MR. TENNEY DEMONSTRATES DECREASE IN NUMBER OF \$18-A-MONTH MEN ON PLANTATION

Kahuku Men Discharged And All Is Quiet In Strikedom

The fifty Japanese discharged by Kahuku plantation will be paid off today and leave the premises. The other Japanese of the plantation have decided that they will not leave out of sympathy for those men although they threatened to do so at one time. There is a general feeling that these workers left to themselves would gladly return to work.

On other plantations of this island the strike conditions remain about the same. At Waiakua, the Kawaiia men will unquestionably be given ample protection from the Thug element when they return to work.

Ewa plantation is running with six hundred and fifty strike breakers added to its force of regular men other than Japanese. Oahu plantation continues to harvest and grind its cane. Honolulu is running along well and is now handling its pumps with men from among the regular plantation force.

Manager Meyer of Waiakua was in town today and reports everything on his plantation running without the suggestion of a change from usual conditions. Nothing on his plantation suggests that there ever was or ever will be a strike there or anywhere else.

1800 Men Wanted.

As the forces on the plantations are being organized more opportunity offers for strike breakers. The Planters' Labor Bureau reports that it can take eighteen hundred men each day at \$1.50. Some of the men from the outlying sections find it impossible to get to the early train on account of the hour at which the Rapid Transit starts. It is planned to run special cars for them if it can be arranged.

Attacking Consul.

The latest phase of the agitator campaign is to attack the Japanese Consul. Thus far they have called him nothing more than incompetent because he has taken a stand for law and order.

Agitators Hopeful.

The leaders of the high-wage association are still hopeful of their success in the end. They claim that they can keep up the fight between capital and labor indefinitely.

"Boss" Makino, who always says things in his own favor, states that a strike proclamation will be issued in a few days. He says that means two

A. Y. P. FAIR OPEN

SEATTLE, Wash., June 1.—The Alaska-Yukon-Pacific Exposition was formally opened today with elaborate ceremony and a tremendous crowd of Washington people, with a great number of excursionists from all over the country, was in attendance.

The fair was opened at the noon hour, President Taft touching the gold telegraph key by which the electrical sparks that threw the gates wide was transmitted.

Admiral Ijichi and Admiral Sebe were the special guests of the occasion, and J. J. Hill, head of the great Hill railway system, delivered the principal address. Salutes were fired by the Japanese and American warships in the harbor.

SEATTLE, Wash., May 30.—On Tuesday, thirty minutes after the stroke of noon, President William H. Taft, in the White House at Washington, will press a jeweled telegrapher's key and flash to Seattle the message that will open to the world the Alaska-Yukon-Pacific exposition.

The exposition is ready, and Seattle awaits the signal, for the northwestern metropolis has made good. For the first time in the history of the world's fairs there will be presented a finished exposition on the day announced. The music, speech-making, the big festivities which the northwest has planned for the opening day will not be punctuated with the rap of the hammer or marred by the voice of the tuncful saw.

Seattle is filled almost to the point of overflow with sightseers awaiting the initial event. By far the larger part of the crowd has gathered from Washington and the neighboring states, but there are thousands of tourists from the Atlantic seaboard and the middle east who have been attracted not only from their homes but from the various points of interest in California and Canada.

The city itself is dressed for the carnival as never before. The canyon streets are festooned with electric lights and everywhere there is bunting, picked out with the exposition emblem. Even the boats in the harbor are decked out in the exposition colors and the Japanese and American fleets are keeping open house to all visitors.

Now that the exposition is spread and Seattle has had a chance to look it over, it is realized for the first time just how big a show it is. There have been some large sounding claims made for it in advance and a good bit of boasting that may have sounded fulsome, but it is a fact that there is everything here that

FIFTH CAVALRY ON PRACTICE MARCH

Six Troops Are Making Round of This Island

Six troops of the Fifth Cavalry, stationed at Schofield Barracks, are making a practice march today. Supplied with a full day's rations, and equipped with full service kit, the six hundred troopers left their quarters at Lelehu this morning for a day in the open.

That a more complete idea may be had of the topography of this island from a military standpoint, the command has been divided into three columns, each of which will march in a different direction.

The following order was published at Schofield Barracks yesterday: Schofield Barracks, Honolulu, H. T., May 31, 1909.

General Orders No. 7.

1. Tomorrow, June 1st, the troops, with the exception of the old and new guard, will make a one day practice march in three columns.

Equipment: All arms, saddles, packed, one cooked meal in saddle pockets.

Uniform: For officers, khaki; for enlisted men, khaki breeches, olive drab shirts; campaign hats for all.

Time of March: 7:30 a. m.

The first column, consisting of Troops D and L, under command of Captain Jenkins, will proceed to the west over the Kolekole Pass to the sea shore on the Waialae side.

The second column, consisting of Troops K and C, under command of Captain Willard, will proceed to the south to Waipahu on the north side of Pearl Harbor and return by any roads found along the east foot of the Waialae mountains.

The third column, consisting of Troops M and B, under command of Captain Seales, will proceed by Government Road to the seashore on the north side in the direction of Waipae.

Commanding officers will exercise particular care to avoid trespass or damage to private property. They will observe and report upon the character of the roads, the existence of possible camping places with special reference to water, grass and fuel, and the accessibility of the beaches.

By order of Colonel Schuyler:
E. A. STURGES,
Captain and Adjutant 5th Cavalry.

Official:

CANNED PINES HIT BY SENATE

"Senate voted canned pineapple duty twenty-five per cent subject to limit twenty-five per cent sugar content. Fresh pine postponed."

This is the text of a cablegram received this morning from G. H. McClellan by the pineapple interests of the city. It means that the duty on canned pines as it passed the House favorably to Hawaii's interests, is defeated. But there is some gain over present conditions. The future hope of Hawaii is in the Conference Committee.

The Senate bill means a duty of twenty-five per cent ad valorem on canned pineapples with twenty-five per cent of sugar in the preserving juice. Under the present law there

is no definite figure placed on the sugar in the preserving juice, so the limitation is some gain, although it allows the Singapore pineapple importers to bring their pines up to a higher standard by artificial means.

What Hawaii wants is a duty of one cent per pound and thirty-five per cent ad valorem on all pines preserved in sugar, and twenty-five per cent ad valorem on pines preserved in their own juice.

Under the Senate scheme, Hawaii does not get the full benefit of the superior quality of its fruit when preserved in its natural juices.

WAIALAE WILL HAVE CEMETERY

50-Acre Tract Secured By Newly-Formed Association

The Real Estate Exchange of this city is preparing the organization of the Waialae Cemetery Association to take over the fifty-acre cemetery site at Waialae recommended a few years ago by the Board of Health as suitable in every respect for cemetery purposes. The Association will be incorporated for \$50,000, divided into 50,000 shares at a par value of one dollar each, fully paid, non-assessable, and non-dividend paying.

The stock will be sold in connection with the burial rites. The plans of the Association will be patterned after one of the largest cemetery societies in the United States. A crematory and mortuary chapel will be erected. Driveways, arches, walks, fountains and lawns will be artistically arranged by an expert from the mainland to make the site one of Honolulu's garden spots.

When called upon by the reporter, A. V. Gear, secretary of the Real Estate Exchange, had the following to say: "Everybody knows that Honolulu is in need of a large, modern cemetery within a convenient distance from the city, and the object of the Waialae Cemetery Association is to supply all classes of people, rich and poor alike, at moderate prices with the very best cemetery accommodations for all time to come.

All the profits to be derived from burial rites and otherwise are to be retained by the Association and properly invested to provide an income for the upkeep of the grounds, and thereby exempting the burial rites owners and stockholders from any dues or assessments. The property is larger than the combined area of all the burial grounds in the city and with its excellent soil and beautiful location, the association will establish a cemetery that the city of Honolulu will be proud of.

CHILDS ENDS LIFE WITH REVOLVER

Carpenter Blows Off Top Of Head With Gun

Frank M. Childs committed suicide last night in his room at the Ching Wo block, Liliha street. The deceased was about 55 or 60 years of age, and was a carpenter by trade. He had lately been employed on the building of the Empire Theater and was considered an expert man at his work.

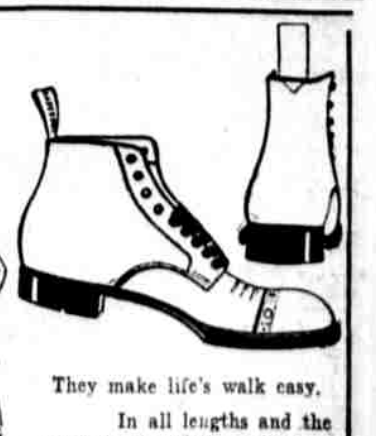

Last night between 10 and 11 o'clock a muffled report was heard by the people who room next to Childs, but no notice was taken, as the noise was thought to have been caused by a firecracker.

However, as the old man did not put in an appearance at work this morning, and was not to be seen about the place, his room was opened and he was found fully dressed lying on a cot. A revolver was clutched in his right hand and a handkerchief was tied around the muzzle of the weapon. The handkerchief acted as a muffer and made the report of the gun sound faint.

The deceased had evidently placed the revolver to his mouth and pulled the trigger. The top of his head was nearly blown off, and death must have been instantaneous. Childs has been in bad health lately and suffered a lot from stomach trouble. He is said to have been despondent and is alleged to have made a statement to the effect that at one time he had been confined to an insane asylum on the coast. He had received an injury to his head which had made him suffer from delusions.

Deputy Sheriff Rose has arranged for an inquest to be held this evening at the Police Station.

plantations on Maui and Hawaii, will go on strike, while the rest will peacefully work on, in order that the strikers may receive support from them.

Treasurer Yamashiro is not disheartened. He claims that the financial condition of the high wage association is such that the strikers will not have to worry for the next six months. He refuses to state how much he has on hand.

Members of the Japanese Mercantile Association are hopeful for an early settlement of the differences. They say very little, when asked about their attitude.

Hotels Filled.

The Japanese hotels are filled to their utmost capacity. The laborers are domiciled there and their expenses are paid from the "strike fund." Some of the hotel keepers, it is said, are complaining because they were not being treated right by the agitators. As to the strikers, who are in town, they are anxious to know something definite about the strike. Some of them want to go to work, but they dare not do so unless they can be given some assurance of protection.

Engineers Near Kahuku.

The incidental camping of a party of United States Engineers near Lale caused great excitement among the Japanese of Kahuku. Quite a party of Uncle Sam's men who are engaged in surveying the island, pitched their tents within hailing distance of Kahuku a few nights ago, and immediately the rumor spread abroad through the camps of the Japanese adjointing that the United States forces had taken a hand in the strike question. Japanese, asked about the soldiers, said they were not Honolulu soldiers as they had "U. S." on the collar of their coats. It is not presumed that the soldiers were stationed at Lale for any other reason than the continuation of their duties as surveyors which they have been busy carrying out every day since their arrival. But at all events if anything had happened at Kahuku a small but very efficient body of men would have been handy to do anything that they might be ordered to do.

Threatened By Thugs.

The prominent part played in the strike by the Thug element was shown the other day when attorneys went down the road to secure evidence against the Thugs who are now in jail for assaulting one of the reputable laborers of Kwa plantation. The attorney, seeing a lot of banners and signs bearing Japanese emblems in one of the halls or temples where the Japanese congregated, asked for an interpretation of the Phrases. He was told that they were the names of the officers of the High Wage Association. The attorney turned to one of the party and ordered him to photograph the emblems. This he started to do when a young Japanese stepped forward and proclaimed that the camera should be smashed, and called upon those about to help him do the job. It looked as if the attorneys and the whole outfit would soon be in the hands of the Thugs when High Sheriff Henry stepped forward and after announcing what he was, told the men present that as man who touched the camera or interfered with the party, would be put in prison forthwith. This quieted them immediately and the Thugs who expected to run things with a high hand, subsided.

INNOCENT PURCHASER STUNG IN HACK DEAL

The evidence showed that in September, 1904, Mrs. Bell employ a Japanese named Katsuki to drive a hack for her on shares. He did until June of 1905, when he and the hack disappeared at the same time. No trace of either was found until November last year, when the hack was found in possession of Masaji. It appeared that he had bought it from Katsuki.

The judge holds that this transaction does not make Masaji the owner

TUESDAY JUNE 1, 1909.

Trust me, Scholar, it is the part of wisdom to spend little of your time upon the things that vex and anger you, and much of your time upon the things that bring you quietness and confidence and good cheer.—Henry van Dyke.

Hawaii should renew its fight for protection with increased vigor. It can secure support for its infant industries only by standing pat all along the line.

Is it possible that the Agitators and Thugs so far control the situation that sufficient protection can not be given reputable Japanese workmen who are anxious to return to work?

The lemon duty that the Senate has handed California accompanied by the annexation of the pineapple duty, makes the people of Hawaii feel that California got the duty and Hawaii was handed the lemon.

President Taft may not be strenuous in the frequency with which he fires someone out of the White House window, but he lacks none of the qualities of a first-class fighter when it comes to standing up for a strong navy and no decrease in the arms.

Judged from the statement of Mr. Tenney, the figure of the Agitators over \$18 a month has increased to proportion as the number of men earning the \$18 rate has decreased. A few spot-light facts quickly expose to the public the basis of falsehood on which the Agitators have established their campaign for a private graft.

AGITATORS AND THUGS.

Agitators and Thugs, through their friends who have hitherto worked in secret, plotted against being kept in the foreground. They fear they might be mistaken for honest men.

This is interesting as showing the steady weakening of the disreputable element that has been agitating for months and constantly preaching violence to bolster the strike.

Agitators are responsible for misleading the reputable Japanese workers who have gone on strike.

Thugs are the agents and the tools of the Agitators.

The whole combination has been so thoroughly exposed and is facing such just deserts at the hands of the supporters of law and order that it is not surprising now to find it putting words in the mouths of disreputable grafting white men, some citizens and others not, calling for a respite from reference to who and what started the strike and who and what keeps it alive to date.

Seventy-five per cent of the Japanese forced out of their places on the plantations would return to work today if it were not for the Thugs who are following the directions of the Agitators.

The term "forced out" is used advisedly. A greater number of unwilling strikers could not be found than three-fourths of the Japanese who have left their work on Oahu plantations.

The Agitators have advocated violence from the outset. The hasty repudiation of acts of violence fools no one. The blow that felled the Ewa Japanese who asked nothing more than the privilege of proceeding with his work was a direct and certain result of the campaign carried on by the Agitators. The strike conditions are today perpetuated solely by the incendiary speeches of the Agitators, backed up by the spoken and implied threat of the Thug.

Naturally the squad of criminal grafters who originated the strike and are striving to keep it alive feel very much injured that constant public attention should be directed to the Agitators and Thugs responsible for the outrageous wrong that has been done the honest workingmen of the plantations. Naturally they make their opinions known to their agents of the American press and the shysters ready to furnish them with such information as they

can obtain from plantation sources. The strike cannot be settled till the Agitator and the Thug are eliminated. They must go.

ILLINOIS' NEW SENATOR.

According to the Chicago Daily News, Congressman Lorimer of Chicago, whom the Illinois Legislature elected United States Senator, is no reformer of the Roosevelt type.

The News commented editorially on Mr. Lorimer's bi-partisan campaign in the following terms early in the month of May:

"On the eighty-sixth joint ballot for United States Senator in the Illinois general assembly yesterday Senator McElvaine voted for William Lorimer. This circumstance, small in itself, has no slight meaning to those who have watched the game which the congressman from the fifth district and his bi-partisan associates have been playing in Springfield ever since early last January.

"With the kindly aid of his old comrade in political warfare, Roger Sullivan, and of that commander's so-called Democratic following, Mr. Lorimer elected the speaker of the house and organized that body, mainly with Democratic votes. He has stood in the way of the re-election of Mr. Hopkins, though that rather unattractive candidate has the steady support of a large majority of the Republican members of the legislature and the endorsement of a plurality of the Republican voters of Illinois. For months, through eighty-six wearisome and inglorious ballots, Mr. Lorimer and his fidus Achates, Roger Sullivan, have clung to their policy of demoralization and disintegration.

"These past masters of the art of indecent politics have striven steadily to so cheapen the great office of United States Senator and so disgust the people of the State with the levity of Lorimer-Sullivan men in the legislature that any solution of the specially constructed deadlock, no matter how ignominious, would be tolerated by a long-suffering commonwealth. They have permitted legislatures of theirs to support for the office which Logan and Douglas held and to which Abraham Lincoln valiantly aspired men from whom any self-respecting citizen would turn away in scorn.

"Now Mr. Lorimer and his friend Sullivan are earnestly trying to count enough votes among the Democratic members of the legislature to elect Lorimer to the Senate with the aid of the handful of Republicans they are able to control. The Daily News does not believe the scheme will succeed."

The News was wrong in its prediction. The question now is: Whom does Lorimer represent? Since the News says he is neither Republican nor Democrat we may learn from Collier's Weekly that he is the representative of the Chicago "System."

CONSTRUCTING THAT WAIMEA EMBANKMENT

Work on the construction of an embankment for the Waimea river, which for at least three seasons of the Legislature has been Representative Sheldon's pet hobby, has been commenced by the contractor, and Kauai is once more saved. Sheldon tried hard this session, the same as he did two years ago, to get an additional appropriation for this embankment, but failed. It now appears that there is money enough available for the work, anyway, even without any additional appropriation. But it's a shame that Kauai didn't get the measure through. The failure broke her otherwise perfect record.

CHESTER DOYLE TO GO ON THE TRAIL

Chester Doyle this morning relinquished his position as Japanese interpreter of the Circuit Court and was commissioned by Governor Frear Deputy High Sheriff under Mr. Henry.

This arrangement is but temporary, however, as Doyle will resume his position as interpreter when the strike is over. His appointment as Deputy High Sheriff is to enable him to take active part in the effort to capture and punish those of the Japanese who are intimidating their countrymen and preventing them from going to work.

Doyle's appointment is an indication that the authorities intend to relax their vigilance in no particular and that they are going after the intimidators and ruffians who resort to the club and the heavy wooden clog as a means of persuasion. Already ten of those who were concerned in the brutal attack on Gitchi are under arrest, and their cases will be brought to the attention of the Grand Jury, according to a statement made this morning by County Attorney Cathcart.

The bunch of boys who were arrested for gambling yesterday were not employees of the Peter Messenger service, but of another concern.

THE KINAIU and Naeau will leave for Kauai and Molokai this afternoon at 5 o'clock.

INHERITANCE TAX DUE TERRITORY

The important question of whether or not an inheritance tax is due upon transfer by will of a non-resident decedent of shares or stock in domestic corporations was decided this morning by Judge Robinson in the affirmative and in favor of the Territory. The question arose in connection with the matter of the estate of Mary Dame Hall.

Upon the hearing of the final accounts of the ancillary administrator with the will annexed and petition for the distribution of the estate of said deceased, within the jurisdiction of this court, and the discharge of said ancillary administrator, the question arose as to whether or not an inheritance tax is due to the Territory upon the transfer by will of the deceased, a non-resident of the Territory at the time of her death, of certain shares of the capital stock of certain corporations organized, incorporated and existing under and by virtue of the laws of the Territory of Hawaii, the same being a portion of said estate subject to distribution. The question thus presented was submitted to the court for its consideration and decision. The Judge, quoting from a Massachusetts case, says:

"There can be no doubt that stock in a corporation organized under the laws of this commonwealth is property within the jurisdiction of the commonwealth. Such corporation, being in a sense a citizen of this state, and having an abiding place here akin to the domicile of a natural person, is subject to the jurisdiction of the commonwealth, and is a fact within the commonwealth. The stockholders are the proprietors of the corporation, which is itself the proprietor of the property owned and used for the ultimate benefit of the stockholders."

The court now finds and decides that there is due from the legatee under said last will and testament to the Territory of Hawaii for and on account of said shares of the capital stock of such corporation an inheritance tax payable in the manner and in amount at the rate on the value here affixed by the provisions of Act 192 of the Session Laws of 1905 of the Territory of Hawaii.

Acting Superintendent of Public Works Ingeel has received an application from the Lahaia Market Company for a market lot on the waterfront of the wharf. The company prides that if it can get a 21-year lease it will erect a fine market building.

WHY IS A DEPUTY SHERIFF, OR IS HE?

Is a deputy sheriff a deputy of the High Sheriff? This question was raised this morning before Judge Whitely by Attorney W. T. Rawlins, who appeared on behalf of S. Nada, the defendant in ejectment proceedings brought by F. K. Archer. The summons called upon the High Sheriff or his deputy, or the Sheriff of the City and County of Honolulu to make service. It was sent to Deputy Sheriff John Fernandez of Ewa for service, and he served it on the defendant.

Rawlins moved to quash the service on the ground that it was illegal. The deputy sheriff of Ewa, he says, is neither a deputy of the High Sheriff nor of the City and County Sheriff, and consequently the service was not in accordance with the terms of the summons.

Should the judicial decision support Rawlins' contention, there would be a fine mix-up in the matter of obtaining service of papers, and the whole system would be upset. It is probable that the question will

Cricket Match At Makiki Saturday

Captain McGill of the Cricket Club is trying to arrange a match for Saturday next, and it seems very probable that there will be a good game between the members of the club.

Last Saturday week there was a good turn-out of players, and an enjoyable game was played. Several new men tried the game for the first time, and from the remarks they made and the form they showed, it looks as if they will be an acquisition to the cricket club. The old regular standbys are sure to turn up for a game, and now that fresh members are joining the club the prospects look brighter than they have for a long time.

There is some talk of having an all-day match on Kamehameha Day, and the idea is being taken up with enthusiasm by a number of the cricketers. An all-day match would allow of each side having two innings, and, as that is the real way to play a match, the excitement would be kept up, and the interest in the game much keener than when only half a match is played.

The cricket ground is in good order now, and all that is needed is a general bucking up of the members of the club and a good turn-out on Saturday afternoon. The talk of a cricket pitch right in the city, where players could practice every afternoon without the necessity of having to go out in the car, is being revived, and possibly sufficient land can be obtained to form a practice wicket on. This would be a great boost for the game, and its players could reach a ground without any trouble no doubt the game would flourish as it never has before.

Captain McGill is taking around a list of members of the club and is asking each one whether he can play on Saturday or not. It is to be hoped that there is a big turn-out of players and that a match will be played between picked sides.

C. A. C. MAY NOT JOIN NEW LEAGUE AFTER ALL.

There appears to be a hitch in the arrangements with regard to the new baseball league, and doubt has been expressed as to whether the C. A. C. will join the Oahu League or not. There will be a meeting next Friday night, and a decision will be arrived at then as to whether the club return to the Riverside fold or throw in their lot with the new league.

The Riverside series will start on June 13, and a very interesting lot of games are to be played from that time on. If the C. A. C. do not return of the league there will still be four teams in the competition, and they will put up a fine brand of ball.

The Aulas are said to be protesting their game against the C. A. C. which was won by the latter team last Sunday. The sensational catch which put Lunning out is the cause of the piliika. The Aulas are reported to have claimed that when the fielder fell he dropped the ball to the ground. From the bandstand it looked to be a clean catch, and a very good one, too. However, only those in the immediate vicinity could see properly, and as the umpire gave the man out that should be the end of the matter. Probably the talk of a protest is not correct, and the Aulas, like the good sports they are, can take a licking without squealing over the trouble.

SHORT SPORTS.

The Yokohama Specie Bank will put a beautiful baseball team in the field against the Bank of Hawaii next Saturday at 3 p. m. on the Punahou grounds. The Specie Bank line-up will be as follows: Saigo, c; Fukano, p; Motoki, 1b; Hayakawa, 2b; Murakami, 3b; Masuda, ss; Otsuka, lf; Tatsuda, rf; Wada, cf.

The Oahu Baseball League Juniors will hold a meeting on Friday evening at 7 o'clock in the office of the Real Estate Exchange. Some important business will be brought up, and all members are requested to attend.

Kapiolani track will be cleared from today till June 11 in order to get it into good order for the sports meeting on that day.

SIX NEW LECTURES TO BOOST HAWAII

When Mrs. Headlee leaves here to resume her work of representing Hawaii in Los Angeles, she will be equipped with six new lectures to help her in promoting the interests of this Territory. Moving pictures and lantern slides will form no unimportant part of her promotion material.

One of the interesting and unique features of Mrs. Headlee's collection will be a fine set of moving pictures, the work of R. K. Bonline. These have been selected with particular attention to their value for promotion purposes, and will prove quite an attraction, it is believed.

Mrs. Headlee is now on Maui, studying that island, and priming herself with facts for the boosting campaign which she is soon to take up. From there she will move on until she has made a circuit of all of the islands of importance in the Hawaiian group.

One of the lectures which is planned is a tour of the island of Oahu. Mrs. Headlee will be taken around the island in a motor car, ample opportunity being given to observe all the points of interest along the way, including sugar plantations and pineapple fields. This trip will be illustrated with a particularly interesting series of lantern slides.

Secretary H. P. Wood of the Promotion Committee is doing all in his power to assist in the collection of data and pictures, and it is believed that Hawaiian promotion work in Los Angeles will be carried on this winter with renewed vigor and effectiveness.

JAIL ROW AGAIN TOMORROW NIGHT

Whether the county will manage the Jail after July 1, or whether High Sheriff Henry will continue at the helm of the institution, will probably be decided at tomorrow night's meeting of the Board of Supervisors. Various members of the Board have been collecting figures during the past week, and the supporters of the two propositions will probably be prepared to fire broadsides of statistics at the session.

Supervisor Quinn, whom Aslett has evidently picked out as the chief mark for his shots, denies that he is bigotted in his position against the project to leave the Jail in the hands of the High Sheriff. On the other hand, if the county can conduct the institution for figures something like those offered by the High Sheriff, he believes that the intent of the law should be carried out, and that the county should transact its own business.

Quinn insists that, sooner or later, the county must erect a kitchen, hospital, and administration building on the Jail premises, and he believes that the sooner the job is done the better.

The opposing factions will be prepared to inundate each other tomorrow night.

CHINA IN FROM ORIENTAL PORTS

After a considerable delay in the examination of her passengers off port this morning, the Pacific Mail liner China, Captain Fricke, came into port and docked at the Channel wharf, where she is discharging her freight from the Oriental ports. She brought a small number of passengers for Honolulu, among them being Mr. and Mrs. Allan Herbert, who have been visiting in Japan. Mr. Sakamoto, formerly of Honolulu and Mrs. Sakamoto, Mr. Sakamoto was met at the wharf by Mr. Masuda of the Yokohama Specie Bank.

The China brought a large bunch of mail for Honolulu. As soon as she has taken in enough coal, she will resume her voyage this evening, sailing at 6 o'clock for San Francisco.

BUFFALO HEARD FROM

At 9:30 o'clock last night the operator at Kiholo Point wireless station got into communication with the U. S. S. Albatross. The ship gave her position as 12 miles off this port.

The Albatross is carrying a large detachment of men to relieve time-expired men in the Philippines. She will arrive here on Tuesday or Wednesday at the earliest.

Country Club Has Three Day Sport

There was a big crowd at the Country Club yesterday, and full advantage was taken of the beautiful weather, which was perfect. The bogey competition was played off and proved a great success, and a large number of players took part in it.

The first prize went to Hobie Walker, who was run close by W. H. Babbitt, who, in turn, lead A. F. Ewart by a narrow margin. Two fine prizes were provided, and that of Mr. Walker turned out to be a set of carving knives, whilst Mr. Babbitt took a cocktail shaker for second place.

Saturday, Sunday and Monday were all gala days at the Country Club, and most of the golf players stuck to the Club for the whole time. The bus ran frequently and proved a great convenience to the members and their friends.

The official scores were, first prize, H. H. Walker, 1 up; second prize, W. H. Babbitt, 1 up; A. F. Ewart, even; Wm. Simpson, even; T. Gill, even; H. C. Carter, 1 down; C. H. High, 1 down; F. W. Klebahn, 2 down; D. H. Hitchcock, 3 down; A. F. Judd, 5 down; S. G. Wilder, 3 down; J. O. Young, 4 down; Chas. Hartwell, 4 down; E. Munro, 4 down; E. M. Campbell, 4 down; Jas. Wilder, 6 down; O. Sorenson, 7 down; H. A. Walker, 8 down; C. H. Merriam, 8 down; J. D. McNery, 8 down; J. Kalaniana'ole, 9 down; C. Kimball, 9 down; Jas. Fiddes, 10 down; Chas. H. Wilder, unfinished; H. P. Wichman, unfinished.

IRRESISTIBLES TO PLAY DIAMOND TEAM SUNDAY.

Vierra's Irresistibles will have a hard task on their hands next Sunday when they meet a team from Diamond & Co. on the baseball ground. The Wall Nichols bunch are very confident that they can beat any business team in the city, but, on the other hand, the Diamond bunch say that next Sunday at Aala Park is the time and place where the Irresistibles get it where the chicken is alleged to have stopped the axe.

However, the bookseller bunch are feeling very chirpy, and they scorn the idea of defeat. So far they have won every game they have played, and in every instance by a good margin. The line-up of both teams is as follows: Irresistibles—Hofehl, c; Ah Toon, p; A. K. Vierra, 1b; W. Jordan, 2b; A. Souza, 3b; Kenneth, ss; S. Gunn, rf; S. Bunn, cf; E. Iwashita, lf. Subs, Mori Sakl, John Peterson, Diamond—Joe Martin, p; Joe R. Silva, 2b; Pedro F. Neves, cf; Manuel Gomes, c; Vincent Gomes, c; Ah Fat, 3b; Henry Achong, 1b; Peter Carrus, lf; John Mezzati, rf. Subs, Allan, J. K. Sopa, E. Kilomir, Manager, Sam Wong. The game will start at 1:30 sharp, and no doubt the fans from both business houses will be on hand to root for their fellow employees.

RED WHITE AND BLUES TO THE FORE ONCE MORE.

The Red White and Blues once more kept their end up against the Phukanas on Sunday last, and the tri-color is being waved proudly aloft on the ancestral walls of Captain Perriera. The R. W. B. won their game by the score of 8 to 7, and the rooting at the finish was great.

According to the report turned in by the press agent for the Red, etc., the Phukanas are a bunch of husky youths averaging seventeen years of age, whilst the R. W. B. ages range from seven to twelve years. This statement will probably raise a howl from the Phukanas, but they had better interview MR. Perriera about the matter. Perriera is just seven years old, and much better to take care of himself than the present writer.

The tri-color team is now champion of its district and they are afraid of nothing. The line-up was as follows: Perriera, c; Allen, p; Peepel, 1b; Salsal, 2b; Alfred, 3b; Jim, ss; Willie, lf; Kalel, cf; Tom, rf. Next Sunday the little fellows are going to have another go at the Phukanas and mean to put it all over them—in fact, whitewash has been mentioned in connection with the game.
