VOL. V. HONOLULU, H. I., TUESDAY, MAY 10, 1898. No. 1574

CATTLE SCOURGE ON MAUI

HUNDREDS CATTLE AFFLICTED WITH BLINDNESS.

An Intestinal Worm has Attacked the Horses on Some of the Plantations—Large Numbers are Dying.

Cattle on Maui are suffering from a scourge which it is feared will inflict great loss on cattle owners. For some time past cattle, especially dairy cows and those in pasture, have been going blind.

At the instance of Representative Pogue and Senator Baldwin, Dr. Samuel Karr, veterinarian and officer for the prevention of cruelty to animals, went to Maui last week and made an investigation. About 200 head of cattle were reported to him as having gone blind from the scourge, whatever it is. Several of the animals were killed and the affected eyes brought here for examination. While he has not fully completed his examination, Dr. Karr is convinced that the disease is that which is known as Staphylococcus, a tumor of the cornea. It is of a whitish color and runs its course, producing blindness, in a short time. There are a number of efficient causes for the disease, a blow or the sting of a fly or other insect has been known to produce it. From the prevalence of the disease, Dr. Karr is inclined to believe that in the present case it is due to the sting of a fly or insect, though he was not able to find any fly the sting of which is known to produce such a disease. It is the prevailing opinion among the owners of the affected cattle that the disease is caused by the sting of an insect. The disease does not affect the general health of the cattle, but of course after they become blind they are not capable of finding good grazing spots. The whole matter will be scientifically investigated.

Horses on some of the plantations on Maui are dying from strangles, an intestinal worm. Seventeen horses on one plantation died within a few days. Deaths among horses from the same cause are reported from several places. The worm hatches from the egg in the intestines of the horse and then finds its way into all the tissues, literally eating the animal alive. Dr. Karr thinks that by care in feeding the horses and by the use of medicine for those affected, this scourge can be fully coped with.

VICTORIA'S BIRTHDAY.

British Residents Now United in the Celebration.

The outlook for the celebration of Queen Victoria's birthday, May 24th, is very bright. The Sons of St. George, which appointed a committee some time ago to make arrangements for the celebration by that organization, discharged the committee last night with a vote of thanks for its work. And while it was not formally voted to join in the general celebration by British residents, it is understood that such will be the course taken.

A. St. M. Mackintosh has not resigned from the Sons of St. George organization, as has been reported. E. B. Thomas is the president of the society.

The committees which have the celebration in charge, representing all the British organizations and the British residents generally, are as follows:

W. Horace Wright was made secretary of the committee and sub-committees were organized as follows: Finance—F. M. Swanzy, W. G. Irwin, W. W. Wright, John Phillips and A. S. Cleghorn.

Reception—W. R. Stanley, Dr. H. V. Murray, T. B. Starkey, Rev. V. H. Kitchin, Rev. Alex. Mackintosh and W. Horace Wright.

Decorations—George L. Dall, J. Lucas, J. Lightfoot, F. Davey, F. Harrison and W. White.

Floor—J. S. Walker, A. St. M. Mackintosh, E. B. Thomas, A. Garvie and T. Black.

Refreshments—Robert Catton, W. H. Pain, S. J. Weddick, W. W. Wright, W. Lishman and W. C. Sproull.

Printing and Advertising—Daniel Logan, H. L. Herbert, George Harris, T. Smith and W. Horace Wright.

Attracting Much Attention. The new styles now being displayed at L. B. Kerr's Queen street store are attracting much attention, and are being greatly admired by all who visit this busy store.

Matchless goods. At unmatched prices. McINERNEY'S SHOES.

Fine Repair Work. When your Bicycle, Gun, Typewriter or any article of fine mechanism needs repairing and you wish a job which is certain to prove satisfactory, bring it to us and we will fix it for you and guarantee it fully.

We take pride in turning out only the very best of work and will call for and deliver it to any part of the city.

Pearson & Hobron 312 Fort street. Telephone No. 565. Opposite Lewers & Cooke's.

ENGLAND MAY GET MANILA

HAS A CENTURY OLD CLAIM ON THE PHILIPPINES.

Japan Declares Neutrality—Will Send Cruisers to Watch the Naval Struggle at Manila—Count Ito Resigns.

YOKOHAMA, April 30.—The Japanese government will formally declare its neutrality at an early date, though there can be no doubt as to the true direction of popular sympathy. The vernacular press entertains no doubt as to the ultimate outcome of the struggle, though its comments on the phases of the latter cannot be recommended on the score of their sapience. Currency has been given to a statement from an unknown quarter, that in the event of the seizure of the Philippines by the United States, they will forthwith be handed over to England. The reason de'tre of this report is that England already has a prior claim by virtue of Spain's failure to pay the ransom demanded by England when the Islands were restored to Spain in 1764. The Japanese government will probably dispatch three warships to watch the progress of the naval struggle near Manila, and also, it may be inferred, to guard Japanese interests in Formosa. The war has already had an appreciable effect upon Japanese trade, and in many cases, foreign firms here have been notified to suspend their purchases of silk, except the cheaper qualities, for Europe.

The present Cabinet succeeded in obtaining certain Chinese concessions which will doubtless strengthen its hand when called upon to face a hostile party in the Diet. The Chinese government has given Japan assurances that it will not cede the Province of Fuh-kien to any other power; also that when Japanese subjects enter into the mining industry into the interior of China, in partnership with Chinese, China will extend to the former all the rights and privileges granted to the subjects of other foreign powers. Moreover in the event of a bad rice crop in Japan, China will suspend the law prohibiting the export of rice, and grant facilities for the importation of the cereal into Japan.

The only recent political change of importance is the resignation of Baron Ito, Minister of Agriculture and Commerce, whose portfolio has been handed to Baron Kaneko.

The principal clauses of the new Russo-Japanese convention said to have been already signed, have exclusive reference to Korea, and in all the circumstances, may be taken as fairly satisfactory to Japan.

There has been another recrudescence of coolie outrages in Kobe.

The unpopularity of the Ito Cabinet is on the increase. It is complained of it, that its foreign policy is feeble, and that it shrinks from taking any active measures against the doings of Russia, France and Germany in China.

JAPAN AND CHINA.

The Two Powers Seem to be Coming Together.

PEKING, April 26.—As the result of the negotiations between Japanese Minister Yano and the Chinese government, the latter has pledged itself not to cede the province of Fuh-Kien to any other power.

In compliance with Minister Yano's representations the Imperial Chinese government has agreed to the following stipulations.

That when Japanese subjects enter into mining industry in the interior of China, in partnership with Chinese, China shall extend to the former all the rights and privileges granted to the subjects of other foreign powers.

That in the event of a bad rice crop in Japan, China shall suspend the law prohibiting the export of rice, and grant facilities for the importation of the cereal into Japan.

BUYS RESIDENCE PROPERTY. Building Lots and Chase Residence is Bought by W. Wolters.

William Wolters closed a deal with C. S. Desky yesterday afternoon for the purchase of the latter's fine residence site at the corner of Prospect and Mackfield streets. The price agreed on is \$2,500.

Mr. Wolters also closed a deal with C. D. Chase for the purchase of the Chase residence and lots adjoining the same premises.

It is understood that Mr. Wolters will greatly improve both properties.

WHOOPIING COUGH. I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Bargettsdown, Pa. For sale by Benson, Smith & Co., wholesale agents for the Hawaiian Islands. All druggists and dealers.

FRESH IMPORTS. By the S. S. Zealandia, Camarinos will receive cherries, rubarb, asparagus, celery, cauliflower, fresh salmon, crabs, flounders, oysters (in tin and shell), apples, grapes, figs, lemons, Barbank potatoes, pure olive oil, dried fruit, new crop of nuts, raisins, etc. California Fruit Market, King street.

FLAG MAY NOT PROTECT

ANXIETY FOR HAWAIIAN SHIPS ON THE ATLANTIC.

Marine Underwriters are Awaiting Advice From the Coast—Owners are Making Serious Inquiries.

The Hawaiian flag may not protect. Owners of Hawaiian bottoms now en route to or from New York are anxiously inquiring of the marine underwriters what rates of insurance can be secured on them. The underwriters are unable to give information, as they are waiting for advice themselves.

Insurance on American bottoms to go around the Horn cannot be secured at any price, and there is a feeling that nothing short of war rates can be secured on Hawaiian bottoms.

Rates on vessels and cargoes between here and San Francisco are unaffected.

THAT BETHEL STREET CASE. In the Supreme Court's decision of yesterday relative to Oahu Lumber Company vs. Ah Yok, et al., being an action to recover possession of a two story house on Bethel street, near the postoffice, the exceptions were sustained, and the case remanded for further proceedings. With respect to the question raised by the plea of title involved the Court concludes its decision by saying, merely: "We cannot consider it." Magoon and Silliman for plaintiff; Humphreys and Gear for defendant.

ACCIDENT ON THE RAILROAD. The 4:45 passenger train from Ewa ran over a cow Saturday afternoon near Halawa. One of the passenger coaches was derailed and ran along for a considerable distance before the train could be stopped.

Those in the car were given a violent jolting up but were not otherwise injured. The car was jacked up and then pulled back into place.

The cow causing the accident had broken over the fence of Minister Damon's pasture.

THIRTY HORSES TRAINING. Preparing for the Big Race Program on June 11th.

The horse races in June will, by long odds, be the best ever seen in this city. That is the verdict of all horsemen as well as every one else posted on the blood now at Kapiolani park track.

There are now in training at the track thirty horses, nearly twice as many as in past years at this time. Several of them are new here, having been brought to the country especially for the June meet.

The horses are in charge of Nat Goodwin, Jack Gibson, John Durfy, "Dutch Dave," Walter Bagby and Ned Gillespie. These men are considered to be the best trainers in the Pacific.

One of the new horses has a record in the states of 2:06, another 2:09 and a third 2:12.

MAKES IT MANSLAUGHTER. Hok Yok Yung, the Chinese woman who is charged with poisoning her children with opium last Friday, was before the district magistrate this morning. At her own request the case was put over to Thursday, the 12th. The prosecution has decided to make the charge manslaughter in the first degree.

INTRENCHED AGAINST FAMINE. There is one necessary evil the price of which will not be materially effected by the war between the United States and Spain, i. e., Manila cigars.

While the Philippines are being blockaded and rapped to pieces by the American fleet, Honolulu will continue smoking Manila cigars at the old price. This time it happens that local merchants smelled powder from afar, and placed extraordinarily large orders in the winter. The town has cigars to burn. The war may go on.

ANOTHER EXCESS DUTY CASE. W. S. Peacock & Co. have lost their case against the government, a claim of \$1,300 for excess duty paid on a shipment of liquors some months ago. The decision in the matter was filed late yesterday.

ROAD REACHES WAIALUA. The railway extension reached Wai-alua yesterday. Mr. Dillingham made this interesting announcement in the afternoon. At present the terminus is at the river. The road would stop at that point if it were not to be extended to Kahuku.

Mr. Dillingham states further that by tomorrow night trains can run through to Wai-alua.

LATEST PARSIAN STYLES. Admirers of the beautiful in dry goods should embrace the opportunity now offered by L. B. Kerr. His stock of goods is new and has never been equalled in Honolulu.

"A REPEATER." Four firsts, two seconds in the finals, three firsts, two seconds and a third in the trial heats, of the races at Cyclomere park, Saturday night, is the record for the Sterling bicycle. Aside from these, two records were lowered.

This is conclusive evidence that it takes fast wheels to make fast races. Pacific Cycle and Manufacturing Company, agents.

A STRANGE PHENOMENON

A WELL THAT IS REGULATED BY THE CLOCK.

Manager Fairchild of Kealia Plantation Describes a Curiosity in the Flow of Artesian Water.

A most curious phenomenon has been observed in the flow of an artesian well on Kealia plantation, Kauai. The water has regular variations in its flow, being lowest at 8 o'clock in the morning, gradually rising until it attains its greatest flow at 2 o'clock in the afternoon, and then as gradually falling until 8 o'clock in the morning.

Manager George H. Fairchild of the plantation thus describes the peculiar phenomenon:

"The top of the pipe is 12 feet above sea level. At 8 feet there is a flow of about 1,000,000 gallons in twenty-four hours. By adding 5 feet more of pipe the flow stops. We have had this extra 5 feet of pipe on top of the well for a month or more, waiting for extra pipe to conduct the water to the mill where it is to be used. We have noticed a peculiar action of this column of water, and I have been unable to find any explanation of it. If the publication of the facts by The Star will lead to an explanation, I will be very much gratified.

"The column of water in this 5 foot additional pipe placed to prevent the flow, at 8 o'clock in the morning is at its lowest point one and a half inches below the top of the pipe. Then it rises until at noon it begins to flow over the pipe. The flow increases until 2 o'clock when there is quite a flow. From that time it gradually falls, until at 11 o'clock at night there is a very slight flow, and this ceases at 1 o'clock in the morning, the water gradually falling until it reaches the lowest point at 8 o'clock, when it begins to rise again.

"It has been suggested that this change in flow is due to the tides, or to the rotation of the earth, or to the influence of the sun. It is interesting and I should like a satisfactory explanation."

Representative McCandless says regarding this phenomenon that in his experience where an artesian well is influenced by the tides, the water never rises above sea level.

HANDSOME PORTFOLIOS. Have you any idea how artistic in every sense of the word are the books of the American Navy Portfolio? The reproductions of the photographs are finer than the originals, the paper is the best and the type of the descriptive text is large and clear.

SITUATION IN MANILA. Spanish Planting Mines and Torpedoes in the Harbor.

The near presence of the American squadron to the Spanish possessions in the Philippines, says the China Mail, has aroused the authorities to a sense of their responsibility, and, in accordance with telegraphic instructions from Madrid, the Spanish naval and military authorities have been busy in their endeavors to fortify Manila. Mines have been laid in the harbor and torpedoes kept in readiness. The extent of the improvement in the fortifications, however, may amount to placing about half a dozen six inch guns in position. With the almost continual warfare against the rebels, the stores are said to be in a wretched condition, and large sums are being offered for munitions of war.

Our information from an excellent source, continues the Hongkong contemporary, is that as soon as the American men of war appear in the harbor of Manila both the priests and the mercantile community will demand the capitulation of the city. There is a perfect understanding between the priests and the United States government.

In the event of the refusal of the Spanish authorities to surrender, the rebels will play an important part. At the present moment there are 8,000 rebels lying in wait on the hills outside the city, and 3,000 of these insurgents are troops who have deserted from the Spanish army. They are well provided with arms and ammunition. On two occasions they have entered the city under the mistaken impression that the American warships had arrived, and the mercantile community were prepared, having all their doors and windows securely fastened.

PROVES ITSELF. The best proof of the value of an advertising medium is the return secured. The Star advertised the war portfolio in the Semi-Weekly, and the large number of orders sent back was largely in excess of anticipations, and proves that where you have anything for sale that the people want, that it pays the very best returns to let the people know it through a good established newspaper. The Semi-Weekly Star has arrived at that point where it recommends itself to any advertiser who desires to push trade upon the other Islands.

PIANOS. All styles of Kroeber pianos for sale for cash or on the installment plan. Old instruments exchanged for new ones. Pianos rented, tuned and repaired. Telephone 321. BEIGSTROM MUSIC CO., Masonic Temple.

SECURE PORTFOLIOS NOW

PRESENT EDITION WILL SOON BE EXHAUSTED.

Thousands of Books Sold in Honolulu and the Demand Increases—Complete Series to Be Had.

Part VII of The Star's Portfolio series is devoted to Cuba and views of the wrecked Maine. Part IX is devoted to Cuba exclusively. Among the many views shown none is more interesting than the picture of Morro Castle. Prior to the era of armored ships and rifled ordnance, this fort was considered impregnable, but it is now entirely obsolete for defensive purposes, and the Zealandia may bring word tomorrow that Admiral Sampson and his fleet have reduced it to a pile of rock.

Fortifications of Havana, offer no obstacles to modern battleships. As the English ironclads, miles out at sea, battered to pieces the defenses of Alexandria, in 1882, so the United States fleet could sweep from the earth the frowning forts of stone to which Havana looks for protection. It will be a proud day for the American navy when the Stars and Stripes are above the fortifications of Havana. That flag will insure a cessation of tyranny and the establishment of law and justice. Everybody is interested in naval matters now, and The Star meets the wishes of a large number of its readers by offering at a nominal price (10 cents apiece) a series of elegant portfolios, illustrating and describing the American navy, Cuba and the Hawaiian Islands.

The complete series of the Portfolios is now ready and can be had at this office. The sale of the Portfolios has been unprecedented, and from the present indications, it looks as though The Star's large order will be entirely inadequate to supply the existing demand. It will be some time before another supply can be secured from Chicago, and those desiring a complete set should secure them before the present edition is exhausted.

AFTERNOON IN SENATE. In the Senate yesterday afternoon the House bill forbidding the sprinkling of clothes with the mouth passed second reading.

The Public Lands Committee was requested to meet the Carter Memorial Committee on the matter of a site for the proposed fountain.

Minister Cooper gave notice of the bills relating to streets on private lands and to open a marine park on the east side of the harbor of Honolulu.

TUG OF WAR TONIGHT. Portuguese and Wela Ka Hao Will Try Conclusions.

The tug of war tournament at the circus will begin this evening with a pull between the Portuguese and the Honolulu Iron Works teams. There will be seven men and an anchor in each team. The event promises to be one of the best of its kind ever witnessed here.

Another feature of this evening's program will be the historical sketch, "Dick Turpin's Ride to York," in which Black Bess will be impersonated by the black mare purchased from William Goodness, the Walluku stable man.

The special program will be preceded by a series of prize equestrian events.

ART AND SCIENCE. At the World's Columbian Exposition art and science was thoroughly exemplified. The greatest achievements of modern times were on exhibition. Among the many beautiful displays none attracted more attention than that made by the Singer Sewing Machine Company. It won the enthusiastic praises of all. B. Bergersen, Agent, Bethel street.

EMBRACE IT. An opportunity to get draperies at cost. A large stock to arrive shortly, forces us to make a clean up. A glance at our prices will convince you. N. S. Sachs Dry Goods Co.

Awarded Highest Honors—World's Fair. Gold Medal, Midwinter Fair.

DR. PRICE'S CREAM BAKING POWDER

WHAT SAILOR MEN TALK OF

KINAU TAKES MANY PASSENGERS TO HAWAII.

Doric Reports Fine Weather all the Way Across the Pacific—The Esther Buhne Arrives with Lumber.

The Doric reports fine weather all the way across the Pacific.

The Albert is nearly finished loading sugar for San Francisco.

The Bennington is receiving her coat of lead colored paint. The work began this morning.

The barkentine Jane L. Stanford has cleared and will probably sail today. She carries sugar to San Francisco.

The Kinau sailed this morning for Hawaii ports. She carried a large number of passengers for the Big Island.

Captain Anderson of the Esther Buhne is accompanied on the trip from Eureka just completed by his wife and three children.

The Esther Buhne, Anderson master, an American schooner, got into port shortly after 6 o'clock last evening, with a big cargo of lumber for Allen & Robinson.

The Doric brought 197 Chinese and 11 Japs. The Chinese were all persons who have resided here before and are returning. They include 161 men, 15 women and 11 children. They were transferred to the quarantine station this morning.

ARRIVALS.

Monday, May 9.
O. & O. S. S. Doric, Smith, from the Orient.
Am. schr. Esther Buhne, Anderson, from Eureka.

DEPARTURES.

Tuesday, May 10.
O. & O. S. S. Doric, Smith, for San Francisco, at 2 p. m.

Stmr. Kinau, Clarke, for Maui and Hawaii ports, 10 a. m.

Stmr. Claudine, Cameron, for Maui ports, 5 p. m.

Stmr. Kaena, Mosher, for Waialua ports, at 9 a. m.

Stmr. Kauai, Boone, for Waimea and Kekaha, at 4 p. m.

Stmr. Mikahala, Thompson, for Nawiliwili and Hanalei, at 4 p. m.

Stmr. Ivalani, Gregory, for Honokaa and Kukaehae, at 4 p. m.

Stmr. W. G. Hall, Haglund, for Koloa, Eleale, Hanalei, Makawili and Niihau, passengers only for Nawiliwili, at 5 p. m.

IMPORTS.

Per O. & O. S. S. Doric, from China and Japan, 495 tons of general merchandise.

Per Am. schr. Esther Buhne, 325,000 feet of lumber, from Eureka.

PASSENGERS.

Arrived.
Per O. & O. S. S. Doric, from Yokohama, for Honolulu—W. F. Brand, Lieut. Slavin, I. R. N., O. H. Chong, H. Song and Dr. P. Dahlke.

SCHUMAN'S

Reward of Merit.

At the Chicago Cycle Show in 1897, each visitor on entering the show was handed a coupon reading as below:

"After viewing the exhibits, kindly fill in the name of the Bicycle which pleases you best as regards beauty and mechanical merit, and deposit the coupon in ballot box near exits."

"Name of Bicycle"

The "SHIRK" received 17,489 ballots against 12,377, the next highest.

When it is known that all the leading makes of wheels in the United States were on exhibition at this show the above speaks for itself. The Honolulu Bicycle Company have secured the agency for this elegant high grade wheel. It will interest you to call and see it.

DEATH-BLOW TO WHEELING

CLOSING OF CYCLOMERE MEANS
END OF A POPULAR SPORT.

New Management Have Lost Money—
Return Track Property to Mr. Desky—
Will be Demolished.

The new Cyclomere had returned the
track property to Mr. Desky this
morning and surrendered their lease.
They informed the owner that they
had lost money on the proposition,
and did not desire to carry it along
any further.

Mr. Desky took the property back,
and announced as his intention the
immediate destruction of the track
and filling of the pretty little central
lake. The ground will be leveled,
plotted and sold for building pur-
poses.

It is a fact that the new managers
of Cyclomere have sunk a barrel of
money in the new enterprise. The
opening night they barely took in
enough money to pay for the prizes
given away. Aside from this the man-
agement had to pay their lease and
all expenses connected with the meet.
The boys feel that the town has not
given them the patronage and encour-
agement it should.

This shift of arrangements has
created some consternation in wheel-
ing circles. It means the death of
cycle racing, many say. Kapiolani
track is the only place that could pos-
sibly be used for such purposes in
future, and it is little better than a
public road.

There was some talk a few days
ago of the Y. M. C. A. taking over the
property for wheeling and other pur-
poses. This scheme has now fallen
through, however, as the figures of
Mr. Desky and the needs of the asso-
ciation are wide apart.

The Cyclomere meeting on Saturday
night was an evening of good sport,
poorly attended.

Martin, who made a try for a half
mile, flying start, paced, in a minute,
succeeded, coming across the line in
59.3-5 seconds, amidst the greatest
shouting and excitement.

The attendance was so small that
the management have lost money.
Only \$113 was taken in at the gate,
while the prizes amounted to over
\$200.

In the two mile amateur handicap,
Ludloff won in 5:21; Damon, second;
Giles, third.

Jones won the final and the race in
the half mile open professional, in
1:17; Manoa, second; Martin, third.
King won the two-thirds mile open
amateur, in 1:34; Ludloff, second;
Giles, third.

Jones took the mile handicap pro-
fessional, in 2:20; Martin, second;
Whitman, third.

It is true that every picture given
in the American Navy series has in-
teresting descriptive texts with it.
You can prove it for 10 cents and a
coupon. Get Parts I and II, which
are now ready.

THE HOUSE QUIETS DOWN.

Opponents of the Income Tax in the
Minority.

The tense feeling in the House of
Representatives which originated in
Representative Robertson's remarks
about the money power in his speech
on the income tax bill, was still felt
when the House met in the afternoon.
Speaker Kaulukou kept the body well
in hand however. Mr. Robertson ex-
plained that he had no thought of
charging bribery and did not charge it.
He merely called attention to the
fact that whenever the bill was under
consideration wealthy men were
present. They were interested against
the bill, and had sought as they had
a right as citizens to do, to defeat the
bill. He merely wanted to call at-
tention to this fact and secure for
the bill consideration on its merits.

Representative Atkinson speaking
to the merits of the bill said that all
writers on taxation were unanimous
in saying an income tax was the fair-
est tax that could be imposed. A
man earning ten or twenty thousand
dollars a year under present circum-
stances paid a smaller amount of tax
than a man earning only \$1,000. A
laboring man making \$20 a month was
assessed nearly three per cent while
there were men in Honolulu with
large incomes paying only half of one
per cent.

A number of parliamentary motions
were made with the purpose of de-
flecting the measure. But all were
lost by a vote of 7 to 8, the speaker
casting the deciding vote.

As shown by these votes those in
favor of the income tax are: Pogue,
Robertson, Wilder, Atkinson, McCand-
less, Gear, Achi, Kaulukou.
Those opposed to the bill are: Loe-
benstein, Richards, Paris, Kahouliello,
Kani, Kaeo, Isenberg.

REGARDED AS A DUTY.

"I lost my appetite and became
weak. At last I was taken very sick.
My attention was called to Hood's
Sarsaparilla and I took a bottle and
it made me feel better. I have taken
five bottles and am now well. I feel
it my duty to tell you what Hood's
Sarsaparilla has done." Mrs. A. Ever-
sen, Wedderburn, Oregon.

HOOD'S PILLS are the favorite
family cathartic. Easy to take, easy
to operate.

SEATTLE ROCK.

Good old Seattle Rainier Rock ar-
rived by the Mowere, and can be had
in quantities to suit at Rainier head-
quarters, the Criterion Saloon. People
say that there is no Rock shipped to
Honolulu that can touch the Seattle
Rock, and as they are the consumers
they ought to be the best judges.

Do you know that Part III of the
American Navy, Cuba and Hawaiian
series, now being published through
The Star, is devoted entirely to the
loss of the Maine and the story of her
doings before that time?

CRISOLINE is a new and most effective means to treat
the throat and bronchial tubes. Its efficiency in
treating Croup and Whooping Cough is well known
and its use is recommended by the most eminent
physicians. It is a pleasant, non-toxic, and effec-
tive remedy for Whooping Cough, Croup, Asthma,
Catarrh, Colds, etc. It is sold by
HOLLISTER DRUG CO., Honolulu, H. I., Agents.

Just the Thing!

TUESDAY, MAY 10, 1898.

INCOME TAX.

The income tax has arrayed against it quite a solid phalanx. Yesterday a most determined effort was made to kill the bill by the opponents, before its merits or its demerits could be discussed. Again and again, in some form or another, the efforts of the opponents were concentrated on strangling the bantling at its very birth, and this in face of the fact that the Finance Committee has to report upon Schedule E, which according to the majority of the business men in this city, is the stumbling block which prevents them from supporting the income tax.

If the committee reports against Schedule E, which it very probably may do, the question of wiping out the schedule will be before the House, and it will be in the hands of the House to wipe out the objectionable clause from the tax books, and under such circumstances it appears very nearly dishonest to try to throttle the income tax bill until that information is before the House. It looks very much as if the argument about Schedule E, which is used by the heavy moneyed men outside the House, had nothing really to do with the opposition to the income tax bill, but that the opposition is to the having an income tax at all.

The only arguments brought forward against the passage of the bill yesterday, beyond the one that is contained in the distich

I do not love you, Dr. Fell.
The reason why I cannot tell,
But this I do know very well,
I do not love you, Dr. Fell.

which seemed to be the mental attitude of the opponents, were that the tax assessors and collectors did not approve of it and that it was unconstitutional in the United States.

The first argument is a lame one. Why should the convenience of the two assessors and tax collectors be considered. They are the servants of the public and whatever the public through its representatives decides that they shall do, they must do, or give place to other men. Because they have familiarized themselves with the present tax law, is no argument why they should not familiarize themselves with a change in the law. Upon this ground there never would be any change at all, because, forsooth it would entail trouble upon the tax collectors and tax assessors. So we might have no change in the audit act because everyone connected with the government is accustomed to the present system, and it would entail trouble upon the heads of departments and the various clerks and officials to learn the new, when they are familiar with the old.

The second argument used, that an income tax is unconstitutional in the United States, is entirely erroneous. As a federal tax, it has been declared unconstitutional, but as a state tax not necessarily so, though the effect of the decision in some of the States has influenced their Supreme Courts. Two states levy general income taxes at the present time. In Virginia, on income derived from interest or profits, the amount in excess of \$1,000 is subject to a tax of one per cent. In Massachusetts it is provided that income from annuities, from certain ships and vessels, and so much of the income from a profession or trade or employment as exceeds the sum of \$2,000 shall be taxed. Moreover, in Pennsylvania, an income tax of three per cent is levied on the income or net earnings of all corporations, foreign insurance companies and on every private banker and broker, or incorporated banking and savings institution and express company.

The information given above is taken from Richard T. Ely's "Taxation in American States and cities," and is thoroughly reliable. The statement then that in view of annexation it is unwise to levy an income tax, because annexation would make it unconstitutional, is based upon an entirely false premise and cannot be entertained.

But it is very evident that cogent argument is not the battle horse that those, who are opposed to the income tax, are going to ride. The arguments in favor of income tax are irrefutable. Even its opponents acknowledge it is a good tax, only, they do not want it just now. A year or so hence it will be all right, but just

now let them escape their due burdens for a little time longer.

SPANISH FINANCE.

At the present time it is well to consider the condition of Spanish credit as compared with that of the United States. As has been repeatedly pointed out the money market is a barometer which is an excellent guide as to the relative position of the belligerents. Therefore, the unstable condition of Spanish credit and the decline of Spanish bonds is significant as against the prices which are maintained for government securities of the United States.

Spanish four per cent bonds declined from a little over fifty to forty-two in the London and Paris market the week before war was declared, and went down to thirty and one-half as soon as hostilities had commenced. The chief holder of Spanish bonds, according to Bradstreet's, is the Paris Bourse. Ever since the Cuban insurrection of 1895 commenced, the English holders have been unloading upon Paris, and this may account for the attitude of France in the present quarrel.

It is regarded by the financial papers as highly probable that Spain will make a default upon her present debt. To carry on the war she will be unable to obtain money from the outside, but she can appropriate the assets of the Bank of Spain and its gold reserve, the latter amounting to about \$40,000,000. She can also depend upon the patriotic efforts of her own citizens. The Queen, for instance, has put her private estate, which is very large, at the disposal of the government. But though this may supply the sinews of war, it will have no effect upon the financial position. Spain in the fifty years before 1873 defaulted many times, and it was not till 1882 when the old three and a half per cents were refunded at forty-four and one-half per cent of their face value in the new four per cent bonds that any regularity of interest charges were observed.

On the other hand while Spanish four per cent bonds have gone down to thirty and one-half, the United States four per cent loan of 1925 is steady at one hundred and seventeen and five-eighths a very significant comparison as to the financial standing of the two nations. Financial authorities further state that under the present circumstances there will be no difficulty in obtaining good prices for a United States loan of \$100,000,000 at as low a rate as three per cent, and that such a transaction would have little positive effect in the money market upon the value of other United States securities.

Secure The Star Portfolios.

THERE IS A STATUE

Inside of every block of marble, but only an artist can release it. On the same principle it required skill and patience to extract from cod liver oil its curative and flesh-building properties, leaving out the bad odor and nauseous, disgusting taste. In

WAMPOLE'S

PREPARATION,

this is done. It is made from Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry Bark. Search the world over and you will find nothing so pleasant and effective. Children who protest with cries and struggles against "that nasty cod liver oil," and other nauseous medicines, take the preparation as they would take common syrup. So much for its superficial qualities. As a remedy there is life and health in every dose. For Nursing Mothers, Invalids and Consumptives, it meets every want. It expels disease germs from the blood on modern scientific principles. *Three pounds in weight have been gained from a single bottle.* Taken before meals it gives you an appetite and makes your food do you good. For Anemia, Scrofula, Rheumatism, Bowel Complaints, Blood Impurities, etc., it has no rival; its merit is wholly its own. It is not a petrified relic of the Medical Dark Ages. It was made to cure and it sells because it cures. You cannot be disappointed in it. Sold by all chemists.

Timely Topics.

May 4, 1898.

With so much rain a month ago, it seems strange that the cry for more moisture should be heard so soon.

It generally follows that after a long period of wet weather, a dry spell follows. The ground will not stand the drouth near as well, after being soaked with rain for weeks, and the greatest attention should be given all growing crops, as well as your ferns and lawns.

By giving us a call we can overcome the difficulty of a short water supply with our different sized

Aermotors,

which will furnish any amount of water up to ten thousand gallons per hour, and at an astonishingly small expense. They are in general use all over the islands, and their success is a sufficient recommendation. We simply wish to remind you that we have them for sale and that you really need them to furnish an ample supply of water.

Thorough tests at various times and under all conditions have made the Aermotor the Standard.

A Strong Testimonial.

Hamakua Plantation,
Paauilo, Hawaii, H. I.

Mr. J. G. Spencer,
Pacific Hardware Company,
Honolulu, H. I.

DEAR SIR: The **Secretary Disc Plow** I purchased from you is giving us satisfaction. We are using it to plow under a crop of lupins. They are three feet high and very thick. Your plow turns them completely under, at the same time plowing the land fourteen inches deep.

I feel satisfied that with this plow the draft for the same quantity and depth of work is as six to eight. That is, with the old plow, to do the same work, it takes eight good mules; with your plow it takes only six, and they are less tired at night.

Please send me another plow by the first schooner leaving for this.

You are at liberty to use this in any way you may see fit.

Yours truly,
A. LIDGATE.

EVERYBODY INVITED

L. B. KERR, IMPORTER,
QUEEN STREET,

You Can't Afford

To pass this store when you are in quest of dependable Shoes. It is inexcusable extravagance to do so.

WHY?

Ask some of your friends who have bought Shoes here. They will tell you. We meet you all on a friendly footing. We have Shoes for those who feel that \$2 is enough to pay for a good pair of Shoes, and we have them for those who see economy in buying higher grades. And further, we have more Shoes than anybody else in town.

MANUFACTURER'S SHOE CO.

WILL HAVE SOCIAL PARLOR

MEETING HALL OF THE Y. M. C. A.
TO BE REARRANGED.

No More Public Meetings There—The Game Tables and Music—Lanais and Lemonade in Future.

At a meeting of the directors of the Y. M. C. A. held last night it was decided to convert the big meeting hall upstairs into a social parlor. To this end the chairs will be removed and will be replaced by croquet tables, chess boards, etc., a reading department and musical instruments.

The place will be made a desirable resort for the better class of young men. Heretofore no such place has been supplied by the institution. Lemonade and such light refreshments will be served every evening and arrangements will be made for music on all special occasions.

In connection with the matter it was decided not to rent the hall in future for any purpose whatever. The ordinary religious and social meetings of the Association may still be held there. The parlor will be used by the members only. In the past year many young men have been sent away on occasions on account of lack of room in the hall.

In addition to improvements in the hall rubber steps will be placed on the stairs and the veranda, upstairs, will be thrown open. Covers will be removed from the reading tables and the tops of tables polished. Magazines will be bound and periodicals will be placed in handsome new covers.

The sum of \$100 was appropriated for new library books during the coming year. This money will be available in monthly installments so that the shelves can keep up with the new books.

Much of the evening was devoted to the new expense budget. After all necessary items had been passed it was found that this year's expenses will foot up to \$600 more than last year.

Secretary Coleman wrote for the Doris today to Chicago for a successor to Mr. Cheek. He has a good man, a graduate of a training school, in view.

Do you know that in the introduction of the first part of the American Navy series you will find in a few words a history of American battleships? Part I is a genuine surprise. Get it for dime with a coupon, at The Star office.

INFECTIOUS DISEASES.

YOKOHAMA, April 29.—The result of experiments at Dr. Kitasato's Infectious Diseases Investigation Hospital for the cure of dysentery by inoculation, and also at the Koinagome Hospital, Tokyo, have been verified by the doctors at the Momoyama Infectious Diseases Hospital at Osaka. The authorities of the latter hospital have recently purchased sixteen goats to obtain lymph for the inoculation of patients.

Honolulu, February 16, 1898.

TO PROTECT THE HARBOR

BILL TO PREVENT ENCOACHMENT
ON WATER FRONT.

It Passes the House After a Long Debate—Members Hard at Work on Appropriations.

Senator Holstein was granted leave of absence until Saturday.

Senator Waterhouse offered a minority report with an amendment to the plumbing bill.

House Bill No. 80, to regulate the laundering of clothes, passed final reading. Senators Brown and Waterhouse voting in the negative.

House Bill No. 52, to amend Part V of the Land Act of 1895, passed first and second reading and went to the Public Lands Committee.

House Bill No. 50, Audit Act, came up on first reading, was read through and passed. Read by title later and referred to Finance Committee.

Senate Bill No. 29, providing for plumbing rules and regulations for Honolulu, was taken up and read by sections. Passed second reading; third reading set for Friday.

Senator Waterhouse reported that the Finance Committee was now at work on the books of the Minister of Finance, and progress was reported.

Senator Lyman gave notice of a bill to authorize the construction of a railroad on the Island of Hawaii.

At 11:55 the Senate adjourned.

IN THE HOUSE.

There was another full attendance in the House this morning. One important measure passed third reading and the House is holding afternoon sessions to finish up the business set for the day.

The resolutions for appropriations were introduced, one by Representative Achi for a \$1,000 appropriation for the construction of a bridge over Waimea stream on Hawaii, and another by Representative Gear to the effect that a sufficient sum be appropriated for the widening and fixing up of Beretania street from Kapahulu road to the Tramway stables. Both resolutions were referred to the Committee on Public Lands.

A motion of Representative Achi for the reconsideration of the resolution limiting the filing of new bills in the Legislature after April 18th, was lost, and no new bills can be presented to the House excepting through the Cabinet. The members were of the opinion that they already had more business on hand that they could handle within the ninety days, and that it would require several days beyond the allotted time to finish up the business before the present session.

The third reading of House Bill No. 57, relating to foreign corporations, and the second reading of House Bill No. 56, to extend the provisions of the Land Act of 1895 to private lands, were both postponed until tomorrow.

House Bill No. 79, regulating the practice of veterinarians, passed second reading, and was set for Thursday next for third reading.

House Bill No. 64, being an act to amend the existing laws to promote the construction of railways, was on for third reading. This bill is aimed directly, it is said, at the Oahu Railway Company in their present difficulty with the government over the wharf privileges, and caused considerable discussion and wrangling in the House. The section which the act seeks to add to the present laws is as follows:

"Section 3A. But nothing in this act shall be construed to authorize any such corporation to enter upon or take any tide waters, nor to in anywise hinder, obstruct or interfere with navigation in or upon any public navigable waters, nor to erect, build or maintain any bridge, pier, jetty or wharf in, upon or over any harbor, bay or river beyond low water mark."

After the Minister of the Interior had been called in to explain more minutely the object of the bill, and the results of its passage, the bill passed third reading with the following vote: Ayes: Loebenstein, Richards, Paris, Kahaulio, Kaal, Robertson, Kaulukou, McCandless, Wilder, Isenberg and Kaeo—11. Nays: Achi and Gear—2. Representative Pogue was excused from voting on the measure at his own request.

Recess until 1:30.

TO OPEN PROGRESS HALL.

Grand Concert by the Musical Class of the High School.

As soon as the chairs arrive the pupils of the High school will open Progress hall with one of the grandest concerts of the season. The program is even now ready, but no date can be named for the affair until the hall is in good shape. Mr. Lightfoot will be first in charge of the concert. On this occasion he has had the particular advantage of the assistance of Professor J. W. Yandley, who has for nearly two years instructed the musical classes of the school.

The music will be put in by what may be called the "vocal class" of the school, though the pupils come from quite all of the departments. Some of the finest chorus singing ever heard in Honolulu is promised. A special feature of the program will be an interpretation of Hayden's "The Heavens are Telling," from "Creation."

Another number that will charm the audience is what may be termed tableaux vivants. Miss Cartwright will read a poem, the young ladies illustrating by attitudes the words. Lime lights will be used to heighten the effects.

Minister Cooper has kindly volunteered the use of the Hawaiian band's orchestra for the occasion.

BLUE JEANS.

Wearers of blue jeans as well as of broadcloth are welcome to the Criterion barber shop and the same individual attention is given.

A few of the numbered cups are still to be obtained for the exclusive use of patrons at a nominal sum.

**A Complete Cure Effected by
Hood's Sarsaparilla**

**Now Enjoying the Best of Health,
With Digestion Perfect.**

"My mother was subject to sick headaches and indigestion for over a year. She was unable to stand for any length of time, and was obliged to stay in a dark room as she could not bear the light. She had no appetite whatever and her stomach was so weak she could not retain what food she did eat. She also had severe pains in her head. She suffered so much that she became but the shadow of herself. One day I happened to read a testimonial about Hood's Sarsaparilla. It

Sounded So Truthful

I persuaded her to try this medicine. Before finishing the first bottle there was an improvement in her condition. She no longer threw up her food and her headache was not as severe. She took in all four bottles of Hood's Sarsaparilla and several boxes of Hood's Pills and regained her weight. She is now enjoying the best of health. Her digestion is good and she can eat almost anything she wishes. She is 42 years old and says she feels as well as when she was 16. Hood's Sarsaparilla made a complete cure in her case."

"DAGGER" BRAND

NEW ZEALAND MULLET.

Hawaiian
Electric
Company.

The cleanest, brightest, safest and really in the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks."

This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.

We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers.

Are You Poisoning Yourself?

You might make a single meal of rich pies and cakes, and not mind it. But you could not live on these all the time without ruining your digestion.

Not week after week and month after month, you allow your brain and nerves to be fed with impure blood.

The general debility, thin blood, pale cheeks, nervousness, loss of appetite and depression of spirits, are loud warnings from nature. Your nervous system is weakening. Before the ruin comes take

AYER'S Sarsaparilla

It removes the poisons from the blood, and thus removes the cause of all your trouble. It aids the digestion, strengthens the nerves and supplies the body with rich, red blood.

For constipation take AYER'S PILLS. They promptly and surely cure. Take them with Ayer's Sarsaparilla; one aids the other.

A PHILIPPINE VICTORY

PRESAGED BY LIEUT. PAINE OF THE OLYMPIA.

Men of Admiral Dewey's Fleet Enthusiastic—Japanese Sympathy is With America—English Views.

"I certainly believe that our fleet got the upper hand almost immediately at Manila and is long ago in complete possession down there. If ever seven ships were prepared, ready and anxious for battle, it was the little fleet I have just left at Hongkong."

Thus spoke Lieutenant C. S. Paine of the flagship Olympia last night. The lieutenant is a thorough passenger by the Dorie for his home in the States. He was obliged to leave the service temporarily on account of bad health.

The officer states that he never in his life saw a more determined set of men than those on the United States fleet in the Orient. Though fully realizing the hard fight and the peril ahead of them at Manila, they were waiting with an impatient approach for the order to move.

"I do not believe the difficulties some people picture were encountered by the fleet at Manila. While the Spanish outnumber us there three to one they have not as good ships nor as good men. Really I believe that the Olympia alone can stand off half of their fleet there and send most of them to the bottom before they could get in range," added the officer.

Passengers by the Dorie learned at Yokohama that the fleet had sailed from Hongkong to attack Manila. The news caused great excitement in the Japanese town. Papers issued extras and people thronged the streets and telegraph offices for the latest cables. A conflict was expected as soon as the fleet arrived off the Philippines. Sympathy in Yokohama is generally with America. It is also the prevailing opinion at Yokohama—as well as at Hongkong—that the United States forces will ultimately get the best of it at Manila.

A British passenger by the Dorie, direct from Manila, does not coincide in these views. He left the Spanish town less than two months ago. At that time preparations for war were going on with all possible haste. Big ten inch guns were being mounted on the fortifications and torpedoes were being sunk in the offing. The latter system was being made as complete as at Cuban ports. The fleet was drilling daily in maneuvers, such as would enable the ships and forts to get in the best work simultaneously.

"But I predict a worse reception than this for the American fleet at Manila," continued the gentleman. "Since leaving Manila I have learned from the best of authority that a torpedo attack on the high seas was planned by the Spaniards. As soon as the Americans were sighted off the islands the torpedo boats would be set in motion. The attack would be made that night under cover of the darkness. An effort would be made to sink or cripple several of the invading ships which would seriously impair the fleet for work at Manila the next day."

"If this program has been carried out, and I have every reason to believe it has been, the results at Manila may have been just the reverse of what your naval people have anticipated."

Secure The Star Portfolios.

SPAIN'S MILITARY FORCE.

The following statement of Spain's military strength is given by an officer of the United States army, according to the Argonaut: On the first of October last, 201,000 troops were reported to be in Cuba and Porto Rico, and 37,000 in the Philippines. Since then reinforcements, a few thousand strong, have gone to Cuba, but these have doubtless been far more than counterbalanced by the losses in General Blanco's campaigns.

For the home strength, or that which is not employed in the colonies, the statistics show as available for a mobilization in the Iberian Peninsula, with the Balearic and Canary Islands and North Africa, 56 second and 56 third battalions and 10 rifle regiments of infantry, in all 124,000 men; 28 regiments of cavalry, 19,000; 24 field and 3 mountain regiments of artillery, with 9 fortress battalions, 41,035; and 13,754 more in 6 engineer regiments, with the pontoon railway and signal corps, making the combatant force 198,589, supplemented by 4,845 men in the administrative and sanitary forces. There were also, it is said, available reserves 141,968 strong, of which 112,000 are infantry.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. George S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack recently," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for a dozen bottles." Mr. Anderson wanted it both for his own use, and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by Benson, Smith & Co., wholesale agents. All druggists and dealers.

HANDSOME PORTFOLIOS.

Have you any idea how artistic in every sense of the word are the books of the American Navy portfolio? The reproduction of the photographs are finer than the originals, the paper is the best and the type of the descriptive text is large and clear.

Might as well buy garments that fit and wear well as to buy garments that don't fit and don't wear long, either. It's just as easy and cheap to make clothes that fit as to make clothes that don't. It's only a question of "know how."

Did you ever

Count the cost of getting back and forth from your home to your place of business? What you spend in this way you would pay for a good bicycle sooner than you would imagine. The working man, the office man, the teacher, the school boy or girl, all find the bicycle the ideal means of locomotion. You will find it so, and will be surprised to find that you cannot get along without it after you have had it a month. We have wheels for everybody beginning with Chainless Columbias at \$135.00 and ending with second-hand wheels at \$30.00. The 1898 "Ideals" are full sized ladies and gents wheels that you should see to appreciate, and any one can have a wheel when they can get one made by the Rambler people for \$50.00, the price of the "Ideal." 1897 Ramblers at \$60.00, the 1898 at \$70.00, 1898 Stearns at \$70.00 and the 1898 chain Columbias at \$85.00, make up as fine a list as one would want to pick from. Drop in and see our wheels even if you are not ready to get one; we will make you welcome and interest you.

AWARDED FIRST PRIZE CITY FURNITURE STORE

Merit Wins.

One of the most attractive displays at the Mechanics' Fair this year was the one made by HILBERT BROS., Pacific Coast Agents for the Saint Louis A. B. C. Bohemian Beer. This beer was awarded FIRST PRIZE, notwithstanding it having had to compete with some of the best known brands whose names are household words. Pale and Sparkling with an excellent Hop Aroma, and renowned for its purity it makes an ideal family beer. The beer is brewed from the finest growths of Bohemian Hops and the Choicest Selections of Barley by the American Brewing Company, St. Louis, Mo., whose brewing plant is conceded to be the model brewing plant of the world. The Saint Louis A. B. C. Bohemian Beer is bottled exclusively at the Brewery from stock not less than eight months old.

(The above clipping is from the San Francisco Chronicle of late date.)

WOULD PROPOSE.Strong Indictment of Present System
of Education—Plans for Bringing
Agriculture to the Front.I believe that the system of educa-
tion now in vogue in these islands is
void of good results so far as the Ha-
waiians are concerned. Very few
Hawaiians, graduates of our country
schools, are putting to practical use
the knowledge they have acquired
during their school days. I regret to
state that after fifteen years of expe-
rience in the schools of this country,
I cannot lay my hands on a single
case where the subject is leading a
useful and honorable life. It is cer-
tain that the staff of teachers are not
at fault. It is equally certain that the
element to be taught is not wanting
in intellect and physical capacity. The
system alone is to blame for such
poor results.In a country so pre-eminently agri-
cultural as this is, one would suppose
that our leading solons would endeavor
to inculcate in the minds of our
growing generation a taste for agri-
culture and its good results. The
few efforts made in that direction
have been more than useless. Stick-
ling up a class and lecturing on pistils,
petals, pollen, etc., etc., is utter
waste of time. Whether a child
knows or not that a leaf breathes and
needs air for its existence, matters
very little when the question of how
he is going to make a living arises.A complete revolution in the sys-
tem of education is needed. Aside
from the good effects on the treasury
of the country, many advantages
would accrue from such a revolution.I am not afraid to state, that under
a new plan, 75 per cent of the schools
of this country could become self-
supporting and in many instances
financially successful. I am aware
that book-worms, chanks and effemi-
nate teachers will cry down the sys-
tem I advocate, and declare it im-
practicable and immoral. Results
could only support their assertions,
and until then it would be wise to re-
frain from criticising the new sys-
tem. I base my criticisms of the
present system on the results now be-
fore everyone, of fifty years work in
these islands. The average Hawaiian
boy of today who graduates from
school either takes a course in jail,
plays the guitar all night, drinks like
a fish, gambles, swears, smokes at
eight years of age, and is, in fact, ev-
erything except what he ought to be.
I will not comment on the average Ha-
waiian girl.The few exceptions to the above
will prove that this state of affairs is
the rule.I should advocate that all schools
situated where the surroundings per-
mit, be first of all agricultural
schools. I mean by that that agri-
culture and farming be made the
main feature, and that book knowl-
edge be made secondary. The gov-
ernment should reserve what I might
call "the school homestead" in every
district where such reservation is pos-
sible. Each school should own a
team of mules, cows, hogs and poul-
try, and all farming implements nec-
essary. During holidays and at all
times necessary one hired man should
be kept to look after the property. All
agricultural work should be taught in
practice, not in theory; dairying con-
ducted, and all produce sold and the
money applied to that particular
school.In the coffee belts each school
should own and operate at least twen-
ty-five to fifty acres of coffee, accord-
ing to the number of pupils enrolled.Each boy should have his own in-
dividual piece of land and seeds fur-
nished free, and he should have a
share in the proceeds of the crop raised
by him. At first view this system
may sound impracticable, but it is
far from being so. To the book-worm
I can imagine that showing pupils
how to properly milk a cow, make
butter, dig potatoes, and so on, may
sound impossible, but to the average
farmer it is easier than compiling
longitude and latitude.There are a thousand and one de-
tails to be enumerated in connection
with this system which for the present
would be out of place. I would
only draw attention to the palpable
truth, that an ill fed body can only
contain an ill-bent mind, and as long
as a system exists which thinks mere-
ly of the moral and intellectual train-
ing of youth, and neglects the phys-
ical and material welfare of the body,
then so long will the physical (and
consequently the moral) features of a
race degenerate.It has taken the Caucasian race
two thousand years of training to
bring it to its present stage of intel-
lectual and moral standing, and there
are people fools enough to believe
that they can bring an aboriginal race
up to the same standpoint in fifty
years.

Yours Truly,

A TEACHER.

every sense of the word are the books
of the American Navy portfolio? The
reproduction of the photographs are
finer than the originals, the paper is
the best and the type of the descrip-
tive text is large and clear.There is but one thing so deceptive
as a pretty woman's smile, and that is
her words.**LAHAINA PLANTATION.**Lahaina, May 7, 1898.
Editor Star: Very few persons, I
think, have any idea of the magni-
tude of the changes and improve-
ments that are now being made at the
Lahaina plantation, Maui. It will be
a surprise to most people to learn
that this plantation which has stood
still for so long, will soon be one of
the largest, if not the largest, planta-
tions on the Hawaiian Islands. The
pumps have triple expansion en-
gines and all the latest improvements
and are designed some for high, and
some for low, lifts. They all work ad-
mirably. These pumps, it is estimat-
ed, will pump sufficient water to irri-
gate 3,000 acres of land, and there is
now water enough from all sources to
irrigate over 4,000 acres. The planta-
tion is now being extended in all di-
rections, and some of the cane is
planted as far as six miles from the
mill.The new land at Kanapali now be-
ing opened up and where the new
pumping station is located, will it be
believed, yield 12,000 tons of sugar per
year, and this I think is a low esti-
mate. There is already 1,500 acres of
cane planted there and it would be
impossible for sugar cane to look bet-
ter than this does. The old Lahaina
plantation is also being greatly ex-
tended. Though much of the new
land seems composed of rocks it never-
theless has the largest stand of cane
upon it that I have ever seen. The
pumping plant located here will irri-
gate 1,000 acres of cane. This new
source of water supply at Lahaina
will prove a source of wealth to the
owners of the plantation, it is certain,
and will increase the yield of sugar
ten fold. Great improvements have
also been made in the mill and they
have not only the best and latest de-
signed machinery for evaporation and
sugar manufacture, but the latest and
best method of manufacture as well.
In the milling department the work
is exceptionally good, the extraction
being 91 per cent of the total sucrose
in the cane, while the moisture in the
trash is only 43 per cent. This plan-
tation now has abundance of water,
and an unlimited number of acres of
cane land and good management and
is bound to succeed. The yield for
next season is estimated at 10,000
tons.Beware of "cheap" bak-
ing powders Alum makes
good medicine but bad food.
Ask your doctor.**THE AMERICAN NAVY.**Do you want a see a picture of the
Montgomery, which was selected to
take the place of the ill-fated Maine?

NEWS IN A NUTSHELL.

Bits of Paragraphs that Give Condensed Notes of the Day.

Zealandia tomorrow.
Secure a set of The Star Portfolios before the supply is exhausted.
J. Kikina has been appointed district magistrate of Hanalei, Kauai.
The vote in the Senate yesterday which tabled the railroad bill stood 5 to 6.

A choice lot of mules have just arrived and are for sale by G. Schuman, Club Stables.
The J. A. Cummins from Waimanalo, was reported off Koko Head at 2:30 o'clock.

Colonel Gilbert F. Little returned by the Kinau this morning to his home at Hilo.
Six teams will contest in the tug of war tournament this evening at Willison's circus.

The Misses Kate and Juliette Cooke left on the Kinau this morning for a trip to the Volcano.
D. Cook, a wealthy German merchant of Java, and family, are passengers by the Doric for Europe.

In the Circuit Court this morning the prosecution dropped its case against Tokua, assault and battery.

Mrs. Charles Ramsey and child left by the Kinau this morning for a visit of three or four weeks on Hawaii.

Minister King was a passenger by the Kinau this morning for Hawaii. He will be away three or four weeks.

Dr. P. Dahlke of Samoa, red of the Doric last night from Oahu. He will await the Colon steamer here.

The band presented Columbia at Emma square last night as a special compliment to the passengers by the Doric.

Charles Phillips has been appointed receiver of the property of the Luso Publishing Company, under \$1,000 bonds.

Sheriff L. A. Andrews of Hawaii has filed in the local Circuit Court a general denial of the complaint of C. S. Bradford.

Hawaiian Lodge No. 21, F. & A. M., will hold a special meeting this evening, at 7:30 o'clock. Work in the first degree.

H. E. Walker, agent for the Cleveland bicycles, has something to say about the records made by his wheels in this issue.

The case of the Republic vs. Iola, practicing medicine without license, is before Judge Perry and a native jury this afternoon.

Capt. John Schaefer was re-elected secretary, and Lieut. C. M. V. Forster treasurer, of the Board of Officers, National Guard, last evening.

Guy Owens has a notice in this issue that he will not be responsible for any debts contracted by his wife, Helen May Owens, after this date.

Judge Day of Ohio, who has been appointed Secretary of State, is a brother of Mrs. Fairchild, wife of the proprietor of the Fairchild shoe store.

The Supreme Court today dismissed the case of Tong on vs. Tai Kee, damages, from the Fourth Circuit Court, on the ground of not having jurisdiction.

Pearson & Hobron received another shipment of thirty-eight wheels by the last Rio and say that they can again take care of their friends for a few days.

After a hearing lasting most of two days, a native jury last night returned a disagreement in the ejectment matter of Halea vs. Kanaana, and the case went over for the term.

The Semi-Weekly Star was issued this morning in time for the out going Island mails. Copies can be obtained at this office or from any of the news dealers for five cents a copy.

M. M. Kohn, manager of the Oceanic Gas and Electric Company, has returned from Kauai, after a successful business trip. The company expects its first consignment of goods by the Zealandia.

A son of Wong Kwai, who went to China a few weeks ago to be married, returned by the Doric last night, accompanied by his bride. The couple were met at the wharf by a half hundred Chinese students.

OAHU CEMETERY ASSOCIATION.
All owners of lots in the Nuuanu Valley Cemetery are urgently requested to attend a meeting of the Oahu Cemetery Association, to be held at the office of Bruce Cartwright, on WEDNESDAY, May 12th, at 10 o'clock a. m., for the purpose of the election of Trustees and other important business.

A full attendance is desired.
W. M. GRAHAM,
Secretary pro tem.
