No. 5680

FEDERAL BUILDING IS SETTLED

ENTIRE BLOCK IN HEART OF CITY SECURED

KUHIO CABLES \$350,000 OBTAINED TO COMPLETE MAHUKA SITE PLANS

The entire block in the heart of this city, bounded by King, Fort, Merchant and Bishop Streets is to be devoted to the new Federal building, as recommended by Superintendent of Public Works Marston Campbell and Architects Ayres and Kerr.

Acting Governor Mott-Smith this morning received the following cablegram from Hawaii's Delegate to Congress Kuhio Kalaniana'ole.

To Governor, Honolulu,

Have secured \$200,000 for public building Hilo and \$350,000 for remainder Mahuka block, Honolulu. Returning Siberia.

KUHIO.

NEW RICE MILL.

The K. Yamamoto Rice Mill is the largest as well as the finest in the islands. All machinery is of the very latest pattern. The famous Tengu Rice is cleaned at this mill. With the large cleaning capacity they are able to handle considerable outside particular work which they guarantee.

INVESTMENTS

Our Stock and Bond Department, through its financial experience and connections, is admirably fitted to handle your financial transactions.

We are members of the Honolulu Stock and Bond Exchange.

Hawaiian
Trust
Co., Ltd.

923 Fort Street.

Acting Governor Mott-Smith and Superintendent of Public Works Marston Campbell were in consultation this morning with reference to above cable.

The property within the block where Honolulu's Federal building is to stand includes the Emmeluth building, E. O. Hall & Son's, and those buildings owned by the Austin and Cummins estates.

The Emmeluth building and the Stanley Stephenson paint shop have already been condemned for Federal building purposes, and condemnation proceedings against other properties involved will at once be instituted.

At first the plans were for a Federal building, taking in merely about a two-thirds portion of what is known as the Mahuka block, but since the building that Honolulu awaits is desired to be absolutely up-to-date and as splendid as can be, it was realized that there should be nothing short of the entire block to conform to the need and dignity of the structure.

Hence the recommendations of such men as Architect Ayres, Marston Campbell, and leading merchants, individually and as members of organizations, to procure the additional money necessary to condemn the entire block bounded by King, Fort, Merchant and Bishop streets.

A cablegram received this morning from Washington stated that the omnibus public buildings bill carried \$20,000 for preliminary work on a public building for Hilo and that a limit of \$200,000 was authorized yesterday for that structure.

The Honolulu matter was probably consummated this morning. There is much talk of a congratulatory nature around town today with regard to Kuhio's efforts and Honolulu will find today a red-letter proposition in her history.

GET IT TODAY.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is the best known remedy for diarrhoea. It is sure to be needed when least expected. Get it today. For sale by all dealers, Benson, Smith & Co. agents for Hawaii.

The most modern French ideas in the construction of a hand laundry have been incorporated in the new building of the French Laundry, 777 King Street near Alapai. Mr. Abadie will be pleased to show this model Laundry to his many patrons.

SCORCHERS ARE FINED

For violating the automobile law relative to driving their cars faster than the law allows, George C. Beckley Jr., and Frank E. Richardson pleaded guilty this morning before Judge Andrade in police court. Beckley was fined \$50 and costs, while Richardson paid \$25 and costs.

Warren Benford, J. W. Santos and J. Johnson acting on the advice of their attorney, J. Lightfoot, waived examination and were committed to the circuit court for trial. Attorney Lightfoot, who is representing Johnson in all the charges against him, for violating the automobile ordinance says that he will demand a jury trial for his client in every case. Benford and Santos also demand to be tried by a jury.

David Keoho, charged with assault was discharged, as the complaining witness failed to put in appearance.

Augusto Costa, charged with the same offense, was found guilty and fined \$15 and costs. David Kahalewai had his case for the same offense continued until tomorrow.

Kim Hung Kew will have to answer to a charge of being a vagrant tomorrow morning. Two drunks were fined \$5 each.

CRUISERS ARE SILENT

Nothing official can be learned at the Naval station relative to the arrival of the cruisers Cleveland and Chattanooga. Chief Clerk Roenitz when asked this morning for news concerning the two ships that are en route from Guam for Honolulu and San Francisco first consulted Admiral Rees, then replied "There is no news for publication."

According to a wireless received yesterday, the Cleveland, with the disabled Chattanooga in tow, was four hundred miles from Honolulu but it did not give their approximate hour of arrival. At eight knots an hour towing speed the ships could hardly arrive much before Wednesday morning. As far as can be learned unofficially, the port propeller of the Chattanooga carried away and the Cleveland was obliged to go back and take her sister ship in tow, which is a hard job under any sea and weather condition.

The Cleveland is commanded by Captain Hugh Rodman, who is well known in Honolulu, he having been here as captain of the yard before Lieutenant Commander Carter.

The following is a roster of the officers on both ships:

Chattanooga: Captain John D. McDonald, Lieut. Chandler K. Jones, Ensign Nelson H. Gova, Ensign John J. London, Ensign Roy L. Lowman, Ensign George A. Alexander, Ensign R. Le C. Stover, Ensign Cortlandt C. Baughman, Asst. Surgeon Harry L. Smith, Passed Asst. Paymaster Roß, B. Lupton, Boatswain Charles H. Foster, Chief Machinist Francis P. Mangan, Machinist Harry Chamjono.

Cleveland: Captain Hugh Rodman, Lieut. Austin S. Kibbee, Lieut. Benjamin K. Johnson, Ensign John B. Rhodes, Ensign Weyman P. Beecher, Ensign Richard T. Keiran, Ensign G. W. Kenyon, Ensign John M. Scheilling, Ensign George H. Laird, Ensign Gratton C. Ditchman, Asst. Surgeon Herbert L. Kelley, Passed Asst. Paymaster John H. Gunnell, Gunner Henry Rieck, Chief Machinist Charles A. Rowe, Machinist Martin Huber.

FEELING NEVADA FIGHT SENTIMENT

(Associated Press Cable to The Star.)

SAN FRANCISCO, June 20.—Manager Rickard of the Jeffries' interests in the scheduled Jeffries-Johnson fight left this city today for Reno, Nevada, to consult with promoters there and to decide whether to hold the big fight in that city or some other town in Nevada.

Manager Blot of the Kaufman-Langford fight, which had been deferred until Saturday, has decided not to pull off any so-called boxing contest in the meanwhile for the purpose of testing the law, as first planned, and has called off the main event.

RAISE THE MAINE, REPAIR THE DEWEY

WASHINGTON, D. C., June 20.—The general deficiency bill has been favorably reported to the Senate at \$7,945,072, and includes \$300,000 for the raising of the sunken battleship Maine in Havana harbor, and \$50,000 for repairs to the big floating drydock Dewey, which was recently sunk at Manila.

SHIP REPORTS EARTHQUAKE

Manila, June 20.—P. M. S. S. Mongolia reports a submarine earthquake off the Pescadores on Friday last.

TWO STATES ARE ENTERED

WASHINGTON, D. C., June 20.—President Taft today signed the bill which makes states of Arizona and New Mexico.

MOODY WILL BE RETIRED

WASHINGTON, D. C., June 20.—The House has passed the bill providing for the retirement of Supreme Justice Moody on account of illness.

TEDDY JUNIOR WEDDED

NEW YORK, June 20.—The wedding of Theodore Roosevelt, Jr., and Miss Alexander occurred in this city today, Colonel Roosevelt, father of the groom, being present.

ATTRACTIVE SHOWING.

New Lingerie Dresses and Waists, new Wash Skirts and new Dust Coats are among the attractive showings at the Sachs Dry Goods Co., Fort and Beretania Sts. Also white dotted swiss curtains for sleeping rooms.

THE DRINK
QUESTION BEFOGGED

(The Kohala Midget.)

The strongest arguments being made against prohibition in Hawaii are three-fourths fog, and one-fourth mist. If the men whose eyes are glued on the rise and fall of brewery stock have any real facts to show that the liquor business benefits the human race, and particularly the Hawaiian race, they should trot them out, and not depend solely on trying to befog voters' minds.

There are abundant facts showing that the sale of alcoholic drinks is making fools of human beings, and is a heavy tax on business.

Returning from Pololu, last week, we saw four reeling, maudlin Hawaiians, and a fifth was wallowing on the roadside like a hog. There has not been a pay day of the road gang, for months that has not seen a crowd of staggering whooping, drink-befuddled imbeciles doing a snake dance on the government road.

A Kohala employer of a man of the drinking class, at the end of the first month, had bills presented him for two-thirds the man's wages—all for liquor. Store-keepers who trust such men can't collect provision bills. No families can live decently on one-third of laborer's wage.

In one of the plantation camps, on a recent Monday morning, one-third the men were dead drunk. In the aggregate this is a heavy tax on any industry; so heavy that the Frick Coke Co. recently sought to buy all the saloons and breweries in Fayette County, Penn., with the purpose of closing them and stopping the drain on its profits from Sunday debauches.

A plantation manager told us that liquor is taken to the Filipino camps, every Sunday, by illicit dealers. Drink sold without license, is knocking ten cents of the dollar of plantation wages. Our doctors never before sewed up so many whiskey slashes.

Why does not restriction restrict? It never has. The man who is urging "Prohibition doesn't prohibit; therefore I favor restriction," is either a hypocrite or is blindfolded.

We are told that a man may sell all the booze he wants to without license, in Kohala, if he only buys it in the right place. A Chinaman was fined recently, for selling liquor here without a license. Some Japanese were overheard commenting:

"Him fool to buy liquor in Honolulu. We buy (mentioning a much nearer place); no pilikia."

One of the officers of the law recently confessed to a Kohala business man that he now and then drank a bottle of beer at a blind pig in a certain plantation camp, without paying for it. His only extenuation was: "They have no right to charge for it."

These are cold facts; Kohala facts. This is the rotten state of affairs that we are asked to vote on in July. Could prohibition make it worse? How much does restriction restrict in Kohala?

AFTER
DOCTORS
FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles, causing backache, irregularities, dizziness and nervous prostration. It was impossible for me to

walk upstairs without stopping on the way. I tried three different doctors and each told me something different. I received no benefit from any of them, but seemed to suffer more. The last doctor said nothing would restore my health. I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and I am restored to my natural health."

Mrs. ETTA DONOVAN, Box 200, Willimantic, Conn.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

SHARP SIGNS

Signs Of All Kinds. Scenic
Work, Decorating, Graining
Paper Hanging, Etc., Etc.Prizefight
In 'Frisco
Given Up

SAN FRANCISCO, June 20.—The promoters of the Johnson-Jeffries prize fight have given up the idea of trying to bring it off here, and announced that they will take it to the State of Nevada, though they are so frightened by the attitude of the authorities and public sentiment that the name of the place chosen is kept a secret. It appears now that instead of being a great sporting event in an auditorium built for the purpose, the fight will have to be a contest pulled off at quick notice in some selected spot.

There is bitter disappointment among the sports gathered here for the big event. Up to today something was hoped for from Mayor McCarthy's confident attitude in favor of the fight and his boast that he was running San Francisco. But after consulting with advisers the promoters decided not to place any reliance in McCarthy. Governor Gillett's firm attitude, in view of the fact that he controls the military forces, made McCarthy's support of the fight useless.

A general exodus of the pugilists, their trainers and accompanying sporting men begins today. They are all going to Nevada. Reno and other cities are bidding for the fights, but the managers will not announce it as taking place in any particular city. They declare, however, that it will be brought off on July 4 in the State of Nevada.

Those who object to the fight are already turning their attention to plans for stopping the fight in Nevada and Governor Dickerson will at once be subjected to the same kind of pressure which caused Governor Gillett of California to take so radical a position against the fight.

YOUNG ROOSEVELT'S

WEDDING TODAY

NEW YORK, June 20.—The wedding of Theodore Roosevelt, Jr., will take place today in the Fifth Avenue Presbyterian Church.

Invitations have been sent out for several weeks, and from the number of friends who have made arrangements to be present it is certain the church will be crowded.

There will be no maid of honor, but instead a matron of honor. She will be the former Mrs. Elizabeth Betron, who is to be married on July 1 to Snowden Fahnestock.

The bridesmaids will be Misses Ethel Roosevelt, Jenette Alexander, Harriet Alexander, Jean De Lano and Jessie Millington-Drake.

Kermit Roosevelt will be best man. The ushers will be Monroe Robinson, George Roosevelt, F. M. H. Roche, Grafton Chapman, John W. Cutler, Elliott Cutler, Hamilton Fish, Jr., E. Morgan Gilman and Fulton Cutting. Some of the ushers were former college chums of young Roosevelt.

MADRIZ CALLED DOWN.

WASHINGTON, June 20.—The government has replied sharply to a protest received from General Madriz of Nicaragua in which the general claimed that the United States had violated rules of neutrality in refusing to allow the bombardment of Bluefields by Madriz.

MEXICO IS PEACEFUL.

WASHINGTON, June 20.—The government of Mexico has agreed to settle the Chamizal boundary dispute by arbitration.

NEVILLE DEAD.

NEW YORK, June 20.—Henry Neville, the English actor and dramatic teacher, died here today.

ROOSEVELT'S SUNDAY.

OYSTER BAY, June 20.—Ex-president Roosevelt attended his church yesterday morning, according to his former custom. During the afternoon he took a walk with Senator Lodge and Congressman Longworth, his son in law, as companions. He will go to New York today to attend the wedding of his son, Theodore Roosevelt, Jr.

TWO NEW STATES.

WASHINGTON, June 20.—President Taft will sign the statehood bill today, making effective the law which adds two new States to the American Union. They are Arizona and New

Mexico, the forty-seventh and forty-eighth States.

WANTS TO QUIT CABINET.

WASHINGTON, June 20.—Secretary of State P. C. Knox, on the verge of retirement, is yielding to the President's urging that he remain a member of the cabinet. Knox, it is given out, had about concluded to retire, but President Taft strongly urged him to continue in office. While it is not decided that Knox will stay, it is reported that he will do so.

PUBLIC BUILDING FOR HILO.

WASHINGTON, June 19.—The Omnibus Public Buildings Bill, carrying an appropriation of twenty thousand dollars for preliminary work on a public building for Hilo and authorizing a further expenditure with a limit of two hundred thousand dollars, was favorably reported in the house yesterday.

The bill carries a total of nineteen million, two hundred and eighty-eight thousand, five hundred dollars.

WEDS AN ITALIAN BEAUTY.

OYSTER BAY, June 19.—Robert Winthrop Chanler and Line Cavalleri, known as "the beauty of the Italian stage," a famous prima donna, were married here last night.

DYING FROM HEAT.

CHICAGO, June 19.—There were three deaths here yesterday and dozens of prostrations due to the heat.

AEROPLANE FALLS TO DEATH.

STETTIN, Germany, June 19.—Aeroplaneist Rohl was killed yesterday as the result of a flying accident. His machine became unmanageable while in the air and fell with its driver for a distance of two hundred and fifty feet. Rohl was instantly killed.

UNDERGOES OPERATION.

BERLIN, June 19.—Emperor William underwent a slight operation yesterday, owing to an infection in his knee.

WIND AND RAIN KILL.

NEW YORK, June 19.—A violent windstorm accompanied with driving rain, struck the city yesterday, three known deaths resulting. Four persons reported missing in the storm, are being searched for by the police, and fears are expressed that they may also have lost their lives.

STARS AND STRIPES FOREVER.

LONDON, June 19.—"Packer" McFarland of America knocked out Jack Goldswain of England in the third round last night.

HAS BECOME LAW.

WASHINGTON, June 19.—President Taft yesterday signed the Railroad Bill, having thus made law of one of the principal measures urged on Congress by the administration. The bill resembles in few respects the original measure drafted by Attorney General Wickersham, but it still carries out some of the desires of the President.

HER INTEREST.

The woman sitting on my right in the open trolley seemed to want to ask me where Jay street was, and after I had given her an encouraging smile, she said:

"Will you please tell me who is going to lick—Jeffries or Johnson?"

"Why, ma'am, it's impossible to say," I replied.

"But what is your opinion?"

"I have none, and if I had it would do you no good."

"Dear me, but I wish I knew."

"It seems a bit queer for a woman to take an interest in a prizefight."

"Yes, I know," she replied, "but my man Mike wants me to hand him over a quarter to bet on Jeffries, and I'm not going to do it and run any chances. With chucksteak 18 cents a pound! Not on your life!"

HOW TO KNOW THE TWINS.

The Beverly twins, Fred and Frank, were such exact counterparts of each other that none of the neighbors could tell them apart, and even their mother sometimes had her doubts. The resemblance is accentuated by the fact that they dress exactly like each other.

"How in the world can you, yourself, tell which is which, Mrs. Beverly?" asked a caller one day.

"To tell the truth," she answered, "I can't always, but if I hear a noise in the pantry, and I call out, 'Fred, is that you?' and he says, 'Yes, mama, I know it's Frank, and that he's up to some kind of mischief.'"

Fine Job Printing, Star Office

PROTECTING HIMSELF.

Wicks—What are you carrying a gun for?

Dicks—I'm going house hunting.

Wicks—That's a pretty poor joke.

Dicks—No joke about it. You don't know what these real estate agents might do to you if they catch you unarmed.

DANIEL LOGANEDITOR

MONDAYJUNE 20, 1910

PAVE FORT STREET.

It looks as if the paving ordinance were killed, but that should not prevent the paving of Fort street this year. Queen street was paved by the former county government without an ordinance. All that is needed is a fair contract with the company, which there is a majority of the Board of Supervisors to approve. Fort street is badly in need of reconstruction, and the only kind of macadamizing that would last any time would cost nearly as much as bitulithic paving. The pending appropriation for roads in Honolulu district is large enough for doing the more durable type of paving on Fort street without seriously reducing the expenditure on other necessary road work.

A beginning cannot be made too soon upon a systematic plan of laying durable pavement throughout the business section. Money in the future for roads outside the business section, of improved type to meet the new conditions made by automobiles, will depend on putting the streets sustaining heavy traffic in condition that they will not make a constant drain on resources for their maintenance. As the suburban and country roads are also made of more permanent character, the entire problem will be further simplified in the same economical direction.

There is a limit to the amount of new road construction which can be done in any year, but it is important that what is done shall last long enough not to need remaking until all roads at present required have been completed. When that point has been reached the probable resources will be sufficient, with an efficient maintenance policy, to perpetuate good roads on this island and have money over for such new construction as the growth of the city will demand.

Governor Gillett will go down to history as the hero of the Battle of Pugs Run.

Chicago is having a new telephone system, the automatic kind, installed. It starts with a charge of \$1.50 a month for residences, but with a future maximum of \$7 if it is as possible. In the meantime a subcommittee of the city council has the matter of telephone rates in hand, which if necessary will recommend a physical valuation of the company's property as a basis for the determination of reasonable rates. As this process would be expensive and consume a great deal of time it will not be undertaken unless needed. The interesting fact to us here is that the people there have some little say in the regulation of public utilities conducted by private capital. In Hawaii everything of the kind has been chartered, in Honolulu and Washington, so imprudently that the public service corporations are not only independent of control by the people, but are enabled to avoid paying just returns for their valuable franchises and privileges of the public highways.

It must be a dry time in Washington, seeing that all signs of the prophets for months past seem to have failed. One of the latest predictions coming by mail was that the statehood bill could not pass this session. Yet it has passed, adding the 47th and 48th stars to the flag for Arizona and New Mexico. Thus another pledge of the Republican party is redeemed. It is significant also that the flood of language lately prevailing which represented President Taft as helpless and the insurgents controlling the situation in Congress and the country, has suddenly died away.

Madriz has received a sharp snub from Washington in reply to his protest against the United States for preventing his bombardment of Bluefields. If the United States would turn to and suppress both Madriz and Estrada, she would be doing the right thing for Nicaragua and American interests there. What are they scrapping about anyway?

There being no seismographic records of a quake anywhere, Roosevelt must have trod lightly on his native heath when he landed.

BRITISH TERRITORY AS A MARKET FOR AMERICAN MANUFACTURES.

Nearly one-half of the manufactures exported from the United States go to British territory, and form more than one-third of the total exports to that territory; and this despite the fact that Great Britain is the greatest manufacturing country of Europe and the world's greatest exporter of manufactures.

A careful analysis of the 1909 exports of manufactures, just completed by the Bureau of Statistics of the Department of Commerce and Labor, shows that 275 million dollars' worth of manufactures were sent to British territory in that year out of a total export of 671 million dollars' worth of manufactures, making the share sent to British territory 41 per cent; also that the total exports of all kinds of merchandise to British territory in the same period were 742 million dollars, the share such manufactures formed of that total being thus 37 per cent. Of the merchandise other than manufactures exported, 48 1-3 per cent went to British territory. Of the total domestic exports, including both manufactures and all other merchandise, 45 1-3 per cent went to British territory.

To British territory in Europe the exports of American manufactures in the fiscal year 1909 were valued at 132 million dollars, compared with 203 million to other parts of that grand division; to British North America, 97 million compared with 77 million to other parts of North America; to British South America (Guiana), \$680,000, compared with 66 million to other portions; to British Asia, 13 million, against 38 million to other portions; to British Oceania, 26 million, against 9 million to other islands in that group, and to British Africa, 7 million, against 3 million to all other parts of that continent. The various countries constituting the British empire, grouped by continents, thus take about 40 per cent of our total exports of manufactures to Europe, 56 per cent of those to North America, 1 per cent of those to South America, 25 per cent of those to Asia, 74 per cent of those to Oceania, and 68 per cent of those to Africa.

To the United Kingdom the exports of American manufactures in 1909 amounted to 131 million dollars; to British colonies 144 million. Of the 275 million dollars' worth exported to British territory last year, 120 million went to England, 8 1-2 million to Scotland, and 3 million to Ireland; while among the British colonies Canada stands first with 89 million, against 21 million to Australia, 8 million to India, 6 million to South Africa, 4 1-2 million to New Zealand, 4 1-2 million to the British West Indies, 2 million to Hongkong, a little less

Uncle Walt

The Poet Philosopher

One merchant said to his toiling clerk: "I'm greatly pleased with the way you work. The chap who tends to his duties right is bound to win the worldly fight, and you're bound to get to the top some day; meanwhile I guess I'll advance your pay." O glad was the heart of the clerklet then, and he buckled down to his work again, and he made things hum in the blamed old store, as things had never been hummed before. In t'other storeroom, across the street, the clerks were working with frozen feet; the merchant carried a scowl all day, and groaned as he gave them their meagre pay; he never praised them when hard they wrought, but kicked and scolded, and made them hot; and so they soldiered and fooled away the passing hours of each golden day. There's something wrong if you lay the blame on the men who help you to play the game, when things go crooked and trade is hum; your men would help you to make things hum, if they'd been treated in proper shape—been given posies instead of crapes.

Copyright, 1910, by Geo. Matthew Adams

WALT MASON.

than 2 million to Newfoundland and Labrador, 1 1-2 million to Aden, over 1 million to the Straits Settlements, and 3 1-4 million to all other British possessions.

RAVAGES OF FOURTH OF JULY TETANUS

The American Medical Association has fathered most of the statistics upon which the fight against the use of fireworks on the Glorious Fourth has been based. A year ago it demonstrated in its Journal that in the six preceding years our whole country has shown for that festival a grand total of 29,296 killed and wounded. In 1903 there were 415 cases of Fourth of July tetanus; in 1904, 105 cases; in 1905, 104; in 1906, 89; in 1907, 55 recorded cases; in 1908, 76. In 1909 there were 150 cases, the largest number since 1903, probably by reason that the Fourth coming on Sunday, the celebration was practically one of three days; as it comes this year on Monday, there is now to be feared another triumphal tribute to the modern Moloch. It is interesting also to note that in 1908 there were 816 blank cartridge wounds, whilst in 1909 the number of wounds from this source was 1095; and that the states having the largest number of blank cartridge wounds had also the largest number of tetanus cases; also that blank cartridges wounds had a higher percentage of deaths than gunshot wounds. The most common wound productive of tetanus or lock-jaw is that produced by the blank cartridge; this need not be as wide as a church door, nor as deep as a well; the merest skin puncture, perhaps even a scratch, will serve. The blank cartridge, then, is responsible for more than 60 per cent of tetanus cases; that gaint firecracker (not the small cracker) for 16 per cent; the toy cannon, 4 per cent; firearms, 5 per cent; powder, 10 per cent. Not to excite undue alarm, it should be observed that blank cartridges will by no means always produce tetanus; for the eighty-nine cases developed in 1906 there were 979 blank cartridge wounds; still the disease is so appalling that no one will take for his children any chance that their wounds will prove innocuous.—John B. Huber, M. D., in Review of Reviews.

AT THE NOVELTY.

The Novelty promises for tonight a very interesting entertainment. The feature films have been well chosen and will be the latest. This will be the last week of the Howard sisters

and they have proven a great drawing card at the Novelty. Due to arrive on Friday will be new talent, which the management has secured. There will be an entire change of pictures, and dancing. Judging from Saturday night's crowd, there is no doubt but what the house will be well filled tonight.

INQUISITIONS REPORT SOON

Federal grand jury was in session this morning and will probably report again on Wednesday morning, when court sits, and thirty-five indictments are alleged to be in preparation, involving people of both high and low degrees.

Territorial grand jury may report Wednesday or Thursday, with a possibility of something said in regard to the alleged attempt to bribe Supervisor Aylett.

The commencement exercises at the Aliiolani College, Kaimuki, will take place this evening, commencing at 7:30 o'clock. An attractive program has been prepared and Professor Brigham will deliver an address on educational methods. The public is cordially invited to attend.

College Hill Lots

If you are one of those persons who contemplate purchasing a lot in College Hills sometime within a few months you had best see to it at once. Lots are being disposed of every little while and the lots will soon be gone.

SEE THE LOTS TODAY.

These lots are large and all modern City improvements including gas, electric lights, etc. are at hand. No pioneering is necessary.

Trent Trust Co., Ltd.

Kohala, Hawaii, June 17, 1910.

Dear Bernice:—

Just a line to catch the Mauna Kea tonight. When you come up for your vacation be sure and bring a tin of Thoro soap. It is a mixture of powdered toilet soap and corn meal and is the "best ever" for keeping your hands soft and white. It is something new; Clara told me about it. I think it is to be had at Benson, Smith & Company's place at the corner of Hotel and Fort street. Slip a box of Haas candies into your valise. You know what their chocolates are. You can buy them at the same store.

Yours hastily,

Lots In Fruitvale

One Cent Per Square Foot

Or a trifle over for home sites of more than one acre each, adjoining the celebrated Pukele Homestead in PALOLO VALLEY, ten minutes' walk from the car line.

These lots are adjoining the beautiful homes of Owen Williams, William A. Rideout, Charles J. Schoening, Edward F. Patten and others. The rear of these lots extends to the hill slopes, from which grand views are to be had. Correct soil for all kinds of fruit.

Let me show you this property.

\$500—per acre and up.

Map in my window.

A failure to pay such water rates within fifteen (15) days thereafter an additional charge of 10 per cent. will be made.

All privileges upon which rates remain unpaid on July 16, 1910 are subject to immediate shut off without further notice.

Rates are payable at the office of the HONOLULU WATER WORKS, CAPITOL BUILDING.

J. M. LITTLE,
Superintendent Honolulu Water Works,
Honolulu, T. H. June 17, 1910.

PUNENE RETURNS RECEIVED TODAY

Alexander & Baldwin received a wireless from Punene this morning giving the final and full returns of the crop of Hawaiian Commercial & Sugar Company.

The total output was 56,865 tons.

This is not only the biggest crop ever turned out by Hawaiian Commercial but is the biggest yield for any plantation in the Hawaiian Islands. All concerned are quite naturally elated over the results. The total output of Hawaiian Commercial has been the subject of considerable guessing for months. At one particularly promising period, some expressed the opinion that the yield would reach 60,000 tons; and at another time the Dabbling Thomases had drawn the output down to 55,000 and even less. Alexander & Baldwin held to the belief that 56,000 tons would be about the mark, and results have shown that they did not miss it very far and that the "miss" was on the safe side.

LONDON A BUYER ON WALL STREET

NEW YORK, June 6.—Prices of stocks broke violently to new low levels for the year in the late session of the stock exchange today, after nervous and feverish fluctuations up and down for the most of the session. The break was coincident with the circulation of reports that the railroad presidents, who have gone to Washington to protest against the government's action to enjoin western trunk line freight rates, had given up hope of securing any modification of the intended course of the law officers of the administration.

At one time the level had been lifted 1 to 2 points over the closing level of Saturday quite generally. London joined actively in the buying as has been the case at most periods of violent decline, and speculative sentiment took on quite a cheerful hue. The excessive dullness into which the trading fell at the advance argued an unwillingness on the part of the buyers to follow the rise and indicated a weak undertone, but it was hoped that the hesitation was due simply to a desire to await the outcome of the White House conference.

During the time of advancing prices there was a supposition entertained that some sort of working agreement had been arrived at between the railroads and the government authorities for a solution of the rate controversy on lines which would relieve the anxieties of railroad officials. The assertion of President Brown of the New York Central was taken as a text for this supposition to the effect that the eastern railroads offered more than a month ago to suspend the new rates then under consideration pending an investigation by the commerce commission as to their reasonableness. This would be in conformity with the requirement of the new railroad law as it stands in its present form and would insure the submission of the proposed changes to the new law. It was even suggested that the new situation might bring a change in the law in conference between the houses of congress which would permit agreement on rates, the elimination of that provision from the administration bill having prompted the action to enjoin the new rates.

News of the crops and of money conditions was taken to account partly for the better tone of the early dealings. Expressions of satisfaction were heard from western banking authorities over the benefit to the credit position, which liquidation has been effecting in grain, cotton and stocks.

News of the sale abroad of \$25,000,000 Southern Pacific bonds was not generally known in Wall street before the market closed. No attention was paid to anything but the expected conference at Washington. After breaking from 2 to over 5 points prices rebounded 1 to 3 points, with the demand from the bears to cover shorts, and closed in considerable disorder.

Bonds were irregular. Total sales par value, \$1,854,000. United States bonds were unchanged on call.

Fine Job Printing, Star Office.

OPENING OF THE HAMAKUA DITCH

Quite a large party will leave in the Mauna Kea tomorrow for Kawaihae, and from thence will proceed overland by automobiles, via the Hamakua ditch, to Mauna, etc. The excursionists will be all business men, and will be piloted by President L. W. Shingle, of the Waterhouse Trust Company. They are going in advance to make final arrangements for the opening of the big ditch on July 1.

Others will leave here by the Mauna Kea on June 28, taking the same route to the scene of operations. They will have an auto trip across country some 28 or 30 miles, but will reach the scene in time to see the water come down the ditch for the first time.

The Hamakua ditch is regarded as one of the most important enterprises ever negotiated on the big island. It traverses a fertile country and will supply water to several of the most important plantations of Hawaii. After it is in full running order there will be no such thing as a water problem in that locality in future, and the cost of irrigation will be greatly reduced.

HILO RAINS DELAY CROP OPERATIONS

C. Brewer & Company have received mail advices from Hilo that very heavy and frequent rains have prevailed in that district for several days, in consequence of which field operations have been considerably delayed. Rain in such quantities is regarded as unusual at this immediate season.

The report is not regarded by the local agents as being favorable to the best interests of the plantations in that locality. However, considerable will depend upon conditions this week and next.

BIG MONEY, THIS.

NEW YORK, June 3.—One of the largest "melons" ever sliced for the delectation of stockholders will be cut by the Singer Manufacturing company, makers of sewing machine, which has called a meeting of directors on June 18 to declare a \$30,000,000 stock dividend to its shareholders. The company has a surplus of \$30,000,000 and the stock dividend is 100 per cent. The company has a surplus of \$30,000,000, but the directors believe that a stock rather than a cash dividend is advisable.

PAPERS FILED.

The following papers were filed up to the closing of the registry office at noon Saturday.

Kalu and husband et. al., to Hilo Railroad Co., deed.

Fine Job Printing, Star Office.

THE STOCK MARKET OPENS VERY WEAK

The stock market opened up this morning rather sleepy. There were some inquiries, but transactions were few and small. Buyers manifest considerable uncertainty, but the reasons are hard to determine. The new law in regard to leases of Territorial lands may have something to do with it; although it is rather early yet to determine just how the scheme will work out.

Between boards 45, 15 and 50 shares Oahu sold at \$33, but this morning the stock was weak—unexpectedly, unusually and unaccountably weak. At the close \$32.75 was bid, while the stock was offered at \$32.875.

Another sale between boards was of 20 shares Pala at \$150, after which \$145 was bid and \$155 asked. These figures represented no considerable change.

On the street sales of 100 and 35 Ewa were made at \$33.75, which was about the old basis. This morning the same was bid for more, but holders were demanding \$34, indicating that the stock was holding its own in a sluggish market.

Bond sales between boards were \$4,000 McBryde sixes at \$98.75 and \$1,000 O. R. & L. at \$102.50.

On the board this morning 10 shares Honokaa sold at \$18.75, after which the same was bid and \$18.875 asked for the stock.

Ten Olan sold at \$5.125 and 15 McBryde at \$5.625. Both of these stocks are weak. Olan is offered at \$5.25 and McBryde at \$5.625.

Also on the board 10 Onomea changed hands at \$46, after which \$45.75 was bid and \$46.50 asked for the stock.

HONOLULU IRON WORK IN NEGROS

The Hilo Enterprise, a Philippine newspaper, publishes the following interesting information concerning the operations of the Honolulu Iron Works in the island of Negros:

The movement which has been on foot for some months to install a sugar central at San Carlos has brought the hacenderos and the capitalists to an agreement within one percent of the price offered for the output. The proposition of the Honolulu Iron Works is to install the central, put in the railroads, mill the cane, and do everything for preparing the sugar for the market and take forty-five per cent of the product. The hacenderos are afraid to enter into a contract on percentage basis and want to make a flat rate, proposing to sell the cane to the central and take seven tons of sugar for every hundred tons of cane delivered at the mill. The estimates of independent experts who have made exhaustive investigations in Negros place the product for the whole island at twelve and a half tons of high grade sugar for a hundred tons of cane. On this basis the seven tons which the hacenderos ask would be fifty-six percent of the product, or one percent more than the capitalists offer.

The San Carlos cane is above the average for the island of Negros, the best grade analyzing at 14.45 tons of high grade sugar for one hundred tons of cane. It is thought by independent experts that with modern milling the San Carlos cane will produce a little more than the estimated average for the whole island of twelve and a half tons. If it will produce twelve and three-fourths tons to the hundred tons of cane, seven tons which the hacenderos ask would be fifty-four and nine-tenths percent of the total product, leaving the proposition a little in favor of the capitalists. The hacenderos feel, however, that they would rather forego the possibility of getting a greater return if they can have a simpler method of transaction, and one less liable to cause friction with the capitalists.

This feeling is more or less prevalent throughout Negros. All hacenderos are aware to the advantages of modern milling but they are inclined to be cautious in entering into contracts which they feel will sooner or later place them at the mercy of the capitalists.

Fine Job Printing, Star Office.

THE FACTS ABOUT OAHU SUGAR STOCK

For several days the depreciation in the selling figures of Oahu Sugar Company's stock has been the principal talk in Honolulu. No one seems to know the reason and it seems equally hard to locate even a contributory cause. The street talk is that someone is systematically knocking—someone with influence and power; and that the "knocking" is being done for a big purpose which will show itself later.

In connection with the matter the following authentic figures may be of interest:

Yield for 1910, 29,500 (reliably estimated) tons. Last year the profit on Oahu's yield was \$25 per ton. This year it should be \$8 per ton more. But calling it the same—\$25 per ton—and the profit for 1910 would be \$737,500.

The net credit balance with the agents is \$170,000 and the amount received from strike claims is \$160,000. This makes a grand total of \$1,067,500.

Now, then: Deduct 18 per cent dividends, which is the present rate—amounting to \$488,000 and you have a credit balance at the end of this year of \$419,500, equal to nearly twelve per cent! In other words, the plantation would have almost enough left over to pay one per cent a month next year if it did not clear a dollar during that period.

This all looks strange—but figures tell the story. And yet Oahu stock has been on the decline for weeks!

THE BERGSTROMS TO INCORPORATE

The latest incorporation is the Honolulu Music Co. Ltd., with a capital of \$10,000. This concern will succeed the firm of James W. Bergstrom & Bro., doing business in the Masonic Temple, Alakea street. Only \$5000 of the amount of stock will be issued at once, the balance to be let out as the money may be required. The officers of the new company are A. R. Cunha, president 50 shares; James J. Jaeger, vice president and auditor, 25 shares; D. L. Conkling, treasurer, 25 shares; James W. Bergstrom, secretary and manager, 50 shares. Other original stockholders are: Mrs. S. C. Allen, 50 shares; J. A. Magoon, 25 shares; Ernest Kaul, 20 shares; John R. Bergstrom, 5 shares.

James W. Bergstrom, manager of the new company, has been a resident of the Islands for about fifteen years, and is well and favorably known throughout the group. He founded the Bergstrom Music Company, now doing business in Fort street and still bearing his name.

WALDRON PLEASED WITH SITE NEWS

President Fred Waldron, of the Merchants' Association; President R. W. Shingle, of the Waterhouse Trust Company, and General John H. Soper called upon Acting Governor Mott-Smith this morning in regard to the matter of extending Bishop street through to the waterfront. The details were again gone over and it was decided to follow up ways and means for bringing about the proposed extension at as early date as possible.

While the committee was still in conference with the Acting Governor the cablegram from Delegate Kuhio, published on the first page of this issue arrived, giving information that the additional sum required for the federal building site had been secured. As soon as he had had time to digest the news, President Waldron gave out

the following statement on behalf of the Merchants' Association:

"I believe there is not a member of the Merchants' Association but will congratulate Delegate Kuhio upon his success in this large and delicate matter. When the subject was first broached I hoped for the best, but at the same time feared that Kuhio had been led into a trap. That such was not the case is all the more to his credit. It was this fear in mind that caused the Merchants' Association to send its guarded cablegram of a week ago.

"I now say that I consider that Kuhio has done wonderful work in this matter, and I think the community at large may well congratulate itself upon securing the entire block for the Federal building site."

This change in affairs will necessitate alterations in the plans of some of the occupants, or prospective occupants, of the Fort street block between King and Merchant. For instance, Castle & Cooke, who expected to move into the Cummins block early in the fall, will probably have to make other arrangements.

SPORTS

BY JAMES W. W. BREWSTER.

CAVALRY DEFEATED; SHAFTER IS A LOSER

Surprising even themselves by their good playing, the baseball team from Camp Very took the crack 5th Cavalry team into camp Saturday afternoon at the league grounds by a 5-2 score.

The boys from Lihalehale came up with the idea that they would have little trouble in defeating the sea soldiers, but they did not reckon with Gibson being in his old time form.

The Marines were unable to score until the fifth inning while the horsemen sent Lieutenant Hanson over the plate in the first.

The less said about the Guard-Fort Ruger game the better, as the men from Diamond Head district were outclassed, outplayed and outgeneralized during the entire game.

The line up and summary of both games follow:

CLUB DEFEAT DAVIES & CO.

Davies & Co.'s cricketvbg vbgb bzm to defeat on Saturday afternoon at Makiki field, at the hands of the Honolulu Cricket Club, the score when time was called being 120-80.

Bob Anderson, the veteran batsman of the club made a total of 71 runs before he was caught out.

Davies & Co.'s team had a number of old baseball players on their team, who showed their ability to catch some hard ones, Kia the old center fielder of the Punahou team making a running catch of Anderson's long drive which reminded one of the old days at the league grounds.

William Brown for the losers made a total of 33 runs not out.

The line up and scores follow:

Honolulu Cricket Club.	AB	R	BH	SB	PO	A	E
Deerr b. Hatfield.	7						
Baird c. Irwin b. Hatfield.	8						
Maxwell c. and b. Brown.	2

WILL PLAY AGAIN.

The arbitration board of the Oahu baseball league have decided that the Chinese A.C.-Portuguese A. C. must be replayed on a day agreeable to both teams.

The Chinese players protested the game on account of Joy's decision on an infield fly. The score was 5-3 in favor of the Portuguese when the third Chinese player was out in their half of the ninth inning. The game will probably be played at the end of the regular series this fall.

BIG TURNOUT.

Fourteen aspirants for honors on the Oahu polo team were out for practice Saturday afternoon at Moanalua, and during the two hours of practice every player had a chance to show what they could do.

Next month the first game of the Cavalry-Oahu series will be played the date probably being July 2.

The players who turned out Saturday were: Harold Dillingham, Doctor Baldwin, Sam Baldwin, John Grace, Bob McCormiston, George Denison, Lieut. Rogers, Orderly Pickett from Fort Shafter, Lani Lemon, Alfred Magoon, C. H. Lewis and John Erdman.

BASEBALL RESULTS.

Six fast exhibitions of the national game were played in three different leagues yesterday, the winners being the Marines, C. A. C.'s Asahis, Mu Hocks, Hospital Corps and National Guards.

The biggest surprise of any of the games was the J. A. C.-C. A. C. game that was won by the latter team by a 6-3 score.

Kealoha and Espinda failed to appear, Yamashiro being called into the game to do the twirling and although the J. A. C.'s were beaten he pitched a good game.

The Marines took a brace yesterday in their game with the Portuguese, winning the game by a 2-0 score and not making any errors. Peyton pitched a splendid game throughout and was well supported by the whole team. The Hospital corps-Fort Shafter game ended in a 3-0 score in favor of Barry's team. Both teams played good ball and were cheered by the many rooters who were present. The N. G. H. had little trouble in defeating the Rugerites 9-5 in a game that was brilliant with errors and heavy hitting.

BIG LEAGUE STANDINGS.

The following are the standing in the National and American baseball leagues:

National League Standing.					
Club—	G.	W.	L.	Pct.	
Chicago	45	27	18	.600	
New York	46	27	19	.586

SEMI ANNUAL SHOOT.

god ball and were cheered by the

The semi annual shoot of the Hawaii Gun Club will be held all day

June 26 at the Kakaako range commencing at nine thirty sharp. Nearly all of the members have entered the six events which will be:

First event—Fifty birds handicap, unknown angles from Leggett trap. Prize for best score in first 50 targets.

E. O. Hall & Son cup to be won three times and championship of the club. Entrance fee, \$1.

First prize, refrigerator basket; second prize, 1 pint Thermos bottle; third prize, 50 Pacific cartridges.

Second event—Ten birds scratch, unknown angles and traps. Expert rules, entrance fee, 50 cents.

First prize, aluminum canteen; second, flask; third, pocket knife.

Third event—Twenty birds handicap, known angles, class shooting, free-for-all; entrance fee, 50 cents.

First prize, puttee leggings; second felt hunting hat; third, hunting coat.

Fourth event—Ten birds scratch, unknown angles; walking; five birds across; five birds towards trap; entrance fee, 50 cents.

First prize, sweater; second, game carvers; third, recoil pad.

Fifth event—Ten birds scratch; fourteen yards rise; doubles; from Nos. 2 and 3 and 3 and 4 traps; entrance fee, 50 cents.

First prize, cup; second, 50 Challenge cartridge; third, hunting knife.

Sixth event—Twenty birds handicap; free for all; entrance fee 50c. First prize, shooting jersey.

HEALANI SMOKER.

Members of the Healan Boat Club will be the hosts at a smoker to be given at the club house next Friday evening at eight o'clock.

Some of the best amateur and professional talent have been secured to entertain the many guests who have been invited, and judging from the talent who appear the lucky ones present will be treated to an evening of pleasure.

EXHIBITION TENNIS.

The officers and members of the Neighborhood Tennis Club, will be the hosts next Saturday afternoon at the club's house warming to the other tennis players of the city.

Several exhibition tennis matches are being arranged by the committee who have charge of the arrangements and by Wednesday the complete list will be announced. The first match will be started at two thirty and will probably be between Castile and Nowell vs. Greenfield and McKeever.

Refreshments will be served during the afternoon by the ladies of the club and in addition to enjoying good tennis the affair will be sort of an informal reception in honor of the cozy clubhouse which has just been completed.

COMING EVENTS

TENNIS.	
June 13-18—Manoa club doubles tournament.	
July 1—E. O. Hall cup play (singles).

July 4—Around the Island.	
BOXING.	
July 4—Jeffries vs. Johnson.	

THE SUMMER VACATION.

Spend the summer near at home where you may be in touch with your business and in daily communication by wire with your family and friends. Halewa is the nearest place to the city and the best place for recuperation. The management offers reduced rates to teachers who wish to get back some of the frazzled energy that is needed for the fall campaign and a number of them have already spoken for accommodations. It is a delightful spot and everything connected with the hotel is first class.

BUICK CAR MAKES A FINE SHOWING

SAN FRANCISCO, June 5.—Dr. C. T. Tredwell of Philadelphia was the pilot of a thirty-horse-power Buick touring car that recently returned from the east after a tour of 14,000 miles, which was remarkable for the hard driving and the absence of car trouble. With Dr. Tredwell were his wife and C. S. Park of New York. The start was made from Philadelphia in April, 1909. The party came to San Francisco by the northern route, dropped down into Mexico, and returned to Philadelphia by way of the Shenandoah valley.

"Tires represented our main expense," said Dr. Tredwell. "Considering the unspeakable road conditions which we encountered in many sections, it is surprising that rubber or machinery could be made that could stand up against the treatment. I drove the car throughout the journey and had no mechanical trouble that I was not able to correct myself. I brought the Buick through without a single broken spring."

AN AWFUL FIFTEEN MINUTES.

He came rushing out of the hotel wild-eyed and hair pushing his hat off.

"What is it! What's the matter!" He rushed up the street. Then he rushed down.

Ten—20—50 men collected as if springing out of the earth. Street cars stopped with a jerk. Beer wagons stopped with a bump. Moving vans brought to a halt.

"What is it! What's the matter!" The police came rushing up and wanted to know whose meat market was being mobbed, and then sailed in and broke a few heads. More men—more street cars—more beer wagons. Forty police! Thirty reporters! And yet men jammed and pushed and "What is it! What has happened!"

A crowd! A mob! Traffic blocked! An awful riot imminent! Could the situation be saved? Was the man to save it present and on the job?

He was! He was only a clerk in a blacksmith shop, but he had the genius of a Napoleon. There was an effect. What was the cause? He clove his way through the crowd like a cleaver, entered the hotel, and after a moment reappeared and held up his hand for silence.

"What is it! What has happened!" "Ladies and gentlemen: A few moments ago it was thought that Jimmy Sweetzer, of the Giants, was off his feed, but I am happy to inform you that he is now devouring his usual hard-boiled egg with all his wonted

TEETHING CHILDREN.

Teething children have more or less diarrhoea, which can be controlled by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and then castor oil to cleanse the system. It is safe and sure. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

Fine Job Printing, Star Office.

CADILLAC FASTER THEN AEROPLANE

Two interesting races between motor machines of air and earth took place recently at Jacksonville, Fla., and in each the automobile was victor.

The aeroplane was a Curtiss machine—the very same, in fact, in which Curtiss himself won the world's championship in the recent Rheims meet. A Cadillac Thirty was the automobile; and its victory over the flying machine is made more notable by the fact that only a week before the latter had defeated a celebrated racing motor car and driver at the Atlanta races.

Charles K. Hamilton drove the aeroplane, an eight cylinder, 60 H. P. machine. Dexter Kelley drove the stripped stock chassis of a Cadillac Thirty. Both races were for five miles. In the first, the Cadillac won by 12 seconds; and in the second it crossed the finish line a winner by 7 3/5 seconds.

EDITORS ASSAIL A KING.

Unusually virulent attacks upon King Ferdinand by the Bulgarian nationalist press are exciting keen interest in Balkan circles, a recent Vienna dispatch says. The most aggressive organs are threatening violence openly against the monarch, who is called an ungrateful interloper, an enemy of all Bulgarian interests and the greatest opponent of the autonomy of Macedonia. In a violent article the Balkan Tribune even threatens the king with expulsion.

These threats emanate from Macedonian circles in Bulgaria, the people of that race resenting King Ferdinand's amicable attitude toward Turkey. This feeling has been more pronounced since his visit to Constantinople, particularly since he is not taking advantage of the uprising in Albania to further the Macedonian cause.

King Ferdinand, who is one of the most astute sovereigns in Europe at present, is ignoring all the attacks upon him, although a rigorous press law renders the editors liable to severe punishment.

A HIGH HONOR.

An English lord was a guest in a certain home and his hosts were very anxious to show the highest respect to their distinguished guest, says the National Monthly. The best food in the market was served at the meals, and the conversation was plentifully interspersed with "My Lord" and "My Lady" that, in obsequious tones.

In the morning the hostess, wishing to send some warm water to his lordship by her ten-year-old son, instructed him thus:

"Now, Charles, knock at the door of his room, and if he asks 'Who is there,' you must answer, 'It is the boy, my lord.'"

Charles proceeded upstairs and ed at the guest room door, and the visitor asked from within, "Who is there?"

But the child, overwhelmed by the responsibility of his errand, became confused and replied, "It is the Lord, my boy!"

Fine Job Printing, Star Office.

AT THE THEATERS

Saturday a week ago was a great show night but last Saturday night was the vigiest for the theatre of this season. From the Royal Hawaiian around the circuit every play house was full. At the Empire the "standing room only" sign was cut most of the evening, while at the Park the capacity was taxed to the utmost and hundreds of people were turned away. The Art had a big house crowded to the doors, while the Novelty, in Nuuanu street, was filed to the limit most of the time.

THE NEW ORPHEUM.

Work on the new Orpheum (formerly the Bonine) is being rushed forward as rapidly as possible and all will be ready for the grand opening, which has been set for the evening of June 27. When all is ready for the curtain to rise on the first offering, the new theatre will be a credit to the city, and J. C. Cohen, the father of modern theatrical entertainments in Honolulu, will have merited thanks for this fine addition to the city's play houses. The theatre will be opened by the best talent of the Casino Musical Company, the players being personally engaged by Mr. Cohen while on the coast. Every actor and actress in the combination has received the plaudits of audiences and newspapers all over the West, and will undoubtedly meet with instant and high favor here.

THE ART TONIGHT.

The trio, consisting of Martinette and Grossi and Nada Moret, began their engagement with the Art theatre this afternoon, and will appear tonight and each afternoon and evening of this week.

THE PARK'S NEWEST.

The much talked about Densmore sisters and Thompson will make their initial appearance at the Park theatre this evening, going on at 8 o'clock and again at 9. These are entertainers of the first class and their presence ensures for the Park another week of banner houses. For the eight o'clock part of the show tonight the entire middle section of the theatre has been engaged by passengers who came down in the steamship Wilhelmina with the entertainers. Carl Wallner will reappear in his imitable stunts and the feature film will have to do with the birth of Christ.

FEATURES AT EMPIRE.

Manager Overend has selected a number of excellent films for the program at the Empire theatre this evening, following being the list: "Gambling With Death," "Spring Has Come," "When Woman Hates," "A Grave Disappointment" and "Taming Bulls for Fighting." Royal and El-Hott will present a musical comedy act for the first time. It was written by Mr. Royal for Empire audiences, and is sure to make a hit.

CONCERT TONIGHT.

There will be a band concert this evening at half-past seven at Emma square with the following program: Overture—Don Juan.....Mozart
Grand March—Athalie.....Mendelssohn
Polonaise—In Mask.....Faust
Selection—Faust.....Gounod
Vocal—Hawaiian songs, ar. by Berger

Selection—Breezes from the South
Lancers—The Merry-makers.....Myddleton
Finale—Kiss of Spring.....Myddleton
Star Spangled Banner.

Stepping Stones to Fortune

For two years we have been urging our clients to invest in good California Oil Companies. Many have followed our advice and have made large profits on their investments. Our investments are absolutely safe and extremely profitable.

After our usual careful investigation, we advise the purchase of shares of the VENTURA OIL DEVELOPMENT CO. Like all new companies, the stock of the Ventura Oil Development Co. is now offered at the low price of 15 cents per share. As ITS HOLDINGS comprises a FULL SQUARE MILE OF LAND in the heart of the Ventura Oil district, this company has a GREAT FUTURE.

It is a SOUND BUSINESS ENTERPRISE with an economical management; no preferred stock, no bonded indebtedness; no promotion stock, and last of all, we have the goods to sell.

If you invest your money in this company, you are sure of making large profits. Remember the price is only 15 CENTS PER SHARE.

BUY NOW. THIS IS YOUR OPPORTUNITY for making large profits.

NEWS IN A NUTSHELL

Paragraphs That Give Condensed News of the Day.

Trent Trust Co., still has a few lots in College Hills.

Dividend No. 156 of Ewa Plantation Co., is due and payable on June 30th.

Waterhouse Trust is advertising a modern house for sale in a good locality.

A notice to creditors of the estate of Albert Wiggins is published in this issue.

Noite's restaurant opens at 5 a. m. and keeps open until 7:30 p. m. Meals at all intervening hours promptly served.

Water and sewer Rates are due and payable on July 1st. A failure to pay them before the 15th. of July will subject the holder to an additional 10 per cent.

Noite' is an institution, along with big business houses and banks that have stood the varying conditions of time and the city's growth. It is the people's standard cafe.

Cut out this and take it to Yat Loy Co. corner King and Nuuanu street, and on your making a cash purchase of 50 cents or upwards you will receive ten green stamps in addition to those usually given.

Have you tried Pete, the champion shoe shiner at the Silent Barber shop? Best equipped boot-black stand in Honolulu. Open all business hours.

The closing exercises of the McKinley High School will take place tomorrow night at eight o'clock, instead of on Wednesday night as was announced in the Advertiser. Professor Scott hopes that all the old alumni of the school will be present to witness the exercises, which promise to be the best ever given by a graduating class.

Owing to the passengers of the Wilhelmina having reserved a large section of seats for tonight only a limited number of tickets will be sold until after 8:20 o'clock at the Park theater.

We have several mottoes, but all mean that "the best meal in the city for the money, served in the most satisfactory manner is to be found at Noite's."

At the annual meeting of the St. Louis College Alumni Association held at Dreier Hall June 19, the following officers were elected for the next year: President Dr. J. F. Cowes, vice president Julius Asch; secretary Herman Lemke; treasurer Manuel K. Cook; auditor, Wm. Chung Hoon Jr.; directors, Carlos A. Long, James A. Williams, Henry N. Clark, Charles Osborne.

ADVICE TO BASEBALLISTS

According to a letter received on the China yesterday, addressed to Editor Onodwera, the Waseda baseball team that will represent the University on the Honolulu diamond in July and August will be given a large banquet by President Nagano of the T. K. S. S. Co., before the team leaves for Honolulu on June 22.

Count Okuma, one of the leading baseball fans in Japan will deliver an address to the team before they leave, and judging from the interest being taken by the students of the University, every one wishes that they knew how to play the great American game.

Arrangements are being made in Tokyo among the faculty of the Kelo and Waseda university, to bring a team from Honolulu to Japan next year to play a series of games with the two colleges, and some definite

word will probably be learned when the team arrives here on the end of the month.

A few days ago a picked team from the American Asiatic fleet played an exhibition game with the Waseda team and were defeated by a 6-3 score in the cricket grounds at Yokohama. From a private cablegram received yesterday, the Chiyo Maru will leave Yokohama a day earlier, and with good weather should arrive in Honolulu on June 30.

FREAR'S MESSAGE

Among messages from rulers, potentates and statesmen, including the King of the Belgians, the Grand Vizier of Turkey and Theodore Roosevelt, read at the banquet of the American Newspaper Publishers' Association and the Associated Press in New York was the following:
Honolulu, Hawaii, April 28.
To the American Press.

Nationally internationally press has great influence, but like individuals, and unlike church and school, it needs more generally diffused disinterested aim to ascertain disseminate true and best. Hawaii greatly appreciates splendid service of The Associated Press.

WALTER F. FREAR,
Governor of Hawaii.

SIX WHISKIES
A DAY'S WORK

CHICAGO, June 3.—A half dozen drinks of whiskey in a day will produce the same effect of fatigue on brain and body as a day's hard work. This has been proved by experiments, according to Dr. William J. Wick, who spoke under the auspices of the Chicago Medical Society in the Public Library building.

"Alcohol actually tires the muscles, the nerves and the brain," he said. "A man who has reater an entire day, vigorous and fresh, was put at hard labor at the end of the day he was subjected to physical and nerve tests to prove the extent of fatigue."

"Then he rested another day and was given doses of alcohol, doing no work. The second examination showed his body and nerves had undergone the same fatigue as on the day he worked."

"Even one glass of beer, will show a marked effect. It will deaden the quick response of the nerve centers and so produce hasty and incoherent movements of the muscles."

ART THEATER
IS ROBBED

A burglary in every sense except that the amount of plunder was small was committed during the hours of last night at the Art theater. The front door, which was not locked, was entered and the office door pried open with what appears to have been a chisel. As luck would have it, only 80 cents had been left in the cash drawer. This was taken. The burglar then ransacked the place but found nothing else that he cared for.

The matter has been reported to the police and will be followed up. Although the amount stolen was small, it is the view that the burglar should be dealt with as severely as though a large amount of cash were concerned, the offense being the same.

FIXING A
NEVADA FIGHT

(Special Cable to the Star.)

RENO, Nevada, June 20.—Arrangements are being made here for a fight between Langford and Ketchel.

CONVENTION
IN 'FRISCO

SAN FRANCISCO, June 20.—The Republican State committee has called convention to take place in this city on September 6. The Payne tariff is endorsed and the insurgency element denounced.

JEFFERSON CITY, Mo., June 20.—The State authorities, will at once begin ouster proceedings against Armour, Swift, Morris and others of the meat packing trust for violation of the anti-trust laws.

MARAMA DUE
TOMORROW

Agents for the Marama expect her to arrive off port some time tomorrow forenoon, but as the ship has no wireless nothing definite can be learned until she is sighted by the lookout at Diamond Head.

Nearly a dozen passengers who are booked for the Wilhelmina are coming on the Canadian-Australian liner, and for that reason the agents think that the captain will bring the ship in early as the Manuka was brought last trip when the head of the line, Sir James Gibb, was a passenger.

Jack Seely and Henry McRae, who are in charge of the boxing bouts which will be held tomorrow night at Aloha park, are very anxious to have the ship arrive early enough so as to give the men who will box a chance to get out and stretch their legs before they enter the ring.

Every detail has been arranged to give the sporting public a chance to see Burns and Lang in action and, if nothing happens to prevent, the men will enter the ring on schedule time. Gans is already for his eight round go with Bobby Johnson who is doing good work in training and, taking everything into consideration, tomorrow evening's show should be a success in more ways than one.

TO BE GIVEN AT THE

Kilohana Art League Hall
BY SPECIAL REQUEST.
