JOHN W. FOSTER.

An Interview With Him by
the San Francisco Bulletin

The San Francisco Bulletin Reports the Following Interview With Hon. John W. Foster, Now an Honored Guest in Our Midst.

"I shall spend some weeks in Hawaii," said he to-day. "I have worked hard recently, and I thought a little rest would not harm me. I may combine business with pleasure, but the nature of it I cannot divulge."

It was hinted in certain quarters that Mr. Foster's business in the islands was to consult with some of the annexation champions relative to the scheme to become a part of the United States, which has long been agitated in Hawaii. Mr. Foster had nothing to say about this matter, refusing to affirm or deny the rumor.

The ex-Secretary is an authority on international law, and he has a lucrative practice. During the past few years he has been employed by Mexico, Belgium and other countries in arranging treaties.

He was appointed by President Grant in 1873 to the position of Minister to Mexico, and in 1880 he was reappointed by President Hayes. Shortly thereafter he was transferred to Russia and held that position for nearly two years, when he resigned to attend to private business. He subsequently represented the Government at the court of Spain. His selection by the Chinese Government to negotiate a treaty of peace with Japan two years ago was a high testimonial of his diplomatic powers, and he acquitted the mission with such satisfaction to the Chinese Government that he has been since retained at a high salary as the legal adviser of that government in America.

Mrs. Foster is a handsome woman of culture and refinement, and is well known in philanthropic and charitable work in Washington.

The Primate of England.

LONDON, Oct. 25.—The Right Hon. and the Right Rev. Frederick Temple, D. D., Bishop of London, Provincial Deau of Canterbury and Dean of the Chapels Royal, has been appointed Archbishop of Canterbury and Primate of all England in room of the Right Hon. and Most Rev. Edward White Benson, who died suddenly at Hawarden, October 11.

The new Archbishop of Canterbury is a son of an officer in the army. He was born November 30, 1821; was educated at the Grammar School at Tiverton, and proceeding to Oxford, became a scholar of Balliol College and took his degree of B. A. in 1842 as double first class. He was appointed headmaster of Rugby School in 1858. On the death of Dr. Jackson in January, 1885, Dr. Temple was appointed Bishop of London.

BRYAN ELECTED.

150,000 Majority for Free Silver.

No Private Information from John W. Foster—But Bryan Got There All the Same.

A carrier pigeon arrived here at 4 o'clock this afternoon with the true information that William Bryan has been elected President of the United States. The majority of President Bryan was 150,000. The annexation mission of Mr. Foster is probably of no further use. If our pigeon messenger is wrong and McKinley is elected the Hawaiians will probably not worry very much. We will still go on as an independent government under the good and true flag of Hawaii.

TOPICS OF THE DAY.

The new Protestant Portuguese Church was dedicated Sunday. Mr. Soares was in attendance and made an address to the few persons who were present at the new building. Mr. A. F. Cooke gave a financial statement presumably satisfactory to those present. Messrs Cooke, Emerson, Birnie, Bowen and Gulick are the men mentioned as promoters of the new church. Where are the renegades belonging to it and worshipping under the tuition of the men mentioned? And especially where are the Portuguese? Perhaps Mr. Vivas and other prominent Portuguese can tell us.

The action of the Hon. J. M. Foster in declining the hospitality of Messrs Thurston, Damon, W. O. Smith and others of their kind, marks a degree of astuteness that bodes well for his mission; if he has one? It would be annoying to receive any favors, never so trifling, and after reaching home find our papers filled with the lamentations

of the Republic's 400 about the carriage rides, home-made bread, wine jellies, etc., that our dear ladies had furnished to Mrs. Foster. This was the experience of Col. and Mrs. Blount. Our revolutionary heroes and heroines of 1893, of the Provisional Government, and of this "funny little republic," waste no courtesies, the *quid pro quo*, or, in good plain English, the equivalent, is persistently and, sometimes, impudently sought for.

Complaints are again made to THE INDEPENDENT that Asiatics are being employed on the Nuuanu stream works as teamsters to the exclusion of Hawaiians and Portuguese. So far as we can learn there are only three so employed, but in certain quarters it gives offense and causes comment against Government Departments.

A returned Hawaiian who has been visiting California, says that Major Henry Benson, of Benson and Smith & Co., has been doing some curbstone talking for McKinley. In one of his talks he took occasion to speak of the effete monarchies of the present day and to abuse their rulers in general, and Queen Liliuokalani in particular. Then he spoke of the small band of patriotic Americans in these islands who had overthrown the monarchy and deposed the Queen. Just then, Mr. Hugh Center requested a hearing from the Major's audience and asked the decayed soldier some pertinent questions about the landing of the Boston's forces and finally asked for specifications as to the acts of the American patriots. The result of Mr. Center's interrogations was that the crowd hooted the Major and asked Mr. Center for some more. 'Rab! for Hugh Center.

Again the Advertiser is with us. The lion and the lamb are about to do the lying-down Act. The Advertiser wants to have something done for annexation, and suggests the importation of visiting statesmen from the United States. We approve of the visiting statesmen, and will undertake to convince them inside of twenty-four hours that the Hawaiians,—full blood, half blood and white—have no desire to be annexed; and the Advertiser should not forget that the Hawaiians are to decide the question of annexation. We have urged that a ballot should be taken as preliminary to the final decision of the vexed question. Set up your ballot boxes dear Mr. Dole and we will help you draw an expression from the people that will set at rest all of the questions that vex you.

"RAYS."

Several of the leading physicians of Honolulu met a few nights ago for the purpose of examining an X Ray apparatus lately imported from the Coast.

After several tests had been made they came to the unanimous decision that the only "Ray" to beat the X Ray was the Rainier beer which causes such a feeling of X hilarity to "ray" date through the system that the imbibor is impelled to shout Hoo ray for Rainier beer, at the Anchor Saloon where you get it to perfection.

The finest stock of Millinery Goods ever brought to this market can be seen at N. S. Sachs.

Buffalo Beer has proved its immense popularity at the Royal, Pacific and Cosmopolitan Saloons. The celebrated Pabst is also retained there in draft or in bottle. The interchangeable check system that has proved such a convenience to the patrons of these popular resorts is also in vogue.

JAPAN'S DAY.

Our Friends the Japanese Celebrate the Natal Day of Their Emperor, Mutsu.

Throughout Honolulu to-day the Japanese in our midst are celebrating the anniversary of the birth of their Emperor. The Government and all foreign diplomats and Consular representatives are courteously assisting in adding *clat* to the occasion.

The reception at Consul-General Shimamura's this afternoon will probably be one of the events of the year, and one not to be forgotten by those who participate in it.

Mutsu Hito, the present Emperor, was born on November 3, 1852, and succeeded to the throne of his ancestors on the 13th February, 1867, being crowned on October 13, 1868. The heir to his throne is his son Prince Yoshi Hito, who was born on August 31, 1879, and installed Crown Prince on November 3, 1879.

A distinguished English writer has thus written of Japan, that nation with a future:

"In the present condition of Japan, we have before us the great miracle of the nineteenth century; for the country is one which, within the lifetime of a single generation, has not merely de-Orientalized itself, but has also placed itself well in the first rank of the Great Powers of the civilized world, and can now teach many a valuable lesson even to old European States. In the arts of peace, not less than those of war, has the Island Empire rushed to the front in the short space of thirty-five years.

While it has astonished the world by the efficiency and perfection of its naval and military organization, it has not less charmed the world by its humanity in battle and by its moderation in the hour of victory. Success has not for a moment caused it to lose its head.

"It has shown wisdom and forethought as well as grit and dash; and looking to the patriotism of the people, the able character of the rulers, the unflinching national industry, the resources of the country, and the methods by which its present position has been attained, it seems certain that Japan will continue on the course of her marvelous advance, and will speedily become one of the most important factors in the fashioning of the world's history.

"Already she may be said to have mounted to the level of Italy and Russia; she will not, we may be sure, fail to attain the higher level occupied by Great Britain, France, Germany, and the United States."

And here in Hawaii how wonderful has been the progress of this race. They have been with us practically but for a few short years, but who can predict their future influence over us in diplomacy and commerce. In commercial lines they are already formidable rivals with all other nations dealing with us. In diplomacy, acute, observant, polite and strong they may be patiently awaiting the issue of events across the sea to make suggestions of a closer alliance with the Hawaiian Nation. Who can tell? They may perhaps believe that it is to their interest and ours that Hawaii should remain independent rather than to be annexed to the United States.

In the meantime we hope that all our present and past government officials will wear their Japanese decorations to-day, and attend the Consul-General's reception this afternoon, joining with THE INDEPENDENT in extending the hand of friendship to the Japanese nation and its great Emperor.

The Wailuku boys have again challenged the Stars for a game. The challenged has been respectfully declined.

That's good! An expression often heard after one has tasted Seattle "Rainier" Beer. It's never anything else but good, pure wholesome and appetizing. Kept freshly tapped or in bottles at the Criterion Saloon.

Honolulu, Oct. 30, 1896.

Cleanliness is next to godliness, and in this hot and dusty city regular bathing is absolutely necessary as a preservative of health and strength.

To persons of sensitive constitutions and thin blood, the weather is becoming too fickle and cold for regular sea bathing, so the home bath has to be used more frequently.

To accommodate all such we have imported a novelty in the

Enamelled Iron Bath

tub which stands on four iron legs, can readily be placed anywhere, and makes a handsome piece of furniture. The white enamel is fixed and indestructible, looks beautifully clean and appetizing. The fixtures are of nickel, and around the tub, if you prefer it, is a broad wooden rim which adds to the finish.

The price of the bath without the rim is \$40 and with it \$45. As to size it is a 5 feet bath and unusually deep. In fact it is a beauty.

Another very convenient specialty we offer in this line is a

Nickel Plated Double Faucet

for hot and cold water. It is a very handsome and useful appendage for every bath. Attachable to it is a beautiful little metal soap box, gold lined, and a spray. Hot baths are as medicinal men tell us most beneficial to health in this climate.

This double faucet can be attached to any kind of bath you may already have, and its cost complete is only \$9. Call and inspect these novelties at the store.

The concert, as advertised, will not be given during the present festival, but it is intimated that should there be a dearth of amusements after the Frawley troupe have concluded their season, that the amateur talent will again favor the Honolulu public with some of their selections.

WATERFRONT WHISPERS

The Pacific Mail S. S. Peru left early this morning for the Orient.

Another Victory for Hawaii

The following correspondence proves that our Sharpshooters have scored another victory with their rifles:

HEADQUARTERS OF THE DENVER RIFLE CLUB,
DENVER, COLO., Oct. 20, 1896.

FRANK S. DODGE, Esq.,

Dear Sir:—Your dispatch to Mr. J. N. Lower was handed me to-day. I find your team has defeated us by the close margin of eight points therefore did not think it necessary to forward you the targets, but would do so should you wish them.

Your representative, Mr. F. H. Boardman, accompanied us to the range and scored each shot as fired. He informed me that he would forward the scores to you at once, hence the reason you do not receive them through my hands as secretary of the Denver Rifle Club.

This is the first time, to my knowledge, that the D. R. C. has been defeated, but I do not suppose it will be the last. The only excuse I can offer is that three of our best shots were absent on the day of the match, namely, Colonel Denison, J. A. Ricker, and J. N. Lower, the man who has been corresponding with Mr. W. H. Bell. The absence of these men was a loss to us of at least twenty-five points. However, we take our defeat with good grace, hoping to have the opportunity of trying our skill against you at some future date.

I remain very truly yours,
H. A. WILLIS,
Secretary and Treasurer D.R.C.

Charley Molteno's friends will find him with M. A. Peixoto, the Tonsorial Artist, at the old stand in Union Art Gallery lane.

W.W. DIMOND'S New Departure

The holidays are approaching at the rate of a day every twenty-four hours; and this is the month when children fix their attention on literature in which Santa Claus takes a leading part, and wives and daughters allow their's to dwell on the old gentleman's purse. An old lady was once asked the age when girls gave up playing with dolls and the answer came back "When they have children of their own." So it is about Santa Claus; children give him up as the mythical when they are old enough to realize a flesh and blood Santa Claus in their father. If it happens to be a girl she will cling to the old gentleman until she happens to win a Santa Claus who will be her individual property.

It is with these flesh and blood Santa Claus that we wish to whisper. On the Australia which arrived last week, there were several large cases of solid silver ware for us. In turn we will dispose of it to Santa Claus. We will have no difficulty in doing this as the assortment is from four of the largest and best factories in the United States. You will have an opportunity to view the goods later.

Mr. W. W. Dimond.

LEWIS & CO.

Among the noble delicacies enjoyed by everyone who has tried them are the SPICED ONIONS put up in small bottles and sold at 15 cents a bottle. Assorted pickles go to you at the same price.

PORK and BEANS with TOMATO SAUCE put up in small tins are elegant for lunch and they're cheap. Two tins for a quarter make enough for a big lunch. SMOKED SALMON, too, in one pound tins, is worth considering if you want something really good. So is ANDERSON'S APPLE BUTTER. It is not expensive and you have your choice of quantity two pound or five pound packages.

THE UNRIVALED

ST. LOUIS BEER

Will be served ON DRAUGHT at the

Hawaiian Hotel.

To meet the times and competition, it will be furnished at

12 1-2 cts. Per Glass

We quote from letter of the Anheuser-Busch Brewing Association, dated August 8th:

"Your honorable firm having represented us for many years we believe it useless to call your attention to the merits of our article, but we should like to repeat again and call your attention to the fact that ours is THE ONLY PURE BARLEY MALT BEER MANUFACTURED, and corn cerealine and other adulterants as well as acids, for the preservation of beer, are unknown in our establishment. With the above you may go before the public in our name."

No encouium of ours can add to the high reputation of Anheuser Beer. Its introduction in any and every market makes it an immediate favorite. It stands without a peer, without a rival, without even a competitor. It received the highest awards at the Columbian Exposition. The reduction of the draught Beer to the prevailing price of

12 1/2 CENTS PER GLASS,

places it within the reach of all, and he is a wise man who gets the best quality for the least money.

Maceo's followers then made a detour to the southward and suddenly appeared at Artemisa, a central post on the line of the Trocha. The insurgent chief sent word to the commandante that he intended to bombard the town, giving the inhabitants five hours in which to leave the city. Not heeding Maceo's threats, the Spanish would permit no one to leave, Maceo opened fire on the town with his artillery and thirty shots from a rebel dynamite gun were thrown into the city. Every building is said to have been leveled, while the slaughter of non-combatants was appalling. During the carnage Maceo and his followers crossed the line of the Trocha into Havana province, where they joined the forces of General Aguirre.

LONDON, Oct. 26.—A Madrid dispatch to the Standard says: The press declares it impossible to admit in any shape or form United States' interference in Cuba.

A. P. A. For Bryan

CHICAGO, Oct. 24.—A Record special from Washington says: "A sensation is promised in A. P. A. circles in a few days when members of that organization, dissatisfied with the official communications of the president in opposition to Bryan will reply by circulars announcing their intention to support the Chicago nominee and preferring against the Supreme President and his associates charges of being in the movement to give the support of the association to McKinley. The object of the circulation of the circulars will be to permit all anti-A. P. A. people to understand the methods being resorted to by certain men in the order in the campaign. It is alleged that this will make votes for Bryan."

"It is learned that one of the chief objects on both sides in the fight now at hand is the capture of Maryland, where, it is said, there are 27,000 A. P. A. votes."

HONEST POLITICS.

The Republican Manager Issues a Manifesto for To-day's Election

CHICAGO, Oct. 21.—Chairman Hanna of the Republican National Committee this morning gave to the public the following announcement:

"The manifest policy of the silver Democratic managers in this campaign, as set forth by their candidate for President shortly after his nomination, has been to create the belief in the minds of the workingmen that they were being coerced by their employers to vote contrary to their convictions."

"The Chairman of their National Committee, Hon. James K. Jones, has emphasized this policy in a proclamation in which he boldly charges the employing classes of the country with having entered into a conspiracy to coerce the employers into voting contrary to their opinions."

"This is a very grave charge, and it has now assumed a form that justifies giving it some attention. It is an insult both to the employer and employee. We do not believe the one is despotic enough to attempt to coerce, or the other is so cringing as to be coerced. Employees and employers are all free American citizens knowing their rights and capable of asserting and maintaining them."

"To coerce a voter is a crime against the laws of the land, and if Messrs. Bryan and Jones know of any coercing they made themselves accomplices of the crime by not informing the proper authorities and taking steps for prosecution. It has been the policy of the Republican party since its organization to protect every citizen in the exercise of his elective franchise, and it will still adhere to that policy."

"While we consider the charge absurd, and believe that American workingmen and employers are too independent and patriotic to be coerced or to coerce, the Republican attack on that town, was merely a feint of the rebel leader to concentrate the Spanish troops at that point."

National Committee will do anything in its power to protect workingmen in the free and untrammelled exercise of their rights as citizens and will cheerfully unite with the National Democratic Committee in any movement having that object in view.

"Coercion of voters is not only an unAmerican, unpatriotic and despotic usurpation of the rights of a free citizen, but it is a wrong that will inevitably recoil upon its perpetrators; it is an arbitrary use of power that is in direct conflict with the principles of our Government. The civil compact of majority rule means a majority for whose protection all constitutional powers should be used, and without which a political victory would be barren of results worthy of a great party."

"This committee will spare no pains to secure to every citizen, whatever his politics, the right to cast his vote according to his convictions and have his vote honestly counted."

"MARK HANNA."

SPEAKER CRISP DEAD.

A Distinguished Southern Statesman Gone to His Rest.

ATLANTA, Ga., Oct. 23.—Charles F. Crisp, ex-Speaker of the House of Representatives, died here this afternoon. He has been ill ever since his joint debate on the currency question with ex-Secretary of the Interior, Hoke Smith.

Charles Frederick Crisp was born on the 20th of January, 1845, in Sheffield, England, where his parents had gone on a visit; was brought by them to this country the year of his birth; received a common school education in Savannah and Macon, Ga.; entered the Confederate army in May, 1861; was a Lieutenant in Company K, Tenth Virginia Infantry, and served with that regiment until May 12, 1864, when he became a prisoner of war; upon his release from Fort Delaware in June, 1865, he joined his parents at Ellaville, Sibley county, Ga.; read law in Americus, and was admitted to the bar there in 1866; began the practice of law in Ellaville, Ga., in 1872; was appointed Solicitor-General of the South-western Judicial Circuit and was reappointed in 1872 for a term of four years; located in Americus, Ga., in 1873; in June, 1873 was appointed Judge of the Superior Court of the same circuit; in 1878 was elected by the general assembly to the same office; in 1880 was re-elected Judge for a term of four years.

He resigned this office in 1882 to accept the Democratic nomination for Congress, and was elected. He was permanent chairman of the Democratic State Convention which assembled at Atlanta in April, 1883, to nominate a candidate for Governor, and after that elected to Congress for seven successive terms. When the Democracy secured a majority of the Fifty-second Congress, Crisp, by his free trade record at once took commanding place in the race for the Speakership, and was elected. Mr. Crisp was the Speaker of the following Congress, also, yielding to Reed when the Republicans secured control of the House.
