Road Boss Protests To Supervisors And Asks Investigation SAYS PAELE HELD OUT MONEY

Road Overseer J. H. Keanu of Koolaula has sworn to an affidavit and filed a protest with the County Clerk, to be brought up at the next meeting of the Board of Supervisors, declaring that Supervisor James K. Paele, of Koolaula, has discharged him from his position as road overseer and has held out ten dollars of his salary after Keanu had received for the full amount, \$50.

Keanu calls for a full investigation by the Board of the matter and wants to know whether Paele had any right to fire him.

According to the complaint there has been some trouble over a bridge in course of construction at Hauula, Koolaula. Keanu, as road overseer, duly appointed by the Board, caused certain cement work to be performed. Paele objected to the manner in which the work was done and ordered the partially completed bridge support destroyed and commenced over again.

Paele claimed that Keanu was incompetent and declared him discharged, appointing in his place James Kahuna.

Then, so Keanu claims, Paele sent down some cement to Kahuku for Keanu to get, without notifying Keanu that the cement was coming. Keanu knew nothing of the cement and when called to account for it by Paele could say nothing of its whereabouts, whereupon, says Keanu, Supervisor Paele, who had received from the County Treasurer money to pay off Koolaula laborers, to save their having to come to town to cash their little warrants, made Keanu receipt his warrant for \$50 and then handed him only \$10, stating that he would hold out the \$10 until Keanu could account for the cement.

If Keanu's charge that Paele has held out \$10 of his salary be true, the Supervisor has done that which he has no authority to do.

When Treasurer Trent, to save employees' discomfiting their warrants in the country districts, arranged to send the cash with the Supervisors—Archer in Ewa and Walanae, Cox in Wailua, and Paele in the Koolaula—he had it distinctly understood that each employee was to be paid the amount his warrant called for and money was to be paid directly and only to those specified by the individual warrants.

Treasurer Trent, seen today, stated that if the charge against Paele was correct, no matter what Paele had done in the matter, he, the Treasurer, was responsible for Keanu receiving the amount called for by his warrant and he would see that Mr. Keanu got his full salary, though, until the Board

had investigated the matter to determine the facts, he, the Treasurer, could not make any move. Mr. Trent, when he was informed of the Keanu-Paele matter, stated that he had, to accommodate County employees, sent down the cash by the Supervisors, to pay off laborers, many of the accounts being as low as \$1, all being for small amounts. Before, when the warrants were mailed to the men, they were discounted at stores.

Keanu came to town yesterday and called on Attorney Achi, telling his story and swearing to the statement that Paele had fired him and held out \$10 of his salary. The protest and call for investigation was duly directed to the Board of Supervisors and handed to County Clerk Kalanokalanani.

Mr. Kalanokalanani this morning stated that he could not give out the affidavit before the Board met, without the authorization of the Chairman.

Chairman Geo. W. Smith stated that he did not deem it proper that the affidavit be given out before the Board met.

Attorney Achi told Road Overseer Keanu that Supervisor Paele had no right or power to discharge him, that power lying solely in the Board, and advised him to go back to Koolaula, resume his duties as Road Overseer for that district and resist any attempt to displace him, awaiting the action of the Board. Keanu went.

The next meeting of the Board will be held some time this week, or Tuesday evening next at the latest, when the Keanu-Paele incident will be one of the main features of the deliberations.

MAUNA LOA ARRIVES

The steamer Mauna Loa arrived at 6:05 o'clock this morning from Maui, Kona and Kau ports with a large cargo of freight, including 2684 bags of sugar and a number of passengers. On outward voyage she experienced fair weather to Kau. During their stay there excellent weather was had.

On the return trip the sea was too rough to allow a landing at either Hoopuloa or Hookena. Good showers are reported along the islands. The Mauna Loa passed the steamer Kalanani in the channel at 11:45 last night.

Meet To Promote

Following is Secretary Wood's letter to the Hilo Board of Trade:

Nov. 14, 1905,
Secretary Board of Trade, Hilo, Hawaii, T. H.

Dear Sir:—My recent trip to Hilo again brought to mind the many attractions and advantages of the island of Hawaii and impressed upon me the great necessity for our getting more closely together.

As you doubtless know, the Hawaii Promotion Committee does not confine its work to Honolulu but as its stands for the development and improvement of the entire territory. We believe, however, that more effective work can be done if a chain of local promotion committees are formed to cooperate with what we hope you may look upon as the parent institution. Just as soon as it can be brought about, there should be a convention held to which would be accredited two or more delegates from each Promotion Committee. This would enable us to get better acquainted not only with each other but with the peculiar attractions and advantages offered by each district.

These meetings should be held quarterly, the first say at Honolulu, the next at Hilo, next at Wailuku and so on.

The transportation companies would undoubtedly favor delegates with special rates and I can guarantee half rates from Honolulu hotels to delegates and their wives.

The sessions could be made to cover at least a week, which would allow ample time for excursions to near-by points of interest.

The result would be that in a very short time Hawaii would have a large number of earnest, enthusiastic workers united in their efforts to help build up our beautiful country.

Hoping that the plan so briefly outlined may meet with your favorable consideration, I remain

Respectfully yours,
H. P. WOOD,
Secretary.

Does Not Favor Idea Of Merchants' Committee To Stop Inspection OFFICIALS OFTEN LOCATE DISEASE

Dr. L. E. Cofer, at the head of the Public Health and Marine Hospital Service here, does not favor the idea of the committee appointed by the Merchants' Association to look into the matter of bringing mail ashore before the health officials have finished their inspection and who, upon, investigation, have come to the conclusion that the easiest way to get around the proposition would be to have the quarantine order against vessels from the coast abolished. Dr. Cofer says that if the people will consider the number of cases of contagious diseases that have been discovered on board a number of boats from San Francisco owing to the inspection, and the sick people prevented from landing, they might look at the matter in a different light. Particularly in the steerage is disease of any character apt to break out at any time.

Admitting that the mail could be brought ashore from the ships and time saved in this manner the doctor thinks it would be better to keep up the regulations as they are now in force. There are many kinds of people on all heavily crowded boats from San Francisco and there is no telling where they have been before starting on the voyage. In a number of instances scarlet fever cases and other diseases equally as dangerous to public health have been found on board ships by the health officials and the people of Honolulu prevented from being exposed by the prompt action of the surgeons in charge of the service. Dr. Cofer agrees with the committee that time could be saved by vessels landing but at the same time there would be danger of persons in almost any diseased condition entering this port and causing perhaps a contagious disease to be started.

Crushed By Heavy Machinery

Almost without any warning whatever a 9-ton sugar mill roller slipped from its braces shortly before noon today and crushed the life out of Kahula, a Hawaiian, for twenty years an employee of the Honolulu Iron Works. Kahula was one of a gang of men who had been moving the immense piece of iron. At the time of the accident Kahula was under the roller endeavoring to place a jack in its proper place. As he lay flat on the ground with his body and head against the heavy roller, something went wrong suddenly, the weight slipped and the life was crushed out of the man before the other workmen realized what had happened. Kahula's brother, another employee of the foundry, was one of the party in the gang at the time and saw his relative as he breathed his last. Kahula's skull was crushed between the ground and the iron and his back broken in a number of places. In fact many bones all over his body were broken and mashed by the weight of the roller as it held him pinioned to

the ground. As soon as possible a derick was secured and the roller raised by willing hands, but life in the injured man was extinct before his fellow workmen could be of any assistance. A coroner's inquest was held, deciding that the death was accidental. The body was taken to the morgue.

Kahula was 53 years of age and had been working for the Honolulu Iron Works over twenty years. He lived in the Kaulawela district. Kahula is survived by a wife and four children.

BIG COLLECTIONS BY TAX OFFICE

Tax Assessor Holt stated this afternoon that the collections of his office from November 1 until last night, for Honolulu alone, had amounted to \$310,000. He expected that the amount received today and tomorrow would amount to about the same figure, and that the collections from the outside Oahu districts would reach a total of about \$200,000.

Holt calls attention to the fact that besides the 10 per cent penalty, which will be added to all property, specific and income taxes after tomorrow, a ten per cent interest, and in the case of the income tax 12 per cent, will be added to those taxes after January 15, 1906.

SOLDIERS ASHORE

Soldiers aboard the Sherman were allowed to come ashore this afternoon after being penned up on the boat for more than seven days and are enjoying themselves by walking about town. At first it was stated today that the privates would not be allowed ashore because of the quarantine regulations. Many of them attended the football game this afternoon.

At 1:30 all restrictions were removed and everybody was allowed ashore.

NEW YORK LIFE AFFAIR RESUMED

Tomorrow is the day set for the investigation of the New York Life Insurance Company by the Insurance Commissioner. The matter arose from the reported destruction of John Ewa's life insurance policy. Ewa wanted to raise a loan on his policy. He was given a new policy with a greater loan value than his old one, which the New York Life officials in New York then reported they had destroyed. The matter was taken in hand by the Hawaiian Trust Co., who handle Ewa's affairs. It wanted to see the old policy to compare it with the new one. The New York Life, it said, had no right to destroy the old policy. The New York Life replied that the new policy was exactly the same as the old one, with the exception that it had a greater loan value, so that it was really more advantageous than the old one. The Hawaiian Trust Co. took the position of the man from Missouri—it wanted to be shown.

The matter was brought before the Insurance Commissioner and an investigation is being held.

Ewa May Take Tax Question To U. S. Supreme Court WILL PAY THIS YEAR AND APPEAL LATER

The directors of Ewa plantation met in the offices of Castle & Cooke this forenoon to discuss the decision of the Supreme Court, rendered yesterday, in regard to the assessment of taxes of the Oahu Railway and Land Co., affirming the decision of the Tax Appeal Court, which sustained an assessment of \$300,000 on the interest of the railroad (appellant) in a certain lease to Ewa Plantation Co., the Ewa directors considering the advisability of taking the questions involved to the United States Courts, possibly to the Circuit Court of Appeals, California. The directors of Ewa plantation met decided claimed that the 14th amendment to the Constitution of the United States was violated. The O. R. & L. Co. leased a large tract of land from the Campbell estate and subleased a portion of same to the Ewa Plantation Co. The Campbell estate was assessed for its interest in the lease to the O. R. & L. Co., the Ewa Plantation Co. was assessed as an enterprise for profit, which included its interest in the sublease, and the O. R. & L. Co. was assessed for its interest in the sublease. The court held that each interest was assessed according to law.

WEEKLY CROP REPORT

DRIER CONDITIONS HAVE PREVAILED THAN HERETOFORE

HARVESTING OF SECOND CROP RICE AND COFFEE PICKING CONTINUE—YOUNG CANE ADVANCING.

Local Office, U. S. Weather Bureau,
Honolulu, T. H., November 13,
1905.

GENERAL SUMMARY.
The past week has been character-
ized by moderately warm and sunny
days and quite cool nights, with light
variable winds. Considerably drier
conditions have prevailed than here-
tofore, the rainfall of importance be-
ing confined chiefly to western and
southern Hawaii, extreme eastern
Maui, the Koolupoko district of Oahu
and the northern districts of Kauai.
Abundant showers have also fallen in
the vicinity of Lihue, Kauai.

Conditions have been generally favor-
able for the advancement of young
cane and the ripening of 1906 crop
cane. In windward Hawaii, fair and
sunny days have been most beneficial
drying out the soil and permitting the
resumption of weeding and other field
operations. In the Kau district of Ha-
waii, the condition of cane has been
materially improved by a continuance
of showery weather. Shortage of water
is complained of in portions of Kauai.
The work of setting out young pineap-
ple plants is being pushed forward
rapidly in the Wahiawa district of
Oahu, and will be completed in a week
or two. Young pineapple plants are
reported generally as in good condi-
tion, and scattering fruit of the winter
crop is being harvested, although the
bulk of this crop will not mature for
several weeks yet. A fine crop is
promised. Harvesting of second crop
rice and the picking of coffee continue,
indications pointing toward good
yields. Leeward pastures need rain.

It seems that a large share of the Norwegians favoring a Republic have moved to the States.

If the Elks is a peculiarly American institution, there's no doubt of Hawaii being properly annexed.

The town knockers can be thanked for the limited shore leave given passengers of transports and the regular liners when in port.

San Francisco is not forgetting that there is a sugar war on between the Spreckels interests and the Hawaiian operators of the Crockett refinery.

There is a marked difference between the true representation of what H. E. Cooper told the Boston Herald and the romance that appeared in the Boston Transcript.

With King Alfonso in Vienna and King George in London the season of royalty visitation may be said to be active, though not suggestive of new policies of especial interest.

Promise of the life insurance philanthropists that they will pay the money back sounds like what usually comes from public officers found short in their accounts. Not being philanthropists they usually spend a term in jail.

A Chicago paper says that the freedom of Polish Russia will result in an exodus of 25,000 Poles from Chicago to their old home. Certain sections of Chicago citizens may therefore join enthusiastically in the prayer that Poland shall be free.

The night before election William R. Hearst was routed out of bed at 2 o'clock in order that he might satisfy an assembly of Hebrews with a statement of his views. The path of the candidate in this year of Our Lord is a lively one and leads through curious experiences.

One of the indications of "nothing doing in Manila" is a long editorial in one of its dailies on the complaint that the papers of that city have no news. The gist of the paper's opinion is that the stories would be told if there were anything to tell. The fatherly admonition is given the citizens of Manila to wake up and do something.

ALL HAWAII PROMOTERS

Secretary Wood's plan of enlisting the people of every island community in promotion work for their district and the Territory as a whole is one of the ever-increasing evidences of what broad-minded men do when put in charge—unify and interest all the people.

To any man of average ambition and breadth of business vision it is not sufficient that Honolulu should be the sole worker for the advancement of the Territory. Honolulu is the natural center of Hawaii's activities. That's no reason why the live men of Hawaii, Maui and Kauai should not join forces and put some effort into spreading abroad a better knowledge of the

beauties and attraction of their immediate surroundings.

Outside islands have been inclined to complain that Honolulu "hogs it all" and gets all the good things. There ought to be an end of this spirit, choked off by a steadily increasing combination of all sections to work for the islands as a whole.

Crankers may say, it can't be done. Men worth while, will get in and do it.

THE PENNSYLVANIA GRAFT

Discoveries of grafters among philanthropists have been coming so thick and fast these days that the unearthing of facts long sought in connection with real old-fashioned grafters has at times been lost to special notice.

The exposures resulting from the failure of the Enterprise bank of Pennsylvania have merely been touched upon in telegraphic dispatches. Yet the history of this banking institution and its connection with the politics of the State, Nation and the Territory of New Mexico is one of the blackest records that has ever disgraced the country.

The Enterprise bank, conducted by a cashier anxious to make money at any price, became the tool of Pennsylvania politicians of the Quay ring in consequence of these men securing for the bank deposits of State funds amounting to over a million dollars. This State favoritism had its price. The politicians immediately applied for large loans, which were granted by the accommodating cashier.

Fourthly "Bull" Andrews, a powerful henchman of Senator Quay, and political associates went into New Mexico, built a railroad, and became interested in mines, besides taking a leading hand in politics. It was hoped to unload the railway on one of the great transcontinental systems. It was also planned to bring New Mexico into the Union as a State, control the Legislature and put "Bull" Andrews into the United States Senate.

Senator Quay was one of the leading factors in the miserable game, and the earnestness with which he attempted to carry out his part is recalled by those who remember that he "held up" the United States Congress by his threat to filibuster till the Statehood bill was passed. A compromise was finally reached with him through the promise that the Statehood bill should be the first on the list at the next session.

tion. The next session never came for Quay, death intervening to check his share in the vicious trade.

Andrews, however, working with the prestige of Pennsylvania State funds back of him, succeeded in securing election as Delegate to Congress from New Mexico. And Quay died with a message from the President sent to his family saying "He was my friend."

Meanwhile the failure of the transcontinental railway to purchase the New Mexico road at the promoters' figures put the Enterprise bank with its accommodating cashier in serious straits. Those whom he accommodated were unable or refused to come to his assistance. It was a clear case of prison or suicide. He took suicide.

The exposure following this suicide is one of the reasons why the "organization" forces of Quay's once invincible Pennsylvania machine were unable to secure any men of national prominence to assist them in their recent State campaign. The end is not in sight.

The trail of corruption and dishonesty has been a long one, but its end is like the squirrel track—up a tree—and the experience in Pennsylvania proves that even in these days honesty is the best policy, though the people may be slow to arouse themselves to an interest in what grafters are doing with their affairs.

EWA MAY TAKE TAX

and that the assessment of the O. R. & L. Co.'s interest in the sublease to the E. P. Co. was not illegal and void, and was not in violation of the fourteenth amendment of the U. S. Constitution.

Reference was made in the decision of yesterday to the decision on the O. R. & L. Co.'s assessment last year as authority for the present decision, the court declaring that the appellant's contention "is not true" which represented that, in last year's decision, "the court failed to apprehend or consider" the point that the assessment of \$240,000, for that year, there sustained was void since the property in question was a separate item and should be separately assessed. "All contentions that are now made by the taxpayer," the opinion states, "except as to the increase of \$60,000, were made, considered, passed upon and decided by this court in that case adversely to the taxpayer."

W. A. Bowen, treasurer of Castle & Cooke, agents for Ewa Plantation Co., stated this afternoon that the directors at this morning's meeting decided to pay Ewa's taxes as assessed this year, deferring an appeal to the Federal courts on the Constitutional point to some future occasion.

This morning's meeting of directors was private and attended by attorneys. The constitutional question involved may be taken to the U. S. Supreme Court.

SHERMAN DOCKS WITH UNUSUAL CROWD FOR PHILIPPINES

Amid the playing of the Fifteenth Infantry band en route to the Philippines and a crowd of Honolulu people on the dock the transport Sherman from San Francisco steamed into port this morning after a somewhat rough voyage from the coast. She brought 108 sacks of mail for Honolulu, two passengers and some cold storage perishable supplies for the naval headquarters. Two troops of the Fourth Cavalry are aboard besides the Fifteenth Infantry. They will be stationed at Camp Kethley, P. I.

The Sherman is crowded with cabin passengers, there being nearly 200 of them. Just before the boat left San Francisco it was necessary to cancel the transportation of twenty surgeons who were aboard and all prepared for the voyage. Temporary sleeping quarters had to be rigged up for a number of the officers. None of the privates were allowed ashore here, and no one is permitted to go aboard except officers and their families. The Sherman is taking on 600 tons of coal and will leave for the Philippines at noon tomorrow.

Lieutenant-Colonel Arthur Williams is in command. Shortly before the troops left the Coast Col. H. C. Ward was put on the retired list. Col. George Andrews, military secretary of the Philippine division, is one of the passengers.

The Sherman brought two days later mail, having left November 6, two days after the Siberia.

BARK PAUL ISENBERG IN DISTRESS AT FAIKLAND ISLANDS

News that the German bark Paul Isenberg, Captain Janssen, owned by H. Hackf. & Co. of Honolulu, had put into port in distress at Falkland Islands, was received by the company this morning. The Isenberg is 107 days out from Bremen and is carrying a full cargo of general merchandise for this port. The cablegram gave no details of the accident and the company does not know to what extent the Isenberg has been damaged or in what manner. The cargo as well as the vessel is fully insured.

Tiring of life because he had been suffering with a severe cold for several weeks Chung o, a Chinese cook, living in Aala Lane, attempted to take his life last night by sticking himself in the throat with a pen knife. All night long he lay on the bed waiting for death to overtake him, when this morning he was discovered in a pool of blood by a cousin. The despondent man was taken to the Japanese Hospital and he will probably recover.

High Sheriff Henry has received news that a Korean prisoner escaped from the Honolulu jail. After being at large a few days he was caught in Kohala. He is now lodged in the Hilo jail.

The dredger Reclamation broke down Sunday and is undergoing repairs. The shut-down was necessary by the breaking of some of the parts of one of the engines.

The Hawaiian Trust Co. has been deeded a registered title to a lot and building on Alakea street, valued at \$5,500. The property is situated near the library.

THE QUEEN'S HOSPITAL PAY PATIENT DEPARTMENT

THE QUEEN'S HOSPITAL PAY PATIENT DEPARTMENT offers superior accommodations and attendance for pay patients. The recent "Pauali Anani" addition to the Hospital with its modernly equipped Operating Room, Sterilizing, Anesthetic and Bathrooms, also portable bath, afford an up-to-date service in every respect, with Resident Physician, staff of trained Nurses, &c., also an Elevator Service. The following are the rates: Private Rooms \$2.50 to \$3.50 per diem. Practicing Physicians are invited to place patients in private rooms, such patients to remain under the care of their own Physician, subject to the Rules of the Hospital; such patients will, however, have to pay their own Doctor.

Applicants for admission to the Hospital must furnish the Superintendent a surety for Hospital charges, or else pay two weeks in advance, which must be renewed every week thereafter. In Surgical cases a charge of from \$5.00 to \$15.00 is made for use of Operating Room and materials. Surgeons are invited to use the Operating Room of the Hospital under the above specified rates, and arrangements for hours can be made with the Superintendent.

Persons desiring admission to the Hospital should apply to the Superintendent, on the premises, Punchbowl and Miller Streets.

For further information or reference apply to the Superintendent or Resident Physician at the Hospital, GEO. W. SMITH, ESQ., Secretary (Benson, Smith & Co.); or E. J. BISHOP, Treasurer (C. Brewer & Co.).

COAST PEOPLE ARE WATCHING OUR WAR ON SUGAR

The Examiner of November 6 says: The arrival of Max Lorenz at the St. Francis Hotel lends additional interest to the impending sugar fight between Spreckels' Western Sugar Refinery and the independent plantations of Hawaii, which are represented by the Sugar Factors Company of Honolulu. The latter some months ago bought for \$2,000,000, a controlling interest in the Crockett refinery across the bay in Contra Costa county, so as to be able to fight the Spreckels combine.

Lorenz has been sent here from Honolulu to be superintendent of that establishment and he will proceed to get things in shape to open it on March 1, 1906. George M. Rolph is to be business manager of the refinery. The latter has been closed for a little over two years owing to an agreement with the Spreckels people. That agreement will end on the last day of next February. Spreckels has been paying \$200,000 a year to keep the place closed.

The Spreckels people have heretofore demanded of the Hawaiian planters, and have received a discount of three-eighths cents a pound, equal to \$7.50 a ton of sugar less than the New York market price.

As the amount of Hawaiian sugar sold on the Coast equals 150,000 tons a year, this has meant an annual tribute paid by the Hawaiian planters to the Spreckels people of \$1,225,000. For this the Hawaiian planters have received nothing. They have paid it simply because it was demanded, and they were not in a position where they could protect themselves against extortion. It is this enforced tribute more than any other cause that has led to the creation of the Sugar Factors company, with the fight now on the tapis.

The Sugar Factors Company controls \$40,000 of the 400,000 tons of the annual sugar crop of Hawaii and has renewed for three years its contract with Eastern refiners to dispose of the crop, with the provision of being allowed to refine up to 150,000 tons on this coast. This large control of the Hawaiian crop will force the Spreckels people to buy raw sugar in Java and elsewhere.

NEW YORK LIFE AFFAIR RESUMED

(Continued from Page 1.)
litigation started, in which Deputy Attorney General Prosser and representatives of the Hawaiian Trust Co. and the Henry Waterhouse Trust Co., which is the local representative of the New York Life Company. The investigation was, however, hung up on account of the absence of the original policy, which, if it still existed, would be in New York, together with other papers regarding the matter, which the Henry Waterhouse Trust Co. people wanted to produce. As a consequence the investigation was continued until tomorrow in order that time could be had to procure the documents from New York.

Treasurer Campbell, who is also Insurance Commissioner, was seen this morning. He was at the time in consultation with Mr. Mariner, who handles the insurance business of the Hawaiian Trust Co. Campbell said that the investigation would be resumed tomorrow at 2 p. m., but gave no information beyond this.

Zeno K. Myers of the Hawaiian Trust Co., when seen, referred the reporter to S. M. Ballou, the company's attorney, who was present in the office. Ballou stated that he had nothing to say with regard to the matter beyond that it would be taken up tomorrow. When asked if the original policy or other papers relating to the affair had been procured, Ballou said that he had seen nothing of the original policy but had some other documents which he would produce tomorrow.

Mr. Wickett, the local agent of the New York Life, stated that he had not received the policy or any other papers relating to the matter from the New York head office, although he had written for them. He expected that they might come later. Wickett did not

SILVA AND RAGGAS ON STAND ACCUSE EACH OTHER

The postoffice order forgery case of Julio Silva and Pasco Raggas continued before Judge Dole this forenoon. Early in the session District Attorney Breckons closed the case of the prosecution. Silva's attorney, Olsen, and Raggas' counsel, W. W. Thayer, both moved strenuously for a directed verdict for the defendants on the grounds that it had not been shown which of the two defendants was the guilty party, and also that while it might have been shown that they were guilty of uttering a forgery it had not been shown that they had committed the actual forgery. After considerable argument the motion was denied.

Pasco Raggas took the stand. He said that on April 8 he was a prisoner at the police station. Silva, who was a special police officer, came to him and took him to the postoffice, where he showed a paper and collected some money. Raggas knew nothing about the contents of the paper. He did not sign it.

Raggas was cross-examined by both Breckons and Olsen. It was brought out that he had \$19 more in his clothes when he left the station than he had when he entered, but Raggas said that the coin had been overlooked in the search.

Silva took the stand, saying that Raggas had told him he had a registered letter awaiting him at the postoffice. Silva took him to the postoffice and identified him as Ricardo Rivera, under which name he had known him for several years, and to which the letter was addressed. The letter contained a money order to Riviera. This Raggas signed in that name. Silva identified him and the money was collected by Raggas.

WHAT KILLED THE BEAR OR, THE FIRE THAT DIDN'T

Editor Evening Bulletin:—Inclosed you will find an article clipped from the last issue of the Maui News, which I wish to state is incorrect in regard to who assisted me to extinguish the fire in the Knights of Pythias building.

For the last week I have been at work (alone) installing an acetylene gas plant in the Knights of Pythias building, and last Monday morning, while at work in the attic, which is quite dark, and owing to the darkness, I was using a large B. and H. oil lamp (to light the attic), which was hanging on a nail driven into a rafter; burned the wood around the nail and fell to the ceiling and in doing so the oil became ignited and after burning my hand slightly succeeded in throwing the lamp out onto the iron roof. After doing so I ran downstairs to the Maui Wine and Liquor Co.'s store, and got some bags, at the same time telling Mr. D. L. Meyers that there was a fire in the attic and with the bags ran upstairs and succeeded in beating the fire out before Mr. Meyers or anyone else had time to come to my assistance; and by the time the fire company arrived it was all over and I was sitting on the roof enjoying a little fresh air, which was well earned.

I don't see why my friend who wrote the article in the Maui News should give Mr. Meyers or the fire company any credit for putting the fire out. I caused the fire and through my efforts alone put it out. Of course I appreciate the fire company's prompt response to the alarm and thank them for the services which they would have rendered had the fire got beyond my control. And as this was the first time that the fire company had a drill since being organized by law last July, I think that it did them some good.

There was no damage done to the building or contents.

Sincerely yours,
S. B. HARRY.

PINEAPPLE CROP

NEXT YEAR

WILL BE IMMENSE

It is estimated that the pineapple crop for next year will amount to about 90,000 cases, in canned goods; the Wahluwa 1906 output will be about 60,000 cases, about double that of last year.

Plantations are being started on a big scale on other islands. Mr. White, of Cleveland, O., being one of the most recent to go into the business. One large pineapple grower favors a central agency for pineapple growers, through which the fruit may be bought and supplied, believing this the only way to keep up prices, and properly disposing of the crop to the mainland. He thinks that if planters act independently they will hurt each other.

LIEUTENANT U. S. GRANT 3D.

Lieutenant Grant, who is one of the military attaches at the White House, is a son of Brigadier General Frederick Dent Grant and a grandson of General U. S. Grant. He is a graduate of West Point and as a student stood very high in his class. He is called U. S. Grant 3d because his uncle, U. S. Grant 2d, is still living.

Elk's Ladies' Night In Roof Garden Grand Social Success DANCING AND SPECIAL FEATURES

Honolulu's "hanging gardens" were last night alight, alive and aluring with rainbow electric lights, twinkling feet and the merriment of the brave and beautiful who congregated above the city's head in the Alexander Young building roof garden, at the invitation of the B. P. O. E., the Best People on Earth, or, to be exact, the Benevolent and Protective Order of Elks, Honolulu Lodge, No. 616, giving a "Ladies' Night" to the great delight of those whose presence made the gay scene possible.

Moonlight shed its charm over all. The night was perfect and the weather played its part in making the social session an immense success.

This was the Elks' first grand social session for the fair ones and the local lodge, with its 250 members, grown to its present vigor in but a very few years, is to be congratulated on the manner of its management, the method of its entertainment, the style of its joyous function and the brilliance of its success.

The committee on arrangements was composed of the following Elks: G. W. R. King, Dr. C. B. Cooper, Marston Campbell, F. E. Richardson, W. H. Simpson, Geo. H. Angus.

Reception Committee—Geo. T. Kluegel, R. C. Stackable, F. L. Winter, Nelson Lansing.
Floor Committee—S. A. Walker, J. O. McInerney, C. A. Mackintosh.
Officers of Honolulu Lodge, No. 616, B. P. O. E.—Geo. H. Angus, E. R.; Harry E. Murray, E. L. K.; Thos. E. Wall, E. L. K.; C. A. Musgrave, E. L. K.; H. H. Simpson, Secretary; W. T. Lucas, Treasurer; G. T. Kluegel, Esquire; E. E. Hartman, Tyler; Rev. A. Mackintosh, Chaplain; W. P. Penzel, Inner Guard.

Trustees—F. E. Richardson, F. E. Thompson, Norman Watkins.
Last night the Elks owned the roof garden. Not until long after midnight did dancing in the ball rooms at either end of the long roof cease its rhythmic sound. Some charming gowns adorned beauty, made a fascinating kaleidoscope in the happy flurry of the swinging, tripping, whirling on the polished floors, while up and down the miniature palm avenues of the house-top Paradise there thronged gay men and charming women.

The Elk's head, circled by electric lights, ornamented the outside wall of the lower pavilion. Flags of the nation and the Territory and the purple pennant of the lodge decorated the bright interiors.

At 8:30 commenced a program in the makai ball room, musical and literary in its numbers. Exalted Ruler George Angus announcing the events.

The Nainoa Quintet played "Tammany," followed by a baritone solo by M. H. Webb. Mrs. C. B. Cooper was splendid in a soprano solo. Following, H. F. Wichman sang a tenor solo in an excellent manner. Mrs. Noah W. Gray made her initial bow to a Honolulu audience and entertained with a piano solo. Mrs. Gray, an expert and very clever with the piano, was given hearty applause. Bruce Hartman, several recitations, certainly deserved

all the enthusiastic compliments he received. He was especially clever in his Hawaiian stump speech, supposedly rendered in Hawaiian, although Mr. Hartman knows no more than half a dozen native words. The soprano solo of Mrs. Ranney Scott was a source of much pleasure to the audience.

Robert White ended the program with a tenor solo, received with manifest appreciation.

When the ball rooms were cleared for dancing a quintet club was stationed in each. Refreshing lemonade was served during the evening.

As the church bells rang out eleven, all lights were extinguished, except the rows of red lamps, and Hugo Herzer could be heard singing the Elks' toast to "absent brothers," concluding with "Auld Lang Syne." A song was slowly struck eleven times during the singing of the refrain. The silence that followed was in its impressiveness indicative of the appreciation of the hundreds on the roof.

Then the lights flashed again and dancing was resumed.

The magnificent array of varicolored electric lights which added so much to the beauty of the scene was arranged by Theodore Hoffman.

After 11 o'clock supper was served on the roof.

WHOLESALE FUN AT ORPHEUM LAST NIGHT

"All the Comfort of Home" at the Orpheum last night, a rollicking play full of delightfully surprising situations and bubbling over with fun and merriment, was presented to a crowded house by Richard Buhler's players, all of whom entered into the spirit of the production with a vim and effectiveness that brought forth continued applause. This jolly play is to be repeated tonight and is sure to draw a great crowd.

Richard Buhler's powers are seen in a light much different than in the first night's production. He is as versatile as he is forceful in his manner of entertaining. Lillian Hayward, as an actress needing the "needful" and embracing the opportunity offered by an easy "angel," is all the part calls for and charming into the bargain. William Gleason, who has a jealous wife and is the "angel," is in all ways perfect and supplied merriment wholesale. The company is strong throughout and all deserve the applause they have received from the start.

King Edward likes nothing better than a game of bridge, but he is very much opposed to high play. One of the most fashionable clubs in St. James' street has been gaining rather an unenviable reputation lately, and only the other day a foreign prince lost £10,000 at a single sitting. His Majesty was so much annoyed at the occurrence that he had a letter written to the committee advising that the stakes should be lowered for the future.

SPORTS

VALUABLE GOLF TROPHY

J. G. Rothwell, of Peacock & Co., has come forward with a proposition that will highly interest all golfers in Hawaii. It is Mr. Rothwell's idea to hang up a prize in the shape of a cup that will surpass anything of the kind that has ever been offered for golf in this country. The cup will be made to order and will cost considerable money.

Mr. Rothwell is an enthusiastic golfer and willing to do all in his power to promote the ancient game in these islands.

When seen on the subject Mr. Rothwell had the following to say: "I am going to hang up a cup that will be the bone of contention between all the players and clubs on the island. The cup will be known as the 'White Rock Cup,' and will be a handsome article. It is my idea to have this prize contested for monthly on each course. That would mean a tournament at Manoa, Haleiwa and Moanalua every three months. In this way each club would have a chance on their home links and give all an equal chance to win. The person winning the cup three times to come in possession of it for good. I am perfectly willing to turn over the cup to the three clubs so that they can make their own arrangements."

All golfers will welcome Mr. Rothwell's kind offer. It will stimulate golf and cause a rivalry amongst the players that will arouse interest and improve the play.

The cup will be sent for at once and the first match for this valuable prize will probably be played for in January.

MAILES MEET SOLDIERS

There will be a fierce struggle at football at 4 o'clock this afternoon between the Mailes and the Fifteenth Infantry. The game will be played at the baseball park.

The soldiers come with a good reputation, having defeated Stanford's second team 23-0. This team averages 185 pounds to the man and the line-up contains many vets.

The Mailes have a long list of men and will probably play them all.

The line-up is as follows:

Mailes.	C	Infantry
Buckle—Kauhanu	Bates	
L. G. R.		
Richardson-Ayres	Gorman	
R. G. L.		
Duisenberg-Enos	Anderson

YACHT HAWAII WINS RACE

The following word comes from Lahaina in regard to the race between the Hawaii and La Paloma:

Lahaina, Nov. 12.—The Yacht Hawaii arrived at 1 p. m. today. La Paloma was off port at 8 p. m.
The La Paloma, with Clarence Macfarlane and ex-Commodore Hobron aboard, and the Hawaii, with O. Sorenson, A. W. T. Bottomley, Leslie Scott, L. A. Thurston and C. C. Krumpholtz aboard, left Honolulu at 8:30 p. m. on Saturday for a cruise to Lahaina. From there the yachts go to Molokai and Kahoolawe, returning to Honolulu tomorrow or Thursday.

Hell Is Eliminated From Football Songs

Ann Arbor, Mich., Oct. 29.—No more will the boastful and care-free Michigan rooster, while his team is battling with other universities, yell "We'll all have a hell of a time when Michigan rips 'em up." He is forbidden to sing that in public by a new rule of the Athletic Association. The prohibitive order has President Angell's approval. Addressing a mass meeting of 4000 students held before the Drake game "silver-throated" Bob Parker said that the sentiment against certain songs and yells containing profanity was growing stronger every day, and that President Angell had hinted it would be the right thing to eliminate them from the list of jubilant cries given utterance at football games. With this ruling there passes into disuse Michigan's most popular rooting song, "When Michigan Rips 'Em Up Again," and another almost as popular:
Sing a song of Michigan,
The yellow and the blue.
Sing a song of Michigan,

Harriman And Hill Railway Enemies

New York, October 24.—The Wall-street Journal says: There is no truce between E. H. Harriman and J. J. Hill. They will each separately fight out their railway destinies in the Northwest. They are bound by no law, written or unwritten, with regard to the invasion of territory.

The Burlington will build into Salt Lake. It will be a parallel and competing line to the Union Pacific, being closely alongside it from end to end—from Omaha to Salt Lake City. J. J. Hill will come into Portland and fight for every ton of freight that crosses the northern half of the continent.

The Harriman railways now hold San Francisco safe, as the Hill railways hold Seattle. How long it will be before Hill's ambition carries him to San Francisco or Harriman's ambition carries him to Seattle no one can say. Perhaps the Burlington extension is based upon an understanding with the Western Pacific. At any rate, it is a fact that the Hill railway will enter Salt Lake City, if pushed onward now, at about the moment when the Western Pacific will complete the last link in the Salt Lake-San Francisco line. Harriman and Gould are railway enemies. Hill and Gould have never met in competition worthy the name.

Huntington, W. Va., Oct. 22.—Col. William Simms, a stock dealer, fell dead in the Little Queen Club rooms this evening while playing poker. The stakes were big and Simms had been winning steadily. At 8 o'clock there was several hundred dollars worth of chips on the table before cards were drawn.

When the dealer helped hands, Simms drew one card, and, after looking at it, gave a gasp and fell back dead. It was found that he clutched in his fingers a royal flush, having the ace, king, queen, jack and ten of diamonds.

Physicians, after an examination, said Colonel Simms had died from excitement.

GO IS INAUGURAL

NEW WAILUKU ARMORY IS APPROPRIATELY DEDICATED

BALL NETTED \$75. FOR THE COMPANY—MEN EXPECT MORE COIN WILL COME LATER.

(Special to The Bulletin)

Wailuku, Maui, Nov. 15.—The inaugural ball given last Saturday evening by the officers and enlisted members of Company "I" First Regiment, National Guard of Hawaii, at their new armory, was fairly well attended in spite of the inclement weather. The new hall, 80x60 feet with walls 20 feet high, was decorated with mountain evergreens and presented a very attractive appearance. The floor was exceptionally fine for dance. No other hall on Maui possesses better facilities for dancing. The members of the company being mostly Hawaiian. Among those present were Mr. and Mrs. L. M. Baldwin, and Messrs. C. D. Luffkin, W. T. Taylor, D. T. Carey, Mrs. Geo. Weight, Mr. and Mrs. E. H. Hart, Mr. and Mrs. W. T. Robinson, Mr. and Mrs. J. Garcia, First Lieut. and Mrs. S. Kellin, Captain and Mrs. W. E. Bal, Mrs. E. Jackson, T. B. Lyons, and many other prominent Hawaiians.

The doors were opened at 8 o'clock and it was after midnight that the last of the dancers left the hall for their homes, and even at that hour some were even heard to murmur, but the sanctity of the Sabbath had to be preserved. Light refreshments and "Lemon" punch prepared by T. B. Lyons were served during the evening. The ball realized about \$75, which amount Captain Bal says will all go towards paying the expenses.

The boys of Company "I" had expected to earn enough money above expenses to pay for much needed furniture for the armory, but their anticipations have not been realized. Company "I" has proved its worth to this community by the excellent stand taken during the Lahaina riot of several months ago. To be sure forty poorly armed men are but playthings to brave determined men like the Japanese, but their appearance on the spot at the hour of need gave the citizens of Lahaina some assurances of their safety until reinforcements were obtained from Honolulu.

Company "I" has never received its due share of recognition for its services, but the boys are chivalrous enough not to expect any as they but responded to the call of duty. It is sometimes most disheartening to Captain Bal and his officers to hear unkind remarks from the lips of reckless persons as to the personnel of his corps, but even the Kaiser's and King Edward's highly trained armies do not escape the venomous tongues of unbalanced individuals. Captain Bal feels satisfied with the results of last Saturday's entertainment, for he has received many very complimentary remarks from friends, and that is above any monetary considerations.

PROMOTION AGENCIES FOR ALL THE ISLANDS

Secretary H. P. Wood of the Hawaii Promotion Committee advocates promotion committees on all the large islands of the group and is addressing prominent men in Hilo, Wailuku and other towns, asking that they bring the matter to the attention of citizens. The Board of Trade of Hilo will be asked to designate a committee to be known as the Hilo Promotion Committee to attract tourists to the Big Island.

Mr. Wood has written Mr. Luffkin, the Wailuku banker, suggesting that the citizens of that town get together on the proposition.

WANT KEPOIKAI

(Special to The Bulletin)

Wailuku, Maui, Nov. 13.—Judge A. N. Kepoikai received another message this afternoon from Chief Justice Frear requesting him to go to Kauai to hear certain term matters in which Judge Hardy is disqualified. Judge Kepoikai will leave here Wednesday per steamer Claudine. The citizens of Kauai will no doubt make this, the first visit of Judge Kepoikai to the dominion of Kaunuu, pleasurable both judicially and socially, for the judge at home has few peers and is superior as an entertainer.

BAZAAR AT WAILUKU

(Special to The Bulletin)

Wailuku, Nov. 13.—The Ladies' Guild of the Church of the Good Shepherd, Wailuku, will give a bazaar at the Knights of Pythias hall on Saturday evening, 18th inst., for the benefit of the church. The ladies have been very busy during the past few months preparing articles which will be placed on sale Saturday evening. Some of the things sent from Honolulu for the fair are exceptionally fine and will no doubt realize fair prices.

The Chicken as a Pet

To one fond of birds, the pleasures of chicken raising are most seductive. The chicken in its youth is perhaps a trifle ethereal in its lines of beauty, but as it grows into a buxom hen it takes to itself a comeliness which we admire—when cooked.

To become a chicken farmer you need a back yard, an old barrel, a roll of wire netting. We have the netting as well as about everything else in the line of Poultry Sundries.

TAKADA MURDER TRIAL IS BEGUN

The trial of the first murder case of the present term, that of a Japanese, named Takada, who is alleged to have killed a fellow countryman at Kahuku a year ago, began before Judge Lindsay this morning. The crime is said by the prosecuting officers to have been an extremely cold-blooded one. Takada is said to have gone to the house of another Japanese whom he called names and hit with a bottle. He then left but returned about fifteen minutes later. The victim was standing at a water tap washing the blood from the wound which had been inflicted by the bottle. Takada went up to him and stabbed him in the back with a knife, killing him.

A peculiar feature of the trial is that all the principal ones concerned are now confronted with their first murder case. This is Judge Lindsay's first murder trial since he mounted the Circuit bench. Deputy Attorney General Fleming, who is conducting the prosecution has never handled a murder case before. He is assisted by Criminalist Chester A. Doyle. Finally the defendants attorneys, Perry and Middleitch, who were appointed to the defense by Judge De Bolt, are having their first experience with a murder case.

The trial did not make much headway this morning. The following panel of jurors was returned by Deputy Sheriff Kakaleia: Jules Levy, L. K. Sheldon, Zeno K. Myers, Jos. C. Denney, J. W. Podmore, E. L. Sharrett, Jas. A. Auld, Harry Rivers, George Johnson, Chas. K. Gilman, J. E. Goetz, A. A. Walker, T. M. Lewis, C. J. Schoenling, Chas. W. Booth, T. R. Mosman, A. E. Murphy, Wm. P. Jarrett, Frank H. Foster, R. A. Woodward, and J. H. De Fries.

Of these Sharrett, Gilman and Schoenling had not been served. Bench warrants were issued against Schoenling and Gilman.

The number of jurors was also considerably reduced on account of the great number who offered excuses to escape from service. Judge Lindsay stated that he would excuse no juror except for the very best of reasons, and did actually refuse to excuse Charles Booth, who wanted to superintend a gang of men who are working for him building a road up Pacific Heights, although Booth complained that no work was done unless he was present. Excuses were, however, granted to the following: Levy, Podmore (for one day only), Goetz, De Fries, Myers, Rivers, Walker, Jarrett and Woodward.

At this point Perry challenged the array of jurors on the grounds that the jury had been drawn under the old 1903 law, whereby only one list was used for grand and trial jurors, instead of under the new 1905 law, under which two separate lists are to be used. As this question has already been thrashed out, Judge Lindsay immediately overruled the challenge, and Perry noted an exception.

As there were only eight jurors left Judge Lindsay ordered the issuance of a special venire of eighteen jurors, to be returnable tomorrow at 10 a. m., until which time the case was continued.

FIRE DAMAGES SHIP CHANDLERY

A fire which it is believed started from spontaneous combustion damaged a shed and contents belonging to the Inter-Island Steam Navigation Co.'s ship chandlery at 26 Queen street, about 4 o'clock this morning, to the extent of about \$400. The building damaged and the goods destroyed are fully insured. An alarm was turned in from box 15. Iron shutters and doors on the main part of the building leading to the street prevented the blaze from spreading and developing into what might have been a disastrous fire. The work of the fire department was excellent. About 9 o'clock a slight blaze was discovered in the McChesney building next door. The damage was only nominal. The blaze had started from a spark from the fire near-by.

ENTERPRISE ARRIVES

The S. S. Enterprise arrived early this morning from San Francisco with 3,000 tons of freight. She encountered head winds and was delayed some on this account. For Honolulu she brought 2,000 tons of freight, 900 for Hilo and 700 tons for the Honolulu Plantation Co. After returning from Hilo next week the Enterprise will be loaded at the Oceanic wharf with a cargo of something like 10,000 bunches of bananas for the States.

The steamer Kinai sailed shortly after noon today for Hilo and way ports with every state room occupied. Many of the passengers are tourists and en route to the Volcano. Every sofa and even the mattresses were occupied.

Lepu Kehaulahao (w) has filed a suit against David Kawananakoa and Kuhio Kalaniana'ole, Kapalani Estate garnishee, on a note for \$4,000, executed May 7, 1902, and payable in three years with interest at 7 per cent. It is alleged that neither principal nor interest have been paid.
