## GOOD NEWS.

President Cleveland Acts  
Favorably..

A FRIENDLY COMMISSION

General Schofield, Ex-Congress-  
man Blount and Admiral

Brown to Arrange

Things.

The steamer Australia arrived this morning shortly after 9 o'clock from San Francisco with news that was considered very encouraging even by people who are accustomed to see everything through blue glasses.

The Oceanic dock, it is safe to say, has never held such a crowd of eager people as it did this morning. Everybody and his wife was there, and when the news reached them there was a sigh of relief from the lips of nearly all present.

The mention of the names of ex-Congressman Blount, Admiral Brown and General Schofield as the ones who will compose the Commission which will visit these islands was very satisfactory to every good annexationist in this city. They are expected to arrive here within the next two weeks. If they do not come on the through steamer they will voyage down in one of the United States naval vessels now at Mare Island.

The news is cheering, and the general verdict among the friends of the Government is "We are more than satisfied."

WASHINGTON, March 9.—Cleveland's first executive communication to the Senate came this afternoon, and proved a surprise not only to the Republicans, but many Democrats. In his communication Cleveland withdrew the treaty with Hawaii sent to the Senate a few weeks ago by Mr. Harrison. The message was short, simply requesting the Senate to transmit to the executive the proposed treaty with Hawaii. The message was received without comment on the floor of the Senate.

It is understood the reason for the withdrawal of this treaty is that the President is opposed to it in its present form. Whether or not he will favor the making of another treaty, and whether it will be an annexation treaty or not, cannot be said on authority at this time; but a gentleman who has talked with the President on the subject said this afternoon that another treaty would be made. It is intimated the President will suggest, either by message or personally, to Senators that a committee be appointed to visit the Hawaiian Islands this year, during the interval between the adjournment of the special session of the Senate and the reconvening of the next session of Congress. Cleveland, heretofore, has been quite solicitous on this point, and made inquiries as to whether or not a resolution providing for such a commission had gone through. He had been, apparently, under the impression that it had been adopted. He learned it had not been, but that the Senate had authority alone to provide for such a commission, probably to consist of Senators, and that the contingent fund of the Senate could be drawn on for the purpose.

ENVOYS FOR HAWAII.  
CHICAGO, March 13.—The Herald prints the following from Washington: President Cleveland has fully decided to send a commission to Hawaii to investigate the recent revolution and to report before the meeting of the next Congress. The commission will be composed of General Schofield of the army, Admiral Brown of the navy and probably Don M. Dickinson of Michigan.

The President will probably announce to the Senate on Wednesday his intention of sending this commission to Hawaii, but as he now views the matter no action on the part of the Senate will be necessary. The commission will be a Presidential board of inquiry, the expenses of the army and navy members thereof being borne as those of officers detailed to special duty and the expenses of the civilian members being borne out of the secret fund of the State Department.

President Cleveland believes that a commission such as that named will not only be able to arrive at the true inwardness of the revolution in Hawaii, but that its reports will command the confidence of the people and of Congress.

It is expected that this commission will sail from San Francisco in about two weeks, and of course, there is unusual pressure for appointment as assistants to the board. The commission will take with it an executive officer—probably a paymaster of the army or navy—and one or two secretaries and stenographers.

BLOUNT WILL PRESIDE.

WASHINGTON, March 14.—The callers at the White House to-day were not so numerous as on previous days, and those who came were given very brief audiences, as it was necessary to cut short the reception on account of the session of the Cabinet. Representative Springer of Illinois presented the name of Edgar Morrison of Morrisonville, a cousin of William R. Morrison, with an application for appointment as Consul to Kanagawa, Japan.

With Secretary Gresham came ex-Congressman Blount of Georgia, who was chairman of the House Committee on Foreign Affairs in the last Congress. Mr. Blount was summoned to Washington by telegraph and arrived this morning. He was shown into the private secretary's room, while Secretary Gresham joined his colleagues, who came with the President. In a little while Blount was sent for and proceeded to the Cabinet room, where he remained for some time.

It is said that he will be the head of the commission which is to be sent immediately to Hawaii, and that his presence in Washington is for the purpose of receiving instructions. It is rumored that when Blount returns he will be designated to perform certain duties under the direction of the Secretary of State. His position will be a permanent one during the administration.

MRS. BLOUNT WILL GO TOO.  
NASHVILLE (Tenn.), March 14.—An Atlanta special to the American says the story from Macon that Congressman Blount has been appointed chairman of the special commission to Hawaii to investigate the situation there seems to be straight. Mrs. Blount will reach Washington tomorrow, and in the afternoon will leave with her husband for the Pacific slope. This story comes from the family.

THE RUSH STILL AWAITS ORDERS.  
SAN FRANCISCO.—There is unusual hurry and bustle on the revenue cutter Richard Rush, lying in the stream off the foot of Clay street. The regular shore boats have been done away with and all hands have been set to work painting and cleaning. The cutter was in the best of condition when she dropped in the stream Saturday, but the inquiries from Washington and the placing of the cutter under waiting orders have caused a general stirring up on board.

The cutter is beginning to look like a handsome steam yacht. There is little doubt that the Rush is to take the Government investigating commission to Hawaii when the members are appointed by President Cleveland. Captain Hooper said yesterday that he had received no further orders from Washington. He did not know where his vessels was to be ordered, but he proposed to have her ready for any emergency.

TO HOLD THE STEAMER.  
SAN FRANCISCO, Mar. 15.—On the 11th inst. the post office authorities here received the following dispatch: WASHINGTON, (D. C.), Mar. 11th. Postmaster, San Francisco: Please ascertain and advise me this evening what price agents will name to hold the Australia forty-eight hours. Answer quick and rush this message. N. M. BROOKS, Superintendent Foreign Mails.

Upon the receipt of the last message Postmaster Backus conferred at once with Spreckels and was informed that the steamer would be held forty-eight hours for \$600 and for any greater time a charge would be made in proportion. It was thought that the Government had important dispatches for Hawaii, but inasmuch as the steamer was not held the necessity evidently did not arise.

Official Dispatches.

The followings is the gist of the despatches received by the Government: President Cleveland is favorable to the principle of annexation. Secretary of State Gresham is earnestly in favor of annexation, and the prompt ratification of the treaty.

The commission are gaining ground with senators. Among the objections raised was that too liberal provision is proposed for Liliuokalani. Kaulani and T. H. Davies arrived in Washington March 8th. One of the Commissioners writes that T. H. Davies is the only foreign power who refuses to acknowledge the Provisional Government. Tramway Paine might be added as another.

Mr. Marsden's Views.

Mr. Marsden was seen by an ADVERTISER reporter immediately upon the arrival of the steamer. He expresses himself as satisfied with the situation. The withdrawal of the Treaty from the Senate by President Cleveland is not looked upon as a sign of hostility. He wished to "let the matter into his own hands, and act after due deliberation, as he naturally did not wish to make his administration responsible for so important a step without inquiry. The Treaty must of course be withdrawn, if a Commission was to be sent down. The Commission named are good men in whom we can place confidence.

In response to an inquiry Mr. Marsden said that the Commission has not been officially appointed but there was no doubt that they would be Congressmen Blount of Georgia, Gen. Schofield and Admiral Brown. Others had been named, but he had talked with newspaper men, in particular with a representative of the Chicago Tribune at the last moment, and it was their opinion that the three named were the men. The Rush is ready for sea, and it is the general opinion that she will bring the Commission down. She is a boat of about the size of the Claudine and would come down in about nine days. Mr. Marsden thinks that she will be here in eight or ten days, and that the rest of the Hawaiian Commission will be on board of her.

"What was the cause of the delay, Mr. Marsden?"  
"Well," replied Mr. Marsden, "it was due first to the tremendous rush of business in the Senate. If it could have been brought to a vote, it would have passed the Senate by a big majority. Then

the Democrats wanted the glory of it themselves,—there is no doubt of that."

Mr. Marsden considers the Commission a safe one. Blount who is named as the Chairman is believed to be a strong annexationist. Gen. McCarthy, the proprietor of the Detroit Budget, who is now a guest at the Hawaiian Hotel, vouches for Blount's sentiments.

Mr. Bush's View.

The friends of Mr. Bush did not forget that he was to be a passenger by the Australia, and they hurried down in some number to meet him. Before the steamer got up to the dock he was at his old habits, making a speech. His friends crowded round the gang plank, and carried him off in fine style in a wagonette.

An ADVERTISER representative found Mr. Bush on the upper verandah of his home on Punchbowl street, decorated with yellow leis, and in the bosom of his family. Mr. Bush expresses himself with moderation on the situation. He says that there is a strong feeling in the United States that if the reasons in favor of annexation prove to be good, the country should be annexed. A commission has been appointed to come down and investigate the whole situation, and, says Mr. Bush, everything now will depend upon them. It was evident, from the tone of Mr. Bush's remarks, that he sees annexation is not far off. When questioned as to his own attitude, Mr. Bush was rather non-committal, but said he would of course look after the interests of his people. It is well known that he has been a strong annexationist in the past.

From One of the Commissioners.

A private telegram from one of the Commissioners remaining in Washington says: "All well. Cleveland's Commissioners will visit Hawaii. Annexation delayed. Rio Janeiro may touch March 30."

A private letter from the same source gives some information as to the proceedings of Mr. Neumann. He is lobbying vigorously, but it is predicted that he will over-achieve himself. He says that he expects and wants annexation, but, as the Queen's attorney, he proposes to get what he can. Failing her restoration, he hopes to get for her the total income of the Crown Lands for the term of her natural life. This means no doubt a big commission for Paul, say six or seven thousand dollars a year, in addition to his big fee, and so he may be trusted to work hard. Whatever happens, says the Commissioner, there is no danger that the Queen or Kaulani will ever be restored.

The Deposed Queen Talks.

The San Francisco Examiner, of the 9th inst., contains a statement from the ex-Queen. She explains how she was forced by her people to give them a constitution. Of course she assails Minister Stevens. It contains nothing new to residents of the city.

MEN ALL SAVED.

The Lady Lamson's Missing Boat Picked Up Near Honolulu.

Captain Pederson of the wrecked bark Lady Lamson arrived here with his wife by the Australia yesterday morning, and four hours later First Mate Muller and the four men, composing the second boat's crew, fears for whose safety have been entertained ever since the disaster was reported, sailed in the Golden Gate, sound and well, on the schooner Martha W. Telf.

The schooner came from Apia, Samoa, and picked up the cockleshell of a boat with its wretched crew on the morning of February 12, after they had been sixteen days from the wreck. All hands were well and hearty in spite of their fatigues and over of hardship and suffering, and the first questions they asked were concerning the fate of Captain Pederson and the Lamson's contingent that took to his boat. An Examiner reporter informed Mate Muller of their safety and all hands set up a joyful shout in response.—S. F. Examiner.

The Government has received no notification from the Commissioners at Washington that the treaty had been withdrawn from the Senate. There was talk of withdrawing it.

Thurston had been suffering from a bad cold, but was much better, at last advices.

The Yost  
WRITING MACHINE.

Years ago, Mrs. Yost built a type-writer, the Remington No. 2 and Caligraph which were good enough then. But the family has increased by thousands. Other folks have hitched on extensions to hold 'em. But it's the same old typewriter, same ribbon, same scales, same rickety print. We want something modern, and we get it in the NEW Yost, which rises superior to the difficulties of any ribbon machine. The ribbon blurs print, wears full of holes, clogs type, takes power to pull it along, weakens manifolding and costs \$8 or \$10 a year. Our ink pad outlasts twenty ribbons. Can be changed in ten seconds, and costs less than \$2 a year. And as to permanent alignment the Yost is the only machine which accomplishes this much desired feat.
