Bulletin Ad Readers Are Always Successful Bargain Hunters

Thrifty housekeepers always read all the ads in the Bulletin. There's a Reason—The Bulletin publishes All the ads of All the representative merchants of Honolulu.

VOL. XI. NO. 4360.

10 PAGES.—HONOLULU, TERRITORY OF HAWAII, TUESDAY, JULY 12, 1909.—10 PAGES.

PRICE 5 CENTS.

## WAR IN PERSIA'S CAPITAL---SHAH FLEES KUHIO'S PLANS OF MUCH MOMENT

### \$100,000 FOR OUR CITY HALL

**Plan For New Municipal Building Is Taking Shape --- Site Cause Of Agitation---Officials Differ As To Location---Talk Of The Town**

A \$100,000 City Hall. That is the slogan of county and city officials and prominent citizens today, and since the discussion by Governor Frear yesterday, the interest has taken wings and everywhere in official circles it is the opinion that Honolulu should have a municipal building that would hold a credit to the city and county.

Many are at variance with the Governor in regard to the proper site for such a building. Both the Governor and Superintendent of Public Works Marston Campbell, in figuring out the disposition of Honolulu Hale lot, have their eyes on the gore lot, corner King, Merchant and Richards streets, facing Palace Square.

Mayor Fern is deeply interested in the matter, but will not announce his preference of a site until after a meeting with the Governor and other officials, when the various sites will be discussed.

Attorney Milverton, Deputy County Attorney, does not favor the gore site, believing it to be too far out of the center of the business district.

Supervisor Aylett said this morning that the lot next to the postoffice on Merchant street, facing Kaahumanu street, is the proper location for a City Hall, for the reason that it is almost in the center of the city, next to the federal building and convenient to residents from all parts of town.

Attorney William Aehl, one of the leading citizens representing largely the Hawaiian sentiment, said:

"That lot next to the postoffice is the proper one. The gore lot is too far out."

(Continued on Page 2)

### KUHIO'S PLANS STIR POLITICIANS

George R. Carter doesn't know, can't believe that Kuhio can contemplate anything else than retirement on account of his, to them, unexplainable presence in Honolulu when the tariff bill is under consideration in Washington.

Mr. Carter expects to be traveling in Europe next fall and he expects to be going around the world with his family in 1910 and looking after the education of his children.

Yet in spite of all this there are people in Honolulu who believe that Politics is to George R. Carter like the Call of the Wild.

The announcement by the Bulletin of Delegate Kuhio's prospective retirement, set the political buzz saws going in great shape.

It is hard for the business people to believe that Kuhio can contemplate anything else than retirement on account of his, to them, unexplainable presence in Honolulu when the tariff bill is under consideration in Washington.

The pineapple men are boiling mad, underneath, at Kuhio. And thereby hangs a tale.

The pineapple men wanted the Delegate to Congress to go back to Washington by the last Alameda and make a fight for the pineapple tariff. According to their idea the Delegate was going on the Alameda. Then, according to their idea, the Delegate went off to Hilo and get back too late to take the steamer. In other words they think that Kuhio should have gone.

(Continued on Page 3)

### WAIMANALO MEN ARE BACK AT WORK

**Including Three Whose Discharge Was Demanded**

Japanese laborers of Waimanalo plantation are all at work this morning. Except of course for the sixteen who are held in jail in this city.

The regular labor force is at work and also the three Japanese whose discharge was demanded. If these three are not actually in the field, the manager has made it well understood that they will not be discharged.

So the Waimanalo affair has blown over except that some of the lines of the agitation are being followed up carefully and a fund of information is being secured as to the sources of the strike movement.

It is believed that the move at Waimanalo was originated in the agitation crowd in Honolulu and brought about as another blow in the hope of frightening the planters into making some concession. During last week the committee of Japanese merchants and professional men who have made a business of trying to get "some intimation" from the planters, were at work. They have thought and said that the men would return to work if "something" were said by "someone in authority" that would give the men some hope of a raise. They met the usual, now stereotyped response that the planters could do nothing and say nothing until the men returned to work and the strike is over.

Whereupon they responded that they could not be responsible for what the men might do.

Coincident with this it appears that an agitation crowd visited Waimanalo. The refusal to be responsible for what the men might do was on Saturday.

Sunday the row was started at Waimanalo.

Monday the men refused to work and were obviously in an ugly mood, since they had no respect for the law or the chief officer of the law.

It is thought that the blow was struck on the Waimanalo plantation because, for some reason or other, the Japanese seem to have the impression that the Irwin plantations are more likely than any others to concede something. Manager Chalmers' firm response was evidently a surprise.

Someone appears to have realized that the thing is being carried too far, and neither the plantations nor the community will stand for much more.

(Continued on Page 2)

### THOMAS SIGHTED

At 2:45 o'clock this afternoon, the United States army transport Thomas was sighted off Koko Head. She will arrive off port at about 4 o'clock, docking at the naval dock shortly afterwards.

### "JAPAN KING" WAS MOB'S CRY

**Sheriff Jarrett Relates Thrilling Encounter With Strikers At Waimanalo--- Leaders Threaten Japan Will Take A Hand If Any Are Killed**

Sheriff Jarrett is back in town this morning none the worse for wear, but he admits that it was a racking experience; he says he never before knew what a mob was. "Our automobile," said he, "was surrounded by these men all hollering and shouting like mad dogs and gesticulating at the same time. At times when things would commence to quiet down, some of their leaders would make speeches, and then the crowd would break out anew in rage and shout and gesticulate."

The five prisoners were put in the automobile who committed the original assault. That did no good; they were pulled out by the crowd, and other men would take their places in the automobile, and demand that all be taken to town or none. When I told them to keep away, or I would shoot, several of them shouted "Ma-ke, no pilikia." The crowd shouted something I was told mean: "let all hands stick together."

"They started in to attack the automobile itself as if they were mad, and it looked at one time as if they were going to turn the automobile over bodily. I got hold of the prisoners after they were taken away and started to put them into the automobile again in the back seat. Just as soon as I got several prisoners in, the mob climbed in from the other side and jerked them out and got into the automobile in their place, and then they would holler 'one go all go.' Their faces were distorted with rage, and really they acted more like mad dogs than human beings—I never saw the like of it. When I got the re-enforcement, and my officers surrounded the automobile with fixed bayonets pointing towards them, men out of the crowd would stand out and throw up their arms and say 'go ahead ma-a-ke, no pilikia,' as if inviting a bayonet charge.

"Townsend, my Japanese interpreter, told me that at times the crowd would holler out that if any of them were killed all right Japan would then jump in and take a hand, and a number of times I heard them shout 'Japan King,' as if they were trying to tell the thing in English. All together it was quite an experience. I return there this evening. Most of the men are at work this morning after they were told they either had to go to work or quit the plantation. I am credibly informed that Higher Wage agents from Honolulu are seeking to get admission to the plantation, and for that reason particularly a strong force of officers are being detained on the plantation."

Those arrested are Yamamoto, Hironaka, Kobayashi, Kimura, Nakagawa, Sugamoto, Ozaki, Inura, Ota, Nakai, Fukui, Tamura, Komori, Doi, Asami, Hiroaki.

### Alameda Is First

The Merchants Exchange reports the arrival of the steamship Alameda in San Francisco at 3 o'clock today. The Mongolia is reported by the same authority as arriving at 4 o'clock.

This means that the Alameda won out and landed her mail earlier than it would have reached the postoffice by the Mongolia. It is probable that the two ships traveled together all the way to San Francisco and made a mighty pretty trip of it.

### HAWAII PUT ON PROGRAM

Superintendent Marston Campbell of the Public Works Department, today received a cable message from Arthur Hooker, Secretary of the National Irrigation Congress, to be held in Spokane from August 9 to 14, stating that in accordance with Mr. Campbell's request a place for Hawaii has been reserved on the program.

At the last meeting of the Board of Agriculture and Forestry, Superintendent Ralph Hosmer was selected to represent Hawaii at the Congress. L. G. Blackman was also chosen to accompany him.

At the meeting Superintendent Campbell said he would cable to Hooker asking that a prominent place be given Mr. Hosmer on the program.

### LARGEST FEDERAL SUIT EVER FILED

By far the largest condemnation suit ever filed in the United States Court here was recorded today. There are 223 defendants in the suit, and the title of the case is the United States against the Haku Sugar Company and others. The action involves condemnation proceedings against the parties named on Maui for the location of lighthouse and grounds.

The papers covering the suit consume more than 300 pages, besides the notices which have been placed in the hands of High Sheriff Hendry for service upon the defendants. Three acres of land are described in the action, located at Pauwela, Maui.

### Battling In Streets Of Teheran

TEHERAN, Persia, July 13. — Thousands of Nationalists have entered the city and are occupying a portion of it, including that section where the Parliamentary buildings are located.

It is expected that the Shah will take refuge at one of the foreign legations. His body guard has deserted him.

The Cossacks are resisting the Nationalists and there is fighting in the streets. The foreigners are unharmed.

### Columbian General's Surrender

BOGOTA, Colombia, July 13. — General Ortiz, the leader of the Colombian rebels, has been defeated at Magdalena river. He has surrendered, and the Government forces have regained control of the steamers he seized and a large amount of war material.

### Taft In Yosemite

WASHINGTON, July 13.—President Taft will spend three days in the Yosemite during his trip to the West next September.

### Suicide Is Rothschild

VIENNA, Austria, July 13. — Albert, the youngest son of Baron Oscar Rothschild, the famous banker, committed suicide today. The rash act of the boy was the result of a love affair.

## OOKALA CROP PROMISES WELL

Plantation Will Take Off  
7000 Tons Of  
Sugar

Ookala stockholders will probably receive another installment of the purchase money within two months or so. Up to the present \$6 per share has been paid to the stockholders, and the prospects look bright for them receiving a good deal above par value for their shares.

Up to date a little over 4,500 tons of sugar has been harvested, and Manager Walker is confident that the total crop will amount to 7,000 tons. In fact, in his report he states that if the facilities for harvesting the crop had been better, and the cane cut off more expeditiously, the 7,000 ton mark would have been exceeded. The unavoidable delay in getting the cane to the mill will mean that the whole crop will not be off till after August, and by that time some of the cane will have deteriorated as regards sugar content.

Manager Walker, who has been ill for some time now, however is confident that the 7000 tonnage of sugar will be obtained.

## LAST RECITAL SPLENDID AFFAIR

Marshall Darrach has won a place in the hearts of Hawaiian Shakespearean lovers that will never fade, but grow stronger as the year goes by. His farewell recital last night was the climax of his many successes here, and those who were fortunate enough to hear his rendition of "The Tempest" will never forget the power and beauty he put into his work.

The recital was given in the makai pavilion of the Young Hotel, which was crowded with representative society people who thoroughly enjoyed and applauded Mr. Darrach. The naturalness of his execution and the comprehensive manner in which he interprets the characters of Shakespeare are the features which have established his reputation in Honolulu.

## HONOLULU HALE LOT MAY BE EXCHANGED.

Governor Frear stated yesterday in connection with the Honolulu Hale lot that it is possible that it may be exchanged for the Gore lot, but that he and Marston Campbell, the two to whom the Legislature gave the right to dispose of public lands, will make no hasty decision on it. As the Gore lot is also downtown property, no objection on this point can be raised against the exchange, and the Governor believes that it will contribute to the idea of a civic venture.

## ILLEGAL STIPULATION LOSES A CONTRACT.

Owing to a stipulation of the American Sugar Co. in the bid tendered to supply cattle to the leper settlement, Attorney General Hemmaway yesterday advised the Board of Health to refuse the bid, as it was illegal. The stipulation called for the board to maintain the road to the settlement and attention was called to its illegality by the Parker Meat Co., who incidentally get their bid accepted.

## LOCAL ESTATE TO TAKE UP MORTGAGE.

Details will soon be completed for the Campbell estate to take up the mortgage on the Kaplan Estate now held by the German-American Savings & Loan Association of San Francisco. Lawyers for the Campbell estate are now looking up the title deeds, etc., of the other estate and definite action will follow their favorable report. The sum involved is \$150,000, and the transference of the mortgage will keep a lot of money, now crossing over as interest, in local channels.

## JAPANESE BOY IN SERIOUS TROUBLE

Charged With Robbery  
Of Baseball Goods  
From Store

On Sunday afternoon a daring burglary by one of tender years was committed on the main thoroughfare of the city. Possibly alarmed by the attractions of baseball, the implements of warfare proved too attractive for Hiroto Ozaki, a young Japanese, only 11 years of age, who is alleged to have entered the premises of S. Miyamoto, dealer in bicycles and sporting goods, on King street, and appropriated for his own ends two baseball mits and two balls valued at \$7.50. He was tried before Judge Whitney in the Juvenile Court today, and his case set for Saturday.

## HAWAIIAN HOTEL ON OLD PLAN

It will be heard with pleasure that there is a prospect of the Hawaiian Hotel being partly reopened on the old plan, which was so popular in the past.

If present indications of heavy tourist arrivals keep up it is intended to have a kitchen established at the old favorite hotel, and, although elaborate dinners will not be served, quick order meals will be obtainable at all times.

The Hawaiian Hotel is par excellence the town home of all the country plantation men, and it was there that in the past all visitors from the other islands could be found. The hotel was known all over the world, and tourists from all climes always inquired, on arrival in this city, if the old hostelry was still in existence.

Of late the Hawaiian has been in business as merely a rooming house, the dining room and bar having been abolished some time ago. One of the most pleasant features of the old hotel was the dining lanai in which many a big social event has come off in bygone years. The old hotel is a typical tropical building and certainly one of the most comfortable in the city.

## SLEUTH GETS TWO BOTTLES

Before Judge Andrade in the Police court this morning the trial commenced of Sam Hoomana on a charge of illegally selling liquor last Sunday.

The first witness for the prosecution was Joe Andrews, a special agent of the police, who testified that he had entered the house of the accused and requested some liquor, tendering 50 cents therefor. He received in exchange two bottles of wine. This evidence was corroborated by another native named Harry. Witnesses for the defense admitted that liquor had been given, but denied that any payment had been received. After some discussion by counsel an adjournment until Saturday was agreed to.

## YACHT PURITAN IS NOW OUT OF COMMISSION.

Providence, R. I.—Bringing to an end her career, which began so auspiciously with her victory over the English cutter Genesta in 1885 and terminated as a common passenger vessel, the famous cup defender Puritan has arrived at this port, where she will go out of commission.

Of late the old racer has conveyed passengers from the Cape Verde Islands to New Bedford. The Puritan defeated the challenger Genesta in 1885, in one of the greatest races in the annals of yachting. In the first race of the series with the Genesta the Puritan won by 16 minutes 47 seconds elapsed time. In the deciding struggle, on September 16 they raced nip and tuck over the Owl's Head-Sandy Hook Lightship course, a distance of thirty-eight miles, the Puritan winning by 1 minute 38 seconds.

The next year the Puritan was altered by her owner, J. Malcolm Forbes, into a schooner. She was sold at auction in December, '07, to William O'Connor of Fall River, for \$2,650. She originally cost \$50,000.

William Peterson, who some time ago, filed papers of voluntary bankruptcy in the United States Court, was today discharged by Judge Dole, conditionally on court fees being paid.

## Local Cash

There will be an attempt to float the \$200,000 worth of bonds, voted by the last Legislature, in local circles, according to a statement made this morning by Treasurer Conkling.

Of this amount, \$200,000 is for a water pipe line to the Kula District on Maui, which is a particularly dry place and where the land is privately owned and garden truck is an important means of support. The balance of the amount is for the improvement of Honolulu Harbor, lengthening slips, etc.

Heretofore bonds of this nature have been floated on the mainland, but in this case, although no propositions have yet been received, the money paid in interest will be made to stay at home, if possible.

## "WAIKIKI" HELD FOR MURDER

Unlicensed Liquor Selling  
--Other Cases In  
Police Court

Waikiki, alias Kakeau, suspected of being the murderer of Henry Wetherill, was bound over by Police Judge Andrade this morning to the Circuit Court. The police have made an exhaustive investigation of the case, and finally secured sufficient evidence to warrant binding Waikiki over on a charge of murder.

That there is grave danger in drinking from unlicensed premises, blind pigs and such like was demonstrated this morning when the case of Maile Mau was called for illegally selling liquor in unlicensed hours. Deputy Prosecuting Attorney Brown stated to the bench that this charge had been withdrawn because of the fact that on examination of this woman the case had been turned over to the Board of Health.

Koeki No. 4, was fined \$2 and costs for drunkenness, and will also appear on a charge of assault tomorrow. The circumstances connected with the latter charge are somewhat peculiar in respect that the warrant was issued on January 19th last on information furnished by Le Ong See, the assaulted Chinaman. The police have been looking for him ever since, but George 4th has been keeping carefully out of their way by jumping out on the inter-island boats. Last night, however, he became too drunk and coming within reach of the law they preferred the double charge against him.

For being spectators at a crap game Fred Ross, M. M. Oliver and Jno. Keenahiwa were each fined \$4 and costs.

For assaulting Lilla, an aged native, Dole will be tried tomorrow. On Thursday morning John A. Baker will be tried for assault and battery. Charlie Chillingworth is attorney for the defense, and the delay was granted in order to obtain a number of Chinese witnesses. On the same morning Mary Mahoolowa will be charged under the Vagrancy Act. Hall has been fixed at \$100.

Ho Chee and John Kainoa were each fined \$3 and costs for being drunk and incapable.

Another letter has been received at the Governor's office asking for information regarding Edwin C. Burdick, who left New York City on February 15th, 1904, giving his address as General Delivery, Honolulu, and who has not been heard of since. The letter is from Rachel B. Burdick, who gives as her address Box 307 Edgewater, N. J. Burdick was known to have been in the U. S. Marine Service, but is not here now, as far as the Governor's office can find out.

## BOARD HOLDS NIGHT SESSIONS

Commission Working On  
New Appointments  
Of Teachers

The Territorial Board of Public Instruction has finished up regular business and are now working on the long list of appointees. At noon they were only half through the list. A session was held last night and yesterday afternoon, and there is still plenty of work ahead. In many cases the schools are going through with the same teachers that they had last year. Many requests for transfers are being considered and acted upon. In some cases teachers have been dropped owing to their refusal to take the examinations while they had a chance.

After investigation, the authorities have deemed it advisable to release the five Waipahu Japanese who were arrested on Saturday night for attempting to restrain another Japanese from work. They have come to the conclusion that the men acted in ignorance of the seriousness of their action.

The Supreme Court has decided for the defendants in the case of William W. Bierce, Ltd., vs. Wm. Waterhouse and Albert Waterhouse, as trustees for the Waterhouse Estate. The case went to the Supreme Court on a writ of error from the Circuit Court and the decision of the Supreme Court upholds that of the lower court.

Messrs. Dillon & Hubbard, of New York, legal advisers to the Territorial Government have been forwarded copies of the Session Laws of 1909 and the journals of the House and Senate by Treasurer Conkling.

rancher near Rapid City, S. D., died leaving a large estate, but no one to inherit his wealth, so far as known. The state is likely to get the property.

form of expletive that will hold Hilo  
for a while.

Casual observation indicates that  
Hilo it to be had in Honolulu on  
most any Sunday.

Kuhio will find it the hardest job  
of his career to quit running for  
Delegate to Congress.

Honolulu should have a city hall.  
If \$100,000 will put up a creditable  
building, the city can well afford it.

South American republics may  
fight as much as they please. They  
do not disturb the balance of dread-  
noughts in Europe.

If it serve not public convenience  
to have the Federal building on Pal-  
mer Square, why should the city offi-  
ces be moved in that direction?

When there is no cable tale of  
how many lions Col. Roosevelt has  
shot, you may assume that the mo-  
ments of silence are occupied in writ-  
ing about it.

Every once in a while we are told  
that the prize fight game is a gen-  
tlemenly affair. And then things  
happen that make most everyone  
continue to doubt it.

If they keep up at the present rate  
the Japanese associations for alleged  
higher wages will be telling the gov-  
ernment and police authorities  
what to do and demanding that it  
be done forthwith.

Those fortunate enough to hear  
Dr. Green lecture went away with  
the feeling that even an automobile  
accident may have some good re-  
sults for the community, so no one  
was permanently injured.

Congress got out from under the  
income tax resolution wonderfully  
well. The fight of the interests will  
be made through an attempted pur-  
chase of Legislatures that must fi-  
nally pass on the question.

A little more defiance of the law  
and officers of the law, and the Fed-  
eral government will be making a  
searching inquiry into the plans and  
purposes of the citizens of a friendly  
nation. And well might it do so.

President Wilson of Princeton told  
the graduates of 1909 that "honest  
greed" brought the late financial  
panic. But he defined the "honest  
greed" men as those who pile up  
wealth by keeping just inside the  
law.

Never has a prominent officer of  
the army or navy visited Honolulu  
of late that he has not given orders  
to proceed with some new work.  
Still there is more to follow, and  
half the people of this city do not  
fully appreciate the magnificence  
of Honolulu's assured future.

Governor Frear has told the whole  
story in connection with his plans  
for the Honolulu Hale lot. He is an  
outspoken exponent of the Civic Cen-  
ter on Palmer Square. He found his  
mistake in acting the secret exponent  
when he tried to put through the  
Mahukula site exchange on the quiet.

So the strikers have been peace-  
ful, have they? So have the people  
of Honolulu. There is not another  
city under the American flag where  
the secret operations of certain Jap-  
anese during the last six months  
could be duplicated, and the citizens  
accept it as calmly as the citizens of  
Honolulu. Some of our Japanese  
residents seem to think that the law  
and government of this Territory, to  
say nothing of its industry, is mere  
dough or putty to be molded to suit  
their sweet will, and if not satisfac-  
tory, get aside and ignored. Any  
alien ought to know that there is a  
limit to the good will of the Ameri-  
can people, especially when it is  
boldly abused.

## PUBLIC INSTRUCTION COMMISSIONERS AND THE COUNTIES.

Commissioner Aiken of Maui as-  
sisted at the first meeting of the Board  
of Public Instruction whether the  
Commissioners would have to supply  
a teacher if the Supervisors of any  
County decided they wanted a new  
school house in some locality where  
there is none now.

Speaking for the people, the Bul-  
letin would suggest that it is up  
to the Commissioners of Public In-  
struction to supply a teacher where-  
ever the people ask for one, while  
promising to furnish the schoolhouse  
as well as the funds to support the  
teacher and the house.

We fail to see why the Commis-  
sioners of Public Instruction should  
explode before they have been threat-  
ened with any friction matches in  
the vicinity of their sensitive souls.

Commissioner Moir says the ten-  
dency of the public schools is to-  
ward politics. Mr. Moir is a splendid  
gentleman. But instead of talking  
at the Legislature he should more  
properly lambaste some of his brother  
plantation managers who are at the  
stay-at-home type, and let politics  
and the government go to the  
demerit bowwows in his County.

These Commissioners from the  
outside islands appear to have just  
earned that the Board of Public In-  
struction, practically considered,  
never was anything but an advisory  
body. The excited members of the  
Legislature decided that the Super-  
intendent should have less power,  
and they forthwith organized the  
Board in such a manner that the Su-  
perintendent is more independent of  
the Commissioners than ever, but  
not of the County Supervisors. Be-  
fore this present Board session ad-  
journs it will be absolutely necessary  
for it to pass a resolution that will  
practically put the whole manage-  
ment of the Board's affairs in the  
Superintendent's hands until the  
next meeting, sometime next Janu-  
ary.

Someone may quote this as an evi-  
dence of the noncommittalness of  
the Legislature. Let him recall  
however that it was all done at the  
command of the enlightened and  
progressive members from the out-  
side districts, including Kauai.

Commissioners are wasting breath  
railing at the Legislature. Before  
they are through they will find that  
what is left to be done by this ad-  
visory Commission is a man's-size  
task, if well done.

If these Commissioners, especially  
the outside islanders, show the  
right spirit, each one will do some-  
thing while in the Board meeting  
and also when he gets home, besides  
complain at what should have been.  
Lots of good work for education  
faces the Commissioner with com-  
mon sense, liberal ideals, enthu-  
siasm for work, and a natural or cul-  
tivated inclination to follow along  
the lines laid down by the represen-  
tatives of the people.

Each Commissioner can do a thou-  
sand times more good by co-operat-  
ing with the Supervisors of his  
County — after the Board work is  
completed in Honolulu — than is pos-  
sible by sitting on the high seat of  
Educational Pomposity whence he  
declaims loudly against the Legisla-  
tors and perhaps the Supervisors and  
the people generally.

Each Commissioner in his or her  
district should make it a part of his  
or her daily duty to keep in touch  
with the Supervisors particularly in-  
terested or in charge of the public  
schools of the County. Even Super-  
visors are human. Nearly all Super-  
visors, except possibly those on Ha-  
waii, are willing to learn, and we  
believe that the great majority of  
the Supervisors and the people be-  
lieve in good schools kept in well-  
repaired and comfortable school  
houses.

Above all things, it is not the duty  
of the Commissioners of Public In-  
struction to start out upon their  
work with the conviction that the  
new system is the conception of a  
perverse and adde-pated Legisla-  
ture and can't be made a success  
anyway. Success is not built on  
any such foundations.

The theory of the present man-

## LENGTH OF MINUTE.

(Continued from Page 1)  
He sat nearly the whole time he  
was in the office directly alongside  
Scoville and smoked, peacefully,  
Kinney putting his chair on the  
stand and sitting beside the witness  
to show the jury how they looked.  
They looked like the lion and the  
lamb.

The testimony was monotonous in  
its sameness to that which went be-  
fore. He differed from the testi-  
mony of Fuchino only in that there  
were only 20 or 30 people around the  
building, whereas Fuchino had said  
there were 60 or 70.

According to his testimony, Miu-  
chi and Hata came into the office  
while Scoville and the prisoner were  
there and talked for a few minutes.  
Miuichi stood at the door and kept  
telling the people to go home. In-  
cidentally, according to Takiyama,  
nearly all the crowd were Portu-  
guese or Hawaiian, and he did not  
remember seeing a single son of Nip-  
pon there.

When Henry came in the automo-  
bile to take Mikawa and Scoville  
away, Takiyama was so far dis-  
tressed in the affair that he did not  
even leave the building. He denied  
that there was a trouble.

During the whole proceedings  
this morning Lightfoot kept object-  
ing strenuously to Kinney's manner  
of cross-examination, claiming that  
it took too much time, and it was  
not until late that Kinney reciproc-  
ated and taxed Lightfoot with the  
same thing.

While on the stand today, Fuchino  
testified that Jotaro Mikawa was a  
member of the Waipahu Association.  
When Mikawa was on the stand he  
testified that he had nothing to do with it.  
It is thought that the line of testimony

## AROUND THE HOTELS

Up till this morning there were no  
less than sixty guests registered at  
the Moana Hotel, but the number  
was decreased some twenty or so by  
the departure of a big party for Hilo  
and the Volcano.

The register at the hotel shows  
that there has been a steady stream  
of tourists coming in all along, and  
the beautiful Moana has been pretty  
well crowded all the time.

The Seaside, although having a  
few vacant rooms at present, will be  
filled in the near future, as reserva-  
tions have been made for a large  
number of guests who expect to ar-  
rive in Honolulu within the next  
few weeks.

Manager John Coffee of the pretty  
beach hotel is constantly in receipt  
of letters from the coast asking  
about terms, etc. President Schwe-  
rin of the Pacific Mail has reserved  
a suite of rooms for himself and  
wife. He will be arriving in a week  
or two.

The Inn is as usual full up, and  
some would-be guests had to be  
turned away last week. The beauti-  
ful beach at the Inn is one of the  
best for swimming at Waikiki, and  
full advantage is taken of the ab-  
sence of coral by many people during  
the week.

Colonel Schuyler of Schofield Bar-  
racks was a guest at the Young dur-  
ing the week, as was Baron Albert  
de Bachrach, who arrived from  
China lately. He and two friends  
intend making the Volcano trip be-  
fore they leave the islands.

The Young has just about the us-  
ual number of guests, and as the  
visitors have the option of dining  
at the Moana if they wish, there is  
always a stir around the hotel office  
during the arrival and departure of  
the guests to and from the beach.

## CUPID BUSY

Somebody must have stuck a pin  
into some Oriental Cupid lately, and  
furthermore this same Cupid, with  
the rest of the Far East, is "waking  
up," as the diplomats say, and cast-  
ing off old traditions. Which means  
that he has cast aside the old Samu-  
rai bow and arrow and adopted an  
eighteen-shot repeater.

Anyway, when that pin was stuck  
into him, he jumped forty feet and  
shot off his whole charge in a lump.  
As a result there have been eighteen  
marriage licenses recorded at the  
Board of Health in Japanese names,  
and of these fifteen come from the  
Immigration Station. Is it possible  
that a contagious disease is linger-  
ing on American shores to which the  
Orientals fall victims to, or is it just  
because Cupid in American garb is  
more favorably received than in a  
kimono?

\*\*\*\*\*  
that the Japanese are giving out will  
lay them open to charges of perjury at  
the conclusion of the trial. In some  
respects the testimony being given by  
the Japanese is so identical that it is  
suspicious and in other cases flat con-  
tradictions are appearing.

DIES IN CHINA  
AND IS INTESTATE

Because he chose to lay his  
bones with his ancestors and be-  
cause, under the Dragon Flag, he for-  
got the customs of the foreign de-  
vils among whom he had been living  
and amongst whom he had made his  
fortune, the estate of Tong Chung  
Soy is now hunting for an adminis-  
trator.

The old Chinaman died in the  
Tong Ka village in China, intestate,  
and Tong Yick Yin today filed pa-  
pers asking to be appointed as ad-  
ministrator. The estate is valued at  
about \$19,000 and consists of stock  
in Chinese mercantile stores and  
similar concerns.

What will probably be the greatest  
scenic road in the islands will prob-  
ably be completed if the plans of the  
government are carried out in a short  
time. It has now been decided to ex-  
tend the Makiki road around Round-  
Top, making it join the Tantalus Road  
behind Sugar Loaf, a complete circuit  
being thus made. The grade will prob-  
ably average about 6 per cent. It is  
expected to be built with prison labor  
as an appropriation has been made  
for it.

Bulletin Business Office Phone 256,  
Bulletin Editorial Room Phone 185.

SENTENCE IS ONE  
HOUR IN PRISON

Cupid lost out after all, but he  
didn't lose out very much. Livia  
Malakaua and Malle Pipilani, who  
were arrested on bench warrants to  
appear in the Federal Court this  
morning, where, if they were not  
married, they would receive what,  
in the expressive language of the  
street, is known as "theirs," got  
"theirs," but it was only one hour  
in prison. So Cupid smiled sweetly,  
for one hour isn't much.

The two were indicted some time  
ago and upon being told that they  
were about to be married, Judge Dole  
allowed them until yesterday to get  
married or appear for sentence.  
Yesterday they failed to appear, but  
their attorney, Spencer, said he be-  
lieved them to have been safely wed-  
ded. This morning it developed that  
they hadn't, but in a great hurry  
they were spliced up in the U. S.  
Marshall's office, did their one hour's  
penance and went on their honeymoon.

ROMA BRINGS OIL.

After making a smooth passage of  
nine days from San Francisco, the  
Union Oil steamer Roma, Captain Law-  
son, arrived this afternoon, docking at  
the railroad wharf at about 1:30  
o'clock. She brought 29,000 barrels of  
oil for Honolulu. She will sail for  
the coast as soon as her cargo is un-  
loaded.

### Cordell Starts Training Stunts

Now that the time and place has been set for the next match between Sullivan and Cordell the fight fans are beginning to once more take an interest in the doings of the two men. Jack Scully is the king pin in the next bout to be pulled off, and it goes without saying that the affair will be managed in the best possible style.

The proposition that the winner take 60 per cent and the loser 40, looks good to the public, and, after all, it is the public that has to be considered in the fight game. No audience, no fights that's all there is to it, and the boxers must realize that fact more than anyone else.

Joe Cohen could not see his way clear to raise the amount to be fought for, and consequently some other promoters came along and are going to take a chance on the scrap. It remains to be seen how the new location will take with the public, who keep the game going and furnish the necessary sinews of war.

Cordell started training yesterday afternoon and did his usual stunts with the skipping ropes and punching bag. He will need very little work to put him in good shape for the go with Sullivan. The latter is making a start tomorrow at his usual training quarters, cut at Fort Shafter, and will endeavor to get some good middle weight to try out with.

Scully will go on with the arrangements for the scrap, and is looking around for some likely men for the preliminaries. Besides the big fight there will probably be two minor scraps and that should provide a splendid evening's fun for the fans.

A referee has not yet been decided on, but Mike Patton will probably be the third man in the ring. And a better one could not be found in this city. Mike is all there with the knowledge of the game, and can be relied upon to give a proper decision no matter what happens.

### New League Opens Next Sunday

As the day approaches for the opening games of the Oahu Baseball League much interest is being shown in the doings of the men who are at work on the new park where the series are to be played.

The ground is rapidly being put into shape, and the fence and buildings are nearly complete. A coral road is contracted for, and it will make the approach to the park very pleasant and comfortable.

The opening day, next Sunday, will be marked by a fine display of all kinds of stunts, and the parade of the various teams, which will start from Wall Nichols's store, is sure to attract a lot of attention.

The first ball of the series will be pitched by Mayor Fern, and Major Long will take a swipe at it and endeavor to knock it out of the grounds.

There are four teams in the competition, and of the bunch the Marines and C. A. C.s seem to stand out prominently. The J. A. C.s and the Kalihis are also capable of putting up a good brand of ball, and, taking a line on the past performances of the teams, they should stir the other combinations up to making their very best efforts.

The line of march will be as follows: From Wall Nichols along King street to River, to Beretania, to Ala lane and grounds. Mayor Fern and Vice President A. Q. Marcellino will head the parade and will be followed by the players and others in the following order: Recording Secretary A. K. Akau and Corresponding Secretary L. D. Timmons; Umpire E. K. Fernandez and Scorer Nigel Jackson, Royal Hawaiian Regd. U. S. Marine team, Kalihis team, J. A. C. team and the C. A. C. team. The Oahu Baseball Juniors will bring up the rear and will be in the following order: Nuhoek A. Club, Asahi A. C., Portuguese A. C., and Chinese A. C. The Marshall of the Day will be A. K. Vierra.

Moving pictures will be taken of the parade and various doings at the park. The opening day of the new league should be a red letter day for Honolulu.

QUEEN TO WATCH POLO GAME — London, June 29. — As Queen Alexandra is desirous of witnessing the next match between American and British players for the American polo cup, the contest has been postponed until July 1.

## COHEN PUTS UP BIG PROGRAM

### Manager Arranges For Bouts Between Soldiers

And so it came to pass that a boom in boxing came about. No less than two managements catering for the pleasures of the Honolulu public, and both striving to put up the best show on earth!

Although Joe Cohen will not come to terms with Cordell and Sullivan, with regards to the fight that is scheduled for Saturday week, the genial manager is putting up a show of his own at the Orpheum that certainly looks good to the fans.

Mr. Cohen was seen by a Bulletin man yesterday afternoon, and he expressed himself as follows: "Cordell came to me and said he wanted \$100 more for the next fight and that, if I could not give it, another party would. Probably if I had agreed to that proposal the other principal in the scrap would have come along for an increase in his stipend also. And where would I have been then? There would have been a lot of money in the show for me if I had to pay out \$200 more, wouldn't there? — No! — count me out of the Sullivan-Cordell fight. I'll run another show at the Orpheum on July 24, and will put up as good a program as has been seen in this city."

"It has been written that Jack Scully stepped into the breach, but nothing of the sort happened; the boxers made the breach themselves, and I've done with them."

Mr. Cohen has arranged a very attractive program for Saturday week, and the list is headed by Wahliani and Ironman McCollough, who will go ten rounds. This should prove a real good go, and as the soldier will be in much better condition when next he appears in the ring, he should put up a great fight against Wahliani.

Then Sarconi and Marathon Jackson will have another argument over an eight-round course, and the fans who saw these two men box some months ago are aware of what sort of a scrap the two can put up.

The two remaining contests are between men who have good local reputations, but who have not been seen in public before. However, the fact that the scraps will be, more or less, between representatives of different branches of the service, lends interest to them.

Zangari of Fort Shafter will take on Hull of Camp Very for four rounds, and Coll, the well-known Marine baseballer, will settle a little four-round business stunt with Freedman of Schofield Barracks.

Taking it altogether the program is an attractive one, and, as the admission charges are going to be set at a popular figure, the house should be a good one.

### Waialua Defeated By The Kaneohe Players

A snappy game of baseball was played on the Harris Baseball Ground Kaneohe, on Sunday, between the Waialua team and the Kaneohe team resulting in a victory for the Kaneohe by 8 to 7.

Each team had a goodly band of rooters along and everybody had a good time, even the losers.

The Kaneohe opened the scoring by hitting up five in the fifth inning. The Waialua came in the fifth with four, but the bunch with the gaiters returned it to them and scored three more in the eighth inning. Then began a

### Return Polo Match At Leilehua

The return polo match between the Oahu team and the Fifth Cavalry is, after all, to be played at Leilehua, instead of at Moanalua. Owing to the recent rains the beautiful field at Mr. Damon's estate is rather wet and soggy, and it was thought better to transfer the match to Schofield Barracks.

The officers of the Fifth have practiced hard, are in good shape for the big game, and can be relied upon to put up a much better go against the local men than on the first occasion of their meeting.

There will be no change in the make up of the teams, and the same players will represent their respective clubs. Dr. Irwin will be on the spot ready to act as substitute, and, although it is hoped that the necessity will not arise to use him, still it is best to be on the safe side, and if the doctor is called out he may be depended on to put up a great game.

The periods will be the same as last time, viz., 7-1-2 minutes, and, after all, that arrangement worked out better than the full 10 minutes would have. With only two mounts each, ten minutes a period is a little too strenuous in this climate.

The usual crowd of polo enthusiasts is sure to make the trip to Leilehua, and, given a fine day, the sport should be of the very best. It is a long way out to the Barracks, but the scenery en route amply repays one for the trip.

It is hoped that polo will be played in the near future at Kapiolani Park, which place, being a central one, and also an ideal spot for the game, would surely draw record crowds.

The line-up of both teams will be as follows: Oahu — Dillingham, Baldwin, Fleming and Denison. Fifth Cavalry — Hanson, Sheridan, Quekemyer and Barnard. Probably the men will play in the same positions as at the first game, although it is possible that Dillingham will change his place.

### Jeff Will Post Big Foreit Binding Go

TORONTO, July 13. — James J. Jeffries has denied the statement that he will not fight Jack Johnson, and declares that he will post a forfeit next week.

No one has had much doubt but what Jeffries will fight Johnson as soon as the proper time comes, and, judging from the look of things, that will not be very long now.

Of course things will be mixed up a bit in the event of Ketchell defeating Johnson, but as that is very improbable we no doubt will see the negro champion and the hope of the whites do battle in the roped arena.

From the cable which is printed above it would appear that rumors have been floating around to the effect that Jeffries would not meet "Dearie" for the championship, and Jeff, hearing the talk, has hastened to announce his intention of posting a forfeit to bind the match.

Once the forfeit is put up, and the big scrap finally arranged, interest in the contest will grow larger every day until the eventful day when Lil Arth is to get his little lot good and hard from the boiler maker.

There will be a meeting of the Hawaii Yacht Club this evening at the Commercial Club. At the meeting, which has been called for 8 o'clock, some important matters will be taken up and one of these is the disposition of the yacht Hawaii. The Macfarlane cup race handicaps have also to be arranged, and a date set for the event.

The handicaps for the Governor's cup race, which is to be sailed for on July 31, have also to be fixed. The race is to be around the island and as there will be a full moon on August 1, a most enjoyable cruise should eventuate.

regular score test in which the Kaneohe had the better of it.

The following was the lineup; and the runs made by each: Kaneohe: Ah Fat, 9; George L. Silva, 1; John Silva, 1; Robert Kamama, 3rd 1; Ah Pa, fr 0; Jos. Bright, p. 1; Ben Pahia, ss. 1; John McCabe, 1st 1; Ah Tong, cf. 2.

Waialua: Kahao, 1st. 2; Eddie Ben, 1f. 1; Lui Hookano, p. 3; Sam, c. 0; T. Steward, rf. 0; Pili Lane, cf. 0; Pahia, 3rd, 0; Paul, ss. 0; Lui Kupa-hua, rf. 0.

## AN ORDINANCE

PROVIDING FOR THE APPOINTMENT OF A PLUMBING INSPECTOR OF THE CITY AND COUNTY OF HONOLULU, PRESCRIBING THE POWERS AND DUTIES OF SUCH PLUMBING INSPECTOR, ESTABLISHING RULES AND REGULATIONS FOR THE PLUMBING AND DRAINAGE OF BUILDINGS AND THE CONSTRUCTION OF HOUSE SEWERS IN THE CITY AND COUNTY OF HONOLULU, AND PRESCRIBING PENALTIES FOR THE VIOLATION OF THE PROVISIONS OF THE ORDINANCE.

BE IT ORDAINED BY THE PEOPLE OF THE CITY AND COUNTY OF HONOLULU:

### PLUMBING INSPECTOR.

Section 1. The Board of Supervisors of the City and County of Honolulu shall appoint a suitable person as Plumbing Inspector of the City and County of Honolulu, whose salary shall be fixed by the Board of Supervisors. Said Plumbing Inspector shall have all of the powers and shall perform all of the duties hereinafter provided, and shall have such other powers and perform such other duties as may hereafter be designated by the Board of Supervisors.

### REGISTRATION.

Section 2. From and after the passage of this Ordinance, it shall be unlawful for any person or persons, firm or corporation to carry on the business of or do any plumbing work in the City and County of Honolulu, until he or they shall have first registered at the office of the Plumbing Inspector.

### LICENSE.

Section 3. The Treasurer of the City and County shall issue to any person or persons, firm or corporation who has registered in accordance with the provisions of Section 2 hereof, a license to do plumbing work in the City and County of Honolulu.

No license shall be granted for more than one year or the unexpired period thereof; all licenses shall expire upon the first day of July of each year.

The annual fee for such license shall be the sum of Ten (\$10.00) Dollars, which fee shall be paid to the Treasurer of the City and County.

### BOND.

Section 4. Before or at the time a license is issued as provided in Section 3 hereof, the applicant therefor, shall give a bond to the City and County of Honolulu in the sum of Five Hundred (\$500.00) Dollars, with good and sufficient sureties, for the faithful discharge of his or their duties under this Ordinance, which bond shall be approved by the Board of Supervisors.

### PLANS OF HOUSE PLUMBING TO BE FILED.

Section 5. Any person or persons, firm or corporation before doing any plumbing work in any building of any description within the City and County of Honolulu, except in case of stoppages in pipes or repair of leaks in drains, vent pipes, waste pipes, faucets, valves and water supply pipes, shall file with the Plumbing Inspector, plans and specifications which shall clearly show and indicate the entire work to be done, the number and character of all fixtures, the size and locations of all drain, waste, soil and vent pipes, traps and cleanouts, and whether connection is to be made with the sewer or with a cesspool.

The plans and specifications shall be accomplished by an application, written in ink upon blanks furnished by the Plumbing Inspector, giving the name of the owner or owners of the property and the exact location of the same, together with such other information as may be required by the blanks, and no part of such work shall be done until a permit authorizing the same shall have been issued by the Plumbing Inspector.

### FEE FOR PERMIT.

Section 6. No permit shall be issued to any person or persons, firm or corporation for doing plumbing work in the City and County of Honolulu, until the sum of \$2.00 has been paid to the Plumbing Inspector therefor, provided that this provision shall not apply to the repair of leaks in drains, vent pipes, waste pipes, faucets, valves or water supply pipes, or to the removal of obstructions in pipes. One permit shall suffice for one building and one outhouse only.

### DISPOSAL OF PLANS.

Section 7. When a permit is issued, the application, signed by the person or persons, firm or corporation, together with the plans and specifications, shall be filed with the Plumbing Inspector and shall thereafter remain in the custody of said Inspector. When it is desirable to make changes in the plumbing work from that shown on the plans and specifications as filed, the person or persons, firm or corporation to whom the permit has been issued shall give notice of such changes, and if such changes are found to be in accordance with the provisions of this Ordinance, such changes shall be allowed.

### SEWER CONNECTION REQUIRED.

Section 8. In the construction, reconstruction or alteration of any building of any description, in which plumbing fixtures are to be placed all plumbing work shall be connected with the public sewer, where such sewer is accessible, and, where there is no sewer accessible, with a cesspool, construction to the approval of the Plumbing Inspector. All buildings in which the plumbing has been done, prior to the passage of this Ordinance, must conform to this Ordinance before being connected to the sewer.

### HOUSE SEWER.

Section 9. The term "house sewer" is herein used to designate that part of the drain between the sewer or cesspool and to within five feet of the building connected or to be connected with the sewer or cesspool. House sewers shall not be less than four (4) inches in diameter and shall be of cast iron pipe or safe glazed vitrified pipe and shall be laid to a true grade, at least one foot under ground. Changes in direction shall be made by "Y" branches and 1-8, 1-8, or 1-16 bends. Safe glazed vitrified pipe will not be allowed under any building. If safe glazed vitrified pipe is used in the construction of any sewer, it shall have a fall of at least one-quarter of an inch to the foot the joints shall be made of mortar, composed of equal parts of Portland or other good standard cement and clean-sifted sand, and said joints shall be covered with cloth in laying. A disk entirely filling the house sewer pipe shall be kept in the pipe and drawn forward as each length is laid. When glazed vitrified pipe is used in wet ground or water, the same shall be concreted entirely around the pipe up to a thickness of at least six inches. When cast iron pipe is used all joints shall be packed with picked oakum and run with mottled lead, and shall be well caulked, and shall have a fall of not less than three-sixteenths of an inch to the foot. In the construction of any house sewer no intermediate section of safe glazed vitrified stone pipe shall be used between sections of cast iron pipe nor shall any cast-iron sections be used between sections of safe glazed vitrified stone pipe. The flow of air shall not be obstructed in any house sewer when connected with any cesspool or sewer.

### HOUSE DRAINS.

Section 10. The term "house drain" is herein used to designate that part of the drain under the first floor of the building or structure and extending five feet outside of the walls thereof. All house drains shall be of cast-iron or galvanized wrought iron pipe not less than four inches in diameter and shall have a fall of not less than 3-16 of an inch to the foot. In buildings or structures of over three stories in height the grade of cast iron pipe commercially known as Extra Heavy or galvanized wrought iron shall be used for the house drain, soil, waste and vent pipes and the fittings shall be of the same grade. All house drains shall be securely ironed to walls or laid in trenches of uniform grade or suspended to floor timbers by strong iron hangers. In no case shall double hubs be allowed and all hubs shall be laid opposite to the fall of the sewer. Brass cleanout connection located in accessible places shall be put in all house drains at the foot of each vertical riser and at every change of direction of the drain.

### SOIL PIPE.

Section 11. The term "soil pipe" is herein used to designate the vertical pipe to which one or more water closets and other fixtures are connected. All soil pipe shall be of cast iron or galvanized wrought iron pipe not less than four inches in diameter, and if of cast iron, in buildings of over three stories, shall be of extra heavy grade. All soil pipes shall be continued unobstructed and undiminished in size not less than one (1) foot nor more than fourteen (14) inches of the building. All soil pipes shall be run on as straight a line as possible and shall not terminate within ten (10) feet of any window or opening. If galvanized wrought iron pipe is used all the fittings must be recessed and the pipe reamed to full bore.

In the construction of soil pipes all cast iron pipes and fittings shall be covered, inside and outside, with a coating of asphaltum. Changes in direction of soil pipes shall be made by "Y" branches and 1-8, 1-8 or 1-16 bends; and in no case shall double hubs be used except for vent fittings where the fittings are to be inverted. Sanitary "Ta" may be used in vertical runs. Tin pipes and pipes made from sheet metal shall not be used in the construction of soil pipes.

### WASTE PIPES.

Section 12. The term "waste pipe" is herein used to designate any pipe leading from any fixture to a soil pipe or house drain and receiving the discharge from any fixture. All waste pipes except as herein provided shall be of iron. Branch waste pipes may be constructed of lead or iron, provided, however, that if lead is used it shall be only as a branch to connect with an iron pipe and shall not exceed three feet in length. The size of the waste pipes shall vary according to the fixtures they are to serve, and in no event shall be less than the following:

Closet	4"
Slop Sink	3"
Floor Drain	2"
Bath	1 1/2"
Sink	1 1/2"
Wash Tray	1 1/2"
Urinal	1 1/2"
Bar Waste	1 1/2"
Basin	1 1/4"

All waste pipes from grease traps shall be in size not less than the outlet of same. Waste pipes from refrigerators or other receptacles in which provisions are kept, shall not connect directly with the drain, soil, or vent pipe, or discharge upon the ground beneath the building, but shall be trapped and the discharge therefrom allowed to drip into an open fixture in daily use, or be conveyed to the ground at least three (3) feet away from the building.

### TRAPS.

Section 13. All fixtures shall be separately and independently trapped as near the opening thereof as is practical.

All traps shall have a water seal of not less than 1 1/4 inches in depth and shall be set true to water seal. The size of every trap shall be the same as the waste pipe it serves. Kitchen sinks shall be provided with an approved grease trap when connected to the public sewer. No grease trap shall in any case be placed under a building or structure. The capacity of grease traps shall be as follows:

For residences, not less than three (3) gallons;  
For restaurants, hotels, tenement and boarding houses not less than 30 gallons.

Provided, however, that grease traps in all restaurants, hotels, tenement and boarding houses shall be constructed subject to the approval of the Plumbing Inspector. No bell traps shall be used in any case. Anti-siphon traps shall only be used where the Plumbing Inspector finds that it is impracticable to use any other. All traps in the ground or in concrete shall be of cast iron coated with asphaltum.

### VENTS.

Section 14. In every building or structure where there is a water closet, there shall be at least one four (4) inch cast iron vent pipe, running from the house drain unobstructed and undiminished in size to a point not less than one (1) foot above the roof of the building or structure or fire-wall, or if such building or structure has a fire-wall within ten (10) feet of said vent, then not less than one (1) foot above said fire-wall. The terminal of all vents shall be at least ten (10) feet from any window or opening.

All traps within any building or within five feet of any building shall be vented by special air pipes of lead or iron, but in no case shall a vent pipe end in chimney or earthenware flue. No lead pipe shall be used for any vent except as a branch to connect with an iron pipe and then only for a distance not to exceed two feet. Vent pipes may converge into one pipe at any point not less than three (3) feet six (6) inches above the floor line of the building or structure. All vent pipes shall be extended above the roof of the building or structure in the same manner as the four (4) inch cast iron vent pipe herein referred to.

The size of vent pipes for each fixture shall not be less than the following:

Basins	1 1/2"
Sinks	1 1/2"
Baths	1 1/2"
Wash Trays	1 1/2"
Urinals	1 1/2"
Bar Sinks	1 1/2"
Bidet	1 1/2"
Sitz Baths	1 1/2"
Water Closets	2"
Slop Sinks	2"

All vent pipes shall have a grade towards the trap and shall not be carried more than 12 feet out of a vertical line to enter another pipe. When two water closets are on a four inch vent stack, such stack may vent both closets providing they are within 24 inches of the traps of such closets.

Whenever fixtures are grouped the vents therefor shall not be less than the following:

- 1 Basin on one 1 1/4" pipe
- 3 Basins on one 1 1/2" pipe
- 2 Sinks or 2 Baths or 2 Wash Trays or 2 Bar Sinks or 2 Bidets or 2 Sitz Baths on one 1 1/2" pipe
- 5 Basins or 4 Sinks or 4 Baths or 4 Wash Trays or 4 Urinals or 4 Bidets or 4 Sitz Baths or 2 Water Closets or 2 Slop Sinks or 2 Dirt Catchers on one 2" pipe
- 8 Basins or 6 Sinks or 6 Baths or 6 Wash Trays or 6 Urinals or 6 Bidets or 6 Sitz Baths or 3 Water Closets or 3 Slop Sinks or 3 Dirt Catchers on one 2 1/2" pipe
- 11 Basins or 8 Sinks or 8 Baths or 8 Wash Trays or 8 Urinals or 8 Bidets or 8 Sitz Baths or 5 Water Closets or 5 Slop Sinks or 5 Dirt Catchers on one 3" pipe
- 15 Basins or 11 Sinks or 11 Baths or 11 Wash Trays or 11 Urinals or 11 Bidets or 11 Sitz Baths or 7 Water Closets or 7 Slop Sinks or 7 Dirt Catchers on one 3 1/2" pipe
- 20 Basins or 14 Sinks or 14 Wash Trays or 14 Urinals or 14 Bidets or 14 Sitz Baths or 9 Water Closets or 9 Slop Sinks or 9 Dirt Catchers on one 4" pipe

### JOINTS OR CONNECTIONS.

Section 15. All joints of cast iron pipe shall be packed with picked oakum and run with mottled lead and shall be well caulked. Joints and connections in lead pipe shall be made with wiped joints. Connections of lead with cast iron pipe shall be made with brass ferrule and wiped joints, calked in. Connections of lead and wrought iron pipe shall be made with brass soldering nipple and wiped joints, screwed in. Connections of brass and wrought iron pipe shall be made with a brass screw collar.

### WATER CLOSETS.

Section 16. The use of pan, hopper or plunger closets is prohibited. No water closet or urinal shall be placed or maintained in any room in which there is not a window opening direct to the external atmosphere. Stop cocks shall be placed on all supply pipes to water closet tanks not less than 1 1/4 inches above the floor.

### URINALS.

Section 17. All urinals or groups of urinals shall be supplied with water. The floors and sides around all urinals shall be covered with non-corrosive and non-absorbing material.

### SAFE WASTE.

Section 18. No safe wastes shall be used in conjunction with urinals. Safe wastes from any fixture shall not be connected directly or indirectly with any sewer, house drain, soil or waste pipe.

### CLEANOUTS.

Section 19. All cleanouts shall be in accessible places, and, where cement floors are laid, they shall be brought up flush with the floor.

### SINKS OR WASH TRAYS.

Section 20. No sinks or wash trays of wood shall be constructed or used except in hotel or restaurant kitchens or buildings used for industrial purposes and, provided that when constructed or used in hotel or restaurant kitchens or buildings used for industrial purposes, sinks and wash trays may be built of 2" sugar pine and as directed by the Plumbing Inspector.

### LAUNDRIES, POI MANUFACTORIES AND STABLES.

Section 21. All places used for the manufacture of poi for sale, for the washing of carriages, for the stabling of horses and mules and for the washing of clothes at laundries shall be provided with a floor of asphalt or cement mortar masonry, and shall be connected with the public sewer, where such sewer is accessible and where there is no sewer accessible with a cesspool constructed to the approval of the Plumbing Inspector.

In all such places the open end of any drain leading to the sewer shall be covered with a metal screen at least one-fourth of an inch

in thickness and so secured in place that it cannot easily be removed. The meshes of such screen shall not exceed one-fourth of an inch in diameter. All such places shall be furnished with an efficient dirt catcher.

The discharge pipe from all wash floors, and in all poi factories, shall be trapped and vented.

### EXHAUST AND RAIN WATER PIPES.

Section 22. No steam exhaust, blow off, drip pipe or rain water pipe shall be connected with the public sewer.

### FIXTURES.

Section 23. No open end of any waste pipe or water closet shall be placed less than two feet above high tide, as established by the datum used in Government work. No wood work of any description shall be placed around any fixture except for capping or frame.

### EXPOSED PLUMBING.

Section 24. All pipes and fixtures shall be left exposed to view as much as possible.

### INSPECTION OF PLUMBING.

Section 25. All house sewer, house drain, soil, waste and vent pipes, inside and outside of buildings, before being covered, shall have all openings stopped and filled with water to the top of the highest vent pipe and the entire system must be water tight. This test shall be made in the presence of the Plumbing Inspector. No house sewer, house drain, soil waste or vent pipe shall be covered or concealed in any way until after it has been examined and approved by the Plumbing Inspector. Such examination and approval shall be made immediately upon information and notification being received by the Plumbing Inspector. After all fixtures are connected and traps filled with water there shall be a final inspection made by the Plumbing Inspector. In no case shall the Plumbing Inspector accept or approve any job of plumbing work until the same has been made perfectly tight and to conform with this Ordinance.

### ISSUANCE OF BLANKS.

Section 26. The Plumbing Inspector shall issue to any person, persons, firm or corporation all necessary plumbing blanks.

### FILING OF PLANS AND ISSUANCE OF PERMITS.

Section 27. After plans have been properly filed and approved by the Plumbing Inspector, he shall issue the required permit to the person, persons, firm or corporation applying therefor.

### FEES.

Section 28. The Plumbing Inspector shall collect all fees provided for by this Ordinance except license fees, and shall on the last day of each month deposit said fees with the Treasurer of the City and County of Honolulu.

### INSPECTION.

Section 29. It shall be the duty of the Plumbing Inspector to inspect all plumbing work done in the City and County of Honolulu and if after proper final inspection of any job of plumbing work the same is found to be properly done and to be perfectly tight as required by this Ordinance he shall issue to the proper person, persons, firm or corporation a certificate setting forth the fact that the work has been inspected and the same found to have been done according to the requirements of this Ordinance. The Plumbing Inspector shall have the right and authority to enter any building or go upon any premises where plumbing work is being done at all reasonable hours, to ascertain if the provisions of this Ordinance have been or are being complied with.

The Plumbing Inspector shall keep a complete record of all registrations and inspections made and also all permits granted by him as Plumbing Inspector and make a report of the same each month to the Board of Supervisors.

### PENALTY.

Section 30. Any person, persons, firm or corporation violating any of the provisions of this Ordinance, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding Five Hundred (\$500.00) Dollars or be imprisoned in the Honolulu Jail for a period not exceeding six months.

Section 31. This Ordinance shall be in force and take effect from and after the date of its approval.

Introduced by Supervisor

R. W. AYLETT.

Date of Introduction July 9th, 1909.

The foregoing Ordinance was, at a meeting of the Board of Supervisors of the City and County of Honolulu, held on Friday, July 9, 1909, passed to print on the following vote of the said Board:

Ayes: Ahia, Aylett, Kane, Logan, Quinn. Total 5.

Noes: None.

Absent and not voting: Cox, McClellan. Total 2.

D. KALAUOKALANI, JR.,

Clerk, City and County of Honolulu.

## KOHALA TENNIS PLAYED ON FOURTH

Three Days' Play Proved Occasion

for Assembly of Kohala

Society.

KOHALA, HAWAII, July 7.—The first tournament of the Kohala Racket Club, at the Hawi Court, July 2-5, was a success. The Fourth being a holiday on some of the plantations, the "grand stand" was well filled with all the flower and fashion of Kohala. The stately dames, Mothers Renton and Taylor, had seats of honor, Kohala's charming matrons, some with sewing in hand, made a fine background for the levy of Punahoa girls whom no adjectives will adequately describe, in their peach-blossom hats—we are blushing at the name, but at least there were "peaches" under the hats. The gentlemen were out in force and white duck suits, and Kohala has not in many a moon seen an assembly of lovely children with pet kittens and Teddy Bears in their arms, playing "tooter" on a plank, and enlivening the day with their merry laughter.

The court was in good shape, and the weather superb. The playing was sharp and lively. There were eight entries for the men's singles, which was won by R. R. Hind. Four teams played in the men's doubles, which was not played out for lack of time, but Albert McDougall and R. R. Hind were in the lead, against John Hind and J. Atkins-Wright.

For mixed doubles seven teams entered. The semifinals were played yesterday afternoon, the finals to be as soon as possible, darkness having intervened.

The issue is between R. R. Hind and Miss Hall. The ladies was won by Mrs. Renton Hind and Miss Maud Wright.

One of the most sharply contested games was between Albert McDougall and Arthur Stillman, the score being 10-8 and 9-7. A very interesting contest, to the spectators, was between John and Renton Hind—father and son, both of whom are good players, but it was hard to decide which was the younger of the two.

Through the hospitality of the Club, which now numbers twenty members, the spectators were refreshed with appetizing viands that vanished in hungry stomachs.

Meggers, Paetow and Austin made capital umpires, and are still alive.

Dr. Wall took a hand at a practice game with his accustomed "it-won't-hurt-you-much" look.

Mr. Gunn made an alert linesman, in spite of the fact that he looked as if he might be studying his "thirdly."

It would be invidious to single out any of the good plays, but six foot Hale Austin could reach balls that were soaring like airplanes. Mr. Paetow did some fancy turns that made every rattle in their hearts. Mr. —

swatted a ball over the net, and a Jap fisherman picked it up at sea. Leslie Tulloch never lost her smile. Dr. Durston actually laid his pipe aside long enough for a set.

Mrs. Renton Hind served balls with a chain-lightning attachment. Mrs. Wright caught the tennis bloom on her cheeks. The "kids" played with the sandwiches, and there wasn't a thing left of 'em. Our tennis vocabulary is exhausted.

Mrs. McQuaid, of Kona, who is visiting the Masons, was among the spectators.

The Club expects to give another tournament in the fall, with handicaps. —Kohala N'g'ot.

## RUNAWAY HORSE

On Saturday afternoon a runaway horse and hack caused a lot of excitement at the foot of Bethel street. The horse, which is a very spirited one, took fright at an automobile and managed to get away from the boy who was holding him.

The animal dashed down the street and plunged into the doorway of Frank Richardson's office in the Cartwright block. The two heavy doors of the office were thrown from their hinges and the glass in them broken; the big window adjoining was also smashed.

## FEDERAL COURT

The numerous cases that had been set for today in the Federal Court for trial in the expectation of the jury cases commencing have been set over until August 2. The postponement was caused by the non-arrival of Judge Woodruff.

Judge Dole overruled the demurrer in the case of Man Sing, being tried for perjury and his case has gone over until September. Oka, charged with harboring women in his house for immoral purposes, pleaded not guilty and went over until August 2. Natto's case also went over.

## HANS AMUDSEN DEAD.

WAILUKU, MAUI, July 9.—Hans Amudsen, late proprietor of the Maui Stables, Wailuku, and a kamaaina of Wailuku of nearly thirty years residence, died Wednesday morning July 8, of consumption. He was team luna of the Wailuku Sugar Company for many years. His remains were buried at Wailuku cemetery, Rev. R. B. Dodge officiating both at house and at grave. Hundreds of natives turned out to his funeral for Hans was well-known as well as liked. He came from Norway 30 years ago and spent all that time on Maui.

The Industrial Edition of the Evening Bulletin, wrapped ready for mailing, 50 cents at Bulletin office.

# YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILL YOUNG, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women. Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.

# The BLACK BAG

By Louis Joseph Vance

Copyright, 1938, by the Babbs-Merrill Co.

## (Continued)

"If you will please to wait one moment, sir." He was left in the entry hall, the servant hurrying to the staircase and up. Three minutes elapsed. He was on the point of returning to the girl when the maid reappeared. "Mrs. Hallam says will you kindly step upstairs, sir."

Disgruntled, he followed her. At the head of the stairs she bowed him into the drawing room and again left him to his own resources. Wearied, he deposited himself sulkily in an armchair by the hearth and waited.

From a boudoir on the same floor there came murmurs of two voices, a man's and a woman's. The latter laughed prettily.

"Oh, any time," snorted the American—"any time you're through with your confounded flirtation, Mr. George B. Calendar!"

"The voices rose, approaching. "Good night," said the woman gayly. "Farewell, and—good luck go with you."

"Thank you. Good night," replied the man, more conservatively. Kirkwood rose, expectant.

There was a swish of draperies, and a moment later he was acknowledging the totally unlooked for entrance of the mistress of the house. He had thought to see Calendar, presuming him to be the man closeted with Mrs. Hallam; but, whoever that had been, he did not accompany the woman. Indeed, as she advanced from the door—

"Dorothy Calendar?" Mrs. Hallam rose alertly.

way Kirkwood could hear the man's footsteps on the stairs.

"This is Mr. Kirkwood?" The note of inquiry in the well trained voice—a very alluring voice and one pleasant to listen to, he thought—made it seem as though she had asked, point blank.

"Who is Mr. Kirkwood?" He bowed, discovering himself in the presence of an extraordinarily handsome and interesting woman, a woman of years which as yet had not told upon her, of experience that had not availed to harden her, at least in so far as her exterior charm of personality was involved—a woman, in brief, who bore close inspection well despite an elusive effect of maturity, not without its attraction for men. Kirkwood was impressed that it would be very easy to learn to like Mrs. Hallam more than well—with her approval.

Although he had not anticipated it, he was not at all surprised to recognize in her the woman who, if he were not mistaken, had slipped to Calendar that warning in the dining room of the Pines.

"I am Mrs. Hallam. You were asking for Mr. Calendar?"

"He was to have been here at this hour, I believe," said Kirkwood.

"Yes?" There was just the right suggestion of surprise in her carefully controlled tone.

He became aware of an undercurrent of feeling that the woman was estimating him shrewdly with her fine, direct eyes. He returned her regard with admiring interest. They were gray-green eyes, deep set, but large, a little shallow, a little changeable, calling to mind the sea on a windy, cloudy day.

Below stairs a door slammed. "I am not a detective, Mrs. Hallam," announced the young man suddenly. Mr. Calendar required a service of me this evening; I am here in natural consequence. If it was Mr. Calendar who left this house just now I am wasting time."

"It was not Mr. Calendar." The fine lined brows arched in surprise, real or pretended, at his first blurted words and relaxed. Amused, the woman laughed deliciously. "But I am expecting him any moment. He was to have been here half an hour since. Won't you wait?"

## A LITTLE BITTERS

for the stomach will be of great benefit to anyone, when it is weak and unable to do its work properly, thus causing the blood to become poor. But be sure it is HOSTETTER'S STOMACH BITTERS.

Then you have the best and purest that science can produce. For over 56 years it has been proving its merit in cases of Bloating, Poor Appetite, Heartburn, Dyspepsia, Indigestion, Costiveness, and Malaria.

For sale by Benson, Smith & Co., Ltd.; Hollister Drug Co., Ltd.; Chambers Drug Co., Ltd.; Hilo Drug Co.; and at all Wholesale Liquor Dealers.

She indicated, with a gracious gesture, a chair and took for herself one end of a davenport. "I'm sure he won't be long now."

"Thank you, I will return, if I may." Kirkwood moved toward the door.

"But there's no necessity." She seemed insistent on detaching him, possibly because she questioned his motive, possibly for her own diversion.

Kirkwood deprecated his refusal with a smile. "The truth is, Miss Calendar is waiting in a cab outside."

"Dorothy Calendar?" Mrs. Hallam rose alertly. "But why should she wait there? To be sure, we've never met, but I have known her father for many years."

She swung about quickly, preceding him to the door and down the stairs. "I am sure Dorothy will come in to wait if I ask her," she told Kirkwood in a high, sweet voice. "I'm so anxious to know her. It's quite absurd, really, of her to stand on ceremony with me when her father made an appointment here. I'll run out and ask."

Mrs. Hallam's slim white fingers turned latch and knob, opening the street door, and her voice died away as she stepped out into the night. Then, with a sudden, imperative gesture, she half turned toward him.

"But," she exclaimed, perplexed, gazing to right and left—"but the cab, Mr. Kirkwood?"

He was on the stoop a second later. Standing beside her, he stared blankly.

To the left the Strand roared, the stream of its night life in high spate; on the right lay the embankment, comparatively silent and deserted, if brilliant with its high swung lights. Between the two, quiet Craven street ran, short and narrow and wholly innocent of any form of equipage.

## CHAPTER VII.

"ELL, Mr. Kirkwood?" "Mrs. Hallam," he stammered. "I—"

She lifted her shoulders impatiently and with a quick movement stepped back across the threshold, where she paused, a rounded arm barring the entrance, one hand grasping the doorknob, as if to shut him out at any moment.

"I'm awaiting your explanation," she said coldly.

He grunted with nervousness, striving to penetrate the mental processes of this handsome Mrs. Hallam. She seemed to regard him with a suspicion which he thought inexcusable. Did she suppose he had spirited Dorothy Calendar away and then called to apprise her of the fact, or that he was some sort of adventurer who had manufactured a plausible yarn to gain him access to her home, or—harking back to her original theory—that he was an emissary from Scotland Yard? Probably she distrusted him on the latter hypothesis. The reflection left him more at ease.

"I am quite as mystified as you, Mrs. Hallam," he began. "Miss Calendar was here at this door in a four wheeler not ten minutes ago, and—"

"Then where is she now?" "Tell me where Calendar is," he retorted, inspired, "and I'll try to answer you."

But her eyes were blank. "You mean?"

"That Calendar was in this house when I came; that he left, found his daughter in the cab and drove off with her. It's clear enough."

"You are quite mistaken," she said thoughtfully. "George Calendar has not been here this night."

He wondered that she did not seem to resent his imputation. "I think not."

"Listen!" she cried, raising a warning hand, and, relaxing her vigilant attitude, moved forward once more to peer down toward the embankment.

A cab had cut in from that direction and was bearing down upon them with a brisk rumble of hoofs. As it approached, Kirkwood's heart, that had lightened, was weighed upon again by disappointment. It was no four wheeler, but a hansom, and the open wings of the apron, disclosing a white triangle of linen surmounted by a glowing spot of fire, betrayed the sex of the fare too plainly to allow of further hope that it might be the girl returning.

## WEEKLY WEATHER BULLETIN

HONOLULU, July 12, 1909.

### GENERAL SUMMARY.

The mean temperatures were higher than during the preceding week in the Honolulu district of Oahu, the Puna, N. Kona and portions of the Kau and N. Kohala districts of Hawaii, and in the Lihue district of Kauai. In the remaining districts of the section the mean temperatures were lower than last week's. The greatest excess over the previous week's was 1.3°, and the deficiency 1.4°.

The week was showery, yet, excepting in the windward and Honolulu districts of Oahu, the amounts of rainfall were generally below the average. The following are the amounts, in inches, in the several districts: Hawaii—N. Kohala 0.72 to 1.45, Hamakua 0.14 to 0.87, N. Hilo 2.12 to 2.64, Puna 0.87 to 1.70, Kau 0.00 to 0.67, and the Kona 1.49 to 1.72; Maui—Makawao 2.80 to 3.03, Hana 2.07 to 3.28, Wailuku 0.13 to 0.33, and Lahaina trace; Oahu—Koolaula 0.38, Koolapo 0.54 to 1.61, Honolulu 0.47, and Ewa 0.02 at the lower levels and 1.91 to 2.25 at the higher; Kauai—Hanalei 1.10, Lihue and Kawaihau 0.31 to 0.48, Koloa 0.45 to 0.85, and Waimea 0.12; and Molokai—Molokai 1.05.

The following are the departures, in inches, from the average of ten or more years: Hawaii—N. Kohala -0.34 to -0.11, Hamakua -0.24 to -0.80, N. Hilo -0.73 to -1.27, S. Hilo -0.47 to -0.17, Puna -0.34, Kau -0.21 to -0.32, and N. Kona -0.11; Maui—Makawao +1.67, and Lahaina -0.18; Oahu—Koolaula -0.07, Koolapo -0.49 to +1.02, Honolulu -0.16, Ewa -0.06, and Waimea -0.08; and Kauai—Hanalei -0.02, Koloa -0.12, and Waimea 0.00.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the Group:

	TEMPERATURE.	RAINFALL.
Hawaii	72.0°	1.29 inches.
Maui	73.2°	1.66 inches.
Oahu	74.4°	0.90 inch.
Kauai	75.5°	0.55 inch.
Molokai	74.9°	1.05 inches.

Entire Group 73.2° 1.17 inches.

At the local office of the U. S. Weather Bureau in Honolulu unusually showery, humid, cool weather conditions obtained—showers occurring several times each day and totaling 0.47 inch, 0.16 above the normal for the week, and 0.44 more than during the preceding week. The maximum temperature was 81°, minimum 67°, and mean 74.1°, 3.6° below the weekly normal, and 2.3° lower than last week's. The mean daily relative humidity varied from 64° to 76°, and for the week was 69.1°. Easterly winds prevailed on four dates and northeasterly on the remainder; the average hourly velocity was 11.4°. The mean daily barometer ranged from 30.06 to 30.08 inches, and the mean for the week, 30.08, was 0.09 inch above normal.

### REMARKS BY CORRESPONDENTS.

(Note: The figures following the name of station indicate the date with which the week's report closed.)

#### ISLAND OF HAWAII.

Puakea Ranch (8)—There was 1.45 inches of rainfall on the 7th, .63 inch more than during the preceding week.—A. Mason.

Kohala Mill (8)—Measurable rain fell on four dates and amounted to 1.18 inches, .45 inch more than the previous week's, and .14 above the average. The mean temperature was 74.2°.—Kohala Sugar Co.

Kohala Mission (9)—The mean temperature was 72.5°. Showers occurred on five dates and totaled 1.09 inches, .04 inch above the average, and .13 more than last week's.—Dr. B. D. Bond.

Niuli (8)—The mean temperature was 73.0°, and the rainfall— which occurred on the last two dates—72 inch, .34 below the average, and .20 less than last week's.—F. C. Paeow.

Kukuihaele (8)—High winds prevailed, with a mean temperature of 75.2°, and showers on three dates amounting to .14 inch, .84 less than during the preceding week.—H. T. Barclay.

Honokaa (7)—The mean temperature was 74.1°. Showers occurred on three dates, and amounted to .57 inch, .24 less than the average, and .33 more than last week's.—P. V. Knudsen.

Paauihau (8)—There were showers on three dates, totaling .28 inch, .80 below the average, and .44 less than last week's. The mean temperature was 73.5°.—L. Wilson.

Ookala (8)—The mean temperature was 69.8°. Showers occurred on the last three dates and totaled 1.04 inches, .73 inch less than the preceding week's, and a like amount below the average.—W. G. Walker.

Laupahoehoe (8)—There were five showery days, the rainfall amounting to 1.66 inches, 1.27 less than the average, and .58 inch more than during the preceding week.—E. W. Barnard.

Makalau (8)—The mean temperature was 72.9°, and the rainfall— which occurred on four dates—2.22 inches, .17 inch more than the average, and .84 less than last week's.—J. Fraser.

Pepeskeo (8)—Showers occurred on four dates and totaled 2.12 inches, .11 inch below the average, and .69 less than the preceding week's. The mean temperature was 73.2°.—Pepeskeo Sugar Co.

Papaikou (8)—There were five days with rainfall, which totaled 2.57 inches, .03 inch more than during the previous week, and .47 less than the average.—J. T. Moir.

Hilo (8)—The mean temperature was 72.6°. Showers occurred daily and totaled 2.64 inches, 1.57 more than last week's, and .27 inch above the average.—L. C. Lyman.

Ponahawai (8)—Rains occurred daily, amounting to 2.54 inches, .96 inch more than during the preceding week. The mean temperature was 70.5°.—J. E. Gamalielson.

Kapoho (8)—The mean temperature was 73.2°. Showers occurred daily and totaled .87 inch, .34 below the average, and .29 less than last week's.—H. J. Lyman.

Kaueleau (7)—Showery weather obtained, the rainfall amounting to 1.70 inches, .48 inch less than during the previous week. The mean temperature was 69.4°.—L. F. Turner.

Pahala (7)—The mean temperature was 72.6°. There was no rainfall, the same as the previous week's, and .21 inch below the average.—Haw. Agric. Co.

Naahehu (7)—Rains occurred on two dates and amounted to .16 inch, .32 below the average, and .13 more than during the preceding week. High winds prevailed.—C. H. White.

Kau (7)—The mean temperature was 65.6°. Measurable rain fell on three dates amounting to .57 inch, .13 more than during the previous week.—W. H. Hayshehn.

Kealahou (8)—Showers occurred daily and totaled 1.49 inches, .58 inch more than during the preceding week.—R. Wallace.

Kealahou (7)—The mean temperature was 69.8°, and the rainfall— which occurred daily—1.72 inches, .11 inch less than the average, and .43 more than last week's.—Rev. S. H. Davis.

#### ISLAND OF MAUI.

Maui (8)—The mean temperature was 71.8°. Light "trades" prevailed, with an average of partly cloudy weather, and rainfall on six dates amounting to 2.80 inches, 1.67 above the average, and .22 inch more than last week's.—D. D. Baldwin.

Hualo (8)—Showers occurred daily and totaled 3.02 inches, .26 inch less than during the preceding week. The mean temperature was 69.8°.—W. F. Pogue.

Nahiku (7)—The mean temperature was 68.5°. Rains occurred daily and amounted to 3.28 inches, 1.19 less than during the previous week.—C. O. Jacobs.

Hana (6)—Showers occurred on the first six dates and totaled 2.07 inches, .57 inch more than the preceding week's. The mean temperature was 74.8°.—G. O. Cooper.

Puunene (8)—The mean temperature was 74.2°. On the 7th there was .13 inch of rainfall, .62 more than last week's.—W. Seabry.

Wailuku (8)—Showers occurred on four dates and totaled .33 inch, .68 more than the previous week's. The mean temperature was 75.6°.—Bro. Frank.

Kaanapali (8)—The mean temperature was 77.8°. Traces of rain, accompanied with strong NE. winds, occurred on the last three dates.—W. Robb.

#### ISLAND OF OAHU.

Kahuku (9)—The mean temperature was 74.2°. Light showers occurred on six dates, totaling .35 inch, .02 above the average, and .07 more than last week's.—R. T. Christophersen.

Waianae (9)—Rainless weather continued, a deficiency of .08 inch as compared with the weekly average.—F. Meyer.

Mauaewili Ranch (9)—Showers occurred on five dates and totaled 1.61 inches, 1.02 more than last week's, and .67 inch above the average. The mean temperature was 73.0°.—J. Herd.

Waimanalo (9)—The mean temperature was 77.0°. There was rainfall on the last four dates amounting to .54 inch, .21 above the average, and .49 more than the previous week's.—A. Irvine.

Waiala (10)—The mean temperature was 71.3°, and the rainfall 1.91 inches, 1.35 less than during the preceding week. At the ditch there was 2.25 inches of rainfall, .70 inch more than last week's.—A. Lister.

Ewa (10)—Clear to cloudy, slightly cooler weather, with high winds obtained. There was .02 inch of rainfall, that amount more than last week's, and .06 less than the average. The mean temperature was 76.8°.—R. Muller.

#### ISLAND OF KAUAI.

Kilauea (9)—The mean temperature was 75.2°. Showers occurred on four dates and amounted to 1.10 inches, .02 inch above the average.—L. B. Horvick.

Kealia (9)—Showers occurred on the last five dates and totaled .48 inch, .11 more than during the preceding week.—Makoe Sugar Co.

Lihue (9)—The mean temperature was 75.1°. Daily showers occurred, totaling .31 inch, .08 less than the previous week's.—Lihue Plantation Co.

Koloa (9)—Showery weather continued, with rainfall on five dates amounting to .85 inch, .12 below the average, and .52 more than last week's. The mean temperature was 74.6°.—The Koloa Sugar Co.

Elele (7)—Showers occurred on four dates, totaling .45 inch, .10 more than during the preceding week.—McBryde Sugar Co.

Makaweli (9)—The mean temperature was 77.1°, and the rainfall— which occurred on three dates—12 inch, the normal amount, and .02 more than last week's.—Haw. Sugar Co.

#### ISLAND OF MOLOKAI.

Mapuehu Ranch (9)—The mean temperature was 74.9°. Showers occurred on four dates and totaled 1.05 inches, .26 inch more than during the preceding week.—C. C. Conrad.

## FIRST ACTUAL PHOTO OF ELSIE SIGEL, HER FATHER, COUSIN AND CHINESE SUSPECTED

The capture near Amsterdam, N. Y., of Chong Sing, the chum of William Leon, the Chinese wanted in New York City for the murder of Elsie Sigel, granddaughter of the late General Franz Sigel, led the police to believe that they were close on the trail of the murderer. It is positively known that Leon went to Washington after the murder, and the police are certain that Chong Sing knows more about the movements of the fugitive than he first told. He is held as an accomplice, and the detectives gained a confession from him that proved Elsie Sigel was foully murdered by Ling. Paul Sigel, father of the murdered girl, believes that it was Chong Sing who lured Elsie to Leon's room on the pretense that the man was seriously ill and that Leon killed her in a fit of jealous rage. Chu Gai, the wealthy owner of a Chinatown restaurant, was also an admirer of Elsie Sigel, he and Leon being rivals for her affections. The detectives have gained much information regarding Elsie's association with Chinese from her cousin, Mabel Sigel. Many letters signed "Elsie" and some signed "Mabel" were found in the effects of Leon and Gai, but Mabel Sigel denied that any of them were written by her. Elsie Sigel became interested in the Chinese through her mother's work as a missionary in the oriental quarter in New York, and the girl gradually fell into company of the vicious Chinese who used religion as a cloak for their villainy. The New York police are now threatening to close up the missions in Chinatown unless their promoters agree to keep women and girls away from them and employ only men as missionaries.

## FIRE FIEND LOOSE IN WAILUKU

Timely Work of Fire Laddies Saved Business Section of Town.

(Special to the Bulletin.)  
WAILUKU, Maui, July 9.—The fire which destroyed the Japanese two-story building in the rear of Senator Wm. T. Robinson's butcher shop on Market street, at 1 o'clock Sunday morning, July 4th, was the wickedest and the fiercest that has threatened the whole town of Wailuku. Never a fire before came so near to wiping out the business blocks of Wailuku as this one. The fire started in a two-story frame building used by Japanese as a bath house. Policeman F. Pestano, who first saw it, said that the fire started from the kitchen. People were dancing at The Breakers, Kahului, at

that hour and it took some of them less than five minutes to reach Wailuku in their automobiles when they realized that their own property was in the path of the flames.

Maruno, a well-known chauffeur, was outside the Aloha saloon. The police man got into his machine and went to the fire station, at the same time yelling the alarm of fire.

Maruno and a few police officers on hand and Jallor Jos. F. Welch, who is also assistant chief engineer of Wailuku Fire Co. No. 1, and J. L. Coke, another fireman, hitched the hose cart to the automobile and in less than three minutes the outfit was at the scene of the fire. Barney Joy of Honolulu, got there at the same time with the fireman, and rendered most valuable assistance. The adjacent buildings were scorched and at times they appeared to be doomed, but with the wonderful work of the fireman and Sheriff Saffery and Barney Joy, the fire on the adjoining buildings was put out. Superintendent of Water Works W. E. Bai was there too and worked hard. The flames rose several hundred feet in the air, but

luckily there was very little wind blowing.

The goods in B. Hota's store in Robinson Block, were moved out into the road, while his wife was moved into a cottage across the street.

By two o'clock the fire was under control, but police continued working putting out stray bits of the fire until four o'clock in the morning. Sheriff Saffery in his investigations has learned that the fire started from the kitchen used to heat water for the baths. C. D. Lufkin of the Wailuku bank, was among those who worked hard to save the town. The thousand feet of new hose supplied the fire department by the Board of Supervisors came in very handy. Many of those who have considered the firemen as useless toys and the carts and the hose as fit materials for the dump pile, now begin to realize that the fire laddies are necessary and should be encouraged.
