## TO KNOCK OUT FRANCHISE

THE GOVERNMENT PROCEEDS AGAINST TRAM COMPANY.

Pain and His Mules Have Not Complied With Original Contract and Must Go—Positions of Home Rulers.

The Territorial government will at once proceed in the courts against the Hawaiian Tramway Company for the cancellation of that concern's franchise. It is the intention to, if possible, wipe out the old contract and with it Pain's old mules and dirty chariots.

Attorney-General Dole will this afternoon begin work on papers that will bring the matter before the courts in its strongest aspect. Before the week is out these papers will be ready and will have been served.

The most serious charge the government will make against the Tramway Company is that it has not complied with the terms of its franchise; it has not given a reasonably good service to the public; its cars have been dirty; schedules poor and a general disregard for the public has been always manifest; the grade has not been kept up, as ordered from time to time by the Superintendent of Public Works; in fact there has been, all through, a disposition to disregard the orders of the government and to let have come flat-footed refusals to regard them at all.

The clash between the government and tram outfit promises to be a lively one. The latter claims to have the protection of the Home Rule party and will run under the maternal wings of that political factor in case things get too hot. It is said that the Independent have promised Mr. Pain a full and free franchise. There are indications of some such understanding, for only last week Pain paid Theresa Wilcox's milk bill, amounting to over \$300, to Cecil Brown.

### WRIT OF MANDAMUS.

An Effort to Compel The Granting of Building Permit.

Judge Humphreys has issued a writ of mandamus commanding Superintendent of Public Works McCandless and the Assistant Superintendent W. E. Rowell to issue a permit to Kan Wing Chew for a two story frame wooden building on Chinatown district, or to appear in court and show cause if any they have, why they do not.

The mandamus was issued on the petition of Kan Wing Chew, setting out that he had filed application for the permit, complying in all particulars with the law, but that a permit had been refused. Lorrin Andrews in an affidavit in support of the petition says that Rowell told him February 23, that the application was in proper shape, but asked why Kan Wing Chew did not build a brick building. Andrews further says he is informed and believes that McCandless has instructed the employees of his department, and those in the Board of Health department, and especially those in the Chinatown district, to delay and hinder any and all applications for permits for wooden buildings in the Chinatown district.

The answer of the defendants will be filed at 4 o'clock this afternoon.

## RENEWS THE OLD LICENSE

BILL INTRODUCED IN SENATE BY CARTER.

Provides License According to Sales As did the Old McCandless Act—The Bill in Full—Fate Doubtful.

Senator Carter has introduced in the Senate a bill restoring the old McCandless scheme of regulating merchandise licenses. Following is the bill in full:

Section 1. Sections 75 and 76 of Act 64 of the Session Laws of 1896, being sections 754 and 755 of the Penal Laws, are hereby amended to read as follows: Section 75. The annual fee for a license to sell goods, wares and merchandise, to be known as a "Merchandise License" shall be as follows: If the annual gross sales for the previous twelve months, including tobacco, cigars and cigarettes, were, or are estimated to be for the succeeding twelve months, less than Twenty Thousand Dollars, the fee shall be Fifty Dollars. If Twenty Thousand Dollars or over, the fee shall be three-eighths (3/8) of one per cent of the annual gross sales.

Section 76. Any person desirous of obtaining a license to sell goods, wares or merchandise, shall apply in writing to the Treasurer of the Territory, setting forth under oath the following facts, viz.: 1. His name and nationality, if the application is in the name of a corporation or firm, or store name; such name as well as that of the applicant in person shall appear in the heading, and only an officer of a corporation and a member or other person authorized or empowered by letter to sign a firm name, shall be allowed to sign or swear to an application. 2. The location where the licensed business is to be carried on. 3. The nature of the business and the kind of articles which he intends to sell. 4. Whether he has previously held a merchandise license, and if so, the number and date of the last such license held by him, the location of his place of business, and the amount of the gross sales made by or for him during the preceding twelve months. If he has not previously held a merchandise license, he shall state the amount of sales which he expects to make during the succeeding twelve months.

Section 2. This Act shall take effect upon its publication.

### MORE MAUNALEI TROUBLE.

Owners of Land Want Protection From Court.

David Dayton, trustee of the estate of Walter Murray Gibson, William H. Pain and Paul Neumann have asked the Circuit Court for leave to intervene in the suit of Gear, Lansing & Company and the Maunalei Sugar Company. They allege that they own the lands on Lanai which the company leased for a sugar plantation; that Gear, Lansing & Company leased it of them for fifty years at a rental of \$25,000 for the first two years, payable quarterly; that the lease was assigned to the Maunalei Sugar Company of which Gear, Lansing & Company were and are the agents, and of which on the incorporation of the company were the largest stockholders; that the rent due April 1, 1900 was not paid, and that the company was delayed at the request of Gear, Lansing & Company, and so as not to hamper the reorganization of the company which was being attempted, that in February and March, this year, demands were made for the rent due but Gear, Lansing & Company said the company had no money with which to pay it. The intervenors then on March 5, authorized L. M. Vettesen to distrain for the rent and on March 6 were served with copies of Gear, Lansing & Co's bill and the injunction from the Circuit court enjoining them from distraining. Holmes & Stanley for the intervenors. Their motion is supported by the affidavits of Paul Neumann and W. H. Pain.

The motion came before the Circuit Court at 10 o'clock this morning but hearing was postponed until 4 o'clock tomorrow afternoon.

## SENATOR PARIS' ITEMS

WANTS MONEY FOR COURT HOUSES FOR HAWAII.

Appropriations for Roads and Wharves Asked For—Senate Now in New quarters Will Commence Work Earlier.

The Senate met this morning met in its new quarters, on the second floor of the Bungalow, next to the Officers' Club. Two rooms, thrown together and neatly fitted up, were there at the disposal of the body.

House resolutions 3 referring to fire limits, and 4, referring to regulations of the Board of Health, were read, but were returned on motion of Cecil Brown on account of the fact that they had not been properly certified to.

Mr. Kaluaokalani, for the Printing Committee, reported three bills printed and ready for distribution.

A petition from Japanese residents, praying that the Gilliland fire claims bill be not passed, was read and tabled to be considered with the bill.

The petition was signed by S. Ozaki, S. Kojima, T. Ishikawa, Y. Soga, H. Kihara, K. Ono, R. Sumagao.

Mr. Achi asked for a majority report of the committee to which the Governor's estimates had been referred. Mr. White, of that committee, asked for two days more time and the same was granted.

Mr. White, for the new quarters committee, made his final report and the committee was discharged.

Mr. Carter offered a resolution, providing that in future the Senate meet at 9:30 a. m. daily. Mr. Crabbe moved to make it 9. The resolution carried by a vote of 12 to 2.

Mr. Paris introduced the following resolution:

Be It Resolved, That the following items be inserted in the appropriation bill:

\$5,000 for court house and jail at Kailua, N. Kona.

\$3,000 for court house and jail at Hookea, S. Kona, Hawaii, to be built on upper road.

\$1,000 to widen the main government road from Huchue, N. Kona, to the boundary of S. Kona from 16 feet to 20 feet.

\$12,000 to widen the upper road in S. Kona, from the boundary of N. Kona to Hookea.

\$500 for a wharf shed at Hookea, S. Kona.

\$800 for widening the wharf and building a wharf shed at Keahou, N. Kona, \$12,000 to build or extend the Kailua wharf so ships can discharge their cargoes.

\$1,000 to widen the channel at Hookea, S. Kona.

Mr. Paris gave notice of his intention to introduce a bill to amend Chapter of the Ballon Compiled Laws relating to witness fees; to amend the same, relating to Juror's fees; and to amend Section 837 Revised Statutes relating to Internal Taxes.

Mr. Achi gave notice of his intention to introduce amendments to rules 62 and 41.

Cecil Brown gave notice of the following bills: An Act to provide legible and uniform recording of instruments and documents required by law to be recorded.

An Act to secure accurate registry of the values of transfers of property.

On motion of Senator Kaluaokalani, House Bill 1, relating to expenses of the Legislature, was taken from the table. After a deal of talk on whether or not it should be engrossed, it was decided to pass it to third reading at once.

At 11:50 recess was taken to 1:30 p. m.

### SUIT FOR DIVORCE.

Marie Josephine Hall has begun proceedings for divorce from her husband, William A. Hall, on the ground of adultery and non-support. The husband is alleged to own property worth \$30,000. Judge Humphreys this morning granted the wife \$15 a week alimony, pendente lite.

### TITLE FOR LAND.

The Hawaiian Trust & Investment Company has filed a petition in the circuit court setting out that it is the guardian of the minor children of J. K. Kahookano, deceased, that at the time of Kahookano's death he held the legal title of certain real property from Francisco De Almeida Marquez on the ground of desertion. A divorce has also been granted Anna Kahookano from Kilikoi for failure to support, cruelty and habitual intemperance.

### DIVORCES GRANTED.

A divorce has been granted by the Circuit Court to Kela Kaha Marquez from Francisco De Almeida Marquez on the ground of desertion. A divorce has also been granted Anna Kahookano from Kilikoi for failure to support, cruelty and habitual intemperance.

## EARLY MORNING WORKERS

HOUSE OPENS ITS SESSION AT 9 O'CLOCK.

Resolution Repealing Board of Health Regulations—Some more Questions for Superintendent McCandless.

The House this morning began its session at 9 o'clock so as to enable it to get through its work within the sixty day limit.

It adopted a resolution providing for the reimbursement of Hawaiian postmasters whose stocks of Hawaiian stamps were destroyed by the Federal post office department following the changes of June 14. Then it refused to reimburse H. M. Dow for overpayments into the treasury through clerical error, though a committee had reported certifying the correctness of the amount claimed and recommending that it be paid.

House Bill No. 2 emergency appropriations for road repairs was called up and precipitated a lively debate.

W. Nelson, Kane, Joe de Rigo, Noah Kalua, Solomon Pahukoa, and Kimo are the names given by the authorities. While the police have been aware of the alleged robberies since only last Saturday, when Manager Pain reported the occurrence to them.

The despoiling of the street cars is said to have extended over a period of several weeks. Just when the robberies were inaugurated however is not certain.

Some time ago after he returned from abroad Mr. Pain noticed that the receipts of his cars were falling off very materially. Had the rapid transit company been in operation he might have found a logical explanation but when there was absolutely no opposition and the public had no choice of street car transportation there was no reason why there should be such a deficiency in the receipts. One fact was evident, cars which had been in the habit of netting from \$35 a day and upwards suddenly began to drop to \$15 and less.

Mr. Pain and his assistants kept tabs on the different drivers and at length formed their suspicion as to who were the guilty parties if indeed the deficiency was caused by dishonest causes.

The police were notified of the affair last Saturday and Detective Kaapa was detailed to investigate. David provided himself with about \$30 in marked nickels. These he proceeded to drop into the pay boxes in the various cars. The officer reasoned that when the boxes were opened after the run of the cars were finished and any deficiency in the number of marked coins, was found there would be excellent evidence that the box had in some way been robbed. Just how the robbery might have been committed was at first unknown to the officer. It might have been before the money was shifted out of the change shute or else after the money had been dropped into the cash box below. The suspected drivers might have had skeleton keys by which they secured entrance into the cash box which held the money and are directly underneath the cash shutters where the fares are dropped by the passengers.

On Sunday Detective Kaapa did considerable riding on the tramway lines. He went over the Waikiki branch, then he took a jaunt out Punahou then he rode over the Nuuanu street line and also rode to the Palama end of the road. He did this riding not only once but various times. Last night he took the six men into custody.

On being searched the officers found on Nelson, Rigo and Kalua an instrument by which the robberies are thought to have been committed. This instrument is quite ingenious. It is made of a piece of tin about two inches wide and about ten inches in length. The tin is doubled over so that it is only an inch in width but still retains the original length. Then a little cut is made, separating the lips of one of the ends, thus making a pair of tweezers. The lips of the tweezers are particularly sufficiently to permit any coins from a five cent piece to a dollar being inserted and held. The boxes are robbed by inserting this tweezers through the top slot where the money is dropped and catching the hold of the coin and drawing it out. These change shutters are divided into three or four compartments to which there are sliding bottoms. The compartments are in plain view as they are made of glass. When ever the driver desires to empty a compartment he pulls a string moves the bottom and the coins drop into the receptacle below.

After the coin is dropped from the top compartment to the one directly below it, the money can not be secured except by breaking through the glass. The theory of the officers is that the cars were robbed by means of the improvised tin tweezers. The implement was inserted in the top compartment and the money removed from there. Just when the offenders, whoever they were, chose to rob the shutters is not now known. It could scarcely have been attempted while there was danger of discovery. Evidently the work was done while the cars were at the end of the various divisions and there were no passengers near to observe what was being done.

One of the prisoners informed the detective that the implement had been given the drivers by a man who recently came from the Coast. No attempt has been made to question the men closely regarding their suspected participation in the robbery of the cars.

### A GOOD COUGH MEDICINE FOR CHILDREN.

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well-known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or other harmful drugs." Sold by all dealers. ## THE STREET CARS ROBBED

A WHOLESALE CONSPIRACY UNEARTHED.

Six Tram Car Drivers Under Arrest Pending an Investigation by the Authorities—Scheme Discovered.

Six of the drivers for Pain's tramcars are in close confinement at the police station pending an investigation. It is thought that the crowd are concerned in a wholesale scheme by which the receipts of the men were insurmountably a very ingenious scheme by which the passengers in the cars have been despoiled.

The scheme is new to Honolulu and, according to one of the men, was introduced but a short time ago by a newcomer from the Coast. To David Kaapa, of the local detective force belongs the credit of making the arrests and discovering the scheme by which the robbery is thought to have been accomplished.

W. Nelson, Kane, Joe de Rigo, Noah Kalua, Solomon Pahukoa, and Kimo are the names given by the authorities. While the police have been aware of the alleged robberies since only last Saturday, when Manager Pain reported the occurrence to them.

### WAIALEALE NOT INDICTED.

The grand jury at Lihue refused to find an indictment against ex-deputy sheriff Waialeale on the several charges of embezzlement so no criminal proceedings were brought against him at this term of court. The grand jury has finished its work at the Lihue circuit.

### FORT STREET BURGLARY.

Mow Chan the proprietor of a cigar store on Fort street maika of King, reported that his place had been entered some time between Saturday evening and Monday morning and robbed of a quantity of stock and about \$5 in cash. He thinks that the robber secured entrance through the jewelry store this theory does not seem plausible. The burglar is believed by others to have gotten into the store in the day time of Saturday. This makes the third robbery within a week that has occurred in that part of Fort street.

### MAY BE FATAL.

Information was received at the police station this afternoon of a stabbing affray between two Chinese employed on Lunalilo street next to the residence of Paul Isenbrey. The Chinese got into a quarrel this morning and according to the report one of them was stabbed and the wound was quite serious and the man was removed to the Chinese hospital where a doctor attended him. The assailant has not been arrested at 2 o'clock this afternoon.

### IMPASSABLE MUD-HOLE.

Much complaint is made of the deep mud and water which stands on the road leading from King street to Oahu prison. It makes the road almost impassable. Louis Toussaint in describing it this morning said he was looking for a canoe to navigate this part of the street as all other means of passing through it were impracticable.

### PRIZE FOR THE PROVIDENT.

A policy holder in the Provident Savings Life Assurance Society writes: "I am more than pleased with my policy in your company, and I am a holder of a number of large policies in the first-class companies. ## SUGAR ON HAWAII.

The sugar on Hawaii reported by the Kinai is: Waiakea, 10,000; H. P. M., 5,000; Wainaku, 4,000; Onomea, 16,000; Pepeekeo, 15,000; Honoumuli, 11,000; Hakalau, 9,000; Laupahoehoe, 1,000; Kula, 5,500; Hamakua, 7,000; Pahoa, 11,000; Honokaa, 9,000; Kukuhaele, 2,500; Punaluu, 10,000; Honoapa, 6,000. Total, 120,600.

## NO ROUGH WEATHER HERE.

The Hilo Tribune states that the American was delayed loading freight at Honolulu on account of the heavy weather. This is an untrue statement. The American lay alongside the railroad wharf where she was out of the way of rough weather.

# Another Large Shipment of Angle Lamps

"THE ANGLE LAMP" The Light that Never Fails

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the Islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but besides being infinitely cheaper it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the ideal light from every standpoint. We carry these lamps from \$1.50 up.

## Short Breath

from going up stairs, walking,  
sweeping, singing or talking  
comes from a weak heart. So  
does fluttering or palpitation of  
the heart, fainting spells, chok-  
ing sensation in the throat,  
smothering or sinking spells and  
irregular or intermittent pulse.  
The circulation becomes slug-  
gish, and head, throat, lungs,  
stomach and digestive organs  
are burdened with congested  
blood vessels.

## Dr. Miles' Heart Cure

Increases the heart's action, accel-  
erates the flow of blood, clears out the  
clogged up passages and puts new life  
into the whole body.

"Three years ago typhoid fever left  
my heart in a very serious condition. I  
could not walk a block without stop-  
ping to get my breath; the least ex-  
ertion about the house would cause pal-  
pitation and fluttering, and I was so  
nervous that I did not know what to do  
with myself. Seeing an advertisement  
of Dr. Miles' Heart Cure I made up  
my mind to give it a trial. The first  
bottle helped me wonderfully, and  
when I had taken two more bottles my  
heart trouble was all gone."

## BY AUTHORITY

### NOTICE TO MARINERS.

The following lights shall be exhib-  
ited in the channel from and after this  
date when large steamers want to  
leave or enter the harbor of Honolulu  
at night:

A vessel approaching the harbor, will  
find a plain white light on one or all of  
the four red buoys on the starboard  
side, commencing with the midchannel  
or outer buoy. On the port side one red  
or two red lights close together, on the  
black and white can buoy, with a staff  
and disk on it and a green light on the  
7th or 6th pile, counting from the light-  
house out.

At times, the pilots may place a red  
light on the midchannel buoy, but in  
that case, no other light will be shown.  
It is done to guide them in anchoring  
vessels at night.

J. A. McCANDLESS,  
Superintendent of Public Works.

## PORTO RICANS AT SCHOOL

### OUR NEW POLYGLOTS BEGIN THEIR EDUCATION.

Are Received With Childish Curiosity  
and Surprise by Their Playfellows  
and Establish Good Relations.

WAILUKU, March 9.—Some of the  
children of the recently arrived Porto  
Ricans have started to school. The  
other pupils received them kindly, with  
expressions of childish curiosity, and  
surprise at the language they spoke,  
though it was not long before Porto  
Ricans, Americans, native, Chinese and  
Japanese children could understand one  
another's speech well enough to engage  
in playground games and pastimes to-  
gether.

The Porto Rican children started to  
school very meagerly clad. A number  
of kind people noticing this provided  
them with clothing and now each is  
clad in a new suit.

Some of the Porto Rican families are  
living in the old Horner premises be-  
tween Wailuku and Waihee. Most of  
them however are at Waihee.

William Evans who lived among  
Mexicans in Texas and learned Spanish  
and was in Porto Rico during the  
Spanish-American war is overseer at  
Camp 5, and is the intermediary be-  
tween the Porto Rican laborers and the  
plantation management.

### WILL TAKE A VACATION.

Miss Frances McGuffee the stenographer  
late of Bruce Waring & Company has  
booked to sail to San Francisco on the  
Southern. She will take a vacation of  
several months, visiting her family. She  
will return to Honolulu the latter part  
of spring to accept a position.

### KAUAI IS WEATHERBOUND.

According to the reports brought yes-  
terday by the Inter-Island boats the  
steamer Kauai is weatherbound at Ha-  
nalei. The Niihau and Fannie  
Adele are discharging at Eleele and the  
bark Agate is also at the latter place.  
There were choppy seas and strong  
winds crossing the channel from Kauai.

### ISLAND MAIL.

The Cast Iron System in Vogue Makes  
Delay.

EDITOR STAR: I noticed your ar-  
ticle in regard to handling mail in Ho-  
nolulu and wish to say a word for the  
outside islands.

Under the Hawaiian system mail was  
most expeditiously dispatched including  
registered mail, and the same was true  
for three or four months after annexa-  
tion. The system was subversive to  
itself—serving the public. Then,  
every office received a direct pouch  
from Honolulu with the registered mat-  
ter in it, now we can receive registered  
matter but once a week and send by  
steamers leaving from the head office  
of the island only.

During this week ordinary mail was  
received from Honolulu on Tuesday,  
but the registered mail was held for a  
steamer leaving for the head office and  
many offices will not receive this mail  
till Friday. And on Tuesday a steamer  
left this island for Honolulu on which  
registered mail could be sent but had  
to be sent to the head office and possi-  
bly await Saturday's steamer which  
means missing the fast steamer in  
some cases.

Each postmaster has to dump the re-  
gistered matter from the pouch and  
properly record the name. Much of this  
matter is merchandise in paper boxes  
which gets badly damaged by the ex-  
tra handling.

The inspectors are sent here to carry  
out a system and are not so much to  
blame as the system. We are put into  
a system that was evolved on the main-  
land with time tables that can be de-  
pendent on and a land service with the  
conditions of their own. The inspectors

### ROUGH WEATHER FOR AMERICAN

Reports from Hilo tell of a very  
rough passage which the American ex-  
perienced Wednesday and part of  
Thursday going from Kahului to the  
Hawaiian port. The American was un-  
able to take on all of her load of sug-  
ar owing to the rough weather. She  
left Kahului for Lahaina but did not  
get to that place. It took a day and  
a half to make Hilo from Kahului. The  
waves were high and dashed repeatedly  
over the big freighter. At times there  
was so much water on the forward  
deck that the sailors were literally  
swimming about, trying to catch hold  
of something to prevent being swept  
away.

### JACKIES ATTEND HIGH MASS.

About 100 sailors and cadets from the  
Donau, the Austrian training ship at-  
tended high mass at the Cathedral yes-  
terday morning. The mass was sung  
by His Lordship, the Bishop of Pano-  
polis, assisted by Rev. Father Matthias.  
The band from the Donau rendered the  
music of the service.

### REMARKABLE CURES OF RHEU- MATISM.

From the Vindicator, Rutherfordton,  
N. C.

The editor of the Vindicator has had  
occasion to test the efficacy of Cham-  
berlain's Pain Balm twice with the  
most remarkable results in each case.  
First with rheumatism in the shoulder  
from which he suffered excruciating  
pain for ten days, which was relieved  
with two applications of Pain Balm,  
rubbing the parts afflicted and realiz-  
ing instant benefit and entire relief in  
a very short time. Second, in rheuma-  
tism in thigh joint, almost prostrating  
him with severe pain, which was re-  
lieved by two applications, rubbing  
with the liniment on retiring at night  
and getting up free from pain. For  
sale by all dealers. Benson, Smith &  
Company, general agents, Hawaiian  
Islands.

## VITUPERATION.

It is a curious thing that men will never learn in some directions. Vituperation in speeches, vituperation in writing, when writing became a means of communication, vituperation in pamphlets, before the era of newspapers, and vituperation in the daily press, is the history of the world. It probably will continue to be the history of the world, till mankind has found some nobler and better method of attaining its object.

Vituperation as a political force was used by the prophets of Israel. It was used by Egyptian seers before the Israelites formed the hierarchical government. It was used in Greece against the popular leaders, and against the popular leaders by the Conservatives. Scraps have come down to us, the rolling periods of Demosthenes and the sharp, biting wit of Aristophanes, which has winged many a shaft of modern times. We see it in Rome when Cicero thundered his classic phrases against Varro, and we know of it again in the party cries which overthrew those popular leaders, the Gracchi, whom their own constituents deserted. Vituperation was rampant even under the rule of the Khalifs. Nothing could be more intemperate than the denunciations of the two great sections of the Mahomedan religion.

Come into more modern times and the same is evident. The Saxon vituperated the Norman, the Norman returned the compliment. The Roundheads vituperated the Cavaliers with the oburgations of the Hebrew prophets, who were pastmasters in the art, and the Cavaliers oburgated the Roundheads with equal vehemence in the terms of a jargon which has long since gone into oblivion. The French vituperated the English, and the English vituperated the French during the period of the Napoleonic wars, and are apt to do so still, at times. Even Washington, the peerless man of his century, the peerless man of his country was vituperated by his own countrymen, and by men whose very names have sunk into oblivion.

Clear as the lesson has been vituperation still holds the field. The presidential candidates of each party are the mark for the vituperation of the other party. Every one connected in any way with the advancement of party government meets the same treatment.

This is not a pretty picture of humanity. Under the reign of a religion of beauty in Greece, under a reign of stern precept religion in Rome under a pure theism among the Arabs, under the soft and tender and holy precept of Christianity, under oligarchy, under tyranny, (in the Greek sense) under monarchy, under republicanism in all its various phases, under theocracy, the same trait comes forth. Nothing can be done without vituperation. Vituperation may be regarded as probably one of the most powerful devils that surround Beelzebub's throne, and he has lived and inspired all mankind from the remotest past to the nearest present.

The theory of each side in a contest is that those who think differently should be annihilated. This inspired the Jews in Palestine, the Romans at Numantia, and Cromwell at Drogheda. This is the ultimate result of untrammelled thought in one direction. In the United States it does not reach to such results. It allows the vituperative language, but it stops the action. Though some times vituperation reaches murderous action as in the recent case of Goebel, and other cases which might be easily cited.

But one comes to the calm question of why need there be so much vituperation. Why need such gross charges, as are constantly being made, be flung in print, when those who write them know that they are unjust and untrue. McKinley has been represented as a self seeking potentate who is willing to bathe his country in blood for his own selfish ends, and those of a few friends. It is utterly untrue, and the effect of this heated language is shown by the vote that made McKinley president for a second term. Cleveland not so long ago, was represented as a man of the vilest moral character. Yet he was President of the United States on two different occasions.

If goes into the lower government records one finds the same vituperation. Of course this is not confined to the United States. In Europe it is the same. In England public men are branded as self seekers, murderers of their fellow men, dishonest and so forth. In France they are "sots," "cochons," "canaille" and so forth. In Germany there are some very choice epithets.

To read all this one would think there are no honest men and no patriotic men in the world. And yet history is peopled with grand names which have been besmirched by the mud-heavers of their time. What good then is this constant vituperation. The bulk of men are honest and capable. It is only abnormal cases that are dishonest. Stronger argument and less vituperation would make things go better in this world. But there never has been

a tendency this way except among a very few of human kind. Because a man is a president, a king, an administrator, a customs officer or a policeman he is not necessarily a rogue and a black-guard, though to read what is said of them one might be apt to think so. Neither, it may be certainly said, is every church goer, or attendant at chapel, or clergyman or a parson or a minister a hypocrite, and yet there is a certain stratum of humanity that will claim so.

It is better to go through the world thinking that people are honest, knowing that they are kindly and charitable and gathering the best ideas of all that come and go, than to regard all as rascals, thieves and would be cut throats. There are enough of these and to spare, but the bulk of the world, in spite of many faults and failings is honest and true. And even when we come to the question of the undesirable classes above referred to, it will be found that in ninety-nine cases out of a hundred there is some tender spot of goodness which can be touched, some attribute of the immortal essence which has not been clouded over by the smoke of personal, political or religious rancor. Mankind is not so bad, but its customs make it vituperative, and its bark is really worse than its bite.

In spite however of this kindly view of mankind in general, there are cases where it may seem that there is no regeneration for the evil doer. In such cases even, vituperation is useless, and the unfortunate must be judged by a higher power. Vituperation is folly. Calm, cold, criticism may, as a human means do good. Few know how to use it.

## SPEAK OUT.

The Senate and House have been busy and a number of measures have been brought forward. The vital measures of the session, however, are still in the background. This is a pity because the public ought to know the scope of these measures. They may be excellent. They may draw to them the unanimous approval of the community. Seeing the ability and care which the gentlemen have devoted to their drawing up, there can be no doubt that they will command the support not only of the party that proposes to bring them in, but of others belonging to other parties. A good measure needs little but an able setting forth.

What the general public is at a loss to understand is why these reforming measures are not brought forward. It has been generally understood that they have been thought out, and most carefully prepared. In general preparation there should, one can grant, be no unnecessary publicity. It is apt to distract thought. It is an old adage that children and fools should not be shown unfinished work. But though it may be granted that a large portion of the world is made up of the two classes above drawn attention to, there are still some who have some brain power, and the finished work should be shown as soon as convenient and proper.

It certainly seems that after a session lasting over fourteen days there should be ample time to have introduced the bills which are vital to the comfort and prosperity of those who live here and are voters, and who have helped to advance the progress of the country in prosperity, in the civilized arts, and in ways which are upward and onward. The mechanic, the laboring man, the professional man alike should have time to consider what the change in Legislation may be. They all want to know about their taxes, they want to know about their political rights under county and municipal government, they want to know about the franchise, they want to know about the liquor law, they want to know a countless number of details, and they want to discuss them in their rooms, on the street, in their offices, on their farms, on their ranches. Men want to know what the Legislation that is to affect them is going to be. Star chamber legislation from whatever direction it may come is not only unsatisfactory but intolerable.

We always have our little run of burglaries. Fortunately they do not amount to much, that is judged by burglaries in cities on the mainland. However we may expect more as we become a thoroughfare of the world. The District Court has far more tramps, homeless and wandering men before it, than ever it had before in its history. Some of these are ripe rascals.

The Pain Tramway administration showed very thoroughly what it is last Friday when it bulldozed the friends of the Blue Ribbon soldiers at camp McKinley. And this is the company which desires a franchise for fifty years. Fortunately Congress has something to say on this subject, and Congress will not desire to tie up any Territory for such a period. Uncle Sam's soldiers have a pull, and they are not likely to pull for Pain. In time the true relations of people to the United States will be understood in the Territory. Sometimes the disloyal lot get ahead, but the loyal reach their end in time.

It is a curious condition of affairs which puts Governor Dole as an antagonist to the small landholder. If there is a man in the country who has devoted thought to supplying the native Hawaiian with a homestead lot which should be inalienable, it is Governor Dole. Now he is charged with striving to keep the Hawaiian from acquiring land. Of course, Governor Dole is only reaping the usual reward of any agricultural reformer. The very people such a man tries to help, are the people who turn against him. Of course one cannot expect that immutable laws will change, and the ingratitude of two to three thousand years ago is only being once more exemplified.

## To Attorneys,

And to whom it may concern:

I beg to call your attention to my capabilities as an auctioneer, and respectfully solicit such business as might be at your disposal. I act as referee; conduct such sales as are formally demanded in the transaction of legal affairs; make appraisements and act as administrator of estates. I have all the facilities necessary for the successful conduct of this special class of business. I am a licensed auctioneer, thoroughly familiar with all the requirements demanded in the office as such, and PERSONALLY CONDUCT all sales. In short, I will take full and complete charge of all affairs appertaining to real estate.

## Real Estate Owners.

My Real Estate Department is devoted to the listing and sale of Realty, and is most thoroughly equipped. My methods are peculiarly my own and are uniformly of satisfaction to all with whom I have business relations, as in all the departments the utmost courtesy is extended to all. Special attention given to the subdivisions of outlying tracts. Twenty-five and more years experience justifies this statement.

## House Renting

## READY FOR THE OPENING

MOANA HOTEL RECEIVES GUESTS TOMORROW.

Visitors to be Shown Through This Afternoon and Dinner Tonight—Thrum's Annual on the New Hotel.

Moana hotel, at Waikiki beach, is all ready to be opened tomorrow morning. Manager Smith has everything in place and this afternoon is showing visitors through the magnificently furnished building. Tonight he will entertain the directors of the company, a party of newspaper men and other guests at dinner. The party will be taken out in automobile carriages.

The Moana hotel Company has a cash capital of \$150,000 and the privilege of increasing to \$250,000. O. G. Traubagen was the architect of the building. Thrum's Annual gives the following description of the big, new hotel.

"The front view of the new hotel affords a most pleasing and permanent impression. From the beautiful grounds near the street the building rises majestically to its great height. Its perfect delineation, graceful curving and elegant finish, accentuated by the bright sunbeams, forming a picture not soon to be forgotten. A secondary balcony, supported by fine stately columns, overhangs the front entrance. Each of the many sections of the building has its own pretty land and each window will have a graceful awning as an additional comfort to guests.

The main hotel has, approximately, seventy-five rooms. This does not include the entire lower floor and the large Peacock cottages on the grounds. The lower, or first, floor of the hotel is given over to a billiard parlor, saloon office, library, reception parlor, etc. It is planned to make a club house of the Peacock cottage until such time as it may be required for regular hotel purposes. The rooms on the second, third and fourth floors will accommodate 120 guests, although seventy-five are all that are counted upon in the company's estimate of business. The rooms are large and are so joined together that they may be fitted in any number or manner for family or excursion parties. Above the hotel proper is a central tower in which is a fifth floor, and above that is a covered roof garden. From the latter a perfect view is to be had of the sea and most of the city of Honolulu. This roof garden is large enough for receptions and dancing parties. The hotel has its own electric plant which will supply power and light. It will run the up-to-date elevator, furnish light throughout the buildings and speed the fans in the dining room. The advantages of a laundry in the hotel will probably be better understood by people of Honolulu than by visitors from St. Louis, Chicago or New York. Laundry work is carried on here by Chinese, for the most part. In consequence, the menace to health has been generally acknowledged but no remedy has ever been put into effect. The Moana hotel will keep this item of its business under its own eye.

"The dining room of the hotel will be in an addition extending over the water. It will be as magnificently furnished as the other departments of the house, and will have accommodations for from 250 to 300 people. Under the dining room are the bath rooms, about seventy-five in number. These are fitted with all modern appliances and conveniences. A happy arrangement just here is that the bath-rooms are directly accessible to the surf, so that in leaving the water a person is not obliged to walk along the beach in the cool air before changing.

"The Moana hotel is certainly in a most excellent position, both for convenience, beauty of surroundings and natural advantages. It is environed on three sides by the richest foliage of the beach; from its lanais there is not a more entrancing view of mountains and valleys; at the rear are the swells and the white caps of the sea, and in the distance the boundless billows, visible until shut off by the Western rim of the Hawaiian heavens."

## EARLY MORNING WORKERS

(Continued from page one.)

It went to the Judiciary committee. Monsarrat introduced the following questions to the Superintendent of Public Works which were adopted:

1. What was the amount appropriated by the last Legislature for the construction of a new road between Pa-hala and the Volcano District of Kau, Island of Hawaii?

2. How much of this road has been constructed?

3. How much of the appropriation was expended for surveys of this road?

4. Why was this road built in sections?

5. Has the so called road Engineer full charge of the construction of government roads on the Island of Hawaii?

6. Define the duties of the Road Engineer?

7. Why was a section of road built and then abandoned, on the road from Punaluu to the upper government road?

8. Did the government pay for the construction of this piece of road?

9. If so, how much?

10. Why was a section of road between Waiohine and Kahuku, Kau, built and then abandoned?

11. Did the government pay for the construction of this piece of road?

12. If so, how much?

13. How much was spent for surveys on this road?

14. Does the Road Engineer receive his salary during his absence from this Territory?

15. Why has not the road in Kona, known as the Papa road been completed?

House Bill No. 3 relating to the jurisdiction of Circuit Judges at Chambers in matters concerning the relations of guardians and wards was passed upon its third reading 23 members for and 3 against.

House Bill No. 5 providing for an act "To Authorize the removal of persons, under guardianship and the personal property of such persons out of this Territory" was passed without any opposition.

# THE APPROPRIATION BILLS

WHAT CONGRESS PROPOSES TO  
SPEND.

Big Sums for the Army, Navy, Pen-  
sions, Post Office and for Rivers and  
Harbors.

WASHINGTON, February 22.—In the House, Cannon, chairman of the Appropriations Committee, made a general statement regarding the status of the appropriations for the session. He was led to make it, he said, by remarks made in the Senate. He said the situation was quite bad enough without exaggerating it.

Cannon presented a detailed table showing the total appropriation bills up to date. This showed a grand total of \$99,118,395, omitting the \$53,000,000 sinking fund. This grand total is \$26,255,209 below the estimates, which aggregated \$729,374,804 exclusive of the sinking fund.

The detailed amounts of appropriation bills was given as follows:

Agriculture, \$4,488,900.  
Army, \$17,847,749.  
Diplomatic and Consular, \$1,808,896.  
District of Columbia, \$8,864,949.  
Fortification, \$7,227,461.  
Indian, \$9,966,777.  
Legislative, etc., \$24,506,107.  
Military Academy, \$772,653.  
Navy, \$78,748,749.  
Pensions, \$146,245,239.  
Postoffice, \$123,782,688.  
River and harbor, \$22,602,711.  
Sundry civil, \$59,703,264.

Explaining the statement in detail, Cannon said: "The statement indicates an apparent increase of appropriations at this session over those made at the last session of \$36,967,732."

Three of the regular annual appropriation bills and the river and harbor bill show substantial increases which amount to more than the whole apparent increase, namely: The Army bill, \$2,627,633; the Navy bill, \$13,598,057; the Postoffice bill, \$10,124,450; the river and harbor bill, \$22,242,701, a total of \$49,492,841.

"The pending sundry civil bill makes a reduction of \$5,016,651. On the account of permanent appropriations a reduction is apparent of \$8,554,000."

"Under the funding of the public debt provided for by the legislation of last session as reduction in the amount of the annual interest charge has been made as estimated for on account of the next fiscal year of \$4,400,000, as compared with the amount carried for the current year in the annual estimates for permanent appropriations. "For deficiencies based upon all estimates now before Congress there is indicated a reduction of at least \$2,000,000 which will practically offset the increases made by all the other regular annual bills which have not been mentioned."

# SUGAR STOCK LOOKING UP

SAN FRANCISCO VIEW OF THE  
OUTLOOK.

The Decision of the Treasury Department on the Russian Sugar Bounty Question—Java Sugar Decision.

SAN FRANCISCO, February 22.—Quite a strong movement has been developed in Hawaiian sugar stocks during the past week. There are some reasons for this upward tendency. The crops are turning out well at the islands. The business of handling the same has been perfected on a scale that leaves little room for any embarrassment in marketing the crop, which is all under contract as in former years.

Perhaps the most direct cause of the present upheaval in value is due to the decision on counter-vailing duties on some Java sugars that have been a subject of litigation for some time. The decision was handed down on the 8th by Judge Lacombe of the United States Circuit Court of Appeals. This reversed the decision of the United States Circuit Court and affirmed the action of the Board of General Appraisers in sustaining the Collector of the Port.

Judge Lacombe's opinion is, in effect, that the Netherlands' act of September 1, 1897, respecting sugar production, practically bestows a cash bounty on the exportation of sugar. Consequently, the countervailing duty assessed here was illegal, one according to section 5 of the United States tariff act of 1897. This decision protects American producers, whether of beet or cane, from any competition from Java, an important source of the world's supply.

Another source of annoyance has been the settlement by Secretary Gage of the Russian sugar question. This has been pending for some months, and has been handled every gingerly from the start, owing to the modified treaty which has been in force between Russia and the United States for some years, and more particularly from the fact that this treaty has of late been undergoing further modifications, with a view to a more general and liberal application. It has been feared that any action our Treasury officials might take would endanger the whole system.

A few days ago it was given out at Washington that no action would probably be taken until after adjournment of Congress. But the question has become too serious to be longer delayed. Germany threatens reprisals in case Russia was allowed to continue to send her sugar into this country on any other basis than that recorded in Germany. Secretary Gage, after seeking the opinion of the Attorney-General, issued his decree at Washington on the 12th instant as follows: "The Secretary of the Treasury has imposed a countervailing duty of 64 coopeks, or about 32 cents per pound (a little over thirty-six pounds), on all refined sugars imported into the United States from Russia. Following is the order addressed to O. L. Spaulding, assistant secretary in charge of customs. "You will instruct collectors and other officers of the customs that in pursuance of the provisions of section 5 of the act of July 24, 1897, the amount of the bounty or grant paid or bestowed by Russia on the export of sugar is hereby declared to be 64 coopeks per pound of refined sugar, and that an additional duty of equivalent to such amount must be assessed and collected under said section 5 of the act of July 24, 1897."

The above appears to be the only course that could have been taken if our producers are to receive adequate protection, and that, in the opinion of many people, is what we have a government for.

# THE DRAMA.

Carmen by the Roberts company attracted a large audience at the Grand Opera House Saturday evening. Miss Roberts played the title role with dash and spirit. The part is so utterly despicable that few people can feel any sympathy with the wicked cigarette girl. The fact that Miss Roberts was able to subdue the coarser nature of the abandoned, heartless woman shows the artistic work of the star. Her support was fair. Mr. Henderson as Don Jose was not altogether satisfactory. Clarence Montaine in the role of Garcia the bandit chief did some excellent work. Mr. Gerson as the Torador was strong in certain scenes but his performance was not well balanced throughout the play. The balance of the cast was good, Miss Howe and Miss Crosby making the most of their roles.

There was a good sized audience present at the matinee performance Saturday when the "Country Girl" was given. This is an old costume play which David Garrick adapted from one of Wycherly's plays. The plot is very simple and is suited to a matinee performance where school girls and matinee girls predominate but it is not worthy the attendance of the more serious theater-goers. Miss Roberts was excellent as "Peggy" the country girl, her comedy work was above the average. The support was very good.

# GALILEE'S ROUGH EXPERIENCE.

The brigantine Galilee, Captain Dinmore put in port Saturday afternoon to repair damage which had been done to her sails by the rough weather. She sailed from San Francisco, February 4th for Honolulu, arriving off that port on the 27th. Owing to one of the moorings being lost Captain Dinmore could not secure his vessel but beat about hoping the weather would permit him to enter the harbor. For ten days the boat stayed outside and finally she put about and came to Honolulu. Some of the machinery aboard came loose and threatened to crash through the bulworks and go overboard. This part of the cargo will be lashed fast and the vessel start for Honolulu this week. The Galilee was engaged in the Tahitian trade between San Francisco until the Australia took the mail contract. This is the first visit the Galilee has ever paid to these islands.

## FIRE CLAIMS COMMISSION

BILL BY ACHI PROVIDES FOR SUCH.

Commission Is to Investigate and Report Back to Legislature on Every Claim—Bill Is E Pluribus Unum.

The following is the important part of the bill submitted by Senator Achi last week, providing for a fire claims commission, which comes up at once before the Senate:

Section 1. The Governor shall appoint a commission consisting of three competent and disinterested persons to take evidence concerning injuries to property caused by any action of the Board of Health in connection with the suppression of epidemic plague in Honolulu and elsewhere in this Territory and by the conflagration in Honolulu on January 26th, 1900, and to report upon claims for damages therefrom.

Section 2. The Governor shall designate one of such persons to be chairman of said commission.

Section 3. As soon as practicable after its appointment the commission, through its chairman, shall give public notice that it is ready to receive claims and to hear evidence concerning the same.

Section 4. The commission shall thereafter hold public sessions for the hearing and consideration of claims at some convenient place in Honolulu on not less than three days in each week until the consideration of all claims filed shall have been completed.

Section 5. A majority of the commissioners shall constitute a quorum for the transaction of business.

Section 6. The commission shall have the same power as that now possessed by the Circuit Courts to compel the attendance of witnesses, to compel the production of books, papers and accounts, to administer oaths, and to punish persons guilty of contempt. It shall also have the power to appoint a clerk, a stenographer, a bailiff and interpreters, and to all such other acts, and take all other steps necessary to the proper discharge of its duty in receiving, considering and reporting upon all such claims as may properly be brought before it in accordance with the provisions of this Act. And it shall have power to make rules for the conduct of its work, but not inconsistent with any provision of this Act. Each commissioner and the clerk of the commission shall have power to administer oaths and affirmations.

Section 7. The commission shall have jurisdiction and it shall be its duty to hear, examine into and determine as to the truth of all claims founded upon actual and direct injuries to property which are filed with the commission within six months from the date of the notice specified in Section 3. No claim for any speculative or consequential damage, or for the loss of rent or the use of property, or loss of profits through the interruption of business shall be considered. Nor shall the commission consider any claim not filed within said period of six months. Upon the completion of the work, the commission shall report its findings to the Governor. Such report shall state in detail in each case the name of the claimant, amount of claim, nature of property alleged to have been damaged, the facts found by the commission, its award, and also comment as it may see fit to make.

Section 8. The Territory may appear before the commission by attorney and present evidence and otherwise defend against such claims. The clerk shall deliver one copy of each claim to the Attorney General and no other service upon the Territory shall be required. It shall not be necessary for the Territory to answer or otherwise join issue on any claim.

The bill appropriates \$20,420 for the expenses of the commission.

"AUTOS" ARE READY.

Exhibit of Plant and Vehicles Given on Saturday.

The Hawaiian Automobile Company gave an exhibition of its power plant and the running of its vehicles Saturday to representatives of the various Honolulu newspapers. Under the direction of Manager L. T. Grant and Mr. Seales the company's expert, the party was taken out to Waikiki and return.

The vehicles which are handsome in design and perfect in finish, are extremely comfortable. In operation the combination of springs and rubber tires makes them run smoothly as a train of vestibuled Pullman or Wagner coaches. There is no sudden starts or stops. They can run at any desirable speed, and seem to be admirable for every purpose, for which a public conveyance is wanted.

The company has twenty vehicles of different models and seventeen of them go into commission today, and tomorrow will meet the visiting Shriners at the wharf and take them to their hotels.

The company has an elaborate and complete plant for the care and repair of its vehicles. A part of its business will be the care and repair of automobiles of any type of motive power for private parties.

A card giving rates and sailing directions will be issued in a day or two.

**KINAU'S ROUGH PASSAGE.**  
The Kinau experienced rough weather on both parts of her last trip. She was delayed reaching Hilo several hours, the harbor not being sighted until early Thursday morning instead of early Wednesday evening as usual.

Commander Beckley reports that a number of conversions were caused by the mountains of waves which dashed over the vessel. On the return trip to Honolulu the weather was very bad, the wind blowing from the northwest. The officer on the bridge was nearly washed overboard on one occasion. A rig which was on the forward deck was badly battered by the water. Several horses were also cut and bruised by being thrown about.

**HEALANI MASQUERADE.**  
The tickets for the Healani Club masquerade ball are in demand and more tickets could be sold were it possible to accommodate the guests. The event will occur on the 29th.

**THE PRESIDENT'S VISIT.**  
WASHINGTON, D. C., Saturday, February 23.—With reference to the proposed visit to the Pacific Coast by President McKinley, Senator Foster is informed that a definite itinerary will not be made out until after the inauguration. In the meantime, the President is securing information with reference to the route and to various meetings arranged for in different states.

**CHINA'S BACK-DOWN.**  
LONDON, Saturday, February 23.—The foreign office though satisfied with what it is pleased to consider the immediate result of Count von Waldersee's action, regards the Chinese back-down with suspicion. The officials here believe it would be far better for von Waldersee not to withdraw his orders

for the expedition and to hold it over the heads of the Chinese until their preferred submission materializes.

Nothing except the vaguest tentative suggestion has been received by the British government in regard to what is generally termed here "America's new note."

A representative of the Associated Press has been officially informed that Great Britain has not agreed to any new arrangement regarding concessions in China nor is the foreign office yet in possession of the open door policy would meet with Lord Salisbury's approval, but any suggestion going beyond that would meet with a doubtful reception unless he had previously secured Germany's assent.

#### FISHERMEN NOT LOST.

The four Portuguese fishermen who were thought to have been lost at sea are reported to have returned alive and well to their families last Saturday.

The fishermen went in a small boat to Waimanalo and failed to return within eight days. Their wives reported their absence to the police. It appears that the men reached Waimanalo after considerable trouble and abandoned their boat and walked over the Pali to Honolulu.

#### PORTO RICANS DOING WELL.

## W. & M., Ltd

Away off in old New England in the town of Manchester, N. H., stand three immense mills, employing 7000 operators and weavers, whose product is famed from ocean to ocean and from the Great Lakes to the Gulf, for its superb qualities and style. One share of the spring productions—some 20,000 yards of material—is at hand.

Among them are quantities of Batistes, Percales and Dimities which seem to be made expressly for this climate. The patterns are dainty and tastefully—the colors fast enough to stand the most rigorous laundrying. They are selling at 15 cents and 20 cents the yard.

Then there are Tissues and Zephyrs—every piece spic span—light in weight but strong in weave. These are 30 cents and 45 cents the yard.

Next come French Cotton Foulards that you can't tell from silk unless you come close. And, in point of fact, they make up better than silk. They give to a gown that deliciously fluffy aspect that can never be attained in silk. A score of bewildering patterns at 35 cents the yard.

Together with the goods we have described there came to us on the "Mariposa" a consignment of ladies' Crash, Duck, and Picque Skirts and another lot of those irresistible shirt waists, which as usual include a variety of charmingly new styles.

There can be no question but that the "Sonnente" is the acme of American corset manufacture. We have imported a large number of their latest successes the much coveted "straight front" and we have them in all sizes from 15 to 30 and in several qualities.

## PACIFIC HEIGHTS

**Magnificent View,  
Refreshing Breezes,  
Easy of Access,  
An Unsurpassed Residence Site**

These lots are on the Pauoa side of Pacific Heights. They face on Pauoa Road, now being widened and macadamized, and adjoin the Pacific Heights Electric Railway.

### A Chance for Investors:

Any one with money to invest looking for something that will bring good returns on sums invested, has here a fine opportunity. Houses built on these lots will find ready rental at strong rates by good tenants.

### Attractions Offered in this Site to Homeseekers:

LOCATION. They are located on high ground at an elevation of from 200 to 600 feet, affording unsurpassed scenic and marine views.

ELECTRIC RAILWAY AND LIGHTING. The Electric Railway makes access most easy, and power for lights may be had at most reasonable rates.

WATER. Water will be supplied at the rate of \$15 per year for each lot, from out Pacific Heights Water System. This is less than city rates.

SPECIAL INDUCEMENTS TO BUILDERS. To all who will build in the erection of houses within 60 days, we will make special inducements in the matter of transportation of building material over our railway.

LOW PRICES, GOOD TERMS. Prices of lots range from \$400 to \$750 each, according to size and location. One-fourth cash only is asked. Balance in installments at terms to suit purchasers.

HEALTHFUL AND COOL. The air is always cool and bracing. We recommend this property as being especially desirable and attractive to sons seeking a choice location for a home at a moderate cost.
