Be just and fear not:
 Let all the ends thou aim'st at be
 "Thy Country's, thy God's, and Truth's."

SATURDAY, MAY 3, 1890.

In the little missionary gathering lately reported, one very pertinent observation was made of the woes denounced in Holy writ, one at least the missionaries had escaped. It was this: "Woe unto you when all men shall speak well of you."

The Bulletin objects because we credit the National Reform Party with speaking through Mr. Bush, and declaring itself in favor of turning 1,200 lepers loose on the community. It thinks that it would be as accurate to represent the sentiments of the Reform Party!

There is a screw loose in the argument, friend Bulletin. The Attorney-General does not represent the Reform Party, because that party has repudiated him and disclaims any sympathy with his sentiments. It is just such a disclaimer with regard to Mr. Bush that the public are still looking for (or rather have ceased to look for) from the Bulletin and the foreign leaders of the National Reformers.

That Tree Blight.

By the Australia Mr. A. Jaeger received a letter from Mr. H. W. Harkness of the California Academy of Sciences, respecting the tree blight now found in Honolulu. The letter says, "The contents of the box to hand prove to be a living specimen of *Leckyia Turchese*, sometimes called the Cottony Cuckoo scale. It is one of the most dreaded pests with which the horticulturalist has to deal. It was brought to this State from Australia and has already spread over a large area of territory, and has utterly ruined a very great number of fruit and shade trees. Lately a parasite, the *Wecolia Cardinalis*, has been imported from Australia, and it will we hope eventually exterminate the pest."

Installation of Officers.

R., held on Thursday evening, the following officers were duly installed for the ensuing year by Past-Wise Master David Dayton: Wise Master, Gideon West; Senior-Warden, Benjamin H. Norton; Junior-Warden, Henry H. Williams; Orator, Allan B. Scrimgeour; Almoner, John M. Angus; Secretary, Thos. E. Wall; Treasurer, P. O'Connell; Master of Ceremonies, S. F. Housby; Expert, J. A. Spear; Assistant-Expert, J. T. Downey; Standard Bearer, David Dayton; Guardian of Temple, A. Brown; Tyler, B. Whitney.

OUR SAN FRANCISCO LETTER.

Per S. S. Australia, San Francisco, April 25, 1890.

(From Our Special Correspondent.)

Sugar and Trade.

New York, April 25th, Cuban centrifugal 96 degrees 5.58c., granulated 6 3-16-6 1/2c.

The local market has no new features worthy of name. The American Refinery remains closed, though Havemeyer & Elder have all the employees on the salary list. Much of the raw Hawaiian sugar which has been imported for this refinery has gone East by rail and one shipment of half a million pounds to New York, was made on one of the Panama steamers. The Eastern market is quiet.

Dow, Jones & Co.'s Financial News of New York, says the sugar trust is expected to get permission from the Court within a month to start up the American Refinery in San Francisco. As Spreckels has a large quantity of high-cost sugar on hand the trust is likely to deal him a heavy blow.

The Louisiana crop has been considerably damaged on account of overflow in the rivers.

It is generally believed in Washington that free sugar will be adopted in the House, but that the Senate will not concur and will propose a small duty.

Changing Her Name.

A bill has been favorably reported in the United States Senate to place the steamship Australia on the American register and issue American papers to her.

Last fall extensive improvements were made on her. She was actually stripped to her shell and rebuilt. New boilers were put in, and everything except her hull was practically rebuilt. The changes were made in this city, at an expense of about \$225,000, which is over three-fourths as much as a new ship would cost.

In view of the tremendous expense in rebuilding her, the officers of the Oceanic Company thought that they were in equity as much entitled to an American registry as if the vessel had been cast away and afterward repaired at the same cost. They have consequently asked that she be placed under the American flag. She is in reality owned in America already.

The Australia will make a fine addition to the fleet of vessels under the American flag. She will probably be placed on the Australian line in case her flag is changed in place of the Zealandia, which would then ply between this city and Honolulu, being still under the Hawaiian flag. She is a fine vessel of 1714 tons and was built on the Clyde. So much money has been expended on her within the past five years in this port that she is to all intents and purposes American built.

It is expected that the bill will go through Congress before many weeks, and when the new papers are made out the sailing schedule of the Oceanic Company may be changed somewhat. The Zealandia may then be returned to the Hawaiian route and the Australia take her place as a through steamer.

A Severe Earthquake.

At 3:37 A. M. on the 24th, the heaviest earthquake known in San Francisco since 1868 occurred. The center of the disturbance seems to have been at Hollister, a city about two hundred miles south of San Francisco, where the earthquake lasted two hours. Thirteen distinct shocks were felt there and the earth was shaking nearly all the time from 3:36 A. M. till 5:30 A. M. Twelve shocks were felt at Gilroy and the railroad bridge at Pajaro and the chimney fell at San Jose several miles away. The railroad bridge near Pescadero was moved several inches out of line and made impassable, and near by the ground settled as much as twelve inches in some places. The shake in San Francisco and Oakland served to scare many people from their beds.

A Smuggling Operation.

J. W. Abrams has lodged a complaint with the Police Authorities accusing Thomas Coyle, a waiter on the steamer Australia, with grand larceny. Abrams asserts that some months ago he was a steerage passenger on the steamer Umatilla, which called at Honolulu and on which Coyle was then employed, and that he had a quantity of opium in his valise which he intended to smuggle at Honolulu. Illness prevented his doing this and he gave the valise to Coyle expecting him to keep it until he recovered. Coyle took the opium from the valise and placed it between the mattresses of his bunk, after which he sent the grip-sack to Abrams at the hospital. On arriving in this city Coyle says the opium was stolen from his bunk. Abrams after recovering came to this city, and when the Australia arrived here with Coyle on board, he demanded to know what had become of the opium. He was not satisfied with the waiter's explanation, and Coyle was arrested. Now Abrams is afraid that he will himself get into trouble with the Customs authorities and refuses to prosecute. He failed to appear in Judge Joachimson's court and a

bench warrant was issued for his arrest. The prisoner while in prison received the following letter, evidently written by a man engaged in fixing the case:

SATURDAY MORNING, 7:55 A. M.
 FRIEND TOMMY: I cannot get in to see you, as they do not allow any one before 10 o'clock, and by that time you will be up in court. I have talked to that party and you are all right. He will not prosecute you, so you can tell your attorney when you see him.
 FRANK.
 "Frank," if his identity becomes known to the police, stands a pretty good chance of being arrested for compounding a felony.

San Francisco News.
 C. P. Huntington and Senator Stanford have been indulging in a rather acrimonious personal warfare, over remarks made by Huntington on succeeding Stanford as President of the Railroad Company. Huntington has withdrawn any remarks of his calculated to injure Stanford's political standing. The personal breach between them is said to be irremediable.

Mills college, a female seminary in Oakland, is in the throes of a scandal on account of a charge that the President, C. C. Stratton, entered the rooms of the lady teachers after all had retired.

Eight Chinese lepers were sent to Hongkong on the steamer Oceanic recently. The fact of their departure was not known until after she had left port. They fought and resisted deportation as well as they were able. At present there are but six cases of leprosy in the pest-house.

General John Bidwell has been nominated for Governor by the Prohibitionists.

Some resistance is being made to the proposition to establish a pest-house and leper hospital on Angel island in the bay, but it will doubtless be put into effect.

The Republican State Central committee met on the 23d and decided to call the State convention for the 12th of August at Sacramento.

Governor Waterman has retired from the Republican canvass for Governor and it is thought that H. H. Markham of Pasadena will be nominated by acclamation.

More iron molders have been imported from the East by the Foundrymen's Association and installed in place of the strikers. The places in the shops are now fairly well filled. A contribution from Honolulu molders has been received by the strikers.

The Risdon Iron Works Co. has decided to bid for the construction of men-of-war for the United States navy. James Guiler is their eastern agent and the yard here will probably be established in connection with the Pacific Rolling Mills. Woo Sing, a Chinaman, who has been engaged in the business of smuggling Chinese in from Mexico at San Diego, has been arrested. The bag establishment of Neville & Co. on California street, was burned out on the 21st inst., causing a loss of \$100,000.

Ten passenger cars loaded with people jumped the track at Tehachapi Pass, on the 17th, but all the passengers escaped death. That no lives were lost is deemed almost a miracle.

The annual encampment of the Department of California G. A. R., began at San Jose on the 22d inst. General R. A. Alger, the national commander, Mrs. John A. Logan and others were in attendance.

At a meeting of the Chamber of Commerce on the 15th, resolutions against the acquirement of Mexican territory, favoring the Farquhar Ship Bounty Bill and adverse to a national bankruptcy law were adopted.

Cashier J. K. Owens of George W. Gibbs & Co. has turned defaulter to the extent of several thousand dollars. He has not been arrested.

Collector Phelps has received notice from Washington revoking the right of transit to Chinese bound from China or elsewhere to Mexican ports.

The 14th of April was not a cataclysmic success for the Oakland "Doomsealers"—though but few of them have yet returned from the mountains.

Michael Lane, a stonecutter, while temporarily insane killed his wife and committed suicide on the 24th.

American News.
 The Pan-American Congress has adjourned, after recommending steamship subsidies, an inter-continental railway and a Pan-American dollar. It is understood that Blaine has concluded commercial reciprocity treaties with several of the countries.

A triangular fight in which Cleveland and the New York World and Sun have had a hand, is attracting general attention. The trouble started in the Sun's publication of an article saying that Cleveland was accumulating fat at the rate of twenty-five pounds a month. Then the World published an interview with Cleveland [afterward confessed bogus] in which Cleveland called Dana a "senile old liar and thief." The flow of Billingsgate which greeted this announcement is probably unparalleled in the annals of controversy.

Helen Duvray Ward the actress, and John M. Ward her baseball husband, have separated and she will again go on the stage.

The Indianapolis Sentinel recently published an article alleging crookedness in the award of the Behring Sea sealing lease, but the

story has fallen flat. This summer the government will have the Ranger, Alert, Rush, and Corwin, guarding the sea.

Jeff Davis' daughter, Miss Minnie Davis, is engaged to Alfred Wilkinson of Syracuse, N. Y., a grandson of Samuel J. May, who was a leading New York abolitionist.

David Neagle who shot Judge Terry at Lathrop has been released from custody by the United States Supreme Court, the majority deciding that he was fully justified in the shooting. Chief Justice Fuller and Justice Lamar dissented.

Congressman Samuel J. Randall died from a cancer of the stomach on the morning of the 13th at his house in Washington. He had been a great sufferer and his death was expected.

Captain Couch, widely known as the organizer of the Oklahoma movement, died at Guthrie on the 21st, from the result of a bullet wound inflicted by J. C. Adams in a quarrel on April 4th. Adams was taken to Wichita to prevent lynching.

A special from Birmingham, Ala., says that Louise Worcester, the mistress and confidante of J. Wilkes Booth, the assassin of President Lincoln, declares that Booth is not dead, and that she received a letter from him two years after his alleged death.

W. R. Grace's big Peruvian Co. is ready to begin operations and \$20,000,000 of its bonds have been floated in London.

The Unicorn Silk Mill at Catawba, Pa., was burned on the morning of the 24th. Seven lives were lost and many people were injured. The loss is \$110,000.

Foreign News.
 The Pope has been interviewed by the New York Herald on the labor question. It is believed that an encyclical letter on this subject will be issued by him.

A letter received from Dr. Peters, the African explorer, says he was well on January 16th last. This contradicts the stories of his massacre.

Canada is still struggling with the Mormon problem in the Northwest Territory and the government is about to take active steps to suppress polygamy.

Emin Pasha is reported as being nearly blind and at best can remain in Central Africa with the German expedition only a short time. Stanley is being received with great honors in Europe.

Von Capriore opened the Prussian Diet on the 15th inst. with a little speech which said, in effect, that in the future the Emperor would direct the national affairs. Bismarck intends to make known his views on public policy from time to time and may stand for the Reichstag.

The King of the Netherlands is expected to die at any time.

Marquis Tseng, the former Chinese Minister at London, Paris and St. Petersburg is dead. He was, next to Le Hung Chang, the most influential man in the empire.

An Anti-Semetic riot occurred at Baia in Galicia on the 24th inst. A mob of 4,000 people attacked the Jewish quarter, and eleven of the assaulting party were killed.

Emperor William has forbidden any demonstrations by the laboring organizations of Berlin, on the 1st of May.

PERSONAL NOTES.

Mr. Robt. Hokstetter, a wealthy Austrian gentleman, arrived on the Australia bent on pleasure.

Hon. Henry Waterhouse returned on the Australia accompanied by his two daughters, Misses E. and May, who are looking exceedingly well.

Soon after the arrival of the steamer one of the prominent figures on the street was Mr. George Galbraith, with a fashionable overcoat on his arm. He has returned from abroad.

Mrs. James B. Castle was among the arrivals on the Australia, also Miss Elizabeth Dowsett.

Mr. Sheffield Phelps, son of the U. S. Minister to Germany, was a passenger on the Australia.

Mr. J. J. Egan of the firm of Egan & Gunn, has returned from the Coast.

Under date of Paso Robles, April 23d, Dr. J. M. Whitney writes that his improvement since he left Honolulu has been slow, but the past three days he had improved very much, and expects to leave San Francisco for Honolulu May 25th.

Harry Agnew's Latest Purchases.

Mr. Harry J. Agnew has bought a ranch in Santa Clara Valley for \$30,000, and is stocking it with some of the finest stock in the country. It will be known as "The Agnew Stock Farm." The Petaluma Daily Imprint of April 10th, has the following: "Dawn, the great son of Nutwood, is going to leave; the pride of Petaluma has been sold to Harry Agnew for the snug sum of \$15,000, and the handsome stallion is worth every cent of it. Mr. Agnew will be remembered as the gentleman who purchased the bay mare Emma Temple from Thomas Rochford fair week for \$3,000. He has recently become possessor of a large tract of land in the southern part of the State and it is his intention to stock the same and raise fast horses. A better horse than Dawn never looked through a bridle, and had he been properly handled in days gone by, he would have had a much lower mark than 2:13."

The Irmgard Way Ahead.

The barkentine Irmgard, Captain Paul, left Honolulu March 26th and arrived at San Francisco April 9th, 13 days. Bark Ferris S. Thompson, Captain Gatter, left Honolulu March 26th and arrived at San Francisco April 21st, 26 days. Brig W. G. Irwin, Captain McCulloch, left Honolulu March 27th and arrived at San Francisco April 18th, 22 days. Barkentine Mary Winkelman, Capt. Dryeborg, left Honolulu March 27th and arrived at San Francisco April 19th, 23 days.

It will be seen that the four vessels left Honolulu within twenty-four hours of each other, but there was quite a difference in the time of their arrival at San Francisco.

A National Peculiarity.

Amongst the many other "peculiarities" which the European traveler notices in American cities is the to him wonderful prevalence of trim lawns and well-kept gardens. It is not exactly the fact of the existence of the gardens, but their unfenced, open condition, which strikes him "so peculiarly, you know."

Rare as the proverbial "honest man" of Diogenes, is an unfenced or unfenced lawn in the cities of the older continent. Beauty in abundance may exist, wondrous beds of rare flowers may yield their fragrance to the sunny air, but the street traveler only knows that it is so; he passes under the unsightly wall on the public side with not a thing "green or beautiful" to cheer his eye; whilst on other side of the boundary nature runs riot and Flora reigns supreme. Whilst our own open lawns and gardens add greatly to the beauty of our cities and towns, they are a source of constant trouble to their owners.

Humorously disposed dogs will tear across the geranium beds and take a roll on a blazing bank of tulips. The omnipresent small boy forgets too often his "duty towards his neighbor," and helps himself to some choice specimens of tenderly reared fern, or still more cherished import from the Orient.

But the ordinary fence is so unsightly that these smaller annoyances are endured. Gradually, however, the owners of gardens are discovering that a fence can be procured which not only answers every purpose as a fence, but is also a thing of beauty in itself.

The Hartman Mfg. Co. have made, and put on the market, a singularly elegant and striking "Picket fence."

Made on an artistic model it rather pleases the eye, and adds a finish to the lawn which the bare stone of the sidewalk can never give. The fence is durable as time is cheaper than the unsightly wooden fence, and insures absolute protection from the raid of human or canine vandal.

IS IT SUICIDE?

Mark Twain tells the story: that at the inquest held on the body of Buck Fanshaw—who during the delirium of a raging typhoid fever had taken arsenic, shot himself through the body, cut his throat, and jumped out of a four-story window, breaking his neck—the jury, after due deliberation, sad and fearful, but with intelligence unblinded by its sorrow, brought in a verdict of "death by the visitation of God."

Buck undoubtedly committed suicide, and so does every one who neglects the first symptoms of approaching sickness and disease. Nature always gives ample notice of any disturbance of physical processes; sometimes it is neuralgia, sometimes a sharp shooting pain in the abdomen or side, or a dull or throbbing headache; no two persons get the same symptoms. What you have to do is to attack the first symptoms, for if consumption, dropsy, cancer or Bright's disease once gets a start, you cannot stop its headlong course to the grave. These are facts there is no disputing, for all the medical skill in the world cannot do much for you when real organic disease has set in.

We emphatically recommend CLEMENTE'S Tonic because we know by personal experience and by the evidence of influential and reliable people who have used it that it will do good and prevent disease. CLEMENTE'S Tonic is a medicine that invigorates and strengthens the entire corporeal organism; it does not only affect certain members but strengthens the whole system, thus preventing the attacks of disease.

The Tonic and Adelung Times says:—"CLEMENTE'S Tonic certainly deserves the popularity it has acquired, we have had proof positive, in cases (under our notice) in this neighborhood, of its valuable properties."

Mr. T. Garrett, M. P., says: "I have taken CLEMENTE'S Tonic with great advantage."

Mr. John Plummer, (Fort-street Public School) says: "Mrs. Plummer has frequently derived great benefit from the use of CLEMENTE'S Tonic."

Mr. S. D. Wood (Vicar of All Saints Cathedral, Bathurst), writes: "That he found CLEMENTE'S Tonic a grand pick-me-up and it completely cured him of low spirits indigestion, giddiness and humming noises in the ears."

Mr. G. Swan, Junee Junction, who suffered from debility, cardiac weakness and nervousness, following on typhoid, took CLEMENTE'S Tonic and says, "That after taking 6 or 7 bottles his health was fully restored, and that he can now eat anything and do any reasonable amount of work, whereas before taking CLEMENTE'S Tonic he could do none at all."

CLEMENTE'S Tonic can be obtained from all medicine dealers or from
