wednesday, April 19th,

Fifty dollars in premiums will be divided among the leading trip contestants after the count of the contest ballots on Wednesday, April 19th. The balloting will close at noon on that date for the special awards. The results will be printed in the Thursday Bulletin, April 20th.

The Premiums will be apportioned as follows:

To the candidate with the largest number of votes, irrespective of age or sex.	<b>\$25</b>
JEWELRY ORDER	
To the man or boy with standing nearest first leader.	<b>\$10</b>
MERCANTILE ORDER	
To the woman or girl with standing nearest first leader.	<b>\$10</b>
MERCANTILE ORDER	

#### Special Supplementary Premium for Students

To the student contestant (when not qualifying for one of the above premiums) who has more votes than any other student contestant on Wednesday, April 19, a

**\$5**

MERCANTILE ORDER WILL BE GIVEN

Every student contestant who is among the first ten leaders on Wednesday, April 19, will be given an ONOTO FOUNTAIN PEN.

Now is your chance to secure one of the special prizes and at the same time show your friends that you are doing contest work in earnest. The special prizes will pay you for your time and you will increase—not lessen—your chance to secure one of the trips.

#### Special Prize Contest Rules

Mercantile orders on stores advertising in the Bulletin must be accepted by the winners.

No candidate can secure more than one of the special prizes. If one should qualify for two prizes, he or she may elect which one to take.

To qualify for one of the special prizes a candidate must have 5000 or more votes in addition to the 5000 given with every nomination.

Occupation as student or teacher must be known in Contest Department at least one day before count of ballots, on April 19.

#### Special Prize Contest Notes

Ballots must be in box, to count for special prizes, by noon, April 19.

Standing of the candidates so far as the trips are concerned, by the securing of one of the special prizes, is not affected. Votes count for the trips just the same.

Candidates may or may not elect to cast subscription ballots to secure one of the special prizes. In other words, contestants who wish may hold votes in reserve until later in the contest, but to count for one of the special prizes, votes must be cast before noon, Wednesday, April 19.

No special prize offer later in the contest will be amenable to the rules or terms of this one. Registered votes are ballots cast and counted. Students! If occupation is not given in contest list, notify Contest Department at once so you will be eligible for special prizes.

## Free Fountain Pens For Contest Candidates and Workers

Every contestant or contest worker who turns in one club of three new, or three old daily yearly subscriptions the first contest week will be presented with a

### Onoto Safety Self-Filling Fountain Pen

These pens will be on display at ARLEIGH'S.

Remember—The pens will go to whoever brings in the subscription club, whether a contestant or a contest worker.

The fountain pen is something that will be useful during the contest.

You will need it to write subscription receipts with every day of the contest.

One club of new subscriptions will also bring you

11,000 Votes

If you get more than one club, let your friend bring in the subscriptions and get one of the pens and the votes for you.

Start now to get the 11,000 votes and the pen. It means a good contest start and a useful present.

The first contest week is from 8 a. m. Tuesday, March 28th until 5 p. m. Monday April 3rd.

## How Named

Evening Bulletin Subscribers will name the ten travelers. Voting coupons are issued with every subscription payment to the Evening and Weekly Bulletin, and coupons are also published in every issue of the paper. Almost all your friends and neighbors take the Bulletin. The rest will want to when they learn that they get the best newspaper printed in Honolulu with no extra charge, and at the same time help you to get one of the trips.

The eight women who went to the Yosemite last year as the guests of the Bulletin did not hesitate when their nominations were announced. Why do you?

You are just as popular; just as deserving; perhaps what is more important—just as energetic; it is possible, you are more so. Earnest endeavor will earn a trip.

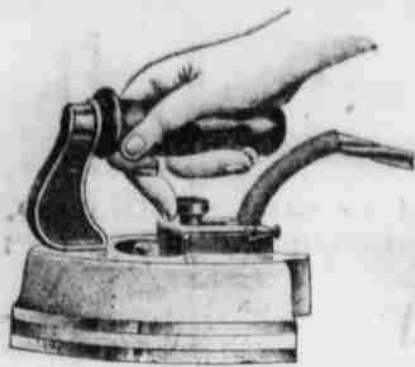

PELOUZE

PELOUZE

The best and handiest Electric Iron made. Temperature control right on the iron. Requires no stand—simply turn it on and when not in use, iron adapted for plain work and polishing. The bottom plate or ironing portion heats up very quickly, and you do not have to wait for the entire iron to get hot as you do on other irons.

We carry the following four sizes in stock:

4-Pound SEWING ROOM    6 1/2-Pound DOMESTIC    9-Pound COMMERCIAL    20-Pound TAILORS

## HOUSE PLAYERS AFTER ACTION

Picked Teams to Play for  
Benefit of Wrecked Moi  
Wahine Skipper.

Baseball players in the House of Representatives are feeling pretty sore because they can not get any action on their challenges. Yesterday a bunch of them got together and passed the following resolution, directed at the inmates of the Judiciary building:

**Resolution.**

Whereas, The sport members of the Senate of the Territory of Hawaii for the year 1911 have seen fit to recognize the ability of the House of Representatives sports to lay it all over them in baseball, pennant and ping-pong, as well as in other matters, and Whereas, The sport members of the House of Representatives are prepared to make all other persons and concerns bow down before them, and

Whereas, The employees of the Judiciary building have taken it upon themselves to blow about their prowess in all games, especially in that of baseball, and

Whereas, The sports of the House of Representatives of the Territory of Hawaii are prepared to puncture the Judiciary bubbles,

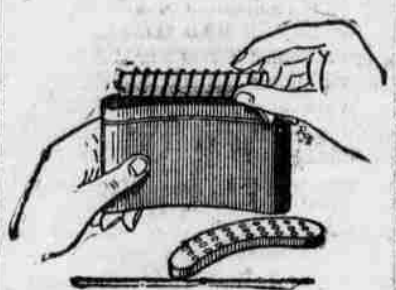

Therefore, Be it Resolved, That the sports of the House of Representatives of the Territory of Hawaii do hereby challenge the Judiciary bubbles to play a game of baseball on Saturday, April 9, 1911, the proceeds of said game to be devoted for the benefit of the inmates of the leper settlement at Molokai.

## DOTS AND DASHES.

CHICAGO.—As Walter L. Fisher, who has been appointed secretary of the interior by President Taft, is an enthusiastic golfer, it is expected that he will become a member of the president's "golf cabinet." When Fisher is in Chicago he spends a large part of his recreation hours on the Onwentsia and Skokie courses. He is said to have a record considerably less than 90.

OXFORD, Eng., Mar. 11.—The Oxford varsity team defeated the representatives of the London Athletic Club in the annual sports today, five points to three. Two American Rhodes scholars were scored. H. L. Lange of Oklahoma won the 110-yard dash in 10-1-5 sec., and George E. Putnam of Kansas captured the hammer throw with a mark of 152 feet 2 inches.

## SIMPLY LIGHT AND INSERT TUBE Warmer does the rest

### The Welkom Warmer

Size 3 1/2 x 5 1/2 inches, weight 4 1/2 ounces.

The only modern, safe, effective and sensible substitute for the antiquated Hot Water Bag.

No water to heat—no rubber to rot. Will last for years.

The Warmer is made of metal heated within one minute by the lighting and insertion of a paper tube containing a blazeless, smokeless and odorless fuel generating a uniform heat which lasts over two hours at a cost of less than one cent. It is curved to fit any portion of the body and held in place by means of a bag and belt allowing the wearer to move about at will.

**AS A PAIN KILLER**  
The Welkom Warmer has no equal. It can be put into constant action and is indispensable in cases of rheumatism, lumbago, neuralgia, sciatica, cramps, etc.

By placing the Warmer on the affected part the heat being dry, not moist, bakes out the cold. Physicians say that the moist heat of the hot water bag will not cure but aggravate the ailments above mentioned.

Many have been sold—not a single complaint.

Complete outfit including Warmer, bag belt, coil and 10 tubes of fuel sent prepaid to any part of the U. S. upon receipt of \$1.00.

If you wish to know more about this wonderful device write today for free descriptive booklet.

**WELKOM WARMER MFG. CO.**  
108 Fulton St., New York.

## RED DEVIL SOLD TO SCHIMMING

Baldwin's Bi-Plane Left In  
Manila By Veteran  
Aviator.

The Mars-Baldwin-Schriver combination which was in Honolulu the first of the year, en route to the Far East, has done something in the way of dropping machines on its course, and when it gets back to the States will have nothing with which to start.

Captain Baldwin said when he passed through Honolulu last week on his way to the Coast that one of the machines would be delivered to Ed Lewis when the aviators reached this city on their return.

If one was sold in Japan, which is likely, then there will be none left for Captain Baldwin's machine, the Red Devil, was sold to Ed Schimming in Manila before the oldest of the aviators left the Philippines for home.

The Manila Cablenews-American of March 1 says:

"Mr. Edward Schimming, instructor in mechanics in the Manila Trade School, yesterday bought the Red Devil biplane, one of the three machines brought to this city by Captain Baldwin and Messrs. Mars and Schriver."

"Mr. Schimming has with him in the enterprise a number of friends, the object being to keep the biplane in Manila and to give exhibitions here. It is probable, also, that machines will be manufactured for sale, with the Red Devil as a model."

"Mr. Schimming has never made a flight, but Captain Baldwin stated to a Cablenews-American reporter that Mr. Schimming is one of the best posted men on gasoline engines that he had ever conversed with and that he felt confident that with the proper amount of practice Mr. Schimming would have no trouble with the biplane."

"The Red Devil belonged to Captain Baldwin, who has made several successful flights with it. It is the machine which was tried Sunday morning on the Luneta fill by Mr. Mars, to test the new engine."

"The purchase price was 5500 pesos, which is much below its value. It is reckoned by birdmen as one of the best and fastest machines in the business, but it was sold at a low price in order to stimulate interest in aviation in the Far East."

"Mr. Schimming will immediately commence practice with the Red Devil and will soon announce the date of his first exhibition flight."

## DOTS AND DASHES.

Bud Mars made an altitude of 3,000 feet in his last flight in Manila during the Carnival. The Filipinos were some surprised and they say that a few of the Americans did not believe that the aviators would be able to get into the air.

When those legislators get into the baseball game there will be something doing. Don't forget that there are some oldtimers in the Legislative halls who are far from being "has-beens" when it comes to work on the diamond.

Don't forget the ball games Sunday afternoon for the benefit of Captain Sam. Four teams will put up the kind of ball that the fans like to see, and the proceeds are for a worthy cause. All you fans turn out at Athletic Park.

If Bud Mars sells a flying machine to Japan and Australia as well as to Manila, there will be nothing of that bunch left for Ed Lewis when the party gets back to Honolulu from Australia.

Baseball is booming at Hilo these days, and it would not be surprising to learn that "Steve" is the cause of the enthusiasm.

Palama girls will give an exhibition of work at the gymnasium this evening, fancy drills and other work being given.

Honolulu Yacht Club will hold a meeting tomorrow evening at Myrtle Boat House.

## COLDS CAUSE HEADACHE

LAXATIVE BROMO-QUININE, removes the cause. Used the world over to cure a cold in one day. E. W. GROVE'S signature on each box. Made by PARIS MEDICINE CO., Saint Louis, U. S. A.

## EXAMINATION FOR BOY SCOUTS HERE

Next Month Those In the Tenderfoot Class May Be Promoted.

Next month there will be an examination held by Sergeant Camp for the members of the Boy Scouts of the tenderfoot class who wish to go one grade higher and become second-class scouts.

From April 10 to April 30 the examinations will be held, and it is expected that a large number of the boys who are now in the tenderfoot class will go up a grade as a result of their work in getting ready for the examination.

There are thirteen different tests that the boys have to pass successfully in order to receive promotion, and the greater part of them are things which would come in use in everyday life, and the others are such that all youngsters should know.

In order to pass the examination a scout must be able to do the following:

1. Have at least one month's service as a tenderfoot.

2. Explain and show how to rescue a person from drowning. Explain and show how to remove foreign bodies from the eye and ear. Explain what to do in the following: Bites or stings of insects; a person fainting; a person overcome by heat; a person shocked by electricity; put on the triangular bandage for a person with a broken arm, using your own leggings as a splint; put on a bandage for a person with a cut on the head; bandage and put in splints a person with a sprained ankle, using pieces of wood as splints; point out three places on the body where the arteries are; carry a scout that has a broken arm; make a hospital chair; tell what to do when your feet become blistered from hiking.

3. Send and receive a message of ten or more words by "wigwag."

4. Make a map of a road at least two miles long, giving the right direction by using your watch to get "North." Put in your map all the roads and streets that cross it; show all fences, either picket or rail; show all tall trees and bushes, and big buildings.

5. Lay and light a fire, not using more than two matches.

6. Cook a quarter of a pound of meat and two potatoes, without using cooking utensils other than the regulation kit; boil water.

7. Two boys to put the shelter tent up in five minutes, having all pegs down.

8. Each "patrol" to scale a wall at least eight feet high.

9. Have at least one dollar in a savings bank—money that has been earned by yourself.

10. Know and name the sixteen principal points of the compass.

11. Make a written report of your map, stating the number of carriages, wagons and automobiles that you passed, which way they were going and the number of persons in each.

12. Tie the following: Square knot, figure 8 knot, weaver's knot, bowline, clove hitch, fisherman's knot.

13. Track half a mile in twenty-five minutes.

## DOTS AND DASHES.

VANCOUVER, Wash., Mar. 11.—Private Andrew Courtney, First United States Infantry, was knocked out by Ralph Rau, who claims the Canadian amateur heavyweight championship, in the second round here tonight. Courtney had all the better of the fight, driving Rau, who outweighed him 20 pounds, all around the ring, until about the middle of the second round, when Rau landed a vicious haymaker on the ear and put the soldier to sleep.

Monday, May 15.

Baseball—Highs vs. Kams.

## EVENTS AT POST SPECTACULAR

Cavalry and Artillery Have  
Day of Sport at  
Leilehua.

There is nothing more inspiring, perhaps, than the deeds of Uncle Sam's mounted men when out for a day's sport on the parade ground of a large post, and in the field day in which cavalry and artillery took part at Schofield Barracks yesterday there was much of the spectacular.

Two artillery teams following a snake trail between collapsible posts which are set just a few inches wider apart than the hubs of the caisson, going at a gallop through the line, and in many cases making the run without touching a post, is a remarkable sight.

The horse show, in which the men put their mounts through their paces, shows the intelligence of the animals, and in the horse tug-of-war the animals seem to take as much delight in the sport as do their riders.

There were a few events for the men unmounted, but the great majority of the day's sports had to do with the horses of the artillery and cavalry, and the spectators who went out from town, as well as the officers and men of the post, were much entertained.

**The Prizewinners:**

Running high jump—1. Serg. Foley, C Company, 5 ft.; 2. Honk, I Company, 4 ft. 10 in.; 3. McCormick, H Company, and Hunsucker, F Company, a tie at 4 ft. 9 in.

Sack race—1. Hunsucker, F Company; 2. Sullivan, H Company; 3. Overly, C Company.

Shoe race—1. Norris, Battery F; 2. Kotowski, F Company; 3. Lewis, D Company.

Gun Platoon—1. First Section.

Artillery race—1. Second Section.

Time, 2 min. 42.3-5 sec.

Single bearer race—1. Fitzgerald, Ambulance; 2. Dawsey, Ambulance.

Time, 48 sec.

Horse tug-of-war—First heat, Second Squadron; time, 18 sec. Second heat, Third Squadron; time, 19 sec. Third Squadron; time, 19 sec.

Hurdle horse race—1. Witt, L Troop; 2. Aclains, G Troop; 3. Newbar, Battery.

Two horses fell at the last hurdle, and although one of them rolled on his man, neither of the riders was hurt.

Mounted relay race—1. Tolune, F Company; 2. Geller, Battery; 3. Tancy.

Horse show—1. Widwick, D Troop; 2. Corporal Forrest, E Troop; 3. Sergeant Flaherty, G Troop.

Potato horse race—1. Mendoza, M. G. P.; 2. Edmundson, D Troop; 3. Williams, A Troop.

Rescue horse race—1. Huane, F Company; 2. Triplett, B Troop; 3. Sergeant Meade and Perry, A Troop; 3. Sergeant Parkins and Marshall, K Troop.

\*\*\*\*\*

## TURF MEN PREPARE FOR RACING AT NORFOLK

The racing season is at hand, and on April 5 the bugle will call "assembly" at the Jamestown track for the first racing meeting of the season under the jurisdiction of the Jockey Club. The meeting will extend to April 26.

The Jamestown Jockey Club, under the management of Robert Levy of Houston, Tex., has been in existence only a year. But in that short time it has established itself among the racing clubs sanctioned by the Jockey Club. Last April it had its first meeting. The sport was good and clean, but the patronage was small, and Levy lost nearly \$10,000. But he was not discouraged and the fall meeting made up his early loss.

The racing meeting this spring promises to eclipse all others. The added money to the stakes and purses will be much greater than ever before.

Some of the events are as follows: Monticello purse, value \$1000; Lynn purse with \$800 added; Lynn purse with \$500 added; Atlantic purse with \$400 added; Lorraine purse with \$400 added; Norfolk purse with \$500 added. The citizens have contributed to the last named purse.

Some of the men who will have their racing colors carried during the meeting are August Belmont, R. T. Wilson Jr., Captain E. B. Cassatt, Thomas Clyde, Francis R. Hitchcock, Thomas F. Ryan, Otto Fleischman, P. S. P. Randolph, Forest Rose, Percy A. Rose, Thomas Monahan, Captain Presgrave, Frank J. Nolan, Samuel Ross, H. C. Hallock, John W. Shaw and Mrs. L. A. Livingston.

Besides these there are many well-known local turfmen with small strings of horses who are preparing at the Gravesend and Sheephead Bay tracks to have them ready to ship to Virginia.

## CRAFT SKIMS OVER WATER

Boat Shaped Hull Has Aerial  
Propeller Driven By Engine  
and Six Planes.

LONDON, March.—An uncommon craft, embodying the principles of the hydroplane or skimming boat, and the aeroplane, is being tested at Cowes, Isle of Wight. This strange vessel can, it is said, rise from the surface of the water, make an aerial voyage, and descend to float on the waves.

The aerohydroplane, as it is called, was designed by M. Ravaud, a young French aviator, and it has been built under his personal supervision. The hull consists of two hydroplane floats, each about 20 feet long, supporting the body of the machine overhead.

This is a boat shaped hull or carriage with an aerial propeller driven by a 50 horsepower Gnome rotary engine at the stern. The rudder is at the bows. The "boat" has four planes fitted, two on each side, also small ones on the floats. Accommodation is provided for three or four passengers. Speed trials will be carried out on the river Medina, after which the aerohydroplane will be seen flitting about the Solent previous to being dispatched to Monaco.

\*\*\*\*\*

## POINTS RUSSIA INSISTS UPON

The Principal points at issue between Russia and China are explained in the following dispatch from Peking:

PEKING, March 14.—The delivery of Russia's ultimatum to the Chinese Foreign Board this afternoon caused much surprise among the officials.

The Russian Minister, M. Korostovetz, last week for the second time requested permission on behalf of his Government to establish observation stations along the Amur and elsewhere on the frontier. He desired also to place doctors and police for effectively quarantining the frontier.

China viewed this as an infringement on her integrity, and the Russian Minister was notified that a reply would be given to-day. In the meantime M. Korostovetz was requested to obtain further explanations from St. Petersburg regarding the nature of the proposals, whereupon the Russian Government evidently decided that nothing would be gained by further parleying.

It is expected here that the Russians will now settle many outstanding matters, including the plague quarantine, the disputed frontier, the protection of the railway from Hung-tzeli, as well as trade, consular and other differences in connection with the Treaty of 1881.

It is pointed out that for many weeks the press throughout Asiatic Russia has been supporting the desire of the military for the annexation of Mongolia and Northern Manchuria, but the Chinese Foreign Board does not anticipate a serious invasion.

Some of the Chinese express hope that the United States will interfere and propose arbitration, but foreign residents do not believe that the American Government will take part in any of these controversies except in the event of American rights and interests being affected.

Pay your personal tax (poll, road and school) before April 1 and save the penalty of ten per cent.

## BUSINESS NOTICES.

## NOTICE OF HEARING.

The Committee on Manufactures, Forestry and Promotion will hold a meeting in the Senate Chamber on Friday, March 31, 1911, at 2 p. m., to consider House Concurrent Resolution No. 9, petitioning Congress to enact a law for the further development of this Territory.

GEO. C. HEWITT,  
Chairman.

## PROPOSALS FOR COAL.—Office of Depot Quartermaster, Honolulu, H. T., March 1, 1911.—SEALED PROPOSALS in triplicate will be received here until 9 a. m., April 1, 1911, and then opened, for furnishing, during the fiscal year commencing July 1, 1911, coal for posts and stations in the District of Hawaii. Preference given to articles of American production, conditions of quality and price (including in the price of foreign productions the duty thereon) being equal, and such preference given to articles of American production produced on the Pacific Coast to the extent of consumption required by the public service there. Information furnished on application to the undersigned.—M. N. FALLS, Depot Quartermaster.

4864—Mar. 1, 2, 3, 4, 20, 31.

## OFFICE OF CONSTRUCTING QUARTERMASTER, HONOLULU, H. T., MARCH 1, 1911.

PROPOSALS for construction of pumphouse and installing water mains at Fort Ruger, H. T.—SEALED PROPOSALS in triplicate will be received here until 10 a. m., April 1, 1911, and then opened, for installing at Fort Ruger, water mains, constructing pumphouse and furnishing and installing therein the pumping machinery. Plans, specifications, blank forms and all necessary information can be obtained here. Deposit of \$10 required to insure return of plans, etc. Envelopes containing proposals to be endorsed, "Proposals for Pumphouse," and addressed to Captain M. N. Falls, Constructing Quartermaster, Honolulu, H. T.

4864—Mar. 1, 2, 3, 4, 20, 31.

## LEGAL NOTICES.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii.—At Chambers, in Probate, P. 4360. In the matter of the Estate of Peter Anton Becker, deceased. On reading and filing the petition of Lulu Pine of Honolulu, Cahu, alleging that Peter Anton Becker of Honolulu aforesaid died intestate at Honolulu aforesaid on the 17th day of March, A. D. 1906, leaving property within the jurisdiction of this Court necessary to be administered upon, and praying that letters of administration issue to William Savidge; It is Ordered, that Monday, the 24th day of April, A. D. 1911, at 10 o'clock a. m., be and hereby is appointed for hearing said petition in the courtroom of this Court in the Judiciary building, in the City and County of Honolulu, at which time and place all persons concerned may appear and show cause, if any they have, why said petition should not be granted. Dated, Honolulu, March 16, 1911. By the Court: J. A. THOMPSON, Clerk.

4788—Mar. 16, 23, 30, Apr. 6.

## BY AUTHORITY.

RESOLUTION NO. 461.  
RESOLVED, by the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, that the sum of One Thousand and Two Hundred (\$1,200.00) Dollars be and the same is hereby appropriated out of the General Fund for an account known as MAINTENANCE OF ROADS, HONOLULU DISTRICT, IWILOI ROAD REPAIRS.  
RESOLVED FURTHER, That this Resolution shall take effect and be in force immediately upon its approval. Presented by Supervisor EBEN P. LOW.  
Dated, Honolulu, T. H., March 3, 1911.  
Approved this 17th day of March, 1911.  
JOSEPH J. FERN,  
Mayor.  
4881—Mar. 21, 22, 23, 24, 25, 27, 28, 29, 30, 31.
