HONOLULU, HAWAII TERRITORY, THURSDAY, DECEMBER 22, 1904.

PRICE FIVE CENTS.

GOVERNOR ASKS FOR EVIDENCE OF WRONG DOING

Tells Construction Company to Prove Fraud, Begin Work or Stand a Lawsuit.

Governor Carter has given the American-Hawaiian Engineering & Construction Co., its legal adviser and bondsmen, an ultimatum, in effect requiring them either to claim fraud in connection with the Asylum contract, which if established would void it, or to go ahead with the work, and tacitly intimating that if they try to allow the time for completing the contract to expire without doing anything the Superintendent of Public Works will have to bring an action upon the bond.

In giving out his letter to the company for publication, the Governor stated that it contained all he had to say, at this time, on the subject. Here is the letter:

December 21, 1904.

American-Hawaiian Engineering & Construction Company, Stangenwald Building, Honolulu.

Gentlemen: In your communication of December 7th, you call attention to the statement that in the last year you have bid \$31,597 less than the next lowest bidder. The individuals who have appeared in your behalf are men of standing in this community, who would scorn any desire on their part to intentionally take advantage of the government and the taxpayers. Will you, therefore, kindly state whether or not you intend to claim fraud in connection with the insane asylum contract, and thereby void it?

If last evening's "Star" is correct, your attorney still disclaims any desire to make charges of fraud; while in your communication of December 7th you submit statements that can have no other interpretation but that you believe there is fraud.

In your letter of December 19th, the third reason given for declining arbitration is that your bondsmen object "under the conditions which exist in this contract, without a determination of the question of fraud, which they believe should not be left undecided, and which cannot be decided by arbitration."

In my last interview with your attorney, he was told that both you and he would render a public service by exposing fraud.

You alone have raised this question, of fraud, by your statements. It has reflected on the architect and gentlemen who hold high public positions. The Legislature made an appropriation, and the administration is desirous of carrying it out. Under the law, the contract goes to the lowest bidder who furnishes a satisfactory bond. You were that bidder. You have been notified by the Superintendent of Public Works to proceed with the work. Do you intend to proceed with the contract, or delay the matter, under one pretext or another, until the time allowed you under the contract expires? Public interest requires that this question be brought to an issue, and until you decline to proceed with the work, I fail to see what more the government can do, than to wait your convenience. The Superintendent of Public Works has notified you to proceed, or the government would hold your bondsmen. Upon my initiative, you agreed to withdraw from the contract at my request. Under the circumstances, I began an investigation, taking what appeared to be a reasonable interpretation of your statement of December 7, that you claimed there was fraud in connection with the matter. In this, it seems, I was mistaken, and I then agreed to arbitrate the question as to whether or not the specifications were ambiguous and required you to do the impossible.

Had you consented to arbitration, and the arbitrator had decided in your favor, the odium and responsibility for the delay would have been clearly upon the administration. You decline arbitration, and still express a willingness to go on with the work. As the Superintendent of Public Works can take no action until the time for completing the contract has expired, the taxpayers await your convenience.

Very sincerely yours,

(Signed) G. R. CARTER,
Governor.

P.S.—As the public has been led to believe there is a sensation connected with this matter, I think they should have the whole story, and as the taxpayers are interested, I propose to make this letter public.

(Signed) G. R. CARTER,
Governor.

BAD PLACES CONDEMNED

Board of Health Ignores Asylum Contract Squabble.

At a meeting of the Board of Health yesterday afternoon the principal business was the reading of tenders for supplies to the different institutions for the first six months of 1905. President L. E. Pinkham submitted the usual message outlining the business to come up, which this time opened with a long personal statement of his connection with a certain type of concrete building blocks, which has become famous in connection with the asylum contract. Mr. Pinkham read this portion of his message himself, then handed the document to Secretary Charlock to read the remainder.

On motion of Dr. Cooper it was voted to receive the message and consider its recommendations.

THE MATTER IGNORED.

Nothing was said by any member of the board regarding the personal matter. Mr. Pinkham, in the statement, related at length the efforts he and others had made to find some material from "from which a good, reliable building material could be made in Hawaii, by white skilled and unskilled labor resident in the Territory." At length "full size blocks were made under pressure of 400 pounds per square inch, the hydraulic pressure being applied by hand power in thirty seconds." Competent mechanical engineers unqualifiedly approved the design of the machine and samples of blocks.

His operations were known to the present and the former Superintendent of Public Works months before he was placed at the head of the Board of Health. "As I knew," the statement runs, "the Concrete Construction Company would probably bid on the asylum I withdrew from it on being appointed to the board. As I received no salary this was no sacrifice to me."

Mr. Pinkham, in his concluding remarks, says: "The only money I ever received from the Concrete Construction Company was a part of my agreed interest in the Koolau (Maui) ditch contract."

"The only work the firm of Beardslee & Gill ever did for me was paid for in cash and I have the receipts to show for it."

MATTERS ACTED UPON.

A resolution of condemnation was submitted relative to premises at Palama, between King street and the railroad shops. Dr. Pratt, Inspector Keen and the president had spent hours and days trying to get the nuisance abated and they could not. The place was too low to connect with the sewer and the cesspools were continually overflowing. Then it was recommended that a resolution be passed requesting the Attorney General to draw the necessary papers for condemning a pond in Waimae, Hawaii, from which the cattle of the district drink. Eben Low had called the president's attention to it when he was there. The pond has no overflow or outlet and the cattle, standing in great numbers in the water, defile it. An analysis made by the Food Commissioner proved the rank impurity of the water.

Each of these matters was referred to the Attorney General for such action as he saw fit to take. Permits to Brothers Liberius Hengst and Maternus Laschet to enter the settlement permanently, and to Brother James to go there and install them, granted by the president, were approved.

COELHO TURNED DOWN.

Representative-elect W. J. Coelho was denied a permit to address the voters at the settlement, thanking them for their support of his party, the president having submitted his request with these words:

"The results of political agitation at the settlement have proven unfortunate for the people residing there, hence I failed to give Mr. Coelho any personal encouragement. The matter is now before you for action."

SANITARY INSPECTION.

The president reported on the previous month's work of the sanitary inspectors for Honolulu this:

Inspections 8272, sanitary work ordered, 1144 items; completed, 1125 items; inspections of pig and duck ranches, 355; work on same ordered, also completed, 219 items.

DONATION TO DISPENSARY.

The president was pleased to state

(Continued on Page 3.)

MAUI ROADS HURRIED UP

Kaupo Republicans Are Reassured By the Governor.

Solid Republicans of Kaupo, Maui, will no doubt be reassured of fair treatment by Governor Carter's answer to their pious request that work be immediately started on the road from Kipahulu to Kahikinui. The petition of citizens residing in the district of Kaupo, "also solid Republicans," as it states, has twenty-one signatures. It was approved by the Territorial Central Committee last Monday evening.

After reciting that the past Legislature voted \$5000 for repairing the road in question the petitioners request, to quote the English translation forwarded, "that the road be immediately taken up and to commence work on the same." They represent that, in pursuit of a living for themselves and their families they are depending on the trails along the sides of the mountains and pail, yet for the past long years nothing has been done toward the betterment of their road and their prayers thus conclude:

"And if your Honor thinks for the good and welfare of your fellow Republicans here, then there is nothing but right and proper that this said amount of \$5000 be immediately used in order that our pliki be sent aside, and that God will ever guide you in your administration. We ever pray."

"That petition was referred to Mr. Holloway," the Governor said to an Advertiser reporter, "who reports that the road mentioned is one of the works that Mr. Howell, the department engineer on Maui, is instructed to take up at his earliest opportunity."

"The administration is doing everything in its power to hurry these works. Mr. Howell is taking them up as fast as possible and the Kaupo taxpayers will have their road as soon as the work can be reached. That is the substance of the answer I have given to the petition."

LOOK FOR PROTET TO COME ANY DAY

French Consul Vizzavona and Lieut. Stutz of the French Navy look for the arrival of the cruiser Protet at any time. The vessel has been in the South Seas and is now en route to the Pacific Coast. Lieut. Stutz arrived recently from Paris to join the warship.

Lighthouses for Midway.

WASHINGTON, Dec. 9.—President Roosevelt has issued an order directing the Secretary of Commerce and Labor to have prepared by the Lighthouse board estimates for the erection of suitable lights, either lighthouses or lightships, at the Midway islands, in the Pacific ocean.

METROPOLITAN CLUB LOSES ITS SPLENDID HOME

General Nogi Wants Reenforcements. Ex-Senator Shoup Dead—A Diplomat Wedded.

(ASSOCIATED PRESS CABLEGRAMS.)

WASHINGTON, Dec. 22.—The Metropolitan clubhouse burned, causing a loss of \$135,000.

The Metropolitan Club is one of the largest in Washington and one of the leading clubs of the United States. Its membership includes the elite of Washington and the most distinguished men and women in official circles. For many years it has given free membership to the Diplomatic corps. One of the leading members is Rear-Admiral John G. Walker, now chairman of the Panama Canal Commission. Admiral Walker is a great friend of Hawaii and many island people have been given by him the privileges of the Metropolitan Club while in the capital. The magnificent home of the Club was located at the corner of Seventeenth and H streets, only two blocks from the White House. It was a three story building, constructed within comparatively a few years.

NOGI WANTS MORE MEN.

CHEFOO, Dec. 22.—It is reported that Gen. Nogi has requested 60,000 reenforcements.

A DIPLOMAT WEDDED.

WASHINGTON, Dec. 22.—Minister Sandren of the Netherlands was married yesterday to Miss Elizabeth Glover. All official Washington was present.

DEATH OF FORMER SENATOR OF THE STATE OF IDAHO

BOISE, Dec. 22.—Ex-Senator Shoup is dead.

George Laird Shoup was born in Kittanning, Armstrong County, Pennsylvania, June 15, 1836. He received his education in the public schools of Freeport and Slate Lick, Pa. In June, 1852, he moved with his parents to Illinois, and located near Galesburg, where he spent six years in farming and stock raising. He then moved to Colorado, and was engaged in mercantile and mining business until September, 1861, when he became a member of Captain Backus' famous independent company of scouts, and shortly later received the commission of second lieutenant. He passed the winter of 1861-1862 scouting along the base of the Rocky Mountains, and in the spring of 1862 was transferred to Fort Union, New Mexico, where, until the spring of 1863, he performed scouting duty

BILL FOR LEPER HOSPITAL INTRODUCED BY HEPBURN

(ASSOCIATED PRESS CABLEGRAMS.)

WASHINGTON, D. C., Dec. 21.—Congressman Hepburn has introduced a bill appropriating \$100,000 for a leprosy hospital for Hawaii. Also \$250,000 for a leprosarium on abandoned military reservations in the States.

DENMARK AIDING RUSSIA.

COPENHAGEN, Dec. 22.—It is charged that the War Minister has permitted Danish factories to manufacture arms for Russia.

HEAVY FOG IN LONDON.

LONDON, Dec. 22.—The heaviest fog of two years is prevailing and many accidents have occurred.

INDICTED FOR FRAUD.

PORTLAND, Dec. 22.—P. F. Mays has been indicted for land frauds.

DIFFICULTIES OF THE PORT ARTHUR SIEGE.

SECTION PLAN OF ORDINARY PERMANENT FORTIFICATIONS.

A-B Banquettes. C Parapet. D Ravetement. E Escarp.
F Counterscarp. G Fraise. H Stockade. I Covered Way.

In addition to these defences abattis (an obstruction of branches) and wire entanglements are placed on the slopes of the glacis. The parapet is usually provided only as a straight breastwork deriving its safety solely from its own fire. As the escarp would be protected from such fire, the works are flanked to prevent such an attack. The escarp or inner face of the fosse is sometimes covered with obstacles to prevent the advance of the besiegers. The counterscarp is usually steeper than the escarp and the bottom of the fosse is filled with obstacles to prevent the formation of troops. The depth and width of these fosses vary considerably though the width is not less than 18 feet. In many cases in front of Port Arthur the width is thirty feet. The depth is limited only by the labour available for raising the earth. The deeper the fosses the higher the banquettes, parapets and glacis in consequence of the earth removed. The sketch above shows the rough principles of fortifications, they have been in use for over two centuries; nevertheless, they are more or less closely followed today. Starting from the glacis and working towards the curtain, it may be seen what tremendous obstacles the besiegers have to overcome in the case of every fort before they can anticipate its capture.

SANTA CLAUS COMES
DOWN THE CHIMNEY
EVERY EVENING AT 7.30.

THE LAST WEEK OF OUR ANNUAL CHRISTMAS FAIR

CANDY FOR THE CHILDREN.
MUSIC EVERY EVENING
7 30 to 8.30 BY FIRST CLASS
QUINTETTE CLUB.

The retail trade look upon this as the most important week of the year. Everybody, rich and poor alike let loose the purse strings at Christmas time. Happy is the merchant whose business has been sufficiently encouraging to lay in a good stock for December trade. We have been more than satisfied with our success on Alakea street. We anticipated big results this month. So far we are away ahead, and if the elements are kind for six days more we will nearly double any previous figures. Who says it is hard times? Nonsense! You got to keep pace, that's all. The general public are always the best judges. Our stock is just what is required and our prices are well known to be the LOWEST IN HONOLULU.

FOR THIS WEEK WE ARE FULLY PREPARED AND RESPECTFULLY SOLICIT YOUR KIND INSPECTION.

BRAVE ACT OF HAWAIIAN FISHERMAN ON KAUAI

On Friday afternoon, the 9th, a Porto Rican attempted suicide by drowning. The sea was very heavy and the breakers were rolling in mountains high on the rocky coast just out from the Kealia schoolhouse. About three o'clock a couple of Porto Ricans came along engaged in very earnest conversation, one talking in a wild excited manner and the other trying to pacify him, apparently. Just as they got opposite to the school house the excited one made a break for the ocean and threw himself into the breakers. He was rapidly carried out to sea and seemed to be willfully drowning himself. The other started for Kealia to secure help running as fast as his legs would carry him. Before the tragedy closed an Hawaiian fisherman named Lono came along and seeing the drowning Porto Rican in great danger, without a moment's hesitation threw off his clothes and plunged into the ocean. Lono soon had him by the hair, dragged him against his will to the shore. The Porto Rican was too near gone to make much resistance, but fought with what little strength he had against his rescuer. The Porto Rican was soon upon the shore in spite of his efforts and his rescuer rolled him around and patted him on the back until he was somewhat revived. Whiskey was procured and forced into his mouth but the Porto Rican would have none of it, and as fast as it was put into his mouth, threw it out. The Porto Rican who had gone to Kealia soon returned and after the half drowned man was revived explained that he had attempted suicide. He said he had tried to dissuade him, but with no success. He said they had a lot of trouble the day before with Koreans, who live near them, and his friend had tried to end his trouble in death. Had it not been for the Hawaiian fisherman he would certainly have accomplished his purpose.—Garden Island.

DEATH OF FORMER SENATOR.

(Continued from page 1.)

on the Pecos, Canadian and Red rivers, and was promoted to first lieutenant and ordered to duty on the Arkansas River.

In May, 1863, he was assigned to the First Colorado Regiment of Cavalry, and one year later was elected to the Constitutional Convention to draft a constitution for the proposed new State of Colorado. He was given a 30-day leave of absence to perform this duty, and then returned to active army service, September, 1864, he was commissioned colonel of the Third Colorado Cavalry, and was mustered out of service with the regiment at Denver. He then engaged in mercantile business in Virginia City, Montana, and in 1866 established a business in Salmon City, Idaho, and since that time had been interested also in mining and stock raising. He was elected a member of the Territorial Legislature for two terms, represented the Territory in the Republican National Convention of 1880, was a member of the Republican National Committee from 1880 to 1884, was United States Commissioner for Idaho at the World's Cotton Centennial Exposition at New Orleans in 1884-1885, was again placed on the Republican National Committee in 1888, and re-elected in 1892 and 1896.

He was appointed Governor of Idaho Territory, March, 1889,

When You Don't Know What Else to Give, Give Handkerchiefs

ORIENTAL HEALTH.

Dr. L. E. Cofer, chief quarantine officer, reported as follows on health conditions in the Orient:

Hongkong, two weeks to November 19—Plague cases 4, deaths 4.
Shanghai, two weeks to November 20—Smallpox cases 4, deaths 35.
Nagasaki, clean two weeks to November 25.
Kobe, two weeks to November 27, clean.
Yokohama, two weeks to November 30, clean.

BIDS OPENED.

Some time was spent by the board in going over bids for supplies. The usual samples of foods and groceries were displayed. As the bids in many cases were referred to the superintendents of institutions for judgment, a list of the

contracts to be awarded could not be obtained for this issue.

The meeting was constituted by L. E. Pinkham, president; Attorney General L. Andrews, Dr. W. H. Mays, Dr. C. B. Cooper, Mark Robinson and Abraham Fernandez, with C. Charlock, secretary; J. D. McVeigh superintendent of settlement and Miss Mae Weir stenographer in attendance.

An Enjoyable Outing.

The most attractive day's outing is that afforded by the excursion down the railroad line. The HALEIWA LIMITED, a first-class train, leaves Honolulu every Sunday morning at 8:22 o'clock making the run in two hours, the rate for round trip being only \$2.00. From 10:22 a. m. until 8:10 p. m. is spent at the beautiful HOTEL HALEIWA, with fresh and salt water bathing, tennis, golf drives and walks, shooting or fishing and you are back in town at 10:10 o'clock in the evening.

THE FUNDAMENTAL LAW OF HAWAII. Bound in law calf, sent postage prepaid, to any address in the United States for \$5 a copy.

HONOLULU SANITATION

Health Officer's Reports For the Month of November.

Following is the report of Dr. J. S. B. Pratt, chief sanitary officer and inspector of cemeteries, for the month of November, submitted to L. E. Pinkham, president of the Board of Health:

"During the month five complaints of nuisances have been reported and after investigation, where they have been found to exist, they have been abated.

"Two forty-eight hour notices were served and the work completed before the time had expired. Eleven deaths were investigated and where found necessary, post mortems were ordered.

"Thirty-three recommendations for hotel, restaurant and lodging-house licenses were issued and 1675 persons can be lawfully lodged in the buildings. Two recommendations held over from previous months were issued and 92 persons can be lawfully lodged in the buildings. Three are still held over from previous months on account of sanitary conditions.

"There were forty-nine inspections of graves made, three of these being for disinterments. In the King street Catholic one coffin was exposed and in the Waikiki church cemetery one body was buried in 18 inches of water.

"Fifteen permits to keep pigs were issued.

"Inspector Visser arrested a Japanese at Moiliili and the man was fined \$15 and costs. I arrested a man on Vineyard street who was selling fish contrary to the Board of Health regulations. As it was the man's first offense he was reprimanded and the fish condemned.

"During the month I completed the examination of the schools.

"Special work has been done during the month and reports made to you verbally, also special report on certain conditions at Waikiki has been submitted."

THE RAT CRUSADE.

Dr. Pratt reports separately upon the rat crusade thus:

"Number of pieces of poison eaten, 1619; poison put in private houses, 150; number of rats caught in traps, 186."

PLUMBING AND SEWERS.

E. G. Keen, inspector of buildings, plumbing and house sewers, reports as follows the detail of the work of his office for November:

"Plans of plumbing filed and permits issued for same, 45; separate pieces of plumbing finished and accepted, 45; fixtures placed in above, 93; sewer connections made, 17.

"Thirteen building permits were filed, of which I approved eleven and returned two, as not conforming to our sanitary regulations.

"The following inspections in connection with the construction of new and the alteration of old buildings were made: Ten examinations of building sites; six buildings under construction; twenty-one examinations of buildings where interior changes were being made.

"The total number of inspections during the month were 251, of which 192 were of plumbing.

"Twenty-five houses were connected to the sewer, several of which were on the line of the new sewer on Matlock avenue."

THRUM'S ANNUAL HAS APPEARED

The thirty-first number of Thrum's Hawaiian Annual is published. Besides the usual amount of statistics, there are several interesting articles of a special nature.

The first is upon the early sandalwood trade of these islands and it gives the story of the trade from its beginnings in 1785 until its decline and final extinction about 1841.

Rev. Dr. Sereno E. Bishop's theory of the cold current system of the Pacific is given in the second article and supplied an altogether novel explanation of phenomena in these seas. Interesting extracts from a diary of a Honolulu merchant official for the years 1842-4 are also printed. Many well known local names are used.

A very full extract is taken from Mr. J. N. S. Williams' article about the new mill of the Hawaiian Commercial and Sugar Company on Maui, which is the largest and most modern factory in the islands.

Allan Dunn has written an article on Honolulu's dramatic and musical talent. He shows that expenses are too great for foreign professional companies to come here with profit and goes on to describe what has been done in amateur lines during the past year. Josephine E. Tilden tells of her trip to these islands to study the tropical marine and fresh-water vegetation.

The legend of Kaneaukai, the fish god, is given, as related by the residents of Waiolu. There is a short article on the duplicate place names to be found here.

Mr. O'Shaughnessy's article on "Irrigation in Hawaii," which came out in the Planters' Monthly, is printed and the annual ends by a summary of the happenings of the past year.

AN EXCEPTIONAL SALE OF HOLIDAY HANDKERCHIEFS

Not too early to buy gifts, and it is not difficult to make selections now, for assortments are not broken.

Ladies' initial pure linen handkerchiefs, Special \$1.00 a dozen.

All that is best in beer you will find in

Primo Lager

It is thoroughly matured, and absolutely pure.

Sold by all liquor dealers.

POLICE MAKE FEW ARRESTS

Take, a Japanese woman, was arrested upon the charge of common nuisance.

It seems that a dog owned by her took a piece out of the seat of a Chinaman's trousers, much to his discomfort. Then he went to court. Ah Wa broke a Board of Health regulation by peddling fish, and Suobey, a Jap, was arrested for peddling cakes without a license. Kupahu is in for investigation. The charge of carrying concealed weapons will probably be placed against his name as a loaded revolver was found on his person. Along in the evening Wm. Isaac was brought in drunk.

The police arrested a bundle of whips early in the evening. They were stand-

ing out in front of a harness shop on Bethel street and were probably forgotten by the proprietor when he closed up.

Foresters Elect Officers.

At a regular meeting of Court Luna-illo No. 660, Ancient Order of Foresters, held December 21, 1904, the following officers were elected for the ensuing term: Chief Ranger, A. K. Lewis; Sub Chief Ranger, S. Manu; Treasurer, J. W. Short, P.C.; Financial Secretary, J. K. Kaulla; Recording Secretary, S. Pupuh; Senior Woodward, G. Maile; Junior Woodward, A. M. McGurn; Senior Beadle, T. C. Blackwell; Junior Beadle, J. H. Miller; Trustees, W. A. Naylor, P.C., S. Manu, G. E. Thompson, J.P.C.; Junior Past Chief, G. E. Thompson; Court Physician, C. E. Camp, M.D.

GOING! GOING!! GONE!!!

NEWBRO'S HERPICIDE

The ORIGINAL remedy that "kills the Dandruff Germ." who took dandruff scales from a student who was losing his hair, and having made a pomade of them with vasoline rubbed the same upon a guinea pig and the pig became bald. Newbro's Herpicide is the original dandruff germ destroyer. It kills the microbe growth and permits the hair to grow as nature intended. A wonderful hair-saver. A delightful dressing. Stops itching instantly. Drug Stores, \$1.00. Send 10c. stamps, to HERPICIDE CO., Dept. H, Detroit, Mich., for a sample.

THE PACIFIC Commercial Advertiser

WALTER G. SMITH, EDITOR.

THURSDAY : : : DECEMBER 22

AS TO RUBBER

Hawaii is beginning to take so much interest in India rubber, especially in view of the advance in prices and the growing demand for the product, that the figures prepared by the Department of Commerce and Labor regarding the quantity and value of rubber imported into the United States during the current year and for several years past, will anticipate a common local inquiry. These figures show that in both quantity and value the imports of the year about to end will probably exceed those of any earlier year. The largest importation in any complete fiscal year is 55,250,000 pounds in the fiscal year 1901, and the highest value in any earlier year is \$31,707,630 in 1899. In the calendar year about to end, however, the indications are that the quantity imported will reach 60,000,000 pounds and the value more than \$40,000,000. In the ten months ending with October the quantity of crude rubber imported is practically 50,000,000 pounds, or, to be exact, 49,951,326 pounds, and the value was \$34,315,130.

In the latest month for which figures are available, October, the quantity imported was 5,397,981 pounds, and the value \$3,450,840; so that if the figures of October are an index to the prospective figures for November and December, it seems likely that the total quantity of India rubber imported during the calendar year will reach 60,000,000 pounds, and the value exceed \$40,000,000.

In addition to this, sundry substitutes for crude rubber are, in very recent years, being brought in in large quantities. "Gutta Joolatong," or "East Indian gum," a product of Borneo, which is used in conjunction with India rubber in certain lines of manufacture, has in recent years been imported in rapidly increasing quantities. The rapid increase in its use is indicated by the fact that the quantity imported into the country had been so small that the Bureau of Statistics made no separate record of it prior to 1899, when only 6,000,000 pounds were recorded as having been imported. In 1900 the quantity was 8,701,753 pounds; in 1903, 13,984,817 pounds, and in the ten months of the present calendar year for which figures are available the quantity imported was 12,265,801 pounds.

Under modern methods much of the India rubber used in shoes, garments, and otherwise may now be recovered and by certain processes made fit for further use, and the extent to which this is now being done is indicated by the fact that the importations of "old and scrap rubber fit only for remanufacture," which amounted in 1894 to less than 2,000,000 pounds, were in the fiscal year 1904 over 20,000,000 pounds.

While Brazil furnishes a much larger share of the rubber imported into the United States than does any other country, the share that country contributes of the grand total of our imports of that article is probably not so large as generally supposed. The figures of the Bureau of Statistics show that of the 49,951,326 pounds of crude India rubber imported into the United States during the ten months ending with October, 1904, 23,282,456 pounds came from Brazil, while Africa, Central America, certain other of the South American countries, and the East Indies supplied the remainder. Practically all of the rubber which originated in Africa came by way of Europe, being accredited to various European countries, though of course in no case produced in those countries.

The reports of the Bureau of Statistics credit the United Kingdom with over 6,000,000 pounds and other European countries with over 11,000,000 pounds, none of which of course was produced in those countries, since India rubber is solely a tropical product. Most of the 17,000,000 pounds credited to Europe comes from the African colonies of certain European countries, though in some cases from colonies in the East Indies.

The rapid growth in the importation and use of India rubber in the United States is shown by the following table, which gives the quantity and value of rubber imported at five-year intervals from 1874 to 1904:

IMPORTS OF INDIA RUBBER AND GUTTA-PERCHA, CRUDE, INTO THE UNITED STATES AT QUINQUENNIAL PERIODS, 1874 TO 1904.

Fiscal year.	Quantity. Pounds.	Value. Dollars.
1874.	14,191,320	6,196,729
1879.	14,878,594	6,068,088
1884.	24,574,025	13,736,004
1889.	32,329,503	12,357,121
1894.	34,256,546	15,162,333
1899.	55,250,000	31,707,630
1904.	49,951,326	34,315,130

A further evidence of the rapid growth in the use of rubber in the manufacturing industries of the United States is shown by the fact that the number of establishments manufacturing rubber and elastic goods has increased from 96 in 1880 to 262 in 1900; the capital employed, from \$6,000,000 in 1880 to \$39,000,000 in 1900; the cost of

materials used, from \$9,000,000 in 1880 to \$33,000,000 in 1900; and the value of products, from \$13,750,000 in 1880 to \$52,500,000 in 1900. Practically all of this large manufacture is absorbed by the home market, the exports of rubber manufactures having amounted to only \$4,435,590 in the fiscal year 1904, while the imports of manufactures of rubber amounted in the same year to \$1,157,042.

The Russians seem imbued with the idea that the Japanese cannot endure the cold weather. As a matter of fact most of the troops operating under Oyama in the North, either came from the snowy provinces of Japan or have been inured to cold by garrison service there. Those who recall the loss of a Japanese battalion in a blizzard near Amori two or three years ago, will appreciate the rigorous weather training which the little brown men have had ever since the present war began looming up on the horizon of the future. Beyond this the Japanese troops are warmly clad and make good use of the innumerable stone villages which dot the field of war, sleeping fifteen or twenty in each room. During the war of ten years ago, they operated about Mukden and kept in good health despite the fact that the thermometer sometimes fell to thirty-five degrees below zero. It was a hard winter but the Japanese troops went through it as if to the manner born.

A lot of government employees sitting in solemn session to give advice to Governor Carter are better described as being ridiculous than in any other way. The idea of a public wanting to influence the executive by means of a party organization and having to do it through committees composed of the executive's appointees is calculated to destroy public confidence in the party organization.—Star.

Oh, we don't know. Better the recommendations of a committee of office-holders than that of men who have no more sense of responsibility for good government than to endorse the job-seeking applications of nine embezzlers in four years. No committee of office-holders, for instance, would have ever joined hands with the Home Rulers to force Wright and the two Boyds into Governor Dole's administration.

The effectiveness of the Advertiser's proposal to protest after the mischief has been done is of the kind that ought to commend it to Mr. Young. He will no doubt be satisfied if no protest is made until after he has sold his building to the United States.—Star.

Who said no protest should be made? Not the Advertiser, which pointed out that the only way to accomplish anything is to protest at Washington, not to abuse Mr. Young for trying to sell his private property to a good customer. Hawaii's business is not with him but with the United States.

The chorus of voices calling for Secretary Atkinson to remain in Washington to assist Hawaiian legislation through Congress, seems to have made so much noise that no one could think of William Haywood.—Star.

Mr. Haywood represents the planters and does it well. He is not hired to represent the general interests of the Territory. For that purpose Mr. Atkinson is highly qualified, is on the ground and is willing to act. Why not give him a show?

An evening paper which has always promoted the efforts of thieves to get control both of the party and the government is anxious to have the present office-holders, against whose honesty nothing can be said, excluded from Republican leadership. No one wonders why. The point of interest is what particular group of scoundrels the paper is trying to put in.

The latest Hawaiian bill was introduced by Congressman Hepburn. The whereabouts of the Territorial Delegate is not known, but inquiry at the holiday football games and various other games might bring results.

Pinkham's flurry of explanations to the Board of Health about his uninvited machine may have been made to that body because it owns such a big stock of disinfectants. We can think of no other reason.

If Fort street is ever carried up the Pauoa valley, most Honolulu people will be astonished to find what a beautiful valley it is and how easily access to Tantalus might be had from it.

So long as the beet sugar vote is respected, Congressmen will hesitate to reduce the sugar duties. The question is one to be decided, in the main, by politics.

If Russia manages to double-track the Siberian railway the maintenance of 600,000 men in Manchuria ought not to be difficult.

Was a dollar the former ruling market price for letting an arrested Chinaman go?

Judge Dole sustains the segregation laws. It is good news.

Copies now on sale at all book stores of the Hawaiian Forester and Agriculturist, a monthly magazine of forestry, entomology and agriculture. Issued under the direction of the Board of Commissioners of Agriculture and Forestry. Price 10 cents a copy, \$1.00 per year by mail to any address. Subscriptions received at the Gazette office.

LOAN DEAL CONCLUDED

Preliminary Agreement Is Executed By Atkinson.

"New York, Dec. 20.
"Signed today preliminary agreement of the sale of the bonds, posting the formal agreement for the Treasurer's signature. Merrell will arrive with the bonds in the Alameda."
"ATKINSON."

According to the foregoing cablegram, the second million dollar loan of the Hawaiian Public Improvements series is consummated. It is on more favorable terms than the first million, now mostly expended, by several hundred dollars in the premium and one-quarter per cent in the interest—the premium being \$1000 and the interest 4 1-4 per cent. The purchasers are Rudolph, Klayebolte & Co., of New York.

Secretary Atkinson's message was the reply to an inquiry for definite information regarding the status of the loan negotiations cabled to him by Governor Carter on Tuesday evening. Merrell, named in the Secretary's cablegram, is no doubt a representative of the United States Trust & Mortgage Co., the bond printers, coming here to obtain Treasurer Campbell's signature to the bonds.

THE IMMIGRATION BUILDING WORK

There is considerable activity on the site on the new immigration station to be erected to the left of the road leading from the Honolulu Iron Works shops in Kakaako to the Channel wharf. The piles to be driven are already on the ground, as well as a large amount of the lumber to be used above ground.

CAPT. HUMPHREY'S BROTHER HURT

The Washington Star of Dec. 1 contains the following item concerning a brother of Capt. Humphrey, Quartermaster's Department, U. S. A.:
First Lieut. E. H. Humphrey, 7th Cavalry, son of Quartermaster General Humphrey, who recently injured his leg in a game of football at Fort Meyer, has recovered sufficiently to leave the general hospital at Washington barracks, but is still confined to his room at Fort Meyer.

is compounded with the greatest of care and contains nothing injurious. It is a safe and reliable remedy for stomach complaints and has a record of fifty years of cure to its credit. Many prominent physicians prescribe and recommend it as a cure for dyspepsia, indigestion, flatulency, belching, nervousness and insomnia. Try it. The genuine must have our Private Die Stamp over the neck of the bottle.

HOSTETTER'S STOMACH - BITTERS

SELF CURE NO FICTION!

MARVEL UPON MARVEL! NO SUFFERER NEED NOW DESPAIR, but without running a doctor's bill or falling into the deep ditch of quackery, may safely, speedily, and economically cure himself without the knowledge of a second party. By the introduction of the New French Remedy, THERAPION, a complete revolution has been wrought in this department of medical science, whilst thousands have been restored to health and happiness who for years previously had been merely dragging out a miserable existence.

THERAPION No. 1, in a remarkably short time, often a few days only, effects a cure, superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2, for impurity of the blood, scurvy, pimples, spots, blotches, pains and swellings of the joints, gout, rheumatism, secondary symptoms, etc. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION No. 3, for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of dissipation, worry, overwork, etc. It possesses surprising power in restoring strength and vigor to the debilitated.

Is sold by principal Chemists throughout the world. Price in England 2/6 and 4/6. In ordering, state which of the three numbers required, and observe that the word "Therapion" appears on British government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to take
Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure

Hood's Sarsaparilla permanently cured J. G. Hines, Franks, Ill., of eczema, from which he had suffered for some time; and Miss Alvina Walter, Box 212, Algona, Wis., of pimples on her face and back and chafed skin on her body, by which she had been greatly troubled. There are more testimonials in favor of Hood's than can be published.

Hood's Sarsaparilla promises to cure and keeps the promise.

GLIDDEN AND TELEPHONES

Once Proposed to Merge All Lines In Hawaii.

John Cassidy, the electrical engineer, is reminded by the visit of Mr. Glidden, the automobile enthusiast, who passed through on the steamship Moana, of a business acquaintance he had with Mr. Glidden six years ago.

Mr. Cassidy at that time saw Mr. Glidden in Cleveland, Ohio. They had several conferences on Hawaiian telephone matters, Mr. Glidden being one of the telephone kings of the mainland, and Mr. Glidden made plans to take over all telephone lines in the islands, connect the islands with cables, and to put about \$300,000 into one big enterprise.

Owing to a change in the control and management of the local telephone company, the negotiations fell off.

RELIEF AFTER SIX YEARS.—Mrs. M. A. Clark, of Timberrange, N. S. W., Australia, writes: "I wish to inform you of the wonderful benefit I have received from your valuable medicines. I suffered from a severe cough for six years and obtained no relief until I took Chamberlain's Cough Remedy. One bottle cured me and I am thankful to say that I have never had the cough since. Make any use of this letter that you like for the good of any other poor sufferers." For sale by all Dealers. Benson, Smith & Co., Ltd., Agents for Hawaii.

CHRISTMAS TREE AT CENTRAL UNION

The Junior Department of the Central Union Sunday School had its Christmas tree yesterday afternoon in the Sunday School rooms. Between sixty and seventy of the little tots had a glorious time. Singing, ice cream and cake and a real Santa Claus kept them busy and happy. Mrs. Halsey has charge of this department and is to be congratulated upon the skillful manner with which everything went off.

NEW TYPE OF HOISTER FOR ROUGH LANDINGS ON HAWAII

Honolulu Iron Works Completes New Model
Especially Adapted for Service On High
Bluffs—Made for Honomu Landing.

The Honolulu Iron Works had a very complete hoisting engine on exhibition at their Kakaako plant yesterday, the same having been especially designed and constructed at the Kakaako shops for the Honomu (Hawaii) Wire Cable Landing.

A large number of local representatives of sugar companies were present to witness the trial of the machine and all seemed satisfied with its working. Although mounted on a temporary wooden platform, from which it will be transferred to trucks to be taken to a steamer, the engine worked in a very satisfactory manner.

There are several of these wire-cable landings in use between Hilo and Oahu, this system being particularly well adapted for landings on any of the weather sides of the islands, provided a suitable height of bluff is available. But one of the defects in the satisfactory run of the system, has been that ordinary hoisting engines of standard make as sold in the market by manufacturers of this class of machinery, have been used for operating the trolleys, these hoists being entirely inadequate for the severe strain and speed that is expected of them.

The hoist that is now completed has been specially built from plans originating in the Iron Works' office for this particular kind of work, and has been made on the same lines as the windlasses supplied by the Union Iron Works for the Wilder's Steamship Company's vessels.

The hoist has two pairs of 10x10 cylinders, each set with link motion reversing gears which operate two independent winding drums. All friction gears have been eliminated with the object of simplifying the arrangement as much as possible and most satisfactory results are anticipated by the Honolulu Iron Works management from this machinery.

The success of the present hoisting engine may result in orders for others from plantations along the Hawaii coast which require cables and trolleys to hoist and lower freight. The rugged coast of Hawaii between Kawaihae and Hilo requires machinery of this sort. Ordinary hoisting engines are unfitted for heavy work at the landings and the bills for repairs to them amount to a large sum every year.

FUSHIMI HERE ON JANUARY 3

NEW YORK, December 12.—Prince Fushimi and his staff will leave this city tomorrow on the New York Central for Chicago. Since the Prince arrived in town on December 1st he has been assiduously taking in the sights and shaking hands with the city's notable men. He is greatly pleased with the reception he has had. When the Prince came to this city he had only about forty pieces of baggage. He now has more than a hundred. He has spent several thousand dollars in the city buying presents, including many toys and knick-knacks.

Fushimi and his party will travel West in a special car. They will remain in Chicago at the Auditorium until Friday, when the Prince will start for San Francisco by the Southern route, stopping for a day at Denver and a day at Los Angeles. He will sail from San Francisco on the Mongolia on December 28th. He has been in this country since the early part of November.

COLDS are quickly cured by Chamberlain's Cough Remedy. It acts on nature's plan, loosens the cough, relieves the lungs and opens the secretions, effecting a permanent cure. It counteracts any tendency of a cold to result in pneumonia. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

FULL INDEXING MADE OF THE ORGANIC ACT

The act passed by Congress creating a government for Hawaii repeals and amends scores of civil and criminal statutes previously enacted by Hawaiian legislatures.

No man knows what is in the Organic Act except through the medium of an index. The previously printed copies of this law in use in Hawaii contain only 657 indexed subjects.

The index of the Organic Act in the "Fundamental Law of Hawaii" contains 1399 indexed subjects and cross references.

REPEALED LAWS NOT HERETOFORE INDEXED.

Some of the Hawaiian Statutes repealed by the Organic Act, which are not indexed in the previous publication, but which are fully indexed in the Fundamental Law of Hawaii are as follows:

CIVIL LAWS.

Promulgation of Laws.
Concerning the Hawaiian Flag.
Concerning the Hawaiian Great Seal.
Tenders for Supplies.
Duties of Minister of Foreign Affairs.
Diplomatic and Consular Agents.
National Museum.
Education of Hawaiian Youths abroad.

To Be Depended On

Because It Is the Experience of a Honolulu Citizen and Can Readily be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence of experience; it's like a ship in a strange port—a trusty pilot familiar with the harbor is always called upon to bring her safely to her moorings. So it is with endorsement; we doubt the sayings of people living at a distant point because we can't investigate, but public expression of local citizens can be depended upon, for 'tis an easy matter to prove it. Evidence like the following is beyond dispute:

Mr. W. F. Williams of this city, is a light-house keeper, and he has held this position for the last 30 years. He says: "I was for a number of years, one of that numerous army of people who suffer with their backs. Mine ached and pained me to no small extent, so that I was glad when I heard of a remedy for it, Doan's Backache Kidney Pills. I obtained some of these at the Hollister Drug Co.'s store, and took them. They gave me great relief, and I make this short narration of my experiences for the benefit of others who perhaps do not know that nearly all backache arises from the kidneys, and the best medicine for it is Doan's Backache Kidney Pills."

Doan's Backache Kidney Pills are 50 cents per box, for sale by all druggists; sent by mail on receipt of price by the Hollister Drug Co., Honolulu wholesale agents for the Hawaiian Islands.

CAPT. J. C. NICHOLS TAKES EXAMINATION

All the papers of the captains of the line recently examined for detail to fill the vacancy in the grade of captain in the Ordnance Department of the Army, with the exception of those of the captain examined in Honolulu, have now been received at the War Department. A board of officers is to be convened to meet in Washington on Dec. 13, for the purpose of correcting these papers and selecting the officer to be detailed to fill this vacancy. The officers who took the competitive examination for this vacancy are: At Governors Island, Capt. W. E. Ellis and F. C. Gallup, Art. Corps; at the Rock Island Arsenal, Capt. A. E. Williams, 3d Cav.; at Augusta, Ga., Capt. John E. Stephens, Art. Corps; and at Honolulu, H. I., Capt. Jesse C. Nichols, Art. Corps.

RESERVE IS APPROVED

Governor Agrees to
The Hamakua
Forest.

Governor Carter yesterday attended a special conference at the Board of Agriculture and Forestry Bureau to go over the map of the proposed forest reserve in the north end of Hamakua, Island of Hawaii, and determine upon the area approved by the Board of Agriculture upon the recommendation made by the Superintendent of Forestry, Ralph S. Hosmer, and Forester E. E. Olding of Kohala, Hawaii, who is also manager of the Kohala Sugar Company.

Present at the conference besides the Governor were Agricultural Commissioners Holloway and Giffard, F. S. Dodge of the Bishop estate, J. S. Low, representing the Kohala Ditch Company, and Superintendent of Forestry Hosmer.

The conference was held pursuant to the published by authority of the Governor that such a meeting would be held at 2:30 p. m. to consider the setting apart of the Government lands lying between the Waipio valley and the district of Kohala as a forest reserve.

The Governor declared the area a forest reserve, there being no objection to the proposition. The regular proclamation will be signed and published in a day or two.

The total gross area comprises 18,945 acres, but out of that is taken 256 acres plus an unknown acreage of the Booth estate. The net area will be in the neighborhood of 17,000 acres.

The reservation of these Government lands for a forest reserve is made under act 44 of the Hawaiian laws, which fully protect all the vested rights controlled by the Kohala Ditch Company.

The country so reserved is practically identical with the area which is under agreement with the Kohala Ditch Company through which their ditch will be run.

The recommendation for this forest reserve was originally made to the Board of Agriculture by Ralph Hosmer, Superintendent of Forestry for the Territory, and by Forester E. E. Olding of Hawaii, manager of the Kohala Sugar Company.

GUESTS OF DR. WILE AT DANBURY, CT.

The Danbury (Conn.) Evening News of Nov. 26, had the following:

Hon. A. L. C. Atkinson, secretary of the Territory of Hawaii, and Mr. and Mrs. Edward Davies Tenney of Honolulu, will spend Sunday in this city as guests of Dr. and Mrs. W. C. Wile, at Tarryville. Mrs. Wile will give a small card party this evening for Mrs. Tenney.

HAWAIIAN FINANCES.

Extract From the Report of Secretary Shaw.

The following extract is from the annual report of the Secretary of the Treasury:

The debt of Hawaii assumed by the terms of the joint resolution of July 7, 1898, providing for annexing the Hawaiian Islands to the United States,

consisted of \$3,235,400 in interest-bearing bonds and \$764,570.31 in postal savings deposits certificates amounting to \$3,087.11 not yet presented for payment. The appropriation of \$1,000,000 provided by congress for the liquidation in part of awards made for property destroyed in suppressing the bubonic plague in the territory in 1899 and 1900 has been practically expended. The First National bank at Honolulu reports that but thirty-four awards, amounting to \$7,018.99, are now outstanding.

NURSING MOTHERS

"A richer milk than milk" is good food for nursing mothers. Scott's Emulsion is the rich cream of cod liver oil, and contains ten times as much cream as milk does.

The nursing mother must eat with the purpose of producing good, nourishing milk for her baby. A little Scott's Emulsion is often a very wise addition to her daily diet. If through nervousness or weakness her milk is a failure, Scott's Emulsion will help make it a success.

The baby gets the benefit, too, when the mother takes Scott's Emulsion. The same remedy brings new strength and nourishment to both.

We'll send you a sample free upon request.
SCOTT & BOWNE, 400 Pearl Street, New York.

ARCHIE McKILLOP CHEATED OUT OF HIS CHRISTMAS

Archie McKillop, the well-known travelling representative of the "Cyrus Noble" people, who frequently makes his headquarters at the Young Hotel, Honolulu, was a through passenger on the Gaelic en route to the Orient. Archie was accompanied, as usual, by his accent.

Archie has a sad story to tell this time. He travelled about two months ago from Hongkong to Honolulu, drummed up considerable business here, and was ready to proceed to San Francisco so that he might spend the holidays, and especially Christmas, in the bosom of his family.

But alas, he reckoned without his employers. The company wanted a good rustler to get out once more to the Orient, and Archie was the best man in their employ. Archie demurred in his best Scotch and wanted to come home. The company yielded to his entreaty and he journeyed on to San Francisco. Then the company found it absolutely imperative that McKillop go back at once to Asia. Archie resigned himself to his fate.

"Well, I'll spend Christmas at sea, but it will be at the company's expense," he mused, as he thought of a long itemized bill which would make his employers' hair rise.

Archie smiled a broad smile as the Gaelic ploughed toward this port. He had conjured up all sorts of good times for himself and his fellow passengers, to say nothing of the officers.

Archie was telling the first officer just before reaching Honolulu, what a glorious Christmas he was going to have on the steamer.

"Why, you Highland idiot," replied the man of the sea, "don't you know there is no Christmas on this trip?" Archie merely smiled. He wondered at the ignorance of the old sea-dog. No Christmas! It was such a joke on the sailor. "We reach the 180th meridian on Saturday and jump to Monday, skipping Sunday, the 25th," continued the officer. "The 25th, you know, Archie, is Christmas day."

That day Archie signed more "chits" than on any previous day in his career as a travelling man.

El Principe de Gales Havana Cigars

For sixty years they have stood first among clear Havana cigars of high character—long enough surely to leave nothing unsaid in their favor.

Monthly shipments direct from TAMPA to our store, bring to fastidious smokers the famous EL PRINCIPE de GALES—in the very pink of condition.

Seven of the best sizes of this popular brand have been especially selected for the holiday season. Besides being manufactured of the most carefully selected leaf, they represent the highest type of Cuban workmanship:

Make your choice from the following:

BISMARCKS	12 in a box	\$1.50
HIGH LIFE	25 in a box	2.50
ASTORS	25 in a box	3.75
CAMELIAS	50 in a box	3.50
RIVERSIDE	50 in a box	4.00
INVINCIBLE CHICO	50 in a box	5.00
CREME DE LA CREME	50 in a box	5.00

These prices hold good
anywhere on the Islands.
Mention shade of cigar
preferred.

Beautiful Hawaii.

By G. C. Tenney, in Good Health Magazine.

Twenty-one hundred miles southwest from the Golden Gate lie the beautiful islands that now form the Territory of Hawaii. About thirty miles from San Francisco are the Farallones. These are a group of rocky points sticking up out of the ocean, uninhabited, except the largest of the group, which carries a little soil, and has room for a few houses, and a telegraphic station that is connected with the mainland by cable. These little dots forcibly remind one of the notorious "last chance" signs, too familiar in the outskirts of our towns. They afford the last chance to see land for nearly a week. On the sixth day passengers and sailors begin to show an unwonted interest in some invisible object ahead. Those who stand at the prow of the steamer watching with glasses are at last rewarded, and the glad word goes around, "Land is in sight." Looking carefully, one discovers, lying low on the horizon, a filmy cloud, veiled with blue haze. It is almost transparent, because the verdure of the indistinct cloud blends so closely with the water's expanse. A half hour works a transformation, and the cloud resolves itself into a mountainous island. Ere long, rocks and palm trees are outlined against the sky. Then the hills and valleys take shape, and soon we are thrilled with the sight of actual human life. Here are some daring natives coming out to meet us in long, narrow, log canoes, held in ballast by outriggers. They carry a large, clumsy sail, and run so close to the stiff wind that some of the reckless crew crawl out the slender arms and add weight to the outrigger by standing on it while the slippery, sharp-pointed little log darts like an arrow through the billows.

Along the beach native dwellings begin to appear, little canoes are seen moving about, and then children are seen playing on the beach or among the trees. The green hillsides are so restful to the eyes that for days have strained with endless vistas without finding rest for the sole of the foot.

Diamond Head is a high promontory that forms the southern point of the island of Oahu, and around this the steamer passes on its way into the harbor of Honolulu, picking up somewhere in that region a skillful pilot who keeps an accurate knowledge of the treacherous ways of the channel through which alone the harbor may be reached. There are few sea captains, even among those frequenting the port, who care to undertake to negotiate the entrance.

From the very first view one obtains of the islands he is likely to recall his ideas of paradise. This impression deepens as he approaches, and is not in the least dispelled by a ride through the bowery streets of Honolulu. If the traveler has come directly from the winter of our northern States, and here beholds tropical loveliness for the first time, the transition will almost convince him that he is nearer the supernal regions than he ever expected to be on this side of Jordan. He has come to a place where gaudy flowers and beautiful fruits blend everywhere with luxuriant foliage. Nearly all the trees are gorgeous with bloom, and on every side unfamiliar plants seem to offer the stranger a welcome with outstretched arms laden with blossoms.

Gradually this ecstatic illusion is dispelled, and in a comparatively short time it appears to be battered almost out of recognition by rude contact with sordid mortals who infest this mundane paradise. There are men who drink and women who smoke; Chinese who grovel for pelf; traders who cheat; prices that shock you; merchants and mosquitos vie in presenting the largest bills; while the festive fleas, having found a "new chum" who offers fresh pasture, seem determined to make up for a protracted fast.

The islands lie just within the tropics, having an average temperature of about 75 degrees, with but little variation throughout the year. The rain supply is abundant, so that the atmosphere is humid. The soil is volcanic and fertile. With these three conditions—constant warmth, constant moisture, and fertile soil—the requisites of luxuriant vegetation are all supplied.

The Hawaiian Islands, eight in number, were discovered by Gaetano, in 1549, and were first visited by Captain Cook in 1778. The simple natives regarded him and his ships as visitors from the region of unknown gods. He did not discourage them in this veneration, thinking thus to gain an advantage over them, but it was his undoing. On his second visit the natives became involved with Captain Cook in a dispute over a boat they had stolen. They had begun to have suspicions about his claims of divinity, and determined to satisfy themselves by a test. They agreed to prod him with a sharp spear, and if he jumped as an ordinary man would do, it would prove that he was not a god. Receiving a sharp prick unawares, he acted as any mortal would act, and being ashore unattended, the natives despatched him at once.

In 1820 the first missionaries landed in Hawaii. They were a devoted band of seventeen men and women who sailed from Boston, and were five months on the voyage. At first they met hardship and opposition; but all through their experience the early missionaries as a class were devoted, conscientious, and true. They met many difficulties, especially in getting their work established and in directing the tide of affairs after it had set in in their direction.

Probably no community of its proportions was ever so quickly won to the gospel as this. They came into the arms of the church almost en masse. But the conquest was almost too easy to bear the best fruits. It was too easy for the natives, who were satisfied with a form of religion, and too easy for the good of the missionaries or their successors, who turned their attention to conquering the undeveloped wealth of the islands. These became possessed of large tracts of land, became planters, and some became the oppressors and despoilers of the poor people. Notwithstanding the devotion of those who pioneered the missionary cause, the course pursued by others has built up a barrier between the natives and the missionary cause which has resulted in strong animosities against the latter, who unfortunately have been unable to discriminate carefully. The term "missionary" is to the natives a synonym for almost anything except a good man. It should be distinctly understood that in speaking thus I speak in general terms, for not all of the natives lost faith in the principles of the gospel. There are notable examples of faith among them.

Honolulu lies at the crossroads of the Pacific. Six of the great steamship lines which traverse the broad ocean make this a port of call. United States warships are always there, and generally those of other nations are resting in the quiet waters of the small harbor. Within the past ten years marked changes have come over the city. Cheap primitive buildings have been replaced by substantial structures of brick. A good system of street railways has been installed. The little independent "teapot" kingdom has become part and parcel of the United States, and of course American energy feels at home there now. Under the influx of new races and with a change of blood in public affairs, the poor natives are fast going to the wall. In a short time they will be a matter of legend only. Chinese and Japanese are there in large numbers, though restrictions are now placed upon Chinese immigration. Since the war began, the Japanese have flocked to Honolulu in large numbers. Other nations are well represented in Honolulu, but the American influence must predominate henceforth. In the meantime the original dwellers in the fair islands may reflect upon the little flowery king-

dom as it used to be; they may smoke, eat poi, and drink their kava, but the days of Kamehameha are no more.

Honolulu will no doubt become more and more a resort for health and pleasure-seekers. The grand scenery, the genial climate, the tropical beauty, the fresh but warm sea breezes, and many other attractions invite the sick and weary to a peaceful haven, that seems a little nearer heaven than the snow-drifts of our North. For some years the work represented by Good Health has been carried on in Honolulu. The most favorable circumstances have not always attended it, but several faithful workers have done what they could to represent the principles in a practical way, and at present two lone nurses are there, who unite with physicians and leading citizens in calling loudly for the establishment of a sanitarium that will properly represent the work in that center. It is needed, and if established will be certain of appreciation and a hearty support by many who are already its friends.

The knowledge of the methods and principles represented by the Sanitarium and its branches and workers is not confined to any locality or country, but they are rapidly making their way to the hearts and convictions of all thinking people everywhere. A sanitarium planted at a place where people go to seek health and where Nature has concentrated her life and health-giving agencies, could not fail to be a blessing to many.

I'll Bet \$1,000 I Can Cure Any Weak Man!

I have perfected a new Belt, better and stronger than I have ever made before—a "half man" into a belt which will transform the weakest, puniest specimen of perfect cyclone of strength and I want every man to use it. I want a test case. Therefore I offer \$1,000 in gold to any weak man who will use this Belt under my direction for four months and then show by examination of any reputable physician that he is not cured, sound and well. This is especially directed to men who have doctored for years without benefit. I want men with Rheumatism, Pains in the Back, Weak Kidneys, Sciatica, Lumbago, Prostatic Trouble (I cure by a new method), Locomotor Ataxia, Torpid Liver, Indigestion and Dyspepsia. All of these troubles in chronic form I can cure with this new Belt, even after all other treatments have failed. To every weak, debilitated man who wears this new Belt I give my

SUSPENSORY

FOR WEAK MEN WITHOUT CHARGE.

This attachment is made for the purpose of treating all special ailments of men, and assures a cure of all waste of strength, early decay and debility. Its current is invigorating and wonderful in power.

DR. McLAUGHLIN—Dear Sir: I have now been wearing your Belt about a month, and I wish to report that the Belt has benefited me in every way so that today I feel like a new man. My back does not trouble any more, my nerves are stronger and my sleep is better than it has been in years. I want to thank you for the benefits I have derived from your method of treatment, and with kindest regards, I remain, yours very truly,

ED. HAYSING, Cucamonga, Cal.
If you can call, come and see me, and I will show you my new Belt and prove to you that it is a wonderful device. You can feel the glowing current of life that flows into the weakened nerves. I will show you letters from your own neighbors telling how I cured them. I have over 50,000 testimonials in the past 21 years.

Write, and I will send a book describing my new method, with letters from many grateful men and women. If you write, send this ad. and I will send the book, sealed, free. Cut the ad. out and act today.

BOXING PROMOTERS' COMBINE EFFECTED

Joe Cohen, who has promoted many large boxing shows in this city, has joined forces with Jess Woods of the Honolulu Athletic Club and they will pull off the largest boxing carnival on the second day of January that has ever been attempted in this city.

They have matched Modlin and McFadden, Hulhui and Ryan and Weeday and Silva for the same night. Each of these matches will be for six rounds, and each will decide the Island championship for their various classes. Besides the above there will be two preliminary events to furnish the ring warmers.

There has been more interest centered in the McFadden-Modlin "go" than any affair of the kind that has been held here for some time. These men have signed to box at 131 lbs. at 6 o'clock on the day of the contest.

Each man has posted \$100 that he will be at weight and also that he will appear. These lads certainly mean business and when they toe the scratch a warm contest may be looked for. This contest will decide the featherweight championship of the Islands.

Hulhui and Ryan will box at 145 lbs., they are very evenly matched and should put up a fast go. Ryan is by no means unknown to the boxing fraternity. He polished off Castro and a couple of others in fast order some time ago. This match will be for the welterweight championship.

Jack Weeday is too well known to need any introduction to the Honolulu public. Since he fought Barry at the

OAHU COLLEGE FOOTBALL TEAM, CHAMPIONS 1904.

THIS TEAM WAS NOT SCORED AGAINST DURING THE SEASON.

PUNAHOU WILL PLAY H. A. C.

The wearers of the blue and gold will struggle with the H. A. C. on Monday, December 26. This will be the second meeting of these two teams. In the first game the Puns won by a score of 16 to 5. This was the first game of the season and since that time the H. A. C. have improved wonderfully. They are working every day to reverse the defeat. This game will be a struggle for second place in the championship race.

Each team will present a strong line up and will have their very best men on the field. Punahou is confident that they will repeat the drubbing that they gave the giants in the first game. The H. A. C. boys are saying very little, but when the time comes they will be there to win.

As Monday will be a holiday there is sure to be a large crowd present to enjoy the game. The price of admission will be reduced from 50 cents to 25 cents, thereby giving every one a chance to see the great game for little money.

Giles—"So you've got a place in that banking house? I suppose it was because you knew the president?" Harris—"Partly that, and partly because he didn't know me."—Boston Transcript.

SHOOTING TOURNAMENT

There is to be a rifle shooting tournament held in Woods & Sheldon's shooting gallery at 91 King street. The tournament will start on January 1 and continue until April 1.

A handsome hammerless, twelve-gauge shotgun will be offered as first prize, a repeating rifle for second, and a Smith & Wesson revolver for third prize.

The parties making the three largest scores will be declared the winners.

BY AUTHORITY

NOTICE TO SEWER RATE PAYERS.

Until further notice an application fee of \$1 will be exacted on all new sewer privileges.

Rates due and payable January 1 and July 1 of each year.

C. S. HOLLOWAY,
Superintendent of Public Works.
Approved: G. R. CARTER,
Governor.

Department of Public Works, December 21, 1904. 6281.

NOTICE.

PAYMENT OF SEWER RATES.

In accordance with Act 6, Session Laws, 1904, rates will be payable from and after January 1, 1905, semi-annually in advance.

Semi-annual rates between January 1, 1905, and June 30, 1905, are payable on January 1, 1905.

A failure to pay such advance rates fifteen days after due renders the rate holder liable to an additional 10 per cent. Rates payable at the office of

C. M. WHITE,
Chief Clerk.
C. S. HOLLOWAY,
Superintendent of Public Works.

Department of Public Works, December 19, 1904. 6279.

SEALED TENDERS.

Sealed tenders will be received by the Superintendent of Public Works until 12 noon of Wednesday, December 28, 1904, for furnishing the following department supplies for the six (6) months ending June 30, 1905, viz:

Building material, coal, lumber, hardware, lubricating and machine oils, harness, leather and findings, piping and fittings, hay and grain, electric light supplies, paints and oils and powder and fuse.

The Superintendent reserves the right to reject any and all bids.

All tenders to be on schedule blanks furnished by the Superintendent of Public Works.

C. S. HOLLOWAY,
Superintendent of Public Works.
Department of Public Works, December 19, 1904. 6279.

PAYMENT OF WATER RATES.

As provided for in Section I, Chapter XXVI of the session laws of 1886:

All persons holding water privileges or those paying water rates are hereby notified that the water rates for the six (6) months ending June 30, 1905, will be due and payable at the office of the Honolulu Water Works on the first day of January, 1905.

On all such rates remaining unpaid on January 15, 1905, an additional charge of 10 per cent will be made.

All privileges upon which rates remain unpaid to February 15, 1905 (30 days after becoming delinquent), are subject to immediate shut off, without further notice.

The outside men have been instructed to shut off all delinquent privileges as fast as possible after February 15, 1905.

Rates are payable at the office of the Honolulu Water Works to the Chief Clerk of the Department of Public Works.

J. H. HOWLAND,
Supt. of Honolulu Water Works.
Honolulu, T. H., Dec. 15, 1904. 6277.

Mails will depart as follows: Colonies—Per Ventura, Dec. 23. Victoria—Per Miowera, Jan. 11. Yokohama—Per Siberia, Dec. 24.

HAWAIIAN TRIBE, NO. 1, I.O.R.M.

A REGULAR MEETING of Hawaiian Tribe No. 1, Improved Order of Red Men, will take place this (Thursday) evening, Dec. 22, 1904, at 7:30 o'clock, at Odd Fellows Hall. WARRIOR'S DEGREE Members of Powhatan Tribe No. 2 and Visiting Improved Red Men are fraternally invited to be present. EDWIN FARMER, P. S., Chief of Records.

IN THE CIRCUIT COURT OF THE FIRST JUDICIAL CIRCUIT, TERRITORY OF HAWAII—AT CHAMBERS—IN PROBATE.

In the matter of the guardianship of Valentine S. Holt, Wattie E. Holt, Amelia A. Holt, Helene A. Holt, James R. Holt and Irene N. Holt (minors); order to show cause on guardian's application to sell real estate.

On reading and filing the petition of Helen A. Holt of Honolulu, Oahu, Territory of Hawaii, the guardian of Valentine S. Holt, Wattie E. Holt, Amelia A. Holt, Helene A. Holt, James R. Holt and Irene N. Holt, minors, praying for an order of sale of certain real estate belonging to the said ward, situate in said Honolulu and described as follows:

Beginning at a point on east side of Maunakea street (new line) 105 feet mauka of east angle of Pauahi and Maunakea streets, and running by true bearings:

S. 57° 20' W. 25.5 feet along Maunakea street; S. 27° 5' E. 58.5 feet along portion of L. C. A. 88; N. 51° 15' E. 30.2 feet along L. C. A. 718; N. 31° 10' W. 55.0 feet along portion of L. C. A. 88 to point of beginning; area 1572 square feet.

And setting forth certain legal reasons why such real estate should be sold, to wit: The payment of certain debts incurred for the support and maintenance of said minors, their income being insufficient for the purpose; it is hereby ordered that the heirs and next of kin of said ward and all persons interested in the said estate appear before this court on Monday, the 23d day of January, A. D. 1905, at 10 o'clock a. m., at the courtroom of this court, then and there to show cause why an order should not be granted for the sale of such estate.

And it is further ordered that a notice of this order be published once a week for at least three successive weeks before the said day of hearing in the Pacific Commercial Advertiser, a newspaper published in Honolulu, the last publication to be not less than ten days previous to the time therein appointed for said hearing.

Dated at Honolulu, Oahu, December 20, 1904.

Attest: W. J. ROBINSON,
Third Judge of the Circuit Court of the First Circuit.

M. T. SIMONSON,
Clerk of the Circuit Court of the First Circuit. 6280—Dec. 21, 23, Jan. 4, 11.

CYCLOMERE MORTGAGE

**Foreclosure Suit
Brought By
Trustee.**

**James Love to Be Paid
\$400 of His Own
Money.**

**Adoption of Child—Divorce
Suit—Various Probate
Matters, etc.**

John F. Hackfeld, trustee, has brought a bill for foreclosure of mortgage against Charles S. Desky, trustee, and W. Wolters. The mortgage is on the Cyclomere tract, Kewalo, containing eleven and three-quarter acres, which was conveyed to Desky by Elizabeth K. Fairchild and others in a deed dated December 15, 1896. The mortgage was to secure payment of a note for \$10,000, at three years from date, made by Desky on August 5, 1897. Interest named in the note is 6 per cent per annum, but a memorandum states that it was changed to 7 per cent from February 5, 1902. It is further noted that \$2500 was paid on account of principal on August 5, 1901, and that interest was paid to August 5, 1902.

For the consideration of \$10,168.33 on November 26, 1897, Charles M. Cooke, trustee under the will of Juliette M. Cooke, sold and transferred the mortgage to Hackfeld, who now holds the note and mortgage in trust for Mrs. Dora R. Isenberg and the German Benevolent Society of Honolulu.

Since the date of the mortgage there have been released from the lien thereof blocks 13, 14, 15, 17 and 20; and lots 4, 5, 6, 10, 11 and 12 in block 19; and lots 1, 2, 3, 4, 5, 6, 7, 23 and 24 in block 18, as shown upon a map of the Cyclomere tract.

Certain payments of principal and interest are acknowledged, including a total amount of \$2938.50 on July 13, 1904, and there are now claimed to be due \$4912.66 as principal and \$679.18 as interest.

Wolters is made a party defendant as claiming some right or interest in or to the mortgaged premises.

A sale by commissioner of court is prayed for, also a deficiency judgment if the proceeds be not sufficient to pay the debt.

LOVE GETS MONEY.

Judge Robinson yesterday signed an order requiring Henry Waterhouse Trust Co., Ltd., as guardian of Jas. Love, a spendthrift, to pay the ward \$400 out of moneys belonging to his estate.

DIVORCE SUIT.

Nellie Rodriguez sues Manuel Rodriguez for divorce on the grounds of violation of marriage vows and non-support. The parties were married about the month of June, 1902, and have

DONE BY TRYING.

Nobody can tell what he can do till he tries. When a thing ought to be done the modern spirit moves us to keep working away at it until it is done. In the face of this idea the "impossible" vanishes. Where there's a will, there's a way. "If we could but rob cod liver oil of its sickening taste and smell and then combine it with two or three other ingredients we should possess the best remedy in the world for certain diseases that are now practically incurable." So said a famous English physician twenty-five years ago. "But it will never be done," he added. "You can no more turn cod liver oil into a palatable medicine, than you can turn the Codfish itself into a Bird of Paradise." Yet he lived to admit that in WAMPOLE'S PREPARATION the "impossible" had been accomplished. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry. This remedy is freed from the bad peculiarities Dr. Frothingham so detested, and it is precisely the splendid medicine he wished for. Use it freely and confidently for Hysteria, Wasting Complaints, Anemia, Blood Impurities, Asthma, and Throat and Lung Troubles. Dr. W. H. B. Aikins, Physician to Toronto General Hospital, says: "I am much pleased to state that the results from using Wampole's Preparation of Cod Liver Oil have been uniformly satisfactory; it appealed to me as being prepared according to correct scientific principles." It increases the appetite and influences the digestion of food; it is delicious to take, will not disappoint you, and is effective from the first dose. One bottle convinces. At all chemists.

HAWAII'S SEGREGATION LAWS CONSTITUTIONAL

Judge Sanford B. Dole, by a decision yesterday, upheld as constitutional the segregation laws of Hawaii in general. Incidentally he mentioned that if a certain provision of the laws attacked was not in conformity with the Constitution of the United States, if so shown upon a more critical investigation, it might be set aside without impairing the remainder of the laws on the subject.

The decision overruled the demurrer made by Attorney C. W. Ashford, on behalf of Mrs. Mikala Kaipu, to the answer the Board of Health, by Attorney General Andrews, made to the petition. It is found in the decision, in effect, that habeas corpus will not lie to take a person in the situation of the woman, on whose behalf the writ was applied for, out of the custody and care of the Board of Health excepting where it may be shown that the regulations in such cases provided have not been fairly and judicially administered by the Board with respect to such a person.

Consequently Judge Dole continued the hearing on the merits until this morning, when the Board of Health is expected to put on evidence showing that a due and proper examination of Mrs. Mikala Kaipu had been made. It will also be attempted to show that the woman is not held or being committed to segregation against her will. Attorney General Andrews, at the Board of Health meeting yesterday afternoon, notified the president, secretary and medical members that their evidence, as well as that of Dr. McDonald, bacteriologist, and certain servants of the Board at the Kallhi receiving station, would be required at the hearing. Following are some extracts from Judge Dole's decision:

THE BOARD'S RIGHT.

"The right to detain persons afflicted with contagious and infectious diseases is provided by the laws of all civilized countries for the protection of public health."

"I find no case in which an opportunity to be heard or a provision for a judicial trial of the question of the existence of such disease is provided by statute, or is considered by the court as essential to the legality of the summary action of the proper officers."

"In regard to the deprivation of the liberty of individuals by virtue of law, the cases recognize a distinction between judicial and administrative process, both in the authority of the officers executing them and in the status of the conclusions upon which such action is based. Under judicial proceedings a trial affecting the property or liberty of an individual cannot be had unless such individual has notice thereof and an opportunity to be heard, and the conclusion of such a trial is final, subject only to appeal. But an administrative proceeding does not require that notice shall be given to the person under consideration, and the conclusion of the examination or trial is only final if it is correct in fact, and it may be contested in other proceedings, in which case it must, in order to its validity, be proved to have been according to the facts."

"The counsel for the petitioner has presented an able brief on this bearing of the subject. He has produced no cases relating to the arrest of individuals and their deprivation of liberty on account of being afflicted with

five children. It is prayed that the libel may be filed without deposit for costs, also that the libellee be ordered to pay into court within forty-eight hours \$100 for compensation of witnesses and other reasonable expenses of trial, and that an order be made to secure the reasonable support of the libellant pending the libel. Geo. A. Davis is attorney for libellant. Judge De Bolt issued an order to the libellee to show cause at 9 o'clock this morning why he should not be ordered to pay the \$400 for costs and a reasonable amount for maintenance of the libellant.

PROBATE MATTERS.

F. T. P. Waterhouse, administrator of the estate of Candido Gracia, deceased, files his final account with a petition for discharge. He charges himself with \$1603.70 and asks to be allowed \$1135.13, making the cash balance \$468.57.

An inventory of the estate of Samuel Sachs, deceased, is filed by L. Schweitzer, executor, showing total value of \$719.79, all in bank deposits.

The late Mrs. Kanahu Brenig's estate is valued at \$20,085.92, all personal property, in the inventory of the appraisers, R. W. Shingle, Harry Armitage and P. D. Kellett Jr.

CITY PROPERTY INVOLVED.

An order to heirs, next of kin and all others interested in the petition of Helen A. Holt, guardian of six Holt minors, for an order of sale of real estate, to appear and show cause why an order should not be granted as prayed for, is made returnable before Judge Robinson on Monday, January 23. The real estate is situated on the east side of Maunakea street, Honolulu, and contains an area of 1572 square feet.

CHILD ADOPTED.

Rebecca Panee Humeku has adopted Alexander Manuelia Rose, the eight-year-old son of Gustave M. and Maria E. Rose, under a decree in accordance with the adoptive mother's petition signed by Judge Robinson yesterday.

COURT NOTES.

Return of summons has been made in a suit for the January term, brought by James E. Fullerton against W. O. Smith, executor of the will of W. L. Wilcox, claiming \$419 on a promissory note with interest at 6 per cent per annum from February 1, 1900.

The mandamus suit of Hawaiian Dredging Company, Ltd., against C. S. Holloway, Superintendent of Public Works, will be heard before Judge Robinson next Wednesday at 9:30 a. m.

contagious or infectious diseases. This absence of such citations is significant.

INVOLUNTARY SERVITUDE.

"The third point raised by the demurrer is the claim that the law under which Mikala Kaipu is held, provides for the involuntary servitude of the patients and that, therefore, the whole law is unconstitutional."

"This law giving the Board of Health and its agents authority to require a reasonable amount of labor from the patients has existed for forty years, during all of which time these Islands have enjoyed the protection of the Constitutional provisions forbidding involuntary servitude and no case has ever been brought into the courts complaining against such enactment, and I do not know that it has been complained of in public discussions, either in the press or in the legislature, though it may have been. But in any case, it has never attracted much attention."

"If there should ever be a complaint against performing such labor as required under this section, and it should be found to be inconsistent with such constitutional provision, it could be declared unconstitutional without affecting the status of the rest of the statute on the subject of leprosy."

A TIMELY SUGGESTION.—This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by all Dealers, Benson, Smith & Co., Ltd., Agents for Hawaii.

SUGAR AND SOCIAL NOTES FROM EWA

EWA, Oahu, Dec. 20.—Ewa mill will start grinding on January 3. The cane looks to be very good and it will yield very heavily per acre.

Mike O'Dowda, who was formerly night sugar boiler at Ewa, is now head sugar boiler at Kahuku.

It is said that the leaf-hopper has almost entirely disappeared from Ewa, and we don't care if it never comes back.

The kindergarten children had their annual Christmas festival on the 17th. Miss Craig has gone to Hawaii to spend Christmas.

There will be a tennis tournament on January 2 and a mixed double tournament on January 8.

The Ewa Social Club will give a grand ball on New Year's eve.

Sachs dolls are having a tea party; see Fort street window.

MOONLIGHT CONCERT.

By the Band at Alex. Young Hotel Roof Garden.

The band will play the following program, beginning at 7:30 this evening, at the Alex. Young hotel roof garden:

PART I.

March—"The Regiment"Hall
Overture—"Italian in Algier".....Rossini
Fantasia—"Yearning"Koshat
Selection—"Parlousa"Donizetti

PART II.

Selection—"Popular Airs"Mills
March—"American Cadets"Hall
Waltz—"Reverie"Waldteufel
Finale—"Holy Days"Reeves
"The Star Spangled Banner."

S. M. Damon yesterday received cable news of the death of W. H. Alvord, president of the Bank of California. It is thought Chas. R. Bishop, one of the vice-presidents and a heavy owner of the stock, may succeed to the presidency of the bank.

LOCAL BREVITIES.

Territorial jurors are drawing their pay.

James McQueen is adjudged a bankrupt.

Mr. and Mrs. Digby Sloggett of Kauai are spending the holidays in town.

Geo. F. Henshall of the Star left in the Alameda for two months' vacation.

It is rumored that Hugh Galbraith of Wahiawa may contest his late uncle George Galbraith's will.

A new Chinese benevolent society filed its incorporation papers in the Treasurer's office yesterday.

Mrs. Alexander Isenberg's tea, which was dated in the papers for the 23d, will not occur until the 25th.

W. O. Smith, who has been quite ill for several weeks, is much better and expects to be out in a short time.

Judge J. T. De Bolt and Miss Lilly Birdie Wilson are to be married this evening at the Cummins residence.

The first year's business of the Hawaiian Court of Land Registration exceeds in volume that of the Massachusetts court.

The ladies of the Zenda Social Club will entertain their friends tomorrow evening in a leap year dance in the I. O. O. F. Hall.

H. M. von Holt will follow his annual custom this year of giving every employee on the Oahu Railroad a big Christmas turkey.

Inmates of Oahu prison will be given the elements of a merry Christmas, also the benefit of services by the religious visitors of the prison.

E. Toepelmann has left the Queen's hospital and gone to Wahiawa. He has not fully recovered his mental powers from the recent injury.

John Maguire has applied to the Land Court for a title to property he recently brought in Kona, Hawaii, which involves a chain of 400 conveyances.

Robert White of the Naval Station leaves on a furlough on January 6 and will spend most of the time in California. He goes to the coast on an army transport.

Charles W. Booth offers the Government a right of way for the extension of Fort street from its present terminus to join the Pauoa Valley road near the donor's residence.

Hawaiian Tribe No. 1, Order of Red Men, will hold a meeting this evening with work in the warrior's degree. Members of Powhatan Tribe are fraternally invited to be present.

Dr. McGrew's horse, attached to a light carriage, ran away yesterday, smashing the vehicle and painfully injuring the Japanese driver. The horse was scared by the barking of dogs.

Bids were received as follows yesterday, at the Public Works office, for a sanitary system at Kaakopua school: J. Mansfield, 18 days, \$762; England Plumbing Co., 25 days, \$965.50; John Nott, 30 days, \$982.50.

Dr. McGrew's 83d birthday will occur on Friday. The doctor will receive his friends informally, as has been his custom for many years. He is as hale and hearty as a man of 60 ought to be, and takes an active interest in affairs.

Harry Couzens has just completed a drawing for a cut to be used on the Hawaiian Hotel Christmas menu cards. It illustrates an Old English train of servants bearing a turkey, roast pig and plum pudding to the banquet hall.

The annual meeting of the Healanl Yacht and Boat Club will be held next Tuesday evening at 7:30 o'clock in the rooms of the Honolulu Athletic Club on King street. Officers are to be elected and other important business transacted.

At Palama Chapel.

There was a Christmas entertainment at Palama chapel last night. The program was given by the children and consisted of songs and recitations. P. C. Jones gave ten children who had been present every Sunday during the year a dollar apiece. The chapel was crowded and a good showing was made for the year's work. The children, it should be added, are mainly from the Hawaiian working classes.

LOCAL NEWS FOR MARINERS

Office of the Assistant to the Inspector of the Twelfth Lighthouse District, 35 Alexander Young Building, Honolulu, T. H., 19 December, 1904.
Notice to Mariners, Territory of Hawaii—

Laupahoehoe Point light station, Island of Hawaii (list of lights and fog signals, Pacific Coast and Hawaiian Islands, 1904, page 54, No. 254): Notice is hereby given that on or about January 1, 1905, the color of the light at this station will be changed from white to red, without other change.
Kawaihae light station, Island of Hawaii (list of lights and fog signals, Pacific Coast and Hawaiian Islands, 1904, page 54, No. 257): Notice is hereby given that on or about January 1, 1905, the color of the light at this station will be changed from white to red, without other change.

Maalea light station, Island of Maui (list of lights and fog signals, Pacific Coast and Hawaiian Islands, 1904, page 54, No. 260): Notice is hereby given that on or about January 1, 1905, the color of the light at this station will be changed from white to red, without other change.
Maalea Bay, Island of Maui: Notice is hereby given that on or about January 1, 1905, the superstructure of the Maalea Bay anchorage bell buoy, Maalea Bay, Maui, T. H., which is now painted white, will be painted red.

Chimney of pumping station of Kihai plantation, E. 1/2 N.
Right tangent of point southwest of Maalea, SW. 1/4 S.
Maalea light (east end of Maalea wharf), WNW. 1/4 mile.
Honolulu harbor entrance, Island of Oahu: Notice is hereby given that on or about January 1, 1905, the outside entrance bell buoy (anchorage buoy), Honolulu harbor, T. H., painted white with black spindle, will be painted red. By order of the Lighthouse Board,
A. P. NIBLACK,
Lieutenant Commander United States Navy.
Assistant to the Inspector of the Twelfth Lighthouse District.

ALASKAN MAKES VERY SLOW TRIP

The American-Hawaiian freighter Alaskan, burning oil for fuel, arrived in port today from New York via San Diego. This is the first trip of the Alaskan as an oil burner and she is the second of the American-Hawaiian fleet to make the long voyage from New York without stopping to replenish her fuel supply.

The Alaskan was converted into an oil burner in New York and when she left the Atlantic port she carried 16,000 barrels in her tanks. She arrived here with 3000 barrels of oil remaining; in her tanks. The vessel stopped only once at Sand Point to cable her owners. Many stops were necessary at sea to repair and adjust the machinery of the oil burning plant. The vessel occupied thirty-three hours coming through the Straits of Magellan. She had very little rough weather and made the voyage in the slow time of seventy-one days with two days stop at San Diego to discharge cargo. The cargo of the Alaskan amounted to 10,000 tons and was composed of general merchandise.—S. F. Examiner.

VESSELS DUE AND ON THE WAY HERE

According to the latest reports of the progress of the bark Foong Suey, en route from New York to Honolulu, the vessel should make the trip in from 110 to 115 days. The bark is now out 100 days.

The British ship Lindisfarne is now out 120 days from Hamburg and should arrive here in a couple of weeks. The schooner E. B. Jackson, Captain Maas, is now out 76 days from Newcastle, making an already long passage for any vessel. However, at this time of the year the schooner is undoubtedly meeting head winds.

UNION S. S. CO. TO PAY DIVIDEND

The directors of the Union Steamship Company of New Zealand, which company operates the Canadian-Australian line, have recommended a dividend of \$8 per share for the six months to September 30, and a bonus of 2s per share.

Shipping Notes.

The Mikahala loaded 5000 bags of sugar into the Erskine M. Phelps yesterday.

The Patterson is expected to return from Kahoolawe this week to remain over the holidays.

The Likelike arrived yesterday from Maui and Molokai ports late in the morning after a rough trip. She brought 60 head of cattle.

The Mikahala reports 29,705 bags of sugar on Kauai awaiting shipment, as follows: K. S. M., 800; Mak., 16,233; G. & R., 1199; M. B., 11,575.

The Alameda got away on time yesterday morning for San Francisco with only a small passenger list but loaded down with freight. It could be seen

that she had run into rough water as soon as she was off the bell buoy.

The Siberia is due tomorrow morning from San Francisco with quite a number of local passengers.

Freight will not be received next Monday at the inter-island wharf as that day is a holiday for employers.

SHIPPING INTELLIGENCE.

ARRIVED.

Wednesday, December 21.
