THE LEGISLATURE

Session of 1898 Opened By Acting President Cooper.

MANY PEOPLE WERE PRESENT

Message Is Read—Policy of Executive Outlined—Senate and House Convene.

The Legislature was opened at noon yesterday by Acting President Cooper with extreme simplicity. As the sound of eight bells, struck by the guard in front of the bungalow, penetrated into the old throne room, now the Legislative hall of the Executive building, the Cabinet Ministers entered and were seated, when Acting President Cooper, with a light tap of the gavel, called the assemblage to order. The audience stood while the Rev. E. S. Timoteo offered a short prayer in Hawaiian. The Acting President then read his message and the two Legislative bodies separated to organize for the 1898 session.

The whole ceremony occupied less than 20 minutes. There was no eclat. There were no decorations. But there were present the representatives of every foreign nation in the Islands, members of the Hawaiian Government, and Military and a large number of Honolulu residents and visitors from other countries now in the city.

The main portion of the floor was occupied by the Senators and Representatives elect. On the right of the Acting President were seated the Cabinet Ministers, the Justices of the Supreme Court, the Circuit Court Judges, Hawaiian Government officials and Colonel Fisher and staff, officers of the National Guard and the Cabinet ladies. On his left were the foreign Diplomatic representatives, members of the Consular corps, Admiral Miller and staff and the Captains and officers of the U. S. S. Baltimore and Bennington. That portion of the hall reserved for residents and other visitors was crowded and there were people standing about the sides and at the door.

At the conclusion of the reading of the message, the Senate met as usual in the upper hall and perfected its organization. The House was called to order by the temporary presiding officer and adjourned until 2 o'clock.

IN THE SENATE.

The session of the Senate was brief. After prayer by Senator Kauhane, the roll was called and Senators Baldwin and Horner of Maui and Wilcox of Kauai were absent. The first business was the acceptance of the resignations of J. F. Clay as Clerk of the Senate and W. A. Smithies as sergeant-at-arms. President Wilder announced that the office of Chaplain, formerly held by Rev. H. W. Peck, was also vacant.

George Manson of the Bulletin staff was unanimously elected Clerk. Geo. Campton and George Macy were nominated for sergeant-at-arms. Campton was elected. Rev. G. L. Pearson was the only nominee for Chaplain and he was unanimously elected. Senator Rice was appointed to notify Mr. Pearson of his election.

The Minister of the Interior presented the report of the Board of Health and of his department, the Minister of Finance presented the report for his department and the Attorney-General presented his report for the period.

The same committees as for last session were announced with the exception of the Judiciary committee. H. L. Holstein is now a member in place of W. Y. Horner.

The Senate then adjourned to 10 o'clock today.

IN THE HOUSE.

At the September election, Representative A. B. Loebenstein received the greatest number of votes from the first district of Hawaii, and according to a provision of the House, Mr. Loebenstein was therefore temporary presiding officer of the 2 o'clock adjourned session yesterday. All the members were present except Representative John D. Paris of the Kona, Hawaii, district who will not arrive in Honolulu until Friday, and Representative S. K. Kaeo of Kauai.

Representatives McCandless, Kahaullo and Richards were appointed a committee on credentials and Representatives Kaulukou, Pogue and Achi were appointed a committee to wait upon the Chief Justice and inform him

that the members elect were ready to take the oath of office.

At the end of a five minute recess the committee on credentials reported. They had examined the credentials of all the Representatives, except those of the two absent members, and had found them correct. The members elect were then sworn in by Chief Justice Judd. J. N. Keola was appointed temporary secretary and Luther Wilcox temporary interpreter.

Representative Achi's motion to adopt the rules of procedure of the preceding session for the present session was amended by Representative Robertson to read temporarily. The amended motion was then carried. On motion of Representative Robertson, the House then adjourned to 10 o'clock this morning, and at once went into caucus.

THE MESSAGE.

Senators and Representatives:—In the absence of the President, I present to you several matters for your information and consideration.

Exercising the authority conferred upon him by the Constitution and following the spirit of a resolution passed at your last regular session, the President has, with the approval of the Cabinet, made a treaty of political union with the United States of America.

Negotiations were opened early in the month of April, 1897, which resulted in the signing of the Treaty at Washington on the sixteenth day of June, following, by the plenipotentiaries of the two Governments; on behalf of the United States of America by the Hon. John Sherman, Secretary of State, and by Messrs. Francis M. Hatch, Lorin A. Thurston and William A. Kinney, for the Republic of Hawaii.

Having reviewed the action of our plenipotentiaries and finding that the Treaty contained in its several articles sufficient provisions for the benefit and protection of the Republic and desiring to ascertain the pleasure of the Senate in regard to its final ratification, the President called a special session of that body which assembled on the eighth day of September, 1897. After mature consideration of the Treaty, the Senate, by an unanimous vote, consented to its ratification on the ninth day of September. The Treaty was signed by the President two days later. The American copy of the Treaty was transmitted by President McKinley to the Senate of that country, on the 16th day of June, 1897, accompanied by a special message recommending its ratification.

Until the final exchange of the ratifications the sovereignty of this country continues. It is therefore necessary for you to consider the biennial and special appropriation bills which will be presented to you by the Minister of Finance, and to enact such wholesome laws as may be required for the well being of the people.

Owing to the intimate relations existing between the Republic and the United States of America, great care should be exercised that no action be taken which might interfere with the scope of the Treaty above referred to, nor in any way jeopardize the present satisfactory relations, nor hinder the future presentation of the Treaty, should it fail at the present time to receive the approval of the Senate of the United States, where it is now pending.

JAPANESE IMMIGRATION.

During the months of March and April, 1897, several steamships left the ports of Japan for this country, having on board a large number of immigrants. In the course of his investigations in regard to the qualifications of the immigrants to land, the Collector-General of Customs found that a large number were unable to conform to the requirements of the laws appertaining to the landing of aliens, and for that reason denied them the privilege. The immigrants were detained at the Quarantine Station until taken back to Japan by the Immigration Companies who had assisted in bringing them to this country. This action on the part of the Collector-General drew forth a protest from the Japanese Government, and much correspondence has been exchanged on the subject.

As the correspondence progressed it became evident that it might be difficult to arrive at a satisfactory settlement of the controversy. For this reason it was suggested by this Government that the points of difference be submitted to disinterested arbitrators for decision. The framing of issues upon which the decision of the arbitrators is to be invited is now being proceeded with.

REVENUES OF THE GOVERNMENT.

The receipts from the several revenue producing bureaus show a marked increase over previous periods. The operation of the tax law of 1896 produced in the main satisfactory results, and while it gave rise to litigation, it is now more fully understood, and its administration in the future will undoubtedly meet with but little opposition. For this reason, and also on

(Continued on Page 2.)

STILL DEBATING

Annexation Question Not Yet Voted On By Senate.

WHITE AND PERKINS DIFFER

President Dole Returning—Situation In the East—China Mobilizing Forces.

The New York Herald's Washington correspondent has written his paper that Speaker Reed has changed his position on the annexation question and is now in favor of the measure. For this reason it is said that the advocates of annexation, who were much concerned over his opposition to the treaty, are now correspondingly happy over the change of views which the speaker has recently experienced, and especially his attitude in favor of prompt action.

The Herald's Washington correspondent also says, under date of February 6, that Speaker Reed considers it impossible to get the sixty votes in the Senate necessary to ratify the pending Hawaiian treaty. Having made up his mind that the treaty can not be ratified, he is anxious that a vote demonstrating this may be speedily taken, and that both houses begin consideration at once of the Morgan bill.

He has promised to push the bill through the House in less than a week if the friends of the treaty will consent to the abandonment of that instrument. With the experience of the last few months showing how completely the speaker controls the affairs of the House, no one doubts for a moment that he will be able to fulfill his promise, and Hawaiian annexation, therefore, it is thought, is sure to be brought about during the present session of Congress. If the treaty is abandoned the bill, it is hoped, will be passed by the Senate by a majority fully as large in proportion as the majority in the House.

SENATOR WHITE'S ARGUMENTS.

He Dwells Upon the Opposition of California Laborers.

On the last day on which the Senate met, previous to the sailing of the Maui, Senator White of California completed his three days' argument against annexation. He dwelt at length upon the fact that many California laboring interests are opposed to annexation. Senator Perkins will follow Senator White and against his arguments will set the declarations of laboring organizations of San Francisco, Sacramento and other cities.

Chronicle dispatches state that in his arguments Senator White also made a great point that the Islands would have to be fortified to a vast extent, which will be shown to be fallacious reasoning, as the single port of Honolulu needs to be protected.

The appearance of Senator Perkins as the champion of annexation do much to offset the arguments of White, who has been accepted as the representative of California opinion in the matter of Hawaiian annexation.

As matters stand there is still lacking absolute knowledge of where the two votes needed to insure the passage of the treaty will be gained, though there is no lack of confidence in the ultimate success of annexation. Lest the debate may be prolonged indefinitely Senator Lodge of Massachusetts has written, in the form of an amendment to the diplomatic and consular bill, the treaty's features, which he will offer if it is found necessary.

Turks At It Again.

ATHENS, February 6.—Sanguinary conflicts continue between the Turkish troops and the peasants in Thessaly. It is reported that the Turks have occupied several villages and that a hundred persons have been killed.

Spain's Reply.

LONDON, February 6.—The Madrid correspondent of the Standard says: Senor Sagasta's response to the official

note presented yesterday (Saturday) by General Woodford, the United States Minister, complains of filibustering expeditions and declares that Spain cannot entertain the suggestion for fixing a date for her completion of the pacification of Cuba.

Lost Her Jewels.
News comes from Tacoma to the effect that on the last trip of the City of Peking from Honolulu to Japan a cabin passenger whose name is not given was robbed of \$5,000 worth of jewels. She offered a reward for their return and the next day they were returned by a Chinaman on board who said that he had found them.

THE HOMEWARD JOURNEY.

President Dole Left Washington On February 6.

WASHINGTON, February 6.—President Dole and his party ceased to be the guests of the Nation tonight, at 7:20 o'clock, when he started for Buffalo, and thus began his return journey to the Hawaiian Islands.

President Dole will remain in Buffalo until 11:45 tomorrow, when he will start for Cleveland, where he will stop for a few hours in order that Mrs. Dole may meet some of her relatives living there. He will then go directly to St. Louis, leaving there at 10 o'clock Saturday night. He will arrive in California Tuesday and will spend several days at Riverside, the home of his brother. He will then return to San Francisco, where he will be given a banquet by former residents of Honolulu.

BUILT ISLAND SHIPS.

Captain Winslow G. Hall of San Francisco Dead.

San Francisco papers of February 7th contain the news of the death, on the day previous, of Captain Winslow G. Hall of that city. Captain Hall was born in Cohasset, Mass., in 1833 and came to San Francisco by vessel when he was quite a young man. With his brother, Henry K. Hall he began building vessels on the Coast early in the sixties. Since that time the firm of Hall Brothers has constructed fully 100 wooden ships, ranging in value from \$20,000 to \$60,000 each, most of which were designed for the Hawaiian trade.

Captain Hall was unmarried. He leaves two brothers, Henry K. Hall of Port Blakely and Abram Hall of San Francisco, and two sisters in Massachusetts. One of his brothers died two weeks ago in Maine.

CHINA MAKING PREPARATIONS.

Mobilizing Troops to Allay Fears of Her Subjects.

TACOMA, (Wash.), February 6.—By Japanese papers dated January 15th, received today, it is learned that China is mobilizing her troops and preparing to at least go through the form of protecting her capital, while diplomatic matters are progressing.

Chinese commanders in maritime provinces have been ordered to mobilize their forces as soon as possible. Generals Nieh and Yuen are joining their troops at Tien-Tsin, where at least 40,000 soldiers will be assembled. The Tartar general of Feng Tien has been ordered to assemble his troops in Liao peninsula.

It is not supposed that China has any intention of fighting, but the fears of her own people are largely allayed by this show of force.

In order to replenish China's exhausted treasury, the Emperor has petitioned to reduce all official salaries by one-third next year.

Royal makes the food pure, wholesome and delicious.

FILTERS.

We have just received another invoice of **Success Filters**,
and in our corner window you will see a few of them. The Crystal
one on duty will show you how simple they are, and how every drop
of water has to go through the stone block before it can get to the
lower compartment. We have these filters plain, decorated or crys-
tal. If you wish to make a very large filter get two kegs or barrels
and fit one or more of these "Success" filter blocks between them and
you will have just what you want at a small cost.

THE LEGISLATURE

(Continued from First Page.)

account of a desire that all legislation
should follow conservative lines, the
Executive have decided not to intro-
duce any new measure for the purpose
of increasing the revenues.

APPROPRIATION BILLS.

The several appropriation bills
which will be submitted to you by the
Minister of Finance contain the esti-
mates of the funds required for the
successful conduct of the various
branches of the Government for the
present period. The amounts to be paid
from the Current Receipts are within
the anticipated revenues of the coun-
try, while such of the contemplated
improvements as are to be paid for
from the Loan Fund have been re-
stricted to the pressing needs of our
advancing commonwealth.CONSOLIDATION OF THE PUBLIC
DEBT.The Minister of Finance will pre-
sent to you a bill having for its pur-
pose the consolidation of the out-
standing public debt. The credit of
the Republic is so well established
that it is expected that under proper
conditions all the indebtedness of the
Government authorized by the various
Loan Acts may be placed in one Loan,
secured by bonds bearing a lower rate
of interest than that now being paid.AMENDMENT OF THE CONSTITU-
TION.The amendment to Article 63 of the
Constitution, proposed to and acted
upon by the Legislature at its first
regular session, will be presented to
you for your consideration. This
amendment to the Constitution in no
wise changes or affects any of the vi-
tal principles of the fundamental law;
but if adopted will render it less like-
ly that some important law may be-
come unconstitutional through a de-
fect in its title.

PUBLIC IMPROVEMENTS.

During the past period most grati-
fying progress has been made in the
way of public improvements. Nearly
a hundred miles of roads have been
constructed on the Island of Hawaii.
The almost impassable trails have
been replaced by highways of easy
grades with finely finished and firmly
made road beds. This system of roads,
which has been so well begun should
be pushed to a speedy completion. By
this means a large area of land which
has been heretofore practically inac-
cessible will be made available for set-
tlement and cultivation.While the road improvement has not
been so great on the Islands of Maui,
Oahu and Kauai, important work has
been done on all of these Islands. The
opening of the Nuuanu Pali road
marks the completion of a project that
has been before the public for many
years.Extensive improvements of the har-
bors of Honolulu and Hilo are now
under way. The demands of our in-
creasing commerce permit of no ces-
sation of these works.An important factor in the preser-
vation of the health of Honolulu has
been the straightening and improve-
ment of the lower portion of Nuuanu
Stream, while the installation of a
modern disinfecting plant and other
appliances at the Quarantine Station
gives assurance that the possible in-
troduction of disease from foreign
countries has been reduced to a min-
imum.Many new school houses have been
built, but still a greater number are
needed for the accommodation of our
school children, some of whom al-
though several years above school age
have never had the benefit of instruc-
tion in the public schools.All the funds necessary for the con-
tinuation of the general plan of pub-
lic improvements should be granted
without hesitation, having only in
view the sources of revenue at the
disposal of the Government.

SEWERAGE.

At your last session an appropriation
of \$10,000 was made for sewerage
investigation. The greater part of
this sum has been expended in obtain-
ing plans and specifications for a
system of sewerage for Honolulu. In-
vestigation was undertaken by an em-
inent sanitary engineer, and his re-
port, which included elaborate draw-
ings, together with estimates of cost
of construction and maintenance, will
be submitted to you by the Minister
of the Interior. While the completion
of the entire system would require
the expenditure of nearly a half mil-
lion of dollars, a portion of the work
may well be commenced, which, when
completed, would give that part of the
city which is most thickly settled,
sewerage facilities.The protection of the health of
Honolulu is not only important to its
inhabitants, but to all the group as
well, it being the principal distribut-
ing point and business center the
prevalence of an epidemic would se-
riously interfere with the general busi-
ness of the country.

LAND POLICY.

The extent of the undeveloped re-
sources of the country are but just
beginning to be understood. The
growth of the coffee industry has em-
phasized this and given rise to a de-
mand for land in small parcels, upon
many of which homes are being erect-
ed and occupied by a very desirable
class of people. The present land
policy of the Government has an im-
portant bearing upon this subject, and
should be continued, but upon a more
extensive scale.The sub-division of public lands
suitable for settlement should be car-
ried on with all possible expedition.
For this reason the Land Commission
should be granted increased facilities
for carrying on the work. A step in
this direction would be to place the
surveying of all lands to be opened
by the Commission, under the Bureau
of Survey. This would relieve the
Commission from many perplexing
questions, and give the Land Agent
opportunity to attend to other details,thereby enabling him to push forward
the interests of intending settlers with
the necessary promptness.

FORESTRY.

The extension and conservation of
forests is a matter which is receiving
the attention of nearly all civilized
nations. Whatever may be the dif-
ference in theories in regard to the ef-
fect of forests on the amount of rain-
fall, all admit that many benefits re-
sult from the existence of large forest
areas.The protection of the forests has
received the attention of the Execu-
tive during the last two years.
Through amicable arrangements with
those who control large tracts of land
many miles of fence have been con-
structed for the purpose of shutting
out from the forests the herds of wild
cattle which infest the mountainous
regions.So much depends upon the correct
understanding of the methods to be
employed in an undertaking of this
nature it is advisable that the work
should be in charge of specially trained
men. This work if carried out judi-
ciously need not interfere with either
established or contemplated industries.INDUSTRIAL AND REFORM
SCHOOLS.There are a number of our boys
and girls who are so incorrigible that
their parents cannot keep the neces-
sary control of them, or they are the
children of parents who are indiffer-
ent to their welfare, and being left
to their own resources become in af-
ter years an addition to the dissolute and
vicious element of our population.That this error may be corrected,
it is recommended that a law be en-
acted which will enlarge the scope of
the present Reform School by giving
authority to the Department of Public
Instruction to commit such boys and
girls as it may consider require dis-
cipline and protection, to an industrial
school.Instruction in the ordinary branches
may well be coupled with agriculture
and manual training in institutions of
this kind, and if suitable locations are
secured for these schools they may be-
come partially self-supporting.The criminal classes or those usual-
ly committed to the Reform School,
may be included in the scope of in-
stitutions of this kind, but they should
be kept in separate wards so as not
to exert an improper influence over
those who have not become addicted
to vicious habits. The desired end of
institutions of this kind would be to
give the inmates a rudimentary edu-
cation as well as training in some use-
ful trade or employment, all of which
would tend to give them a better ap-
preciation of the responsibilities of life
as well as means of self-sustenance
upon their discharge from the school.APPEAL FROM DISTRICT MAGIS-
TRATES.The present judiciary law allows
appeals from all decisions of District
Magistrates in all matters, to the Cir-
cuit Courts. This has the effect of
hindering the work of the Circuit
Courts at their regular terms. The
calendar is repeatedly encumbered by
cases on appeal from the District
Courts of so trivial a nature that the
really important cases are often
crowded over from one term of Court
to another, to the detriment of litig-
ants and unjustifiable expense to
the Government. Appeals from Dis-
trict Magistrates to the Circuit Courts
should be restricted to cases of im-
portance. The right of appeal to the
Supreme Court on questions of law
may well be continued, but with a pro-
vision that when the appeals shall be
found to be frivolous, the Supreme
Court may in its discretion impose ex-
emplary costs. The right of appeal in
criminal cases might be governed by
the amount of fine or imprisonment
imposed by the District Magistrate,
and in civil actions for debt or as-
sault, by the amount involved in the
case.

CABLE COMMUNICATION.

Under the provisions of Act 17 of the
Laws of 1895, being an Act to facili-
tate the construction and maintenance
of telegraphic cables in the Pacific, a
contract was entered into between the
Republic and Mr. Z. S. Spalding, which
received the sanction of the Legisla-
ture by a joint resolution, approved
August 14, 1895. Mr. Spalding was un-
able, through various reasons, to com-
plete the cable within the term speci-
fied in the contract, and a surrender
of the contract and the franchise there-
by granted was agreed to on the 3d
day of May, 1897, since which time
no definite proposition in regard to
cable communication, which was con-
sidered wise to accept, has been pre-
sented.

REGISTRATION OF VESSELS.

The law regulating the registration
of foreign built vessels under the Ha-
waiian flag is not in accord with the
policy of the Executive. At present,
any owner of a foreign built vessel
may have the right to obtain a reg-
ister by simply transferring the nomi-
nal legal title to a citizen of this
country. There are many objections
to this. The law does not give suf-
ficient protection to domestic enter-
prises, for a vessel, although in fact
owned by foreigners, may enter into
direct competition with our own ves-
sels, even in the inter-island trade. It
also increases the obligations of the
Government to care for Hawaiian sea-
men abroad.A law restricting the granting of
an Hawaiian register to vessels entire-
ly owned by citizens of the Republic
is recommended.In conclusion, I congratulate you
that you meet at a time when friend-
ly relations are being maintained with
all foreign powers; the public peace
and health are well preserved, and
general prosperity prevails through-
out the land.(Sig.) HENRY E. COOPER.

Sitting On the Telephone Switchboard Case.

Testimony Relating to a Prophecy. What Mr. Bailey Thought—A Correction By Mr. Cassidy.

Deputy Marshal Hitchcock presided at the first session of the telephone switchboard fire inquest, held yesterday afternoon. The inquiry began at 2 o'clock and was adjourned three hours and a half later to meet at the call of the Deputy Marshal. Press representatives were excluded.

The members of this jury are Wm. Blaisdell, C. B. Wilson, Ed. McInerney, Henry Zerbe, J. P. Cooke and John Campbell. Mr. Berg the insurance adjuster, was in attendance. The witnesses were all employees or ex-employees of the telephone company with the exception of Louis Marks. Mr. Marks had heard Mr. Bailey, the lately retired superintendent of the Mutual Company say that in case of an electrical disturbance in the air or the crossing of a telephone by an electric wire the switchboard would be burned for the reason that some fuses on Nuuanu street had been taken out by Mr. Cassidy, the new superintendent. This was the only important testimony brought out in the session. All the evidence was recorded by Stenographer Braddock. Mr. Bailey said he had made the statement as given by Mr. Marks. In the course of his examination, Mr. Bailey said he had not seen, in his experience of 15 years in business, a telephone system like the one in service here. He was questioned at length and told about systems to which he had been accustomed on the Coast while in the employ of the Sunset and other companies.

Mr. Cassidy disposed of the theory and prediction of the ex-superintendent in a few words. He said the fuse system attempted to be used was not adapted to this system at all and was only a hindrance and an interruption in the way of disconnecting lines and making breaks in communication. The cause of the fire, in his judgment, was the current forced on a "Waikiki return wire" that was a new feature and that had been charged from an electric light wire held against it by a fallen tree. This "return wire" had been reduced to almost a thread from a heavy copper carrier and came into the office in such a way that it was not known excepting to those who had placed it. The new superintendent gave a good deal of technical information to the jury and explained many points in telephone installation and maintenance that made the workings of this and other plants clear to the board of inquiry.

There are connected up this morning 1,000 city telephones and attention will next be given to the country lines. They will be available again in a few days. There is not a little confusion with the wires around town as a result of the storm attended by the fire and the heavy weather of last night. Squads from the force of men who have been working in relays in the office will be sent out early this morning to make city repairs. Chas. Crane was in all of last night again. Captain Pratt, formerly superintendent of the Mutual Company, gave Mr. Cassidy some assistance in switchboard arrangement or equipment that was valuable and that was appreciated.

BIG STORM.

A Second Visitation of Flood and Lightning.

The rainfall of last night was perhaps heavier than the downpour of last Saturday morning.

The street gutters and in many places the streets were streams and there were rivulets dropping from the awnings and rushing from the roof pipes for hours.

In the early part of the night the showers, though heavy, were with cessations. About 11 p. m., the flood set out in earnest. The water came down in sheets.

There was a little lightning early in the evening. Around midnight the flashes were heavy and strong and illuminating as on Saturday morning. With the extremely weighty rain even the policemen sought shelter. Safety precautions were taken at the telephone office, but work on the new switchboard went right along.

It seems probable that the storm extended over most of the Island. A good many people were awakened by the thunder and there must have been a great deal of nervousness. Chief Hunt was extra vigilant for fear of fires, but the rain would have extinguished almost any outside blaze. Those in charge of shipping in the harbor were on the alert all night, but the danger had been headed off before dark, when extra anchors were dropped and additional lines run out. For hours there were perfect torrents of water rushing into the bay from town.

The new street crossings down town are all right, excepting that they were all under water last night.

The Star Dairy.

The Star Dairy Company, Ltd., delivers milk twice a day. Householders will find it to their advantage to ring up Telephone 1013.

No Session.

After the regular prayer meeting at Central Union Church last night there was to have been a business session, but the inclement weather brought out too small a number of members and all work was postponed until next week.

LEGISLATION AND THE TREATY.

Article III of the Treaty of Annexation contains this provision:

"The municipal legislation of the Hawaiian Islands, not enacted for the fulfillment of the treaties so extinguished, and not inconsistent with this treaty, nor contrary to the constitution of the United States, nor to any existing treaty of the United States, shall remain in force until the Congress shall otherwise determine."

This language does not clearly indicate whether or not, municipal legislation may be enacted after the treaty is ratified. Should the Legislature enact a law tomorrow, and it happened that the Senate had ratified the treaty today, would such a law have force? While the language is rather indefinite, if it were submitted to a competent Court, it would probably be held that any municipal laws duly enacted, after the ratification of the treaty would have force until repealed by Congress.

THE INFLUENCE OF THE PRESS.

After the striking success of the Tammany party, in the recent election of a city government for Greater New York, the city newspapers began to inquire, why it was that their influence was so limited. Of the nine great daily papers, seven were opposed to Tammany, and were in favor of the reform candidate. A large majority of voters simply snubbed the Press. The arguments used in favor of reform were unanswerable. Then why did they not prevail? Why was this singular combination of the newspaper talent ignored? Has the Press any power? If it has, how much has it? Time and again, in the political history of American communities the Press has been utterly defeated, even when it was, probably, in the right.

In 1872, when the gigantic frauds of "Boss" Tweed were discovered, and every newspaper in the city of New York denounced him, the Boss was elected to the State Senate by a majority of 50,000 in his district.

The answers to these questions are very many. In the first place, few men are open to conviction. Party allegiance, racial feeling, and religious sentiment determine men's thoughts. Reason operates slowly. It may strike for generations against the mailed armor of habit or prejudice, without penetrating it.

Political "Bosses" have a quick insight into this conservatism of habit, and use it to fight the Press. They smile when they see the Reformers try to make a man instantly good, by "high toned" advice. They know that a moral hurricane will not shake the Irishman's opinions, or a Republican's or a Democrat's. They have a fear and a mortal hatred of the dreadful Mugwump, who shakes off this habit or instinct of thought. Even the N. Y. Tribune, the old war horse of the Republican party, could influence only a few of that party to vote for the Reformers. The "Bosses" understand the nature of men better than the Press.

Lady Mary Wortley Montague discovered in Turkey the common method used there for the prevention of small pox. She showed its priceless value to the English people. But more than seventy years passed before public opinion approved of it, in spite of the millions who died, or were "pitted" with the disease. Neither she nor the physicians could make headway against the habits or the prejudices of intelligent people.

Therefore, it was not surprising that the Press could not prevail against the majority of voters, in the election of the officers of Greater New York.

Is the case hopeless? Surely not. Only men are impatient and insist on seeing immediate results. It is by the education of the children that racial instincts and habits are modified, and good citizens are made. "I can't wait for that," cries the restless Reformer. "But you have got to wait for it," replies Human Experience.

Regarding the Chinese question, the language used by Sir Michael Hicks-Beach, in declaring the "open door" policy, was this: "They (the British Cabinet) were absolutely determined that at whatever cost, even if necessary—for he wished to speak plainly—at the cost of war, the door should not be shut to us."

Speaker Reed is not "bigoted," as the Priest said when he was asked if his temperance principles forbade him from taking a drink. He may be opposed to annexation, but assent to it, as a member of the Republican party. If, in his opinion, the interests of the party demand it, he is not the sort of a man to remain "bigoted." He would

be the judge of the needs of the party, and act on his own responsibility. The report, therefore, that he now favors annexation, may have much truth in it. It is possible too that the growing demands of American commerce have touched him at last.

Acting-President Cooper read his message to the Senate and the House of Representatives yesterday. It is a clear, brief, document, which does not discuss questions, but outlines the work of the Administration since the last session, and it makes a few valuable suggestions regarding future administration. It alludes of course, to our anomalous, half annexed condition, and advises only such legislation as may be needed to carry on the Government effectually until the important political issue is settled. The reports of the Ministers contain the valuable material for a study of the Administration during the last two years.

The Rochester Chronicle, N. Y., describes the execution of the Molokai murderer, in the jail. It mentions the use of the three electric buttons, and contrasts the reluctance of our inhabitants in this matter to the conduct of the inhabitants of many localities in the States, who delight in the honorable function of hanging men themselves, instead of leaving it to the public officials. The Chronicle thinks the lynchers would be opposed to annexation, because "the attempt to assimilate its semi-barbarous population, may lead to the degeneration of the brave, noble, manly and admirable lynching communities of the United States, whose glorious deeds shed such lustre on the history of this country."

THIS DAY. Bankrupt Sale.

Shadow of Herself Stomach Was Too Weak to Retain Food

A Complete Cure Effected by Hood's Sarsaparilla

Now Enjoying the Best of Health, With Digestion Perfect.

"My mother was subject to sick headaches and indigestion for over a year. She was unable to stand for any length of time, and was obliged to stay in a dark room as she could not bear the light. She had no appetite whatever and her stomach was so weak she could not retain what food she did eat. She also had severe pains in her head. She suffered so much that she became but the shadow of herself. One day I happened to read a testimonial about Hood's Sarsaparilla. It sounded so truthful

I persuaded her to try this medicine. Before finishing the first bottle there was an improvement in her condition. She no longer threw up her food and her headache was not so severe. She took in all four bottles of Hood's Sarsaparilla and several boxes of Hood's Pills and regained her weight. She is now enjoying the best of health. Her digestion is good and she can eat almost anything she wishes. She is 42 years old and says she feels as well as when she was 16. Hood's Sarsaparilla made a complete cure in her case."

MISS MARY MASCARIE, Ironton, Ohio.

Hood's Sarsaparilla
Is the best—in fact the One True Blood Purifier. Prepared only by C. I. Hood & Co., Lowell, Mass.

TIMELY TOPICS

February 11, 1898.

DYSPEPSIA

is blamed, and rightly too, for more than half the ills we on these Islands appear to have annexed as our own particular possessions. Ask any medical man the cause of your troublesome headaches and general irritability, and he will say "dyspepsia."

The only way to cure dyspepsia is to remove the cause. We do not set ourselves up as Physicians, but we know enough to tell you that indigestion is caused mainly through eating improperly cooked food. It may not be the fault of your cook—no cook can give satisfaction if he uses one of the many antiquated iron boxes, called by courtesy "stoves," such as are to be met with in many households. "Throw physic to the dogs" and provide yourself with one of our latest

STOVES.

You can have your choice of half-a-dozen first-class stoves, up to date in every particular.

Our "PANSY" is sufficiently well known, so we will dispense with all description, and let it suffice to say they have never been surpassed anywhere in the world. We have the same sizes as before, viz: Nos. 6, 7 and 8, and to meet the times, have reduced our prices considerably.

A new stove, THE NEW ROCKET, has just been placed upon the market, and if sales are any criterion, it is here to stay.

It is a superb baker, has a deep end Ash Hearth which is a strong support for pots, etc., full nickel doors and oven shelf, oven door foot opener and knobs, extension pocket for wood burning, and is altogether the neatest and cheapest stove yet introduced in these Islands. We have them in two sizes—Nos. 7 and 8.

Whatever your requirements in stoves may be, we can suit you, and although we are not talking about them just now, we still have the celebrated BLUE FLAME OIL STOVES, with latest improvements.

Call or write us for any information you may want.

OVER THE SQUARE

Viaduct In the Plan for a
New Electric Line.

Home Capital Meeting Postponed.
Too Much Weather—Mr. Paine
Was On Hand—The Plans.

The meeting called as a preliminary to organization of a local company to give the town a surface electric passenger line failed on account of the weather. Eight or ten men interested reached the Chamber of Commerce hall at 7:30 last evening. They decided in a very few minutes that it would be best to adjourn till the storm was over. Another call will be issued soon. Mr. Paine, manager of the Hawaiian Tramways Company and the attorney of the corporation, Mr. Paul Neumann, were present. Senator McCandless, who is taking an active part in the movement was on hand. P. C. Jones and several others who will be prominent in the home company were unable to attend.

Invitations to the meeting to have been held last evening stated the purpose of the gathering to be for the consideration of a proposition for an electric railway for Honolulu to be built entirely by home capital. The plan is to fix on the amount of subscription necessary for such an enterprise and to have a committee make a canvass of the town. This will be done within a fortnight. One report is that the Tramway Company will make negotiations to the new concern, looking to sale of the present system and its prospects or to consolidation with the electric project brought back from London by Mr. Paine and still in his valise. There is also a report that the Tramway people will fight the new movement to the last ditch. It is said that Mr. Paine has been given quite full powers by his company, but he labors under the disadvantage of being widely separated from his directorate. The Tram Company is to make a request to the Legislature for extensive favors. At the same time the new company will go before the lawmakers asking for an act that they say will be very modest and moderate in its charter terms.

In a way the system of lines that was proposed by the company that was before the last assembly for a charter will be adopted by the new home association. Bethel street is to be used. Waikiki will be reached via Queen street, through Kewalo and along the new beach road. This will save nearly a mile between town and Kapiolani park and is calculated to catch all the Sunday and holiday trade. It is planned to use Hotel street, crossing Thomas Square with a viaduct. This will be the route to the plains and Punahou and mauka of Beretania street. A section of belt line will be from Punahou clear around back of the park.

As both the town men and the Tram people are very much in earnest and have plenty of capital available a lively contest may be looked for during the legislative session and perhaps in the Courts and on the streets afterwards.

Leak Located.

Several days ago the S. P. Hitchcock, now in the stream, was discovered to be leaking. A thorough search was made, but the leak could not be located. Yesterday brought more success and the exact position of the leak was located on the starboard side and about two feet below the water line. What will be done has not been decided yet.

Much

Cheaper

In

India!

Why certainly! Much poorer, too!

And we didn't have to go there to find it out.

Why, they tell us everything is so cheap there, a man on a salary of Fifty Dollars a month has forty-seven servants at his beck and call, to say nothing of other luxuries. Try it here, and watch the fun.

But that's not exactly the kind of WATCH we refer to in this Ad.

Neither is it a labboard watch, but just a good every day kind of

WATCH

Made by the Famous

ELGIN COMPANY

Grades vary. Some are better than others, but all are good, and no matter what grade you buy, whether the one at Seven Dollars and a Half or one at One Hundred Dollars, our guarantee covers it fully, as much on one as on the other. You know that that means you can pick it out blindfolded and take no risk of its being anything but perfect.

We are glad to take all the risks.

BRYANT IN PERIL

Bark With Sugar Cargo
Struck By a Squall.

Settled On the Sand Bottom Near
the Channel Entrance—Moved
Off and Sent to Sea.

Shortly before 5 p. m. yesterday, the
C. D. Bryant started out for San Fran-
cisco with a full cargo of sugar. On
account of the fact that the tug boat
was on the marine railway and all the
island steamers save the Lehua had
departed, it became necessary to se-
cure the services of the Lehua to tow
the Bryant out. The weather looked
favorable and Captain Colly was anx-
ious to get away.

Just at making the start the C. D.
Bryant stuck in the mud and Captain
Lorenzen, the pilot who took her out,
jokingly remarked that he did not be-
lieve the vessel wanted to go.

The Lehua succeeded in getting the
Bryant out of the mud and was tow-
ing her out of the channel with a
light breeze from the north. Sudden-
ly there was a heavy squall which
caught the Bryant full on the star-
board side. The Lehua was power-
less to do anything and the vessel
went on the sand bar abreast of the
spar buoy just at the edge of the nar-
rowest part of the passage.

The Bryant was stuck fast and the
Lehua was useless. Captain Lorenzen
ordered a second line out. This was
attached to the large new buoy and
the steady heaving with the winch
took the Bryant out of the difficulty.
It was thought at first that the ves-
sel would have to be brought back
again into port, but Captain Fuller
tested the pumps and found the ship
without leaks. He together with Mr.
Schultze of Hackfeld & Co.'s and Cap-
tain Colly, held a short conference and
it was finally decided to send her on
her voyage.

The Lehua steamed ahead with her
tow line and in a short time the Bry-
ant was clear of the channel. When
Captain Lorenzen left her, she had
part of her sails set and a fair breeze
had started up.

Should the captain find anything
wrong with his ship after leaving the
Lehua, he will undoubtedly put back
into port.

The squall which overpowered the Le-
hua and placed the Bryant in peril came
very suddenly and in the middle of a
heavy fall of rain. From the docks,
the vision for a few minutes was cut
off at the lighthouse. All the sailor
men on the front said at once that the
bark would get into trouble. The Bry-
ant is well known in this port having
been making Honolulu a port of call
for several years. She carries sugar
and merchandise in busy season and
"tween seasons" fetches guano from
the south.

While the Bryant was in the sand,
she was stuck still and it was an in-
teresting sight from shore, with the
Lehua tugging away for all she was
worth and bobbing about like a cork.
Captain Andrews, of the Inter-Island
steamer, is gaining a lot of experience
lately at towing, as he brought in the
dismasted Arago.

FUNERAL.

Burial Services By Masons for
Chas. W. Day.

There was a very heavy downpour of
rain a few minutes before the hour set
for the funeral of Chas. W. Day yester-
day afternoon. Notwithstanding the
weather the attendance at the Masonic
Temple at 2:30 was very large. The
hall was crowded when the body arrived.
The pall bearers were Minister
King, Col. J. H. Soper, T. F. Lansing,
A. F. Gillfillan, J. Phillips and J. A.
Gillman, all prominent Masons. The
casket as it was taken from the hearse
to the large room above was covered
with flowers. Other floral offerings
had been sent to the hall in advance.

The services were brief, but solemn
and impressive. The Masonic ritual
was used and the leader in the cere-
mony was Mr. E. I. Spalding. Respon-
ses were by the large number of Ma-
sons present. Mrs. Grace Richards-
Woodward sang "Nearer My God to
Thee" most feelingly and sweetly.
Wray Taylor sat at the organ. Dr. C.
B. Wood escorted the widow of Mr.
Day.

From the temple the procession went
by the most direct route to the Nuuanu
cemetery, where the casket containing
all that was mortal of Chas. W. Day,
was placed in a vault to await the re-
turn of his son, Dr. F. R. Day, from the
Coast. The attendance upon the fune-
ral included besides the many causal
friends and acquaintances of Mr. Day a
large representation of the Central
Union congregation and nearly all the
members and employees of the house of
Castle & Cooke, Ltd.

There was a concluding Masonic
ceremony over the body at the ceme-
tery. H. H. Williams was the funeral
director.

Individual Property.

By the return Australia the newly
opened Criterion Barber Shop will
have numbered shaving cups to rent
by the month, and will be, for the
sole and exclusive use of the patron.

They Are

Reliable.

Saturday evening, January 29th, a
party of eight left the city for a trip
around the Island on bicycles. The
list was made up of some of the lead-
ing wheels represented here, among
them a '97 Overland Special which is
handled by the HONOLULU BICYCLE
CO. The Overland was the only wheel
in the lot which made the trip without
trouble of any kind. OVERLANDS
are the kind of wheels that take you
away from home, and bring you back
again.

By the last Australia, we received a
few samples of the '98 OVERLANDS.
They are as much superior to the '97
product as daylight is superior to
darkness, and are without any excep-
tions, the most beautiful models, and
the highest grade wheels ever shown
here for anything near the price which
we shall sell them—\$65. We defy all
competition, even at a much higher
figure.

A lady, recently arrived from the States desires a situation as cook in a private family. Address "H. L., Advertiser office."

Some of the work of C. W. Ewing, the portrait artist with J. J. Williams, is on display in a window of the Pacific Hardware Co.

The bark Albert, which cleared from San Francisco for Honolulu on the 6th inst., had aboard thirty-five mules and eight horses.

The party to have been given by Miss Helen Wilder at her new home in Waikiki on the 18th is postponed till further notice.

Chas. P. West, who left here some eight months ago on account of his health, returned on the Maui yesterday as freight clerk.

Senator Waterhouse says his San Diego packet scheme is being interfered with by the demand on the Coast for Klondike tonnage.

At the Y. M. C. A. this evening, P. C. Jones will deliver an address to the educational classes. Association members can also attend.

W. C. Achi & Co. offer for sale eight lots on Beretania between Punchbowl and Miller Lane—one of the best residence sites in the city.

Jas. F. Morgan will hold an Underwriter's sale of damaged sugar bags on Saturday at 10 a. m. at the store of F. A. Schaefer & Co.

There will be a drill of the second battalion, First Regiment, N. G. H., tomorrow evening on the parade ground in front of the drill shed.

As entrance to Cyclomere from South street would of necessity be by scow or trolly, it is not likely there will be any bicycle races tonight.

Boston baked beans and brown bread delivered hot on Sunday mornings by the German Bakery. Orders taken up to 4 p. m. Saturdays.

The bankrupt stock of tailoring goods, fixtures, etc., of H. S. Tregloan & Son, will be sold at public auction this morning at 10 o'clock at Morgan's salesrooms.

Mrs. Holdsworth is prepared to open a conversational French class; also, a French class for children. For particulars apply at corner of Kinau and Pensacola streets.

Miss R. H. Lewis has opened offices in the Beaver block, opposite W. G. Irwin & Co., Ltd., where she is prepared to do stenographing and typewriting. Office hours from 9 a. m. to 5 p. m.

Very few of the choice seats for the two plays to be given at the Opera House on Saturday evening remain. It is now certain that the society amateurs will be greeted by a crowded house.

By the last steamer, the Kawaihau Club expected to receive some news as to the project of an engagement at the Orpheum in San Francisco but were disappointed. They confidently expect to hear by the next steamer.

The amateur orchestra will have a rehearsal this evening in the Hawaiian Opera House at 7:30 o'clock at which every member must be present. This will be the last rehearsal for the performance to take place Saturday evening.

Last night there was a bit of an excitement on the boat landing. The first mate of the Arago was chaffing and pushing one of the boat boys about, when the well known Sam rushed up and deliberately struck the mate in the face. The mate went to the police station and Lieutenant Holt was sent down. Sam was arrested and he together with the mate and other boat boys went to the police station. After much explanation, Sam apologized and there was hand shaking all around.

The Favorite

IS THE FAVORITE place for the finest liquors only, and the best distillers of the United States, Canada and Great Britain are represented. Best brews of Beer, either on draft or in bottles, may be had at all times.

W. M. Cunningham, Proprietor of this well-known resort, has been in the business for many years, and is a connoisseur in liquors. His establishment is always orderly, and, with the services of his assistant, Mr. Thompson, customers are promptly supplied. Bethel and Hotel streets is a favorite corner for the lovers of cold Beer or fine Wines and Liquors.

The Music.

The music to be played by the Amateur orchestra at the Kiloahana Art League performance at the opera house Saturday evening includes:

Overture—"The Bridal Rose".....

..... Lavallee

Fedora waltzes..... Bucalossi

Bijou Gavotte..... Tobani

Grand March..... Isenman

The orchestra has several other selections in hand in case the above program is not long enough.

The house of Castle & Cooke, Ltd., was closed yesterday afternoon for respect to the memory of Chas. W. Day.

GOOD SHOES!

GOOD SHOES are health producers. Poor fitting ones not only torture the feet but look badly. Think of this when you start out to buy them. We show you nothing but what a first-class store ought to have, and our assortment of styles comprises everything desirable. Our prices are the lowest. We pick the good things out of the world's library of remunerative facts. And can view with complacency the feeble attempts of eager rivals to counteract our successes.

The Manufacturers' Shoe Co. BIG SHOE STORE.

WHOLESALE AND RETAIL SHOE DEALERS.

Kodaks

Having been appointed agents by the Eastman Kodak Co., for their Kodaks and and supplies we take pleasure in calling your attention to our new line. It will be our aim to keep a complete stock and sell only material that is fresh. Our Kodaks are all new—the very latest improvements. We haven't a solitary out-of-date camera. There are many different kinds. Let us show them to you.

Developing and Printing

Mr. Carl Andrews, one of the most successful amateurs in this city, will have charge of developing and printing. The utmost care will be taken to make the work of amateurs successful. We have adopted a system whereby we can tell why you failed and how to avoid making mistakes again. A slip will be attached to each "failure" stating cause. We can make your snapshots successful pictures.

ARRIVALS.

Wednesday, February 16.
Stmr. Maui, Rodgers, 9 days from
San Francisco.

DEPARTURES.

Wednesday, February 16.
Stmr. J. A. Cummins, Searle, for
Oahu ports.
Stmr. Lehua, Andrews, for Hawaii
ports.
Am. bk. C. D. Bryant, Colly, for
San Francisco.

WHARF AND WAVE.

The Kaena will get away for Oahu
ports today.
The brig John D. Spreckels arrived
in San Francisco, February 6th.
The James Makee, Mikahala, Ke Au
Hou, and Waialeale are all expected
in today.
The bark Albert and barkentine Ar-
cher sailed from San Francisco for
this port, February 6th.
The barkentine Jane L. Stanford
sailed from Newcastle with a load of
coal for this place, February 3d.
When the Maui left San Francisco,
the Transit, Irmgard and Alden Besse
were all on the boards for this port.
They had not yet begun to load.
The C. D. Bryant which sailed for
San Francisco yesterday, took the fol-
lowing cargo: 26,530 bags sugar
weighing 3,210 pounds, valued at \$120-
352 and shipped by H. Hackfeld & Co.
and M. S. Grinbaum & Co.

WILDER S. S. MAUI.

New Sister of Helene Has a Stormy Voyage.

The Wilder Steamship Co.'s steamer
Maui, E. T. Rodgers master, arrived in
port and hauled alongside Wilder's
wharf close upon 2 p. m. yesterday, 9
days from San Francisco, having left
February 7th at 11 a. m. The Maui
had an extremely rough trip down and,
only during yesterday did the weather
moderate. At that time the steamer
was among the Islands, having sighted
Molokai early in the morning. There
was on the wharf to meet her, a
very large number of people, among
these being officers of the Wilder
Steamship Co. who boarded and went
all over the steamer making an in-
spection.

The Maui was not reported until 1
o'clock. At that time she was off the
bell buoy and not until then did she
hoist her colors. People along the
water front and even Captain Macaulay
while he was at his home on the slopes
of Punchbowl, took her for the Helene.
Diamond Head Charley failed to re-
port the Maui, probably through the
failure of the telephone to work. How-
ever, when the Maui did finally hoist
her colors, the pilot boat went out and
brought her in. The Acting Port Physi-
cian boarded her later.

The crew of the Maui is as follows:
E. T. Rodgers, captain; W. Stephenson,
first officer; E. Thomsen, second offi-
cer; E. V. Everett, chief engineer; J.
J. McDonald, first assistant engineer;
A. Nicol, second assistant engineer; W.
A. Johnston, purser; C. P. West, freight
clerk; R. Peterson, C. Brown, J. En-
right, quartermasters; H. Holtz, C.
Martin, J. Johnson, A. Olson, S. Fer-
reira, seamen; M. Toomy, T. Jones,
firemen; J. Murphy, oiler. The stew-
ards are all Japanese.

In regard to the formation of a per-
manent crew for the Maui, President
Wight of the Wilder Steamship Co. is
authority for the statement that there
will be promotions all along the line,
on the other boats, and that the pre-
sent officers will give way to local men.
As to Chief Engineer Everett, he is an
old and trustworthy employe of the
Wilder Co. and will remain in his pre-
sent position. The seamen will un-
doubtedly be replaced by natives who
are the most competent of all nation-
alities tried here in the handling of
boats and freight at Island ports.

The Maui will take the Likeliest's old
route and will sail to and from the
same ports as did that steamer. The Le-
hua and Kilauea Hou will be taken off
for awhile and given a complete over-
hauling.

The Maui is a sister ship to the He-
lene, the only difference being that she
has a covered deck.

Is Now An Embassy.

WASHINGTON, February 4.—The
President today sent to the Senate the
name of Ethan A. Hitchcock of Miss-
ouri, now Minister to Russia, to be
Ambassador Extraordinary and Minister
Plenipotentiary to Russia.

CERTIFICATE OF THE MINISTER
OF THE INTERIOR IN RE THE
BANK OF HAWAII, LTD.

I, James A. King, Minister of the
Interior of the Republic of Hawaii, do
hereby certify that in accordance with
the requirements of Section 18, Chapter
XXIII. of the Session Laws of 1884,
the same being an "Act to provide for
the Incorporation of Banking Com-
panies," I have examined into the
condition of the "Bank of Hawaii,
Limited," a Corporation formed under
said Act and located in the City of Ho-
nolulu, and I am satisfied that the said
Corporation has fully complied with
the provisions required by said Act,
to be complied with before commencing
the business of Banking, and the said
Corporation, the "Bank of Hawaii,
Limited," is hereby authorized to com-
mence business.

In witness whereof, I have here-
unto placed my hand and Official
Seal this 23rd day of De-
cember, A. D. 1897.
(Signed) J. A. KING,
Minister of the Interior.
4800-2m

the Islands, Lum Hoy will act, with
full powers as Manager.
KWONG YING FAT & CO.
Honolulu, 7 February, 1898.
4837-1m

AUCTION SALE OF
Lots at Waikiki!

UNLESS SOONER DISPOSED OF,
on MONDAY, MARCH 7, at 12 noon,
Mr. James F. Morgan, will sell the
Leaseholds of Eleven of the Finest
Lots on Waikiki Beach: The remain-
ing term is about 22 years, and each
Lot will pay \$30 per annum rent.

It is time now to begin to prepare
your Summer retreat at Waikiki. It
is nearly impossible to get anything
in that favorite locality and it is
doubtful whether such a chance will
ever again be offered. These lots are
all in one block and are so arranged
that each has an ownership on the
beach, sufficient for bath houses and
a lanai if desired.

The 40-foot road opened from the
beach to the fine macadamized street
in the rear is a new and desirable
feature; a water pipe runs down this
road and each Lot is connected. Ar-
rangements have been made with the

Water Works Bureau for a single rate
for the lot and beach front.

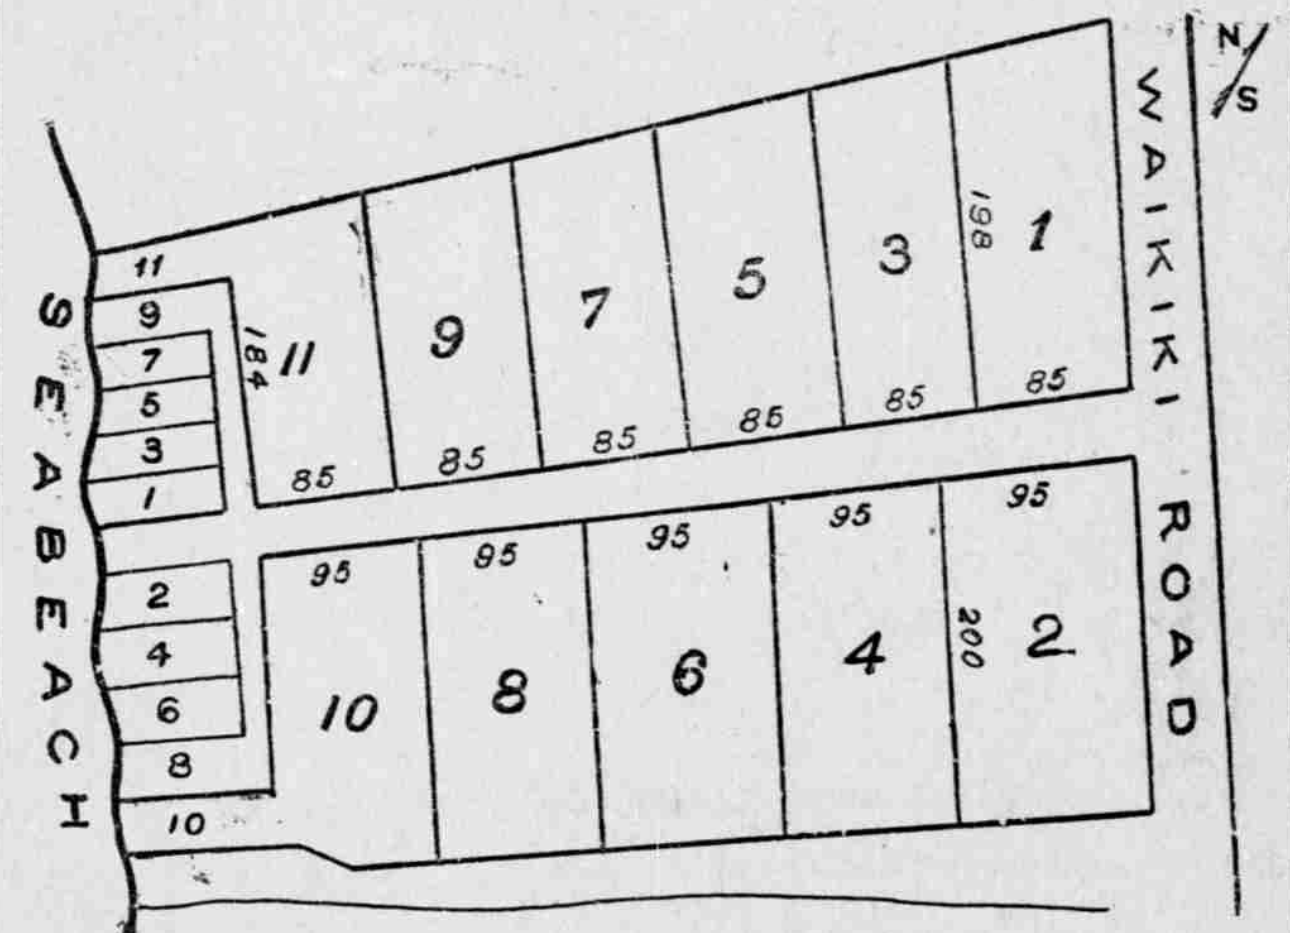

These Lots are all fenced, sidewalk
built, and road in fine order. The
location is healthy, and the sea bath-
ing good. The block lies in Kalia, ad-
joining the Waterhouse premises.

Do you object to a leasehold? Have
you figured out the expense and actual
cost? Do you know that you can have
a beautiful home for the next 22 years
at a cost, covering building, repairs,
insurance, taxes, everything of from
\$12.50 to \$25 per month? The lots
are each ample for a family, ranging
from 85 feet on the street and 190
feet deep to 95 feet on the street and
same depth.

Buildings already stand on two of
the lots, which will be sold with the
ground.

Applications have been made for a
few lots already. Now is your time!

FOR SALE.

13,000 Acres of choice Fruit and
Farming Land, in the county of Santa
Barbara, State of California. This
land is especially adapted to sugar beet
culture. The Union Sugar Beet Com-
pany is now about to erect a mill 20
miles from this land. The Railroad
Company has agreed to deliver the
beets to the mill at 50 cents per ton.
For particulars, apply to
A. HOCKING,
Arlington Hotel.

4834-1m
