FOREIGN NEWS

French may be Prisoner.

LONDON, April 15.—It is said that a private telegram has been received here to the effect that General French, with 500 British troops, has been captured by the Boers while his force was enveloped in a mist on the hills. No confirmation of the report can be obtained.

Canal to be Neutral.

NEW YORK, April 15.—A special to the World from Washington says: Specific provision for the neutrality of the proposed isthmian canal will be made in the new treaty to be signed by Secretary Hay and Lord Pauncefoot, British Ambassador.

Steamer for the Pacific.

SYRACUSE, N. Y., April 13.—The Globe Navigation Company will be incorporated at Trenton, N. J., to own and operate steam and sailing vessels sailing from Seattle to Pacific Coast, Alaskan, Hawaiian, Australian, Japanese and Chinese ports. The capital, \$1,000,000, is all subscribed. Three 3000-ton steamships in Atlantic ports have been purchased and will sail for Seattle within ten days.

Japan Plans Plain.

NEW YORK, April 12.—A dispatch to the Tribune from London says: Japan's attitude with regard to the Chinese situation is now more clearly defined. When the Chinese court returns to Peking another protest will, it is said, be sent to Russia against the occupation of Manchuria. The Russian Minister in Peking is reported to have been instructed to adopt a policy of terrorization toward China, in the hope of compelling the imperial court to agree to a Manchurian treaty.

After Big Indemnity.

NEW YORK, April 12.—A special to the Herald from Washington says: Information received by the State Department shows a decided disinclination on the part of some of the Powers to accept the suggestion of this Government that they materially reduce their claims for indemnity against China. Mr. Rockhill has earnestly pressed his colleagues to urge their governments to be moderate, but it is apparent to the officials here that his representations will likely have little effect.

War Risk Demanded.

SAN FRANCISCO, April 12.—The Examiner says: Vessels bound from this coast to Chinese and Japanese ports must carry extra insurance and have been put on a "war risk" basis. This means a heavy addition to the usual rates of insurance and comes in the class as special hazards. The reason for this decision on the part of the marine underwriters is the strained relationship of Japan and Russia. The first vessel on which war risks were written was the Hongkong Maru, one of the Japanese line. She sailed yesterday and carried extra lines of insurance on both hull and cargo.

Russia Changes Tactics.

LONDON, April 10.—"Russia has now changed her tactics" says a dispatch to the Daily Mail from Tokio, "and is making desperate efforts to secure not only Japan's neutrality, but her benevolent assistance toward Russia's far Eastern schemes."

TELEGRAPHIC ITEMS

Smallpox is prevalent at Panama.

Cecil Rhodes is said to be seriously sick.

Much sickness is reported among the Porto Ricans.

The labor situation in England is said to be daily growing worse.

Zola has been restored to his position as an officer of the Legion of Honor.

Philanthropist Carnegie is driven to his wits' end to escape charity delegates.

It is said that Italy is likely to be given a free hand in Tripoli by the French Republic.

The number of idle men left by the closing of factories is causing great anxiety in Russia.

George Murphy Smith, the London publisher, who brought out Thackeray's works, is dead.

There is a plan to consolidate all the big machinery and stationary engine plants of the United States.

A Russian company, backed by the Government, has secured control of the Persian transportation affairs.

LOCALS

Don't miss attending the entertainment of the Ladies' Guild at Alexander Hall this evening. A nice program, good music and a supper afterwards are the attractions, and the cause is a good one.

Lessons given in Embroidery and Battersburg Lace, Mrs. James H. Painter. Kahului, Maui.

Six drummers, three from Honolulu and three from the coast, are selling up the Island this week.

Lahaina has an ice plant and soda water bottling plant in operation, and will soon have electric lights.

Mrs. J. W. L. Marshall of Wailuku has the agency for Butterick's patterns for the Island of Maui.

Cool, pleasant days and bright moonlight nights are making a paradise on earth of Wailuku this week.

The irregularity in the schedule of the Claudine will work much inconvenience in the matter of mailing the News.

The Pioneer Plantation has about closed its run for the season, the output of sugar being between six and seven thousand tons.

See the professional card of Sloper & Patterson in another column. Both are practical men, and they should do well on Maui.

In planning new buildings, attention should be paid to the regulations recently published in the News. The sheriff is right in insisting on a compliance with the law.

S. Ahmi sued W. H. Cornwell in replevin for the branded calf which recently caused trouble between them, and judgment was rendered in favor of Mr. Cornwell.

Letters have been received from the committee sent to Honolulu on behalf of Wailuku's claim to the county seat, and they report that at least two-thirds of the Senate favor Wailuku.

Senator Baldwin and representative Dickey deserve much credit for the stand which they took in the matter of the county seat, and their constituents on central Maui will not forget them.

High Street, between Main and Vineyard has been gravelled, and the work is continued down Vineyard toward Market street. This is a long needed improvement, and more of it would be acceptable.

The Maui polo club met the Honolulu club, and were defeated. From the Honolulu papers it seems that the Maui club were not well mounted, and that the victory was won by the ponies rather than the men.

Menuda and Tazui, two Japanese were tried this week by Judge McKay, on the charge of assault with a deadly weapon on a countryman by the name of Koedi, who was badly cut on the arm. Tazui was acquitted, and Menuda was committed for trial by jury. The row was the outcome of jealousy.

EDITOR MAUI NEWS:

Would you kindly spare me a little space in which to discuss the minority report of Senator White relative to the location of the county seat on Maui?

Senator White's report says in part as follows: "It must be remembered that the town of Lahaina was the first in time to hold the seat of the Second Judicial Circuit ever since the year 1859, and Lahaina had the honor of holding it for a period of forty-two years."

"Wailuku, the next seat of justice, as far as the Circuit Court is concerned, has been created only twenty-nine years."

The question naturally suggests itself as to why the change should have been made twenty-nine years ago, and the answer is conclusive of the whole matter.

Lahaina, being at one time the rendezvous of the whaling fleet, at a time when there were comparatively few white men on the Islands, it was natural that it should become the seat of the government. With the disappearance of the whaling fleet, Honolulu snatched the laurels from the brow of Lahaina, and became the seat of government.

But with the development of the sugar industry, (say about twenty-nine years ago), the bulk of the population shifted from Lahaina to central and east Maui, and now Lahaina is merely an outlying district boasting of two sugar plantations, while on central Maui there are eight sugar plantations, together with at least three fourths of the population.

That is why the Circuit term of court was held at Wailuku, and that is also why the actual county seat of the Island, together with the residences of the circuit judge, sheriff and other leading officials was transferred to central Maui.

For years Lahaina has contended for at least one term of Circuit Court, and at a great inconvenience to the general public, this has been allowed, and might probably still be allowed, if the county seat simply meant two brief terms of the Circuit court each year. But it must be remembered that when a county seat is once established, the whole business of the county must be transacted there, increased as it will be by the provisions of the bill. The principal county officers will be required to reside at the county seat.

In that case the convenience of the people at large in the county must be considered, and as the bulk of them reside in central and east Maui, they will never consent to have to go to Lahaina, when it becomes necessary to visit the county seat.

Heretofore the people of central Maui have done little more than enter good natured protests at being compelled to go to Lahaina to attend court once a year, but now that the county seat fight is to be made, it is a safe guess that "the majority will rule."

MALIHINI.

Wailuku Water System.

Superintendent Bal of the Wailuku water works states that there are at present 150 connections with the Wailuku and Kahului water mains, and four more applications for the first of the coming month. Between the Wailuku depot and the soda works there are ten more applicants who will be supplied as soon as the main pipe is laid. Application for pipe has been made, but the government has not replied as yet.

Superintendent Bal has requested permission to employ a man for a month to look after the grounds at the reservoir site, plant trees, set out grass, and tidy up generally, but was informed that his request could not be granted just yet. This is a much needed work.

Nothing has been done yet in the matter of placing the fire hydrants, and it is possible that a healthy kick by the citizens who desire protection from fires will be needed, in order to get the hydrants in place. In this connection, a hose cart and at least 1,000 feet of hose are needed. I would be easy to organize a volunteer hose company, if we had hose cart and hose.

Assistant Superintendent W. E. Rowell is expected from Honolulu this morning, and he will probably take advantage of his visit here to look over our water system with a view to making any needed improvements.

All water bills for the present half-year, ending June 30 have been paid, the total revenue amounting to \$1,401.15.

Lilluokalani County.

Word was received from Honolulu by wireless telegraph yesterday, that the county bill has passed the Senate, changing the name of Maui to Lilluokalani and changing the county seat to Lahaina.

Makawao Teachers Meeting.

The Makawao Local Teachers Circle held its monthly meeting in the Makawao school-house on Monday afternoon of this week. The attendance was good.

The study of "Snow-bound" was conducted by Mr. Dowdle. This lesson included the last part of the poem. It was decided that the Vision of Sir Launfal should be taken up at the next meeting.

Miss dos Reis gave an interesting and suggestive talk on "Songs for the Primary Room." She recommended the use of Mrs. Tucker's primary songs because the music of these is very simple and the words can be used in connection with nature study. She advised most of the songs be learned by rote and that very little instruction in the tonic sol fa, except by the use of hand signs, be given in the lowest grades. Considerable discussion ensued. One teacher present said that in his teaching he spends some time on each note of the scale and that he gives special attention to tone production and expression. Several others present objected to this on the ground that too much technical or mechanical work would deaden the interest of children who have as little taste for music as have many of the pupils in the public schools.

Mr. Crook spoke on the "Use of Text-books on grammar." He said that in the highest grades he sometimes uses "Swinton's language Lessons" and that he finds this gives good results. Considerable difference of opinion was shown here. Most of the teachers present were in favor of abandoning the use of text-books on grammar, because this study is of little or no use to most of the pupils after they leave school.

The programme for the next meeting will be as follows:—

The Vision of Sir Launfal (Prelude and Part I.)
Mrs. Sabey.
Vertical Writing
Mr. Kapohakimohewa.
Geography for First Year Pupils
Miss Oles.

About Town.

The Wailuku Plantation store is about finished so far as the wood-work is concerned, and will go into the hands of the painters next week. The frame work of the store warehouse is up, and the work of roofing and boarding in has begun.

The Ah Kee coffee shop is practically complete, and will be thrown open to the public today, with coffee at 25 cents a cup.

The painters are at work on the new residence of Wm. Goodness on Vineyard street. It has a very neat appearance from the outside, and as each of the rooms is 16 ft square, it will be comfortable and commodious on the inside.

The framework of Sloper & Patterson's two story building on Market street is up, and roofing is in progress. The interior will be lathed and plastered. The whole of the lower floor will be one large room, in which an up-to-date grocery store will be established at an early day.

The lanai room of the Windsor is completed, and the entire building is in the hands of the painters.

Anniversary Dinner.

On last evening, Mr. and Mrs. Frank Baldwin of Paia gave an anniversary dinner, to celebrate the completion of the first year of their married life.

Among the guests invited were Miss May Damon, Miss Adams, Mr. Andrew Adams, and Mr. H. B. Weller.

Hotel Arrivals.

The following is the list of hotel arrivals at the Maui Hotel for the week ending Thursday, April 25.

T. B. Newton	Honolulu
A. Well	"
F. S. Washburn	"
R. G. Henderson	San Francisco
George Hammer	do
D. J. McKay	do
W. O. Aiken	Makawao
F. M. Dowsett	Honolulu
H. M. Dowsett	do
N. Llewellyn Dowsett	do
Alfred A. Benson	do
Henry Copp	Makawao
C. L. Scribner	Lahaina

Personal Mention

Mrs. S. E. Bailey of Makawao returned from Hawaii on last night's Kinau.

Mr. J. M. Dowsett and two sons were the guests of the Maui Hotel on Tuesday night.

Dr. Moore, the Honolulu dentist, is filling professional engagements in Wailuku this week.

Mr. Henry Copp of Makawao who went to Honolulu to play polo returned on Tuesday night.

A. T. R. Jackson and George Moore of the Pacific Mutual Life are doing good business on Maui this week.

A. A. Benson, travelling man for L. B. Kerr & Co. of Honolulu arrived on the Kinau, and is visiting Maui merchants.

Sloper & Patterson are pushing the construction of their new building on the corner of Market street and Kalua Avenue.

Mr. W. O. Aiken returned from Honolulu on Tuesday evening, and stopped over to test the new hotel Tuesday night.

C. L. Scribner, chief engineer of the Pioneer Mill came over to Wailuku on Thursday evening, and was entertained by Boniface Field of the "Maui."

George Hammer, representing Montague & Co. and J. T. McKay, representing Folger & Co., of San Francisco, are doing business on Maui this week.

Miss May Damon and Mr. H. B. Weller came over on Tuesday from Honolulu, and will visit with Mr. and Mrs. Frank Baldwin at Paia for a couple of weeks.

Mr. George Bools, a competent photographer and all round good fellow is captivated with the outlook here and is making arrangements to locate in Wailuku.

Manager Dickens of Lovejoy's liquor house on the corner of Main and Market streets, states that business has been exceptionally good with him for the past two weeks.

A. H. Wagner, representing Waterhouse & Lester, and J. J. Sullivan, representing Kahn, Nickelsberg & Co. both of San Francisco, came over on last night's Kinau from Hawaii.

Mr. D. Costello, the Chinese Registry agent, accompanied by one of the Chinese interpreters, returns to Honolulu this week. Mr. J. Firmer, Jr. of Wailuku has been appointed as a registry agent.

Mr. P. E. Lamar, member of the Technical Society of the Pacific Coast, has located in Wailuku and organized a company under the name of P. E. Lamar & Co., to engage in contracting for heavy work. Several large contracts are already on hand.

W. F. Pogue of Kihai was in Wailuku yesterday, and reports that work is being pushed on the big shaft, preparatory to lowering a second pump. Fraser & Chalmers of Chicago have the contract for the second pump.

Legislative Notes.

Today is the 56th day of the legislative session.

A joint session of the senate and house will be held today.

The Senate will today take up the matter of the Governor's appointments.

The Governor has signed the bill appropriating \$3500 for the school exhibit at Buffalo.

The House passed on final reading the bill to keep lepers and consumptives out of the country.

The legislative appropriation of \$45,000 for the session of the legislature is practically all gone.

Senator Kaiue introduced the resolution adopted by the Wailuku people asking that their town be made the county seat.

The report of the judiciary committee in favor of indefinitely postponing the bill for capital punishment was adopted.

The governor signed house bill number five, making it a misdemeanor to wear a Grand Army badge without due authority.

Diekey attempted to have Wailuku substituted for Lahaina, county seat of Maui-Molokai-Lanai county, but the change was defeated.

House bill No. 101, relating to the qualifications of officeholders, came up for the third reading and passed by a vote of 27 ayes and 2 noes.

House bill No. 99, relating to the employment of labor on all public works, came up for the third reading, and was passed by a vote of 27 ayes to 2 noes.

Under the authority given Senate bill 65 it will provide for the issue of \$1,946,000 of bonds, and defines the purposes for which the money obtained shall be expended.

The Public Health Committee reported on the Anti-cremation bill. If amended as the committee suggests, the Board of Health may order bodies cremated.

A message from the Senate stated that the dog tax bill had passed over the Governor's veto, ayes 11, noes 4. The veto on the anti-vaccination bill was sustained, ayes 9, noes 6.

Mr. White gave notice of a bill to be introduced providing for an official reporter of the various courts of Hawaii. Read by title under suspension of the rules and sent to committee.

A concurrent resolution was introduced by Beckley petitioning Congress to change the section of the Organic Act so that the judicial system should be changed. The resolution was referred to the Committee on Judiciary after some discussion.

The Senate yesterday afternoon sustained the Governor's veto of the anti-vaccination law, by a vote of six to nine. The House has passed the bill over the veto by a large vote, but the action of the Senate settles its fate and vaccination must remain compulsory.

The County bill (House bill 48) was brought up in the Senate last Monday morning. There was a long wrangle on this before it finally passed its first reading. The Independents as a whole intend to push this bill through even if nothing else is done for the remainder of the session.

Robertson's motion Monday night to smoke in self-protection against the mosquitoes was considered by Prendergast the Precocious a bar sinister on the dignity of the House's escutcheon and to that end Robertson's suggestion was stricken off the minutes and the unsullied pride of the House proceedings was kept intact.

Mr. Kaunika presented a long report which occupied the interpreters over ten minutes, upon an act to create and maintain an agricultural model farm and the management thereof. The majority of the committee recommended that the bill be passed after numerous amendments which were specified and held by the committee to be important considering the effort to develop agricultural pursuits in Hawaii.

SHIPPING NEWS

Lahaina has been declared a port of entry.

The Lyman D. Foster has been in ballast for several days past, and no one seems to know exactly why she has not sailed.

American ship Henry Villard, lately purchased by Hind Rolph & Co., has been chartered by H. Hackfeld & Co. to load sugar at Honolulu for San Francisco. She is expected to sail about Saturday.

The transport Arab arrived in San Francisco on the 10th instant. She was on her way to Manila and when several hundred miles out her boilers were found to be leaking so badly that she put back for repairs.

The Mokihana is almost through being repaired and in a few days more will be ready for a cargo. The little craft has been laid up for repairs for several weeks near the Healanu boathouse, and during that time she has been submitted to a most thorough overhauling. The schooner is in even better condition now than she was before she went upon the rocks.

Frederick Jordan, who was the pilot in charge of the Rio de Janeiro when that steamer went down near the entrance of the Golden Gate on the morning of February 22 last, has been exonerated from all blame in connection with the disaster and reinstated in his position of pilot. Hereafter Jordan will be permitted to act with the others pilots as before the accident to the Rio.

The largest steamship ever built in America is the Korea. She is owned by the Pacific Mail Steamship Company and was launched at Newport News in the latter part of last month. Her length is 572 feet, 4 inches; beam 63 feet. She will displace 18,600 tons on a draft of seventeen feet. She will ply between San Francisco and Hong Kong, making Honolulu a port of call. She will accommodate 1450 passengers. The Korea may be expected at some time in December or January.

Vessels in Port—Kahului

Am. Schr. Lyman D. Foster, Killman, from New Castle, coal.

Am. Sp. Henry Failing, Matthews from N. Y.

Am. Brig Lurline, Shaube, from S. F., Mdse.
