Burton Holmes Retracts

False Statements Regarding Hawaii.

Honolulu, October 24.—Burton Holmes has written R. K. Bonine regarding the leper incident in his Ladies' Home Journal article about Hawaii. In this letter he makes all the amends that it is possible for a man to do in such a case. He expresses the hope that the damage done has been overestimated, and very likely it has been. The letter is as follows:

My dear Bonnie: I am just in receipt of the Honolulu comments on the mention of leprosy in my article. It is as if I had committed a crime as I see it now. I never dreamed of the harm it might do—the dramatic side of it was all I saw and as the article was written under stress of rapid travel and far away in Japan, I did not see it in print until it was too late. The incident occurred while Ford and I were up Manoa valley. He made so much of it that it impressed me deeply, and when I was searching for striking things it bobbed up and flowed off the pen. I am horribly sorry I did not see it and think it in the right way. We outsiders don't feel it as you do there in the islands and I should have known better—should have realized that B. Holmes should be the last to administer his knock to a land that had treated him so royally.

All that I can do by word of mouth or pen shall be done to correct this false impression. I shall, if editorial sanction can be secured, assure the readers of the Ladies' Home Journal that I had no proof beyond the guess of my companion, that the trouble with that hand was what we took it to be, and if your Promotion Committee will state to me that no cases exist outside of the settlement—or could exist under the present system of surveillance, I will do all I can to publish that statement.

I was sorely disappointed in my article as its appearance after compression—for much of what I tried to say was rendered meaningless to some people by omissions and slight changes made necessary to fit it to the space. I was on the other side of the world then and could not read proof. Had I done so, I know that the fatal incident would have been the first to get the blue pencil.

Please give my deepest regrets to all concerned—that means the entire population. I am chagrined to think that I could have, with such apparent deliberation, done, unwittingly, an injury to those who had been so kind to me. I simply did not realize what it meant aside from the mere drama-

Did Not Founder

Rumor that Laennec Saw Vessel Founder Incorrect.

The captain of Laennec was seen this week by a representative of the Maui News. He stated that the rumor that he had seen a vessel founded off the Horn is incorrect. He said that it is true that he had seen a vessel that had sustained some damage but that she was seemingly in no danger.

The vessel in question was in a storm at the time had lost some of her sails and a spar but that the masts were in good shape as was every thing else aboard.

The ship Laennec was one hundred and sixty-five days from port to port and carries a crew and officers to the number of twenty-six.

All of the hands aboard are well but the trip was an exceedingly rough one and the most severe storms were experienced.

The ship carried one thousand eight hundred tons of freight for Kahului and eleven hundred tons of ballast.

She will sail for the North Pacific in about one week.

tic contrast between the scene and the incident. I feel even now that you exaggerate the harm it may have done and I sincerely hope that it will be set down to the picturesque imaginings of the thoughtless tourist, of which in this case I must confess myself to be. I am now deep in the preparation of the new Hawaiian lecture and it takes the starch all out of me to see how easily I have made a great mistake—and warns me to be careful and to look on all sides of all statements in the future. Please do what you can to make my regrets and good intentions known to the committee, though, of course, they can never give me credit for the possession of good sense hereafter. My chagrin is the greater in that I did not realize my offence until it is brought home to me in today's mail.

Am I to take it that as you simply send the clipping without comment, you don't intend ever to write or speak to me again? I hope you know me better than to think that there was malice in it—foolish it was, but malicious, never. I am writing you today, but one can't say much by cable—just to let you know that I am hit—and hit hard in a spot where it hurts—the heart; even if it be a thoughtless one it beats for and with Hawaii always. I am hoping that the new films and slides may come in time to help make "Hawaii" so beautiful and interesting that my crime may be pardoned.

Yours in bitterness,
E. BURTON HOLMES

Kalua is Acquitted

Charge of Perjury is Not Proven.

The one criminal case before the Circuit Court at this term that was of the greatest interest was the one against Judge J. W. Kalua who was charged with perjury.

On the 30th day of September last the Circuit Court had before it for consideration the matter of the hearing of the final accounts and discharge of Rev. S. Kapu as the administrator of the estate of Henry Cooper Jr.

The accounts were short to the extent of six hundred and eighty three dollars in cash and there was unaccounted for one filly and five head of work cattle.

Administrator, Kapu, testified that he had given the money to Kalua and had received no receipt for the same.

Henry Cooper Sr. testified that he had driven the cattle down to Kalua's place and turned over the cattle to Kalua at Kalua's request.

He testified that he was assisted in the driving by Puana. A Hawaiian woman by the name of Kahuki testified that the cattle were delivered to Kalua by Henry Cooper and Puana.

In reply to a question by Attorney Lightfoot William Kukona testified as follows:

Q. Do you know anything about any cattle belonging to the estate of Henry Cooper, a minor deceased?

A. I do.

Q. State whether or not you ever saw any cattle belonging to the estate of Henry Cooper working on this land of Kalua's at Aao Valley.

A. I knew of a pair of oxen handed over to me by a person who said it belonged to the estate of Henry Cooper's which I had working on the land.

Q. Do you know if there were any other cattle than the pair that you were acquainted with?

A. I was told there were other cattle belonging to this estate by a man by the name of Malulu. I did not see them.

Q. Of your own knowledge you only know of one pair?

A. Yes.

Q. Do you know what became of those oxen?

A. I do not know what became of them now, but at that time after the work was through, I was told that they were to be sold, and to whom I do not know.

Judge Kalua testified positively that he had not received any of the money referred to and that he had not received the cattle from Cooper.

He claimed to have bought the cattle referred to from some unknown man whose name he could not remember.

The matter was referred to the Attorney-General's Department and was presented to the grand jury by Deputy Attorney General Larnach. Kalua was indicted for perjury and a jury was called to try the case on Monday of this week.

It was a difficult matter to secure a jury for the reason that many of the jury men had formed an opinion and were disqualified. A special venire was called and a jury was at last secured.

Deputy Attorney General Larnach presented the case while Kalua was defended by D. H. Case and Judge Quarles.

An able defence was put up and much of the testimony that was allowed in the former case was skill-

Rev. Burnham Has Arrived

Will Take Up Missionary Work in Lahaina.

Rev. Collins G. Burnham, for many years pastor of a large Church in Chicopee Falls, Massachusetts, arrived with his wife and daughter from the Coast on the last "Alameda."

Rev. Mr. Burnham and Mrs. Burnham came almost immediately to Lahaina, where they are to be engaged in missionary work under the Board of the Hawaiian Evangelical Association. They are to live in the Parsonage, which was recently given for the purpose by Mrs. Abigail Campbell-Parker. This house is to be moved so as to face the sea and be thoroughly repaired for the residence of the new workers.

Rev. Mr. Burnham is not to start a new church in Lahaina, but is to be associated with the Rev. D. W. K. White in the work of the Waihee Church of Lahaina, which is the oldest Church on Maui. This Church was the second organized on the Islands by the early missionaries and dated from the year 1823.

During the last three years, Rev. R. B. Dodge has been the sole agent for the Mission on Maui, having charge in all of thirty-eight churches. Mr. Burnham will now have charge of the work on the Lahaina side of Maui, and be the regularly appointed Agent for that district to report to the Hawaiian Board. He will be associated, however, with the other Maui workers of the Board in the Maui Aid Association, and the work will go on much as formerly as respects many details.

Rev. Mr. Burnham will have an evening preaching service in connection with Waihee Church in the recently repaired and beautiful old hall, known as "Hale Aloha." Around this old building cluster many of the fond memories of the old residents of Lahaina and of the Hawaiians who were natives there. It is the natural center of the social and parish work of the Waihee church.

fully prevented from being given in the criminal case.

In a perjury charge, the uncorroborated statement of one witness is not sufficient to warrant a conviction and as there were but the two opposing witness in the matter of the alleged money transaction that part of the testimony could not be considered.

In the case before the jury this week there was but one witness, Henry Cooper, who testified that the cattle delivered were the property of the estate of Henry Cooper and just there is where the case fell down.

Although it is currently reported that the jury stood, eight for conviction and four for acquittal on the first ballot but in time the four were able to swing the eight over on the theory that the testimony of Henry Cooper was not sufficient to warrant a conviction.

The jury was composed of W. Olson, M. J. Moun, A. Borba, Jr., John Eberly, Frank Medeiros, Louis H. Sylva, Ed. Wilcox, Wilhelm, John Hose, J. Feteira, Rodrigues, M. S. Jardine.

They were out a little over three hours before arriving at a verdict.

Judge Kalua was warmly congratulated by his attorneys and friends after the announcement of the verdict.

SATURDAY, OCTOBER 31, 1908

Frear's Governor Frear has expressed his political position in unequivocal terms and his position is one that commends itself to the thinking element of the community.

The Governor does not advocate the scratching of the ticket except in extreme cases and bears out the principles advocated by the News for years and is the policy we still advocate.

His reference to the Delegate is as true on Maui as it is on Oahu and the same might be said with equal force of the Senatorial and representative ticket.

It is certain that the Senate will be Republican at the next session of the legislature.

Oahu is making every effort to elect the three Senators from that island in order to have a good working force for her benefit. This is perfectly right for Oahu but it is an example that should not be lost sight of by the people of Maui. If the people here are wise they will elect the two Senators from Maui in order to give a large working force for the carrying out of the necessary measures that must be passed for the advancement of the interests of this island.

If a Democratic Delegation is sent down from here it will mean that they will not be able to do but little for the best interests of Maui for the reason that they will be in the minority and Oahu will get in her old time work and leave Maui in the cold.

The following quotations from a recent speech of Governor Frear is applicable here and is a good guide for all republicans to follow:

"I suppose that some of you will expect me to say something about the straight ticket and the yellow dog," said Governor Frear, at the conclusion of his address at the Orpheum last night. "I do not want to disappoint you, but I see little occasion to refer to either at the present time. I have expressed myself on those subjects already."

"I have stated that country comes first and party second. Party is not an end but a means to an end. The country should not be sacrificed for party, nor country and party sacrificed for personal interest. But what does this mean? Does it mean that we should go through the lists of the candidates and vote only for our personal friends on it? Hardly. Party politics is like baseball or boat racing, the working together for victory. But it must be victory with honor. It might happen that there could be a man on a ticket put there through an oversight or through trickery, for whom no respectable man could vote. Of course, there could be some such a man on the ticket that to elect him would be worse than having to forego the cooperation of the whole ticket, and of course, there is a possibility of going too far the other way. But parties are necessities and are desirable in representative government. We have got to work together and have team play to accomplish results."

"We have a candidate for Delegate to Congress, three candidates for election to the Senate and twelve candidates on the ticket for the House. So far as I know no one has been able to distinguish a yellow tinge about them, and I appeal to you, without desiring in any way to desecrate the candidates of the other parties, I appeal to you as a Republican if you wish a businesslike and effective administration—effective because businesslike and harmonious—to vote for the Republican candidate for Delegate and for the Republican candidates for the Senate and for the House."

JAMES ARMSTRONG AND L. L. McCANDLESS v. ANE KEONE

APPEAL FROM CIRCUIT JUDGE, FIRST CIRCUIT.

ARGUED FEBRUARY 6, 1906.

DECIDED FEBRUARY 12, 1906.

FREAR, C. J., HARTWELL AND WILDER, J. J.

SPECIFIC PERFORMANCE—defendant's misunderstanding of agreement—whether induced by plaintiffs or not—unfairness of agreement.

A bill to enforce performance of a written agreement to partition land was dismissed because of its unfairness and of the defendant's apparent mistake as to its contents. Held: The decree is affirmed, the evidence justifying a finding that the written agreement sought to be enforced did not conform to the oral agreement or to the defendant's understanding of its contents in failing to provide that the land apportioned to her should be that on which her house stood.

OPINION OF THE COURT BY HARTWELL, J.

This is an appeal from a decree dismissing the plaintiffs' bill to enforce performance of an agreement of partition made between the parties November 28, 1905.

The bill avers that the plaintiffs had brought suit for partition of one of the pieces but, on the strength of the agreement of November 28, 1905, withdrew it and engaged a surveyor who surveyed the land December 4, 1905, and the next day engaged attorneys who prepared the partition papers which, on the afternoon of that day, the defendant notified them that she would not sign.

The answer denies that the surveyor was employed to make a survey in accordance with any agreement between the parties and avers that the instructions given him were not in accordance with the division agreed upon, which, as averred, were that the first piece should be so divided that the defendant would have a portion containing 7500 square feet which should include certain buildings and improvements erected thereon by her of the value of \$1000; that the plaintiffs reduced to writing what they represented to the defendant to be the oral contract; that the defendant is a comparatively ignorant Hawaiian woman with little or no knowledge of business, slightly acquainted with the English language and wholly unable to read it, having no acquaintance with the terms used in describing boundaries of land; that each of the plaintiffs "is a hard headed, shrewd business man, thoroughly acquainted with the English language" and that they assured her that the written agreement secured her the house lot, buildings and improvements thereon and that the agreement, which was in English, was not read and explained to her; that relying upon this assurance she executed the agreement in full belief that it secured to her what had been orally agreed upon; that soon after the surveyor laid out the lines for the division as outlined in the written contract the defendant learned to her great surprise that the written contract gave her a piece of land 75 x 100 feet which contained no improvements and was worth not more than a \$100 and gave the plaintiffs a piece of land four times as great and which included the buildings and improvements, being worth not less than \$1600, whereupon she refused to execute the deed averring that the written contract is absolutely unfair, one sided, unjust and unconscionable; that in entering into it the defendant was overreached by the plaintiffs and that the plaintiffs obtained the execution of the agreement by sharp and unscrupulous methods by which she would receive for her share of one of the parcels 7500 square feet wholly unimproved and the plaintiffs 36194 square feet containing the improvements of the value of \$1000 erected and paid for by the defendant and worth not less than \$1600, and that the plaintiffs would receive 16 2/3 of the other parcel.

Judge De Bolt, who tried the cause, dismissed the bill by reason of the "apparent unfairness (of the agreement) and of the undoubted mistake."

Paia's Defeat Kahului's and Standing is a Tie.

The wheel of fortune has again turned in favor of the Paia team and almost the opposite to the result of the game played between the two opposing teams two weeks ago was the result of the game played at Kahului last Saturday.

This makes the teams again a tie for the cup and today's game will be necessary to decide who is to win the championship of the season and incidentally the cup offered for the series.

It was an off day for the Kahului team Saturday and everything seemed to go against them.

Before the game was ended it was too dark to play a good game but that was not the reason for the loss of the game to the Kahului's as the greatest score was made earlier in the game.

At the finish the Kahului team had scored but two runs while the visiting team had nine to their credit.

The game today will settle the contest for the season and which ever team wins will be declared the champions of the league.

The game today will begin at 3 o'clock. Those desiring to see the game must take the 2:20 train from Wailuku.

A greater crowd than ever is expected.

No cause appears for reversing the decree appealed from, which is affirmed.

W. C. Achi for plaintiffs.

R. W. Breckons for defendant.

The above decision of the Supreme Court against James Armstrong and L. L. McCandless is copied from the seventeenth Hawaiian Supreme Court Reports. It will be found on page 342 of that volume.

Campaign Grafters after their Harvest.

Honolulu, October 26.—The campaign grafter is getting in his fine work with a vengeance. On every hand is heard the plaint of the stricken candidate. As the days go by the importunities of the grafter increase in frequency and virility, and the result is that already not a few candidates who are suffering their political novitiate are heartily sorry that they were honored at the convention. It is impossible to accurately number the campaign grafters but there must be two or three hundred operating in this fair city at present. Up to the time of the conventions the majority of them were earning a frugal but honest living on the wharves. As soon, however, as the nominations were made, they quit their jobs and entered into the lucrative trade, of political highwaymen.

The unhappy lot of the candidates is truthfully reflected in the wail of one unfortunate who happens to be running for the Senate. Said he to a newspaperman the other day:

"The grafters give me no rest and I am getting to be sorry that I ever consented to run for office. As soon as I got to work a man calls to see me and wants a trifling contribution for his church. He is followed in speedy succession by a couple of fellows who want to collect \$5 back fare which they allege they spent in getting a particular admirer of mine to go to the place of registration. An hour later five new citizens interrupt my already backward duties with a request for \$10 to defray the expenses of a luau which they were instrumental in arranging on my behalf the night previous, and to which I, by the way, was not even invited. The next batch of intruders want me to finance another luau which, they say will surely result in my election.

"When I go to lunch I am importuned to supply meal tickets to a dozen workers of whom I had never dreamed the existence previous to the 'touch' in question. The afternoon is punctuated by photographers, job printers, soap-box speakers, kahunas, the halt, deaf, blind and others, who all claim to be able to render me the particular service which is bound to ensure my election, and who all invariably want something on account.

"I'm in politics because I had an idea, which was evidently foolish, that I owed it to the county to accept the nomination. Today I stand confronted with two alternatives: If I yield to the voice of the campaign charmer, even if I score a success at the polls, I shall place myself in a financial hole from which I shall find it difficult to extract myself. On the other hand, if I pass the interceders for financial remuneration, one and all up, I shall worry so about my probable defeat that I shall eventually go crazy.

"I can tell you one thing, and that is that should I be elected I shall introduce a bill making campaign grafting under whatever guise a penal offence."

Charges Birth Frauds By The Wholesale.

Honolulu, October 24.—An organized conspiracy by which local Chinese who were born in China and have been in this country for some time have been attempting to obtain certificates of Hawaiian birth, is about to develop. On Monday a warrant will be sworn out for the arrest of one Wong Moon Tong, charging him with perjury. There are eleven other cases in which fraud is suspected, and it is stated that Chinese have offered as high as \$250 apiece to get witnesses who were willing to swear falsely in regard to their birth and residence here.

As the result of this is believed that a hui has been formed which has made a business of furnished witnesses and that a most profitable business has been going on with perjury as its chief asset. In many of the cases the same witnesses appeared, which led to suspicion, which became certainty when the case of Wong Moon Tong came up.

In this case Tong swore that he had no other name, that he had been born here, had made one trip to China, which was in 1900, and had returned the next year. It was learned that he came here when 15 year old in 1896 and that he went back to China in January, 1902, returning in November of the same year. He went under a different name, and his identity was only found by means of the identification photographs. When going to China in 1902 he stated to the immigration authorities that he had come here in 1896 and swore to it, but before Secretary Mott-Smith he swore that he was born in the Ahi block in 1881 and had lived there till 1900.

Witnesses can be produced to swear that he was in China during his younger days and that he never lived in the Ahi block at all. His sworn statement made to the immigration authorities that he was born in China can be produced and a strong case seems to have been made out against him.

The prosecution of Wong Moon Tong on a perjury charge will be only the first development, for the aim of Secretary Mott-Smith is to place in jail every one of the witnesses who committed perjury in their testimony before him. If this can be done High Sheriff Henry will more than double his Chinese colony in Oahu prison. It is understood that Wong Moon Tong is hiding, though there is a secret suspicion that he may have left for Magdalena Bay on the cruisers.

WHY

does the Doctor prescribe PRIMO BEER to restore the vitality of the patient, instead of Malt Tonic?

Because it is more easily assimilated by a weak digestive system; often it is the only form of nourishment that the patient can retain.

Some people class beer as a spirituous liquor. PRIMO BEER contains only 2 1/2% of alcohol.

It is the Malt Barley and Hops that are a food and tonic for sick and well.

Republicans Feeling More Cheerful Over Prospect.

HILLO, October 23.—Within two weeks of the close of the campaign a better feeling obtains among the Republicans. While the condition is not altogether satisfactory, an impression prevails that Rubio—at all events, is safe.

The weak spots on the Republican map are the Kona, Kau and Kohala. McCandless had with him a map of the rocky slopes of Mauna Loa painted in sugar cane green and subdivided into alluring quarter sections which has effected a strong lodgement in the minds of the voters in those localities, and accordingly Senator Hewitt and Stephen Desha have been despatched to cover them again.

The party is handicapped by a lack of orators. While the Democrats yesterday sent out David Ewaliko, H. Irwin, T. J. Ryan and W. Wesa on the trail of the Home Rule campaign, the Republicans have made no move in this direction. There is a general complaint from all parties of lack of funds.

With a total registration of a shade over 3,000, with three tickets in the field, with some candidates endorsed by two parties, a state of political confusion worse confounded, prevails.

An interesting contest is being waged for the office of County Attorney. C. Williams the present incumbent is the nominee of the Home Rulers. The Democrats have named Harry Irwin, and the Republicans left the place vacant on their ticket. Irwin in the course of a speech is reported to have remarked sensationally "Put not your trust in Princes," and it is said that Hawaiian voters cannot appreciate the adaptation of a scriptural quotation for campaign purposes.

Link's Promises On Maui And Denials On Oahu

The evidence multiplies that the Honorable L. L. McCandless did make promises to the backwoods voters on Hawaii and Maui that, if elected, he would get a law passed which would permit the natives to each obtain 160 acres for \$10 or thereabouts. In Honolulu he is now denying that he made the statement.

We suggest to the Republican campaign leaders that his denial be wired up to the districts where the promises were made and be given general circulation there, so that the voters who accepted his word as gospel can see what the revised version of the gospel, according to Link, sounds like. Demagogic talk generally trips the talker up in the long run, but not always as quickly as this boomerang has done.

Try again Link. Suppose you offer the voters 160 acres apiece down at your Dukedom at Makua, or over at the Principality of Wai-kane. That will sound more like business. Meanwhile, whatever the difference are, over other nominations, all citizens who want to see the recent magnificent work for Hawaii in Congress continued, should work, as well as vote, for the election of Rubio.—Advertiser. (Perhaps Link McCandless meant to offer the Maui voters 160 acres on the crater of Haleakala on which to raise h—ll.)—Ed.

Republican Candidates

Should Receive Support Of The People.

On next Tuesday the people of the United States will choose a new President to execute the laws of the nation and administer its affairs.

It is almost certain that their choice will be William H. Taft the Republican nominee.

Mr. Taft's opponent is a brilliant orator and a man of untiring energy. He has a clean record and his honesty is unquestioned, but there is on reason for changing the policies of the present administration for the untried policies of Mr. Bryan, who is the leader of a party that has made such signal failures in the past.

The American people are a keen thinking people. They are not swayed to any great extent by brilliant oratory nor are they likely to trade horses in the middle of the stream for fear of getting wet.

With Mr. Taft as chief executive and a hold over Republican majority in the Senate a Democrat could not accomplish anything in Congress. It is therefore the course of wisdom to elect a Republican from this Territory to represent the people there. Mr. McCandless may be ever so good a man, but his services are an unknown quantity while Kalaniana'ole has a record to his credit that is unequalled by that of any Delegate from any Territory in the Union.

Coming down to the local ticket we do not hesitate to say that every Republican should support and vote for Kalama and Robinson.

Senator Kalama has served the people well in the House and in the Senate. He understands the work required, and has been of invaluable service to the public. His honesty is unquestioned and his record is such that it commends itself to every one who is not swayed by prejudice or party partisanship.

W. T. Robinson is too well known to require any introduction. There is not a better man running for office on any ticket this year than W. T. Robinson, and if he and Kalama are elected to the Senate Maui may rest assured that her interests will be well looked after and the people will have two Senators from this County whose interests are the people's interests.

Of the Representative ticket three of the Republican nominees have served the people in the Lower House, and the record of each as a representative is good. These men are A. J. Gomes, J. Nakaleka, and M. P. Waiwaiole.

There are two candidates for the office of Representative who have never before been candidates for office. These men are E. B. Carley and J. W. Kawaakoa. Mr. Kawaakoa is a consistent Republican who has worked for years for the Republican party, and for the past two years has been the President of the Republican Precinct Club of Kaupo. He is a farmer and is highly respected and should be elected. Mr. Carley has been a resident of the islands for many years and has been the manager of the Maui Telephone Company for a great many years and the success of the Company has been due in a great measure to his energy and ability. Every Republican nominee should be voted for.

W. P. Haia of Hana has made an excellent record as Supervisor and should be returned. His work has made him many friends among those who are in a position to observe the same. His record is a credit to his District and an honor to his race.

Without an exception W. F. Pogue has been as able a business man as the board has ever had and he has worked constantly for what he believed to be right without regard to what the political consequences might be. It was Mr. Pogue who first started the matter

of having a survey of the line for a water supply for the dry section of Kula. It was he who made an investigation and found that the Wailuku District was not getting her just share of the available funds for road purposes.

In every respect Mr. Pogue's work has been such that it is the duty of the people to vote for him and encourage the continuance of the class of work that Mr. Pogue has done.

R. A. Wadsworth is a candidate for office for the first time since he adopted Hawaii as his home some twenty-two years ago. He has made a success of his business and every thing with which he is or has been connected. No one doubts his ability or his fitness for the office.

The Wailuku district is badly in need of a man of Mr. Wadsworth's class for its supervisor and there should be the most strenuous effort made to elect him.

William Henning of Lahaina has served his district as Supervisor since the inauguration of county government and has worked constantly for the same. He has accomplished much and should be elected to succeed himself.

T. T. Meyer of Molokai is one of the popular members of the board and has been a member of the board since its organization. The people of Molokai have no cause to desire a change.

W. E. Saffery has conducted his office in a manner that calls for support. His office is a difficult one to fill. There is not a more unpopular office in the county than that of sheriff. No matter who is sheriff there will be criticisms of the officer in charge but it must be remembered that such an officer is absolutely necessary and that there has never been any serious trouble that has not been promptly stopped by the police nor has any mistakes been made that have involved a damage suit. All forms of lawlessness have been kept under control and it would be the art of folly to elect an untried candidate who is not familiar with the work of the office.

Even the opposition acknowledges the fitness of the present incumbents of the office of Treasurer, Clerk and Auditor. One vote for each of the Republican nominees for each of the candidates will elect them but let everyone endorse them by giving them a vote.

There is hardly the remotest possibility that Crowell, Morton, Lindsay or Levi Joseph will be defeated. These men are certain winners and should be elected. Dibble K. Ilae has a good fighting chance for election and it is hoped that he will be.

The Republican party has carried out its pledges. It is the party of progress and prosperity and even if you personally feel friendly toward persons on the opposition, some of whom are able men and good citizens it must be remembered that a vote for a friend against a man who has conducted his office properly and against whom no serious charge can be made is a vote for the destruction of that party that is doing so much for the uplifting of the community and that party which is responsible for county government and the voice of the people in local affairs.
