PRICE FIVE CENTS.

COMPLETION OF PERMANENT POST AT WAIKIKI SOON

Dept. Quartermaster Wants to
Use at Fort De Russy Money
Saved From Appropriation
for Fort Kamehameha Im-
provements, Now Completed

WANTS TO APPLY \$15,000
TO \$126,400 AVAILABLE

If Allowed, Barracks and Quar-
ters for Two Companies Will
Be Put Up at Once—Rumor
Increase of Strength of 10th

Modern methods of construction ap-
plied by the constructing quartermas-
ter here are likely to make possible
the completion in the near future of
the entire permanent post at Fort De
Russy, although money has only been
appropriated for one company. Ap-
plication has been made to the War
Department to apply money saved at
Fort Kamehameha to the De Russy
work, in which case the Waikiki post
could be finished at one time, with a
saving in labor and material, and
much less inconvenience to all con-
cerned.

An appropriation of \$126,400 is
available for barracks and quarters for
one company at De Russy. But al-
ready there are three sets of new
quarters, which can be made part of
the new post, and with these con-
structed, Col. Cheatham, the depart-
ment quartermaster, figures that he
can build the post for two companies,
its projected garrison, for \$15,000
more. This amount has been saved in
the Kamehameha construction, so if
Washington will give the necessary
authority, De Russy will get its com-
pleted post far ahead of the time esti-
mated.

A board composed of Col. W. C. Raf-
erty, coast defense commander, Lieut.
Col. B. F. Cheatham, department quar-
termaster, and Lieut. Col. Chas. S.
Bromwell, department engineer, re-
cently decided on the site for the new
barracks. The condemnation of a
strip of land on the sea side of the
reservation, for which \$21,250 was re-
cently awarded by Federal Judge
Clemens, makes possible the comple-
tion of the post, according to the re-
commendations of this board. The find-
ings have gone to Washington togeth-
er with the recommendation that the
entire post be built at the present
time, and a favorable answer is ex-
pected by any mail.

The new barracks are being de-
signed for companies of 109 men, and
if a rumor that is going the rounds
to the effect that the 10th Company is
going to be run up to 140 men has any
ground, then there will be a mix-up
on the barracks question right away.
It is said that the 10th Company,
which mends the 14-inch battery, will
have to have more men as soon as
the second 14-inch gun is mounted.
The detail necessary to man this bat-
tery of two guns is 123 men.

"We are making all our plans for
housing companies of 109 men," said
Col. Cheatham this morning. "If there
is any increase contemplated, the con-
struction department has heard nothing
of it."

Capt. Statton, commanding the 10th
Company, said this morning that he
knew nothing of a proposed increase
in the strength of his command, al-
though an increase would be neces-
sary to properly man the 14-inch bat-
tery.

The second 14-inch gun is due to
arrive in the horse transport Dix, the
latter part of the month. It will be
taken to De Russy on a barge, and
landed on the beach at the end of a
temporary railroad, on which it will
be hauled up to the battery. This
method was used with the first gun,
and was in every way successful. The
carriage for the second of the big guns
has been mounted for nearly a year,
and is all ready to receive the big
pieces of ordnance.

With the filing in federal court to-
day of an order of condemnation, the
case of the United States against Mi-
nerva U. Cutter and S. M. Damon, A.
W. T. Bottomley and J. L. Cockburn,
doing business under the firm name of
Bishop bank, was closed. The land
condemned comprises about 4.3 acres
adjoining Fort De Russy, and will be
used for the new barracks.

This morning Clerk A. E. Murphy
paid over to Holmes, Stanley & Ol-
son, attorneys for Messrs. Damon, Bot-
tomley and Cockburn, \$14,106.11. Mrs.
Cutter will receive \$7143.39. In an
amended judgment handed down by
Judge C. F. Clemens the market price
was given as \$21,250.

LACK DOCTORS IN RUSSIA.

(By Latest Mail.)
YOKOHAMA, Japan.—A Nagasaki
despatch to the Tokyo Asahi reports
that the head of a hospital in Naga-
saki has received word from Russia
that both surgeons and nurses are badly
needed in that country and that the
Russian government will shortly ask
the Japanese government to send a
large contingent to Russia to attend
wounded soldiers there.

A gambling den at Wahiawa was
raided by the police last night and
35 Chinese and Koreans were arrest-
ed for playing pai-kau and fan-tan.
None of the Chinese appeared in court
and bail of \$5 each was forfeited.

Judge Cooper Director For 1916 Carnival

WILL HAVE CHARGE OF
ANNUAL FESTIVITIES

Henry E. Cooper, former cir-
cuit judge, will be the next direc-
tor-general of the Mid-Pacific Car-
nival. The directors of the Car-
nival and after brief discussion
announced that Judge Cooper had
been selected and had accepted the position.
Among those who have heard
during the last few days that
Judge Cooper was a possibility
for the 1916 directorship there
has been general and strong ap-
proval.

FOUR FIANCEES OF SERVICE MEN ARE ON SHERMAN

Ernest Matthews, Corporal of
Company D, 25th Inf., Died
Sunday While at Sea

After running two days through a
haze, the United States army transport
Sherman docked at Pier 6 today bring-
ing among its large number of pas-
sengers four fiancées of Guam and Ma-
nila, army and navy officers and in-
sular employees.

Interest on the trip centered about
the fiancées, who will continue on the
transport tomorrow for Guam and Ma-
nila. Miss Sara Haug is one of these
but she kept the passengers guessing
as to the identity of her future hus-
band. It is reported, however, that he
is an insular employee at Manila.

Miss Elizabeth C. Kissel will be mar-
ried to Assistant Surgeon Depping of
the naval station on Guam as soon as
the transport docks at the island station.

Walter H. Sims, clerk quartermaster
corps, was not in charge of the Sher-
man on this trip and it was learned
that he had been transferred to Ma-
nila and E. Vernon Brown is now act-
ing as clerk on the transport. Inci-
dent to the transfer of Mr. Sims is
the presence on board the steamer of
Miss Elizabeth Hugo, who is now on
her way to Manila to become the bride
of the former quartermaster clerk of
the Sherman.

Miss Ruth Wilcox is another fiancée
aboard, bound for Manila. She will
be married to Lieut. Lester M. Wheel-
er of the 8th Infantry.

Ernest Matthews, a corporal of Com-
pany D of the 25th Infantry, colored,
died of an obstruction of the intes-
tines on Sunday and his remains were
taken off the transport this morning.
The body will be shipped to Wash-
ington, D. C., where a sister resides.
Frank W. Goss, an American elec-
trician, was found on the second day
out from San Francisco, a stowaway.
Goss said he wanted to go to Honolulu,
so he was accommodated.

CHARGE KOTSUKI WITH ACCEPTING BRIBE OF CASH

Japanese Newspapers Specify
Date and Place Where the
Money Changed Hands

ROSE AND McDUFFIE ARE
MAKING INVESTIGATION

Allegations Against Japanese
Plain Clothes Man May Be
Referred to Commission

The conduct of S. Kotsuki, a Jap-
anese police plain clothes man, is un-
der investigation by Sheriff Rose and
Detective Captain McDuffie as a result
of the charges of Gijiro Naito, another
Japanese, that Kotsuki accepted a
bribe of \$15 from a third Japanese, Ya-
mamoto. The charges were published in
the Nippu Jiji and as soon as the
police learned of them, McDuffie start-
ed the probe.

"After considerable difficulty, we lo-
cated three of the witnesses," said Mc-
Duffie today, "and all of these have
been examined by Sheriff Rose. I am
trying to locate the other witnesses,
and if, after all the evidence it is pos-
sible to secure has been brought be-
fore the sheriff, Mr. Rose probably
will turn the witnesses over to the
civil service commission and perhaps
that body will see fit to remove Kot-
suki from the department."

The following letter signed "Citi-
zen," accompanied by a clipping from
the Nippu Jiji, a local Japanese daily
newspaper, under date of July 5, 1915,
has been received by the Star-Bul-
letin:

"Dear Sir:
I enclose you herewith a copy of
Nippu Jiji. Please translate this and
publish it in English. I am anxious
for the public to know what kind of
man that the Honolulu Police Depart-
ment have in their office.
Yours truly,
"CITIZEN."

Under the caption "Police Officer
Took Bribe," the translation of the
article, made for the Star-Bulletin,
reads as follows:

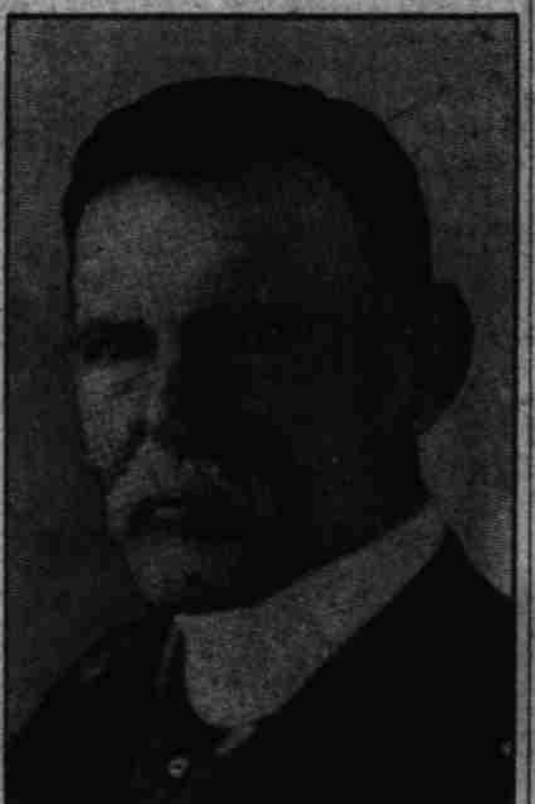

"On January 18, a Japanese young
man whose name is Gijiro Naito, called
upon his faithful sweetheart, Taune
Noma, who works at a hotel, and
demanded her to be faithful and true
to him as before. Otherwise, he was
going to take her life.

"He took his pistol and pointed at
her. She was not afraid of him as
she knew him too well and had him
arrested for threatening her life. Naito
was sentenced to three months' im-
prisonment. After he was convicted
he served his sentence at Oahu Prison
in full term and was given liberty
once more.

"He could not give up his love for

(Continued on page two)

UPHOLDS TRADITIONS OF U. S. NAVY ACTION

Admiral Thomas B. Howard, in
command of the Pacific fleet, Wash-
ington has given him large dis-
cretion in handling Mexican af-
fairs which menace Americans or
foreign residents in the Pacific
ports. When Guaymas was in
danger from an unnecessary bom-
bardment by a Carranza gunboat,
Admiral Thomas' firm protest at
once assured the safety of the civ-
ilian population.

[Associated Press by Federal Wireless]
WASHINGTON, D. C., July 14.—Ad-
herents of Gen. Francisco Villa have
received word from their chieftain
denying the report that he will with-
draw from the command of his armies
in favor of Gen. Robles, one of his
trusted men. It was reported that
Villa contemplated this action so that
harmony with Carranza could be soon-
er secured.

EL PASO, Tex., July 14.—A report
from Carranza officials says that Villa
has evacuated Aguas Calientes with
his army.

WISCONSIN AT PANAMA

COLON, Panama, July 14.—The bat-
tleship Wisconsin has arrived here.

FRANCE'S GREAT WAR SONG AUTHOR HIGHLY HONORED

Coffin of the Man Who Wrote
'Marseillaise' Taken Through
Streets Lined With Crowds

POINCARÉ AND OTHER
HIGH OFFICIALS JOIN

[Associated Press by Federal Wireless]
PARIS, France, July 14.—Pictur-
esque and impressive were the scenes
today when the coffin containing the
remains of Joseph Rouget de Lisle,
author of the famous "Marseillaise,"
was taken to the Palace of the In-
valides from the tomb where it had
rested for many generations. Mounted
on a catafalque with French revolu-
tionary emblems, the coffin was car-
ried through impressive avenues of
bareheaded citizens.

President Poincaré, members of the
cabinet and other officials marched
behind.

A flotilla of aeroplanes, strangely
contrasting methods of modern war
with those of the days of 1792, brought
up the rear.

De Lisle composed the Marseillaise
while an officer in the engineer corps
at Strasbourg early in the French Re-
volution. It is related that he wrote
the words and music in a single night.
It was first publicly sung by volun-
teers from Marseilles in July, 1792, and
became the national song of the
French republicans. During the resto-
ration of royalty it was suppressed but
revived with the renewal of the re-
public.

HUGE STRIKE IN GARMENT TRADE IS THREATENED

[Associated Press by Federal Wireless]
NEW YORK, N. Y., July 14.—New
York is facing the greatest strike, in
point of numbers involved, in its his-
tory.

Twenty-one thousand pants makers,
organized for joint action, have struck.
They do not demand an increase in
wages, but more sanitary working con-
ditions, declaring that they will work
at their old wages if the shops are
made more livable.

The mayor's conciliation council is
endeavoring to avoid a strike.

Fifty thousand women garment
workers are acting independently of
the men, but may be called out.
Union leaders today declare they
are prepared to call out 70,000 more
workers in the garment trade if it is
necessary to win their demands.

NEW YORK JURY GIVES VERDICT THAW IS SANE

[Associated Press by Federal Wireless]
NEW YORK, N. Y., July 14.—Harry
Kendall Thaw, slayer of Stanford
White, was today declared sane by the
jury which has been listening to the
evidence in the trial to determine his
mental condition. The defense took
little time in presenting its case after
the state had rested.

NEW YORK, N. Y., July 14.—
Though Harry Thaw has been de-
clared sane by a jury, Justice Hen-
dricks is not bound by the jury de-
cision. He has reserved his own de-
cision until Friday morning. He will
entertain motions by Thaw's counsel
on Thursday. There is no indication
what his decision will be.

Thaw received the verdict with a
broad grin.

BASEBALL RESULTS

NATIONAL LEAGUE
At New York—New York 6, Chicago
5; second game—Chicago 3, New
York 1.
At Brooklyn—Brooklyn 2, Cincin-
nati 1.
At Philadelphia—Philadelphia 6, St.
Louis 3.
Rain at Boston.

AMERICAN LEAGUE
At Cleveland—Cleveland 3, Boston
2; second game—Boston 7, Cleve-
land 1.
At Detroit—Detroit 12, New York 3.

delphia 4.
At St. Louis—St. Louis 2, Washing-
ton 1 (11 innings).

KING WHO LEADS HIS ARMIES IN CAMPAIGN

Victor Emmanuel III, king of
Italy. He is spending a large part
of his time on the battle-front and
has repeatedly led his troops in
difficult marches. Emmanuel is a
hardy mountaineer and has taken
much interest in the Alpine
campaign. Despatches today say
that the Italians have accomplish-
ed the remarkable feat of dragging
artillery to a height of 8600 feet
to shell Austrian trenches.

WILL GIVE CHINA CUSTOM HOUSE AT TSINGTAU SOON

(Special to the Hawaii Shimpo.)

TOKIO, Japan, July 14.—Prepara-
tions by the Japanese government for
returning to the Chinese government
the customs house at Tsingtau, re-
cently captured by the Japanese from
the Germans, are nearly completed.
It is reported that the rates of duty
will not be changed, but will remain
the same as the original German tar-
iff. The Japanese public is said to be
dissatisfied regarding the plan to
make the return.

NEW BASEBALL RECORD IN CONSECUTIVE HITTING

[Associated Press by Fed. Wireless]
SAN FRANCISCO, Cal., July 14.—
Jack Ness, first baseman for the Oak-
land team of the Coast league, set a
new record in professional baseball by
hitting safely in the 42d consecutive
game. Ty Cobb has a record with the
Detroit club of hitting safely in 40
straight games.

FRANK RUMOR IS UNCONFIRMED

[Associated Press by Federal Wireless]
ATLANTA, Ga., July 14.—Rumors
that a widespread plot exists to lynch
Leo M. Frank are unconfirmed. It is
reported that he was to be seized at
the prison farm, where he has been
since Governor Slaton commuted his
death sentence to life imprisonment.

TORPEDO BOATS CRUISE

[Associated Press by Federal Wireless]
SAN FRANCISCO, Cal., July 14.—
The Whipple, Paul Jones, Perry, Pre-
ble and Truxtun of the Pacific fleet
torpedo flotilla will sail tomorrow for
Sitka and Dutch Harbor, Alaska, on a
month's cruise.

ENGINEERS HARD AT WORK ON NEW DEFENSES, START-
ING RUMOR THAT ALLIES ARE CUTTING WAY PAST
DARDANELLES—TEUTONS CONTINUE DRIVE TOWARD
VERDUN—FRENCH SAY ENEMY CHECKED IN ARGONNE
—FEW DEVELOPMENTS REPORTED ON EASTERN FRONT

[Associated Press Service by Federal Wireless]

LONDON, England, July 14.—Italy's determined invasion
of Austrian territory is proceeding with such dash that the
Austrians are unable to check it, according to today's reports.
A raid by Italian aviators over the big Austrian camp at
Goritz, near the Trieste front, is declared by the army officials
at Rome to have been highly successful.

The Austrians report that after artillery engagements
they repulsed the attack of Italian infantry near Redipaglia.

GENEVA, Switzerland, July 14.—After dragging their
heavy guns through a very rough country to a height of 6600
feet in the mountains the Italians have taken two miles of
Austrian trenches in the Carnic Alps. The Italians surprised
the enemy by bringing the artillery to bear on the trenches
and after bombarding the Austrian positions, successfully sent
forward the infantry.

Furthermore, the Italians are said to have captured two
important points south of Goritz.

German Engineers Fortify Ottoman Capital, Fearing Allies' Attack

[Associated Press Service by Federal Wireless]

CONSTANTINOPE, Turkey, July 14.—German engi-
neers have begun far-reaching changes in the defense of Con-
stantinople to guard the Golden Horn against the Allies if they
break through the strong defenses at the Dardanelles and on
Gallipoli peninsula.

The engineers are strengthening the city's defenses, a large
number of men being employed in the work. All the big guns
available are being mounted in the most effective positions.

Noted American Inventors Willing to Serve With Edison For Country

[Associated Press Service by Federal Wireless]

WASHINGTON, D. C., July 14.—Secretary of the Navy
Daniels today announced that he has accepted the resignation
of Naval Constructor William B. Ferguson, of the bureau of
construction and repair. Constructor Ferguson will go to a
private ship-yard which, in view of the demand for vessels
caused by the war, is after expert builders.

Orville Wright and Hudson Maxim, the aviation and or-
dnance experts, have expressed their willingness to serve on
the new advisory board of civilians to be known as the bureau
of invention. Thomas A. Edison has already accepted Daniels'
invitation to head the board. It is not known whether Maxim
and Wright have been invited to join the board.

French and German Claims on West

[Associated Press Service by Federal Wireless]

LONDON, England, July 14.—Large gains toward Verdun
are claimed by the Germans today in their official reports on
the west front fighting.

LONDON, England, July 14.—The French maintain that
the progress of the Germans has been definitely stopped in the
Argonne district. No developments took place in the east
arena today.

Welsh Miners Prefer Work to Jail

LONDON, England, July 14.—Threatened with prosecu-
tion under the new government munitions act, the striking
miners of Wales are preparing to resume work at once.

In Neath, Glamorgan county, where the labor troubles have
been most acute, many thousands of miners have today decided
to continue working. It is believed that most of the miners are
now working under a daily contract plan pending definite set-
tlement of their dispute.

German Submarine Toll For June

[Associated Press Service by Federal Wireless]

BERLIN, Germany, July 14.—Forty-three enemy mer-
chantmen, with a total tonnage of 125,000, were torpedoed by
German submarines in June, according to figures given out
here.

LONDON, England, July 14.—The captain and four of the
crew of the Swedish schooner Daisy have been killed by a mine
which exploded under the vessel off the Swedish coast.

[Additional Telegraph Despatches on Page 9]

NAME SECRETARY TO TAKE PLACE OF REV. W. B. OLESON

Will Be One of First Duties of
Hawaiian Evangelical As-
sociation Tomorrow

THURSDAY'S PROGRAM.

9:00 to 9:30 a. m.—Devotional service.
9:30 to 12:00 noon—Address of welcome; address in response; completion of the roll; appointment of committees; business, petitions, necrology; island associations, other business.
2:00 p. m.—First session of annual meeting of Hawaiian Board.
2:00 to 3:30 p. m.—Sunday School Association.
3:30 to 5:00 p. m.—C. E. Society.
7:30 p. m.—Memorial service for Rev. W. B. Oleson. Addresses by Dr. D. Scudder, Rev. S. L. Deesha, Rev. A. Akana and J. K. Kanepou.

One of the interesting items of the business of the ninety-third annual conference of the Hawaiian Evangelical Association, which begins tomorrow morning in the Kaunakapili church, Kalihi, will be the election of a corresponding secretary to take the place of Rev. William Brewster Oleson, who died at Seligman, Arizona, March 19, while on his way to Massachusetts.

Mr. Oleson held the position of corresponding secretary of the association from 1906 until the time of his death. The nominating committee of the association will present its report tomorrow morning. The corresponding secretary, as well as other officers, will be elected Friday morning.

The convention will commence at 9 o'clock with devotional services. This will be followed by an address of welcome by Moderator H. K. Poopes, pastor of Kaunakapili. The address will be delivered by Rev. E. S. Thompson, pastor of the Hawaiian church at Lahaina, Maui. Completion of the roll and the appointment of committees make up the remainder of the morning's business.

At 7:30 o'clock tomorrow evening a memorial service for the late Rev. Mr. Oleson will be held at Kaunakapili church. Addresses will be delivered by Dr. D. Scudder, Rev. Stephen L. Deesha, Rev. Akana and Mr. J. K. Kanepou.
An event which will be of great community importance during the convention is the contest of song among the choruses from the different islands, who will compete for a banner now held by the Hualala, Molokai, chorus. The contest will be held at 7:30 o'clock next Monday evening in the Opera house. Molokai has entered with a chorus of 40 voices, determined to hold the banner for another 12 months.

"LADIES NIGHT" FRIDAY

"Ladies night" will be featured at the Y. M. C. A. on Friday night of this week. It is the program during the summer months to open the building to the lady guests of members on every Friday evening. A special dinner menu is served in the cafeteria from 6:30 to 7 o'clock at which lady guests are welcome. The billiard rooms and bowling alleys are open during the evening.

Visitors newspapers claim a brilliant success in the results of the subscriptions to the latest Austrian war loan.

CHINA NEEDS MILLION SCHOOLS, SAYS EDUCATOR AFTER A VISIT

Dr. John F. Goucher Finds Able
President, Yuan Shih-Kai,
In Sympathy

"China needs a million schools. Huge as this need is, it is not a question of school houses but of teachers. All over China there is an awakening to the new ideal of Christian education and Christian citizenship."

Thus does Rev. John Franklin Goucher, noted Methodist educator, sum up one feature of many he has observed in the course of a recent trip through the Orient. It was not his first trip by any means, but he says each is more interesting than the last. Dr. Goucher is a passenger on the Manchuria en route to the mainland. It was first hoped that he could spend several weeks in the islands, but he found himself unable to do so and continued the voyage this morning.

A philanthropist, educator, keen business man, student of men and affairs, Dr. Goucher's comment on the changing currents and the underlying permanent features of the Far East is unusually interesting. Though rated as a millionaire, he is remarkably unassuming and simple in address and in manner.

He refers to Yuan Shih-Kai, China's able president, as "perhaps the greatest statesman of them all in the last 50 years," and he includes in this the statesmen of all countries.

"Yuan and the republic's administration give much encouragement to Christian work in China," he told a group of interested listeners yesterday, and went on to tell of the various gifts of money and influential support furnished mission schools and Christian churches, colleges and medical institutions by the warrior-statesman of the Orient. Referring to the need of schools, he emphasized the fact that teachers able to carry forward the developing ideals of the young Chinese,

LIGHT SIDELIGHTS ON POLICE COURT SCENES

A goat is a goat and a dog is a dog, and a woman is a woman and each has its own peculiar ways, but when one woman starts in to get another woman's "goat" and the first woman "sics" a dog and then the other woman has the first one arrested for trying to get the aforesaid "other woman's goat," would that be a case of too much goat?

District Judge Monsarrat decided that way, and found the defendant, Mrs. Antonia August, not guilty and forthwith threw the case out of court. Mrs. August's young son and Mrs. Mary Freitas' goat in some way started a neighborhood war with the result that Mrs. August was charged by Mrs. Freitas with being a disorderly woman.

"Then who is Seiza," queried L. M. Straus, a police court lawyer, who defended the case, to which Mrs. August replied in Portuguese:

"That's my dog."

"Well, what's the goat's name?" he next asked.

"Aw, what's the name of the goat got to do with it, anyhow," interrupted City Attorney Chillingworth.

"I want to get at the facts of this case," replied Straus.

"Your honor," said Chillingworth, "a goat is a goat no matter what its name may be, and a dog is a dog no matter whether its name is Seiza or Sneezah, and a woman is a woman, but one thing has been ascertained so far, this case is a goat case and it has rather got my 'goat' and it may get your honor's 'goat' if it keeps on."

"Not by a long shot," replied his honor, "this case is too deep for me and before it gets my 'goat' I'll throw it out."

"Might I suggest," continued Chillingworth, "that this case be dramatized and shown at the Sunday evening shows, by permission of the police committee of the board of supervisors, as being strictly educational, it having to do with the habits of humans and animals, mostly the latter?"

"Ya," agreed the judge, "so anyhow I find the defendant not guilty and find it will be the last of this goat case."

William Chapman was on the stand testifying against Charles Kaleki on a charge of keeping liquor for illicit sale.

"How many times have you been arrested and convicted?" the defend-

ent was asked.

"Oh, there's no trouble about getting the schools," he observed. "They will clear out the temples and places of former worship and make school-houses out of them. Here's an instance: In one village it was put to a vote whether the temple should be used for a school. One negative vote would have blocked it, but every vote in that village was cast in favor of the schools."

Dr. Goucher and the several organizations he represents will aid the Chinese in every way possible to build up Christian education and moral training in China. He speaks with decided hopefulness of the immediate and the more distant future, believing that Christianity is destined to make great strides in the Orient. Furthermore, he sees from China a useful future as one of the world's great republics.

Dr. Goucher is the founder of the Goucher College for Women of Baltimore. He entered the Methodist Episcopal ministry in 1869, and in 1889 founded the women's college. He was president, until 1908, when he was made president emeritus.

Among other philanthropic works of the educator are many churches built at his expense. He projected the Princess Annie training school, lifted the debt of the Martin missions, Frankfort-of-the-Maine; organized the Anglo-Japanese College, Tokyo; founded missions in China and Korea, and as a member of the Board of Foreign Missions helped to build up the missions in Italy, India, Mexico, Java, China, Korea and Japan. Dr. Goucher established vernacular schools in India and carried on extensive work among the Chinese of Western China.

The educator is the author of many books on missionary work, the most widely read being "Young People and the World's Evangelization."

ant's attorney asked the witness.

"I don't remember," answered Chapman. The attorney demanded an accurate account, to which Chapman answered, with sarcasm:

"Do you think I keep a memorandum book? All I know is that I have been arrested for getting drunk several times, for taking a hose that didn't belong to me, and for wife beating."

On inquiry, Chapman was unable to tell how many times he had been arrested for chastising his spouse. He admitted that it would take a large memorandum book to keep track of the many times he had been arrested.

Ah Lin, the Chinese who was arrested by two or three detectives from Capt. McDuffie's office on the beach yesterday while the "Cops" were clad only in bathr suits, was found guilty on the evidence thus obtained, and was fined \$150 for running a che-fu bank by Municipal Judge Monsarrat this morning.

Kanemaru, a Japanese whose name is supposed to mean "small ship" or something like that, had been renting a Japanese book yesterday with a plot verging on the scene portrayed in "Uncle Tom's Cabin" where Lizzy crossed the river on a hunk of ice. Kanemaru tried the same thing, only using a plank for the ice, on the river near Kukui street yesterday with the result that he fell in and broke a couple of ribs. Officer Sizemore came to the rescue.

VESSELS TO AND FROM THE ISLANDS

(Special Wireless to Merchants' Exchange)

Wednesday, July 14

SAN FRANCISCO—Arrived July 13, 5 p. m. S. S. Lurline from Honolulu July 6.

ABERDEEN—Arrived July 13, 6 p. m. sch. Beulah from Honolulu, June 25.

SAN FRANCISCO—Arrived July 14, S. S. Wertheim from Honolulu, July 3.

SAN FRANCISCO—Sailed July 14, 12 m. S. S. Matsonia for Honolulu.

Radiogram
S. S. SONOMA—Will arrive from Sydney Friday at 5 p. m. and will depart for San Francisco Friday at 11 p. m. Has 12 passengers, 12 sacks mail and 131 tons cargo for Honolulu.

U. E. A. T. SHERMAN—Will sail for Manila tomorrow at 12 noon.

P. F. Hurley has been awarded the contract for the construction of the Waimea river embankment on the island of Kauai.

'TRIP TO JAPAN' IS PLANNED FOR THIS WEEK-END

Trail and Mountain and Pacific Clubs Will Tour Unfamiliar "City Trails"

The Trail and Mountain Club and the Pacific Club are dovetailing their efforts to give their members a good time, and prepare the way for the entertainment of the tourist who wishes to pay his own way and see things ashore.

Saturday afternoon Mr. S. Sheba will meet about 25 or 30 members of these two organizations at the Royal Hawaiian hotel, and lead them out to some of the unfamiliar city trails on which are located dainty Japanese temples and tea gardens. These he will explain to the visitors, and after they have seen the beauties of Japanese architecture in Honolulu they will be conducted to one of the tea gardens, in which a miniature Japan has been reproduced. Here dainty Japanese maids will serve a Japanese dinner, after which the company will adjourn to the little theater in the garden, and here the geisha girls will give their characteristic dances, the significance of which will be translated by Mr. Sheba.

This will be the first of a series of Japanese, Chinese, Korean, Filipino, Russian and Hawaiian evenings in Honolulu, held under the auspices of these two clubs. It is expected that it will take a number of months to develop just the kind of entertainment that the different nationalities in Honolulu have to offer that will keep the visiting tourist entertained as well as providing instructive amusement to many of our home people who know nothing of other nationalities than their own in fair Hawaii.

The cost to each member of the party Saturday afternoon and evening will be \$1.75, and a number of ladies will make the little journey "to Japan." It is not probable, however, that it will be possible to entertain tourists and visitors on trips of this sort at any such rate, particularly as the Japanese are much given to the delicacy of detail, which is always expensive, although it is not always appreciated as much by the visitor as it is by the Japanese, who perhaps among themselves arrange some of the most expensive entertainments given in Honolulu.

CHARGE KOTSUKI WITH ACCEPTING BRIBE OF CASH

(Continued from page one)

Tsune and was always watching her. On the night of June 29, Naito found Tsune walking with her would-be lover, whose name is Yamamoto and who works at the hotel, downtown about 11 o'clock.

"Naito followed them until they went to the Alameda camp at Aloha lane on South King street where Yamamoto has his room."

"Naito Called on Police Department."

"As soon as Naito found that Yamamoto and Tsune went into one room, he immediately called on the police department and reported the fact to the Japanese officer whose name is S. Kotsuki. They went to Yamamoto's room together and knocked on the door. They found the man and woman in that room, as Naito had reported."

"If You Give Me \$100."

"What are you doing here? Have you a marriage license?" asked Officer Kotsuki.

"Yes, we are husband and wife, answered Yamamoto.

"Well, show me your marriage license, demanded Officer Kotsuki.

"I have no paper here with me, but if you will come along with me to the hotel, I will show you."

Then Yamamoto and Officer Kotsuki left the room, going to the hotel at midnight.

"On the way to the hotel Yamamoto confessed to Officer Kotsuki that he had no marriage license."

"If you are compelled to arrest me, do so right away, but if you have 'some other way' I wish you to demand me," Yamamoto told the officer.

"Officer Kotsuki thought a little while and then said to Yamamoto: 'You better give me the sum of \$100. Then I will let you go.'"

"Yamamoto told the officer that he would give him that amount of money the next day. Officer Kotsuki and Yamamoto bid good-night and went away at about 12:30 o'clock."

"As Much As He Had."

The next morning Yamamoto and Tsune went down town and got married. Some time after Yamamoto telephoned to Officer Kotsuki that he (Yamamoto) could not raise \$100. But Officer Kotsuki told Yamamoto to give as much as he had. Yamamoto did not wish to break all his promises, so he told the officer that \$15 was all that he could give.

"Kotsuki Sent Auto."

"At 11:30 o'clock, June 30, Officer Kotsuki sent a Japanese auto, driven by K. Kono, to the hotel where Yamamoto is working. Kono does not know anything about it, but Yamamoto gave him two five-dollar gold pieces and five silver dollars to take to Officer Kotsuki. At about 12 o'clock Officer Kotsuki called on Kono at the Iroha into stand to receive the money. Kono gave that \$15 to Officer Kotsuki before three other auto drivers."

"Why Not Prosecute Kotsuki?"

"Our paper and other Japanese pa-

MRS. P. B. DANKY DIES AT FAMILY HOME ON COAST

Bride of Less Than a Year,
Death Comes at Untimely
Moment

Suspense over the very critical illness of his wife was cut short last night when Phil B. Danky of the Star-Bulletin reporter staff received a cablegram at 10:30 o'clock bringing the sad news that she had passed away at the home of her parents, Mr. and Mrs. Jacob Shafer, in Bakersfield, Cal.

Mr. Danky left on the Wilhelmina this morning. The funeral will be delayed until his arrival in Bakersfield. It is understood, the body being buried there.

Mrs. Danky, a bride of less than a year, went to her family home to await the fulfillment of motherhood. A son prematurely born still survives, according to the latest cable information. First reports were that both mother and child were doing well but this was soon after changed by the word that the mother had taken a grave turn for the worse. Hope was practically given up yesterday morning.

Mrs. Danky, as Miss Claire Ellen Shafer, had made her home in Honolulu for two years. Prior to that she had lived in Los Angeles. She was born in Leadville, Colorado. Both she and her husband have a wide circle of friends to mourn the untimely death.

Mr. Danky will return to Honolulu after a few weeks on the coast.

GOING TO MAUI FOR EVIDENCE ON DROWNINGS

Searching investigation into the drowning of two passengers from the inter-island company's steamer Mauna Kea, in the surf at Lahaina last May, will be made by the Public Utilities Commission at its next meeting next Saturday. In order to get important testimony of eye witnesses to the accident, H. P. O'Sullivan, secretary of the commission, left for Maui this morning, with subpoenas for Senator William T. Robinson, Senator H. B. Penhallow, and Representative Edward K. Waialeale. All three of these legislators were present at the time of the drowning of the Chinese and the Japanese picture bride, who were thrown into the surf at Lahaina landing when one of the boats capsized.

Secretary O'Sullivan carried with him several blank subpoenas, and it is possible that other witnesses will be brought to testify, if they can be located.

At the meeting of the commission next Friday, other matters connected with the service of the inter-island company will come up for investigation. The complaint of M. Negoro that Japanese third-class passengers on inter-island boats are roughly treated, will also be investigated. Negoro, who is secretary of the Hawaii Japanese Association, appeared informally before the board several days ago, and made a complaint in general terms. He said that his evidence was hearsay only, but that he could produce witnesses who had first hand knowledge of the alleged abuses. This hearing will be held Saturday, when the steamship company will be represented.

pers published all these facts, and Sheriff Rose perhaps knows the facts himself by this time. Why not prosecute such a disgraced police officer?"

CITY TRANSFER COMPANY JAS. H. LOVE

PREDICTS HUGHES AS PRESIDENTIAL CHOICE OF G. O. P.

William Thompson Says Pres-
ent Supreme Court Justice
Likeliest Prospect

Charles Evans Hughes, United States supreme court justice, is picked as the probable winner of the next Republican presidential nomination by William Thompson, whose prophecy is based on his experience in politics but more particularly on the results of recent observation on the mainland.

Mr. Thompson returned yesterday from an extended business and vacation trip up and down the coast. Here is his size-up of presidential politics in 1916:

"From every part of the United States there will come delegates instructed or inclined to favor 'favorite sons.' This is always a feature of national conventions and will be more apparent than ever in the next Republican meeting.

"In all likelihood the New York delegation will come instructed for Root, the Massachusetts delegation for Weeks, the Ohio delegation for Herick, the Idaho delegation for Borah, the Illinois delegation for 'Uncle Joe' Cannon—and in the early balloting they'll all be given votes. Then it will be seen that none can be nominated and there'll be a stampede for Hughes.

"Of course he isn't allowing his name to be used in the preliminary campaigning. He doesn't need to. But no man in America will refuse a presidential nomination."

Mr. Thompson is firmly of the opinion that the only thing that can re-elect Wilson will be the European war and that is an outside possibility.

"If the war continues until the next campaign, Wilson may be re-elected on the theory that it's had to swap horses in the middle of the stream and that he will keep America out of the fight. Or if the war has been ended and the president has taken a spectacular and influential part in bringing peace, he may be re-elected on that."

"But not on domestic issues! The overwhelming home factor is the tariff and the Democrats have lost the country on that."

Mr. Thompson says that Col. Roosevelt's inflammatory attitude immediately following the sinking of the *Titanic* has made him an impossibility as a presidential candidate. The Progressives—what there are left of them—cannot support him for president.

During his stay in California Thompson paid particular attention to up-to-date methods in city administration. He has been elected a delegate to the

SLAM AT SEATING ARRANGEMENT AT 'NIGHT IN HAWAII'

Visitor to Exposition on June 11
Says Not More Than Five Per
Cent of People Could See

One among the many who attended the "Night in Hawaii" celebration at the Panama-Pacific Exposition on the evening of Friday, June 11, has voiced a criticism of the seating arrangement in spite of hiring an electric wheel chair in the hope of getting his eyes above the heads of the surrounding mass of humanity, this critic failed to see anything more than hats and plumes and heads and shoulders, and missed the fairy-like scene on the lagoon in front of the Palace of Fine Arts.

In a letter to Zeno K. Myers of the Home Insurance Company, an insurance man wrote about his lacerated feelings as follows:

"Incidentally, I attended and there were about 60,000 people around the lake in front of the Fine Arts building—and as there were no elevated seats I presume that 5 per cent of this crowd had the pleasure of seeing the fete that took place on the lake."

"My wife and myself hired an electric chair, and attempted to look over the heads of the crowd, but even this was not elevation enough—and as the crowd was so dense we had the pleasure of becoming stalled at \$1.50 per hour, and saw nothing but human faces and backs."

"The situation was somewhat humorous, and I sincerely trust that the next time the 'Peaceful Islands' give an exhibition they will profit by their popularity and persuade the officials of the Exposition to make arrangements for a proper grand stand."

"You can readily deduce from the above that the entertainment attracted one of the largest crowds of the year, and I thought that you would be pleased to hear of this, although the writer and many thousands of other people went away disappointed, but loyal."

Fifteen thousand men and boys marched in the rain through the main streets in Paterson, N. J., to show their faith in Billy Sunday.

Four pounds of opium, valued at \$100 was found in the berth of a member of the crew of the Standard Oil steamer Escalon, lying at Bayonne, N. J., when raided by internal revenue officers.

"Nothing Counts Like Service"

DIVE TOMORROW MORNING TO LOOK OVER HULL OF F-4

Maryland Will Arrive Here August 13 With pontoons For Raising Lost Craft

The sunken submarine F-4, which now lies in 48 feet of water just west of the channel entrance to Honolulu harbor, awaiting the arrival of lifting apparatus from the mainland, will be gone over carefully tomorrow morning by one of the navy divers, according to Lieut. Kirby B. Crittenden. The object of the dive will be to determine whether the patches over the holes in the hull are staying in place, or whether they have shifted enough to allow the entrance of marine life.

Despite published statements to the effect that the six large steel pontoons for raising the F-4 are on the way from California, the pontoons will not arrive until August 13, when the cruiser Maryland will return to Honolulu, bringing the lifting apparatus, and bringing back to this city Lieut. comdr. J. A. Purser, who, with Fred Buss, sailed for San Francisco June 5, to design and superintend the building of the pontoons.

Lieut. Crittenden was advised last night by cable from the commandant at the Mare Island Navy Yard at San Francisco to be ready for a resumption of salvage work on August 13, and that the Maryland will arrive here on that date.

WILL LEARN OF SUBMARINES IN UNITED STATES

The 14 Chinese students in Admiral Wei Han's party, who arrived yesterday morning in the Manchuria en route to San Francisco, are being taken to the United States by the retired admiral to make a careful study of the submarine service of the American navy. The length of time they will spend on the mainland will depend largely on the time required to get a thorough knowledge of the undersea boat.

Admiral Wei Han, who is a staunch supporter of the present Chinese administration, and who saw more than 20 years of service in the navy before his retirement, is a native of Fukien, a province in the southern part of China.

The province of Fukien has turned out more men for the naval service than any other in all China. Both the naval wharf and the naval school are situated in Fukien.

A reception was tendered Admiral Wei Han's party last night by prominent Chinese of Honolulu. The visitors left this morning. They will spend several days at the exposition and will go from there to the important cities of the eastern coast. The winter will probably be spent in Washington.

AD CLUB HEARS HOW GOOD ROADS MUST BE BUILT

This was good roads day at the Ad Club. The luncheon-meeting was given over to pavement talks in the literal sense, and the merits of different styled pavements were fully discussed. C. O. Warren of Boston, one of the inventors and promoters of "Warrentite" and "Bitulithic" paving, was on hand to claim superiority for his class of road; and C. R. Forbes, superintendent of public works for the territory, had something to say in favor of the asphaltic concrete road, if laid according to carefully framed specifications.

"The very best engineers of all communities have been studying the road problem," said Mr. Warren, "because every year the road problem becomes more and more important to the business life of communities."

The speaker then went at some length into the specifications for building "bitulithic" and "Warrentite" roads, which are controlled by patents. In explanation of the difference between the two kinds of road, he said that the former was intended primarily for heavy and city traffic, while the latter was a less expensive variation adapted for the country roads.

Mr. Forbes spoke at some length, the gist of his remarks being that while "bitulithic" and "Warrentite" roads were undoubtedly first class, he believed that the price was too high for Honolulu, and that if specifications could be as carefully drawn for asphalt-concrete, as good a road could be laid for less cost. He thought that \$1.70 a yard was too high for the present road which should be laid for \$1.50 a yard to make it a paying investment for the community.

E. W. Churchill of Napa county, California, had something to say about roads. He said that he had been sent to Europe a few years back to make road investigations and that he came back with the belief that oil-macadam was a satisfactory material, at least for California. He advised putting on a fresh application of oil once a year and not watering the road.

Of special interest to the Ad Club was the report of the committee on arrangements for the big doings at Heine's Tavern, Friday night next. Tickets for this event are going fast and prospects are for a general good time. Ad Club members are requested to appear in white, with yellow sashes and ladies accompanying them are also supposed to be decorated with yellow sashes and ribbons.

The committee, which has arrangements for the dinner-dance in hand is made up as follows:

Tom Sharp, chairman; Raymond C. Brown, Harry L. Strange, A. E. Larimer, Jan. D. Lewenson, J. M. Riggs, C. B. Gage, W. H. Hutton, Chas. R. Friester, R. E. Lambert.

Federal Judge Tuttle in Detroit ordered the Pore Marquette railroad sold at auction on October 1.

Come in and hear the new Aeolian Electric Piano.

BERGSTROM MUSIC CO.

LOCAL AND GENERAL

There will be a meeting of the board of agriculture tomorrow afternoon at 3 o'clock in Mr. Dowsett's office.

A meeting of the territorial grand jury, scheduled for 2 o'clock tomorrow afternoon, has been postponed until 3 o'clock Thursday afternoon, July 22.

The contract to furnish steel for the new territorial penitentiary has been given to H. Hackfeld & Company by C. R. Forbes, superintendent of public works.

Officers recently elected for the six months' term of Damien Council, No. 553, Y. M. I., will be installed at 7:30 o'clock this evening in the hall of the Catholic Benevolent Union, Fort street.

The new officers of Court Camoes, No. 8110, Ancient Order of Foresters, were installed at a meeting of the society in San Antonio hall, Vineyard street, last night. Vincent Fernandez, Jr., a district deputy grand ranger, and Johannes F. Eckardt, district deputy grand herald, conducted the installation.

Since the first of the month 13 actions for divorce have been instituted in circuit court. This makes a total of 163 since the first of the year. Suits filed yesterday were Mrs. Annie Silva against Manuel Silva, Mrs. Elizabeth Keola against John W. Keola and George Kaapuni against Mrs. Helen Kaapuni.

The report of his division of circuit court for the six months ending June 30, 1915, has been filed by Judge T. B. Stuart. The report shows that during the period 339 actions at law and 93 actions in equity, including 30 special proceedings, were handled and disposed of. Of the actions at law 227 were tried, 72 by jury and the remainder jury waived.

A petition for writ of error was filed in the supreme court today by Tan Yick, sometimes known as Ah Chick, who alleges that there were certain errors committed during the trial of a case brought against him by the territory on Maui, which resulted in his being convicted and sentenced to serve not less than a year or more than five years in prison and pay the costs of the court.

A movement for instruction in safety on the streets is to be inaugurated within a short time through the Chamber of Commerce. A large number of accidents and narrow escapes have occurred in Honolulu lately, Orientals being the victims in a large majority of the cases. The Japanese press probably will be asked to assist in the campaign by informing its readers of the danger of allowing their children to play in the streets.

Through the Promotion Committee, a young lady from New York City, who returned to her home in the Manchuria today, has forwarded a large package of candy to the children of the inmates of the Kalaupapa and Kalaupapa settlements, Molokai. The package was sent to Superintendent McVeigh with the request that the candy be distributed among the children. The motive of the gift was the impression made on the anonymous New York woman by the fact that the settlement children had contributed to the Belgian relief fund.

DAILY REMINDERS

ARMY NOTES

Capt. T. A. Pierce, 15th Infantry, is in command of troops on the Sherman.

First Lieut. V. W. Boller, 2nd Infantry, returned from a short leave on the coast.

Maj. V. A. Caldwell, 25th Infantry, and Mrs. Caldwell returned from leave this morning.

Capt. W. G. Fleischauer, 25th Infantry, is back from a short leave spent on the mainland.

First Lieut. Thomas Crystal, 2nd Infantry, with his wife and young son, arrived on the Sherman.

Ensign Arthur S. Walton, U. S. N., was an arriving passenger in the Sherman. He comes here for duty.

Mrs. Joseph Janda, wife of Capt. Janda of the 1st Infantry, is a returning passenger in the transport.

Dr. James R. Haynes, who served here as veterinarian of the 5th Cavalry, is back in Hawaii for duty with the 4th Cavalry.

Capt. H. M. Paley, 1st Infantry, accompanied by his son, who is a cadet at the military academy, returned on the Sherman.

First Lieut. George R. Callender, medical corps, arrived on the Sherman for duty in this department. He is accompanied by Mrs. Callender.

Edward H. Wieser, son of Gen. John P. Wieser, commanding the 1st Hawaiian Brigade, arrived in the Sherman. He will visit his parents at Schofield Barracks.

R. F. Clayton of the clerical staff of department headquarters is back from leave. He will be acting chief clerk, during the absence of Chief Clerk Robbins, who left for the coast on the last transport.

Capt. Archibald Commiskey, Cavalry, aide to the governor general of the Philippines, is a through passenger in the Sherman. Capt. Commiskey saw service in the islands with the 46th U. S. Volunteer Infantry.

Capt. C. G. Hall, accompanied by Mrs. Hall and their son and daughter, returned from leave on the Sherman. Capt. Hall was recently relieved as constructing quartermaster at Canton, and returned to duty with his old regiment, the 4th Cavalry.

The transport Sherman came off port at two o'clock this morning and docked soon after daylight. The troopship has a large number of passengers for Honolulu, many officers with their families, returning from leave, while several are reporting for duty in this department.

First Lieut. Seth W. Schofield of the 4th Cavalry was an arriving passenger in the Sherman this morning. Lieut. Schofield left here as an officer of the 1st Infantry, to take the mounted service course at Leavenworth. He transferred to the cavalry arm, and was assigned to duty with the 4th, so that he comes back to his old station, but to a new organization, and a new service.

Capt. Frank B. Edwards, quartermaster corps, is in Honolulu en route to Manila. Capt. Edwards spent four years in Hawaii as constructing quartermaster, leaving here two years ago to return to duty with the coast artillery corps. He has been recently re-detached in the Q. M. in which department he made a fine record for efficiency. Capt. Edwards has a host of friends here, who are taking this brief opportunity of renewing old friendship with him and Mrs. Edwards.

'COUNTRY TRUSTS WILSON TO KEEP PEACE'—DIXON

Democratic Congressman Believes Next Congress Will Reconsider Tariff on Sugar

"Everyone on the mainland has the utmost confidence in President Wilson, and believes that he will be able to keep our country at peace with the full maintenance of our rights."

This is according to Representative Lincoln Dixon, the Democratic congressman from Vernon, Indiana, and a member of the Ways and Means Committee, who arrived in Honolulu today in the transport Sherman, accompanied by Mrs. Dixon and Miss Claire and Miss Dorothy Dixon, their daughters.

The Dixons have been spending the last several weeks at the Panama-Pacific exposition, and expect to remain in Hawaii about three weeks. During their stay here they will visit the other islands and see the volcano of Kilauea.

"In the states the people have been unitedly upholding the President in his management of the diplomatic relations with foreign countries," Mr. Dixon continued. He declined to speak further regarding the war.

Regarding the sugar tariff, Mr. Dixon said:

"I have heard very little, if any, discussion among the members of Congress as to any possible changes in the tariff law. The European war is, of course, interfering with the normal operation of the law."

"The revenues have necessarily been greatly reduced by reason of the war, and it will be necessary for congress to make some provision to supply the deficiency as to the sources from which additional revenues are to be received. This has not been discussed very much up to the present time."

"I appreciate the interest of the Hawaiian islands in the sugar schedule, and have heard it suggested that a very good method of supplying a necessary means for support of the government by the revenue derived from sugar, would be by making it about one-half of what it was prior to the enactment of the tariff law."

"Opinions are naturally divided on this subject, however, but the matter no doubt will receive early consideration in the next Congress."

On the matter of any new appropriations for military purposes in these islands, Mr. Dixon said he was not prepared to talk.

"I have no doubt that the military committee will continue with improvements found necessary for the islands," he said.

Mr. Dixon said he was very favorably impressed with the display in the Hawaiian building at the San Francisco exposition, and thinks that it reflects great credit on the islands. "I have always had a desire to visit the islands," he said. "I have been interested in their prosperity and advantages and decided to come down for a short visit."

PASSENGERS ARRIVED

WEDNESDAY.....JULY 14, 1915.

DECIDEDLY HOPEFUL.

That John H. Wise should not only assent to but strongly advocate radical charter revision and the adoption of the "short ballot" form of government by Honolulu will be a general surprise. He and many others who have been elected to the convention are popularly supposed to be "standpat" to the point of reactionism. It has been taken for granted by the avowed workers for charter reform that the voting majority in the convention would be against the elimination of a number of elective offices and the substitution of the short-ballot plan.

If delegates of the admitted political astuteness among Honolulu voters of Wise and W. C. Achi endorse and work for the short-ballot plan, the plan is possible of materialization. There are perhaps a dozen out of the sixty-odd delegates who are avowed workers for the short-ballot plan, together with the recall, the initiative and referendum, and the four-year term for elected officials. They have been expected to make a determined but largely hopeless fight for their views. If men with the influence among the Hawaiian delegates of Achi and Wise join forces with the nucleus already certain, they should be able to mould the convention. They should be able to make it a useful, constructive body instead of an obstacle to progress.

The situation is decidedly more hopeful than most advocates of the short-ballot city government have been willing to believe. The political aspect undoubtedly is reckoned with by the keenest of politicians. Democrats are already claiming that in six months of administration the mayor and the board of supervisors have reversed the popular sentiment so strongly in their favor last November. In the fifth district there is much dissatisfaction with the city administration. The fourth district is waiting to be convinced that the administration is going to live up to its pledges of efficiency and economy.

Republican leaders among the Hawaiians know that the record of this administration is not going to satisfy all the voters by a long way. And to show a record of constructive achievement, the Republican party needs some outstanding feature. It is planned to make that feature the promulgation and adoption of a brand-new charter.

Political expediency and progressive thought now are hand in hand and there is no reason why they should not remain so. It's good politics for the Republicans and it's good business for the people.

It will be just as good politics for the Democrats to come forward and demand a charter change. In fact, the Democrats have a splendid chance to gain votes, particularly in the fourth district, if they will go to the front for a modern city charter and make this an issue from now on until the next election.

When it is realized that the voting majority is awakening to the belief that new methods as well as new men are needed to give Honolulu the most economical and efficient government, both parties will be striving to get into the lead for charter reform.

TEACHING SAFETY ON THE STREETS.

The most direct, the quickest, the surest way to promote safety on the streets for the negligent populations of Honolulu is through the schools.

Ten minutes each day in every class-room devoted to a few simple precepts, reinforced by illustrations—and there are all too many illustrations—of the tragedies resulting from carelessness, should teach to nine-tenths of the children of Honolulu lessons that will never be forgotten.

Every autoist, every driver of a street-car, has had moments of horrible suspense when some child heedlessly rushed in front of a moving auto or car and it was a question if the speed of the vehicle could be checked in time to avert a tragedy.

A drive through the crowded sections of Honolulu—say from Fort street west to the Kamehameha schools—brings a hundred instances of heedlessness that might result in serious injury or death.

The Chamber of Commerce, with its powers of publicity and its influence in enlisting many factors to its cause, can do much good in promoting the teaching of "safety first." It is not alone the children that need it, but their mothers, fathers, elder sisters and brothers. Publicity through the Oriental papers, through the papers printed in English which reach

those of Oriental blood who read English; publicity through every available channel, will go far toward teaching the lesson that the price of carelessness is often death or life-injury.

And there still remains some room for learning on the part of many chauffeurs. Any casual observer can see drivers daily "taking chances" in dashing past street-cars or through groups of children.

"Safety first" lessons can be taught not alone in the schools but in the police station and magistrate's court.

Admiral Wei Han's prediction that the Chinese boycott of Japanese goods will not last long is not in agreement with the comment of a noted American businessman and educator who passed through Honolulu on the Manchuria yesterday. He says that the Chinese are showing a deep and silent anger against Japan which makes the boycott a very serious matter and that this anger will not soon be dispelled. All of which bears out the statement in these columns at the time Japan voiced her demands—that Tokio might win on the surface but down below, in the powerful and profitable current of commerce, the Japanese would lose.

A report from Atlanta tells of a plot to lynch Leo M. Frank, whose death sentence was commuted to life imprisonment by Governor Slaton just before the latter left office. Lynching would be a fitting climax to the paroxysm of mob law that has apparently convulsed Georgia justice. Slaton is said to be the most unpopular man in Georgia now, but a mainland paper aptly observes that when the murderer of little Mary Phagan is discovered, Georgia may well thank its courageous executive for having saved it a perpetual shame.

The public utilities commission was created by the legislature to be something more than a mere recording body. Its work in the past has been largely perfunctory. Now the commission seems to be getting "cleared for action" and to be manifesting a desire to go beneath the surface in its investigations of accidents. In this line of activity it should and we have no doubt will meet with entire cooperation by the public service corporations. The corporations have always appeared willing to meet the commission half-way.

Germany is not the only country which must stagger financially if the war goes on for another year. France, Britain and Russia are rolling up debts for future generations to carry. Even the victors in this war will be virtually impoverished so far as money reserves are concerned though credit will still be available.

Uncle Sam accommodatingly loans his services to the powder manufacturers hoping that hereafter if he gets into war he can call on them to supply him with munitions.

Italy is going to teach the manufacture of war munitions in her vocational training-schools. This is certainly a step toward "preparedness."

Chinese gamblers are being insured against arrest, says the captain of detectives. Evidently they don't believe that honesty is the best policy.

We judge by the silent preparations that Wilson and Lansing are going to say something pretty soon with a kick to it.

Strange that a great deal of the world's intemperance should be found in the temperate zone.—Leavenworth New Era.

A German bulletin, describing the enemy's artillery captured, includes "field guns, machine guns and mules."

It occurs to us that instead of four new traffic officers the police department needs four che-fa chasers.

Up to the time of going to press Bryan's peace plan hasn't stopped any battles.

The battlefield, says a correspondent, abounds in humor. Mostly unconscious humor.

Denmark has extended suffrage to women and still claims to be non-combatant.

Lansing appears to be just the man for first mate on the Ship of State.

Patronage isn't always the best politics.

LETTERS

(The Star-Bulletin invites free and frank discussion in this column on all legitimate subjects of current interest. Communications are constantly received to which no signature is attached. This paper will treat as confidential signatures to letters if the writers so desire, but cannot give space for anonymous communications.)

AMERICA AND THE LUSITANIA.

Honolulu, July 13.

Editor Honolulu Star-Bulletin:
Sir: There were several errors of judgment that were undoubtedly contributory factors in the Lusitania catastrophe. Among these may be mentioned, the running of this great vessel at reduced speed. Her owners wanted to save coal and reduce expense. Testimony to this effect was given at the coroner's inquest.

The failure of the British admiralty to protect the Lusitania from submarine attack was a blunder. This ship was torpedoed within sight of land and within a very short distance of her home port. England has numerically and in tonnage the largest fleet of war vessels of any nation, yet no effort was put forth by her to safeguard the homecoming of this great liner.

We Americans contributed to the disaster when we permitted the shipment of munitions and other contraband on a passenger vessel.

Undoubtedly we have the "legal" right to sell war supplies to any belligerent in any war. Whether we also have the right to imperil the lives of passengers by forwarding contraband on the same ship is an open question. It depends on whether, when we invoke the supreme law of humanity and make our stand on that, we are willing to recognize its universal scope. We cannot invoke the law and then limit its direction.

We cannot place the onus of blame on the owners of the Lusitania and say it was all their fault—that they should not have accepted that class of freight. We who shipped, and they who contracted to carry, war munitions on a passenger ship are not absolved from moral obligation because both were within their "legal" rights.

Suppose the position had been reversed. Imagine the United States had been at war with Canada and that we believed if we could prevent Germany from delivering a cargo of ammunition to our enemy we would win the fight. If we knew a great German passenger liner heavily laden with war supplies had sailed for Canadian ports—if we had convinced ourselves that could we intercept that particular cargo it would end the war in our favor—are we Americans so sure of our high standards of humanitarianism that we would applaud the commander of one of our submarines if he permitted the vessel to pass because there were women and children aboard? I hope we would, but confess I am a little doubtful whether we could measure up to that high moral standard.

I say this, not for one moment in justification of Germany's act, but only to ask the question. We, as a nation, are following President Wilson into the pure and rarefied atmosphere of a higher Christian morality. We have invoked the Supreme Arbiter to uphold the cause of humanity as something higher, better, more noble and more just than the selfishness bred by war, the selfishness of self-preservation. In fear and trembling I ask it, could we as a nation fly far, or long, on that higher plane? Would no man among us applaud when that Germanic "Lusitania" went down? Would we hang our submarine commander for murder, or imprison the crew?

To me the wonder of this time and age is that so many men in all lands should now be openly questioning the two earth-old proverbs "Might makes right," and, "All's fair in war."

We of the United States are trying to read a new moral principal into the conduct of human affairs. Are we as a nation so pure, so untainted with sordid commercialism that having climbed to these mountain heights we can continue to stand there, unabashed and unafraid?

Will Uncle Sam question his own soul to discover whether he is seeking the right because it is a concept of human morality, or will he follow the lead of other nations and dwell on the "legality" of his position—to back up that "legality" by force and arms?

AMERICAN.

MORNING ON 'CHANGE.

Olaa, McBryde and Waiialua monopolized the bulk of stock sales during the last 24 hours, according to reports of dealings between boards and at the session today. Olaa is firm at \$7, McBryde at \$8 and Waiialua at \$23.50. Honolulu Brewing & Malting has recovered from its temporary slump and holds well at \$19. Hilo, common, has apparently found a stationary resting place at \$60.

Charles F. Southmayr who died in Stockbridge, Mass., on July 1, 1911, left an estate of \$3,090,320.9.

MONTANA JUDGE CALLS HARRISON DRUG ACT VOID

Word comes from Helena, Mont., that the Harrison Drugs Act which was passed on March 1 of this year, has been declared unconstitutional in Montana by United States Judge George M. Bourquin. It is said that seven defendants who had been indicted for having drugs in their possession, were released.

News of Judge Bourquin's decision is of interest here because of the fact that drastic measures are being planned by local authorities to abolish the opium habit. Officers at the internal revenue office today were not of the opinion that the decision would have any vital effect on the Harrison act.

Reasons for the decision were that the act interfered with the Montana metropolitan police law, but in Collector Haley's opinion a state law has little effect in annulling a federal law. Chief Deputy Ralph Johnstone believes that the decision will be carried to a higher authority and the Harrison act cleared of any claim of unconstitutionality.

"Many people," he says, "who have had charge of the work in running down the drug habit, declare that the Harrison act, since it went into effect, has done more to accomplish results in their line than did any other law in history."

In regard to local physicians who are known to be supplying addicts with prescriptions whereby they may obtain narcotics in large lots, Mr. Haley is not allowed to give out the names of such persons to the general public but he may under the law give out the list to the health authorities.

The local medical society is determined to help in the stamping out of the practise and will probably in the near future, together with the board of health, call upon Collector Haley for the names of such physicians.

Personal Mention

J. P. COOKE, president and manager of Alexander & Baldwin, left for Kauai yesterday on a plantation inspection tour.

D. F. THURM of Thurms, Ltd., left for the mainland in the Wilhelmina this morning on a combined business and pleasure trip.

H. L. HOLSTEIN, speaker of the last house of representatives, is booked to return to his home in Kohala, Hawaii, in the Mauna Kea today.

HENRY W. KINNEY, superintendent of public instruction, will leave for Kauai next Thursday on business in connection with the department. He expects to return to Honolulu the following Sunday.

MRS. V. L. STEVENSON, wife of the editor of the Hawaii Herald, left for Sydney, Australia, in the Makura this morning, having received news that her mother is seriously ill. She was accompanied by her daughter.

WILLIAM LUKE, former manager of the Chinese Liberty News, left this morning on the Manchuria for San Francisco. He goes to attend the convention of the Chinese National League, which is to be held in the exposition city, beginning July 24.

JOHN M. MARTIN: The report that German bankers have warned the kaiser that the war must soon be brought to a close or the country suffer bankruptcy seems to me one of the most hopeful signs for peace that we have heard for a long while.

DR. T. KATSUMIWA, Japanese interpreter at the United States immigration station, has agreed to lead the party of Japanese who are to go on an excursion from Hawaii to Japan next October. The party will attend the coronation of the emperor in November, at Kioto.

JOHN WAIMAU, a graduate of the Kamehameha Manual School, was chosen head of the Kamehameha Instrumental Club at the second meeting of that organization last evening. The club will meet every Thursday evening at 8 o'clock in the clubhouse, Fort street. It is the intention of Leader Waimau to increase the club membership to 32 pieces.

An order for 700 steel box cars and 50 cabooses was awarded to the Central Locomotive & Car Co. of Chicago by the Chesapeake & Ohio railroad.

'LOOKS BAD FOR SOMEONE,' SAYS J. D. LEVENSON

"It looks bad for someone," Thus spoke J. D. Levenson, when questioned with regard to the developments of the investigation which has been progressing for the last several days, centering about the Honolulu Ad Club. Just who the "someone" is, he flatly refused to say—but added that it could not be kept from the public much longer, as things had taken such a turn that publicity is inevitable.

"I am very sorry about this little affair, from the way things look at the present time," continued Levenson. "There seems but little doubt that the accusations which were made will create considerable discomfort for the party or parties under fire."

"No, I can't say just when the circumstances will come to a complete head—but probably within the week."

In answer to the query as to whether the Ad Club would prosecute the guilty party, or parties, concerned in this mysterious investigation, he expressed it as his private opinion that the club would probably play an important part in the proceedings.

Nothing has yet been brought to the notice of either territorial or federal authorities. This would tend to strengthen Levenson's contention that everything is being conducted with as much secrecy as possible, out of justice to the principals involved, in case the investigations come to nought.

The navy may have a hand in the matter, as it is learned that R. E. Lambert, ex-paymaster, is on the committee of investigation.

Five thousand persons heard Billy Sunday deliver his farewell sermon in Philadelphia before his departure to his Oregon farm for a rest. Two hundred hit the trail.

Large Meat Trays

Leading Jewelers

LITTLE INTERVIEWS

PAUL SUPER: The contractors began to pour concrete on the swimming pool today. We will probably be ready to open it early in September.

KINNEY AND RAYMOND SEE WATERTOWN SCHOOL SITE

Henry W. Kinney, superintendent of public instruction, and George S. Raymond, public school inspector, went to Watertown yesterday afternoon to look over a site to which the present school building is to be moved. The land on which the school is now situated is leased property, and it is the idea of the department to secure fee simple land. There is an appropriation of \$1200 which provides for moving the school building to the new site and for the erection of a new bungalow type of school building. The new site is far more suitable than the present one, according to Mr. Kinney, as it is more removed from the railroad tracks laid down by a dredging company.

Kin au Street Home For Sale \$2500.

Property consists of a 2-story, 6-room bungalow. Three bedrooms, living room, dining room, pantry-kitchen, servants quarters. There is a fine lawn and mature flowering trees. Modern improvements: gas, electric lights, sewer connection, etc. You can get big value for your money in this property.

Surprise Party for

Miss Clemence Gifford.
Miss Clemence Gifford was surprised by a host of friends at her home last Saturday evening, the occasion being the young lady's birthday. At eight o'clock Miss Gifford, returning from a dinner party, entered the darkened house and was greeted with horns and bells and shouts. The party then commenced dancing.

Sweet peas and roses were used in decoration throughout the house and refreshments were served on the cool lawn. Some among the guests present were: Miss Mildred Chaplin, Miss Dorothy Winter, Miss Mildred Brown, Miss Rachel Woods, Miss Ilma Woods, Miss Louise Girvin, Miss Ruth Farrington, Miss Margaret Hawk, Miss Helen Center, Miss Kate Singlehurst, Miss Catherine Johnson, Miss Ruth Stacker, Miss Sybil Carter, Miss Margaret Briland, Miss Gertrude Blake, Miss Charlotte Blake, Miss Emily Cooke, Miss Ruth Gantley, Miss Elmore Gantley, Frank Winter, Ernest Mott-Smith, George Lindsey, Stanley Mott-Smith, Shirley Bush, Albert Bush, Le Roy Bush, Fred Carter, Platte Cooke, Parker Woods, Lorin Thurston, George Bromley, Elmer Crozier, Jack McDonald, Gustave Ballentyne, Joseph Farrington, Kenneth Emory, and others.

Mr. A. H. Bode's Death a Shock.

News of the death of Arthur H. Bode of Cincinnati came as a great shock to his many friends in Honolulu, who although they heard of his serious accident in San Francisco, hoped he would recover.

Mr. Bode came to Honolulu the latter part of June and was best man at the marriage of Miss Helen Spalding and Lieut. Howard Douglas Bode. He came to the islands with a group of young folks who are spending the summer here, and made a host of friends during his short stay in Honolulu. Only a few days after his return to San Francisco he was hit by a jitney bus and received injuries that made recovery impossible.

Because of the death of his brother-in-law, Mrs. Howard Bode has declined the invitations to the many social

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich. — "I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong." — Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work.
In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

functions which were planned in her honor during the remainder of her stay in Honolulu.

To Be Married in September.

News has been received in Honolulu of the approaching marriage of Miss Ruth Johnston and Mr. Douglas Baldwin, which will take place in San Francisco during the early part of September.

Miss Johnston, who is an exceptionally pretty girl, a tall, slender blonde, was during her residence in Honolulu a decided favorite in the younger set. She was a classmate of Mr. Baldwin, and it was during their senior year at Punahou Academy that Dan Cupid made himself known.

Miss Johnston left the islands with her mother and sister about two years ago and last year sent cards to her friends telling of her betrothal to Mr. Baldwin, who is the son of Mrs. B. D. Baldwin of Kauai.

Mr. and Mrs. R. E. Rietow Entertain.

Mr. and Mrs. W. J. Rietow of Chicago and Miss Ynez Gibson were guests at an informal dinner at the pretty home of Mr. and Mrs. Ray Barker Rietow in Kaimuki on Monday evening. An attractive centerpiece was formed of yellow coriopsis and maidenhair fern and held in a large cut-glass bowl. Yellow prevailed in all of the rooms and yellow candelabras were used on the dining table. After dinner Mrs. Lewis Underwood and Miss Mabel Hair joined in a game of bridge. Mr. and Mrs. W. J. Rietow and Mr. Billy Rietow leave today in the Wilhelmina for California, en route to their home. Billy Rietow enters the University of Wisconsin this next term.

From the San Francisco Chronicle comes the following comment upon the announcement of the engagement of Miss Susan Ann Davis and Lieutenant Jesse Tiffany, U. S. A.:

"Local society is interested in the engagement of Miss Susan Ann Davis and Lieut. Jesse Tiffany, U. S. A. Miss Davis is a Washington girl who has been the guest of Bishop and Mrs. Restarick at their home in Honolulu. She visited in San Francisco last year and during that time made many friends here. Lieut. Tiffany is at present in the Philippines, where he is a deputy governor of Jolo. He is a relative of the Tiffanys in New York, and has a brother in the service."

Harding's Death.

Close upon the announcement of the engagement of Miss Mary O'Brien and Lieut. Carl Adolphus Harding of Fort Shafter came the news of their marriage, in Parkersburg, West Virginia. The wedding took place at the home of the bride's mother on the thirtieth of September.

Mrs. Harding is very well known in Honolulu, having visited here a year ago as the house guest of Mrs. L. L. McCandless. She was entertained extensively during her visit in the islands and her many friends here are eagerly awaiting her return.

Lieut. Harding is with the Second Infantry, stationed at Fort Shafter, and it is there he will take his bride.

In Honor of Capt. and Mrs. Clinton.

Lieut. and Mrs. H. S. Green of the Marine Barracks, Pearl Harbor, gave a dinner at the Country Club Thursday evening, July 8, in honor of Capt. and Mrs. Clinton of the Marine Corps. The guests were Admiral and Mrs. Moore, Col. and Mrs. Atkinson, Capt. and Mrs. W. R. Davis, Lieut. and Mrs. Crittenden, Civil Engineer N. M. Smith, U. S. N., Mrs. W. A. Rogers, Lieut. and Mrs. Naylor, Mrs. J. A. Furer. The table was decorated with red roses and ferns. After dinner bridge was played. Mrs. Davis won the ladies' prize; Admiral Moore the men's.

Mr. C. D. Wright's Dinner Party.

Mr. Charles D. Wright gave a dinner at the Country Club on Monday evening for Mr. and Mrs. Jack London and Mr. and Mrs. C. C. Cunha, the occasion being Mrs. Cunha's birthday. The table decorations were California poppies grown from seeds sent from Mr. London's ranch at Glen Ellen, "The Valley of the Moon."

Dance at the Plesation.

Many society folk dropped in at the Plesation last evening for the dance

CALLING DAYS FOR HONOLULU.

Mondays—Punahou, Makiki.
Tuesdays—Waikiki, Kapiolani.
Wednesdays—Nuuanu, Paunui.
Thursdays—The Plains.
Fridays—Hotels and town.
Saturdays—Kalihi, third and fourth Saturdays; Kamehameha schools, last Saturday.
Fort Shafter—Calling day every Friday.

Note—The telephone number of the Society Editor is 2799.

which took place there. The Plesation dances have come to be an event looked forward to through the indefatigable efforts of Manager George A. Butz.

Lundberg de Roo.

Mr. Carl J. de Roo announces the marriage of his daughter, Louise Elizabeth, to

Mr. Alfred J. Lundberg on Monday, July the twelfth one thousand nine hundred and fifteen San Francisco, California.

This announcement comes as a pleasant surprise to Honoluluans who knew Miss de Roo as the young lady who left here some time ago on account of her health. Mr. de Roo is connected with the government service here.

Miss Emily Cooke and Platt Cooke are giving an informal dance at the Oahu Country Club in honor of their house-guest, Valentine Mace, this evening. The Country Club is now a most popular place for entertainments of any sort. Perhaps this will be the case only during the warm months when the cool breezes sweeping down from the hills are appreciated.

Mr. and Mrs. Jack London, who leave Honolulu this evening for Honolulu Friday night are being entertained extensively before their departure. Last night an informal dinner at the Japanese Consulate was given in their honor. Covers were laid for Mr. and Mrs. Jack London, Dr. and Mrs. Katsuki and Consul and Mrs. Arita.

The large dancing pavilion of the Outrigger Canoe Club is nearing completion and a chowder and dance, in other words, a house warming, is being planned for early in August. This will be one of the finest dancing floors in the city and will be one of the most popular places of entertainment, as was the old pavilion.

Miss Eleanor Gantley has invited a number of her friends to spend the day in Nuuanu on Friday. Miss Gantley is the daughter of Mr. and Mrs. Alonzo Gantley and has just returned from a course of studies in the East with her sister, Miss Ruth Gantley.

Mr. and Mrs. Howard Douglas Bode (Miss Helen Spalding) have returned from their honeymoon trip to Haleiwa and will leave for California Friday night in the Sonoma. Before their departure Mr. and Mrs. Bode will be entertained elaborately.

Mr. and Mrs. Harry Lee Taft and their son and Miss La Wall of Chicago, passed through Honolulu in the Manchuria. This party of Chicago society folk visited in Honolulu some months ago and during their stay here made many friends.

In honor of Mrs. Wallace R. Farrington, who leaves Honolulu next week for an extended mainland trip, Mrs. B. E. Noble has issued invitations for a luncheon on Thursday.

Among the society folk who left for the mainland in the Wilhelmina were Miss Blanche Soper and her sister, Miss Ruth Soper, who will remain in California until October.

The Misses Charlotte and Gertrude Blake have invited a number of friends to dance at their home on next Monday evening. About 54 are expected.

Miss Carol Reed has arrived in Honolulu for a two months' visit, where she is staying with her cousins, Miss Gladys and Miss Bernice Halstead.

Miss Muriel Hind of Kohala was one of the passengers to leave for San Francisco in the Wilhelmina today.

WASHINGTON SOCIETY.

(Special Star-Bulletin Correspondence)
WASHINGTON, D. C., July 1.—The Secretary of the Navy, joined Mrs. Daniels and their sons, who have been cruising on the Dolphin, and went with them to Newport today, where he delivered an address at the Naval War College.

During the absence of Mrs. Daniels, her mother and sisters, Mrs. Adelaide Worth Bagley, and the Misses Bagley, are occupying Single Oak.

Mrs. Bagley is entertaining at a small informal card party this afternoon.

The marriage of Miss Elizabeth Goddard Binney and Mr. Barnes Newberry, son of the former Secretary of the Navy and Mrs. Truman Newberry, took place yesterday at Potomac, the country home of the bride's parents, Mr. and Mrs. William Binney, in East Greenwich, R. I.

The setting for the ceremony was a picturesque spot just south of the old colonial mansion. An altar of white satin and white flowers was erected, with a background of masses of green and Ophelia roses. The altar was reached from the house through an aisle formed by six white columns joined by white ribbons and topped with large clusters of Ophelia roses.

The ceremony was performed by the Rev. James P. Conover of St. Paul's School, Concord, N. H., assisted by the Rev. Dr. Daniel Goodwin of East Greenwich.

The bride wore a beautiful gown of white satin. The bodice was embroidered in pearls, while the sleeves were fashioned of point applique and point de venise. The train was of satin embroidered in pearls and fell from the shoulders. The bride veil was a family heirloom of point applique, and she carried a bouquet of orchids and lilies of the valley. Mrs. Howard Anson Richmond, sister of the bride, was the matron of honor and the other attendants were Misses Martha J. Nicholson, Alice L. Howard, Harriet M. Smith of Providence and Miss Katharine Thompson of Wilmington, Del. The best man was the twin brother of the bridegroom, Mr. Phelps Newberry. The ushers were Messrs. Frederic G. Cunningham, John C. Hernian, Winthrop H. Brooks, T. Philip Swift, Richard E. Miller, Julian T. Bishop, Dwight Douglas, Frank W. Brooks, Jr., Thomas L. Hare, Powell, Jr., and E. Harris Howard, Jr. The wedding breakfast was served on the lawn. Later Mr. and Mrs. Newberry left for the Panama-Pacific exposition. They will live in Detroit. Mr. Newberry was graduated from Yale this year.

Col. and Mrs. E. M. House of New York, with whom the president made a short visit last week, and who have recently returned from Europe, have leased the Stevens estate at Manchester for the season and are expected at Manchester this week.

Mr. and Mrs. Charles A. Munn will give a house party this week end at their home, Woodcrest, Radnor, Pa. They will entertain at dinner tonight in honor of Miss Marie Louise Wainmaker. The guests will include the bridal party of Miss Wainmaker and Mr. Gurnee Munn, whose wedding will take place Monday. Miss Margaret Perin of Washington, Mr. William Rhinelander Stewart and Mr. Hamilton Fish of New York will be the additional guests at the Munn house party.

Lieut. and Mrs. D. McD. Le Breton, U. S. N., of Washington and their family arrived at White Sulphur Springs

yesterday and opened their cottage for the summer.

Gen. and Mrs. Theodore Schwan of this city are expected to arrive this week at the Maplewood, in Pittsfield, to spend the summer.

Mr. and Mrs. Peter G. Gerry are at Lake Delaware. They will later go to their place at Warwick Neck, R. I.

IS GIVEN COLLAR AND GOLD WATCH BY ODD FELLOWS

A. G. Horn, P. G., who has been acting as drill master for Harmony Lodge No. 3 and Excelsior Lodge No. 1, I. O. O. F., for the last three years, was presented with a handsome past grand's collar by Harmony Lodge, and a gold watch by Excelsior Lodge in recognition of his services during joint installation ceremonies in the Odd Fellows' hall, Fort street, last night. The presentations were made by Captain Paul Smith, P. G., for Harmony Lodge and Melville T. Simonton, district deputy grand sire, for Excelsior Lodge.

Officers were installed as follows: Excelsior Lodge No. 1—S. A. Campbell, noble grand; A. P. Luciera, vice-grand; L. L. La Pierre, P. G., secretary; A. B. Bennett, warden; P. J. Jenson, P. G., conductor; A. K. Wier, P. G., chaplain; W. J. Royal, I. G.; E. H. Brown, O. G.; A. G. Horn, P. G., R. S. N. G.; G. L. Samson, P. G., Treasurer; H. M. Mix, P. G., L. S. N. G.; J. A. Williams, P. G., R. S. V. G.; and C. W. Hammond, L. S. V. G.

Harmony Lodge No. 3—P. Nielson, noble grand; Edward Smith, vice-grand; Paul Smith, P. G., secretary; James Blecknell, treasurer; Edward C. Wolter, warden; A. Vanse, conductor; P. D. Wicke, P. G., chaplain; P. J. Jenson, I. G.; C. Evensen, P. G., R. S. N. G.; H. B. Myhre, P. G., L. S. N. G.; H. E. Moloy, P. G., R. S. V. G.; W. Gehring, P. G., L. S. V. G.

CARD OF THANKS.

The family of the late Mrs. Enlala Franks takes this opportunity to thank the many friends for the kind expressions of sympathy extended and the beautiful gifts of flowers received, and the officers and members of Cameos Circle No. 240, Companions of the Forest, A. O. F., for their attendance at the funeral of the deceased.

Honolulu, July 14, 1915. (Adv.)

Nellie Bly, an American war correspondent in Austria, sent a request for wheat flour for orphans and widows.

It is reported that a German agent placed emery dust in the cylinders of \$350,000 worth of auto trucks under construction in a Wisconsin factory, thus insuring their rejection by the inspectors of foreign governments at New York.

SHIPPING & WATERFRONT NEWS

TWO SHIPS LEAVE MANCHURIA AND SAY SIERRA WILL KEEP AT HER OLD RUN

SAME PIER AT SAME HOUR

WILHELMINA IN RACE

The Matson wharf presented another gala-day picture this morning when the Wilhelmina departed with 110 cabin passengers for the Exposition City and the New York Nautical School ship Newport cast off from the same pier, also for San Francisco. Both ships left at 10 o'clock.

"I wish to thank the people of Honolulu for their generous hospitality while the Newport has been in your harbor," said Capt. F. S. McMurray just before the ship left Pier 15. "Especially do I wish to thank the Chamber of Commerce, the Promotion Committee and other organizations which made our stay an enjoyable one."

He is thanking them on behalf of the board of directors of the New York Nautical School and the boys of the ship.

Capt. McMurray says he is leaving Honolulu two days ahead of schedule in an attempt to gain a safe margin so that New York, the terminus of the trip, will be made on time. The Newport arrived at Hilo 10 days ahead of schedule and is due at San Francisco about August 3. From San Francisco, where a stay of about 12 days is planned, the ship will proceed to San Diego, where the student-crew will view the Panama-California exposition. From there the vessel will return to New York via the canal.

The local waterfront is watching with interest the race which is in prospect between the Pacific Mail liner Manchuria and the Matson steamer Wilhelmina. Both steamers are on their way to San Francisco. The Manchuria left at 9 o'clock and the Wilhelmina departed at 10 o'clock, and those connected with the Matson line expect to get a wireless some time before night from the Wilhelmina announcing that it has passed the Manchuria—if it can.

It may be a repetition of the race on March 10 between the Mongolia and the Matsonia. This time the Matsonia is a 27,500-ton ship, a sister to the Manchuria, while the Matsonia is a 15,000-ton boat. The Wilhelmina is even smaller than the Matsonia, being a 13,500-ton steamer. On the trip leaving here March 10, the Matsonia left at 9 o'clock and the Matsonia at 10 o'clock. The first day out the Matsonia passed the Mongolia and arrived in San Francisco on the sixth day three and one-half hours ahead of the Pacific Mailer.

The Manchuria, which departed for the coast today, carried a quantity of German cargoes from the interned German ships in Manila bay.

The schooner Zampa, here from Grays Harbor with lumber June 29, sailed out of the local harbor without assistance yesterday, bound for Bellingham.

The Matson steamer Manoa sails for Kahului tonight at 8 o'clock and not Thursday as announced in another publication. It will return Sunday morning.

The Manchuria brought 2100 bales of bags to relieve the sugar sack shortage in the islands and the Tenyo Maru is expected to unload the remainder of the sacks needed for this crop on her next trip.

A total of 22,000 tons of sugar has been shipped by the Sugar Factors Company this month from island ports. The Dakotan will leave Hilo Thursday with 3500 tons for the east coast, and the Arizonan will arrive Friday and depart July 27 with 11,000 tons.

According to a despatch from Washington, German refugees of the Shantung peninsula have been ordered by the German war office to remain in Shanghai until the close of the war. This is taken to mean that no more German refugees will pass through Honolulu bound for the Fatherland via the United States.

Capt. Andrew Dixon of the Manchuria, assisted by Chief Officer Willis of the German steamer Pommer, launched Captain Dixon's model of a yacht near Myrtle Boat Club yesterday. The model is six feet long and one foot beam with 30 pounds of lead in her keel. She is alop-rigged and made from teak and redwood.

According to advices to Castle & Cooke, the Tenyo Maru, arriving here July 19, will have on board Rev. Daniel Ebina, a Congregational minister of Japan, and Hiko Mukaen, a Japanese Buddhist priest. On the same ship are 36 Japanese cherry girls bound for the Japanese concession at the Panama-Pacific exposition.

The British steamer St. Quentin, Captain Sutherland, from New York June 25 for Vladivostok via the Panama canal, is expected here July 22 for bunker coal from the Inter-Island. The British steamer Purley, Captain Welford, from New York June 20 for Vladivostok and Kobe via the Panama canal, is expected July 21 for bunkers.

Soichiro Asano, president of the Toyo Kisen Kaisha transpacific steamship line, is expected to be a passenger on the Tenyo Maru when that steamer arrives in Honolulu. Monday, the Tenyo will depart Tuesday morning. It is understood that Mr. Asano is going to sojourn on the mainland for several weeks with a view of improving in health.

The first Nippon Yusen Kaisha steamer to call at Honolulu for bunker coal on the run from New York via the canal for Japan will be the Tokushima Maru, due on July 19, according to word received by J. W. Robertson, manager of the shipping department of C. Brewer & Company. The Tottori Maru was due to be the first boat but passed up the port for reasons not known locally.

The Japanese steamer Teurigan Maru came into port this morning and is unloading 3670 tons of coal from Muroran, Japan, for the Inter-Island, and 2900 pieces of pig iron. In addition to the coal and iron, the steamer has a cargo of rice, cement and general supplies for Ocean Island. She will depart for Ocean Island after discharging the coal and iron here and will load at Ocean Island with phosphates for Japan.

All the property of the British-American Tobacco Co., in Germany has been placed under German supervision.

Although fresh rumors continue to come in to Honolulu to the effect that the Kansas City will supplant the Oceanic steamer Sierra on the Honolulu-San Francisco run, facts continue to come in to the contrary. The Sierra is now in drydock having her propeller repaired.

If her oil tanks are to be enlarged for the longer run to Sydney, it is reasonable to suppose that the work would be done now and that the Kansas City would be chartered at once. But the Sierra, according to all advices received to date, will be in the local port again July 24, as per schedule.

J. W. Robertson, manager of the shipping department of C. Brewer & Company, local agents for the Oceanic line, returned Monday from San Francisco and today he discusses the rumors. He had heard the reports in San Francisco, but nothing was known of any such proposal at the San Francisco office, he said, and neither has anything been heard at the local agency.

American Lloyd's classes the Kansas City as being a steam schooner and the San Francisco guide gives her as being owned by the Union Iron Works, and she is now on the drydock at that place, or at least was a few weeks ago.

She is a 4000-horsepower boat and 18 knots an hour is claimed as being her speed. She is 3673 gross tonnage and 2163 net tonnage. She is 337 feet long and 45 feet beam and draws 13.3 feet of water. The Kansas City was built at Chester, Pa., in 1839, thus being 26 years old.

MAIL FOR SONOMA MUST NOT GO TO POSTOFFICE

The Oceanic liner Sonoma from Australia will arrive at 5 o'clock Friday afternoon and depart at 11 the same evening for San Francisco. Owing to the fact that the through boats on this line have no local mail contract, the Sonoma will carry no mail, except that accepted at the offices of C. Brewer & Co. in stamped envelopes.

NOTICE TO CREDITORS.
In the matter of the estate of William Brewster Oleson, deceased.

Notice is hereby given that the last will and testament of William Brewster Oleson, late of Honolulu, Territory of Hawaii, deceased, has been admitted to probate by the above court and letters testamentary granted to the undersigned, Abby J. Oleson, the executrix named in the said will. All creditors of the deceased or of his estate are hereby notified to present their claims, duly authenticated and with proper vouchers, if any exist, even though the said claims may be secured by mortgage upon real estate, to Abby J. Oleson, 2144 Lanialani drive, City and County of Honolulu, Territory of Hawaii, within six (6) months from the date hereof (which is the date of the first publication of this

NAVY CRUISE TO HAWAII CALLED OFF BY DANIELS

Not Only Will Not Come This Summer, But No Plans For Next Year Are Made

By C. S. ALBERT.
(Special Star-Bulletin Correspondent)
WASHINGTON, D. C. July 13.—The contemplated visit of Secretary Daniels to Hawaii with a full division of the Atlantic fleet, five first-class battleships, has been indefinitely postponed. He will not be in Honolulu this summer or autumn. It is uncertain whether the trip will be undertaken next year. Only future events can determine that point.

It was not until today that Secretary Daniels threw away the last remaining shred of his optimism. He continued to entertain a lingering belief that possibly the European war clouds might shift in such a manner as to permit the removal of the Atlantic fleet to the Pacific Coast. If those silver linings did not succeed in showing themselves the secretary was reasonably certain that the journey could be made next year. This contingency now has been dashed along with the first proposition. There is nothing to indicate that the war situation will be better next year. In addition, there is a warm presidential election coming along, and that promises to keep Mr. Daniels and all the President's official family and friends fairly busy. Hence, all plans and bets are off.

MAKURA HERE FOR STAY OF ONLY FEW HOURS

All ships from the mainland this week report an unusual streak of good weather. The Canadian-Australasian steamer Makura docked at Pier 10 at 7:30 this morning from Vancouver and Victoria. The trip was made in six and one-half days. A light cargo was taken off at the local port, and at 11 o'clock the steamer cast off for Sydney.

Nineteen passengers, 10 of whom are "Mienese," made up the passenger list for Honolulu. Through passenger berths numbered 109. The mail also was light, inasmuch as the Ventura Monday carried most of the mail up to her sailing time from San Francisco.

The homeliest man in Bloomfield, N. J., will receive a prize of a diamond ring at the close of a carnival for the benefit of the Epimen's Relief association.

The Rev. George W. Corrigan, rector of St. Joseph's Roman Catholic

Harold Gregson, the famous organist, who will give a concert at St. Andrew's cathedral tomorrow evening.

Music lovers are promised a rare treat in the organ recital to be given tomorrow evening at St. Andrew's cathedral by Harold Gregson, the noted English organist. Mr. Gregson, who has played on many famous organs throughout the world, pronounces the instrument at the local cathedral one of the best of its size that it has been his privilege to use. The concert will begin promptly at 8 o'clock.

The first number is a Toccata and Fugue in D minor written by Bach, and is one of the most dramatic of the old master's works. The second number consists of "Communion," "Meditation" and "Capriccio," three pieces for the organ in different styles. The selection entitled "Meditation" is the work of Floyd St. Clair, an American organist.

The third number is a contralto solo by Mrs. Robbins B. Anderson. Mrs. Anderson will sing "The Almighty," a composition by Schubert.

"The Storm," a grand fantasia by Lemmens, is the next organ selection. This piece is popular everywhere and is considered the best of its kind. Its author was a celebrated Belgian organist. The argument is as follows: After the day's toil, happy peasants are beginning the evening hours with music, performing solos on instruments peculiar to the district in which they live. Suddenly the company is disturbed by a great thunderstorm which breaks out above them and vents its fury on the earth. After the storm subsides a little, a few bars of simple song are sung by the peasant

folk who again calmly resume the evening's enjoyment.

The fifth number consists of two pieces from Lemmens, the well-known English organist. These are Andantino in D flat and Gavotte Moderne. The first is probably the most popular of any organ composition ever produced by an English organist. Lemmens, the author, was for some time organist at the Carnegie Institute in Pittsburgh.

Sixth on the program comes the Prelude in C sharp minor by Rachmaninoff, the Russian composer. This prelude brought to its author worldwide fame. The theme of the piece is founded on but three notes. Mrs. Anderson will sing again after the sixth number, her selection being "O Rest in the Lord" from Mendelssohn's "Elijah."

Following the solo, Mr. Gregson will render Gullmunt's Pastorale, which bears such a spirit of rustic tranquility that one might almost believe it occurred to the composer as he wandered at evening through some village churchyard, and listened in the still air to the music as it flowed from the ivy-covered church.

As a closing selection Mr. Gregson has chosen the Toccata in G by Du Bois, a rigorous finale by a famous French organist. The word "toccata" means to touch, and requires brilliant work in fingering.

Following the evening's program an offertory will be taken to commence the fund for the new organ screen to be bought for the cathedral.

BUCKSHOT JOHN, LAST OF 'BAD MEN'

Charles E. Van Loan, "Van" as he is usually called by his friends, has given to the present day reader of fiction many a good laugh with and at the photo-play artists. He has also given to the screen performers an excellent medium for a demonstration of their ability in "Buckshot John." Hobart Bosworth, together with a company of finished artists, has produced "Buckshot John" and added to the number of film classics. "Buckshot John" will be shown at the Liberty theater for the last time tonight.

"Buckshot John" is different from the ordinary similar photo-play. It is a drama with a setting in the middle

nineties, when the last of the "bad men," who were the terror of the express messenger and the postmaster, were being rounded up. Buckshot was the last of his particular gang. He knew where was located the cache, running well into the hundreds, and after 15 years' imprisonment—when he "got religion"—he uncovered the cache. "The Exploits of Elaine," episode number 10 consists of two reels of genuine thrills. These two reels would make a good feature at the average motion picture house, and only become dwarfed when shown as an added feature with Paramount Pictures.

LAST RUN OF 'MIGNON' AT BIJOU

Beatriz Michelena closes her engagement in "Mignon" at the Bijou theater with the performance tonight, to make way for Lillian Russell in "Wildfire"—one of the younger stars stepping aside for one of the older, though perennially young, queens of the stage. Miss Michelena in "Young Rom-nce" scored a decided hit, while in the present offering she has added laurels through a better opportunity to display her beauty and her talent.

Crawford—"Do you think it right to quarrel with one's wife over the telephone?" Crabshaw—"That's the only way to do it. You can shut her off before she can get in the last word." Gabriel d'Annunzio, the Italian poet, and his eldest son will join the army in which his other two sons are already officers.

The return of the old frigate Constellation to Newport as a permanent fixture and exhibit at the naval training station was celebrated at Fort Green.

BAT THE RAT

Join the Clean-Up Club and Kill Off the Pests

Boards of health everywhere are trying to exterminate rats, because of their menace to health and destruction of property. But without waiting for the health authorities to do the work for you, do your duty and use the only effective weapon in the war on rats, Stearns Electric Paste. Get a two ounce box from your druggist for 25 cents and in one night it should kill off all the rats and mice in your home, barn or garage.

Remember above all that killing a rat now is as effective as killing a dozen a couple of months later. Use Stearns Electric Paste now and prevent further breeding. Directions in 15 languages in every package.—Adv.

SHANER SAYS HE NEVER BROKE AN AXLE, AT LEAST

Spirited Tilts at Supervisors' Meeting Over Dimming of Automobile Lights

Much lively discussion resulted at the meeting of the board of supervisors last night, when Supervisor Larsen's pet measure as to the dimming of automobile lights came up for the third reading.

The discussion started when Supervisor Shingle, who has evidently been making a careful study of the light situation, proposed a slight amendment, changing the manner of dimming by frosting the globes of electrically lighted vehicles.

F. H. Shaner, who drives a large car for the von Hamm-Young Company, was called on by Mr. Shingle to state what experience he had had with the dimmed light. Mr. Shaner's statement was that the lamp dimmed by rubbing the glass with oil and emery paper had insufficient light for driving on the roads about town. He cited several instances where he had barely escaped accidents in his "dimmed" car.

Mr. Shaner was questioned closely by both Mr. Shingle and Mr. Larsen. His advice was the use of the frosted globe as suggested by Mr. Shingle. He stated that the frosted globe was coming into favor in San Francisco.

A vast difference of opinion and eye-sight developed in the arguments which followed, some statements that certain dimmed lights could be seen by some people for several hundred feet, contrasting with other statements that the same kind of light could not be seen by others for more than a few yards.

Supervisor Larsen, who owns a Ford car, regretted that he did not have his machine downtown to give an ocular demonstration to the doubters.

"I wish my car were here," said Larsen, "then I'd show you how the dimmed glass works. Unfortunately I broke an axle, and the auto is at home. However, I have used a dimmed glass and have had no narrow escapes from accident such as Mr. Shaner reports."

"And I," retorted Shaner, "have never broken an axle."

When the laugh had subsided Supervisor Shingle said that he thought the board should not legislate for the 2000 and more cars on Oahu solely on Larsen's experience with a Ford. "I think auto experts know more about lights than Larsen knows, though I'd take his opinion above that of anyone on matters of hoisting heavy weight up the side of Diamond Head."

"I object to the tone of Shingle's remarks," said Larsen. "He can amend or fight this ordinance, but I don't like him to infer that I am a numbskull, fit for nothing but to hoist heavy weights."

Shingle finally made a motion to defer the question to a later meeting, and though the movement to defer was strongly protested by Supervisor Logan, it was passed. Meanwhile members of the board are making a careful study to get more light on the question.

WILL COST CITY ABOUT \$12,000 FOR INSURANCE

That is Report on Workmen's Compensation Submitted By Mayor to Supervisors

Following a request at the meeting of the board of supervisors on June 25, 1915, that a summary of the Workmen's Compensation Act be prepared and furnished by Mayor Lane and First Deputy City Attorney Lymer, such a summary was last night presented to the board.

The summary, save for a few changes for local conditions, is taken from the synopsis of the same law by C. R. Hemenway, an authority on the compensation act. It shows that neither the city nor county is in any way obliged to carry insurance liability or in any way furnish security for the payment of compensation of any employee entitled to it under the act.

The amount of premium necessary for the city and county to pay annually for insurance, from an average compiled after consulting several different insurance companies, would be from \$12,000 to \$15,000.

Without insurance of the members of the police and fire departments, this premium would be reduced to approximately \$8000 a year. This marked difference lies in the fact that the members of the two departments just named are insured at a much higher rate than are other employees.

The summary states in conclusion that in the belief of the mayor and attorney it is a good policy to carry insurance, and furthermore that the city and county should act as its own insurer, a plan being followed by the large corporations and plantations of the territory.

The industrial accident board for the city, composed of A. L. Campbell (chairman), R. B. Booth, F. O. Boyer, S. S. Paxson and F. E. Steere, all of whom were appointed by the governor to serve without pay, have had their hands full of late with daily afternoon meetings, and with the answering of hundreds of questions which come in concerning the new law. Many of the questions have to be turned over to the city attorney for settlement.

The list of corporations, companies and individuals who have taken out insurance is constantly growing larger. Insurance agencies are cooperating with the board in an educational campaign to show the advantage of insurance to companies employing large numbers of men.

A MESSAGE TO THIN. WEAK, SCRAWNY FOLKS

An Easy Way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh.

This, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative function of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point.

Caution:—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder. For sale by Benson, Smith & Co. Chambers Drug Co. and Hollister Drug Co.—advertisement.

HONOLULU WOMAN GETS BIG GAME FISH UPON HER FIRST ATTEMPT

Mrs. A. W. Neely, wife of Deputy Neely of the tax office, and two big fish she caught with rod and reel on July 7. The larger is a 16-pound ulua, the other a 2½-pound auela. They were caught with a spoon and light tackle, between the mouth of Honolulu harbor and Diamond Head. This was Mrs. Neely's first experience with the game-fish of Hawaiian waters and she was lucky soon after dropping a line into the water. Mr. Neely is an ardent fisherman. Recently he has proved again and again that game-fishing in Hawaiian waters ranks with the best in the world.

TONIGHT'S FETE AT HEINIE'S TO BE GOOD

The evening's entertainment at Heinie's Tavern will again feature, little Edith Mellor, the popular cabaret miss who has delighted the patrons of the famous beach resort for the past two nights.

The dinner, excellent as usual, will "tickle the palates" of those who "partake thereof."

Dancing will be indulged in after the dinner hour. Fine music will be furnished for this part of the evening's pleasure.—Adv.

LICENSE BOARD PERJURY CASES STILL WAITING

Growing out of the recent meeting of the Oahu liquor license board and its investigation of "undisclosed interests" in local saloons, at least two perjury cases are to be brought before the territorial grand jury, according to Carlos Long, secretary of the board.

"We are just waiting now for a transcript of the evidence taken by the official stenographer," said Secretary Long today. "This will be furnished to City Attorney Cathcart for use before the grand jury. I understand."

Secretary Long says that two cases in which the evidence of perjury seems plain to the board are those of "Tommy" Marlowe, proprietor of the Kentucky Bar, and a brewery porter named Imamura. Marlowe confessed to the board to having told it a falsehood last year. His confession came after the board had secured evidence to prove the falsity of his statements a year ago. Imamura was alleged to be the go-between for Charles G. Bartlett, former president and manager of the Honolulu Brewing & Malting Company, in securing an interest in another saloon. Imamura, when questioned by the commission under oath denied certain meetings and conversations which were subsequently related and sworn to by other witnesses.

"The board hopes to take early action on these perjury cases," said Long today.

Unitarians refused to change the name of their denomination at the nineteenth annual meeting of the American Unitarian association at Boston.

By unanimous vote, the Brotherhood of Locomotive Engineers' convention at Cleveland adopted a resolution favoring the enactment of a law requiring the use of power headlights.

MANOA ROAD IS TO HAVE PAVING OF WARRENITE

Several Slight Changes Made in Ordinance and Action Deferred Until Tonight

Last night the board of supervisors discussed the final resolution to put in force the Manoa district improvement scheme, but took no action. It had been prepared in a conference of the road committee with Engineer Whitehouse, Deputy City and County Attorney Lymer and L. J. Warren, attorney for the Manoa residents, and followed the directions of the statute as closely as the conferees could make it.

Supervisor Hollinger opposed immediate action, on the grounds that for part of the "main thoroughfare," on which the city bears one-fourth of the cost, the material had been changed from concrete in the original resolution to Warrenite, and, secondly, that the "main thoroughfare" was not explicitly delimited. He was supported by Larsen and his objections were conceded to be reasonable by Arnold, a member of the road committee, who, however, personally thought that the rights of the city were protected in the document.

Chairman Shingle of the road committee urged action at the meeting, believing that the points raised were legal ones and, as the attorneys agreed that the law was fully complied with, nothing was to be gained by delay. He was supported by Logan, who read provisions of the statute showing that "modifications" could be made in the final resolution, provided the cost was not increased, and that the "main thoroughfare" must be the same as that defined in the initial petition or resolution, as the case might be.

Rather than have a divided vote on moot questions, when the board was unanimously in favor of the general proposition, Shingle finally conceded a delay. He moved that further consideration of the resolution be deferred until this evening, which was carried.

The changes in the resolutions are as follows:

Warrenite to replace concrete for the paving of Manoa road, along its course from the makai boundary of said improvement district to its junction with East Manoa road.

Those portions of Adelphi street and Ferdinand street situate above or northerly of the northerly line of Ferdinand avenue, to be excepted from the improvements proposed.

Lava rock curbing, instead of concrete, to be laid along East Manoa road, Manoa road, Liliha rise and Armstrong street, where the same are now uncurbed with lava rock.

MEMO'S OF MEETING OF CITY SUPERVISORS

The budget for the next six months passed its third reading last night.

A permit to Kusebio Keyong for conducting a dance hall at Waipahu was granted last night.

An ordinance granting permission to the College of Hawaii for an experimental road which is to be constructed and maintained by the college passed

its third reading last night. The road passes the grounds of the college.

An ordinance providing for the establishment of grades and sidewalk lines along Beretania from the mauka boundary of King street in Palama to the mauka boundary of King street in Mollili passed its first reading last night.

The communication from the Honolulu Plantation Company relative to the purchase from the city of surplus water which might be developed on or near the holdings of the plantation company, was handed over to the water committee for investigation.

Five communications from Engineer Whitehouse were handed in last night by Supervisor Shingle for consideration. The communications show costs for various bridges and bridge improvements and the establishment of a quarry in the Koolau-poko road district.

The customary requests for Sunday evening "educational" movies came before the board last night and were

referred to the police committee. "The Blacksmith's Romance," "The Blind Fiddler," "The Lonesome Trail," and others were among the films for which permits were sought.

Engrossed resolutions were presented in person to Capt. Henri Berger at the meeting last night. Supervisor Logan, who made the presentation speech, emphasized the faithfulness that had always been exhibited by the retiring band leader in the performance of his duties. Capt. Berger, in accepting the resolutions, suggested that there always be an effort made to keep the band one of the big features of the city, and stated that he would always be willing to offer any suggestions or words of advice in regard to the band.

MISSIONARIES TAKEN FOR RIDE AROUND CITY

"Get your missionaries and Chinese students together for a car ride about the city immediately on arrival." So read a wireless message sent by W. A. Bowen to the steamship Manchuria

a few hours before her arrival yesterday morning.

The sightseeing trip for the 80 missionaries and missionary children and the 20 students, took in all of the places of interest about the city that are accessible on Rapid Transit cars. Some of the points visited were Fort Shafter, Nuuanu and Manoa valleys, Kapiolani park, and the Aquarium.

Last night several of the Chinese students were guests of the Chinese ball team which recently returned from the Orient. Kim Tong Ho, manager of the team, arrived on the Manchuria yesterday.

Six of the eight Filipino insurgents recently sentenced for the Christmas Eve rioting at Manila escaped from the Pasig jail, Manila.
