HIGH CATHOLIC HONOR.

Washington, March 17. - By Papal brief just received by the Apostolic Delegate, Mgr. Stephan has been raised to the diguity of a prenotary apostolic. This is the highest honor which is ever conferred on Catholic clergymen outside the city of Rome.

A few years ago Mgr. Stephan was made private chamberlain of the Pope with the tit'e of Moneig-eur. That honor, however, raised him but one grade above priests in general and did not make him a prelate. By this new act of the Pope, Mgr. Stephan is made a pr-late and that of the highest rank outside of the episcopacy.

MINERS SHED BLOOD.

New York, March 17.—A special dispatch to the World from Vancouver, B. C., says: Carl Slummerfelt, a German who was a pas senger on board the steamer Tees, which has arrived here from the Lynn canal, brought the news that a battle had been fought be-tween American and Canadian miners, a few miles off the Dalton trail. Four men are reported to have been killed outright and a number of others are said to have been seriously wounded. clash is the result of the Canadian alien labor law.

From all over the country, come words of praise for Chamberlain's Cough Remedy. Here is a sample letter from Mrs. C. Shep, of Little Rock, Ark.: "I was suffering from a very severe cold, when I read of the cures that had been frected by Chamberlain's Cough Remedy. I concluded to give it a trial and accordingly procured a bottle. It gave me I prompt relief, and I have the best reason for recommending it very highly, which I do with pleasure." OAHU RAILROAD REPORT

The eighth annual report of the Oahu Railway and Land Co. shows the progress of that com-pany to be all that its indefatigable manager has in years past predicted. President S. C. Allen in his report notes the extension of the railway line to Kahuku and remarks: "It is gratifying to note that the net earnings after paying all operating expenses, all salaries and interest on bonds is equal to 5 per cent on the total capital stock of \$2,000,000." The re-funding of the old bond is-ue has teen completed. The floating in-debtedness has been decreased from \$607.795 14 to \$153,7.6.45. The reserve fund is \$446,000.

Manager B. F. Dillingham's report showed an increased mil-age of 61,464 over 189) and a steady increase of freight tonnage and r. ceipts. "The average receipts 31, 1897 was .0296 cants. The average receipts per mile for 1898 was .0229, a trifle over two and one quarter cents per mile. The rate from Ogden to San Francisco is four cents per mile. There are few places in the world where passengers are carried at as low a rate as charged by the company."

sociated financially and otherwise with an enterprise which has been instrumental in doing such a vast amount of permanent and lasting good. Every member of this community, and those in other parts of the world who have in any way contributed through the agency of money or moral influence and support to the carrying out of the aims and purposes of your Company are fully justified in pointing with prife today at the grand results which have crowned their faith and work."

"The prospect for a steady increase of business in freight and passenger traffic, is certainly all that could be desired.

"The full development of the fine larger sugar estates already referred to in this Report, to gether with the various other growing and constantly increase your Company's road will, within group). a very few years, more than double the present receipts, making the Oabu Railway & Land Company's stock one of the best and safest investments in the world."
