PUBLIC LANDS FOR HOME SEEKERS

Government Surveyed Lots Are to Be Opened Up.

All the government homestead lots in the Territory which have been surveyed are to be thrown on the market in one great lot and anybody who wants them and can comply with the terms under which they are to be offered, may acquire a home.

Marston Campbell, as Land Commissioner, announced yesterday that he is having prepared a complete list showing all the homestead lands that have been surveyed, and that as soon as the list is completed, a big advertisement will be published, informing the home-hungry public how and where homestead lots may be obtained.

There has for a long time been more or less complaint that government lands that should be thrown open to bona fide homesteaders were tied up in a tangle of red tape instead of being turned into homes for citizens of the Territory. This has been one of the most serious and loudly voiced complaints against the conduct of the Land Office, especially under former administrations. Now the protestations of the government that more settlers are wanted and that lands will be provided for them appear in a fair way to be proved grounded on fact.

There are thousands of acres of government lands suitable for homesteading scattered over the Territory, there being good lands on all the bigger islands. Some of the land has not been surveyed and cannot be thrown on the market until it is, but a large amount has been surveyed and will provide room for many new homes and small farms. The list will be published by the Land Office when it is prepared.

MAY A WOMAN OWN A SALOON?

Interesting Question Raised at Meeting of the Liquor License Board.

A license to run a saloon at Waipahu was granted by the Liquor License Board yesterday afternoon to Joe J. Dias, there being no opposition to the granting of the same.

The question was raised as to whether or not a woman may hold an interest in a saloon license. After the license had been granted, attorney E. M. Watson, appearing for the petitioner, asked that leave be granted Mr. Dias to transfer a half interest in it to his mother, Mrs. Julia Dias. He explained that the saloon at Waipahu used to be run by the father of J. J. Dias. Dias senior died last year. His estate is heavily in debt to certain wholesale liquor houses in Honolulu, and the mother and son are eager to wipe out the indebtedness. At the same time, it is desirable that the estate be closed up. By allowing the mother and son to form a copartnership this could be more easily accomplished than in any other way.

Board Unfavorable.
The proposition, however, did not please the Board a little bit. They did not look at all favorably upon the proposition of allowing a woman to

ESTATE OF C. M. COOKE MUST BE APPRAISED

The will of the late C. M. Cooke was admitted to probate yesterday morning by Judge Robinson on petition of C. Montague Cooke, Jr., and Clarence H. Cooke. Anna C. Cooke, C. Montague Cooke, Jr., and Clarence H. Cooke were appointed executrix and executors, without bonds, according to the terms of the will.

Notwithstanding the provisions of the will that no inventory of the estate should ever be made or filed in court, Judge Robinson appointed R. H. Trent, Henry C. Hapai and E. B. Damon appraisers to determine the value of the property, "for the purpose of fixing the value of all devises or bequests under the will of said deceased, and the inheritance tax to which the same are liable."

BONDSMEN FOR MORI ARE FOUND

Japanese Who Stabbed Sheba Will Be Released.

Mori, the Japanese who murderously assaulted and stabbed Editor Sheba of the Hawaii Shimpō, and who has been in jail ever since awaiting trial, will be released on bail today if the plans of his friends do not again miscarry. Funds have been collected to get him out, the angel being Editor Yokogawa of the Maui Shimbun, himself only a short time out of jail and liable to go back for a long term if he is found guilty of the offense with which he is charged.

Yokogawa, who was arrested by the Federal authorities on several charges of sending obscene matter through the mails, was released on bond recently. He at once got busy trying to aid his friend Mori, whose predicament was even worse than his own.

Yokogawa Hustles.
Mori's bonds had been fixed at \$5000, and all his efforts to get bondsmen had resulted in failure. But Yokogawa hustled around Honolulu with a subscription list to get contributions to make up a purse to make it worth while for men with money to go on the bond. He did fairly well here and then returned to Maui, where he circulated his list, and by strenuous endeavor secured enough to be able to guarantee the sum of \$250 to each of three bondsmen in return for their taking a chance. Under this inducement Ah Leong, a local Chinese merchant; Yamashiro, the Japanese hotelkeeper who was active in the Higher Wage Association; and Kawasaki, another hotelkeeper, who is also a deacon in the Japanese Methodist church,

HIGHER WAGE MEN STILL COLLECTING

Olaa Japanese Easy --- Hawaii Settling Down---Maui Still in Dark.

Collectors of the Higher Wage Association are doing a fairly good business in the hinterlands of Hawaii, according to a report brought back from the Big Island by S. Sheba, the editor of the Hawaii Shimpō, who was sent for by the Hilo Japanese to arbitrate some of their differences.

"I find that the feeling of the Japanese on the plantations close to Hilo is one of a desire to let well enough alone," said Mr. Sheba, "but on the Olaa plantation I found some of the agitation sentiment remaining. There were two collectors of the Higher Wage Association visiting the plantation while I was there, collecting on the basis of a 25 per cent. commission. The laborers are paying in thirty cents each a month, believing that they are supporting an association that still has a great deal of power and influence. Most of the laborers do not really know what they are giving the money for, while others say that they are paying in to help meet the deficit they are told exists in the association treasury."

"Between Waiakaa and Hilo I noticed a building with a sign stating that it was the headquarters for the Japanese Labor Union. There was a man within busy on some books, possibly figuring out his commissions. "All over Hawaii, practically, the feeling of unrest has died out, but I am told that on Maui, particularly around Wailuku, Kahului, and Lahaina, the Japanese do not yet understand the situation in Honolulu."

MONGOLIA AND NIPPON.

The P. M. S. S. Mongolia sails from San Francisco for Honolulu today and is due here the morning of the 11th. The T. K. K. S. S. Nippon Maru, sailing from Yokohama about October 6, is due here the 15th or 16th instant.

SEBREE'S BIG FLEET SAILS TODAY FOR SOUTH SEAS

FLAGSHIP WEST VIRGINIA (on right) AND CRUISER PENNSYLVANIA, AS THEY LAY IN THE ALAKEA STREET SLIP.

At two o'clock this afternoon the Pacific fleet will shape course from off the harbor for Nares Harbor, Admiralty Islands, and will start off at a thirteen-knot clip.

The Pennsylvania went outside at four o'clock yesterday afternoon, the Colorado goes out at nine this morning, the Washington at eleven, the West Virginia at one in the afternoon, and the flagship Tennessee will cast off moorings, and as soon as she reaches the head of the line the Admiral's order to start south will be given.

The last of the coal taken from the naval station yards was placed aboard the warships in port yesterday afternoon and by this morning all the vessels will be washed down and in readiness for inspection.

Captain Benson, chief of staff, stated

yesterday afternoon that the coaling has been most satisfactory, and that the arrangements for coaling all the ships have been most satisfactorily carried out, which, he says, speaks well for the capacity of Honolulu as a coaling station to supply coal. This, of course, refers to the naval station authorities, and is a feather in the cap of officers from Captain Rees and Paymaster Hornberger to Pay Clerk Tommy Dunn.

All eight ships are now in perfect condition, the repairs to both the Colorado and West Virginia having been satisfactorily made by local concerns. The cruise to the Admiralty Islands will undoubtedly be accomplished in good time. The fleet will be met there by four colliers, two from Norfolk and two from Manila.

Following is the itinerary of the fleet for the remainder of the cruise:

Leave Honolulu October 5, 1909; arrive Nares Harbor, Admiralty Islands, (Continued on Page Six.)

FLEET EQUAL TO MILLION MEN STRONG FIRMS BACKING PLAN

Capt. Fiske of Flagship Argues for Best Navy.

Admiral Sebree's fleet of eight armored warships represent the potential strength of a million soldiers under arms, is the declaration of Captain Bradley Fiske, United States Navy, commanding the admiral's flagship Tennessee, made an address on "The Navy" delivered before members of the Honolulu Branch of the Navy League at the naval station yesterday afternoon. Captain Fiske is a recognized authority on technical subjects relating to naval development.

The eight armored cruisers sailing today, represented, he said, a concentrated power, and for a comparison, he stated that the armament and effectiveness were equal to a whole million men armed with modern rifles. The captain asked whether it would be possible under any conditions to move one million men from San Francisco to Honolulu in five days as the Admiral had brought his eight ships here with their tremendous tonnage of armament and tons of explosive shells and powder.

This comparison alone indicated what an element of mobile power a navy represents and was presented as an argument in favor of the best navy possible for the United States. The sixteen battleships, which made the famous tour of the world appealed to the public from a spectacular standpoint, but when regarded in the light of the power each ship as a unit represented the whole fleet might have been compared to an army of 3,000,000 soldiers.

A Besieged Honolulu.
Captain Fiske, in introducing his subject, referred to the situation of Oahu, saying that the people here knew perfectly what it would mean if the city were beleaguered by a hostile force, Honolulu being a part of the United States and standing or falling with the rest of the country.

In Time of Peace.

"A number of countries have an idea just now that they should have navies capable of doing things," said the speaker. "A great many intelligent and responsible people of the

Leading Corporations Endorse Steamer Project

Directors of Alexander and Baldwin, Ltd., Brewer & Co., Ltd., and Castle and Cooke, Ltd., all interested in the Matson Navigation Company, have held meetings and agreed that the solution of the steamship traffic business between Honolulu and San Francisco rests largely with the Matson company, and that a new steamer with accommodations for two hundred passengers and capable of making the Coast to Islands' trip in five and a half days ought to be built at once.

This is in line with the statement of J. P. Cooke, manager of the Alexander & Baldwin interests, that the Matson company has been loyally treated by the business interests of the Territory in the way of freights for their line of steamships, and that with the progress the company is making in developing into a large shipping corporation, it is up to the Matson people.

JUVENILES ROUNDED UP IN DOWNTOWN SECTION

Twenty-five boys ranging in age from seven to fourteen years were rounded up off the streets after 10 o'clock last night and taken to the station. Some of them were taken from places of amusement. The arrests were made at nearly half after 10. The boys were taken to the bicycle yard adjoining the station and were subjected to considerable questioning by the police officers, the inquiry going on until almost midnight before the youngsters were sent to their homes. Young boys have recently become defiant of law and police officers and roamed about at pleasure. The present juvenile law places so many restrictions upon officers taking in small boys that the police are rather nervous about picking them up.

MINISTER CRANE RECALLED ON EVE OF DEPARTURE

Was Coming on Thomas---Knox Wants Another Conference---No Explanations---Taft Professes No Knowledge.

(Associated Press Cablegrams.)

SAN FRANCISCO, October 5.—Charles R. Crane, American Minister to China, who is here in readiness to leave for the Orient today as a passenger on the U. S. Army transport Thomas, has received a sudden message recalling him to Washington. The Minister states that he is to confer with Secretary of State Knox, but beyond this will give no explanation of the sudden and unexpected desire of the Secretary to see him.

O'BRIEN IS COMING.

Thomas J. O'Brien, Ambassador to Japan, who was accompanying Minister Crane to the Orient, will continue his journey. The new Minister will follow on the Korea, to sail from San Francisco on October 20.

TAFT KNOWS NO REASON.

SACRAMENTO, October 5.—President Taft, interviewed here yesterday regarding the sudden change from Washington in the plans of Minister Crane, stated that he has no knowledge concerning the Minister's recall to Washington.

Minister Crane was named as the head of America's representative at American Minister to China by President Taft, leaving a great business in his honor in New York on the evening Chicago to undertake the difficult work.

HORSE-TRACK BETTING CONSPIRATORS INDICTED

NEW YORK, October 5.—The officers of the Brooklyn and Brighton Beach jockey clubs, together with twenty-five bookmakers, three police officers and five detectives, were indicted yesterday by a grand jury on a charge of a conspiracy to allow betting to be carried on in connection with the racing on the clubs' tracks.

WRIGHT DEMONSTRATES WHAT HE MIGHT DO

NEW YORK, October 4.—Wilbur Wright, the aviation expert, today performed the remarkable and spectacular aerial feat of circling over the assembled ships of war of various nations in the Hudson river, gathered together in the great Hudson-Fulton celebration. Passing over the floating fortresses, the daring flier maneuvered in his airship over Grant's tomb on the bank of the Hudson, then returned to his starting point. His flight extended over twenty miles.

GREAT NEWSPAPER MAN TAKES HIS OWN LIFE

VIENNA, Austria, October 4.—Albert Pulitzer, fifty-eight years of age, retired editor and author, committed suicide in this city this morning, shooting himself with a revolver after having taken poison.

Pulitzer was born at Mako, Hungary, and came to the United States in 1867, teaching German to young ladies in Kansas. He entered journalism in Chicago in 1869, removing to New York in 1871, where he worked on the New York Sun and Herald until 1882. He founded the Morning Journal of New York, now called The American, which he conducted until 1895, when, owing to ill health, he sold the paper and retired to Europe. He had been ill for some time and was sick at the time of his suicide.

PRESIDENT AT Y. M. C. A. CEREMONY ON THE COAST

The cornerstone for the great Y. M. C. A. building now being erected in San Francisco will be laid today by President Taft, the old plant on the corner of Mason and Ellis having been completely destroyed by the fire, necessitating the erection of an entire new building.

With great faith in the future of the city, the business men secured an excellent site on the corner of Leavenworth and Golden Gate avenue, where an enormous structure, with two basements below, and nine stories above the street level, is being erected. When complete, the building will have cost well on toward three-quarters of a million dollars, and will be one of the finest Y. M. C. A. buildings in the country. One whole wing of the building will be entirely devoted to boys' work, showing the emphasis that is now being placed on this department.

President Taft is a great enthusiast along Y. M. C. A. lines, and has laid a number of cornerstones for Association buildings, both in America and abroad. The following extract is typical of his addresses on such occasions:

"No problem in our whole social life is more difficult than that presented to one who wishes to give money to aid his fellow-man without doing him more injury than good. The instances of ill-advised generosity are as many, almost, as the instances of ill-advised investments. And when we find an institution which has worked out the problem of materially aiding our fellow-men in the struggles of life without injuring their self-respect and without discouraging their self-support toward better things, we have something that we should certainly prize.

"A great Christian Association club, established in an adequate building, will keep men from drinking, gambling and other forms of vice, by offering them an opportunity to spend their unoccupied hours in a home atmosphere, surrounded by the best influences.

"The Young Men's Christian Association has come to be recognized as a powerful and necessary factor, both

PRESIDENT TAFT, THE FRIEND
OF Y. M. C. A. WORKERS.

in business and in governmental matters."

The Association was asked to take charge of the clubhouses built for the men on the Panama Canal. The reason for turning these over to the Association is stated by President Taft as follows:

"When you want a capital operation performed you go to a good surgeon; when you want a lawsuit carried on as it ought to be carried on you go to a good lawyer; and when you want a means of keeping a population occupied during their leisure hours with rational amusement of a high moral and religious tone you go to those gentlemen who have had experience in carrying on such a work and such an institution. It cannot be learned overnight. It is just as illogical to say that you can learn it over night as it is to say you can learn self-government over night. You cannot do it. Therefore, what we did was to apply to the Young Men's Christian Association."

tremely unstable. Suppose a war should break out, what then? We all know that anybody who goes into a war wants to whip and not get whipped. But it is the doubt which alarms. It is this ghastly fear of what may happen if we should get licked. Any one of us can imagine what would happen.

Maybe No War.

"We are not going to have any war—maybe. Human nature is about what it was in the past, and we have a navy and will probably keep it. Armies have existed for the protection of whatever a government wants it for. These armies have existed for many years and I have never heard their usefulness called into question. It seems to have been generally admitted we have needed a navy. The use of steam has brought countries closer together, and armed people go from one to another quickly. Another reason is because the engineering arts have made navies more powerful than ever and has not made armies more so. The musket is not so different from what it used to be, but the great naval guns are more powerful and better. Savages once used clubs and civilized nations the musket. Now savages use rifles as good as those used by any nations.

We Are Catching Up.

"Some countries are trying to get the best navy with the apparent idea of licking somebody. It is recognized that there are yet countries with territory nations may want in which to place their surplus of population and they must have physical force. Therefore a navy is needed. The greatest force for striking is a navy. A 12-inch projectile goes twelve miles. A bullet fired from a rifle goes a thousand yards. The energy of two 12-inch guns is equal to 100,000 soldiers.

"If our navy stays as it is, other navies will go ahead of it. We have got out of the rut of copying what other nations have. Our country has had the courage and enterprise to say this is the thing to do. We have started to build better and bigger ships than anybody else. The English are today ahead of us in turbines, possibly, but we are catching up. Other countries may be ahead of us in torpedo boats, but we are coming up."

MAY A WOMAN OWN A SALOON?

(Continued From Page One.)

have any interest in the liquor business. One of the Commissioners raised the point that if she had an interest in the saloon, she might want to go on the premises, and being the owner, could set at naught the law which forbids a woman to go upon saloon premises.

Mr. Watson expressed some doubts as to the constitutionality of this law. At the same time, on behalf of his client, he said they were willing to do whatever seemed best to the Board and had no desire to ask the Board to do anything that might be construed as being an opening wedge in the liquor law.

The matter was finally taken under advisement, to be discussed when the Board went into executive session.

Charles Lambert, proprietor of the Orpheum saloon, asked permission to reduce the size of his place by moving a partition some five feet. It was granted.

There will be another meeting of the Board this afternoon, at which several important matters will come up for action. Among them is the matter of the open violation of the law a week ago last Sunday. It is possible that other saloonkeepers may find themselves in trouble by the time the meeting of the Board is adjourned, for Inspector Pennell has been hard at work trying to secure additional evidence and has obtained it, he claims.

FLEET EQUAL TO MILLION MEN

(Continued from Page One.)

United States say that is wrong, and deplore the fact that we should have navies at all. They say this is a religious age, an age of the gospel of peace. But we have battleships, we have torpedo boats and submarines; we are paying a lot of attention to gunnery. That we have a navy is a fact. There must be some reason for its existence. Why is it? We have a condition in society which is ex-

THREE-CORNERED FIFTEEN MILE RACE IS PROBABLE

Tsukamoto's Feet in Bad Shape, but He Can Get in Shape for Race Suggested for November 3.

Tsukamoto was feeling rather badly, both mentally and physically, yesterday. His feet were in shocking condition, and he could hardly walk. The doctor states that it will be a week before he can attempt to take up training again.

Since his poor showing on Sunday, Tsukamoto is very anxious to have a chance to make good under better conditions. It seems that his feet were none too solid at the time of the start of the race, and with the new shoes and socks that he wore, they very soon got chafed badly.

It also turns out that Tsukamoto was begging his trainers to allow him to stop and have his bandages and shoes taken off early in the race, but they expected Jackson to stop for a rub-down at any minute, and told him to wait until his competitor stopped. Of course, Jackson did not stop, and thus the poor little Jap kept running and running with his feet blistering, the skin coming off his toes, and the flesh swelling over the tops of the bandages.

Another Race Demanded.

There is much talk of another race. Suggestions are many, but what the three people mostly concerned seem to want is a fifteen-mile race with Jackson, Tsukamoto, and Antone Kaoo as runners.

The suggestion is a good one from every point of view. Tsukamoto has demonstrated that he can run ten miles and so has Kaoo. Jackson wants a longer distance and has shown his superiority over the full Marathon distance. But Jackson does his best work in the first fifteen miles. It looks as though this was his real distance, and it is certain that both the Jap and the Waialua Horse can do well over the added distance.

Race on Emperor's Birthday.

Kaoo was not seen on the subject yesterday, but there is no doubt that he would be willing to come in. Jackson talks about going to the Coast, but this is very much in the air, and, with

a good job on a laundry route and everybody in town wanting the Marathon Kid to fetch their washing home, it is hardly likely that Nigel will leave. Tsukamoto is naturally very anxious for the race.

The date suggested for the race is November 3. This is the anniversary of the birth of the Emperor of Japan, and is a big Japanese holiday. It should be a good date so far as gate receipts are concerned, for the Japanese are nothing if not loyal to their own representatives.

The management of the park will take the matter up with the three men during the next few days, and it is very probable that the race will be arranged.

SAILORS MAKE TRIPLE PLAY

South Dakota 1, Maryland 1; 11 innings. Game called on account of rain.

It was a fast and snappy game of ball that was played at the Athletic Park, between the teams from the South Dakota and Maryland yesterday afternoon.

There was no scoring until the ninth inning when both sides scored one. The game went to eleven innings and was then called as old J. P. was weeping and it was much too wet for intelligent baseball.

The feature of the game was that the first triple play ever seen on those grounds was brought off. Baird, third baseman for the South Dakota team, accounted for two of the putouts while their first baseman did the other one.

There was a man on third and one on second. The batter grounded to Baird who put his foot on third base and then ran fast enough to touch the runner from second base and put him out, finally he threw to first quick enough to get the batter out. It was a great play.

Sullivan scored the run for the South Dakota. He doubled and stole third, finally coming home on a neat sacrifice by Baird. The Maryland team scored when Mulholland, the S. D. left fielder was dreaming of home. There was a long fly to left but Mulholland was thinking of those real, home-made pies and a single was turned into a double. The runner was sacrificed to third and came home on a single.

There was but one error in the game. Johnson, for the S. Ds, fanned nine, and Smith, for the Maryland, also pitched a mighty fine game.

CHANGE OF PRICE AT THE RINK.

The price of admission to the afternoon sessions of the Princess Rink hereafter will be 5 cents, skates 15 cents. This, however, will not prevail on Sunday afternoons when regular evening prices will be charged.

PACKAGE RACE FOR THE YACHTS

The next yacht race will be the consolation package race to wind up the season and it will start on Saturday, October 30. The Hawaii II. will act as package and stake boat and the race will be from Honolulu to Kaena point and back to the clubhouse at Pearl Harbor.

The Hawaii, with a party of all those who wish to go along, will leave this harbor at 1 o'clock in the afternoon and will anchor off Kaena point in smooth water. As a matter of fact it is smooth water all the way.

At 6 o'clock the yachts in the race will start. They will run down to Kaena point and, once near the stake boat, will drop dinghies and send aboard for their packages. The yacht receiving the first package at Kaena point will take a special prize.

After leaving the stakeboat at Kaena point, the yachts will make for Pearl Harbor. They will anchor off the clubhouse and will again lower dinghies. The one delivering her package at the end of the club wharf first will take first prize in the race.

The usual rules will govern this package race. All yachts must carry a dinghy and there will be no handicaps. This race has always been a very popular one and there is an epic in the club records telling of how the little Kapelei, unable to carry a dinghy on account of her size—or lack of it—allowed all the other yachts ten minutes, sailed without a dinghy and beat up to Rabbit Island in a howling gale and with a cloud-shrouded moon. She lost twenty minutes in picking up her package and even then beat the whole bunch in.

Comodore Wilder is very anxious that all who wish to go on the Hawaii should let him know as early as possible. Smooth water all the way and good fishing off Kaena point.

CAMP VERY IS FOOTBALL CRAZY

There is going to be a great football season here. The interscholastic series, of course, will be great; but there is going to be other football. Camp Very sends in the following communication:

Both officers and men at Camp Very are greatly worked up over the coming football season. First Sergeant E. K. Camp has been selected as manager and Sergeant H. E. Corey as coach. After November 1 they will be looking for intercollegiate games.

In addition to this, Fort Shafter and the good old White Knights at Leilehua are getting up footer teams. Then there is the town team of which Eddie Fernandez is manager and Haole Sumner is coach.

The Advertiser will do all it can to promote this revival of grownup football and, if managers and captains will communicate with this office, proper publicity will be given to all their news and suggestions.

It might be suggested that a meeting of captains and managers from all the service camps with Eddie Fernandez and Mr. Sumner would be a good thing. Though there is little turning of the leaf here and no frost in the wind to make us smell leather, the football season is here and, used to the climates as they are, the kamaias can play a good game. Get busy you good pigskins!

MARATHON PARTY AT THE ORPHEUM

Nigel Jackson, his manager and trainers, with several friends, occupied a box at the Orpheum last night. There were eight of them and they were all bedecked with leis in honor of the great victory of Sunday.

The party thoroughly enjoyed the entertainment and Jackson was the center of notice when that clever Wise turned some local hits on him. There was something about "Mary Thorne" and a neat little piece of repartee between Mrs. Wise and himself when they were arguing about the superiority of England or the United States. Nigel was brought in as a Britisher who had won the Marathon race and Wise, plumping for America, punned cleverly on Jackson's being an American citizen.

This was the last of the Marathon celebrations. There was a hot one in the Young Hotel on Sunday night. Jackson and manager and trainers were installed in a suite and had a touch of high life. Every half hour they rang the bell and, when the bell-boy came, they ordered ten more pies and six more glasses of lemonade. Jackson states that it was the greatest time he ever had in his life.

TIGERS TRIM KUKUI NUTS

The Waipahu Tigers took the latest Kukui team into port under tow last Sunday, to the tune of 5 to 4. The game was a very close and exciting one as the score shows.

The Tigers won the game by a beautiful batfist in the ninth. Their bats were as wide as haystacks and every time the ball came along it kissed the willow. M. Ornellas hit the winning bingle and made the winning run for the striped swatters.

Both pitchers twirled a steady game. Charlie Freitas for the winners and Wah Kai for the Nuts, were both there.

H. Kauhane and J. Rodrigues both played fine ball and did some great slugging. The former tied the score in the ninth, by slamming the ball into the camp, and not a base was stolen on the latter.

The Tigers are open for dates with any real, tiptop, crackerjack, top-sergeant team. They have won five straight games and would be very pleased to have a chance to win some more. Acceptances of this challenge will be published if sent in.

The official score was:

APPRECIATION IS EXPRESSED

The competitors in last Sunday's Marathon race were paid off yesterday and both runners took a nice little slice of coin. Jackson's share was a trifle more than \$500. Out of this he has to pay training expenses and allow his manager his percentage. Even at that the Marathon kid has done well. He certainly deserves it for he has won three straight Marathon races and has never been beaten over his favorite distance.

Bill Chilton sends in the following communication:

"I wish to acknowledge, through your columns, my appreciation of the way in which we were treated by the management of the Athletic Park in the matter of the recent Marathon race. The arrangements for the comfort of the competitors were excellent and the judging was the best I have seen in this town. The financial settlements were made promptly and entirely to the satisfaction of myself and Jackson."

"Yours very truly,
"W. R. CHILTON JR.,
"Manager for Nigel Jackson."

Sport Notes

Domingo Ferreira sends in a communication wanting to know "WHY?" He says that, if foot racing is allowed on Sunday and skating and other forms of outdoor amusement, why is not horse racing allowed. Perhaps Mr. Ferreira might find an answer by gazing into the clear surface of some quiet pool.

The Oahu baseball league will start its second series at the Athletic Park next Sunday. The J. A. C. won the first series after much exciting playing. The games for next Sunday will be C. A. C. vs. J. A. C. and Boers vs. Marines. Fine business.

MARATHON FILM

SIMPLY GREAT

The moving pictures of the Marathon race at the Bonine theater are simply great. There is no other word for it. The moving picture magician has picked out the principal incidents of the race and every movement of every person in the pictures is as clear as daylight.

The chief fun in watching the pictures is to look out for well-known faces and—"Yourself." Everybody comes out well and most of all does Jack Doyle. When asked by Mr. Bonine to stir up the bleachers so that the operator could get a good action picture, Jack stood up and waved his hat. Immediately in response the occupants of the bleachers arose as one man and began to wave and shout "Banzai!"

Then Jack turned to the other bleachers over by third base and waved to them. Up they came with a loud response and much gesticulation. The interesting part of the film is where Jack turns round almost facing the camera and calls to the other bleacher.

The runners are shown in several laps of the great race. Luckily Mr. Bonine caught them in the midst of the spectacular sprint in the ninth mile, when Jackson came down the home stretch like a whirlwind.

Another great feature of the film is in the part where the machine is being turned over the field and George Turner, the well-known sporting enthusiast and yachtsman, who acted as starter, is walking along, absolutely unknowing that the camera is turned on him. He is making efforts to get his pipe going and one can watch the clouds of smoke come out from the good old British tobacco burner.

Altogether it is a great film and not to be missed by any means. If you can not see yourself in the pictures you can find many of your friends and have something to josh them about.

Sergeant Barry states that his team was without Johnny Williams, En Sue and Lota on Sunday. He is quite confident that his N. G. H. team can wallop the Navy ditto if he have all his men there. He put in a challenge for a return game when the fleet comes back and this has been gratefully accepted by Lieutenant McMillan.

THE QUESTION OF REORGANIZATION.

Is the Republican party in this island in need of reorganization? Is it in such shape already that it can look forward confidently to the probable results of next fall's campaign? Was the result of the last campaign such as to satisfy the loyal adherents of the party?

These are the questions that Republicans on Oahu must ask themselves. If they can reason, think and look ahead, they can not fail to come to the conclusion that not only is reorganization needed, but needed very much. Republicans would be foolish to blind themselves to the facts.

The party is split into factions. Internal dissensions during the last campaign resulted in a partial defeat.

This can be made up in the next campaign if the party is put back into its old form. Now, when affairs politically are quite as peaceful as they ever will be, there seems an opportune chance to bring the majority of the factions together, eliminate some, interest others in the party welfare, and get to work.

To say that there is no need of reorganization leaves the one so stating open to suspicion, either of wishing the further confusion of the party or of being a subject for the lunacy commission.

There is no necessity at the present time to impugn the motives of those willing to commence the work. The time is early enough to uncover any side steps if the provisional campaign committee should attempt any.

The matter with the Republican party of Oahu is that too many suspect others. Unless this can be overcome and the party unite with the idea of providing this city and county with an administration that will be creditable to the party and to the people, it had better go out of business and let a new municipal party be formed from those who can provide the brains and the honest ability to manage the affairs of the community.

Honolulu is a city now; it has reached that point where it can be pushed ahead to the position which belongs to it; it has come to the time of big things and the time when every citizen should get in and work to bring these big things about. The business men must help; the mechanic must help; the laborer must help. Everybody should unite in developing the town. The Republican party, in its normal strength, can control the situation. In its present state of disruption it can not even control itself.

Let there be no more discussion concerning the necessity for reorganization; let the discussion be confined to an earnest effort to find out the best manner of reorganization and then get busy along the adopted lines.

LANDS FOR HOMESTEADS.

The announcement that the territorial administration has decided to throw open all the surveyed public lands in the Territory for settlement will be welcomed by everybody except those who expected to do something politically to the Governor. Except those who have gone deeply into the question, few realize what the land situation in this Territory is. The question has been a vexed one, one with which Governor Frear has struggled in his effort to square the good of the Territory at large with the desires of the land applicants.

There are many things to consider when the final disposition of the public lands is taken up, but few other than those in the administrative offices care to consider any of the phases of the matter other than from their own viewpoint, a viewpoint generally gained through the proddings of self-interest. We hear much glib talk on the land laws and the land situation, but little of it shows any appreciation of the real situation.

An altruistic discussion on the disposal of public lands has been something almost unknown.

What terms Land Commissioner Campbell will offer the lots on remains to be seen.

It also remains to be seen how much in earnest the numerous applicants for homestead lots for the past year have been.

READING MATTER BY THE TON.

A scene on King street, in front of the office of the Gazette company, yesterday afternoon gave proof of the desire of the people of this community to do what is possible for the boys of the Pacific fleet, providing they know what is wanted. The scene also afforded an object lesson of the value of the publicity afforded by the columns of the Advertiser.

In the Sunday issue of this paper it was announced that magazines left at the Gazette office on Monday would be sorted and delivered to the different cruisers, for the use of the sailors on their cruise. Eight hours after the paper was delivered at the homes of the citizens the magazines began to come in. People drove up in automobiles and carried packages into the editorial rooms; some came afoot, bringing what they could conveniently carry under their arms; others sent bundles down in hacks. Yesterday morning the welcome flood of literature continued, until when the time came to take it to the cruisers there was nearly three-quarters of a ton of magazines on hand.

At first, a count was made and a list of donors kept, but both had to be given up. It is estimated, however, that seven thousand periodicals were in the heap. Saturday Evening Posts were stacked up in piles of a hundred, and there were over a thousand of them alone.

Early in the day an orderly was sent to the Gazette office to help the office staff handle the publications. He was needed. Later, an officer appeared to see what was doing. When he saw the pile of reading matter, his eyes opened widely. "This will be a treat," he said. "This is something the sailors will remember a long while. You have no idea how welcome these magazines will be to the boys, and to the officers as well."

This was reward enough for the work done by the Advertiser staff and the staff of the Gazette business office. This will be the thanks of the men of the fleet to the people of Honolulu.

Magazines continue to come in. This morning there is a pile of some hundreds which will be delivered on board the British cruiser Bedford.

THE DOOM OF THE BILLBOARD.

The billboard as a means of advertising on the mainland will soon be but a memory—a nightmare—if public sentiment against it continues to increase in volume and effectiveness as it has during the past few months. Never since the American Civic Association opened its campaign for the abatement of the billboard nuisance has there been such an awakening to the fact that "the billboard is an eyesore, a nuisance, and a disgrace, and should be abolished altogether," as the Washington Herald aptly puts it.

From the east to the west, organized effort to eliminate, or regulate, the billboard, has been taking definite and effective form. Carefully prepared ordinances have been passed and others are being drawn for passage. Cincinnati recently scored against the billboard by the adoption of a building code containing elaborate provisions regulating outdoor advertising. Under that code a large number of sign spreads have been ordered down. Moreover, many advertising merchants are voluntarily abandoning the billboards. In the Far West, Portland and Seattle are grappling with the problem in an intelligent manner. In Cambridge, Massachusetts, a woman's club secured the removal of many stands by appealing to the advertisers direct. Lynchburg, Virginia, has placed a most effective ban on the billboard.

The American people believe in advertising, they read advertising, they patronize advertisers, but they are discriminating; they don't want the kind of advertising that mars scenery, that shuts out light, that depreciates adjoining property, that offers a rendezvous for neighborhood juvenile gatherings of dangerous tendencies.

If the billboard must exist, the day is not far distant when it will be a subject of municipal, state and federal regulation. It will be regarded as a revenue-producing structure, assessed and taxed accordingly; it will not be permitted to exist as a menace to health. The property rights of the man who does not believe in billboards and refuses to grant space on his own lands for their erection, will be regarded. No amount of seductive offers of the billboard owners, such as free space for laudable work like the exploitation of preventive measures against tuberculosis, as recently made to the National Association for the Study and Prevention of Tuberculosis, will stem the tide of popular disapproval of the billboard. The opposition is strong, and it is growing.

If the city ordinance regarding the digging up of streets is not a hold-up of the new telephone company, let the supervisors pass it to take effect six months or a year from now. The streets are being dug up no more at the present time than they have always been. We have stood it for some time and can get along under it for a short time longer. The city can stand delay in the matter much better, at any rate, than they can stand delay in the improving of the telephone service.

Letters From the People

THE DOG NUISANCE.

Editor Advertiser: Your strong protest against the dog nuisance, in a recent issue, seems to have fallen on deaf ears, for I have waited in vain several days for expressions of opinion from your readers on the subject, and for some action on the part of those to whom the peace and comfort of law-abiding citizens are confided. This seeming apathy on the part of thousands who are suffering from a loss of that "sleep that knits up the raveled sleeve of care," and is so much needed for the coming day's strenuous work, can, it appears to me, only be accounted for by that dislike for the drudgery of writing which seems to be inherent in human nature. Boswell tells us that the great doctor could not overcome this inertia but by a supreme effort, and humanity has changed little since his day. But a people are only fitted for that freedom, or its opposite, which they obtain by their character.

Do you think, sir, that for even one week the people of New England or Canadian villages, towns or cities, would tolerate conditions which are peculiar to the primitive lives of gypsies or tented villages in Arabia? No! "let the galled jade wince," for our dogs, and sidewalks, and cesspools, are good enough for us else they would have long since disappeared into that limbo where they have gone in every well-regulated modern community. Is it not monstrous that a center which is destined to become the most important point in the world's commerce, and that shortly, should be likened by its most important organ, to the most effete and corrupt city in Europe? We just lack three things to make the comparison perfect, the "cord," the "sack," and the Bosphorus.

Those are the things that "soil our addition" and make us laughed at by the thousands who have come through the efforts of the Promotion Committee, and have gone again in disgust to publish our shortcomings to prospective tourists and homeseekers.

In conclusion permit me to add that, as Mr. Castle said with reference to the late disgraceful open Sunday, if the saloonkeepers are really working for prohibition, our officials are none the less doing all they can to bring about government by commission for Honolulu, if not for Hawaii generally.

ANTHONY LOFTUS.

WHAT THE MATTER IS?

Editor Advertiser: Last week I suggested to the Promotion Committee that they follow the example of the San Francisco Examiner and offer a prize to the school children for their catch phrase.

Older heads seem to have given it up. Perhaps the sight of the new temporary cruiser Honolulu was too much for them. Too bad, some one did not lasso it and carry it off to the Bishop Museum to protect that institution from microbes.

We are howling for more ships. The trouble is we do not howl in unison. A few get off in one corner and shout like a couple of mynah birds over a stale loaf, and the tourist proposition seems to be that loaf.

It seems we are not able to take care of ourselves. Why drag the unsuspecting tourists' attention to our dry Sundays, lack of accommodation, bad sidewalks (Nuuanu avenue in particular), the high price of meats and servants, not forgetting rents and a ten-minute car service?

One should remember that a man can not thrive on a bunch of bananas and the odor of a lei thrown around his neck.

EDWARD TALBOT.

BYSTANDER SCHEME APPROVED. Editor Advertiser:—In reading the Sunday paper today I was struck with the excellent suggestion of The Bystander in regard to our servant problem. We have a problem now, but it was not always so.

I have had a number of servants of different nationalities who have stayed with me for periods varying from five years to half a day, almost all of whom have departed with as little ceremony as they came. One way of "giving notice" I have experienced is to stay away for two or three days, without warning, and then come back for their money and tell me they are going to work "other place."

If The Bystander's plan would make them give a little more notice it would be splendid, as I am always good to my servants, and do not think I have deserved the treatment from them I have sometimes had. There is another phase of the servant question which did prove annoying for a while. An employment agent brings me a very green boy who tells me he "wants to stop long time." As the boy seems willing and anxious to learn I spend a great deal of my time teaching him how to do things my particular way. Just as I feel he is capable of taking some responsibility and I can give my time to other household matters which I have had to neglect on account of having to teach the boy, he suddenly leaves me and the employment agent appears with another as green as the first. It took me some little time to realize I was being made use of, and now I try to employ none but old servants who come with a reference, however this is not always possible as their pronunciation of American names is slightly different from our.

I hope The Bystander (whom I do not always approve) will succeed in awaking sufficient interest in this matter as I sincerely believe every housekeeper in Honolulu will welcome the plan.

WATERFRONT NEWS

On Thursday afternoon two hundred and sixty-eight bags of mail will arrive on the Matson steamer Enterprise, which is making a direct trip from San Francisco to Honolulu instead of going to Hilo. According to a wireless message received by Castle & Cooke, agents, yesterday, the Enterprise has only a hundred tons of cargo for Honolulu. Twenty-two passengers comprise her cabin list.

Lurline Goes Today.

At ten o'clock this morning the Matson steamship Lurline sails for the Coast with thirty-five passengers. She will carry as freight 21,000 cases of canned pineapples, 1800 tons of raw sugar, and 1500 bunches of bananas.

At ten o'clock tomorrow morning the Matson steamship Hilonian will follow for the Coast, carrying only twelve passengers. She will take 2000 tons of refined sugar, 3000 cases of canned pineapples, and 1500 bunches of bananas.

This evening about ten o'clock the Hyades, chartered by the Matson company, leaves for San Francisco via Elwood (Port Allen) and Kahului. She will pick up 2900 tons of raw sugar, 2400 tons of which is Castle & Cooke and 500 Alexander & Baldwin offerings, which practically cleans up the Matson contracts for transportation to the Coast.

Among the passengers leaving on the Lurline today will be J. H. Drew, general agent for the Matson line, and family. His niece, Miss Louise Perry, who has been visiting with the Drews for the past year, also returns to the mainland after a delightful visit.

Columbian off for Coast.

The American-Hawaiian S. S. Company's freighter Columbian left Hilo for San Francisco on Saturday, en route to Salina Cruz with a fair-sized cargo of sugar. This is practically the last of the A-H sugar contracted for for the season of 1909.

Shipping Notes.

The new Federal tonnage tax law goes into effect today, and all ships entering from foreign ports will be subject to its provisions. This requires a tax of six cents per ton on vessels from foreign ports other than Canadian, Central and South American.

THE MAILS.

Mails are due from the following points as follows:
San Francisco—Per Enterprise, Oct. 7.
Yokohama—Per Nippon Maru, Oct. 16.
Vancouver—Per Aorangi, Oct. 15.
Colonies—Per Moana, Oct. 13.

Mails will depart for the following points as follows:
San Francisco—Per Lurline, today.
Yokohama—Per Mongolia, Oct. 11.

FEW STRAGGLERS LISTED AT THE POLICE STATION

Shore liberty for men of the fleet expired at midnight and after that any bluejacket or marine attached to any of the eight cruisers was considered a straggler.

The police have had little to do in the way of picking up stragglers, only one man being brought in by them so far and he had shed his uniform and donned civs. There are comparatively few straggler notices on file at the station, and Sheriff Jarrett does not expect many to be left with him when the fleet sails away today.

Officers of the patrol have expressed their appreciation to the local police for many courtesies and assistance in many directions. Sheriff Jarrett expresses his appreciation for the men of the bluejacket patrol. The cooperation of fleet men and police officials and officers has been effective. The patrol, of course, has made its headquarters at the police station, the officers having an office in the small room adjoining the Sheriff's private office. The men of the patrol have used the hallway to a large extent where benches were conveniently placed for them, and on these hard planks the watchful patrols have caught forty winks of well-deserved sleep.

The patrol officers have had a small auto at their disposal during the stay of the fleet and regular rounds were made in the machine enabling those in charge to keep tab on sailor doings throughout the city.

Y. M. C. A. NIGHT SCHOOL STARTS WELL

The Y. M. C. A. night school opened last night with an enrollment far ahead of all previous records. The total enrollment in all classes is 172, and is distributed about as follows: Drawing, 25; employed boys, 20; type-writing, 16; bookkeeping, 42; arithmetic, 16; advanced mathematics, 6; English, 22; stenography, 25. Some of the students are enrolled in two courses, the total number of students enrolled being 130. A number of students come in during the first two weeks. With an enrollment of 130 the opening night, a total enrollment of 200 students is assured.

HAWAIIAN PINES POPULAR IN ORIENT

E. G. Babbitt, vice consul general in charge of the American consulate at Yokohama, writes to the Promotion Committee:

"I am glad to note the continued prosperity of the Hawaiian Islands and you may be interested to note that your canned pineapple is having quite a sale in this part of Japan. I have seen it in various stores and restaurants and believe that it, with other Hawaiian products, is making a very good impression."

BIG FLEET SAILS TODAY

(Continued from page One.)
October 18, 1909, and depart October 24, 1909; arrive at Manila November 1, 1909. The ships of the squadron will visit Chinese and Japanese ports as follows:

Tennessee and Washington—Depart from Manila December 1, 1909; arrive at Wonsung December 5, 1909, and depart December 27, 1909; arrive at Yokohama (coal) December 30, 1909, and depart January 19, 1910.

California and South Dakota—Depart from Manila December 1, 1909; arrive at Yokohama (coal) December 7, 1909, and depart December 27, 1909; arrive at Wonsung December 30, 1909, and depart January 13, 1910; arrive Yokohama (coal) December 30, 1909, and depart January 19, 1910.

West Virginia and Pennsylvania—Depart from Manila December 1, 1909; arrive at Hongkong (coal) December 3, 1909, and depart December 27, 1909; arrive at Kobe (coal) December 31, 1909, and depart January 19, 1910.

Colorado and Maryland—Depart from Manila December 1, 1909; arrive at Kobe (coal) December 5, 1909, and depart December 27, 1909; arrive at Hongkong December 31, 1909, and depart January 12, 1910; arrive at Kobe (coal) January 16, 1910, and depart January 19, 1910.

The squadron will reassemble off Yokohama on January 19, 1910, and sail for Honolulu the same day, arriving here February 1, 1910. On February 8, 1910, the squadron will sail for San Francisco, arriving at that port on February 15, 1910.

The date given for the departure of the squadron from Manila (December 1) is tentative, as it depends upon the completion of target practice.

The Kaibhi and Liliha crap players rounded up by the police on Sunday were given stiff fines in police court yesterday by Police Magistrate Andrade. The Chinese gamblers arrested on Maunakea street were tried and Judge Andrade reserved his decision for tomorrow. No defense was offered by Attorney Chillingworth, who appeared for the prisoners.

Mayor Fern and Sheriff Jarrett are conferring on the best means to relieve the congestion at the county jail. There are 116 prisoners confined there with sleeping or cell accommodations for only 96.

AMUSEMENTS

Bonine's Great Program.

One of the best programs which has yet been offered at the Theater Bonine was that presented last night. Seventy of the best seats in the house were reserved for members of the crew of the German warship Arcona who were prevented by duty from attending the picnic given last Saturday at the Peninsula.

One of the most interesting of the new films shown was the Marathon race on Sunday. Mr. Bonine came pretty near establishing a record in preparing this film. The negative was developed Sunday after the race, and yesterday the positive was printed, developed and dried.

Several other new views of athletic pastimes in Hawaii were shown for the first time, and the sailormen showed their appreciation with hearty applause. By special request the volcano film was thrown on the screen for the benefit of the sailors, and even those persons who had seen the film before applauded loudly. The volcano film continues to be one of the most popular, especially among those who have seen Kilauea in action.

Tonight the program will be much the same as last night, though another new film will be shown in place of the volcano. The Marathon race will doubtless prove one of the most popular, for there is wonderful action in the picture.

A moving picture man, connected with one of the local moving picture theaters, said yesterday, in referring to the Bonine films: "No person can appreciate what a wide difference there is between the Bonine films and the ordinary variety, who has not run both kinds through a moving picture machine. The great faults, which are generally supposed to be defects inherent in all moving pictures, are wholly absent in the Bonine films." It is upon Mr. Bonine that Burton Holmes, the great lecturer, depends for his finest films and slides, and the same views, or standard of views, that have entranced the most cultured audiences all over the world are being offered at the Theater Bonine for the entertainment and benefit of Honolulu audiences.

ALCOHOL IS A PRESERVATIVE.

Alcohol is recognized the world over as the proper, most efficient and wholesome preserver of medicinal compounds, and while some journalists try to alarm the world by the cry that patent "medicines contain more alcohol than beer," they neglect to state that proprietary medicines are taken in doses from a teaspoonful to a tablespoonful, while beer is a beverage that is consumed in quantities from a glass to several quarts a day.

Lydia E. Pinkham's Vegetable Compound contains only 18% alcohol, simply enough to preserve the roots and herbs from which it is made, and may be relied upon by every woman in the land as a reliable, honest and sure remedy for the ills peculiar to her sex.

Why Not

Put your money in a pineapple plantation? We have one for sale in the Pupukea district, which is as good, if not better, than Wahiawa. You do not require experience to raise pineapples, and there is plenty of money in the pineapple business. Is open for investigation. We can tell you more about this at our office.

We Have

A nice home for a working man; small house, but new, and large area of ground, where he can raise chickens and vegetables. We will make terms on this.

For Cash

A crown lot on upper Manoa road, Manoa valley, near car; unobstructed view, corner lot, size 100x200; good lots are scarce in this beautiful section.

Investigate

This, if you have money to invest in income-bringing property; 5 cottages, large grounds, plenty of trees; always rented at good price; in the best residence section of town, near car line, and will make terms. The price is right.

A Home

In Makiki district is what you want, and we have it; large house, large grounds, lots of trees, and everything in fine shape.

Easy Terms or Cash

For a lot 200 feet deep on Prospect street; magnificent marine and town view. If you want to build a home, look into this.

Puunui

Is having a boom; buy now before prices go up. We have 5 lots, corner of Wyllie and Liliha streets; description not necessary.

Also

A large lot, almost 1 acre, on three streets; get in on bottom prices.

\$1600

For a few days only, we will take above amount for a house and lot, located in Puunui. Lot 100x200. Excellent view and good roads; five minutes from car.

This snap will not last long.

Too Late

The prices in Kaimuki have advanced; no more \$150.00 lots; but still have a few left from \$250 on up, but won't have them very long.

We Keep

A private list of various properties for sale which we do not advertise. If you are looking for something in the real estate line, our twenty years of experience is at your service.

AUSTIN-WADMAN

A very quiet wedding took place yester-
day afternoon at 4 o'clock at the
home of Rev. John W. Wadman, D.D.,
and Mrs. Wadman, in Maaoa valley,
when their daughter, Mayme Huntress
Wadman, was joined in marriage to
Midshipman Joseph Eliot Austin,
United States Navy, of the U. S. S.
South Dakota of the Pacific fleet.

Dr. John T. Jones, of the Method-
ist Episcopal church officiated and R.
H. Trent, in the absence of her father,
gave the bride away. Her sister, Miss
Gemma Wadman, attended the bride-
and Midshipman Barker, of the South
Dakota, was the best man.

Midshipman Austin leaves today for
the Asiatic station with his ship for
an indefinite period, and Mrs. Austin
may soon follow and join him in Ma-
nila.

A preceding ceremony took place in
the forenoon at the Roman Catholic
Cathedral, Rev. Father Stephen offici-
ating, as the groom is a member of
the Roman Catholic church.

Last evening the midshipmen of the
groom's mess gave a dinner for
Midshipman and Mrs. Austin at the
Young Hotel.

Midshipman Austin was born in
Brooklyn and was appointed to the
naval academy from that city.

THE WORKER MUST BE WELL

In these days of sharp competition everyone who works should be keyed up
to the highest pitch of efficiency. The rewards of business life go to the clearest
thinkers, to the men and women who know and do things better than other people.

But who can do his best work when the health is impaired, when the appe-
tite fails to demand the food necessary to sustain the body, when strength is
lacking and ambition gone? Surely the part of wisdom is to begin at once to
build up the body to its normal condition, and this may be done more certainly
by the use of

Stearns' Wine of Cod Liver Extract

than any other medicine. It checks hacking coughs, sharpens the appetite, aids di-
gestion, enriches the blood, restores flesh to the emaciated, and renews health and
vigor. It is so agreeable to the taste that its regular use is a pleasure. Get it

DID PLANTERS PROMISE RAISE?

Japanese Official States Uyenno Assured Laborers' Pay Would Go Up.

That the Hawaiian Sugar Planters' Association promised the Japanese Consul-General at Honolulu that wages on the plantations would be increased as soon as the strikers went back peacefully to work, is a statement made in the Japan Mail, based on a statement made by Mr. Ishii of the Foreign Office, who was in Honolulu a short time ago studying the labor situation. The Mail also presents the Japanese concern regarding the migration of Russian laborers to Hawaii. The article is as follows:

On the occasion of the Progressist deputies' visit to the Foreign Office on the 9th inst. an interesting statement is said to have been made by Mr. Ishii with reference to Hawaii. The deputies, who, true to the traditions of their party, are nothing if not jingoes, appear to have objected that the strikers in Hawaii had returned to their work without obtaining any concession whatever from the planters. One marvels in passing whether if these politicians had been themselves in power, they would have espoused the cause of the strikers. However that may be, Mr. Ishii is said to have informed them that they labored under misapprehension. It was true that the strike had ended without any public concession on the part of the planters, but it was also true that the planters had assured the Japanese Consul-General of their intention to raise the wages of Japanese laborers after the strikers had returned quietly to their work. As to the question of an alleged abuse of power by the authorities of Honolulu in arresting certain Japanese subjects without a proper warrant, the Foreign Office in Tokio had duly protested, but the protest had been subsequently withdrawn on discovering that in certain cases such procedure was lawful in Hawaii.

Russians No Menace.

There has been talk lately of a journey made to Russia by Mr. Atkinson, who was commissioned by the Hawaiian planters to employ 250 Russians as laborers on the sugar plantations. This gentleman is expected to soon pass through Japan on his return journey from Russia, and in connection with the fact, Mr. Saito, head of the Emigration Bureau in the Foreign Office, has been interviewed by a news agent. He is represented as saying that, in view of the enormous preponderance of Japanese labor in Hawaii, it is quite natural that the planters should desire to have some counterpoise, so as to be prepared for emergencies. It is quite conceivable that some complication should suddenly deprive Hawaii of all its Japanese labor, and in such an event the industry which constitutes the main source of Hawaiian wealth would be completely crippled. By way of provision against such an emergency, efforts have been made to import Chinese labor, Philippine labor, and European labor. None of them can be said to have been successful. The present recourse to the Russian labor market is not new; it was tried before and failed. But in any circumstances it can not be regarded as constituting a serious menace to the Japanese already in the islands. It will serve merely as a makeweight.

PLANNING DETAILS OF THE CONFERENCE OF PRESIDENTS

What President Taft and Diaz Will Probably Talk Over---Knox Will Take Part in Meeting.

By Ernest G. Walker.

(Mail Special to the Advertiser.)

WASHINGTON, September 20.—With so much piping hot stuff occurring daily out on the presidential route, Washington has had no opportunity to recover from the activities of the summer capital at Beverly, and has been constantly slipping away into obscurity. Cabinet officials have been dropping back here for a few days but not to make any long sojourns. Some of them came to town to make ready before hastening away to the western circuit with the big chief. Secretary of State Knox spent a few days here this week but he will soon be away for the Pacific Coast.

When he gets down to El Paso with the President there are likely to be some understandings with President Diaz and the other Mexican officials about a few questions of international import. In the intervals between formal friendly conversations the two Presidents will have opportunity to allude to questions of state. The United States and Mexico are actually exercising a joint control over the tempestuous Central American Republics. There will be presidential conversations at El Paso and Ciudad Juarez likely to further the strictness of that joint control and to assure further peace of those little bantam republics. Secretary Knox is handling that question and will be a party to the international conversations thereon. But enormous sums of American capital are now invested in Mexico in mines, railroads, forests, oil lands and other property. The Mexicans insist that citizens of the United States

must obey the local laws, which the Americans have never been any too enthusiastic about doing. That spirit of antagonism to the Mexican authorities has been responsible for much ill feeling and for frequent clashes that the State Department has been called upon to adjudicate.

Good Result Expected.

The big meeting at El Paso should result in a better understanding about the treatment of those Americans who invest their money south of the Rio Grande and also of those Americans who get into fights with the Mexicans. President Diaz welcomes the invasion of capital from the United States as it is doing wonders in the development of Mexico. He is disposed to cooperate with the authorities at Washington within every reasonable bounds to facilitate the operations of Americans in Mexico. The time was never more opportune than the present for the meeting between the two Presidents which has been talked of for almost a generation.

Secretary of War Busy.

Secretary of War Dickinson, who has been absent from Washington for nearly two months has not yet returned but he promptly got into communication with the President in the West and at Chicago found the chance to discuss departmental business, as nearly all his cabinet colleagues had been able to do at Beverly. He will be one of the early arrivals in Washington and will spend much of the autumn here.

Secretary of the Navy Meyer, who remained near the President most of August and September, is deferring his return to Washington till about October 1. He was so beset at Hamilton with visitors from Boston and other points, that he started away for a week's automobile trip through the White Mountains.

Attorney General Wickersham, who went again to Beverly at the last minute to advise with the President about legal aspects of interior department questions that Secretary Ballinger had brought up and about law aspects of the organization of the Interstate Commerce Commission, will soon be in town for the winter. The terms of the Federal courts will be opening now soon and there is still several important cases to be pressed by the Department of Justice. He has conferred with the President about the more important of these prosecutions.

Hitchcock Had no Holiday.

Postmaster General Hitchcock, about the only member of the cabinet who has not taken a vacation, is hurrying away to the Pacific Coast, so as to be with the President on the journey across Arizona and New Mexico. Secretary Ballinger, too, has been hurrying away to the West on a similar mission, but also to complete some of his

inspection work of conservation projects. Secretary Nagel, who has been away much this summer, will also start for the West before long to join the President.

MacVeagh Finds It Cold.

Secretary of the Treasury MacVeagh has been finding it cold and frosty up in the New Hampshire hills and therefore has decided to move his official papers back to Washington, where, in the southeast corner office on the second floor of the treasury building he is making business hum. He saw the President at Beverly just before the western start and the names of the new tariff board were announced as a result of their conference. The commission, composed of Prof. Henry C. Emery, of Yale; Assistant Secretary of the Treasury James B. Reynolds, of Boston, and Alvin H. Sanders, editor and proprietor of The Breeder at Chicago, will meet, according to present plans, early in October.

One Real Commissioner.

The Commission was heralded as meaning big things ultimately for further tariff revision, but it has gradually developed that two of its members probably will not devote all of their time to the work and that Mr. Reynolds alone will give his efforts exclusively to it. While the appointment of the commission served incidentally a political purpose in quieting some of the tenacious revision agitation, it seems probable that its work will be confined very largely to studying foreign tariffs with a view to the operations of our maximum and minimum rates.

Watching Preliminaries.

The administration authorities in Washington are keeping an eye upon the state campaigns in the two adjoining states of Maryland and Virginia. The President has directed that certain of his cabinet officers speak in both states during the next three weeks. He has no hope of the Republicans carrying Virginia, in spite of the talk about Democratic defection there. History is repeating itself in the Old Dominion, in that the Democrats fight like cats and dogs there up to the time of the primary. Then they join forces against the common political enemy.

But the President is interested in building up an effective Republican organization in Virginia and wants the Republicans to poll a good big vote there. Accordingly he is willing to help the Republican candidate for governor.

Negro Question in Maryland.

Maryland has been in the column of close states on national issues for a decade and the campaign there this year is for the election of a legislature, which chooses a United States senator to succeed Isador Raynor, Democrat. Some years ago Maryland was sending Republicans to the Senate and it is not impossible that there will be a Republican majority of the incoming legislature on joint ballot. That, however, is hardly probable for the Marylanders are pretty strongly Democratic on state and local issues. They are voting this year on a constitutional amendment to exclude the major portion of the negroes from the suffrage but the President has thus far shown no very lively interest over that struggle. If the amendment carries it might make the state more surely Democratic for a while, but it would also remove the negro issue from politics and to some extent ultimately strengthen the Republicans, because many who vote with the Democrats when there is an issue of negro supremacy would otherwise vote with the Republicans. Then there is a grow-

ing independent vote in Baltimore that is very likely to control the political complexion of the state in future campaigns, even with the negro vote eliminated.

EDWARD WILL VISIT

THE MACKINTOSH

New York Sun.—King Edward, having returned from his cure, will now start on his round of country house visits for shooting. His various hosts and hostesses are making all the preparations which the royal visit necessitates and the next few weeks the royal motor will be much used to convey the King to his destinations.

The most interesting of all the King's hosts is The Mackintosh of Mackintosh, whom he goes to visit shortly at Moy Hall. The Mackintosh's ancestry is like a page of "Scottish Chiefs," so closely connected is it with the history of Scotland in ancient days. The Mackintosh is one of the few genuine Highland chiefs of purely Celtic descent in the male line. His ancestry goes back to the invasion of Irish Scots from the north of Ireland, which destroyed the original inhabitants of the Highlands—the Picti, the Romans called them, because they painted their bodies—and altered the name of the whole country north of the Tweed.

He is the chief of the Clan Chattan, which ruled for centuries over the greater part of Inverness-shire and Aberdeen-shire, including the great forest of Badenoch. As befits his ancestry, The Mackintosh is very tall, with long, aquiline features and a drooping yellow mustache. He wears the gilt and sperran of his clan, a skenedhu (knife), a dirk and a Highland cap. In this costume he will greet the King.

ARMY AND NAVY NEWS

CAPTAIN C. P. REES, U. S. N., COMMANDANT OF THE HONOLULU NAVAL STATION, WHO MAY SOON BE REAR ADMIRAL.

Captain Corwin P. Rees, United States Navy, commandant of the Honolulu Naval Station, may reach the grade of rear-admiral some time this month. He is No. 2 on the list for promotion, and there is a likelihood that before the end of the present month he will reach the highest office in the Navy service, other than which Admiral Dewey holds. Captain Rees does not retire for almost another year.

Kukui to Pearl Harbor.

The lighthouse tender Kukui left for Pearl Harbor yesterday morning with

FORFEITURES ARE ABHORRED BY LAW

Judge Robinson yesterday rendered judgment for the defendant in the case of Hattie K. Vivichaves vs. Y. Akau. The matter was a suit for summary possession, the plaintiff claiming that the defendant had violated the terms of the lease under which he held the premises. The defendant's plea was that the plaintiff had consented to take a rental of \$40 a month instead of \$55, as called for in the lease.

The court held that this was not sufficiently well shown. On the other hand, the law abhors forfeitures, and it was, therefore, incumbent upon the plaintiff to show that the demand, acceptance and payment related to rent accruing prior to the cause of forfeiture. The apparent doubt as to this must be, the court held, resolved in favor of the conclusion which will preclude forfeiture. Judgment was given in favor of the defendant for costs.

LUNALILO ESTATE IS IN GOOD SHAPE

The trustees of the estate of W. C. Lunalilo yesterday filed their twenty-eighth annual report, showing the affairs of the estate to be in a very prosperous condition.

The receipts during the year ended July 31, 1909, amounted to \$52,015.40, as against total disbursements of \$51,691.05.

The value of the investments and securities held by the trustees on the same date was \$210,504.61, as against \$211,003.01 a year before.

Reporting on the Lunalilo Home, the trustees say that the annual cost per capita is \$193.32. The average daily attendance has been 51.767.

TRIAL OF WAIMANALO RIOTERS COMMENCED

The trial of Yamamoto and the eight other Japanese who are accused of having assaulted Sheriff Jarrett at Waimanalo, the time the sheriff was surrounded at that plantation by a crowd of angry sons of Nippon enraged at the arrest of some of their comrades, was begun in Judge De Bolt's court yesterday morning. Rapid progress was made, a jury being secured and sworn in before noon. County Attorney Cathcart made the opening address for the prosecution, and the jury was then excused until 8:30 this morning, when the trial will be resumed.

Admiral Sebree and many officers of the fleet aboard. The Kukui passed up the channel into the harbor and the dredging operations were explained to those aboard, as the various sections under contract for removal were passed. The trip was interesting throughout for the officers.

LLOYD GETS NO EXTRA PAY

Suit of House Stenographer Is
Decided Adversely by the
Supreme Court.

The Supreme Court yesterday afternoon decided adversely to James W. Lloyd, former stenographer of the House of Representatives, in his suit against the Territory for extra compensation claimed by him for typewriting the minutes of the House.

The Territory did not even have to put on any witnesses to prove its case. A motion for a nonsuit and judgment for the defendant, made by Deputy Attorney General Lorrin Andrews, was granted after a rather animated consultation among the members of the court, and the case was paid.

Several witnesses were put on by the plaintiff's attorney, Judge Quarles, to prove his side of the case. Lloyd himself, however, was the principal witness. His statements, vigorous enough on direct examination, tapered down to halting qualifications and uncertainties to a large extent under the vigorous cross-examination of Lorrin Andrews. He was firm, however, in his main contention that Representative Castro, chairman of the Committee on Public Expenditures and Accounts, had promised him that he should receive extra pay for writing the minutes of the House, and that on the fortieth day of the session Speaker Holstein repudiated this agreement and refused to allow the bill to be paid. He claimed that he typed the minutes at the direction of Speaker Holstein, making an original and three carbon copies. A day or two after the session began he was called in and asked what rate he expected to receive for typewriting, and replied that the legal rate was twelve cents a folio. Representative Castro, he said, asked him if fifteen cents a folio and five cents a carbon copy would be satisfactory and he replied in the affirmative, providing the girls about the building were not to be paid more for typing the bills. Four days later Mr. Castro told him that the rate had been confirmed by Secretary Mott-Smith.

Holstein Revised Minutes.
Lloyd claimed that the minutes were not a transcript of his notes but were compiled from the notes and from other data. Each night they were revised by the Speaker and the stenographer then made such corrections, additions and eliminations as were indicated by Speaker Holstein.

Regarding the resolution introduced in the House to pay Lloyd for his typewriting, the witness stated that both Speaker Holstein and Charles Rice, chairman of the Finance Committee, threatened to resign if it were adopted. He claimed that Castro offered to pay him for the carbon copies if he would accept the bill as in full.

And the Court Smiled.
A smile spread over the Bench when, in response to a question, Lloyd stated that during the session he typed the speeches of several of the honorable members at their own request, including Long and Cohen.

On cross-examination Deputy Attorney General Lorrin Andrews confronted Lloyd with his testimony given before the Graft Committee and asked how he reconciled some of his statements before the Court with that testimony. Lloyd became confused, hesitated, and finally said he would not stand by the evidence of the transcript, as it was inaccurate. Andrews read several extracts from it, which Lloyd repudiated.

Furtado Offered Resignation.
The first witness put on the stand by the plaintiff was Representative Furtado, who testified that, so far as he knew, Lloyd's bill was never acted upon by the Accounts Committee. However, he himself did not attend the meetings of the committee during most of the session because he objected to the Speaker and Chairman Castro running things themselves. He had tendered his resignation but it was not accepted by the Speaker. He virtually accused Speaker Holstein of violating the rules of the House by taking things into his own hands.

Representative Kamsin was supposed to be a witness for the plaintiff, but his testimony was rather in favor of the defense.

E. A. C. Lugo testified that during the session he was under the impression that Lloyd was to be paid extra for writing the minutes of the House.

Nonsuit Granted.

At the conclusion of Lloyd's testimony, Mr. Andrews moved for judgment for the Territory, on the ground that the plaintiff had utterly failed to make out any case. The motion was argued at length, and at the end of the argument the justices conferred for some time, there seeming to be a decided difference of opinion among them. In the end, however, Chief Justice Hartwell stated that the Court did not feel at liberty to deny the motion. He said in substance that in parliamentary bodies the chairmen always assume much responsibility and it is impossible exactly to define his powers and duties under the rules.

After court adjourned Representative Castro expressed regret that he did not have the opportunity of taking the stand to refute part of Lloyd's testimony.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Half the Common Aches and Pains of Honolulu People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Here's the best of evidence:

Mrs. Mary E. Perry, 111 W. Eleventh St., Mitchell, S. Dak., says: "It is impossible for me to express my gratitude to Doan's Backache Kidney Pills, as I feel that they have saved my life. After everything I tried had failed and the doctor said I was going to die, this remedy helped me wonderfully. My kidney complaint was no doubt inherited, as I suffered from it since I was a small girl. I was told that I had Bright's disease in an acute form. My limbs became so badly swollen that I could not move and sometimes I had to be assisted to turn over in bed, as I seemed to have no strength. There was a retention of the kidney secretions and my health was badly run down. Finally my husband procured a box of Doan's Backache Kidney Pills for me and I can say they did me a world of good. Since taking this remedy I feel better than I have in years."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands. Remember the name, Doan's, and take no substitute.

WILL DISCUSS AMENDMENTS

**Governor Calls Conference to
Decide on Changes in
Organic Act.**

An important conference will be held in the Governor's office at four o'clock this afternoon for the purpose of having discussed the proposed amendments to the Organic Act. Governor Frear is going to Washington next month and wishes to make arrangements for presenting the matter to the authorities at the National Capital.

Among those invited to be present at the conference are Delegate Kuhio, President W. O. Smith of the Senate, Speaker Holstein of the House of Representatives, and the members of the Executive Committee of the Territorial Republican Central Committee.

The amendments that were proposed last year will probably be taken up and thoroughly discussed in an endeavor to arrive at an agreement over those concerning which there is a difference of opinion. Principal among these are the amendments to the land laws of the Territory. As will be remembered, two bills along this line were introduced into Congress last session, one known as Governor Frear's bill, and the other as Kuhio's. The Governor's bill provided that changes in the land laws should be made, giving extended power to the Governor and an advisory committee. Kuhio's bill provided that the Legislature should decide as to any amendments to the land laws, and that such proposed amendments should then be passed upon by Congress. Possibly some way will be found of combining these two bills into one that will be more or less satisfactory to everybody.

Another of the proposed amendments is that raising the pay of the legislators to \$600 per term, while a third is to raise the salaries of the Governor and Secretary.

GOVERNMENT LOTS IN HONOLULU SELL HIGH

Twenty thousand five hundred and seventy dollars was realized yesterday by the Territory by the sale at public auction by Superintendent Marston Campbell of a number of government lots located in various parts of the city. The auction was well attended and the bidding was sharp, some lots being run up to several times their upset price. The sales were as follows:

Lot on Queen street between Nuuanu avenue and Smith street, 6993 square feet, Honolulu Iron Works Co., \$10,500, the upset price.

Lot at Smith and Marine streets, 2935 square feet, Francis M. Hatch, \$3000, the upset price.

Lot at Beretania avenue and River street, 13,200 square feet, Yee Yap, \$2500, the upset price.

Lot at Vineyard street, Ewa of Cottage Walk, 9615 square feet, Loo Joe, \$500, the upset price.

Lot on School street, 10,400 square feet, R. W. Cathcart, \$550, upset price, \$250.

Lot on School street, 20,400 square feet, P. Silva, trustee, \$695, upset price, \$500.

Lot on School street, 9000 square feet, Moses H. Kauwe, \$810, upset price, \$250.

Lot on School street, 9000 square feet, Loke Hamea, \$590, upset price, \$250.

Lot at Tantalus, 21,780 square feet, Joe Andrade, \$500 the upset price.

WANTS \$10,000 FOR DEATH OF HIS SON

The violent death of a little boy who was struck by an automobile last year is the cause of a suit for damages that is now being tried in Judge Whitney's court. The plaintiff is Lau Tong, who is suing E. O. White for \$10,095, the \$95 being claimed as medical and funeral expenses and the \$10,000 asked as damages for the loss of his son, Lau Kai Foy.

The complaint claims that on August 15 of last year as the 13-year-old boy was playing in the street at the corner of Beretania avenue and River street, Mr. White's car, driven at high speed, came along and struck the child, inflicting injuries from which the boy died the following day.

SPRECKELS' HILO LAND BOUGHT BY LYCURGUS

A deed was filed in the Bureau of Conveyances yesterday by the terms of which John D. Spreckels and A. B. Spreckels sell to George Lycurgus two pieces of land in Hilo. One contains 1.92 acres; the other only .16 acre.

RHEUMATISM THE MOST COMMON CAUSE OF SUFFERING.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain which is at first temporary, has become permanent. For sale by all dealers, Benson, Smith & Co., Ltd., agents for Hawaii.

SHE FEARED PARALYSIS

**So Did the Physician Who
Attended This Case of
Nervous Breakdown.**

Nervous breakdown may be the first sign of paralysis or some other severe nervous disorder. A tonic for the nerves is the one remedy for neurasthenic conditions and Dr. Williams' Pink Pills are a nerve tonic as well as a specific for conditions that lead to several forms of paralysis.

They are, therefore, of unusual value in cases of extreme nervousness in which there is reason to believe that the trouble may progress until a disease develops that is generally regarded as incurable. Such a case was that of Mrs. W. H. Gerlach, of University Place, Station No. 5, Tacoma, Wash. She says:

"About two months before the birth of my youngest son, I became greatly run down through worry and overwork in caring for my husband, who had been seriously injured in an accident. After the birth of the child I was completely broken down in health. My head and back ached all of the time. I had no appetite and, whenever I ate, my stomach distressed me so that food didn't seem to do me any good. I felt so tired that I wanted to sleep all of the time. I had been sick only a few weeks when I began to notice a numb, creeping-like sensation in my hands and feet. These spells lasted for about five minutes or so at first but gradually lasted longer until I would feel them for a whole day. My hands and feet became colorless and dead like. There was no feeling in them and I could hardly write or do any work with them. The numbness was worse during damp weather or when I was extra tired.

"I was under a doctor's care for over a year and, when the numbness began, he said I was in danger of paralysis. He treated me with electricity for several weeks but he did not help me. Then I decided to try Dr. Williams' Pink Pills as I happened to read of one case like mine, which they had cured. I gave them a thorough trial and found they were helping me for I grew stronger in every way. The numbness finally left me and I was entirely cured. I have been strong and well since."

The remedy which gave Mrs. Gerlach complete health can be obtained at any drug store or direct from the Dr. Williams Medicine Co., Schenectady, N. Y., at 50 cents per box; six boxes for \$2.50.
