FEDERAL GRAND JURY REPORT ON IWILEI

Evidence of Crime But
Not Enough to
Convict.

LAYS RESPONSIBILITY
ON LOCAL AUTHORITIES

United States Marshal Censured Again
--Stockade Denounced as a Dis-
grace to the Community--
Enormous Profits.

The report of the Federal Grand Jury was made to Judge M. M. Estee this morning. Extracts from the most important parts of the report are as follows:

"We regret that, while in some cases there was no doubt whatever in the minds of the jurors as to the guilt of certain persons, it was impossible to obtain the evidence which could reasonably be expected to bring conviction; especially in this case in the holding of Japanese and Chinese women and girls in a form of slavery for prostitution or otherwise. Your jury would recommend that a special effort be made to secure such legal evidence regarding this and similar crimes as will render convictions possible. Such evidence has not been presented to this jury, yet from the information we have received, we are fully convinced that a most deplorable condition of evil in the form of involuntary servitude exists in our midst."

The matter of methods employed at Oahu prison in the care of persons detained as witnesses in the United States Court was again touched upon. The report says that the food received by such persons at the jail improved considerably after this Grand Jury began its investigations, yet at the present time, conditions are practically the same as when the subject was first taken up. The jury disclaims any intention of reflecting upon the management of Oahu prison. It claims, however, that regulations regarding food and confinement for criminals are not just and right when applied to innocent persons detained as witnesses. The United States officer, who permitted these witnesses to be so incarcerated is found remiss in his duties and deserving of censure.

A long report was submitted concerning Iwilei. The story of the founding of the institution is told again and the report says the place is now run under the supervision of the police and Board of Health. The income, net, to the owners of the place is from \$1160 to \$1650 per month. Mr. Masuda recently transferred the stockade to a relative named Ozawa, admittedly that his own social standing might not be injured.

The report says the rules are not enforced at the stockade and that the system of examination at present is so loose that disease is prevalent. Occupants found diseased are taken to the Queen's hospital, where they receive all the benefits of the institution until cured. The expense of their treatment is paid by the public.

The report says: "That there are many hundreds of persons, visitors and occupants of Iwilei, who are guilty of the crime of adultery or fornication, your jury have no doubt, and that the evidence of such crime can be obtained is also believed by your jury. Yet at this time such legal evidence as would lead to the conviction of even a few of these violators of the law was not procurable."

"Your jurors find that under the laws of the United States, it is impossible to find indictments against the persons who own and maintain these places of prostitution, this coming directly within the jurisdiction of the officers of the Territory under the direct control of the Governor thereof."

The report recommends: "that the public exhibition which is made of human depravity in the pens of prostitution at Iwilei and which exists solely for the pecuniary advantage of a few

persons as promoters and the numerous pimps and 'masters' that live on the earnings of the unfortunate inmates of this place be abolished."

Josephine Stanton is Generously Greeted

The Hawaiian Opera House was packed to standing room only last night by a good-natured audience, attracted by the initial performance of the Josephine Stanton Company. The light and airy comedy entitled "Dorcas," sprinkled with bright music was altogether a very satisfactory opening piece.

Josephine Stanton, with her sparkling stage manner will be as popular as she was in Honolulu upon her former visit. Her retinue of chorus girls are not astonishingly pretty but they sing well and skip about the stage in a most fascinating manner.

The men in the company are all right. The people are expecting ravishing things of Kunkle, when he strikes a part in tune with his special talent. In the finer musical parts future audiences will look for George Lyding and Miss Nilson.

The applause last evening was generous. Josephine Stanton and many of the others, being called back three and four times for repetitions of some of the songs and skits, not in the regular plot.

HOBSON CASE IS SETTLED

In conversation with a Bulletin reporter this morning, Edwin Paris, of E. O. Hall & Son, who returned from the Ventura said:

"The first thing I am glad of is that I did not go to San Francisco in the Rio as I was booked to do. Had I done so probably this conversation would not have taken place. During all my trip in the States I was lucky and missed all the train wrecks and bad weather which have filled the papers of late with news."

"During my trip I went as far as Boston. While in the East I saw many Hawaiians, some of them at school, some traveling and all were well and enjoying themselves. In the West there is the greatest activity. And it appears to be the general impression all over the States that California is entering on an era of prosperity never before equaled. I think that the next five years will see a greater development of the oil industry in California than in any other State in the Union. The development of the oil industry in California has given a wonderful impetus to trade and will greatly stimulate the manufacturing business in the West as the consumption of oil is so much cheaper than western manufacturers will be using oil as fuel to compete in price with the Eastern factories. Some people are still skeptical as to the ultimate success of oil as a fuel but there is not a train running out of Los Angeles now but the engines burn oil fuel. Both the Southern Pacific and Santa Fe railroads are converting their engines into oil burners. The Union Iron Works is now using oil in their blast furnaces and making arrangements to use it in all places where coal is now used. As far as the fuel coming into general use here in the islands is concerned I think that it will be some time yet. Mr. Dillingham, now in San Francisco, is giving the matter careful study and he seems of the opinion that the present time on account of the high rate of freight and the distance from the source of supply that it will not be any advantage. When regular oil carrying steamers are brought to the Pacific Coast then Hawaii can look forward to the successful introduction of the fuel."

"At the present time in San Francisco, Hawaiian securities are in bad repute on account of the way they have been put on the market, and then manipulated by the brokers and promoters there. The actual merits of the stock have little to do with their prices on the Coast and for this reason they are beginning to have a black eye. The stable securities are being made to suffer for the faults of the others. The investing capital of the United States at present seems to be looking for investment in the industrial stocks. Railroad securities never being so high as when I was in the States. European money is coming to the Mainland for investment in great quantities."

"Just before I left San Francisco the case of Tommie Hobson against Politt & Co. for \$60,000 on the matter of Hobson's Hawaiian Commercial stock had been settled out of court. Hobson dictated his own terms and Politt & Co. rather than go to court accepted them as Hobson's case was so strong they did not care to go to law about it."

FUNERAL OF SENATOR WRIGHT

The funeral of the late Senator John N. Wright took place yesterday afternoon, services being held at the residence and at the Masonic Temple. At the latter place, the ritual was pronounced by Fred Whitney. The members of the George W. De Long Post, G. A. R., were present in uniform. The remains were laid to rest in the Nuu-anu cemetery.

The Waterman Ideal Fountain Pen. All sizes, all shapes. H. F. WICHMAN

HOUSE MEMBERS GRILL THE EXECUTIVE

Resolution for Extension
Goes Through In
a Rush.

BILL TO PAY THE QUEEN
PASSES THIRD READING

Robertson Talks on Home Rule Leadership—Beckley Tells of
Blockade Tactics of the
Executive.

Representative Beckley introduced in the House this morning a resolution asking that Governor Dole extend the session to the full limit of the law. The resolution quoted quite extensively from the Organic Act, and cited in brief the following points:

First--Section 55 of the Organic Act, relating to the reapportionment of the Senatorial and Representative districts according to the late census by the Legislature of Hawaii, has not been carried out.

Second--Section 56 of the Organic Act, relative to the formation of election laws by the Legislature of Hawaii, has not been complied with.

Third--By the Organic Act, no liquor traffic is to be carried on in the Hawaiian Islands, except under laws passed by the Legislature of Hawaii, which laws have not been considered.

Fourth--The Legislature of Hawaii was to create counties and municipalities by order of the Organic Act, which has not been done except in an incomplete and hurried manner.

Fifth--By annexation large revenues were taken away from the Hawaiian Government, which made it imperative that new taxation laws be passed, which laws have not been considered as yet.

Sixth--In order to facilitate the embodiment of American ideas, it became necessary to do away with the present form of centralized government. Other important legislation remains unfinished.

The resolution then asks that Governor Dole extend the session to the full limit of the law.

A long program confronted the House this morning when it convened. Several bills were received from the Senate which passed first reading. An invitation to attend the May Day celebration of the Kilauea Art League was received.

House bill 121, paying the claim of Queen Liliuokalani came up for third reading. The bill sets aside \$250,000 for the Queen, which is to be paid when the Queen shall relinquish all claims on the Crown Lands. Messrs. Robertson and Dickey spoke against the bill. The measure then passed third reading. Ayes 18, noes 5. The noes were Dickey, Kumale, Monsarrat, Robertson and Wilcox.

House bill 66, reorganizing the Board of Health, came up for third reading. Robertson made an attempt to change the rule, limiting each speaker to three minutes and one speech, including translation. The motion was lost.

Beckley introduced his resolution calling for an extension of the session. Robertson moved that the resolution be indefinitely postponed. "This Legislature need expect no good turn from the hands of the Governor. It has wasted time from start to finish, and instead of discussing important bills, most of the time has been spent in wrangling over the correct methods of procedure."

"The trouble lies mostly with the majority party. Every Home Ruler considered himself as the leader of his party, so that nothing but obstructing the wheel of progress and disconcerting action of the members has been the result."

Mr. Monsarrat said: "The fault lies chiefly with the Judiciary Committee, who have lagged behind fearfully in their work, and now hold in their hands some of the most important bills brought up for consideration."

Prendergast spoke. He compared the session of 1898 and the present session stating that in '98 the Legislature sat for five months on unimportant matters.

Beckley said: "The real and main cause of delay does not lie in the House or the Senate, but it lies with the Executive. No information has been accorded to the House, no assistance has been given to us, and we have met with nothing but flat refusals. When we drafted the bill for the extension of School street, did the Executive Department help us? No. The surveys were paid for by the House. We have been blocked and checked at every turn, by the Family Compact, who, fearful of losing their power, are catching at every chance which presents itself to them."

The motion made by Robertson to indefinitely postpone the resolution was defeated. Ayes 5, noes 18. The noes were Keiki, Aylett, Dickey, Hoogs, Kumale and Robertson.

The resolution then passed and was ordered spread upon the journal.

The House then took a recess until 3 o'clock.

Mission of Colonel Maus to Washington

The next few months will probably see some material changes in the scenery in the immediate neighborhood of Honolulu. Colonel Maus who left here for Washington in the steamer Mariposa, it is understood, will recommend the location of batteries on the top of Punchbowl, on Diamond Head, and at the entrance to the harbor on the land set apart for the Navy Department.

As a location for a military station the land comprised in the Star Dairy tract has been selected by Colonel Maus as an ideal spot for a four company post. This land comprises some thirteen hundred acres and with two hundred and fifty acres belonging to S. M. Damon on which an option has been taken by Colonel Maus, will be given special mention in his report. Before anything can be done, however, a board of army survey will be sent here to go over the ground and report on the recommendations of Colonel Maus.

The old barracks are to be taken over by the United States Army Quartermaster in a short time and converted into a commissary store and a store house. Major Robinson has sent to Washington advising the department to take the building for its uses and by so doing save about \$300 a month for rent.

Delegate Wilcox on Extension of Session

Delegate R. W. Wilcox had a long conference with Governor Dole one day this week, at which he used all his powers of persuasion to induce the Governor to extend the session of the Legislature. "It was all to no purpose," said Mr. Wilcox. "Governor Dole seems to be surprisingly stubborn upon the matter. I think if he would make even a ten day extension, it would be sufficient time in which to complete some of the most important legislation. It now looks as if the County bill will get through and I understand, a compromise has been effected among the Independents, that will allow the Loan bills to pass speedily."

"The most necessary law of all is one that will raise revenue. The extra ten days would give time in which to frame a tax law satisfactory to all parties and of a nature that would bring in revenue, sufficient to meet the demands of the Territory."

"The Governor is going on the theory that time was wasted in the early part of the session, through no fault of his own. My idea is that we should do what is best for the Territory in view of the present circumstances."

New Building For Oahu College

Plans are now about completed for the new Punahou Preparatory building. The trustees have decided to sell the Miller street property, the site for the new building being on the college campus, just east of the tennis courts. The building itself will be made of concrete, and will be composed of sixteen rooms besides an assembly hall and basement. It will face the west, and will cost \$50,000 or \$60,000.

It is hoped that building will begin in a short time. Dickey & Newcomb are the architects.

HOLD MASS MEETING

Another big mass meeting of the Independents is to be held tomorrow night at the drill shed when the extension of the legislative session will be discussed. The speakers scheduled are Delegate Wilcox, Senators Kalanokalani, White, Kanuha and Representatives Beckley, Emmeluth, Kanilo, Pukiki, Hihio. Resolutions will probably be passed to present to the Governor.

PAPERS FILED IN COURT.

At chambers this morning Judge Humphreys appointed J. E. Jaeger, trustee in the estate of Julia Jaeger, in place of A. Jaeger.

William Stuart Fleming took the oath to support the Constitution of the United States as an attorney in the courts of this Territory of Hawaii, this morning.

F. J. Russell, attorney for plaintiff in the case of Manuel de Quadros vs. W. F. Frear et al., has filed a motion to set date for hearing on defendant's demurrers.

Motion for an order from the court, directing J. K. Prendergast, administrator of the estate of Mary K. Pearson, to make an accounting, was filed at chambers today by F. J. Russell, attorney for Louis Pearson, widower and heir.

Popular Price Matinee.

The popular price matinee will be a feature of the Josephine Stanton opera season. Tickets for the matinee will be 50 and 25 cents which will unquestionably draw an audience that has hitherto been shut out of the opera house by high prices. Next week a matinee will be given Wednesday, May Day, in place of Saturday. Tuesday night the popular opera "Wang" will be put on.

COUNTY BILL IS IN GOVERNOR'S HAND

Passed Third Reading in
the Senate This
Morning.

IT IS PUT THROUGH
WITHOUT CORRECTION

Commission to be Sent to San Francisco to Extend Greetings to
President McKinley--New
Law on Poll Tax.

After a deal of wrangling in the Senate this morning, the much mooted County bill went through--defects and all--in third reading and is now on its way to the Governor.

The Senate also took up Senate bill 27 which provides for the abolition of the poll tax. The bill passed by a vote of 13 to 2. Messrs. C. Brown and White voting against the measure. After the session, Mr. Achi was congratulated on all sides. In answering some of the questions put to him, Mr. Achi said it was really the only measure that either party had put through which was in the platform.

When the Journal of the previous day had been read in the Senate this morning, Mr. Kaohi moved to suspend the translation of the same. This was carried and the Senate proceeded to business.

The chair announced the following Committee on Accounts to take the place of the members who resigned on Wednesday: Messrs. Crabbe, J. F. Brown and Kalanokalani.

The clerk read an invitation from the Kilauea Art League for the Senate to attend the May Day festival of that organization.

Dr. Russell moved that the County bill be taken up and that the same pass in third reading. This motion, which was prefaced with a motion to suspend the rules, was duly seconded. Mr. Carter moved an amendment which was duly seconded. Mr. Brown arose to speak and so did Mr. Achi. A warm debate took place and soon Messrs. White, Kanukalani and Kaohi were on their feet, all talking at once. The chair finally rapped with his gavel and then declared the motion of Dr. Russell out of order.

The Senate was just about to proceed with the consideration of the bill, section by section, when Mr. Achi moved to suspend the rules to read the County bill. This was seconded and the chair ruled the motion out of order. This decision was appealed from and the ruling was not sustained. Dr. Russell moved to adjourn and Mr. White seconded. By Mr. C. Brown, moved to postpone consideration of the bill until Monday. Mr. White then withdrew his motion and Mr. C. Brown made a motion to defer. Mr. Carter then moved to pass the bill in third reading by title.

Mr. White's next motion was that the bill be read through. This was carried. When the first section was read, Mr. C. Brown moved to amend by making Lihue the county seat of Kauai. Mr. Nakapahu of Waimea objected and said the bill should pass without amendment. Mr. C. Brown waxed warm and proceeded to talk on his amendment. Mr. Carter then arose and moved that the bill pass without amendment. This carried on the following show of ayes and noes:

Ayes--J. Brown, Crabbe, Kahilina, Kalanokalani, Kanuha, Kaohi, Nakapahu, Russell and White.

Noes--Haldwin, C. Brown, Carter, Kalua and Paris.

Mr. Achi voted "kanalua." Mr. White, under suspension of rules, introduced the following resolution to welcome President McKinley which, after attempts to lay on the table and amend, was finally adopted:

Whereas, the President of the United States, William McKinley, is about to visit the city of San Francisco in the coming month of May, and

Whereas, it is fitting that we, as a Territory and a part of the great American people, should do our share towards welcoming him, and making his visit to the shores of the Pacific pleasant and agreeable, if not profitable therefore

Be it resolved, by the Legislature of the Territory, That a commission, consisting of five members from the Senate and five members from the House of Representatives, including the presiding officer of each house, be appointed to call upon the President and extend to him the warm hearty aloha of the people of this Territory, and

Resolved, further, that there be set apart in the Appropriation bill from any available funds in the treasury a sum of money sufficient for the expenses of the commission.

WM. WHITE.

Honolulu, April 26, 1901.

Mr. Carter then introduced the following resolution which was adopted: Whereas, during 1899 and 1900, under the authority of the law the Auditor allowed certain transfers from current receipts to Loan Fund for the purpose of paying depositors of the Postal Savings Bank and in accordance with

Act 63, Section 1 of Session Laws of 1898.

Now, therefore, be it resolved by the Senate and House of Representatives, That the Auditor General and Treasurer are hereby authorized to make such entries as are necessary to make permanent the expenditures of Loan account from current cash receipts amounting to \$750,000.

G. R. CARTER.

The poll tax was taken up and carried as already stated above.

Mr. Paris presented two reports on various bills referred to the Public Lands Committee. These were adopted.

Mr. Crabbe moved to reconsider the vote on the County bill. This was lost, thus preventing any further action.

At 12 noon, the Senate took the usual recess.

STORY OF KIDNAPPING

Water tender Meade of the steamer Centennial now here is authority for the correctness of a story published in the San Francisco Weekly Examiner of April 11th to the effect that Charley Lewis a colored boy was kidnapped from Montgomery, Alabama, by people bringing Porto Ricans to this port for plantation work. Lewis was taken to Maui where he worked on a plantation for a while and finally made his escape to a sailing vessel in Kahului harbor. He told his story to the sailors and they took him to the steamer Centennial and he stowed away.

Several days out from Kahului he was discovered by Meade and on hearing his story, the man took Lewis to the Examiner office on arrival in San Francisco. The Examiner published the boy's story and sent him back to his home in Alabama. Lewis claimed that when he left here two other boys who were kidnapped in the same way were still here in jail.

DOLE GOT THE LETTER.

Governor Dole stated to a Bulletin reporter today that he had received a letter from the Department of Justice at Washington, previous to the arrival of the China. The letter, as Governor Dole put it, "requested more room for the Federal Court, and was quite different from the communication, recently received from the Treasury department upon the same matter."

Governor Dole has sent no reply to this letter, yet, and refused to state what the nature of his reply would be.

Died of Typhoid Fever.

Mary Olds, the 16-year-old daughter of William Olds, died last night of typhoid fever at the Catholic convent. The child was sick but a short time, passing away at 12 o'clock last night. Dr. Wood had charge of the deceased.

W. Cook and D. Spalding, soldiers at Camp McKinley were arraigned this morning in Judge Wilcox's court on the charge of larceny in the first degree. Their trial is set for next Tuesday. They are under arrest charged by a comrade, J. O'Donnell of stealing \$2300 from his room.

Officer J. Wulbers arrested G. H. Kahana, a Kakaako native, for assault and battery upon a three-year-old child. The man was locked up in a bad state of intoxication.

William McCarthy was fined \$100 and costs this morning by Judge Wilcox for beating his housekeeper, a South Sea Island woman. McCarthy will appeal the case.

The charter of the local lodge of Marine Engineers has arrived. The installation will take place next week.

Killed by Boiler Explosion.

Vancouver, April 17.--By the explosion of a boiler on the river steamer Ramona, this afternoon, four persons were killed outright and six others were seriously injured. The dead include two women, who were passengers on the steamer, and two deck hands. Of the injured the purser and the mate will probably die.

SPRING FANCIES FOR WOMEN

A word to tell you that the new spring styles in Japanese Silks, White P. K., Silklines, Grenadines, Laces, etc., are here in abundance; that assortments are particularly attractive and complete, and that our prices represent the best value possible, which is a modest way of saying that no better values can be found anywhere—none so good in Honolulu.

JAPANESE SILKS

We have all the new shades in Japanese Silks of the finest qualities and weaves. They are 23 inches wide.

WHITE P. K.

Is one of the stylish materials for Ladies' Skirts this season. It washes well and does not lose its shape. The new goods are very pretty.

Eight yards for One Dollar.

SILKALINE

A beautiful fabric, handsome in appearance. The colors and designs are particularly attractive—36 inches wide.

Fifteen Cents per yard.

GRENADINES

Are very popular this season and the patterns are all new. We have many handsome effects. Our All-Wool Black Lace Grenadine, 40 inches wide, is very small priced at

Fifty Cents per yard.

MALTESE LACES

We have a large assortment of them in all widths—narrow, medium and very wide, with insertion to match

Thirty Cents to Two Dollars per yard.

NEW SPRING LACE CURTAINS

It may seem like an oft-repeated tale to tell you that our curtain assortments are greater than ever, but that's the truth. None of the choice things have escaped us. Come and see the almost bewildering maze of wizard weaves gathered here for your choosing.

\$1.25 TO \$15.00 PER PAIR.

Illustrated CATALOGUE and prices furnished upon receipt of request. We have the largest manufactory of Jewelry and Silverware west of New York City, and are prepared to furnish special designs.

The Light That Never Fails

The Angle Lamp

ALSO CARRY A GOOD STOCK OF HANGING, STAND AND HAND LAMPS.

Another Large Shipment of Angle Lamps.

"THE ANGLE LAMP"

THE LIGHT THAT NEVER FAILS.

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the Islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but, beside being infinitely cheaper, it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the idea light from every standpoint. We carry these lamps from \$1.30 up.

NO ELECTRIC TRAM

A decision was filed yesterday by the Supreme Court upon the issues submitted by the Rapid Transit & Land Co. vs. The Hawaiian Tramways Co., Ltd. The opinion was written by Justice Galbraith, Chief Justice Frear and Justice Perry, concurring.

The questions submitted were: "1. Has the Hawaiian Tramways Company, Limited, the right to lay the double track along King street as above described?" (The description in question reads: "Said Tramways Company proposes to lay a double track, other than the necessary turnouts and switches, along said King street and to operate thereon a tramway by electricity.")

By the Court—"Question number one should be answered in the negative."

"2. Has the Hawaiian Tramways Company, Limited, the right to operate a tramway by electricity?"

By the Court—"Number two should also be answered in the negative, with the qualification expressed in the opinion." (This qualification is that electricity might be employed if it involved no additional servitude on the streets, such as overhead wires or underground cables.)

"3. Has the Honolulu Rapid Transit & Land Company the right to lay a track on King street for more than 1700 feet?"

By the Court—"Question number three should be answered in the affirmative."

It is added "that this judgment is given without prejudice to any right the public may have in said street adverse to the parties to the submission or either of them."

The law of the case is thus laid down in the syllabus of opinion:

"By Act XVIII, Session Laws 1894, William R. Austin and associates were granted a franchise to build and operate for a period of thirty years 'a single track street railway with all necessary curves, switches and turnouts or a double track street railway' along and over certain enumerated streets in the city of Honolulu. A time limit was fixed by the Legislature for the commencement of the railway at one year and for its completion at three years. The time for completing the road was by subsequent Act extended to September 15, 1899. The Act extending the time limit provided that said railway must be completed and equipped and ready for transportation of passengers, etc., within the time fixed and if not so completed 'all rights hereby granted shall terminate and the franchise hereby granted become void and of no effect. Provided that for such portions of said road as shall at that time be completed and equipped as above required, the right herein granted shall stand and be of full force and effect.'"

"Held: That the assignee of Austin having elected to construct, equip and complete a single track street railway within the time limit fixed by law has no right under the terms of their franchise to now construct a double track railway."

"The granting clause of the franchise to Austin and associates being silent as to the motive power to be used in propelling the cars along said railway; held that it was intended by the legislature that only such motive power should be used as was at that time in general and common use by street railway companies, and that the right to use electric traction was not intended to be given, at least if its use would add an additional servitude to the street."

"Section 3 of the Act of 1884 of the grant to Austin and associates reserved the right to give to one other corporation the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

the same the right to use the tracks of said railway for a distance of 1700 feet on compliance with the conditions named therein, and did not grant to

Austin and assigns an exclusive franchise for the use of the streets enumerated beyond the distance of 1700 feet.

"Assuming, but not deciding, that under Act 9, Session Laws 1898, the Honolulu Rapid Transit & Land Company, Limited, has a valid franchise and that it can acquire the right to lay its track along King street between Nuuanu stream and Thomas Square in the manner stipulated in the agreed facts; held that under the agreed facts said company has the right to construct and operate its railway over said street."

In the agreed facts it was stated that the Executive Council (under the Republic) had consented to the laying of a railway along that portion of King street lying between Nuuanu stream and Thomas Square. Also, "that no act which could be construed as an act of acceptance of the Act of 1890"—confering the right to use electricity on its lines—"was done by the Hawaiian Tramways Company, Limited, until after the expiration of the time limit set out in the Act of 1895."

Kinney, Ballou & McClanahan represented the Rapid Transit Co. in the submission, and Holmes & Stanley and P. Neumann the Hawaiian Tramways Co.

BASEBALL GAME AT PUNAHOU SATURDAY

The first baseball game of the season will take place tomorrow afternoon at Punahou between the Y. M. C. A. team and Oahu College. No line up has been given out, but it is expected that both aggregations will put their strongest teams in the field.

For Oahu College, A. Marcellino and Myers will alternate between catcher and first base. Perry and Williamson will take turns in the box, while J. Marcellino will cover the second bag. Campbell will probably play short stop, while Castle is slated for the third station. Hapai will occupy the left suburb, and Robinson will probably cover center field. The remaining positions will be occupied by Canavaro, Rycroft or Kaulukou.

The line-up of the Y. M. C. A. team is almost an unknown article. It is stated that Elston or Turner will be on the receiving end of the battery, while Brown will occupy the box. Berger will cover the initial bag. The rest of the landscape will be covered by Coots, Austin, Erdman, Gorman, Moore, Bird, Raymond, Coats or Mott-Smith, but the positions which they will play are unknown even to the boys themselves. The statement that Elston will captain the Y. M. C. A. team is not true. Austin has been elected to that position.

The game will begin promptly at 3:30 p. m. Mr. W. H. Babbitt will probably officiate as umpire.

There is a possibility that all the games will be played on the Punahou campus, as there is a possibility that the Kamehameha baseball field will be turned into a lawn.

If this should happen, the Kams are left without a suitable place on which to practice. There is a small place off to one side but it is totally inadequate for a game of baseball.

So Many People are Exposed to rain, cold and storms, that it is necessary that they should have something to counteract the effects. A mixture of a teaspoonful of PAIN-KILLER in water sweetened, will stimulate the system and ward off any possibility of cold. It has been used for sixty years all over the world, and millions testify to its sterling worth. There is but one Pain-Killer, Perry Da-Is. Price 25c. and 50c.

Camarinos receives for his refrigerators all the California fruits of the season by every cold storage steamer. He always has on hand a stock of fresh apples, grapes, oranges, etc. Send your orders by phone. No. Main 378.

MANY BILLS PASS SECOND READING

The first thing that was considered by the afternoon session of the House was the translation of the report on the liquor licensing. Akina took a few little winks of sleep during the reading and was snoring quite loudly by the time the reading was finished. On being awakened, the report was spread on the Journal of the House.

House bill 85 relating to the sale and manufacture of liquor, was considered.

The majority report, advising that the bill be passed, was adopted.

The Committee on Judiciary brought in a substitute bill for House bill 76, relative to trespassing.

A hot discussion now followed concerning trespass in the different districts.

As the talk was waxing hot and furious, Emmeluth stated that he had received a message from the Senate stating that the Governor would grant no extra session. The announcement created a sensation but effectively put an end to the eternal bickering of the members. The bill was immediately passed.

House bill 13, repealing certain obsolete laws, passed third reading. Ayes 21; noes 5.

Robertson moved that the House bills be photographed so that they would have something to show for the \$45,000.

Kumalae presented a resolution asking that \$5000 be put into electric lights for Kewalo and Kakaako. He also asked that \$12,000 be appropriated for Queen Liliuokalani.

House bill 50, repealing all the gambling laws now in existence, came up for second reading. A motion to indefinitely postpone the bill was lost. Ayes 11; noes 14. The noes were Ahuli, Hihio, Kakuai, Kaulimakaole, Kaniho, Kawaihoa, Mahoe, Makainai, Mossman, Naillima, Paole, Prendergast and Puuki.

House bill 36, providing for the control of the government sewers, came up for second reading.

The committee report offering a few amendments was read. The report was adopted and the bill passed on second reading.

House bill 67, relating to the treatment of leprosy, came up for second reading. The report, advising that the bill be passed slightly amended, was rejected. Dickey moved to reject the bill, but, after some discussion, the bill was passed on second reading.

House bill 95, authorizing the operation of an electric railway in Hilo, passed second reading.

Emmeluth objected to the granting of any franchises and spoke at some length on the subject. Kumalae supported the bill. Kaniho made quite a sensation in advising the bill. A motion to reject the bill was lost. Ayes 9; noes 15.

The House then took a recess until 7:30 o'clock.

The House convened at 8:10 o'clock for the evening session. Coats were off in a jiffy and smoking material appeared on all sides. Prendergast objected to smoking but was drowned out in his efforts to put a stop to it.

House bill 95, relating to the Hilo electric street railway, passed second reading.

The next bill to pass second reading was House bill 121, relating to Queen Liliuokalani claim on the Hawaiian Republic.

House bill 106, relating to sale and manufacture of liquor, came up for second reading. The bill combined the old wholesale and jobber's license, to be called wine and spirit dealers license.

Giffilan became decidedly anxious and opened up on section 4, which provides that no person holding a license to sell goods, etc., should be granted a liquor license.

Giffilan began on Monsarrat saying: "Julian are you trying to start a liquor trust? I thought better of you than that my boy. Have a little manhood in you, Julian."

Some remarks were passed back and forth but, after a little tilt, it subsided. Giffilan's motion to strike out Section 4 was lost. The bill then passed second reading.

House bill 46, relating to a tax on carriages, came up for second reading, but was deferred on account of the introduction being absent.

House bill 105, preventing the storage of lumber within the fire limits, was read in full for the second time. Passed.

House bill 68, fixing penalties for pimps, etc., passed second reading on the adoption of the committee report.

House bill 84, relating to the Standard Telephone Company, was referred to the Committee on Public Lands.

House bill 80, permitting the Hawaiian Tramways Co. bill to operate an electric railway, passed second reading.

House bill 91, placing a \$10 tax on every ton of sugar, came up for second reading. Prendergast spoke. Kumalae tried to reduce the tax to \$2 per ton.

Monsarrat stated that the bill was unconstitutional, and that he had intended to introduce a bill taxing sugar before he found out the error of his way.

The bill was then passed on its second reading, after defeating Kumalae's amendment and Emmeluth's motion. House bill 92, relating to vagrancy, came up for second reading. Much discussion, pro and con, was brought forth, so that the bill was finally indefinitely postponed.

SENATE YESTERDAY P. M.

There was but very little done at the afternoon session of the Senate yesterday. The receipt of the note from the Governor in his own handwriting and very much blurred, refusing flat footed to grant an extension of the session, seemed to throw the Senators into a pensive mood. However, they recovered and then went at the County bill for good.

Toward the close of the session at 4:30 o'clock, a message from the Secretary of the Territory was read, notifying the Senate that the Governor had signed the following bills:

An Act providing for names of streets, roads and lanes in the District of Honolulu, Island of Oahu.

An Act providing for the numbering of buildings in the District of Honolulu, Island of Oahu.

An Act to provide for the exemption of certain personal property from attachment, execution, distress and forced sale of every nature and description; and repealing an act entitled "An Act to facilitate the recovery of rents," passed on the tenth day of January, 1895, and all other laws and parts of laws in conflict with this Act.

The Senators seemed to think that the work must be rushed so they adjourned to meet again at 7:30 o'clock.

When the Senators came together in the evening, the rules were suspended and the County bill set aside for a while. Mr. Kalaokalani reported seven bills printed and ready for distribution. Mr. Achi's motion to take up bill 109, carried and the measure passed second reading.

It was at this point that Mr. Carter moved that the Senate resolve itself into a committee of the whole. His motion did not seem to meet with much favor.

Mr. Bush, the interpreter, was excused on motion of Mr. Baldwin. He was suffering from a bad cold and could hardly speak for hoarseness.

This done, the Senate waded into the remainder of the County bill and then passed it in second reading. On motion of Dr. Russell, third reading was set for today, immediately after the reading of the minutes.

Senate bills 65 and 66, relating to loans, were brought up in second reading and passed. Third reading was set for Friday afternoon.

House bill 93, relating to fire claims, passed third reading unanimously with an amendment by Mr. Achi to the effect that interest at the rate of five per cent per annum be allowed upon every award or judgment rendered by said commission from the date thereof until paid.

Dr. Russell wanted all the appropriation items stricken out of the bill but his amendment was not even seconded.

Senate bill 27, relating to licenses, passed third reading by a vote of 10 to 2. Messrs. Carter and Russell voting no. Messrs. C. Brown, Crabbe and White were not present at any time during the evening session.

Senate bill 93, relating to fiduciary companies, passed third reading and, at 10:35 o'clock, the Senate adjourned.

TO CURE A COLD IN ONE DAY.
Take Laxative Bromo Quinine Tablets.
All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25 cents.

SEATTLE BEER.
The ever popular Rainier beer is becoming a household word and "will you have a glass of Seattle," is more often heard than anything else. The Criterion Saloon has the beer on tap or in bottles.

SEABURY AND GREW FEEL VERY SORE

Had there been a race between the China and Ventura, in which the former vessel was beaten her crew would not feel nearly so bad as they did when they arrived here Wednesday and had all sorts of questions shot at them regarding the slowness of the trip from San Francisco. From the captain down to the mess boy in the Asiatic steamer they were all glum. At first they tried to pass answering questions, but finally they talked. One of the engineers is authority for the statement that the ship is confined to the consumption of 75 tons of coal a day until Yokohama is reached. From that port to Hongkong and return the speed of the vessel is increased to between sixteen and seventeen knots an hour. This is due to the fact that running between the two Oriental ports the China is brought into competition with fast boats, and must keep up with the procession to hold her trade.

The men on the China are looking forward very kindly to the proposed change in the management of the Pacific Mail Company's business, anticipating that if the change does take place the China and the new boats of the company will be run to compete in speed with the Oceanic steamers to this port, and the new line from Seattle to the Orient. The China will then be able to regain her place as the crack boat of the Pacific and get out of the Ellihu Thompson and Albion class of steamers into which a too conservative management has forced her.

MURPHY HALL BUSINESS

The Francis Murphy movement has taken definite practical shape. The Gospel Temperance League has established a parlor hall in the Waverley block, corner Bethel and Hotel streets, up stairs, for the convenience of the public, where only temperance drinks will be sold.

The parlors are elegantly furnished with every convenience. A large list of newspapers and periodicals are kept upon the tables for instruction and amusement of the general public, free of charge. Light refreshments and drinks will be sold from 9 a. m. to 11:30 p. m., during which time the hall will be open daily. There will be music every evening and a fine Saturday night concert each week. Each Sunday evening a temperance lecture and gospel meeting will be held.

There will be a grand opening tomorrow evening, Saturday, April 27, from 7:30 to 11:30 p. m. Senator Baldwin, the largest donor of the League will give an address. Senator Kalaupokalani the Independent leader, will also speak on temperance. There will be a fine musical program and other interesting addresses. Refreshments will be served throughout the evening.

A reception for friends is on from 2 to 4 o'clock this afternoon.

THE TRUSTEES MEET.

The trustees of the Honolulu Athletic Club met last night in the drill shed, and elected the following officers: W. Schuerhorn, president; J. W. Thompson, vice president; Pat Gleason, secretary; C. Crooke, treasurer. Financial matters were also discussed, the secretary being empowered to hire a man to collect the dues up to date.

The trustees were appointed as a committee of the whole to investigate the chances of securing a suitable baseball grounds. At present Makiki cricket ground is the only field available. The club will meet next Wednesday evening.

NEW TO-DAY
