EXPECTED TO TURN IT

Communication is Addressed to
Mr. Wilson, Not to Depart-
ment of Justice

[Special Star-Bulletin Cable]
WASHINGTON, D. C., August
1.—The resignation of Circuit
Judge Thomas B. Stuart of Hono-
lulu was not presented either at
the White House or the department
of justice today, and the schedule
Judge Stuart indicated in the "per-
sonal" letter to President Wilson
he would follow has not been ob-
served.

Senator Shafroth of Colorado, to
whom Judge Stuart sent his first
two letters of resignation, said to-
day he has the latest document in
his possession. He said he would
deliver it "in a day or so."

He also said that the resignation
is addressed to the president, not
the department of justice. It seems
certain that Shafroth will turn it
over to the president tomorrow or
Thursday, whenever he can get an
engagement at the White House.
'This was impossible today because
of a cabinet meeting.'

STUART LETTER
WAS CHALLENGED
BY J. A. MAGOON

Five Days Before His Death
Honolulu Attorney Sent
Letter to Wilson

Five days before the accident in
Baltimore, Maryland, which resulted
in his death, John Alfred Magoon,
well-known Honolulu attorney, ad-
dressed a personal letter to President
Wilson challenging the attack made
by Circuit Judge Stuart on the chief
executive, Secretary Lane and At-
torney General Gregory—probably his
last undertaking as a citizen of Ha-
waii and a staunch Republican.

A copy of the letter was received
last night by Circuit Judge W. L.
Whitney, accompanied by a brief note
signed by the late Mr. Magoon. The
latter's note read as follows:

"Dear Judge:

"Am having a delightful time. Met
Mrs. Whitney on the overland train,
but got off at Ogden, Utah, and she
came on through. Saw Stuart's let-
ter in one of the San Francisco pa-
pers and have sent the original of
this to the President. Am going to
tour around the East in an auto and
will start home about the end of Oc-
tober.

"Have not seen McCarn.

"Your friend,

"J. ALFRED MAGOON."

The letter to the President, chal-
lenging Stuart's attack, reads as fol-
lows:

"Washington, D. C., July 21, 1916.

"The President.

"The White House.

"Sir: I cannot permit the letter of
Judge T. B. Stuart of Hawaii, attack-
ing Secretary Lane and Attorney
General Gregory, to go unchallenged.
I do not doubt the good intention of
the judge, but it is misleading in fact
and dangerous in effect.

"Measured by qualifications, no bet-
ter man could have been appointed
governor than Mr. Pinkham. He is
honest, brave, capable and, what is
in fact the highest qualification in
Stuart's estimation, is not of the plu-
toocracy. He is a friend of the people
and stands for their rights as against
all comers.

"He is a true Jeffersonian Demo-
crat, as I understand that term, in

MANOA FROM S. F.

Letter Received By Santa Fe
Agent Here Good News For
Honolulu Merchants

Good news for Honolulu merchants
who have been unable to get ship-
ments of new goods here from the
mainland, is contained in a letter re-
ceived today by General Agent H. E.
Vernon of the Santa Fe System's Ho-
nolulu office, from G. W. Lupton, Santa
Fe freight agent in the Bay City.

This letter, dated July 26, says that
from all indications on that date the
Matson Navigation Company would
take all of the old merchandise for
Honolulu on the steamer sailing Aug-
ust 1, the Manoa, due to leave at 4
o'clock this afternoon.

"The Matson line has requested the
Santa Fe to deliver to them 10 cars
of merchandise, and it looks as though
we will get orders for eight or 10
cars more," said Vernon this after-
noon. "Merchandise shipments are
less than carload lots, and from 10 to
20 consignees may be interested in
each car. They include drugs, dry
goods, shoes and general lines of mer-
chandise."

Philadelphia, and was ranked in
the second ten last year. R. Norris

wood finals last season.

HIGH TIDE BETWEEN 7 AND 9 TONIGHT

[Associated Press Service by Federal Wireless]
BALTIMORE, Maryland, August 1.—The German submarine Deutschland left her pier
at 5:40 today and moved out into Chesapeake Bay.

Previous to her departure she had given indications of an early attempt to reach the
open sea by taking aboard a pilot. Then the log-booms with which she was moored were
cleared away and her crew apparently were ordered to make ready for leaving.

The next high tide in the bay is between 7 and 9 tonight.

Outside the Virginia Capes at least one British cruiser is known to be waiting, close to
the three-mile limit, while American destroyers are guarding the neutrality of the territorial
waters. It has been rumored that other Allied cruisers are nearby, waiting for the Deutsch-
land.

DEMOCRATS ARE
ORGANIZED FOR
THEIR CAMPAIGN

Territorial Committee Meets
and Elects Officers and
Plans Work

Starting their campaign with a de-
claration of confidence and promising
that it will develop into a whirlwind
the Democratic territorial central
committee met yesterday and last
night.

Prior to passing on first reading a
number of planks, printed in full in
today's edition of the Star-Bulletin,
which will comprise much of the party
platform, it effected a complete re-
organization in its lineup of officers.

William A. Bryan, professor in the
College of Hawaii and mentioned as a
candidate in the coming senatorial
race, was elected chairman to succeed
Mannuel C. Pacheco, chairman for the
last four years. Pacheco was nomi-
nated, but withdrew in favor of Bryan.
He has other political campaigns in
view.

Horace Crabbe was elected vice-
chairman to succeed Jesse Uulahi;
Thomas McVeagh was named secre-
tary to succeed Frank C. Benevides,
and E. H. F. Wolter, was elected
treasurer, succeeding T. J. Ryan, re-
cently appointed clerk in Circuit
Judge Clem K. Quinn's court at Hilo.

Pacheco Explains Withdrawal.

As his reasons for withdrawing as
a candidate for chairman of the cen-
tral committee Pacheco says that he
is contemplating running for one of
three offices.

"But I am entirely in the hands of
my friends in this matter," he de-
clares. "Some have urged me to run
for senator from the third senatorial
district, and others have suggested
that I run for supervisor."

"Since Governor Pinkham has, in
the case of James L. Coke, estab-
lished the precedent that a senator may
resign, I feel that I am in a position
to run for senator and then, if the
postmaster is tendered to me, I can
resign as senator, should I be elected.
But I am in doubt as to whether the
governor has the power, under the
Organic Act, to accept the resigna-
tion of a senator."

"I am confident that my name will
be considered for the postmastership.
I know the department will give me
consideration and, in our own rule
book, we will support the home plat-
form in the national platform."

The meeting yesterday was held in
the office of National Committeeman
J. H. Wilson in Pauahi street. Fol-
lowing the election of officers the
committee resolved itself into a com-
mittee of a whole for consideration of
the various tentative platform planks.
A sub-committee then was appointed
to prepare a draft of the tentative
platform for presentation to the com-
mittee.

The sub-committee is composed of
Thomas McVeagh, M. C. Pacheco,
Joseph Kalana, Horace Crabbe and
William St. Clair.

In its tentative report the sub-com-
mittee presented the platform planks
printed in the Star-Bulletin today.
These planks passed first reading.
They will be open to amendment upon
second reading, which will be done at
another meeting to be held at 7:30
o'clock tomorrow evening.

Following are the tentative planks
which have passed first reading:

cratic party of the Territory of Ha-

water department's figure some time ago was \$35,000.

After taking this action the commission appropriated \$1000 for ex-
penses of locating the route of the open, concrete-lined ditch which will be
built to carry the water from the Glen to Reservoir No. 4 in Nuuanu Val-

Germany.

"Confidence has never left me that Germany is invincible. Ger-

DEMOCRATS ARE ORGANIZED FOR THEIR CAMPAIGN

(Continued from page one)

Wall, in committee assembled, reaffirm our allegiance to the National Democratic party and the principles of that party as enunciated in the national platform adopted at St. Louis and as exemplified in the legislation enacted by the Democratic congress during the past three years.

We point with pride to the legislation placed upon the statute books during the period of President Wilson's wise, progressive and fearless leadership. Attention is called to the progressive legislation dealing with banking and currency, the reduction of tariff rates to revenue basis, the income tax, labor laws, postal savings bank, anti-trust laws, and the many other legislative acts which all tend to enlarge the freedom of the average citizen without encroaching on the legitimate rights of any class.

We gladly endorse the action of the Democratic national convention in nominating Woodrow Wilson, and Thomas R. Marshall to succeed themselves as president and vice-president, respectively, of the United States, and predict that they will again lead our party to victory, thus assuring to the people of this territory and to the nation at large four more years of national peace and prosperity.

TARIFF. The national Democratic party has fulfilled its promises: to reduce the tariff to a revenue basis and has fulfilled this promise so effectively that the tariff question has been practically eliminated as a national issue. The tariff question has been so fairly settled that the Republican party has been, and now is, in despair over the want of an issue "with which to beat Wilson."

We concur in the action of the national administration in repealing the free sugar clause of the Underwood Tariff Act, owing to the exigencies of the times, believing that the revenue tax on sugar is the least onerous and the easiest collected of any tax imposed by the national government.

For once in the history of this nation the Republican party is not able to elude the voters by the cry of a full dinner pail. Never before in the history of the nation have the wheels of industry been turning so fast and so productively notwithstanding the dire predictions of disaster made by our Republican opponents when the Democratic administration was inaugurated, the dinner pail is now full and overflowing.

EDUCATION. The aims and policy of the Democratic party in this territory regarding this subject were fully set forth in our platform of 1914, and we reaffirm our belief in the principles therein set forth and point with pride to the growth and development of our public school system under the able and efficient management of the present superintendent of instruction. The establishment of vocational schools as advocated in that plank of the platform is now an accomplished fact throughout a large part of the territory. We pledge our party and the candidates for the house and senate to provide for the further development of this branch of the educational system and to provide for sufficient appropriations to the end that the public school system of the territory may be fully developed and improved.

We further pledge our legislative candidates to use every effort to enact such legislation as will extend the usefulness of the College of Hawaii. We realize that this institution ought to be granted every assistance, financial and otherwise, to the end that it may adequately serve the purposes for which it was created, and occupy a position in this territory similar to that of other colleges of the same nature through the states of the Union.

We pledge our party to provide for the development of education in accordance with the increase in the school population, with the view that all facilities needed may be provided, so that our growing population may have supplied opportunities to develop into efficient and useful citizens. Increased opportunity should be provided along the lines of vocational training now in force in many parts of the union and we pledge our candidates to cooperation in working out in conjunction with the school such opportunities.

HONOLULU HARBOR. We pledge all our candidates for the legislature to memorialize congress for the enactment of legislation and the appropriation of sufficient funds to enlarge the harbor of Honolulu by dredging a channel from Honolulu harbor to the Kalia entrance to that harbor; and by condemnation proceedings, or otherwise, to acquire all necessary lands in any place in the territory for the purpose of wharves to meet the increasing demands for greater shipping accommodations. We pledge our delegates to congress to work for the necessary appropriations for the completion of the above improvements and for all other such harbor, wharf, and breakwater improvements within the Territory of Hawaii as may from time to time become necessary.

HOMESTEADING AND HOMESTEAD ROADS. One of the greatest obstacles to successful homesteading in this territory has been the lack of roads during the first few years when the homesteader is performing his homestead duties. At the very time when the law, as it now stands, compels the homesteader to work and live on his homestead in many instances the lack of roads has rendered a compliance with the law almost, if not entirely, impossible. We advocate now, as we did in 1914, the establishment of a revolving fund for the purpose of building these roads as soon as the public lands are homesteaded. We therefore pledge our representatives and senators to enact legislation providing for such a revolving fund of sufficient size to allow the prompt building of roads as soon as the homesteaded tracts are opened, the money from the sale of such homestead lots to be turned back into the said revolving funds on hand to provide for the prompt building of the said homestead roads as soon as the public lands are opened for homesteading.

In connection with the actual opening up of public lands to homesteaders, we point with satisfaction to the increased activity of the present commissioner of public lands in this regard. The government lands available as agricultural lands are being fast thrown open to the public, the aim of homesteading these lands is and should be the settlement upon the lands of a permanent class of citizen farmers. We believe in the homesteading of public lands under such regulations and rules as will prevent the said lands being eventually turned over to the sugar corporations and large holders and will succeed in establishing upon the lands of a permanent class of citizen farmers.

CITY AND COUNTY GOVERNMENT. We again reiterate our faith and belief in county government, and we pledge our representatives and senators to the enactment of such legislation as may be necessary to amend the present charter of the City and County of Honolulu with a view to the efficient and responsible administration of local government by elected heads of departments who shall be directly responsible to the people for the efficient management of their particular departments so as to insure the taxpayer against the repetition of the profligate waste of public funds by the lavish and extravagant appropriations of the present board of supervisors. The extravagant administration of affairs under the present city government has largely increased the tax rate and has decreased the respect of our citizens for the present city government. We demand a return to that simplicity and economy which befits a Democratic government and a reduction in the number of useless offices, the salaries of which divert public funds from more legitimate and necessary public improvements.

We further pledge our legislative candidates to amend the other county charters in so far as such amendments may be desired by the citizens of the respective counties as expressed through their duly-elected representatives and senators.

FISHERIES. The aquatic resources of the territory is an important asset that should be conserved and developed. We favor an appropriation by our local legislature that will provide a suitable site as an inducement for the establishment by the federal government of a fish cultural and biologic laboratory similar to those already established in a similar manner in many states on the mainland.

The demand for an increased supply of fish at a cheaper price is an urgent one in these islands, and one with over hundreds of miles of coastline that can be met by the application of scientific methods of fish culture.

TAXATION. We believe that the present system of taxation is wrong in theory and in the way it works out in practice. We urge that the tax system should be made less uncertain in its operation and more equitable in its incidence. The party pledges its candidates to the promoting of legislation calculated to insure a fair and just valuation of property for the purpose of taxation and urge that the value of the land be separated from the value of improvements thereon and the reappraisal of land values and the improvements at regular intervals.

We favor the general principle of assessing the cost of public improvements, when practicable against the property benefited. We further believe that the present frontage tax law is impracticable in its operation in the improved portions of the city and county of Honolulu and should be made applicable only to the opening of new tracts for residential purposes.

The party is on record as favoring the election by the people of tax assessors for each and every county and again pledges its candidates to support such legislation.

LIQUOR LAW. The present territorial law dealing with the sale of intoxicating liquor seems to be in accord with the desires of the majority of both political parties, and therefore is not made an issue in this campaign. In view of the rising tide in favor of restriction throughout the nation we confidently look forward to a time when still greater advance may be made in the curtailing of the liquor traffic.

STATEHOOD. The plank in our platforms of 1912 and 1914 pledged the party to introduce a bill at the first opportunity to provide for an act whereby Hawaii may be admitted into the union as a state. We again pledge our delegate to Washington to urge this important matter upon the attention of the Congress, recognizing, however, that the unusual nature of the electorate and the development of the islands as a great naval and military outpost present problems that are best handled through Congress in the interests of the nation as a whole.

CHAMBER OF COMMERCE PROTESTS WITHDRAWAL OF VESSEL INSPECTION

"Protest against withdrawal inspection of vessels coming to this territory for same reasons as Territorial Board of Health in communication which went to surgeon-general." This cable was sent to George McK. McClellan, Washington representative of the Chamber of Commerce, last night by instruction of the board of directors of the organization. The board of health believes that incoming vessels are liable to bring the malarial mosquito, yellow fever, smallpox or any one of a number of dangerous insects or diseases unless there is strict inspection here.

FEW CHANGES IN STOCK PRICES SEEN IN MARKET

Waiialua, Olua and McBryde were most in interest in the stock market today if the shares dealt in as compared with total volume be considered. Once more the dealings were not large and prices showed little change from the previous day. Total sales were 1370 shares of listed securities. Waiialua seemed most sought but dealings in Olua were considerably larger. Olua sold throughout the day at \$18.75, McBryde \$12.62 1/2, Waiialua \$37.75, Oahu \$35.75, Ewa \$35.50, Hawaiian Sugar \$45.50, Hawaiian Commercial \$52.75, and Hawaiian Pineapple \$46.75. Pioneer sold down 50 cents to \$55 during the day's trading.

There was more general interest than for several days displayed in the listed stocks. Sales of Mineral Products totaled 1600 shares, all at \$1.07 1/2; Oil was off and 500 shares sold at \$3.07 1/2; 600 shares of Engels Copper sold at \$2.50 and 250 shares of Mountain King at 80 cents. Other unlisted stocks were unchanged.

STUART LETTER WAS CHALLENGED BY J. A. MAGOON

(Continued from page one)

Democrat and Republicans alike united for his reappointment. His legal and judicial career has won for him the absolute confidence of the people and it would have been a grave mistake not to have reappointed him.

"If there is a man of the patrician class who has been born and raised in the Hawaiian islands and who is fitted for the high office he holds, it is Judge Robertson. I do not intend by this to disparage in any way the first associate justice, Judge Quarles, for he is an able jurist of the strictest integrity and respected and liked by all; but, as between him and Judge Robertson, there is no question whatever that the latter was the man the Hawaiians wanted for chief justice."

"I could repeat almost word for word as a justification for the reappointment of Judge William L. Whitney as second judge of the first circuit court, what I have said about the reappointment of Judge Robertson as chief justice, but I will content myself by saying that it would be difficult to secure a much higher tribute for a man than Judge Stuart himself gave to Judge Whitney at the time I was securing endorsement for his reappointment."

"Of the four Democrats in Honolulu holding judicial positions, three unqualifiedly authorized me to cable you for his reappointment. Judge Stuart himself authorized me to say, as I remember his words: 'If anyone other than a Democrat is to be appointed, I favor Judge Whitney.' I presume this cable is on file in the office of the attorney-general and speaks for itself."

"Despite our political affiliations, let us be consistent and fair."

"J. ALFRED MAGOON."

R. T. EXTENSION PLANS RECEIVE WOODWARD'S O. K.

"I have approved the work," said W. C. Woodward, acting superintendent of public works, this morning after completing his inspection of the plans and specifications for the King street extension of the Rapid Transit to Fort Shafter.

City and County Engineer George A. Collins was asked by Woodward to check over the plans. He intends to submit them to the road committee of the board of supervisors' meeting at 4 o'clock this afternoon prior to the supervisors' session tomorrow night.

Collins examined the plans today in Woodward's office to see whether the 1300 foot extension which will follow the main Pearl City highway to the west end of the Fort Shafter military reservation follows the correct alignment in its right-of-way. There are three blank spaces on the plans for signature of Manager C. G. Ballentyne of the Rapid Transit, Acting Superintendent of Public Works Woodward and City and County Engineer Collins. Ballentyne's signature has already been affixed.

The Pennsylvania railroad appealed to its 14,000 employees to stand by the company in case of a strike.

FRENCH APPEAL FOR CHURCH AID REACHES HAWAII

A personal letter of appeal from the Federal Council of Churches of Christ in America, sent to Judge S. B. Dole by Charles S. MacFarland, the general secretary, was before the war relief committee today for consideration, but was referred back with the suggestion that it should more properly go before the ministerial association. The appeal is for assistance in raising a fund of \$150,000 for the immediate needs of 500 French Protestant churches.

Secretary MacFarland writes that these churches are in a pitiable condition, the pastors insufficiently paid and that the church organizations might be disastrously weakened. Their delegates who came to America to solicit funds raised only about \$23,600. The argument is made that in the coming days of reconstruction and reconciliation the churches should be alive to play their part.

The war relief committee here feels that contribution to this fund is outside its scope and should be referred to church or other religious organizations.

SECOND GAMBLING CASE DISMISSED BY REQUEST PROSECUTION

Chinese arrested the same night of the now famous county attorney's raid and charged with being present at a gambling game, were discharged this morning by Judge Monahan. The records show that of Prosecution Attorney Chillingworth, who says there was insufficient evidence for a case.

There were only four other cases, all of a minor nature, in the police court this morning.

W. H. Smith, commissioner from Hawaii, has informed Supt. Henry W. Kliney that he will be unable to attend a meeting of the school commission scheduled for 10 o'clock tomorrow morning. In case Commissioner Eric Knudsen of Kauai cannot be present, the meeting will be postponed for want of a quorum.

TWO PARTIES TO TAKE AUTO TRIP NEXT SUNDAY

Next Sunday the Trail & Mountain Club will run an auto-bus excursion to the Waiialua region and return, and the Pan-Pacific Club will conduct a motor trip around Oahu. Both motor busses will leave the Pan-Pacific rooms at the corner of Fort and Merchant streets at 8 o'clock sharp.

The main feature of the Waiialua excursion will be the hike to the summit of Mount Kaala, the highest peak on Oahu. Joseph Stickney of the Trail & Mountain Club, who has been over the ground a number of times, will lead this hike. The auto-bus will take the trampers almost to the foot of the trail, and the trip to the summit and return can be made in four hours. The cost of the whole trip, including auto-bus to Waiialua and return and a lunch put up by the Waiialua hotel will be \$1.25. For those who do not care to make the hike, there are other things of interest to do and see.

The trip around the island will include stops at Haleiwa and Hauula, and will cost \$1.75.

Reservations for both trips can be made by phoning the Pan-Pacific headquarters, 2989, or by calling in person.

GUN OWNERS WHO FAIL TO REPORT TO PAY PENALTY

New Report Blanks Sent Out and Prosecution of Those Negligent Follows

The name of every man who buys a gun in Honolulu after today will be known to the sheriff.

Report forms were sent to the eight dealers in firearms in the city this morning and hereafter a weekly report of sales will be made to the county clerk, David Kalaokalani, and a duplicate forwarded to the sheriff. The law requires the purchaser of firearms to report to the clerk also and by a comparison of the two reports the names of the buyers who fail to do so will be easily ascertained. Violation of this provision of the law is punishable by a fine of \$500, or six months' imprisonment, and W. T. Carden, deputy city attorney, says the penalty will be enforced.

"Purchase of a gun does not give a man the right to carry it concealed," he declared. "Suspicious characters who buy weapons will be watched by the sheriff and his men. If he believes they are carrying concealed weapons he has the right to search them and if he finds his suspicions justified to arrest them."

Radio advice received this morning from Capt. Hall of the U. S. Army transport Sherman, say she will arrive off port from Manila and Nagasaki Thursday afternoon, hour not given, weather permitting. The transport's position at 8 o'clock Monday night was 744 miles west of Honolulu.

The Sherman has 29 first-cabin and seven second-cabin passengers for Honolulu, five sacks of mail and 37 and a half tons of freight. There are no stowaways aboard. All the passengers coming here are insular government employees except one each of the U. S. army and navy.

Col. George S. Young is ranking officer and Maj. E. H. Humphrey commanding officer of troops on board. The Sherman, providing she arrives some time Thursday afternoon, as expected, will steam for San Francisco about Friday afternoon, taking all the passengers she has room for from Honolulu. There is a waiting list of a dozen persons at the quartermaster's office now, in addition to those booked.

The transport Buford, now in port, will sail some time Friday for New Port News, Va., direct, by way of Panama Canal.

LESSON IS READ FROM SHOOTING AFFAIR MONDAY

Police Captain Points Out Ease With Which Weapons May Be Secured Here

Ease with which a desperate character or an irresponsible person may purchase firearms in Honolulu to menace the lives of law-abiding residents was forcibly demonstrated Monday when a Japanese woman, Singaye Tumi, was shot nearly to death by a countryman, thought by the police to be Takachi Hagaki, alias Araki Yasuma, now under arrest.

Capt. Arthur McDuffie, who investigated the premises of the shooting late Monday afternoon with Detective A. S. Kozuki, Japanese interpreter, reports two interesting discoveries. One was that Yasuma is an ex-convict on parole and another that he had purchased two pistols. The one which fired two shots into the woman's body yesterday was purchased quite recently, after another, of larger caliber, had been secured by the woman in a neighbor's house.

"I know where the pistols were purchased," says McDuffie, "but at present there is no law against their sale to any Tom, Dick or Harry. If we had a law forbidding the sale of guns to any one who did not have a permit from the police, there would be fewer murders, suicides and attempted killings in this city."

Records in McDuffie's office show that a Japanese, Araki Yasuma, was sentenced December 6, 1910, in Hilo, to five years in prison for first degree larceny and was paroled April 20, 1915. McDuffie says Hagaki is no other than Yasuma.

The interpreter, Kozuki, says the woman discovered that the man with whom she had been living and for whom she had divorced her husband was an ex-convict and refused to live with him. Hagaki took to drink, says Kozuki, and did the shooting.

The woman is in the Queen's Hospital today, recovering rapidly. This man's self-inflicted wound is not serious and he will be arraigned soon in the police court, charged with attempting murder.

According to neighbors who saw the shooting, Hagaki chased the victim from her house about noon, across a vacant lot, firing at her several times as she ran. When his pistol was empty, they say, he reloaded from a box of cartridges concealed in the grass and escaped to the woman's house while the neighbors dragged the wounded woman away.

Inside the house the gunman harried the doors and fired a bullet which passed along his stomach, making a flesh wound. The bullet was found in the wall by McDuffie after Hagaki had been arrested.

MAUI PASTOR IS CANDIDATE FROM THIRD DISTRICT

Another hat was thrown into the third district legislative ring (Maui) this morning when the nominating petition of Rev. Lincoln B. Kaumeheiwa of Wailuku, Maui, arrived by mail, signed by the requisite number of qualified voters of the Valley Island.

Rev. Mr. Kaumeheiwa is pastor of the Spreckelsville Evangelical church, having held that position for nearly 10 years. He is a candidate for representative from the third district and is the second man to announce his candidacy, Levi Mahiai having been the first.

Down to this afternoon no nominating petitions had arrived from Hawaii or Kauai and to date none have been filed by Oahu candidates for the legislature. Petitions must be filed with the secretary of the territory on or before September 7.

AD CLUB LUNCH PROGRAM HOLDS FORTH PROMISE

Interesting Speakers Are to Be Heard, and Important Discussion

Thomas Watson, associated for many years with Alexander Graham Bell of Bell Telephone fame, will be the principal speaker at the Ad Club luncheon Wednesday at the Alexander Young Hotel. Watson knows the telephone business from every angle and much of the progress of the telephone industry is due to his efforts.

Consul-General R. Moroi of Japan will be another speaker. He has shown an interest in advertising the good things of Hawaii, and is expected to tell something of what he has found in that line during his stay in Honolulu. The musical feature of the day will be given by S. B. Miller, the tenor soloist.

On the program announcing the luncheon the Civic convention discussion is placed last, but according to Tom Sharp, acting secretary of the club, this will be one of the important topics at the luncheon. The committee will make a report on what arrangements have been made for the participation of the Ad Club in the Civic convention program at Hilo.

One of the Tests of their knowledge is what they are able to tell the Public through Paid Publicity.

If They Know what they are talking about they should be anxious to spread their views before the public in properly controlled and clear cut form.

Hit or Miss methods have no place with big men who use Paid Publicity.

MAIL ORDER METHODS

Mr. Herman Rosenthal, advertising manager for Sears, Roebuck & Co., of Chicago, recently told the members of the American Ad Club one of the methods by which that company extended its trade.

"We have a bureau whose duty it is to read, each week, the country newspapers from all over the country. There is not a paper of any consequence in our trade territory that our bureau does not get. This bureau looks over these papers, and when we find a story where the merchants are not advertising in the local paper, we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants all the time use their local paper."

Star-Bulletin Submarine Chase Paragraph Contest INSTRUCTIONS

There are two sets of ships, one submarine set and one cruiser set—each set with words in them, and these are scattered throughout the advertisements printed in today's paper.

Each set, when properly arranged, forms a complete paragraph or statement. Arrange the words to suit yourself—just so the complete paragraph makes a readable statement on the subject selected for the week.

The subject for this week is "GOOD ROADS." And Wednesday's Star-Bulletin will state how many ships were in Tuesday's paper, so you may count them and thus be sure to get them all.

YOU MAY TURN IN ONLY ONE SET OF SHIPS, the submarines, which form one statement, or the cruisers, which form another statement, but both on the same subject.

And then hand in the set of ships from which you believe you have made the best statement.

Paste the ships in the squares on the official card—in their proper order—according to your selection.

You may use five additional words for each set, of your own choosing, if you find it necessary to make more complete sense, and these words must be written by you in these spaces wherever you consider an extra word necessary.

BUT YOU MUST USE ALL THE SHIPS of one kind, and you cannot omit any. It is advisable to use as few extra words as possible—because the contestant who arranges the best paragraph with the fewest extra words, will be declared winner.

This contest covers four Tuesday's issues—and the party making the best showing for the entire four weeks will be entitled to **\$50.00 IN GOLD**

All answers to each Tuesday's contest must be in the office of the Star-Bulletin not later than the following Monday.

No single individual is entitled to hand in more than one paragraph each week—or four paragraphs during the entire four weeks' contest.

You must get the official card from any one of the following advertisers in whose advertisement a ship appears:

AMERICAN RED-CROSS AT-WORK AT HOME.

Risking A Reputation

Honolulu is justified in a vigorous protest to Washington against the discontinuance of federal medical inspection for vessel arriving here from Pacific coast ports.

The arguments for and against this inspection are too well-known to need repetition. The Star-Bulletin recited them when the suggestion was made recently before the Promotion Committee that this safeguard to the public health should be swept away. It appears that the U. S. Public Health Service in Washington would discontinue the inspection only on American vessels arriving from American ports on the Pacific, but since these arrivals constitute the bulk of passenger steamers touching here, the main safeguards against the admission of dangerous disease will be, if not wholly broken down, at least very much weakened.

Hawaii has no more potent argument in building up a great tourist traffic than the assurance that these islands are free of disease-sources. In tropical and sub-tropical countries eternal vigilance is price of health. This port has fought for many years to win, establish and hold not only the reputation of being a clean port, but the reputation of being a vigilant port, a well-guarded port.

It is a reputation worth keeping. One or two instances of inconvenience to passengers caused by this medical inspection, and one or two incidents of alleged discourtesy and over-zealousness, on the part of the examiners, caused a cry to be raised against the system. Inconvenience and discourtesy may be remedied in a short time, but once let epidemic disease be brought here on some ship, and it will take ten years to remedy the harm done Hawaii. It will cost years of effort and an untold amount of money to redeem the reputation we have secured and have deserved.

LILUOKALANI GARDENS.

Honolulu is fast waking up to the paramount necessity of preserving scenic spots as public parks. With the aid of such organizations as the Ad Club, the Outrigger Club and the Civic Federation, attention is directed to the fact that what should be public property has passed into private hands probably forever, and that no time is to be lost in saving what remains.

No city in the world—and this is not the slightest exaggeration—has had more opportunity for parks and playgrounds within easy walking-distance of every congested section. The very wealth of opportunity, the ease with which grass, flowers, shrubs and luxuriantly-foliaged trees are grown, have made people here neglectful of preserving and developing these parks and recreation-spots. But now the Tantalus-Round Top park is assured—a priceless asset to the poorer people who need the coolness of the hills quite as much as the richer people—and now the Liluokalani Gardens gift has been made to Honolulu through the Civic Federation.

This latter spot is comparatively little known, yet even in its present neglected condition it is very beautiful, with its little canyons and glens, its miniature waterfalls, its magnificent trees and winding paths. As nearly as possible it should be left in a natural state. In most of this lovely spot artificiality will ruin the charming effects. It should remain as nearly as possible a glimpse of old Hawaii, the idealized Hawaii whose vision is so colorfully evoked in the musical phrases of Mark Twain.

With a cruiser, a college and two baseball teams of the same name, no one here need think of the late convention city when St. Louis is mentioned.

Beef has jumped in price and as usual there is a perfectly good reason.

Though busy with large tasks in the European and Asian war-fields, the American Red Cross has begun lately important work at home. The Red Cross has undertaken to supply comforts and necessities to the national guardsmen on the Mexican border and to this end has established receiving stations in nearly all the large Pacific coast cities where supplies and contributions are received. These supplies are to be shipped to the border where they will be distributed through the Red Cross agents.

Under a recent proclamation of President Wilson all supplies and comforts for the guardsmen must pass through the Red Cross. For this reason the society has established receiving stations in all the chief cities of the country. Appeal is being made for reading matter, games, comfort bags, pajamas, cotton socks, towels, pipes, tobacco, cigarettes, electric fans for base hospitals, chewing gum, chocolate in tins, hard candies, coffee, evaporated cream, canned fruits and a thousand other articles.

Pamphlets have been sent out in which the articles desired are described and the method of making the hospital supplies most needed.

CANDIDATE HUGHES AND THE "PLOTTERS."

Democratic orators and Democratic papers have been twitting Candidate Hughes because he has been pledged the support of German-American organizations and has been given the praise of German-American citizens since his nomination.

The twitters have tried to make political capital out of this, declaring that Hughes had won such support by silence upon the issue of "professional hyphenism." They obviously sought to create the impression that the Republican candidate, subordinating patriotic conviction to political expediency, would not denounce unneutral plots in the United States as President Wilson has denounced them.

The Carnegie Hall notification ceremonies last night afforded Mr. Hughes his first opportunity for a speech upon the big campaign issues. How he seized this first opportunity is shown in the following telegraphed extract from the speech:

"We denounce all plots and all conspiracies formed in the United States in the interest of any foreign countries. We regard it as utterly intolerable that our soil should be made the breeding place of such alien intrigues. Every American must unreservedly condemn these practices, and must rally to the support of the government in any efforts it may make to suppress them."

To the rapidly-growing roll of crimes or attempted crimes with deadly weapons there were added two new entries yesterday—that of a Japanese woman and the jealous lover who shot her and then himself. Two more good arguments for the passage of a territory-wide law rigidly restricting the purchase of weapons and permits to carry them. The law cannot be passed until the session of the legislature next spring, but the board of supervisors can by ordinance help matters in this city and county.

Once more the immigration bill with its venerable literacy-test provision has gone into the congressional pigeon-hole. There will be plenty of excuses that measures more vital to the country had to take precedence, but part of the reason for its side-tracking is that the Democratic party is, as always, unable to get through public business with efficiency and despatch. Its congressional leaders are not men of action.

Germany's recital of the great conquests by the Central Powers since the war began makes it all the more obstinate of the Allies not to conclude peace on Teuton terms!

LITTLE INTERVIEWS

—CHARLES M. HITE: I certainly am in love with Honolulu, and when I finish my law course down in Mississippi I'm coming right back here.

—JOHN A. DOMINIS: I don't think Reno has a thing on Honolulu when it comes to divorce. One a day has been the record for July, and I expect there will be just as many next month.

—HAROLD GODFREY: The members of the Kamehameha Alumni Association are well pleased with the appointment of Charles E. King as a trustee of the Bishop Estate. It will mean a lot to have a graduate of Kamehameha on the board.

—PHILIP C. HALL, tourist agent, Young Hotel: Summer tourist travel to the islands this season is a great deal larger than usual. All the hotels are enjoying better business and indications are that it will continue until the winter season starts.

—DAVID KALAUOKALANI, city clerk: Appropriation for six months' supplies for my office is only \$75, and with but one month gone I have had to spend \$51 for printing weekly report forms for dealers in firearms. Hard lines.

—D. L. MACKAYE, secretary anti-tuberculosis bureau, board of health: When a tubercular patient thinks he is cured because he feels better we put a sample of his sputum under the microscope, and if we find any tubercle bacilli back he goes for more treatment. The "I. b. bug" can be easily seen through our instrument.

—JOHN GRACE: It is to be hoped that Harold Giffard's horse, Furlong, arrives in time for the September meeting, as this entry is certain to create much excitement here. At Reno the horse is well liked, and the showing made against Scarlet Oaks tends to make him a favorite for the autumn events at Kaplani Park.

—W. T. GARDEN, deputy city attorney: Every person who owns firearms or ammunition should report the fact to the city clerk. The law says that possession as well as purchase shall be reported. The penalty for violation is a \$500 fine or six months' imprisonment or both. It is to be enforced from now on.

—ROLLA K. THOMAS: The around the island hike which is being made by the boys of the summer school of the Y. M. C. A. is proving to be popular, as the word reaches us that they are all having a good time on the trip. It is certain that there will be a large number to make the trip to Kaula after the Oahu hike is completed.

—F. FURNESS, England: "It's a Long Way from Tipperary" to Honolulu, and I couldn't stay away from the islands when I got as far West as San Francisco. Very little is heard of Hawaii in England, but publicity of the islands becomes more noticeable as one travels towards them. In New York little was said about them but on the Pacific coast you can hear little else in the traveling line except "go to Honolulu."

—TOM MERLE: It brings me fairly close to the 212 degree Fahrenheit point when I see about town such a collection of monstrosities manufactured to represent the American flag. A flag (supposedly an American flag) made of pastry is exhibited in a window in this city, which has seven red stripes below the blue field. No telling how many it has above these for the fold hides them. It would be interesting to know how many red stripes the maker of this flag would have put there if the whole flag had been constructed. It ought to be a crime, or even lese majeste, to contort the sacred emblem of this country, or any other country, to the extent that is being done here. At least one ought to be ashamed to make such an exhibition of ignorance of the flag of the country in which he is living. It seems to me that one of the first moves in Americanizing these islands should be in teaching the school children properly to construct an American flag.

Forbes and Swazy were driving near the sulphur banks beyond the Volcano House when they became enveloped in smoke. Proceeding they lost direction until their car suddenly stopped and they discovered that the wheels were over the edge and the contact of the axle with the ground had stopped the car. The machine was rescued by Robert F. Lange of Hoffschlaeger & Company, who chanced to drive near by.

Scheduled to last until Friday, the general conference of priests of the Hongwanji sect in Hawaii will begin at 7:30 o'clock this evening. The sessions of the conference will be held in the dormitory of the Japanese high school, Fort street.

GENERAL EVANS FAVORS FORMING AERO CLUB HERE

"Aero Club of Hawaii" is Name Offered for Island Branch of Aviation Body

An Aero Club of Hawaii, affiliated with the Aero Club of America. This is the plan of Brig.-Gen. R. K. Evans, commanding the Hawaiian Department, and member of the military and naval aviation committee of the Aero Club.

"I certainly do favor the establishment of a local branch of the Aero Club of America in the islands," said Gen. Evans today, "and I am going to go about its organization very soon. I favor calling it the Aero Club of Hawaii, and to have it affiliate with the Aero Club of America."

The general added that the defense plans of Oahu call for an aero squadron, and that the National Defense Act of June 3 provides that aviators may be sworn in as reserve officers of the Aviation Corps of the U. S. army.

"We should have 10,000 aviators in the mainland United States, and a good number on Oahu," said Gen. Evans. "With trained aviators, Honolulu men, we could determine the direction of an enemy attacking this island and be ready for him when he neared our shores."

JARRETT AND ROSE RETURN FROM MAINLAND

Reporting the finest vacation ever and showing it, too, William P. Jarrett, high sheriff, and Charles H. Rose, city and county sheriff, returned in the Wilhelmna today from a three months' combined official, business and pleasure tour on the mainland.

The Honolulu officials were greeted at the dock today by a cordon of police, prison officials and friends and spent the morning shaking hands and answering questions "about the states."

Rose says he has learned some "things" about traffic management and intends to gradually inaugurate in Honolulu some of the latest and most approved methods of the police in the large mainland cities.

When it comes to prisons, Jarrett says that he has many ideas and hopes to start some of them in the new territorial prison.

Together the Hawaii men saw most of the famous prisons of the United States, including San Quentin in California, Joliet, Sing Sing, The Tombs and the federal prison at Fort Leavenworth, Kansas.

RESTARICK AND WILDER NAMED TO CLERKSHIPS

Two vacancies in the local circuit court were filled today with the appointment of Arthur E. Restarick as clerk in Circuit Judge Whitney's court, and the appointment of Harry A. Wilder as clerk in Circuit Judge Ashford's court. Their commissions were signed this morning by the two circuit judges.

Restarick is the son of Rt. Rev. Henry Bond Restarick, bishop of Honolulu, and succeeds Charles M. Hite, who shortly will leave for the mainland to complete his study of law at the University of Mississippi. Wilder, who has been with the territorial tax office for the last year, succeeds Huron K. Ashford, who also is to leave for the mainland to finish a law course at the University of California.

The new clerks probably will not enter into their new duties until the departure of their predecessors. Restarick, who has been on the mainland for about two years, is now on his way to Honolulu.

Mrs. Chung Sing, a popular Chinese resident of Chung Hoon lane who died Sunday, is to be buried this afternoon. She has been in China 48 years ago.

INFANTILE PARALYSIS CASE REPORTED; IS FIRST SINCE JULY 3

Another isolated case of infantile paralysis has been reported to the board of health, the first since July 3. "The case is what would be considered well marked but mild," said Dr. J. T. Wayson, city physician, today. "The child was taken sick last Saturday night. There is a partial paralysis of the left leg, not complete, but with a loss of function. The boy is

doing nicely and will recover the use of his limb within a few weeks or months. No other case has been reported. It is simply a sporadic one."
