## COUNTY BILL IS AGREED UPON BY JOINT CONFERENCE

Two of the House Members Remain  
Away From the Meeting of  
the Committee.

Bill Will Be Reported on Monday Morning  
and Is Expected to Pass Both  
Houses on That Day.

The Joint Conference Committee of the House and the Senate has agreed upon the County bill, and has agreed, moreover, to submit its joint report to both houses on Monday morning.

This determination was reached last night, and that despite the fact that two of the House conferees, Kaniho and Fernandez, continued to remain away from the meeting. This, to be sure, might have been because the meeting was held on Good Friday. That would not account for their absence of Thursday evening, but might account for it on yesterday morning and last night. Nevertheless, it is believed that the fact of their remaining away bodes war when the committee report reaches the House.

There was but little discussion of the points still in dispute between the two houses at last night's session of the committee. In the matter of the constitution of Boards of Supervisors, it was agreed that the Oahu county board should consist of seven, two each from the Fourth and Fifth Districts, and three at large. In each of the other counties the Board of Supervisors is to consist of five members. Each supervisor is to be paid a salary of \$50 a month.

District magistrates and road overseers for the several counties are to be appointed by the Boards of Supervisors of the several counties.

The income tax exemption was fixed by compromise. The House had put the exemption at \$2000 and the Senate at \$1000. The sum agreed upon by the conferees was \$1800.

In the matter of licenses for hackmen, Aylett withdrew from the stand he had taken in the House, making it a requisite for applicants for license as hackmen to be able to speak and write the English or Hawaiian language. This leaves the provision as it was in the Senate bill, namely, that the applicant shall be qualified to drive a hack. Aylett withdrew his contention and will take the chance of passing a bill embodying his idea apart from the County bill.

And, lastly, the conferees threw out Keliinui's scheme to put the control of the schools into the hands of the authorities of the several counties, and under the bill as it went through the conference, that department remains as it is. Keliinui himself gave up his pet project.

"You will never know what this surrender costs me," he said to the conferees. "I have heard rumors that I was striving to make the change in the school system because of a spite that I had against the school department. Gentlemen, in my work as a legislator, I am above petty personal spite. My trust is too sacred for that. Education is the salvation of the Hawaiian people. Nobody realizes that more than I do. And I do not say that the present system is not a good system. But I had given this matter deep thought. My system was most carefully drawn, and I believe that it would have worked for the best in the schools. But in the interest of the whole bill, that we may get a County bill, I consent to withdraw it."

He was given a round of applause by the conferees at the conclusion of his speech, and then it was all over. There were a few more formalities. It was said that the bill as it had been agreed to by the conferees would be copied and ready for distribution on Monday morning.

Then, on motion of Harris, the conference report was adopted, with the understanding that the bill would be put through both houses if possible on Monday. And the conference committee adjourned.

## WIND AND RAIN SWEEP HAWAII

[Special by Wireless Telegraph.]  
MAHUKONA, April 10.—High trade winds accompanied by heavy rainfall swept over the island last night and continues today. Since 8 o'clock this morning two and a half inches of rain have fallen at Honokaa. The sea is very rough and the steamer Niihau is unable to work freight at Hamakua.

### Passengers on Kinau.

[Special by Wireless Telegraph.]  
MAHUKONA, April 10.—Among the passengers on the Kinau which called here today en route to Honolulu were:

R. Dusenberg, S. F. Stanley, Mr. Douglas, L. Cutting, C. V. Kenton, D. Conway.

### Patton is Honored.

[Special by Wireless Telegraph.]  
MAHUKONA, April 10.—A ball in honor of Mr. P. Patton, manager of the Paaulo store, was given last evening at Paaulo, and was thoroughly enjoyed by a large number of his friends. Mr. Patton leaves shortly for Europe.

Col. and Mrs. George W. Macfarlane, who had booked for passage to the Orient in the Korea, were prevented at the last moment from going by a summons for the Colonel to appear at the Fowler-Cotton trial in the local courts.

## YOUNG LU, CHINA'S REAL RULER, DIES AFTER LONG ILLNESS

He was the Power Behind the Empress Dowager  
and was Considered the Man Responsible for the Boxers.

(ASSOCIATED PRESS CABLEGRAMS.)

PEKING, China, April 10.—Young Lu, "the real ruler of China," is dead.

The most powerful man in China is dead. To some he was known as Young Lu and to other as Jung Lu, but he was known to all as the man who probably dictated all the actions of the Empress Dowager. A well known royal prince of China recently said: "Jung Lu is the actual emperor, and everyone knows it; there is only one member of the cabinet, though six names appear on the board; Jung Lu is that man."

Young Lu was trusted by the Empress Dowager implicitly and was one of the few who could see her, the others being minions of Young Lu whom he sent to her. He was about sixty years of age, spare in frame, but very vigorous and active in his movements and although he has been very ill for over three months it was expected that he would live.

Although the Empress trusted Young Lu, but few others did. While dominating the Empress it is believed that he secretly assisted the Boxers and was largely responsible for the last uprising and recent Chinese advices declared that he was planning a great Boxer movement in the north of China which had for its object the placing of Pu Chun, son of Prince Tuan, on the throne.

Recently this youth was proclaimed as Emperor in the North of China and the rebels expected to set up a capital at the palace of Hsian, occupied by the Empress Dowager and the court after the flight from Peking, during the Boxer troubles.

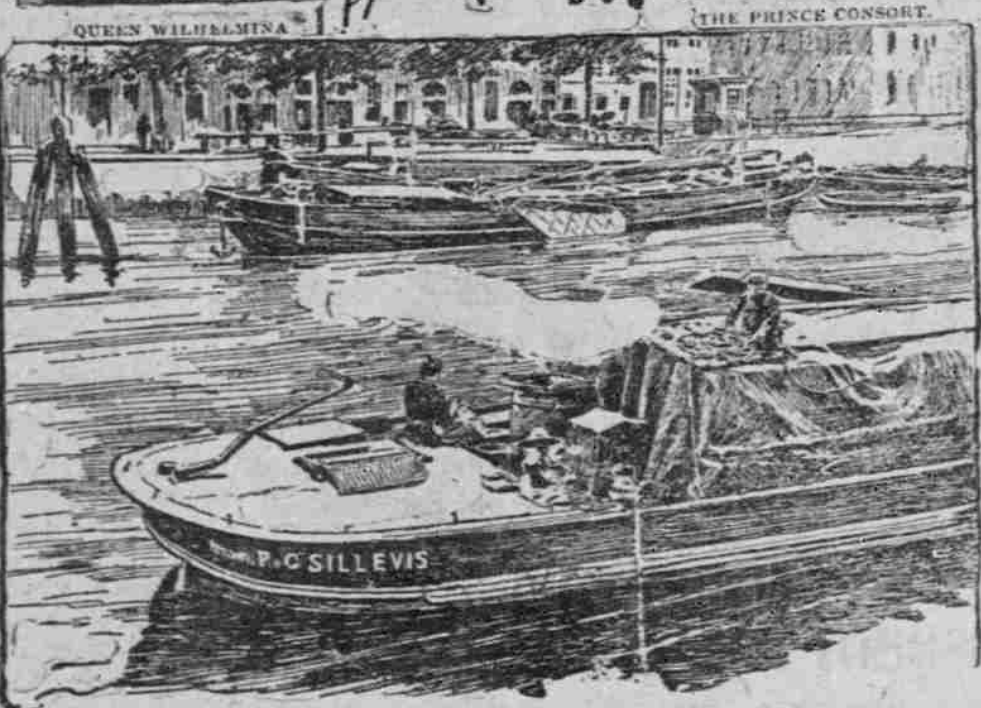

## Blind Chaplain Milburn Dead.

SANTA BARBARA, Cal., April 10.—The Rev. W. H. Milburn, "the Blind Man Eloquent," for many years the chaplain of the United States Senate, died here today. He had taken up a temporary residence

(Continued on Page 2.)

## HOLLAND'S GREAT STRIKE IS RAPIDLY BREAKING

AMSTERDAM, Holland, April 10.—The strike is waning today. There have been many minor riots and in each the strikers have come out worsted and laboring bodies all over the Netherlands are noticing that the government has complete control over the situation and that it will be useless to join forces with those already out. The laboring classes are already suffering from lack of food and this cause alone may go a long way towards entirely breaking up the strike.

SCENE ON HOLLAND CANALS.

## HUNDREDS DIE BY EXPLOSION AT HONGKONG

The Largest Mill in the East  
Is Destroyed With All  
the Workmen.

(ASSOCIATED PRESS CABLEGRAMS.)

HONGKONG, April 10.—By an explosion in the powder factory here today 1500 men were killed.

The factory is one of the largest in the east and the men employed were Chinese coolies with the exception of a few skilled hands, who were Europeans.

The explosion was so great that all the buildings of the powder works were knocked down and as there was no adequate means of fighting the fire, the establishment is a wreck and the remains of many of those killed have been cremated.

Great damage was done to surrounding property and the shock of the explosion was felt for many miles around.

## VENEZUELAN REBELS TAKE BARQUISIMETO

WILLEMSTAD, April 10.—Rebel activity is reported from all parts of the country. A victory was gained over Castro's troops near Caracas, but the capital is not really in danger.

Barquisimeto, the chief city of the state of Lara, was taken today after hard fighting. The city is at the southern terminus of the railway from Tucacas, an important port. There has been some fighting about Coro but it has been indecisive.

## Rebels Still Hold City.

SAN DOMINGO, April 10.—After an all days battle before the city today the rebels gained a decisive victory. The forces of the government were beaten back and returned in great disorder.

The losses on both sides were heavy, both in killed and wounded. Among the dead is the Rebel General Pepin.

## Serious Riots in St. Petersburg.

ST. PETERSBURG, April 10.—Serious disturbances resulted in many parts of the city today when the police began to gather in those without passports. The number of arrests was more than 2,000 and in some instances the riots which were precipitated resulted in loss of life.

## Reliance Ready to Launch.

BRISTOL, Conn., April 10.—The Cup defender Reliance will be launched tomorrow. The Herreshoffs announced today that all was in readiness and the new yacht will be given baptism at the full tide. Manager Iselin and a party of friends will be in attendance.

## Italian Strikes Ended.

ROME, April 10.—The strikes here were ended today. Committees of strikers and employers met and after consultation with representatives of the Government a basis of agreement was reached and the men agreed to return to work.

## INSURGENTS FIGHT TURKS AT GATES OF SALONICA

SALONICA, April 10.—An Insurgent army today approached almost to the gates of the city and were pursued and engaged by a battalion of the Turkish forces. The Macedonians withdrew for some distance, and then made a stand and gave determined resistance.

The battle progressed for several hours the Turks being reinforced from the garrison. Fighting continued until nightfall and a regiment of infantry has been sent forward to strength the Turkish lines.

## A Wise Disposal

If you have had paint better get rid of it while it is in the can, before time and money are wasted putting it on. Good Paint costs little more, saves time in painting, holds color and body longer, looks better longer.

# OBSERVATORY FOR THE NAVAL STATION

## Construction of Astronomical Headquarters for Coast Survey Representative is Begun. Cement Pier for Instruments.

There is being erected on the grounds of the Naval Station a small astronomical observatory, within which will be carried on scientific research which when completed will have determined the exact longitude of the Hawaiian Islands. Edwin Smith of the Coast and Geodetic Survey, who came to Honolulu from San Francisco in the Ventura, is superintending the construction of the small structure. A cement pier was laid yesterday and over this the house will be erected.

Delicate instruments, consisting of transits, chronographs and chronometers are to be installed as soon as the pier is solid, and if Mr. Smith has five nights within the next two weeks in which to successfully carry on his observation of the stars, he will complete his labors in time to return to San Francisco in the Alameda which sails on April 22.

Arrangements have been made with Superintendent Gaines of the Pacific Commercial Cable Company to run a telegraph wire from the cable office in the Young Building to the little observatory. Another telegraph line runs from the cable company's office in San Francisco to the Coast and Geodetic Survey observatory near San Francisco, and over this telegraph-cable system impulses will be sent by Mr. Smith at a certain stated time each night he makes his observations, which will correct the time between San Francisco and Hawaii, and thereby effect the exact determination of the longitude.

After taking his observations at night Mr. Smith determines the exact time and opens up communication with San Francisco. Mr. Morse, who will be at the San Francisco end, will receive these impulses and correct his time accordingly. As Mr. Smith will not open up this communication until sometime between 9 and 10 p. m., Mr. Morse will be under the necessity of sitting up while the midnight oil is burning. The impulses are made so that the errors in the two chronometers can be corrected at both places and the true time recorded.

When Mr. Smith starts back for San Francisco, Mr. Morse will come to Honolulu, and the observations will be gone over again so that personal equation will be eliminated. Mr. Smith will later go to Guam for similar observations.

## AFTERNOON DISPATCHES FROM ASSOCIATED PRESS

ROME, Italy, April 10.—Dwight Benson died here today.

MANILA, P. I., April 10.—Captain John J. Pershing's force has captured Bacolod. In the sharp fight that took place one hundred Moros were killed and three Americans wounded.

BRISTOL, Conn., April 10.—Two incendiary attempts have been made to destroy the cup defender Reliance building at Herreshoff's yards. Both attempts have been frustrated and the guards over the yards doubled.

CHICAGO, Ill., April 10.—A row over the election occurred here today in one of the down-town saloons. Revolvers were freely used. Police were summoned and in the melee that followed four Italians and one officer were wounded.

SAN DOMINGO, April 10.—A heavy battle took place today, ending with the revolutionists in full possession of the city. The foreign warships have landed marines to protect the Consulates and property of foreigners. Negotiations are being made to bring about a cessation of hostilities preliminary to a new election for President.

### Blind Chaplain Milburn Dead.

(Continued from page 1.)

here in an effort to regain his health, and intended to return to Washington in the fall.

REV. DR. MILBURN, the blind man eloquent, who recently resigned his position as chaplain of the Senate, was seventy-nine years old last September. He lost the sight of his left eye when very young. The right eye soon after began to fail, and before he was thirty years of age he was totally blind. He graduated from Illinois College in 1842, when he was only nineteen years old. When he was but twenty he was ordained to the ministry of the Methodist Church and traveled through Illinois and other of the Western States, preaching with great power and effect. He was elected the chaplain of the national House of Representatives in 1845. After two years of this duty returned to the ministry until 1853, when he was again elected to the same position. In 1855 he started upon a lecturing tour, which continued during the next twenty-five years, and during that time it is estimated that he traveled more than a million miles and spoke in every city and town in the United States, Canada, and Great Britain. In 1885 he was elected chaplain of the House of Representatives for the third time, and held the position until 1893, when he was elected chaplain of the Senate, the position he has just resigned. He is the author of several books. In 1865 he left the Methodist Church and became an Episcopalian, but in 1871 returned to the old communion.

### HALF CENTURY-OLD SHEDS TORN DOWN

F. S. Dodge of the Bishop Estate received instructions yesterday to survey the Bishop Museum and Austin property between King and Merchant streets, Walkiki of the Hall and Pacific Hardware buildings, with a view to partitioning the Museum and Austin holdings. No arrangements have been made for the improvement of the property. The old lumber sheds, which have been on the property for at least fifty years, have been torn down, and the premises will be cleared and fenced in for the present.

## We Had a Man Tell Us

The other day that when he puts on a frock coat—and by the way, it's a

### STEIN-BLOCH FROCK COAT—

that he feels "like another man." There's no doubt but that a properly fitting frock coat gives a man a feeling of well dressedness that is very pleasing though very difficult to describe in print. If you want to know just what we mean, come in and try on one of the new STEIN-BLOCH Frocks, made from

### BLACK OR DARK OXFORD GRAY UNDRRESSED WORSTED,

silk lined throughout and to the button holes. Afraid you can't afford the price? You need not be. You know STEIN-BLOCH clothes are wholesale-tailored; and made-to-measure clothes are retail-tailored. The difference in price is greater even than that between the wholesale and retail price of any article you can think of. To get as good a frock coat and vest made-to-measure as one of the STEIN-BLOCH make, would cost you more than double.

## GOLD FOR THE FIRE CLAIMS

A Million Dollars Is Here at Last.

Payment May Be Put Off Until Bonds Are Sold.

Special Agent MacLennan Arrives With Money—Illness Delays Negotiations.

W. F. MacLennan, special agent of the United States Treasury Department, arrived in the Korea yesterday morning, bringing with him a million dollars for the payment of the fire claims. The gold was immediately turned over to the First National Bank, which will act as disbursing agent. Mr. MacLennan, who is quite ill, was taken to the Hawaiian Hotel where he is under the care of Dr. Cofer.

There was no conference between Mr. MacLennan and the officials of either the government or the bank during the day and the treasury agent is undecided as to his plans until there has been some decision reached after a meeting with Governor Dole and Secretary Carter.

The money is on hand and ready for distribution among the claimants, but it is a little doubtful if it can be paid out until after the bonds are sold. This will mean April 20, at the earliest, and it may be delayed for nearly two months.

Mr. MacLennan, however, is of the opinion that he will not be delayed by the bonds, and he said yesterday that the coin would probably be ready to be paid out pro rata without waiting for the remainder of the amount due to be realized by the sale of the bonds. He was unwilling, however, to make any definite statement as to the plan to be pursued until he has had a conference with Governor Dole.

Then the records will first have to be examined by the treasury agent, and there is still the question of bonds. Cecil Brown, president of the First National Bank, who has given the matter considerable study, said last evening that he believed the bonds would have to be sold before any payment of coin could be made.

The act under which the appropriation of a million dollars was made seems to bear out this idea. The act concludes as follows:

"Before any such judgment shall be paid hereunder the Governor of the said Territory must certify that the same is genuine and was duly rendered in pursuance of the act of the Legislative assembly of the Territory; and the payment of said judgment shall be in full satisfaction and discharge of any and all claims or demands against said Territory or the United States on account of property destroyed in the said suppression of the bubonic plague."

The certified copy of the records upon which payment will be made has not been completed, as after the work had begun Governor Dole received a cablegram countermanding the first order. However, the work is well under way, and the record can be made ready within a few days.

The bond matter, if it is held that full satisfaction must be given on all judgments, will be settled quickest, if there are no bids for the bonds at par, by getting some of the claimants to take them up. It is said that many of them are willing to accept the bonds, sooner than to wait for their pro rata of the million dollars. If the sale of the bonds is necessary to the payment of the claims, it will require nearly two months, even if they are sold in the regular manner. Only 10 per cent of the bid must be paid on its acceptance, and the bidder has the option of paying the remainder at the rate of 20 per cent each ten days thereafter.

The million dollars came in the strong box of the Korea, and there appeared to be no extraordinary precautions taken to guard it. The coin was packed in thirty-five boxes, each containing \$20,000. The denominations were five, ten and twenty dollar gold pieces, making altogether \$700,000 in gold. The remainder was in gold certificates—\$100,000 in one thousand dollar bills, the remaining \$200,000 in five hundred dollar bills. The money was counted immediately on arrival at the bank and placed in the vault.

This is Mr. MacLennan's third visit

to Honolulu. He came the first time with four million to pay the Hawaiian debt, as taken over by the United States upon annexation. On the second occasion he was the agent who superintended the paying of the depositors in the Postal Savings Bank.

### WHAT IS PAIN BALM?

Chamberlain's Pain Balm is a liniment, and while adapted to all the ordinary uses of a liniment, has qualities which distinguish it from other remedies of this class. Pain Balm is especially beneficial for rheumatism. Thousands of cases can be cited in which this remedy has effected a cure when the sufferer had previously tried the best medical service without securing relief. Pain Balm is positively guaranteed to give relief in the most severe cases of chronic or acute rheumatism. Pain Balm heals bruises, burns and scalds in less time than any other treatment. It is "antiseptic," that is, it prevents putrefaction, and by so doing generally prevents an unsightly scar remaining after the injury is healed. For lame back, lumbago and neuralgia, Pain Balm has no equal. It has the quality of "getting to the right spot." No sufferer from these distressing affections should defer a trial of this remedy. One application gives relief. Try it. Benson, Smith & Co., Ltd., wholesale agents, sell it.

## GOOD FRIDAY IN THE CHURCHES

Good Friday was observed yesterday in all the churches with more or less ceremony. From early morning until late in the evening church doors were open and worshippers came and went at all hours. One of the principal features was the "Three Hours" service at St. Andrew's Cathedral, at which Bishop Restarick officiated. In the evening there was a brief evening service, at which Canon Mackintosh officiated.

The evening service at Central Union Church was a union of the Central Union, Methodist and Christian churches. Three ministers, the Rev. M. D. Hardin, who arrived in the Korea to fill the Central Union pulpit temporarily, the Rev. George L. Pearson of the Methodist Church, and the Rev. E. S. Muckley of the Christian Church, participated in the administration of the Lord's Supper. The address of the evening was made by the Rev. Mr. Pearson, touching the points especially important during the pro-Easter period and the lessons to be learned of the Savior's sacrifice for mankind. Following the address the Rev. Mr. Hardin blessed the bread and water upon the table, which was placed directly below the pulpit. Assisted by Mr. Muckley, the servers of bread and water were sent to the worshippers, several leading members of the church acting with them. The service ended with the singing of hymns.

At the Catholic Church in the afternoon the Stations of the Cross were said, and in the evening at 7 a Portuguese sermon was given, followed by an English sermon by Father Francis, concluding with a beautifully rendered solo by William Ellis, assisted by the choir.

Many business houses were closed for the day, following a custom which has been observed in Honolulu for an unbroken and long chain of years.

## WHAT THIS MAN SAYS

Only Recchoe's the Sentiment of Thousands In Our Republic.

The Honolulu reader is asked to thoroughly investigate the following. This can readily be done as the gentleman whose statement is published below will be only too pleased to give minute particulars to anyone enquiring not out of idle curiosity but if the enquirer really suffers from any of the consequences which always attend weakened or inactive kidneys. Read carefully what this gentleman has to say:

Mr. J. D. Conn, of this city, is a carpenter by trade, and is employed at the Oahu railroad. "I was troubled," says Mr. Conn, "with an aching back. The attacks occurred periodically for years, and especially if I happened to catch cold. There were also other symptoms which plainly showed that my kidneys were out of order. A short time ago, I heard about Doan's Backache Kidney Pills, and the wonderful things they were doing. Proceeding then, to Hollister & Co.'s drug store, I obtained some of these. Since taking these pills there is a great improvement in me. I always keep some of the pills on hand now so as to be provided for any contingency. I feel sure if anyone troubled as I was should give Doan's Backache Kidney Pills a fair trial they will not fail to be benefited by them."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name, Doan's, and take no substitute.

The Planter's Monthly for March contains a valuable article by R. C. L. Perkins upon the relations of birds to insect life in Hawaii, showing how certain birds are valuable pest destroyers; while others are destroyers of harmless insects which in turn destroy insects dangerous to plant life. It should be read by every one interested in agriculture in Hawaii, as intelligent action on the lines suggested by Mr. Perkins is vital to agriculture in this Territory.

Received by the S. S. Ventura just in time. Now displayed at CANTOR'S NEW MILLINERY STORE

No old stock. No duplicates. No. 1141 Fort St., next to Sisters' School.

## NEW JURORS ARE DRAWN

Judge Robinson Will Preside at May Term.

Ninety-eight jurors have been drawn for the May Term of court at which Judge Robinson will preside. Both Robinson and De Bolt will have juries and the former will hear the criminal cases. Judge Gear will preside at chambers as he has been doing for the past two terms, or since he refused to play in the judicial gardens with any one else.

The bill providing that three judges may hold court at the same time has already passed both houses and is now in the hands of the Governor for signature. There is also likely to be some change in the manner of drawing juries, and the panel already drawn may be rendered invalid if the Legislature provides a different method.

The following are the juries drawn for both courts, the grand jurors to meet summoned for Judge Robinson's court on Monday, May 4th, being as follows: Charles Phillips, E. Woodward, W. M. Cunningham, George E. Thompson, T. F. Lansing, C. H. Rose, J. A. Kennedy, Gus Schuman, Frank E. Nichols, A. W. Pearson, A. M. Mellis, P. Muhlenhoff, W. K. Rathburn, Daniel Paniani, J. J. Byrne, John Plunkett, R. Ryerhoff, Edward Hanafi, Charles H. W. Norton, Otto Graef, E. D. Tenney, H. S. Swinton, D. K. Dayton.

The trial jurors summoned by Judge Robinson for the afternoon of the same day are: Clinton J. Hutchins, F. E. King, J. A. Gonsalves, Frank L. Winter, R. K. Pahau, A. H. Tarleton, H. de la Cruz, George W. Patterson, George Roenitz, J. W. Smithies, A. H. R. Vierra, John Crowder, Joseph Luahiva, W. D. Hamilton, George L. Desha, J. Recard, M. E. Silva, C. Lambert, A. A. Montano, M. S. Deponte, A. Recard, J. W. Chapman, J. J. Hogan, W. L. Eaton, J. E. Murtz, A. J. Marcellino, L. A. C. Parish, J. K. Inch, J. A. Noble, George K. Kala, William Mossman, Jr., George K. Phillip, S. Kubey, Horace G. Crabbe, W. B. Rice, George K. Fox.

Judge De Bolt has summoned his jurors for 9:30 a. m. on May 4 as follows: C. S. Desky, H. C. Bickerton, C. N. Marquez, F. Halstead, W. Smith, W. A. Love, T. C. McGuire, A. C. Lovekin, S. Koki, D. Kamakauahoa, H. F. Wichman, J. K. Prendergast, W. L. Hopper, T. McTigue, T. W. Hobron, L. H. Miranda, T. R. Mossman, L. C. Ables, E. M. Marshall, L. T. Peck, David Notley, J. M. Aiu, S. L. Horner, L. L. Austin, W. H. Charlock, Alexander May, George H. Greene, J. D. Holt, Jr., E. S. Holt, A. S. Kaleiopu, F. W. Macfarlane, D. H. Kahanamoku, H. Saylor, John Wise, A. Fernandez, Sam Kamoku.

## STILL HAS THE BONDS

Humphreys' Order Has Not Been Obeyed.

M. P. Robinson and S. C. Allen, trustees of the estate of the late James Robinson, have filed their annual report in the Circuit Court. The total inventory of the estate shows property worth a little less than half a million dollars. The receipts for the year amounted to \$50,000.16 and the expenditures \$49,202.49.

The inventory shows the estate to be worth \$444,977.67, which is divided as follows:

Hilo Railroad bonds.....\$170,000.00  
O. R. & L. Co. bonds..... 17,000.00  
Hawaiian Hotel bonds..... 11,000.00  
Walluku Sugar Co., 162 shares 16,200.00  
Kohala Sugar Co., 1045 shares... 104,500.00  
Notes..... 15,050.00  
Real property..... 110,400.00  
Cash on hand..... 827.67

Total.....\$444,977.67

The executors of the estate still hold the Hilo Railway and O. R. & L. Co. bonds which Judge Humphreys held must be taken over by the trustees. The Supreme Court upheld the lower court as to the purchase for the estate of bonds in which M. P. Robinson was interested. For some reason or other the estate holds the same amount of bonds as when Humphreys made the order. In the past year the value of the estate has been increased from \$299,298.87 to \$444,977.67.

## PAUOIA WATER BILL.

As the Pauoia water purchase scheme nears its final stage, indications multiply that the Territory will receive, with the fragmentary title which is promised in return for its good gold, the right to sue for the extinguishment of the titles to leases of the water rights which are now in existence. That this will be a costly proceeding is certain.

Some of the holders of water rights are already talking of \$300 an acre for a two years' lease; other two lands are rented on the basis of \$100 a year and leases are long. This is sufficient to indicate that the amount to be appropriated for the springs and the water coming out of them will be but a beginning when the bill, for all the necessary adjuncts to a water service, is presented to the people of the Territory.

It has been alleged that the Bishop Estate is a party to the scheme to tap the Treasury. This proves to be far from correct. It is stated that Booth asked for an endorsement of the petition or a letter supporting his plan and all that he got, was the following signed by the Trustees, dated March 27, and addressed "To whom it may concern:"

"In re Pauoia water rights, the Trustees of the B. P. Bishop Estate hereby signify their willingness to convey to the Government of the Territory of Hawaii for public purposes such water rights in the valley of Pauoia as they may be entitled to for a reasonable consideration to be ascertained in such manner as the Legislature may see fit to provide: subject however to existing leases upon the property of the Bishop Estate carrying water rights."

This shows that the Estate is not opposed to condemnation proceedings, is not desirous of selling but is willing to do so if the government needs the water.

The clause as to leases is significant. The lands of the Bishop Estate, having rights to one-eighth of the water in the valley, are under leases, running for five years from April 1 of this year, in some cases the leases being at prices above \$100 an acre.

It is worth while to call to mind that the greater proportion of the water comes from springs which are below the level of a number of residences, consequently to assure safety the government would have to purchase and keep free from inhabitants the entire upper valley, so that the cost for reservoir site would be as great as that for the water rights.

These facts merit closer consideration than the measure has been given. As it now stands the measure is taken to have passed second reading, by the adoption of the committee's favoring report. There were several recommendations, which were not put into words, yet it was decided that the bill passed. This would bear investigation for in a bill the wording is what is passed. Can it be that some 'prentice hand makes up the bill from the committee's recommendations? Then too the committee was charged with investigations under the McCandless resolution. What of those questions? Were they forgotten or did they bring out facts? That might be a pertinent inquiry from their introducer.

Already there is a growing feeling that the passage of the beer license bill over the veto of the Governor was not the proper thing. The action in the Senate is believed to offer grounds for review by the Supreme Court and in consequence an effort will be made to remedy the whole matter. Very few Senators and Representatives really feel that the bill is what it should be. The objections of the Governor are recognized as proper ones and in consequence bill No. 21, relative to the manufacture and sale of intoxicating liquors, will be made to carry an amended bill covering retail sale as well.

In Dead Beat street, St. Louis, the rents are so high that almost every tenant house has been deserted at some time by an occupant who found it cheaper to move.

The new democracy will have its colors all ready if it chooses the young journalist as leader, and its motto, on the yellow ribbon, might well be "Me."

The Sultan of Sulu is to be a visitor to St. Louis during the exposition. He will be able to enjoy visits to other western cities, without doubt.

President Roosevelt is out of touch with telegraphs but he is undoubtedly doing the strenuous just the same.

By the death of Young Lu, China's real ruler, the way is cleared for progression in the Orient.

Hearst seems to have the approval of the men who have led Democracy to defeat.

It will now be up to those who object to vote straight against a County bill.

The Dutch cannot stand shortage in the supply department.

## PRESIDENT ROOSEVELT'S AMERICANISM.

"The Monroe doctrine is not international law, and although I think one day it may become such this is not necessary as long as it remains a cardinal feature of our foreign policy and as long as we possess both the will and strength to make it effective. This last point, my fellow-citizens, is all important, and is one which as a people we can never afford to forget. I believe in the Monroe doctrine with all my heart and soul; I am convinced that the immense majority of our fellow-countrymen so believe in it; but I would infinitely prefer to see us abandon it than to see us put it forward and bluster about it and yet fail to build up efficient fighting strength which in the last resort can alone make it respected by any strong foreign power whose interest it may ever happen to be to violate it.

"Boasting and blustering are as objectionable among nations as among individuals, and the public men of a great nation owe it to their sense of national self-respect to speak courteously of foreign powers, just as a brave and self-respecting man treats all around him courteously. But though to boast is bad, and causelessly to insult another worse, yet worse than all is to be guilty of boasting, even without insult, and when called to the proof to be unable to make such boasting good."—From a speech by President Roosevelt, delivered in Chicago.

President Roosevelt, in his journey across the continent, has spoken to tens of thousands of his fellow-citizens from the rear platform of his train, or in mass meetings which took the form of special receptions. The texts of the many speeches thus delivered are as varied as the many sides of the character of the man who delivered them, and certainly they throw a strong side light upon the Nation's Chief Executive.

If there is a cardinal feature in the policy of the President for the aggrandizement of the nation, it is that back of every promise or declaration there shall be the argument of force. Whatever may be individual opinion as to the Monroe doctrine or its propriety as a fundamental principle of the Nation's policy, applause must be given for his manly declaration.

It cannot be argued that the President has taken his cue from events, for he has ever been a man given to stand for progress and primacy. As Assistant Secretary of the Navy in 1898 his voice was ever for the utmost endeavor to make the sea force of the Nation of the first rank. So now as President we find him striving for a navy second to none. America must never be the unspurred cock whose vulnerability is patent to all but the over-shadowed fowls of its own vicinage, but equipped with the sharpest and truest weapons must stand ready to defend its defiance.

Unconscious allies appeared during the spring in the persons of Germany and England, whose demonstrations in Venezuela caused the Congress to act with vigor, and the result was five battleships provided in the year's budget, where no new construction was contemplated. All events tended to aid in the accomplishment of the ends toward which President Roosevelt bends his energies.

First a navy, capable of defense against any enemy, the isthmian canal to render the fleets mobile and develop national commerce, control of trusts so that individual effort will be stimulated and the highest type of the irrepressible, striving American developed; these are the notes to which President Roosevelt has keyed his efforts. This may be accepted as Americanism and happily all American Hawaiians can find a place in the chorus which will send that kind of music resounding through the world.

## GARBAGE FRANCHISE.

Easily the most impudent attempt to put a tax upon the people of Honolulu is contained in the measure proposing to grant a monopoly for the collection and disposition of garbage to James H. Boyd and his associates. The last touch is given when the life of the franchise is placed at fifty years.

To fully understand the magnitude of this attempt to place a weight about the necks of city residents for a half century one must have figures of cost. The revenue to the Territorial government now is about \$5,000 a year. This is based on the average charge per residence of twenty-five cents, with \$1 for "market, hotel, restaurant, boarding house, commission house or other place of semi public character." Yet this precious franchise would permit a charge of fifty cents for each residence and \$5 for each market and similar place noted above.

Another point against such an attempt to saddle a charge upon every householder, rich or poor, in the city, is that there is no revenue to the government beyond 2½ per cent of the net receipts collected. In older cities there is a profit in the collection of the garbage. Every thing brought in by the wagons has some use. Tin cans reappear as sack weights, animal matter is reduced and becomes fertilizer. This is the course where economies, public and private, are studied carefully and the result is a revenue rather than a charge from the service.

There is really a humorous side to this attempt to saddle a half century franchise upon the city. As Superintendent of Public Works, James H. Boyd approved a series of charges against the citizens. Seeking the privilege of collecting a few thousand a year from them he multiplies the sums which are to be paid. It would appear a revival of the old saw about public office and private snap must be made to fit such a case and a public franchise so denominated.

The liquor bills get advantage of all the flukes in the Senate. A reconsideration motion by one of the losing side is a new thing in legislation.

## Coast Telegraphic News.

The great gathering of Democrats at the banquet given annually to commemorate the birthday of Thomas Jefferson was held at Des Moines, Iowa, this year and the three bright particular Jeffersonian stars invited to the dinner were William Jennings Bryan, Adlai Stevenson and William Randolph Hearst. Mr. Hearst, by the way, shone as a star at a distance, as he was unable to be present, but he sent a letter and perhaps he was the brighter because he was distant. His name evoked the most applause, anyway, and his own newspapers played him up as the biggest thing in sight.

They have developed a bribery scandal in the San Francisco police department that is about the worst thing in that line ever turned up. The charge is made within the department itself, the Mayor and Police Commissioner Hutton asserting over their signature that a regular tariff is charged the Mongols for the privilege of law-breaking, as follows: Lotteries, \$20 a month;

lottery agents, \$10 a month; fan tan tables, \$5 a month; opium joints, \$2.50 a month; sergeant in charge of Chinatown squad, \$100 a week; patrolmen, each, \$40 a week.

The submarine torpedo boat Pike has been tried out at San Francisco and raced under the waters of the bay at a speed of 7.5 knots for a distance of twelve miles.

Police Commissioner Hutton of San Francisco has charged Attorney D. M. Delmas, one of the best known lawyers in California, with alienating the affections of his wife and with taking an excessive fee from her, and the Commissioner has instituted disbarment proceedings which the California Supreme Court has refused to entertain.

## FEEDS ONE—STARVES OTHER

Feeds the body—starves the microbes! That is what Scott's Emulsion does in consumption.

We can't expect to understand all about these germs and microbes the doctors talk of. They say that one kind causes consumption. Consumption microbes feed on weak lungs. Perhaps that's so.

At any rate we know that Scott's Emulsion has a peculiar action on the lungs which gives the lungs new life and vigor. Healthy lungs starve the microbes out.

Life for the lungs and flesh for the body, that is what the consumptive has a right to expect from Scott's Emulsion. An ideal food and tonic for any form of wasting disease.

## Impure Blood

Impure blood will always make you sick. You suffer from headache, great depression, indigestion, sleeplessness, a bad skin, extreme exhaustion, and you can hardly drag yourself about.

Read what Mr. H. J. Matthews, of Wellington, New Zealand, says about this. He also sends his photograph.

"I have suffered a great deal from impure blood, especially from boils on my arms and back. I felt weak all over and was greatly depressed. I began to use Ayer's Sarsaparilla. After taking only a little of it I felt better, and soon my troubles disappeared. I believe this medicine is the best blood-purifier and the strongest tonic that any one can buy."

## AYER'S Sarsaparilla

There are many imitation "Sarsaparillas." Be sure you get Ayer's.

Use Ayer's Pills every time your bowels become constipated, or when you are bilious or have sick headache. They cure quickly.

# NEWS OF THE WATERFRONT

THE BATTLESHIP IOWA, ON WHICH OCCURRED THE FATAL EXPLOSION

## KOREA WAS LIKE A SMALL TOWN

With her decks crowded with passengers both cabin and steerage, the Korea came into port yesterday morning at 8 o'clock and docked at Naval Wharf No. 2. Notwithstanding her previous record-breaking voyage the Korea made no effort to arrive ahead of schedule time, and came along the entire trip at an average clip of 15½ knots. The voyage was a fair one with the exception of the first two days when rough weather was encountered. On Wednesday evening a musical was given which was enjoyed by the cabin passengers. The Korea goes to Manila this trip and carries several passengers for that port.

Among the passengers for Honolulu were Mrs. Paul Neumann, who has been in Mexico and the East; Miss G. K. Brown, daughter of Mr. and Mrs. J. F. Brown; Dr. and Mrs. McGettigan, of Maui; Mrs. J. F. Bowler, who has been in Europe for nearly a year; Sir Somers Vine, a British nobleman who came here to visit Prince Kalaniana'ole; Miss J. F. Bush and Miss F. R. Bush, daughters of John Bush, who are returning from school in San Francisco. Among the through passengers are Sir Randolph Baker, an English capitalist, en route to Yokohama for pleasure; Mrs. John Hood, the wife of Lieut. Commander Hood, U. S. N., and daughter of Paymaster Casswell, U. S. N., will join her husband at Yokohama; Mrs. Sandoz, wife of Lieut. Sandoz, U. S. N., will join her husband at the same port; Louis Glass, of the Pacific Telephone Company, of San Francisco, goes to Hongkong for a vacation.

Among those departing on the Korea from Honolulu were Gov. A. S. Clegg, who will remain in Yokohama for a short period for health and pleasure; Mr. and Mrs. K. J. Imanishi, who have been residents of Honolulu for many years, departed for Yokohama where Mr. Imanishi will be assigned to duty in connection with the Yokohama Specie Bank. Mrs. Imanishi, who has been popular in both Japanese and foreign society circles, will be greatly missed from Honolulu, which has been her home the greater part of her life. A large crowd of their friends were on the steamship to see them off. Mrs. L. L. Terry and Mrs. Wm. Akers, who have been in the city for the past two months, continued on their journey to Japan, and will pass through here in about three months en route home to Salt Lake City. W. H. Rice, of Kauai, goes to Japan for a season of rest. Mr. and Mrs. Rettig, who have been guests at the Moana for several weeks, departed for Yokohama.

The steamer sailed shortly after six yesterday afternoon for the Orient, a large crowd being present on the dock to witness her departure.

The Korea is a gambler's paradise. The Chinese, who traveled on the ship, are masters of the art of tempting dame Fortune. On the after deck all day yesterday Chinese gamblers exposed all manner of games from stud horse poker and Russian war to craps. Curious Honoluluans, taking a look over the vessel, could hardly make their way along this portion of the vessel on account of the large number of games in progress. The bankers had plenty of money, cigar boxes being utilized to hold their gains, for they nearly always won. Several stiff games of poker were entered into by Honoluluans and some are now wiser for their experience, and certainly are out of pocket.

## Makes a Fast Passage.

SAN FRANCISCO, April 3.—The American ship Falls of Clyde, Captain Matson, which arrived yesterday from Hilo, made the passage in eleven days. This is not a record trip, but it is remarkably fast and one of the best made in some time. The glory of Captain

Matson's performance was somewhat dimmed by Dr. Cummings, the surgeon in charge of the Federal quarantine at this port. Two of the passengers on the Falls of Clyde developed during the voyage a sickness, the nature of which was not clear to Dr. Cummings, and the ship was ordered into quarantine. The length of her detention will depend on Dr. Cummings' conclusion as to the identity of the sickness.

## Navy's Coaling Stations.

With two coaling stations which the Navy Department has decided to establish in the Aleutian Islands, close to the regular route of traffic between the Pacific Northwest and the Orient, the Navy will still further strengthen its support in the Pacific Ocean. The proposed stations will afford a foothold in the North Pacific corresponding to those which have been acquired further south in Hawaii and Samoa, and, these, together with the station at Guam, complete a chain of outposts in the Pacific capable of supporting the Navy in any emergency.

## Shipping Notes.

The schooner Matthew Turner hauled over to the Railroad wharf yesterday from the stream to discharge her cargo.

The bark Andromeda arrived at Eureka on April 2, and will be repaired there before loading lumber for Sydney.

A fast run was made by the ship Fort George, Captain Gove, which arrived at San Francisco April 3 from Kahului in twelve days with 49,368 bags of sugar.

Purser McNamara, of the Ke Au Hou, reports the following sugar left at Kauai ports ready for shipment: K. S. M., 2,500 bags; V. K., 600; W., 400; Mak., 14,600; G. & R., 3,200; McB., 3,200; Kolesa, 3,000; H. M., 3,640; G. F., 3,815; Makee, 80,954; Kilauea, 900.

Purser Wright of the Noeau reports the following sugar left at Hawaii ports ready for shipment: H. S. Co., 5,000 bags; P. S. M., 4,000; H. A. Co., 6,000; H., 3,000. Total of 18,000 bags.

## EVERYBODY DELIGHTED.

Newbro's Herpicide Destroys the Dandruff Germ Permanently and Cures Baldness.

## MORTGAGEE'S NOTICE OF INTENTION OF FORECLOSURE AND OF SALE.

Notice is hereby given that pursuant to the power of sale contained in that certain mortgage dated the twentieth day of November, A. D. 1901, made by E. H. Kekapal of Waialua, Kula, Island of Maui, Territory of Hawaii, and Keola Kekapal of said Waialua, Maui, wife, mortgagors, to J. H. Nishwitz, of Nahu, Island of Maui, mortgagee, and recorded in the Office of the Registrar of Conveyances in Honolulu in Book 227, on Pages 321 and 322, J. H. Nishwitz, the mortgagee aforesaid, intends to foreclose the said mortgage for conditions broken, to-wit: the non-payment of the principal and interest of the mortgage debt when due.

Notice is likewise given that the premises conveyed by said mortgage will be sold at public auction at the auction rooms of James F. Morgan, No. 42 Queen street, Honolulu, Oahu, on Saturday, the twenty-fifth day of April, A. D. 1903, at twelve o'clock noon.

The premises covered by said mortgage and to be sold are as follows:

1. 11.27 acres undivided in those six parcels of land situated in Waialua, Kula, Island of Maui, which are described in Royal Patent 7583, Land Commission Award 10482 to Naha and contain a total area of 22.54 acres.

2. 35.3725 acres undivided in that parcel of land situated at said Waialua containing an area of 47.83 acres described in Grant 1986 to Kaula.

3. 1½ acres undivided in that parcel of land situated at said Waialua containing an area of two acres and described in Grant 2830 to Kaula.

4. 4.695 acres undivided in those three parcels of land situated at Kealahou, Kula, Island of Maui, which are described in Royal Patent 4317, Land Commission Award 10482 to Naha and contain a total area of 9.39 acres.

5. All those three parcels of land situated at said Waialua known as Apana one, three and four of Royal Patent 2204, Land Commission Award 8654, to Kapaole and containing an area of 16.17 acres.

Terms Cash. United States Gold Coin. Deeds at expense of purchasers. Honolulu, March 21, 1903.

J. H. NISHWITZ, Mortgagee.  
Lyle A. Dickey, Attorney for Mortgagee.  
A6433—Mar. 21, 28, April 4, 11, 18.

## REMOVAL NOTICE.

## EXECUTOR'S NOTICE OF SALE OF REAL ESTATE.

By order of John F. Colburn, executor of the Will of Antonio Rosa, late deceased, acting under order of the Probate Court of the First Judicial Circuit, I shall, at 12 o'clock noon,

ON SATURDAY, THE 18th DAY OF APRIL, 1903.

At my auction room in Honolulu, Island of Oahu, offer for sale at Public Auction to the highest bidder, all of the right, title and interest in and to that certain Real Estate situated at Kalahele beyond Diamond Head, and being Lot 4 of the Kalahele Lots, formerly owned by said Antonio Rosa, deceased, and being a portion of L. C. A. 8559B, Apana 32, to W. C. Lunaililo. This lot has a frontage of 100 feet with an average depth of 200 feet, has a commodious dwelling house and stable thereon and Government water is laid on. There is growing on this lot an old and valuable shade tree known as the "Hau" which for shade and coolness is unsurpassed.

This lot can be reached from either the Beach Road or that leading around Diamond Head, and is one of the rare opportunities offered for securing one of the finest seaside residences of our limited beach.

Terms of the sale is cash in U. S. Gold Coin, and deed at expense of purchaser. The sale is subject to the confirmation of the Court.

For further information and particulars, inquire of the Executor who will submit a map and accompany intending purchasers to the lot to view same if desired.

JAS. F. MORGAN.

Honolulu, March 18, 1903. 6446

## IN THE CIRCUIT COURT OF THE FIRST CIRCUIT, TERRITORY OF HAWAII—AT CHAMBERS—IN PROBATE.

In the Matter of the Estate of A. A. Doiron, late of Honolulu, Oahu, Deceased—Order of Notice of Hearing Petition for Allowance of Final Accounts, Distribution and Discharge.

On reading and filing the Petition and Accounts of David Dayton, Administrator of the Estate of A. A. Doiron, wherein he asks to be allowed \$162.31 and charges himself with \$102.37, and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such Administrator;

It is ordered, that Monday, the 27th day of April, A. D. 1903, at ten o'clock a. m., before the Judge of said Court at the Court Room of the said Court at Honolulu, Island of Oahu, be and the same hereby is appointed as the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this Order, in the English language, be published in the Pacific Commercial Advertiser, newspaper printed and published in Honolulu, for three successive weeks, the last publication to be not less than two weeks previous to the time therein appointed for said hearing.

Dated at Honolulu, this 19th day of March, 1903.

## BILL GIVES A MONOPOLY ON GARBAGE

Strange Features of the Kupihea Measure.

James H. Boyd Is Named as the Beneficiary.

The Purpose Is to Finance a Company After the Franchise Is Granted.

Of all the remarkable bills introduced into the present Legislature—and there have been a number of them—not the least remarkable is that known as House Bill No. 173, introduced by Kumalae. It is entitled a bill to "Authorize James H. Boyd, his successors and assigns, to collect and dispose of all garbage and other refuse of the City of Honolulu." In effect, the bill is a franchise granted to Boyd on behalf of a garbage company, presumably to be organized after the franchise is sure enough to make its organization possible. The franchise thus granted to a company which does not yet exist, but which the terms of the bill make plain the purpose to organize, is to run for fifty years—and that is the longest franchise yet proposed to be granted by the Legislature. The bill provides in its very first section for the formation of the company which, presumably, cannot be financed without some such charter as the bill grants. Section 1 says: "That James H. Boyd of Honolulu, Island of Oahu, Territory of Hawaii, his associates, successors or assigns, or such corporation as he or they shall cause to be incorporated under the laws of the Territory of Hawaii (he or they being hereinafter referred to as James H. Boyd), are hereby empowered," etc., etc., the section going on to state that they shall collect and dispose of garbage of all kinds within all that section lying between Moanalua and the southeastern extremity of this island, and between the Konaheanui mountains and the sea. The second section of the bill gives the right to erect and maintain

furnaces and garbage crematories wherever needed, provided the location of such works is approved by the Superintendent of Public Works.

Section 3 gives Boyd the right to charge every private dwelling 50 cents a month for the collection of its garbage, and every hotel and restaurant, boarding house, commission house, or other semi-public place not more than \$5 a month for the removal of its garbage. In effect, it should be easy to finance the proposed corporation, if the bill goes through, for its revenue would be princely. Section 4 of this most wonderful bill is in full as follows:

"Section 4. Said James H. Boyd shall also have the right to refuse to collect any garbage or refuse from buildings or premises the owner or lessee of which neglects or refuses to pay the regular rate for the removal of the same, but said discontinuance of service shall in no way prevent said James H. Boyd from using any remedy which now is or which may hereafter be authorized by law for the collection of debts."

It is provided that the collection and disposition of garbage under this act shall begin within eighteen months after the charter goes into effect, and lastly the franchise is to run for fifty years.

### KNOWLEDGE IS POWER.

"First class in general knowledge," announced the teacher.

Heads long and short, colored and touselled, came forward and "toed the line."

"Johnny Murphy, what is a lake?"

"A hole in a tin can."

"What is the capital of the United States?"

"Ireland and Croker."

"Who invented gun-powder?"

"Guy Fawkes."

"What was Caesar's occupation?"

"Pitching his camp several paces from the camp of the enemy."

"Name the seven wonders of the world."

"Shadrach, Meshach, and Abednego, John L., 'Billy' Patterson, Carrie Nation and the Douglas Patent Closet."

"Johnny" is in danger of being sent to the Philippines as an instructor.

## EASTER SUNDAY MUSIC PROGRAMS

The musical services at St. Clement's church for Easter morning and evening, are as follows:

Morning Service—Processional: Doxology, Hymn 113; Carol, "Oh, the Glowing Golden Morning;" Te Deum, Stewart B. B.; Jubilate, Buck E. B.; Anthem, "Christ Being Raised From the Dead," Elvey; Hymns, 121, 243; Communion Service, Gower.

Evening Service—Processional, Hymn 125; Carol, "Oh the Glowing Golden Morning;" Magnificat, Woodward; Nunc Dimittis, Woodward; Anthem, "He is Risen," Clore; Hymns 117, 112, 17.

The music, both morning and evening, will be very beautiful, especially at the morning service, when the organ will be accompanied by a cornet. There will be a special offertory.

At 3:30 p. m. Easter Sunday at St. Andrew's Cathedral, there will be a union gathering of the children of the Cathedral and St. Clement's congregations, and all parents are requested to have their children present.

A program of music for the Easter services of Central Union Church has been arranged for, both morning and evening. The 11 a. m. service will be as follows: Organ prelude, doxology, invocation and Lord's Prayer, responsive reading; offertory solo, "The King of Glory," by Coombs, Mrs. A. H. Otis; congregational hymn; sermon, Rev. Martin H. Hardin; congregational hymn, "All Hail the Power of Jesus Name"; benediction; silent prayer; postlude.

The evening service is as follows: Prelude; opening sentences; invocation; response; congregational hymn; anthem, "God Hath Appointed a Day"; response, quartet, "The Magdalene," Mrs. Otis, Mrs. Whitney, Mr. Elston and Mr. Dillingham. The concluding number will be the cantata by Dudley Buck, "Christ, the Victor," in which the members of the quartet, assisted by the choir, will participate.

**COMEDIES AT THE ORPHEUM**

Mrs. Dow-Currier's well intentioned enterprise promises to be rewarded with a big house at the Orpheum tonight. The program is a long and varied one, the leading features of which will be the presentation of the two bright comedies "The Circus Rider" and "Betsy Baker." Miss Amy Stanley, the charming young actress of the Waldorf company, will play leading roles and will be supported by Mrs. Dow-Currier, Mr. Wilson Forbes, Mr. Jean De Lacey and others. An intermediate musical program will be given during which Mr. Henry C. Davies will make a first appearance here in a professional sketch of his own entitled "Musical Eccentricities." Mr. Albert R. Cunha and others will assist in this portion of the entertainment.

## WANT THE DAMON LAND

War Department Is Anxious to Get More.

Seventy-Five Acres Is Now Needed at Kahauiki.

S. E. Damon's Residence Place Is Desired for Military Reservation.

S. E. Damon's summer place near Moanalua may be secured for military purposes at Kahauiki. Negotiations are now in progress between the military authorities and the representatives of Mr. Damon in the city for the acquisition of the property for the military post. Altogether there are about seventy-five acres in addition to that now owned by the United States at Kahauiki which in the opinion of the military commission appointed to decide, is necessary for the construction of a military post.

The land included in Mr. Damon's place is laid out in gardens and walks and there is a good water supply upon it. It adjoins the tract already in possession of the United States and the military authorities have come to the conclusion that they want the Damon acres also. The decision is not due to any wish to acquire the improvements upon the place, but the seventy-five acres are all that is lacking to give the United States the entire tract between the two hills at Kahauiki. These few acres are wanted so that the entire tract within the range and extending beyond the mountains could be utilized for military purposes. Negotiations with Mr. Damon's representatives have been in progress for some time, but so far they have resulted in nothing, and probably no conclusion will be reached until after his return from abroad. Mr. Damon it is said does not want to convey his title to the United States or give up his home and so far there has been no agreement to sell, even though price was of no consideration.

There has however been some talk of an exchange of the property for other government lands, in the event that the Territorial authorities are willing to lend themselves to such a scheme.

There has already been some discussion of the matter with Governor Dole, but no definite conclusion has so far been reached.

## NEVER GIVE UP.

It is the monotony even more than the pain that makes a long illness so hard to bear. Life is like a long rainy day. One sees all things through blue glasses and walks in the Valley of Shadows. The attention is withdrawn from outside matters and centred on oneself. The various symptoms of the disease, whatever it may be, continually appeal to the sufferer's feeling and fancy until other thoughts can get little welcome in his mind. Sometimes this is merely an affair of a few months, and again it may drag along for some years. It depends on circumstances; no two cases are alike. The words oftenest on the lips of these poor souls are, "Oh, nothing does me any good; I'm sure I shall never get well." Yes, you will. In spite of your lack of faith in medicines let

## WAMPOLE'S PREPARATION

have a chance to do for you what it has done for a multitude who were once as miserable and hopeless as you are. The complaint which it cannot benefit or cure must be incurable. This rare healer is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. It purifies the blood, expels the poisons, stimulates and regulates every function, and infuses vitality where there was naught before but the feebleness and languor of disease. No slow or doubtful action. Try it and thank us for the hint. Effective from the first dose, and inspiring as fresh air let into a dungeon. One bottle convinces. "You cannot be disappointed in it." Sold by chemists here and everywhere throughout the world.

## Lumbago 30 Years

A Remarkable Cure Performed by Dr. McLaughlin's Electric Belt.

Dr. McLAUGHLIN—Dear Sir: I suffered from lumbago pains and sciatica for 30 years before using your Electrical Treatment, and in two months your wonderful Belt entirely cured me. Appreciating the excellence of your method, I am, yours truly, HUGH FRASER, 219 1/2 Elm avenue, San Francisco.

And some people are content with pasting porous plasters on their backs to get the little relief they give. Lumbago is a condition which can be cured by Electricity as I apply it. I can tell you of hundreds of other cures.

My Belt pours a gentle, glowing heat into the back and cures it to stay cured.

A man recently told me that he had lumbago for twenty years, and it had never laid him up yet, though he felt badly at the time. He was carried from his work in a hack two days after, and was in bed when he sent for my belt. It cured him. Get it before you are laid up. It will cure you quickly, and your trouble will never come back. Call and see it; or send for book of proof. Send this ad.

**Dr. M. G. McLaughlin,** 906 Market St. San Francisco U. S.

Office hours: 8 a. m. to 8:30 p. m.; Sundays 10 to 1.  
Never Sold by Drug Stores or Agents.

## SOME TALK OF ISLANDS HE GOVERNS

Deputy Governor of Philippines on Korea.

Labors of General Luke E. Wright in Congress.

Secured as Much From That Body as Could Have Been Expected.

A wiry, iron gray colored man, with a square, determined jaw and the knowledge of what it would be best not to say, that is General Luke E. Wright of Tennessee, Deputy Governor of the Philippines, who was a passenger on the Korea yesterday. The ship will take him straight to the scene of his labors, for she goes through to Manila this trip, and he has the worried air of a man whose vacation has ended and who rather wants to be back to the scene of his labors. He was climbing into a wagonette, out Waikiki way, with his own people, and going for a drive toward Camp McKinley when he was seen yesterday. The title of General that he wears is an indication of his surviving fondness for camps and soldiers, for Wright was a soldier before he became a commissioner and set himself to assist in the solution of the problem of American colonial government in the islands of the East Indies.

"Yes," said General Wright, "I am going back from my vacation trip." And he smiled a little as he said that. General Wright has spent the major portion of his vacation in Washington, although his home is in Tennessee, hard at work upon Congress in the interest of the enactment of certain legislation that the Commissioners felt to be necessary to the successful solution of the difficulties before them.

"I have seen by the dispatches that the people of the Philippines have been having rather hard times," he said. "It is perhaps natural that they should. No country reaches its fullest possibilities of production in time of war, and the Philippines have only lately begun producing again. They had spent a couple of years before that in making their land a wilderness. And yet it is a wonderfully rich land. Few Americans realize the natural richness of it. We out there have the utmost faith in its future, although there are many difficult questions yet to be met and solved.

"The labor question is one of the most vital of these, but" and the General looked reflective, "I suppose we will have to get along the best way we can with that, for the present. The people of America, the labor unions," and his eyes twinkled, "would not stand for the introduction of Chinese labor there. Well, we have had our coinage system placed on a gold basis, anyway, and that will tend to the stability of business. It is a great thing for a country when it has a sound currency. Men in business know, then, from day to day, how their affairs stand.

"Also, Congress gave us our constabulary bill. That will enable us to enlist men for the proper policing of the country, and to keep the upper hand of the Ladrone bands. Ladrone, you know, are insurrectos out of a job, who turn outlaw by way of an occupation, and their methods savor of the refined cruelty possible only to Asiatics. With our hands strengthened by the constabulary bill we feel that we can go into the regions most infested by them and pacify the country completely. And that is the sum of what Congress did for us. After all, perhaps that is as much as we could have expected. To be sure, we wanted our tariff bill passed, but it did not come up until late in the session, and then the members had all their time taken up with matters nearer home.

"No I do not know that there are to be any changes in the personnel of the Philippine Commission. I was sorry to see by the cablegrams that Governor Taft was so seriously ill, still I think he must have improved to be strong enough to be taken to the mountains for his health. He has been ill more or less, for a long time. But he will get better, I do not doubt. The air in the highlands of the Island of Luzon is wonderfully pure, and there

GENERAL LUKE E. WRIGHT.

is no malaria at all there. So he will have every chance to improve in health."

General Wright, accompanied by his wife and his private secretary, went on with the Korea last night. The Research Society invited him to deliver a lecture before that organization yesterday afternoon, but he declined with thanks for the honor on the plea that he desired to renew some acquaintances in the city and note the changes since his last visit to Honolulu, and had but a few hours in which to do so.

THE FIREMAN is in great danger from falling bricks or timbers as well as from the flames. No fire department is properly equipped without a supply of Chamberlain's Pain Balm. This liniment is unexcelled for burns and bruises. One application gives relief. Try it. Benson, Smith & Co., Ltd., wholesale agents, sell it.

Twenty odd new statutes have been passed by the Legislature, signed by the Governor, and are now the law of the Territory. It will be sixty days probably, before these laws are available in book form. Meanwhile they are all being published, immediately upon their passage, in the Official and Commercial Record. Subscribe for a copy and find out what the law is.

### HIGHER EDUCATION OF CHILDREN

By an easy method. Realizing the importance of this question for the future of the present generation, and having had well known educators suggest the advisability of some plan by which it could be achieved, the Phoenix, always to the front with up-to-date ideas, is prepared to issue a limited amount of its guaranteed installment certificates or bonds especially adapted for the purchase of establishing a fund by parents or guardians for children. Cost per \$5,000, \$7.00 per month; \$50.00 per year, \$40.50 semi-annually, or \$20.25 quarterly, or \$650.00 cash down, will guarantee you \$1,000 besides all surplus cash profits, which are estimated at \$393.10 at tenth year, making total of \$1,393.10. Besides, you may take advantage of sixteen different options. It is non-forfeitable after one year, and you are not losing any of the options or privileges except amount by not carrying it through. Phoenix Savings, Building and Loan Association, Robert Slaughter, general agent, Judd building, Fort street entrance, Honolulu, H. T.

## Paine's Celery Compound

The Most Remarkable Remedy in the World.

The True Medicine for the Cure of Diseases of the Blood and Nerves.

# LIPTON'S LATEST CHALLENGER AS VIEWED AT THE TIME OF LAUNCH

"SHAMROCK III." AFTER THE LAUNCH.

"SHAMROCK III." TAKING THE WATER.

The victories of Shamrock III over  
the first of the name seem to be easy  
of understanding when one contem-  
plates the pictures showing the ves-  
sels bow and stern.

At the time of the launching one  
critic wrote:

"The owner, designer and builder  
guarded their secrets closely, and with-  
held the yacht's dimensions, while ex-  
perts were left at liberty to use their  
eyes and make problematic guesses. It  
was evident that the third Shamrock  
was an improvement upon the second,  
rather than the first Shamrock, but was  
an experimental craft. Mr. Fife was  
profuse in his acknowledgments to Mr.  
Watson, but with Scotch persistence he  
had clung to his own ideas. The new  
challenger differs from the last one in  
many respects, and marks a reversion  
to the type illustrated by Sir Thomas  
Lipton's first boat. It has greater  
beam than the last Shamrock, is cut  
away less, has about the same length,  
but less draught, has a sharper bow,  
fewer curving lines and is a more sea-  
worthy yacht. Whether it will be a  
better racing machine remains to be  
proved. That it will be a better boat  
than the first Shamrock I do not doubt,  
but I should be surprised if it were to  
beat either the Columbia or Shamrock  
II. The tiller has been dropped and a  
wheel substituted for it, but thorough  
trials will be required before this new  
skimming dish can be accounted the  
best racing machine designed in British  
shipyards."

Yachtsmen who have had an oppor-  
tunity of studying photographs are  
unanimously of the opinion that the  
new yacht is likely to prove a slippery  
customer.

Some think, however, that the con-  
centration of her lead in such a small  
space might injure her chances in a  
slight wind and a jump of a sea, though  
in a strong wind she would move so

fast that the forward end of her fin  
would take hold and keep her from  
sliding off to leeward.

One of the novel features of the  
challenger is her mainsheet, which is  
of wire rope. This is the first time wire  
has been used in this connection on  
board any yacht on this side of the  
Atlantic.

From the photograph of the chal-  
lenger in her launching pontoons, the  
Shamrock III evidently resembles the  
Herreshoff boats more than she does  
either of the old Shamrocks. The for-  
ward overhang is apparently consider-  
ably longer than the last Fife chal-  
lenger, and is much fuller at the water  
line, the frame showing a decided U  
section. The overhang is carried out to  
a fine, sharp ending, something like  
Columbia's. From the photograph she  
seems deep in the body, with a soft and  
easy bilge, which is carried well for-  
ward and aft, giving a fair and easy  
sweep to the diagonals and sailing  
lines.

While it is impossible to gain any  
idea of the beam and draught from the  
photograph, the underbody gives the  
impression of a rather powerful boat,

and she will undoubtedly have a big  
rig. She should be fast to windward  
and leeward in any weather and should  
reach fast in moderate winds, but prob-  
ably cannot be driven as hard in strong  
winds as the new Herreshoff boat.

So far as appearance goes, she will  
undoubtedly be a far handsomer craft  
than either of the preceding Sham-  
rocks.

A PAIN IN THE CHEST is nature's  
warning of a threatened attack of  
pneumonia. Dampen a piece of flannel  
with Chamberlain's Pain Balm and bind  
over the seat of pain, and another on  
the back between the shoulders. One  
application gives relief. Try it. Ben-  
son, Smith & Co., Ltd., wholesale  
agents, sell it.

Twenty odd new statutes have been  
passed by the Legislature, signed by  
the Governor, and are now the law of  
the Territory. It will be sixty days  
probably, before these laws are avail-  
able in book form. Meanwhile they  
are all being published, immediately  
upon their passage, in the Official and  
Commercial Record. Subscribe for a

### NOTICE

ANY WOMAN OR GIRL NEEDING  
help or advice, is invited to commu-  
cate, either in person or by letter, with  
Ensign Nora M. Underhill, matron of  
the Salvation Army Woman's Indus-  
trial Home, Young street, between Ar-  
tisan and McCully streets, mauka  
side, Honolulu.

## Catarrh

Nasty and dangerous

The nasal passages are stopped up  
and the membranes are inflamed  
and the secretions reek with filth and  
nausea.

The air you breath through the nose  
carries the  
poisonous  
impurities  
into the  
lungs—  
when you  
exhale the  
breath the  
odor is  
rank and  
offensive.

How can  
the other-  
wise when  
the catar-  
rhal in-  
flamma-  
tion is rotting away membranes and  
bones of the nose and head? When  
the sufferer lies down on his couch  
the decayed matter slips down in the  
throat and into the stomach, where it  
interferes with the digestive system,  
causing dyspepsia and many kinds of  
stomach troubles.

When the inflammation becomes  
chronic it is impossible for Nature to  
overcome it—Nature must have as-  
sistance, and the best and quickest  
and most effective assistance Nature  
can have is Halpruner's Wonderful  
Medicine. It gives vigor, strength  
and force to the blood, assisting it to  
carry away the impurities and drive  
out the inflammation.

A splendid way to get immediate  
relief is to dilute about a teaspoonful of

**Halpruner's**

in a glass of water and either spray  
it up the nostrils or sniff it from the  
palm of your hand. This releases  
the mucous and clears and cleans out  
the passages. The medicine allays  
and soothes the inflammation. Also  
take the medicine internally as directed  
on the bottle. This purifies the blood  
and assists in removing the cause of  
catarrh.

All druggists can get Halpruner's  
for you. Don't let them talk you out  
of buying it—50c and \$1 a bottle.

I have been afflicted with chronic catarrh  
for many years. I have traveled all over  
Europe, part of Asia and Africa. I have taken  
many remedies, and without avail, but since  
I have taken Halpruner's Wonderful Medicine,  
as prescribed, I feel in good condition. My  
catarrh has entirely disappeared and I feel  
perfectly well, though past 60 years of age.  
WM. DEKRAFT, M.D.  
Pacific Ave., Alameda, Cal.

Halpruner's will be sent prepaid to any  
address upon receipt of price. Halpruner  
Medical Manufacturing Co., 28 California  
Street, San Francisco, Cal.

—Washington Star.

## DIPLOMAT AND HIS WIFE HERE

Among the passengers from the S. S. Korea who were in Honolulu yesterday was M. Alexandre Pavloff and his wife. M. Pavloff is the Russian minister to Korea, a leader in the Russian financial service, and it is said that his appointment as minister to Korea was chiefly because of his financial abilities as Russia is largely interested in the finances of Korea. This is virtually their honeymoon as M. Pavloff only married Mlle. Irene des Planques, daughter of a well known Russian, in Washington a month ago. They were married by a Russian Bishop and the ceremony was witnessed by almost the entire diplomatic set at the capital.

### BUSINESS LOCALS

Sachs's store is open tonight. Get your Easter hats today at Sachs's.

If you want your houses rented list them with Will. E. Fisher. It costs nothing unless rented.

Pepper whiskey is the best in the land. Lovejoy & Co. are sole agents for the Islands. Telephone Main 308.

Up to date silk, hosiery and kid gloves at Sachs's.

Fresh frozen Eastern oysters at 75 cents per can at Metropolitan Meat Company. Reduction takes place today.

One dollar buys a monarch shirt at Livingston's. These shirts are the very latest for men and the price is very attractive.

A number of horses and mules will be sold today by James Morgan, the auctioneer, at 10 o'clock, in Dowsett's yard on Queen street.

Three hundred shares of the capital stock of the Whitney Marsh Company, Ltd., will be sold at public auction at Morgan's auction rooms at noon today.

Fresh navel oranges 15 cents, 20 cents, and 25 cents a dozen; choice grape fruit 30 cents a dozen; J. N. Bell, Beretania street, second door below Emma street.

A new lot of stunning Easter neckwear at Sachs's.

At 10 o'clock today James Morgan will sell a lot of buggies and farm wagons at the old Dowsett yard on Queen street near Hollinger's shoeing shop.

Monday and Tuesday there will be a special sale of new rubber goods at Hobron Drug Company's. Special prices prevail only on the days as advertised.

Puzzle: Find the advertisement of the Expert Dentists in this paper. The ad. is small, but their dental office in the Arlington block, on Hotel street, is the largest and most complete in the city.

The use of electricity at the Railroad wharf and at Hopper's rice mill is a practical demonstration of the economy and convenience of electricity as a motive power. Ask the Hawaiian Electric Company for an estimate.

A five-room cottage at Cottage Grove, on King street, is offered for rent at \$35 per month; telephone and electric light furnished free; also the use of a bath house at Waikiki beach; for further particulars see our classified ads. today.

Mrs. Taylor, the florist, has Easter flowers in great abundance, and many more to arrive by the Claudine from Maui on Sunday morning, including roses, violets, callas, Easter lilies and lilies of the valley; also cut ferns by the dozen; ring up Main 364.

Do not forget Mrs. Hanna's for your Easter hats; Union street.

"Los Angeles".....Godfrey  
"The Ameer".....Herbert  
"Frog Puddles".....Whitney  
"Aloha Oe".....  
"Hawaii Ponoi".....  
"The Star Spangled Banner".....

### An Interesting Tablet.

People who inspect the Korea are always interested in a bronze tablet in the saloon cabin, on which is inscribed the following:

"Let us devote ourselves to the work of turning toward the United States the great commerce of the Orient which has for so many years been going westward and enriching the nations which have controlled that great traffic, and turn the current of that trade from the setting to the rising of the sun."

"C. P. HUNTINGTON."

(Extract from speech at San Francisco on May 16, 1900.)

## LOCAL BREVITIES.

The Korea carried \$250,000 in silver for Japan.

Mrs. W. H. Rickard and the Misses Rickard, of Honokaa, arrived in the Korea.

Mrs. S. Parker will be At Home only on the first and third Friday of each month.

The William McKinley K. of P. Lodge will meet this evening for work in the second rank.

Sir J. Somers Vine, whom Prince Kuhio visited in Pretoria, was an arrival on the Korea yesterday.

Motion for default was filed yesterday by plaintiff in the case of Capitol Building Co. vs. Henry Waterhouse & Co.

Circular letters have been received here from a German lottery which is evidently trying to get a foothold in the country.

Rev. M. D. Hardin, who is to fill the pulpit at Central Union church in the absence of Rev. Mr. Kincaid, arrived on the Korea yesterday.

Fred Jacobs, formerly an insurance man in Honolulu, returned yesterday in the Korea, accompanied by his mother and will remain here a short time.

Mrs. R. C. Geer will leave next week for the mainland to join her husband, who has resigned from his most recent connection, that with the Bishop Museum.

The buildings on the Iolani College property of Bishop Willis were sold at auction yesterday—Good Friday—to W. H. Pain for \$500. He was the only bidder.

Henry Hogan will lecture before the Catholic Benevolent Union tomorrow evening at the Catholic Mission Hall. His subject will be "Beauty of Thought."

Rev. M. D. Hardin arrived in the Korea to temporarily occupy the pulpit of Central Union church. He is accompanied by Mrs. Hardin and Miss Jane Hardin.

M. K. Kealawa, of Hilo, has been admitted to practice in the district courts of the Territory. In his petition he says that he was first admitted to practice by Chief Justice C. C. Harris and that he is a member of the Legislature.

Unless a gale is blowing today several yachts of the Hawaii Yacht Club will take a spin down to Pearl Harbor and a clam chowder at Puuloa will be given for the yachtsmen this evening. Tomorrow morning the yachts will enter the inner locks and a conference of officers and members will be held aboard Clarence Macfarlane's yacht La Paloma.

### Atherton Memorial Service.

A memorial service for the late J. B. Atherton will be held at the Y. M. C. A. tomorrow afternoon at 4 o'clock, at which P. C. Jones will be the principal speaker. Time will be left for the men in the audience to speak on "What Mr. Atherton's Life Has Done For Me." The Dillingham quartette will be present.

### Rhodes Relieves Hall.

Paymaster Stewart Rhodes, U. S. N., arrived in the Korea yesterday and relieved Paymaster E. F. Hall at the Naval Station. Paymaster Hall will leave on the China and go to Washington, where his accounts will be O. K.'d and he will then await further assignment.

The Commercial and Official Record has come to stay. It is filling a long felt want.

## Important Reasons

Why Herring-Hall-Marvin Safe Co. Safes and Locks are the Best.

The concrete filling makes these safes absolutely fire proof and positively damp proof. The solid angle corners add greatly to their security in time of fire and form the only solid corners made. The patent Bolt Work is superior to any in use and does not require the constant oiling, cleaning and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, there is not a single instance on record wherein one of them ver failed to preserve its contents perfectly. They make safes for county treasurers, county recorders, county clerks, jewelers, hotels, residences, churches and corporations. We have a large assortment of safes on hand and will be pleased to show same.

## TIDES, SUN AND MOON.

Full moon on the 11th, 1:48 p. m.; sun on meridian, 12:2.

Times of the tide are taken from the United States Coast and Geodetic Survey tables.

The tides at Kahului and Hilo occur about one hour earlier than at Honolulu.

Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 9 hours 0 minutes. Sun and moon are for local time for the whole group.

**DEPARTED.**  
Friday, April 10.

S. S. Korea, Seabury, for the Orient and Manila, at 6 p. m.

A. H. S. Nebraska, for Kahului, at 5:30 p. m.

## BURGLARIOUS JAP IN SEE'S HOUSE

The slumbers of George See, the Supreme Court bailiff, were disturbed about 9 o'clock last night by an unusual noise in the house. George hastened for a while and then became convinced that some who had not right was in the house and making too free with the contents. The bailiff arose and stealthily made his way in the direction of the source of the noise and had the satisfaction of laying his hands on a Japanese who was in the act of burglarizing the place. The Japanese could give no good reason why he should have entered the bailiff's house at that hour, especially while everybody was asleep and the patrol wagon was called. The Japanese gave his name as Iwahashi.

**BORN.**  
COOKE—In Honolulu, April 10, 1903, to Mr. and Mrs. C. H. Cooke, a daughter.
