## THE HOUSE OF FIRE.

### PRESENT CONDITION OF THE VOL- CANO OF KILAUEA.

Molten Lava Rising to the Rim of  
the Crater—An Active Season  
Assured.

Pele hoi mai! (Pele has re-  
turned.) After a fourteen months  
vacation, probably spent in the  
innermost depths of the earth, the  
Hawaiian goddess has returned to  
her home on the breast of Mauna  
Loa. Although immortal, it is  
very likely that the herculean  
labor of keeping the tremendous  
fire in order grows wearisome at  
times, so that once in a decade or  
so she takes a rest.

When the lake of fire sank and  
the walls of Halemauau tumbled  
in, in the early part of December,  
1894, a large number of people  
were staying at the Volcano House.  
The scene was one of the grandest  
sights ever witnessed. As the  
immense mass of liquid lava re-  
ceded lower and lower in the pit,  
streams of fire, a brilliant red in  
color, cascaded down the sides of  
the crater, splashing into the lake,  
while the walls were white hot and  
every moment huge masses of  
rock, hundreds of tons in weight,  
would cave away from the sides  
and thunder into the depths be-  
low. The splendor of the coloring  
is impossible to describe, varying  
as it did from black through all  
the gradations of rose, crimson and  
scarlet, to the intolerable glare of  
the white hot centres of greatest  
activity. Now that the fires have  
come back and the lake has risen  
again to something like its former  
position, the appearance is much  
the same as that just previous to  
the collapse.

The present point of activity in  
Kilauea occupies but a small por-  
tion of the floor of the immense  
crater, nine miles in circumference.  
This section is constantly chang-  
ing, so that the view of the volca-  
no always contains new features.  
During the past twenty years the  
southern half of the crater has  
been gradually filling up, raising  
itself by internal lifting force and,  
up to November, 1894, building a  
surrounding embankment by suc-  
cessive overflows. In January  
'94 the lake of fire was within a  
few feet of the general level of  
that portion and in March it had  
reached a higher stage than ever  
before, the surface of the lake be-  
ing the highest point in the cra-  
ter, having risen from a depth of  
over four hundred feet.

The action at this time was very  
sluggish; a slow boiling, while  
each successive rise caused a slight  
overflow, the outpouring fluid  
quickly solidifying and conse-  
quently building a wall around  
itself. As many as six of these  
overflows were seen at one time  
issuing from different portions of  
the lake. Masses of lava would  
harden into a crust at some point  
of comparative quiet only to be  
forced over the side by the current  
which constantly flows through  
the lake, trending generally to-  
ward the place of greatest activity.  
Later, the lake itself formed the  
apex of a conelike rise which, up  
to the time it sunk, grew more  
and more marked.

From a prominent government  
official we have learned many of  
the following facts relative to the  
return of the fiery flood. Indica-  
tions of it had been noted for  
some time past by Mr. Lee, man-  
ager of the Volcano House, and  
also by Albert the guide. At 10:50  
p. m. on January 3d a red glow  
was seen in the sky immediately  
above the pit, Halemauau. At 5  
o'clock on the morning of the 4th  
a descent was made and it was  
discovered that the fire had come  
back and was flowing in from one  
side about four hundred and fifty  
feet below the top. A small lake  
had formed, which was boiling  
like mad and constantly enlarging.

Suddenly it began to run out  
again, receding rapidly, causing  
some fear that the alarm was a  
false one. Then a heavy stream  
began to flow in from a large  
cavity on one side some thirty  
feet above the floor. Again the  
lake formed and before daylight  
had nearly filled up the entire  
bottom of the pit.

The first parties of tourists to  
visit the crater were the Premier  
of Queensland and other officials  
of that government and Chester  
A. Doyle. Standing on the brink  
a magnificent view was obtained,  
while directly opposite to them  
the walls were again falling in,  
while the combined uproar escap-  
ing gases, the angry lake, the  
deluge of the molten lava pouring  
down the side and the thunderous  
crash of falling rock from the  
walls was most terrific.

Since that time the lake has  
been rising steadily and had, at  
last advices, reached a point less  
than three hundred feet from the  
top.

The cut here given will enable  
one to form some idea of the pre-  
sent condition of the crater. From  
the point marked E to that marked  
G is about 1400 feet; from G to  
F about 500 and from A to B  
400.

There is no doubt as to the  
permanency of the fire.

Of course there was great and  
immediate excitement all over Ha-  
waii. Many Hilo people have  
since visited the volcano and the  
general opinion is that the  
exhibition is now finer than  
ever before. Kilauea is the one  
grand sight which never disap-  
points and never fails to appeal  
most strongly to the imagination.  
It has to be seen to be, by any

log, soggy, wet and half rotted.  
The lava banked up against it and  
finally rising to sufficient height  
swept over and around the log,  
covering it completely. As the  
mass cooled, the confined steam,  
generated from the water in the  
log, swelled out the thin covering  
which, when in that state, is tough  
and elastic, so that it resembled  
an immense bubble, ten feet high  
and thirty or forty in diameter, a  
deep red in hue. At last the in-  
creasing volume of steam caused a  
pressure so great that the bubble  
burst with a tremendous report,  
while from its centre a beautiful  
rose-colored flame shot into the  
air to a distance of twenty feet or  
more, continuing for a considera-  
ble period of time.

The engulfing of standing tim-  
ber was a gorgeous display. Up  
the trunk of a large tree the des-  
cending flood would rise and the  
intolerable heat would quickly set  
the whole into a blaze. Then, as  
the top would break away, the lava  
would cool rapidly, forming  
around the tall stump one of the  
so called lava vases, thousands of  
which are to be seen now along  
the flow.

For eight months the lava con-  
tinued to run until it was within  
half a mile of Hilo town. Real  
estate was very low priced about  
this time; in fact could not be  
given away, as, although Hawai-  
an soil is very rich, when covered  
over with solid rock to the depth  
of five or six feet it is not profit-  
able for the purposes of agriculture.

It was supposed that the flow  
would continue until it had swept  
away the town and run into the  
sea. At last, one or two of the  
older natives concluded to try the  
effect of a little of the

CRATER OF KILAUEA.

possibility, appreciated. Tourists,  
even in the old days, before the  
present splendid road from Hilo  
was built, and the only mode of  
reaching the volcano was by  
horseback or on a manele (litter)  
borne by native bearers, would  
arrive at the crater tired, sore and  
anxious for a rest; but upon the  
first view of the splendors of Pele's  
home, weariness was forgotten  
and the night spent in gazing at  
the awful spectacle. Today, with  
the handsome steamers fitted up  
with every convenience, the fine  
highway across Hawaii and the  
excellent accommodations at the  
Volcano House, it behooves the  
thousands who annually "do Eu-  
rope" to come here and witness  
the sight before which every other  
on earth grows tame.

Besides, every mile of coast  
line, forest, road, mountain and  
valley is beautiful. There are a  
thousand lovely scenes which ap-  
peal to every sense. Apropos  
of the subject, Howard Hitch-  
cock, the artist, who was living  
at Hilo during '80 and '81, when  
the great flow burst out from the  
side of Mauna Loa and ran down  
the mountain side for thirty-five  
miles, a river of fire from a quar-  
ter to a mile in width, tells many  
interesting things of that specta-  
cle.

One night while sitting near the  
flow, a little stream of lava sud-  
denly darted off to one side and  
came in contact with a huge dead

ancient rites, in olden times usual  
on such occasions. So they  
hunted up a kahuna, or priest,  
purchased a bottle of gin, roasted  
a pig and gathered together some  
other trifles known to be accept-  
able to Madame Pele, and going  
to the end of the lava, threw them  
in, together with some few words  
of advice and instruction to the  
goddess. And lo! it came to  
pass that the flow did stop the  
very next day. Of course, none  
of the white people believed in  
the efficacy of such beastly idola-  
try, but nevertheless, I don't be-  
lieve if it were to occur again any  
one would injure their vocal  
powers trying to persuade the  
natives that it was folly. Another  
flow is about due now and every  
tourist should hurry up and come  
to Hawaii in order to be on the  
ground to see it.

One of the most interesting  
sights of the Islands is the caves  
formed in the one just mentioned.  
They extend for many miles un-  
der lava and are of easy access,  
being so near Hilo. They are  
filled with stalactites and stalag-  
mites of black, hard lava from  
half an inch to a foot or more in  
length. Along either side run  
gutters and low natural benches  
and seats, while occasionally a  
small alcove is formed to one side,  
the floors of which are as smooth  
as glass.

These caves are perfectly safe  
to visit and explore, with a guide.

## THE WOMEN SMUGGLERS.

### BOTH FOUND GUILTY IN THE DIS- TRICT COURT TODAY.

A Fine of Seven Hundred Dollars and  
Thirty Days' Imprisonment Im-  
posed in Each Case.

The trial of Mrs. Fernandes  
and Miss Rodrigues, the two wo-  
men accused of smuggling opium  
off the Australia, commenced in  
the District Court yesterday after-  
noon, and ended shortly after  
noon today. The Attorney-Gen-  
eral in person, assisted by De-  
puty Marshal Hitchcock prosecuted,  
and Messrs. Hartwell, Thurston &  
Stanley and Paul Neumann and  
Chas. Creighton defended.

Officer Cordes was the first wit-  
ness. He detailed the circumstan-  
ces of the visit to Luis Benoni's  
room and the finding of the opium  
by Captain Scott. He had seen  
the women coming off the Austra-  
lia early in the evening, but did  
not follow them. He next saw  
them coming out of Benoni's  
room, accompanied by two men,  
one of whom was known to him as  
a barber employed in Roach's  
shop. He examined the under-  
clothing found under the bed and  
counted the tins of opium found  
therein, [at this point the witness  
was requested by Attorney Neu-  
mann to replace the opium in the  
two pairs of drawers as it was  
when found by him, but was un-  
able to get the tins all in to the  
pockets]. Did not speak to the  
barber on the case until next day  
when he got no satisfactory  
answers.

Xavier, a police officer, also saw  
the women coming off the steamer  
early in the evening, and again  
later with the two men coming  
out of Benoni's room. It was in  
consequence of what a man named  
Fisher told them that they watched  
the room in Fowler's yard. Fisher  
was not in the employ of the po-  
lice as far as he knew but he told  
them something suspicious was  
going on.

John Fisher, the amateur de-  
tective in the case, told of the sus-  
picious actions of the two men  
and women in Benoni's room,  
and said that the men had to as-  
sist the women to get up the  
stairs.

Kanihumaole, a hackdriver tes-  
tified that he drove two women  
and two men from Queen  
street to Fowler's yard on the  
night of the Australia's ar-  
rival and that Benoni came  
out and talked to them at the  
house. He noticed that on getting  
out the women walked in a queer  
way but could not identify them  
as they had on black dresses and  
veils.

At this stage the case was con-  
tinued till this morning.

After disposing of a few minor  
cases the case was resumed at 10  
o'clock this morning when Luis  
Benoni took the stand. Upon the  
application of his counsel the  
Court directed the witness that he  
need not answer any question by  
doing which he would incriminate  
himself, the prosecution taking an  
exception to the ruling.

Benoni said that on the night  
in question he had been out dur-  
ing the evening but returned  
about 10:30 and went to bed. He  
denied all knowledge of the opium  
being in his room, as he had never  
seen the drawers or opium until  
they were discovered under the  
bed by the officers. He had seen  
one of the men in question before  
but had never seen nor did he know  
anything of the women.

Fred Murphy, the second mes-  
sman of the Australia, said that he  
knew the women from seeing them  
on the Australia. They came  
down in company with a man  
named Pablo Artimo, whose pre-  
sent whereabouts he did not know.  
On the steamer this man was al-  
ways in the company of the wo-

men but beyond that he knew no-  
thing about them.

This ended the case for the pro-  
secution, and the defense moved  
for a dismissal on the ground of  
insufficient evidence to connect  
the two women with the opium  
found in another's possession.  
The argument on the motion took  
up until noon when the Court  
denied it.

The defense declined to intro-  
duce any testimony and Judge de  
la Vergne found both defendants  
guilty and sentenced them to  
thirty days each in the penitentiary  
and a fine of \$700, together with  
\$2.95 costs. The case will be ap-  
pealed at once to the Circuit  
Court at the term which com-  
mences next week.

The attorneys for the defense  
think they have a good case and  
that no jury will convict on the  
evidence so far adduced.

The two women were seen by a  
BULLETIN reporter after their sen-  
tence. They seemed to think that  
their sentence was pretty stiff, but  
had nothing to say about their fu-  
ture proceedings, as the matter  
was in the hands of their attorneys.

### The Boston Officers.

The list of officers of the U. S.  
S. Boston was crowded out of  
yesterday's issue owing to the late  
arrival of the vessel. They are:  
Frank Wildes, captain; G. Block-  
linger, executive officer; W. Cal-  
kins, W. McLean, B. W. Hodges  
and W. L. Howard, lieutenants;  
S. S. Strite, S. S. Robinson and T.  
S. Wilson, ensigns; J. Entwistle,  
chief engineer; E. H. Scribner, P.  
A. engineer; M. H. Crawford, sur-  
geon; J. E. Page, P. A. surgeon;  
J. R. Martin, paymaster; R. McM.  
Dutton, lieutenant U. S. M. C.; G.  
H. Grendle, pay clerk; Joel Evans,  
gunner, and O. H. Hilton, car-  
penter.

### The Y. P. M. C. E.

The members of this society  
elected the following officers for  
the present year at their meeting  
in the Central Union church par-  
lors yesterday: Mrs. E. A. Jor-  
dan, president; Mrs. Chapin, vice-  
president; Miss Gertrude Whit-  
ney, recording secretary; Miss  
Helen Sorenson, treasurer, and  
Mrs. W. A. Wall, corresponding  
secretary.

The society donated \$100 to en-  
able Miss Mary Green to carry  
on her mission work among the  
Hawaiians, \$10 per month to the  
Woman's Exchange and \$9 to the  
Loyal Legion and Band of Hope.

### THE WAIMANALO SAFE.

No Truth in the Reports Regarding  
Her Loss Today.

Rumor has been busy among  
the natives on the waterfront since  
noon to the effect that the steamer  
Waimanalo, Captain Calway, had  
gone ashore at Waiialua and was a  
total loss.

Another report was that she had  
gone down off Mokuuleia, with  
the loss of all hands.

Happily there was no truth in  
either of the reports, for at 2  
o'clock this afternoon a telephone  
message was received stating that  
the Waimanalo was safely anchored  
at Kahaluu.

Two American missionaries  
guard the King of Korea at  
night.

The new baby of the Duchess  
of York makes the twenty-fifth  
great-grandchild of Queen Victo-  
ria.

Tring Park, the beautiful Hert-  
fordshire estate of Lord Roths-  
child, was once the residence of  
Nell Gwynne.

Sir Edward Malet, after a long  
diplomatic career, has entered up-  
on the more perilous one of writ-  
ing opera librettos.

Joseph Jefferson has bought  
back the old homestead at Under  
cliff, N. J., where he lived for  
forty years, and which he sold  
when he built Crow's Nest at  
Buzards Bay.

THE HENRIETTA'S CREW.

Some Facts From Vancouver Concerning Their Past Record.

A late Coast paper in an article on the Henrietta's recent cruise and capture by the Hawaiian authorities says that according to the articles at the shipping office in Vancouver Captain W. B. Anderson was formerly of the San Francisco schooner Eppinger; B. H. Wheeler, the mate; C. E. Gaile, J. H. Brown, Michael Connell and the Chinese were formerly on the Victoria sealing schooners. George Wade, whose name is not on the articles, is an old hand at the business. He was twice sentenced to McNeill's island for smuggling on the Sound, the last time breaking jail and crossing the straits in a small boat. He used to operate principally on the steamers.

Judicial Jottings.

Judge Perry on Thursday afternoon heard the ejectment case of James I. Dowsett and others vs. Kanoho and Haiha and others. Kinney, Ballou and Kane for plaintiffs; Rosa for defendants.

The case of P. H. Kahau vs. C. W. Booth, which was begun before Judge Perry on Wednesday, continued until noon Thursday, when the hearing was adjourned until this morning on account of Mr. Magoon being engaged in the District Court.

Ah Wong, convicted of a felony at the November term of the Circuit Court, has by his attorney, A. G. M. Robertson, filed a bill of exceptions for the Supreme Court.

City Carriage Co., J. S. And. rade, manager. If you want a hack with good horse and careful driver ring up telephone 113, corner of Fort and Merchant streets. Hack at all hours.

POPULARITY.

—98,000 in Use.

There are 98,000 Fischer Pianos in use. In order to fully appreciate this marvelous fact it is only necessary to know that an ordinary piano manufacturer may point proudly to a record of 10,000 pianos sold. It is a wonderful—an unparalleled popular indorsement—this record of 98,000!

REPUTATION.

—A Source of Satisfaction.

When a piano is not being played upon it is in use nevertheless. If you doubt this statement attempt to completely furnish your parlor without a piano, and note the result. Then every acquaintance naturally associates you with your piano. Let it be one that you may well be proud of. If it is a Fischer Piano, you can feel that it is beyond criticism—its reputation is more than local—the Fischer is known North, South, East, West, and in every land.

TERMS.

—Cash, or easy payments if desired.

Purchasers of the Fischer Pianos are enabled to obtain a first-class instrument on easy payments if they so desire. Every piano is fully warranted. Our spacious waterrooms afford visitors an unique opportunity to make a proper selection. Illustrated catalogues (free) upon application.

**The Transvaal Question.**

London dispatches of the 18th say: All the vessels of the flying squadron are now assembled at Spithead, whence, it is rumored, they will start Tuesday morning. I learn from official sources that the statement of its destination being Venezuela is unfounded, and as proof thereof the fact is instanced that two vessels of the flying squadron, the Royal Sovereign and the Royal Oak, draw over twenty-eight feet of water each, and thus could not approach Georgetown harbor. Gibraltar will be the first station of the squadron.

The Admiralty Department informs the Associated Press that the destination of the flying squadron of British war ships now off Spithead has not yet been determined upon even by the Admiralty, and certainly the war ships are not going to the Bermudas or anywhere in American waters at present.

A Berlin correspondent telegraphs under date of Jan. 18: The week has ended with every one's thoughts directed to the imperial anniversary. The excitement caused by the Transvaal incident is gradually abating, and the newspapers uniformly express the opinion that this difficulty will be adjusted by diplomacy, although there may be critical stages of the negotiations. The anti-English spirit, however, which was aroused by the invasion of the Boer republic, survives with full vigor, and it is significant that those in political circles who are in touch with the Government have the idea that an open anti-English policy will henceforth be followed by Germany, especially in colonial affairs.

The New York Sun's London cable says: A friend of Lord Salisbury is my authority for a characteristic incident happening at a critical moment in the recent embroglio. The Prime Minister was dining with half a dozen personal friends, when a dispatch was handed to him containing a notification from Portugal that Germany had asked permission to send troops from Delagoa Bay to the Transvaal. Lord Salisbury read it, leaned back in his chair and laughed, and then wrote on the margin of the dispatch: "England will back Portugal for all she is worth." This he sent back to the Colonial Secretary, to be put into diplomatic language and forwarded to Lisbon.

### Notices To Delinquent Tax Payers.

Tax Payers of the Island of Oahu are hereby notified that, in accordance with Section 61, Chapter 61 of the Session Laws of 1893, all Taxes remaining unpaid on the 31st day of January, will be published together with a list of all Delinquent Tax-payers as soon after the above date as practicable.

JONATHAN SHAW,  
Assessor 1st Division.  
213-31.

### The Evening Bulletin.

DANIEL LOGAN, Editor.

FRIDAY - - - JAN. 31, 1896.

### OBSERVATIONS.

Mr. Wirth will leave behind him in Honolulu a perpetual name for benevolence by his noble action, in tendering a performance of his circus to aid the G. A. R. project of securing a new burial plot.

Two of Uncle Sam's white cruisers are in port since the arrival of the Boston yesterday. Cholera fooled Honolulu out of a similar pleasure when the Olympia came round.

Some good work is being done on populous streets that have been long neglected. The remaking of such streets as Punchbowl affords a variation in pleasant drives about town. Patients being conveyed to the hospital will be saved much injurious jolting when the rebuilding of Punchbowl street is completed.

Who can tell how much the recent visit of the band to Hilo has had to do with the moderating of the tone of that town's paper? One of the chief grievances of our country cousins has been that they furnish pay for the Honolulu pipers. By sending the band round the country occasionally the Government will much enhance rural content. Music hath charms to soothe—well, even the Hilo radicals.

Several Americans are among the prisoners held at Johannesburg, capital of the Transvaal, for complicity in Jameson's raid. The chief offender is a Mr. Hammond and other prisoners are Charles Butters, a California metallurgist, H. B. Clement of Idaho and Henry Curtis of California. Hammond's offense consists in writing to Dr. Jameson, in pursuance of an indignation meeting held by Americans over the treatment of foreigners by the Boers. It is claimed on his behalf that his letters advised Jameson to take a conservative course and contained advice that Jameson ignored.

There is given in this issue a graphic description of the present condition of Kilauea in particular and of Hawaiian volcanic phenomena in general. It is the duty of press and people to make known this great attraction of these islands to the outside world. No doubt there are thousands of people on the Pacific Coast alone who, if they only realized half a true idea of the splendor of Kilauea in action, besides being in-

formed of the facilities for getting to the spot, would come here and leave a lot of money behind when they departed, and that, too, without having paid any unreasonable charges.

Action has been taken by the New York State Legislature on the grand scheme of organizing New York City and adjacent towns into one vast municipal government. Besides the Greater New York, as it is called, being thus established as a metropolis vying with London in population, the project ought to save municipal expenses for all of the cities to be consolidated. It may also wrest the balance of power in metropolitan affairs from Tammany Hall, and thus inaugurate an era of honest government.

### DISTINGUISHED VISITOR.

Mr. Hilliard, a Great Artist and Traveler, in Hawaii.

A delightful half hour was passed by a BULLETIN representative yesterday in conversation with W. H. Hilliard, the celebrated American artist, whose arrival was noted some days ago in the columns of this paper. Mr. Hilliard and his sister, Mrs. Anna Trumbull, are staying at the Hawaiian Hotel. Mrs. Trumbull is art critic and correspondent for many of the New York dailies and also manager of Mr. Hilliard's business affairs.

For nearly thirty years Mr. Hilliard has been an exhibitor in the great Parisian salons and during that period has acquired a well deserved reputation as a painter of some of the finest modern works of art. In 1880 he made an extensive tour through Algeria and other Barbary Coast states. In 1881 one of his best pictures, the "Isle of Jersey," was in the exhibition of that season. The following year "Un Marais dans les Landes" received flattering notices from the art critics.

In 1884 Mr. Hilliard returned to America and opened a studio in Boston, bringing with him a large number of paintings and sketches from scenes in Holland, Brittany, Spain, France and Africa. Ten years ago he was spoken of in some of the American journals as "the most nomadic of our artists," and he has been traveling almost continually since then.

Probably Mr. Hilliard's Hawaiian trip will extend over a period of some months, his principal object being, of course, to paint a picture of the volcano. This is for Adolph Spreckels.

His instructors in France were Lamblin, Daubigny and Francais, and he has painted pictures for some of the most celebrated art lovers of Europe.

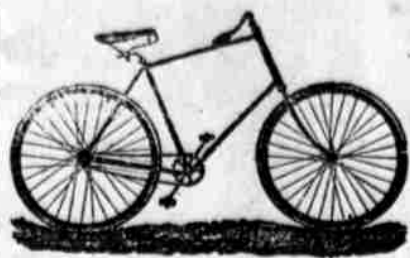

### THE OPERA HOUSE.

Its Future Will be Decided On Next Week.

William G. Irwin, upon being interviewed by a BULLETIN reporter on the subject of the rebuilding of the Opera House, said that he had been too busy to give it any attention so far. He hoped to be able to go into the matter with the architect next week and the future of the old building would then be decided on. Mr. Irwin said the matter of rebuilding or not was left entirely to him, but that he was limited as to the amount to be expended on the building. If the building could be altered and repaired within the limit of the amount at his disposal, work would be commenced at once, otherwise not.

A child being asked "What is the plural of forget me-not?" answered: "Forget-us-not."—Household Words.

## Timely Topics

### —ON THE— SUPERIORITY OF THE TRIBUNE WHEELS.

The Scientific American, which everyone acknowledges as the leading scientific paper in the United States, devotes nearly a page of its issue of January 4th to the consideration of bicycles. It selected the Tribune as the highest type of the best American wheel made today. It says: "Within the past three years, the American bicycle industry has grown up to dimensions which fairly entitle it to be considered representative of the country and of the day. Every day sees hundreds of wheels of high and low grade made in the factories of this country for the American and foreign market. Three years ago the English bicycle was considered by many the best wheel, and the possessor of such was apt to consider himself better equipped than his friend who rode one of American manufacture. Now, all is changed. A visitor to England or to the Continent, if a cycling enthusiast, cannot fail to be impressed by the superiority of American wheels as contrasted with the foreign ones, and no wheelman really au fait in his subject would dream of buying his wheel abroad, so superior is the American make. The industry has brought about an enormous development in the manufacture of special tools and of parts of bicycles.

Many assumed bicycle manufacturers simply buy these parts and do their own assembling. But for the production of the absolutely high grade American bicycle, a factory is required which will turn out practically all the parts of the wheel manufactured, for unless such is done one concern cannot be answerable for the perfection of the whole machine.

We select as the representative of such a factory the works of the Black Manufacturing Company, of Erie, Pa., a company which produce the highest grade of wheel and which put it on the market purely on its merits without the adventitious advertisement of paid riders. The wheel made by this company, the "Tribune Bicycle," embodies the best possible practice and is correspondingly free from structural variations of unproved merit.

Such praise from such a high source should satisfy anyone of the superior merits of the Tribune wheels.

We have them in all varieties of the 1896 patterns, in Tandems, Racers, Ladies or gents' wheels, and shall be happy to show the 1896 improvements to intending purchasers.

## COFFEE ESTATE AND LANDS For Sale.

I am directed to sell at Public Auction on  
Wednesday, May 27, '96,

at 12 o'clock noon of said day at my sales rooms on Queen street, in Honolulu (unless sooner disposed of at private sale) the following described property, namely:  
A tract of land of about 2,500 acres in fee simple situate at Kolo and Ololo, one of the largest villages in Kona. There is an excellent landing on the land itself from where the coffee and other produce could be shipped and a good site for a mill near the landing. Fifty acres of land are in coffee. Roughly estimated there is about seven hundred acres of splendid coffee land lying all on one block on both sides of the Government Road. Eight hundred acres lying above and to the East of the seven hundred acres above mentioned is also excellent land and although at a higher altitude is no doubt also well adapted for coffee culture. The lower land below the coffee belt is suitable for pineapples and sisal. There is a drying house, store and work-rooms, a Gordon's Palper, laborers' quarters and water tanks at the plantation, and the land is partly walled. There has never been any blight on this land, although coffee was planted a great many years ago. Old residents of Kona like the late D. H. Nishimura, J. W. Kaimoku and others have testified to this fact. There is a sea fishery appurtenant to Ololo, one of the best in the Islands.

Terms cash or part of the purchase price can remain on mortgage at eight per cent per annum. Deeds and stamps at the expense of purchaser.

A map of the property can be seen and further particulars obtained at my sales rooms.

J. F. MORGAN,

## THE NEW JAPANESE LINE.

Preparations to Put on Steamers to Europe and America.

T. Yukino, one of the most prominent Japanese residents in the Northwest, has returned to Tacoma from Japan, where he conferred with officials of the Nippon Yusen Kaisha or Japanese Mail Steamship Company, regarding its proposed steamship line to the American coast. He says that on December 7th, two of the highest officials of the company left Yokohama for Europe empowered to contract for the building of six large fast modern steamships. These steamers are to ply between Japan and Europe. When they are completed, in about eighteen months, the steamers now running to Europe, Mr. Yukino says, will be used on the new line to the United States.

Next summer the officials of the Nippon Yusen Kaisha, now in Europe, will go to the Pacific Coast to look over the Coast cities and ascertain which of them will be the most advantageous to the company as the terminus of the line. They will be accompanied by the company's chief engineer, who is going to Europe to supervise the building of the new steamers.

### A Wonderful Lighthouse.

In the lamphouse of the Government lighthouse station, Tompkinsville, Staten Island, is housed the most wonderful light in the world. The light itself stands 15 feet high, the face of its bull's-eye is 9 feet across, and its lenses are as much as 4 inches thick. It is capable of flashing a ray of light equivalent to the power of 250,000,000 candles, and the distance from which it can be seen on clear nights is practically limited only by the curvature of the earth. The flash will have the intensity and blinding glare of a stroke of lightning.

That part of the light which revolves weighs 15 tons, and so exquisite is the mechanism by which it is moved that the pressure of fingers will turn it. A child could control the machinery, and the motive power which propels it is a single bit of clockwork encased in a box two feet square. The light consists of two concave discs about 8½ feet in diameter. These discs are placed back to back about a foot apart, and in position look like tremendous double convex magnifying lenses, so large that they could not be cast in two single pieces, and had to be built up in segments, and the whole strung together in a great iron skeleton. And this, in point of fact, is precisely the case.

Back to back the lenses inclose a hollow interior, into which is thrust a powerful electric light. This light of itself is about 7000 candle power. When its light is projected through these huge magnified prisms its power is intensified more than 35,000 times. It is altogether beyond the human imagination to grasp the possible effect of 250,000,000 candles, which is the illuminating power of this new lighthouse wonder. At the present time the finest oil lamp which ingenuity has been able to devise may be seen on a clear night some 35 or 40 miles at sea. This new light may be seen at a point 120 miles away.

### Wants a Cable.

A late San Francisco Chronicle offers the following additional argument in favor of a cable:

"It is extremely gratifying to know that two vessels, for the safety of which much fear was entertained—the United States steamship Baltimore and the steamer Miowara—have reached Honolulu in safety, though both disfigured by their battle with the elements. It may be in order to suggest that had we a cable from here to the Sandwich Islands there would be many times when great anxiety would be relieved, and certain times when exorbitant premiums for marine insurance would not be as easily collectable as they are under the present condition of things."

### African Dwarfs.

Among Dr. Donaldson Smith's discoveries in the region of Lake Rudolph is that of the existence of fifteen new tribes of Africans, one of them of dwarfs, none over five feet in height.

It is reported that President Cleveland favors Secretary Olney for the presidential candidacy.

## Some Plain Facts.

You need furniture! It don't make any difference what kind. The general rule is people who keep house want something in the furnishing line almost every day. It has been our endeavor for the last three years to supply the Honolulu public with just what they want in this line. If you want to see the latest designs in fine bed chamber sets call on us. Come early as our supply is getting limited.

## LOCAL AND GENERAL.

The new Sergeant of Company B is Vida Thrum.

The Australia's mail will close at 3 o'clock tomorrow afternoon.

O. B. Spalding came over from Kapaa on the Makee this morning.

Crisp vegetables were seen exposed in Chinese stores this morning.

Miss Kate Field was unable to leave on the Kinau today owing to poor health.

Hawaiian Lodge of Masons has a special session tonight for work in the second degree.

The Quintette Club will play for the dinner and dance at the Hawaiian hotel tonight.

The Chinese New Year commences with the new moon on February 13th.

Wirth's circus left on the Mikahala last night and will perform at Lihue tonight.

The bark Velocity is nearly fifty years old, and Captain Martin says she is as good as new. She has made plenty of money for her owners.

Captain Wildes and Executive Officer Blocklinger of the U. S. S. Boston came ashore at 10:30 and spent the morning in making official calls.

The irrepressible Jim Dodd is always making improvements about the Pantheon Saloon. He has a force of men at work repainting the building today.

Senator H. P. Baldwin left on the Kinau this morning for Maui. The sailing of the vessel was delayed till 11 o'clock in order that he might make connections.

The ladies of the Y. P. S. C. E. will hold a New England supper at the residence of Mrs. Chapin on the night of February 22d for the purpose of refilling their treasury.

Senators Rice, Wilcox and Cecil Brown left on the Mikahala last night, and the supposition now is that Kauai will be heard from in the coming legislature in the matter of roads, bridges and schoolhouses.

Owing to a crush of matter yesterday a large amount of local news and editorial notes was crowded out after being put in type. This will explain to all questioners why certain reports did not appear.

The S. G. Wilder brought down a deckload of mules and horses for J. N. Wright and others. The animals had a hard time during the long passage of 26 days, yet they arrived in excellent condition.

The Archbishop of Canterbury has declined to prosecute the Bishop of London for issuing a license for the marriage of divorced persons, on the ground that the Bishop's chancellor held that such licenses are proper, and the Bishop has a right to act on the decision of his chancellor.

Chinese strawberry peddlers have been selling vegetables on the sly to their regular customers. They concealed the forbidden truck under a garment spread beneath the tins of fruit. One said when he found a vegetable-hungry buyer: "Suppose policeman see, he hoo-hoo."

William R. Castle, ex-Minister of the Hawaiian Republic to the United States, was arrested by a mounted patrolman last night for the awful offense of driving without a light. On his arrival at the Station House Mr. Castle gave bail for his appearance this morning but he did not appear.

The American League held a meeting last night, T. B. Murray presiding. An assessment of a dollar and fifty cents per member was levied to clear off the present indebtedness. The league now numbers three hundred and three members. As soon as the legislature meets it is the intention to hold three open and one closed meeting monthly. At the open meetings anyone who desires is welcome to come.

Prof. Zamloch the conjuror landed at Mahukona on Jan. 22, and played in Kohala until he was picked up by the Kinau on the 27th. He was landed at Kawaihae the same evening, and proceeded to Waimea, where he would play a night or two, going thence to Hamakua. Afterward he was to visit Hilo, and probably give several performances. He intended visiting the volcano if possible.

The Kinau took four through passengers for the Volcano.

The Misses Kitchen left for a visit to Hawaii today.

Senator H. W. Schmidt left on the Kinau this morning.

Chock Chee & Co., merchant tailors, have a card in this issue.

J. W. Bergstrom left on a business trip to the other islands this morning.

Father Conrardy left for a visit to Hilo on the Kinau today. He expects to return in about ten days.

All of the chefs and other cases set for trial in the District Court today were postponed till next week.

J. P. Rodrigues, the tailor opposite Hackfeld & Co.'s, will make one suits for \$18 and do all sorts of cleaning and repairing.

The U. S. S. Boston was exactly 11 days in making her trip here. Head winds and cross seas caused the long passage.

Remember that much interesting and local reading matter is to be found on the inside pages of the BULLETIN.

This issue of the BULLETIN, with its description of the volcano, is a good one to send abroad by the Australia's mail.

Mrs. Captain Scott left on the Kinau this morning for Wailuku, where she will spend several weeks for her health.

Eight bus loads of people will leave the vicinity of the Station House this evening at 7:30 to take in the luau at Long Branch tonight.

Enapa, an escapee from the Reform School, pleaded guilty in the District Court this morning and was ordered returned to that institution.

All claims against the bark Aldergrove must be presented in triplicate at the office of Theo. H. Davies & Co. by noon tomorrow or they will not be recognized.

Marshal Brown's condition is beginning to cause his friends some anxiety. He is still quite ill from malarial fever and no one is allowed to visit him.

The infant daughter of Rev. Mr. Peck died at 2:20 this afternoon, aged 4 months. Mr. and Mrs. Peck will have the sympathy of the community over their bereavement.

James F. Morgan will sell at auction next Monday at noon the lot and dwelling-house of C. Klemme, situated on the corner of Kewalo street and Wilder avenue, on easy terms.

The Examiner's sign, which used to stand on the sidewalk in front of the Wall, Nichols store, does not do so any more. It fell down this morning and smashed one of the \$75 plate glass windows of the store.

Judge Perry has sustained the demurrer to the bill in equity of John Henry vs. James Carty, on the ground that the complainant has a remedy at law and does not need recourse to equity. Neumann and Creighton for complainant, Hartwell, Thurston & Stanley for defendant.

A mammoth project for the transportation of passengers through the streets of Cleveland, Ohio, is now under way. The plan will embrace the practical use of horseless carriages on time schedules with various lines in operation over regular systems of streets.

The highest salary paid to a governess is probably that received by Miss Etta Hughes, English governess to the young Princess of the Asturias in Spain. Miss Hughes receives \$5000 a year.

Hillson—Shall you send your son to college? Millson—What's the use? He could not achieve any honors. Hillson—Hasn't he brains enough? Millson—Brains—brains? Nonsense! He has enough for two; but he's fast losing his hair, and no football team would have him.—New York World.

ABSOLUTELY PURE

## LARGE SALE OF LANDS

BY COMMISSIONER HENRY SMITH  
UNDER JUDICIAL AUTHORITY

Auctioneer Morgan Conducts the Sale  
—Prices Realized Exceed the Estimate.

The sale of lands previously advertised in this paper, by Henry Smith, commissioner of the Circuit Court, was largely attended at noon today. The order of sale was made in the case of Wong Wa Foy and others vs. Kaili Kakoi and others. Several of the heirs of the estate of Pekelo, fishmonger, deceased, were present among those interested and some of them were purchasers. James F. Morgan, auctioneer, conducted the sale, the result of which is here detailed:

Lot 1. House lot with dwelling thereon in Kapukukolo, Honolulu, containing 40-1000 of an acre, more or less. Also one piece of land adjoining the above, containing 79-1000 of an acre more or less, off King street below Maunakea. This lot was not sold, a settlement having been made among the heirs for \$2750.

Lot 2. Two pieces of land in Malamalama, Kailua, Koolapoko, containing 1.28 acres more or less. Also two pieces of land in said Malamalama, containing 1.20 acres more or less. These four pieces are leased for five years from January 1, 1894, at \$40 per annum. Sold to Anela Kakoi for \$350.

Lot 3. One piece of land in Moanalua, containing 35-100 of an acre more or less. Sold to S. M. Damon for \$120.

Lot 4. One piece of land on Liliha street near lands of Gaspar Sylva of Wailua and Jonathan Shaw of Honolulu, containing 91-100 of an acre more or less.

Also two pieces of lands adjoining the above, containing 548 fathoms more or less. These three pieces were leased by the administratrix of the estate for 10 years from Jan. 1, '95, at \$120 per annum. Two of the heirs have joined in said lease, and as to the remaining three-fifths, the binding effect of the lease is questioned.

The whole lot sold to Gaspar Sylva of Wailua for \$1600.

Lot 5. One piece of land in Kaaipuu, Manoa, containing 2.016 acres more or less. Leased to Maria Apai for 10 years from January 1, 1888, at \$50 per annum. Sold to Maria Apai (Coffin) for \$950.

Lot 6. One piece of land in Kaloiki, Manoa, containing 2.10 acres more or less. Also one piece of land in said Kaloiki, Manoa, containing 2.76 acres more or less. Also one piece of land in said Kaloiki, Manoa, containing 8.18 acres more or less. Leases of these lands are in existence at a total annual rental of \$415, but the validity of the lease for the last one, at \$275 a year, is questioned. These lots were put up in two, divided by Manoa road. The portion above the road brought \$2900, and that below the road \$1100, James Steward being the purchaser of both.

Lot 7. One piece of land in Luahala, Manoa, containing 7.82 acres more or less. Sold to John Ena for \$1850.

Lot 8. Two pieces of land in Kahoiki, Manoa, containing 1.28 acres more or less. This lot was subdivided the same as 6. One part of 42-100 acre went to Mrs. Kamaipili for \$270 and the other of 86-100 acre to Keakealani for \$600.

Lot 9. The undivided one-third interest of Pekelo Kakoi, deceased, in a piece of land situate in Koloala, Manoa, containing 4.50 acres more or less. Sold to Mrs. Keakealani for \$450.

The aggregate of sales was \$10,190, which is considerably over the estimate. After deducting expenses and reserving one-third for widow's dower, the remainder of the proceeds is to be equally distributed among five heirs of the estate of Pekelo.

## A Clincher.

It is only a few years ago since the Seattle Brewing and Malting Co.'s "Rainier" Beer was first placed on the market, and through its excellence soon became a general favorite. Another brand—"Olympic"—has lately been added, and with "Rainier" they make a good pair to draw to. Both are the product of the very best materials, and being manufactured after the most approved methods, enable the Seattle Brewing and Malting Co. to offer to the public a superior article of Bottled Lager Beer, containing the most palatable qualities of a refreshing drink with the invigorating and wholesome properties of the best malt extracts, thus presenting a desirable beverage alike to invalids and healthy persons.

Numerous cheap goods are offered to attract custom, but their very price brands them with the stamp of inferiority. They must of necessity be made of doubtful material and in consequence of inferior quality, their consumption may even be deleterious to health.

The Criterion Saloon sees the advantage of having a first-class beer on draught; the Rainier or Seattle Beer, as it is familiarly called, has had a very large sale since it has been on draught at the Criterion.

## HAWAIIAN ANNUAL.

Nothing excels the HAWAIIAN ANNUAL for varied information relating to these islands; and the issue for 1896, now ready, is fully up to the high standard of its predecessors, and should be in every office and home in the land.

Its convenience and reliability as a reference hand book has had commercial and official recognition many years.

Price 75 cents per copy, or 85 cents postage paid to any address

THOS. G. THURM,  
Publisher, Stationer, etc.  
Fort street, Honolulu. 192-1m

Baby's first teeth need attention. With their proper care is bound up the question of perfect permanent ones, and the charm that belongs to handsome white teeth. Care for them constantly, and you make possible one of the chief charms in men and women.

Aloha Tooth Powder is splendid for children. It never makes their tender gums irritated. Its delicious flavor wins them. Through its use the permanent teeth come naturally and with little pain, and are kept sound and beautiful thereafter.

Aloha Tooth Powder is made only by the HOBSON DRUG CO. Get it of them.

Oil paintings of the Volcano all sizes and prices at King Bros. Hotel St.

Pictures repaired and refitted with new paper margins which covers those unsightly spots at King Bros., Hotel street.

A. J. Derby, D.D.S., Dental office Cottage No. 100, Alakea street, telephone No. 615. Office hours 9 A.M. to 4 P.M.

Mechanics' Home, corner Hotel and Nuuanu streets, lodging by day, week or month. Terms: 25 and 50 cents per night; \$1, and \$1.25 per week.

Island jewelry is very popular for souvenirs. It is manufactured to order at H. G. Biart's, on Fort street. Gold wire names made while you wait.

Don't leave your pictures until they are ruined before having them framed. King Bros. are making frames so cheap now that it is better to have your pictures attended to than to wish you had.

There will be a special sale of Dr. Jaeger's Sanitary Wool Underwear at Tracy's, to reduce stock. Prices will be \$3 per suit for regular sizes, and \$3.50 per suit for extra large sizes. Ladies' suits, all sizes, white and natural, at \$3 per suit. Do not let this opportunity pass to get these goods at much less than their value, as the sale will only last till stock is reduced.

## HONOLULU CRICKET CLUB.

## Election of Officers—Early Opening of Season.

At the adjourned annual meeting of the Honolulu Cricket Club, held at the Arlington Hotel last night, much important business was transacted. The report of the executive committee submitted questions of finance, ground and annual entertainment, all of which were dealt with promptly. Officers for the ensuing year were elected as follows, the president, vice president, captain, vice captain and committee-man Mackintosh being re-elected:

M. Brasch, president; Thos. Lishman, vice president; A. R. Hatfield, captain; F. B. Auerbach, vice captain; C. H. Norton, secretary and treasurer; W. L. Stanley, W. F. Reynolds and A. St. M. Mackintosh, member of executive committee.

Some of the members present added \$32 to the ground fund subscription, and the club authorized a payment to the fund out of the treasury. A club house or scorer's pavilion, according to the means available, is to be provided, and the ground is to be leveled up.

A motion to open the season on Saturday, March 14, carried unanimously.

It was decided to have a smoker for the annual entertainment, and the following committee was appointed to get it up: Stanley, Norton, Mackintosh, F. B. Auerbach and Brasch. Mr. Krouse received a vote of thanks for the use of the room, and Robert Lishman one for a kind offer to furnish labor and material below cost for improving the ground.

R. L. Auerbach, who resisted a unanimous effort to re-elect him as secretary and treasurer, was also thanked for his valuable services of two years in office.

## A Fine Calendar.

E. O. Hall & Son are making rapid strides toward popularity with their bicycle agency. Their latest clever advertising bon mot is in the shape of a calendar of the Columbia bicycles, a very artistic piece of work indeed. It is in tablet form with an inclined metal stand, very convenient for the desk of the business man. Each date is on a separate tablet with a space for memorandum and a complete calendar on heavy cardboard at the back. Quotations from prominent people the world over appear on each tablet, and you are not allowed to forget that it is a clever advertisement for the Columbia bicycles, as a pretty engraving on each leaf will testify.

G. R. Harrison, practical piano and organ maker and tuner, can furnish best factory references. Orders left at Hawaiian News Co. will receive prompt attention. All work guaranteed to be the same as done in factory.

Subscribe for the EVENING BULLETIN, 75 cents per month.

## Yales' La Freckla

is Mine. Yale's infallible cure for Freckles, Tan and Sunburn. It is the only remedy ever compounded that will remove freckles completely and surely.

The fairer and more delicate the skin, the more likely it is to be freckled, and the worse it will look after it is freckled.

Thousands of women, otherwise beautiful, are disfigured by these unsightly, brown blotches. Nothing will hide them. They are a source of misery, but they can be cured. La Freckla is the death-warrant to freckles.

The preparation of La Freckla is one of Mrs. Yale's greatest achievements. There are many imitations, some of them very dangerous and hurtful to the skin; none of them really effective. For safety and certainty, insist always on getting the genuine and original La Freckla.

Sans Souci  
Seaside Resort.

The pleasantest, quietest, shadiest and most perfectly appointed seaside resort on the Islands. It is only four miles from the heart of the city and within easy reach of the tramcars, which run every twenty minutes or oftener. Elegantly furnished detached cottages or rooms are obtainable on easy terms. The table is superior to that of any of the city hotels and all the modern conveniences are provided.

Picnics and bathing parties can obtain extra accommodations by telephoning in advance. The bathing facilities of Sans Souci are superior to those of any place on the beach. 89-1f

## CIRCUS AND GRAND ARMY.

Benefit Tendered by Mr. Wirth to Geo. W. de Long Post.

Geo. W. de Long Post, No. 45, Grand Army of the Republic, have been offered a benefit by Mr. Harry Wirth, proprietor of the circus. The offer has been accepted and, in all probability, the performance will be given on or about Feb. 11.

This post was organized in September, 1882, and soon gained a large membership, which on account of death has rapidly decreased until at present there are but twenty-five members. Shortly after organizing a burial plot was purchased, which is now filled up and need of a new one is urgent. The proceeds of the benefit will go toward securing one, erecting monuments thereon, etc.

Messrs J. N. Wright, past post commander; R. J. Green, commander; L. Adler, senior vice-commander, and James Dodd, a member of Garfield post, San Francisco, have the affair in hand, and at a meeting held at ten o'clock this morning arrangements were about completed.

Notice of progress and further particulars will be given on Monday next. Mr. Dodd has given much time toward arranging matters, and the action of himself and the other gentlemen mentioned was spontaneous and entirely unsolicited. From Mr. Wirth they met with a hearty desire to cooperate in making the affair a grand success, as it ought to be. The object is most worthy, and it is hoped that everybody in Honolulu will assist.

## FINE TABLE WATER!

## WILDER ARRIVES.

THE NORWEGIAN BARK BEIN FROM  
PORT STANLEY.Steamer Kana with Makawell Sugar  
---Makee In---The Schooner Ka  
Moi to Paaulo.The bark Albert is lying at Brewer's wharf.  
Schooner Ka Moi left for Paaulo, Hawaii,  
today.Liner Australia sails tomorrow afternoon  
at 4 o'clock.The schooner Luka was launched from the  
Marine Railway yesterday.Canlkers are engaged caulking the decks of  
the schooner Robert Searles.The German bark J C Pfleger is discharg-  
ing freight at the Railroad wharf.The Norwegian bark Serringa has nearly  
finished discharging her cargo of coal.Amongst the cargo of the Velocity are some  
packages of valuable Chinese medicine.The James Makee unloaded 2335 bags of  
Kaula sugar into the bark Albert today.The Makawell express, Kaula, brought 7350  
bags of sugar from that plantation this morn-  
ing.Providing the wind is favorable, the bark  
Rosale will sail for Port Townsend this after-  
noon.The steamer Walaale went on the Marine  
Railway today to be cleaned. She will leave  
early next week outward.The windmill attached to the pumps of the  
bark Nonsaturum was spinning around merrily  
in the strong wind today.Tomorrow, Saturday--High tide large,  
5.15 a m; high tide small, 3.45 p m; low tide  
large, 11.54 a m; low tide small, 11.34 p m.The barkentine S G Wilder, McNeill, from  
San Francisco was towed in this morning,  
and is now lying at Brewer's wharf. She  
brought a deck load of horse and mules,  
which are in good condition, and one pas-  
senger.The sailing schooner Willard Alinsworth,  
which sailed in yesterday afternoon with both  
towsasts gone, is moored under the lee of the  
C D Bryant, where the crew are busily en-  
gaged repairing damages. She will probably  
sail for the Japan Sea tomorrow afternoon.

Just received a choice lot of Smokers' articles suitable for  
Holiday presents.

## TO ALL WHO USE PAINT:

The undersigned, L. C. Ables and H. P. Walton, purchased from Charles J. Wagner,  
the inventor of Peerless Preserving Paint, the exclusive right to manufacture, use  
and sell the PEERLESS PRESERVING PAINT in the Hawaiian Islands.

## Patent for Peerless Preserving Paint.

On the 26th day of September, 1895, the Republic of Hawaii granted to L. C. Ables  
and H. P. Walton, a patent No. 110, granting them the exclusive right to make, use, and  
vend PEERLESS PRESERVING PAINT throughout the Hawaiian Islands.

## Trade Mark for Peerless Preserving Paint.

The Republic of Hawaii has also granted to L. C. Ables and H. P. Walton the exclu-  
sive use of the words PEERLESS PRESERVING PAINT as a trade mark throughout the Re-  
public of Hawaii for the term of 20 years.

## Imitation.

Certain parties in San Francisco have recently been sending to Honolulu under the  
name of PEERLESS PRESERVING PAINT a spurious article not only inferior to the genuine  
paint, but one which is positively injurious to any metal to which it may be applied.

## Beware of Fraud.

We hereby warn all persons against being defrauded into using any but the genuine  
PEERLESS PRESERVING PAINT, which can be obtained only of Ables and Walton.

## Warning Against Infringement.

We also hereby warn all persons against buying, selling or using any article under  
the name of PEERLESS PRESERVING PAINT, except that sold by us, as such buying, selling  
or using will be a direct infringement of our patent and trade mark, and a violation of  
our rights, subjecting the persons buying, selling or using such paint to a claim for  
damages by us in accordance with the Hawaiian Law.L. C. ABLES,  
H. P. WALTON.

Honolulu, Oct. 19, 1895.

THE DUKE OF

## WELLINGTON!

Was 46 years old when he fought the  
battle of Waterloo and only three and  
a half months older when the great  
NAPOLEON was made captive.No matter what your
