IX. No foreigner shall marry a wife here unless he first go before the Governor and declare under oath that it is his design to remain in the country, and also take the oath of allegiance to this government, and obtain from the Governor a certificate of marriage.

X. No foreigner shall marry here unless he first exhibit evidence that he has not a wife living in any other country, nor until he has resided in these Islands two full years. And if any one shall be guilty of falsehood at the time of his marriage, and afterward it appears that he has a wife in some other country, then all his property shall be seized and given to the wife whom he deceitfully married, and he shall be driven out of the country.

XI. These, and these only, are the persons who shall solemnize marriages in this country. Those priests who are living here in consistency with the laws of this country. But if the judges perceive that a woman is in special danger on account of the frequent assaults of her husband, it shall be proper to confine that man with irons, at the discretion of the judges and in proportion to the danger of the wife.

(To Be Continued.)

HAWAII: HOLOMUA

PROGRESS.

The Life of the Land is Established in Righteousness.

HONOLULU, JULY 24, 1894.

A SUPPRESSED LETTER.

Gresham To Willis.

It is surprising that the official organ of Mr. Hatch never has published the following letter from Secretary Gresham to Minister Willis. It is quite interesting as an answer to Dole's "state document." It evidently didn't suit the government party. The following is an extract:

"The President sincerely regrets that the Provisional Government refuses to acquiesce in the conclusion which his sense of right and duty and a due regard for our national honor constrained him to reach and submit as a measure of justice to the people of the Hawaiian Islands and their deposed Sovereign. While it is true that the Provisional Government was created to exist only until the Islands were annexed to the United States, that the Queen finally, but reluctantly, surrendered to an armed force of this government illegally quartered in Honolulu, and representatives of the Provisional Government (which realized its impotency and was anxious to get control of the Queen's means of defense) assured her that, if she would surrender, her case would be subsequently considered by the United States, the President has never claimed that such action constituted him an arbitrator in the technical sense, or authorized him to act in that capacity between the Constitutional Government and the Provisional Government. You made no such claim when you acquainted that Government with the President's decision.

The solemn assurance given to the Queen has been referred to, not as authority for the President to act as arbitrator, but as a fact material to a just determination of the President's duty in the premises.

In the note which the Minister of Foreign Affairs addressed to you on the 23rd ult., it is stated in effect "that even if the Constitutional Government was subverted by the action of the American Minister and an invasion by a military force of the United States, the President's authority is limited to dealing with our own unfaithful officials, and that he can take no steps looking to the correction of the wrong done." The President entertains a different view of his responsibility and duty. The subversion of the Hawaiian Government by an abuse of the authority of the United States was in plain violation of international law and required the President to disavow and condemn the act of our offending officials, and within the limits of his constitutional power, to restore the lawful authority.

Referring to the interview of Minister Willis with the Queen last November and prior to the receipt of Willis's despatch announcing the result of his second interview, Secretary Gresham says: "The President thereupon submitted the subject to the more extended powers and wider discretion of Congress, adding the assurance that he would be gratified to cooperate in any legitimate plan which might be devised for a solution of the problem consistent with American honor, integrity, and morality."

Will Roll.

It is stated that our enterprising fellow citizen Mr. B. F. Dillingham received news today of a very encouraging nature in regard to the extension of the Oahu Railroad. Mr. Fink who has interested himself in the road has succeeded in raising the sufficient money to take up the construction of the road from Ewa to Kahuku. It is to be hoped that the report is true and that the work will be started without much delay.

RIPE PEARS.

Neither Stevens Or Other Outsiders Can Have "Hawaii," Dole's Ripe Pears.

It was of considerable interest to the community to see a report in the daily papers referring to the appearance of President Sanford Ballard Dole in the District Court as the prosecuting witness against a native man who had "embezzled" a couple of dollars worth of alligator pears from the "savior" of Hawaii. When Mr. Stevens wanted to present the "ripe Hawaiian pear" to the United States, Mr. Dole grinned and expressed his readiness to help in the steal. Hawaii did not belong to him, and he was perfectly ready to give the pear away. When the question comes to Mr. Dole's private pears, the pears of which he undoubtedly is the owner, he kicks like a steer against anybody who tries to give them away, and he forgets his dignity so far as to appear in common court, and help to send a poor kanaka to jail.

The best part of the pear business is though that President Dole states that his lands at Pauoa from which the pears were taken are in charge of two Chinamen. To think that the idol of the American League, of the Schutzen Club, and of all the anti-Asiatic Americans (!!) whose authorities he only recognizes, should employ Chinese labor and yet draw \$12,000 a year from the tax-payers! Shocking and disgusting and very discouraging to his worshippers. It would have been better to drop the case, kick the thief in private (or shoot him in his "constitution"), and say nothing than come boldly to the front as an employer of Chinese and a prosecutor of Hawaiians. Dole! Dole!! Listen to our warning voice! and—use "Pears' Soap."

"PER GUARDIAN."

We referred yesterday to the remarkable decision given by two of our Supreme Judges in which a guardian of an imbecile is allowed to bring suit for divorce on behalf of his ward. We are told that we had no business to be surprised over such a decision as the case of Irene Brown vs. C. A. Brown and others has furnished a precedent. We have in former issues referred to that case, and to the part which the Chief Justice had in it. It seems now that the plaintiff withdraws her suit, but that a "guardian" of somebody is trying to force her to continue it. The guardian business is really getting to be more interesting than even the presidential job, and we wouldn't be surprised to see Dole drop his present situation to become a "guardian"—say for Kaiulani. Meanwhile our two brilliant judges Messrs. Bickerton and Frear are having their vacation—not by guardian though. If they only would take a permanent vacation, and fill their office per guardian, the country would be pleased and the people would be justified in congratulating themselves.

No Bluff.

The owners of Nevada have published their readiness to hold their Challenge to Johnny Hayward's owner open until Monday the 30th inst at 12 p. m. thereby giving Mr. Cornwell's agent ample time to communicate with him and receive his sanction to sign articles—and the money. If a race is not made now no suspicions of bluffing can be attached to the Nevada men. The bluff will be on the other side. Let us have the race, gentlemen, or all shut up.

P. S. Dickey hasn't given up becoming President, after Dole, all the same. That's no bluff!

The cabin passengers for here by the steamer Warrimoo consisted of Lieut Marchant R. N., John Vivian; Joseph Potter; Fred Jamerson; E. G. Ballentyne; Dr. J. Brodie; J. B. Stewart; Mrs. Milne, Miss F. G. Carter and Mrs. J. G. Rothwell.

THE GREAT STRIKE.

STRIKERS RETURN TO WORK.

THE RAILROAD'S WIN THE DAY.

Pullman's Shops To Open.

The following news was received by the Warrimoo which arrived here this morning:

Pullman, (Ill.), July 14. Officials of the Pullman Company who are on the ground on account of the strike stated this evening, that the shops would be re-opened within a very short time. According to the statements of the Pullman officers, all of the old men excepting those guilty of unlawful acts will be re-employed on the same terms as before the strike. Those of the men living in Pullman who refuse to go to work on the old terms will be evicted from their homes and compelled to leave. This rule will be strictly enforced say the officials. All of the strikers who could leave have already gone, and those remaining are penniless and powerless to move away. It is expected that all the old employees now acceptable to the company will be at work within a brief period. Among the strikers there is considerable excitement to-night owing to the impression prevalent that their cause is lost. Groups of men filled the streets for a time, but no demonstrations were made. A canvass of men shows a majority in favor of returning to work, although the more radical ones still insist upon loyalty to Debs.

STRIKERS RESUME WORK.

Toledo, Ohio, July 14. There was more bustle and stir about the railroad yards today than there has been at any time since the strike was inaugurated. Many of the old hands are returning to work much to the disgust of those who are still possessed of the idea that the roads will make terms with them if they remain out longer. All the roads are operating trains, both passenger and freight, except the Wheeling and Lake Erie, where only passenger trains are running.

THE STRIKE DEAD.

Chicago, July 14. The aggressive talk of the labor leaders is about all that remains of the strike. The general manager's headquarters are closed to-night for the first time since the A. R. U. began its fight against the railroads of that association. They announce that the strike so far as they are concerned is over; that they have all the men they need for the handling of their business, and that traffic is rapidly assuming the normal condition. Nearly all roads that laid off or discharged the forces employed in their general offices have given notice that work will be resumed on next Monday the 16th inst.

CHIEF ARTHUR'S ANSWER.

Cleveland, (O.), July 14. Chief P. M. Arthur, of the Brotherhood of Locomotive Engineers answered the telegram of President Debs of the A. R. U. in which he was called upon to join the strike by stating that "he had advised members of the Brotherhood of Locomotive Engineers when called upon to attend strictly to their own business as engineers, whenever it could be done with safety, regardless of whom the company employed to fire the engine."

A FIZZLE.

New York, July 14. The open air meeting in Union Square tonight the object of which was to protest against the use of the regular army in the case of strikes, and which was arranged by the Socialist Labor Party, the Central Labor Federation, D. A. C. of L. and the United Hebrew Trades turned out a complete failure. A heavy thunder storm passed over the town and drove the audience away.

BLOODSHED.

Sacramento, July 13. Blood was spilled on the streets of Sacramento this morning as a result of the strike and excitement ran high all day. Two men, neither of them strikers, but possibly sympathizers were shot by members of Battery L. One of them lies stiff and stark in the Morgue tonight while the other is suffering at the City Receiving Hospital from a bullet hole through his right shoulder and arm. The troops have frequently warned people to keep away from the freight yards. Nevertheless a crowd gathered there and the shooting was the result of their obstinacy.

IN RUNNING ORDER.

San Francisco, July 14. The running of local trains in Oakland and Alameda was resumed yesterday, through trains for Santa Clara and Santa Cruz counties were sent out in the narrow-gauge railroad. National guardsmen took possession yesterday of the railroad yards between Peralta street and broad-gauge mole. The local trains run now without interference. The Southern Pacific Company offers a reward of \$5000 for information leading to the arrest and conviction of the parties who have assisted in obstructing and wrecking trains contrary to the laws of California.

LATEST NEWS.

Constantinople city experienced heavy earthquakes, July 14th, and several buildings were thrown down.

The cruiser Minneapolis made her trial trip July 14th, over the Government course, from Cape Ann, Mass., to Cape Porpoise, Maine, and covered the round distance of 89.94 miles in 3 hours and 49 minutes, and at the rate of 23.05 knots an hour, breaking all previous records and earning for the Cramps a premium of \$402,500.

J. P. Bliss of Chicago beat the world's bicycle records at the Waltham, Mass. track on the 14th inst., as follows: Two-thirds mile one minute fifteen and one-fifth seconds; three quarters, one minute twenty-five seconds and one mile, one minute fifty-four and four-fifths seconds.

British subjects on Corn island had a battle with nicaraguan troops and defeated them. Later on the natives became victors and martial law is now in vogue.

French Anarchists are reported to be plotting to explode bombs simultaneously in Paris in the Elysee Palace, the Senate chamber, the chamber of Deputies and the Palace of Justice.

The plague is diminishing in Hongkong.

Cholera is increasing in Russia. The U. S. S. Chicago was run into by a tank-steamship off Antwerp on July 11th. Admiral Erben estimates the damage to the war vessel at \$5,000.

Commodore Kirkland has been assigned to the command of the Asiatic Station with the rank of Rear Admiral, relieving Admiral Skerrett. He would leave San Francisco on the Gaelic. August 7th.

The fruit-growers of California are suffering greatly from the strike; it is estimated that a loss of \$65,000 to \$75,000 per day is incurred.

The Vigilant has been beaten in six successive races by the Britannia, the last race occurring on July 12th the last named boat leading by 2 minutes and 10 seconds. Yachmen consider that the Britannia has had all the luck in the light weather conditions that have prevailed and which have undoubtedly favored the home boat.

The London Sportsman predicts that the Yale athletes will win in the contest between Yale and Oxford set for July 16th.

President Harrison of Chicago was hanged in that city on the 13th inst.

Washington D. C., news, of the 13th states that the tariff bill was still occupying the attention of the conference committee. It was thought that coal and iron would be placed on the free list the sugar schedule unimpaired and no change in the whisky provisions.

Hawaiian Hardware Comp'y.

July 24 1894.

In "Puddenhead Wilson's Philosophy" Mark Twain says: "Put all of your eggs in one basket—and watch that basket." Eggs are not the only things to which this applies, we can make it fit stoves and change eggs into dollars and make it read—Invest your coin in a Pansy Stove—and the stove will watch itself. We have been watching these stoves for the past five years, and find them the best iron stove sold in this market for the money. Where else than at our store can you get a stove that will do everything that a \$50 stove will do and get it for \$15? Echo answers, "the place isn't built." We have sold hundreds of these stoves in Honolulu, and never had a complaint. Two weeks ago, we sold one to a gentleman on Hawaii, and yesterday he ordered another for a friend. The stove sells itself through its fuel saving qualities, and because, it is a good baker. You can get other styles of stoves if you are not particular as to the quantity of fuel you burn or how your food is cooked. There's no dyspepsia in meals prepared on a PANSY.

We received last week a lot of wire clothes-lines that hold washed clothes without using pins. It is a sort of double wire arrangement and the pieces are held in between; the harder the wind blows the tighter the pieces are held to the line. There is absolutely no danger of the clothing being torn as there is nothing sharp about the line. While the cost is a trifle greater than rope, this new style will last so much longer that it is economical to buy the pinless line.

The CLAUSSE is one of the new fashioned saw-edge knives that cuts warm bread without leaving it heavy and iced cake without making crumbs. There are two or three different makes of these knives, all on the same principle and each one pronounced the best on earth by the manufacturers. We selected the Clausses, which we believe as a disinterested spectator to be better than its neighbors. You never had anything in your life that gave as much satisfaction for a dollar. If you were buying the other sort you would get only one.

The favorite sewing machine in any community is the one that does the most for the least money and which runs the easiest. In the "Wertheim" you have a machine that sews three distinct stitches—The Lock, Chain and Embroidery and runs easier than any other machine, and you pay twenty dollars less for it. Economy stands boldly every side when you buy a Wertheim. In tucking the chain stitch is preferable, but in other kinds of work, the lock stitch is the best. If you buy a machine that sews the lock, unless it is a Wertheim, it won't sew a chain stitch. There's no particular saving in buying a machine with but one stitch, the Wertheim does three and saves you lots of trouble and work.

We've just unpacked six cases of stand lamps that were built for hard times. They have metal bases and are decorated so as to make a very neat appearance in a room. We don't think you can get as good a lamp anywhere else for the money, try as hard as you please.

Our stock of table cutlery, spoons and forks is as large as you will find in any store in San Francisco, and our prices compare favorably with those in New York.
