**California's Greatest Industry**

The sensational developments of recent months have shown that the California oil industry is far more wonderful and far more profitable than even the most enthusiastic had dared to imagine.

There has never been anything like California oil in all the growth and history of the nation for making tremendous profits on small investments, and it is doubtful if there ever will be again.

We strongly urge the immediate purchase of stock of the Ventura Oil Development Company, which controls one square mile of oil land in the very heart of the Ventura oil district, with two wells already in oil sand, thereby assuring a success to this great enterprise.

We are offering you these shares at fifteen cents each, thereby giving you an opportunity to join this undertaking, whose immense resources can hardly be estimated at this time.

Make your investment now, while the price is still within reach.

**BRAVE SOLDIERS MISUSE OLD MAN**

"Jackass Battery" Hee-Hawed Over Their Own Joke—"Twas Famous Victory.

With victory perching on their banners for an escapade in San Francisco which has its laughable features, mainly because it was the "Jackass Battery" which was the star, some of the members added to their laurels yesterday morning by putting to complete rout an old Chinese fruit vender when the transport Logan arrived at the Channel wharf. The vender had a little cart, filled with pineapples and bananas, and soon had a basket trolley running to the upper deck, where the "Jackass Battery" soldiers received consignments of fruit in exchange for legal tender of the republic. They decided, however, that the banana peelings should be returned to the old man, and they pelted him as vigorously as if they were making a charge on an armed enemy. The fruit plastered the old man's countenance. Not content with such soft ammunition, halves of pineapples were used as ammunition, one striking the vender in the eye, turning it black, and finally one man overturned the cart and the remaining pineapples into the harbor.

The Coast papers wrote up the "Jackass Battery," which is officially known as Battery C, Second Field Artillery, late of Fort D. A. Russell. The men entertained themselves lavishly on the Barbary Coast of San Francisco, and a large number of them were sent to the transport's brig, where they created a disturbance. Captain Griffin, before the transport left San Francisco, stated that the men would not be punished. The Chronicle states also that one member of the battery, who possesses a diamond ring, "went up the street trailing a diamond ring on the windows to prove to his companions that his stone was a real thing. He was arrested and sent back to the transport."

The offense of the men consisted in deserting the ship, with their arms and accoutrements, sealing the wall and going up town to have a good time, finding a lively one on the Barbary Coast.

The troopship brought back Colonel Schuyler, commanding the Fifth Cavalry at Schofield Barracks. He was detailed to accompany Prince Tsai Tao to New York. In August Colonel Schuyler will leave his old regiment to take up duties as a staff officer at Washington. He was accompanied by his nephew, George Schaeffer.

Captain Cochrane, the new commander of the revenue cutter Thetis, arrived to take charge. The vessel returned yesterday morning from a cruise to westward. Captain Pope, acting commander, is under orders to go to the Coast for assignment to duty on a vessel in Coast waters.

Daniel McCarthy of the construction department arrived to be attached to the depot quartermaster's department. L. J. Ginder, a cable splicer and repair man, was sent here to work under the direction of the signal corps in connection with the installation of the fire control for the various seacoast batteries. Two sons of Captain Holbrook also returned from the mainland.

The troopship is discharging 145 tons of miscellaneous freight for the various army posts and the depot quartermaster and commissary, and will take on 500 tons of coal.

**DESHA SAYS THERE IS NO KAILUA ROW**

Stephen L. Desha says that there appears to be a misunderstanding in regard to the Kailua courthouse row and that, in reality, no row exists. He refers to the story that came up from Kailua to the effect that there was a conflict between himself and Judge Matthewman over allowing the Kailua courthouse to be used as a lodging place for the delegates to the Evangelical Association.

There is no trouble between Judge Matthewman and myself," he said yesterday. "There was simply a misunderstanding. The judge thought we wanted to use the new courthouse; the truth is that we wanted the old building. The supervisors have granted permission to use it, but it now appears that we shall be able to get along without it. But there was never any real cause for any controversy and there is no trouble between Judge Matthewman and myself."

**ARRESTED, BECAUSE WOULDN'T TELL AGE**

PORTLAND, Oregon, June 7.—As an aftermath of the federal census, comes the arrest of a woman who refused to tell her age. Mabel Lake, a resident of Hood River county, declined to confide in the enumerator, even after flattery, cajolery and all the persuasion at his command had been brought into play to extract the desired information. The woman's failure to comply with the regulations of the "round up" of American citizens brought about her arrest. She will be haled before the federal court.

**CEMENT POSTS CHEAP AND GOOD**

Can Be Home-Made Without Risk of Infringing Any Claimed Patent Rights.

WASHINGTON, May 28.—Concrete—cement, sand, gravel and water, combined in proper proportions—has become one of the leading building materials of the day. It has shown its worth as a substitute for wood; houses built entirely of cement, the trimming and supports of wood being merely for decorative effect; it is used by the government, by railroads, by farmers in hundreds of ways, either alone or reinforced; and has been found to produce even good fence posts. Its moderate cost, its durability, the ease with which it is handled, the wide distribution of the sand, gravel, and stone of which it is composed, commend it to the consideration of all builders.

As a material for fence posts concrete has been found to possess but few of the disadvantages of wood, to have practically all its advantages, and to be superior in some respects to timber. Of course, the first cost may be more or less than the best wooden posts, but that depends on local conditions—the timber supply, the deposits of sand, gravel, and rock, and the skill of the workman. If manufactured as usual and cured for three months concrete posts are as good as the best wooden posts. After three years wooden posts possess only one-third to one-half of their original strength, whereas concrete grows stronger with age and needs no repairs as neither weather nor fire injure it. Under ordinary circumstances concrete posts will last forever; and even if in the course of years a few should be broken by unusual strain, it is cheaper to replace them than to replace an entire fence of decayed posts with a material with the same lack of durability.

Concrete posts are attractive in appearance because of their uniform size and color, and can be made either square, triangular, or round, either straight or tapering towards the top. They can be purchased from dealers or made at home, and this latter plan together with suggestions as to the construction of the fence after the posts are made and cured is the theme of Farmers' Bulletin No. 403, recently issued by the U. S. Department of Agriculture. The author takes up in detail the selection of sand, gravel, crushed rock, and cement; the choice of molds—either steel or wooden, and if wooden, the proper way to make square or triangular molds. Reinforcement—the insertion of steel rods or wire in the molds when making the posts, is discussed as to the principle involved and the kinds of reinforcement best suited to certain needs. The work of mixing, molding, and curing is explained with minuteness, and the variety of styles which can be produced described. Under "fence building" is given instruction as to setting the posts, attaching the wire, stretching the fencing, and the use of line anchors. Fine illustrations give detailed drawings of molds, methods, and results. The pamphlet closes with a warning to persons intending to buy post molds, either steel or wooden, to beware of traveling agents who are selling molds or rights for the sale or use of their respective molds. No dealings should be had with these agents except when fully satisfied through reports from one's banker or lawyer that the company represented by the agent is reliable and that the agent is their authorized representative. Patents have been issued on special types of reinforcement, and they can not be generally used without danger of infringing patent rights; but none of the simple forms described in the bulletin is patented or patentable, and they are just as good as the special forms advertised and recommended by the agents. No one need hesitate to use the simple form of construction recommended, for it has been in common use in all countries for a number of years, and all claim that the general use of reinforced concrete fence posts is controlled by patent rights are unjustified and untrue.

**One of the Essentials**

of the happy homes of to-day is a vast fund of information as to the best methods of promoting health and happiness and right living and knowledge of the world's best products.

Products of actual excellence and reasonable claims truthfully presented and which have attained to world-wide acceptance through the approval of the Well-Informed of the World; not of individuals only, but of the many who have the happy faculty of selecting and obtaining the best the world affords.

One of the products of that class, of known component parts, an Ethical remedy, approved by physicians and commended by the Well-Informed of the World as a valuable and wholesome family laxative is the well-known Syrup of Figs and Elixir of Senna. To get its beneficial effects always buy the genuine, manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

### ECZEMA CURABLE!

PROOF NOW AT 25c!

Try the Oil of Wintergreen Com-  
pound—Itch Is Instantly  
Relieved.

It is usually very costly to consult  
a specialist in any disease, but for 25  
cents, on a special offer, we can now  
give to those suffering from eczema or  
any form of skin disease absolutely  
instant relief, with prospect of an early  
cure.

A special trial bottle of the oil of  
wintergreen as compounded in the Chi-  
cago Laboratories of the D. D. D. Com-  
pany may be had in our store on this  
special 25 cent offer. This one bottle  
will convince you—we know it—we  
vouch for it.

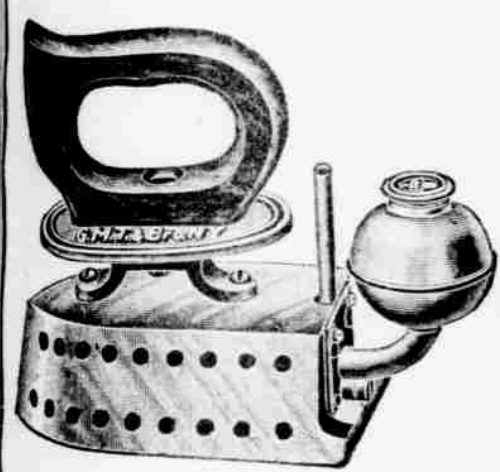

Ten years of success with this mild,  
soothing wash, D. D. D. Prescription,  
has convinced us, and we hope you  
will accept the special 25 cent offer so  
that you also will be convinced. Hono-  
lulu Drug Co.

## SUIT AGAINST LAND COMPANY

Breaking of Palolo Dam Starts Actions at Law for Damages.

Kaula and Apai have brought suit in the circuit court against the Palolo Land and Improvement Club for \$1500 damages. They allege that on March 12, 1909, the defendant company broke and entered their land and deposited thereon large quantities of water, rubbish, earth and stones, thereby rendering the land unsuitable for cultivation. Trees were torn down, crops, shrubs and other plants ruined, and irrigation ditches destroyed and the land undermined.

This suit grows out of the breaking of the Palolo dam last year. A similar case was carried to the supreme court some months ago, and that tribunal decided in favor of the plaintiffs and against the defendant company. It is, therefore, probable that several other suits of the same kind will be instituted against the Palolo Land and Improvement Company.

## WYNNE IS ONCE MORE SENTENCED

But Convicted Murderer May Escape the Gallows Through Commutation.

John Wynne, the convicted murderer, has once more been sentenced to be hanged. He came before Judge Robertson yesterday morning, in accordance with the mandate of the Supreme Court of the United States affirming his sentence of November 13, 1908, and the judge again sentenced him to be hanged by the neck until he is dead.

But there is more than a strong possibility that John Wynne will not be executed for the murder he committed while he was drunk. Attorney Clemons made the statement in open court that proceedings have been instituted, on the petition of the defendant, for a commutation of sentence.

The fact that Anderson Grace, who confessed his guilt of a murder fully as bloody and which was carried out in cold blood after mature premeditation, was allowed to plead guilty to murder in the second degree, thereby saving his precious neck, will probably enter largely into the life history of Wynne, who was drunk when he killed the mate of the Rosecrans.

## FOREST RESERVE SET ASIDE BY MOTT-SMITH

Acting Governor E. A. Mott-Smith yesterday signed the forest reserve agreement for the Hanalei forest reserve in Hanalei. This is a small reserve, comprising only about seven acres on the bluff near Hanalei mill, which is set aside for tree planting.

Land Commissioner Marston Campbell had a meeting yesterday afternoon with the Hanalei homesteaders in regard to putting water on the land, and it was practically agreed to leave the matter to Mr. Campbell. He will have forms drawn up defining the water rights of the homesteaders.

## DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases.

Can Honolulu residents demand further proof than that contained in the following testimonial?

David Price, of Corydon, Iowa, says: "I am glad to confirm everything I said in the public statement I gave in 1902 in favor of Doan's Backache Kidney Pills, as I feel that I owe my life to this remedy. I suffered from backaches and at times I could hardly walk on account of the pain in my loins. My kidneys were also much disordered and the secretions passed irregularly. I finally became so bad off that I could not turn in bed without assistance. My head ached intensely and my health was all run down. The doctors' prescriptions and various remedies I took did not give me relief, but with Doan's Backache Kidney Pills it was different. Soon after I commenced their use my health improved and before long I was rid of all symptoms of kidney trouble. I am always praising Doan's Backache Kidney Pills to persons afflicted in a similar manner."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name, Doan's, and take no substitute.

## WELCOME NEWS FOR SUFFERERS FROM RHEUMATISM

The Disease Is Permanently Cured by Dr. Williams' Pink Pills and Complete Information Is Free for the Asking.

Every one who suffers from rheumatism will recognize the description of a genuine case at sight.

In the following brief statement are vividly described the symptoms which every patient will recognize and the means by which a cure was effected in this case is described with equal fidelity.

If you are suffering from any form of rheumatism with loss of flesh and strength, and thinning of the blood, the remedy that was so effective here deserves a thorough trial.

Mr. George C. Long, a farmer, whose address is Box 43, R. F. D. No. 1, Oakland, Ore., says:

"When I was quite young, I was a sufferer from rheumatism for nearly two years. The pains were in my neck and back and were so intense that my neck was drawn back. My mother was afraid that I would be a cripple for life. I became pale, weak, and thin."

"I was treated by doctors for over a year and tried numerous remedies but received no benefit. Then my mother decided to have me try Dr. Williams' Pink Pills. The first few boxes helped me and I began to gain in flesh and strength. A thorough trial of the pills entirely cured me and I have never had the slightest return of the disease."

That the ordinary medical treatments of rheumatism are far from satisfactory is known by every one who has ever suffered from the disease. To every sufferer, therefore, the fact that Dr. Williams' Pink Pills cure rheumatism, as hundreds of cases like Mr. Long's prove, will be welcome news. Some of these cures are given in our booklet, "Diseases of the Blood," which will be sent free upon postal card request.

Dr. Williams' Pink Pills are also highly recommended for chlorosis or green sickness, general debility, anemia, stomach trouble, and the after-effects of the grip and fever.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Always insist upon getting the genuine pills which are sold only in packages bearing the full trade-mark, "Dr. Williams' Pink Pills for Pale People."

## NOT GUILTY IN GAMBLING CASE

Trial Lasted Two Days: Jury Was Out Only Eight Short Minutes.

Yesterday was an easy day for accused gamblers in Judge Cooper's court. After a trial lasting two days, it took the jury just eight minutes to render a verdict of not guilty in the case of Sun Yau and seven other Chinese, accused of being present at a gambling game.

Ah Fat and three other Chinese, accused of a similar offense, came before the judge. The three withdrew their appeals and will abide by the sentence imposed by the district magistrate. Ah Fat pleaded guilty and was sentenced to pay a fine of \$15. This is just \$35 less than Judge Andrade assessed against him.

Apana and Kaulokai, accused of violating the moral laws of the Territory, appeared before Judge Cooper yesterday, and Apana withdrew his appeal. The woman pleaded guilty and the judge suspended sentence for thirteen months.

## STREET GANGS TO GET MOVING ORDERS

Another roundup of the pernicious pests known as street corner gangs is scheduled to take place shortly. Orders are awaiting Chief McDuffie to go and make the gentlemen of leisure who air their valuable views about the corners "move on."

The greater part of the gangs hang out at the corner of Hotel and Fort streets, and particularly around Benson & Smith's, where the handy window ledges make ideal loafing places, and in front of Fitzpatrick Bros' cigar store, opposite.

A number of complaints have come in about these corner gangs, who sometimes crowd the sidewalks to such an extent that people who have a right to them have to walk in the gutter. They have been cleaned out several times before and the corners deserted for some little time after, but the old gangs are beginning to return, only to get their moving orders for a third time.

## WILL TRY TAX APPEALS.

Deputy Attorney General Sutton leaves today for Kaula to represent the government at the hearing before the tax commission. From Kaula he will go to Waialua on similar business. He expects to return to Honolulu Saturday morning, but if he does he will have to hit only the high spots.

## COST OF LIVING.

"I've got to get a new butcher," laments the distracted housekeeper. "This is the third time he's sent me out to make chicken salad with, and forgotten to mix a few feathers with it."—Herald, London.

## LOTS IN FRUITVALE One Cent Per Square Foot

Or a trifle over for home sites of more than one acre each, adjoining the celebrated Pu kele Homesteads in PALOLO VALLEY, ten minutes' walk from the car line.

These lots are adjoining the beautiful homes of Owen Williams, William A. Rideout, Charles J. Schoening, Edward F. Patten, and others.

The rear of these lots extends to the hill slopes, from which grand views are to be had.

Correct soil for all kinds of fruit.

Let me show you this property.

\$500 per acre and up.

Map in my window.

A reward of \$2000 has been offered for the capture of the murderers of Alma Kellner, whose dismembered body was found beneath a church in Louisville, Kentucky.

## ARGUMENTS AGAINST PROHIBITION CONTRIBUTED

The following articles are published in order to present the antiprohibition side in the present campaign regarding the liquor traffic and the effort being made to abolish it in Hawaii. Early in the campaign The Advertiser announced its readiness, in fairness to the public at large, to give the use of a limited amount of space to the antiprohibitionists. This offer has been taken up. Nothing will be accepted for publication in these columns of a personal nature and unless signed by some responsible person or accredited to a reputable publication.

### COMMON SENSE TEMPERANCE.

By Andrea Sbarboro.

In the wine-drinking countries of the world, where every man, woman and child uses wine at their meals, intoxication is almost unknown. To forcibly impress upon the American people the truth of this assertion, during my recent visit to Europe I made it my business to call upon the American ambassador at Rome, Italy, and the United States consuls of the principal cities of the wine-producing countries, from whom I obtained official letters, showing the conditions that prevail there and proving that there is a remedy for the removal of drunkenness if we will only follow the example of such enlightened countries as Italy and France. Fearing that you may not have space to publish these letters in full, I am quoting significant extracts from a few of the most striking.

The Hon. Lloyd C. Griscom, our American ambassador at Rome, writes: "I have pleasure in stating that during my residence in Italy I have seen very few cases of drunkenness. The people as a whole are accustomed to drink wine at their meals, which prevents them from having a craving for stronger intoxicants."

Our American consul at Naples, Hon. C. S. Crossinshield, says: "In this great city of 600,000 inhabitants, one seldom sees a person the worse for drink. Wine is taken freely among all classes, most workmen drink from a pint to a quart every day, but there is almost no use of strong liquor. I have lived nearly eight years in Italy, and have seen very few drunken men during that time."

The Hon. James E. Dunning, our consul at Milan, did not hesitate to give similar testimony. He writes: "In the four years that I have been stationed here I have seen but two cases of intoxication in the streets of Milan. Both of these were on holidays, and neither case exhibited anything more than a slightly accentuated good nature. It would be entirely within my conception of the truth to say that drunkenness is unknown in Milan."

The Hon. James A. Smith, who ranks after the American ambassador and is from Vermont, the State in which some cities do not allow wine or liquor to be sold even under a doctor's prescription by the drug stores, says: "I do not hesitate to say that a ten years' experience in this country and a careful observation of the people have convinced me that drunkenness is exceedingly rare. So much so is this the case that I do not remember to have seen a dozen Italians who were obviously intoxicated during all the time I have lived in Italy. This condition prevails in spite of the fact that the very large majority

of the Italians habitually drink the light wines of the country at their meals. Accustomed to wine from very early childhood, the Italians use it moderately as a mildly stimulating beverage. So used, I can not discover that it produces harmful results."

The Hon. William Henry Bishop, our American consul at Palermo, a fine old gentleman of long experience in the consular service, who has the reputation of weighing every word he says, or writes, remarks: "The use of native wines would seem to fill the need felt by many for a light stimulating or fortifying beverage, and in Sicily, while the people no doubt have their faults, it is a pleasure to witness their general temperate habits. Even the usual place where drinks are publicly sold is most often a pasticceria, cake shop or pleasant cafe, which the most respectable persons, including ladies and children, may freely enter. There are no scenes put up there is no concealment of the interior or the inmates, for nothing takes place there requiring concealment. The drinking saloon, in an offensive sense, can hardly be said to exist at all."

Our American consul at Florence, Hon. Jerome H. Quay, writes: "Wine is almost universally used by all classes. At the Gambinus, a popular cafe, hundreds gather in the evening, men, women and children, drink the light wines and beer of the country, and spend the evening in a pleasant manner and without disorder; and many of the lunch baskets prepared for little children attending school are provided with a small flask of wine."

Our American consul, the Hon. Carl W. Schmidt, in a letter from Kehl, Baden, says: "The wine flask is quite as familiar a feature of the table in Alsace-Lorraine as the water bottle is in the United States. At hotels and boardinghouses half a pint of wine is usually supplied without any extra charge. In the cafes and restaurants, between meals and in the evening, wine is constantly drunk, costing only nineteen cents a quart. It is a matter of common knowledge that the people of Alsace-Lorraine are a careful, industrious and particularly sober community. The spectacle of a person overcome with liquor is so unusual as to excite amusement."

In Spain the conditions are practically the same, according to the Hon. R. M. Hartmann, our American consul at Milan, who writes: "The drinking of wine here at meals is universal, and like France, Germany and Italy, there is practically no drunkenness."

The Hon. Solomon Redburn, our American consul at Tenerife, Canary Islands, writes: "During my nine years here I have not seen more than a dozen under the influence of wine or liquor. All saloons, cafes, restaurants and hotels are open Sunday and every other day; other business is prohibited on Sundays. In this

country, on account of the food not having enough substance, and the greater part of the inhabitants being 'anemic,' all the doctors recommend wine to be taken with all meals, more especially foreigners. The children receive wine with their food. Of course, this mixed with water according to the age of the children.

The beneficial use of wine as a temperance beverage is not only emphasized by these disinterested United States consuls living in the great wine-producing and wine-consuming countries, but there are many other Americans who believe that if wine were universally drunk in the United States, the evil of drunkenness would promptly disappear. George Washington, the Father of our Country, always had his cellar stocked with wine. Thomas Jefferson, who had been minister to France and had observed the salutary effect of wine, in one of his addresses to congress, said: "I rejoice as a moralist at the prospect of a reduction of duties on wine by our national legislature. It is an error to view a tax on that article as merely a tax on the rich. It is prohibition of its use on the middle classes, and a condemnation to them of the poison of spirits. No nation is drunken where wine is cheap, and none sorer where dearthness of wine substitutes ardent spirits as its common beverage."

Dr. C. H. Parkhurst, the well-known reformer who has studied the question carefully says: "Judging from what I see in this country, and from what I know of conditions of things in Europe, which I have visited twenty-five times, I am decidedly of the opinion that the more wine there is produced in this country and the more freely it is transported from State to State, the less whisky will be used, and the smaller the amount of drunkenness."

The Hon. W. W. Morrow, judge of the United States Circuit Court of Appeals, is also of the opinion that the use of wine at table should be encouraged. "Wine may, of course, be had in the saloon, but it is not the cause of the intemperance," he writes, "and is not the attraction that makes the saloon the rendezvous of sin. The use of light table wines at meals has been found by long experience to promote health and sobriety and prevent ill health and drunkenness."

Rear-Admiral Robley D. Evans, who has just been visiting San Francisco, has always been a strong advocate for the canteen for both the Army and Navy, and, according to a letter received from his secretary while he was convalescing at Paso Robles, "The Admiral feels certain that there would be less drunkenness in both services if the men were allowed their ration as of old."

### THE MAJOR'S VALUE.

Gen. W. H. Lamon of the Grand Army of the Republic was recounting, at a dinner at Lawrence, Kan., tales of the Civil War.

"Major Bunks," he said, smiling, "was a pompous chap. The boys had a good deal of fun once over his exchange."

"It seems that on a very dark night a stalwart Confederate took the major prisoner. This fact, together with the narrative of the prisoner's return to camp, was signalled to headquarters tersely."

"Major Bunks, captured during night march, exclaimed later for two plays tobacco."

### CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

When you fail to provide your family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at this season of the year, you are neglecting them, as bowel complaint is sure to be prevalent, and it is too dangerous a malady to be trifled with. This is especially true if there are children in the family. A dose or two of this remedy will place the trouble within control and perhaps save a life, or at least a doctor's bill. It has never been known to fail even in the most severe and dangerous cases, and its cost is not beyond the means of any one. For sale by all druggists. Benson, Smith & Co., Ltd., agents for Hawaii.

## WASEDA SERIES IS NOW ARRANGED

St. Louis Have Withdrawn and All Oahu Team About Chosen.

At the meeting of the Oahu Baseball League last night, a resolution was passed barring members of the Oahu League from participating in games with either St. Louis or Punalou in the coming international series of games between the Oahu League and the St. Louis team. As a result, the St. Louis team has withdrawn from the series. The schedule is being arranged without the Saints figuring in the series at all, to begin Sunday, July 1, on which day the following games will be played: J. A. C. vs. U. S. Marines; All Oahu League vs. Waseda. On Monday, July 4, games will be as follows: O. C. vs. J. A. C.; C. A. C. vs. Waseda.

The All Oahu team is to be picked from the best players in the Oahu League, possibly as follows: Stares, c; Kealoha, p; Akana, 1b; Stares, 2b; Weidmann, 3b; Kalini, ss; John Lo, lf; Madeira, cf; Amoy, rf. According to Henry Walker, the referee, a man, who recently returned from Japan, the Waseda team is anxious to make the trip to Honolulu. The Waseda team is a first-class team, and he figures them to be much stronger than Keio. Waseda played against the College of Hawaii a couple of weeks ago and defeated the nobility 9 to 0. Three days afterward Keio met the same College of Nobles, and again defeated them, 10 to 0.

Waseda was to play a series of games with the American fleet stationed in Japanese waters, and these will be their last games prior to leaving for Honolulu. The Japanese expected to win only from the American fleet.

## AUSTRALIAN PUGS WANT SHOW HERE

A cablegram was received from Suva yesterday, signed by Hugh McIntosh, which he stated that he was anxious to put on a show here, with Burns, Lang and himself as stars, on the arrival of the Maruma from the south. He added that the show given at Suva was a complete success. The remainder of the cablegram is devoted to a reference to the division of receipts here. The cablegram has been placed in the hands of a local show promoter. It is said that the showman is ready to take a hand in the arrangements, should others not wish to take up the proposition, but last night Jack Scully stated he was going ahead with his preparations to present the boxers to the public when the vessel arrived.

Fitzsimmons is not with the bunch, after all. The Maruma is due here June 21, and it is believed the party is to leave the liner at this port and take passage on the Wilhelmmina to San Francisco. The Wilhelmmina sails for the Coast on June 21. If the show is put on it will be next Tuesday night.

## NEW CORNERSTONE FOR THE OUTRIGGERS

Clubhouse Already Started With Funds Raised at Recent Function.

The cornerstone of the Outrigger clubhouse was laid at Waikiki yesterday afternoon. Secretary Tuttle, who is in charge of the permanent improvement plans; Curtis Hustace of the house committee; Horomoto, the carpenter, and several live wires of the club assisted in the ceremony of lifting the stone and putting it in place.

The clubhouse will adjoin and be a part of the big lagoon lanai. There will be a mosquito-proof reading and lounging room, forty by sixteen feet, and a canceerom about the same size. Papers, books and magazines will be kept on file, and niches will be built in the big clubroom for the Clark cups, there being four of these large trophies.

The two Clark cups for canoe surfing are yet to be contested for, and it is probable that this event will take place on the afternoon of July third or fourth. On the evening of one of these dates the Royals will give a special performance at the Outrigger lanai, with a dance to follow. There will be a stage in the lanai, which can easily seat a thousand persons. The Royals will have a good supporting company—and the club will make some more money for its permanent improvement fund.

Workmen also began work yesterday at the Outrigger Club tearing down the coral wall of the roadway leading into the Outrigger grounds along the lagoon, and moving it further out, so that there will soon be an automobile drive to the beach.

"Charley," the caretaker, has struck for assistance, and a helper will be given him. The fifty-one new members of last month, and the new ones coming in every day, has proved too much for the official, so that when he was instructed to open the club restaurant on the 15th he announced: "Too much hanahana."

Enlargements of the accommodations for the women surfers is also in order after Miss Pratt's splendid work in the waves last Saturday. It is hoped now that the women members will go in for the health-giving sport of surfing, and that they will organize canoe crews, as was anticipated when the ladies were asked to form an auxiliary to a club, the sole object of which was the keeping alive of the native Hawaiian water sports.

Miss Pratt has proved that surfing is as easily accomplished by women as by men, and as there is nothing more needful for women in Honolulu than exercise, the women of the auxiliary could perform no nobler mission than to encourage the younger members, at least, to get out in the canoes and on the health-giving surfboards. The Outrigger is getting back to the idea of frequent sports in the waves, and the young girls of two years ago who then learned to ride the surfboard and paddle in canoes should be encouraged to join the club and help others to gain health in the waves.

## HAWAII'S CREW TO SEE BIG FIGHT

SAN FRANCISCO, June 1.—Word comes from Honolulu that the yacht Hawaii left today for the Coast in command of Commodore C. T. Wilder of the Hawaii Yacht Club and an amateur crew. She sailed at 2:15 p. m. and expects to arrive off San Pedro about June 20th.

The last time the Hawaii came to the Coast she made the long boat to windward of more than 2000 miles in the remarkably fast time of nineteen days, and should the winds be holding steady, she may well repeat the performance.

On arrival in San Pedro the yacht will be hauled on the ways and her hull given a thorough cleaning. After that her crew of yachtsmen will come to San Francisco by steamer to attend the Johnson-Jeffries fight, and will return south in time to start on the race back to Honolulu on July 9th, the date set for the start.

Another entry has been received for the race in the schooner-yacht La Vagiera, owned by Captain Clayhorn of the Tacoma Yacht Club. The latter expects to start south early this month, and will call in here on his way down about June 20th.

Dr. O. N. Nelson of San Diego, who bought H. H. Sinclair's Lurline and took her to San Diego, sent word that he will not enter the race, but expects to make a summer cruise in northern waters instead.

This last entry makes the total of yachts entered six—the Hawaii, schooner Sweetheart, yawl Gwendolyn II, sloop Siwash, yawl Winsome and schooner La Vagiera.

## JUST WANDERED FROM HOME AND BLEW INTO THE GAME

SMILING MICKEY DUGAN, THE SEAL'S MASCOT.

Aside from "Doc" Frost the most enthusiastic individual in the procession when the Seals began their recent series on the home grounds, says the San Francisco Bulletin, was little Mickey Dugan—little Mickey, whom Charley Dryden once found occasion to rebuke. Theophastus Such. To the Seals' mascot it was the happiest event in his life, and his chest swelled to enormous proportions when he took his cue from Danny Long and fell into step for the march across the field. To some the ceremony of raising the pennant was just a little by-play, to be followed by a snappy game of ball. Pennant raisings are all right, reasoned these fans, but baseball's the thing. Not so with Mickey. His thoughts went back to another occasion when the Seals first copped the rag, and his face was all smiles at the happy recollection.

Just how Mickey broke into baseball is a question. He himself doesn't

know. The best you'll get for an answer if you ask him is, "I like the game and the fellows treat me pretty good, so I don't have no kick comin'." Aside from this, there is a well-founded rumor that Mickey wandered around the corner from home and just blew into the game. The players happened to take a fancy to him and he was given the job of mascot, which includes everything from carrying the bats to filling the water bucket. All these things Mickey performs, not to mention the choice collection of humorous yarns that he peddles out to the men on the bench.

## WAIALUAS WIN A HOT BASEBALL GAME

The famous Waialea School baseball team met a large snag last Saturday at Waialea when they narrowly missed being whitewashed by the local plantation youngsters, the score being 2 to 1 in favor of Waialeas.

Up to the fifth inning, the game was hotly contested by both sides, with the score of 1 to 0 in favor of the home team. In the sixth inning, the score was tied, a lucky run being made by the Waialeas, but they were held down for the rest of the game. In the eighth inning, the wily burglars of Waialea walloped them in great style and made the winning run in this inning and were declared the victors by a score of 2 to 1.

The defeat of the Waialeas was due to the steady pitching by Alfred Alameda, who struck out ten and allowed only four hits. His offering proved a puzzle to the visitors. Domingo, who pitched for the losing team, was also in good form, but had a poor support. The feature of the game was the long running catch made by Tony Fegero, the Waialea center fielder, over the right field. It was a very clean and fast game, and both teams knew they had been playing baseball when it was over.

Following is the score and lineup:  
Waialeas . . . . . 2 0 0 0 1 0 0 0—1  
Waialeas . . . . . 0 0 0 0 1 0 0 1—2  
Waialeas—F. Swan, ss; M. Kalei, 1b; E. Markham, rf; S. Keawe, 2b; S. Halli, c; Mon Sing, lf; A. K. Kane, cf; J. M. Johnson, 3b; H. R. Domingo, p.  
Waialeas—Benj. Ashin, ss; J. Alameda, 2b; H. Plover, c; Jas. Awa, 3b; J. Teves, 1b; M. Fugimoto, lf; M. Fegero, lf; Jose Alameda, ss; A. Fegero, cf; M. Mouis, rf; A. Alameda, p.

## MARINE BARRACKS ROLL UP A FEW SCORES

In a seven-inning game, played at the Marine Barracks Monday evening, between Maunaloa's Beasts (Company B) and Connor's Colts (Company A), the former team won by a score of 12 to 3. Company B outclassing their opponents in all stages of the game. The features of the game were the playing of Company B's third baseman and the pitching of Allen of Company B, striking out fifteen men and allowing no hits. Batteries—Company B, Allen and Anderson; Company A, Battin and Grant.

Score by innings:  
Company A . . . . . 1 0 0 0 1 1—3  
Company B . . . . . 0 2 2 2 1 1—12  
Summary—Struck out, by Allen 15, by Battin 5; first base on balls, off Allen 1, off Battin 4; hits, off Allen 0, off Battin 9.

## AIKAS DEFEAT WAIANAES.

On Sunday the Aiea nine of the plantation league defeated the Waianaes at Aiea, in the close score of 12 to 11. The plantation league has kept up the spirit of baseball in the country districts and is bringing out some excellent material for major league service.

## KAMEHAMEHA CLUB AT RACES AND LUAU

The Kamehameha Aquatic Club held water sports at Kahakaulana on Saturday, June 11, commemorating the natal day of Kamehameha the Great, with a program which opened at ten in the forenoon. The first event was a modern canoe sailing race for a prize, which was a loving cup presented by friends and patrons of the club, to be competed for annually and to become the property of the one winning it three times. The entries for the first race were the Kiokalani, captained by M. B. Punalou, who was the winner; time, 32½ minutes, the course being about three and a half miles.

The second winner was the Kamehameha, captained by Henry Iaea, time 34½ minutes; Diamond Star, captained by Alex Smith, Jr., no time taken, as his canoe split.

In the ladies' paddle canoe race, the Maikai Fine, captained by Mrs. Alex Smith, was the winner, time 4 minutes, over a straightaway course of a quarter-mile. The second was the Lanakila, captained by Mrs. Samuel Kipi.

In the men's four-paddle canoe (modern) race, the Lanakila, captained by Samuel Luahine, was the winner, and the second was the Maikai Fine, captained by Alex Smith, Jr., the course being from headquarters to flag and return, distance one-half mile; time, 3½ minutes.

The men's six-paddle Hawaiian canoe race, with a money prize, went to the Kalei, captained by Alex Smith, Jr., and second to the Nialani, captained by Samuel Luahine, same course; time, 3 minutes.

A grand luau awaited all who availed themselves of the club's hospitality, and the day was very enjoyably spent by hosts and guests alike.

## MAUI GIVES CUP FOR INTERISLAND RACES

First Contest for Perpetual Yacht Trophy Will Finish on July the Fourth.

The Maui sports have put up a handsome challenge cup which is to dangle before the eyes of all the Islands' yachtsmen as a perpetual tantalizer to be contested for each year in a race from Honolulu to Kahului. The first of these events will be sailed during the Fourth of July holidays next month.

The race is to start from here at two o'clock in the afternoon of Saturday, July 2, so that the yachts will arrive at Kahului on the morning of the Fourth in season for the turf meet at Spreckels' Park, giving the amateur mariners a chance to play the ponies and take in all the celebrations on that island of sports.

The yachts Charlotte C. Kamehameha, Gladys and Helene will participate in the first interisland challenge cup race and Eben Low intends to enter his yacht, the Concord, provided he can round up a sufficient number of amateur mariners from the Hawaii Yacht Club to form a crew.

Commodore James E. Jaeger will leave Honolulu in the launch Kulamann II early on the morning of the second and expects to arrive at Kahului the same evening. This will give him plenty of time to aid in the arrangement for the finishing ceremonies and to meet the yachts when they come in and declare the winner.

Frank and Harry Baldwin and Tom Skinner are the leading spirits in the Maui movement to promote interisland races and Mr. Skinner has been in Honolulu for the past few days arranging the details for the initiative event.

## THINK IT OVER.

Everything that good government stands for, the saloons stand against. The saloon practically pleads guilty to this accusation and every other accusation that is made against it. Its own classification of itself is with the brothel, as an outlet for lawless desire.

Its classification is right, and logically there is no justification for the prohibition of the houses of ill fame while the saloons are given licenses.

Local saloon keepers and liquor dealers accept and advocate now the doctrine of high license. That doctrine they base on the assertion that man will drink and that the liquor sellers are lawbreakers, too unpatriotic to accept the will of the majority and too shift to be coerced, but willing to pay a small percentage of the loss they cause for the privilege of conducting under legal protection a public school for the drink habit.

The president of the National Protective Association, the foremost organization of distillers and wholesale liquor dealers in the Union, says:

"The true policy for the liquor trade to pursue is to advocate as high a license as they can in justice to themselves afford to pay, because the money thus raised tends to relieve all owners of property from taxation and keeps the treasuries of the towns and cities pretty well filled. This catches the ordinary taxpayer, who cares less for the sentimental opposition to our business than he does for taxes on his own property."

This statement precisely represents the attitude of all branches of "the trade."

The saloon makes no claim of being good for anything. Its only boast is that it is not so bad as a blind pig.

The mosquito, the cockroach and the plague rat have certain functions and activity and usefulness. They do, to be sure, destroy property and spread disease. They are pests and enemies, but with a certain small offset of scavenger utility. They all outrank the saloon, and if they were bipped and organized upon ordinary business lines, with the right of suffrage, would be more entitled to be licensed, on terms, say, of paying five per cent of the cost of wire screens, naphthalene balls, rebinding of damaged books, and pauper's coffins.

But they are under prohibition, poorly enforced as yet, but showing improvement year by year.

The saloon ought to be dealt with in the same way. The whole philosophy of legislation confirms the view, from the Ten Commandments to the most modern and simple domestic economy.

Prohibit what is evil and then do what you can to enforce the rule.

Prohibition is not and in the nature of the case could not be immediately and absolutely successful. The age-long habit of the world, the conditions of a new civilization, the proximity of licensing areas, the interference of federal laws, have denied it a fair trial on the mainland. But, even under the difficult conditions it has justified itself. Proof is abundant, but the best and briefest is the rapid increase of public favor, the wide spread of the policy and the marked change of the federal attitude.

On the other hand, the license system, after a trial of two hundred years, has proved worthless as a temperance measure and over forty million Americans live today in communities that have abandoned the license policy by the popular vote, as futility, if not a crime.

But, it is not true that "men will drink."

Debauched men will if they can, and ignorant, reckless youths and weak men in temptation. But, speak broadly, men do what they are taught to do; and where strong men set a good example and the saloon ceases or becomes a criminal hole-in-the-wall, the tendency is for men not to drink.

The saloon is a public school of the drink habit. At a meeting of liquor dealers in Columbus, Ohio, one of the speakers put the fact in a manner so startling as to be eloquent. He said:

"The success of our business is dependent largely upon the creation of appetite for drink. Men who drink liquor, like others, will die, and if there is no new appetite created, our counters will be empty, as well as our coffers. Our children will go hungry, or we must change our business to that of some other more remunerative."

The open field for the creation of appetite is among the boys. After men have grown and their habits are formed they rarely ever change in this regard, and I make the suggestion, gentlemen, that nickels expended in treats to the boys now will return in dollars to your tills after the appetite has been formed.

The question for the voter to consider when marking his ballot on July 26 is: Which shall we give that business in Hawaii, notice to quit, or a cheer?

## BEST ADVERTISING.

A. W. Green, president of the National Biscuit Company, one of the concerns advertising its products far and wide throughout the country, has come to the opinion that newspaper advertising is the best of all to bring business with least effort.

"Newspaper advertising we have found the best, taken all around," said Mr. Green recently in Chicago. "Billboard advertising is good, but it requires too much time and attention. The boards have to be watched to see that they are in good condition and the advertisements constantly have to be renewed. We have very little trouble with the newspapers. Magazine advertising is well enough, but it is slow."

If the New York Socialists would look around them they would find plenty to do for mankind without bothering about Hawaii. Compared with the men, women and children in the sweatshops, the average plantation laborer in Hawaii is in clover; compared with the men working in the coal mines of Pennsylvania, the Hawaiian plantation laborer has an easy time; compared with the average laborer of the mainland, the laborer in Hawaii has manifold advantages and chances. No one goes hungry here; no one goes cold here; no one has to labor in unsanitary surroundings for twelve, fourteen and sixteen hours to make enough to barely subsist on. Unless the Socialists do as the rest of mankind does and prefer to do their missionary work away from home, the time and money they may spend for the "poor Russians" will be worse than thrown away.

Tom Quinn, after a third or fourth conviction of recklessness in driving his automobile, was yesterday fined fifteen dollars. Such a fine is a joke on the public of this city, and a joke that has not even humor to recommend it. Either Quinn was reckless when he smashed into a Chinese cart and knocked the driver into unconsciousness, or he was not. If he was, the fine should have been a severe one, or, better still, he should have gone to jail to learn his lesson. If he were not reckless, he should have been discharged. To attempt to stop reckless chauffeurs by fifteen-dollar fines is like trying to dip up the Pacific with a teaspoon, quite as foolish as it is useless.

Without any rehearing of evidence, Judge Cooper yesterday reduced a gambler's fine from \$30, given in the police court, to \$15. What is this? To encourage appeals of guilty men for the benefit of the lawyers, or an intimation on general principles that the district court judge doesn't consider his sentences?

That last shipment of Russians Perelstrons recruited before he left Manchuria appear to be hanging out pretty well. Atkinson has forwarded four detachments of it, with two more steamers from the Orient still to arrive this month. In the meanwhile, Jack is still among the missing.

The denial of the story that Frank Harvey wants to be the Democratic candidate for delegate to congress is not coming as swiftly as it did when The Advertiser first printed it. Has McCandless just commenced to find out that Harvey's bee is the real stinging kind?

## Pineapples Defy Lobsters

Lobsters can be eaten with drawn butter and impunity, and all nightmares will be put to flight if he who eats will assimilate a little pineapple as he progresses.

Dr. R. G. R. Williams of Paris, Illinois, tells all about the virtues of the spiny fruit in the current number of the Medical Record, where he sets forth the result of his experiments for two years in the treatment of dyspepsia and kindred ills.

So confident is he that he is right about the therapeutic qualities of the pineapple that he says even chop suey can be robbed of its gastric horrors. The Chinese, who have anticipated most of the things under the sun, for centuries have used the pineapple in their cooking, for do they not add it to many dishes, including the delectable bar lor, which is a blending of chicken and pineapple?

One of these nights some one may drop into one of the lobsteries and ask for a chicken pineapple. Ananas sativa is the professional name of the pineapple, and its juice contains a delightful enzyme which the physician indorses. It also broadens.

Chefs may now exploit the pineapple under various names, such as a la Ananas, or Hognard a la enzyme.

Doctor Williams says he makes no pretence that pineapple juice is a cure-all for stomach disorders, and declares it can be of value only in its natural state.

"Pineapple juice," continues the physician, "can not quickly neutralize an acute indigestion, but it can prevent one. I recall at least one patient who, although sound physically in every respect, knows that when he sits down to a Thanksgiving dinner a most painful stomach is sure to follow."

"There can be no better addition to the meal than a piece of pineapple eaten now and then. I convinced myself long ago that the pineapple is a godsend to the one who dissipates."

The midnight chop suey and lobster lose their terrors and the man retires confident of dreamless sleep where once he would not have dared.

"Possibly no encouragement of this kind should be given to such a habit; nevertheless such knowledge is of value to the medical man in his consultation with the one with whom the ordinary meal is as much a dissipation as the midnight banquet."

"Those who can not bear the taste of the fruit must search elsewhere—there are stomachs and stomachs. The healthy individual does not need the pineapple except as an adjunct to the especially large dinner. He should avoid permitting his gastric glands to suffer atrophy by depending continually on an unnatural digestant. I hesitate at this time to give a general rule for dosage of this fruit."

Concluding his paper, Doctor Williams points out the superiority of bromelin over pepsin, and declares that one may have it in the form of a desert instead of as a drug.—New York Herald.

## BIG SUMS HAWAII SPENDS ON THE MAINLAND FOR STAPLES

The following is from Acting Secretary Cooper's last report to the promotion committee:

"By yesterday's Claudine we received a letter from Mr. W. G. Scott of Pail, Maui, together with a box containing three very large onions, which Mr. Scott advises were grown at Makawao by Mr. Manuel Rosa. Inasmuch as there is an unusual amount of interest just at present in the possibilities of small farming in Hawaii, such thoughtfulness, of course, is appreciated."

"In this connection I have prepared a table showing the imports into Hawaii from the Mainland of various food products, a considerable portion of which it is possible might be grown here. The table shows the imports for the past three years, but does not include imports from foreign countries, which in some instances are heavy:

## SUPERVISOR SAYS BRIBE WAS OFFERED

(Continued from Page One.)

lan had hinted at graft at recent meetings of the board and he had asked to be taken into confidence if there was any suspicion of such. He stated that he would endeavor to have a meeting of the board called at once to investigate.

### Gilman Makes Frank Statement.

J. A. Gilman had by that time been convinced of the necessity for publicly denying the report and make a complete statement of the status of the contract and the work done in connection with it, denying in toto any attempt to bribe anyone.

### Statement of J. A. Gilman.

"I have seen the statement in the Star that Supervisor Aylett states that he was offered \$1600 for his vote in support of the bitulithic pavement contract," said J. A. Gilman in a formal statement made yesterday afternoon.

"Several weeks ago Supervisor Cox told me that Supervisor Ahia had told him, Cox, that he had been offered \$1600 to vote for the bitulithic pavement contract. I met Supervisor Ahia immediately afterwards on the sidewalk in front of the supervisors' building and asked him if he had made such statement to Supervisor Cox. The only reply that Mr. Ahia made to me was 'I think too many people talk loud with their mouth.'"

"I asked him again what authority he had for making the statement and he again gave me the same kind of an answer."

"I then said to him, 'Mr. Ahia, I want you to distinctly understand that there has been no such offer made and that I have authorized nobody to make any offer of money for a vote on this contract and I never will do so and that I am the only one that has anything to say about this pavement.'"

"The statement was so utterly preposterous that such sum or any other sum should be offered for a vote in favor of the contract that the thought never entered my mind to pay any more attention to it."

"I want to say in the most positive terms that so far as I or the bitulithic company are concerned, there is absolutely no foundation for any statement that any money has been offered to either Supervisor Aylett or Ahia, either directly or indirectly, to affect their vote upon this subject."

"I am in a position to speak positively for I alone am in a position to take any action concerning the bitulithic contract here."

"The status of the matter is as follows:

"Some time since I heard such strong statements made in support of the bitulithic form of pavement that I concluded it would be a good thing for Honolulu. Being in the States on other business, I visited the controlling owners of the pavement and made an arrangement with them by which I am the sole representative and the only one having authority in connection with bitulithic pavement in this Territory."

"Returning to Honolulu I organized a company to establish a bitulithic pavement plant in Honolulu, the stockholders of which are as follows: J. A. Gilman, president and manager; J. P. Cooke, vice-president; Harold G. Dillingham, secretary; John Waterhouse, treasurer, and W. B. Warren, director."

"The other stockholders are: E. F. Bishop, E. J. Lowrey, Robert Shingle, A. M. Brown, Walter Dillingham and R. J. Graham. There are no other stockholders."

"All the corporation papers are completed but they have not yet been filed, awaiting to see if there is any business to be done here."

"No money has been paid or promised to be paid to any of the supervisors or any other person whatsoever to influence the obtaining of an appropriation for bitulithic pavement or a contract to install bitulithic pavement here."

"I want to make this statement as positive and broad as it is possible to express in words."

"I understand that Messrs. Aylett and Ahia say that they were offered \$1600 apiece by W. H. Crawford."

"I have not only not authorized Crawford to make any such offer but have had no negotiations whatsoever with him to secure his assistance, directly or indirectly, in any way whatsoever in behalf of this contract."

"I do not know what he may have said or done, but nothing that he has said or done has been with any authority of myself."

### Many Contradictions.

Others who had been mentioned in connection with the affair were then hunted up, with the following results:

### Willie Scorns Story.

Crawford denied that he ever discussed the matter of the bitulithic contract with Aylett at all. As to Ahia, he denied ever having offered any money or intimated that any money could be got."

"The only conversation I had with Ahia on the subject was at the fish market one afternoon," said Crawford. "We talked loud, in the presence of a number of witnesses who could hear what we said."

"I asked Ahia if he was going to run for supervisor again, and he told him that if he wanted another term, there was a chance for him to make a hit with the merchants of Honolulu

by voting in favor of the bitulithic contract for Fort street. His reply was that there was no money in the county treasury to do the work."

"This is all he conversation I had with Ahia, and the only conversation I had with him. As for Aylett, I have never discussed the bitulithic paving contract with him at any time or place whatsoever."

Crawford was asked if he had been working for the bitulithic contract, and said that with the exception of his remark to Ahia, he had not supported it. Crawford denied that he had ever been asked by Brown, or anyone else, to work for the bitulithic contract."

"Where am I to get the sixteen hundred dollars?" said Crawford. "I haven't it and didn't have it, and if I had wouldn't be offering it to any supervisors. I would go to San Francisco and see the prize fight."

### Brown Detailed Crawford.

A. M. Brown in answer to a question said that he did not know where the reports of the \$1600 offers came from. He had talked with supervisors with whom he was acquainted, in support of the paving contract, and they had readily agreed that it was a good thing. Brown said he was not particularly acquainted with Ahia, and had told Crawford to speak to him about it. Crawford knew Ahia and might be able to influence him. But any story of an offer of \$1600 or any other sum, was, said Brown, an invention."

Crawford mentioned M. C. Anana as one who was within hearing when he had his conversation with Ahia at the fish market. Anana was seen, but said he did not recollect anything about it. According to Crawford there were many other Hawaiians present who heard what was said."

### Milverton Wants to Know.

Deputy County Attorney Milverton was very anxious to find out where the reports of attempted bribery started. He was present when The Advertiser representative questioned Crawford, and he asked questions of his own. "I have tried very hard," said Milverton, "to find out where these rumors started and who is responsible for them." Milverton intimated that the authorship of the rumors might possibly explain them, as a backhanded opposition to the paving contract."

### Ahia Denies Everything.

Later, Supervisor Ahia denied that he had been offered any sort of a bribe for a vote for the paving ordinance. He turned down the whole story of attempted bribery, declared himself in favor of the paving ordinance anyhow and said that he had not heard any sixteen-hundred-dollar proposition, or any other proposition, to influence his vote."

"I am in favor of the paving ordinance anyhow," said Ahia, "and have been all along, except that there is not enough money in the county treasury to carry out the proposed contract."

"The statement has been made that Willie Crawford told you that you could get \$1600 by voting for the paving ordinance," Mr. Ahia was told.

Ahia repeated an emphatic denial. He declared that at no time had Crawford or anyone else ever offered him anything for a vote."

Ahia was asked if he could explain how the \$1600 rumor started, and said he could not account for it. None of the discussions he had had with anybody interested had developed any intimations of money being put up. "If any such proposition had been made to me," said Ahia, "I should have stated that I was not on the board for that kind of business. If the paving contract is a good proposition and can be carried out, I am for it. All I have said in answer to those I have talked with, just as I have said publicly at the board meetings, is that we have not enough money to do the work."

"I had a discussion with Mr. Gilman in his office. I agreed that the paving contract was a good one, but could not see that the county treasury could handle it. Never at any time during the discussion did Mr. Gilman drop any hint as to \$1600 or any other sum. There is absolutely no truth in any reports of efforts to offer me any money."

Ahia is one of those on record as opposed to the paving contract. He declared, however, that he believed it a good proposition, and said he would have supported it but for the fact that he thought the city and county had not enough money available."

### Aylett Fears Libel Suit.

In view of Crawford's contradiction and the denial on Ahia's part that he knew anything about the matter, Aylett was again interviewed last night. This time he was not so outspoken and would not allow Crawford to be named as the one who knew where sixteen hundred dollars could be found. He appeared amazed at Ahia's lapse of memory but made no comment. He again repeated his story of the attempt to buy his vote, but declined absolutely to say who had tried to do the buying. As a reason for not giving the name, he said that there were no witnesses, and he might be personally sued for libel."

The Advertiser representative suggested to him that if he would give the name of the party who made the offer, the Advertiser would take all chances of any damages for libel resulting from publishing it, but Aylett said he wanted to consult his attorney first."

"I told the young man," said Aylett, "that my vote was not to be purchased either for sixteen hundred dollars or a million dollars."

Aylett then gave as a further reason for not telling about who made the alleged effort to bribe him that the scandal affected many prominent citizens. It was pointed out to him that the scandal, as far as there was one, had already had full effect, and that the best way to clear all that might be connected with it was to name the "young man" who had offered a bribe."

"It would be his word against mine," insisted the supervisor. Aylett chimed in with Ahia's remark that the paving contract was a good one, but said there was not money enough available for it."

## NEW QUARANTINE OFFICER PASSES THE KOREA IN

Dr. E. R. Marshall, the new head of the United States marine hospital service at this port, arrived on the Pacific Mail liner Korea yesterday morning and being aboard he gave the vesper practice, relieving the local officer of that duty. This brought the Korea in to the Alahea wharf at an early hour. Dr. Marshall went over the crew, steerage passengers and cabin passengers on Sunday, finishing the inspection by Sunday evening. This was a pleasant surprise not only to the quarantine officials but to Mr. Klebahn, the steamship department of H. H. H. & Co., and all concerned. Captain Sandberg is again in command, and with "Billy" Allen in the officer's office the liner has a pair of men who are hard to beat for making their vessel popular with the traveling public.

The vessel has but a thousand tons of freight for the Orient and discharge of 455 tons of freight here.

Among the passengers for Honolulu are Mrs. Eleanor Vos, formerly Miss Mary, and her daughter Miss Annie, who are to visit with Mrs. Coney, Mrs. Coney, for a few months.

The Korea had 344 sacks of mail for the port.

## Kam Day on Wilhelmina.

Kamehameha Day was not forgotten aboard the Matson steamer Wilhelmina, according to the following long wireless account sent by Captain Johnson to Castle & Cooke, agents:

Kamehameha Day was celebrated on and today by a fine program of sports which was entered into with great interest both by the crew and passengers.

The highlight of the First Trust Company of Honolulu. A grand entertainment is being held this evening in

## the social hall, everybody well and happy.

## Monte Carlo on Korea.

The after deck of the liner Korea resembled an oriental Monte Carlo all day yesterday. Twenty-six separate games of chance were being conducted at one time by Chinese, mostly employees of the vessel. The games ran from chuck-a-luck and pai-kan to fan-tan and craps. The rattle of dice in china cups, the calls of the game keepers, the jungle of gold and silver and a surging throng about the tables indicated that gambling was a pastime among the orientals second to no other form of entertainment on board. Among the gamblers several of the swimming boys were seen, betting the money which they had picked out of the water, thrown to them by passengers as the Korea entered the harbor in the morning.

## Schwerin and Saunders.

When the Manchuria returns to Honolulu in July from the Coast she will be captained temporarily by Captain Saunders, and an important passenger will be R. P. Schwerin, general manager of the Pacific Mail company. The latter is en route to the Orient.

## Sparkless System on Transports.

Four United States Army transports are to be equipped with the sparkless system of wireless telegraph, says the Chronicle. The Dix, now at Seattle, is receiving the apparatus, and Dr. De Forest, inventor of the system, as well as the long distance wireless telephone, will be in San Francisco this month to install the instruments on the Buford. The transports Kilpatrick and Sumner will be equipped later.

The Dix will be the first vessel on the Pacific to use the new sparkless transmitter. The apparatus is noiseless and works on a different principle from the spark system, yet it can be operated directly with any existing spark telegraph, both sending and receiving.

Electricians are now engaged in installing the instruments on the Dix, and the apparatus will be thoroughly tested out before the vessel sails on the return voyage to the Philippines.

Dr. De Forest says that the sparkless apparatus weighs much less than the spark transmitter, uses relatively low potentials, and therefore there is no longer reason for the difficulties which vessel owners have experienced with the spark system in the way of insulation or inductive effects upon the ship's rigging.

## Wilhelmina Today.

Captain Johnson will bring the Matson liner Wilhelmina into port at an early hour this morning from San Francisco. The Wilhelmina has had good weather all the way from San Francisco and her ninety-six passengers have enjoyed the voyage. The vessel has 2000 tons of freight for this port.

## Warships Here Thursday.

Naval officers look for the cruisers Cleveland and Chattanooga to arrive here from Manila on June 16. The two warships are on the way home for repairs, one vessel to go to Mare Island and the other to Bremerton. They will be coaled here and may remain about a week. Captain Hugh Rodman, formerly attached to the Honolulu naval station, is in command of one of the cruisers.

## Lurline Off for Coast.

At six o'clock last evening the Matson steamer Lurline departed for San Francisco with a full cargo, comprising sugar, canned pineapples, bananas and other island products. The passenger list was a fair-sized one. The band was on hand and gave Captain Weedon and the passengers a lively musical farewell.

## Shipping Notes.

Transport Logan sails for Guam and Manila at five o'clock this afternoon.

The Belgian training ship l'Avenir was out sixty-one days yesterday from Newcastle. She is expected here daily.

The turret-deck steamer Heatdend will leave this evening for Moji, Japan, for orders. The Heatdend discharged a cargo of Newcastle coal at the Railway wharf.

The Pacific Mail company has installed on the liner Korea a handsome electric piano, which has been a great addition to the popularity of the vessel. Concerts are given daily at ten-thirty in the forenoon, and four and eight-thirty, four selections being played each time. Parser Allen finds that this mode of diversion is greatly appreciated by the passengers. Similar pianos will probably be installed in all the Pacific Mail boats.

On account of carrying combustibles, the Matson steamer Enterprise, Captain Youngren, which leaves today for Hilo, will take no passengers. The Enterprise will handle the movement of gasoline down to the islands for several trips, which prohibits her from carrying passengers. Coming up from the islands, however, the steamer will take passengers as usual. In addition to a heavy shipment of gasoline, the Enterprise takes fifteen head of cattle and considerable general merchandise. The Matson bark E. P. Ritiet, Captain Drew, is to square away on today's tide, for the Islands, carrying four passengers and a full cargo of general freight.—Chronicle

## MARINE REPORT.

By Merchants' Exchange.

Monday, June 13, 1910.

Grays Harbor—Sailed June 10, schr. Espada, for Honolulu.

Port Gamble—Sailed June 10, bk. Albert, for Hilo.

San Francisco—Arrived June 11, U. S. A. T. Sherman, hence June 3.

San Francisco—Sailed June 11, S. S. Columbian, for Seattle.

San Francisco—Sailed June 12, schr. W. H. Marston, for Hilo.

Grays Harbor—Sailed June 12, schr. Golden Shore, for Honolulu.

Salina Cruz—Sailed June 10, S. S. Alaskan, for San Francisco.

Hilo—Arrived June 7, schr. Sequoia, from Eureka.

Honolulu—Arrived June 13, schr. Muriel, from San Francisco.

## MARINE TIDINGS.

By Kahuku Wireless.

M. N. S. S. WILHELMINA, AT SEA, S. P. M.—103 miles from Honolulu. Moderate northeast winds and sea moderate.

P. M. S. S. KOREA, AT SEA, S. P. M.—39 miles. Stiff northeast breeze. Sea moderate.

## NEXT MAILS.

Coast, Orient and Colonial.

Mails are due from the following points as follows:

San Francisco—Per Wilhelmina, today.

Yokohama—Per China, June 18.

Vancouver—Per Manuka, June 25.

Australia—Per Marama, June 21.

Mails will depart for the following points as follows:

San Francisco—Per China, June 18.

Yokohama—Per Korea, June 13.

Australia—Per Manuka, June 25.

Vancouver—Per Marama, June 21.

## Army and Navy News

## BIG GUNS MAY BE HERE IN TWO MONTHS

According to rumors brought on the transport Logan, the great coast defense guns for the Fort De Russy battery may be shipped here in a month or two. The local army people are beginning to prepare for their coming. They may be shipped from San Francisco to Honolulu on the liner Wilhelmina, that vessel having been equipped with specially built masts to handle ordnance of the size of the De Russy guns.

## Record Firing.

SAN FRANCISCO, June 4.—The Sixty-fourth Company, Coast Artillery, stationed at Fort Miley, under command of Capt. G. F. Connolly, made an enviable target record in service firing yesterday with the twelve-inch disappearing guns at Battery Mendall at Fort Barry. The company was allowed four shots for record work, after firing three trial shots which were not counted. Every shot pierced the eight-foot triangular target, which was moving at a rate of seven miles per hour, at a range of between 4300 and 4400 yards. The projectiles, which weigh 1080 pounds apiece, left the frail craft in such a dilapidated condition that it was hardly worth towing to shore, and except for the necessity of measuring the tow line to determine the distance of the target from the cameras of the official scorers, would not have been.

It was so foggy on the ocean that firing was almost despaired of until about four o'clock in the afternoon, when a sudden breeze swept the haze curtain away, giving the gunners an opportunity to see the mark.

The concession from the huge firing range was so great that it shook the large buildings of the city to their foundations, causing great anxiety to many persons, who believed that an explosion had occurred at Pinole.

Today the Twenty-ninth Company, Lieut. H. A. Schenck commanding, and the Sixty-seventh Company, Capt. T. B. Steele commanding, will engage in service firing, the former at the twelve-inch barbette guns at Battery Greafrey and the latter with the ten-inch disappearing guns at Battery Mella at Fort Winfield Scott.

## To Drop Bombs.

NEW YORK, June 1.—At the military tournament to be held by the United States troops and the militia of several States at Chickamauga Park, near Chattanooga, Tennessee, from June 22 to 24, the government has engaged Charles K. Hamilton, the aviator, to conduct the most extensive practical experiments in aerial reconnaissance and bombardment ever attempted. He will carry aloft from 200 to 300 pounds of highly explosive nitroglycerin bombs.

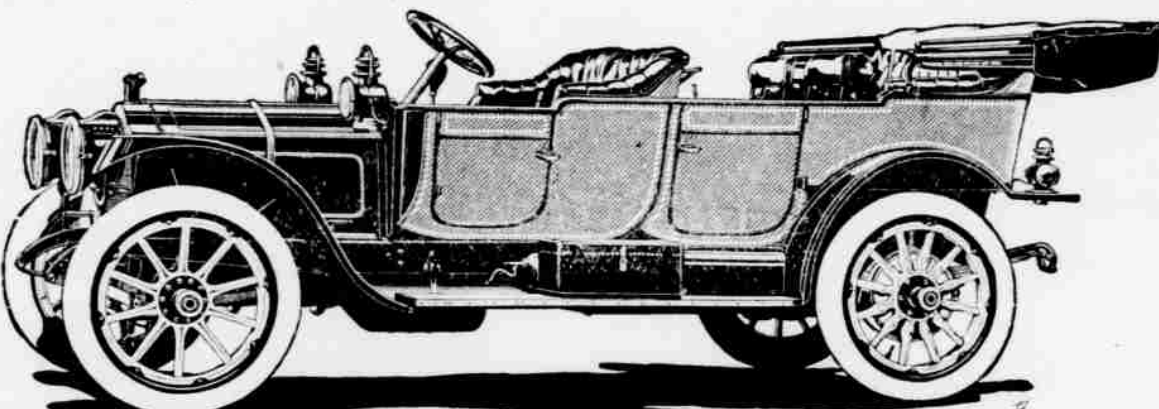

Racing at a speed varying from forty-five to fifty-five miles an hour, he will release this deadly cargo while at a height of a quarter of a mile above the earth, raining it down upon targets in the two-mile-square area below in seventy-five instalments. The

targets underneath will consist of dummy fortifications, batteries, arsenals, bridges, trains and troops.

Previous to Hamilton's performance he, in company with Lieut. Benjamin Foddis of the Signal Corps, in a Wright biplane, and other army officers in a war dirigible, will participate in the maneuvers of the troops as aerial scouts. During the four days of the war game there will be intricate evolutions and several grand sham battles. Foddis, with a Wright biplane, will be attached to one army as an observer, while Hamilton will be connected with the other.

## Major Dunning to Coast.

Maj. S. M. Dunning, commanding Fort Shafter post, received orders yesterday relieving him here temporarily and assigning him to duty at Atascadero during the fall maneuvers. Major Dunning, accompanied by Mrs. Dunning, will leave on the July transport, and will probably return in November to resume command of the post. In his absence Captain Chapman will be senior officer at Shafter.

## Fraternal Meetings

NOTICE.  
The Memorial Services of the Independent Order of Odd Fellows will be held at Odd Fellows' Hall on June 19, 1910, at 2:30 p. m.

**POLYTHESIA ENCAMPMENT NO. 1.**  
I. O. O. F.  
Meets every first and third Friday of the month, at 7:30 p. m., in Odd Fellows' Hall, Fort Street. Visiting brothers cordially invited to attend.  
L. L. LA PIERRE, C. P.  
L. L. LA PIERRE, Sec'y.

**EXCELSIOR LODGE NO. 1, I. O. O. F.**  
Meets every Tuesday evening, at 7:30, in Odd Fellows' Hall, Fort Street. Visiting brothers cordially invited to attend.  
J. S. SHARP, N. G.  
L. L. LA PIERRE, Sec'y.

**HARMONY LODGE NO. 3, I. O. O. F.**  
Meets every Monday evening, at 7:30, in Odd Fellows' Hall, Fort Street. Visiting brothers cordially invited to attend.  
HUGH E. MCCOY, N. G.  
E. R. HENDRY, Sec'y.

**PACIFIC REBEKAH LODGE NO. 1, I. O. O. F.**  
Meets every second and fourth Thursday, at 7:30 p. m., in Odd Fellows' Hall, Fort Street. Visiting brothers cordially invited to attend.  
MARY GRUBE, N. G.  
ALICE NICHOLSON, Sec'y.

**OLIVE BRANCH REBEKAH LODGE NO. 2, I. O. O. F.**  
Meets every first and third Thursday, at 7:30 p. m., in Odd Fellows' Hall, Fort Street. Visiting brothers cordially invited to attend.  
MARGARET FERGUSON, N. G.  
JENNIE H. MACAULAY, Sec'y.

**OCEANIC LODGE NO. 371, F. & A. M.**  
Meets on the last Monday of each month, at Masonic Temple, at 7:30 p. m. Visiting brethren are cordially invited to attend.  
J. A. PALMER, W. M.  
W. H. GOETZ, Sec'y.

**LEAHY CHAPTER NO. 2, O. E. S.**  
Meets every third Monday of each month, at 7:30 p. m., in the Masonic Temple. Visiting sisters and brothers are cordially invited to attend.  
NELLIE J. STEPHENS, W. M.  
ADELAIDE M. WEBSTER, Secretary.

**LEI ALOHA CHAPTER NO. 3, O. E. S.**  
Meets at the Masonic Temple every second Saturday of each month, at 7:30 p. m. Visiting sisters and brothers are cordially invited to attend.  
CORR A. BLAISDELL, W. M.  
MARGARET HOWARD, Sec'y.

**OAKU LODGE NO. 1, F. & A. M.**  
Meets every Friday at 7:30 o'clock, in Pythian Hall, corner Beretania and Fort streets. Visiting brothers cordially invited to attend.  
WM. JONES, C. C.  
O. HEINE, K. of R. & S.

**WILLIAM MCKINLEY LODGE NO. 8, F. & A. M.**  
Meets every second and fourth Saturday evening at 7:30 o'clock, in Pythian Hall, corner Beretania and Fort streets. Visiting brothers cordially invited to attend.  
H. A. TAYLOR, C. C.  
E. A. JACOBSON, K. R. S.

**COURT DAMON NO. 8110, A. O. F.**  
Meets every second and fourth Tuesday of each month, at 7:30 p. m., in San Antonio Hall, Vineyard street. Visiting brothers cordially invited to attend.  
GASPAR SILVA, C. C.  
LOUIS A. PERRY, F. S.

**DAMON CIRCLE NO. 240, C. O. F.**  
Meets every second and fourth Thursday of each month, at 7:30 p. m., in San Antonio Hall, Vineyard street. Visiting companions are cordially invited to attend.  
GASPAR SILVA, C. C.  
LOUIS A. PERRY, F. S.

**COURT LUNALILLO NO. 8600, A. O. F.**  
Meets every first and third Wednesday evening of each month, at 7:30 p. m., in Pythian Hall, corner Fort and Beretania streets. Visiting brothers are cordially invited to attend.  
W. KELLE, C. C.  
JAS. K. KAULIA, P. C. F. S.

**HONOLULU ABBE 140, F. O. E.**  
Meets on second and fourth Wednesday evening, at 7:30 o'clock, in Pythian Hall, corner Beretania and Fort streets. Visiting Eagles are invited to attend.  
W. R. RILEY, W. P.  
W. C. MCCOY, Sec'y.

**HONOLULU HARBOR NO. 54, A. A. of M. & F.**  
Meets on the first Sunday evening of each month, at 7 o'clock, at Odd Fellows' Hall. All surrounding brethren are cordially invited to attend.  
By order Worthy President, WM. E. YOUNG.  
FRANK C. POOR, Sec'y.

**THEODORE ROOSEVELT CAMP NO. 1, I. O. O. F.**  
Meets every second and fourth Saturday of each month, at 7:30 p. m., in Waverley Hall, corner Bethel and Hotel streets, at 7:30 p. m. By order of the Camp Commander.  
J. K. BROWN, Adjutant.

**HAWAIIAN TRIBE NO. 1, I. O. R. M.**  
Meets every first and third Thursday of each month, in K. of P. Hall, corner Fort and Beretania streets. Visiting brothers are cordially invited to attend.  
E. V. TOLM, C. of R.  
E. HIGGINS, Sachem.

**HONOLULU LODGE 618, B. P. O. E.**  
will meet in their hall, King street, near Fort, every Friday evening. Visiting brothers are cordially invited to attend.  
JAMES D. DOUGHERTY, E. R.  
GEO. T. KLUEGEL, Sec'y.

**HONOLULU SCOTTISH THISTLE CLUB**  
Meets on 2nd and 4th Fridays in the month at 8 o'clock, in Rooms 11 and 12, Alexander Young Building.

Honolulu Branch, No. 1162, Miller street, ground floor, Kilohana Art League building. First Tuesday of every month, at 7:45 p. m. Public Meeting. Visitors welcome. Other Tuesdays at 7:30 p. m., Lodge Meeting for Members. JAS. J. YOUNG, President.

**OUR MEATS**  
ARE ALL RIGHT.  
PROMPT DELIVERY EVERY DAY.  
C. Q. YEE HOP & CO.,  
NEXT THE FISHMARKET.

## LOVE SCOFFS AT LAW'S MANDATE

But Queer Freak of the Little Pink God Sends Bride Away From Her Husband.

The majesty of the law found itself impotent in the face of a simple little problem yesterday afternoon with the result that a little girl is gaily sailing to Japan, leaving her sorrowing husband on the shores of Hawaii.

A writ of habeas corpus was issued yesterday by Judge Whitney to K. Kawamoto on behalf of his bride Tsuru Kawamoto, Lorrin Andrews representing both in court. It fell to Deputy Rose to serve the writ and after considerable search he located those against whom it was directed on board the Pacific Mail steamer Korea.

They are Saburo and Ito Yanagihara, the father and mother respectively of little Tsuru Kawamoto who dimpled all over her pretty chin when the officer told her that her loving husband was eagerly awaiting her. Need less to say, Tsuru was on board the vessel with her stern and inflexible parents who, according to the petition for the writ of habeas corpus, were holding her contrary to law and against her will.

Rose served the writ in due form and the parents snuffed in a knowing way and graciously accepted it. It will hereafter be included in the family archives of the Yanagihara household in Nippon Dai.

The writ was returnable this morning but there will be very little return. The Mrs. Tsuru Kawamoto nee Yanagihara, sailed with her parents.

Lorrin Andrews was quite worth over the matter and wanted to have the whole family "pinned," but what Deputy Rose is the most accommodating officer who ever sat on the lid, he could find nothing in the writ that warranted such a procedure.

The parents claimed that Tsuru was eighteen years old, but she looked very much younger and was probably only sixteen. When asked on the vessel whether or not she wished to return to her worse half, she blushed becomingly and answered "No."

The parents claimed that Tsuru was eighteen years old, but she looked very much younger and was probably only sixteen. When asked on the vessel whether or not she wished to return to her worse half, she blushed becomingly and answered "No."

by Charles Chillingworth. Decision will be rendered today.

A hurry call for the patrol wagon yesterday started the residents down King street to Pihok, the wagon covering the distance in a few minutes to pick up a boy reported to have fallen off a car and broken his neck or something. The supposed accident occurred opposite the Kaahumanu school but on the arrival of the officers there was only a crowd of small boys admiringly examining a bump on the victim's head.

## QUINN NOT GUILTY, BUT WAS BLAMEABLE

A warm trial that was expected to furnish considerable excitement at the closing, yesterday opened out weakly when Judge Andrade fined Tom J. Quinn, brother of Supervisor Quinn, \$15 on a charge of heedless driving.

From this exceedingly light sentence, Attorney Lightfoot for the defendant promptly noted an appeal and there is said to have been hard feeling expressed between Andrade and Lightfoot in consequence of the sentence.

The judge remarked while passing sentence that he believed there to have been more personalities than necessary indulged in during the trial. The court also partially exonerated Tom Quinn and his rambling auto for wandering into the Chinese vegetable wagon and breaking it up, saying that while Quinn was not exactly guilty of the charge he was blameable to the extent of \$15.

The judge remarked while passing sentence that he believed there to have been more personalities than necessary indulged in during the trial. The court also partially exonerated Tom Quinn and his rambling auto for wandering into the Chinese vegetable wagon and breaking it up, saying that while Quinn was not exactly guilty of the charge he was blameable to the extent of \$15.

books just received; also a ship-  
ment of reprint editions containing  
new titles.

## PINECTAR

SHIP DANCE THE  
LATEST INVENTION

CHICAGO, June 6.—It won't be  
long after the United Professional  
Dancers of Dancing get through hold-  
ing their convention at the Grand  
Hotel to speak of "tripping  
the light fantastic toe." That sort of  
thing will have gone out of fashion.  
There won't be anything for the light  
fantastic toe to trip over.

The reason for this lies in the fact  
that Professor J. C. Bush of Connors,  
Ind., has invented and intends to  
patentize through the convention the  
latest thing in dancing, namely, the  
"trip of the foot." That is, it is ex-  
actly the same as the "trip of the foot,"  
but it is what the professor  
calls it. A new translation,  
said, would be, "trip of the foot,"  
or "Airsip trip" or "Balloons  
trip."

It is this way, "all the professor  
says, 'people say too many things  
to glide. They wobble too fre-  
quently; they ought to float. They  
should themselves take a swim; they  
should take it coolly and swim.'"  
There's to be no tripping in this  
dance; no hopping, no galloping," an-  
nounced the professor.

## LOCAL BREVITIES.

The ladies' aid society will hold its  
regular monthly meeting this afternoon  
at half-past two at the residence of  
Mrs. J. W. Wadman, 1036 Green street.

Berger's boys will hold melodic sway  
on board the transport Logan this after-  
noon, giving the traveling soldier boys  
a chance to get acquainted with Aloha  
Oe and other tropical times.

A cablegram was received yesterday  
announcing the death of Mrs. Mendosa,  
wife of Dr. L. A. Mendosa of Spring-  
field, Illinois, and sister of Mrs. J. D.  
Marques and Mrs. J. R. Freitas of this  
city.

The St. Clement's branch of the  
woman's auxiliary will hold fortnightly  
meetings during the summer at which  
all women connected with the parish  
and interested in missions will be cordi-  
ally welcomed. A course of readings  
on Alaska will be followed. For the  
present the meetings will be held at  
Mrs. Harrison's at Waikiki, on the Ewa  
side of the aquarium. The first of them  
will be Wednesday, June 15, at three  
o'clock.

Mrs. Ellen Umikalani Woodward,  
widow, passed away at 8:45 o'clock  
Sunday night after an illness of one  
week. The deceased was seventy-six  
years of age. She leaves four sons,  
Joseph, Albert, Edward and Daniel;  
two daughters, Hannah and Mrs. Emily  
Roche, and several grandchildren. The  
funeral took place Monday afternoon  
at four o'clock from her late residence,  
1517 Lazo street, and the services were  
held in Kawaiahao church.

## PERSONALS.

Major Ephraim Godfrey Peyton called  
on Acting-Governor Mott-Smith yester-  
day to pay his respects.

Deputy Attorney-General Lymer re-  
turned from Hilo Saturday. He had  
no encounter with Judge Parsons, and,  
in fact, says that Parsons treated him  
with the greatest respect and gave him  
everything he wanted.

Miss Annie Decker, a high school  
girl, left for San Francisco yesterday  
on the Lurline to study music. She is  
accompanied by her brother Harry.  
Also in the party is Miss Minette  
Rhodes, the little vaudeville singer and  
dancer who came here with the McRae  
company and has lately appeared at  
the Park theater. Her mother also re-  
turned on the same vessel, but will re-  
turn to Honolulu in the near future,  
with her husband to make their home  
here.

QUARTER CENTURY  
WITH ONE FIRM

Kamehameha Day was an impor-  
tant one in the history of Antone  
Fragas, for on that day he ended a  
quarter of a century's faithful service  
in the employment of Hoffschlaeger &  
Co. The occasion was remembered by  
the company, which presented Fragas  
with a substantial present, while the  
other employees also added congratula-  
tions and gifts.

## BAND CONCERT.

The Hawaiian band will give a moon-  
light concert tonight at Thomas Square,  
commencing at half past seven. The  
following program will be rendered:

Salute to Old Glory.....De Longpre  
Overture—America.....Catlin  
Hats Off for the Flag.....Sousa  
Selection—Bohemian Girl.....Balfe  
Vocal—Hawaiian songs, Ar. by Berger  
Fantasia—Old Folks at Home.....Dalbey  
Mazurka—Tudiana.....De Longpre  
Finale—An Moku.....Berger  
The Star Spangled Banner.

## NO PLEASING HIM.

"Willie, what's your little brother  
crying about?"

"'Cause I'm eating my cake and  
won't give him any."

"Is his own cake finished?"

"Yes, Mar, and he cried while I was  
eating that, too!" Comic Cuts.

## A SEA CHANGE.

Faddy—So Bix has given up his  
door-walking job and become a purser  
on a steamer?

Duddy—Yes; from seeing the sales  
he's turned to sailing about the seas."

—Boston Transcript.

## New Lingerie Dresses

In Mull, Barthele and French Lawn. All  
beautifully trimmed and each one a dis-  
tinct work of art.

See our large Beretania street show  
window.

shipment of Ladies' Untrimmed Hats,  
in all of the newest straws and latest  
shapes. If you give us an order you  
are sure of satisfaction.

## Ladies' Canvas Bathing Shoes

The new kind, with flexible straps.

## SACHS DRY GOODS CO.

Corner East and Beretania.  
Opposite Fire Station.

SUPPLY PASTOR IS  
TO ARRIVE TODAY

REV. DR. F. N. WHITE.

Who Is to Supply Central Union for  
Eleven Sundays.

Among the passengers on the Wil-  
helmina, which will arrive this morn-  
ing, are the Rev. Dr. and Mrs. Frank  
Newhall White of Chicago, the former  
coming to fill the pulpit of the Central  
Union Church while Doctor Scudder is  
on his vacation.

Doctor White is one of Chicago's  
strongest preachers. Before graduating  
from Ripon College in 1878 he went to  
Andover Theological Seminary and took  
his degree there in 1881. From that  
time until 1886 he was pastor in Han-  
cock, Michigan, resigning to go as mis-  
sionary of the American board to Japan,  
where he labored with great success  
until 1893. At that time illness in his  
family caused him to return to America.  
From 1894 to 1898 he was pastor in  
Burlington, Iowa; from then until 1900  
in Cheyenne, and from 1900 to 1904 in  
Sioux City.

Since the latter date he has minis-  
tered to the Union Park Congregational  
Church in Chicago. This is the famous  
Seminary Church, and wields large in-  
fluence. Under Doctor White's inspir-  
ing leadership the church has prospered,  
though now far downtown, and is about  
to erect a parish house to cost \$100,000,  
where the church's social work will  
center.

Doctor White will speak next Sunday  
both morning and evening.

MAN ON THE BOX  
IS WELL PRESENTED

"The Man on the Box," the play  
which served as a starring vehicle for  
one of America's cleverest leading men,  
Henry E. Dixey, and later for that  
rising young actor, Max Fagan, is the  
offering of the Henry McKee players  
for the first half of this week.

"The Man on the Box" is billed as  
a comedy, and while it has some deli-  
ciously funny lines, it has also a deep  
dramatic incident, covering the buying  
of the plans of some of Uncle Sam's  
fortifications by a Russian agent. Only  
the first of the three acts of the play has  
a comedy curtain, for the second act  
ends with a speechless scene of pretty  
sentiment and the last act has the ap-  
proved "lived happy ever after" finish.  
There is comedy in the masquerad-  
ing of the hero as a groom to be near  
his sweetheart, but there is enough sen-  
timent in the love-making and dramatic  
interest in the saving of the army plans  
to overshadow the comedy.

The title role of the man on the box,  
who masquerades as the coachman,  
is well handled by George Webb, for he  
gets all there is to be had out of the  
comedy scenes and makes just as in-  
tense love as ever.

Miss Laura Hudson gave a splendid  
first night performance of the long role  
of Miss Betty Annesley, but it gave her  
no real chance for deep dramatic work  
at which she excels.

Louis Morrison, as the father of the  
heroine, did not have a very long part,  
but he played it well and was received  
on his first entrance with a big round  
of applause.

Griffith Wray had the other comedy  
part of the piece and got as many, if  
not more laughs than the coachman.  
Both James Dillon and Sherman Bain-  
bridge were called upon to play doubles,  
and they handled them fairly well, al-  
though a double in a cast is always  
regretted. The cast follows:  
Lieut. Robert Worburton, George Webb;  
Chas. Henderson, John Griffith Wray;  
Colonel Annesley, Louis Morrison;  
Count Karloff, Ivan Miller;  
Colonel Raleigh, Sherman Bainbridge;  
Mon. Pierre, James Dillon;  
Judge Watts, Edward Lawrence;  
Clerk of the Court, John Marshall;  
Officer O'Brien, John Marshall;  
Officer O'Brien, John Marshall;  
Miss Betty Annesley, Miss Laura Hudson;  
Nancy Worburton, Miss Blanche Morris;  
Mrs. Gowan, Miss Louise Melrose;  
Comanche, Miss Miss Keady.

PROHIBITION IN  
THE HOP COUNTRY

PORTLAND, Oregon, June 7.—One  
gon will vote on state-wide prohibition  
in November and the campaign of the  
wets and drys is now running into  
form. A peculiar condition exists here  
because of the fact that Oregon is the  
first State of the Union in hop pro-  
duction. The growers are perturbed about  
the future of their hop crops if they  
encourage the prohibition wave.

To allay these fears, the prohibition  
workers are laboring with hop farmers  
to convince them that they are equally  
profitable crops and that they will have  
a great deal to do with the hop crop  
of the hop growers on the prohibition  
question. Just now they are baffled  
that with the threatened decrease in  
beer consumption will come a decreased  
demand for their hops.

HOTEL  
STEWART

## SAN FRANCISCO

Geary Street, above Union Square  
Just opposite Hotel St. Francis

European Plan \$1.50 a day up  
American Plan \$3.00 a day up

Steel and brick structure, furnish-  
ings cost \$200,000. High class hotel

## HUMAN NATURE ON STAGE AT EMPIRE

A Lady Raffles, Edythe Elliot as she is called, at the Empire last night what she never did at the opera-house, playing a none too startling role in such a natural, unassuming manner that her work was real art. The role could have been played in two ways, the way it was or with gaudy sentiment and heroics that would have made it unbearable. Handled by Miss Elliot, it was as pretty a piece of acting as was ever performed before Honolulu foot-lights.

Charles Royal, the author of the sketch, played a dual role of a Frisco detective and a Swedish janitor and shone as the latter. Royal's heroine in the detective kind were original with Royal, and not being muddled on such lines, he rendered his part in a halting manner that made it perfect reality. The sketch can be summed up in the few words with which Royal closes it after he has given his last dollar to the woman he has come to arrest. "Human nature! Don't it beat Hell!"

## SEND ONE AWAY.

One of the most beautiful of the annual attractions in Honolulu is the floral parade on February 22. This year the cars and floats were decorated with such exquisite taste that they were praised by many hundred tourists who were in the city and who viewed the procession. Official photographers made pictures of all, the best of which were selected by the committee in charge and published in pamphlet form by the Hawaiian Gazette Co., Ltd. These are on sale at the Advertiser office, on King street between Fort and Bethel, at twenty-five cents each. The postage on a copy is three cents to any part of the world.

## BUFORD ON DRYDOCK.

The United States Army transport Thomas, which has been lying at anchor in the stream, took a berth on the north side of the transport dock yesterday afternoon, where she will be stripped of her properties preparatory to being laid up for an extensive overhauling. The Buford shifted from Fishon (reed) wharf yesterday to Hunter's Point drydock, where she will be put in condition for her voyage to Alaska with troops, leaving here June 20th. Captain Conroy, who is to be quartermaster of the Buford, arrived here yesterday from Monterey.—Chronicle, June 3.

## PINEAPPLES AND MOVING PICTURES

H. P. Wood Doing Good Work  
Along the Boardwalk—Juice  
Makes Hit by Itself.

Hawaii is the one big name along the Atlantic City Boardwalk this summer.

Secretary Wood of the promotion committee, who is in charge of the Hawaii bureau there, has made good, and the Hawaiian products are selling like hot cakes. The new pineapple juice, a side product of the Hawaiian Pineapple Company, is making a great hit, and the supply is unequal to the demand. Secretary Wood secured 442 cases of the juice which the New York representatives of the pineapple company had stored in Philadelphia and this will help out.

Secretary Wood has also cabled to Assistant Secretary Cooper to duplicate the original order for Hawaiian articles, including fans and curios of all kinds. The first shipments went by fast freight across the mainland and much by the Tehuantepec route.

## Surfing Pictures Make Hit.

The Atlantic City Evening Union of May 29 says of the Hawaii exhibit: Atlantic City and the enterprising business men of Honolulu and Hawaii signed a treaty of eternal friendship through the agency of H. P. Wood, director of the Hawaii exhibit here, on one hand, and the City Business League on the other, as a net result of the "Hawaiian Night" entertainment provided last evening by Mr. Wood and his associates.

Nearly a hundred league members thoroughly enjoyed a fascinating display of moving pictures showing many curious features of life in the Pacific islands, interestingly explained by Secretary Wood, and made doubly enjoyable by intermissions with music by the quartet of musicians and soloists brought to this city for the Hawaii exhibit on the Boardwalk. Then there were addresses by Secretary Wood and members of the orchestra and another Hawaiian visitor who spoke in his native tongue, and to cap the climax Secretary Wood was unanimously elected an honorary member of the league.

In expressing his thanks for this signal honor the wide-awake boomer from Uncle Sam's Pacific Ocean outpost said that the civic and commercial bodies of Honolulu and Hawaii believed Atlantic City to be the "best advertising point in America," and were looking up their faith to the tune of \$27,000. Then came a pineapple lunch with pineapple such as Atlantic City has never known before, canned right on the plantation in Hawaii for consumption all over the world.

One of the most interesting features of the moving picture display had to do with "surf riding," the greatest of water sports at Hawaii. Young men swim out into the surf a quarter of a mile or so from shore with boards of curious formation and boarding their curious craft ride back to shore on the crest of waves with the speed of an express train. The pictures convinced the spectators that the sport must be very exciting and attended by no little danger until the knock is acquired.

John Peterson, leader of the Hawaii quartet, suggested that the business men should send a delegation of its members to Hawaii to study the sport, acquire a supply of the riding boards,

and introduce the sport here. There was some doubt, however, as to the practical side of this suggestion, the surf here being more rough as a rule than the flow of the sea on Hawaii's coast.

DELIVERS ADDRESS AT OAHU COMMENCEMENT

Commencing "Commencement Week" the Rev. John P. Erdman yesterday delivered an address before the two graduating classes of Oahu College, choosing as his subject, "The Elements of Religion."

The senior classes of both the college and the preparatory school were present in their full membership at the Central Union Church where the address was given. Rev. Erdman spoke aptly on his subject, a musical program being rendered by the glee club of the college.

Both today and tomorrow, the graduates will be occupied with the examinations that commenced yesterday and on Thursday the commencement exercises will be held in Charles R. Bishop Hall.

## THIEVES ARE CAUGHT WITH HANDS IN SACK

After landing harness and onto sun dry thieves, a large variety of gamblers, mango thieves and murderers, chief McDuffie yesterday caught a gang that has been persistently stealing coal from the Inter-Island coal wharf. The four men arrested on this charge and now held for investigation are Pu Noke, John Maika and Maika, all natives. They have for some time past been robbing the company on a wholesale basis and were probably realizing considerably from their ventures. The chief is gathering evidence against them.
