## MAUI NEWS SAYS KALUA MUST GO

It Will Bring Charges Unless the Judge Resigns.

## CLAIMS JUDGE DOES NOT KNOW HIS DUTY

Maui Attorneys and Citizens Claimed to be Behind the Movement-- Impression That Kalua Imbibes Too Freely.

Under the heading "Kalua Must Go," the Maui News of December 21 publishes the following:

It has been the fixed policy of the News to avoid attacking private individuals, and there is no disposition to overstep that policy. No citizen occupies public positions for their official acts, and the News would be remiss in its duties to the public if it should fail to voice public sentiment in those cases where a public official is derelict in his duties or so conducts himself as to unfit himself for the proper performance of his duties.

Judge John W. Kalua must go. The News in taking up this fight, does so deliberately, and after mature consideration of the reasons, and with the assurance, as well as the probable results. "Thrice armed is he who hath his quarrel just," and this paper will continue the fight until either Judge Kalua voluntarily steps down from the bench which he has disgraced, or until the top of the Presidential boot is effectually applied.

To those who are intimately acquainted with the public career of Judge Kalua for the past few years, no specification of charges is needed, because his derelictions are well known and are a threat to subjects of discussion.

But definite charges will be published by this paper, if Judge Kalua refuses to listen to its advice, and to an almost universal sentiment of condemnation among the people of Maui--and refuses to resign the judgeship of the Second Circuit.

To those who are not familiar with the facts in the case, it may be suggested that drunkenness in public, on the streets, in the church, on the bench, and at other places almost too sacred to mention, will be among the charges officially preferred. Intimate and confidential conversations between himself and persons who were afterwards to be tried before him and promises made by him to them which they afterwards inadvertently revealed to others--and which promises were afterwards scrupulously performed by him on the bench--all these things, and the hidden motive for such promises, if any, will be dug up and brought to light.

His ignorance of law, and his inefficient, not to say corrupt, administration of it, the fact that his charges to grand juries and his instructions to Petit Juries have to be prepared by his subordinate court officials is a charge which he will, if he persists in refusing to resign, be called upon to answer officially.

Other grave charges will also be preferred against him, if he courts an investigation of them, but the present object of the News is merely to give him a mild intimation in a friendly way that his resignation from the judgeship of the Second Judicial Circuit would be considered an inestimable boon to the justice-loving people of Maui.

It will avail Judge Kalua nothing to claim that the present attack is inspired against him simply because he is a poor Kanaka, a claim which he recently made, and Hawaiians themselves are warned against such pleas made by him. It is not because he is Hawaiian, but rather because he is a disgrace to the name of judge, that his resignation is demanded, and none will appreciate this fact so keenly as the Hawaiians of Maui, who are thoroughly conversant with Judge Kalua and his methods.

Domingos Ferreira and another Portuguese cleaned out the Japanese Waiolua in several races on Christmas Day. Ferreira took his horse Brock down the road with him.

## CAPT. HANDY WANTED SHERIFF CUDDEE OF SEATTLE SENDS NOTICE

Man Escaped From Custody of a Sheriff in Tacoma--Obtained Money Under False Pretenses.

## CAPTAIN SOUGHT SAFETY AT KANAPALI MAUI

Statement By E. G. Carrera, Agent-- Says a Week is Time Enough to Make Round Trip.

High Sheriff Brown has just received from Ed. Cuddee, Sheriff of Seattle, Wash., the description of an escaped prisoner, who is badly wanted. Sheriff Cuddee offers a reward of \$250 for the arrest and detention, in any State or country in the world, until his arrival with legal process, of Captain Forrest N. Handy, under sentence of two years, on a charge of obtaining money by false pretenses, who escaped from the custody of the deputy sheriff, at Tacoma, Wash., U. S. A., November 2, 1901.

Description--age 50 years, height, 5 feet 10 inches; weight, 200 pounds; hair dark, tinged with gray, and long, covering bald spot on head; eyes, dark gray or brown; nose, straight; mouth, brown, tinged with gray, Van Dyke style, may have shaved; right arm very stiff and crooked at elbow; wears number eight or nine shoes.

Captain Handy followed a seafaring life for some time, and is well known to a large number of men engaged in that occupation. It is likely that he will disguise himself and assume a fictitious name. However, it is impossible for him to disguise his crooked right arm; it will betray him under any circumstances.

His eyes, a dark gray or brown, are attractive. He has the habit of rolling them so that their white parts show plainly. It is expected that he may open an office and advertise that he has business chances for sale, etc. If this is done it is suspected he will have in his employ as a clerk, a woman by the name of Martha Meidell, formerly of Beresford, South Dakota, who answers to the following description:

Small and short; weighs about 95 or 100 pounds; age, about 30 years; hair, light brown; eyes, light blue; wears glasses; complexion, sallow; fine set of teeth, white and even; quick in movement; dresses plainly; looks commonplace; retiring in manner.

## ROBBING THE DOCTORS

FIVE OFFICES VISITED WITHIN ONE WEEK

Drs. Cooper, McDonald and Sloggett are Victims of Burglar's Attention on Christmas Night.

Evidently one of the knights of the jimmy thinks the doctors are making a great deal of money and not caring where they leave it lying around. The same night that Dr. Wood's office was ransacked, Dr. Moore's office received a visit of violence.

On Christmas night the joint offices of Drs. Cooper and McDonald and the office of Dr. Sloggett, within two doors of each other in Alakea street, had late callers who were not after medical or surgical assistance though inviting such as well as the attention of the coroner.

All of the desks in Dr. Cooper's and Dr. McDonald's rooms were pried open. So money was found, but Dr. Cooper lost a lot of cigars. The front door is usually left unlocked, as it opens only into the vestibule, but the ladies' waiting room, which ought to have been secured, was neglected by the office boy. By that way the marauder entered. In his depredations he did not utilize the electric lights, but lit matches to show the way as was evident from the burnt ends strewn everywhere.

About 3 a. m. Mrs. Cooper, from the cottage next door, heard the ringing of the office bell from someone treading on the electric mat. She did not arouse her husband, fearing that the intruder might be a desperate character and draw a bead on anyone interfering with his rampage. The doctor regrets this fact, as he owns a pretty specimen of revolving firearm, procured specially for saluting unwelcome night visitors.

Dr. Sloggett was made \$44 poorer by the visit to his place. It might have been \$45, only a shining dollar was unaccountably overlooked. Entrance in this case was through a back window, the burglar using a sewing machine case to reach it. Exit was through a front window. The doctor's desk was forced open with a sharp instrument. Burnt matches profusely distributed here also indicated the burglar's contempt for more modern illuminating agency.

## PAIAI SCHOONER OFF REEF AGAIN

News Comes By Mauna Loa of Waiolua's Safety.

## CAPTAIN SOUGHT SAFETY AT KANAPALI MAUI

Statement By E. G. Carrera, Agent-- Says a Week is Time Enough to Make Round Trip.

The Mauna Loa brought this morning the complete details of the accident which happened to the paia schooner Waiolua on Wednesday last. News was brought by the Lehua yesterday that she had probably gone ashore at Kanapali. As a matter of fact, she really did.

The Waiolua started out from Kalaupapa Tuesday afternoon. After having been out but a short time the schooner, in command of Captain Johnson, the new skipper, met with rough weather, the wind blowing strong from the northeast. Captain Johnson decided it would be best for him to seek shelter at once, and so he made for Kanapali, which port was reached the same night.

As luck would have it, the wind veered to the westward and the Waiolua was soon piled up on the reef. Word was sent to the tug Leslie Baldwin, which arrived the next day and succeeded in getting the schooner off without much trouble.

Captain Johnson came down in the Mauna Loa today, he having resigned command of the schooner and left her in the hands of Captain Gardner, who was formerly on the steamer Upolu, which piled between this port and Honolulu. Captain Johnson is very sore over the whole proposition. He states that he resigned because the agents of the schooner told him to make the trip from Kalaupapa to Honolulu in a week. He states that this cannot be done in a schooner like the Waiolua.

When the Mauna Loa passed Kanapali, the schooner was not there, so it is supposed that she has continued on her trip to Honolulu, and is now at the wharf with the much-needed paia.

The Waiolua seems to be somewhat of a hoodoo. Not long ago, the former captain was discharged for certain irregularities in the matter of carrying paia to the settlement. A fortnight or so ago there was a report that the Board of Health meeting because Superintendent Reynolds had written down that the Waiolua was several days overdue and that the natives at the settlement were suffering for their daily food. When the Waiolua did arrive, some of the paia was spoiled. Now the Waiolua has, as a climax, the misfortune of going ashore, and the captain has resigned. What is to be done in the matter will be decided on Monday.

However, one thing has certainly been proven by the unsuccessful working of the schooner Waiolua, and that is the fact that the lepers of the settlement should not be made to trust to the winds for the food that is most necessary to them. Sometimes the schooner arrives and sometimes it will not. When the latter is the case, the Government loses money, the people at the settlement suffer, and there is all manner of trouble.

Dr. Sloggett struck the keynote when, at a recent meeting, he made the statement that a steamer for the Board of Health was a necessity. With a steamer, the Board would be independent and the people at the settlement would get their meals regularly.

E. G. Carrera, secretary of the Hawaiian Navigation Company, Limited, who has been very zealous in trying to assure the Board of Health the very best of service in the transportation of paia, had the following to say this morning:

"The Waiolua had already delivered her 600 paia at Kalaupapa and was not starting out from Kalaupapa, as has been incorrectly reported. The captain got out into the channel and decided that, on account of the very bad weather, coupled with a strong northerly wind, he would put into Kanapali for safety. This was on Christmas night, instead of Tuesday. The schooner was hauled off into deep water. There were no leaks and the damage was very slight.

"At 8 o'clock of the same morning Captain Gardner took charge and sailed the Waiolua to Kalaupapa. Captain Johnson was dismissed by me, and Captain Gardner was sent to Kalaupapa. He did not arrive in Kalaupapa until six hours after the schooner had left for Kalaupapa. Johnson did not know he was no longer the skipper. He received the news at Kanapali.

"As to Captain Johnson's contention that the Waiolua cannot make the round trip in a week's time, I would say that, barring extremely bad weather, this can be done right along."

## THREE INSANE PEOPLE.

The Mauna Loa brought among her deck passengers from Kau, three insane Portuguese in charge of a police officer. They are Julia Bocla, Bahino Costa and Manuel P. Teixeira and all three were committed to the asylum by Judge Waiapuli. The unfortunate Portuguese have been removed to the asylum.

## SPOKE ON EXCLUSION HOME RULERS EXPRESS

Prince Jonah Kaimanalo Would Have Restriction, Not Exclusion --Mrs. Wilcox Has a Few Thoughts.

## ANOTHER MEETING OF THE REPUBLICAN HOME RULE PARTY WAS HELD IN FOSTER HALL LAST EVENING FOR THE TRANSACTION OF VARIOUS MATTERS OF BUSINESS.

Several names were considered for vacancies on the executive committee, but no definite action was taken. The names under discussion were as follows: George Markham, John Holt, John W. Cooper, Morris K. Keohokalele and Hupikane.

The committee appointed to make arrangements for the big ratification meeting, reported progress. Invitations have already been sent to Governor Dole, the Republican Secretary H. E. Cooper, Chief Justice Frear, Associate Justice Ferry, Associate Justice Galbraith, Judge Humphreys, Judge Estee and Judge Robinson. Col. Thomas Fitch, E. B. McClanahan and many others, to be present at the meeting. Answers have not yet been received.

The answer from Washington to the resolution relating to the exclusion of Chinese, was read and a discussion was precipitated. Prince Jonah Kaimanalo said he was in favor of restriction, not absolute exclusion. In his mind, there should be some special provision by which Chinese could be brought into the Territory to work on the plantations. He strongly objected to Chinese or Japanese competing with a white man or a Hawaiian in work of a skilled nature. With field work, it was different. Total exclusion would work a great hardship to the country.

John Emmelhuth spoke strongly in favor of exclusion and Mrs. Wilcox had a five-minute say in favor of allowing enough Chinese to come into the country to work the plantations.

On Monday evening next there will be a special meeting of the central committee to consider various important matters, at that time final arrangements for the grand ratification meeting will be made.

## HAD A ROUGH TRIP

The Mauna Loa arrived from Hawaii and Maui ports this morning, bringing a small cargo of sugar. She reports very disagreeable weather along the Kau coast. Following is the report of Purser Wm. Simerson:

"Fine weather along Hamakua coast. Little rain. Fine weather and smooth seas along Kau coast from the day of arrival until two days after, when it became very rough. We were to have brought back half of Punaluu freight and all the lumber but, on Wednesday afternoon, the seas moderated a little, affording the opportunity of landing all the freight and lumber. Owing to the rough seas and rain at Kau, we were unable to get a good load of sugar. H. A. C. Co. will stop grinding in a day or two, to shut down for four to six weeks."

The Mauna Loa brought the following cargo: 238 bags sugar, 192 bags coffee, 222 bags taro, 17 bags awa, 137 bags bananas, 28 kegs butter, 13 bbls pork, 22 pigs and 229 pigs sundries. There were 47,000 bags of sugar left at H. A. C. Co. and 1835 "Diamond" H in the warehouse.

## THE CORNOT ESTATE.

F. A. Schaefer, trustee of the estate of A. A. Cornot, deceased, has filed his annual account. He received \$2470.95 and paid out \$1647.85, and out of the balance of \$822.20 invested \$800 in Hawaiian Government bonds, leaving a cash balance of \$22.20. The inventory shows the estate to consist of one simple store property at King and River streets, Honolulu, and investments in bonds and mortgages of \$14,300.

## BOERS CLAIM 24,000

Paris, Dec. 16.--A morning paper here asserts that Commandant General Krueger has reported to Krueger that he has 24,000 armed men, 10,000 being Cape Colony recruits.

New York, Dec. 16.--Eloir, Krueger's grandson, has sailed from Holland for Lourenzo Marquez with intent to examine the military situation in South Africa, and if it should be found advisable to sue for peace on the broad line of autonomy under the British flag similar to that enjoyed by Canada, says a dispatch to the Tribune from London.

The adjourned meeting of the Governor's council to consider the Walkiki route of the Rapid Transit tracks did not materialize this morning. Governor S. B. Dole, Attorney General E. P. Dole, Superintendent of Public Works J. H. Boyd and Commissioner of Lands E. M. Boyd were in conference in the executive chamber, but Private Secretary Hawes was in his own office and said there was no meeting of the council.

In the Police Court this forenoon, William Keola, an express wagon driver charged with heedless driving, by a Portuguese backdriver, was discharged. The case of J. M. Thompson, charged with keeping his saloon open past the regulation time on Christmas night, was nolle prosequi. Charles Webster and James Hemus, both charged with drunkenness, forfeited bail on account of non-appearance.

## BATTLE ROYAL BETWEEN LAWYERS

Fight to Finish on Law Points in Federal Courts.

## EVIDENCE OF ASSESSOR THE BONE OF CONTENTION

Defendant Wins Hard Fought Struggle --Annual Leasehold Value of Land Given as \$60,000.

There was a battle royal in the forum of the United States District Court this morning. The forensic gladiators were Federal Attorney Dunne and former Judge Silliman, the latter coached by a slight extent by his partner, F. M. Hatch.

Deputy Assessor Frank Archer was left over on the witness stand from yesterday afternoon and it came Judge Silliman's turn to cross-examine him. The crucial point that came to issue at the outset was whether Mr. Archer was a competent witness as an expert of the value of the Honolulu Plantation Company's leasehold at Pearl Harbor condemned by the United States for naval station purposes.

The witness for one thing was asked how many tons of cane to the acre the land would produce. When this was ruled out, the question came of how many tons of cane would produce a ton of sugar.

Mr. Dunne not only objected but strenuously protested against the attempted line of cross-examination as "irrelevant, immaterial, speculative and remote," with a whole lot of connecting legal phraseology.

Judge Estee sustained the objection, insisting that defendant must first prove that the land had ever produced a crop of cane. The Court observed that this question had all been threshed out and ruled upon in the Bishop Estate case.

Mr. Silliman, however, stuck to his contention like a dog to a root. He said this case was on a different basis entirely from the Bishop Estate case, besides he was not in that case.

"But you were present in the courtroom and heard the rulings," Mr. Silliman held to their being a difference and said he had law to show for the position he assumed.

Judge Estee replied that he might have law. There was a law of Pennsylvania bearing on this subject which was found to be unconstitutional. Also there was a law of this Territory providing that compensation under the law of eminent domain should be the assessed valuation and twenty per cent added. This was unconstitutional because it was a transgression of judicial functions by the Legislature. However, let counsel produce his law.

Mr. Silliman forthwith quoted United States Supreme Court by the page. After a score of passages at arms between himself and Mr. Dunne, with the Court tossing a nugget now in one side of the scale and again in the other as either party earned it, the defendant was allowed to get at his point by a slightly altered route and came to Mr. Dunne's privilege to note exceptions. Mr. Silliman eventually brought the witness up to the point of proving that he was competent to forecast the land's yield in sugar. There he was left, the rest of the evidence on that score to be obtained from later witnesses.

Mr. Archer's testimony went far enough to record his estimate of the annual value of the leasehold to be \$60,000.

At one point in the legal scrimmage Mr. Silliman pleaded with almost pathos that all he wanted was justice.

"And that's all you'll get here," was the Court's rejoinder.

A white man employed by the Dairy-men's Association complained at the police station this forenoon that he had been robbed of his watch. He suspected his room-mate, another employee of the association who had been discharged last night. The police started out on a still hunt and the suspected man was caught on Bethel street. He was taken to the police station for investigation. Upon searching the fellow, the lost watch was found. The peculiar part of the whole thing is that the two men were the very best of friends up to the time of the discharge of the one who took the watch.

LEE TOMA & CO., LTD., HAVE BIG CONSIGNMENT Something Like \$10,000, Saved on Last Lot and Between \$2,000 and \$3,000 on Another \$15,000.

## MR. DUNNE TO HAWAII

Could Not Get Good Timber Here for Assistant Attorney General's Salary--Recommended by Judge Estee.

Lee Toma & Co., Ltd., the big tobacco dealers of the city are handing out choice Manila cigars to their friends today, for, by the recent ruling of the Treasury department based on the Supreme Court decision on the Philippine Islands, which came by the Peru yesterday, they find they have saved thousands of dollars and can therefore afford to be generous.

The last shipment received in bond by Lee Toma & Co., Ltd., contained 200,000 Manila cigars and eight bales of tobacco leaf which, when transformed into cigars, will make in the neighborhood of 140,000. It is calculated that, had it been necessary to pay duty on these cigars and the tobacco, an outlay of at least \$10,000 would have been necessary.

Of the former lot, there were 15,000 cigars left in bond and the duty which had been paid on the cigars already taken out of the Custom House, had been planned down under protest, so all of that coin will revert back to the company. On the 15,000 still in the Custom House and now free to be removed whenever the owners wish to do so, it is calculated that two or three thousand dollars has been saved.

The 15,000 cigars of the old lot and the 200,000 of the new lot will all be placed on the same basis and will be sold all the way from \$2.50 to \$5, a startlingly low price after the high prices that have been paid for Manila cigars since the annexation of Hawaii to the United States.

This news comes as a great boon to men of Honolulu who smoke regularly. It means the saving of quite a little pocket money during a year.

## AN ANTI-DOLE MAN

Attorney General Dole Repudiates Organ's Insinuation.

## HE HIMSELF BROUGHT MR. DUNNE TO HAWAII

Could Not Get Good Timber Here for Assistant Attorney General's Salary--Recommended by Judge Estee.

"This morning's Advertiser chuckles over the turning down of Mr. Dunne as United States District Attorney because, as it says, he is an anti-Dole man. Have you ever regarded Mr. Dunne as an anti-Dole man?"

Attorney General E. P. Dole was thus addressed by a Bulletin reporter today. "Not at all," was the emphatic answer of the Attorney General, who added that he had not seen the Advertiser's remark.

"You brought him here, did you not?" was next asked.

"I did," came the reply. "I don't mind letting you see what I wrote to Mr. Dunne."

Mr. Dole produced his letter book and read the following extract from the letter in question, stating that it was written under date of October 25, 1900:

"Of course, other things being equal, I would prefer a man who has lived here some years, and as this is a Republican administration I would prefer a Republican. I do not know what your politics are, but my first aim is to administer the affairs of the office as economically, efficiently and justly as possible."

"The rest is a discussion of the duties of the office," remarked Mr. Dole. "Yes, it was the office of Assistant Attorney General. Mr. Dunne acted in that capacity for some time, including his service as counsel for the Government before the Fire Claims Commission."

Mr. Dole, having stated that he did not know Mr. Dunne before offering him the position, was asked what put him on him. Reputation?

"Yes," was the answer. "He was recommended to me by Judge Estee and others as a square man and one of the best lawyers on the Pacific Coast. I sent for Mr. Dunne solely because I could not get that kind of timber here for the salary appropriated by the Legislature, and I found him all that I had been led to expect."

"He has never shown any antagonism toward the Hawaiian government?" was finally asked.

"Not the slightest," the Attorney General declared with spirit. "I do not run this office on politics," he added as the reporter took his leave.

## Boys Out Late.

Toga and Nigeli, two Japanese boys, aged 13 years, were arrested at about 12:30 o'clock this morning for a violation of the "Curfew" law. Both the boys' parents are in Kauai and they are staying at the home of a male friend in the city. This friend was called before Judge Wilcox and he and the boys were reprimanded severely. The latter were then discharged.

## CHRISTMAS TREE OF METHODIST CHILDREN

The postponed celebration of Christmas by the Sunday school of the First Methodist church, made necessary by the stormy weather of Tuesday night, took place last evening in the church building, corner of Miller and Beretania streets. The decorations were of palms, ferns and flowers. The mottoes "Peace on Earth and Good Will to Men" and "Merry Christmas," were displayed prominently in front.

The program was as follows:  
Song—Sunshine..... School  
Prayer..... By Pastor  
Scripture Reading..... Clarence Pearson  
Song—Why Do Bells for Christmas Ring?..... School

"The Christmas Rainbow," by Angenette Lamson, Emma Sereale, Frances Williams, Vivian Buckland, Florence Ferguson, Stella McAllister.

Recitation—Kahawai's Christmas..... Hazel Mesick  
"Jesus Bids Us Shine"..... Primary Class  
Recitation—Bout a Million.....

Farel Wheeler  
Song—Over the Hills of Judea..... Ruby Hiltz and School  
"Father Time and His Twelve Children".....

Recitation—Two Little Stockings..... Marjorie Chapin  
Song—Christmas Bells..... School  
Recitation—Searing Santa Claus.....

Ralph Gray  
Recitation—Just Before Christmas..... J. Martin  
Song—Come Back, Dear Santa..... Primary Class

John W. Francis was Santa Claus. After he had finished distributing the presents to the children, he presented Rev. G. L. Pearson, the pastor, with a purse filled with gold, a gift from the Sunday school children.

The best number on the program was the singing of "Jesus Bids Us Shine," by the primary class, each member of which held a lighted taper. The electric lights were turned off.

**AS TO FIRE CLAIMS**

J. G. Pratt of the Fire Claims Commission has received the following communication from F. E. Warren, Senator from Wyoming, relative to the payment of losses incurred in the plague fires out of the customs receipts of the Territory:

United States Senate, Committee on Claims.  
Washington, D. C., Dec. 9, 1901.

Joseph G. Pratt, Esq., Honolulu, Hawaii:  
My Dear Pratt:—I have your favor of November 26, also copy of petition to the Wyoming representatives in Congress relative to desired appropriations for settling fire claims arising out of efforts to suppress the bubonic plague in 1899. I will submit the petition to the Senate, and will cooperate with your delegate, Mr. Wilcox, in trying to secure the desired adjustments.

I note your reference to a successor to Colonel Baird. General Van Orsdel thought he wanted the position, and the Wyoming delegation in Congress, the bar and the State officials generally, united in his support. Later Van Orsdel concluded that he did not wish the place, and Bob Breckons became a candidate. Bob has secured very general endorsement in the State, and Senator Clark, Representative Mondell and myself have recommended his appointment to the President. What the outcome will be I cannot say at this time. It is possible we may not be able to hold the place for a Wyoming man, but if we do, Breckons will get the position. With the assistance of his Wyoming acquaintances who are now in Hawaii, he should be able to maintain the fine record which Colonel Baird has left as a legacy.

The list of names on the petition comes home to me with great force. They seem very familiar, and it is very gratifying that our State has such a creditable representation in the Paradise of the Pacific. I will be more than pleased to do what I can to see that their wishes in this and other matters are granted.

With kind regards to Mrs. Pratt, and all my Wyoming friends, I remain,  
Very truly yours,  
F. E. WARREN.

**ISLAND GIRLS PLEASE**

A late San Francisco paper, speaking of the golden jubilee of the Dominican Sisters' College at San Rafael on the 12th inst., mentions the Misses Ena of this city and daughters of John Ena, president of the Inter-Island Co. The article contains, among other things, the following paragraph:

"A dainty luncheon was served at 1 o'clock, followed by an enjoyable program embracing orchestral and vocal selections by the young ladies of the college, interspersed with lively waltzes by Reynolds' orchestra. A feature of the exercises was the melodious singing of the Misses Clarence, Daisy, Mabel and Mary Ena, pupils from Honolulu. Their rendering of 'O Night, Thou Peaceful Night,' and other selections in quartet, with all the rich harmony for which the people of the Islands are noted, was greatly appreciated by the crowd that packed the large auditorium. Miss Ella Bethune, a pupil from Sonoma, rendered a French selection in a clear and vibrant soprano. Miss Clarence Ena's mezzo soprano voice lent new beauty to the well-known 'Lead, Kindly Light,' while a solo by Miss Mary Ena, rendered in a wondrously rich and powerful contralto, pleased every hearer."

## TAX RETURN SHOWING AVOVAL OF HARMONY

### AFTERNOON PROCEEDINGS IN CONDEMNATION SUIT

Wide Margin Between Value for Taxes and Value to Uncle Sam  
--- The Lease Introduced.

Yesterday afternoon the evidence of J. W. Pratt, Tax Assessor for Oahu, was admitted by Judge Este, the Government calling Manager Low of the defendant in corroboration. The tax returns for two years past showed that the Honolulu Plantation Co. placed its entire leasehold interest at a valuation of \$50,000. J. K. Archer, Deputy Assessor for Ewa, also testified in this connection.

The United States puts a condemnation estimate upon the lease of \$16,800, while the defendant claims \$200,000 of which over \$50,000 is for improvements.

J. K. Archer, deputy tax assessor of Ewa, was put on the stand for the purpose of showing the same facts, the Court stipulating in allowing the introduction of the tax returns that the government should put before the jury all the property returned by the plantation.

The two leases were also put in evidence, the one from the Dowsett Estate to the Honolulu Plantation Company for a term of seven years, showing that it was paid up. The defendant paid \$20,000 for this lease, and agreed also to pay the taxes during the period it had to run.

The thirty-year lease from the Bishop Estate to the defendant begins in 1908, at the expiration of the Dowsett lease, and runs for thirty years. For the first two years the Bishop Estate was to have been paid \$2000 annually, and following that the annual rental was to be three and a half per cent of all the sugar raised, the total, however, not to be less than \$4000 annually.

### MR. WU AS AN ART CRITIC

Wu Ting Fang, the Chinese Minister, was exploring the Corcoran art gallery one day last spring, evidently with the idea of impressing on his mind the fundamental difference between the Oriental and Occidental brands of art. Hubert Von, the noted Dutch painter, happened to have on exhibition in the Hemicycle a number of portraits of representative types of various races. Mr. Von had strayed far afield in collecting his gems, and the display included the presentations of Tibetan Lamas, Indian rajas, Arabian chiefs, Japanese nobles, and Chinese mandarins. Among the latter were the portraits of Prince Ching and Li Hung Chang. The artist, with the diplomat in tow, paused before these canvases. "Who is that?" asked Mr. Wu, pointing toward the picture of Ching.

"That is Prince Ching," replied Von. "It don't look like him," was his only comment, and the party passed on to Earl Li.

"Who's that?" "That is Li Hung Chang." "It don't look like him," said the Minister again.

"But it's only a three-quarters view you know," said the artist, apologetically.

"It don't look three-quarters like him," said Wu.

And later, when the remark reached the chorus of sweet kid art students who had been forming an animated background, they retired without and giggled. --Washington Times.

## SCHELEY WON'T SUE. HIS FRIENDS WORK

Washington, Dec. 16.—At a dinner of the members of the Maryland delegation in Congress tonight, it was announced that Admiral Schley would not sue the Appletons for civil damages on account of the publication of the Maclay book. It was announced that the Admiral was adverse to bringing such a suit on account of the appearance being that he was seeking monetary damages. He said he wanted no money damages.

His friends also announced that a warrant would be asked for the arrest of Edgar Stanton Maclay on the charge of criminal libel. The charge will be based upon the publication of the Maclay history of the Navy, in which Schley was termed a coward. At the meeting of the Marylanders, it was decided to have introduced in the Senate tomorrow by McComas and in the House by a Maryland representative a resolution to replace Schley on the active list of the Navy with the rank of Rear Admiral, and then to retire him with full pay and all allowances. This resolution in the Senate will go to the Naval Affairs Committee, where it will rest until the leaders decide upon what course shall be pursued. It is said tonight that if Schley is made Rear Admiral at full pay, an attempt will be made to create the grade of Vice Admiral for him, thus completely removing the sting of recent findings.

### ONE IN A HUNDRED

The first year of the new century is gone; there are ninety-nine years left for improvement. Messrs. N. W. Ayer & Son, the Philadelphia promoters of advertising, have begun early in their efforts to make the second year better than the first. Their Twentieth Century Calendar, issued about this time last year, it was thought, approached near the limits of the art preservative and the demands of utility—but the 1902 calendar is better. As usual, the background and main sheet of this calendar is an art work, enhanced in beauty by the tasteful colors of the printer. The twelve sheets containing the dates of the months have a restful dark green background, the large figures in white catching the eye at a great distance. In each sheet are epigrammatic sentences bearing the possibilities of business during the year. Though this calendar marks the passing of one year in a hundred, it is in itself one calendar in a thousand for artistic beauty and real usefulness. The demand is always great, and whoever would have a copy should send 25c. before the edition runs low. This is a merely nominal price to cover the cost of printing, handling and postage. Address N. W. Ayer & Son, Chestnut and Eighth streets, Philadelphia.

We have many other such recommendations. We will install these lamps at a small cost, and they will give you five times the amount of light of the incandescent at the same cost. FRIDAY, DECEMBER 27, 1901.

Thurston's organ has become so accustomed to the policy of wholesale misrepresentation that it has to be called down by even such a meek and lowly follower as Attorney General Dole.

When Attorney General Dole says he does not run his office on politics, it makes the people smile. Especially when they call to mind the part he played in the notorious contempt proceedings.

Friends of the Governor who prefer to put up money rather than have a special session of the Legislature ought to take a trip through Kewalo. Will they furnish the money to do the work needed there?

Apologies of the fight Judge Kalua has on his hands with the Maui News, it is proper to state that Judge Kalua of Maui is one of the purported "good government" men of the Dole-Thurston ring.

If what the Maui News says of Judge Kalua is true, it is difficult to discover what claims the Dole-Thurston gang has upon governmental virtue. Whatever the result in the Kalua affair the people know that the Dole-Thurston claim is fraudulent.

Kewalo reeks in filth not because it is populated by people who seek the gutters, but simply on account of the Governor's refusal to fulfill the plain duty of the hour—call on the Legislature for funds that the Departments may do the work which they know to be necessary.

For a little thing the much talked of schooner Walua can be credited with getting into more trouble than anything that sails in local waters. Apropos of the last incident, the boat seems to have taken the bit in its teeth and attempted to make time by traveling overland.

Should Judge Kalua resign his position the President and the people of this Territory can find no better successor than former Judge A. N. Kopoika. Mr. Kopoika has proved his capacity on the bench and has by his private and public life shown himself a man of high principles and unimpeachable character.

Mr. Sewall will be a friend at court.—Bulletin.  
It looks very much as if Mr. Sewall had been thrown out of court.—Advertiser.

Thurston would indeed be happy if he could convince himself that his conclusions are true. He laughs best who laughs last.

The Advertiser says J. J. Dunne is anti-Dole in his politics. The Bulletin is unable to speak with equal positiveness of Mr. Dunne's politics as he has apparently let politics very much alone. This paper is aware, however, that it was not long since Attorney General Dole fell on Mr. Dunne's neck and wept. Did Dole stab Dunne in the back or did Dunne refuse to be hoodwinked by the blandishments of Dole's nincompoopery and go on minding his own business?

The departure of Volcano Marshall removes from the Honolulu newspaper field one of its most interesting men. Many men differ as to Marshall's motives and character but those best acquainted with him know that he is at heart as kind as a woman and vicious as an opponent when fighting for a cause he believes to be just. Marshall can write, is original and capable and will make his way wherever he goes. The Bulletin wishes the Volcano the best of success under its new managers who are capable men and hard workers, but the Volcano without Marshall will be for a time like apple pie without cheese.

In continuing its campaign of spite against Judge Humphreys, Thurston and his gang might file charges that Judge Humphreys sentenced a man to prison for the theft of a few cigars and also charged a master to investigate the character of the bonds in which the funds of a minor are invested. File the charges and see what comes of it. Thurston does not dare to file any such charges and he knows it; because it would lead to an investigation and more complete exposure of his malicious attacks upon the First Judge of the First Circuit Court. The cowardly and constant endeavors of the Thurston gang to discredit the courts of justice in these islands before the local citizens are not without educational influence in Washington.

In canvassing the recent appointments of the President in this Territory the official organ sees a general turning down of all political forces outside the select ring which Thurston dominates and Dole meekly follows. As the appointments are eminently satisfactory to all political factions, with the possible exception of the immediate following of disappointed candidates, it is difficult to discover where in the blatherskite circle of the Advertiser has cause for joy. The appointments demonstrate nothing if not that the State delegations in Congress have more influence in appointments than a Territory. It has ever been thus and

is likely to remain so. There is nothing whatever in the appointment of Robinson to prove that his selection was prejudicial to the integrity or capacity of Cayless. Dunne's failure to obtain the District Attorney's billet was due to the ability of the Wyoming delegation to hold this office on its regular patronage list. Thurston is welcome to the hollow victory which is claimed by his organ.

## THE KEWALO BLOCKADE.

Kewalo is a boghole.  
Money was appropriated for improvement by the Legislature.  
No money in the Treasury to carry out the work.

This is the situation in which the Board of Health, Department of Public Works and the Treasurer of the Territory find themselves when approaching the Kewalo problem which presents necessities that are mandatory.

It requires no argument to prove that Kewalo needs attention. It is populated by working people whose homes during the most favorable weather are surrounded by filth and during a rainy season are merely homes in a quagmire. Kewalo is a menace to its own residents through no fault of theirs except it be their inability to move to more expensive quarters. Kewalo is a disgrace to the city of Honolulu. Kewalo is a disgrace to the government of the Territory.

That nothing is done in the district is not due to any desire on the part of the Board of Health or the Superintendent of Public Works to allow present conditions to obtain. The Health Board has hammered incessantly to secure some action looking to improvement. The Superintendent of Public Works has been no less diligent nor enthusiastic in his search for ways and means. They one and all encounter the same blockade—no money. The Legislature granted the appropriation. There are no funds with which to satisfy the appropriation.

Thus the blockade is again up to the Governor. The situation calls for action. With what specious arguments can the Governor make excuses for failure to act. There is one way to obtain the money and only one way. The Governor can appeal to the Legislature and he must appeal to the Legislature if he possesses any regard for the public in general or the citizens of Kewalo in particular. The Governor cannot offer one competent argument in support of present conditions in this district. In its present shape the place is a menace to public health. It is a blot on the name of the city and the Territory as well. And to turn to the material side of it, how many votes does the Governor think he can obtain for the support of his administration from citizens forced to live in a swamp by reason of a practical refusal to attempt to obtain funds for public work that is mandatory.

Several New York hotels refused to accommodate the ex-Queen of Hawaii. Such conduct strengthens the belief that New York is as provincial as a country cross-roads.

## SENATOR PLATT MAD.

Washington, Dec. 16.—William Allen White of Emporia, Kas., has incurred the wrath of Senator Thomas C. Platt, who said today that he would issue libel suits against White and McClure's Magazine because of an article written by the Kansas, which appeared in the current number of the periodical. White, who is a great admirer of President Roosevelt, is said to have the Executive's ear in the matter of Kansas patronage. In writing of New York politics he warmly praised the President and referred to the Senator in very uncomplimentary fashion. He describes Platt as a lobbyist, one whose whole life had been devoted to lobbying and intrigue, as lacking in patriotism and public spirit, dragging down friends and foes alike to increase his political power.  
"I have made up my mind to enter suit on account of the publication for which this Mr. White is responsible," said Platt today. "There is malice in every line of his so-called biography. His article is made up of a tissue of lies, and all who know me know that it is made up of lies. I intend to have full satisfaction for this article, which was designed to make me appear as a contemptible object in the eyes of the world."

## NATIONAL LEPRO HOME

Washington, Dec. 16.—Senator Platt of New York and Representative I. P. Wagner of Pennsylvania introduced this week providing for a Commission of Leprosy and a refuge for lepers. The intention of the bill is to have the nation in harmony with the suggestions for international action of the Berlin leper conference. The bill provides for a Commission of Leprosy, who shall be a physician of ten years' practice and who shall receive a salary of \$5000 a year. He is to reside in New York or San Francisco. For the erection of buildings for lepers \$50,000 is appropriated. In addition a square mile of the public domain is to be set aside for a colony of the unfortunate. No site is designated, but the apparent intention is to select some place on the Pacific Coast.

## SIBERIAN ROAD COST.

New York, Dec. 19.—The Odessa correspondent of the London Times and New York Times says a reference is shown by the Russian official publications in regard to the actual cost of the Trans-Siberian Railway. According to the Odessa Novosti, the line, when it was begun ten years ago, was estimated to cost 350,000,000 roubles (\$180,250,000), but the difference, estimated and actual, up to a year ago, was over 430,000,000 roubles.

Before the line can possibly be put in working order, says the correspondent, there is reason to believe that the total cost will be over one billion roubles (\$515,000,000).

"Please, I want a penworth of—or—I want—er—er—" "Have you got rotten what you came for?" "Yes, that's what I want." "What?" "Camphor."

Weekly edition of the Bulletin \$1 a year.

## TROUBLES OF KEWALO

Editor Evening Bulletin: Your paper, above all others, has attempted, by presenting publicly the terribly dangerous and unhealthy condition, to improve, partially at least, the Kewalo district, between South street and Ward avenue (?), Kawaiahao and Hanaiahua streets. It has been entirely a labor of love on the part of the Bulletin, but the ablest pen would fail in faithfully depicting, in words, the conditions now, and for some many months past, there existing, and by permission of the Government, in its chief representative, the Board of Health. Protest has been made, time and time again, of the filthy miasmatic condition of the lateral ditches which line Kawaiahao street and front the premises of wealthy corporations, yet the excreta from PUNCHBOWL hill and surroundings may be still easily seen, sun-kissing, in the Kawaiahao street ditches, undisturbed. Men to their labors, women to their visiting or shopping, children to their schools, are compelled to pass along barefooted, daily, through the hooded, slimy, stinking streets of the district, and no help is given. Ask Dr. Burgess, Dr. Waterhouse, or other medicals, who have patients in the district, of the pleasure (?) they have in visiting? Ask Dr. Muckley, Mrs. Weedon, or other members of the Sloane Christian Chapel how they enjoy the "freedom" to worship God in this delectable district? Ask the butcher, the baker, the milkman, their trials, in forwarding their duties, of delivering the necessities of life to their customers? Ask the carriers of the newspapers if they serve their regular customers in Kewalo? You'll hear a story which has more investive in it than that of Sherman's, and which locally relates to conditions in the Kewalo districts between Peck's pond and the sea.

To show that considerable effort has been made on the part of the residents there, I append a petition to the last Legislature, to which I obtained signatures, of business firms and others, which represented over \$10,000,000. Their petition obtained \$50,000, in appropriation only, not a dollar's worth of road-mending has been done. A copy has since been forwarded to the Superintendent of Public Works and the same masterly inactivity continues. But why this inactivity?—no reason advanced is, "want of funds." But why paucity of funds when a special session of the Legislature could remove not only that cause, with regard to the Government, but would relieve the existing financial stringency in business circles, a duty of "the people." Say, rather, slothfulness, wilfulness, and a general public-benefit policy.

But, aside from all this, why should not the Board of Health compel the cleansing, and keeping clean, of the lateral ditches? In Kewalo; give us all water or none!

FRANK GODFREY,  
Honolulu, December 25, 1901.

Hon. J. H. Boyd, Superintendent of Public Works, Territory of Hawaii.

Sir:—Your petitioners, the undersigned residents in the district known as Kewalo and more particularly within the boundaries of HUSTACE, QUEEN, SOUTH and WARD streets, all of which petitioners are either residents, taxpayers, property owners, or have business interests in said district respectfully present that for a very long period past, and still existing, the condition of the roads in said district, and especially in above stated portion of said district, demand the immediate attention of the Department of Public Works.

Your petitioners respectfully present that unnecessary hardship is imposed upon them by the existing deplorable condition of the main roads through the district, viz: Queen and Kawaiahao streets from South to Ward streets, and which said condition prevents safe and proper travel either on foot or by wheeled vehicles to and within populated points of said Kewalo district. Although in the heart of the city the unsafe and untravelable condition of the roads prevents the presence of physician or clergyman, if needed, unless at great expense to your resident petitioners and at great trouble to the professional gentlemen.

Your petitioners would further respectfully present that the sanitary condition of many portions of the said district is most detrimental to the general public health and the lands therein as a whole have received deserved condemnatory notice by the Board of Health.

And your petitioners would respectfully present to your attention as Superintendent of Public Works that since the Legislature has passed appropriations amounting to over \$50,000, for the purpose of sanitary improvements in said district it becomes an apparent proper exercise of authority to use extraordinary efforts by the Department to forward the needed work of road making and sanitation in the said district.

And your petitioners would most earnestly and respectfully present to your notice the condition of the roads and of the lateral ditches along Kawaiahao and Queen streets which now contain deposits of disease-breeding matter which if permitted to remain will increase the danger of epidemic diseases of wide-spread and fatal nature, therefore your petitioners pray that the needs of the district as above faithfully presented receive immediate attention and action at the hands of the Superintendent of Public Works, as the present existing unsanitary condition of the district is a menace to the lives of over 300 people directly and the general health of the city indirectly, the responsibility therefore resting now upon the government as represented by your department since the action taken by the Legislature as expressed by the appropriations: Sewerage, Kewalo District, \$25,000; New Ditch for Kewalo District, \$25,000.

And your petitioners will ever pray, etc.

Signed by eighty of the principal business firms of the city and over 250 residents of the district.

New Girl—Please, sir, the missus is out, and I can't do a thing with the baby. He cries all the time. Mr. Wings—Humph! Something must be done. Let me—no, there's an idiot asylum only a few squares away. Send up for one of the female inmates to come down here at once. I'll pay all charges. New Girl—But what do you want of such a creature as that? Mr. Wings—I think maybe she will be able to talk baby talk to him until his mother returns.

**THE TEN THOUSAND DOLLAR LAWSON TROPHY CUP.**

This is the magnificent trophy which Thomas W. Lawson of Boston has presented to the Hull (Mass.) Yacht club to be raced for by ninety foot sloops. The bowl and stand measure twenty-five inches in height, and the bowl has a capacity of almost nine gallons. The entire set, including an artistic ladle, contains over 112 pounds of silver. The trophy in its entirety is a historical record of the past half century of international yacht races. The bowl suggests the sea, from which emerges the figure of a Triton on one side and a mermaid on the other. Between these two figures on the front of the bowl there is a space for a picture of the winning yacht, date, etc. On the back of the bowl is an etched representation of the yacht America, and below, forming a base to the body of the bowl, is a succession of dolphins, between which, circling around the bowl, are the cups. Each of the cups represents a chapter in yacht racing and bears an etching of one of the winning yachts, with name and date of race.

**TO ESTABLISH STATIONS FOR OCEAN MESSAGES**  
**ONE YEAR BEHINDHAND**  
 Report of Master Shows Deficiencies in Inventory and Overcharge of Commissions --- Double Charge Detected.

St. John's, N. F., Dec. 16.—Owing to fog and rain Marconi was unable to swing his kites in mid-air today. He therefore went to Cape Spear to determine on the fitness of that promontory for the wireless telegraph station which he proposes to establish. Marconi will inaugurate the new year by sending a special message over the Atlantic in the steamer on which he is to sail from New York reaches England in time. He will go direct to Cornwall and take charge of matters there. By midsummer Marconi will have a fully equipped station here for sending and receiving messages between America and England and another station on the Massachusetts coast.

Marconi has just returned here from Cape Spear, where he experienced poor luck. The weather was rendered extremely unpleasant by fog, wind and a rainstorm, and the inventor was unable to decide upon a site for his proposed station. He could not see the surrounding region, and a general view of the features of the country in the vicinity is necessary before fixing upon a site. Marconi wishes to avoid the presence of a high hill behind the station. Hills in the background are detrimental to the system if they are in line of transmission as they weaken the signals by causing a rebound.

On returning from Cape Spear, Marconi was served with legal documents from the solicitors of the Anglo-American Telegraph Company. These notify him that the said company possesses an exclusive monopoly of the telegraph business within Newfoundland and its dependencies, and demand that he cease his experiments and remove his apparatus forthwith, otherwise the company will apply to the Supreme Court for an injunction restraining him from further trials. Marconi has not yet decided what course of action he will take in the matter, but he regards this action on the part of the Anglo-American Telegraph Company as the best proof of the importance of his work.

**STUDY KAHN'S BILL.**

Washington, Dec. 16.—The Kahn exclusion bill is now in the hands of the Attorney General undergoing scrutiny as to its legal construction. It will be returned tomorrow to the committee with suggestions from the Attorney General's office, and after being reprinted will be gone over again by the entire Pacific Coast delegation. It is to be introduced immediately after the holiday recess. At this morning's meeting of the committee the amendments offered by Representative Coombs, the substance of which have been given, were accepted and incorporated in the bill.

**ROCKEFELLER FAILING.**

Chicago, Dec. 17.—John D. Rockefeller has given another million dollars and over to the University of Chicago, which he founded less than ten years ago. His total gifts to the institution now amount to approximately \$10,000,000. The new gift was announced before a body of students, faculty and friends, who gathered in Studebaker Hall today for the fortieth convocation of the university.

Rockefeller's latest gift bears date of December 1, 1901, which is coincident with Dr. Harper's recent trip to the East, and consists of \$1,000,000 for increased endowment and \$250,000 for current expenses. Besides this sum, the receipt of other benefactions was reported, so that total gifts for the autumn quarter make a total of \$1,600,000.

**HEAD ON COLLISION ON SOUTHERN PACIFIC**

San Lucas, Cal., Dec. 19.—The north and south-bound Southern Pacific Coast Limited trains came together in head-on collision at Uplands at 1:05 this morning and two men—the fireman and baggage-man—were killed. Four Italians, who were in the smoking-car of the north-bound train, were bruised and scalded, but not fatally. Both engines were demolished and the baggage, smoking and chair-cars of the north-bound train were burned. None of the cars on the south-bound train were injured and none of the passengers were hurt. The names of the men killed are Fireman Gerber and Baggage-man Garland. The cause of the accident was the failure of the south-bound train to wait at a siding at Uplands. Instead of waiting the train went past the siding at the rate of thirty miles an hour. Half a mile beyond the siding it crashed into the north-bound train from Los Angeles, which was going at an equal rate of speed.

Just as the crash came both engine crews jumped for their lives. All escaped except Fireman Gerber of the northbound engine. He was crushed to death. Both engines were completely wrecked and the baggage car piled up on the engine. The smoking-car of the north-bound train was caught fire and Baggage-man Garland, who was crushed in the wreck, was burned with his car. The chair-car was also destroyed by fire, but all of the passengers in it managed to get out in safety.

There was intense excitement among the passengers of both trains when the collision occurred. Both trains were heavily laden with passengers, most of whom were asleep. Many of them rushed out into the night air without waiting to dress, while others went to the assistance of the train crews who were engaged in getting out the Italians from the smoking-car. The passengers are waiting at San Lucas and will probably resume their journeys this morning.

## OLD MAID'S APPEAL IN BOX OF RAISINS

Upon opening a box of California raisins this morning, C. J. Day of C. J. Day & Co., grocers, found a New Year's card of very pretty design with the following startling announcement on the blank side:

This box of raisins was packed by Miss Jennie Serradell, an old maid who is looking for a widower with nine children.

Object, Matrimony.  
1351 G St.  
Fresno, Calif.  
Nov. 25, 1901.

There is no doubt whatever that the raisins are fresh for they must have been packed on the date mentioned in the letter, just a little over two months ago. Mr. Day will keep the New Year card as a memento. He is sorry that he cannot answer the card but circumstances over which he has no control, prevent any advances on his part.

Our supply of these outfits comprises many varieties made in designs to suit the garniture of the most elaborate dinner table. The gift would be thoroughly appreciated and the donor remembered every time the compressed carbonic acid in the little capsules turned a glass of water, milk, lemonade from a flat drink into a nectar fit for the gods, a sparkling bubbling liquid charged with inspiration and health: An Ideal Draught for the Tropics—Healthful and invigorating.

We have a dual reason in urging these and a selfish one. Buy one for your friend and you will infallibly buy one later for yourself. They are not expensive—From Two and a Half Dollars Up.

## POPE SCORES DIVORCE

Rome, Dec. 16.—At the consistory held this afternoon the Pope formally announced among those nominated to Bishops: Rev. John O'Connor as Bishop of Newark, N. J., and the Rev. William J. O'Connell as Bishop of Portland, Me. The consistory was especially interesting, as the Pope, in an impassioned address, denounced and suggested divorce laws for Italy and appealed to the Italians not to allow such an evil to be introduced in this country.

The Pope declared that the example of other countries in the matter of divorce was criminal in so far as they recognized spread like a contagion. He declared that divorce was the moral ruin of women.

London, Dec. 17.—The Rome correspondent of the Daily Mail writes that from a visit to the United States and who will be appointed apostolic delegate at Washington, says he had occasion to note a serious degeneration in the United States as a result of divorce.

## TEN JAPANESE BULLIES

Ten Japanese arrested during yesterday afternoon and evening, appeared in the Police Court this forenoon on the charge of assault and battery on J. Kekahio, the native who keeps the Neumann pasture in Kamohili.

They were represented by Attorney Chillingworth who, having just been retained previous to the appearance of the Japanese in court, asked that the case go over until Monday. This was granted.

The Japanese arrested are as follows: Ito, Tounawa, Takado, Shida, Kajamura, Yamashida, Koyana, Namura No. 1, Namura No. 2 and Nishi guchi. They are laborers who work the quarry in Kamohili just above Beretania street and about a block and a half away from the Rice Memorial Chapel of Kawaihoo church. These quartermen as a set are a vicious lot and it is not to be wondered at that they should attack in force one lone native who didn't even have a stick with which to defend himself.

There were about twice the number in the gang that attacked Kekahio but, on account of the darkness and the confusion of the attack made on him Tuesday night, the native was unable to identify more than ten men.

The arrests were made by Officers Harry Copp, Sidney Smith, Van Giesen and Ajana. The Japanese refused all knowledge of the affair and refused to go along with the officers. However, they changed their minds after considerable argument.

When the officers arrived at the place in Kamohili last night, they found about twenty native all armed with clubs, ready to assist them in performing of their duty, should occasion demand. They were very much enraged over the treatment of Kekahio and were just ripe for any kind of a fight.

## Caught a Smuggler.

Custom House Inspector Durfee made a capture of a petty smuggler yesterday afternoon. The officer was on duty at the top of the Peru's gangway and, while leaning over the railing gazing toward the stern of the vessel, he saw a native huckdwy leave the Peru by the freight gateway. Durfee thought the huckdwy's actions were somewhat suspicious, so he followed the man and searched him. Under his coat was a big bottle of gin.

"Great grief, man! What's happened to you? Have you been kicked in the face by a mule?"

"No. Our cook's husband from whom she got a divorce several months ago, has been coming around, bothering her, and last night she got at him with a couple of fatirons."

"But what has that to do with your case?"

"I was an innocent bystander."—Chicago Record-Herald.
