Almost Blind
Inflamed Eyes and Run-
ning Sores

The Success of Hood's Cures
Great Relief—A Perfect Cure.

"I feel it duty to state that Hood's Cures
has done for me, I was almost blind,
being compelled to stay in a dark room on
account of inflammation of the eyes. I was
suffering with running sores on my body. I was
in terrible condition. My mother tried every
thing she knew about and I was attended by
two doctors but without holding me. Finally
Hood's Sarsaparilla was recommended and
I had taken two bottles before I began to feel
better. The inflammation left my eyes and the
sores healed, and the result was that

I became stronger,
and was restored to perfect health. At that
time I was only twelve years old, now I am
thirteen and I have not since been troubled
with my eyes or with any of the sores.

MARE ISLAND NAVY YARD
SHIPS ADAMS AND PHILADELPHIA
ARE IN HAND THERE

Hartford Being Restored. New Steel
Tug. Heavy Repairs to the Adams.
—A Rig Pay Roll.

VALLEJO, July 18.—The force at
Mare Island has now more than
passed the four-figure mark. Not
counting marines, sailors, clerks or
officers, the employees at the Gov-
ernment station number now about
1025. Today was the fortnightly
pay day, and \$35,508.35 were re-
quired to pay all hands off.

The principal pieces of work under
way are the Hartford, a new
tug, and the Adams. In about an-
other week Farragut's old craft
will again be in the water, as sound
and seaworthy as ever, as far as
her sides and bottom are concern-
ed. Whenever a caulk or copper-
smith can be put to work on her,
he is engaged.

The next job in the basin will be
the scraping and painting of the
Philadelphia, which will require
ten days. Since she came in,
Chief Kute and Constructor Baxter
have looked her over, and find no
serious defect in hull or machinery,
although there are several impor-
tant improvements which are desir-
able and may be attempted.

The new steel tug is almost
ready for launching. Some few re-
maining plates are yet to be put on,
but she is rapidly being closed up,
and already presents the appearance
of a symmetrical craft. She gives
promise of both speed and strength.

Quite near the new tug and
Hartford lie the old Adams. She
has been heeled over and a large
gang of shipwrights are tearing out
the wreck of the previous hull, and
found on her sides, and replacing
with new. For the present opera-
tions will be confined to her upper
hull, and no effort will be made to
dock her, as it is believed her bot-
tom is in good condition still.

However, before anything is done
to her masts or rigging, she will be
put in the basin and sound.

An Ivory Mast.

Many people have never even heard
of such a thing, and it is not to be won-
dered at, for these masts are exceedingly
rare, and it is said by those who know
that only three of these beautiful curi-
osities exist in the whole world. The
one we now write about is the largest
one made. It measures 4 feet 4 feet,
and though made in a small hill state
in the north of India has an almost
Greek design for its border. It was
only used on state occasions, when
the rajah sat on it to sign important
documents. The original cost of the
mast is fabulous, for 6,000 pounds of
ivory were used in its manufacture.
The finest strips of ivory must have
been taken off the tusks, as the mast
is as flexible as a woven strand and beau-
tifully fine.—Ladies' Pictorial.

No Hang Juries in Germany.

In Germany, when the vote of the jury
stands 6 against 5, the prisoner is acquit-
ted. A vote of 7 against 5 leaves the de-
cision to the court, and in a vote of 6
against 4 the prisoner is convicted.

Stanley's Death Note.

The death of Surgeon Stanley removes an
other from the diminishing roll of the sur-
vivors of the Emin relief expedition. Now
only four remain of the nine Europeans

THE QUEEN'S HOSPITAL
Business Transacted at a Meeting of the
Board.

The Queen's Hospital Corporation
held its biennial meeting 300-
terday afternoon. In the absence
of P. A. Schneider, J. H. Paty acted
as Secretary. The report of Pur-
veyor Eckhardt showed that patients
treated at the hospital in the two
years ending June 30, 1895, num-
bered 1198 registered. Out of this
number 198 died. The nationality
of the dead was as follows: Ha-
waiians, 50; Japanese, 37; Chinese,
13; English, 12; Americans, 10;
Portuguese, 5; Germans, 4; Nor-
wegian, 2; Batavia, 1; Fiji Islands,
1; French, 1; Hungarian, 1; Rus-
sian, 1; and Samoan, 1.

The monthly average of patients was
117 and the monthly receipts from
paying patients was \$666.60. The
monthly current expense was
\$219.62.

The following board of trustees
was re-elected: H. A. Wideman,
J. B. Atterton, M. P. Robinson, J.
T. Waterhouse and R. A. Schaefer.
The retiring officers were also re-
elected.

The board of trustees met after
the corporation meeting, when Dr.
C. B. Wood's report for the quarter
ending June 30th was read, show-
ing the number of patients at pres-
ent in the hospital to be 72; namely,
38 Hawaiians, 2 Chinese, 7 Japane-
se, and 29 other nationalities. Thirty-three were paying patients.
The highest number of patients was
80, lowest 8, and daily average
68. The number of admissions
during the quarter was 178, and
discharged 147. Deaths, 24.

The treasurer's report for seven
months ending July 17, 1895,
showed expenditures \$25,946.97,
and receipts \$23,440.45. Balance
due to the treasurer \$2,506.49.

Gravitation and the Blood.

We ordinarily think of the attraction
of gravitation only as producing what
we call weight, and as governing the
motion of the earth and other planets
in their orbits. But gravitation acts in a
very important manner upon the cir-
culation of the blood in our veins and
arteries. An elaborate series of experi-
ments has recently been carried out in
England to determine just what effect
gravitation exercises in this respect, and
how its disturbing influence is com-
pensated in the bodily mechanism.

It has been found that man prob-
ably possesses a more complete compensa-
tion of this kind than any other animal,
and that the monkey stands in this respect
next to man.

Injuries to the spinal cord, aneurysm,
and poisoning by chloroform or curare
paralyze more or less completely the
power of compensation, and then the in-
fluence of gravitation has been arrested,
and the monkey stands in this respect
next to man.

In such a case death is more likely to
result, according to the conclusions of
Professor Leonard Hill, if the body is
placed in such a position that the ab-
domen is at a lower level than the heart.
But the danger may be diminished or
removed either by elevating the abdo-
men or by compressing it so as to drive
the blood up to the heart. When the
heart itself, however, has been injured,
as by chloroform, there is danger in forc-
ing the blood too rapidly into it.

Professor Hill finds that, generally
speaking, the best position for the body,
when the power of compensation for the
effects of gravitation has been arrested,
is with the feet up instead of with the
feet down.—Youth's Companion.

Enough Trouble to Begin On.

The light and joy of a pleasant de-
parture home is a 3-year-old boy of bright
face and happy temperament. A day or
so ago a gentleman visiting the family
nugget the little tot in conversation,
and one of the numerous questions he
was called upon to answer was:
"Are you married?"

"Yes," replied the gentleman, and
he added playfully, "Are you?"

"No," came the quick response, "but
I've been vaccinated."—Detroit Free

On Constitution.

To THE STAR—

Speaking of the independence of certain local journals the *Pacific Commercial Advertiser* of this date says: "It is an independence born of a disposition to see nothing that is good in the action of any man or Government, forever picturing a 'nigger in the woodpile,' no matter to what straits of deception and distortion of facts it may be pressed, to make the representation fairly plausible." In the same journal, of date Jan. 3rd, of this year, can be read the following: "While surrounding their editorial pages by a warm glow, they open their first pages and extensive head lines to reading matter that has not a shade of foundation for the truth; matter which too often contains personal injury, and among matters * * * tends to undo the labor of years."Again I quote from this morning's *Pacific Commercial Advertiser*, on the "first page" of which in large type is to be read: "Is latest American traitor"—not "aid to" but "is," "latest American traitor."And who, it will be asked, is the man thus held up by the *P. C. A.*?

Who? Some wretched, low, vain politician? No, sir, not so, but a gentleman and a statesman is picked out for this honorable notice of "latest American traitor."

Who, then, is thus vilified in its columns? No less a person than the twice chosen representative of sixty-five millions of Americans!

Where, sir, is the consistency of this "leading journal" advocating annexation to a country whose system of government, according to its view, has for its outcome such results that only that country's bitter enemies could be glad to recognize it?

I am, sir, yours obediently,

CHARLES F. HART.

The Dining Teachers.

The school teachers from Victoria are winding up a very pleasant visit to this island. The Pacific by taking in the sights about the city and suburbs in surries. Miss Cameron, leader of the party, called at the office of T. H. Davies & Co., and made sure that their berths were secured on the C. A. S. S. *Waimanalo*, to leave for the boat Thursday for home, charmed with the excursion to Hawaii.

FOR NOT ASSISTING.

Two Men Punished For Failing to Help an Officer.

B. Raymond and D. Kapali were tried in the District court today for refusing to render assistance to a police officer, in case of emergency, while in the execution of his duty on Saturday last. Officer Jim Kupahe testified to having arrested Joe at Liliha and King streets, after the man had stabbed patrolman Molendhaer. He had great difficulty in holding the man, and it was not till he had used all his strength that Joe was overpowered and the knife drawn. Both defendants were present, and he had called to them to assist him. Kapali came near and instead of assisting told witness to "handle the man carefully as he might get hurt." He made no motion to help in any way. A native woman gave similar evidence adding that Raymond was asthmatic and could not have done much.

Kapali, in his own defense, stated that he did not know Kupahe was a policeman. He did tell Kupahe to handle the man carefully and not hurt him.

Kapali was found guilty and sentenced to pay a fine of \$10. Raymond was discharged. An appeal was noted.

The End of a Strike.

WHICH (W. Va.), July 18.—The Richmon strikers today laid down their guns. They resolved to have a peaceful settlement with the operators if any.

Death of an English Rear Admiral.

LONDON, July 18.—Rear Admiral Curtis died suddenly yesterday while returning from a visit to the Italian main-of-war at Spithead.

A Humming Company.

At the Drill shed last evening rifles, bayonets and belts were issued to the new C. O. H. N. G. H., under direction of Col. McLean and Capt. Murray. Ninety-two men were present for equipment. The limit has been so nearly reached in this organization that fifteen applications for enlistment have been tabled.

After the arms were out last evening, squads were placed in charge of sergeants for drilling. All did very well except some of the marines lately off the *Lehua*.

THREE SESSIONS BEING HELD BY THE UPPER HOUSE.

Representatives Hard at Work—On Right of Way—Constitutional Committee.

THIRTY-NINTH DAY.

SENATE.

After the opening exercises it was noted that the only business ready was the House failure to concur in Senate amendments to the Land Act. Messrs. Lyman, Baldwin and McCandless were named as the conference committee.

Recess to 1:30.

HOUSE.

Representative Robertson from the Committee on Foreign Relations stated that as he understood that the Senate had passed a joint resolution in re annexation, which would be sent down, he thought that the House committee should not do anything until the Senate resolution had arrived.

The speaker appointed Representative Bond, Richards and Kaunakakai to consider the bill relative to supplementary appropriations. He had been notified that the Senate had appointed a committee and would be ready to meet the House committee at 1:30 o'clock.

The joint resolution to appoint three members from each branch of the Legislature to inquire into the Registration Act passed, and was ordered engrossed.

Act 13 relative to the regulating of the acquisition of rights of way over the Land of others with amendments by the Senate was taken from the table.

The amendment by the Senate that costs of court proceedings "may be made to the party in whose favor the judgment is given, or to the plaintiff," was not concurred in by the House.

Representative Robertson held that the Senate had eliminated a point he was very careful to have inserted in the bill before introducing it. If a plantation company desired a right of way over a small land-holder and won the case, the poor man would have to pay the costs. This would be an injustice.

The Secretary was instructed to notify the Senate of the action of the House on the Land Act, also that the committee was ready to meet the Senate conference committee to discuss the bill.

An act to regulate the currency was taken from the table. Considered and sent back to the Senate.

Senate act 15, relating to a labor commission was read for a first time in a very few minutes.

At noon, adjourned to 10 o'clock tomorrow.

Carried To Jail.

The Japanese detective, Tom Abbie, made an arrest this morning, the first in an age. Tom saw a native helpess with drink in a saloon. He slung his man across his shoulders and carried him to the Police station. The man was charged with drunkenness and Tom Abbie was credited with an arrest.

Latest in Rowing.

Captain C. Crane has just finished a rowing machine that is destined to work wonders in the club in the coming regatta. The machine sits on the pontoon at the club's boat house and the rower has the oar in the water and with the trainer alongside he can be taught the use of the oar to perfection. Experts have pronounced it to be the best training apparatus for a four oared crew they have seen yet. Captain Crane is to be congratulated on the valuable addition he has made to the interests of rowing.

ESTATE CASES.

Passing Upon Them In The Probate Court.

In the matter of the guardianship of Isaac Robinson and Elizabeth Robinson, Judge Whiting today granted the petition of the father John K. Robinson, that A. W. Carter be appointed guardian under \$300. The estate is valued at \$300.

In the matter of the estate of John S. Kekukahiko, deceased, C. J. Waller was appointed by Judge Cooper administrator under \$300 bond.

The administrator charges himself with \$19,852.32 and asks to be allowed for expenditures, etc., since July 18, 1932, the sum of \$17,747.77, leaving a balance of \$2104.55. The estate consists of a rice plantation on the other side of the island. The date of hearing is set for Friday, September 6th.

Bruce Cartwright has filed his annual account as administrator of the estate of R. W. Holt, deceased. There is a balance of cash on hand after annual distribution of \$4,172.00. This does not include the capital invested which is \$29,490.30.

Cycling and the Heart.

Sir W. B. Richardson, an eminent English specialist, declares that bicycling causes great rapidity of the heart's action at the expense of the vitality. He says a rider while on the wheel invariably has a rapid pulse, not infrequently from 150 to 200 per minute.

Indemnity Demanded.

TANGIER, July 18.—German war ships have arrived here with orders to insist upon the payment by the Government of Morocco of an indemnity of 8000 marks for the murder of a German citizen named Rockstroff.

LAW OF 1935.

New Laws Offered in the House of Representatives.

A decision by the full bench, Circuit Judge Cooper sitting in place of Judge Hickerton, absent from illness, in the damage suit of J. E. Gomes vs. Hawaiian Gazette Co., Ltd., H. M. Whitney, Manager, was filed today. The case was heard at the June term. The bench of the alleged defamatory article which caused the suit is as follows: "Gomes and his dog, The Portuguese Jeweller arrested with Opium in His Possession." Gomes formerly won the suit, but lost on appeal.

Defendants appealed from the decision of the Judge who refused to grant the writ of habeas corpus.

The decision holds "that to impugn to another the commission of an offense involving moral turpitude and which is punishable by imprisonment is libelous per se if written or printed and published."

"Damages are recoverable in such cases, though no special damages are alleged or proven."

"It is libelous per se to charge in a printed publication, a person with the offense of selling opium, the offense being punishable by imprisonment at hard labor, and its commission involving moral turpitude and subjecting the offender to social degradation."

"The statute allowing under a plea of general issue, the introduction, in defense, of any matter of law or fact whatever, it was error to refuse defendant's evidence of the truth of the defamatory matter."
