## ANOTHER McCROSSON SCHEME IS HATCHED

### Bold Coup Planned For Control of Oahu Water

#### SUPPLY OF PLANTATION IS MENACED

#### Sudden Move of Irrigation Promoter Sends New Bill Before Congress

Washington, D. C., December 8th, 1910.  
Delegate introduced bill house, Clark Senate, granting McCrosson all water rights military reservation fifty years. Referred War Department.

This brief cablegram received this morning by Castle & Cooke is the biggest bomb shell that John T. McCrosson and his associates have let loose on the unsuspecting people of Hawaii for many months.

This cable being interpreted means that McCrosson and his associates are asking Congress to give them fifty years' rights to all the water sources of what is generally known as the Wahiawa dam water.

All the sources of the water that flows into the Wahiawa dam are on the military reservation. If McCrosson should get the right to the water on the reservation he would have the water that goes into the Wahiawa dam.

Therefore it need not surprise anyone that E. D. Tenney speaking for the Wahiawa Water Company this morning stated that the Wahiawa Water Company would oppose the McCrosson measure to the fullest extent.

The rights and privileges that are sought by McCrosson have once been granted to and are now being enjoyed by the Wahiawa Water Company. This latter company is operating under rights given it in a law passed by Congress. Under its arrangement with the War Department, it gives to the military authorities all the water that may be needed for the use of the military, and also constructs such bridges over the gulches as may be desired by the military.

Further than this the Wahiawa Water Company under its agreement with the Territory is under obligations to furnish water to the settlers of the Wahiawa settlement, and it is under this arrangement that the great

principles district of Wahiawa has been built up.  
That Congress should now go to work and give these water rights to another company is unbelievable by some of the people interested and it is hard for them to understand why McCrosson is making this attempt to get the Wahiawa water rights and bring about a wholesale attack on the rights and privileges already established by law and through agreement with the War Department.

What McCrosson wants is not clear at the present time unless his move is a scheme to get control of the water and ditch it across the country, over the natural water shed and to the fields of the Oahu plantation.

"It is a gum shoe proposition," commented Manager Goodale of Wahiawa plantation.

"It shows that you never know what someone will try to do to you through Washington," remarked Mr. Tenney, for the first that anyone of those interested in the Wahiawa Water Company knew of the what was going on was the cable received this morning showing the McCrosson scheme to have been carefully mapped out and well under way.

Delegate Kuhio declared this morning that he is absolutely unfamiliar with the details of the bill which was introduced in his name.

"I had it introduced for Mr. McCrosson," says the Delegate, "and I really don't know what water rights are referred to, although I suppose it is those on the military reservation including Lihelua."

"Mr. McCrosson merely told me he had such a bill drafted and I said I would introduce it for him. I did not

go into the matter at all with him. It's the Delegate's duty to introduce bills, and let them be given a hearing. The bill will be taken up before the committee on territories. I don't know whether it will be pushed first in the senate or the house."

Kuhio was asked whether he had seen the draft of the proposed bill or not and said that he didn't remember whether the bill itself had been submitted to him. He will examine it more carefully when he goes to Washington, he states.

The draft of the bill was drawn up in the offices of Thompson, Clemons & Wilder, and Frank E. Thompson, who left for the Coast a few days ago, will probably appear for the bill together with Mr. McCrosson in Washington. Judge Wilder said this morning that the firm has no copy of the bill here. He said the bill was drafted several months ago.

**News to Governor.**  
The first knowledge that Governor Frear had of the pending bill was when he was informed of the cable this morning.

"I did not know that the bill was to be introduced in Congress, nor did I know such a bill was in existence," said the Governor this morning. He intimated further that the action believed to be contemplated, according to the brief explanation in the cable, would be unfair to the Wahiawa dam people and would detract seriously from the value of their water supply.

#### INSPECTORS ARE GETTING ANGRY

#### Allegations in Election Contest Petition Is the Cause.

The election inspectors who acted in the sixth precinct of the fourth district on the day of the last general election are taking strong exception to some of the allegations contained in the second election contest petition that has been filed in the Territorial Supreme Court by Attorney George Davis.

One of the inspectors stated this morning that if the second contest ever reach the state of trial, which seems distinctly improbable in view of the decision of the Supreme Court on the merits of the first contest—covering, practically, the same grounds—that he will institute perjury charges against John Wise, Charles Costa and Ben Mendola, who have sworn to the affidavit in support of the petition.

The inspector who makes this promise is a Republican and believes that his honesty has been brought into the case in a rather doubtful light when it is alleged that he knew that over one hundred fraudulent ballots had been cast.

Superintendent Willis T. Pope returned on the Mauna Kea today from Hilo, where he conferred with teachers on matters pertaining to the department of public instruction.

#### SYRIA ARE KILLED

(Associated Press Cable.)  
CONSTANTINOPLE, Turkey, Dec. 9.—Bedouins have massacred the Turkish garrison at Kerak, Syria, and have killed 100 Christians, in revenge for the execution of a Bedouin captive.

#### MRS. EDDY HAS LEFT FORTUNE TO CHURCH

(Associated Press Cable.)  
BOSTON, Mass., Dec. 9.—Mrs. Mary Baker Eddy's will was made public today and it is learned that the founder of Christian Science leaves a fortune of a million and a half dollars, of which the bulk is given to the church she guided for so many years.

#### HEALY BEATEN FOR SEAT

(Associated Press Cable.)  
LONDON, Dec. 9.—In the general elections, the Government has now won 244 seats in the House of Commons and the Opposition 207 seats. The latest feature is the defeat of Timothy Healy, former Irish leader, by the Redmondites.

#### SON OF MEXICAN OFFICIAL IS HELD

(Associated Press Cable.)  
SAN ANTONIO, Tex., Dec. 9.—Mexican rebels have captured the son of Enrique C. Creel, minister of foreign affairs for Mexico, and are holding him as a hostage in Chihuahua. His father is a naturalized citizen and in spite of law and custom became governor of Chihuahua.

#### GETS STRONG BACKING

Promotion Committee Urges Preservation of Musical Organization.

#### INCREASE OF PAY IF MEMBERS NEED IT

Resolutions of Protest Will Be Sent to Mayor and Board of Supervisors—Cottrill Matter Revived.

Favoring an increase of pay for the members of the Hawaiian band if it is necessary to hold that famous musical organization together, the Hawaii Promotion Committee at its meeting yesterday afternoon went on record as urging that the band be preserved for the good of the community.

The committee unanimously passed resolutions to this effect presented by W. H. Hoogs. The resolutions were no sooner submitted than they were adopted, and every member present individually declared himself strongly opposed to allow the band to be disrupted, as threatens to be the case.

The resolutions are as follows: "Resolved, by the Hawaii Promotion Committee:

"That we regard the threatened disruption of the Hawaiian Band on account of inadequate pay for the members as a serious loss to the entire community, taking away as it does one of the distinctive features of Honolulu life and one of the chief attractions to tourists;  
"Further, that we lend our moral support and encouragement to the efforts now being made through the press and otherwise to preserve the band and to add it to an even higher standard of efficiency."

#### LOWER SUGAR IN PROSPECT SAYS BISHOP

E. Faxon Bishop returned today on the Sierra from a flying trip to San Francisco, where he consulted with representatives of the Spreckels Estate relative to the sale of the Wilhelms block to C. Brewer & Co., Ltd. The final papers in the settlement of the sale passed Mr. Bishop while he was on his way to San Francisco and were filed here during his absence, as published in the Bulletin a few days ago.

Mr. Bishop brings back rather a pessimistic frame of mind in regard to the price of sugar for the next two years, although not at all pessimistic over the ultimate outcome of the staple island industry.

"We don't need to worry about tariff revision now," he said this morning. "That will not come about, if at all, for a long time. There are other things nearer at hand over which to worry."

"Over-production of sugar is the thing that is causing most anxiety. It is needless to state that when supply exceeds demand prices will go down."

"It looks as though the supply will be appreciably in excess of the demand for the next two years, and this is the thing that will cause the sugar business most concern."

Mr. Bishop stated that plans for the occupancy of the newly-acquired Wilder building are still in abeyance. C. Brewer & Co. will not occupy the property now, and until a tenant is decided upon there will be no remodeling or interior changes.

## Appointment of Negro Probable

### Delegate Kuhio Gets Cablegram That Toledo Man Is Right In Line Now

Charles A. Cottrill, colored, of Toledo, O., may yet be named either collector of customs or collector of internal revenue here.

News that his appointment is still under consideration by President Taft reached Honolulu this morning in the shape of a telegram from George M. McClellan, secretary to Delegate Kuhio. The telegram reads as follows:

"Washington, D. C., Dec. 9.  
"Kuhio, Honolulu:  
"Cottrill appointment impending. Cable President request to defer action till your arrival."

And on top of this came the delegation at noon today by the Delegate that he has no intention of calling a protest. He says that Honolulu has not been able to decide definitely on the man it wants for collector of internal revenue, and that he has no single choice locally of a man to oppose the colored politician for the Federal job.

"The people here have not been

## MORE STEAMERS ADDED TO BIG TRANS-PACIFIC FLEET BY THE PACIFIC MAIL

From two to three additional steamers may make Honolulu as a port of call between San Francisco and the Orient, under the management of the Pacific Mail Company.

Following the separation of business relations between the Pacific Mail and the Toyo Kisen Kaisha, the former steamship line is now declared as seeking a substantial addition to the tonnage of its fleet.

According to a report brought down from San Francisco by the Oceanic steamship Sierra this morning, the owners and agents of a number of steamers that visit the Pacific coast have been approached by the officials connected with the Pacific Mail with a view of securing the service of certain vessels.

General Manager Schwerin has arrived on the coast and it is claimed that one of the first matters that received his attention upon gaining the offices of the Pacific Mail was to look into the possibilities of effecting a charter with steamers of fair tonnage, to be placed on a run to Japan ports and Hongkong, with a side trip

## HUMAUMAU IS PROGRESSING

Frank N. Payne who is handling the Humauma Oil Company proposition in the Elkhorn Valley writes of the work done:

"This preliminary work was finished by the writer in sixty days, hauling all material fifteen miles over a 25 per cent grade into a most barren district known to the oil fields."

"In addition to the houses and well driving equipment, there is a water well, four and half miles distant, which was piped with a two-inch line, giving us over 200 barrels of water daily, and we now consider ourselves hooked up to complete the largest

## 24,000 PLANTATION ACRES MUST GO TO HOMESTEADERS WITHIN NEXT TEN YEARS

Within a period of ten years twenty-four thousand acres of cane land will be taken over for the use of settlers under the operation of the homesteading law, as provided for in the last amendments to the Organic Act.

This was the calculation made this morning by Governor Frear, in connection with the work accomplished during his trip to Hawaii, when a number of land drawings were held.

While on Hawaii, Governor Frear was present at four land drawings. Eight hundred and one lots had been advertised, some in all the districts of the island. One hundred and eighty-eight applications had been made, and of that number seventy-two selected lots. Forty-two acquired lots under right of purchase lease, twenty-one under homestead

lease, and nine under cash freehold agreements. One person was found to be entitled to a preference right, and three others to select lots when certain necessary preliminaries are complied with. Only two persons that appeared were found to be disqualified, and of those securing lots, 57 were males and 19 females.

Governor Frear expressed himself as well satisfied with the results of his trip to Hawaii. He declared that the opposition voiced in Hilo to the terms of the McCrosson bill was based mainly on the form rather than on the principle involved. He said some of the opponents wanted the bill made specific and not general, while others thought additional safeguards were necessary to prevent the privilege granted from being abused by its recipients.

well ever drilled in the Midway district.

"We started with a twenty inch hole and are down now approximately 400 feet, and are commencing now to place our fifteen and half inch casing which we hope to go 1,000 feet with and then continue with twelve and half inch casing to the distance of 1,800 feet, which we trust will be sufficient depth to get the high grade 32 gravity oil, which we are satisfied is in our district."

"We are preparing a statement by expert accountants here, showing the cost of every improvement in detail, whereby they will know how the money has been expended."

"Mr. John and August Humburg have spent two days with me looking over our property, and were very much pleased with what they saw and encouraged as to the outcome."  
Yours very truly,  
FRANK N. PAYNE.

## FIGHT FOR BAND GETS STRONG BACKING

(Continued from Page 1)

"Further, that we strongly urge upon the supervisors of the City and County of Honolulu and upon the Mayor the necessity of preserving the band by increase of pay among the members as the director thereof shall determine."

"Resolved, further, that a copy of these resolutions be transmitted to the Board of Supervisors and the Mayor."

The story that Charles A. Cottrill, a native of Toledo, Ohio, might be named collector of internal revenue here, was again revived through the receipt of a letter from the Toledo Chamber of Commerce, dated November 25 in which Mr. Cottrill is made the subject of hearty commendation. However, the position in the latter is referred to as "collector of customs" and together with the fact that all the information from Washington is to the effect that the customs department is concerned, opens the way for considerable doubt as to which of the two federal departments Cottrill was slated for.

The Promotion Committee did nothing but merely receive the letter and place it on file, as it is believed the appointment of Cottrill has been changed.

The matter of airship flights was brought up when two members of the committee told that Promoter Brice has endeavored to get the committee to endorse his plan for flights as well as to sell them a hundred tickets apiece. The committee, while not opposing the invasion of bird-men, does not feel justified in doing any of the promoting.

A number of suggestions for promotion work were talked over, among them that of the new member of the committee, B. von Damm, who thinks that lanterns and lantern-slides illustrating Hawaii should be placed on the trans-Pacific steamers and later on the trans-Atlantic ones also. The committee heartily endorses this project, and it will be taken up in detail later.

The convention of railroad passenger agents here in 1914 was talked over and Secretary Wood's efforts to secure it were given strong commendation.

Oranges for the Colonies.

The first full shipment of oranges to Australia was recently made on the British steamer Adrangl. This ship carried in her holds 6000 boxes of California oranges, which is believed to have been the largest single shipment of citrus fruit ever made from this State.

The oranges came from the 25,000-acre ranch of the Merryman Fruit, Land and Lumber Company, which is located on the Viaduct electric road between Viaduct and Redbanks, and were sent to tide water in a solid train and placed on board the steamer at this port.

It is expected that this shipment will open a new market for California fruit in Australia.

Bad Weather Delays Zealandia.

Bad weather may cause a slight delay in the arrival of the Canadian-Australian liner Zealandia that is en route from Vancouver to the Colonies by the way of Honolulu. The vessel was due to arrive here today but reports indicate that strong gales and rough seas may cause the vessel to make slower time bringing her here tomorrow morning.

## CAPTAIN DOWDELL AGAIN TAKES COMMAND OF OCEANIC LINER

HE WILL SUCCEED CAPTAIN HAYWARD TO THE MARIPOSA, WHO HAS BEEN TRANSFERRED TO SPRECKELS PRIVATE YACHT—MAUNA KEA HERE FOR SPECIAL TRIP—LOGAN BRINGING EIGHTH CAVALRY.

The friends of Captain Thomas Dowdell—who is there in the business and shipping community that does not know him—will be more than pleased to learn that the ever-popular skipper did not step down and off the bridge for good when the liner Alameda was transferred to the Alaska Pacific Steamship Company.

Captain Dowdell is enroute to Tahiti in the Mariposa and upon the return trip of that vessel to San Francisco, Captain Dowdell will be in command.

He succeeds to the office held by Captain Hayward. The latter skipper's abilities have met with the approval of J. D. Spreckels and when the millionaire capitalist and sugar baron's handsome new yacht left the shipyard and was placed in commission, Captain Hayward was selected out of a number under consideration to take charge of the vessel and guide its course whenever pressed into service on pleasure bent.

For years Captain Dowdell has been a familiar figure with travelers as well as residents of the islands. The announcement that Captain Dowdell had been appointed to the command of the Mariposa and his former ship, was received here this morning with the arrival of the Oceanic steamer Sierra.

Despite the display of a storm signal at the time of leaving San Francisco, the Oceanic liner Sierra met with but little rough weather during her five day and eighteen hour voyage down from the coast.

Included in the one hundred and twelve cabin and seventeen steerage passengers that arrived at the port at an early hour this morning, there are but few tourists. Ten passengers signified their intention of taking advantage of the opportunity of visiting the Volcano by means of the special trip of the Inter-Island steamer Mauna Kea.

Kamaina's returned more or less spread among the passengers and a number of prominent Honoluluans returned from business and pleasure trips taken on the mainland and in some instances extending through the Continent of Europe.

Much to the pleasure of the traveling public and those who have to do with the ship, Dr. G. W. Clark, the well known surgeon in the Sierra has decided to continue to follow the sea despite the fact that he is one of several heirs to a comfortable fortune.

Dr. Clark was announced would leave the Sierra upon her arrival at San Francisco but when his cheery personality was conspicuous with the arrival of the Honolulu-San Francisco "ferry boat" this morning he was the recipient of hearty congratulations from his wide circle of friends at this port.

McAllister May Sail the Ship.

The troubles of the good ship Alde Besso are many though that vessel is announced to have finally sailed away from San Pedro after a series of incidents that would have tried a much better man than Captain McAllister. The vessel took on a shipment of brick before departing for the islands. Just who would sail the vessel is said would depend upon the disposition of the case of Captain J. W. McAllister, who is now in jail, charged with violation of the immigration laws in allowing two Japanese stowaways to escape.

McAllister was under bonds furnished by C. J. Lehman, owner of the bark, who had engaged him to sail her to Honolulu. As the bond would have been forfeited if McAllister sailed, Lehman surrendered the skipper to the Marshal. Efforts are being made to have McAllister released on his own recognizance.

A wireless has been received from the Canadian-Australian liner Zealandia to the effect that the vessel will arrive off the port at eight o'clock tomorrow morning bringing passengers and cargo from Vancouver.

The steamer is to be dispatched this afternoon for Hilo taking excursionists. The Mauna Kea is scheduled to return here by Monday morning. Less than thirty passengers have thus far booked for the Hawaii metropolis and the volcano.

The United States army transport Logan due to arrive at Honolulu on Monday enroute from San Francisco to Manila is reported by the quartermaster department as bringing headquarters and band and eight troops of the Eighth Cavalry for the Philippines. There will be 150 cabin and 70 second-class passengers. D. I. Dougherty, formerly of the transports Sheridan and Sherman, has returned to his position of quartermaster's clerk on the Logan, after an absence on sick leave. The Logan goes out in command of Quartermaster Captain J. W. C. Abbott and Navigating Officer William Stinson.

**THOUSAND HOMES ON PALOLO HILL**

Fifty Foot Boulevards Will Lead to Newest Tract.

Palolo Hill may not only be destined to blossom as the rose, but it will be dotted with a thousand homes, the place of residence of delighted sojourners who seek the many incomparable advantages offered by climatic conditions only to be found in the Paradise of the Pacific, but Honolulu in particular.

The Katmuki Land Company has completed all arrangements for setting a large force of men at work in the grading of fifty-foot streets and plotting some twelve hundred lots in this slightly tract of land located at the terminus of the Hotel street and Waiwai car-line.

Palolo Hill, commanding a magnificent view of the Pacific Ocean, the towering slopes of Diamond Head, and the bald prominence of Koko Head, will be transformed into a place of much activity before the close of the old year.

Six weeks from the day that the first sod is turned on the favored slope, fifteen miles of streets will be in a fair way towards completion, while sites for schools and churches will have been designated, and hundreds of plots upon which neat and pretty homes will be erected will be graded and opened to the public.

The plans as outlined by the land company are elaborate in the extreme. The first of the week will find teams and graders at work on the roads. The streets are to be named after the steamers that make regular calls at the port of Honolulu. Wilhelmina Rise is a broad and absolutely straight thoroughfare extending for a mile and a half up the slope of Palolo Hill. This avenue will serve as a feeder for the curved and winding highways that weave their way in and around the brow of this eminence. All the principal thoroughfares extend from the terminus of the electric car-line to the top of the hill. The streets will all be macadamized and are to be fifty feet from curb to curb. Seven-foot sidewalks are indicated on the plans now on file and turned over to the contractors.

The preliminary work by the civil engineers has been completed, and a grade of about 6 per cent. will prevail on all roadways save that known as Wilhelmina Rise, which will have a gradual slope of about 10 per cent.

The plot and plans provide for ample land sufficient for a school site. Two plots have been set aside for churches. A park will also be one of the many improvements promised for the tract.

The district will be provided with the finest water to be obtained on the island, it being drawn from the streams flowing down the Palolo mountains, and will be retained in an ample reservoir.

The property has been divided into sections, each arranged in alphabetical order, while the lots are numbered consecutively. The old and obsolete checker-board plan was totally ignored in the making of the plan for Palolo Hill addition.

Owing to the contour of the upper or hill roadways, the lots are of varying size.

It is claimed that there is not a lot in the entire twelve hundred that is of lower elevation than three hundred feet. The highest elevation recorded in the tract is eleven hundred feet. A visit to the tract, where grading operations have already begun, would show that there is no portion of the district but has an unobstructed marine view.

## RAIN DELUGE THROUGH MAUI

Thirty Inches in Wailuku  
And Many Roads Are  
Washed Out.

(Special Bulletin Correspondence.)

WAILUKU, Maui, Dec. 8.—Wailuku and Makawao districts can not make any complaint about scarcity of water, for it rained at the rate of four inches every twenty-four hours since last Friday night, or a total of over thirty inches in Wailuku alone up to last evening, when it began to clear up, and today has been the first clear day with plenty of sunshine in the last 120 hours.

The Makawao roads have been so muddy that even the most powerful autos could not get up there. Today Judge and Mrs. Kepolai, Attorney E. C. Peters and Mr. and Mrs. W. S. Chillingworth went up to Makawao and return in J. do Rego's Packard, and they report the frightful condition of the road wrought by the recent northerly rainstorm. While the rainfall has been immense, yet the storm has not done any big damage to the plantation property, but the manager and his lunas and men got a thorough drenching.

The large Pounene mill started grinding for this season some time ago, and on last Monday the Wailuku mill commenced grinding for this season's crop, which is expected to be a large one.

Supervisor T. T. Meyers reports bad weather on Molokai, as also does Supervisor W. P. Haia of Hana. Supervisor K. Kaui got here at noon today to attend the session of the board, being delayed on account of bad weather. He says that a portion of the road between Waihee and Makalia, Kahakulua, is washed out and quite dangerous, even for those on horseback. However, men have been put on to clear the road of fallen rocks and earth.

Both the new Wailuku Courthouse and the county building leaked badly during the rainy weather. Treasurer L. H. Baldwin was compelled to place about a dozen buckets in his office to store the water which poured from the leaking roof. The tax office and the courtroom are also in bad condition on account of leaks from the roof and through the walls of hollow concrete blocks. The walls of reinforced concrete of the new Church of the Good Shepherd in Wailuku stood the test splendidly.

To receive repairs and repainting, the Inter-Island steamer Kaiulani was placed on the marine railway this morning. The vessel has been engaged in laying and replacing buoys along the coast of Hawaii for six months past. The steamer will be ready to go into commission again within a few days.

## BAILEY WILL IS UP FOR PROBATE

Wailuku Kamaaina Left His  
Wife and Family About  
\$15,000.

(Special Bulletin Correspondence.)

WAILUKU, Maui, Dec. 8.—Mrs. Mary Bal filed a petition in the Second Circuit Court, Wailuku, this morning for the probate of the last will and testament of the late Edward H. Bailey, who died in Wailuku last month. The deceased left considerable property in Wailuku, both real and personal. Most of it is located along the main business thoroughfares, and is valued at about \$15,000.

Hon. W. O. Smith of Honolulu and C. D. Lufkin of the First National Bank of Wailuku were mentioned as executors of the will by the decedent, who devised all his property to his wife, Emily Bailey, for and during her natural life. After the death of the wife, the property shall descend as follows:

His son, W. K. Bailey, receives the building and premises on northeast corner of Main and High streets, opposite the Maui Hotel, known as the Bailey block and commonly known as Hoffman and Yetlesen store; also certain buildings and premises on the south side of Vineyard street, adjoining the estate of Pae premises.

Mrs. Mary Bal, wife of Captain W. E. Bal, one of the daughters, gets the building and premises on High street between the Bal premises and the Bailey block.

Mrs. Ella Rhoads, another daughter, gets certain premises with buildings on Vineyard street, adjoining a portion of premises given to the son, W. K. Bailey.

Unto his grandson, Joseph Bailey Wilson, testator gave certain premises and buildings on Vineyard street, comprising both the Bailey homestead and cottage leased to the Kingsbury's.

The rest and residue of the property is to be sold by the executors, the proceeds from which are to be used for the education and maintenance of Pauline Bailey and the other grandchildren.

The will was signed in Wailuku in presence of R. P. Quarles and W. A. McKay, and was dated October 23, 1908.

The Portland and Asiatic Steamship Company has chartered the British steamship Strathgillan to make an outward trip from Portland to China and Japan in place of the Oriental liner Sella, which was sunk in a collision with the steamer Beaver off Point Reyes. It is expected a steamer to take the run permanently will soon be engaged.

FRIDAY DECEMBER 9, 1910

Of all the fine arts, music is that which has most influence on the passions and which the legislator ought the most to encourage.—Napoleon.

Washington usually has one thing after another to hand to Hawaii. But ordinarily we get all we ask.

The principal trouble with these war cloud stories is that they get people thinking in the wrong direction.

As no one, not even the Delegate, knows the details of the McCrosson-Wahila bill, the mystery becomes the deepest ever.

It may be that the President changed his mind on the appointment for Collector of Internal Revenue for Hawaii as he once did on the appointment of a minister to China.

Mr. Cottrill has been good enough to forward his photograph, so there's no mistaking the fact that Cottrill expects to arrive in Honolulu as Revenue Collector with no disguise.

If John McCrosson should ask for the Honolulu water works the people could be hardly more surprised than they are to know that he wants Congress to transfer the rights of the Wahila rights.

Honolulu has candidates for everything in sight except for the privilege of manipulating the first flying machine. That is something that the politicians are ready to turn over to the esteemed friends of the opposition.

While public attention is attracted by the new problems that come up from day to day, the people should not forget that one of the biggest things Honolulu has on its hands is the necessity for killing off the mosquito. The pest does not become less of a danger to public welfare because it has been with us always.

More war talk from Japan by way of Victoria suggests that the Associated Press representative at Victoria, B. C., gives more importance to fulminations of a Japanese newspaper than the Associated Press representative in Tokyo, who is in close touch with the situation. If it is as bad as the morning paper's cable interpretation makes it appear, the Associated Press would not hesitate to spend a few more cents and get the information first hand from Japanese centers.

## MCROSSON'S LATEST.

If the people of Honolulu should wake up some morning and find that John T. McCrosson had put a bill before Congress to give him an eternal claim on all the water of the Territory, above ground and below, they would not be more surprised than they are to know that he is after the water rights of the military reservation of Wahila, rights already held by a company organized and operating under the authority of a law enacted by Congress.

The first query that comes to one's mind is, what can McCrosson be driving at?

No one can answer that but McCrosson, and had he desired the people of Honolulu to know, he would doubtless have said something of his plans previous to his departure from the city. And the fact that all attention was centered on the big Kauai ditch scheme previous to McCrosson's departure for Washington, makes more natural the quick conclusion that the Oahu end of the water operation plan is a "gum shoe" proposition, and the Good Lord knows what will be opened up next.

Until McCrosson's side of it is heard, and no one is here to speak for him, the scheme can be discussed only from one standpoint—that of the present rights and inter-

ests established under the authority of Congress.

So far as this paper has been informed the Wahila Water Company, now holding the privileges sought by McCrosson, has conducted its business to the entire satisfaction of the military authorities and the people depending on its supply of water.

This company has done all the pioneer work, taken all the risks, carried on all the development and invested all the capital necessary to prove that the water rights of the military reservation are worth something to the government and to the people generally.

On the face of it, the request of McCrosson is that he be granted the water rights and leave the big dam to the Wahila Water Company.

And also on the face of it, to grant the request would be entirely unnecessary for serving the convenience and needs of the military arm of the government and preeminently unjust to the Water Company, the Wahila settlers, and all those persons who have developed lands, and established industry on the basis of the water derived from the military reservation.

In fact, on the face of it, the whole proposition is so raw that we can hardly believe that it is what it seems, a scheme to walk in and gobble up the fruits of the industry of another, and in so doing, inflict heavy losses on some and ruin on others, all through an act of Congress which aims to repudiate a law passed supposedly in good faith some years ago.

No doubt there is truth in the frequent assertion that the people of Honolulu take snap judgment on too many things and go off half cocked.

It is also true that the custom has become almost a habit for some of our excellent citizens and those not resident in the Territory to bring forth a brilliant idea on what they think should be done in these islands, and the Honolulu public be in entire ignorance of what is being done to them till the scheme is brought out in the form of a bill before Congress.

Both the custom and the habit are bad, dangerous; just as bad and just as dangerous when applied to water and water rights as when including the liquids and beverages that intoxicate.

This McCrosson bill should be held up by all means until more information can be obtained concerning it, and if it prove to be what it seems, should be held up anyway.

## THE COLLECTORSHIP.

Hawaii has a real fight on its hands to preserve the principle of priority for residents of the Territory in all appointments to public office, Federal as well as Territorial.

Mr. Cottrill of Toledo, Ohio, has unquestionably been given to believe that he will be appointed to the position of Collector of Internal Revenue for Hawaii.

We have no doubt that Mr. Cottrill is a very excellent and able gentleman, but we are certain that he is not more able, or more deserving or so much entitled to the office of Collector of Internal Revenue as one of many residents of Hawaii.

Our people should by all means reiterate their opposition to the appointment of outsiders to Federal office, when we have capable and patriotic men in our own ranks who can satisfy every demand of the public service.

It should be made known through the proper channels—which means every possible channel—that the American citizens of Hawaii are for local self-government, and recognition of our local people. This is right, when the local people are capable of self-government and there is no doubt of their integrity and loyalty.

The commonwealth of Hawaii is without fault on this score and should be thrice armed because its cause is just.

idea locally that the internal revenue office here is to have a new head.

Lacked Agreement.  
When informed of the cable this morning Governor Frear seemed to be surprised, in view of the statement of George Carter that President Taft had decided not to appoint Cottrill. The Governor intimated that the failure of the people here to agree upon a candidate for the place is mainly responsible for a mainlander being considered. Governor Frear believes that the office referred to in connection with Cottrill is collector of internal revenue and does not refer to collector of customs at all.

GURREY'S

Charles A. Cottrill was born in Findlay, O., December 3, 1863, and moved with his parents to Toledo in 1867. He entered the public schools of this city and was graduated from June, 1881, having been president of his class during his entire senior year in the high school. He entered the United States Internal Revenue Service at Toledo August 1, 1881, as clerk to the collector, and by a series of promotions rose to the position of general bookkeeper for the tenth collection district of Ohio. During this time he read law relating to that branch of the public service.

He was employed from June 1, 1887, to January 1, 1888, by the treasurer of Lucas County, O., and on the latter date entered the office of the Secretary of State as Columbia as chief of the Division of Incorporation, and continued in that office until January 1, 1893. During that time he specialized in corporation law.

In January, 1893, he was appointed deputy recorder of Lucas County.

O., and filled the duties of that office so satisfactorily that on November 1, 1897, he was promoted to chief deputy, which position he held to the entire satisfaction of the taxpayers and of his chief until September 1, 1910. During these years Mr. Cottrill gave a great deal of time and attention to laws relating to real estate.

Mr. Cottrill has always been prominently and efficiently identified with the Republican party, not only in this city, county and state, but also nationally. He was a member of the Republican State executive committee in 1887, and has been a delegate to or an officer of nearly every State convention since that time and has been an officer in each of the four last national conventions. He has been a speaker in every State campaign since 1887 under the direction of the Republican State executive committee and is a member of that committee.

In 1908 he did effective campaigning throughout this State and in West Virginia and Kentucky. Mr. Cottrill's command of language, his forceful utterances and pleasing personality have made him a popular and effective speaker on State and national issues. He is fervid, aggressive and convincing, and his sincerity, coupled with his accurate knowledge and his ability in presenting facts in a convincing way, have made him a strong factor in every campaign in which he has participated.

Mr. Cottrill is a gentleman of pleasing personality and affable manners, making friends easily and retaining them by reason of his innumerable likeable qualities of heart and mind.

In colored Masonic circles, Mr. Cottrill has taken high rank, having received the 33rd degree in the Scottish Rite and being past grand commander of Ohio Commandery, Knights Templars; has been an officer for years in the colored Grand Lodge and Grand Chapter, as well as deputy for Ohio in the colored A. A. S. R. He is a prominent Shriner and has occupied the chair of the Odd Fellows, local and State, and of the Knights of Pythias, now serving as grand chancellor of the latter organization.

## REV. BROWN'S PLATONIC FRIENDSHIP INVESTIGATED

Spiritual Poety to Another  
Man's Wife Rises a Rumpus.

Poetic friendship for another man's wife has caused some very unpleasant moments for the Rev. Chas. R. Brown, referred to by the Coast papers as the "best-known divine on the Coast." The Rev. Brown has resigned from the pastorate of the First Congregational church of Oakland, Cal., but claims that ill-health is the cause of his withdrawal from the leadership of his flock.

A committee of church officials has investigated the charges that have been whispered louder than stage whispers regarding the intimacy between himself and Mrs. Dr. Martin, a member of his flock, and has returned a verdict that the friendship was purely of the highest order.

The Rev. Dr. Brown was for some time pastor of a church in this city, and is well remembered by many of his former congregation.

## EIGHTH CAVALRY FOR PHILIPPINES

### Logan Brings Benet to Inspect Fortifications at Honolulu.

Next Monday the transport Logan is due from San Francisco with several officers for Honolulu, including Lieut.-Col. J. Walker Benet, chief ordnance officer of the Department of California, who comes here on inspection duty.

Through passengers include the officers and men of the Eighth Cavalry, en route to the Philippines to relieve the Twelfth, and Maj.-Gen. J. Franklin Bell, who goes to Manila as commander of the Philippines Division.

The headquarters, band, machine gun platoon and Troops A, B, C, K, L and M of the Eighth Cavalry arrived at San Francisco from Fort Robinson, Neb., December 1 and immediately took up quarters on the transport Logan, which sailed for Manila on Monday. Troop F, from Fort Huachuca, and Troop H, from Fort Apache, arrived the next morning.

The regiment has been ordered to the Philippines to relieve the Twelfth Cavalry, whose two years' service in the islands expires this month. Troops I and D of the regiment were left at Fort Robinson as caretakers until the arrival of the relieving regiment, and Troops G and E have been left at the Arizona post for the same purpose. The Eighth passed through San Francisco three years ago when it came from the Philippines, where it was stationed at Fort McKinley and Camp Wallace, where it is again ordered. Captain Malvern Hill Barnum is adjutant of the command, having the distinction of being born on September 3, in the year 1863, the date of the famous battle after which he is named.

Other officers of the Eighth who are on the Logan are Majors George W. Read and Henry S. Ripley; Captains Edgar A. Stryker, Osmond Latrobe Jr., Reginald E. M. Nally, Claud B. Sweezer, James Longstreet, George E. Stockie, quartermaster, and Thos. Q. Donaldson Jr.; First Lieutenants John T. Donnelly, Coleman Durrand, Lawrence S. Carson, John Watson, Otto W. Rethorst, adjutant first squadron; Robert L. Collins, adjutant second squadron, and H. R. Smalley; Second Lieutenants Frank M. Adams, quartermaster second squadron; Jas. L. Collins, Frank E. Davis, quartermaster first squadron; Kin. B. Edmonds, Elbert E. Farman, Elbert L. Griseell, William A. McCain, Albert H. Mueller, quartermaster third squadron; Harding Polk and Thomas S. Sherbourne; First Lieutenant William G. Stiversen, chaplain, and Veterinarians Ray J. Stanchiff and H. F. Steele.

The other officers on the Logan are Maj.-Gen. J. Franklin Bell, who is ordered to command the Philippines Division; Major Henry A. Shaw, medical corps; Captains Peter W. Davison, Twenty-second Infantry, aid-de-camp to General Bell; T. C. Merrill, general staff corps; W. H. Oury, Third Infantry, returning to regiment; Robert L. Caswell, medical corps; M. E. Locke, Third Field Artillery, aid-de-camp to General Bell; W. D. Shepherd, Philippine Scouts, returning from leave; L. E. Hanson, Ninth Infantry, returning from recruiting duty, and H. F. Wilson and J. R. Hutchison, Philippine Scouts, both returning from leave.

The junior officers who are passengers on the vessel are First Lieutenants William A. Castle, Ninth Cavalry, returning from recruiting duty; John J. Fulmer, Seventh Cavalry, returning from leave; M. Churchill, First Field Artillery, joining battery; David D. Hogan, medical reserve corps; A. W. Barry, Philippine Scouts, returning from leave; T. B. Eaty, Fourteenth Cavalry, joining command from duty at Washington; Karl F. Baldwin, Coast Artillery Corps, joining battery; and Second Lieutenants L. M. Logan, Sixth Infantry, and H. G. Bell, Twentieth Infantry.

The following officers are for Honolulu: Lieut.-Col. J. Walker Benet, chief ordnance officer of the Department of California, who is on a tour of inspection; Captain N. F. McClure, Fifth Cavalry, joining regiment at Schofield Barracks; Lieutenant W. B. Graham, Twentieth Infantry, joining at Fort Shafter; Lieutenant R. M. Parker, Fifth Cavalry; Lieutenant L. H. Watkins, corps of engineers, returning from leave, and Lieutenant Harry R. Vaughn, Coast Artillery Corps, joining battery at Fort De Russy.

### GRAPE HANGS ON DOOR OF WHITE HOUSE BARN

WASHINGTON, November 28.—The perplexities of the tariff, the forthcoming message to Congress, the mixed condition of affairs in the Republican party, all were lost and forgotten in the gloom that overspread Administration circles. "Big Bill," Pauline Wayne's aristocratic young calf, is dead. The end came suddenly last night at the White House stables. Brain fever caused death.

## FREAR DEFENDS M'CROSSON BILL

### Hilo Meeting Heard Views of Chief Executive on Kauai Ditch Plan.

(Special Bulletin Correspondence.)  
HILO, Dec. 8.—At a long meeting held here last night, at which Governor Frear and Marston Campbell met the citizens of Hilo, the McCrosson bill was the main feature for discussion. The Governor defended the bill, though he stated it was not his bill, and might benefit from amendment. Thurston said the bill seemed to be loose, and believed it should be more strict in its provisions. He cautioned his hearers to be careful, in making their objections, lest they should kill a plan which would mean the expenditure of millions in the vicinity of Hilo. A resolution was finally passed as follows:

"Whereas it has been publicly announced that an amendment to the Organic Act will be presented to Congress at the present session in relation to the rights of irrigation companies in the Territory of Hawaii, and

"Whereas it is felt that the proposed amendment, through its general character, would be harmful, and

"Whereas, in former cases such amendments have first been submitted to the Territorial legislature for approval before presentation to Congress,

"Therefore be it resolved: That the citizens of Hilo in this meeting assembled do strongly object to the introduction to passage of the aforesaid amendment in Congress until the same shall first have been submitted to the legislature of the Territory of Hawaii for its consideration and approval."

### Repairs to the Spokane.

The American schooner Spokane has finished the discharge of her cargo at Hilo and according to Purser Phillips of the steamer Mauna Kea will probably sail for the Coast about Saturday. She will have a couple of days work repairing her rigging which was damaged in the recent storm.

## FREE SHOW FOR ORPHANS

What youngster wouldn't like to be an orphan next Wednesday when the management of the Great American Show will entertain the orphans of Honolulu at their circus? Such is the announcement of Mr. de Leon, advance man of the show, made this morning.

Orphans are to be admitted free at the matinee next Wednesday afternoon and the time of the starting of the circus is to be postponed until 3 o'clock in order to give all the youngsters without parents time to get to the circus grounds at Aala Park after school is out. It is said that the dog act is to be made an especially attractive one for the children on that eventful day.

The orphans must be vouched for by the Salvation Army or some other charitable organization that has orphan children in its care. Arrangements for the free admission of the children can be made by calling on Mr. de Leon at Levy's grocery store.

With the closing of their notable engagement in sight, the members of the George B. Howard company are not relaxing a whit in their theatrical efforts at the New Orpheum. Last night the company opened the usual week-end engagement with "What Happened to Jones" as the offering, and put it on in a way that pleased a big audience.

Honolulu knows "What Happened to Jones" as well as it knows the sailing-day of the steamship Sierra, but the Howard company gathers new laurels by giving the delightful farce-comedy a number of original twists. George B. Howard is at his best, and he is given the best of support by the company.

Next Monday, Tuesday and Wednesday "Facing the Music" will be the bill.

## CIRCUS DRAWS CROWD THAT FILLS TENT

"Have you been to the circus yet?" is the question heard on all sides nowadays, and from the size of the crowds that nightly fill the tent and are amazed at the feats of the acrobats and tickled by the jokes of the clowns, it is presumed that there are few who have not been to the circus—not once, but several times. The monster tent was filled last night earlier than usual, and the dogs did better than they have been doing since their arrival. It is thought that the sea trip had something to do with the dullness at first shown by the dumb actors, but they seem to have recovered and are going through their stunts in a way that shows that they are nearly human. As the show men advertise, they do nearly everything but talk.

Every act of the entertainment is good, and being under a tent lends an added attraction to the whole. There is something about it that brings back a feeling of "way back yonder," when you were a boy, and to experience that feeling is alone worth the price of admission.

There will be an entire change of program next week.

## MAKE PICTURES ON PARK STAGE

The star attraction among the new talent that opened at the Park Theatre last night proved to be Miss Sandart, a beautiful and talented young lady who appeared in a beach scene in a bathing costume and drew two artistic pictures by simple spreading sand about upon a black cloth. Her first effort produced a swan and the second was of some flowers with the container labeled with the old and familiar expression, "good luck." She deserved the generous applause that greeted her work.

The two Medoras have a bicycle act with the new woman as the main subject of the sketch. The act failed to appeal in the first half on account of the jokes being of old English coinage. Some pruning and changing of the expressions will increase the popularity of this sketch but it was worth watching, if for no other reason than it provides an opportunity for Mr. Medora to show his ability with a crayon. He draws a picture in eighty seconds that it would take many alleged artist as many months to improve.

The Park pictures were particularly good; there is one cowboy picture and one of Japanese life that are exceptionally so.

## SAVOY THEATRE A GREAT CELEBRITY

In the "Arrival of Jack Johnson" the Savoy management is offering one of its best cards, for the sketch put on by the Wain-Magrath Comedy company is full of ginger, fun and comical situations. A boarding house proprietress, Nellie Howard, is anxiously awaiting a new boarder. Jack Johnson the pugilist is at the zenith of his fame. The colored man arrives with a suitcase on which are the letters "J. J." The boarding house is thrown into a flutter of excitement believing that Jack Johnson has arrived. He is made to show his fighting capabilities and many other stunts, which only Jim Magrath can do so well.

The sketch is a laugh-maker from start to finish. Dot Raymond appears in a specialty, as well as in the sketch, and sings three songs. Her usual baby-drawl selections are rendered in her cute, imitable style.

The new bill is presented again tonight and tomorrow night, when some fine moving picture films are also shown.

It goes over any route—it runs on no schedule except the owner's will.

## A Motor Car Is Worth What It Pays You In Service

Have you ever noticed that it is the man who does not own an automobile who does most all the talking about the expense of running one?

The man who owns a car appreciates that it is worth what it pays him in service, and that this far overbalances what he pays for the service. Whether a man is extravagant or not depends on what he gets for his money. "Economy is the judicious expenditure of money."

If you really need a thing, you are paying for it day by day, whether you own it or not. It would be possible to do without gloves or an overcoat, but the service these things render you far outweigh the price that you would have to pay for them in money. Doing without a motor car means doing without the service which that car would give, and a good car will render more time-saving, labor-saving, efficiency-multiplying, health-building service in a given length of time than anything you can buy.

The automobile is the most efficient private servant that man has ever built for himself. It is ready to go at a moment's notice. It does not have to be watched. It goes over any route. It runs on no schedule except the owner's will. It helps him to entertain his friends and business associates. It takes his wife and daughter out shopping, calling, or to the theater. It takes the whole family out into the country in the sunshine and fresh air, giving them enjoyment and health. It is so durable that it outwears a locomotive, so comfortable that old people and babies can ride in it for hours without fatigue.

For \$1500 you can buy a servant that will do all these things for you and many more. What else could you buy for \$1500 that would give you as much pleasure and as much profit as this motor car? Twenty horses and carriages could not do it for you, nor one thousand railroad trips. In fact, there is no other way except with a motor car that you can live this life and have these pleasures. Does \$1500 seem like a large price to pay for this service?

## Warranted WOOLLEN GOODS

Is the kind we bought for our Winter demand. The goods as now shown in the store fill every promise of sustaining their warranted wearing durability, as well as the dictates of style.

There is a complete line of SWEATERS for Men, Women and Children, priced so everyone can own one. The line will please you as much as they did us when they arrived.

The DR. DENTON SLEEPING GARMENT for Children is the newest article we have in stock. The need of these garments for the little ones is too well known to parents to necessitate much "sales talk" here. See the line, and the garments will sell themselves. These goods are priced in this store as they are in New York, Chicago and San Francisco stores.

### Hotel St. Francis

Union Square, San Francisco

Under the Management of James Woods

FACING the beautiful park in the heart of the city, which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the Far East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of an institution which represents the hospitality and individuality of San Francisco to the traveler.

The building, which marks the farthest advance of science in service, has now the largest capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest caravanserai in the world. WHILE THE SERVICE IS UNUSUAL, THE PRICES ARE NOT.

### DRUMMING UP WAR SCARES

(Associated Press Cable.)

VICTORIA, Dec. 8.—Japan must prepare for the coming war with America, is the text of a leading article in the issue of the Tokyo Nippon, just received here. The Japanese publication, which has a wide circulation among the classes throughout the Japanese empire, predicts that war will come within the next few years, just as soon as America feels her preparations place her in a position of superiority on the Pacific, and urges Japan to prepare for that time or to take advantage of America's present unpreparedness and strike first.

The Nippon quotes an anonymous Japanese vice-admiral, who states that, however regrettable it may be, it is none the less incontrovertible that a grave danger exists of a breach of peace between the two countries, arising from the attitude of America.

What, he asks, is the object of the demand for a great Pacific battle fleet? Why the present increase in the size of the regular army stationed along the Pacific Coast? Why the enormous expenditures being made in connection with the naval station on Oahu and for the fortifying of the Philippine Islands?

It would be madness on the part of Japan, declares this anonymous naval officer, to shut her eyes to the true significance of these things and to remain satisfied with the friendly words from America, belied by her tremendous military activity.

## TREATMENT OF RHEUMATISM

Should Be Directed Toward Restoring the Blood to Its Normal Condition.

Every Sufferer Will Be Interested in This Case at Snohomish, Wash., Which Was Cured by the Use of Dr. Williams' Pink Pills.

In an attack of rheumatism the blood is rendered thin and weak with amazing rapidity. The treatment of the disease should be directed towards restoring the blood to its normal strength, for unless it is pure, rich and red the rheumatic poisons can not be driven from the system. The experience of thousands of sufferers has been that there is no better blood builder than Dr. Williams' Pink Pills. They quickly enrich and purify the blood and make a permanent cure. While using the pills a light nourishing diet should be taken and exposure to cold, dampness and draughts avoided.

The cure of Miss Marguerite Hall, of Snohomish, Wash., by this treatment, was recently described by her mother, Mrs. G. S. Hall, as follows: "A few years ago my daughter, Marguerite, was suffering from a severe attack of rheumatism. Her limbs were swollen to about twice their normal size and the pains extended from the knees to the feet. The pains were constant and were so intense that I could scarcely move her. "I applied liniments and bled her limbs for some time but there was no improvement. I finally bought a few boxes of Dr. Williams' Pink Pills. The pills helped her very quickly and I gave them to her until she was entirely cured. She has not had an attack since. I may also say that I have used the pills to build up my system. I shall always be grateful for the benefit Dr. Williams' Pink Pills have given me."

"Dr. Williams' Pink Pills are guaranteed to be free from opiates or harmful drugs. "If you are interested in the remedy that cured Miss Hall, write today for a copy of the new edition of our book on 'Diseases of the Blood.' It contains information that may save you money and suffering."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

### WHITES ARE NOW CANNED CHAMPS

Defeated Blues Last Night  
10-9 in Y. M. C. A.  
Series.

The Whites defeated the Blues at indoor baseball at the Y. M. C. A. last night before a large crowd, the score being 10 to 9, by which the Whites claim the championship of the series.

It was a heart-breaking game from both the point of view of spectators and players, first one side and then the other being ahead, and it was not until the last of the ninth that the game was secure to the Whites.

White and Blue supporters were about evenly divided along the sidelines, and their clamor added to the excitement of the match in no small degree.

By winning last night the Whites clinch the championship, as they were one game ahead of the Blues, and had the latter won they would have had to play the Blacks to obtain a clear title.

The lineup of the teams:  
Whites—Lewis, c; Cannon, p; L. Ruger, 1b; Ferreira, 2b; Clark, 3b; Marino, ss; Roseman, rf; Nott, lf.  
Blues—Kienme, c; Honan, p; Dwight, 1b; Deotto, 2b; N. McGuire, 3b; K. McGuire, ss; Duncan, rf; Bert Nott, lf.

Umpires—H. Zerbe and Dr. Hand. Scorer—Alvin Silva.

### ATHLETIC FIELD FOR MCKINLEY HIGH

Next Tuesday afternoon a meeting will be held at the McKinley High School to devise some way by which an athletic field may be obtained for the school, Alfred D. Cooper being behind the scheme.

Several sites are talked of, among them Thomas Square, but it is not thought that the residents around that spot will take kindly to the proposition any more than they did a year or more ago, when the same idea was advanced by friends of the school.

However, it is thought that something can be decided upon at the meeting Tuesday, and the school will undoubtedly have an athletic field in a short time.

### SOCCER MAY BECOME A UNIVERSITY SPORT

Carrying out an idea of a year ago, it has been decided at the University of California to take up soccer football as a fall and spring sport. Practice will begin at once, among the men who were not football candidates for Rugby honors, while most of the varsity players have signified their intention of taking up the soccer game after the holidays.

It has been planned to organize class teams and to select a varsity team. Fraternities and clubs will put teams in the field, and aid to organize a California Soccer League. The same plans are being carried out at Stanford, and a match between the teams of the two big universities will be held early in the spring, if present plans are carried through, although the game will not be played upon a regular inter-collegiate basis.

If the league is successfully carried through games will be played between the blue and gold and soccer teams and Occidental College, Nevada, Pomona, Southern California, Washington and Oregon, as well as with the local teams in the Soccer League of San Francisco.

### SAILORS' HOME IN ANNUAL CELEBRATION

Eighth Anniversary of Founding Is Remembered Pleasantly.

The eighth anniversary of the establishment of the Sailors' Home in Honolulu was celebrated with an entertainment at the home last night. Annual reports were followed by music, musical numbers being given by a number of well-known vocalists, among whom was the Rev. Canon Ault.

About fifty guests gathered at the hall at 8 o'clock, and after the treasurer's report had been read by T. Clive Davies, the annual report of Superintendent Everson was read by that gentleman.

The treasurer's report showed that at the end of the fiscal year on June 30 last, there was a credit balance of \$179.53 in the bank. The receipts during the twelve months amounted to \$4247.33, and the disbursements to \$4426.86. On the debtor side, the largest amount was for salaries, which amounted to \$2,840. On the credit side subscriptions received during the year amounted to \$2912.50. Donations from steamship vessels and other sources came to \$401.35, and a special subscription of \$120 allowed of the concrete sidewalk at the institute being completed.

### GREAT SUM SPENT TO BEAT RACING BILL

Over Quarter of a Million Used in Legal Expenses in the New York Fight.

NEW YORK, November 30.—Eight racing associations seeking to defeat anti-betting bills at Albany, contributed \$264,000 to the Jockey Club for legal expenses, according to M. Linn Bruce, counsel of the legislative graft investigating committee.

Victor A. Shaumburg, secretary of the Coney Island Jockey Club, the only "racing" witness, testified as to the club's legal expenses in 1908 (the year the anti-betting bill was passed) and gave a partial list of payments made, including, he swore, \$3000 to F. K. Johnston on November 28, 1908.

Johnston was at the time an Independence League member of the Association from New York. Asked what was the nature of Johnston's services the witness replied that he did not know.

As the witness was able to throw little light on the alleged payments, he was requested to ask F. K. Sturgis, treasurer of the Jockey Club, for a statement, and it is understood the latter will be called as a witness tomorrow.

### PRACTICE SOCCER ON TOMORROW

Kams and High School Alumni Will Meet at the Kam Field.

In order to get into condition for the league series, the Malles will go up against the Kam soccer team tomorrow afternoon at Kanehameha field, and an interesting game is sure to result.

The Kams have a strong school aggregation, and they have given the High School Alumni team some great practice recently. In the first game they were scored upon, but in the second neither side succeeded in scoring.

At the game tomorrow afternoon, which is scheduled for 4 o'clock, the following men will compose the teams:

Malles—W. Ballentyne, McGill, Bob Anderson, F. Ziegler, McNichol, Captain F. Bailey, Harry Bailey, Yeaman, George Dwight, C. Dickson, J. Podmore, J. Holt, Charlie Littlejohn, Melanphy and Nott.

Kams—Harold Godfrey, left end; Noah, left center; Kamalopili, center; Sam Hussey, right center; Walaleale, right end; Apau, left half; S. Bush, center half; H. Brandt, right half; Captain Ben Hussey, left full; Kalai, right full; Lujan, goal tender.

### BOX OF CIGARS BRINGS \$2,000 WITH HORSE

NEW YORK, Nov. 24.—A box of cigars sold for \$2000 last night at Madison Square garden. Senator Joseph W. Bailey of Texas sold them and John H. Schulte of Port Chester, N. Y., bought them. He offered \$3000, but the Senator was content to take \$2,000.

Schulte is a well known horse breeder who for years has made it an ironclad rule never to buy or sell except at public auction. His handsome black stallion Prince McKinney went to Senator Bailey last night at the "Old Glory" sale for \$1750, and the moment the hammer fell Schulte was sorry he had sold at the money.

"Senator," he said, "I'll give you \$3,000 for a box of cigars—if you'll throw in the horse."

The Senator refused to press his advantage and let the cigars go for \$2000, which was \$250 more than he had paid.

### HUGH MCINTOSH AFTER LANGFORD-JOHNSON GO

Joe Woodman, at Boston, manager of Sam Langford, is in receipt of a letter from Hugh McIntosh, the Australian boxing promoter, in which McIntosh offers to give Jack Johnson \$15,000 and expenses for his end of a fight with Langford, to take place in London during coronation week. McIntosh asks Woodman to make every possible effort to close the match with Johnson. In making the match, McIntosh requires that Johnson shall post \$150,000 to guarantee his appearance in London.

### DOTS AND DASHES.

Owen Moran, who defeated Battling Nelson recently in San Francisco, has left for the East and is reported to be going in for vaudeville. He may take a trip to England and make a round of the music hall circuit before returning for his expected match with Wolgast.

Tomorrow afternoon the Kams will play football again under the old rules, the juniors playing a picked team from the other grades, as on Thanksgiving Day. Neither side scored in the previous game, and tomorrow some scoring will surely be done.
