VOL. I.

HONOLULU, H. I., FRIDAY, OCTOBER 11, 1895.

No. 93.

TOPICS OF THE DAY.

The people on the Island of Kauai are to be congratulated upon having so able a quartet of physicians as the gentlemen who signed the letter to the Board of Health, published in the Advertiser this morning. In matter and composition it is by far the best document called forth by the epidemic. After reading the letter any reasonable person must sustain the course pursued by the doctors. About the laymen on the Garden Island the least said is the soonest mended. So we are to have more espionage, more heart-burnings, and consequent demoralization of social and business interests, because the Government has been led to believe that filibusters are planning a raid on the seat of Government.

We are wondering whether the revolutionists of January, 1893, are doing any thinking, and, if so, whether they do not think that both the Provisional and Republican forms of Government have proved unsuited to the conditions existing in these islands?

We are aware that some of the women belonging to the households of prominent revolutionists have said that they were feeling that it would have been better to bear the ills we suffered than to have taken revolutionary methods to correct them. The men of these households may have the same train of thought, but pride keeps them from giving audible expression to such thought.

Lest the Attorney-General should forget it, in the press of duties as President of the Board of Health, we are constrained to remind him that the scoundrels who tarred and feathered Mr. Frank Godfrey are still at large, and that it is the opinion of many good citizens that the Attorney-General is protecting the perpetrators of that outrage. You cannot afford to screen them, Mr. Attorney-General.

Correspondents are complaining at the vexations management of the vessels belonging to the Wilder Steamship Company. It is doubtless annoying to be officially informed that a steamer will sail on Thursday, and then on short notice to be told that she will go to sea on Wednesday; but in times such as we have passed through, a deal of patience is required to tide over what are really transient vexations. *Hoomanawanui* is a good word.

The new High School is now open. Pupils are attending it. But according to some local sheets, they don't like when they are on horseback, to have to ride up to the back entrance. They want to caracole in front of the institution. Such pupils who imagine that their connection with the school is for the purpose of exhibiting their horsemanship in the streets fronting on the building should be dismissed. The school is there. To get to school the pupils may have to ride on horseback in certain circumstances. Even if they do, that does not require that they should climb up the front steps. The school is there. That is what it is for. And whether through the back or from entrance admittance is granted to the scholars, the teaching will be the same. And so far equitation—as practiced by the pupils—has not been included in the curriculum.

This is the proper time to get rid of the old germ-infected clothes and have some new built. For that reason L. B. Keffer has imported Navy Serges in all qualities and weights superior to anything ever seen here.

Oceanic Steamship Co.

Australian Mail Service.

For San Francisco:

The New and Fine All Steel Steamship.

"MARIPOSA"

Of the Oceanic Steamship Company will be due at Honolulu from Sydney and Auckland on or about

Oct. 17th,

And will leave for the above port with Mails and Passengers on or about that date.

For Sydney & Auckland:

The New and Fine All Steel Steamship

"ALAMEDA"

Of the Oceanic Steamship Company will be due at Honolulu from San Francisco on or about

Oct. 24th,

And will have prompt despatch with Mails and Passengers for the above ports.

A 5-Cent Fare to Punahou!

Money First!

Buy a Lot from us and make your rent pay for your house. We will build you on our tract, at Punahou, a House according to your own plans and specifications. The monthly instalments to be paid are arranged to suit you. In the end your rent will have paid for your House and Lot and you will own it instead of the landlord owning you.

Goods Next!!

Lots are 75x125. They are easily accessible from the Bereania street car line. They are high and dry, and the air is bracing. No germs can exist nor can you suffer from want of drainage. Nor will you at any time be put to inconvenience by bad drainage or unpleasant odors from other lands. Health is the first characteristic; second, the panoramic view of the city, the harbor and the sea; third, the unequalled cooling breeze; fourth, the splendid foliage and the scent of the night-blooming cereus.

Location Third!!!

The Lots are opposite Punahou College facing Punahou and Makiki streets and Wilder avenue. Where you make your arrangements is at our Office, 503 Fort street near King street.

		DAUGHTER.....

DESCRIPTION AND TERMS:

"CREOLE" is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:18 in Petaluma, Cal., August 24, 1894, and since his whole life in the first heat; then again to 2:15 in Stockton, Cal., September 23, 1894, winning the first heat in 2:15, fourth heat in 2:16, and fifth heat in 2:19, proving that he is a remarkably game as well as a speedy race horse. "Creole" by Prompter out of Grace by Buccaneer shows that he is capable of getting a mark of 2:10, and one of the gamest stallions seen this year and besides being game, is one of the best formed and remarkably intelligent. —Breeder and Sportsman, Sept. 25, 1894. He is 15½ hands high and of powerful build throughout. His color is a glossy black with one white hind foot. His disposition is all that could be desired and his action superb. He is a sure foal getter.

TERMS \$50, with usual return privilege. Will make the season at the

FRIDAY, OCT. 11, 1895.

FISH!

Our telephone has been ringing all day and questions have been pouring in regarding fish, fishing and oysters.

In another column we print the regulations of the Board of Health in regard to fishing, but with all due respect to the authors we think that the boundaries of the tabu districts and the permitted fishing grounds are hardly sufficiently distinguished.

The "by authority" advertisement which appears in another column from the Board of Health does not explain sufficiently the limits of fishing set by wise men, like Emerson and Keliipio. We are told that fishing, etc., is prohibited between Diamond Head and Ahua. But we are not told where the Diamond Head line is. Is it possible that a chalk line is to be drawn and that the fish will have to obey the command of the Emerson-Keliipio combination and stay away while the fishermen on the other side stay at home?

We desire to solve the question of limits and we interpret the advertisement in another column to mean that fish caught on the Kona side of Campbell's place are above tabu and that the owners of fishing rights can go to work immediately from that point, around the island of Oahu to the Ahua point below Moanalua and furnish the market with fish and all the products of the sea.

TOPICS OF THE DAY.

As the Star says, "a week and a day since the last case of taro-patch cholera." Well, we have to take it. Whatever may be the result.

Raw fish, crab, and shrimp are the only means of spreading the infection. So says a physician to the Star. Let us see whether it is so or not.

"They came ashore under official supervision. For reasons regarded by the authorities and carriers as good and sufficient, favor is extended to cabin passengers as against those coming steerage."—The Star.

So now we see exactly why criticism is made.

According to the Bulletin we have two varieties of kanakas—the one Hawaiian, and the other white. Both are to be pitted against each

other at the next election. Well, the Bulletin's varieties will get left each time.

The Bulletin states editorially that on the day after the arrival of the China it published the fact that two passengers from Yokohama were landed, and that the names even were given in its columns. In its issue of the 8th inst. it stated that no letters were received from Professor Koebele because the China "did not touch at Yokohama." How fearfully and wonderfully it gathers up its contradictory statements and piles up its pyramidal structures of self-styled fame!

The Star in criticizing the Hawaiian claims that "the charge that the mail of certain persons has been tampered with is a black falsehood." Our contemporary knows very little about the existing conditions during the late alleged rebellion. The editor of the, at that time, blood-thirsty sheet was so constantly to the front that he was unable to know what was carried on at headquarters. While he was shooting rebels—at the range of four miles—the authorities in Honolulu were amusing themselves by violating the rules of the International Postal Union in opening letters addressed to alleged "suspects" and, through that means, gratifying their vulgar inclination to pry into the private affairs of their fellow citizens.

We will state that, as far as we are informed, the Postmaster-General was no participant in the matter. We hold a receipt from Marshal Hitchcock for each and every batch of letters handed over upon peremptory order to the underlings of that fire-engine-scaled official. That precaution saves Mr. Oat from responsibility but it makes the Hawaiian Government odious to the International Postal Union and justifies the said Union in cutting off its connection with these islands.

In great cases of emergency, the violation of the postal law may be permitted in instances where the safety of the state can be promoted. But the opening of private letters, the reading by a vulgar herd of shyster lawyers of confidential letters from wife to husband, from sister to brother and from girl to boy is an outrage and a disgrace to the community, in spite of everything the editor of the Star can say that took place. And the contents of such letters were bantered around town and made the joke of the barracks and the camps. It was fortunate for the feelings of some of the "suspects" that their letters were written in languages beyond the grasp of the members of the Star chamber and consequently were saved from the "funny" remarks of that body.

But what has become of the non-delivered mail?

The Bulletin's "bazalt blocks," wouldn't even hold water—let alone whiskey.

We may be old-fashioned in our ideas. We probably are. Bloomers, abbreviated bathing suits and masculine imitations do not exactly agree with our constitution. We say little about it because it is not within our province or power to stop the tide that floats the women, men, and children of the fin de siècle. But the music and the musical performances in Honolulu are, as a rule, enough to drive a dog to seek medical advice from the Board of Health or Dr. Emerson. We suggest to any musically educated person to take a walk quietly on some pleasant moonlight evening and pause outside nearly each and every residence in Honolulu and listen, awe-inspired, as they will be, to the songs in fashion, the tunes played and the wonderful performance on that misused instrument called a piano. The musical taste of Honolulu at the present has drifted down about ten degrees below the style of

the common music hall. The ambition of the girls and boys seems to be, ability to rattle off the latest waltz song, and, in fact, all sound cultivation of music has been dropped, and Honolulu is more and more becoming a poor second-rate imitation of fast, rich, and vulgar San Francisco. Let the reverend Sereno strike up a new tune—with a pitchfork.

THE INDEPENDENT thanks the editor-in-chief of the Bulletin for having devoted some of his time to find a new name for this journal. When he wins his suit, which is now before the Supreme Court, in which he demonstrates his sole right to the name under which this paper is issued, we may adopt the new title. It will make no difference as far as we are concerned. We will retain the patronage which he claims we took away from him, and he can retain his new "office rules," Dr. Murray's remedy for "Slipping off his sprocket of his machine," and the scribes who are encouraged "to do better."

We heard an instance which happened during the late epidemic, and which illustrates the character of some of the men, not uncommonly found in this community, who talk one way and act another. The committee of way and means of the Sanitary Inspectors sent out an earnest request for the observance of a general cleansing day. They asked that all employees be given an opportunity to stay at home and comply with the regulations of the Board, and they urged upon the employers in town to pay the men in their employ for that day as usual, to encourage them to do what was considered *pro bono publico*. A general hearty response was met with, and we have only to record one instance of a business house which closed its doors on that day and virtually aired its sheet (and type) and then docked its employees. That the chief of said concern was a sanitary inspector, and a member of numerous committees, makes the fact more interesting. Would it not be inconsistent, say for a newspaper, to advocate the general cleansing day in its columns and then to dock the printers on their pay roll. We think so, and we believe that even the Bulletin will agree with us.

The Bulletin justifies the landing of the Yokohama passengers by the China. The public doesn't.

When the Bulletin garbage is burned by a scientific method, it will be well with the community.

The Bulletin thinks the Star's suggestions are Basalt rocks. Perhaps!

The uncertainty of the inter-island mails is highly embarrassing to the Post Office authorities. While the Postal Department is willing to do everything in its power to accommodate the public it is a little too much to expect that brother Oat is supposed to be a mind reader—it is rather unfair. He is willing, we believe, to tell the public when a steamer is going and a mail closed, but he is not yet able to fathom the deep brains that in the offices of the steamship companies direct the fate mail, freight and other thing pertaining to the "other" islands. The mail goes, but when, is a question.

One of our evening contemporaries is so afraid that we will cut him out on his usual tracks, that he even kicks over the sanitary reforms proposed. If he can't do them, he objects to either the Star or THE INDEPENDENT getting in its healthy work.

In its usual gentlemanly way the Bulletin after trying to arrogate to itself our name by process of law gives us—without asking our permission a new one. We are—according to that protean sheet—"the Common Scold of King street." It has also endeavored to hold our subscribers to its ridiculous attempt

to become an exponent of independent opinion. We have never yet remarked as to the value the Bulletin might have to its misguided followers. We now say its rhetoric wouldn't even help those condemned under its utterances. And as an example of what might be styled the "Ever-searching Bladder," the "Everlasting Busted," or "the Endless Blusterer," or the evening Beldame" the beautiful exhortations of the pulpiteer stand up in gray relief against the walls when we howl for the new change! The roamer-in-chief of the combination with its law suit seems not to see that abuse is not argument, and titles can be conferred as easily as coming to business in the morning.

Sans Souci.

The most lovely spot on Oahu is Sans Souci. This favorite seaside resort, which has been immortalized by the pen of Robert L. Stevenson, who resided there for months, is only four miles from Honolulu and within easy reach of the trams. The surroundings and bathing at this famous resort are superior to anything found in the Hawaiian Islands. Cottages and board can be obtained on easy terms. The table set by the manager is better than any offered here at other hotels. For picnics, bathing parties and outings the best accommodation can be secured by giving notice to the manager.

This is the proper time to get rid of the old germ infected clothes and have some new built. For that reason L. B. Kerr has imported Navy Serges in all qualities and weights superior to anything ever seen here.

BY AUTHORITY.

REGULATIONS OF THE BOARD OF HEALTH.

OFFICE OF THE BOARD OF HEALTH,
HONOLULU, H. I., Oct. 11, 1895.

The taking of Fish, Shell Fish or any product of the sea or water of any pond, stream, creek, inlet, bay or harbor, or upon the sea to a distance of two miles from the shore, between Diamond Head and Ahua Point, in the District of Kona, I-I and of Oahu, and from the mountains to the sea, is strictly prohibited.

The sale of fish and of all products of the sea is prohibited in the District of Honolulu, excepting at the New Market Building, where Scale Fish, Clams and Lobsters from the waters outside of the above limits may be exposed for sale under the supervision of Inspectors appointed by the Board of Health. Oysters from Pearl Harbor may be sold elsewhere under special permit.

Such Inspectors shall have the power to seize, condemn and destroy a y fish or product of the sea exposed for sale, or brought to the market, which they shall have reason to believe was taken from the locality prohibited by these Regulations, or which shall appear to be unfit for food.

The Regulation of the Board of Health relating to the taking and sale of fish in the said District of Kona, dated September 3rd, 1895, is hereby rescinded.

By order of the Board of Health,
WILLIAM O. SMITH,
93-2c President Board of Health.

OFFICE OF THE BOARD OF HEALTH,
HONOLULU, H. I., Oct. 9, 1895.

The regulation of the Board of Health of September 5th, forbidding any person to enter the valleys of Palolo, Maunaloa, Paoa, Nuuanu and Kalihi without a permit, has this day been rescinded.

By order of the Board,
WILLIAM O. SMITH,
92-2c President Board of Health.

OFFICE OF THE BOARD OF HEALTH,
HONOLULU, H. I., Oct. 7, 1895.

The Regulation of the Board of Health requiring that Liquor Saloons be closed from 6 P. M. to 6 A. M. is hereby rescinded.

By order of the Board of Health,
WILLIAM O. SMITH,
89-2c President Board of Health.

Timely Topics.

Honolulu, Sept. 20, 1895.

All over the world at present questions of hygiene are the main issues of the day. While the learned scientists of Europe are devoting their time and skill to find remedies which can destroy the disease breeding germs, the diseases go on and cholera, diphtheria and typhoid ravage cities and countries.

Whenever a disease becomes epidemic it is because the germ found conditions which suited it and in which it felt at home and ready for business. The sanitary conditions of the town and of the home becomes of vital importance. Honolulu is having a taste of a cholera epidemic and it behooves everybody to do his best in placing every home in the best sanitary condition possible.

When the general house-cleaning which will take place next Monday is over, many housekeepers will find some household furniture which needs renewal and others missing both as to utility and convenience.

We call attention to-day to our Oil Stoves. The "Dietz" Stove which we carry in stock has gained a great reputation everywhere. The one we especially recommend is the most complete oil stove ever offered in the market. It is perfectly safe for the user of it, and it will answer all purposes in a well regulated household. Five quarts of oil is sufficient to burn ten to twelve hours. In ten minutes a half gallon water can be boiled. It will fry and boil, bake or broil at the same time. You can boil potatoes and bake biscuit at the same time. In ten minutes you can broil a steak to perfection, and in an hour and a half you can roast an eight pound turkey. Once tried the "Dietz" Oil Stove will be found the very thing for the housekeeper, and the price brings it within the reach of everybody.

The Water Coolers which we have on hand are the very things for restaurants, saloons, schools and stores. After the water is boiled fill the cooler with it, and even without ice, it will keep a pleasant temperature. Large families will find these highly ornamental coolers of great advantage and a great saving in regard to ice.

What, however, is more useful than a Monarch Bicycle. In San Francisco and other places mail and paper carriers, business men and professional men use the Monarch, and have within the diamond arranged a leather bag, very easily fixed, which will contain paper, document, lunches and clothing and do service as the saddle bags do to the horseman. The Monarch is the most solid and best appointed wheel introduced here, and can be purchased on the installment plan.

The Hawaiian Hardware Co., Ltd
307 FORT STREET,
Opposite Spreckels' Block.

LOCAL AND GENERAL NEWS

The Board of Health met this morning.

The Australia is due here on the 21st inst.

The "only" Berger is expected home in a few weeks.

The band will play at the palace grounds this afternoon.

A through train will be run every day from Honolulu to Waianae.

Captain J. A. King is holding full power of attorney for W. Sumner Ellis.

The Bishop Museum is opened again to visitors on Fridays and Saturdays.

The Board of Health met this morning and arranged for the sale of fish in Honolulu.

The Lolita Social Club held its first dance since the epidemic at the Arion hall last night.

The annual meeting of the Planters' Labor and Supply Company will be held on November 27th.

The Kilohana Art League will open its exhibition in November, and has promises of numerous works of art.

The Kinau will leave at 5 o'clock this afternoon. This is her first trip for several months. The mail closed at 3 p. m.

The Marie Hackfeld will discharge machinery for Ewa plantation to-morrow. Her general cargo has been landed.

Cricket practice to-morrow. The players are expected to turn out in full force. The new grounds are on King street near the Waikiki road.

Captain Murray of Company H is busy drilling his men. If the enthusiasm of the boys keep up Murray's men will be the crack company of the army.

The Lei Ilima Club will give one of its famous dances at Independence Hall on the 18th inst. This is the first dance given by the Ilimas since the microbes asked for admission.

The marriage of Miss Ethel Hartwell to A. W. Carter will take place to-morrow at the residence of General Hartwell. Owing to the illness of Mr. Hartwell the affair will be very private.

Ladies making dresses for their girls before sending them to school will do well by calling at L. B. Kerr's store and inspect his fine stock of New Gingham, Printed Lawn, and English Prints.

A small black-and-tan dog which Captain Griffiths of the Albert brought down for E. Holdsworth, was stolen shortly after the arrival of the vessel, and the Captain is on the war path.

L. B. Kerr received by the Miowera a fine stock of Valenciennes Laces in edgings and insertions. Finishing braids in rich assortment and novel designs, and a complete assortment of hosiery.

A number of people are busy designing seals for the Republic how to get a proper allusion to the empty treasury, the cholera, and the filibusters, is puzzling to most of the clever designers.

In season or out of season every family should have a bottle of DIARRHŒA MIXTURE in the house. There is none better than DWIGHT'S, which has been dispensed by the HOLLISTER PHARMACY for the last twenty years.

After to-morrow the doors of the Hawaiian Relief Society will be closed. Hawaiians in great distress should call on a member of the society, and if circumstances justify it, help will be given.

Remember! N. S. Sachs gets New Goods by every steamer especially Millinery, so you can always find the very latest in shapes and newest styles in Trimmings there and at lowest prices at N. S. Sachs, 520 Fort street.

There will be an open meeting of the American League this evening, at which A. B. Loebenstein will deliver an address, and possibly tell all he knows about Sheriff Hitchcock and the Hilo fire engine. The celebrated orator may also touch on annexation.

Sheriff Hitchcock will probably leave in the Kinau this afternoon to give evidence against that fire engine. His evidence against Durrell hasn't connected yet, and the government looks "cross" at him. He returns the compliment.

To close them out Shirt Waists, formerly selling at \$1.50 each, have been reduced to \$1; and Pith Hats, which were selling at \$2, from this on will be sold at \$1 each. Call early before the supply is exhausted. A. Barnes, New Republic Building, King street.

There Again

Oysters are to the front again. The small bivalves have been playing music at Ewa for a long while. They have reminded their boss, Mr. Colburn, of the fact that the R of the month has disappeared, and they have even head a quiet circus in celebrating the cholera which gave them a chance to rest, grow fat (as Armstrong) and wise, as the Supreme Court.

W. O. Smith and the other members of the Board of Health know an oyster when they see him. Humanity and Christian charity compelled the Board to listen the silent talk of the oyster—Alas, they have had occasion to wish that some of the public in general were oysters—and the market had been opened, and permission granted to swallow them. Before noon to-morrow hundreds of the "fish"—as the doctors term an oyster—will be found on ice in H. E. McIntyre's store.

The Y. M. C. A.

The meeting of the Y. M. C. A. held yesterday evening was well attended and considerable business was done. The gymnasium added to the institution has been the means of increasing the membership, and it is hoped that the trapeze, etc., of that department will, at least indirectly, bring some to Christ. Dr. Ryder conducts the physical examinations determining the amount of exercise needed by each member. The educational classes will commence on Monday next. W. W. Harris will have charge of a book-keeping class; D. W. Corbett of type writing; T. E. Patrie will teach stenography; A. L. Colsten, mechanical drawing, and E. Cooke, music. Arrangements have also been made for instructive and amusing entertainments during the winter. The financial report shows a small cash balance on hand.

Highly Praised.

President and Mrs. Dole, Professors Alexander and Brigham called at the St. Louis College this morning and were received with great courtesy and shown over the school by the principal. Each classroom was inspected and the distinguished visitors expressed their full appreciation of the great work done by the college. The eleven classes were all at work, and it was admitted that the methods of the teachers and the sanitary condition of the schools are highly commendable and worthy of imitation by the Government schools generally. Mr. Dole and party remained more than an hour at this popular Catholic educational institution, and his visit and urbane manners were a source of gratification to the Brothers who have charge of the college.

The B. T. C.

The meeting held last night by the members of the Beretania Tennis Club was largely attended. W. L. Stanley, who is an enthusiastic tennis player, is the president of the club. Several new members were admitted. Expressions at the meeting indicate that no prospects of a tournament between the Beretania and Pacific Clubs is possible to be arranged this year. A committee for the classification of members was appointed.

Wire" Bally.

THE FISH QUESTION

Regulations of the Board of Health
in regard to fish and products of
the sea or water

1. The taking of scale fish, shell
fish, or any product of the sea or
water from any pond, stream, creek,
inlet, bay or harbor, or upon the sea
to a distance of two miles out from
the shore, between Diamond Head
Point and Ahua Point, and from the
mountains to the sea, is hereby
strictly prohibited.

2. All scale fish and lobsters from
the waters of Oahu, outside of the
above limits, may be exposed for
sale in the Honolulu Market, but
not elsewhere within the limits
prescribed in Section 1, by the ob-
servance of the following condi-
tions, viz:

First—Conveyance of said fish,
etc., into the limits above mentioned
shall be along the public road which
is the continuation of King street,
at Moanalua, or by the regular
trains of the Oahu railroad, or along
the Nuuanu avenue and its continua-
tion, or along Beretania street and
its eastward continuation.

Second—None of the articles
above prohibited shall be conveyed
or brought into the prohibited
limits by any other route or by sea,
except the fish known as kawakawa,
aku, ahi, malolo, puhikii and iheihe,
and these on the condition that
they are landed at the fish
market and immediately presented
for the inspection of the Inspector
in Chief.

Third—Each lot of fish above
mentioned, before entering the
above limits, shall be inspected and
obtain a certificate signed by an
inspector or guard authorized by
the Board of Health, said inspectors
or guards to be stationed at points
to be designated hereafter on the
above permitted routes of entrance.

Fourth—Said certificates shall be
on forms provided by the Board of
Health, and shall specify the kind
and number of containers used, the
character and measure or amount of
the fish contained in each container,
and the name of the carrier or car-
riers.

Fifth—Said passes shall, as soon
as possible, be presented by the
carrier or carriers with the articles
and in the identical containers
specified in said passes, to the
Inspector in Chief, who will be
stationed at the market in Honolulu,
and on receiving a permit signed by
Inspector in Chief, will be allowed
to expose said fish for sale at such
stall or table in said market, as said
Inspector in Chief shall direct, and
not elsewhere within the prohibited
limits.

Sixth—Permits for the sale of fish
must be renewed each day.

3. Any parcel or container of fish
not corresponding as to container
or contents, with the description
given by the inspector or guard on
the route, shall be liable to imme-
diate and summary confiscation by
the inspector at the market.

4. An inspector or guard author-
ized to grant passes for bringing
fish within the limits of Kona, Oahu,
will be on duty at Moanalua road.
On the regular trains coming from
Ewa to Honolulu, at the Pali, Nu-
uanu road and at Waialae, continua-
tion of Beretania street.

5. The Inspector in Chief at the
Honolulu market will be on duty
for the granting of permits from
the hour of . . . a. m. to . . . p. m.
each day except Sundays.

6. Fish from the other islands
shall not be admitted unless accom-
panied by a certificate signed by the
purser or freight clerk on the al-
ready mentioned certificate, and
shall be landed only at such wharf
as may be designated by the In-
spector in Chief.

7. Any person who violate the
above regulations shall be liable to
a fine of \$100

An Opportunity.

Miss Cahill, the popular milliner
on Hotel street, has now received
her new goods, and will be pleased
to show her many patrons a full line
of imported patterns, hats, and the
very latest novelties in birds, wings,
etc., for trimmings. Ladies who de-
sire to appear at their best at the
coming tennis, lacrosse, golf, and
other matches, ought to lose no time
in getting their head coverings from
Miss Cahill.
