Daily Bulletin

Printed in neither Sect nor Party,
But established for the benefit of all.

MONDAY, JUNE 27, 1892.

Hon. Paul Neumann desires a statement that appeared in Saturday's legislative report corrected, namely, that he gave notice of a bill to license the fa lotteries. We sincerely regret the mistake and apologize to the honorable Noble for its occurrence, which was due to a pure accident in this office and not to misreporting. The compositor omitted part of two paragraphs, jumping from Noble Neumann's name to the set of Rep. Aki. The paragraphs corrected read as follows:

"Noble Neumann gave notice of a bill to license the manufacturing of wine."

"Rep. Aki gave notice of a bill to authorize the Minister of the Interior to license the game of che fa."

WICKED WASTE.

When the Legislature decided to have all bills printed on their introduction, it made it possible for the public money to be wasted in putting such a conglomeration of words as the following in cold print. The selection is made at random from Mr. White's bill to license gambling, being one paragraph of the fourth section:

The right words on said ticket shall be cut separately by itself then it be folded so as not to expose said word, then it shall be placed in a container or some other object of same nature, then it shall be mixed together, then from hence it shall be separately placed into four different bowls or some other container at twenty words in each bowl or container, and the person performing such duty shall not look or observe any of those words folded, and then take one of the said four bowls and the twenty words contained in that bowl will be the gainer of said bank, and such words will be the comparison with those words dotted or impressed on those tickets sold to any person, and which were entered in the bank before the assorted words were issued.

The cost of printing the bill from which this English stew is taken is something like thirty dollars. Adding the time wasted before the thing is killed, Mr. White's tomfoolery, in this instance alone, will have cost the country a large round sum. The respectable members of the House must have been asleep when they allowed anything more than the title of this bill to have ever been heard or read. Mr. Aki has another bill, also printed, for the licensing of "a house in which to carry on gambling of all kinds." Its English is not such an insult to the educational reputation of the country, but it is a shame nevertheless that it should have been dignified by printing.

THE POSTAL SERVICE.

The revenue of the Hawaiian Postal Bureau from all sources for the biennial period ending March 31, 1892, was \$119,081.41, and the total expenditure was \$99,001.24, leaving as net income to the Government the snug sum of \$20,080.17. When it is remembered that the postal service is a public necessity, intended in nowise as a means of taxing the people like the customs service, the fact of a respectable surplus in the bureau is highly gratifying.

The Postmaster-General reports a large increase in revenue from every source in the postal department proper, the sale of stamps alone exceeding that of the previous period by \$12,910.89. From the money order branch the gross revenue was \$12,862.99, against \$9,202.09 for the previous period—an increase of \$3,660.90. Parcels post revenue increased by \$498.43. "A falling off is apparent in the revenue from the Savings Bank, which is due to Section 2, Chapter XI. of the Session Laws of 1890, discontinuing the payment of one percent by the Treasury to this Bureau in addition to the actual interest paid to depositors, which took effect on December 31, 1890."

The Postmaster-General reports an undesirable practice, at present beyond his control, being the large postal traffic done outside of the bureau. A careful estimate prepared from statistics furnished by the island offices gives the approximate total of 300,000 letters and papers circulating in the overland mails which do not pass through the General Post Office in transit. "In addition to these, a large amount of correspondence"—estimated at 100,000 letters, etc., from Honolulu alone—"is forwarded outside the mails, being either handed to the pursers of steamers or put on board during their absence, thus not only causing great annoyance to the steamship companies, but also involving considerable risk of loss or delay in delivery." It might be a wise measure for abating this practice, to tax all mail matter not posted in a post office fifty or a hundred percent of extra postage.

Fifteen new post offices were opened in the period. On the island of Hawaii, 4; on Maui, 6; on Molokai, 1; on Oahu, 3, and on Kauai, 1. One office was discontinued, at Kalahele, Hawaii. Sixty-eight was the total number of offices in operation at the close of the period. To the offices previously doing money order business ten others were added—Makaweli, Kekaha, Honuliuli, Kahuku, Heaia, Huelo, Hamoa, Kipahulu, Kamalo and Naalehu, making a total of forty money order offices on March 31, 1892. The reduction of rates of postage to foreign countries and colonies in January last, in conformity with Article V. of the Universal Postal Union Convention, has made no appreciable diminution in revenue from stamp sales to the close of the period. The number of money orders issued was 47,831, the aggregate value being \$1,587,659.76. Orders

paid, 40,402; aggregate value, \$1,482,528.60. Fees collected, \$12,770.47. Commissions paid to foreign countries, \$769.39. Commissions received from foreign countries, \$92.52. Premiums paid on exchange remitted to foreign countries in settlement of balances, \$918.05. The money order capital of \$5,011.32 at the beginning of the period was found to be insufficient to carry on the increasing business of that branch. The appropriation of \$7,000, made by the Legislature of 1890, was therefore drawn and is now retained as a capital fund to meet payments on money orders, prior to receipt of remittances. Should the anticipated further extension of business be realized an additional appropriation of \$5,000 will be required.

The reference to the Postal Savings Bank in the report may be left for another article, as it will require considerable space to give adequate information regarding this branch. In concluding his report Postmaster-General Hill makes the following submission in respect to accommodation: "It is here respectfully submitted that the work of the General Post Office has entirely outgrown the facilities furnished for its performance. Accommodation is altogether inadequate to present requirements. Sufficiency of space is lacking for prompt delivery, assorting and despatch of mails. The Registry correspondence and Parcels Post packages have of necessity to be handled at great inconvenience and loss of time on the second floor, to furnish room for the Postal Savings Bank and Money Order Department, which last are also greatly inconvenienced for want of proper space. I would respectfully suggest the occupation of the adjoining premises, which are Government property, and their appropriation to the use of this Bureau. The whole of the ground floor of the General Post office is not more than sufficient to supply the room required for use of the mail department alone. More post office boxes are needed to satisfy the demand, and a consequent loss of revenue is sustained."

BENEFIT CONCERT.

Local Talent Draws a Large Patronage in Aid of the Kawaihau School.

The benefit concert at Kawaihau Church to the Kawaihau Industrial School Saturday night was largely attended, the sacred edifice being filled in every part. Her Majesty the Queen, attended by Governor A. S. Cleghorn, Major J. W. Robertson, and Messrs. Wilson and Clark, was present, besides other notable people. Around the edge of the platform was an embankment of sweet-smelling flowers.

The entertainment opened with an organ solo by Mr. P. M. English, followed with a duet by the Misses Dowsett and Atkinson, sung in a pleasing manner.

The "Blue Bells of Scotland" was sung by a boys' choir, the voice of one of the choir being above the others. Miss Glade in "Spring Song" was applauded. This lady has a soft, sweet voice. Miss Dale's appearance was heralded by applause. She sang "Whither" so well that she was cheered and gave "Comin' thro' the Rye" and "Annie Laurie." She was the recipient of bouquets. The Punahele Glee Club rendered "Fairy Moonlight" nicely and was cheered. Mrs. W. G. Irwin sang the difficult piece, "Ave Maria," in a sweet clear soprano, for which she received applause and a bouquet. A solo by Hon. C. P. Laukaea, in a fine tenor, with violin and piano accompaniment by Prince Kahanianole and Mr. English, was applauded.

"Semiramis," although an old chestnut, was given with a vim by the Royal Hawaiian Orchestra. A trio by Mrs. Glade, Mrs. Tenney and Miss Marie von Holt was rendered with musical taste, the beautiful voices ringing out clearly and harmoniously. The most difficult song of the evening, perhaps, was "Judith" by Sullivan, which was artistically rendered by Miss F. Nolte. This talented young lady's voice was in good trim, and her effort added one to many previous triumphs. Miss Howland accompanied Miss Nolte on the piano with delightful effect, her touch being light and whole execution in tasteful subjection to the vocalization.

The Kawaihau choir as usual sang nicely. Lieutenant Garrett, in "Tell Her I Love Her So" was applauded for a grand effort, as was also a quartet by Messrs. Hoogs, Hall, Lyman and Nichols. A pleasing number was "Love's Golden Dream" by Mrs. Leihulu Keokakole. This lady was loudly applauded and responded with a native air. An anthem by the St. Andrew's choir closed the evening's entertainment, which was in every way a successful one. The management was perfect and its success is due to the untiring efforts of Miss J. Smith.

A traveling man who chanced to be in the store of E. V. Wood, at McKees Rocks, Pa., says while he was waiting to see Mr. Wood, a little girl came in with an empty bottle labeled Chamberlain's Pain Balm and said: "Mamma wants another bottle of that medicine; she says it is the best medicine for rheumatism she ever used." 50 cent bottles for sale by all dealers. THE LEGISLATURE.

TWENTY-FOURTH DAY.

Monday, June 27, 1892.

Morning Session.

Assembly convened at 10 o'clock. President Walker in the chair. Minutes of previous meeting were read by Clerk McCarthy and Interpreter Wilcox and approved as read.

R. A. S. Wilcox presented the following petitions: (1) That free importation of rice from Japan and China be prohibited. Tabled for future consideration. (2) That Kalahele be retained as a residence for lepers. To Sanitary Committee. (3) That the law providing tax-assessors-in-chief be repealed. To Judiciary Committee. (4) That the laws appointing Governors and restoring former powers and duties be re-enacted. To Judiciary Committee. (5) That a schoolhouse be erected at Kalahele, Kauai. To Committee on Education. (6) That the law relating to vaccination be repealed. To Sanitary Committee.

At this point, 10:22 o'clock, the Chief Justice appeared and Hon. Robert W. Wilcox came to the President's table and was sworn in as the accredited Representative from Wailana and Koolauloa, Oahu, the members all standing.

Rep. Kamaoaha gave notice of a bill to amend Articles 59, 61 and 62 of the Constitution.

Rep. White gave notice of a bill to authorize the Queen to call a Constitutional Convention.

Rep. Kanehili read for the first time bills (1) to amend Secs. 11 to 16 inclusive, Chap. 86, Laws of 1890, referring to Representatives; (2) to establish a college in the Hawaiian Kingdom.

Rep. Akina gave notice of bills (1) to allow the distillation of spirituous liquors by plantations; (2) to effect the licensing of barber shops.

Rep. Aki gave notice of a bill to amend Sec. 12, Chap. 43, Laws of 1882, relating to internal taxes, and especially intended to apply to the taxing of two-wheeled vehicles.

Rep. Kamaoaha, under suspension of the rules, read for the first time, without previous notice, a bill to amend Sec. 2, Chap. 7 of the Penal Code, relative to murder.

Noble Marsden gave notice of a bill to encourage the preservation of forests.

Noble J. M. Horner, from the Ways and Means Committee, reported having examined the Postal Bureau and making the following recommendations: The only reduction in these Departments that your committee can recommend is in the salaries of the two clerks who are paid \$200 and \$175 respectively—a reduction of \$25 per month from each of their salaries would allow of a Japanese clerk to be engaged without adding to present expenses. A Japanese clerk is much needed at the Post Office to distribute the Japanese letters. Your committee therefore recommend that "Salary of Clerks" pass at \$33,120 instead of \$36,000 as in the bill. The committee further recommend that the salary of the Postmaster-General pass at \$6,000 instead of \$7,000; also, that "Postal Money Order reserve, \$5,000" be stricken out. The committee are of the opinion that the Postal Bureau is well and economically administered and shows a considerable revenue over expenses. They do not feel justified in recommending any further reduction in the expenses of this Bureau—in fact the post-masters and mail-carriers are now under instead of overpaid. They call the attention of the Minister of the Interior to needed improvements.

Report was received and tabled for consideration with the Appropriation Bill.

From the same committee Noble Horner also read a report to the effect that they had visited the Bureau of Customs and advised by way of retrenchment the following reductions, viz.:

Salary Collector-General to \$6,000 from \$7,000.
Salary Deputy Collector-General to \$5,000 from \$6,000.
Salary Harbor Master to \$5,000 from \$6,000.
Salary Storekeeper to \$4,000 from \$4,800.
Salary 1st Statistical Clerk to \$3,000 from \$3,600.
Salary 2d Statistical Clerk to \$2,400 from \$3,000.
Salary 3d Statistical Clerk to \$2,400 from \$3,000.
Salary 4th Statistical Clerk to be stricken out.

Reductions were also recommended in nearly all the other items in salaries in the Bureau and the following items to be struck out, i. e.: Salaries of Collectors at Kawaihae, Lahaina, Koloa and Kealahou.

Report was tabled for consideration with the Appropriation Bill.

Rep. White gave notice of a bill to encourage the manufacture of jams, jellies and fruit syrups.

Noble Thurston gave notice of bills, (1) to define the disposition of the Crown Lands and the income therefrom; (2) to encourage the cultivation of coffee; (3) to regulate the cultivation of sidewalks.

Clerk McCarthy read answers from the Minister of the Interior to questions relative to the construction of the sea-wall at Waikiki, and to the effect that: "One of the wooden bridges was framed by the Superintendent of Public Works and erected by the Road Supervisor; the other, a culvert, was constructed by the Road Supervisor. There was no contract for material. Cement was not contracted for, but purchased in lots from time to time as required.

The reason was because it was considered that it could be bought from time to time at lower rates in the open market. 1131 barrels were used in all, of which 694 cost \$4.25 each and 437 cost \$4 each."

The Clerk also read a communication from the secretary of the Inter-Island Steamship Company, in which the company placed the steamer Wailana at the disposal of the Sanitary Committee and special committee appointed to visit the Leper Settlement; leaving port here on July 2 and returning again July 4.

On motion of Rep. Smith the communication was accepted and the Clerk ordered to return a proper reply, conveying the thanks of the Assembly and saying that the matter would receive further attention.

At 10:50, on motion, the Assembly resolved into Committee of the Whole, Rep. Smith in the chair, and proceeded to consider items in the Appropriation Bill.

Minister Parker moved that a new item be inserted in the Department of Foreign Affairs, to wit, "Expenses of Hawaiian Exhibit at Chicago Fair, _____." Carried, and item was then referred to the consideration of the Committee on Foreign Relations.

Two deferred items "Envoy at Washington \$12,000," and "Clerical aid and expenses of Legation \$2000," attracted the attention of the Committee.

Minister Parker was desirous of having the item discussed but thought it might best be considered by a committee. He did not think the salary was any too large, but it was best for the House to know the incumbent was the right man in the right place.

Noble Walker did not think that the personality of the incumbent should be discussed. It was necessary to have a representative at Washington. He would move that the item pass as presented.

Noble Thurston approved of the sentiments of the previous speaker. It was very necessary to have a representative at Washington now. In earlier times in the past it may not have made so much difference, but now we needed some one to push our interests. We were now in the doldrums of political life and needed assistance. Favored the item as presented.

Minister Widemann read from the report of the Minister of Foreign Affairs to show the protest entered by the late Hon. H. A. P. Carter against the action of the United States, which was like the speech of the lamb to the lion, the little to the great, yet it was very necessary and did do some little good. America was our nearest and dearest neighbor and we should cultivate the friendliest of relations and retain our representative at headquarters.

The Chair asked what would be the effect if we were to withdraw our representative from Washington?

Noble Marsden (horrorified)—War! Mr. Chairman, war! and, just think of it, war in our present condition! Look at the state of our army! We must pass this appropriation, Mr. Chairman! (Laughter.)

Minister Widemann said the members seemed to be most desirous to discuss the personality of the present incumbent. If he was not satisfactory he would have to quit and make room for some one else. But that was not now the question.

Rep. Kamaoaha said that when the item was presented the other day there was no information obtainable, and the item was deferred. Now, although no further information had been presented the same members were desirous of passing the item. He had read in the newspapers that our envoy at Washington was working in favor of annexation. If that was so then there was trouble ahead. We learn that if he is, the Ministry have no knowledge of it, and he, Mr. J. Mott Smith, seems to be working on his own hook. No one could tell how long the present Cabinet would stay in, and if our representative abroad was injuring us he should not be allowed to stay. Moved reference to the Ways and Means Committee.

Rep. White said that a great many people were taking interest in this question, and information had been obtained that the representative is working against the interests of every Hawaiian in the Kingdom. A new Cabinet in favor of annexation may be formed and they will find a strong support for their annexation schemes in the man at Washington. He believed in referring the item to a committee. Let them investigate and report. Walls have ears and it had been reported that lately several Cabinets have been formed, in which Hawaiians were entirely ignored. Hoped the foreigners would not precipitate a vote on this question.

Minister Parker stated that he was in favor of reference to the Ways and Means Committee.

Noble Thurston was opposed to reference, he thought the idea ridiculous.

Minister Widemann stated that Minister J. Mott Smith had been a friend of his for thirty-four or thirty-five years. He considered the Minister too prudent a man to make the statements mentioned in the interviews. If he did make any such utterances as those ascribed he had done so absolutely without the knowledge of the Cabinet, they knew nothing about it. He (the Minister abroad) was not justified in so doing, and if one-half of what is credited to him was said then he was not the man to hold the position.

Noble Macfarlane considered the discussion was useless. How did the Cabinet know that the representative had not made the statements referred to?

Minister Parker said that he had obtained clippings of the alleged interviews and had forwarded them to

Dr. Smith and would probably receive answer by the next mail.

Further discussion was indulged in until the fourth hour was reached and recess was had until 1:30 p. m.

HOT WATER BAGS.

THE efficacy of hot water in inflammatory conditions can hardly be overrated. To a limited extent its value has long been known. Our grandmothers made use of wooden cloths dipped in hot water as a substitute for hot-water bags. At present the worth of this remedy in almost all forms of pain is generally recognized by the medical profession.

Hot cloths, however, are not convenient of application; are apt to wet the clothes, and they soon cool and require repeated dipping. The rubber bag is in every respect superior. Once brought to the proper temperature, the heat is long retained; it is neat, and easy of application.

We have them in sizes of 1, 2, 3 and 4 quarts.

Every household should have one at least ready for an emergency.

A Trip to Mauna Loa

—AND THE—
Great Crater of Mokuaweoweo.

Special arrangements have been made by the Volcano House Company for sending a party to the top of Mauna Loa.

THE PARTY WILL LEAVE HONOLULU ON THE STMR. HALL ON JULY 15 and return on the steamer KINAU arriving in Honolulu, July 27.

THE PRICE FOR A ROUND TRIP TICKET, including steamer fare, animals, guides, blankets, food and all expenses will be \$100, which includes all of the regular expenses of a trip to the Volcano. The trip includes a three days' stay at the Volcano House after the return from the mountain.

Tickets can be obtained from the Inter-Island Steam Navigation Co., and full information will be supplied by said Company. E. C. MacFarlane, Treasurer, or L. A. Thurston, Secretary of the Volcano Company.

Applications for tickets should be made immediately as the number will be limited.
