### SENATE.

**Fifty-third Day.**  
Senator Paris presented a report of the Public Expenditures Committee, a report on the House bill providing for license of the sale of opium, signed by himself, McCandless and Nakapahu. With many amendments there recommended the passage of the bill. Laid on the table to be considered with the bill.

**Blunder to Correct.**  
Senator Cecil Brown made a statement that on Friday last Senate Bill 4 was returned to the Senate as having passed third reading in the House, when as a matter of fact it had not done so but had been amended and the Senate concurred in the amendments. He now moved that the bill be returned to this House with a request for immediate action thereon. Carried.

**Law Amendments.**  
Senator Achi presented a report of the Judiciary Committee, signed by Cecil Brown, W. C. Achi and Palmer P. Woods, recommending the passage of Senate bills 173, 174, 175, 177 and 178. These bills were recommended by the Chief Justice. Adopted separately as to each bill, to be read a third time tomorrow.

**District Magistrates.**  
A unanimous report of the Judiciary Committee was also presented on Senate Bill 176, which consolidates eight or more former laws included in Civil Laws, Section 896, 1114, 1115 and 1116, and amends the same by including in the District of Honolulu all islands not included in any other District. It also makes certain what is at least left in doubt by the County Act, as to whether Civil Laws, Section 1114 and 1115, are to continue in force. The committee says:

"The Governor has appointed a Judge for Kalawao and Kalanapapa, and we believe it is a good move, so we make it a separate district. In the olden time Honouliuli was a different judicial district from Wailuku, but lately on account of the appointee being a Wailuku man, the two districts of Wailuku and Honouliuli were made into one district; but we understand that said appointee is now dead, and we further believe an appointee for the judgeship should be a resident of the district. We separate Honouliuli from Wailuku, and add Kahikini and Kahoolawe to the District of Honouliuli, because Honouliuli is more convenient to the people of Kahikini and Kipahulu.

The committee recommended passage of the bill with changes of wording to correspond with the foregoing views. Laid on the table to be considered with

the bill.  
**Liquor Law.**  
Senator Dickey presented a report of the Miscellaneous Petitions Committee on House Bill 71, relating to spirituous liquors. It makes a change in the penalty from two years to one year's imprisonment, which has already been adopted in a Senate bill. They recommended that the bill be laid on the table. Laid on the table to be considered with the bill.

**County Bill Printing.**  
Senator Baldwin gave an oral report of the Ways and Means Committee on Senator Achi's resolution for the printing and free distribution of 2500 copies each in English and Hawaiian of the County Act. An item of \$6000 had been inserted in the Appropriation Bill, so that the resolution was practically carried out. "I would say," the chairman added, "that this has the approval of the Bar Association." (Laughter.) Adopted.

**Messages from House.**  
A message from the House announced it had concurred in amendments to the bill and to the Hackmen's bill which had been passed by the Senate.

Another message from the House announced its passage of a bill to permit citizens to gather ferns and plants in the public forests, also a bill making leprosy a cause of dissolving the bonds of matrimony. The bills were on motion read a first time.

Senator Achi introduced a bill to provide for bringing suits in forma pauperis. Passed first reading to be read a second time tomorrow.

**Additional Police.**  
Senator Kalauokalani presented a resolution to appropriate \$20,240 for the pay of 12 additional police at \$60 a month and 6 additional mounted police at \$90 a month. Senator Achi moved it be laid on the table to be considered with the Appropriation Bill; Senator McCandless, to refer to special committee on salaries; Senator Paris, to Ways and Means Committee. Laid on the table to be considered with the bill.

**Hilo Fishmarkets.**  
Senator J. T. Brown presented a joint resolution that, whereas a wholesale fish market at Wailuku, Hilo, is being carried on for the benefit of a few persons under regulations of the Board of Health, the Board of Health be ordered to close the said fish market. The mover stated that the fishermen were charged 10 cents in the dollar on value of catches.

Senator Paris said the keeper got \$600 a year pay, besides which he made

Saturday afternoon, Rapid Transit car No. 32 ran into a 3-year-old Japanese child on -ing street, near Kamehameha IV road. Motorman McBride neatly threw down his fender and thus shunted the child off to one side. It was at first thought that the child had escaped with minor injuries, but unfortunately this proved to be an error, the child dying at the Japanese Hospital yesterday. A coroner's inquest is being held this afternoon, but at 2 o'clock no verdict had been returned by the jury.

## BUT ONE BID

When it came time for Secretary Carter to open up the bids for the taking up of the fire claims bonds, at 12 noon today, it was found that there was only one, this being from Samuel Herrick, of Herrick & Co., attorneys, Washington, D. C., whose bid was \$1,000.

Cashier W. G. Cooper of the First National bank stated this noon that his bank was prepared to take all these bonds at par had the Depository Bill, introduced early in the session, been favorably acted upon by the Legislature.

The Territorial 5 per cent. bonds sold the other day at 98. At this investment rate the 4 per cent. fire claims bonds would bring about 88 in the open market.

"In other words," said Mr. Cooper, "this bank was ready to pay what would amount to a \$20,000 premium in a competitive bid for these bonds on condition that the bank making the highest bid should be declared the depository for Territorial funds."

## LEGISLATORS APPROVE OF NATIONAL GUARD

After the men of the First Regiment, N. G. H., had finished luncheon at Kapiolani Park yesterday afternoon and indulged in a short rest, they were again formed and marched out upon the polo field for inspection and dress parade. In the party with Col. Jones and Surgeons Cooper and Garvin, were the following legislators: Senators Kalauokalani, Kalne and J. T. Brown, and Representatives Kealawa, Kalama, Nakaleka and Jaeger.

The legislators took part in the inspection and when the officers came up to report at review, they made speeches which showed the trend of thought on military lines in the Legislature, to be very much in favor of an ample appropriation for the maintenance of the National Guard of Hawaii. The remarks of the Senators and Representatives were very ably interpreted by W. J. Coelho, official interpreter of the House of Representatives.

Senator Kalauokalani was the first to speak. He stated that he had always been against the militia and had intended working against an appropriation for that body, but his mind had been changed by the splendid maneuvers which he had just witnessed, and he had changed his mind completely. He saw before him a body of troops that were a credit to the country and he felt that in order to maintain the peace of the home and the protection of the country, it was necessary that the National Guard should be maintained and that every encouragement should be given to the men in order that a high standard of efficiency might be preserved. He therefore wished the officers of the regiment to understand that when it came time to vote for an appropriation for the National Guard, they could count on his vote.

Senator Kalauokalani also stated that he would work to bring about an appropriation for the need of a purely Hawaiian company to St. Louis. Representative Kealawa said he had always been a staunch supporter of the militia and he wanted to see Hawaii and all the other islands blossom forth with strong adjuncts to the central body here in Honolulu.

Senator Kalne said the people of Maui had talked against the militia and a flea which was unfavorable to military appropriations, had bitten him in the back. He wished to say that he had gotten rid of the flea and advised everyone else bothered by representatives of the same species, to go and do likewise. He was in favor of a big military appropriation. Senator Brown spoke along the same lines and after the legislators had finished, Col. Jones responded, and then three cheers for the National Guard of Hawaii were given by all.

## MR. COOPER'S SON BADLY BURNED

The young son of H. R. Cooper, Superintendent of Public Works, met with a serious mishap at Wailua, Pearl Harbor. He went to where the Chinese were burning rice hulls in a pit. Some green stuff had just been thrown on top of the mass and young Cooper, having no idea of the amount of fire, jumped playfully into the pit. He sank to his thighs in the burning material and was very severely burned. The suffering lad will be brought to town for treatment this afternoon.

At the opening of the House this forenoon, Speaker Beckley announced that he had learned there was many clerical mistakes in the copy of the County Bill sent to the Governor, that he had referred it back to the Senate committee. This being all hearsay, the Speaker instructed the clerk to write to the Senate for the purpose of learning the exact status of the bill.

## SENATORS COMPLETE THEIR WORK ON LOAN APPROPRIATION BILL

### SENATE.

#### Fifty-second Day.

**Afternoon Session.**  
President Crabbe took the chair at the opening of the afternoon session, when the third reading of the Loan Bill was resumed.

**Asylum Reconsidered.**  
Senator Isenberg moved to reconsider the item for Insane Asylum, so as to restore it to \$75,000. He understood the Governor objected to leaving the appropriation reduced. Carried, and item passed at \$75,000.

Senator Paris had the position changed of the item of \$20,000 for new courthouse and county building, West Hawaii.

There was a lot of conversation about Maui items. Completion of road from Kula to Kihel, \$10,000, passed.

**Trail for Tourists.**  
Senator Dickey moved to amend the item of \$50,000 for new trail to summit of Haleakala to read: Trail to summit, \$30,000; mountain house, \$20,000.

Senator Achi would agree if the owner of the land would donate five acres of land, so that the bungalow would be owned by the Territory.

Senator Baldwin supported the Haleakala Ranch Company would gladly donate 500 acres of land. It took 2000 acres to support a bull on Hawaiian ranches, as Senator Paris knew. He thought they had better leave the item as in the bill, as it would take all of \$50,000 to make a good trail.

Passed as in the bill.

**Kaui Gets Busy.**  
Senator Kalua moved to insert an item of \$50,000 for relocating and macadamizing the road from Puuhele to Kihel. He stated that the road traversed a quicksand on its present route and was dangerous to travel.

Senator Baldwin supported the motion. The road was through a salt pond and some time ago a man had got caught there and lost his life.

The item carried.

**Iao Valley Road.**  
On the item of \$18,000 for road into Iao Valley, Maui, several members says an item of \$10,000 for that object had been placed in the current receipts appropriations.

It passed all the same but was reconsidered and placed at \$10,000, which was all the Wailuku mass meeting had asked for.

In accordance with Friday night's caucus and the wharf program, Fort street extension was cut down from \$30,000 to \$20,000.

School street extension stayed at \$60,000. It being explained the grading was difficult.

**Queen Street Extension.**  
Queen street extension, \$25,000, was

greeted with a roar.

Senator Isenberg moved to strike it out.

Senator Dickey—"No necessity—crosses rice fields—cost more money"—

Senator Isenberg—"Can never be built for \$25,000."

Senator McCandless said the whole thing had been estimated by a competent engineer. It could be filled in with a fathom deep of earth for \$20,000 and then macadamized for \$5000 more.

Senator Isenberg moved \$45,000 amidst cries of dissent.

Passed as in the bill.

**To Better Position.**  
Senator Wilcox moved to transfer the item for new courthouse, Lihue, to the first page. "It will look better there," the Senator for Kauai said, "besides being in its proper place under Superintendent of Public Works." Carried.

**Nakapahu Alert.**  
Senator Nakapahu moved to insert \$1500 for a steel bridge at Wahiawa, Kauai.

Senator Isenberg backed him up, saying the masonry for the bridge had been completed for about three years.

The item carried.

**Penitentiary Fight.**  
Senator McCandless moved reconsideration of new penitentiary, Oahu. Ten thousand dollars was not enough. Oahu had cut out \$163,000, and had not one decent item for itself. Ten thousand dollars would hardly make a start. The penitentiary was for all the islands.

Senator Isenberg exclaimed that someone in the house was singing out "kue" (which being interpreted is, "I'm ag'in' it"). President Crabbe asked if the speaker was not opposed to reconsideration. "No, sir; I am trying to get this item back to \$50,000," the Senator replied.

Senator Woods said the simple reason he sang out "kue" was because he took the President of the Senate at his word when he offered to cut out those items in return for appropriating \$400,000 to Honolulu wharves.

Senator McCandless said they had only got an increase of \$150,000 on the wharves. Having cut out more than they wanted for wharves he thought they ought to have some consideration.

The motion was lost.

On motion of Senator Achi the aggregate in the initial clause was struck out, to be filled in when the Clerk made the correct footing.

**Final Play.**  
The bill passed third reading, Senator Isenberg alone voting no. Answering a remark from the Chair that he was trying to make a record of some kind, the minority said he had a right to vote as he pleased.

Adjourned at 2:37.

## Important Reasons

WHY HERRING-HALL-MARVIN SAFE CO.'S SAFES AND LOCKS ARE THE BEST

The concrete filling makes these safes absolutely Fire-Proof and positively Damp-Proof. The solid angle corners add greatly to their security in time of fire, and form the only solid corners made. The patent BOLT-WORK is superior to any in use, and does not require constant oiling, cleaning and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, there is not a single instance on record wherein one of them ever failed to preserve its contents perfectly. They make safes for County Treasurers, County Recorders, County Clerks, Jewelers, Hotels, Residences, Churches and Corporations. We have a Large Assortment of Safes on hand and will be pleased to show same.

## Elleford Season Opens Tonight

### A LION'S HEART.

Of the "Lion's Heart," the opening play of the Elleford company, which commences a season tonight at the Orpheum, a California exchange says:

"The Elleford Company presented last evening 'A Lion's Heart' in a manner that entitled each and every member of the company to praise for their excellent and meritorious work. The play is strikingly dramatic, wit and humor are so mingled as to relieve the drama of being dismal or lugubrious.

There were so many quick and lively

scenes, both in the strong portions and lighter parts of the drama that the closest attention of the audience was held during the entire evening.

The company is well known here and each year it is better and stronger than the preceding one. This year it surpasses all former ones and this week promises to be a record-breaker in point of theatrical attendance in this town."

This promises excellent entertainment for Honolulu, a fact which will be appreciated as soon as substantiated. The box office is now open.

On arriving close to them, the maneuvers were declared off and the companies reformed and marched back to camp.

There was only one fatality. One of the native militiamen while rushing upon the artillery company, stepped on an algeroba thorn, which pierced the sole of his shoe and entered his foot. He was carried off the field by the Hospital Corps and taken to the hospital where Dr. Garvin attended to the injury.

One of the band boys was shot in the back by a native militiaman and black powdermarks covered the white coat of the bandsman for quite a space. However, he received nothing more than a bruise.

Previous to luncheon men from Captain Johnson's company marched out on the track in front of the grandstand and gave the bayonet exercises in silent manual. This was one of the best things of the day and brought forth rounds of applause. Captain Johnson has certainly done wonders with his men. The drill was like machine work.

After luncheon, the National Guard had inspection and dress parade before the legislators.

Prince Kuhio and Sir Somers Vane, together with members of the Senate and House, were guests of Col. Jones and the officers of the regiment during the forenoon.

## NATIONAL GUARD IN A SPLENDID DRILL

The drill of the National Guard of Hawaii at Kapiolani Park yesterday forenoon and afternoon was a success from start to finish.

It was at about 8 o'clock in the morning that the militiamen under Col. Jones started away from the drill shed with the band in the lead and went to the Rapid Transit barns where four cars were in waiting for them.

Arriving at the park, the men put up the headquarters tent, hospital corps and company tents, and attended to preliminaries.

The principal event of the forenoon was a sham battle in which one company was stationed far up toward the mauka end of the track. These were supposed to have been in charge of the big guns but as they had not been taken out, they had to content themselves with firing round after round of blank cartridges.

The remainder of the regiment was stationed at the makai end and they advanced upon the battery company in line of skirmishers, finally fixing bayonets and rushing in close to the en-

## SENATE.

(Continued from Page 1.)

the exactions stated. He moved the resolution be referred to a committee. Senator Wilcox, on a suggestion to refer to Health and Education Committee, thought it should go to a committee of Senators from the island of Hawaii.

Senator Achi said if they shut one of the Hilo fish markets the price of fish would be increased for want of competition.

Senator Cecil Brown answered there was no fish sold at Waiakae. They only inspected fish there and charged ten cents in the dollar.

The resolution was referred to the four Senators from Hawaii—J. T. Brown, Paris, Kaubi and Woods.

Senator Isenberg moved a resolution to appropriate \$750 for an ambulance for the Board of Health. Adopted.

Senator McCandless moved his resolution, presented the other day, to withdraw certain Olua lots forever from allotment and alienation, on account of the water resources they contain. Adopted.

Senator Kaine presented a resolution to appropriate \$1200 for a dam at Wai-luku bridge.

Senator Baldwin supported the resolution with an explanation.

Senator McCandless said if that was fixing up a river for private parties it was going too far.

"Don't Cry Out," Etc.

Senator Baldwin—"Let me say a word and the member may save breath for the next bill. If that embankment is not built not only will the land of different parties be carried away, but the bridge itself is liable to be carried away."

Senator McCandless—"That's different."

The resolution was amended by substituting "retaining wall" for "dam." Forestry.

Senator Isenberg for information brought up the Forestry Bill. Senator Baldwin stated that ranchmen and others consulted desired changes in the original bill. A bill introduced in the House was ruled to be entirely new. It seemed to be agreed that this bill ought to go through all its stages in the Senate and no time to be wasted either if it was to become law.

**Hilo Park Bill.**  
The bill to set apart land at Hilo for a public park was considered section by section, on second reading. Senator Isenberg in the chair.

Senator J. T. Brown made a speech in favor of the bill in reply to questions on the first section.

Senator Paris said he had received a letter from Hilo which stated there was a strong feeling in favor of getting the land for a park. It was not suitable for cane cultivation, being nearly covered with pahoehe lava.

Senator Achi argued that the Organic Act did not permit the Territory to give away land for parks.

President Crabbe maintained there would be no trouble on that score and considered the bill all right. He moved it pass.

Senator McCandless held that 500 acres for a park was going too far. If that land was divided up four or five parks could be made with town lots between. Five acres was enough for a park and would give plenty of room for recreation ground.

Senator Woods replied that it was nothing but the lava flow of 1881, and to make any recreation grounds on it would require much filling up. The people of Hilo wanted a driveway where they could speed their horses. Mr. Kennedy held part of the land as a leasehold, which he was willing to surrender.

On motion of Senator Dickey the second section, dedicating the land to the county supervisors, was struck out so as to avoid clashing with the Organic Act. The final clause was also amended to make the bill take effect on approval instead of with the starting of county government.

The bill passed, to be read a third time tomorrow.

**The Insurance Bill.**  
The bill to regulate and license insurance business in this Territory was taken up with a report of committee.

## HAWAIIAN DANCES AT THE ORPHEUM

The tableaux of old Hawaiian court scenes, interspersed with melodies of the land, which took place at the Orpheum Saturday night, was the finest thing of the kind that has ever been given here. It was under the management of Henry Huka, who has had much experience in giving purely Hawaiian shows and the proceeds, which amounted to a considerable sum, nearly every seat in the theatre being taken up toward the betterment of the general condition of the Kailhi Detention Camp.

The tableaux, showing Kamehameha, his Queens, the young Prince Liholihi, the tabu stick bearers, kahili-bearers, royal masseurs, body-guard armed with native spears, known as the, and other court attendants, were splendidly posed, the natives standing in absolutely motionless standing, sitting or leaning postures. The theatre and stage were both darkened and powerful lights thrown on the various groups. The only criticism that could possibly be offered is that there was perhaps too much sameness to the tableaux. The first one was received most enthusiastically, but the remainder, although equally as good, were not received as well.

The hulas were all that could be asked for. They were a genuine representation of one of the dancing of the olden times and the large number of foreigners in the audience were delighted with what they saw. Special mention should be made of the hula ululi, with the rattling gourds, and the hula pili, with the bamboo sticks slit at the ends.

The Kawaihau Quintet club did fine work and Miss Sherwood and Miss Moses in their duets, received merited approbation from the audience. The Quintet Club took the house by storm when they sang Tomi-Tomi and in response to an encore, they created more enthusiasm by singing the campaign song of Prince Kuhio, who was in the audience.

Much of the success of the entertainment was due to Henry Kala, whose management of the business end of the show produced splendid results.
