## IAUKEA'S TESTIMONY ON HIS BORROWS ABE RUEF AGAIN PUT ON TRIAL

### Say Iaukea Knew Isoi Received Gifts Prior To Note Transaction

That Sheriff Iaukea had met, as a Christmas matter of fact had been introduced to, Isoi before the note and the bribery transactions took place; that Townsend told him before he made out his note that the money was to come from Isoi of Iwilei; that Apama, another officer, had been employed by the Sheriff to secure a loan from a Chinese, with promise of favors; and finally that the Sheriff quite generally practiced the gentle art of touch among his subordinates, are among the many interesting facts which the transcript of the testimony taken by the Supervisors' investigation committee reveals. It also shows that Isoi sent the Sheriff a present of an expensive set of chairs at

### A SHIRT IS A DRESS SUIT

That's about what it amounts to in Honolulu, where the men wear their coats open, or no coat at all. The negligee shirt is really the most dressy garment a man wears during business hours.

Our CLUETT, STAR, and WILSON BROS. negligee shirts afford you a variety that cannot be equaled elsewhere in the city. As we carry all three lines, we are enabled to offer you exclusive patterns.

You probably are already aware that the above lines skin anything else in the shirt line.

We have a new line of E & W Soft Shirts.

### CASTLE CONTROLS CONSOLIDATION CO.

Interests Consolidate  
With Kellogg As  
Manager

As exclusively stated in the Bulletin someone has been after the control of Kellogg's Consolidated Pineapple company. The result is that the people after the control and the Kellogg interests have joined forces and everything is wound up to the satisfaction of all concerned.

The Castle interests as represented in the Hawaii Development Company are, as a result of the deal, the heavy holders of pineapple securities in the Territory. The Castle interests were after the control of the Consolidated, with the alleged purpose of ousting Kellogg from the management. Kellogg had some friends who stood by him and the result is that the Henry Waterhouse Trust Company interests were bought by Castle and the P. M. Pond interests combined with Castle. This completes the control but it was not carried through until arrangements were made for the continuation of Kellogg as manager.

The Castle interests now control the large Kona pineapple establishment, the Koolan pineapple project on the windward side of the island and the Consolidated at Wahiawa. Castle & Cooke still remain the agents of the Consolidated.

One of the men connected with the Consolidated stated this morning that he thought the buying in of the Castle interests greatly strengthened the company, for if Castle & Cooke should for any reason want to give up the agency the Company would be sure of the protecting financial power of J. B. Castle's company.

### ACHI WOULD BE INDEPENDENT

Would Support Hustace  
To Dump Lucas  
And Lane

When Charley Achi can't figure out a new way to get into the papers by springing an unusual scheme, there is something radically wrong with him. From the latest that has leaked out concerning a little meeting which was held at his house last evening, it appears that Mr. Achi counts on winning out in the Mayoralty contest by leaping into the fight as an independent candidate. And, in order that matters will be brought about to his perfect satisfaction, he will support Hustace in securing the nomination, thus forcing John Lane and Jack Lucas out.

When this little piece of engineering has been accomplished, and another haole has been put up to run against Chairman Charles of the Board of Supervisors, wily Achi will announce himself as the independent.

Secretary Wood has prepared the following report which he will submit to the Promotion Committee at its meeting this afternoon:

Chairman and Members of the Hawaii Promotion Committee.  
Gentlemen:—After conferring with your chairman, Mr. W. E. Brown, I wrote to Mr. E. A. Mott-Smith, Superintendent of Immigration, asking if we might place our maps, folders, etc., on file in the office of the Board of Immigration proposing establishing in New York and am pleased to report the receipt of the following answer:

"I am in receipt of your favor of today's date asking that the Hawaii Promotion Committee may have the privilege of keeping matter, samples of which you have furnished, in the office proposed to be opened by the Board of Immigration in New York City under charge of Mr. Trenor, and also asking the privilege of stating to parties in New York desiring information about Hawaii that they can secure the same from Mr. Trenor."

"This request meets with my entire approval."

### JUDGE HAPAI OF HILO IS DEAD

Henry Hapai this morning received the sad news of the death of his father at Hilo. The wireless said: "Your father died at seven thirty last evening. Funeral this afternoon."

G. W. A. Hapai was one of the old vanguard in the Government service of these islands, and has been a prominent figure for many years. He was District Magistrate of Hilo for thirty years, and was Tax Assessor for ten years. He was 68 years of age when he died.

### WILL SOON START INJUNCTION SUIT

Dredging Contractors To  
Be Forced To  
Desist

James H. Boyd, timekeeper, and David O'Hara, leverman, working on the dredger in the harbor, were this morning arrested on the same charge as that preferred against Ed. Lord. They were released on their own recognizance after filing their bond.

This, and the fact that a criminal information will be filed against the Hawaiian Dredging Company, and an injunction will be taken out against Lord and the dredging company, is the only new feature in the dispute between the United States Engineer Office and the contractors who are doing the work in the harbor. All of the parties interested, with the exception of Captain Ottwell, were at the Judiciary building this morning.

The United States officials intend that the work in the harbor, as it is now being carried on, shall be discontinued, and for this reason the injunction suit will be started.

The suit against Contractor Lord has been set for a hearing for Monday morning at 10 o'clock before U. S. Commissioner Judd.

### KAHUKU STATION TO BE COMPLETE SOON

No Listener For Ether  
Messages From  
Fleet

Work on the Kahuku Wireless Station will be finished some time next week probably. Meanwhile, no one is listening for any flashes from the Fleet, though it would probably soon be in hearing distance. In fact, it is not known if any long-range work with the Fleet will be done. Of course, the usual official work will be gone through with before the Fleet arrives, but beyond this it is doubtful if anything is to be heard.

Out at Kahuku, the men are busy at construction work, and no one at the receiver, though the latter is still in its old form, and ought to be picking up the sparks pretty soon.

The work which was done at Kahuku during the trip of the Atlantic Fleet down here was something in the nature of a test, and some very good work was done. But no test is on for this voyage.

Gilman of Boston, "Journal of a Cruise Voyage Along the Kaula Pails in 1845," will also be presented to the society. Those interested in the society are invited to attend.

## NEW STUNT TO QUELL GAMBLING

She riff Iaukea has hit upon a new scheme by which he hopes he will be able to contend successfully with the gambling traffic. He has looked into the statute relating to the keeping of disorderly houses, and has found that houses where gambling is permitted are classed as such.

The Sheriff is consequently seriously contemplating having the lessees of certain premises on Hotel street, near Maunakea street, arrested under this statute, and if this case should terminate successfully for the prosecution the same proceedings will be taken against similar places.

## IAUKEA KNEW ISOI

(Continued from Page 1)

he stated that last Christmas he made a present to the Sheriff of four \$7 chairs, which he delivered at the house, his name being left with them on a slip. He also presented the police with \$40 worth of cigars, \$20 worth of which he gave to Taylor.

Regarding the note transaction, Isoi states as follows: "About 4 o'clock in the afternoon of May 1 Mr. Townsend came to my house and asked a loan of \$100, and when I asked him who the money was for he said it was for the Sheriff, who was in financial stress and wanted to get a loan of \$100, and I said all right, I will loan the money, but I want a note for it. Well, Townsend came back with a note from the Sheriff, and I asked him to sign his name to it, to be a witness. I gave him the \$100."

The subsequent substitution of the note is explained as follows: "Townsend explained the matter in this way: that the fact of the \$100 loan became known to Chief Taylor and Sheriff Iaukea did not like it, so he wanted to have the matter covered up by substituting the old note with the new one, which had no name of mine."

Further on, Isoi states that on May 18 or 20 he went to the Sheriff to see if there were any prospect of the re-opening of Iwilei, and again on May 25, but on both these occasions the conversation was merely general.

Sherriff Asked for Money  
On May 28, Isoi went to Iaukea's house with Townsend. He asked him to re-open Iwilei. He said that if this were done he would work for the Sheriff's benefit.

Question: "Did you say how you would work for his own benefit?"  
Answer: "No; I did not explain to him, but I told him I could get a great deal of information and would give it to the Sheriff; that is what I was thinking then."

Q. "What else was said on that occasion?"  
A. "Then the Sheriff told me to keep everything secret; he said there was no other who knew about the conversation except Townsend, and he asked me how much money I would offer him."

Q. "For what?"  
A. "When I said I might do something beneficial for him, then the Sheriff asked him how much I would offer him."

Q. "Then what did you say?"  
From Apana, the next witness,

A. "Then I thought the Sheriff was after money—I never thought of that before, but I began to suspect him. After thinking a little while I said, 'I would give him \$500.'"

Q. "Then what occurred?"  
A. "The Sheriff smiled and said he would give me an answer in two or three days, and the first interview closed."

This appears to have been the only conversation about this matter which Isoi had with the Sheriff direct, the rest of the negotiations, which finally fell through, having been conducted through Townsend.

Knew Isoi's Identity  
Townsend was the next witness. He corroborates Isoi's statement about his first meeting with the Sheriff at Iwilei, when he introduced them to each other. He also tells of how the Sheriff asked him to get him a loan of \$100. The Sheriff asked him when he returned who Isoi was.

"I said a friend of mine, and he said where does he live. I said at Iwilei. Then it was all right; he made out the note and I went and got the \$100."

Wanted to Pay Debts  
Townsend's story of the \$500 offer is in the main the same as that told by Isoi, except that he says that the offer first came from Isoi. He relates a conversation with the Sheriff as follows:

"He said of course I hate to accept any present of the kind, but I would like to pay certain debts before I go out of office, which is a little over \$1,000, which I should like to pay very much because it becomes due pretty soon. He says, To tell you the truth, I am not going to run for office again, so I would like to get clear of my debts; don't you think Isoi could afford to pay \$1500?"

Why Townsend Resigned  
Later on the Sheriff told Townsend that the missionaries did not like him to stay in office, though he (Iaukea) hated to lose him. Iaukea asked him to make a statement about the \$1500 matter to Thwing, but this Townsend refused to do. The Sheriff then asked him for an undated resignation, and Townsend gave him his dated resignation instead.

A. P. Taylor, the next witness, corroborates the fact that the Sheriff met Isoi early in April. His testimony in the main relates to his discovery of the note transaction, but he states that it would be quite possible for the Sheriff to handle a case, like the alleged attempt to trap Isoi, without consulting him. He also states that Apana after his discharge told him that the Sheriff had borrowed money through him from one Wat Gling, a Chinese business man, not a gambler.

From Apana, the next witness,

## WATERFRONT NOTES

BENSON A CRACK.

Captain Benson sailed the schooner Alice McDonald out of the harbor this morning in a breeze which would hardly have given steerage way to a catboat, in spite of the fact that the schooner was pretty deep. She is bound for Hanalei Bay, Kauai, to unload lumber, part of a cargo, the first part of which was discharged here. He spread a big lot of canvas, and, though it was some time before he got any way on at all, and it seemed that the schooner was merely drifting across the harbor, she presently swung about and got safely out the channel. The Alice McDonald is a smart schooner, recently arrived from Port Gamble.

THE BARK Andrew Welch, 18 days from San Francisco, arrived in port at a few minutes past noon today, bringing a good crowd of passengers, and on average cargo, including a large shipment of gasoline, on deck. She had head winds through most of the trip.

THE IROQUOIS went out to Pearl Harbor this morning in charge of Boatwain Kenney, taking 25 tons of coal for the donkey engines which are used in the operations there.

THE MAUNA LOA is due off her regular run tomorrow.

\*\*\*\*\* comes an interesting tale of another borrowing transaction which the Sheriff never saw fit to tell about.

"Some time in last year, during February or March," says Apana, "Mr. Iaukea asked me to go into his office to consult with him in regard to financial affairs; that he was very hard-up—his notes becomes due at that time, owing to Bishop & Co., and he requested me to go out and see my friend, whether he could help me out or not—he needs \$100. I have no actual friends in town here, but I have only one intimate friend whom I know about 20 or 30 years in this island. He could let me have it if he has the money in his hands; if I ask him for it probably he will let me have it; and he says will you go and ask him whether he could let me have any; much better if he will let me have that amount. If he could help me this time, probably I will treat him back or do whatever favor I can for him."

Couldn't Borrow Twice  
Apana states further that he got the money from Wat Gling, without interest. After this had been refunded the Sheriff again asked Apana to go out and borrow money for him, but this time Apana was unable to get any.

Wat Gling, the next witness, says that he let the Sheriff have the money for two months, but the first payment was not made until after 2 1/2 months had elapsed, when \$50 was paid and the note renewed, the rest being paid in installments.

Iaukea himself was the last witness. He tells his old story, which has been published in the Bulletin, about the transactions. He claims that he did not know that Isoi, the lender, was Isoi of Iwilei until a week after he had given the note, when he upbraided Townsend for placing him in this position. He admits that the first time he saw Isoi so he could know him was at the time when he was introduced to him at Iwilei.

In regard to the Isoi chairs, the Sheriff says that he did not know where they came from until some time after he had received them, when he asked Townsend, who said that Isoi was the donor. The bribery affair he explains as an attempt to entrap Isoi.

Borrowed From Officers  
A great part of Iaukea's testimony covers his involved financial affairs, but he maintains that the Apana and the Townsend incidents were the only ones of their kind. In answering a question as to whether he borrowed money from his subordinates without knowing where they got the money, the Sheriff says:

"Yes, I have borrowed money from the officers of the Department in amounts of \$5, \$2.50, or \$4 as I needed the money. I would ask the clerk, Mr. Rose, sometimes if he could spare me a little money out of his own pocket, but no larger amounts than \$3, \$4, or \$5, and only in the shape of I-O-U's. I never gave notes for these small amounts."

## Whitewash Report Is Adopted After Fight

The report of the Committee appointed to investigate the Lauka-Isol matter was finally submitted at the meeting of the Board of Supervisors. Although it found the Sheriff not guilty, as was predicted by the Bulletin, it caused a lively discussion, its main and incomplete character being more than the more intelligent members of the Board were able to swallow gracefully.

"Mr. Kealoha, are you ready with your report on the police matter?" asked Hustace as soon as the routine business of the meeting had been completed.

Kealoha passed the report to the Clerk, who read it, as follows:

"We, your committee, duly appointed to investigate the alleged bribery in the Lauka-Isol matter, do submit our findings, as follows:

"(1) Your committee has made a thorough and careful investigation of the Lauka-Isol matter, and find, after much inquiry, that no bribery has been committed whereby a criminal charge could be made against Sheriff Lauka, in accordance with the testimony adduced in this matter.

"(2) In so far as Isol is concerned, your committee is of the opinion that he (Isol) was very much in favor of transgressing the laws by attempting to bribe Sheriff Lauka, but inasmuch as the Sheriff had made no provision for his arrest as a briber, therefore Isol escaped the clutches of the law and from being charged with the serious offense of bribery.

"Therefore your committee finds Sheriff Lauka not guilty.

"A copy of the testimony taken in this matter is hereto attached and made a part of these findings.

"J. M. KEALOHA (Chairman).

"JOS. J. FERN.

"F. K. ARCHER.

"Committee."

"Is that all the report?" asked Hustace.

"It is," answered Kealoha.

"Well, it seems to me gentlemen," said Hustace, "that this report is very incomplete. I move that the report of the committee be rejected and that the evidence gathered be placed at the disposal of the Board that they may do into it and judge for themselves."

"I can't see why there is any objection to the report," said Harvey.

"It is submitted by the committee which was appointed by the Chair."

"But we have a right to accept or reject it," answered Hustace. "I feel that it does not give sufficient details."

Harvey repeated his statement, and Hustace said that he thought the report unsatisfactory.

### TRENOR MAY DO

approval and I am sure will meet with the approval of the Board. As I understand it, you wish Mr. Trenor to take it up in a merely incidental way in connection with his office and to have a place there in New York where the material, which you have enclosed, can be shown and questions answered. I will write to Mr. Trenor to this effect.

The matter for our map and guide of the island of Oahu is now in the hands of the printer and will, I think, prove to be one of the most valuable publications the Committee has issued. I hope to have it finished early next week.

In order to complete the series, Mr. H. E. Newton is now at work, during his spare moments, on the maps of the other islands.

Following Oahu, I will be prepared to submit the matter for the Hawaii folder. One side of the folder will be taken up with an accurate map of the big island; on the other side, in addition to statistical and descriptive matter, we will have an excellent map of Kilauea, showing as well, location of Volcano House, trails, roads, etc.

The Maui folder, in addition to the map of the twin islands, will also carry a good map of Haleakala, giving elevations, trails, etc.

The Kauai folder will also be complete. The maps in every instance will be made to scale and will be thoroughly up to date.

As soon as the Oahu folder is out, we will send copies quite generally to the other islands, asking for information along similar lines, to be used in the folders of Hawaii, Maui and Kauai, which we will endeavor to make as complete as possible.

Feeling that the possibilities of fishing as a sport should be thoroughly exploited, we have asked H. M. Ayres to submit to the Committee, at an early date as may be convenient, a series of ten or twelve articles covering the subjects quite thoroughly and hope that the Committee may decide to have the matter printed in attractive pamphlet form, suitably illustrated.

I am now in correspondence with different parties in Colombo and Singapore, with reference to distributing

"There is no second to the motion," said Cox.

"They are probably thinking it over," suggested Hustace.

"The motion cannot be put," announced Archer. "There is no second."

"I will second the motion," said Dwight.

"Before this motion is put, I would like to have this evidence given to the papers," said Hustace. "It should be public property."

"I object," said Harvey.

"Why does the Chair want to give this matter to the newspapers?" asked Archer.

"Because this is a more serious matter than you people think," answered Hustace. "And I do not think the report is full enough. The report of the Grand Jury has not been made public and it is the right of the public to know the facts."

Archer wanted the minutes read of the meeting under which the committee was appointed.

Harvey objected, and when Archer started to answer, shut him up with a rapid stream of Hawaiian.

Harvey then wanted to know why the chair did not have sufficient confidence in his committee to trust to its findings.

Hustace reiterated the fact that he did not necessarily have confidence in the committee, the report of which he thought very unsatisfactory.

Cox objected to the reading of the minutes and Harvey said that he had never heard anything like it.

The minutes were finally read, showing that the committee had been appointed to investigate the Isol matter and matters pertaining to it, and report its findings.

The motion to reject the report was put and lost, only Dwight and Hustace voting for it.

Hustace pointed out that while the committee had reported on the case itself it had not reported on the matters leading up to it. "I want to know if there was anything which led up to this," he said. "If he was encouraged or why he made this offer. The people also have a right to know."

Hustace wanted the committee report read again.

"Can't do it," said Harvey.

Cox stated that the committee report should be final. He thought it fair.

Harvey said that the rule was that the chairman could not overrule the report of the committee.

Hustace again put the question as to whether the report should be accepted. It was accepted by the vote of all the Supervisors except Dwight and Hustace.

Tonight at the Orpheum the Lumley Company will present for the first time in Honolulu David Belasco's great play "Zaza." "Zaza" has been played in all the principal cities of the world, and is a play that has always been a grand success wherever presented. The part of Zaza, the star role of Mrs. Leslie Carter, Florence Roberts and Effie Shannon, will be in the hands of Miss Virginia Thornton, while Richard Butler will play the opposite lead, with the excellent support of the full cast of the Lumley company.

The management has gone to considerable expense to put the play on with special scenery, electrical effects and everything to make the performance one of the best yet presented by the Lumley Company, and one which every lover of good plays should see.

"Zaza" will again be presented Friday and Saturday evenings, with a matinee Saturday.

It would be an unusual state of affairs if the people with predominant numbers of population in an American Territory did not also have the larger number of children in the public schools. The public school is the cradle of American citizenship. If the children are here, we want them in the schools. In this connection, it is also well to note that a desire to have a larger representation of children whose parents are eligible to citizenship, may be satisfied by securing a larger representation of eligibles among the laborers of the islands.

## IAUKEA AND REFORM AGAIN.

The report of the special committee from the Board of Supervisors on the transactions of Sheriff Iaukea sounds like the man who said that "If he hadn't came he would have went."

It finds that the Sheriff is not guilty of accepting bribes. This is what the Grand Jury said, and if the Supervisors merely wanted to learn whether they could reach the same conclusion as the Grand Jury, they are evidently satisfied.

As in the case of the Grand Jury, the fact that these gentlemen went at the subject to discover whether the Sheriff had been doing any bribery business or not, turned the public in a direction it had not hitherto taken—the Sheriff has not been generally credited with accepting bribes—and served to accentuate the bungling methods of incompetence. This should convince the Sheriff that he should resign, and the reformers that they are conducting a fruitless farce that entitles them to contempt although a good share of the people simply laugh at their pretensions.

The decision of the Supervisors to have the testimony of the investigation made public has served a good purpose in making it possible to check up on some of the Sheriff's interviews.

When the \$100-note matter was first brought to the attention of the public, the Sheriff stated to the Bulletin that he did not know that the bill to which he became financially obligated was the twelfth lot.

The sworn testimony of the man Townsend, to whom the Sheriff entrusted the responsibility of rustling up the \$100, and endorsing his note, is to the effect that he told the Sheriff at the time the note was brought in that the lot whose name appeared on the note was lot of twelfth.

It thus appears possible that the Sheriff had a serious lapse of memory when talking in the Bulletin man.

Also it will be remembered that the Sheriff in speaking of the matter—or perhaps it was his morning "explanations"—said that he went to one or two reputable people who were unable to supply him with the needed funds, and this being a hurry-up call, so-to-speak, he accepted any part in a storm. The intention was obviously to give the impression that this employment of a department officer to chase up loans was a single exception.

The testimony taken by the Supervisors contains information that one, Apama, a Chinese detective, was also sent out on a money-hunting tour. Although he did not go to Iaoi, but to a regular money-lender who accommodated without interest, it is apparent that the assignment of police officers to go out in search of a "borrow" was not such an extraordinary thing as one might judge from the injured innocence of the Sheriff—at the outset.

The Supervisors have gone through the case and have decided that the "borrow" such as the Sheriff made was not a "touch" in the bribery sense.

But where does the exonerated come in when we deal with this public officer from the standpoint of efficiency, capacity, common sense—measure him by the "reform" standard of which so much has been said?

It would be well if The Friend's suggestion could be carried out, and our Sheriff renominated to determine what the average thoughtful American

of Oahu—not the "reformers"—think of such methods.

The small loans made from members of the force is evidence of what sort of discipline this reform Sheriff must maintain over the police of the city—a city undergoing reform!

The Supervisors' Committee report shows that the confidential money-raiser, Townsend, said the Sheriff remarked that he intended to get out of office soon, and wanted to make hay while the sun shone, so to speak. We are quite willing to give the Sheriff the benefit of the doubt on this matter. We have not his confidence in his confidential agent.

Townsend and Apama, the trusted agents of the Sheriff, have since been expelled from the duties of office.

Judging him by the standards he has set in dealing with these agents, and giving him the benefit of every doubt in his own testimony, we believe that way down in his heart Iaukea, if he be the reformer he is represented, is satisfied that he should quit; get out; resign.

We still have, however, the record of the "reformers" of Hawaii, violating their little peans of praise for a chief of police who borrows money from a leading dive-keeper of the red-light district.

Mafalahenders, honest in their ideas of reform, can easily conclude that Iaukea may not be half as bad as the gang of hypocrites with which he is associated.

## CAPTAIN FURUYA PAYS HIS CALL

Captain C. Furuya of the Japanese training ship Taisei Maru, called on Governor Frazier this morning. He was accompanied by Acting Consul Abe. They then paid their respects to Captain Rees, commandant of the Naval Station, Collector of Customs E. R. Stackable and Immigration Inspector R. C. Brown.

According to the present understanding the Taisei Maru will remain here a month. Yesterday a cable was forwarded to Japan informing the president of the College that the Maru had arrived here safely. Captain Furuya will wait for further instructions before he proceeds.

The local Japanese are planning to entertain their fellow countrymen during their stay in this port.

## WAS IT PICKPOCKET

The pickpocket has struck town. That is the view of it taken by a man who was on the outside of the crowd at the big wedding held in St. Andrew's Cathedral last evening. This gentleman was in the midst of the crowd. When he got out on the sidewalk he found that his coat pocket had been slit. There was nothing in it but an old pipe and a tobacco pouch, but it was apparent that the pocket had been cut by someone who thought its bulging appearance indicated wealth. The man believes a pickpocket did the job.

mittie reported that no action should be taken for the incoming Fleet, but \$1,990 would be needed for its entertainment on its return, including the Pearl Harbor trip.

Atkinson said the Sports Committee would need \$2,500.

Chairman Smith announced that the total of these estimates exceeded the funds on hand by about \$500.

Waldron did not think much money should be expended on sports. The athletic associations should take this up without charge. The trip to Pearl Harbor and the decorations were necessary, and the former would give a good return.

Atkinson said that the athletic clubs could not be expected to put up the boxing. It cost \$100 to \$500 a night for boxing.

Jones said he thought this was excessive for the class of boxing given here.

Waldron said that Captain Rees had told him that the officers of the Fleet did not care much for entertainment during its first stay.

Chair, Waldron said the Pearl Harbor excursion expenses could be cut to \$750, and Jones said his expenses could be cut to an even \$650.

Waldron said that he looked upon the money spent for sports as money squandered. Jones also thought the boxing too expensive.

Atkinson answered that if they had seen the success of the Atlantic Fleet exhibitions they would better appreciate the situation.

Jones answered that he had seen the boxing there and had not considered it worth much.

Smith asked if the sports could not be pulled off for \$1,600, as in this case there would be \$500 left for leeway. The Executive Committee would need \$100. Something would be needed for contingent expenses.

Waldron moved that no expenditures be made by any sub-committee before the return of the Fleet, with the exception of the Decoration Committee. The Reception Committee might go out on excursion steamers, as was done last time. Wood seconded this.

Atkinson did not think it advisable to tie the committees down at present.

Waldron moved to pass an appropriation of \$650 for the Decoration Committee. Passed.

Atkinson moved to give \$750 for the Pearl Harbor trip. Passed.

Wood moved to give the Executive Committee \$150. Passed.

Jones moved to give the Sports Committee \$1,500. Passed; Atkinson voting against it on the grounds that it was not enough.

This left \$550 in the treasury. Waldron reported that the Excursion Committee had decided to have Van Valkenberg take his place during his absence.

Those present were Chairman Geo. W. Smith, Secretary H. P. Wood, Col. J. W. Jones, Fred L. Waldron, and A. L. C. Atkinson.

This woman says Lydia E. Pinkham's Vegetable Compound saved her life. Read her letter.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

"I can truly say that Lydia E. Pinkham's Vegetable Compound saved my life, and I cannot express my gratitude to you in words. For years I suffered with the worst forms of female complaints, continually doctoring and spending lots of money for medicine without help. I wrote you for advice, followed it as directed, and took Lydia E. Pinkham's Vegetable Compound and it has restored me to perfect health. Had it not been for you I should have been in my grave to-day. I wish every suffering woman would try it."

**FACTS FOR SICK WOMEN.**

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The invitations to the Old Fellows of the Pacific Fleet for the dance and entertainment to be given them on the evening of September 5th by their local brothers, will be issued within a few days. The reception will be held in the Old Fellows hall on the corner of Fort and King streets. The first floor will be used for the entertainment of the children, games and other little pleasures being arranged for them. On the second floor, card tables will be arranged for those who do not care to trip the light fantastic. On the roof garden, the orchestra, hidden behind a bank of clustering palms, will discourse sweet music for those who love to weave and interweave in the mazes of the dainty waltz and lively two-step, to say nothing of the bandance. A royal entertainment is planned for the Old Fellows of the Fleet.

## WILL ESTABLISH PARK IN MANOA

Honolulu is soon to have another park, if plans under consideration by the Government are carried out, for a two-acre tract of land has been secured in Manoa Valley at the intersection of the two roads running by the Montano place, and this will in all probability be turned into a park.

No definite arrangements have been made yet. The tract, which is a part of the Montano property, was secured by an exchange and a general cleaning-up process will be gone through here right away.

## RECEPTION FOR KEIO TEAM THIS EVENING

A reception to the Keio Baseball Team will be held this evening in Manoa by Miss Alice M. Felker, principal of the Kaahumanu school. Miss Felker attended two of the games this season in which the Keios figured, and in both of which they won. Her admiration for their work prompted the reception which she is now tendering to them.

The press representatives of the Japanese here, and the Consul and his staff are invited to this affair.

On next Sunday evening, the local Japanese will give a farewell party for the Keio boys, who leave for Japan next Monday on the Manchuria.

## PIANOS ARE STILL GOING

The Thayer Piano Co.'s sale of pianos has been extremely large so far this week, and there is no wonder that it is so for there are many excellent bargains. The sale only lasts a few days more and the nicely turned instruments are being sold very fast. It would behoove everyone to attend this large bargain sale immediately. "Low prices and easy terms," is the motto.

## ACHI WOULD BE

(Continued from Page 1)  
candidate for the first Mayor of the City of Honolulu. A lovely plot, indeed,—and one that might have caused some trouble,—had it not leaked out.

George Kawai, one of Kakaako's leaders in the political line, was invited to attend a little jollification at the home of Mr. Achi last evening, and when he arrived found that Kakaako's famous 7-11 aggregation were in conference assembled, and the plan was disclosed.

And the talk still goes around among the Hawaiians about how easy it seems to be for Achi's henchmen to get work in the Road Department. If you are a follower of Achi—see him and by him you will be sent to Charlie Hustace, who in turn will give you the necessary recommendation to Tommy Cummings, —and the job is yours. This is the talk. But the time is changed to a considerable extent when it is learned that the only two men who are known to have had positions given are Olepau and Rathburn. About Olepau there is no certainty. He was let out of the department some time ago, and it is hardly probable that he has been taken back.

If a gas range has displaced a stove—sell it by using a Bulletin Want Ad.

Rent Franklin cars, Stuyvesant Stables. The band will play this afternoon at Fort Shafter.

The application of Tong Cheong for a saloon license has been refused. Honk! Honk! Call 1111 or 191, J.A. McLeod, for pleasantest auto ride.

David Bennett is booked to leave for San Francisco on the Mongolia.

Mrs. E. Sahlin will take orders for infants' clothes and hosiery at the Wallian Hotel.

Mrs. Helen Noonan is booked for passage on the Mongolia, leaving tomorrow evening.

It is said that Bishop street will be open through to the waterfront within a very short time.

Take your carriage or automobile to Hawaiian Carriage Manfy. Co. for up-to-date repairs.

The quality of the beef and mutton at the Metropolitan Meat Market this week is above the average.

Mrs. C. W. Schultz, accompanied by Mrs. Julia Macfarlane, leaves on the Mongolia tomorrow for New York.

Halewa, when all is said and done, is about the most satisfactory spot on this island for rest and recreation.

The expert at the Hawaiian Office Specialty Co., Ltd., can fix your Cash Register or Typewriter. Phone 143.

Miss Corinne d'Aguiar, who has been a guest at the Monna for several weeks, returns to New York per the Mongolia.

Coat your iron roofs with "Arabic" You will be surprised at its cooling and preservative properties. California Feed Co., agents.

Copies of the Bulletin's Fleet Edition, wrapped ready for mailing, can be procured at this office for five cents. Cost of mailing, three cents.

Alcohol has a food and stimulating value when the proportion is not too great. The danger is in over-stimulation, impossible when the percentage is so small as in beer. Primo beer, the famous home brew, contains only 2½ per cent. alcohol.

The funeral of the late Carl H. Patzke was held at 10 o'clock this morning at H. H. Williams' undertaking parlors. Services were conducted by Pastor Felmy of the German Lutheran church. Interment was at Nuuanu cemetery.

A board of appraisers will shortly be appointed by Superintendent of Public Works Marcus Campbell to appraise the value of the additional land need in Manoa valley for the Hawaiian College of Agriculture and Mechanic Arts. The College already owns all the government land there but needs some additional, which, as it is private property, will have to be secured either by negotiations or condemnation proceedings.

## RIFLEMEN MAKE GREAT SHOWING

Win Twenty-Sixth Place Out Of Fifty Contesting

Twenty-sixth place out of fifty contesting teams is the excellent record made by the rifle team of the National Guard of Hawaii at the shoot at Camp Perry. Their aggregate score this year was 2714 points. This showing certainly displays an improvement in form over last year, as the team then came out thirty-fourth out of forty-eight contesting teams.

Governor Frear immediately wired his "congratulations" to the team. The splendid showing that the boys of the islands made will be a hard one for future teams to beat, as the lads went up against aggregations of trained-to-the-minute shots, teams that were used to all the conditions of weather and range, and teams that had spent the greater part of their time since the last shoot doing nothing but practice for this event.

Such a record as the Hawaiian shooters made means a "win" for them. The local shooters have themselves been training consistently for this event, and while they expected to make a better showing than last year, no one thought they would reach the high standard they have now set. Major Riley had looked after the personnel of the rifle men here, and he was range officer at the shoot.

It seems that conditions were against the local fellows too, for Major Riley cables that the weather was rough. Adjutant General Jones has given out the following official announcement of the scores as received by cable, which shows that the rifle men ran their scores away up when it came to the 1000 yards range:

200 yards, slow fire ..... 459  
200 yards, rapid fire ..... 409  
400 yards, slow fire ..... 459  
800 yards, slow fire ..... 471  
Sklrsh run ..... 495  
1000 yards, slow fire ..... 421

Aggregate score ..... 2714

The following men comprised the team: Lieut. Colonel Coyne, Lieut. Colonel Short, Captain Neely, Captain Coster, Captain Merle Johnson, Lieut. Whitehead, Lieut. Evans, Sergeants Evans, Hopkins, Chillingworth, Sumner, Lemon, Ferreira, Barry, Blanchard, Corporal Stone and Gouveia. The team left Honolulu on the Alameda, August 5.

## The Truth About Kidney Trouble

(SWELLING ANKLES)

Swelling ankles or hands, or puffing eyelids, are usually the first notices of dropsy, which is almost always definite evidence of inflammation of the kidneys, that has made considerable progress. It is usually in the chronic or supposed incurable stage when first noticed.

The inflammation has closed the tubules in the kidneys, and the heart, through the obstruction, has increased the blood pressure until the thin watery portions are forced through the veins and drop down and settle in the hands and feet, and in the eyelids at night.

As the books know nothing that will reduce kidney inflammation and open the tubules, there has been no successful treatment for dropsy, physicians usually attempting to prolong life by giving nitro-glycerine, digitalis, etc., etc., to strengthen the heart. This treatment may momentarily assist the patient, but it has no deterrent effect on the development of the inflammation in the kidney tissues, and the patient almost inevitably succumbs. Hence dropsy has been considered incurable.

It can be readily appreciated that if the kidneys are not cured, the dropsy will decline with gradual restoration.

There is exactly what happens, and inflammation of the kidneys of the most serious forms, involving dropsy, now yield to the Renal Compound in about 90 per cent of all cases without reference to whether it is in the first or second stage. In fact, this medication now practically disappears in the presence of a real specific for inflammation of the kidneys.

## Fernandez Is Shown By Figures

### As Premier Player

COSTELLO IS CRACK FIELDER

Fernandez as the premier batsman and Costello as the best fielder are the men who shine in the outcome of the first series of the Honolulu Baseball League for the championship of the island. The figures compiled by Official Scorer Babbitt show that Fernandez has an average of .424 for batting in the nine games he has played, and Costello shines as the only infielder who has a fielding average of 1.000. Out of 33 times at bat, Fernandez got 14 hits and made 12 runs. And Costello made good on the 25 chances he had for a put-out or an assist.

Barney Joy comes second on the hitting list, and Louis is a close third. In fact, Louis has the distinction, together with Aylett, of not having been struck out a single time this season.

#### Perfect Fielders

Four men have perfect fielding averages—Costello, second baseman for the Jewels; Harry Bruns, left field of the Puns; Louis, right field of the Jewels; and Bill Desha, right field for the Puns.

Louis and Bruns each made good on 12 chances offered, and Desha on his nine.

#### Fernandez's Record

Fernandez heads the list for stolen bases, also. He has 10 to his credit, while Bushnell and Hampton divide second honors with nine each.

Fernandez has a rather high fielding average, with .968, with 97 chances and three errors. This is far and away more than any other man has had, with the single exception of Phoney Davis, catcher for the Jewels, who comes close with 96 chances and four errors.

All this seems to prove that Fernandez is entitled to the first honors for playing in almost every line. The third man in the fielding counting for the number of chances, is George Bruns, with 69 chances, out of which he made five errors. If figures speak, Fernandez seems to have won out strongly in this first series, as the best player in Honolulu.

#### Best Batters

The batting list, including the best ten men, playing in five or more games, is:

Highest Ten Batters.		Perfect Fielding Averages.	
F. Fernandez	.424	Costello, second base	1.000
Joy	.366	H. Bruns, left field	1.000
Louis	.342		
Lemon	.322		
H. Bruns	.319		
		Highest Ten Batters.	
Aylett	.300		
Onion	.285		
G. Bruns	.285		
Hampton	.259		
Evers	.250		
		Perfect Fielding Averages.	
Costello, second base	1.000	Louis, right field	1.000
H. Bruns, left field	1.000	W. Desha, right field	1.000

#### Team Standings

The teams in the League now stand as follows:

Standing of Teams.			
	Won.	Lost.	Per Cent.
Punahou	6	3	.666
Diamond Heads	6	3	.666
Kamehameha	4	5	.444
Saint Louis	2	7	.222

#### Out of the Game

Of the men who have shown up as among the few best in each line, Evers, Costello, and Bill Desha are no longer in the game, the first having retired on account of poor health, Costello being now in the Navy, and Desha living in Hilo.

The personal records of the men who have played in five or more games in the first series are:

## ROLLER TO BE READY BY SEPTEMBER 7TH

September 7 is talked of as the tentative date for the big wrestling show in which Dr. Roller, the giant man from Seattle town, is to appear. This is not altogether settled, but the date will be used in case it is found acceptable to all parties concerned.

The big man wrestled for three-quarters of an hour yesterday afternoon with Pete Baron at the boat-house, after he had worked for a similar time in the forenoon at the various exercises which he is finding of benefit to him in his effort to get into a condition which will enable him to match the barons from the brow of Coteh, the conqueror of Hackenschmidt.

More Work Yet  
"He is not quite in condition yet,"

says Professor Pete, "but he will be before he will go on the mat here, in case these matches are held on the 7th."

Meanwhile crowds of the curious are making the pilgrimage to the boat-house to see the great athlete. He is very quiet about it all, but it is easy to see that he is a veritable Hercules. His most remarkable development is in the muscles of the back, immediately beneath the shoulders. These are as useful as any one set, perhaps, to the wrestler, and when Roller knits them up, it is a sight to behold.

"He has a good back," Pete Baron confided to a group of friends the other day. "It is magnificent. And look at his chest!"

The remark was amply called for.

### Big Boxing Show Is Arranged Very Cleverly

Jack McFadden is keeping at his boxing enough to remain in the best of trim through this week, while Reilly, the other principal to the big 15-round match which is on for the end of the week, is about through with this department of the work. Yesterday he boxed four rounds with Willis, shoved Bukuo, 152 pounds, around for four rounds, shadow-boxed, skipped the rope, and went through the stomach-hardening stunts. Both men are now going through the tapering-down process. Reilly cuts out hard boxing today. "I can make the weight easily, with room to spare, if I wanted to," says Jack. And Reilly is now at that stage where a man's muscles stand out clean and free from a surplus ounce of flesh.

In short, both men are at the top notch of condition, ready and waiting for the big go of Saturday night.

#### Minor Lights Working

Meanwhile, the men who will furnish the preliminaries, all of whom are popular and well known in the boxing world here, are working into fix in one place or another. Wailua at the Kakaako Athletic Club, where he has the benefit of the instruction of the Young Swan; McCollough at Port Shafter; and Willis at the boat-house; they are all working.

#### Well Arranged

The arrangement of this show reflects great credit on Promoter Fred Smith. It is rather unique for this place in a number of respects. In the first place, few main events here are over 10 rounds in length, which is too long for a short bout, properly speaking, but not long enough to try out the man with the stamina. But the 15 rounds offered by this promoter at the Central Athletic Club will have all the points which make long bouts popular, without being long enough to weary the spectator.

Then, the arrangement of the preliminaries is happy. Eight rounds for a carefully boxed go, where the men will at times have to lie back on their oars and use generalship, and a 4-round affair, which ought to be a bang, bang from the first tap of the fateful bell. It all offers a variety of entertainment very happily arranged.

#### Fine Arena

The arena of the Central Athletic Club is in the open air, cool, and with a good ring. The entrance is at the merry-go-round on Hotel street.

Besides having the attraction of being in the open air, where it is cool and the gentle zephyrs blow, this arena has further inducements to offer in the way of good arrangements. The ring is one of the best in the city, postless and solid under foot. The seats will be roped off in sections, and the spectators shown to their places by a corps of competent ushers. In fact, the match is to be made the classiest go of ring history here, and all the side arrangements are to be put up to the same high standard.

But, then, a wrestler who can go with the world's best must be a giant, and that is all there is to it.

#### Must Be Good

As Roller remarked recently to an admirer who said he was good, "That is what I want to be. I've got to be good to go up against Goteh, and that's all there is to it. And I intend to get in the best fix right here."

Mitsuke, the Japanese wrestler, who is spoken of as an opponent for Roller, is now in town. It is further hinted that Roberts is not at all adverse to the match, though Roberts has not yet spoken for himself in the matter. Whatever the men think about it, there is one thing certain—the public is ready for this show at any time. Is there a sport, or a man interested in the question of physical health and stamina and development in this city, who would not be more than glad to see this physician and splendid exponent of physical perfection, at work? A good many of the dyed-in-the-wool fans think not.

## Wailuas Win By Big Rally In 12th Inning

By defeating the Kakaako baseball team of Atkinson League on the Wailua diamond to the tune of 11 to 10 in a 12-inning game, the Wailua plantation boys again demonstrated that they certainly entered an aggregation of classy ball-tossers in the game of baseball played on Sunday afternoon, August 23d, of whom they should well be proud.

The game was an interesting one and was witnessed by one of the largest crowds ever seen on the Wailua baseball grounds, and the fans were cheering heartily for their favorites. One of the novel and interesting features of the Wailua-Kakaako game was the loud rooting done by some young ladies sitting near the fence, who took the utmost interest in the outcome of the contest. Wailua prides itself in having the fair sex root at the games.

#### An Uphill Job

The Kakaako team is composed of the best players from the Atkinson and Riverside Leagues, and they were playing an uphill game, but the plantation boys were a little too speedy for them.

Tom Pedro, the star twirler of Wailua, was in his best form and did some wonderful pitching, striking out fifteen of the Kakaako batters. He was a great surprise to the Kakaakos when they failed to find his curves, especially to Henry Walker, one of the best stickers of the Riverside League, who was struck out three times.

#### Tie in the Ninth

At the close of the ninth inning, each team had tallied nine runs, and then there were three innings of such playing as has rarely been seen in the country districts. There was nothing doing for either side in the tenth and eleventh innings, until the twelfth inning, when the Wailuas scored two runs against Kakaako's one. The game ended with the score 11 to 10 in favor of the Wailuas.
